

EDITORIALLY SPEAKING

Observations and Potpourri

Among the changes that most of us twentieth century dwellers have witnessed. . . . we place teaching methods near the top in progression.

A publicity release came across our desk this week telling of a "methods demonstration" to be conducted in Plainview next week.

Quote:

"Teaching machines, overhead projectuals, educational television and a battery of other new inserrucational media will be demonstrated in Plainview March 14-15 when the Texas Instructional Media Project team of 1962-63 put on the Panhandle's first instructional media conference.

"The twentieth century mode of teaching will be demonstrated by classroom teachers from throughout the state in such areas as elementary and secondary studies, language arts mathematics, modern foreign language, science and reading."

Wish we could look in on this conference, cause already we've found ourselves shook up when the youngsters come home from school to consult with us about "social studies", projectuals, etc., hardly the 3-r's that once qualified the young student.

We surely don't want to get out of date, so we look eagerly forward to the demonstration of teaching machines and other "20th century instructional media" Frankly, the item "teaching machines" is what really has us bugged. The only time we ever came in contact with a teaching machine in our early schooling was when we had to attend school taught by our own sister. . . . and she WAS strict (quite effectively convincing other students and school board members that "little brother" was NOT teacher's pet) We'd like to see a teaching machine more effective!

We take the case at hand of food prices to again come to the defense of the farmers.

Heard some city folks talking recently about high grocery prices, and to whom the blame was laid. . . . the scapegoat farmer!

For our answer, we took a quote from the Lone Star Agriculture bulletin issued periodically under Agriculture Commissioner John White's direction:

"Sure your shopping bill at the supermarket is higher. But a recent report by Purdue University revealed that about 20 percent of what you carried home in that grocery sack was non-food items.

"Farm food still is your best buy, and the item whose cost has risen more slowly than nearly any other item you purchase. Farm food sold in retail stores has gone up in price some 13 percent in the past decade. Meanwhile, all other items that we buy for daily living has gone up an average of 32 percent. Housing costs are up nearly 33 percent in the same period. Rent has skyrocketed 44 percent. And transportation has soared 50 percent.

A lot of things can be bought at the grocery store these days, and before we bewail the high

THE AMERICAN WAY

Her Majesty
QUEEN VICTORIA
1819-1901

The Bible—Secret of Greatness

cost of food, maybe it would be an eye-opener to check next time. . . seeing just how many items actually were non-food purchases, and then give the fellow farmer a pat on the back rather than a slap.

A secret ceases to be a secret if it is once confided; it is like a dollar bill—once broken it is never a dollar again.—Josh Billings.

Nora Swinburne and Walter Fitzgerald appearing in the stirring English drama, "Music at Midnight", coming to the Lubbock Municipal Auditorium for one performance only, Tuesday, February 19th, at 8 p.m.

A Case in Point. . .

You hear a great deal today about "upsetting the laws of nature." But if some of the laws of nature had not been upset in the past we probably would not be here today. A case in point:

The United States was losing the Indian Wars. In fact, had the Indians consolidated their efforts we would have lost, except for one small item, often overlooked by the historian. If the white man had not slaughtered the buffalo the Indian may well have retained control of his area and so-called civilization would have been pushed east of the Mississippi.

The Indian possessed this land for thousands of years. By the so-called "law of nature" it was his. Or was it? A man possesses only that which he makes productive. And this brings us to another point, the right of insects to possess the earth. If they are allowed to over-produce they will do just that. Man is supposed to be a little above the insect in mental powers but we again hear the cry, "up-setting the laws of nature." If we fail to up-set the insect world then they will take charge through the law of production. Our problem is to keep that production at a low level.

Claude News

Agin' Censorship. . .

Almost everyone has read something recently about the news censorship that has been coming from Washington. Most people have a tendency to shrug it off and say, "They'll tell us what is best for us." Maybe they will and maybe they won't. Not setting myself up as an expert but unless you are directly connected with the news field you have no idea just how much censorship is actually coming out of Washington. This is not good in a democratic country. We should be much more concerned with what we are not told than with taking 50 mile hikes and riding to the hounds! There was very little news censorship during World War II, yet through press reporting there was a very minimum of security leaks. And most maneuvers of American troops were announced well in advance of the time they were to take place. People of the United States should be deeply concerned over censorship of actions by their government. The people in high government jobs are paid salaries by individuals of this country. These people have no right whatsoever to keep anything from us, regardless of what it may be. These are the principles on which this country was founded and should we ever lose sight of this we no longer have a nation of free men, but a nation run by government officials as they see fit and paid by you and I. Officials who tell only what they want the individuals to know, and then only when they want us to know it. This is wrong—and should be corrected immediately!

—Ralls Banner

Only One to do the Work! . . .

In closing his talk at Tahoka Rotary Club recently, Texas Tech Dean of Agriculture Gerald W. Thomas said: "The population of the United States in December, 1962 reached an estimated 189 million; however, there are 73 million over 60 years of age. This leaves only 119 million people to do the work. People under 21 total 68 million, which leaves 50 million to do the work, and there are 21

million employed by the Government—that leaves 17 million to do the work. Twelve million are in the Armed Forces, leaving 17 million to do the work, if you take 16 million 800 thousand, this is the number in city offices; that leaves only 200,000 people to do the work. There are 126,000 in hospitals, insane asylums, that leaves 74,000 people to do the work, but 25,000 are bums or others who won't work, so that leaves 49,000 people to do the work. Now it may interest you to know there are 11,998 in jail, so that leaves just 37,000 people to do the work and that's you and me brudders getting tired of doing everything by myself.

—Lynn County

Pressure from Without. . .

Reflecting upon the axiom of history I remember long ago: "Pressure from without tends to make things bright to some extent the lack of unity of the Western Nations. The slackening of that pressure, Russia as the Bolsheviks sucked tails and ran the NATO group feel that sticking together is quite so important as it seemed two or three years ago. The further slackening of the pressure as the China quarrel about ideological differences continues to the disunity of the West. On the other side of the coin of world peace we could wonder just how much pressure from the West it would take to reunify the two communist powers of the world. We could fear it would be too much. The boast of K. that a war against China would be a war against Russia, and who could consider a war against Russia, and who could consider a war against China would be quick to leap into the fray. The Chinese have always been a prize to dangle before the stricken Chinese by war lords of centuries. The idea of China with the Communist brothers of Russia to go over big, but the promise of looting the Russia of the West and Europe. We must endure the disunity of our allies and hope the disunity between the two will grow.

Lorenzo Tribune

Doug Meador Says . . .

Corroded metal is not made bright instantly, the beauty of a diamond visible until it has been shaped by the light. Prayer is not answered instantly, in stress, fear or great desire. It is the sunlight that falls into a dark mineshaft where flower seeds have fallen.

Late television shows have renewed a rewarding experience between parents and children who usually have to go through the living room to get to their bedrooms.

Figures on an income tax return are the ghosts of the past that insist they passed through the billfold to leave an impression on the memory.

No one has ever fed a horse enough corn to inspire laughter and clapping his hoofs, but on the other hand, horses are able to evaluate the world without our influences.

Wisdom is the world's heritage from those who have trod its surface; travelers who left tokens of their hospitality.

MERCURY announces its newest sizzler, the Marauder

Here's Mercury's newest big sizzler . . . the Marauder . . . with styling that says "go!" Notice the slim, racy new hardtop roof. It's not only beautiful, its aerodynamic styling reduces air resistance. Choose from two Marauders. A 2-door hardtop with a big Marauder 390 V-8 as the standard engine, and a Marauder S-55 (shown above) with a 4-barrel Super Marauder 390 V-8 as standard. Just about everything a sports-car enthusiast could want is available: bucket seats . . . a fully synchronized "4-on-the-floor" stick shift transmission . . . mounted dual-range Merc-O-Matic . . . engines that range from high-performance Super Marauder 427 V-8 with two 4-2-4's . . . There are 7 engine-transmission power teams in all . . . and 101 other reasons why you should talk to your Mercury dealer.

