Teacher Association at 7:30 p. m. in the high school auditorium on announced date.

There will be no school on Friday of next week, as the annual meeting of District 13 of the Texas State Teachers Association will convene in Lubbock on March 8th.

"We hope that it is possible for every citizen of Slaton to visit THEIR public school", Dr. Lee Vardy, superintendent, has stated.

The Slaton Public Schools reached a record enrollment of 2,051 students in the 1962-63 school year, and the faculty now numbers 88 members. The school plant represents a cost of a million and a quarter dollars and is cited as modern in all respects. Dr. Vardy states that through the efforts of the Board of Education the Slaton schools have kept pace in providing adequate buildings and facilities for its growing population. The Evans school gymnasium is being completed, providing adequate facilities for the physical education program of that school as set out and required by the Texas Education Agency.

The Slaton schools are supported by local and state sources of revenue. Locally the school district receives 30 percent of the money spent; the state furnishing 68.5 percent, and other sources accounting for 1.5 percent, officials state.

Public School Week observance has grown in the past 12 years to the extent that practically every school in Texas participates. The Senate Concurrent Resolution No. 4, passed Jan. 9, 1963, in both the House and Senate, and signed by the governor, authorizes this week to be held on the announced days.

WEATHER

Average nighttime low temperatures since last Thursday: 28 degrees; average afternoon highs: 54.

This reporting period was kicked off last Thursday morning with snow falling all day, bringing totals in the immediate Slaton area of 2 to 5 inches. Traffic was snarled on most roads Thursday night and the icy morning to follow; however, observers agreed that this was one of the most rapidly melting snows witnessed here.

Moderate to strong southwest winds have accompanied the sunshine of this week.

Day by day temperature extremes, as recorded by Pioneer Natural Gas Company in Slaton, have been:

| | |
|-----------|-------|
| Thursday | 12-24 |
| Friday | 26-43 |
| Saturday | 30-58 |
| Sunday | 36-54 |
| Monday | 26-68 |

PROOF OF PROFICIENCY - Three Slaton F. F. A. members are shown here with the Duroc gilt awarded as first prize at the Duroc Congress in Lubbock last week-end. Members of the winning team are pictured left to right, Travis McCormick, Alan Reasoner and Don Mitchell. Billy Baker, other team members, was not present when the picture was made. Below is shown contestants Jerry Buxkemper, Reasoner, McCormick, Jerrold Owen and Calvin Willis.

FFA Team Gets Big Win at Show

The Slaton Future Farmers of America livestock judging team attended the Southwestern Duroc Congress at Lubbock Saturday and brought back the bacon in form of a 1st place trophy and a registered Duroc gilt.

Coached by Vocational Agricultural instructor Don Mitchell, the championship team members were Alan Reasoner, Travis McCormick and Billy Baker.

Fifty-four teams, comprising 162 boys from Texas and New Mexico, competed at the meeting. All were members of either FFA or 4-H organizations.

When the local Ag. III boys are not practicing for the livestock contests they are busy working in the Ag. shop. Recently they have been learning how to weld, and reports are that they are progressing rapidly in that field.

Bids Asked On Water Project

Bids will be opened at 3 p. m. Friday, March 15th for casing present water lines and two future lines to be placed under Highway 84 on the Slaton by-pass, together with related work, as result of City Commission action at the regular meeting of that group Monday evening.

Tex Kidwell, representing Slaton city engineers, appeared before the commission to outline the plans for casing and for moving of one well collector line and one 10 inch distribution line from the southwest pump station, etc.

Estimated cost of the project is \$12,000. The commission at the Monday session voted unanimously in favor of motion by Commissioner J. E. Eckert Jr. and second by Fernando Gonzales, to call for bids on this work.

It was pointed out that this project would be paid for from funds that are being set aside each month from the increase in water rates. Amount of the increase is being segregated into a separate fund each month, and will be used to finance necessary improvements in the water system prior to receiving Canadian River water, city officials report.

Other routine business was conducted Monday, including presentation of proposed Police Department budget for the fiscal year 1963-64. L. R. Gregory reported on receipt of fallout shelter supplies. One new street light was authorized at First and Jean Streets.

On motion by Commissioner Walker, the Commission voted unanimously to authorize the mayor to sign a quit-

Overpasses Petitioned By C. of C. on By-pass

Slaton area highway construction problems have been much in the limelight this week, with several rapid-fire events conspiring to focus attention on the Slaton by-pass construction scheduled to commence as early as May 1.

Upon learning that finalized construction plans called for only one overpass on the route, that one at intersection of Highway 84 and the by-pass turnoff, Chamber of Commerce officials recognized the situation as

demanding immediate attempt for remedial action, and a called meeting was held Sunday afternoon for the Highway and Roads Committee, together with farm and civic leaders.

The Sunday meeting found opinion unanimous that (1) at least four overpasses were needed for sake of community economy and safety; (2) initial understanding before passage of the \$1,750,000 bond issue in May of 1961 was that overpasses would be provided for all traffic com-

ing into Slaton from the west; and (3) authorities should be contacted immediately at the county, district and state levels to alter the lately-announced "one overpass" engineering.

On Monday a delegation of 12 met with the county commissioners at regular meeting seeking influence and accord in requesting the additional overpasses. Commission action was taken, but the group was advised to go directly to the highway department.

On Wednesday afternoon, Project Engineer Julian Smith met with some 20 concerned farmers and businessmen at the Chamber of Commerce offices in Slaton, to hear spokesmen for the group again plead for revision to get the plans in line with needs of the community. Smith appeared cool to the proposals, and stated that existing and complete plans called for

Three File For Ward I Position

Another candidate for City Commission post filed this week, Truett Bownds placing his name on the ballot for Ward I commissioner, bringing to three the number filing in that ward. Previously announcing were Charles E. Dickson and H. A. Bryant.

Only entry to date in the other vacant commission spot, Ward 3, is J. E. Eckert Jr., asking for re-election.

The mayor position so far is asked only by incumbent L. O. Lemon.

Filing deadline for ballot positions in the April 2nd city election is this Saturday, March 2nd.

No new names have been entered for school board positions, with March 6th as deadline. A. Heinrich has filed as a asked for re-election, and Willie A. Heinrich has filed as a new candidate. Terms of Miles and Harold Tucker expire this year.

Monday Assault, Theft Suspects Nabbed by Chief

Slaton Police Chief Gene Martin figured Monday afternoon in capture of suspects in a robbery and beating occurring at the Slabuff Liquor Store 4 miles southwest of Lubbock on the Slaton-Lubbock highway.

Martin, who had been in Lubbock as witness in a court trial, was en route to Slaton when he heard a police radio broadcast for a pickup on a Cadillac believed carrying the suspects. Martin spotted the vehicle in the 4000 block, Avenue A in Lubbock, and apprehended the occupants, loading two into his car and ordering the other two to drive ahead of him to the sheriff's office.

"About the time I stopped them", Martin later related, "my radio went out and I couldn't get any help out there, so I told them to drive ahead of me."

When the caravan reached

THOUGH BOWING 62-59 in the sudden death play-off game Friday against Denver City, hustle of the Slaton Tigers is well exemplified here as Larry Smith (right) leaps high for the ball. Other locals identifiable in this shot are Pat Hubbard and Le-lie Brown. (See story on Page 6).

Bids Asked On Water Project

Bids will be opened at 3 p. m. Friday, March 15th for casing present water lines and two future lines to be placed under Highway 84 on the Slaton by-pass, together with related work, as result of City Commission action at the regular meeting of that group Monday evening.

BULLETIN

A meeting with District Highway Engineer O. L. Crane was arranged late yesterday, the conclave scheduled for Friday morning, 10 o'clock in the Chamber of Commerce offices in Slaton.

stop signs at the intersections; that overpasses in excess of the one would only come as a second phase of the program when "necessitated by traffic volume and /or accident frequency".

Not content with the discouraging answers at this meeting, a representative of the group pledged further and immediate meetings with District Engineer O. L. Crane and "on to the state level at Austin" as soon as appointments could be arranged.

In promotion of the bond issue back in May, 1961, the Slatonite carried news articles on two separate weeks asserting that "overpasses are in the plans for all traffic coming into Slaton from the west".

The bond issue passed by more than 2 - 1 majority, Slaton boxes voting 395 "for" and 182 "against". The vote carried in countywide tabulation.

Cost of overpasses (or underpasses) is borne by the state, the bond issue funds used for right of way purchase. Smith said at the Wednesday discussion that "yield-stop" intersections could be provided \$175,000 less than overpass intersections.

