Election Scheduled For Two Commissioners

Lynn, Garza, Won't Pay Their Fire Bill

Fire Department To Add New Equipment For Mobile Units

A committee from the Slaton Volunteer Fire Department composed of Lee Ham, Bob Kern and Don Spradley appeared before the Commission at the regular meeting Monday night and advised that the Fire Department was going to buy a base radio station and two mobile units for the Fire Department and asked the Commission if the City would participate in this project. The Committee also advised that they had four bids on this equipment ranging from \$512.00 to \$647.66 installed and that the Fire Department would use money accumulated in their fund from County fires to pay their part of the cost. After discussing this the Commission voted unanimously on motion by Harry Stokes and second by J. E. Eckert to pay 50% of the cost of the project.

On motion by Stokes and second by Joe Walker the Commission voted unanimously to call a regular City election to be held on April 3, 1962 for the election of a Commissioner from Ward number two and a Commissioner from Ward number four.

D. S. Biggs appeared before the Commission and offered to sell or lease his machine shop building to the City for use as a warehouse and repair shop. Pete Williams also appeared and presented plans on a new building that could be built on City property and leased to the City for use as a warehouse and shop building. After discussing this the Commission voted unanimously on motion by Eckert and second by Rev. Dixon to advertise for bids on lease agreement on warehouse and shop building with minimum of 5,000 square feet floor space.

G. L. Elder, Street and Sanitation Superintendent, appeared before the Commission and advised that the Water and Sewer Short School would be held at Texas A&M this year and that he had been asked to be on the program. By mutual consent the Commission authorized Mr. Willis to attend this school. Willis reported that he had been asked to extend the water line through Block 103, South Park Addition and that the cost of this would be \$240.00. On motion by Walker and second by Rev. Dixon the Commission voted unanimously to authorize this extension when it was needed.

Eugene L. Martin, Chief of Police, appeared before the Commission and reported on operation of his department.

Mayor Lemon reported that he had written to the County Commissioners Court in Garza and Lynn County regarding their paying the cost of making fire calls in their Counties and that neither had agreed to pay for this service. After a discussion on this the Commissioners agreed by a bill for \$100.00 and a letter of explanation be sent to the Commissioners Court of Garza or Lynn County whenever the Department is asked to answer a call in either of these Counties. The Commission also agreed that if these bills were ignored that the Department would be authorized to refuse any call to that County in the future. It was pointed out that in addition to the expense involved the Department was risking the lives of several firemen every time a call was made.

7 New Families Move To Slaton

Youth Banquet At Westview Saturday

"Heartville U. S. A." was the theme for the annual youth banquet at Westview Baptist Church last Saturday evening.

Mr. and Mrs. Harold Mathis, Training Union director and associate for Westview church were in charge of arrangements.

The banquet tables were decorated to carry out the theme. Ron Reed, youth and music director of the church, served as master of ceremonies. Dr. Robert Hearn of Lubbock was the speaker and used as his subject, "They key to abundant living." Vocal selections were given by David Woody, Jennie Christman and Reed. Toasts to the heart - breakers and to the heart - broken were given by Jerry Edgings and Billie Farmer.

Approximately 65 attended the festivities.

Committees responsible for the banquet were headed by Mrs. Pat Patterson, Mrs. T. V. Ellis, Mrs. George Gamble, Mrs. Harold Mathis and Mrs. Dwight Lusk.

This first troop to be sponsored by this church is composed of boys between the ages of 11 and 14 and is made up of both protestant and catholic boys, according to Bill McElroy, District Scout Executive. Regular meeting night is Wednesday night at the recreation hall of the church.

The ten boys in the troop now are John Adams, Ruben Alvarado, Danny Bierns, Barney Davila, Charlie Hernandez, John Rubio, Tony Ramirez, Bobby Torres and Lee Diaz.

Police Seek Men In Shooting Of Four Youths

Four Slaton youths late Sunday afternoon when fired only five shotguns - welding men in a late - model car.

A single blast from the shotgun from about 50 yards away peppered the youths, who were gathered around a pickup truck on a school outdoor basketball court.

Slaton police were searching for the occupants of the vehicle late Wednesday. All were described as being from 20 to 25 years old.

