

was a Frog-Choker; Five Inches Recorded; Hail Skips County

ictured left, the Garza-20th Street intersection still was under water some six hours after the flash flood of Tuesday night in Slaton. Second picture, taken 3 miles west of Slaton on the cemetery road, shows lake flooding over the payment, actually a common sight in the area. Furrow-filled fields were the rule, rather than exception, Wednesday morning, as evidenced by the next picture taken only two miles west of Slaton. Though Slaton boasts of 25 miles of paved streets, the picture at right (taken only 3 blocks from the Slaton business section) unmistakably shows the rain effects on an unpaved sector. —Slatonite Photos

Members Graduate In Eighth Exercises At St. Joseph's

Preparation for the eighth graduating class of St. Joseph's School was held in the auditorium, Thursday, May 22, at 8:30 p. m. Decorating with the theme "Handup" were used. The graduates, their parents, and friends were present for a one-act play, "The Farewell," by Peter Morsch, St. Joseph's Church, Slaton. The graduates, their parents, and friends were present for a one-act play, "The Farewell," by Peter Morsch, St. Joseph's Church, Slaton.

Wimmer, Cynthia Steffens, Dennis Verkamp, Kathryn Kitten and J. E. Eckert, III.

One Killed As Bus Overtakes

One person was killed about 2 a. m. Wednesday morning when a Texas, New Mexico and Oklahoma bus overturned south of Snyder in the Hermleigh vicinity. Newt Holt Jr. was driver of the bus that was scheduled to pass northward through Slaton at 3:15 a. m. Reported killed was 18-year old Marga Dawn Berger of Santa Fe, New Mexico.

Check by the Slatonite with the Lubbock office of the transportation company disclosed that no other vehicle was involved. Complete details were not available at presstime.

Vote Canvas, Interim Financing Marked Business At Called Meet

B. H. Bollinger was administered oath of office as Commissioner, Ward 3, in a special meeting of the Slaton City Commission held Friday evening.

Special Awards

Several special awards and scholarships were announced Tuesday evening at the Commencement Exercises for the graduating seniors of the Slaton High School. Areta Privett was named as recipient of the A. C. Strickland scholarship, selected by the Slaton Classroom Teachers group. An academic award, given by colleges of church-supported schools, went to Salutatorian William Belote.

Preliminaries Are Finalized For By-Pass Building

Contracts on the Highway 84 Slaton by-pass likely will be let on June 18th or 19th, Project Engineer Julian Smith informed the Slatonite Tuesday. All right-of-way has been procured for the by-pass, Smith stated, and all preliminary work completed for contract bid announcement.

Most utilities have been removed from the path of the by-pass to skirt Slaton on the west, a few utility poles, etc. yet to be moved. The by-pass construction is part of a county-wide highway project authorized in May of 1961 when bonds in amount of \$1,750,000 were voted for road improvement. The bond issue passed by more than a 2-1 majority, Slaton boxes voting 396 "for" and 182 "against". The bond money was earmarked for right-of-way purchase, with the state to bear expense of overpasses and underpasses.

Stores To Close On Memorial Day

Memorial Day, Thursday, May 30th, is one of the approved holidays designated by the Retail Merchants Association for closing of Slaton businesses. According to Doug Galassini, Retail Merchants president, most retail firms will be closed, together with the bank, postoffice and city offices.

Gully-washing rain, winds in excess of 30 miles per hour and a vivid electrical display Tuesday night added another paragraph to the week's story of welcome moisture for the Slaton area.

Slaton city rain gauges recorded 5.25 inches of rain since last Wednesday afternoon, .75 received Wednesday; .50 on Sunday; .50 Tuesday afternoon; and the climaxing 3.50 inches Tuesday night.

Though some 90 percent of the cotton has been planted in areas to the south and southeast of Slaton, with much of it up and damaged to considerable extent by the washing, blowing rain, farmers in general were pepped up by the much-needed moisture, the benefits far outweighing the temporary inconveniences and loss of seed.

Lakes Wednesday morning dotted the countryside in every direction, with many of them spilling over adjacent highways and rural roads. In some instances farmers, queried by the Slatonite in the area weather round-up, could not give gauge readings because they couldn't get to the gauges!

The area escaped hail damage, no hail reports coming to the Slatonite, despite the national publicity given the "Lubbock area" as receiving hail that stacked 18-inches on the ground. That excessive amount fell in the Farwell-Bovina vicinity, some 100 miles northwest of Slaton.

Farmers are keeping their eye focused on skies today, with forecasts hinting of still further rain and scattered showers.

A regional report, as compiled Wednesday, reveals the following conditions:

Ray Wilson, southwest of Slaton, reported 3.2 inches falling Tuesday night as aftermath to the 1-inch moisture received earlier in the day. Some cotton was washed out in that vicinity, with beds leveled by the large amount of water falling during the short time Tuesday night.

The Bill Alspaugh farm, one mile north of Slaton, received 4 inches Tuesday night, 1/2-inch Tuesday afternoon. Farmland there was washed considerably and most of the cotton will be replanted.

Cecil Austin, 6 miles southeast of town, told of 2 and one-fourth inch fall Tuesday night, 1-inch earlier in the day. Both feed and cotton were up on that farm, and sand washing in on the cotton likely will call for re-planting.

A cold front ushered in the new week, playing an annoying trick on housewives who insisted during the high temperatures of last week that hubby turn off the heatin' system and get the air conditioner in order!

Day to day temperature extremes, as recorded by the Slaton office of the Pioneer Natural Gas Company, have been:

Thursday	64-92
Friday	60-82
Saturday	60-81
Sunday	58-86
Monday	48-68
Tuesday	58-66
Wednesday	44-60

J. R. Barron, 3 miles northwest of the townsite, recorded 4.2 inches Tuesday afternoon and night, with several terraces washed out. Hard wind and flooding made this another area where replanting will be necessary.

J. R. Childress, just southeast of Slaton, tells of 6 inches received since Sunday afternoon, with a strip between the railroads in that area getting more than to either side.

Ray Cook, 6 miles south, joined the group telling of burst terraces, receiving 3.3 inches Tuesday night. Fabin Stahl at Posey gauged nearly 2 inches of rain. The Pat Patterson farm, 10 miles west of Slaton, got 2-inches in the latest downpour. Giles Smith, 9 miles northeast of Slaton, couldn't get to his rain gauge, but reported a very good rain and hoped he wouldn't have to replant. The Clark Wood ranch, 8 miles east, got 1-inch Tuesday night aggregating a 2 and three-fourth total during the week. Edgar Moseley at Southland (SEE NO. 1 BACK PAGE)

CONSIDERABLE DAMAGE to two trucks, with injuries to at least two occupants, and charges filed against one driver were net results of a spectacular collision late Saturday evening on East Division in Slaton.

The '62 Chevrolet 2-ton truck, owned by Ponca Wholesale and driven by Joe Robert Touchstone of Lubbock, going east on Division, was hit near the right rear wheel by a '59 Ford pickup traveling west and driven by Mike Cisneros, Box 145, Southland, who also was owner of the pickup.

Cisneros and a passenger, Jessie Perez, were taken by ambulance to Mercy Hospital where the Perez woman was released after emergency treatment. Cisneros was retained overnight for observation. No serious injuries were reported.

Cisneros was charged with driving on wrong side when not passing.

Be still

"I can do all things through Christ which strengtheneth me." Philippians 3:13.

Without Thee, Lord, we cannot live
 The very breath we take You give;
 The step of the foot—the turn of the hand—
 Without Thee, Lord, no strength to stand;
 But with forgiving love from You
 Comes all strength to live and do!

WILL CURTIS

CLEARLY MARKED FALLOUT SHELTERS are noticeable in Slaton, brightly colored signs recently installed at each of the four locations designed to house 775 residents in time of emergency. Gregory Luther Gregory, assistant co-ordinator of Civilian Defense, is shown here with Engineer Pearson completing the marker erection.

EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be. . . where the press is free and every man able to read, all is safe.

—Thomas Jefferson

Department of parents at Little League games has many times caused criticism of the program. While it is the prerogative of baseball fans at professional games to voice loud, uncomplimentary opinions of umpires, managers and players, this practice is not condoned at Little League games. Parents must accept the fact that umpires, coaches and others identified with the program are volunteers and should not be subjected to criticism during ball games, especially by others who are unwilling even to lend a hand. In the broad sense Little League is a training activity for adults, as well as for boys, and it can not be emphasized too strongly that parents who usually comprise a majority of spectators have a responsibility to respect the volunteer status of other adults who make Little League possible. It is always in order to applaud a good player or an outstanding feat of baseball skills. But it is a deplorable exhibition of incivility or plain ignorance to boo a youngster who is learning to play the game or his league leaders who are trying to help him. Remember both are bound by the same

Little League Pledge

I trust in God
I love my country and will respect its laws
I will play fair and strive to win —
But win or lose, I will always do my best

We are sorry to have to interject a sombre note in the otherwise joyous observance of Spring.

Our warning has to do with bicycles. Now that the good weather and summer vacation is setting in, children will be dragging their bikes out of storage places and taking to the streets and highways.

