## Norbert Sokoll Murdered In Liquor Store Tues.

INVESTIGATING MURDER--Deputy Sheriff Bill Shew of the Lubbock County Sheriff's office is shown investigating the murder of Norbert Sokoll, 42, an employee of John's Liquor Store. Sokoll was stabbed to death Tuesday night at the package store northeast of Slaton. Slayers were arrested and signed statements within hours after the crime was committed.

HAT THAT LED TO SLAYERS--Slaton Chief of Police Gene Martin examines the hat that eventually led to the arrest of the admitted killers of Norbert Sokoll, employee of John's Liquor Store, who was stabbed to death Tuesday night in an attempted robbery. Chief Martin and Slaton officers, working with other law enforcement agencies, rounded up the killers in what was considered "the fastest police work in Lubbock County in recent years."

Norbert Sokoll, 42, a longtime Slaton resident, was brutally slain Tuesday night at John's Liquor Store, where he had been an employee since it opened a year ago.

Sokoll was stabbed to death in an attempted robbery about 9:30 p. m., and was dead when officers and an ambulance arrived.

Slaton police, working along with other law enforcement agencies, had three men arrested and had obtained signed statements admitting the murder within hours after it was committed.

Using a hat lost by one of the men during the murder as a clue, the officers had the men under custody in what was considered as "some of the fastest police work in Lubbock County during the past several years."

Police Chief Gene Martin recognized the hat as belonging to possibly two or three persons. He, along with patrolmen Joe Martin, Robert Breedlove, and Ed Taylor, located the suspects immediately after the search started.

And then working in conjunction with Lubbock County Sheriff's officers, Lubbock city patrolmen, and Texas Rangers, the wanted men were rounded up by 3 a. m.

"It was joint effort," Martin said. "It takes all the departments working together to clear things like this up."

An account of the crime, reported on by Jerry Hall and Joe Hitchcock of the *Avanti* Journal, is as follows:

Three Slaton men were charged with murder with malice at noon today in the savage stabbing of a Slaton liquor store employee during a robbery attempt Tuesday night.

Asst. Dist. Atty. Sam Kelley said the charges were filed before Justice of the Peace George H. McCleskey at 11:55 a. m.

Named were Ame Rio Franco, 19; Willie O. Aguirre, 20; and Gusdalupe Pena, 19. Franco and Aguirre have given signed statements to officers admitting their part in the slaying.

**Youth Is Released**  
A fourth suspect, the 17-year-old brother of one of the men charged, was questioned by officers and released.

Swift police work, aided by a hat one of the suspects apparently dropped at the scene, resulted in the roundup of the three men in the pre-dawn hours today.

The two signing statements gave full details of the robbery--which netted only several bottles of liquor--that led to the death of Norbert Sokoll, 42, a longtime Slaton resident.

**Body Is Found**  
Sokoll's body was found draped across a wine and soft drink cooler at John's Liquor Store, one mile east of Slaton, about 9:30 p. m. Tuesday.

On the floor was a crumpled, brownish-gray, foreign-type short brim hat and a ballpoint pen.

It was the hat which led to the quick arrest of the suspects, in some of the fastest police work in Lubbock County in recent years.

Deputy Sheriff Bill Shew, who took one of the statements, said at least one of the men was known to Sokoll.

"They were in the liquor store

## Chamber of Commerce Names Committees

Committee chairman for Slaton's Chamber of Commerce were named this week, with 14 different phases of the work designated.

Named were Truett Bownds, chairman of Agriculture Committee; Earl Eblen, chairman of Aviation Committee; Wayne Kenney, chairman of Christmas Decorations and Parade Committee; Harry Stokes, chairman of Parks and Recreation Committee; Robert Huser, chairman of Publicity and Advertising Committee; George Lemon, chairman of State and National Affairs Committee; Ed Williams, chairman of Trades Day committee; Doug Galassini, chairman of Welcome to Slaton committee; Dr. Lee Vardy, Chairman of Established Industrial Committee; Dr. Bob Van Meter, chairman of City Beautification committee; Bob Clodfelter and W. A. Heinrich, chairman of Farmer-Merchant Barbeque; and Phil Brewer, chairman of Finance Committee.