Injured were Ray Cloud LeGrand, 18, who was shot in the head and arm; Robert James Trotter, 20, who was shot in the

Slaton Man Is Called As Witness In Murder Case

Police officials in Lubbock said this week that a Slaton man, Herman Talley, 23, was put under recognition bond as a material witness in the caliche-pit slaying of 46-year-old J. R. Castle on Jan. 21, 1961.

Texas Ranger Capt. Raymond Waters and Forrester said Talley told them he drove to Denver with some of those charged in the case, leaving Lubbock the morning of Jan. 21.

No charges were filed against

Bid Is Let For CRMWA Construction

The first "concrete masonry" of a 13-year dream for a surface water supply for Slaton and 11 other Panhandle and South Plains cities was realized Jan. 30, with the letting of a bid for construction of Sanford Dam, for the Canadian River Municipal Water Authority.

Low bidder was H. B. Zachry, San Antonio, at \$17,868,160. Mayor L. O. Lemon said "this is wonderful and we're very happy with it."

The bid was \$1,579,622 below the cost figure determined by the Bureau of Reclamation engineers, which amounts to a savings from the original amount expected for the project.

The project represents for Slaton guaranteed rights for ample water, at a rate comparable or lower than is obtained by most cities.

More than 400 persons gathered in Amarillo's City Auditorium to witness the bid opening by officials of the Bureau of Reclamation.

This is the largest project ever undertaken by the bureau in this region and will represent an outlay of approximately \$93 million upon completion.

Zachry's bid was the sixth one opened. All previous bids had been above the engineer's estimate, and when it was read a ripple of noise ran across the auditorium.

Later, at a luncheon of water authority directors, Zachry spoke briefly, declaring "the personnel of my firm and I want to assure you that we will be a member of your team. We are as anxious as you to see this job to the finish, and we will cooperate in every way possible."

The dam will be located on the Canadian River about 40 miles northeast of here. It will be 200 feet high, and 6,390 feet long and filled with earth.

Under bureau specifications, the builder will be allowed roughly 3 1/2 years to complete construction from the time the contract is signed. The bureau's estimated cost was \$19,442,782.

"It probably will be about a month, and I would suspect that the contractor will begin moving equipment on the site in mid-March," a bureau spokesman said.

The federally financed dam first was brought to the "selling stage" 13 years ago next month when interested parties began visiting cities and towns in the Panhandle-South Plains area to explain their idea.

During the 1950s the possibility of the project ever becoming a reality became dim at times. Various methods of financing were explored, debated, dropped and then explored again.

The ultimate reservoir is expected to stretch for 28 miles and will supply supplemental water for Amarillo, Borger, Brownfield, Lamesa, Levelland, Lubbock, O'Donnell, Pampa, Plainview, Slaton and Tahoka.

After the dam will come pumping stations, aqueducts and the other features of the project.

The dam will have a "morning glory" spillway with flood control and river outlet features.

The water from the project will be solely for municipal and industrial purposes and not for irrigation. The first water for use of the member cities

Notice was given at the regular meeting of the City Commission Monday night of an election Tuesday, April 3, 1962, for the purpose of electing two commissioners.

Commission posts to be filled are in Ward 2, and Ward 4.

Harry Stokes is presently commissioner of Ward 2, and L. L. Dickson is incumbent of Ward 4.

Through Wednesday, the only person to have filed for either was Robert Hall Davis, filing in Ward 2.

Phil Brewer was appointed as judge for Ward 4.

Officials said balloting for Ward 2 would be in the Retail Merchants office of the City Hall, and in Stephen F. Austin School for Ward 4.

Election places will be open from 8 a. m. to 7 p. m.

All persons who are qualified electors under the Constitution and Laws of the State of Texas, and have resided within the corporate limits of the city of Slaton for six months preceding the election, and who are living in the designated ward on the day of the election are qualified to vote at said election.

Town "Undesirables" Pay Fines During Successful Scout Day

Slaton's Boy Scouts had a successful day operating the city government Friday, it was reported by officials.

Many arrests were varying from "jay walking", to gambling were made and fines paid.

Below are three of the more notorious of the apprehensions, who helped pay for the Scouts purchasing tents and camping equipment.

The Boy Scouts, as well as the scout officials, stated they wished to thank the citizens of Slaton for "their whole-hearted cooperation" in making the day a success and subsequently providing the needed items for the troop.

Cravens was quoted as saying, "I plan to ask a lawyer about this."