Petitions calling for additional overpass intersections have been (SEE NO. 4 BACK PAGE)

Slaton Economy Continues Climb

The February issue of Texas Business Review carried statistics pointing to increase in business and economic conditions in Slaton, the city lagging only in building permits.

Year-end reports showed postal receipts up two percent from previous 12-month tabulation, bank deposits up, area employment up, and percent of unemployed down 13 percent.

Monthly surveys of local economic trends within the state are made by the bureau of business research, University of

EDITORIALLY SPEAKING

Observations and Potpourri

The Future Farmers of America organization is being saluted throughout the nation this month, with special days, weeks and observances dedicated in honor of its membership.

We heartily encourage the public to applaud those deserving FFA members... we know of their personality and we yet have a lot to say about their constructive enterprise in their accomplishments.

So let's join with other citizens and institutions in doing our best to help these young citizens who are "learning to do, doing, and being."

The primary aim of the Future Farmers is the development of agricultural leadership, cooperation and citizenship. The specific purpose is to help the organization to be a force for good in the world.

- 1. To develop competent, aggressive and agricultural leadership.
- 2. To create and constructive development of country life.
- 3. To strengthen the confidence of farmers boys and young men in their work.
- 4. To create sincere interest in the intelligent choice of farming occupations.
- 5. To encourage membership in the development of individual farming progress and establishment of farms.
- 6. To encourage membership to improve the farm home and its surroundings.
- 7. To participate in worthy undertakings for the improvement of agriculture.
- 8. To develop character traits for useful citizenship and future patriotism.
- 9. To participate in cooperative effort.
- 10. To encourage and practice thrift.
- 11. To encourage improvement in scholarship.
- 12. To provide and encourage the development of organized work recreational activities.

Could be that it would be advantageous for these aims to be of the... - additional student aid.

In the meantime, keep up the good work, FFA members and leaders, we are among your many staunch supporters.

More progress has been made against the heart and blood vessel disease in the past 10 years than in the preceding 50 centuries, according to medical experts.

Heart research and community heart programs are saving thousands of lives each year. Thanks to new knowledge:

- most heart attack victims now recover from their attack and return to their jobs.
- strokes are no longer hopeless and new drugs and therapy can reduce or prevent disability.
- rheumatic fever and rheumatic heart disease and their blood-borne sequelae can be prevented.
- high blood pressure can be controlled, reducing damage to heart, brain and kidneys.
- many defects of the heart itself and its great vessels, hopeless only a few years ago, are now correctable through dramatic advances in surgery.

Yet, the heart and blood vessel disease continues to be the greatest cause of death in the United States, accounting for one death every year. Heart disease combined with cancer is the leading cause of death.

When the decrease in mortality from infectious diseases, more people are living beyond 50 and 60 years of age. The heart disease risk is also greater.

Secondly, many medical scientists have learned to control many of the heart and blood vessel diseases they haven't learned to prevent them. We have they yet discovered the underlying causes of the disease and high blood pressure, when taken together account for about 90 percent of the cardiovascular problem.

Your Heart Association's program of research, education and community service is definitely contributing to combating this great disease problem. Your Heart Fund contribution makes the Heart Association program possible. This is a very real sense the good will of the remaining mystery of the heart and blood vessels can be avoided depends on you. It would be wise to remember that the you take your gift for health in this Heart Fund Month.

ADD ON READY?

Everybody's Walking!

With the walking craze hitting almost everyone these are some things that you should do to keep your feet healthy from walking shoes. First, I'll have a few words to say about walking shoes and I'll also remember getting 15 seconds of light on the top of your shoes three times a year and I'll also remember the distance on the distance between 14-16 inches. Maybe walking is a part of the physical fitness program that is necessary. If you get enough walking exercise going from the office to the office shop. Of all the walking shoes that have come from current trends, there are about several models available in New Jersey, probably take the prize. They were designed for the foot from New Jersey's New York, some fifty miles distance. Nothing unusual, other than they were designed to fit in an area along with them. So they would have a very high chance of success!

—Stella Banner

Beets Bloom in White Area

The Great Western Sugar Company of Colorado granted the High Plains Sugar Beet Association 1,000 acres of sugar beet seed to the representative of the association in Pikesville, Missouri.

High County received 200 acres, Sevier 200, Abernathy 200, Idaho 100, Floyd County 200 and Lincoln County 200. Fifteen Floyd County farmers met in downtown Lockney, Wednesday morning and individual allotment were distributed. Great Western will send a field man to the area next week to begin planning organization for the area.

In the Lockney meeting the farmers group plans to see areas to be planted, special house and equipment. All beet seed in trucked into Pikesville where they will be shipped to Colorado in train loads.

Inmates from 63 Professions

With the recent shooting, the rounding up of school marauders and some misdemeanor violations breaking into the news this week, some seem to be looking for a general report from the Texas Prison System.

Eight contractors, three ministers, five school teachers, one dentist, one lawyer and an shoemaker, were among the occupations listed by the 53,000 inmates received in the Texas Department of Corrections during 1962.

According to the Department of Corrections annual report prepared by J. C. Moore, chief of records, persons entering the prison system during 1962 listed a total of 63 separate skilled or professional occupations.

Some would wonder just how many newspapers they have in the prison, since they get out a pretty fair size Texas newspaper - "The Echo."

By George Kees, Director of the Department of Corrections said: "The annual commentary on our time that more than 50,000 inmates coming to prison last year were listed in the miscellaneous occupations, for in other words, no prior work or employment history or adequate means of earning livelihood."

The report from the prison records office shows that six counties in the State sentenced fifty percent or 241 of the total number of persons to prison.

Harris county led all other counties with a total commitment to prison of 893 persons. The other five counties in order of commitment are Dallas, with 747; Bexar, with 346; Tarrant, 223; Travis, 132 and El Paso with 117.

Nearly half of the persons received in prison in 1962 were married. The records show that 49 percent were married, 16 percent divorced, and 34 percent single. Less than one percent were widowed.

Less than five percent, or 228 of those received in prison last year, were female. The number of males received in prison, or 13,000 of every 20 received was 10,000.

Six of the persons received in prison in 1962 were more than 70 years of age, and 2,350 or 42 percent were between the ages of 17 and 25.

Twenty four percent, or 12,480 persons received in prison in 1962, were Baptist, 11,277 were Catholic, and 341 were Methodist. Only 441 or less than five percent of those received indicated no religious denomination or preference.

According to Roberts' reports, there was an increase in the number of white persons committed to prison. In 1962, 57 percent received were white, 19 percent Negro and 13 percent Latin American.

Inmates received in prison in 1962 are from a total of 47 states, (including one from Alaska) and one foreign country. More than 500,000 are natives of Texas.

One of every three persons received in prison in 1962 were of burglary. Sixteen percent were sentenced for forgery and passing, and 17 percent were sentenced for theft. Two hundred and fifty two were committed for murder, and 393 for robbery or for robbery by assault. One man was sentenced to prison in 1962 for horse theft.

The prison population January 1st was 122,000 up an increase of 111 over the previous year's total.

—Walt Horn, Alvin, Texas

Prayer Worth Remembering

Believing in prayer which I think is well worth remembering. It was written by another superior who to remain anonymous.

"Lord, Thou knowest better than I know how I am growing older and will some day be old. I am getting (sensitive), and particularly from the fact that I must say something to every subject on occasion.

"Please, my Lord, praying to Thy strength, keep my mind free from the restlessness - give me strength to be patient.

"I ask for grace enough to listen to the same pains. I hope to endure them with patience. But every day I feel that I am getting older and I am increasing in the number of remembering them is becoming sweeter as the years pass.

"Teach me the glorious lesson that I may be mistaken. I may be mistaken.

"Keep me reasonably sweet. I do not want to be one of them who are so hard to live with - that woman is one of the growing weeds of the world. "Make me thoughtful, but not moody, and bossy.

"With my vast store of wisdom, I want to be a good man. I want to be a good man."

Results of Wheat Referendum Are Explained by A.S.C.S. Committee

Wheat growers will have a choice of two programs for 1964, according to R. T. Price, Chairman, Agricultural Stabilization and Conservation State Committee. The choice will be presented to farmers in a referendum to be held this spring, as set by law.

In general, the chairman explained, the first program would be the production of wheat for export and needs. It would provide farmers with price support at an average of \$2 per bushel for the bulk of their wheat marketings. It would

offer payments for wheat acreage diverted to conservation use. And it would maintain farmer income from wheat at the average of recent years. This is the program farmers would choose by voting "yes" in the forthcoming referendum. Approval by at least two-thirds of the farmers voting is required to make the program effective. Farmers would choose if they voted "no", would provide no limits on production or marketings, and — only to growers who stayed within their allotments — price support at 50 percent of parity, about \$1.20 per bushel. It would result in increased wheat production, and a sharp decrease in income for wheat growers. Farmers could be expected to get a market price of only about \$1 per bushel, on the average, for their wheat.