Administrative Management Class Credited Businessmen in Special Part Course at Texas Tech

Classes are underway for a short course in administrative management for owners and operators of small businesses in the Lubbock area, the Tech School of Business Administration has announced.

George Heather, business administration dean, reports a series of eight meetings will begin March 19. The sessions will be conducted each evening from 7:30 to 10:00 p.m. ending May 7.

"Purpose of the short course is to help businessmen learn practical modern management principles and how to operate their business more effectively by applying those principles," Dean Heather said.

Cooperating with Tech in sponsoring the course are the Small Business Administration, the Lubbock Chamber of Commerce and Board of City Development and the Lubbock Retail Merchants Association.

Course fee is \$40 and enrollment will be limited to 40 persons to insure opportunity for individual participation. The fee includes all instructional materials.

The course will conclude with the awarding of completion certificates by Dean Heather to participants who have attended six of the eight meetings.

At the classes participants will hear various business topics discussed, including the job of a manager, business letters, effective tax planning, increasing sales, record analysis and profits, financing growth and planning for the future.

Members of the advisory committee are Dean Heather; Earl Kerr, Retail Merchants Association manager; Richard W. Moseley, Lubbock Chamber of Commerce assistant; Jack Teddlie, Small Business Administration; John D. Smith of The Sirloin restaurant; Harold Johnson of Culligan Soft Water Service; and John Reese, assistant dean of business administration at Tech.

Additional information concerning the course may be obtained by calling Reese, coordinator of the course, at PO2-8811, ext. 2136, or by writing him at Texas Tech.

State Safety Conference Set

The 24th Annual Texas Safety Conference and Governor's Highway Safety Conference will be held March 31 - April 3 at the Rice Hotel in Houston, Victor O. Shawgo of Amarillo, President of the Texas Safety Association, has announced.

Over 40 sessions, consisting of open meetings, breakfasts, luncheons and banquet functions are to be held during the three-day affair, sponsored by TSA. Approximately 2,000 persons, including representatives of business and industry, schools and churches, and federal, state and local government agencies, are expected to attend.

Coin Club Will Show Currency, Coins Mar. 9-10

The annual coin and currency exhibit of the South Plains Coin Club will be held at the Holiday Inn 2600 Parkway, Drive Lubbock, on March 9 and 10.

The exhibits will include many rare and valuable coins and collections and will feature the following coins:

1. A 1913 nickel owned by J. V. McDermott of Milwaukee, Wisconsin. This coin is one of only five such coins minted and is valued at one million times its face value (\$50,000).

2. An 1894 Silver Dollar, owned by Amos Carter, Jr. of Ft. Worth, Texas, which is one of only 15 known.

Also featured will be early American coinage, coins from Biblical days, United States, foreign, and gold coins, Confederate and Texas republic currency, and many other displays.

The public is cordially invited, Admission free.

Water Safety Course Offered by Red Cross

A Water Safety Instructors Course will be offered by the Lubbock County Red Cross Chapter, starting March 18 at the Lubbock ABC Boys Club Pool, 2323 Avenue K, Lubbock.

Mrs. Ethel Wigersma, a volunteer Red Cross Water Safety Instructor will teach Part I of this course from 6 to 7:30 p. m., March 18 - 22 and 25 - 29. Part II will be taught by James McNally, Texas Tech swim coach, and Hilton H. Gilliam, Red Cross Services representative from 6 to 9 p. m., April 15 - 19.

This course is open to all persons 18 years of age or older who hold a Senior Lifesaving and Water Safety certificate dated March 18, 1960 or later and who plan to teach swimming this summer. Applications for the course may be obtained at the Red Cross office, 2109 Broadway or by calling PO5-8334.

Agricultural Authority Stresses Use of Directions In Applying Agricultural Chemicals to Crops

The "secret" of avoiding poisoning farm animals, or any other crop, with agricultural chemicals is to follow directions on the container, a Texas A&M College veterinarian says.

This tongue-in-cheek advice comes from Dr. R. D. Turk of the Veterinary Parasitology Department, a speaker at the 12th annual Texas Agricultural Aviation Conference held at A&M.

Dr. Turk paraphrased the old axiom: "When everything else fails, try following the directions."

But then there are always persons who feel that if a little bit is good, a little more is better, he said.

"We have the crop duster who turns over a lake without shutting off the spray or dust, and dead fish result," he said. "We have them turn over pastures where cattle are grazing, or over fields of forage crops, and

we even have some who poison themselves. However, these incidents are becoming fewer and fewer."

Referring to current unfavorable publicity about alleged effects of pesticides upon humans, Dr. Turk posed this question to the 200 persons attending the conference: "Do we need chemicals?"

The Slaton Slatonite

Thursday, March 7, 1963

"If you have ever seen a mangy bull, a bollweevil infested cotton field, or a good pasture eaten up by army worms, the answer must be yes," he said. "Some persons say we don't need chemicals. Actually, we don't need meat, clothing, automatic washers, and many things."

The veterinarian cited statistics showing how chemicals have made U. S. farm production the world's best, and how chemicals have improved human health. But he added that chemicals can be improperly used.

"Certainly chemicals are dan-

gerous. So are automobiles, airplanes, electricity and even bathing. Did you know that last year twice as many deaths were caused by misuse of aspirin as from agricultural chemicals. There were a few dozen people killed by chemicals. More than 35,000 deaths were caused by automobiles," Dr. Turk said.

TO BRING OUR LIGHT OUT OF HIDING

Why do we hide our light under a bushel? That is to say, why do so many of us fail to develop and use our talents and abilities to aid in making this a happier world for ourselves and those about us? Why do we not use our capabilities for good, to the end that those who will follow us may know a better world than we have known?

Perhaps the answer is fear. Fear, imaginary or real, appears in many forms to handicap us. Our resentments and hates are but forms of emotion that bring harm, more often than not, to no one but ourselves.

How may we conquer, control and overcome our fears and emotions, thus enabling us to bring our light out from under the bushel?

The answer is faith. With the aid of God, and a well established faith, negative effects are overcome. We can create a strong faith and companionship with God by attending church and drawing upon it for help. Like all Fear cannot prevail against faith, the more they are used the more we can draw upon them. Fear cannot prevail against faith in God and in His Church.

Huser Hatchery

Lawn & Garden Needs

Although Huser Hatchery has been in Slaton 20 years, many people do not realize that a large selection of flower seed, garden seed, seed potatoes, onion sets and plants, a very large supply of lawn fertilizer (spreaders to loan), peat moss in all sizes, rose food, pest sprays are available there. You are welcome to drop in and see for yourself.

Of course, we still have fresh eggs daily produced on our own farm and a complete line of Purina chows, alfalfa hay, prairie hay and a very good selection of all hybrid milo seed.

When you think of leading brands in the agricultural line, visit Huser Hatchery.

Huser Hatchery

Southland News

Mr. and Mrs. Albert Smallwood, Odessa, and Mr. and Mrs. Bill Ramsey and Children of Midland visited their parents, Mr. and Mrs. G. N. Smallwood. The Ramseys were here for the funeral of a brother-in-law, Fred Bass, who was killed in a car

Wilson News

Venita Kyzer went to Slaton Sunday, visiting her parents, Mr. and Mrs. George Deavers. They went to Lubbock to visit her sister, Mr. and Mrs. Pete Carpenter and daughters.

Pastor Harold Kaester of Christ Lutheran Church in Lubbock held the Lenten service Wednesday night in St. Paul Church. Music was presented by the Junior Choir.

Monday visitors of Mrs. H. C. Fountain were Mrs. Frank Smith of Slaton, Mr. and Mrs. George Deavers, Slaton, Mrs. Charlie Gryder, Mrs. John Heck and Mrs. C. W. Phillips.

