

## Strikers In Detroit Stop Street Cars

### Transportation Workers Walkout; Mayor Makes Threats Of Force

**DETROIT, Aug. 20 (AP)**—Street car and bus operators of Detroit's municipal transportation system struck suddenly this morning leaving some 400,000 office and factory workers to seek emergency means of getting to work. Thousands were delayed.

The strike brought from Mayor Edward J. Jeffries, youthful head of the city administration, a threat to "call upon the might of government" to end the tie-up.

"You can't run the city of Detroit," he warned leaders of the American Federation of Labor here at a conference.

A spokesman for the striking union, division 26 of the Amalgamated Association of Street Electric Railway and Motor Coach operators of America (AFL), said the walkout was intended to enforce the union's demand for recognition as sole bargaining agent for the operators.

Mayor Jeffries retorted that this was in effect a demand for a closed shop, and that "we can't grant that."

"When are you going back to work?" was the mayor's opening remark at this morning's meeting with union leaders. "We've got some state laws and some city laws, and you fellows are a little off base this time."

There was no immediate answer from the unionists.

One thousand street cars and 1,650 buses stood idle in terminals as a result of the 4 a. m. strike action, and the proud nickname of "The Motor City" took on a new and stern significance.

Taxi drivers extended their crushing radius and reaped a rich harvest. Companies placed additional cabs in service as fast as other drivers could be found to man them.

Neighbors begged rides from neighbors as citizens became aware of the overnight tie-up.

And still there were hitchhikers on nearly every corner at 7 a. m., at start of the rush to work. Motorists generally proved obliging and there were few automobiles that were not carrying at least double their customary load.

A survey of automobile factories important in defense work indicated many employees were from five minutes to an hour of the rush to their posts but in most cases production lines began on schedule without waiting for the stragglers.

## Sweetwater Cotton Buyer Succumbs

**SWEETWATER, Aug. 20 (AP)**—A two-year illness ended in the death yesterday of Judge Henry Doscher, 63, president of the J. H. Doscher Cotton company and one of the largest cotton exporters of the state before the outbreak of the European war.

He was born in Bremen, Germany, and immigrated to the United States in 1909. He spent some time in Houston and Galveston, and established residence in Sweetwater in 1920. He built a four-story medical center and office building in the latter town.

Funeral arrangements awaited the arrival of relatives from Houston.

## RAF Delivers New Leg For Captured Air Ace

**LONDON, Aug. 20 (AP)**—The RAF has delivered its strangest cargo of war to German-held northern France—a new leg for Wing Commander Douglas R. Bader.

Bader's entire squadron flew across the channel yesterday, it was disclosed today, to share the honor of dropping the metal leg by parachute near St. Omer, near where the legless ace is held prisoner after having been shot down nine days ago.

The Germans had sent word to the air ministry through the international Red Cross that the grimacing, outspoken pilot was safe but that he had ruined one of his artificial legs when he hit the ground after falling out of his flaming plane.

The London firm that made Bader's original pair had a spare and the pilots of the flier's squadron promptly started competing for the job of making delivery.

Bader lost his legs in a civilian flying accident.

During her trip, she said Big Spring "looked like a checkerboard with tin cans on it."

She spotted the T.A.P. lake south of town and tugged at Dr. Malone's sleeve.

"See down at that end. That's the old 'big spring.' We used to get our water there, a barrel at a time when I first came here."

Nor was she anyless sharp when it came to distinguishing other landmarks. She recognized the refinery, state hospital, railroad shops and many others. Going up and coming down didn't bother her in the least.

Mrs. Zinn recalled that she took her first car ride "when I was 16, from Pettus county, Mo. to Cass county, Texas, during the Civil War (in 1863). Today I had my first plane ride."

No one talked her into the flight as a stunt, for previously she and Mr. and Mrs. L. R. Mundt, who brought her to the field, inquired the air fare to Portland, Ore., where her sister resides. It was more than she could spare, so she abandoned the idea of flying.

It was an ambition of her's to fly, however, for "ever since I saw the first one come in and land out at the old fair grounds, I have said 'I'm going to fly in one of those some day.'"

Only one thing worried her Tuesday when she satisfied that Tuesday in the picture taking, she lost her hairpin. Back on the ground, it was found in the plane seat, and Mother Zinn was completely happy. . . and younger. She said she didn't feel a day over 30.

## 51 Billions Allocated And More Foreseen

### New Lease-Lend Appropriation For Britain Coming Up

**WASHINGTON, Aug. 20 (AP)**—Allocations and commitments for the defense program topped \$51,000,000,000 today and prospective second lease-lease request may raise the total to more than \$55,000,000,000.

Congress has appropriated \$37,260,260,222 since July 1, 1940, for the army, navy and other defense activities, in addition to the initial \$7,000,000,000 lease-outlay and authorization to spend \$7,297,000,000, in addition to sums already appropriated, for completion of a two-ocean navy.

Included in the total was a supplemental defense bill carrying \$8,586,988,948, mostly for the army, which congress approved last week. This measure now awaits President Roosevelt's signature.

Here is a general breakdown of how the huge sums will be spent—in many cases over a period of years:

War Department—\$24,805,321,522 for an army of 1,500,000, a force of 36,000 planes, tanks, ammunition, new quarters and supplies.

Navy Department—\$8,421,487,548, for more ships for the two-ocean navy, 10,000 planes, bases encircling the United States, new shore stations, equipment and ammunition.

Other Agencies—\$3,033,451,033 for all other defense activities such as the maritime commission's program of building and acquiring hundreds of new additional cargo ships.

Senator Connally (D-Tex.) said that the new lease-lease appropriation probably would be for \$4,000,000,000 but other informed sources said that it might be nearer \$7,000,000,000—the amount congress originally appropriated last spring.

## Mrs. Johnson's Funeral Today

Funeral was set for 4 p. m. Wednesday for Mrs. Minnie Ola Johnson, who died at her home, 608 Bell, early Tuesday.

The funeral was slated at the Nalley chapel, with the Rev. Howard Hollowell of Ackerly and the Rev. C. E. Lancaster of Big Spring in charge. Burial was to follow in a local cemetery.

Survivors include the husband; a son, Claude Johnson; and a daughter, Mrs. R. R. Reeder.

Palbearers named were Buel Fox, E. H. Hatch, H. Elman, C. J. Redwine, Dr. P. W. Malone, Roy Miller, Hugh Duncan, W. R. Martin. All friends and neighbors will be honorary palbearers.

The Confederate pension fund deficit declined slightly to \$665,443.

The treasury announced it would call all general fund warrants issued prior to Sept. 24 last year, the newly eligible warrants amounting to \$307,839.