Price said that technical details of the 1964 wheat program now are being developed by the U. S. Department of Agriculture in cooperation with representatives of wheat growers and the grain trade. Major preliminary provisions of the 1964 program announced to date include: (1) A national marketing quota of about 1.2 billion bushels; and (2) a national acreage allotment, calculated from the marketing quota on the basis of current average yield expectations, of about 49.5 million acres, the same as in 1962. Farm allotments will be about 10 percent below the 1963 allotment — about the same as in 1962.

1963 COTTON PRICE SUPPORT MINIMUM LOAN RATE HAS BEEN ANNOUNCED

The Department has announced a minimum national average support price for Upland Cotton

of 31.70 cents per pound. The Department announced the 1963 minimum support loan rate for Middling 1-Inch Upland Cotton at average location of 32.47 cents per pound. These rates reflect approximately 79% of current parity.

FEED GRAIN PROGRAM OFFERS ADVANCE PAYMENT

Producers who take part in the 1963 feed grain program will receive payment for diverting acreage from the production of corn, grain sorghum, and barley, Charles G. Bragg, office manager, Lubbock Agricultural Stabilization and Conservation County Committee, states. Part of the estimated payment to be earned for such diversion may this program provision should producer signs up to participate. The rest of the diversion payment and all of the price-support payment will be made next fall.

The office manager said that this program provision should be of substantial benefit to growers who can use some extra ready cash during the spring planting season. Signup for the program runs from February 1 through March 22.

Cotton Micronaire '63 Readings Will be Made Available by USDA

Micronaire reading on samples of cotton submitted for classification under the Smith Doxey Program will be available on a fee basis during the 1963-64 season, according to the U. S. Department of Agriculture.

This service provides a measurement of fiber fineness of cotton as determined by air flow instruments. Fiber fineness is a quality factor important in spinning. Testing for micronaire readings is authorized under the Testing Service Act.

The micronaire reading service introduced beginning November 1, of the 1962-63 season and was used extensively by farmers in West Texas and Oklahoma. A fee of eight cents per sample was charged for this service. The fee for the coming season will be determined by the U. S. Department of Agriculture and will be announced about May 1.

Applications for the testing service must be submitted by

a ginner to the Agricultural Marketing Service, Cotton Classing Office serving the territory in which the gin is located. All samples submitted for classification from a gin that files an application for the micronaire service will be tested. Application for the micronaire service should be submitted as soon as possible but no later than July 1. Several weeks are required to install equipment and train personnel to provide the testing service. Classing Offices may not be able to provide testing service to gins submitting applications after July 1, if a shortage of equipment and trained personnel occurs.

The gin that submits application for the service will be responsible for payment of the testing fee. Applications for micronaire readings and additional details regarding the service may be obtained from the Lubbock Cotton Division Classing Office of the Agricultural Marketing Service.

"Get Rich" Bond Schemes Termed Against the Law

Slaton Postmaster Barry Ford issues a warning this week regarding reported revival of chain letter schemes involving U. S. Savings Bonds.

"We wish to remind the public that schemes of this nature are in violation of the postal lottery and fraud laws and that those who participate in such activities may be subject to criminal prosecution," Ford said.

Thursday, February 28, 1963

The Slaton Slatonite

The postmaster added that letters include the entirely false statement that the schemes are legal so long as only the savings bonds, are transmitted through the mails.

"The truth is," Ford continued, "that use of the mails in furtherance of the scheme, whether to transmit bonds, receipts or letters, constitutes a violation. Any scheme which involves lottery or fraud in which the mail is used in any part is a violation of postal laws and regulations."

He said there is a possibility that some persons may participate in these schemes without knowledge that violation of law is involved. Ford said this is particularly true in connection with chain letters involving bonds, golf balls, handkerchiefs and similar items.

Willis on Faculty Texas A&M Short Course in March

The annual Texas short course for city and industrial utility plant personnel will be held March 3-8 at Texas A and M College, with George D. Willis, superintendent of the Slaton municipal water department, scheduled to serve on the faculty and as an expert consultant to all registrants.

Willis will lecture Wednesday morning during a conference dealing with waste water treatment.

Hundreds of Texas men and women who retail good health in the form of clean water and sanitary wastewater treatment are expected to register for the technical sessions.

The unique school is patterned to portray the latest advances in plant management and operational techniques. This marks the 45th consecutive year the course has been held under sponsorship of the Texas State Department of Health, the engineering extension service of Texas A and M College and the Texas Water and Sewage Works Association.

By attending the course, plant operators can earn credits toward being certified by the State Health Department. Written examinations in the operators' specialty fields will be given at the end of the course.

There's a
Friendly Church Near You

A Reward That Passes All Understanding

"If you would build a better . . . mouse trap, the world will make a beaten path to your door."

Better still, if you render unselfish service to your fellowmen, even though the world may or may not honor you during your lifetime, peace of mind and a soul-satisfying reward that "passes all understanding" will be yours. This accomplishment isn't easy, but when the cause is embarked upon and followed through, it pays off in serenity, joy and satisfaction. For proof of this we need only to study the life of the One who was sent to earth to live the perfect life as an example to us all.

How may we lose ourselves in service to the extent that we no longer think of self? The answer is by sincere, faithful attendance at church. Here we may gain the knowledge, the courage, the power, the love and faith to live the life that brings peace and joy to the inner self.

MAYOR'S PROCLAMATION

WHEREAS the strength of our community rests in the family as a unit and in the family's health and welfare, and
 WHEREAS the cultural and scientific progress of our community has put greater demands on the personal and private lives of each citizen, and
 WHEREAS good vision has been proved a necessity for healthier, happier and a more productive life for every member of the family unit as a whole, and
 WHEREAS good vision contributes to the economic growth of Slaton by providing better workers and citizens able to indulge in more diversified community activities, and
 WHEREAS the optometrists of this community are making a great contribution to its progress and strength by providing good vision care, aiding each citizen to a better life.
 THEREFORE, he it resolved that the City of Slaton officially joins with the South Plains Optometric Society in proclaiming the week of March 3-9, 1963, as "Save Your Vision Week", and urge that this period be dedicated to informing the citizens of this community of their responsibility in attaining good vision through adequate and regular professional care.
 The City of Slaton further commends the optometrists of this community for their public interest, their great undertaking to educate the community by stressing vision care, and their great accomplishment in providing a first line of defense against blindness.

L. O. Lemon
 Mayor, City of Slaton

LEGAL NOTICE

NOTICE TO BIDDERS

SEALED PROPOSALS addressed to the Mayor and City Council of the City of Slaton, Texas will be received at the office of the City Secretary, City Hall, City of Slaton, Texas, at 3:00 p. m., the 15th day of March 1963, for constructing improvements, extensions and adjustments to the City's water works and sanitary sewer system in accordance with specifications and the plans approved by the City Council on file in the office of the City Secretary of the City of Slaton, Texas.

The work consists of laying approximately 85 Lin. ft. 4 inch; 230 Lin. ft. 6-inch; 345 Lin. ft. 8-inch; 600 Lin. ft. 10-inch class 150 water pipe including fittings, valves and appurtenances; laying approximately 65 Lin. ft. 6-inch sewer pipe; one manhole; one cleanout appurtenances and approximately 250 Lin. ft. 16-inch; 500 Lin. ft. 20-inch and 250 Lin. ft. 24 inch steel pipe casing, including all trenching, backfilling, cleanup and incidental work.

The successful bidder or bidders shall be required to enter into contract with the city of Slaton, Texas, on the forms provided.

A certified or cashier's check or an acceptable bid bond in an amount not less than five percent (5%) of the total bid shall accompany each bid as a guaranty that if awarded the contract, the bidder will promptly enter into contract with the City of Slaton, and furnish bond on the forms provided.

The successful bidder will be required to furnish a performance bond and a payment bond each in the amount of the contract, covered by a certified or cashier's check made payable to the City of Slaton, such security to be returned to the Contractor upon satisfactory completion of the project, or a Performance Bond and Payment Bond each in the amount of the contract, written by a responsible surety company authorized to do business in the State of Texas and satisfactory to the City Council, as required by Article 5160, V.A.T.C.S., as amended by H. B. 344, passed by the 56th Legislature, Regular Session, 1959.

The successful bidder will be required to furnish a Certificate of Insurance before commencing work on the project and the amount of Public Liability and Property Damage

LEGAL NOTICE

insurance shall be as follows:
 The amount of Public Liability and Property Damage Insurance shall be as follows: Public Liability Insurance in an amount not less than \$25,000 for injuries, including accidental death, to any one person, and subject to the above limit for each person, in an amount not less than \$50,000, on account of one accident, and Property Damage Insurance in an amount not less than \$10,000.