Mr. and Mrs. Homer Young visited Sunday in Post with their daughter and family.

Mr. and Mrs. Curtis Christopher and Randy visited Sunday night with Mr. and Mrs. Robert Christopher and Robbie.

Mrs. Ebb Moore returned Sunday from two weeks visiting with her daughter, Mrs. Faye Liddell of Wichita Falls. The daughter is very ill, according to reports.

Mr. and Mrs. Marshall Ervin have moved recently to 3419-31st St. in Lubbock.

Thurman Bartley, son of Mr. and Mrs. Sears Bartley of Wilson, recently received a promotion to Staff Sergeant. He is in the Air Force, stationed at McConnell Air Force Base in Wichita, Kansas.

Mrs. H. C. Fountain went to Tahoka Sunday, visiting her daughter and family, the Earl Tunnells.

Week-end visitors of the Anton Ahrens were: his sister, Mrs. E. E. Albright of Yukon, who plans to stay for a week; Mr. and Mrs. Walter Gardener and children of Olton; Mr. and Mrs. Weldon Ahrens and James of Lubbock; Mrs. Elsie Shambeck of Lubbock, and Mr. Bill Klos.

Mrs. Alfred Krause celebrated her birthday Sunday with several guests present. Mrs. Katie Nieman was one of the visitors.

Pat Campbell came home Saturday from the hospital in Lubbock. He is doing fine.

Mr. and Mrs. Charles Shaw Jr. and family and Joen Bartley spent Sunday in Littlefield visiting relatives.

Birthday Party
 Lester Earl Walker celebrated his 6th birthday Friday with a party for several friends. Cake and punch were served and games were played. Present were Brenda Jane Crowson, Judy Jane Scott, Lisa Clary, Connie Moore, Mike Rhoads, Mark Scott, Cole Wooten, John Earl Fields, Alan Dale Noble, Danny Crowson, Donnie Crowson and Phil Thomas.

Mr. and Mrs. Sears Bartley, Joen and Jan, visited Saturday night with the J. W. Jollys in Tahoka.

Mr. and Mrs. Floyd Bartley

Continuous Operation In Slaton For 20 Years

Although Huser Hatchery has been in Slaton 20 years, many people do not realize that a large selection of flower seed, garden seed, seed potatoes, onion sets and plants, a very large supply of lawn fertilizer (spreaders to loan), peat moss in all sizes, rose food, pest sprays are available there. You are welcome to drop in and see for yourself.

wreck near Plainview. Mrs. Edgar Mosely has been staying nights with Mrs. Sam Martin while Mr. Mosley has been gone fishing with some Hackberry men.

Mr. and Mrs. Kenneth Collo-way have moved to Slaton.

Visiting in the Iva Basinger home Sunday were her children, Mr. and Mrs. Clarence Basinger and family, Mr. and Mrs. Sam Ellis and Mrs. Opal Boyd from Crosbyton.

Mr. and Mrs. E. C. Smallwood had a birthday party Saturday night for their son, Terry Scott, celebrating his second birthday. Actually it was a triple celebration, with his grandfather, G. N. Smallwood, and his grandmother, Mrs. Otis Shepperd, also having birthdays, and all celebrating together. Cake, coffee, punch, sandwiches and dip were served to Mr. and Mrs. G. N. Smallwood, Mrs. Otis Shepperd, Mr. and Mrs. Arthur Smallwood, Doug and Ronnie; Mr. and Mrs. Hubert Pinbert and three children from Slide; and Mrs. Sam Martin. Gifts were opened after the serving.

Mr. and Mrs. H. H. Smith of Quanah visited her sister, the Van Foster family, over the week-end.

Mr. and Mrs. J. C. Scott of Plainview visited in the T. W. Bryson home Sunday. Mrs. Sev-

spent two days with her daughter, and Mrs. Bryson return to Plainview Tuesday.

Some 40 men from the Hackberry community were fish over the week-end at Falc Dam.

Word has been received that Rev. and Mrs. J. L. Gary, family of Southland, were involved in a car wreck Feb. 25, while en route from Ruidoso to Albuquerque. Rev. Gary was hospitalized for eight days with the broken ribs. Mrs. Gary has minor injuries and was released soon after entering the hospital. Rev. Gary is pastor of the Green Tree Baptist Church, Ruidoso New Mexico.

Friends will be interested to hear that Mrs. H. L. Hubbard daughter of the Rev. Garys has a new baby girl, born Feb. 24. She was named Janna Lee. Mrs. Hubbard's great-grandparents are Mr. and Mrs. E. Morris.

Mrs. Hubert Taylor visited her parents, Mr. and Mrs. B. Billingsly, Sunday at Lubbock.

 THE HOME OF THE GREAT VALUE
 ADJACENT TO BAY ON TEXAS AVENUE Bobby Poyner, Owner

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Hospitals have been playing an important part in State government. While Gov. John B. Connally is recuperating from a hernia operation, the state senate turned thumbs down on his choice of former Supreme Court Justice W. St John Garwood as a University of Texas regent. The man who sponsored Garwood — Sen. Charles Herring

of Austin — also was recuperating from an operation: an appendectomy. Attempts at bedside maneuvers by both to get a senatorial confirmation for the prominent Texas failed and the appointment was turned down by an estimated minority of 12116. It takes a two-thirds majority to approve an appointment. Governor Connally issued a statement, saying he was "bitterly disappointed that a minority group of the Senate prevent confirmation of Judge Garwood." He added, "To me, it seems inconceivable that the people of Texas could be denied the services of a man of exceptional intellect, a man of great capacities and a man of deep devotion to the University and his State." The governor said he had hoped the senate might choose to reconsider its action but had no further comment at this time.

GAME - PARKS MERGER

Senate spent most of the week spinning its wheels. But in the House of Representatives one of Governor Connally's major reorganizations — merging the Game and Fish Commission and the State Parks Board into a single three-member "Parks and Wildlife Commission" — was pushed through by a two to one majority. Rep. James Cotton of Weatherford, long a foe of the Game and Fish Commission, carried the measure through the house, and committed himself to vote to provide general tax revenues to support the parks system once they are merged.

COUNTY SCHOOL SUPERINTENDENTS

A heavy majority in the House favors ousting county school superintendents in 86 counties. They voted to cut off state aid to them. Aim is to force the voters to say "yes" or "no" on whether they want to keep them at county expense, after their present terms run out in 1966. If this proposal gets through as it now stands in the House the state saving will be more than \$1,000,000. Counties affected are those with no more than two rural school districts under the county official's supervision.

COASTAL PROBLEMS

One sick industry on the coast got a shot in the arm when a bill by Rep. Bill Walker of Cleveland and Rep. Neil Cadwell of Alvin, to cut the state occupation tax on sulphur producers from \$1.40 a ton to \$1.03, was passed by the House. This would reduce state revenue from sulphur taxes by \$970,000 the first year. But Walker estimated an increase in business would make up at least half of that.

PADRE ISLAND PARK APPROVED

A noisy but brief flurry attended final House passage of Rep. Menton J. Murray's bill to make a National Seashore of Padre Island. But the Harlingen representative's bill passed by a 126-19 vote. A slightly-different version of this proposal, one by Sen. Bruce Reagan of Corpus Christi, already had passed the Senate. It is expected that the first bill to get committee approval by the other chamber will go to a joint conference committee. Some coastal legislators were hoping the matter will be settled in time for April consideration by Congress, where appropriations must be made to finance the purchase of privately-owned land on the island.

COUNTY BUILDING HIKE OKAYED

A bill by Rep. Vernon Beckham of Denison, designed to solve a local problem, may prove helpful for rural counties. It would allow county commissioners' courts to spend up to \$200,000 for county buildings outside the county seats. Present law limits expenditure to \$150,000. Bill was passed by the House, 143-0. County seat of Grayson County is Sherman. But Denison — in the same county — is almost as big and as busy. Therefore an adjunct county courthouse building is under construction there. Building and property costs have risen so that the Denison courthouse can't be finished until the increase is authorized.