## Bombers Land At Kiel Naval Base

**LONDON, Aug. 20 (AP)**—British bombers blasted the big German naval base at Kiel again last night along with other attacks on northwestern Germany, the air ministry declared today.

The raids were said to have been carried out despite very bad weather.

## HOPKINS MAY GO BACK TO RED CAPITAL

**WASHINGTON, Aug. 20 (AP)**—Capitol Hill heard forecasts today that Harry Hopkins, lease lend administrator, probably would head the American delegation to the joint meeting in Moscow of United States and Britain officials with Premier Stalin.

At the same time, there were apparently authentic reports that arrangements had been made to fly American-manufactured bombing and fighting planes to the Soviets both by way of Siberia and over an extension of the newly-designated South Atlantic ferry route to the British forces in the Middle East.

The details of this arrangement, said to involve transport and military plane operations over both routes by Pan-American Airways, were expected to be worked out finally in the Moscow conference. An apportionment of American military production to Russia, particularly as to warplanes, also was reported listed for discussion.

A well informed legislator, who asked that he remain anonymous, said he understood the Russians had prepared a chain of landing fields across Siberia so that not only bombers but the relatively shorter-ranged fighting planes could be flown to the front.

Although the Russians were said to be willing to assume the responsibility of delivering the planes, this legislator said it was likely that Pan-American would be asked to establish a line similar to the route which President Roosevelt disclosed Monday would be set up to West Africa and thence to the Mediterranean area. This line also would be utilized, it was said, to take planes through the Near East to Russia.

## School Board To Open Bids This Evening

Bids on improvements for the Kate Morrison Americanization school and the negro ward school will be opened this evening by trustees of the Big Spring Independent School district.

Tentative plans call for addition of three rooms to the Americanization school and a room to the negro ward to relieve congested conditions. The work will be financed out of proceeds of a recent \$12,000 issue.

Also to be considered by the board is the matter of providing some type of dressing room facilities for the high school football team. Quarters formerly used for this purpose are being utilized by defense training classes.

The board is scheduled to take up the matter of a budget for the new school year. After drafting a tentative fiscal guide, public hearing on the document will be announced by the board. Other routine matters, including last minute resignations and replacements, likely will come up at the meeting.

## FDR Quotes Lincoln And Notes Parellel

### President Emphasizes Long, Dark Road Ahead Before Victory

**WASHINGTON, Aug. 20 (AP)**—President Roosevelt used words which Abraham Lincoln uttered at a dark moment in American history to emphasize to the nation today that he foresaw a long, hard road ahead before a final victory over the axis was won.

The chief executive spoke of the continuing through 1942, if necessary, and made plain his belief that the people of the United States were not yet awake to the enormous proportions of the task confronting them.

Mr. Roosevelt chose to be indirect at his press conference yesterday in appraising the present and the immediate future, and for that reason he had the capital wondering how literally to accept the parallel which he drew between 1841 and Lincoln's day.

The Lincoln quotation which the president cited was in a passage from Carl Sandburg's monumental work, "Abraham Lincoln—The War Years." It described an interview between Lincoln and a delegation of women, headed by a Mrs. Mary A. Livermore of Chicago.

The time was September, 1862. Only a few days before, the battle of Antietam had been fought—"The bloodiest single day of fighting of the war" in the opinion of Confederate General Longstreet. Behind lay a series of almost unbroken Union reverses, stretching from the first Bull Run to McClellan's luckless peninsula campaign against Richmond.

Mr. Roosevelt read Sandburg's description of what Lincoln said to the women who were seeking encouragement. It ran thus:

"I have no word of encouragement to give," was the slow, blunt (Lincoln) reply. "The military situation is far from bright; and the country knows it as well as I do."

"The women were silent. They knew it was a near-to-heart talk that he was telling them what he could not tell the country, that he was frankly relieving the burden of an overweighed mind. It was a silence of a moment, but 'deep and painful,' says Mrs. Livermore.

"The president went on: 'The fact is the people have not yet made up their minds that we are at war with the South. They have not buckled down to the determination to fight this war through; for they have got the idea into their heads that we are going to get out of this fix somehow by strategy.' That's the word—STRATEGY! General McClellan thinks he is going to whip the rebels by strategy; and the army has got the same notion. They have no idea that the war is to be carried on and put through by hard, tough fighting, and that it will hurt somebody; and no headway is going to be made while this delusion lasts."

When President Roosevelt had finished, one reporter inquired how he thought the "lead" to the story should be written—the at-a-glance summary.

"President quotes Lincoln and draws parallel," Mr. Roosevelt replied, and gave newsmen permission to quote him directly for emphasis.

Mr. Roosevelt let it be known that he thought the parallel applied to world conditions. Asked if they included the United States, he responded that of course it did.

There was much conjecture as to how the president meant his use of the parallel to be interpreted. One school of thought was that Mr. Roosevelt intended a limited application, as far as the United States was concerned. This interpretation was that he was seeking to discourage wilful thinking, complacency and the feeling that the Russo-German conflict had largely simplified the problem of ultimate Nazi defeat.

In this light, the message was that the nation had yet to put forth the arduous and total effort that was indispensable to win a victory. Others thought the parallel might carry more disquieting connotations. These sources were of the opinion that the Lincoln episode should be considered in its relation to what came afterward.

## Spotty Showers Pepper Area

Spotted local showers peppered the Big Spring area Wednesday morning.

In Big Spring, the weather bureau reported a tenth of an inch of precipitation. Ackerly, however, had a heavy rain estimated as high as two inches, and the Lomax community in southwest Howard county received a similar rain.

Stanton had a shower, as did Garden City, each amounting to only a fraction of an inch. To the east, Coahoma had only a sprinkle.

## Death Toll Now Seven In Pier Fire

**NEW YORK, Aug. 20 (AP)**—A police launch took the bodies of two negro longshoremen from the Brooklyn waterfront at the foot of Congress street today raising to seven the known dead in the Monday fire which swept a Brooklyn pier and destroyed the Cuba Mail Line freighter Panuco and numerous small craft.

Drowning was given as the cause of both deaths. The men apparently having leaped from the burning pier to avoid the flames.

Discovery of the bodies revised the police recapitulation to: seven known dead, 25 missing, including four crewmen and 11 stevedores, and 31 still in Brooklyn hospitals out of at least 72 injured.

A special board of inquiry went into its second day session into the cause of the \$1,500,000 blaze as police dispatished a possibility that sabotage might have been at the bottom of the tragedy and destruction.

Three bomb-like cylinders were discovered on the afterdeck of the ruined Panuco, which gave rise to the sabotage theory but it was learned that more than 100 similar objects were in a compartment aboard the vessel.