Rev. Burnett And Family Leave Wilson Pastorate

Rev. and Mrs. James P. Burnett and 1 son, James David, are leaving today, Feb. 15, to take up a new pastorate at St. Paul's Lutheran Church, Phillipsburg, Tex.

Rev. J. Burnett has been pastor of St. John's Lutheran Church, Wilson, for the three and one-half years, which was his first pastorate since his graduation from Capital Theological Seminary in 1958. He was graduated with a B.D. degree and had a B.A. degree from Texas Lutheran College, Tule Wain, Texas.

Mrs. Burnett graduated from TLC in 1958 with a B.S. degree in music and has been teaching piano and organ during the time they have lived in Wilson.

Phillipsburg is located 7 miles South of Brenham.

WHAT THEY WRITE

There is so much talk of the dangers of Communism and the inroads it is making in our land and country that we wonder what we can do to stop or delay its fast approach. Communism is forced upon its people--they have no choice and they are so devoted and dedicated to this belief that it has become for them a way of life. Christianity is a reality and a way of life, too, but it is entirely voluntary in the lives of free people. Because it is voluntary, many people have no part in it, many are halfhearted Christians and some are devout Christians. Communism has threatened to bury us. They have said that they can do this without a war. Our unconcern for the

Christian way of life, our indifference toward carrying on God's work, our bickering and quarreling among ourselves, and our unawareness of the communist dangers are a great aid to their cause. They have no fear of people who are divided in their beliefs, people who have no aim in life except to enjoy their comforts and material blessings and live for their own pleasure only.

If America were truly Christian with the faith of our fathers, then Communism would have something they could not understand nor conquer. So while there is time and opportunity, let's speak out for the cause of Christ and His way. Let's unfurl the Christian banner and stand tall, walk straight, work diligently and pray faithfully for the survival of Christianity in a world that is being overrun by men who know nothing of Christ and His love for humanity.

There is a song that should express our sentiment and be our daily prayer:
'Rise up O men of God
Have done with lesser things,
Give heart and soul and mind and strength
To serve the King of Kings.'

TELEPHONIC TALK

by J. C. Oakley, Manager

SPECIAL KIND OF LANGUAGE

Ever occur to you how often on the telephone you say "Thanks for Calling" and "I'll Call You Back" . . . or "Give Me A Ring?" Probably not, for these like many other expressions we use almost every day have become as commonplace to us as "Good Morning" or "How Are You?"

When we say "Thanks for Calling," for example, we seldom stop and consider the wonderful convenience of just being able to talk to a friend or relative by phone--at any time of the day or night. And when we ask someone to "give us a ring," we rarely think of the vast amount of telephone equipment needed to bring the voices we want to hear into our homes from almost anywhere in the world.

Telephoning has become such a habit in our everyday living that we take it for granted. So it's only natural that telephone expressions have become part of our everyday language.

SHOPPING BY PHONE

I have a neighbor who has three small children, all of them under five years of age. As most of you mothers can appreciate, raising a lively young family is quite a chore. My neighbor's three youngsters keep her pretty well tied up, too. "How do you do it?" I asked her the other day. "Of all people, you should know," she replied. And then she started a commercial, I should confess it was music to my ears.

"When you have to do everything for three small children, it's not easy to leave the house even for essential shopping," she said. "I've really appreciated our telephone. I can do all my shopping and visiting in a matter of minutes--without ever leaving the house."

"I couldn't have done a better job if I had written in the script myself," I told her.

Shopping by phone saves wear and tear on tires and shoe leather--and people--and will give you more time to do other things that crowd your busy day. Why not try it?

TELEPHONE OFF THE HOOK

It happens 10 times a day in Slaton. That's how many receivers are left off the hook every day. When this happens, it blocks all incoming calls. And on a party line, it puts the other phones out of service. To make sure no one misses important calls, how about telling the children in your family to be sure they replace the receiver after talking?

KEEPING BUSINESS ALIVE

"American business is based on competition. Competition is what keeps business alive, and it is what keeps business growing."

This, of course, is a truism, known to every economist, executive, and observer of our business landscape. But it also is something that great numbers of us pay little if any attention to. And a failure to appreciate the enormous service that competition provides for all consumers can be dangerous indeed. It can lead to an approval and acceptance of legislative and regulatory measures that reduce competition, and substitute the inelasticity of bureaucratic controls for the supply and demand controls of a free market.