COMMITTEES BUSY

Senate and House committees have accomplished quite a bit — either by positive or negative action — to settle some legislative issues. They have given a green light to a bill to raise the age ceiling from 14 to 16 on the state's

program of aid to dependent children (an effort to keep needy children in school). . . . Given a friendly reception to the bill by Rep. W. H. Miller of Houston to require seat belt anchors in all new cars sold in Texas. . . . Given a cool reception to a series of Senate-proposed constitutional amendments and bills designed to revise — and eventually eliminate — the state property tax, and leave it to local units of government. . . . Approved a Senate bill to set up a new school for mentally-retarded children in Corpus Christi. Another bill to create a similar school somewhere west of the 100th meridian in West Texas is set for a Senate committee hearing on March 20.

BUDGET HEARINGS

In quiet rooms in the Capitol and one in the Sam Houston Senate Office Building, budget hearings are grinding toward an end by the Senate Finance and House Appropriations committees, and by Governor Connally's budget staff. These groups have the most influence on how the state's \$3,000,000,000 income will be spent in the two years starting September 1. Their figuring will determine whether the hearings by the House Revenue and Tax committee eventually will turn into serious consideration of bills for sales tax revisions. It's very likely that the first bill to increase taxes will be one revising the exemption on outer clothing under \$10, and other items, to raise sales tax revenue by \$10,000,000 a year.

COURT RULES ON SAFETY LAW

Col. Homer Garrison Jr., director of the State Department of Public Safety, cautioned drivers of publicly-owned vehicles that they must comply with provisions of the state's responsibility law. Garrison said that a recent ruling by the Waco Court of Civil Appeals confirmed the fact that the law must be complied with by drivers of publicly-owned vehicles. The safety responsibility law requires everyone involved in an accident to show his ability to pay for damages caused to others. This can be done by purchasing a liability insurance policy; by obtaining written releases from damaged persons; or by depositing cash in the amount of damages with the Department of Public Safety. House Committee on Insurance has approved a bill by Rep. Robert Fairchild of Center which would strengthen and stiffen the safety responsibility law. Under this bill, if anyone failed to prove financial responsibility, the DPS could take his driver's license, as well as his car

W. S. Bellows Jr. of Houston will fill the unexpired term of the Board of Control.

LYNCH BAN CONSTITUTIONAL
A law prohibiting lynching is constitutional, says Atty. Gen. Waggoner Carr.

Carr also held that Floyd R. Palmer Landscape Company can be held to a bid of \$16,161 for landscaping work around a state office building, even though the company says it will lose money on the project.

In other opinions, Carr said: A facility caring for six or less children during the day must be licensed as a commercial boarding house.

A county which purchases gasoline for its own use must pay the state excise tax, but is not subject to the federal excise tax.

Texas, buying and registering cars in other states, still must pay the 1.5 per cent tax on the purchase price if the car is operated in Texas.

Texans, buying and registering cars in other states, still must pay the 1.5 per cent tax on the purchase price if the car is operated in Texas.

Texans, buying and registering cars in other states, still must pay the 1.5 per cent tax on the purchase price if the car is operated in Texas.

Studies of Cotton Plant Enabled by Research Grant

A \$35,000 research grant to expose the innermost secrets of the cotton plant have been announced by Roy Forkner of Lubbock and LeRoy Durham of Plainview, Cotton Producers Institute trustees for West Texas.

Awarded to Texas A & M College, the grant is for basic physiological and biochemical studies of the cotton plant. The Institute's first-year total will combine with approximately \$80,000 in program support from the college and the USDA, Mr. Forkner said.

The research is being carried out by specialists in chemistry, physiology, nutrition, biochemistry, and other areas. Working as a team, instead of along traditional lines, they are seeking to assemble a detailed picture of how the plant grows and produces cotton. This information

Committee Plans Austin Session

The State Democratic Executive Committee will hold an organizational meeting in Austin March 16, to map plans for "revitalizing the Democratic Party in Texas," Chairman Eugene M. Locke of Dallas has announced.

Governor Connally will be the keynote speaker for the day-long meeting which will be held in the Commodore Perry Hotel, starting at 11 a. m.

Prior to the meeting, Locke said, finance and nominating committee members will be appointed to make recommendation at the business session.

The meeting will be climaxed by a reception at the Governor's Mansion in the early evening.

PERKINS SELLS REGISTERED BULL
James D. Perkins, Slaton, recently sold an Aberdeen-Angus bull to Alvin Bendnarz, Lorenzo.

is needed to discover new research approaches to solving major problems facing cotton growers.
"To be competitive with synthetics and to take advantage of the expanding toiler market, we must find more effective ways to cut production costs and improve the quality of our fiber," Mr. Durham pointed out. At present, much of the research on specific cotton problems such as diseases, boll shed, weed and insect control, etc., is hampered by a lack of basic information of why and how the plant "ticks."

ORCHIDS TO MRS. DUDLEY BERRY, green-thumb artist extraordinary, are in order for this Slaton resident whose knack for growing "hard to grow" plants is told this week in a special interview reported on front page of the Society Section. Mrs. Berry is shown above with a pot of her home-grown orchids.

Assault Attempt Quickly Quelled

Charges filed against four Mexican men resulting from an affray of short duration Sunday night when Officer Glenn Vandiver took the quartet into custody after a vehicle accident at 9th and Lubbock Streets. Vandiver placed the four in a patrol car, and accompanied in the car by Don Blackerby, and started en route to the city police station. One of the passengers, Louis Jimenez, grabbed the officer around the neck, while Gilbert Martinez attempted to grab the officer's gun, then grabbing him by the throat and attempting to choke him, reports indicate. At this time, another of the Mexicans, Henry Biera, knocked one of the subjects loose from the officer, and was assisted by Blackerby in breaking up the assault attempt. At this time Manuel Valdez, the other passenger, jumped from the car and ran; he later was picked up by another police car unit.

The four Mexicans were tried in City Court and each pled guilty as follows:

Manuel M. Valdez, drunk fined \$20 and released. Louis Nunez Jimenez, negligent collision and no valid driver's license in possession, fined \$20. Gilbert Martinez, drunk. The charge against Biera on drunkenness was dismissed for his assistance to the officer.

In county court Jimenez was charged with DWI and assault on police officer; and was charged in justice of the Peace court with no valid driver's license and for contesting for speed. Martinez was charged in county court with assault on police officer; was charged in city court on drunkenness and fined \$75 there, he was laying out the fine at last report.

OTHER ACTION

C. M. Barton reported Sunday that someone during the previous night had taken some 30 gallons of gas from a tank near his house. He had awakened during the night when dogs were barking, but he saw no-one at the time. A Stetson hat, with name in the band, was found at the scene of the theft next morning.

A break-in occurred at the First Baptist Church Sunday night, entrance gained through a broken window on the north side of the main building. Two RCA microphones were taken, together with 50 ft. of small cable. Evidence was that the thieves went through both Mr. Garth's office and the secretary's office where unsuccessful attempt was made to open the safe; the knob being knocked off. Matches were strewn about the floor in the offices.

A go-Kart frame was reported stolen from Bourn Cycle Supply Sunday night.

Wednesday, Hugo Mosser pled guilty to a simple assault charge filed by James Edward White, the incident allegedly taking place at the V.F.W. Hall Tuesday night. Mosser was jailed Wednesday morning, pled guilty and was fined \$20.

Jail arrests over the week-end totaled 10 drunk, 1 possession by minor, and 1 simple assault.

No. 3 Continued From Page 1

caused by a resignation, and he was elected in January for the remainder of that year and the next full school year. Election of other teachers was discussed at the Monday session, but no announcements were forthcoming, naming of the faculty expected to be finalized at a near-forthcoming board meeting.