(Continued on last page.)

## Students Speak At Meeting Of Rotary Club

Five high school boys that have been Junior Rotarians spoke at the Rotary Club Thursday noon at the Club House. O. Z. Ball was in charge. A Junior Rotarian is a high school boy that is selected each month by the club as a guest during that month.

Those speaking were Dicky Marriott, Dick Martin, Larry Talbot, Mike Bain and Johnny Davis. All of them expressed their thanks for having been selected in the past. They told of how much the Rotary Club meant to them after having found out more of their work.

"I have learned much about Rotary and feel that a Rotary Club helps our community. Your programs help other people too," said Dicky Marriott.

(Continued on last page.)

## Meeting Called To Plan Spring Clean-up Campaign

Plans are underway for a "clean-up, paint-up, pick-up" campaign in the city of Slaton.

Civic Clubs are asked to have representatives at a meeting to be held Monday, February 26, at 7:30 p. m., in the civic room of Citizen's State Bank.

The Slaton Garden Club conceived the idea and are asking all the civic clubs to join with them in this big undertaking.

## Slate Complete For Candidates Seeking Office In May Primary

Following is a list of the candidates for office in the state of Texas, subject to the forthcoming primaries:

### GOVERNOR (9)

### Speed And Greed

When you are exceeding the speed limits, or traveling too fast for conditions, you are displaying greed of the most dangerous kind. "Just how do you mean?" someone might ask. First of all, it must be explained by saying that speed laws are determined by traffic engineers with one major thought in mind: Safety! The speed limit posted on highways, freeways, streets and in school zones is the maximum safe speed under favorable conditions a motorist can travel on these thoroughfares.

Greed, as we usually know it, was demonstrated clearly during World War II when many persons hoarded certain hard-to-get items. Hoarding, of course, resulted in smaller shares for those conforming with rationing laws. This was bad enough, however this kind of hoarding did not usually impair life or limb.

Greed, as demonstrated in traffic, is another matter. Here when a motorist hoards time by exceeding speed limits, or driving too fast for conditions, he steals time not lawfully his and disregards the safety of others.

His usual practice is to leave late for engagements, then try to make up time by exceeding speed limits or going too fast for conditions. His greed is transferred to the pedal under pressure, and all law-abiding motorists and pedestrians in his path are in danger of serious injury or death.

Hoarding time by speeding is a deadly business where innocent and guilty alike may suffer for the sake of a few minutes or seconds. Let us take an example of the hoarding driver traveling down the road at 60 MPH, 30 feet behind another car traveling 60 MPH. The minimum safe following distance under ideal conditions is 120 feet. The accepted guide in determining this minimum following distance is to double the speed in miles per hour of the vehicle you are following to determine your following distance. All this hoarding driver can gain is to get to his destination 70 feet earlier than if he were following 120 feet. At 60 MPH this gain amounts to eight-tenths of one second.

### Big Lie

A great many people believe--as public opinion polls prove--that the owners of industry get the lion's share of earnings, and that the workers get the short end of the stick. They've been told that, time and time again, by enemies of our free enterprise system.

This is comparable to the "big lie" that was so effectively used by Adolph Hitler.

Allen W. Rucker, a national authority on industrial costs tells a different story. It goes like this:

In a recent year, for every production man-hour worked in this country the produced value was \$5.87.

Outside costs, such as depreciation and taxes, came to \$1.92. So there was \$3.95 per hour of work left to divide.

Of that \$3.95, wages and related benefits accounted for \$2.27. Salaries and related benefits accounted for \$1.15. So the earnings for owners, which was the profit, came to 53 cents.

Putting it another way the tool users got 86.6 per cent of the divisible income--while the tool owners and providers got 13.4 per cent.

Does that look like exploitation of labor?

## WE SALUTE

### THE SLATON ROTARY CLUB

These good people have been working for the good of Slaton for 37 years, as they were chartered here in 1925. A meeting is held each week on Thursday noon at the Club House. Working quietly and unassuming, this Rotary Club is a big influence for good to our city.

Present officers are:  
Charles Barron, President  
John Schmidt, vice president  
Troy Bruster, Sec.-treas.  
May you continue the good work, is our wish.