If these ardent cyclists don't know the proper and safe way to handle their bikes they can be easily involved in dangerous traffic situations. Last year—the National Safety Council points out—550 lives were lost in bicycle accidents, the heaviest toll since 1949.

Since the majority of the fatalities fell in the 5 to 14 age group it would seem to us that parents should insure that their children are fully aware of, and practice, safe bicycling habits. The Council particularly urges observance of the following rules:

1. Ride on the right side of the road; obey all traffic control regulations and use proper hand and arm signals for turns and stopping.
2. When cycling with others, ride in single file.

Rushin' Roulette by Chon Day

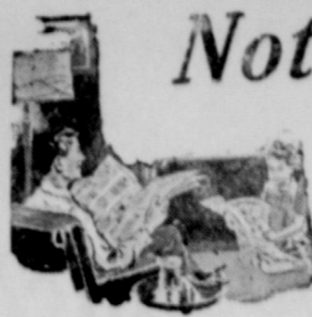

Inattention and speed are major causes of highway accidents.

3. Save stunting and showing-off for yards or other untrafficked areas.
4. Never try to squeeze in between two lanes of traffic.
5. At busy intersections it is safest to dismount and walk the bike across.
6. At night the bike should be equipped with a front light and rear reflector.

Much of wisdom may be attributed to grains gleaned from fields poorly harvested by the ignorant.

The man who quits complaining about the wife's cooking only proves that she's learned better . . . or he has.

Notes from Neighbors

Events and Opinions

From the Exchanges of the Slatonite

Submitted As Asinine . . .

One of the most asinine proposals I have read in a long time is to be presented to the yearly Texas convention of Christian Churches on May 2. The proposal is a "request that President John F. Kennedy 'provide surplus grains to the starving Chinese' IN RED CHINA." We are nothing but utter fools if we send any thing into Red China. Help the refugees, yes, in every way possible, but we must do nothing that would strengthen the Reds in China.

I don't know whether this is a proposal being fostered by the National Council of Churches or not but I would wager a heavily one-sided guess that virtually every other church convention, state and national, will have this same proposal to consider. Why?

Note: After writing the above article I received more information on the proposal which says, in part, "The resolution will be presented to the convention with recommendation that it be rejected by the more than 1,200 delegates expected vote on the issue." Good for them.

Claude News

nature when he pointed out that in his informal studies prevailing conditions he found that the mass of the "are in much better shape than they were under the sive rule of the Csar."

Grandma didn't wear a bikini bathing suit, but other hand she didn't face the extreme exposure that girls must meet today.

People talk about their dislike of getting up in the morning. One would get the idea that rising is a hardship. In reality it is one of the delights of each day. "Let me have a draught of undiluted morning air," exclaimed Thoreau. "If men will drink of this at the head of the day, why, then, we must get up some and sell it in the shops, for the fit of those who have lost their subscriptions to morning time in this world."

Russian Youth Forsake God

"Twenty-three million teen-age Russians have already taken the oath that they do not believe in God." This statement by Rev. Frank Peery, Methodist minister from Muleshoe, was among the several startling revelations concerning present day life in Russia brought out during his address before the Morten Community 4-H Club at the County Activities Building Monday evening.

To told the audience that the only American paper that he saw in Russia was the Worker, a publication of the American Communist Party, which emphasizes racial strife and strikes within the United States.

He noted that heavy governmental controls are placed on such natural American pursuits as fishing. "If a person wants to go fishing in Russia, he must go to the fishing ministry and tell them all the circumstances involved as to when, where and who all is going along," Rev. Peery stated. Nevertheless, he revealed that his observations were of an objective

Journalism Students Invited To Yearbook Workshop At Tech

High school journalists in the United States are being attracted to the Annual Publications at the Texas Tech department.

W. E. Garets, professional head of the Tech department, has importance of preparing the yearbook section, and the applicant's ability to help provide the staff, we must have

the registration complete as soon as possible," Garets said. May 30 has been set as the deadline for refunds on the registration fee, which is generally paid for by the students' schools. Approximately 130 students have pre-registered so far.

The registration fee is \$29.35, which covers room and board in the Tech residence halls and the course fee of \$15 for each workshop. An evening meal on August 11 and on August 15 is not included.

On the faculty for the workshop will be Garets, who is also executive secretary of the West Texas High School Press Association; Ralph Sellmeyer, assistant professor of journalism at Tech, who will direct the photography workshop; K. Phil Orman, director of Tech's student publications, who will work with the yearbook section; and various high school journalism teachers from throughout the area. In addition, Garets said, Taylor Publishing Co. of Dallas is sending one of their top men, Charles Lolan, to supervise the yearbook workshop.

Second Largest Cotton Crop Is Income Producer

Texas cotton producers received \$809 million for their 1962 crop. The total income for both lint and seed, as well as total production, fell below the 1961 totals by five and one percent, respectively, but the crop was still the second largest since 1949 when the all-time high of 6 million bales was established. Fred C. Elliott, extension cotton specialist, added that the lower income was due primarily to a lower average price for both lint and seed, one cent per pound less for lint and \$3 per ton on seed.

Final ginning figures released by the Bureau of Census, he said, placed the Texas crop at 4,726,000 bales, the harvested acreage at 6,500,000 and the per acre yield at 348 pounds compared with 350 in 1961. Almost half of the state's total production, he noted, came from the High Plains area.

Nationally, ginners were listed as 14,876,000 bales from 15,569,000 acres and the per acre yield was 457 pounds, up 19 pounds from the 1961 average. Top per acre yields were posted by California and Arizona, over 1,100 pounds each and new records. The national income from cotton and cottonseed was placed at \$2,653 million, only slightly less than the total for the 1961 crop.

Trans-Pecos growers produced just over 37,000 bales of American-Egyptian cotton from 33,000 acres.

Elliott said that Texas producers are continuing to use the latest research findings for top yields and efficient production. Each year sees a higher percentage of the state crop harvested by machines and more chemicals utilized in the fight against grass and weeds, he said. Also, more extensive use of fertilizers, adapted varieties for machine harvesting and improved cultural and harvesting practices are being used to help hold production costs down, Elliott said.

USDA Cotton Marketing Service Enters 50th Year Aid To Farmers

May marks 50 years of organized marketing services to farmers, industry and consumers by the U. S. Department of Agriculture.

This anniversary is of special interest to cotton farmers because they represent one of the largest groups to use these marketing services, points out W. K. Palmer, Officer-in-charge of the Lubbock Cladding Office.

Cotton farmers sell nearly all of their cotton on the basis of the USDA classification—the green card and they use USDA cotton market news to guide them in getting the best price for their cotton.

Both of these cotton marketing services were started soon after the first organized marketing office was established in USDA in 1913.

"One of the most important developments during this first 50 years came in 1937 when the Smith-Doxey Act authorized USDA to class cotton without cost for groups of farmers or-

ganized to promote cotton improvement," Mr. Palmer said. "Another important development—the micronaire testing service—will be offered this year to all formers in Smith-Doxey groups," he announced. A fee of 8 cents a sample will be charged for "mike" service.

In addition to grade and staple, the "mike" test gives the farmer another measure of the quality of each bale of his cotton.

This can be used to advantage in selling cotton for the best going price, according to Mr. Palmer.

Applications for USDA "mike" testing services are due by July 1. Farmers wanting this service should ask their ginners to apply for it, since all or none of the cotton from a gin will be miked.

Writing for the office, The Slaton.

40 MILLIONS — more than twice the population of the most populated state; almost four times the population of the largest city; equal to the present combined populations of Texas, Arkansas, Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, and Oklahoma.

The question is not "What will we do with so many more people?"; but "What will we do for them?"

Since man is inherently religious, these coming 40 millions will become either Christian or pagan — WHICH?

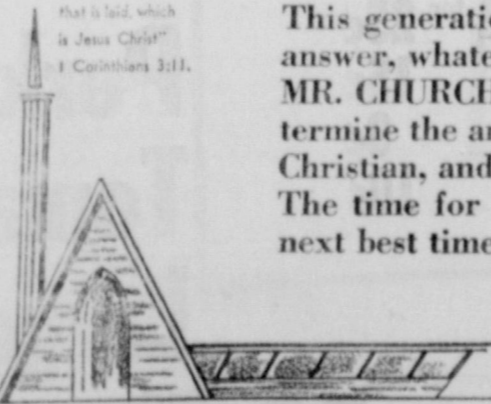

This generation, mainly — not the next — will provide the answer, whatever it is.

MR. CHURCH MEMBER, do you realize that you will help determine the answer? Much depends upon your being genuinely Christian, and assuming an active role as such.

The time for being and doing your best was yesterday. The next best time is today.

"It Is High Time To Awake Out Of Sleep"

Letters to Editor

Yesterday, signing the feed grains support bill, President Kennedy termed the wheat control plan facing (farm) voters today "the key to maintaining our family farm system of agriculture." He is quite right.

If Government could buy from the big farmers enough acres and allotment to give a small farm to every able-bodied head of a family now receiving welfare and unemployment checks, and say to him "Now it's up to you" perhaps three problems would be lessened—agriculture, relief, unemployment. Cynics might be surprised at how few would receive a few acres, a cow, pigs chickens—and independence.