Property Damage Insurance in an amount not less than \$5,000 will be required for trucks and automobiles used on the proposed work.

Bidders are expected to inspect the site of the work and to inform themselves of all local conditions.

Plans and specifications covering the work to be done may be examined at the office of the City Secretary, City Hall, Slaton, Texas, and at the offices of Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

COPIES of the Plans and Specifications may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

Attention of bidders is directed to the provisions of House Bill No. 54, Chapter 45, passed by the Forty Third Legislature, at its Regular Session, requiring that not less than general prevailing rates of per diem wages for work of a similar character in the locality where the work laborers, workmen and mechanics performed, shall be paid all fees employed in the construction of public works.

LEGAL NOTICE

The City reserves the right to reject any or all bids, and to award the contract to that bidder or bidders, who in the opinion of the City Council, offers the proposal to the best interest of the City.

L. O. LEMON
 Mayor, City of Slaton Tex.

Tigers Edged by Denver City in Fight to Represent District 4-AA

By virtue of 63-59 defeat by Denver City in the Friday night post-season sudden death game, Slaton shares in the district basketball championship but must watch on the sidelines as after-season eliminations progress.

Supported Friday night in neutral Seminole by a large delegation of Slaton supporters, the Tigers led in two stanzas of scoring, second and fourth quarter, but trailed in others by a margin that enabled the Mustangs win.

The Mustangs led in field goals, 29-19, but hit only 14 of 34 throws while Slaton connected with 21 of 27 in a fine display of accuracy. The Denver City thincleds actually insured their win with the first quarter lead, building up a 14-point spread before Slaton warmed up to narrow the gap. Slaton trailed by 33-27 at halftime, and pulled within three points several times

in the second half. Denver City entered the final eight minutes of play with a 47-40 lead, and from then on the game was marked by foul-outs for both teams. Slaton losing two and the Mustangs three. Slaton had the most fouls, however, 24-21.

High point scorer for the locals was Larry Burk with 16 points, trailed by Weber Teferteller with 14 and Larry Jones with 11 points. Gieseke of the Mustangs was game leader with 17 points.

Fed. Crop Insurance Is Available on Grain And Cotton in County

Lubbock county farmers who haven't already done so are eligible now to apply for insurance on their 1963 crops of either cotton or grain sorghums or both, according to Joe L. Matthews, district director for the Federal Crop Insurance corp.

an agency of the U. S. Dept. of Agriculture. Garza county farmers may apply for cotton only, he said.

Matthews said FCIC representatives are visiting farms in these two counties now and will continue for a few weeks, and that information also may be obtained from the Lubbock district FCIC office at 1219 13th St. He urged farmers to not delay because time is limited.

Nearly 9,000 Texas farmers carry FCIC protection on either wheat, cotton or grain sorghums, Matthews reported, and they are being paid a total of nearly \$1,250,000 in loss-payments on 1962 crop-damage.

"Cotton coverages are high, and the program generally is improved over any before," Matthews said. "Federal Crop Insurance returns a farmer's approximate production cost if the crop doesn't."

"With today's normal profits down about 20%, a farmer's high investment (the other 80%) is vitally important, and it now takes about five years for a farmer to recover from crop-failure. More and more farmers are turning to Crop Insurance to protect his big investment dollar, and FCIC is adding about

100 new counties to the program each year.

"Federal Crop Insurance helps farmers protect their approximate production investment against all such natural hazards as wind, hail, insects, excessive moisture, heat, freeze and many others. It protects all during the growing period. No such protection is available elsewhere. It offers a farmer peace of mind — the assurance it will return his approximate cost of production if the crop doesn't."

10th Anniversary GOSPEL MEETING

VANDELIA VILLAGE CHURCH of CHRIST

2002 60th St. MARCH 3-10 Lubbock Texas

FEATURED SPEAKER FOR THE WEEK

ROY OSBORNE
SAN FRANCISCO, CALIF.

Powerful in his appeal, Roy Osborne brings a distinctive presentation of the Gospel to Lubbock. He has been enthusiastically received in four previous meetings in this city. He is a noted author, a competent psychologist, and sought after lecturer. We are happy to bring him to Lubbock and commend his preaching to the people of the South Plains. During March 3-10 he will preach three times daily at 7:00 and 10:00 A.M. and 7:30 P.M.

TO DIRECT CONGREGATIONAL SINGING

BOB HOOVER

Bob Hoover, the local evangelist for the Vandelia Village Church of Christ, will direct congregational singing during this 10th Anniversary Meeting. Hoover has directed singing in this area since his early years. He regularly does the preaching for some six to seven meetings yearly in addition to the local work in Lubbock. Now in his ninth year with the Vandelia congregation, he has led singing for several other of these annual Gospel meetings. You will enjoy singing God's praises under his able direction.

March 10th is annual homecoming day and open house at Vandelia Village. These special events and teachers are designed to encourage you to be one of 1550 in Bible classes at 8:40 and 9:40 A.M. You can be a part of Dedication Day for our new Educational Facilities. This will include dinner on grounds in the new 4500 sq. ft. Fellowship Hall.

DON H. MORRIS

TO TEACH SPECIAL MAN'S CLASS IN FELLOWSHIP HALL

Don H. Morris will teach a special class for men in the new fellowship hall. With room for 300 men at 8:40 and 9:40. Don Morris is president of Abilene Christian College. He is a world traveler and capable speaker. He regularly lectures and makes public appearances throughout the nation. He is an educator who was the first ex-student to become president of A.C.C., a position he has held since 1940. Men of this area will want to hear this eminently qualified speaker.

JOHN THOMPSON

TO TEACH SPECIAL CLASS FOR TEENAGERS

Johnny Thompson is the aggressive young minister of the Eastside congregation in Graham, Texas. He holds a Master's degree from A.C.C. and has been widely acclaimed for his work and special research among the young people of the churches of Christ. This is his second appearance at Vandelia Village and the Young People of this area will want to hear him.

BECKY TILOTTA

TO TEACH SPECIAL LADIES CLASS IN FELLOWSHIP HALL, AT 8:40 & 9:40

Becky Tilotta, of Houston, is one of the editors of the Christian Bible Teacher Magazine. She has taught many classes for ladies all across South Texas and various Christian colleges. Mother of a son, 20, and daughter, 18, she plans to appeal to women on the South Plains with the subject—"How To Give Your Daughter Away". In recent years she has done extensive work in Mexico and Guatemala. In these places she has directed special classes in the hospitals and church groups. She has a message of importance to South Plains women.

THE ABILENE CHRISTIAN COLLEGE ACAPPELLA CHORUS

TO BE HEARD AFTER DINNER ON THE GROUNDS IN THE FELLOWSHIP HALL

This widely known chorus is one of the five major organizations of the music department at A.C.C. It is believed to be the second oldest such chorus in Texas and had its beginning in 1932 under blind conductor, the late Dr. Leonard Burford. The restricted membership is selected each year through competitive auditions. We know you will enjoy their presentation. The chorus is directed by Mr. Rollie Blondeau.

Deadline Is Set For Regional Art Show in County

Deadline for submitting entry forms for the Lubbock Regional Nonprofessional Art Exhibit, is Friday, March 22.

Artists who have not yet received entry forms may obtain them from Mrs. David Eastwood at 2828 34th St. Lubbock. Phone SW 5-5575.

Nonprofessional artists living in the Lubbock area may submit work in oil, water-color gouache, tempera, pastel or casein. For this exhibit, all artists who derive less than one-half their annual income from the field of art are considered nonprofessionals. Art instructors and commercial artists are not eligible.

Three award winning paintings will be selected by a panel of local judges. They are: Dr. Bill Lockhart, Mrs. William A. Wilbanks and Mrs. Juanita Thibe Pollard, all of Lubbock.

The three award winning paintings will be entered in the Fifth Annual Motorola National Exhibit in Chicago this June. At the National Exhibit, six awards each valued at between \$600.00 and \$1,000.00 will be given to the six national winning artists. Paintings for the nationally distributed Motorola Fine Arts Calendar will be selected from all national entries.

Continuous Operation In Slaton For 20 Years

Although Huser Hatchery has been in Slaton 20 years, many people do not realize that a large selection of flower seed, garden seed seed potatoes, onion sets and plants, a very large supply of lawn fertilizer (spreaders to loan), peat moss in all sizes, rose food, pest sprays are available there. You are welcome to drop in and see for yourself.