### DEATH VALLEY DAZE!

### Self-Regulation Is Best

"Tough self-regulation" is the most effective means of policing securities markets.

That is the view of President Keith Funston of the New York Stock Exchange. And he speaks with authority--for, to quote him again, rigid self-policing "has been, is and will be the cornerstone of our New York Stock Exchange marketplace."

Mr. Funston does not claim perfection for his organization or its policing system. This Exchange's community includes 100,000 people, scattered across the whole country. Under such conditions, occasional irregularities are inevitable. But, he adds, "we are aggressively seeking them out. And when we discover them, we move to correct them--quickly, decisively and, according to some outside observers, even harshly."

The Securities and Exchange Commission itself has recently spoken of the desirability of self-regulation. This is evidence of the fact that, valuable and necessary as is the work of this Commission and other governmental bodies, they can't do it all. And they shouldn't do it all, even if it were humanly possible. A free enterprise, working in a free society, has an unavoidable obligation to insist upon and practice the highest standards of integrity.

The government has charged officers of the American Stock Exchange with a number of serious infractions, price rigging among them. Some of these officers have resigned under fire. If the charges are proven it will be an example of a lack of self-policing. The whole securities industry, serving, as it does, some 13,000,000 stock owners and all manner of institutions, should adopt every possible safeguard to prevent such acts.

### What Could Be Fairer

It has been predicted that more than 500 bills dealing in one way or another with the nation's transportation systems will be presented at this session of Congress. Few of them will be seriously considered, or will reach the debate stage. But this mass of proposed legislation does illustrate the confusion that surrounds the transportation problem--a confusion that has resulted in a lamentable lack of action in past years.

What is needed--entirely aside from the merits of any one of these 500 bills--is to take first things first. The Terre Haute, Indiana, Tribune, put the case clearly when it said: "Certainly the first step is Congressional action to accord equal government treatment to all carriers--to establish a firm policy that discriminates against none and favors none. The railroads, for example, have urged legislative action on a 'Magna Carta for Transportation' program based on four urgently needed freedoms--freedom from stifling regulation; freedom from destructive taxation; freedom from subsidized competition; freedom to diversify into other forms of transportation. What could be fairer than that?"

The railroads have been almost studied to death. Commission after commission has looked into their problems, along with those of other carriers, and come up with recommendations. But Congress has shown a strange reluctance to make decisive moves. It's a case of the mountain laboring and producing a mouse. Now, time is running out, and there's none left to waste. Congress no longer has any excuse for failing to modernize its own long outdated railroad legislation with resulting stifling regulation.

The schools turn out quite a few students and it's easy to understand why.

### Wesley Roberts Seeks Job As State Senator

Wesley Roberts of Gaines County, senior legislator from the South Plains in the Texas House of Representatives, this week announced his candidacy for state senator of the 28th district.

Roberts, 36, is seeking the senate seat formerly held by Preston Smith of Lubbock. Smith is a candidate for lieutenant governor.

The 28th senatorial district is composed of Andrews, Cockran, Crosby, Dawson, Gaines, Hockley, Martin, Terry, Lynn, Lubbock and Yoakum Counties.

A native West Texan, Roberts was born in Howard County, the son of Mr. and Mrs. C. W. Roberts. As the son of school teachers, Roberts has lived in Lamesa, Ropesville, Slaton, Seminole, Seagraves and Andrews. In 1934 his parents moved to Andrews and founded the newspaper there. He is a graduate of Andrews High School and attended Baylor University where he was a star tackle for the Golden Bears.

During his three terms in the state legislature, Roberts has become a well-known and respected leader of the responsible, and conscientious conservative Democrats in the Legislature.

He has served on many important committees in the legislature; appropriations, state affairs, insurance, motor traffic and loan shark study committee. He was chairman of the cost of government investigations which resulted in millions of dollars in savings to the state.

Roberts' committee, through its investigations, pinpointed extravagance and waste in many departments of the state government. The committee revealed plans for the \$167,000 home for the president of a junior college, the \$41/2 million fish passes on the Gulf coast, and other unnecessary projects were either stopped or modified.