It is now announced farmers, their wives, tenants and partners may vote today. Wonder if each share owner in an incorporated farm gets one full vote?

Labor Department figures on unemployment always say "non-farm labor." Since Secretary Wirtz admitted last October figures were "seasonally adjusted" for the elections, some doubt has existed as to their validity. It could be they include women whose husbands are employed, men not actively looking for employment.

Private employment agencies claim a big part of the work of United States Employment Service now consists of helping already employed persons move from one job to another.

Texas Senate votes today on a proposal to submit to the voters this Fall a constitutional amendment to permit state to issue \$150,000,000 bonds to continue purchase of land for Veterans' program, as Fall before election Commissioner Jerry Sadler was quoted in Slatonite (in Capitol Highlights) saying no new taxes would be necessary for this program for next two years. He said vets would repay 15 million and interest on US bonds would bring in 3 million, leaving a surplus of one million. One wonders what has happened since then. I remarked at that time if interest on US bonds was income to a State, then all Texas had to do was issue State bonds, sell them to Federal government, live on the interest from Washington, and State government "wouldn't cost nobody a dime" as a New Mexico Governor once claimed for a Federal Aid project of his.

This session the Legislature increased Attorney-General's pay from \$20,000 to \$22,500, most of his Assistants to \$18,000 and \$12,000, and gave him a new one to continue the Billie Sol and Slaton Hole cases. Pay of District Judges and Court Reporters also increased. I'm not saying Waggoner Carr isn't worth 90% as much as Robert Kennedy, but living in Austin doesn't cost 90% what it does in Washington. At least, Jerry Holleman said it didn't. I'm not saying I'd listen to the lawyers day after day for what Judges in our District Courts now receive. Nobody has asked me. I'm not saying the cost of living hasn't gone up for jurors, who still get \$4 a day. I do think there should be a constitutional amendment prohibiting an elected official from receiving an increase in pay during the term for which he is elected. Munoz-Marin, Governor of Puerto Rico, has refused to accept a raise from \$10,600 to \$20,000, voted him by his Legislature. Says it isn't ethical, and that it should be effective January, 1965, when his present term expires.

A. L. Marsh

Large Attendance At Water-Sewer Meet in Slaton

Slaton was host Tuesday evening to the monthly meeting of the Permian Basin Water and Sewage Works Association, with 86 in attendance at the program and dinner session.

Welcome address was given by Robert Hall Davis, local city commissioner.

Principal address was given by H. M. "Cowboy" Alexander, water and sewage superintendent from Hobbs, New Mexico, whose topic was "The Changing Times." Alexander showed pictures and discussed at length the changes in sewer installations, services and demands.

The session was held at the Junior High School Cafeteria, with Mrs. Grady Elder in charge of food.

George Willis, local water and sewer official, is a member of the program committee for the association.

Other local officials in attendance included commissioners Truett Bownds and B. H. Bollinger. Mayor Cain was unable

Palo Duro Park' 15,000 Acres Of Specter, One of Texas Wonders

No. 2 In Series
"SEE TEXAS FIRST"

vacation time just around
corner, what better way to
a part of it than explor-
Palo Duro Canyon State
35 miles southeast of Ama-

resting sight-seeing is pro-
for the park visitors
with the unique natural phe-
na such as the "Light-
" a 270-foot sandstone for-
that actually looks like
estal lighthouse, and the

"Spanish Skirts," a reddish ex-
posure of the Permian Forma-
tion which is spread out over
the side of Rustler's Draw and
looks like the twirling skirts
of a Spanish dancer. Both for-
mations are said to have been
named by the explorer Cora-
nado when he visited the can-
yon in 1541.

To add to the visitor's appre-
ciation, the park has a skil-
lift that takes the rider on a
breath-taking ride high above
the canyon floor to the rimrock
walls more than 300 feet up.

A miniature train ride with
lectures carries visitors into one
of the park's side canyons, bring-
ing to view formations that
would otherwise be hard to see.
Visitors may rent horses to
explore the more inaccessible
portions of the park. Many
miles of cliff-side trails hold in
store endless breath-taking views
of the canyon. Colors in the can-
yon change with every new posi-
tion of the sun. There usually is
a gentle breeze blowing through
the park.

Palo Duro Canyon State Park
is comprised of more than 15,000
acres. The width of the canyon
is about six miles at the south-
eastern boundary of Palo Duro
Canyon State Park. The can-
yon walls are more than 700
feet high.

This is truly one of the geo-
logical wonders of the state of
Texas. Visitors to the park are
increasing each year, more than
160,000 having registered in 1962.

James Murphy Has High Scholastic Honors

E. James Murphy of Slaton re-
cently was named among Texas
Tech seniors initiated into the
Lychnos, Tech honor society for
top-ranking seniors in Arts and
Sciences. Fourteen new mem-
bers were initiated.

An organization of Phi Beta
Kappa faculty members, formed
Lychnos five years ago to re-
cognize top seniors in Arts and
Sciences. Requirements for
Lychnos membership are simi-
lar to those for Phi Beta Kappa
and indicate scholarship of a
very high calibre, according to
Dr. William T. Patterson, assist-
ant professor of French.

To be eligible for the honor
group, a student must have a
minimum grade-point average of
3.6 out of a possible 4.0 and
must have completed three-
fourths of his work in liberal
arts or sciences.

OBITUARIES

F. W. Schroeder Services Held

Funeral services were held
Sunday in the Posey Lutheran
Church for Fred W. Schroeder,
Rt. 2, Slaton, who died Friday
in a Lubbock hospital.

The 72-year-old retired farm-
er had been a resident of the
Roosevelt Community since
1924.

Rev. F. Wittig, pastor, officiated at the services. Burial was in Englewood Cemetery under direction of Williams Funeral Home.

Surviving are the wife, Ella; a son, Walter, Rt. 2, Slaton; a daughter, Mrs. Weldon Ahrens, Rt. 4, Lubbock; a brother, Henry, Oglesby; five sisters, Mrs. Robert Druessedow, Haskell; Mrs. Robert Dudensing, Old Glory; Mrs. Herman Klose, Stamford; Mrs. Bernard Letz, Rt. 1, Rule, and Mrs. Adolf Letz, Rt. 1, Rule; and three grandchildren. Nephews will be pallbearers.

Mrs. Ed Martin Services Held At Southland

Services for Mrs. Ed Martin,
longtime Southland resident,
were conducted Wednesday at
the Southland Baptist Church.

Rev. Elmer Crabtree, Plain-
view, officiated, assisted by Rev.
Fortson, pastor of the Southland
Baptist Church. Burial was in
Southland Cemetery.

Mrs. Martin, 86 years of age,
died early Monday morning in
a Lubbock hospital where she
had been a patient since becom-
ing ill last Wednesday.

A resident of Lubbock since
1954, Mrs. Martin had lived at
Southland from 1916 until that
date. She was a charter member
of the Southland Baptist Church.
Survivors include a daughter,
Mrs. Loyd McNabb, Meadow;
three sons, Ira E., Plainview;
James E., 2519 23rd St.; and
Roy S., 1610 61st St.; a sister,
Mrs. Fannie Grisham, Hawley;
five grandchildren and seven
great-grandchildren.

Soil Stewardship Week Proclaimed

Today, with our population
rapidly increasing, we must re-
cognize the indispensability of
soil, water and plants as the
major source of food and fiber
for our people and raw products
for industrial processing and
handling," so said Governor
John Connally in proclaiming

the week of May 19-26 as Soil
Stewardship Week in Texas.

"As these resources are con-
served and developed, we are
making possible the continued
strength of Texas and assuring
our people of a continuing high
standard of living. Most impor-
tant of all, the soil and water
will be continued in its lasting
service to men of future gener-
ations as a God-given trust,"
he continued.

The Slaton Slatonite

Thursday, May 23, 1962

and Lynn Pittard, soil and water
conservation specialist, Texas
Agricultural Extension Service,
reported interest in this year's
observance at a high pitch. They
added that churches throughout
Texas are planning special ser-
vices during the observance and
invite all citizens to attend and
of the Soil Stewardship Commit-
tee, Association of Texas Soil
Conservation Districts, Kerrville,

participate in them.
Many of the state's soil con-
servation districts are also plan-
ning tours, special meetings and
recognition of achievement in
their districts. The theme of
the 1963 observance is "Soil
To The Future."
Soil stewardship week is
sponsored by the National As-
sociation of Soil Conservation
Districts.

LIGHTHOUSE ROCK — Sculptured by wind and water, this natural stone tower keeps its vigil near Palo Duro Canyon State Park, 35 miles southeast of Amarillo. Palo Duro Canyon is a spectacular 120-mile gash through the Texas Panhandle. Six miles wide and more than 700 feet deep, the canyon is considered one of the truly geological wonders of the state.

CONCESSION SCHEDULE

The Wilson Little League and Pony League concession stand schedule has been announced, with the following workers designated to serve in indicated dates. Little League games commence at 6:30 p. m., with Pony League play at 8:00 p. m.