Retailing offers as good an example of the competitive process as can be found. Long ago there were retail monopolies in this country, especially in the small communities. The old-fashioned general store and emporium dominated, and could operate on a take-it-or-leave-it basis. But greater mobility and new innovations changed the picture completely. The most revolutionary development lay in the concept of low-cost mass merchandising, which the early chains pioneered. The whole idea was to give consumers more value for each dollar--and to make a satisfactory profit through volume sales. And the independent merchants, to their credit, adapted the principle to their own operations, and held their place in the economic sun.

Now new elements have entered into retailing--the discount houses being the latest. The established merchants are meeting this competition.

A NEWBORN'S HERITAGE

"The first child born in 1961 will owe \$1,603," says the Chamber of Commerce of the United States. "So will every other child born during the year. That figure is the per capita share of the public debt. Let's not make it bigger. The dollar, 100 cents purchasing power at the beginning of this century, has 28 cents today (the two bit dollar is almost at hand). If inflation continues at the rate since the Korean War, the dollar will rot to 16.2 cents at the end of this century."

"The federal debt and guaranteed obligations of the federal government, \$295 billion, surpass by \$42 billion all the debts of all the other countries in the world." And Congress is faced with proposals to increase the debt and annual federal spending by billions.

A VERY REAL DANGER

The Federal Power Commission is proposing a national survey to develop a long-range program for meeting this country's electric power requirements. The goal is the eventual creation of a coordinated and interconnected nationwide power system. As the FPC sees it, the 3,600 power systems now operating in the nation should keep their future expansion plans to a national rather than a local or regional scale. This means that investor-owned utilities, municipal systems, cooperatives, and state and federal projects would be urged to coordinate their facilities over wide regions, using all forms of power-producing facilities. The survey would cost \$380,000 and, if approved by Congress, would be completed by the middle of next year. It would then be made available to Congress, the power industry, and the public at large.

A great many people will be attracted by this idea. And there is no doubt that interconnection of electrical facilities can help to produce the best of service at the lowest cost. Investor-owned utilities in various parts of the country are now constructing interties extending over wide areas in the normal course of expansion and development. The problem posed by the FPC plan is that it would undoubtedly be seized upon by the socialized power zealots as one more weapon in the war to take over private enterprise in the power field, and eventually, on a piece-by-piece basis, wind up with a nationwide government monopoly--tax-free and tax-subsidized. It looks like one more political move to wipe out local and state controls preliminary to nationalizing our industry.

It is this very danger that must be guarded against. Ever-improving power service is not a synonym for socialized power service. Indeed, just the opposite is true.

"It seems to many of us that, before we bewilder drivers with more illuminated signals, we should teach them how to use the simple ones now at their disposal."--W. L. Groth, Director of public safety, Richmond, Virginia.

LOOK OUT FOR LABELS

An immense amount of damage is being done to the cause of freedom in America by a successful campaign to divide Americans over labels. This campaign has enlisted the aid of many outstanding citizens of this country; it is evident in the daily newspaper accounts of speeches given across the country.

Many outstanding Americans are being trapped into making statements which can be twisted into something other than the intention of the speaker. We hear a great deal of talk about extremists, talk which is used to cast a shadow over the integrity of many groups of loyal Americans who are not afraid to speak their minds on subjects concerning the future of freedom, though their views may be in the minority. Efforts are being made to shame all Americans from outward displays of patriotism by the use of sneer words and smear words.

This campaign has its origin within the inner councils of the psychological warfare school of the Mistaken. It is tragic that many Americans forget that our country and the freedom we now enjoy came about by the efforts of extremists. It is tragic that Americans cannot disagree honestly about any issue concerning our government and its course without recourse to a tactic which was originated by the international communist conspiracy--the tactic of vituperation for anyone who disagrees.

This land of the free has always been big enough even to tolerate error, so long as reason was left free to combat that error. Free Americans will not let the present campaign of intimidation succeed. Now is the time for all Americans to speak up, for in the dull, gray area of silence and conformity lies the total surrender of freedom as we know it. There must be respect for the right of others to hold opinions which differ from ours, just as there must be courage to espouse those principles which we believe vital to the continuation of freedom. When Americans who disagree on political, economic, social or religious matters fall to the level of castigating each other rather than standing firmly and logically for the principles in which we believe, then we have truly reached "the maximum hour of danger" to freedom.