As the senior representative from the South Plains, Roberts has been the outspoken champion for this area. He was instrumental, along with other West Texas legislators in securing for Lubbock a third representative in the House and has long proved his worth in the constant battle to secure adequate funds for Texas Tech. He has been commended by Tech officials for his efforts on behalf of the college.

In his announcement, Roberts stated that as a senator "I will have a greater opportunity to carry out some of the projects upon which I have labored as a representative."

"For example, I served on the original loan shark study group and the House has consistently passed a fine control bill--yet the bill always falls in the Senate. This year, in our special

session, the House passed one of the strongest loan shark control bills in the nation yet it failed to pass in the Senate 14-16. If elected to the Senate, I believe I can help bring about passage of this much-needed law."

Roberts, who introduced a House resolution calling for correction of inequities in the sales tax bill and got it passed 127-30 in the recent special session, believes that as a senator he can bring about corrections in the sales tax law.

"As a state senator I can effectively work to turn back or stop the drift of our state government into spending more and more money on projects that are not needed and cannot be justified," Roberts said. "Too, I believe that the Texas legislature can--and should--bring about a solution in the oil industry that each year sees other states taking a larger slice of oil markets once held by Texas."

"There are many issues facing the people of the South Plains and residents of Texas in general, . . . and a strong voice representing the people--rather than the small cliques in big cities--is a vital necessity if this area is to hold its own in Austin.

"My past and my future is tied to West Texas and its people," Roberts said. "And I shall give my very best to see that this district continues to have an honest, fair, and strong voice in the legislative halls at Austin."

### DISEASE TRACED TO TROPICAL NUT

"DON'T EAT the cycade until you're grown up," Guam parents admonish their children. And not even then, University of Wisconsin biochemists would add. These researchers are trying to establish a link between the big starchy nut that grows wild in the jungle and the fatal disease ALS (amyotrophic lateral sclerosis), ALS, which struck down famous Yankee baseball player Lou Gehrig, is contracted by 50,000 Americans each year. On Guam the percentage is 100 times as high. Even animals that browse on leaves of the cycad tree develop a disease similar to ALS, the scientists have found. They hope that if cycad poisons are found to cause the malady, similar chemicals may be occurring in the American diet, and preventive steps taken.

THE WHITE CLIFFS of Dover, England's landmark, are made up of millions of bodies of foraminifera, tiny sea organisms that died millions of years ago.

ELECTRIC HEAT is used to bond plywood, make laminates and perform many other tasks in industry. The materials are placed between electrodes, as bread is placed between grids of a toaster. But from that point on the process is quite different. Instead of first "toasting" the outside, Thermex dielectric heating units made in Louisville distribute heat to all parts of the material at the same time. This does the work faster and eliminates the possibility of scorching the surface before sufficient heat has reached the center of the material.

SCIENCE PORTRAIT: Archimedes (287-212 B. C.) was the greatest scientist of the ancient world. This intellectual giant lived in Syracuse, Greece. Though best known for his war devices (grappling hooks, catapults), he was primarily a mathematician. He discovered the principle of buoyancy and thoroughly examined the geometry of the circle. His discovery of the level as a way to multiply man's strength led to his famous hoists: "Give me a place to stand and I will move the earth."

### Turman Begins Campaign For Lt. Governor

JAMES A. TURMAN

James A. (Jimmy) Turman of Fannin County, Speaker of the Texas House of Representatives, has begun his active campaign for Lieutenant Governor.

Speaker Turman said his decision to run for Lieutenant Governor was "based on the sincere belief that my record as a legislator and as president of the House qualifies me for the duties required of the Lieutenant Governor--to preside over the State Senate in a fair, effective and democratic manner and to help preserve the God-given personal and political rights and liberties of all our citizens."

"I will announce my platform in the very near future. Let me say at this time, however, I believe that the only legitimate forces in State government are the wills and rights of all our citizens deciding the issues through their elected state officials, and not through the 'Big Lobbyists' in Austin."

"I want the support of all Texas citizens in establishing fiscal responsibility in State government, and, at the same time, support in providing the protection and services our people have a right to expect from our prosperous State with an ever-expanding economy."