May 21, Geneva Crowson, Paula Morgan.
 May 24, Pony: Mrs. Lawrence Stabens, Naomi Moore.
 May 27, Mrs. J. W. Corley, Frances Hughes.
 May 28, Pony: Mrs. S. H. Verkamp, Mrs. Dale Zant.
 June 4, Mrs. Kamrath, Mrs. Monroe Talkmitt.
 June 6, Shirley Rhoades, Jerry Steln.
 June 11, Mrs. Cecil Fields, Mrs. Ted Melugin.
 June 13, Naomi Peterson, Mary Coleman.
 June 17, Dorothy Weid, Margaret Stone.
 June 18, Pony: Pat Scott, Gladys Moore.
 June 20, Betty Martin, Wilene Sevette.
 June 21, Pony: Clara Crews, Melba Ward.
 June 24, Helen Young, Faye Warshaw.
 June 25, Pony: Mrs. Dale Zant

Motorists in 1962 raced down the nation's highways to a new and tragic auto death record which for the first time exceeded 40,000 fatalities. The previous high was set in 1941 when 39,969 persons lost their lives on the highways.

Highway accidents in the U. S. took a record number of lives in 1962. About 40,000 people died in the nation's highways last year, and more than 3,345,000 were injured.

Studies by Insurance Companies show driver error and lack of judgement were responsible for 32,300 deaths and more than 2,900,000 injuries on U. S. highways in 1962.

Babies under the age of one year were killed more frequently last year in automobile accidents than almost any other age of passengers, it has been revealed by an analysis of 1962 statistics by the Department of Public Safety.

The DPS reported that the only age to exceed the infants in number of deaths resulting from automobile accidents were 19-year-old passengers.

In 1962, the Department said, a total of 44 babies under the age of one year were killed in car crashes, as compared to 48 19-year-old non-driving passengers. These two categories make up over 10 percent of the total number of persons killed as passengers, with the infants accounting for almost five percent of the overall total.

The study also revealed that 109 or 12 1/2 percent of the total number of passengers killed during 1962 were of pre-school age.

Col. Homer Garrison Jr., DPS director, said: "These statistics should be brought to the attention of every mother and father, since they point up a most tragic aspect of the frightening toll of human life on our streets and highways which has not heretofore been noticed. The need for little children in automobiles is obvious."

Babies Most Frequent Victims Of 1962 Death Toll on Texas Highway

Babies under the age of one year were killed more frequently last year in automobile accidents than almost any other age of passengers, it has been revealed by an analysis of 1962 statistics by the Department of Public Safety.

The DPS reported that the only age to exceed the infants in number of deaths resulting from automobile accidents were 19-year-old passengers.

In 1962, the Department said, a total of 44 babies under the age of one year were killed in car crashes, as compared to 48 19-year-old non-driving passengers. These two categories make up over 10 percent of the total number of persons killed as passengers, with the infants accounting for almost five percent of the overall total.

The study also revealed that 109 or 12 1/2 percent of the total number of passengers killed during 1962 were of pre-school age.

Col. Homer Garrison Jr., DPS director, said: "These statistics should be brought to the attention of every mother and father, since they point up a most tragic aspect of the frightening toll of human life on our streets and highways which has not heretofore been noticed. The need for little children in automobiles is obvious."

contributing to accidents, but listed as a causative factor in 51 per cent of the fatal accidents. Driving while intoxicated figured in 37 per cent of the fatal crashes, while being on the wrong side of the road was present in 17 per cent.

He lists fertilization, weeding, mowing and weeding as important considerations in good lawn care program. Fertilization, he says, is one of the most neglected. The best fertilizer for lawn use is a 3-3-3 test. However, if soil test information is not available, a lawn has not already received a spring application of fertilizer, Novosad recommends immediate treatment with complete fertilizer, a 3-3-3 2-1-1 ratio. Enough should be applied to supply two pounds of nitrogen per each 1,000 square feet of lawn area.

In addition, nitrogen should be applied every 30 to 40 days during the summer at a rate of one pound of nitrogen per 1,000 square feet of lawn. Such applications will keep the lawn green and vigorous during the growing season. In the 30 days before the first expected killing frost, the lawn should get an application of a complete fertilizer such as was used in the spring.

The lawn should be watered only when the grass needs slight wilting is an indication that grass needs water. Frequent waterings are not recommended. Wet the soil to a depth of six inches or deeper, which will encourage deep root growth and enable the plants to absorb the plant food applied. The best time to water in the morning.

Proper mowing gives a denser and thicker turf. Mow regularly and don't clip more than one inch at a time. Keep mower sharp and in proper adjustment and mow Bermuda grass at a height of one and a half inches; St. Augustine and bluegrass at one and a half to two inches for an attractive lawn, says the specialist.

A thick, vigorous turf is the best defense against weeds if they are a problem because they can be used for control by the local county agent for weeds.

Seasonal Lawn Care Made Easy

A beautiful, well-kept lawn adds to the material value of a home and is a basic requirement of an attractive yard. The beauty of a lawn depends largely on the care it receives during the growing season, points out A. Novosad, extension pasture specialist.

He lists fertilization, weeding, mowing and weeding as important considerations in good lawn care program. Fertilization, he says, is one of the most neglected. The best fertilizer for lawn use is a 3-3-3 test. However, if soil test information is not available, a lawn has not already received a spring application of fertilizer, Novosad recommends immediate treatment with complete fertilizer, a 3-3-3 2-1-1 ratio. Enough should be applied to supply two pounds of nitrogen per each 1,000 square feet of lawn area.

In addition, nitrogen should be applied every 30 to 40 days during the summer at a rate of one pound of nitrogen per 1,000 square feet of lawn. Such applications will keep the lawn green and vigorous during the growing season. In the 30 days before the first expected killing frost, the lawn should get an application of a complete fertilizer such as was used in the spring.

The lawn should be watered only when the grass needs slight wilting is an indication that grass needs water. Frequent waterings are not recommended. Wet the soil to a depth of six inches or deeper, which will encourage deep root growth and enable the plants to absorb the plant food applied. The best time to water in the morning.

Proper mowing gives a denser and thicker turf. Mow regularly and don't clip more than one inch at a time. Keep mower sharp and in proper adjustment and mow Bermuda grass at a height of one and a half inches; St. Augustine and bluegrass at one and a half to two inches for an attractive lawn, says the specialist.

A thick, vigorous turf is the best defense against weeds if they are a problem because they can be used for control by the local county agent for weeds.

Property Toll, Loss Of Lives Result County Rural Accidents

Highway Patron investi-
gated 27 rural accidents in Lub-
bock county during the month
of April according to Sergeant

O. C. Cuthrie, Patrol Supervisor
of this area.
These wrecks accounted for
one death, fourteen injuries and
property damage of \$16,797.00.

The rural accident summary
for Lubbock County from Janu-
ary through April of 1963 shows
a total of 137 crashes resulting
in three persons killed, sixty-
six persons injured and an esti-
mated property damage of \$70-
976.00.

The Patrol Supervisor reminds
motorists to be ready to slow
down in plenty of time to avoid
collision—and pass only if you
are sure you can do it success-
fully and safely. Yield right-of-
way costs nothing. Demanding
it can cost you an accident.

The Sergeant also stated,
"Owners of boat trailers should
check to see that they meet
the State's Motor Vehicle Laws.
If they do not, they are asking
for an arrest or an accident—
both."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Gov. John B. Connally says he is giving a great deal of thought to the appointment of a successor to former Railroad Commissioner William J. Murray Jr.

He says he hopes to find a replacement before the Senate adjourns on May 24, so his choice can be confirmed. The governor stated he also is working hard on appointments to his "Committee of 25." This is a committee which will be charged with an extensive study of education beyond the high school. He has personally interviewed every candidate. Aim is to pick people who have the respect of the public and the teaching profession.

CONNALLY ACCOMPLISHMENTS
Governor Connally can claim a record of accomplishment with the 58th Legislature, which has carried out the following items on the list the governor laid out in his message to the Legislature:

1. A bill authorizing the Texas Water Development Board to acquire water storage space in federal or local reservoirs is ready for Connally's signature.
2. Revision of the antiquated state Code of Criminal Procedure probably will go to the Senate-House conference committee to iron out differences.
3. Loan regulation bill is near final passage.
4. A constitutional amendment removing the ceiling on welfare grants has passed the Senate and is ready for House action.
5. Proposed constitutional amendment repealing the poll tax passed the Senate and awaits House action. A bill to set up a registration system to replace the poll tax and a revision of the election code are close to final form in conference committees.
6. A tax package—mainly increases in sales taxes on cars and clothes and a year-long extension of the corporation tax has been signed into law.
7. A Senate-passed bill limiting governors to two elected terms now awaits House action.
8. Municipal annexation bill, which sets some limits on the powers of cities to annex territory, is ready for his signature.
9. Measure creating the Texas Tourist Development Agency has been signed into law.

Both houses also have passed the bill to create a 25-member Committee to Study Education Beyond the High School; bills giving San Angelo and Pan American colleges senior status an dfull state support; and the Game and Fish-Parks Board merger.

SOME EXCEPTIONS

Connally's plan to reorganize the State Banking Commission into banker opposition. But a bill allowing Connally to name one member to replace Atty. Gen. Waggoner Carr probably will get through.