An immense amount of nonsense has been poured out over the words "liberal" and "conservative." Like a flock of timid sheep we have been stampeded by it. Every candidate for public office shouts his liberalism or his conservatism and beats his breast to prove that he is more liberal or more conservative than his opponent. Thoughtless Americans have tried to smear into silence everyone who asked what it means to be a liberal or a conservative. The words, "radical," "tory," "extremist," "super-patriot," "left-wing," and "right-wing" are filling the air.

Americans who permit themselves to be coerced into silence or intimidated into inactivity by this broadside of a Mistaken ideology are letting freedom go by default.

Here are thoughts contained in an article by Samuel B. Pettengill--thoughts which we believe all Americans need to think about. He says:

"There is a time to sow, and a time to reap. Every farmer is a liberal in the spring when he plows a fresh field, tries a new feed, experiments with a new fertilizer. In the fall he is a conservative. He conserves the fruit of his toil. He harvests his crops and stores them in the barn where they will not mildew or rot.

"Every youth seeking his first job is a liberal. When he gets his first pay he is a conservative if he is worth his salt. Andrew Carnegie thought it was the supreme moment of his boyhood when he ran home to his mother with shining eyes, holding a few dimes he had received for a week of twelve-hour workdays.

"When Old Dog Tray goes sniffing through the brush for rabbits he is a liberal; when he buries a bone he is a conservative.

"Go to the ant, O thou sluggard, consider his ways and be wise. The ant is a conservative. The grasshopper who

dom and movement; one strength; the other, growth. It is a divine harmony. It proves that the true liberal must also be conservative; the genuine conservative a liberal. Without the giant trunk the tree would fall; without the leaves it would die. Each is necessary to the other. Why should the leaves curse the trunk that holds them to the sun; why should the trunk condemn the leaves which keep the sap flowing from the well springs of life?

"In time the lower branches die. The husbandman (or statesman) prunes them off. He is a liberal in cutting them; a conservative in taking the faggots home to warm his hearth.

"The attic is a conservative institution. In it we store grandpa's old spinning wheel, grandpa's musket, or the little toy soldiers our soldier sons once played with.

"Lloyd George once said, 'Men will not fight for a boarding house.' He was right. We should be 'liberal' in helping all men and women to be able to earn and own that 'conservative' thing called home.

"New Year's Day is liberal. Resolutions are made, dreams are dreamed, and hopes flourish. Christmas Day is conservative. It conserves the love of parents, the bond between husband and wife, the laughter of children, charity for the poor, and remembrance of the Master and His mercy.

"Why be tyrannized by a word? Let us be as liberal as seeds in the springtime, as conservative as the laws which hold the great stars in the sky, or the stars in Old Glory."

We are living in a dangerous and challenging age. The challenge of freedom which has been laid down by the international Mistaken conspiracy does not leave the free world any alternative but to meet this challenge with greater dedication, more intelligent defense and of-

fense, and knowledge of the enemy. This which must be (Continued on

Slaton High School Favorites

Last week was the annual election of favorites at Slaton High School. The big question on the campus was "who am I going to vote for." Best Personality, Most Athletic, Most Valuable Student, Most Courteous, Mr. Slaton High School, Miss Slaton High School and the Friendliest Boy and Girl, were voted on by the student body.

Webber Tefertiller, a junior, was elected Most Athletic. He has been most active in basketball, football and track. He is the son of Mr. and Mrs. C. B. Tefertiller.

Joyce Gamble was named Most Athletic Girl. She's been active in basketball for seven years and lettered two years at Frenship High School and one year at Slaton. Joyce is a senior and is the daughter of Mr. and Mrs. Joe Gamble.

Most Courteous was the vote given Catha Walker, a senior. She has been a senior class favorite; member of Future Homemakers of America; little sister secretary; and member of the pep squad. Her parents are Mr. and Mrs. Joe Walker. Gary Caldwell was voted most Courteous Boy. He is also a senior and was freshman favorite; student council member for three years; FFA reporter; and senior class reporter. The J. E. Caidwells are his parents.