"I want and need every Texan's support--from business and industry, labor, education, the professions, government, farming and ranching, and all other segments of our social and economic life."

Speaker Turman added, "I will meet and visit personally with as many people as time, between now and the primary, will permit. I pledge diligence to duty, integrity of purpose, and honorable service with fairness to all if elected Lieutenant Governor."

Turman worked his way through East Texas State College as a bus boy, dish washer and waiter, drug store clerk and bookkeeper, receiving the B. A. and M. S. degrees in Business Administration. He has been a teacher and administrator in the public schools and two State colleges.

Turman, a share cropper's son, was born on a tenant farm in Fannin County and lived with his parents in Gober, Glade-water and Bonham. He is a Navy veteran of the Korean Conflict, a deacon in the First Baptist Church of Gober, a member of the Texas Farm Bureau, Chamber of Commerce, other civic and professional organizations and fraternal orders.

Turman married his high school sweetheart, Ira Nell Wigley of Gober. They have one son, Mrs. Turman is presently teaching in the Austin Public Schools.

### SWPS To Build New Turbine At Amherst

A. R. Watson, President of Southwestern Public Service Company, has announced that the Missouri Valley Constructors, Inc., of Amarillo, has been awarded the contract to build a 210,000 kilowatt turbine-generator unit at the company's Plant X, located 7 miles north of Amherst, Texas.

Construction will begin this week, with completion scheduled for June 1964.

The new unit, manufactured by the General Electric Company, is the largest single turbine-generator ever installed in the area served by Southwestern Public Service Company.

In making the announcement, Watson stated that the new addition represents an investment of \$15,000,000 and is dramatic evidence that this region continues to be one of the fastest growing sections of the country.

This will be the fourth generating unit at Plant X, and will bring the capability up to 487,500 kilowatts, and the total for all 12 of Southwestern's plants, to more than 1,200,000 kilowatts.

The electrical construction will be handled by Service Electric Company, Carlsbad, New Mexico.

### Church Report

Attendance at church schools in Slaton Sunday, Feb. 18 totaled 1510 in the 11 churches which reported.

Churches reporting and their attendance was as follows:

Newlywed Trucker: "Darling, it's beans on Monday, beans on Tuesday, beans on Wednesday, beans today . . . how can you keep telling me you're feeding me a balanced diet?"

Beauteous Bride: "Golly, Sweetie, you know every lil' ole bean weighs the same!"

BILL J. PARSLEY

### Bill J. Parsley Announces For State Office

Bill J. Parsley is this week announcing his candidacy in The Slatonite for state representative place 3 in Lubbock County, subject to the Democratic Primary to be held in May.

Mr. Parsley, a native West Texas, was born near Fort Phantom Hill in Jones County in 1928. He moved to Lubbock in 1937 where he attended public schools and graduated from Texas Tech in 1952 with a degree in government.

He is married to the former Alice Hix of Abertathy and is the father of three boys, Clint, Clay and Matthew. He was in the U. S. Navy for two years during Korea aboard the U. S. S. Helena with the 7th Fleet. He is also a member of and past Commanding Officer of Lubbock Naval Reserve Company.

He is presenting himself as a candidate for state representative on the grounds of his qualifications and experience; a B. A. Degree in Government from Tech; L. L. B. Degree in Law from the University of Texas; Legislative Assistant in the Texas House of Representatives; Assistant County Attorney of Lubbock County; Actively engaged in the general practice of law in Lubbock; A farm background to serve an agricultural area; and a business background to serve a business community.

Parsley believes there can never be a successful government "of the people, by the people and for the people" unless we as individuals, accept our responsibilities for strengthening our principles of freedom. He says there are no "gifts" from state or national government. Each transaction involves a payment by the people, in taxes or in loss of

control.

"There can be no real progress or prosperity unless growth is born of itself, supporting itself and purposefully serving the people. Subsidized progress is purely a spending proposition with the people spending their freedom and their taxes.

He urges 1.) Sound economic growth instead of taxes upon taxes; 2.) Encouragement of state and local soil and water conservation measures; 3.) Simplification of the general sales tax, 4.) Removal of inequities in automobile insurance laws; 5.) Strengthening and protecting our educational institutions.