His proposal to give the governor authority to control budgets

Excessive speed continued to be the Number One Killer on the nation's highways in 1962. Nearly 13,000 traffic deaths were directly attributed to speeding.

Young driver in 1962 had the worst record of any age group in the United States. Men and women under age 25 represent only about 15 per cent of the nation's licensed drivers, yet they were involved in nearly 29 percent of all fatal accidents and in more than 27 percent of all non-fatal accidents.

The junior high and elementary division will be enrolling students until June 25. The junior high cost is the same as high school, but the elementary string camp is in session only one-half day, so the cost is reduced to \$11. The junior high and elementary sessions are from June 24 to July 3.

Area High School Music Camp Set On Tech Campus

Final preparations are under way for the annual Texas Tech summer music camp for West Texas high school, junior high and elementary school students.

Registration is open to students who will be members of their local high school musical organizations next September.

Enrollment in the high school division is open until June 11, at a fee of \$21. An additional \$39.50 will be charged for students who will room and board in the Tech dormitories. The high school camp will be held June 10 to June 21.

Enrollment in the high school division is open until June 11, at a fee of \$21. An additional \$39.50 will be charged for students who will room and board in the Tech dormitories. The high school camp will be held June 10 to June 21.

dollar limits set by the Legis-
lature got a chilly reception from
a House committee and hasn't
been heard from since.

WOMEN'S RIGHTS

Proposed constitutional amendment by Sen. William Moore of Bryan to give women equal property rights was passed by the Senate back in January. It was then sent to a House committee headed by Rep. Jim Cotten of Weatherford. Cotten waited until the first week of April to hold a hearing, then never named a subcommittee to consider women's rights.

Finally, an impatient House, hammered by demands from impatient women voters, instructed Cotten's committee to bring the bill out for a vote. Cotten withdrew all pressures—even a full-time House took the bill away from him and sent it to the House Insurance Committee.

Some action is promised, but there's no word as to when.

WHETHER SHALL IT WAVE?

El Paso Sen. Frank Owen's bill to forbid the flying of the flag of the United Nations on or in public buildings ran into what may be a fatal delay in the House.

Delay motion came on the heels of a speech by Rep. Howard Green of Fort Worth. He said legislators have received a flood of mail favoring the Owen bill, which attacked leading Texans like former Sen. Tom Connally, former president Dwight Eisenhower and Vice President Lyndon Johnson as being "tools of the communist conspiracy."

These will live on in memory when their detractors are "lost in the junk heap of history," Green declared. Bill's House sponsor, Rep. Walter Knapp of Amarillo, replied that "the mere fact that a lunatic fringe is supporting this bill is no reason to turn it down."

Further debate was postponed a week, which could mean indefinitely.

HOLIDAY CONFIRMED

For the first time since the reconstruction era, a Negro holds a state office as a member of a major board.

Senate confirmed the appointment of the Rev. C. A. Holiday of Fort Worth to the State Board of Corrections, despite early opposition to Connally's choice.

TEXTBOOK COMMITTEE NAME

The 15 people who will pick textbooks for consideration by local school boards have been given the oath of office. Included were Alton O. Bowen, Bryan; Benton L. Brockette, La Marque; Wayne Craddock, Palestine; Avery R. Downing, Waco; Miss Marie Esmar, El Paso; Mrs. Lonie Garretson, Pittsburg; Mrs. Frances Gaveland, McAllen.

Mrs. Christine Kirkpatrick, Denton; Mrs. Fannie L. Knight, Sherman; Dr. John W. McFarland, Houston; Larry O'Rear, Alice; Miss Alma Marie Rohr, Brownwood; Billy W. Sills, Fort Worth; and Arnold F. Whedbee, Beaumont.

Under a new ruling by the State Board of Education, citizens will have until September to protest the committee's selections.

STIFFER REQUIREMENTS

Board of Education also adopted its junior college study commission to strengthen the requirements for communities seeking board approval of an election to create junior colleges.

New requirements state that certified proof that all board standards have been met must be filed 10 days before a hearing will be granted. New procedure will streamline the process somewhat, since it could cut down some of the local hearings and investigations necessary in past years.

OPERATORS WIN

Oil and gas operators won a battle when the House approved a measure making it illegal to transport more than a pound of mercury without proof of ownership.

This law is expected to cut down the thefts of mercury from automatic gauges on oil tanks and gas pipelines.

SHORT SNORTS

Vegetable dealers will be required to purchase a bigger bond under a bill ready for the governor's signature.

Parks managers have reported record attendance at state parks so far for 1963.

Southwest Animal Health Research Foundation notified Governor Connally that livestock producers and sportsmen have met and exceeded their \$3,000,000 goal for screwworm eradication.

State Treasurer Jesse James reported that the General Re-

venue Fund was out of the red on May 7 for the first time since September 1, 1962. Fund balance was \$222,402.87. State plan construction of hospitals under the Hill-Burt Act has been revised, according to the State Health Department which is issuing copies of the revised procedure until June 1.

Chevy II Nova 400 6-Passenger Station Wagon

A Chevy II wagon looks this big when you load it up

and this big when you gas it up

That, in the eyes of most Chevy II wagon owners, is just about the size of it. A king-size appetite for cargo. But a dainty one for gas. And this, we hardly need add, is just the kind of wagon we planned it to be. Taut and trim as it is on the outside, we went to great lengths to keep it BIG where a wagon should be BIG. The load platform extends a full nine feet from the back of the front seat to the tip of the lowered tailgate.

And for all the pepper we packed into that 6-cylinder engine (there's also a choice of an even thrifter 4 in most models), we were careful to keep it simple, easy to service—and a real stinker on economy. Pool in a traveling mood? Well—happy coincidence—this is the time of year your Chevrolet dealer feels in his most generous trading mood. Looks like it's high time you two got together.

Post 438 Award Winners Named

Six students of Slaton Schools received special recognition from the local American Legion Post this week at graduation exercises, each given certificates of achievement together with bronze medallions.

Slaton High School recipients were Nelda Ray and Teddy Hatchett.

Junior High honors went to Kenneth Winchester and Vicki Nowlin.

Evans High School award winners were Velmy Clifton and Overton Spencer.

Presented by the Luther Powers Post No. 438 Commander Luther Gregory, the certificates read "American Legion School Award, Certificate of Achievement . . . for the qualities of honor, courage, scholarship, leadership and service which are necessary to the preservation and protection of the fundamental institutions of our government and the advancement of society."

SLATON STUDENT SCORES—Newly elected officers of the Texas Tech Band for 1963-64 include, left to right, Wells Teague, Lubbock, president; Anita Martin, Hale Center, secretary; and Joe Melcher, Slaton, treasurer.

Cub-a-Rama Set May 31st - June 1

Cub Scout Pack 128 will stage a Cub-a-Rama, with the public invited to attend, on Friday afternoon and Saturday, May 31st-June 1st, according to announcement by Doug Galassini, chairman of the Cub Pack Committee.

Location of the big show next week-end will be on Texas Avenue, adjacent to the White Auto store.

Projects completed by each of the Pack Dens will be on display and will be judged by Lubbock area Scout executives. First, second and third place trophies will be awarded to the dens, together with ribbons for all boys participating.

Clever soap carvings, panoramas of pioneer life, Americanism projects, etc. will vie for the awards.

George Willis is Cubmaster of Pack 128.

Slaton Driver Involved In Fatal Accident

Roy Dwayne Preston, 24, of Slaton has been filed on by Lubbock City Police for "running a red light," the charge coming after a Friday afternoon collision in Lubbock in which John D. Mitchell, driver of one of the involved vehicles, was killed.

Investigating police reported that the loaded gravel truck driven by Preston struck the Mitchell vehicle broadsided at intersection of Southeast Drive and 48th Street in Lubbock. The truck was said owned by Byrd Sand and Gravel Company. Early reports were that both vehicles were headed north, with the truck attempting to pass the station wagon when the Mitchell-driven vehicle turned left at 48th street into the path of the truck.

Preston signed a written statement telling of the accident.

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields, biggest of them all; the 570-foot Jacinto Monument, commemorating the decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Liberty," and in the center of the state; Texas Longhorn Cavern, biggest cavern in the state and third largest in the world; one of Texas' most spectacular wonders. Sightseeing is fun in Texas.

Annual Methodist Conference To Convene In Abilene, May 27-31

Joe Walker Jr. has been named as local delegate to the Annual Northwest Texas Conference of the Methodist Church convening May 27-31 at St. Paul's Church in Abilene, H. V. Wheeler is alternate delegate. Rev. and Mrs. Rollo Davidson, completing their fourth year of service here, will be in attendance, together with groups of pastors and church members from the wide conference area.

Bishop Kenneth W. Copeland of the Nebraska Area of the Methodist Church will be principal speaker for the conference.

Bishop Copeland, a former resident of Corsicana, was in his twelfth year as pastor of Travis Park Methodist Church, San Antonio, when elected Bishop in June, 1960, at the South Central Jurisdiction Conference.

Bishop and Mrs. Copeland visited the mission fields of Southeast Asia last year.