Another senior, Nancy Johnston, was voted the girl with the best personality for 1961-62. Her activities have included manager of Tigerette for 1959-60-61; junior class secretary-treasurer last year; senior class secretary-treasurer; Tiger staff and Tiger Lair for 1961-62. She is the daughter of Mr. and Mrs. T. L. Johnston.

Steve Ball was selected for the best personality among the boys. Steve, a junior, has been active in football, basketball, and track for three years and

is a junior favorite. His parents are Mr. and Mrs. Bill Ball. Pam Stansell was named the Most Valuable girl in SHS. She is classified as a senior, has been a class officer, member of the student council for two years; editor of Tiger's Lair, president of FHA; and attended Plains' officers training camp for FHA. Mr. and Mrs. Ford Stansell are her parents.

The Most Valuable boy named was Dick Martin, also a senior. Dick is the son of Mr. and Mrs. Thomas C. Martin. He has served on the student council for four years, one of which he was president; in the band when he was drum major one year, president one year; basketball four years, co-captain one of them; a member of citizenship board for two years; citizen of the month in December; and attended Boy's State which is sponsored by the American Legion.

Citizen of the month for January was Kathy Brown, the daughter of Mrs. Martha Brown and a freshman. She has served on the Tiger's Lair staff; president of Slaton Little sister chapter; vice president of her home room her freshman year; runner-up for FHA girl of the year; and a candidate for Miss FHA of Slaton. Kathy is a sophomore.

The Friendliest Girl in school, according to the vote last week, is Joann Thomas, a senior. She has been active in basketball for four years; cheer leader her senior year; class favorite as a sophomore; football sweetheart and the wittiest in her senior year. She is the daughter of Mr. and Mrs. W. J. Thomas.

Kay Kinser, Miss Slaton High School moved to Slaton at mid-term her freshman year. She later returned to Hale Center where she was elected Queen of Mardi Gras; elected Miss FHA her junior year in Slaton; co-editor of Tiger's Cage. She is the daughter of Mr. and Mrs. L. T. Kinser.

right hand; Mike Ward, 16, hit in the left side, and Robert Newton, 15, who was shot in the right foot.

Patrolman Joe Martin said the men in the car had "made some remarks to the boys" and added that one of the Negro youths had been hit in the stomach by a rock one of the men threw.

The men left and returned with the shotgun, opening fire on the youths, all of whom received emergency treatment at Mercy Hospital and were released.

Just Around--

keep that date in mind and be a part of helping some child walk again.

Thanks to Hack Lasater of Lasater-Hoffman Hdw. . . he came to my rescue last week and sent me a radio to use

until I could get mine repaired, rather send it back to the company . . . We really did enjoy the good music and news.

Read Proverbs 3 ; 106 ; Psalm 25 ; 1-10

In all thy ways acknowledge Him, and He shall direct thy path. (Proverbs 3:6).
Going home late one stormy, cold night, I was stopped at a railroad crossing by a freight train. As the great diesel rolled past, I could see a faint light in the control cabin. I knew that within that cabin were men who were alert every moment of the trip. Regardless of the night, they would direct that great train on its journey carrying merchandise of great value.
This reminds me that God is at the controls of our lives. He is ever watchful, always guiding, no matter how stormy the night, or how desolate the day. Sometimes the journey is difficult; but if we allow Him to guide, He will bring us through successfully. It is only when we think we know it all and think we can control our destinies that we get off the track.
As the great train rolled on, it finally passed out of sight and hearing. I breathed a prayer. I prayed that I might always let God have complete control of my life; that He would be my personal God, and direct my paths in Christlike living.
PRAYER: O God, help us this day to put Christ in complete control of our lives. Thus when the day is ended, may we have the satisfaction of knowing that he is our personal guide. In His blessed name we pray. Amen.
THOUGHT FOR THE DAY
For successful living, we need to let God have control of our lives.

PAULINE LOKEY

Slatonites' Kin Retires As Potter HD Agent

Miss Mildred Lokey, Potter County's Home Demonstration Agent, is retiring after 30 years service.

Miss Lokey was born at McKinney, Texas and grew up at Posey. She obtained her BA degree from Texas Women's University at Denton and her BS degree from the University of Colorado at Fort Collins. Her early career included a teaching position at West Texas State College at Canyon and in Slaton High School where she taught in the home economics department in its early years in the school.