## British Give Iran Week To Expel Nazis

**LONDON, Aug. 20 (AP)**—Britain has given Iran (Persia) about a week in which to answer a British-Russian request for expulsion of 3,000 German tourists and technicians said to have filtered into the country, authoritative quarters said today.

They regarded this as sufficient time for Iran to reply. Although these sources insisted that Britain had not sent an ultimatum on the issue, British and Russian troops were reported poised on Iran's frontiers ready for possible direct action if the Iranian government should fail to satisfy the allied governments.

## Local Legion Post Represented At Meet

The local American Legion post has been represented at the Legion convention which just concluded at Fort Worth.

Delegates included Dale Thompson, adjutant, Louis Skalkovskis and Sam Goldman. Next convention is to be at El Paso.

## Siam Gets No Promises Of British Aid

**LONDON, Aug. 20 (AP)**—Any further move by Japan in the Far East would be regarded by Britain as "extremely serious," authoritative quarters said today, although it is understood that London has given Thailand no specific assurances that this little nation's independence would be maintained by British arms.

"There is no doubt that the British government's feeling would be if Thailand's independence were threatened," one of these quarters said, although it was added that Britain had not been asked to guarantee this independence.

Comment had been provoked in authoritative quarters by a speech on a program broadcast by the British to Thailand from the Netherlands East Indies in which the speaker had said: "Let Thailand stand firm in maintenance of her independence. She will not stand alone."

Britain's fighting service, it was said, have taken adequate defense measures in the Far East.

Concern has been expressed over Japan's intentions regarding Thailand ever since she moved into neighboring French Indo-China and was reported to be bringing pressure upon Thailand to grant her military and economic advantages.

## Woman Sought As Money Missing

Police Wednesday morning sent out a pick up notice for a woman as a suspect in connection with loss of \$150 by J. W. Sims, 101 Westfall Ave., San Antonio.

Police said Westfall reported he had missed the money from his room in a small hotel here. The woman was described as about 25 to 28 years old, five feet six to seven inches tall, and a brunette.

**VICHY, Unoccupied France, Aug. 20 (AP)**—Two British warships have arrived at Jibuti, strategic French Somaliland port, following the shelling of a French ship outside the blockaded harbor, the Jibuti intercolonial radio station said in a broadcast today.

The announcer described the situation at Jibuti as serious, but did not give many details.

## Nazis Draw Near Former Czar Capital

### Red Counter-Attacks Made On Dnieper River Battleground

**By the Associated Press**—Masses of Russian tanks were reported by the Germans to be counter-attacking Nazi lines on the lower Dnieper river front late today, while elsewhere on the 1,200-mile battle line a Russian counter-offensive was said to have recaptured five Soviet villages.

### Adolf Hitler's Invasion Armies Have Tightened the Ring on Leningrad with another 50-mile advance, the Russians acknowledged today, driving to the Novgorod region 100 miles south of the old czarist capital.

While two other German and German-Finnish columns drove on Leningrad from the west and north, the Soviet high command's communique said the fiercest battle was also being fought, an ancient walled town above Lake Iemen.

The Russians said the Novgorod province terrain was favorable for a determined stand, since it is half-covered with forest and dotted with about 1,200 lakes. The town itself, standing high on a hill over the Volkov river, is surrounded by swamps and lowlands.

A Red army bulletin also indicated that the Germans were beginning to use air-borne troops in the 60-day-old conflict, reporting that a number of big 4-motored Junkers transports loaded with light tanks and men had been shot down.

Coincidentally, British military experts predicted that the Germans would make an unprecedented use of air-borne forces in an attempt to smash their way across the formidable barrier of the Dnieper river, in the southern Ukraine.

Authoritative London quarters said the Germans had avoided the mass use of parachutists, troop-carrying planes and gliders—such as they exploited in the battle of Crete—to await just such an emergency as the Dnieper crossing.

German military dispatches said the left wing of General Von Rundstedt's army, estimated at 1,600,000 men, was advancing against stiff resistance toward the great bend of the Dnieper river, site of the big industrial city of Dniepropetrovsk.

Advises reaching London indicated that Marshal Semen Budenny had succeeded in withdrawing a great many of his troops across the river, but that his forces were believed to be weak in guns and depending too much on old-fashioned horse cavalry.

Hitler's field headquarters declared that Nazi schnelltruppen ("speed troops") were successfully attacking the few remaining bridgeheads on the west bank of the Dnieper still held by the Russians, and it was evident that the grand assault on the new Soviet defense line was about to begin.

German dispatches said that Nazi sledge guns were intensifying the attack on Odessa, Russia's big Black sea port, and that increased pressure was also being exerted on Kiev, the Ukraine capital. Nazi aerial observers said Odessa harbor was littered with the burned wreckage of ships.

## Fulfilling Long Desire -- Mrs. Mary Zinn, 95, Takes First Plane Ride

From ox cart to airplane may not be an entirely new story, but it's most unusual for Mrs. Mary Zinn who waited until her 95th birthday to complete the transition here Tuesday evening.

In an Ecroupe piloted by Lt. P. W. Malone, Mother Zinn flew for 20 minutes over Big Spring and surrounding areas, her undimmed eyes picking out landmarks familiar to her nearly three score years ago.

"Enjoy it?" She certainly did. No school girl could have experienced a greater thrill, and a veteran flier could not have taken it more in stride. Although the air was bumpy, she replied to her pilot's suggestion that perhaps it was too rough that "it's no worse than lots of country roads I've been over."

Describing her trip, she said Big Spring "looked like a checkerboard with tin cans on it."

She spotted the T.A.P. lake south of town and tugged at Dr. Malone's sleeve.

"See down at that end. That's the old 'big spring.' We used to get our water there, a barrel at a time when I first came here."

Nor was she anyless sharp when it came to distinguishing other landmarks. She recognized the refinery, state hospital, railroad shops and many others. Going up and coming down didn't bother her in the least.

## Miss Laneous Notes

By MARY WEALEY  
Now it's all clear what folks mean when they say "Like the grasshoppers went through Kansas." If our swarm of crickets are any taste of what it was like in Kansas, we'll stay here.

Always we've heard about the cricket on the hearth. It made us think of a cozy room, a fireplace and old Fido at our feet. The tea kettle singing away and in the corner of the hearth, the cheerful cricket chirruping away.

Like a lot of other things, the cricket got too big a build-up. How can anyone think up nice things about them, when it's necessary to brush them out of our hair, the bed, or a chair before we can do anything.

Instead of the cheerful chirruping, it sounds like the five o'clock whistle when they all get going together. They can wake up and keep us awake, especially the cricket with the soprano that sings off key.