Bishop Copeland received most of his schooling and had most of his pastorates in Texas. The bishop graduated from Corsicana High School where he delivered the baccalaureate sermon for his own graduating class. He received his B. A. from Southern Methodist University where he is a member of the board of trustees, and an honorary doctorate from Southwestern University, Georgetown.

J. L. Preston Funeral Pending

Funeral services are pending for J. L. Preston, 82, who died late Wednesday morning in Mercy Hospital.

Mr. Preston, a retired farmer, lived at 440 S. 7th, and had been a Slaton area resident for 40 years.

Surviving are the wife; two sisters, Mrs. Alta Webb of Beverly Hills, Calif., and Mrs. Verde Webb of Burkburnett, Texas; and one brother, Gaines Preston of Longview.

Services will be at the First Christian Church in Slaton, Rev. John L. Floyd officiating.

Anthony Receives Honors, Award

C. R. Anthony, 67, of Slaton, was recently named as recipient of the 1963 Horatio Alger Award by the American Novelists Association. Anthony, along with other prominent American novelists, overcame humble beginnings to achieve success in the literary field, was given the award honor, selected by campus leaders in 1962 throughout the country.

Anthony saved \$24 by railroads and grubbing roots, then set out to make his own way, creating a series of events and successes to place him at the head of the parade.

Dick Hartman is now the Anthony store in Slaton.

W. Wilkinsons Honored Golden Anniversary

Mrs. C. W. Wilkinson, who made their home in Dallas, was honored on the occasion of their 50th wedding anniversary with a family dinner Saturday evening in the home of their daughter, Mrs. Smith, 950 West Lubbock. The couple was married May 19, 1913, at the home of the mother in Abilene. Mrs. Wilkinson, the former Miss Hatfield, is a former teacher and her husband was a member of the Santa Fe Railroad. The couple has five children and has lived continuously in Dallas.

Members of the couple are Mrs. J. W. Wilkinson and Robert J. Wilkinson of Dallas. Grandchildren include Mrs. Lanny Swann, Steve Smith of Dallas, and Linda and Nancy Swann, both of Dallas. Jim Swann of Slaton is a grandchild of the Wilkinsons.

The roses in an Italian style centerpiece were featured on the dinner table, which was set with a lace cloth. Gold and silver centerpieces were also used.

Molly Lee Tomlinson and her home Wednesday afternoon in Temple, Texas.

Artie Whitesides, accompanied by her brother, Charlie Whitesides, drove to Paint Rock, Texas, where they were in the home of her son and family, and Mrs. Ed Whitesides.

C Y O Organized Officers Elected

The newly organized C. Y. O. Catholic Youth Organization, met for the first time Sunday, May 19, in the cafeteria of St. Joseph School.

Officers elected at that time included Mike Dubbs, President; Ernest Kubacak, vice-president; Jeanette Bednarz, secretary; Donna Morgan, treasurer; David Ehler, sergeant-at-arms; and Helen Kahlich, reporter.

Committee heads chosen were Larry Melcher, telephone; Marie Blair, spiritual; Franck Kubacak, social; and Kenny Kitten, athletic.

Meeting date was set for the Larry Melcher, telephone; Marie Blair, spiritual; Franck Kubacak, social; and Kenny Kitten, athletic.

Mrs. George Payne Hostess To Circle

Mrs. George Payne was hostess to nine members of the Lottie Moon Circle of the First Baptist Church, Wednesday, May 15.

Mrs. Howard Woods, chairman, was in charge of the program, assisted by Mrs. Smith, Hunt, Elter and Stephens.

"Worlds Awareness," by Sadie T. Crowley, was the missionary book taught.

Centurettes Hold Installation At Dinner Meeting

Fourteen members of the Centurettes Study Club met at Holiday Inn Monday, May 20, for dinner and installation of new officers.

Mrs. Tip Culver used the yellow rose bud as theme for installing the new officers: Mrs. Jack Haliburton, president; Mrs. Jackie Haire, vice-president; Mrs. Robert Heaton, secretary; Mrs. Wayne Banks, treasurer; Mrs. Pat Taylor, critic; Mrs. Randy Sanders, parliamentary; Mrs. Tim Bourn, historian; and Mrs. Ray Wilkins, auditor.

Members attending were Mrs. Mmes. Jackie Allred, Donald Basinger, Harley Castleberry, Hobart Limmer, Joe Ross, Jerry Don Ross, Toney Basinger, Culver, Haliburton, Haire, Heaton, Banks, Sanders and Bourn.

Laura L. Basinger Honored At Party

Laura Lynn Basinger was honored on the occasion of her tenth birthday anniversary, May 17, when her mother, Mrs. J. Martin Basinger entertained at the T. H. Basinger home, 755 South 20th.

Sandwiches, potato chips, cupcakes and cakes were served to Melissa Holloman, Cindy McWilliams, Lynn Swanner, Tyra Martin, Debra Gayle King, Debra Conner, Debra Greenfield, Janette Gass, and Judy Boyd.

India Circle Met In Scurlock Home

The India Circle met 14 at Mrs. H. T. Scurlock was hostess to ten members of the India Circle of the First Methodist Church in her home Monday afternoon.

The meditation was given by Mrs. M. L. German. Mrs. Scurlock led the program, assisted by Mrs. T. A. Turner, Mrs. W. S. McWilliams, and Mrs. E. R. Legg.

Newly elected officers of the group are Mrs. Scurlock, chairman; Mrs. Turner, co-chairman and telephone; Mrs. Bill H. Smith, secretary; Mrs. German, local church activity; Mrs. Legg, spiritual life; and Mrs. C. M. Odom, membership.

Mrs. Ray Farley worded the closing prayer.

Slaton Girl Is Elected Officer Kappa Pi Gamma

Willie Mae Walters of Slaton has been elected vice-president of the Kappa Pi Gamma Sorority at Texas Lutheran College for the 1963-64 school year.

The sorority is one of several social organizations for students at the Seguin school.

Miss Walters, the daughter of Mr. and Mrs. W. H. Walters, Route 2, Slaton, is a junior education student at TLC.

Ship Calling At Ports Of World Was Featured In Style Show Presentation

The annual Slaton FHA spring style show was held early in May presented by the Homemaking II students. Theme of the show was "Around The USA With FHA." The show consisted of four acts. A ship in which the girls modeled their clothes carried out the theme of the style show. While the girls were modeling, the ship visited such places as San Francisco, Galveston, New Orleans, and New York.

The girls who participated in the style show were Dee Chapple, Elayne White, Kay Choate, Teri Beth Choate, Billie Underwood, Carolyn Bradshaw, Linda Dodson, Sherea Harris, Donna Morgan, Dee Etta Meurer, Robin Davis Nancy Fields, Shelia Carter, Linda Holton, Rosa Walton, Glenna Payne, Cindy Clark, Diana Shafter, Anita Chambers, Carolyn Pugh, Sharon Self, Marilyn McSween, Lynette Kuss, Billie Sue Baker, Bobbie Hodges.

Judy Edwards, Gale Edwards, Ann Weaver.

Others were as follows: Paula George, Jan Reynolds, La Freda Hamilton, Barga McCook, Kay Clark, Betty Cole, Jan Scott, Nan Saage, Chantal Blair, Emma Martinez, Nancy Smith, Belinda Becker, Brenda Bownds, Joyce Clark, Patsy Edwards, Carolyn Kinder, Joy Fagin, Marilyn Wolf, Loretta Wolf, Sherilyn Mann, Debby Morgan, Donna Morgan, Kathy Ayers, Susan Brassell, and Judy Kroll.

Two talent acts were presented between Acts II and Acts III. They were presented by Judy Jones who sang "Moon River." She was accompanied by Mrs. Bob Kern, who played the piano. Elbert Dee and Eddie Ethridge presented a tumbling act.

Girls who made this style show such a successful one included Kathy Brown who wrote the script for the show. She also narrated the first and second acts and sang several songs which carried the theme out of the show; Charlotte Vaughn narrated the third and fourth acts; Background music for the style show was provided by Jan Scott, Belinda Becker, and Joan Bednarz. The pianist who accompanied Kathy Brown while she sang was Joan Bednarz. Decorations for the style show were done by Paula Dunn-chairman, Joan Bednarz, Jan Scott, Belinda, Nan Saage, Kathy Brown, Diane Kuss, and Charlotte Vaughn.

Mrs. Roy Collins Hostess Members Homemakers Class

Mrs. Roy Collins was hostess for members of the Homemakers Class of the First Baptist Church Tuesday evening, May 14.

Mrs. Ollie Clark worded the opening prayer. Mrs. Lottie Jefferson, president, presided. "Love and Understanding" was the topic for the devotional presented by Mrs. Frank Lawrence, based on the 13th chapter of Corinthians.

Mrs. Audie Brasfield led a review on "The Life of Sarah and Abraham."

The meeting was closed with a prayer by Mrs. Jefferson.

Refreshments were served to Mrs. L. R. Gregory, E. E. Culver, T. A. Johnson, Clark, H. T. Hord, Lawrence, Bill Deaver, Brasfield, C. R. Bain, Lodie Williams, Henry Jarman, Auden Nowell, Jefferson, and the hostess.