Space to Compete In District 19 Legion Contests

Chuck Space, winner of the local American Legion-sponsored oratorical contest, is to compete at the district level this Friday in Lubbock.

Space, whose subject is "The American Constitution", will vie with other speakers from throughout the Legion 19th District, local Commander Luther Gregory notes. Attendance of the public is invited at the contest to be held at the Tech Administration Building, room 162, at 2:30 o'clock Friday.

Winners at district level will compete in division contests, with final eliminations at the National Convention to determine winners of \$8,000 in American Legion scholarships.

NEW ARRIVAL

Mr. and Mrs. Fred Schmidt, formerly of Slaton and now of Irving, Texas, are the parents of a daughter, Sharon Kay, born March 4th. She weighed 8 pounds at birth.

ing the acreage from production to a conserving use, and a principal production of the 1963 feed grain planted acreage. He will also qualify for regular price-support loans and purchase agreements on all the corn, grain support payment — on the sorghum, and barley produced on the farm's 1963 planted acreage.

To farmers interested in taking part in the program, Mr. Bragg says: "Be sure to sign up soon. Right now, we can take care of producers without undue delay, but the later you wait, the more crowded the county office is likely to be."

No. 2 Continued From Page 1

Intervals. One rest stop of 30 minutes was taken between Post and Southland, and the group took short respites every 45 minutes. Though carrying a flashlight, none of the group could remember having used it.

No special incidents were reported along the way, with exception of some early morning revelers driving alongside and heckling them for a few minutes. A sheriff's officer checked the group south of Post and "wished them well".

Members of the party were James Farris, 16 years old Lubbock High student; Sandi Oxford, the lone girl participant, 16, and a sophomore at Monterey; Curt McCrady, 16, Lubbock; Mike O'Neal, 16, Lubbock High; Mike Carter, 15, Monterey; and Rodney Edmunds, 17, Monterey. Sandi and Billy were the children of Mrs. Richardson. Billy Camps of Adkins Junior High, 13 years of age, went with the group but decided to ride rather than walk!

The "vitch of youth" was exemplified in final statements of the group, however, with James stating that just as soon as he reached Lubbock he was going to get ready to go square dancing. Curt planned for a hot bath and a show; and Sandi, as is the lot of Miss Teen-agers, to spend Saturday housecleaning! (Editor's note: No later check was made to determine if these good intentions were followed through but we have our confidences.)

And, as the reader may have guessed, the students plan to try again if their enthusiasm holds out, but next time "when the north wind isn't blowing down that Slaton highway."

Mystery of Perfume Program Subject At Local Study Club

Mrs. Leroy Holt was hostess in her home to members of Daughters of the Pioneer Study Club Monday evening.

Mrs. John Morris presided for the business session which was followed by a program given by Mrs. Greeley Myers, "Ah, Sweet Mystery of Perfume".

Dealing with the origin and history of perfume, Mrs. Myers related that "Perfume has always signified something fine, mysterious, aristocratic in human life. Beginning as the attribute of gods and goddesses, it became the peculiar treasure of kings and princesses and all noble persons, and it may well be that it's immortal association with beautiful women is related to that divinity which Plato and other great philosophers have always maintained as residing in beautiful forms. Perfume is enveloped in mystery. It's unexpectedness and it's incongruity intrigue the imagination. Even as you ponder the word "perfume" seems to dissolve in moonlight, gentle breezes, gardens of flowers. This is the setting where perfume belongs as it has down the 5000 years that it has been known to man."

Refreshments were served to the following members: Mmes. R. E. Ayers, B. N. Ball, John Locke, Morris, Myers, Jack Nowlin, Earl Reasoner, M. M. Schlueter Cecil Scott, Bill Smith, R. H. Todd, Jr., Joe Walker, Jr., Johnny Waters, Alex Webb, Rush Wheeler, John King, and the hostess.

The next meeting is slated for March 18 with Mrs. Howard Hoffman, as hostess.

June Johnson Is Named to Office In State Group

Miss June Johnson, now attending North Texas State University, has been elected to a one-year term as state treasurer of the Texas Student Education Association.

Miss Johnson was chosen at one-year term as state treasurer-vent last weekend in Austin and will serve through the 1964 meeting in Houston.

June, a 1960 graduate of Slaton High School, is the daughter of Mr. and Mrs. Melvin T. Johnson. A junior, she is a member of the Green Jackets service club, Kappa Delta Pi, honor society in education, Independent and Senior Mary Arden Club, women's literary and social organization.

Miss Johnson is president of the NTSU chapter of the Student National Education Association, the national organization of students preparing for the teaching profession.

As state treasurer, the NTSU will serve as chairman of the mittie, which coordinates activities between the collegiate TSEA chapters and the Texas high school Future Teachers of America Clubs.

Last fall she was named to the 1963 edition of Who's Who Among Students in American Universities and Colleges.

Orchids Grown Locally; Mrs. Berry's Green Thumb Works Miracles

BY MERLE KING
A look around the home of Mrs. Dudley Berry, 1425 West Crosby, will attest to the fact of her "green thumb". Rare and hard to grow plants will be found thriving beautifully. Among the more outstanding plants are many African violets; an unusual Christmas Cactus; ornamental Bougainvillea — one plant called the "angel bougainvillea" with leaves shaped like that of an angel's wing; and a very beautiful Argentine pine, growing so perfectly in layers of lacy green leaves that friends have thought it to be artificial.

Probably the most unusual of all the plants that seem to grow so well for Mrs. Berry are three orchid plants. Two years ago when she was in the San Francisco area visiting her sister, Mrs. Berry made a tour of one of the orchid farms in the vicinity. There she purchased two orchid plants and the owner made her a gift of another.

Mrs. Berry has found time for many worthwhile and entertaining projects during her residence in Slaton. She and Jack Shepard organized the Rainbow Fiesta seventeen years ago, which has become an annual affair to raise money for the Rainbow girls and until it's demise, the DeMolays. Having learned the art of Spanish cookery during her stay in the border town of Presidio, Mrs. Berry was unanimously appointed to cook the food for the first fiesta celebrations. She has been a member of the Eastern Star of which she is a past matron; a past mother advisor of the Rainbow organization; a very active member of the First Baptist Church, the WMU; and now serving in the capacity of superintendent of the extension program of the Sunday School. A team of five members visit in the homes of 45 members who are homebound due to age or illness. She is a past president and active member of the Slaton Garden Club and finds diversion in her bridge club.

A native of Mississippi, Mrs. Berry still retains a hint of a real Southern accent, which was very warm as she invites anyone interested, to stop by her home to see her blooming orchids.

Surprisingly, all three have lived and bloom periodically. Two varieties of the purple orchid bloom in September and May, while the white plant brings forth its delicate blooms in February. Mrs. Berry explained that each plant held its blooms from four to six weeks without signs of withering or darkening. While some people grow orchids successfully in soil, Mrs. Berry has been quite adept at growing hers in pots of redwood chips, also purchased in California. The orchid is of a parasitic nature and requires a cool atmosphere, high in humidity, Mrs. Berry said.

Mr. and Mrs. Berry moved to Slaton from Presidio, Texas, where he was Santa Fe agent for three years. He is presently dispatcher for the Santa Fe, as is the couple's son, Lyle Berry, who lives in Lubbock.

Busy Session, Quarterly Party Marked Sunday Meeting of Catholic Daughters

Court, Our Lady of the Assumption 1364, Catholic Daughters of America, met Sunday in St. Joseph's Hall with Msgr. Morsch leading the prayers. Mrs. Jerry Melcher gave the report for the sick committee.

Heading the committee for March are Mrs. Hugo Mosser, chairman, Mrs. Walter Mosser, Mrs. Louis Mosser, Mrs. Fala Moeller and Mrs. Leo Moczymba.