After clearing out a place so we could get inside the other night, we felt like Mrs. Frank Buck only there weren't any newsworld cameras around to see us vanquish the peaky souls.

The only happy thought in the distance is that they may get discouraged about our town since they haven't been exactly welcomed with open arms. Maybe their feelings will get hurt and they'll pass the word around, "ooms on boys, let's get moving. We've been kicked out of better towns than this."

## Annual Birthday Party Held For Mother Zinn On 95th Birthday

Over 75 Persons Gather At Methodist Church To Honor Long-Time Member Of Congregation With A Program

Greating her 95th birthday anniversary with pep, enthusiasm and boundless faith in God, Mrs. M. E. Zinn was honored with her annual birthday party at the First Methodist church Tuesday night.

Meeting old friends, talking with new friends, Mrs. Zinn, who is affectionately known as "Mother Zinn" to half the town, told the 75 persons assembled to do her honor that she owed her long and well life to putting her trust in the Lord. As she has stated on other occasions, "trust Him and you'll be happy."

The Susannah Wesley class was in charge of the arrangements for the party. Mrs. J. E. Pickle had charge of the program. A book of poems written for Mother Zinn by Mrs. Pickle was read and the book presented to her. The poems each took a letter in the alphabet and likened the letter to a quality in her life.

Ruth Ann Dempsey sang a solo, "Mother Mashree" and Louise McCleeny played an accordion solo. Mrs. V. H. Fiewellen presented the birthday gifts to Mrs. Zinn.

Then Mrs. Zinn gathered the group around her and talked to them. A birthday cake loaded down with 95 candles was brought in and placed on the table. The circle of friends joined hands while all sang "Blest Be the Tie." The cake was a present from Albert Durby.

Mrs. Zinn blew out her birthday candles while everybody made a wish and then Mrs. G. E. Fleeman took charge of cutting the cake. Mrs. W. L. Meier presided at the punch bowl. Mrs. Charles Morris played piano numbers and James Underwood closed the program with the song, "Good Night Mother."

Those in charge of arrangements were Mrs. Fiewellen, Mrs. Fleeman, Mrs. J. A. Myers, Mrs. H. F. Howie, Mrs. Logan Baker and Mrs. Meier.

Mother Zinn, who came to Big Spring in 1833, was born in Pettus county, Mo., in 1843. She was

# The War Today— England Believes Time Not At Hand For European Revolt

By DEWITT MacKENZIE  
Herald Special News Service

Washington's determined step in arranging to ferry warplanes to the allies in the Mediterranean theater has given rise to speculation as to whether a British offensive against Italy might result from this much needed acquisition of aerial equipment.

It strikes me that the allies likely are more interested at the moment in safeguarding the Russo-Persian border in case the nazis break through the Ukraine into the Caucasus. We get support for this view in the word from London that British and Russian troops have been moved to Persia's frontiers to enforce an ultimatum that several thousand alleged German fifth columnists be expelled from the country to prevent their cooperation with the advancing nazis.

However, it's natural that the question about Italy should arise. Such a drive has been expected by the world at large ever since Mussolini unfurled his war banners in what he thought to be a gentle breeze but which proved to be a hurricane. Indeed, there's been a good deal of wonderment as to why the British haven't

adopted more energetic measures, especially since Italy is terribly vulnerable and has seemed to many experts to be ready for the plucking.

From inquiry in usually well-posted British quarters I understand that the reason Britain has dealt lightly with Italy thus far probably has been more a matter of policy than lack of bombers. Actually it's said London believes Italians as a whole are so fed up with Hitlerism that they would break loose from it if they could.

Yet the British also believe that to encourage a revolt against Hitler by any of the embittered Europeans would merely result in fierce nazis reprisals against those people. The effect would be to frighten other countries into subservience to the Germans, thus damaging the allied cause.

In other words, while the British are banking heavily on general uprisings among the anti-Hitler populations in due course, the feeling is that time isn't yet ripe for a revolt.

Take France, for instance. There's no question about the existence of a widespread spirit of revolt against Hitler. Even the French Vichy government admits unrest, and the Germans in occupied territory are constantly wrestling with sabotage, as note the offer of a million franc reward for information leading to the arrest of railway saboteurs.

So far as concerns Italy, allied observers insist that Hitler has anything from 150,000 to 300,000 troops there to keep the lid on. They say that the nazis secret police swarm the country—that Hitler rules Italy in everything but name.

All this the fascists deny in chapter and verse, but the British have their story and cling to it.

## W. Lee O'Daniel Votes In Senate Show No Plain Trend

WASHINGTON, Aug. 20 (AP)—The new junior senator from Texas, W. Lee O'Daniel, took his seat Aug. 4, at the beginning of an unusual series of roll call votes on highly important issues.

During the two weeks he served before congress recessed, he answered eleven roll calls.

In some of those he went against the wishes of the Roosevelt administration — although there were no clear cut administration and anti-administration factions involved in any of the decisions. Some times he voted along with the state's senior senator, Tom Connally; sometimes to the contrary.

Those eleven votes give no fair basis for a safe guess as to the trend O'Daniel might follow in regard to legislative acts.

On Aug. 5, barely twenty-four hours after he took the oath of office, the senate voted on the Taft amendment to the draft extension bill. The administration opposed the amendment because it would have limited the extension of service to only six months. Connally voted against the amendment. So did O'Daniel. It was defeated.

This vote in itself gave no clue, however, as to O'Daniel's attitude toward the legislation. Shortly after that vote, he obtained the floor and made his maiden speech, pointing out that he was opposed to keeping selectees in service one year, six months or one day beyond the one-year term for which they originally were drafted.

The next day the senate voted on a proposal by Senator Burton (R-O.) to limit the extension of service to one year. Both Connally and O'Daniel opposed this amendment.

On Aug. 7 the senate had four roll call votes on the draft bill. It approved an amendment by Senator Thomas (D-Utah), a compromise proposal to extend the service periods by 18 months. Administration forces agreed to this. Connally voted yes, O'Daniel in the negative.

It rejected a proposal by Senator Johnson (D-Colo.) to give all enlisted selectees, reservists, guardists, and regulars \$7.50 more per month. Johnson made the proposal after Senator Mead (D-N.Y.) had suggested giving only selectees a raise, and that they get \$10 more per month. Connally, along with administration leaders and economy-minded senators, voted against the Johnson amendment. O'Daniel supported the wage increase proposal.

A few minutes later the majority reversed itself on a similar but broader amendment—to give se-

## Counties To Share State Road Fund

AUSTIN, Aug. 20 (AP)—Each of Texas' 254 counties will share in distribution Sept. 10 of a \$2,800,000 surplus in the county and road district indebtedness fund.