Miss Lokey is well known in Slaton where her three sisters live. They are Mrs. Fannie Patterson, Mrs. J. A. Elliott and Mrs. C. A. Aditt. Another sister Mrs. C. R. Cato, lives in Amarillo. C. T. Lokey of Olton and John T. Lokey of Dallas are her brothers.

"Pauline Lokey will be missed by her associates in the Country offices--by members of the local home demonstration clubs--by all who came in contact with her on the job--she has never met a stranger, and is gifted with a keen sense of humor and she possess a genuine interest in people--a fact which as is readily apparent when you first meet her. She has enthusiasm for life and all that it offers and it rubs off on the people around her!" This was included in a story printed in The Grain Producers News for January and February.

Miss Lokey will continue to live in Amarillo where she has made her home since 1937.

1962 CHEVROLET JOBMASTER TRUCKS

built better...work longer

When Chevrolet builds a truck, it builds a *quality truck*. This policy makes sense. Chevrolet trucks work a long time... cost less than many other makes to operate and maintain over the years... consistently bring a higher trade-in price... and, as a result, are bought by more people.

We invite you to come in and examine this quality closely to take a 1962 demonstrator for a good long test drive. Note the cab comfort, the good visibility, the smooth ride, the feel of its quality. Compare Chevrolet truck features with those of other makes. Then decide who are your wisest investment. We sure it will be Chevrolet's.

Note how this Chevrolet cab roof is made of two sheets of metal, instead of one, with a layer of felt in between as insulation against cold, heat and noise.

A Chevrolet truck tailgate is sturdier because it has double-wall construction and strong steel chains in tough rubber casing to support it.

Quality independent front suspension fights road shock more effectively than other types--provides more protection for the truck, load and driver.

The standard 250-in. 6-cylinder Chevrolet truck engine worked more miles any other. They nine more engines choose from.

individual, for it is a war for the minds of men which is being waged against us. This challenge must be met also by all free individuals working together against our common enemy. This is not a time for fighting among ourselves. It is a time when we need to respect the rights of those Americans with whom we disagree on matters of political, economic, social or religious issues; but it is also a time in which we must be fearless in standing for our own convictions.

New Telephone Directories Out

The 1962 edition of the Slaton telephone directory was mailed to customers today, J. C. Oakley, telephone manager said.

Approximately 3,600 copies have been prepared and, while many of these will not be mailed to customers, they will be used sometime this year.

Oakley advised customers to destroy their old dictionaries when the new ones are received. He cautioned people to check their directories first to make sure they remove address and telephone number lists as well as other papers which they may want to keep.

The Old Timer

"It's not the minutes you spend eating -- it's the seconds."

Strength For The Week

"In the beginning God created the heaven and the earth." Gen. 1:1. Perhaps few, if any, reading these words deny that the Bible is indeed the Word of God.

In Genesis 1:1, no argument is given. A statement of fact is given. It is impossible to explain the orderly universe apart from a Divine Architect.

Psalms 19:1 tells us, "The heavens declare the glory of God; and the firmament sheweth his handiwork."

There would be no house without a builder. There could be no watch without a watchmaker.

As surely as we know there is sunlight. As surely as we know there is life and death. They tell us that there are stars larger than our sun.

Oakley advised customers to destroy their old dictionaries when the new ones are received. He cautioned people to check their directories first to make sure they remove address and telephone number lists as well as other papers which they may want to keep.

Daughters Of The Pioneer Study Club Met Monday Feb. 7

The Daughters of The Pioneer Study Club met Monday Feb. 7 in the home of Mrs. Howard Hoffman.

Mrs. Gill Smith was in charge of the program. She introduced Mr. W. J. Klattenhoff the guest speaker for the evening.

There were 16 members present. The next meeting will be Feb. 19 in the home of Mrs. Cecil Scott.

FASHIONETTES

The drop earring has achieved fashion respectability. The Fashion Coordination Institute reports that the drop now dominates the spring market in many forms.

The black patent "Mary Jane" shoe for little girls will again be a spring favorite. But it has been joined by a whole family of colored patent leather pumps that coordinate with or set off, pretty outfits.

The sleeveless silhouette needs either a very short glove or an elbow length. For sleeves crimped above wrist, choose a longer length.

4-H Club New Officers

Slaton Community held their regular Tuesday afternoon Clubhouse meeting.

Officers for the coming year were elected. Gail will serve as president.