Bride-Elect Was Honored At Shower

Miss Dene Brooks, bride-elect of Ronald L. White was honored with a kitchen-gadget shower in the home of Mrs. Delmar Wilke on the 10th of May.

The table was laid with a white cut-work cloth and had a centerpiece of white mums and greenery.

Refreshments were served to fifteen guests and the honoree's mother and two sisters. The hostesses' gift was a white portable mixer.

MRS. DREWRY CONVALESCING

Mrs. F. A. Drewry, who underwent major surgery in Lubbock May 14, is reported to be making satisfactory progress. She is in room 804 at Methodist Hospital, but is not permitted visitors at this time.

Lt. Col. Eldon W. Schmid has returned to his base at Ft. Bliss, El Paso, after having been with his mother during her surgery.

CHILDREN VISIT

Visiting with Mr. and Mrs. R. C. Hall Sr. over the week-end were their son and family, John T. and wife Jacklyn and children Dick and Shannon of Albuquerque, their daughter and family, Mr. and Mrs. Sam Phillips and boys of Lubbock, and R. C. Jr. and family.

MRS. JOHN LEAK'S CONDITION IMPROVING

It was reported to The Slatonite this week that Mrs. John Leak's condition is improving after being a patient at Mercy hospital for the past three weeks; however it will be necessary for her to remain in the local hospital for several more days.

Among her many visitors the past several days include: Mr. and Mrs. Joe Leake and family, Mr. and Mrs. Bobby Leake and family, Mr. and Mrs. Billy Leake and family all of Lubbock; Mr. and Mrs. Tommy Leake of Tulsa Oklahoma; Mr. and Mrs. Sam Hendrix and son of Lubbock; Mr. and Mrs. Buford Jones of Post; Mr. and Mrs. Robert Jones of Plains; Mrs. Betty Pierce of Amarillo; Mrs. A. A. Thomson of Kingsland; Mrs. J. C. Baker of Halletville and Pat Weeden of Odessa.

The former visitors also visited in the T. H. Basinger home of 755 South 20th Street.

Mrs. Howard Swanner won first in the modern class of the artistic division when the Slaton Garden Club staged their annual flower show recently. Mrs. Swanner used red roses grown by Citizens State Bank, in a ball arrangement. A portrait of Mrs. August Kitten, president of the local club, was used as an accessory.

"Golden Wedding Anniversary" is the traditional arrangement pictured above which won the artistic division for Mrs. Grady Wilson, a leading lady merit by the flower show committee and 1st prize by the judges. The mass of yellow irises, grown by Mrs. Claude Anderson, was placed in a large flat container with two black ducks used as accessories.

Wilson News

Mr. and Mrs. Ira Thornton of Seymour and Mr. and Mrs. Lee Campbell of Snyder visited Sunday with Mr. and Mrs. H. D. Cleckler, Sr.

Betty Shaw, daughter of Mr. and Mrs. Charles Shaw, Jr. broke her arm Saturday while horseback riding near her home.

Mr. and Mrs. J. D. Anderson of Merkel visited for the weekend with their daughter and family, Mr. and Mrs. Homer Campbell.

Mrs. Dock Dockery, Mr. and Mrs. Don Dockery of Tahoka and Mr. and Mrs. "Runt" Moore visited Sunday with Mr. and Mrs. E. J. Moore.

Miss Kay Hassell, 16, niece of Mr. and Mrs. C. W. Phillips and daughter of Mr. and Mrs. A. R. Hassell of Friona, underwent surgery Friday at Plainview for appendectomy. She is in good condition.

Mr. and Mrs. Floyd Bartley visited Saturday night with Mr. and Mrs. Tommy Burns of Lubbock.

Mr. and Mrs. Roy Bankston of Lubbock had lunch Sunday with Mr. and Mrs. Sears Bartley. They also visited Mr. and Mrs. B. W. Hollis Sr.

Mr. and Mrs. A. N. Crowson, and Mr. and Mrs. Floyd Bartley went to Plainview to visit Kay Hassell in the hospital there.

BABY SHOWER

A stork shower was given Thursday at 2:30 honoring Mrs. Gary Houchins by the ladies of First Baptist Church. Centerpiece was a bouquet of pink roses, and refreshments were pink and blue center cookies, and pink punch. Twenty five guests were present.

Guests in the home of Mr. and Mrs. L. L. Christopher on Mothers' Day were Mr. and Mrs. Ollie Riddle, Mr. and Mrs. Robert Christopher and Robbie, Linda Fields of Wilson; Mr. and Mrs. Steve Riddle, Mr. and Mrs. Curtis Christopher and Randy of Lubbock; Mr. and Mrs. E. W. Roe and Barbara, Mr. and Mrs. T. R. Riddle and daughter, Mr. and Mrs. Richard McFarland and Ricky, Mr. and Mrs. Bobby Hays and children and Hughland from Tahoka.

who celebrated their 54th wedding anniversary, May 12.

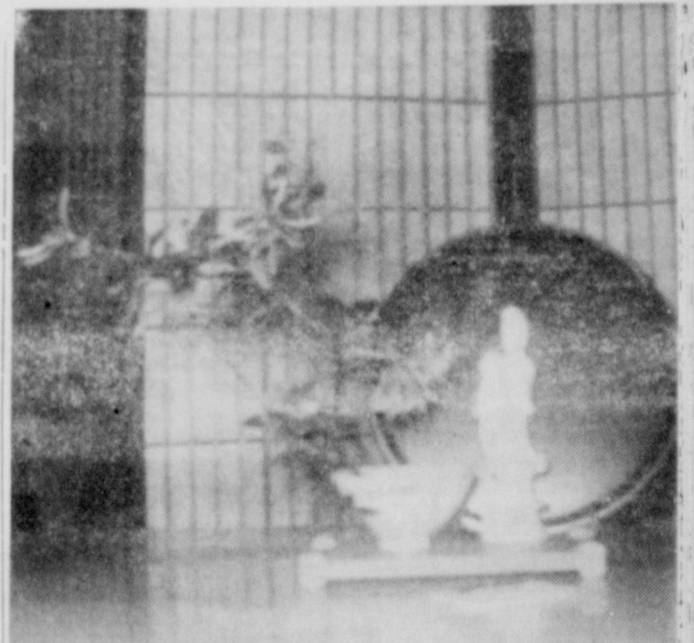

MISSION BIBLE SCHOOL

The Mexican Baptist Mission at Wilson will start Vacation Bible School Monday May 27 at 8:30 a. m. It will be under direction of Mrs. Floyd Wilson and class supervisors are: Mrs. Floyd Bartley, Intermediate; Sharon Lumsden, Juniors; Sandra Lumsden, Primary, and Claudia Stoker, Beginners. Pianist for the school is Vickie Rhoades. All Spanish children are invited to attend.

Gary Lee Peebles Receives A and M Scholarship

Gary Lee Peebles, the son of Mr. and Mrs. Lee Davis Peebles, 725 South 13th Street, Slaton, has been awarded a one year scholarship to Texas A. and M. College by the Lubbock A. and M. Club as announced by James W. King, Club president. A number of Lubbock County applicants were considered with Mr. Peebles being selected as a deserving student worthy of recognition.

He is a 1963 graduate of Slaton High School and plans to enter Texas A. and M. College at the fall semester.

In the oriental manner, Mrs. Jack Nowlin won first place with her arrangement of garden flowers, featuring a white chi goddess against a background of a black tray.

A special award was captured by Mrs. Ellis P. Schmid, who used lines of lily stems in a triangular container, accented by two red and white lilies. Two blue swans floated in the foreground. Both oriental and peal award creations were shown to best advantage against a background of Oriental screens.

Southland News

Rev. Jimmy Halliburton preached Sunday evening at the Baptist Church in Southland. He once lived here and finished high school here.

Mr. and Mrs. Ed Denton have returned home after more than a month vacation, much of the time spent at their cabin at Rock Creek. One week-end they visited their daughter and family. Mr. and Mrs. E. W. Lickley at Durant, Oklahoma; and they also visited Mr. Denton's brother, Oliver Denton, at Cumby, Texas. Mrs. Denton reports a good time but glad to be back home.

Mrs. Wilber Wood flew in last Tuesday from Talent, Oregon, to visit her father-in-law, J. R. Wood, who has been in the hospital since April 17th. She returned via jet flight Monday.

While here, her sister, Alene Hennington from Tatum, New Mexico, came and visited on Sunday.

Mr. and Mrs. Bill Lancaster, David and Kathy, of Temple, are visiting his parents, the Earl Lancasters. On Tuesday Bill and family went to Amarillo to visit his brother, Jack, and other friends there.

Mr. and Mrs. Jesse Ward spent the week-end in Canyon with their daughter and family, the Stanley Smiths.

Mr. and Mrs. Edgar Moseley visited Mr. and Mrs. Robert Cannon at Floydada Tuesday night.

SEE YOUR DEALER TODAY

Bryan Milliken of Lakeview, Cieta Young, Robert Milliken of Slaton, and Fred Davidson. Mrs. Milliken reports she just about has her house back in shape after the smoke damage incurred when a butane hot water heater recently exploded. Mr. and Mrs. Bill Winterrod of Amarillo visited recently in the Paul Winterrod home.