Payments—for the current fiscal year ending Aug. 31—are made on the basis of a formula involving the area, population, automobile registration and lateral road mileage of each county.

The law authorizing distribution of the surplus expires Aug. 31 and currently is the basis of discussions concerning a probable special session of the legislature. The statute becomes inoperative because the legislature failed to reenact it at the recent general session.

Known generally as the road bond assumption law, it authorizes the state to pay the debt service on county and road district bonds issued for construction of local arterials that have become part of the state highway network. After payment of the debt and retention of \$3,000,000 as a permanent revolving fund the surplus is allotted to counties on the formula basis.

Secretary George A. Hight of the board of county and road district indebtedness said distribution of this year's surplus would bring to \$4,800,000 the amount shared by counties in the two years the surplus distribution has been operating.

The road bond fund is financed from one cent of the four cent state gasoline tax. The surplus shared by counties may be used by the subdivisions for construction of lateral roads or payment of debt on such roads if the debt was incurred before Jan. 1, 1939.

The Texas senators both voted the same day against an amendment by Senator Taft to a supplemental defense appropriation bill, calling for a reduction from \$35,000,000 to \$17,000,000 in an item for a new war department building.

The amendment failed to pass. Both supported an unsuccessful proposal by Senator McCarran that the war department be required to construct the new building in Washington, rather than in nearby Arlington, Va.

## Reception For Old-Timers Set At Colorado City

COLORADO CITY, Aug. 20 (SpI)—A feature of the old-timers homecoming phase of the Colorado City Frontier Roundup on September 4-5 will be a reception at the Barcroft hotel on the afternoon of Sept. 5 for all who have been living in the county 25 years or who lived in the county prior to 25 years ago.

Plans for this reception have been made by the homecoming committee. The homecoming is to be of major importance this year because the county will be celebrating its 60th anniversary in connection with the Roundup.

Mrs. E. A. Barcroft, who owns and operates the Barcroft hotel, rates as a bonafide "old-timer." She and her late husband had charge of the famous old St. James hotel for years before it burned about 1912. The St. James was one of West Texas' most widely known hostleries in the early cattle boom days. Many big financial deals between cattlemen were closed in its rooms, and it was the setting for the elaborate and still talked about New Year's ball staged by wealthy stockmen of the area back in the eighties.

# DEATH WATCH ON THE DESERT

America's Hotspot kills off 6 new cars to prove New oil's Long-Lived Protection

Lots of people around town haven't paid out to add one quart of motor oil in weeks—ever since they changed over in a rush, at the introduction of

**CONOCO N<sup>th</sup> MOTOR OIL**—the oil that's nailed up its Proof for You

A bit back, you might have strung along with the impartial Official Observers braving the white-hot Death Valley desert—279 feet below sea level—to watch 6 new everyday coupes running their heads off . . . or really running their crankcases off. For each car had exactly one regular fill of some one good brand of oil locked in by the Referee, so never a drop could be added. And when was it quits? Not till every oil hit bottom and every engine was junk.

The 5 other brands averaged 7,057 miles less than Conoco N<sup>th</sup>...Certified

At the start, all 6 cars were alike than a litter of kittens. And all ran under the same conditions. Yet after the best of the other brands tested was all through, and let the engine go to smash, this new Conoco N<sup>th</sup> oil kept on lasting another 5,683 miles!...Certified.

Patented Conoco N<sup>th</sup> oil contains a new life-giver . . . Thiathene inhibitor—man-made. You've heard of inhibitors holding back a person from doing this or that—restraining them—checking them. And Thiathene inhibitor acts to check the effect of poisons formed in every car engine. No engine can help it, but Thiathene inhibitor can restrain this poison from "festering" fast through Conoco N<sup>th</sup> motor oil. Hence this oil stays more like

**IMPARTIAL**  
Latest available oil of each competitive brand bought retail by Referee.

New everyday coupes used. All alike—broken-in alike—tuned alike—handled alike. Engines taken apart for Referee, to assure same conditions. Same Death Valley routes for all.

One exact fill per car. Never any added. Engine under lock—under scrutiny—every mile.

its own good self—so the engine does—good way to save quarts.

Besides, the engine is **OIL-PLATED** by Conoco N<sup>th</sup>

Long the keystone of Conoco success, OIL-PLATING comes from another Conoco man-made aid to oil economy. A magnet-like action keeps OIL-PLATING bonded to inner parts. Then it can't all quickly drain down to the crankcase—not while you use Conoco N<sup>th</sup> oil. So OIL-PLATING is on guard against wear in advance.

By OIL-PLATING the engine and inhibiting—checking—the waste poisons that commonly make motor oils waste away, new Conoco N<sup>th</sup> oil far outlasted 5 "good ones" in demon Death Valley . . . outlasted one of them by 161%. But you're not out to stretch all limits—any more than you'd loop-the-loop with your car just because it could be done. You'll sensibly drain and refill on your regular schedule, just noting shrewdly that after you have changed to Conoco N<sup>th</sup> you could almost forget what it is to add a quart. ## Bomb Scare Comes Up In Ship Fire

NEW YORK, Aug. 20 (AP)—The possibility that sabotage might have caused the burning of a Brooklyn pier and the Cuba Mail Line cargo ship Panuco was raised briefly today by the discovery of three bomb-like metal cylinders on the vessel's afterdeck but quickly disappeared when it was found that more than 100 similar objects were in a compartment aboard the vessel.

First reports said Fireboat Lieutenant Arthur Braconier found "two time bombs" and that one of the two exploded after discovery.

Ship officials explained later that the Panuco loaded a number of empty iron cylinders used for carrying ammonia when the vessel called at Progresso, Mexico. The ship also carried a small amount of mercury in metal containers.

The bomb scare came in the midst of an investigation by a special board from Washington into the cause of the \$1,500,000 fire that took at least five lives and resulted in injury to at least 72 persons.

WASHINGTON, Aug. 20 (AP)—A basic air corps flying school to cost \$4,365,000 will be established on a 1,100 acre site six miles northeast of Waco, Tex., if satisfactory arrangements can be made to acquire the real estate, the war department notified Texas members of congress yesterday.

The department said it had formerly intended locating the school at Fort Worth, but gave no reason for the change.

## Golf Aces Vie In Lakes Tilt

CHICAGO, Aug. 20 (AP)—The rubber match of one of amateur golf's liveliest twosome battles went on in the Great Lakes amateur golf championship today with the principals both looking ahead to next week's national amateur test at Omaha.