Fourteen members sent for the meeting. Mrs. Joyce Reed, assistant home-demonstrator agent for Lubbock conducted the meeting.

Old Friends

Mrs. Lawrence Evans (Mildred Swafford), class of 1931, was a Slaton visitor last week. Mildred is a typist-clerk for extension department of Texas Tech. Mrs. Evans, class of 1930, is sales supervisor for Kraft Foods. The Evans are located at 2328-58th Street, Lubbock. No other Slaton exes that have made Lubbock their home for many years are mentioned here. Mildred Basinger, Mrs. Basinger (Mildred Boyd), class of 1930, and Mildred, class of 1928. The Basingers own and operate the Vogue Cleaners in Lubbock, live at 3511-42nd Street, Lubbock. Mildred had a very interesting report on her trip to Beirut. Donald E. Heilner (Gwendolyn Heilner), class of 1944. Gwendolyn's husband is a petroleum engineer with G.F.I. He is working now in the south part of Beirut. Gwendolyn is living in Beirut, Lebanon at the present. Gwendolyn spends spare time working in the American Womens Club and attending the University study French. The Heilners recently returned Jerusalem for four or five days. Mildred reported a very interesting trip. Mildred T. (Chick) Garland has gone out to California to visit his son and family for a few days. Gunter, class of 1938, is assistant to the division engineer for the Santa Fe Railway Company at San Bernardino, California. His wife is the former Mrs. Stanford, class of 1938. The Garlands live at 2716 West 5th Street, San Bernardino, California. Many of you can recall the sense of urgency that you felt as an underclassman get out and make your mark in the world. How the friendships made then seemed to be so very important and how easy it was to lose contact with these

same important friends in a very short time after graduation. Your Ex Students Association is making an honest effort to make it possible for you to re-establish contact with these old friends. Our plans are to establish a mailing list of exes in every class since 1945. Lists for nine of these classes have been completed. When all of these lists are in, addressograph plates will be made and a regular news letter will be mailed to each individual either monthly or quarterly. In addition to this we have planned to have a reunion on June 30th, of this year. For these plans to materialize and a success made of this organization it will take the cooperation of all exes. There will be some costs that cannot be borne by just a few individuals. The dues have been set at \$2.00 per member for the first year. You will be given a financial report from time to time. Those paying dues since our last report are - Gertrude Arrants, Virta Zuma Shepard, Jackie Shepard, Mrs. Douglas Chambers (Josephine Shepard), Bob Ayers, Bruce Pember, Edith Swanner, Lois Rogers, Harold Tucker and Dorothy Jones.

TG & Y Offers Two-Week Trip To Paris; Other Prizes

Bob Graves, Slaton T. G. & Y. manager, announces that their variety stores this week will offer a free two-week Paris trip for two, and 200 additional prizes worth \$20,000 as part of a nationwide variety store promotion that starts today, February 15.

The Program is the 14th annual NATIONALLY ADVERTISED BRANDS PROMOTION. It's being run exclusively by variety stores to call customer attention to the complete assortments of nationally advertised brands featured in their 8,000 chain stores throughout the nation.

The Nationally Advertised Brands Promotion is coordinated by Chain Store Age Magazine, leading publication in the variety store chain field. On of the unique features of the promotion is that each store uses similar material, thereby presenting to consumers a coordinated impression and image of the complete assortments of National Brands carried by variety stores. All 8,000 stores concentrate advertising and promotion to dramatize complete assortments of such products as General Electric, Ponds, Woodbury, Gillette, Johnson & Johnson, Griffin Shoe Polish, Ronson, Scripto, Wear-ever, Parker Games, Pyrex and other national brands.

Featured during the promotion is a Consumer Sweepstakes, offering \$20,000 in prizes, including a two week vacation for two in Paris--plus 200 additional prizes. Prizes such as Electric Organs, Home Cleaning Systems, T. V. Reclining Chairs, Cameras, Luggage and other prizes, will be given to sweepstakes winners. No purchases are necessary--no limit on number of entries. Entry blanks are available only at local variety stores. The filling in of name and address and mailing to indicated address is all that is necessary.

Local residents can easily identify the participating variety stores by looking for the bright red and blue banners that say--"FAMOUS BRANDS FESTIVAL -- NATIONALLY ADVERTISED BRANDS PROMOTION."