Of course, we still have fresh eggs daily produced on our own farm and a complete line of Purina chows, alfalfa hay, prairie hay and a very good selection of all hybrid milo seed.

When you think of leading brands in the agricultural line, visit Huser Hatchery.

NOW SEE WHAT'S NEW AT YOUR CHEVROLET DEALER'S

Four kinds of sport—all super
Want to make spring come in a hurry? Just pick a new car with whatever you hanker for in performance and sporty trimmings—like bucket seats, 4-speed shift*, lots of horses—and start driving it now. Chevy's got a lot of sport in four entirely different kinds of cars.

First, the Jet-smooth Impala Super Sport with your choice of 7 different engines that range up to 425 hp and that include the popular Turbo-Fire 409* with 340 hp for the ultimate in smooth, responsive driving in modern traffic. Optional equipment, including Comfortilt steering wheel* that adjusts to your convenience, makes it as super a sport as you'd like.

Top—Corvette Sting Ray Sport Coupe and Corvair Monza Spyder Club Coupe. Below—left, Chevrolet Impala, SS Convertible; right, Chevy II Nova 400 SS Convertible. (All four available in both convertible and coupe models. Super Sport and Spyder equipment optional at extra cost.)

See four entirely different kinds of cars at your Chevrolet dealer's Showroom

Cross Compliance Feature of Feed Grain Program Explained by ASCS

The "cross-compliance" provision of the 1963 feed grain program has been explained by Charles G. Bragg, office manager, Lubbock County Agricultural Stabilization and Conservation Committee. Growers participating in the program will have to meet the cross-compliance requirement in order to qualify for any of the program's benefits.

Feed grains covered by the program are corn, grain sorghum, and barley. Only producers taking part in the 1963 feed grain program will be eligible for the program's diversion payment (for shifting feed grain acreage to a conserving use), the special price-support payment (on the normal production of the farm's 1963 feed grain acreage), and the regular price-support loans and purchase agreements on 1963-crop corn, grain sorghum, and barley.

Explaining the term "cross-compliance," the manager said that a farmer taking part in the 1963 feed grain program will not only reduce the feed grain acreage on the participating farm by at least the minimum 20 percent of the feed grain base acreage (1959-60 average), but he will also not exceed the feed grain base acreages on other farms in which he has an interest in any one of the three feed grain crops.

The office manager said that the same date of maturity also applies to released farm loans on 1959 and 1960 crops of wheat, and on 1960 and 1961 crops of grain sorghum. This means that growers who have any of these crops under loan may redeem their crops at any time through April 1 by paying off the loan and incidental charges. Holders of purchase agreements should notify the ASCS county office during the 30-day period prior to April 1 if they intend to deliver.

Job printing is a fine art at the Slatonite. Rush orders are welcomed. Phone VA 8-4302.

March 2-9 Set As 4-H Club Week in Texas

Governor John Connally by official memorandum has proclaimed the period from March 2-9 as 4-H Club Week in Texas. President Kennedy has designated the same period as National 4-H Club week.

have been planned in most counties of the nation as a part of the observance.

In his proclamation Governor Connally said, "The development of citizens and leaders for America is a high purpose in 4-H Club work."

"The 4-H program stresses the four-fold development of head, heart, hands and health as well as teaching the latest practices in agriculture and home economics."

"Since the 4-H program was inaugurated by the United States government in 1914, the movement has spread across the nation and built bridges of understanding to more than 50 foreign countries. Members of the 4-H Clubs learn by conducting result demonstrations and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities."

"Voluntary adult leaders provide a key to the success of 4-H. Parents and friends of 4-H give support and encouragement to club members. The Agricultural Extension Service of the A&M College of Texas, through county extension agents, directs the 4-H program."

"The opportunities offered to 4-H members to grow in citizenship, leadership and practical skills are especially valuable to them, the State of Texas and the Nation. The 4-H Clubs are a proving ground for the training of future leaders."

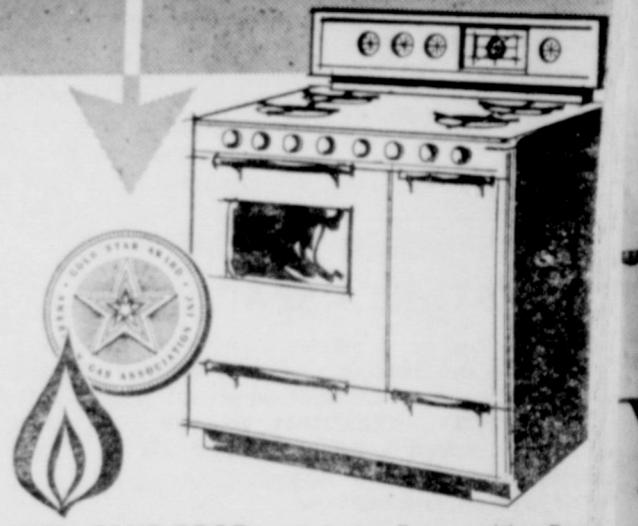

Governor Connally in his message to Texas 4-H members urged them to help others understand the high purposes and ideals of their organization. "The future," he said, "holds bright promise, and as 4-H members you have a vital part in this future."

Odessa -- Lubbock

Extensive seeding and irrigation since last season of both old and outfield at the Slaton Babe Ruth Park has paid off, with the grounds now in top condition for the fast approaching baseball season. One hundred and six youths had accepted registration blanks by early this week, and at least six competing teams assured. Close of school this Friday, is deadline for coming in registrations to school principals.

Plans Start For Babe Ruth Ball

Plans for an expanded Babe Ruth baseball program in Slaton have been announced, with play slated to commence next week.

Registration for participation in the Babe Ruth baseball program is scheduled for tomorrow, March 1st. P. Schmid, president, has with interested boys in the 12 year age bracket asked them to submit the registration forms to their respective school principals before close of school on Friday. Youths born after August 1st, and before Sept. 1, 1960 are eligible.

Teams from Slaton are assured, with reasonableness of at least one locally and one from Cooper, Jay Gray, coach.

A Cooper team is being formed with Bill Louder as manager and O. K. Hardin coaching. A Cooper team is being formed with Bill Louder as manager and O. K. Hardin coaching.

Several Slaton folks are members of the various groups affording the entertainment for the week-end opening.

You Are Cordially Invited To Visit THE SLATON SCHOOLS TUESDAY MARCH 4 And WEDNESDAY MARCH 5

In observance of Texas Public School Week as proclaimed by the Governor. Your School administration, faculty and students urge you to visit them next week.

TUCKER OIL CO.

MAYOR'S PROCLAMATION

WHEREAS, This annual observance provides opportunity for citizens to visit in the schools, and offers an interesting and practical means of encouraging their active participation in the continued progress of education in Texas; now, therefore, be it

RESOLVED, That the week of March 4 through 8, 1963, be hereby designated as the dates for the official Public Schools Week in Texas for the year 1963:

[Signature]
Mayor, City of Slaton

No. 3 Continued From Page 1

The Texas public school system was created 109 years ago, the first law providing same passed in 1854.

In extending invitation for school visitation, Dr. Vardy has made the following statement:

"It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

"Yes, 'bring me men to match my mountains.' That is the need of our times and must come from the public schools—schools that are strong in virtues required for building strong men and women.

"We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligations to our times by being a participant in the annual Public Schools Week March 4-8, 1963. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—back to a day.

"Do you remember when you took a red apple to school for the teacher? Or the first flowers from Mother's garden? Yes those were the good old days, but to the youngsters of today they are the 'same days'—different only in individual perspective. You can join with the youngsters of your neighborhood and visit the nearby public school during the statewide observance of Public Schools Week, March 4-8, 1963. You will be welcome. It will not only be fun, but the privilege to see how the schools of today are meeting the challenge of today. Yes, your neighborhood school invites you now to its open house.

USE THE WANT ADS

No. 5 Continued From Page 1

Broadway and Ave. A, however, a tire of the suspect's car blew out, and Martin was obliged to load all the suspects into his police car. None gave Martin any trouble, however, he said.

When Martin's radio went out, immediately after calling for assistance, local law officers feared foul play might have been the cause, and an immediate and widespread search was made for him by Slaton city police, Texas highway patrolmen and other law officers. None of whom know the location from which Martin had called.

The assault, robbery and subsequent chase had many other freakish aspects including the suspects being chased by a woman cafe operator, Mrs. Lorene Horner, who was reported to have herded the runaway car into a clump of trees, joined by a man nearby who was said to have fired several shots at the objects of the chase.

George F. Peterson, operator of the Slabuff store, was slugged and robbed of some \$150, by a pair of negro gunmen. Peterson said the bandits also took several bottles of whisky; two later were found by highway patrolmen who were searching for a missing pistol.