The two stars involved—Marvin (Bud) Ward of Spokane, Wash., and Ray Billows of Poughkeepsie, N. Y.—met in the Great Lakes event at Knollwood for the third time in their brilliant fairway careers. With each holding one decision, they were hard for victory today. Regardless of the outcome, however, it was probable both would tee off in the big Nebraska show Monday with their games at razor-edge.

Both Ward and Billows were impressive yesterday in double victories. Ward had to go 19 holes to down Frank Kovack of Chicago, 1 up, then routed Johnny Lehman, Chicago veteran, 5 and 4. Billows overwhelmed F. R. Bowen of Chicago, 7 and 6, then took a 5 and 4 win from Earl Stewart of Dallas, Tex., national intercollegiate champion.

## Game Called For 8:15; Kids Admitted Free

Trailing the Borger Gassers by a half-game in the West Texas-New Mexico league race, the Big Spring Bombers return to the home grounds tonight as they square off against the Pampa Oilers on Roberts Field at 8:15. The starting time has been moved up from 8:30 p. m., game time during the part of the season past.

Last night, the Big Springers made a clean sweep of their two-game series at Pampa, trouncing the Oilers, 15 to 5. Added to the Bombers run blitzkrieg was a 16th inning put on at the expense of Pampa's Myers and Gracey.

Buck Schulse had to call on Charlie Wheelch for relief in the fifth inning after Lou Frierson had homered with two on bases. In the fourth frame Fullenwider had hit for a circuit wallop with one on.

Mel Reeves led the Bomber attack with a two-bagger and a brace of singles.

The Bombers take on the Oilers tonight and tomorrow night, then face their greatest test Friday, when they open hostilities with Borger—with six battles to be played in three days, Friday, Saturday and Sunday.

Tuesday, Tink Riviers, Bomber president, announced that the Borger-Big Spring doubleheader for Saturday would be broken into two sections. The first game is slated to get underway Saturday afternoon and the nightcap goes on the field at 8:15 that night. Prices of admission will be split—twenty cents for each game.

Tonight, the youngsters see the ball game on the house. Riviers said that any child, 12 years old or under would be admitted without payment of one cent, tax or otherwise.

Polish Books Arrive **GARY, Ind.**—What is believed to be one of the first shipments of books delivered in the United States from Europe in recent months was received by the Gary public library after a year and nine months on the way. The books were ordered from Poland on Oct. 17, 1939, for Gary's Polish population.

## ROUNDUP SPORTS

By HUGH S. FULLETON, JR. (Finch-Hitting For Eddie Briels)

**NEW YORK, Aug. 20.** (Herald Special News Service)—Rumor market: What's this we hear about Steve O'Neill, the Tigers' coach, being offered the job of managing the Indians next year? ... Southern writers say Bitzy Grant is going to retire from the tennis grind if he makes a first-ten ranking this season. ... When Talent Scout won a race Saturday at Saratoga and paid \$60,200, Owner Alf Vanderbilt didn't have a cent on him. He was sitting back waiting to see Petrifry—which took a licking in the spinaway. ... Hank Greenberg, who isn't exactly getting rich on a corporal's \$52 per grade, has traded in his expensive car for a cheaper one and \$200 cash.

**Hard Lines**  
If you think Whit Wyatt had tough luck with that almost no-bitter the other day, listen to this sad tale from the South: J. H. Hilbert had a no-hitter and a 1-0 lead with two out in the seventh and last inning of a sandlot game. ... Then a fellow named Alec Holmes came along and socked a homer. ... J. H. pitched a four-inning near-perfect game until Holmes bobbed up again in the twelfth and busted up the ball game.

**Busy Men's Newspaper**  
The Dodgers are going to put on a fashion show before their game with the Cubs Friday, which is Ladies Day, and some of those prejudiced Brooklyn fans are suggesting it might be a better game if the Brooks played the models instead of the Cubs. ... Ball players say the reason Jim Tobin is winning for the Braves is that he's developed the best knuckleball in the National league. ... Paul Lukas, the actor, arranged to fly to Boston every morning to play in the National doubles championship and back to Broadway at night to play in "Watch On The Rhine."

Wirt Gammon, Chattanooga Times: "It is not true that the Cleveland club is called the Indians because they are vanishing Americans."

## Forsan Meet Due To Draw Heavy Field

**FORSAN, Aug. 20.**—A field of seventy or seventy-five contestants are scheduled to show their wares in Forsan's fourth annual invitational golf tournament, postponed from Sunday, August 24, to Sunday, September 14.

Original date was shifted due to a conflict with the opening of the Big Spring country club and, since a bumper crop of Big Springers are expected for the festivities, the Forsan golfers decided to start the rounds on a clear docket.

The Forsaners, having taken part in Big Spring divotting shows in the past, are offering blanket invitations to the hearties from Big Spring.

Dan Yarbro, one of the tournament planners, said Wednesday morning, he had received indications from Choc Broome of Odessa that he would take part in the festivities. Broome, the club-swinging Choctaw Indian, has been clearing the field of opposition throughout West Texas golfing circles. Part of his '41 scalp collection includes championships from San Angelo, Midland and Texas.

Another leading contender is Bob Farmer of Midland and Big Spring's Jake Morgan is also on the books to test his skill over the Forsan plant.

Doug Jones, last year's champion, will be missing from the list, having moved to Graham since last summer.

Play will be over nine holes, except for the 18-hole final. Prizes are to be awarded for flight winners, runners-up, consolations and medalist. Entry fee is \$1.50.

## Hurling Spotlights Chisox

By The Associated Press  
The finest pitching staff in the major leagues this year belongs to the Chicago White Sox.

This has been no secret, but the feat of Lefty Thornton Lee and big Jimmy Humphries in pitching a double shutout yesterday against the Philadelphia Athletics served to switch the spotlight in the direction of the Sox.

Obscured by such developments as the fancy pennant fight in the National league, and the collapse of the Cleveland Indians, the White Sox nevertheless have won eight straight games and 17 of their past 20 in spurting from fifth place to second in the American league since August 2.

This was accomplished almost entirely on superb pitching. Lee, recognized as the outstanding lefthander of the year, achieved his 15th victory by holding the Athletics to six singles. He let only one man reach second and hit a double himself to drive home Chicago's first run in a 4 to 0 victory.

Humphries, a 28-year-old right-hander acquired from Cleveland last winter in exchange for Clint Brown, allowed only four hits. It was his third starting assignment and his second straight shutout. John Babich opposed him with a five-hit job, but walked four batters, one intentionally, to force across the only run of the game in the third inning.

This lifted the Sox to 16 games behind the New York Yankees, who divided a doubleheader at Detroit and lost their great star, Joe DiMaggio, for perhaps a week with a strained ankle.