Plans were made to purchase cabinets for the kitchen in St. Joseph's Hall. The court will also purchase a sign to be placed in front of St. Joseph's Church, giving information pertinent to time of services etc.

Co-chairman for the next quarterly party are Mrs. Louis Melcher Mrs. Johnny Melcher, Mrs. Ray Miller and Mrs. Paul Mosser.

Program on Hair Styling Given At Civic-Culture Club

Mrs. W. D. Chriesman was hostess February 19 to members of the Junior Civic and Culture Club.

Mrs. Stanley Nesbit presented a program on "Hair Styling". Her models were Mrs. Linda Winchester, Mrs. C. E. McCoy, and Mrs. Jackie Talbert. Mrs. Nesbit is employed by Eura's Beauty Shop.

Roll call was answered by giving beauty hints.

Members present included Mmes. Joe Belote, Edward Caldwell, Ray Conner, W. K. Fry, Virgie Hunter, Yates Key, L. T. Kincer, M. H. Lasater, J. J. Maxey, McCoy, C. W. Space, Talbert, W. J. Etter, C. W. Bivens and the hostess.

Two first communion outfits were purchased to be sent to the Papal Warehouse in Rome. Other items of clothing were also donated by members.

It was announced that the Lubbock Court will have a reception in May and that new members for the Slaton court will be taken to the ceremonies there. Candidates may contact Mrs. Clarence Kitten, VA 9-4077, for application blanks.

Easter Week Services booklets will be ordered by Mrs. Louis Mosser who may be contacted for these and any other religious articles.

Msgr. Morsch gave a brief talk on Lenten customs, Mrs. Joe L. Kitten gave readings on the lives of St. Joseph and St. Patrick, both feast days fall during March.

Leading the games for the quarterly party, which followed the meeting, were Mrs. Nestor Kitten, Mrs. Albert Kuss and Mrs. Wilfred Kitten. Cake, coffee and cokes were served to 55 members.

The next meeting has been changed to March 31 at 2 p. m. in the St. Joseph's Hall.

Sue Oats Merited Dean's Honor Roll

Miss Oats, daughter of Mr. 108 students making the Dean's Honor Roll for the fall semester at McMurry College, Abilene, Dr. Joe C. Humphrey, academic dean, has announced.

Miss Oats, daughter of Mr. and Mrs. Jay Oats, is a senior majoring in Elementary Education, and is a member of Delta Beta Sigma social club, Alpha Chi and Kappa Delta Pi.

To qualify for the Dean's Honor Roll, students must have a 2.5 (B-plus) grade average.

Miss Kay Castleberry of Slaton was signally honored at Tech recently, being one of the three top contestants for Tech Band Sweetheart, Kappa Kappa Psi, national honorary band fraternity.

Miss Castleberry, a senior, is pictured here at the right, together with Miss Anita Marin, center, sophomore from Hale Center, the 1962-63 sweetheart, and Miss Mary Behrends, left, sophomore from Dimmitt.

Bluebonnet Club Honored Officers

An annual luncheon honoring old and new officers was held by the Bluebonnet Club last Wednesday at the Holiday Inn in Lubbock.

Thirteen members and one guest, Mrs. Kate Fancher, attended.

Mrs. Ford Stansell presented the out-going president, Mrs. T. E. McClanahan, with a gift from the club.

Mrs. Joe Neilson will be hostess to the club on March 13th at 2:30 p. m.

Present at the Wednesday luncheon were Mesdames, McClanahan, Parks, Jarman, Wick, Teague, Lamb, Taylor, Stansell, Sanner, Bayd, Smith, Patterson and Neilson.

Alton Kenney, T. J. Kahlich, A. R. Weld, Luke Kahlich, Alan Brunson.

Plans Announced For April Wedding

Overton Methodist Church in Lubbock will be the scene for the April wedding planned by Miss Linda Sue Hawkins and Leland Boyd Duckett. Announcement of the couple's engagement has been made by the future bride's parents, Mr. and Mrs. John H. Hawkins of Lubbock.

The prospective bridegroom is the son of Mrs. J. E. Vannoy of Slaton and L. L. Duckett of Abernathy.

Miss Hawkins is a graduate of Monterey High School and has attended Texas Tech. Her fiancé graduated from Slaton High School and attended West Texas State College at Canyon.

The couple will pledge marriage vows at 8 p. m., April 19.

Everything for the office. The Slatonite.

Queen Contest Forum Here

Grace Areondo, daughter of Mr. and Mrs. Pilar of Slaton, is local district queen in the American G. I. organization.

Refreshments were served to the following members: Mmes. R. E. Ayers, B. N. Ball, John Locke, Morris, Myers, Jack Nowlin, Earl Reasoner, M. M. Schlueter Cecil Scott, Bill Smith, R. H. Todd, Jr., Joe Walker, Jr., Johnny Waters, Alex Webb, Rush Wheeler, John King, and the hostess.

The next meeting is slated for March 18 with Mrs. Howard Hoffman, as hostess.

Saucy Fruits For Tasty Desserts

Golden Dessert Sauce is a smooth and flavorful topping for fruits. It combines dessert topping mix with fruit juice, and other ingredients, to make a rich and tasty addition to a variety of desserts. As suggested here, the sauce is made with pears, but apricots, peaches, or oranges can be used.

Golden Dessert Sauce

- 1 envelope dessert topping mix
- 1/2 cup cold milk
- 1/2 teaspoon vanilla
- 1 teaspoon butter
- 1/2 cup fruit juice or canned fruit syrup*
- 2 tablespoons lemon juice
- 1/2 cup sugar
- 2 egg yolks or 1 whole egg, slightly beaten

*For a thicker sauce, use bland fruit juices and canned fruit syrups such as pear, peach, or apricot. For thinner sauce use tart juice such as pineapple or orange.

Prepare dessert topping mix with milk and vanilla as directed on the envelope. Measure 1 cup and set aside. (Remaining topping can be covered and stored in the refrigerator.)

Place butter, fruit juice, lemon juice, and sugar in saucepan. Heat until sugar dissolves, stirring occasionally. Add to egg, stirring to blend. Return to saucepan and cook until thickened—about 1 minute. Remove from heat and beat well. Chill. Just before using, fold in 1 cup prepared dessert topping. Serve sauce over fresh or canned fruit, cake, or steamed pudding.

Ninth Annual Grain Drying And Storage Meet Set March 14-15

The ninth annual Drying and Storage Conference will be held March 14-15 in the Student Union Building on the campus of Texas Technological College, Lubbock.

Registrations will begin at 8 a. m. on March 14, according to Ira L. Williams, Tech agricultural engineer, with the opening session of the conference set for 5. "Problems and Opportunities Related to the Expanding Cattle Feeding Industry" will open the program and will feature Bill Nelson, Grain Sorghum Producers Association, as moderator; Dr. Robert Schoff, extension formula feed specialist, Kansas State University; Tom Simmons, Lubbock cattle feeder and grain elevator operator; Dr. Ralph Durham, head, Tech Animal Husbandry Department and Dr. John McNeely, Agricultural Economics and Sociology Department, Texas A&M College, as panel members.

Following lunch, "Elevator Maintenance and Good Housekeeping" will be discussed by Price Hobgood, head, Department of Agricultural Engineering, Texas A&M College; Henry Flenner, Nihmans Elevators of Texas and John T. Odom, Jr., Millers Mutual Fire Insurance Company, as panel members and M. D. McKinney, Garvey Elevators, as discussion leader. "Quality Control" will be discussed by a panel composed of Dr. D. A. Ashdown, Texas Tech; David C. Weaver, Grain Company, with Bill Simmons, Producers Grain Corp. serving as

leader. Arthur (Buzz) Laramie, superintendent of elevators Eastern Division, Cargill, will speak at the evening session following the annual banquet. Other discussions follow on Friday.