JAIL ARRESTS

Jail arrests by the Slaton Police Department since last Thursday have been near a minimum, including 1 disturbance, 5 drunk, 1 possession by minor, 1 DWI, 1 runaway and 1 of swindling by false representation.

LAW INFRACTIONS

Glass breakage was reported Friday at the Slaton Bowl, someone having broken the south outside door glass.

Saturday Billy Ganus reported his car parked at the high school between 5 p. m. and 11 p. m. the previous evening had been victim of air being let out of two tires and a fan-belt stolen.

Danny Holt pleaded guilty in Corporation Court to a disturbance charge and was fined \$50. He was charged in county court with willfully damaging personal property.

After being involved in a vehicle accident in the flats here, Max Maldonado Martinez was charged with DWI in county court.

Ambrosio Zavala reported Sunday that someone had taken several items from a vacant house on which he had been working. A door lock had been broken and six electric sockets had been taken, together with a roll of stucco wire adjacent to the house.

Bob Talley was filed on by the owner of Carrie's Cafe for swindling by misrepresentation, allegedly failing to pay for a meal.

No. 4 Continued From Page 1

circulated during the past week, with more than 500 signatures reported to be affixed.

Truett Bownds is chairman of the C-C highway committee, with Clark Self Jr. and Bill Smith as co-chairmen. Dr. Lee Vardy acted as spokesman for the group at the Wednesday meeting.

No. 1 Continued From Page 1

and Mrs. Gerald Marsh from the Nocona First Baptist Church.

BAKERS TO ISLAND

An interesting facet of the Charles Bakers' assignment to a Japanese island is the fact that the Wilson couple previously had sent two Hereford cows to that location to aid the Baptist orphanage there; these are the only Herefords on the entire island.

LILES TO SHIP CENTER

Liles' assignment to Hitachi, a ship building center of 179,000 population north of Tokyo, probably came about in part, because of Wayne's previous shipyard experience.

The Hitachi church has only seven members, and the local team's mission will be of an evangelistic nature. Throughout Japan there are about 150 Baptist churches, according to Dr. Charles Wood of the Slaton church, with a membership of 15,000.

Liles will leave April 2nd from Dallas, flying non-stop by jet plane to the west coast, making a 1-day stopover in Hawaii, then on non-stop to Tokyo where two days will be spent in orientation before final lap of the journey to Hitachi. Missionaries will conduct the 3-day orientation.

Liles has long been active in local church work; he is a deacon and a Sunday school teacher (young people's department) in the First Baptist Church here, and he has served at various times in most church layman capacities. He also is on the missions committee.

After completion of the Japanese tour, Liles will be available to speak to area group meetings. Dr. Wood has informed.

Visitors of Mrs. Eva Trimble over the weekend included Mr. and Mrs. Joe Lester and family of Amarillo, Mr. and Mrs. J. H. Trimble and Brad of Lubbock, and Mr. and Mrs. Melvin Basinger and family of Post.

This year's stock show, "Waddle said,

Deadline Tomorrow For Entries South Plains Junior Show

Bill Waddle, manager of the Agriculture Department of the Lubbock Chamber of Commerce and secretary of the South Plains Junior Livestock Show, today said all entries in the show must be postmarked by midnight, Friday, March 1. Waddle said any entries postmarked after that date could not be entered in this year's show scheduled for March 18, 19 and 20 at the South Plains Fairgrounds.

All county agents and vocational agriculture teachers are urged to get their entries in as soon as possible so we may have adequate time to process the 2,000 entries expected for

GLIMPSES

... of Mid-Winter Press Meeting

By Merle King
Opened Saturday evening with a President's Reception in the Colonial Ballroom, Pioneer Hotel, Lubbock.

Seen:
Mrs. Joe (Lucille) Pickle, wife of the managing editor of the Big Spring Daily Herald, sparkling in a three-piece white Alaskinge ensemble, elegantly accented with long leather gloves.

Mr. and Mrs. Bob Waddell, who publish the Menard News. Bob is putting the finishing touches on a book dealing with the history of the missions in the Menard-San Saba area. He reports it nearly ready for the publisher.

George Baker, escorting a daughter, Anne, and putting in a word for the Texas Press whenever the opportunity arose. George is publisher of the Fort Stockton Pioneer and heads the TPA.

West Texas president, Jim Cornish, accompanied by Mrs. C. officially greeting some one-hundred twenty five attending. Vice-president Mike Werst and wife, Maurine, assisting in the hospitality.

Mrs. Violetta Mahood, secretary of the West Texas Association, at her desk, faithfully registering all and supplying an occasional press card for members who had somehow mis-paced theirs.

Melvin Munn of Pampa was speaker for the Sunday luncheon and he told his audience that his wife called him one day recently and told him she was down in the dumps and thought she would buy a new hat. He replied, "So, that's where you've been getting them". Incidentally, Mrs. Munn was most attractive in a blue suit which she wore a lovely hat of pink petals.

Refreshments were served to Mesdames Spencer Brewer, Earl Stahl, Ralph Thorpe, R. H. Tomlin, Darrell Weaver, Gilbreath, Meeks, Roche, Ham and Brown.

The next business meeting will be on March 6th.

Marinell to Lecture at Mississippi University

Adding to a long and impressive list of honors and accolades conferred in recent years, Marinell DeVries of Slaton has been invited to conduct a lecture on "Color Harmony", also presenting a painting technique demonstration, at the Annual Conference on Professional Photography convening March 3rd at the University of Mississippi. Sponsored jointly by the University of Mississippi and the Professional Photographers of Mississippi-Alabama, Inc., the session is to be held at the Mississippi Center for Continuation Study.

Southland News

Last Monday was "Work day" for the ladies of the Methodist Church, a group of eight meeting in the afternoon to clean and paint the parsonage. Rev. and Ms. Campbell have expressed their appreciation for the work done there.

Visiting their parents, Mr. and Mrs. Jack Myers, Sunday night were the Fred Myers family, Mr. and Mrs. Ned Myers and Nedra, all of Post.

Mr. and Mrs. Van Forter and Rodney are visiting relatives in Quanah this week.

Mr. and Mrs. Lewis Kuykendall and children of Littlefield visited his parents, Mr. and Mrs. J. W. Kuykendall, and her mother, Mrs. Rose McAlister of Post, Sunday.

Winnie Henderson spent the night last Friday in the G. D. Ellis home.

Mr. and Mrs. Paul Winterrod and children were invited out last Friday night for a George Washington supper in the home of their pastor, Rev. and Mrs. Campbell.

Mr. and Mrs. Arden Maeker of San Diego, Calif., visited her parents, Mr. and Mrs. Earl Morris, his parents the Hugo Maekers of Wilson. The Arden Maekers are being transferred to New York by the Sperry Company. Mrs. Maeker is the former Janie Morris.

Mr. and Mrs. Elmer Hitt visited in the Alvie Robinson home Sunday where he still is ill with the ylu.

BRIDAL SHOWER
A bridal shower for Mrs. Ronnie Sales was given Friday evening in the home of Mrs. Hurman Dabbs. Mrs. Dabbs greeted the guests at the door, and Mrs. Earl Kenney and Mrs. John Gilliam served at the table where spiced tea and coffee were poured and cookies served.

Hostesses were Mrs. H. D. Hallman, Mrs. J. H. Huddleton, Mrs. Carl Payton Mrs. Robert Cline Drake, Mrs. Hurman Dabbs, Mrs. H. D. Taylor and Mrs. Claud Roper.

Twenty-eight ladies registered in the "come and go" shower. Mrs. Sales is the former Sharon McGhee, her sister, Mrs. Clark Cowdry, of Levelland.

Mr. and Mrs. Edgar Moseley visited the Bert Hastings in Slaton Sunday evening.

Mr. and Mrs. O. D. Smart of Littlefield visited in the Neil Crosby home Sunday evening, last Friday after a visit with Mrs. G. D. Ellis returned home last Friday after a visit with her ill children in Temple, Oklahoma. Mrs. Geraldine Murray and Mrs. L. B. Jackson and family.

visited Mr. and Mrs. Martin Edmunds visited their son, Charles Mervin, in Lubock last Friday.

Mrs. Sam Martin returned

returned home last Monday evening after a long visit with relatives at Abilene, Leland Martin at Marble Falls, and others at Austin.

Mrs. D. D. Pennel and Mrs. Lee Fredrickson went to Lubock Friday on business.

Mr. and Mrs. Ted Aten and children, Beth and Bill, of Post, visited their parents, the Ed Cummings, on Sunday.

Possibly surprising to some Marinell professes her interest in "people" as surpassing her affinity for art; and this love and insight into the characteristics and moods of humanity probably accounting for the superb interpretation on the canvas.