The Tigers broke loose for eight runs in the second inning of the opener and won, 12-3, with Lefty Hal Newhouse pitching five-hit ball. Charley Keller hit his 30th homer while Charley Gehringer led Detroit's 16-hit attack with a homer and a double good for four runs.

New York banged back with a 16-hit bombardment to take the night-cap 8-3. DiMaggio hurt his ankle after hitting a double in the fourth inning.

The injury tended to push him out of the American league hitting competition as Ted Williams came up with three home runs during a doubleheader between the Boston Red Sox and St. Louis Browns. Williams' big day, which included a couple of singles, boosted his batting average to .410, gave him a total of 26 round-trippers, one behind DiMaggio, and a total of 80 runs batted in, leading him in his league.

In spite of Williams' show, the best Boston could do was split the twin bill. The Browns took the opener, 3-2, as Dennis Galehouse held his former teammates to six hits. Boston won the nightcap 10-7, with a 19-hit offensive.

Washington whipped Cleveland's stumbling Indians again, 8-0, on Jimmy Bloodworth's two-run homer in the 12th inning. Brooklyn barged two full games in front of the National league by battering the Pittsburgh Pirates, 9-0, and 6-2, in a doubleheader while the rest of the league was kept idle by rain in the east.

## Buffs Stop Oilers, 1-0, To End Losing Streak

By The Associated Press  
The Houston Buffs got a little uneasy about their five-game losing streak—after all, they were only 30 runs in front of the other Texas league teams—so last night they up and beat the second-place Tulsa Oilers 1-0.

With Ted Wilks throwing the curves, the Buffs proved to a home crowd that they still are able to win ball games.

The Dallas Rebels, attempting to erase the half-game lead held over them by third-place Shreveport, were unfortunate enough to drop a 5-4 decision to the Sports on the latter's ground. Fort Worth was a 10-inning contest from the Exporters at Beaumont 9-6 in the day's only afternoon schedule, and the visiting Oklahoma City Indians took San Antonio into camp, 5-0.

## Borger Rally In 5th Beats Lamesa, 11-7

**Loboes Pile Up Five Runs In 3rd, Off Williams' Errors**

**BORGER, Aug. 20.**—The league-leading Borger Gassers proved to be Indian givers here last night as they handed five runs to the Lamesa Loboes in the third inning and then came back to snatch an 11-7 triumph, clinched by seven runs of their own in the fifth frame.

Jennings won number 16 and his ninth in a row, although he was hit consistently by the Loboes.

Two costly errors by Stuart Williams allowed five unearned Lobos runs to score in the third stanza after two were down. But the Gassers tied off on Potet and Hector Arroyo in the fifth to count seven times in which the big blow was a homer by Gordon Nell over the leftfield wall with all the bases occupied. From there on it was easy for Jennings.

## Lookin 'em Over

WITH JACK DOUGLAS  
Past showings indicate that Big Spring's Bombers are, comparatively speaking, more potent on their home grounds than on foreign fields when tussling with the Borger Gassers, thereby giving some weight to the idea that they can move to the top of list when the Gassers come roaring into Big Spring for the top-ranking series on the West Texas-New Mexico league card for '41. What might easily be the most decisive engagement of the season will get underway Friday night over the doubleheader route.

In fourteen starts Borger has won eight games to Big Spring's six. Of four games played here, Big Spring has won three, while of the nine games played in Borger's home precinct, the Big Springers have won only one-third of them.

## Trapshoot Hits Halfway Mark

**VANDALIA, O., Aug. 20 (UP)**—The 42nd Grand American trapshoot hit the halfway mark today, with a big field scheduled to clear up a bit of unfinished business left over from Tuesday, and then decide the individual class titles and the state five-man team championship.

Darkness halted yesterday's free-for-all shooting scrapes before completion of a four-way shootout in the men's race between state title holders, and a three-way fight for the women's North American clay target title.

In the three-way chase for the women's North American 16-yard pennant were Mrs. Charles Allen Thomas of Dayton, O., Mrs. Marie Grant of Fort Dodge, Iowa, and Mrs. George Cameron, Texas open champion from Houston.

doing any more. I walked onto the stage and stood there. I couldn't remember anything, my lines were gone. I could hear the prompter but I couldn't say the words. The audience was all laughing, some of them started to hoot I... I just walked off. They brought the curtain down, put in the understudy. And Greeley Morris was waiting for me in my dressing room.

She stopped, her eyes dark with the horror of remembering. For the first time she looked at us. "You're wondering why I didn't quit. I couldn't. It wouldn't have done me any good. I knew I couldn't hide from him if he wanted to find me. And I... I needed the job.

"A few nights later it happened again. I forgot my lines almost at the same place. This time I didn't go back to my dressing room. I walked straight out into the street, my costume on and my make-up on. I walked out into the street. I went home.

"The next day I started looking for a job. It wasn't any good. There wasn't a manager in London who would let me work for him. Morris had got there first. They knew I was unreliable; they knew I had memory lapses on stage. I had walked out of Greeley Morris' show.

## Santone Man Heads Legion

FORT WORTH, Aug. 20 (AP) - The new commander of the Texas department of the American Legion is Andrew Dilworth of San Antonio, who succeeds Ed Ridel of San Angelo.

Dilworth defeated Sam Forman, Jr. of Houston, at the department's final session yesterday.

El Paso was named as next year's convention site in a close contest with Beaumont.

The legion auxiliary chose Dr. Martha A. Wood, Houston pathologist, as president, succeeding Mrs. M. E. Ehler of Branham, who stepped into the post of national executive committee woman. Dr. Wood is the first unmarried woman to head the auxiliary. She became affiliated with the organization through the service of her sister, Miss Mary G. Wood, as a World War nurse.

The Rev. H. T. Morgan of Overton was named chaplain, and Royall R. Watkins of Dallas became judge advocate. Fred E. Young, Austin, serving without tenure, began his eighth year as adjutant.

Among two dozen resolutions adopted was one calling for speedy and effective aid to Great Britain even if it was necessary to call upon the American navy to "insure such delivery of food and implements of war."

**Hogan Preps For Hershey Open**

HERSHEY, Pa., Aug. 20 (AP)—Ben Hogan, golf's little but mighty man, comes home next week for a crack at the \$5,000 Hershey open, scene of his first major triumph on the traveling professional circuit.

The 72-hole medal play battle August 28-31 is Hogan's playing debut as professional here. He switched from White Plains, N. Y., last winter, succeeding Henry Picard.