LETTERS TO THE EDITOR

Dear Editor,

When the commissioners and the mayor of the city of Slaton were defeated in the bond election for a new city hall they took it on themselves to do what the voters rejected. It seems that we have no representative government in the city of Slaton. They took our shade trees out of the city square which took fifty years to grow, and will substitute we don't know what. I for one do not appreciate it at all.

It seems that we, the voters, don't amount to much anymore. Unless this is changed, we can expect more of the same.

The city hall is now shaded by the old band stand and I hope the officials of the town are satisfied because the citizens of the city of Slaton are not.

Thanks,
Bob Brasfield

Shipboard Combo Formed by Former Slaton Resident

Johnny Mack Taylor, formerly of Slaton, has formed a five-man rock and roll combo aboard the destroyer USS Moale on which he is serving. Taylor is the son of Mr. and Mrs. J. M. Taylor, formerly of Slaton and now living in Lubbock.

The group is known as the Twist-a-Crabs, and is led by Taylor who also is lead guitarist.

During a recent visit by the Moale to Izmir, Turkey, the combo presented a program of the latest rock and roll hits from the United States for American airmen stationed at the air base there. The group was reported to have received offers of bookings at other bases in the area following their appearance.

Sunday afternoon visitors with Mr. and Mrs. Bill Butler and children of Lamesa were Mr. and Mrs. J. B. Butler and Mr. and Mrs. James Vannoy of Slaton, and Mr. and Mrs. Darwin Duckett and daughter, Valinda, of Lubbock.

Mrs. L. E. Perkins has returned to her home in Albuquerque, New Mexico, after a weekend visit in the home of Mr. and Mrs. Ells Schmid.

Alleviation Water Waste Tackled By Water Conservation District Working with Irrigation Farmers

Efforts are being intensified by the High Plains Underground Water Conservation District to meet and work with irrigators throughout the District who have trouble keeping water on their land.

According to Tom McFarland, general manager of the High Plains Water District, it is difficult to irrigate excessively sloping land. At the same time, a farmer who owns excessively sloping land and still has strong wells, feels that he must produce an irrigated crop on the land to make it pay dividends.

McFarland points out that here is where the problem lies—how can the irrigator adequately water his land and at the same time retain the irrigation water on his farm.

The Water District has been working on this, a major problem facing many irrigators, for several years, but especially during the past year.

McFarland says that many methods are presently being used by farmers in the area to alleviate waste water problems. Even though he knows that each farm has individual and distinct problems, by utilizing one or a combination of the several methods of conservation which are being successfully used, he believes that waste water problems can be minimized.

Wayne Wyatt, District Field Representative, and McFarland have been spending much time in Bailey, Castro and Parmer Counties where heavy soils and large capacity wells are prevalent and conducive to waste problems, visiting with irrigators in an effort to help solve waste problems. They have expressed their anxiety for all those in the Water District who have waste water problems, to meet with them in an attempt to make water use more efficient on individual farms.

To prolong the irrigated-agriculture economy of the southern High Plains is the desire of all who live in the area. Working

Mr. and Mrs. Charlie Hill spent the weekend in Amarillo with their daughter, Mrs. W. B. Flores, who is convalescing from a 2-month illness.

Mrs. Charlie Hill attended the cotton show and Maid of Cotton presentation Monday evening in Lubbock.

JONAS CAIN ANNOUNCES FOR MAYOR

JONAS CAIN of 120 North 4th, Slaton, family man, METHODIST, homeowner, longtime Slaton railroader, railroaded twenty-nine years, retired, is and has been for over thirteen years President of Slaton's largest labor organization, the BROTHERHOOD OF RAILROAD TRAINMEN—has announced his candidacy for MAYOR, saying,

First and foremost, I believe that the government of the City of Slaton belongs to all of the citizens of Slaton and if elected I pledge my word to do all that I can to see that it is run in their and their expressed wishes.

"I envisage dynamic advancement for Slaton and I believe this can be achieved without constantly raising property tax valuations; without mammoth water rate increases, without the introduction of more and more municipal "service" charges and then periodically increasing them.

"In short, I do not believe that spending more of the people's money is the solution to every problem.