Mrs. J. H. Trussell and her mother, Mrs. J. H. Wood, visited in Anson Thursday. Mrs. Wood remained for a few weeps visit with relatives and friends.

Mr. and Mrs. Dennis Zahn and girls visited friends in Shallowater Sunday evening.

Mr. and Mrs. J. H. Trussell visited Mr. Trussell's uncle, Mr. and Mrs. Tom Squyres of Lubbock, Sunday.

The Dorcas Circle of Grace Lutheran Church met in the home of Mrs. O. D. Dillard for its regular meeting and luncheon last Wednesday.

Mrs. Richard Becker gave the Bible study, and the worship offering was by Mrs. Dillard. Mrs. Harold Voight assisted the hostess.

A salad luncheon was served to Mesdames Willie Becker Jr., Chis Gindorf, Earl Foerster, Floyd Foerster, Richard Becker, Harold Voigt, O. D. Dillard and C. J. Johnson.

SELF PORTRAIT — Shown left is a late product from the talented brush of Marinell, Slaton photographer-artist, this just one of the many oils on canvas for which she is widely known.

Above is another portrait that she was commissioned to paint a year ago, this of Dr. Harvey Daniel Bruce, president of East Texas Baptist College.

Marinell is to lecture this week-end at the University of Mississippi, speaking on "Color Harmony" and demonstrating her professional painting technique.

On being queried by a slate-ite representative, Marinell, stated that her greatest satisfaction is derived from attempts to "interpret people in ways pleasing to them and to myself".

A tour through Marinell's studios at 154 South 8th Street in Slaton reveals unmistakably that the artist is keenly proficient in any phase of art, portraiture, painting and photography; the fact is that she admits to her lowly of any phase of the profession. Interest in the art skill probably first came to Marinell when as a young teenager she browsed in her

father's studio in Plainview, learning the mechanics of the trade to the extent that a age 14 she spent after-school hours in working in his establishment.

First entering business for herself at Post in 1938, Marinell has been in Slaton since 1945. At the present time, in addition to her lectures and demonstrations throughout the country, she is in demand as an area speaker, finding time to fill most engagements, still carrying on a heavy load of commissions for portraits. Just now she is compiling an exhibit titled "People of the Plains" for showing at an early date.

father's studio in Plainview, learning the mechanics of the trade to the extent that a age 14 she spent after-school hours in working in his establishment.

News about Railroad Folks For Railroad Folks

(Special for the Slatonite)

HERE AND THERE

Quite frequently I mention visitors who drop in the office to say "hello", but last week we had a visitor who so far as I know is unique around this office - Jim Dickson came by with Conductor Charlie Dickson! And what is so unique about "Jim" - he is a monkey, eighteen months old and very much a pet! He certainly got his share of attention around here, but he wasn't about to turn loose of Charlie, who says he is the best pet they have ever had. . . . Speaking of pets Fireman Wayne Lamb and Steno Clerk Lori are the proud new owners of two donkeys. I haven't seen them yet, but a young friend of mine tells me the donkey is named "Jenny" Lamb. . . .

It is mighty nice to have Maintenance Clerk Jack Shepard back on the job again, and he is looking like his old chipper self. . . . The welcome mat is out for C. P. Pierce, Jr., who has borrowed from the GC at Fort Worth and is working as extra operator and dispatcher. . . . Engine Timekeeper J. J. Wicker is on vacation after having returned to work for one day Relief Clerk Pati Elmore is filling vacancy in that office. . . . Agent O. E. Durham from Lockney is filling vacancy in agent's job at Plainview while Agent C. E. Ball is on sick leave. . . . Operator L. A. Stewart is filling Agent T. L. Gill's job at Tahoka while he is on sick leave.

VACATIONS AND VISITORS: Computer and Mrs. O. D. Dial and family from Chicago visited friends and relatives in formerly worked here in the

Division Office and was promoted and transferred to Chicago a short while ago. . . . Pass Clerk Mary Lee Schuette and the long weekend in Tres Ritos, New Mexico, skiing. Surely did sound like fun. . . . Car Clerk Norman and Steno Mary Spears attended the Santa Wiehita, Kansas, over the long weekend, as well as Norman's brother, Weldon and his family from Amarillo. Don't believe they did so well though because I haven't heard much bragging! Better luck, next time! . . . Mrs. Helen Crandall, wife of Signal Supervisor, spent a few days last week visiting an old friend in Crane, Texas. . . .

SICK LIST:

That old ful bug is still taking its toll in the office here - those I listed last week with it have recovered and are back to work, but Assistant Chief Dispatcher C. B. Kayser is home in bed with it now. . . . Agent B. L. Roberts at Barnhart is back to work after having been on sick leave for quite some time. . . . Fireman W. S. McWilliams is on leave of absence due to a sprained ankle. . . . Agent H. C. Pumphry has been in the Santa Fe Hospital at Albuquerque, New Mexico. . . .

RETIREMENTS

Lubbock has applied for his annuity. "John" has worked for this old railroad since January 31st, 1924. Surely hope he enjoys his well-earned rest!

SYMPATHY: Our deepest sympathy to the family and many, many friends of Retired Engineer C. L. Garrigues, who passed away in Slaton last week.

Save Your Vision Week Observed

Waste resulting from vision deficiencies on the production line and in schools represents the greatest enemy America has today, the Texas Optometric Association says.

The Association, which is observing "Save Your Vision Week" March 3-9, reports there is a direct relationship between waste and poor vision.

Dr. Joe Belote explains that accidents and production slow-downs are often caused by a worker's vision deficiency. The same applies to homes and schools.

Among senior citizens, many valuable individuals have allowed themselves to become non-productive because no attempt is made to correct vision problems.

In schools, slower learning and a higher cost of education can be attributed to a high percentage of vision problems among students.

Dr. Belote says keeping America strong is everyone's job.

"We must start from within, and we must start by eliminating waste and inefficiency caused by inadequate vision."

He urges the entire family to make it a regular habit to have their vision thoroughly examined by an optometrist at least once a year. "Delays can be dangerous," Dr. Belote warns.

Revival Services Begin Sunday At Assembly of God

Revival services will be held at the First Assembly of God Church in Slaton commencing this Sunday and continuing through March 17th. The Church is located at 14th and Jean St. Evangelists for the campaign will be Rev. and Mrs. Ward Popejoy of Springfield, Missouri. Pastor Nola Stout advises the services will be held each evening, with exception of Saturday, at 7:30 o'clock; and the public is cordially invited to attend.

Morris Fraternity Pledge at Denton

John Rye Morris Jr. of Slaton is one of 165 spring semester pledges to the 10 social fraternities at North Texas State University.

A Kappa Sigma pledge, Morris is the son of Mr. and Mrs. John R. Morris, 1135 W. Lynn, Slaton. He is a sophomore history major.

MAEKERS HAVE VISITORS

Guests in the Earl Morris home last week included Mrs. Morris' sister, Mrs. G. E. White of Lubbock, and another sister, Mrs. J. P. Manley of Post, and her daughters, Mrs. Ruth Stuart and Mrs. Steve Luce, and Riley Wood. The Morris' daughter and family, Arden and Janey Maeker and their daughters Marilyn and Pam from San Diego, Calif., visited on their way to New York where they are being transferred by the Sperry Company for which Maeker works.

Other guests in the home during the week included Mr. and Mrs. Hugo Maeker of Wilson, Arvel Maeker, Mrs. Ray Maeker and daughters Beverly and Valerie of Cooper. Mr. and Mrs. Paul Winterrod of Southland were Sunday afternoon guests.

Mother of Local Resident Dies

Funeral services for Mrs. Minnie E. Hines, 74, were conducted Saturday in the First Baptist Church of Matador.

Mrs. Hines, Mother of Coe Hines of Slaton, died early Thursday in a Lubbock hospital. She was born in Hale County in 1888 and at the age of four she, with her parents, moved to the Flomron area in a covered wagon.

Surviving are five sons, four sisters, two brothers, 12 grandchildren and 12 great grandchildren.

Awards Given At Cub Pack 128 Blue-Gold Affair

The annual Blue and Gold banquet for Cub Scout Pack 128 was held Thursday evening in conjunction with the monthly pack meeting of that group.

Meeting at the Junior High cafeteria, the session emphasized the theme of "Birthdays of Scouting". Cubmaster George Willis was master of ceremony, and invocation was given by Roy Verner, pastor of the Church of Christ.

Mrs. Bill Roche was in charge of arrangements, and assisting with food planning was Mrs. Bill Ware, with Mrs. Willis helping on decorations.