SENIOR TRIP

The Southland seniors left Saturday on their senior trip. Their first stop was to be at Arlington to see Six Flags over Texas, later going on to Mississippi.

Birthday Celebration
Mr. and Mrs. Jack Lancaster, Kevin Lee and Jonathan of Amarillo visited her parents last week. On Sunday Kevin was six

Old Friends

By J. J. Maxey

It is always nice to see OLD FRIENDS even for just a few minutes. Mr. and Mrs. A. D. Williams came up for a few minutes this week. Mrs. Williams is the former Edda Belle Benton, class of 1926. They are now living at 209 E. Van Koevring, Rialto, California. Bus and Edda Belle were on a flying trip to Texas and only had a few minutes to visit. They visited Bus's parents, Mr. and Mrs. M. R. Williams, and his sister and family, Mr. and Mrs. T. E. McClanahan. Edda Belle reports that her mother, Mrs. A. C. Benton, is living with her. Mrs. Benton is eighty four years old and although totally blind is still able to get around fairly well. Bus is still working for the railroad.

Clyde Williams, class of 1937, was in the office this week. Clyde is a Captain in the Naval Air Corps and is stationed in Hawaii. His address is Qtrs. 401-1, 1 Northampton Avenue, Honolulu 18, Hawaii. Many of you remember Clyde as one of the better football players of his day, in fact he was elected as the most valuable player of the team of 1936. That was the year that Littlefield beat them out for the championship on first downs or penetrations. I don't remember which. Clyde tells me that he will finish his tour of duty in the islands this summer or next. He had intended to attend our reunion this year but came early due to the illness of his mother and father, Mr. and Mrs. W. N. Williams. You will recall that I recently reported on a trip that Estil Williams, class of 1934, made on the Aircraft Carrier Constellation on a civilian orientation cruise to Hawaii. Clyde commented that he was very glad to see his brother while on this trip and that such a trip could not be purchased for any amount of money. I still envy Estil being selected for such a cruise. Knowing that Clyde had served as an instructor and as a test pilot I asked him if he still got to fly and his answer was "not nearly as much as I would like to".

Fred Schmidt, class of 1946, was in town this week and came by and visited for a few minutes. Fred and Peggy are living at 213 Country Side Drive in Irving, Texas. Fred is a Manufacturer Service Representative for J. Lehr and Associates. They represent ten factories in Texas, Oklahoma and Arkansas. Fred and Peggy (the former Peggy Tudor, class of 1948) have a new daughter only three months old. Fred showed me a picture that he just happened to have but he didn't have time for me to show pictures of all my "grand kids." Fred was a member of the football team in 1945 that Max Arrants and myself were adopted coaches for. When Fred wasn't crippled (broken arm, etc.) he was one of the smartest quarterbacks that Slaton ever had. I always thought that it was a shame that kids like that only got to play one year. (No football here except in his senior year).

Pauline Scott reports that they have heard from Travis (Cotton) Brasfield and that he and his wife and daughter will attend our reunion on June 22nd. Travis was in the class of 1930 and lives at 4717 Woodland Avenue, Western Springs, Illinois. I believe that this is a suburb of Chicago. Travis is associated with the Velocose Chemical Corporation of that City.

When you read this please look at your calendar and see that there remains only thirty days before our reunion. There still remains a lot of work to be done. What do they say about "the best laid plans of mice and men"? In this case it just takes a lot of work and preparation to assure that we will all have a very enjoyable time greeting and visiting with friends of yesterday. Have you invited anyone for the weekend of the 22nd?

Those paying dues since last report were Roy Boyd, Maud Dean, Minnie Will Wootton Williams, Martha Allred Basinger, J. C. Champion, W. W. Clark, Jess Brasfield, Clyde Williams, Edda Belle Benton Williams, Fred and Peggy Schmidt.

AT FAMILY REUNION

Mr. and Mrs. J. B. Butler, two sons and two daughters, were among those attending the family reunion at Stamford last Saturday in which Mr. Butler's mother's folks, the Cozy family grouped for a big day of visiting. J. B. Butler and Shirley Butler of Cactus, Mrs. James Vannoy of Slaton, and Mrs. David Reed of Hereford accompanied the Butlers. A large

crowd was in attendance from many points in Texas, Arizona, California and Mexico.

Mr. and Mrs. Butler extended their visit, going to Mineral Wells. Mrs. Vannoy accompanied them, and they visited Mrs. Butler's sister, Mrs. Patsy Lawson and son Eugene and family there. Mrs. Lawson has been very ill but is improving. They also visited four Butler families in Mineral Wells. Attending church there Sunday at the First Baptist Church, they saw former Slaton residents, Mr. and Mrs. Grady Elder and children who live there now.

years old. For his birthday, his grandparents, the Edgar Moseleys, carried him out to the Johnson House for his birthday dinner. After lunch, Kevin Mr. and Mrs. Jack Lancaster, the parents and other son, Jonathan, Mr. and Mrs. Edgar Moseley visited the Eldon Lancasters at Lubbock where Kevin opened his gifts. Pictures were made.

HOME
FOR SALE**

This is a large spacious
house, almost 1,200 square
feet floor space, plus large
two car carport with at-
tached storage unit located
on a 100' x 150' city lot.
Just a few of the many fea-
tures include extra large
walk-in closets with double
sliding doors, ample storage
with many extra built-ins,
large (20"x28") paneled din
with book shelves at one end
from floor to ceiling that
could easily be converted to
a gun case.
This home is located in the
city Robert Lee just a few
blocks from the business
district of this friendly lit-
tle town located in the roll-
ing hill country of Coke
County. Good game hunting,
deer, turkey, quail, dove and
other game. Two lakes just
out-side the city limits that
are well stocked with edible
fish.
Robert Lee is only 31 miles
north of San Angelo, one of
West Texas' leading medical
and culture centers. Robert
Lee's tax rate is extremely
low, utilities are reasonable.
Owner will sell at a rea-
sonable price and would con-
sider house, lots or automo-
bile as trade.
Interested persons should
write John H. King, Box
775, Slaton, Texas or call
VA8-4201 or VA7-5314, Slaton,
Texas.

Weevii Repellent Is Extracted From Cotton Plants

A substance that repels boll weevils has been extracted from cotton plants by Department of Agriculture scientists. The repellent is one of three substances now taken from the cotton plant itself which has potential value in controlling boll weevil.

Scientists first isolated the substance that attracts the insect to the plant. Then the plant was found to have a feeding stimulant which encouraged the weevils to "eat heartily." But when the attractant extracted from the plant was warmed to room temperature, part of it vaporized. The part of the substance that remained proved repellent to the boll weevils.

The three chemical elements—attractant, stimulant, and repellent—are all taken from the cotton squares or flower buds. They hold possibilities for several ways of controlling boll weevils. A hopeful possibility, for example, is that plant breeders may be able to develop cotton varieties either with such a high content of the repellent that the plants will repel weevils, or with such a low content of the attractant that the plants cannot attract the weevils from any great distance.

The third element, the feeding stimulant, does not have the power to attract weevils but it offers the possibility of forcing them to starve on the wrong kind of diet. Weevils are voracious eaters of almost anything on which the stimulant has been poured—even cork or wood.

Agricultural Research scientists are continuing their work on the three substances to learn more about their properties and to identify them chemically. They are also searching for cotton strains that may have a high or low content of the repellent, attractant and feeding stimulant.

To speed up this search for promising strains, test crosses are being grown in the winter in Mexico and in the summer in Texas and the Southwest. If useful strains are found, they will be crossed with cultivated varieties in an attempt to develop cotton plants with chemical components that will help control the boll weevil.

Soil Testing For Profits Is Widely Practiced

College Station —Today many cropping and fertilization recommendations are based on soil testing information. And many farmers and ranchmen are making use of the three soil testing laboratories in Texas to obtain this information.

A new bulletin of the Texas Agricultural Extension Service explains just what soil testing is and how it can be used by the producer. "Testing your soil for Profits" says that soil testing is a scientific method to determine the fertility needs of a particular field. It explains that chemical means are used to determine soil reaction (ph), organic matter, available phosphorus, available potassium, available calcium, and soluble salt. Soil salinity can also be determined by special testing techniques.

Soil tests can be used as a basis for fertilization and liming of soils, according to the bulletin. Also, a soil test can help the producer determine which crop is best suited to his land, how much that crop should yield, and if the soil is infested with nematodes, insects or diseases.

In taking oil samples, obtain one from each major soil type in the field, using a spade, soil auger, or soil tube. Information sheets can be obtained from the local county agricultural agent and should be filled out as completely as possible and sent along with the samples, the bulletin says.

Samples should be submitted at least one month prior to the date of fertilization to allow time for testing and return of the results. Under high levels of production or high rates of fertilization soils should be tested every year but with lower production they may be taken at two or three year intervals.

Soil testing takes the guess-work out of fertilizing and insures better profits from the use of fertilizer, concludes the bulletin. For a copy of L-265, "Test your Soil for Profits," contact your county agricultural agent or write the Agricultural Information Office, College Station, Texas, for a copy.

Everything for the office. The Slatonite.