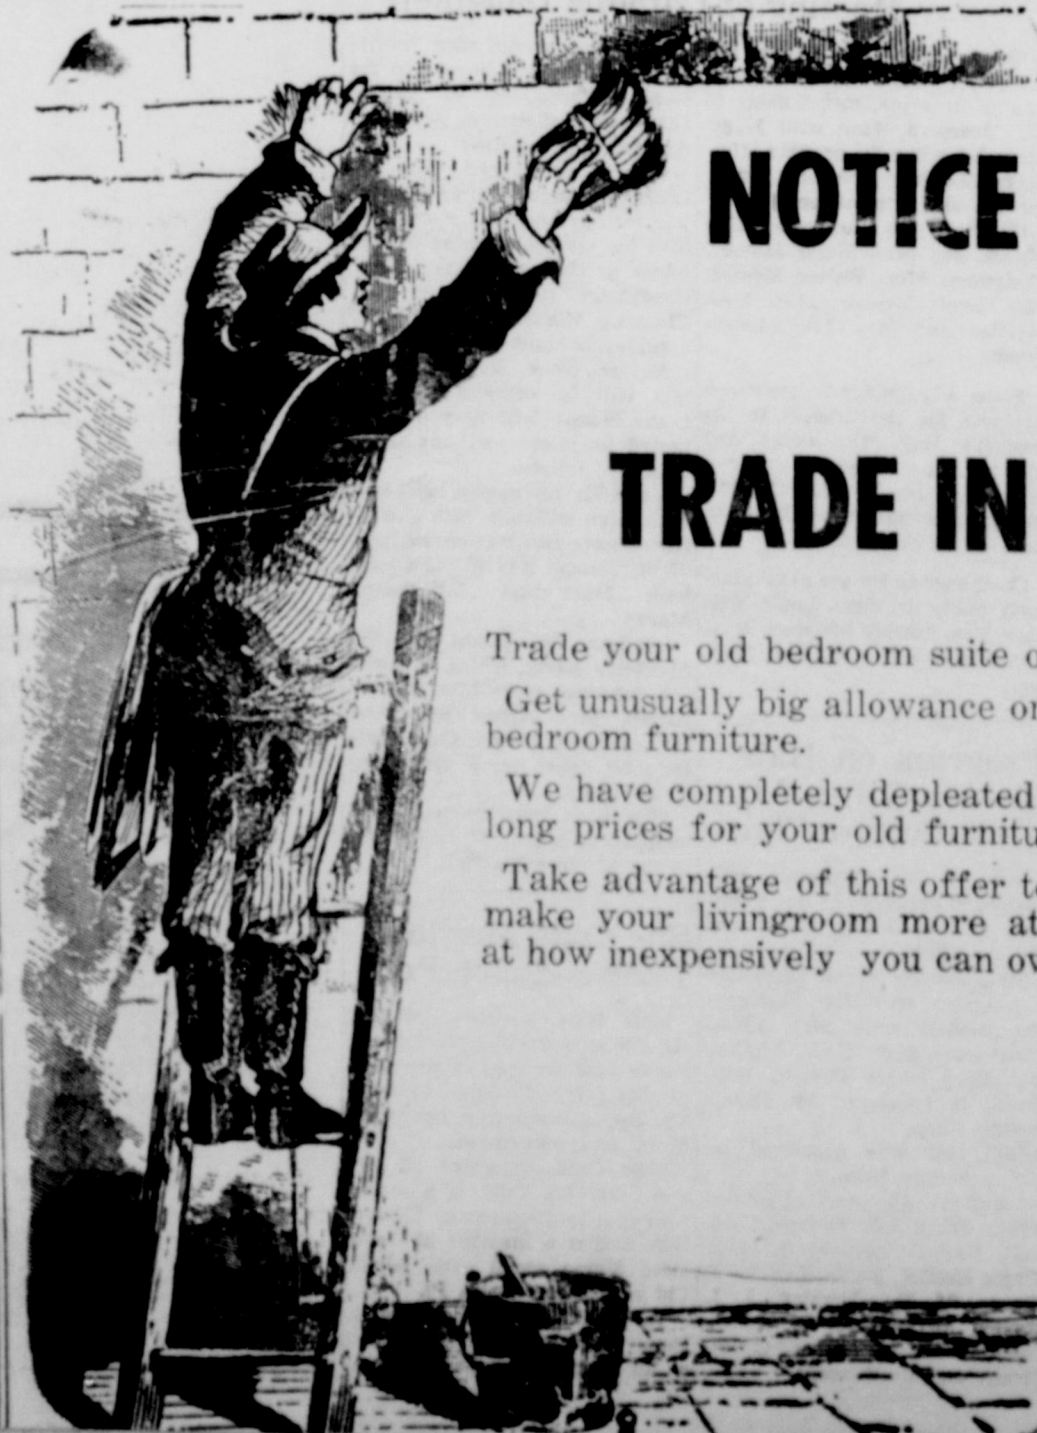

"A good place to live, to work, to own property, to run a business—with adequate but not excessive government—will draw more substantial residents and more industry than any complex program of any experts Slaton can beg, borrow, steal or pay."

Pol. Adv. Paid for by Friends of Jonas Cain.

WHICH WILL IT BE?

Hot, for sure... if you have a Gas water heater! Gas replaces hot water as fast as you use it (for one-fifth the cost of the other kind). If you're not getting all the hot water you want when you want it... bring your hot water system up-to-date with a new, super-fast recovery Gas water heater. You'll be in hot water all the time.

By J. J. Maxey

Plans for the twentieth anniversary of the class of 1943 are rapidly taking shape. In our regular news letter that was mailed on February 18th, there was a complete list of class members together with all of the known addresses. We are already getting replies to this letter along with some address changes from various members. Mrs. Frank Melcher (Allene Stevens) writes from Brownfield and sends five correct addresses of classmates. Allene and her husband lived in Lubbock for fifteen years prior to moving to Brownfield two years ago. They are in the farm implement business there and live at 1305 East Lons, Brownfield. Other members of the class of 1943 who live in Brownfield are — Mrs. Tom Pettigrew (Martha Lee Polk), 08 East Oak Street. Martha is a beautician and her husband has a service station. Mrs. E. P. Kolodyiejczyk (Josephine Kemp), 907 South Lons. They have just recently moved to Brownfield and are operating a White Auto Store there.

nosed football with a great desire to win. He carried the characteristics into the coach profession and was very successful, both in high school and junior college. I believe that he won the national junior college championship for about four or five straight years. His team won more than fifty games in one stretch without losing. Demp's present address is P. O. Box 382, Coffeetown, Kansas.

We also had a card last week from Mrs. A. J. Butler (Tomie Kirby), class of 1930. Tomie writes that A. J. has been transferred from Big Spring to Abilene. A. J. was chief clerk for the Texas Pacific Railroad Company in Big Spring for a great many years. He is still with the Company in Abilene but I don't know just what his duties are now. Tommie is the credit manager for a department in Big Spring for a number of years. She says she is enjoying not working in the present. Their Abilene address is 625 Grape Street.

We appreciate this information since it helps to keep our addresses current. Out of the fifteen hundred plus news letters that are being mailed we always have at least one hundred returned on account of the party having moved. Any of you exes that are moving can help us by sending in your new address. It will also save us the eight cents that it takes to get the letter back.

A week or so ago we commented on a football program of the game between Slaton and Littlefield on November 1936. It just so happens that program has turned up for a game between Slaton and Slaton on November 30, 1945. I don't remember exactly what the score was in this game but I know that the team won 14-0. The roster included J. Cherry, Jack Thompson, J. Talbot, Wendel Byler, Thurn Reynolds, Grady Elder, Tom Davis, Bill Reed, Guy Gent Bill Green, Finley, Norris Spears, Pip Dawson, J. Schmidt, Jess Eckles, Tom Wheatley, Ed Burton, Bill Campbell, Taylor, Bobby Jones, Roy Crow, Bobby Conner, L. Roy German, Joe Tuck Brian Sartain, Dick Autry, Wilson, Claude L. Ward, Lance Morgan, Fred Sehn, Fred Sain, Smith, W. J. By Ford. Their coach was J. (Tennessee Tom) Arrants. I did a real good job as a downtown coach for a couple of years.

Was talking with Ed Haddock (the big butter and egg man) the other day and he was inquiring about queen candidates. Ed thinks that Mrs. John Locke (Connie Henry) would make a real good candidate for queen for the class of 1942. How about it Connie? With Ed as a booster you couldn't lose.

Those paying dues since last week were — J. E. & Cec Eckert, Leon Grochowsky, H Maxey, Jr., Geneta Biggs Moore, Ruth & Bill Sledge, Leonare Lucille Lott, James Harlan Wright, Frances Harlan Wright, Floyd Reynolds, Demp Campbell, Pauline Kenney Parise and F. Ky Kenney.

Had a note last week from our old friend, Demp Cannon, class of 1930. Demp is in the gasoline and oil business at Coffeetown, Kansas. It is one of these agencies, one stop never close situations. You know that Demp has always been a big time operator but according to his brother, Otis, he has gotten into a business where he has to work now. Demp also sent along a ten dollar bill for Association work and says that he and Marge are going to try to make the re-union this year. All of you old timers remember Demp as a high school athlete as well as football player at Texas Tech and coach at Coffeetown High School and later as coach of the Junior College there. Demp always played hard

OUR PHARMACY IS YOUR PHARMACY.
Everything we do is dedicated to pleasing you, for we appreciate the preference you show us by making us your personal pharmacy.

SICKNESS HAS NO BUSINESS HOURS.
That is why we are open many hours each day after most stores are closed. And, we are available after closing time, to compound a prescription or supply a sickroom need.

ASK FOR PROFESSIONAL OPINION.
To obtain our license to practice pharmacy required many years at college and practical experience. We can tell you when it would be unwise to take certain of the present highly promoted patent medicines instead of consulting your physician. We consider your welfare more important than any immediate profit.

WE TRY TO PROTECT YOU.
There are many prescriptions we have refused to refill until we have contacted the physician to get his approval. We refuse this immediate profit because it is our moral and legal duty to safeguard your health.

WE WELCOME SUGGESTIONS.
Because our pharmacy is your pharmacy, we appreciate your comments and criticism.

SU Choir Tours Slaton as Soloist

W. Edwards of Slaton leading this week as soloist in the North Texas State University A Capella Choir in Missouri.

Point, Ind.; Murray, Ky.; and Texarkana and Denton. The group will sing March 12 in a concert - lecture program at the Music Teachers National Association Convention in Chicago.

CARD OF THANKS

We take this means of expressing our deep appreciation to everyone who comforted and aided in any way during the recent illness and bereavement of our dear father. Especially do we remember those who visited, who sent cards and letters, brought food or helped in any way.

May God's richest blessings rest with each of you.
The Roper family

Slaton Marines Complete Combat Training Feb. 12

Two Slaton Marines completed four weeks of individual combat training, Feb. 12, with the Second Infantry Training Regiment at Camp Pendleton, California. Marine Private First Class Mike K. Lovelady is the son of Mr. and Mrs. O. T. Lovelady of

445 North 10th, Slaton; and Marine Private Robert U. Sokoll is the son of Mr. and Mrs. B. H. Sokoll of 730 South 18th Street.

The training proceeds: newly enlisted marines with a background of experience in the field under combat conditions. Live-

firing exercises are conducted, in addition to field trips and classroom lectures.

Under carefully selected instructors, the young marines learn to take their places in small fighting units, such as the four-man fire team and the 14-man squad.