Opening ceremonies were conducted by Den 9, Mrs. Albert Mitchell, den mother. A skit was given by Mrs. Buford Martin's Den 2; and closing was led by Den 10, Mrs. Lee Moore, den mother.

Den 3 copped the attendance award. Mrs. Roche is den mother of that group.

The handicraft award went to Mrs. Ware's Den 1.

Cubs receiving awards at the affair included:

Den 1: Pip Dawson, Dick Galassini, Don Kendrick, Terry Ware and Johnny Waters.

Den 2: Curtiss McCain.

Den 4: Dennis Hamer, James Rodgers.

Den 7: Kinney Mitchell and Jay Dunn, Boy Scout.

Den 9: Kinney Mitchell and Jay Dunn, Boy Scout.

Den 10: Eddie Moore, Duane Baugh, Randy Townsend, and Boy Scout Tommy Biggs.

One Of The New Businesses In Slaton

The Round-Up Surplus & Supply Store located north from Citizens State Bank has garden and lawn tools to suit your needs and pocket book. . . Just imagine a 6 piece handy flower or garden tool set only \$2.49; garden hoses at \$1.49; lawn rakes 98c; 20 gallon garbage cans \$2.49; Green Spot lawn sprinkler \$1.69; 25 foot 1/2 inch garden hose \$1.59, or 58 feet of same quality for only \$2.49.

Edwin Bednarz at the Round-Up Surplus Store in Slaton will be glad to show you the many useful garden and lawn supplies available. We appreciate you coming in.

Old Friends

By J. J. Maxey

While visiting in the hospital one Sunday afternoon recently I ran into Wallace King, class of 1928, and visited with him for quite awhile. Wallace is one of the very few whose looks have not drastically changed over the years. It had been more than thirty years since we had seen each other. Wallace was in the Variety Store business in Floydada for some twentyfive years after graduation. The last few years he has been living in Midland and is connected with a drug store in that City.

Last week, at the basketball game between Slaton and Denver City at Seminole, I visited with Earl Brasfield, another member of the class of 1928. Earl suffered a pretty severe heart attack a year or so ago but seems to be doing well now. He says that he is able to play from nine to twenty seven holes of golf a couple of times each week now. He is the High School Principal at Seminole.

A couple of weeks ago we asked for information concerning Slaton's first football coach. Bill Sledge called in and told me that he had been in Austin recently and tried to contact Mr. W. V. Lemens, Jr. who was the first official coach that Slaton had. Mr. Lemens is an attorney and has a finance business in Austin. His office address is 1509 Guadalupe, Austin. Bill tells me that he was unable to contact him while he was in Austin but left a note advising him of our reunion plans for this summer.

Mr. J. G. Wilhite was by the office on Monday of this week and visited a few minutes. Many of you remember that Mr. and Mrs. Wilhite taught school here a number of years, beginning in 1927. They both have retired from the teaching profession but it seems that they can't stay away from it completely. Both are doing tutoring work with High School and college bow match was a student of Mrs. Wilhite. J. G. also does some repair work on home gadgets. It was very nice to see Mr. Wilhite and see that he is looking so well.

Recently we had an item on the 1936 football team sent in by Clyde Williams. Last week someone handed me a program prepared for the game with Lamesa on November 11, 1936. This game was won by Slaton 14 to 0. The program also had the results of previous games for that season. Slaton scored 197 points that year to their opponents 39. Lamesa had scored 123 points and their opponents had scored 12 up to the Slaton game. For those with short memories we will list the family names of those on Slaton's team that year - Garland, Diamond, Shelby, Wilmesmeier, Walston Moss, Maxey, Kirksey, Saint, Gregory, Haliburton, Sanders Waidrep, Turner and Blassingame. It might be interesting to also point out that out of the fifty two advertisers on this program there are only eight still in business in Slaton.

Those paying dues since last week were - J. G. Wilhite, Sr., G. Wilhite, r., Moreen Shelby Stewart, Don Crow, Clyde Williams and Lillian Williams Lockett.

CARD OF THANKS

We wish to take this means of expressing our deep appreciation for the many acts of kindness during our sister Bera's recent hospitalization in Mercy Hospital. We are deeply grateful to those who sat up for long hours, to those others who aided with visits, food, words of kindness, cards, etc.

May God's richest blessings abide with each of you.

Sam Wilson's family
Mrs. Robert Gollehon

BE STILL
"Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ." Ephesians 5:20.
Father, daily inside we sing In gratitude for everything, Every unhappiness left behind, And from each burden we are free As in our thoughts we soar to Thee!
WILL CURTIS

Wilson News

Mrs. Tillie Krause of Tahoka was in West Texas Hospital last week for observation.

The Luther League Convention will be held in St. John's Lutheran Church in Winters on March 9-10.

Reynolds Funeral Held on Sunday

Services were held Sunday in the First Methodist Church of Slaton for Marvin W. Reynolds, longtime Union Community resident who died at 1 p. m. Friday in Mercy Hospital following a heart attack.

Mr. Reynolds, 62, had returned early Friday from Houston where he recently underwent surgery.

A resident of the area since 1936, Reynolds was one of the first farmers to employ irrigation practices, and was one of the first to use cotton strip-pers.

Rev. E. H. Phillips, Methodist minister of Hart, officiated at the funeral services, assisted by Rev. Aaron Mitchell, Methodist pastor at Space, and Rev. J. Williams, pastor of the Cooper Methodist Church, and Rev. Clatus Caswell, Woodrow Baptist minister.

Burial was in Englewood Cemetery under direction of Williams Funeral Home.

Pallbearers were Leon Bowman of Lubbock; John Griffin and Fines Griffin of Union; and Ervin Heinrich, George Harlan and Bruce Pember, all of Slaton.

Survivors include the wife; a son, Floyd, Rt. 6, Lubbock; two daughters, Mrs. William Holden and Mrs. Ralph Mabry, both of Lubbock; two brothers, three sisters, six grandchildren and four great-grandchildren.

Typewriter and adding machine ribbons for all make machines. Available in Slaton at The Slatonite.

Garrigues Rites Here Monday

Funeral services for Clyde Garrigues, longtime Santa Fe railroad employee, were conducted Monday morning in the First Presbyterian Church in Slaton.

Garrigues, 75 years of age, died Saturday afternoon at Mercy Hospital following an apparent heart attack. A native of Lane County, Kansas, he had lived in Slaton since 1919.

Rev. Clarence Wylie, retired minister from Lubbock, officiated at the funeral services, with Rev. Fred Ryle, local Presbyterian pastor, assisting. Burial was in Englewood Cemetery under direction of Williams Funeral Home.

Pallbearers were Troy Pickens, Dick Adkins, Jack Smith, Dane Shearer, A. A. Sheaffer and Robert Lee.

Surviving are the wife; a son Col. L. M. Garrigues, Fort Collins, Colo.; a daughter, Mrs. J. D. McPhaul, Lubbock; five grandchildren, Steve Garrigues, Tokyo, Japan; Miss Margie Garrigues, Fort Collins; Tracy Crawford, Tyler; Jack McPhaul, Lamesa, and Miss Linda McPhaul, San Antonio; and a brother, Lester, Hutchinson, Kans.

VISIT IN MULESHOE

Six Slaton women visited Monday at the Muleshoe Rest Home where two former Slaton residents reside, Mrs. Emma Berry and Mrs. Effie Privett.

Visiting from Slaton were Mrs. Dudley Berry, Mrs. T. S. McClanahan Sr., Mrs. Kate Fancher, Mrs. A. J. Baker, Mrs. W. A. Cook and Mrs. J. B. Butler. They reported a most pleasant visit at the home.

Junior Class To Present Play On Friday Night

"Desperate Ambrose", Slaton Junior Class play, will be presented Friday evening at 8 o'clock in the high school auditorium.

The cast includes Bruce Pember as Dan'l (who has Posee right where she wants him!); Mike Stone as Ambrose Groves, the cowardly hero, Jim Christman as Bert Miller, who is none too brave; and Mike Dubbs as Sheriff Crandel. Bentley Page portrays Hoop Owl Pete, as tough as they come; and Raymond Magallanes comes through as Stinkweck, another of the bad guys. Kathy Brown has the role of Nancy Martin; and Joan Bednarz is Anne Martin, in love with a "two-bit" cowboy. Mary Ruth Green is the "am she beautiful" Posee; and Ann Boyd has the part of Beth (who carries a gun), Thelma Kidd is Mrs. Sprool, a talkative witness; and Carole White

is Juvenile delinquent Travis McCarmack on the cast as a "martyr" of judge.

Stage managers are Winchester, Terry Calvin Wills, Gay R. Randy Polk.

Steering of the play is Dead Man's Gulch in late 1800's.