In the money in more than a half hundred tournaments and now the leading winner for the 1941 season, Hogan returns to Hershey as one of the prime favorites in this next step for the touring niblek brigade. He finished second to Sam Snead in the Rochester, N. Y., tournament which wound up Sunday.

Hogan got his start on the money-winning trail in 1938 at Hershey when he teamed with Vic Ghezzi, 1941 P. G. A. champion to win the round robin best ball title.

**Governor Stevenson Confined To Bed**

AUSTIN, Aug. 20 (AP)—Governor Coke Stevenson, who remarked early this week he had never in his life been sick so long, was still abed in the mansion today under a physician's orders.

The governor has been under treatment for a throat ailment since last Friday and secretaries said they did not expect him to return to his office before Monday.

**Cotton Market Gains \$2 Bale**

NEW ORLEANS, Aug. 20 (AP)—Trade and speculative buying advanced cotton futures nearly \$2 a bale here today. Closing prices were steady \$3 to 30 points net higher.

The principal factors behind the rise were inflation talk, Washington reports indicating the president might sign the bill to freeze government-owned cotton and complaints of insect damage.

**Cowper Clinic And Hospital Notes**

**Joe Louis, Wife Kiss And Make-Up**

CHICAGO, Aug. 20 (AP)—The Joe Louis-Marva Trotter divorce court battle is off.

With a little help from cupid, the heavyweight boxing champion and his wife were reunited yesterday in the midst of an alimony hearing in her divorce suit.

"They love each other, that's all," was the explanation of the sudden reconciliation offered by one of Joe's managers.

Mrs. Louis agreed to drop her divorce action, alleging cruelty, after a 45-minute conference with her husband. They publicly sealed the bargain with a hug and a kiss, then left for home.

**Italian Bombers Hit British Ships**

ROME, Aug. 20 (AP)—The Italian high command reported today that German dive bombers had sunk two British naval vessels off the beleaguered Libyan port of Tobruk and said Italian troops had captured the crews as they attempted to land.

Two other British ships were seriously damaged in the attack, a communique declared.

**40 Attend Water Meeting Here**

Approximately 40 men participated in the regular monthly meeting of the Permian Basin Water association at the city hall here Tuesday evening.

**Nazi Minister May Leave Argentina**

BUENOS AIRES, Argentina, Aug. 20 (AP)—Argentine foreign office sources intimated today they expected some change in the German diplomatic setup in this country, but they declined either to affirm or deny congressional reports that the retch intended to recall her ambassador, Edmund von Therman.

Von Therman has been under the fire of certain congressmen in an investigation of anti-Argentinian activities.

The German embassy's press attaché said the report that the ambassador would be recalled was completely unfounded, but the story persisted in corridors of the house of deputies.

**Oil Men Expect Increased Aid To Great Britain**

TULSA, Okla., Aug. 20 (AP)—Some oil men expressed the opinion today that the United States soon will step up its aid to Britain and Russia through lending of additional tankers and aviation gasoline.

This view was reached after a study of the situation regarding east coast supplies. While Petroleum Coordinator Ickes has been warning that the east coast faces a gasoline shortage, some oil men here pointed out that:

1. Stocks of gasoline and light fuel oils in that section have increased at an average rate of about 107,000 barrels daily during the five weeks ending August 9, compared to 97,000 barrels daily during July of 1940, and 75,000 barrels daily for the July average of the two years, 1939 and 1940, the Independent Petroleum Association of America reported.
2. That transfer of 50 coastal tankers to British service has resulted in a stepup by the industry of its transportation system to cover their loss, at least temporarily.
3. That respective measures to bring about conservation of gasoline and fuel supplies in the east may be designed to cope with an impending situation—such as diversion of additional tankers.

Additional tankers for Britain already have been requested, and it was expected in oil circles here that tankers also may be needed to send aviation gasoline to Russia.

In its report, the IPAA declared that "any future actions that may further reduce the tanker fleet will probably have a serious effect upon these supplies."

Another aid for Britain movement, the oil for Britain campaign launched in Texas, failed of support from many companies which declared that they were unable to overcome the legal and technical problems involved.

In the field the Oil and Gas Journal reported 674 completions for the week ended Aug. 16, compared with the same number the previous week and 605 a year ago.

**Crickets Here Not So Bad As Elsewhere**

Big Spring was getting a mild dose of the cricket invasion which, within the past 10 days, has created a major problem at Abilene, Brownwood and other points.

Large numbers collected around well lighted places here at night, and the corners of the Ritz theatre and Settles hotel were particularly afflicted. Wednesday the creatures had filtered into inaccessible spots and upstairs quarters suffered as well as those on the ground floor.

Some relief may be afforded from the showers Wednesday morning, for thousands of the black pests drowned. Car wheels and human feet were claiming others.

At San Angelo Tuesday night the city submitted to a virtual black-out in an effort to escape the cricket horde. The few places that maintained lights were swarmed. Recently at Brownwood the chickens forced a show to close when they almost covered the screen. Abilene had a mass of the creatures that sickened streets and sidewalks to a degree.

But, although the number here is abnormally high, Big Spring had nothing to compare with neighboring cities in the way of a cricket invasion.

**Here 'n There**

Right in the middle of the story, right when it really was getting interesting, Nory Stanton lost the copy of the book, "Huang My Wreath." He thinks he lost it around 600 Scurry and knows that he would love to have it back so he can go on with the narrative.

Lions club members heard and saw the story of sulphur in a sound picture presented at the club meeting Wednesday noon. The film was presented by the Texas Gulf Sulphur company, described processing and uses of the product. Thanks to the club for its part in assisting the rodeo, particularly in organization of a parade, was expressed by Schley Riley, president. Walter Scott, for the American Business club, announced the Labor Day motorcycle races at the rodeo grounds.

A total of 333 members were billed for \$1,173.59 by the Caprock Electric Cooperative during the past month. Operating expense was \$831.50 and revenue per member \$3.52. Twenty-seven users consumed more than 100 kilowatt hours.

**Grain**

CHICAGO, Aug. 20 (AP)—Wheat prices pushed upward almost two cents a bushel today to within less than a cent of the four year peaks established earlier in the month.

Limited offerings except at higher prices, covering of previous short sales and some buying credited to mills, with flour business reported active despite recent heavy sales, accounted for much of the market's strength. Traders said the rise in grains was partly sympathetic with strength of soybeans, lard, cotton and some other commodities.

Wheat closed 1 1/8-1 3/4 higher than yesterday, September \$1.13 1/4-1/8, December \$1.15 5/8-3/4; corn 1/2-7/8 up, September 77 5/8, December \$1 3/8-1/4; oats 1-1 1/2 higher.

The United States expects to spend \$22,000,000,000 during the current fiscal year, mostly for defense.