### Young Woodrow Farmer Wins State Award

H. G. Burkett of the Woodrow community was awarded third place in the State Outstanding Young Farmers contest at an awards banquet held at Sands Oaks Country Club in Greenville, Texas, last Saturday night, Feb. 17.

H. G. was sponsored by Lubbock Jaycees.

Winner of second place was Joe Steve Wolfe of La Feria. He was sponsored by the Jaycees of Harlingen.

Elton Ray McDonald of Comanche was first place winner. McDonald was sponsored by Comanche Jaycees.

Lewis Timberlake, president of Texas Jaycees, presented the awards.

Tom Anderson, president and publisher of Farm and Ranch magazine, was the featured speaker. Included among the 215 persons in attendance were 27 candidates for the coveted awards.

J. E. Banks of the local Greenville Chamber of Commerce was general chairman for the event and the Greenville Jaycee-Ettes were in charge of the decorations, reception and ladies program.

Burkett was accompanied to Greenville by his wife, Wanda, and Mr. and Mrs. Johnny Melcher.

### Happy Birthday

Feb. 24 . . . Sonny Schmidt, Roy Carpenter, Lorenzo, Mrs. Mary F. Mays, J. A. Russell, W. O. Townsend, Ferrill Greswell, Dolores Diane Crow, Bryan Schwertner.

Feb. 25 . . . Franklin Kirten, Mrs. Alton Meeks, Billy Kitchens, J. E. Eckert Jr., Loreta Gerngross, Mrs. M. W. King.

Feb. 26 . . . Mrs. Wade Thompson, J. T. Bolding, Jr., Beimer Trimble, Elmer Trimble, Mrs. Larry Bridges, Kiety O'Brien, Jimmy Sharp.

Feb. 27 . . . Barbara Arrants, Velma Jean Hagler, Mrs. D. M. Jackson, Mrs. Robert Limmer.

Feb. 28 . . . Joe Van Ness, Ed Haddock, Bill Ball, Ronnie Jones, Donnie Heinrich, Mrs. Roland German, Bert Hastings, Johnny Foerster, Edgar Williams, E. M. Lott, Leonard Ehler Jr., Carolyn Biggs.

March 1 . . . Wayne Kenney, Mrs. Loyd Tucker, Mrs. Howard Hale, Curtis Dowell, Mrs. W. L. Polk, J. B. Sharp, Mrs. Lee Meurer.

### FREE AIR AT SELF'S SERVICE STATION

DAUGHTER -- "But, Dad, don't you believe that two can live as cheaply as one?"

FATHER -- "I certainly do. Right now your mother and I are living as cheaply as you."

HALF BAKED Mrs. Brubaker didn't seem to be getting good service out of the family car. She bitterly complained about it to her husband.

"What seems to be the trouble, dear?" he inquired sympathetically.

"I don't know exactly," Mrs. B. replied, "but I wonder sometimes if it isn't due to all those raw materials they use at the factory."

Chances are that if Mrs. Brubaker had brought her car to Self Service Station . . . we could have corrected whatever was ailing her car before it began to irritate her.

A good many minor irritations can be cured simply by using that very fine Phillips 66 Flight Fuel, or Phillips Premium oil. Try us . . . you'll see what we mean!

### Scouts Hold Court Of Honor Friday

Troop 125 held a Court of Honor Friday night Feb. 16, Scouts advancing to second class were Allen Miles, Randall Langham, Howard Chapple, Joe Fondy, Danny Heinrich, Tom Davis, Bobby Ball, Mike Green, Brent Lamb and Randall Johnson.

Scouts receiving merit badges were Byron Henderson, Randall Langham, J. E. Eckert III, and Randall Johnson.

A one-year service pen was presented to Mike Morris, Tenderfoot Investiture was held for Allen Underwood.

Refreshments and entertainment for the evening were furnished by the Panther Patrol under the direction of Patrol leader Carlton Jones.

"Yes, Santa Claus, there really was a Virginia."  
"How do you expect me to remember your birthday, Dear, when you never look any older?"  
"She told me the first time she heard that one she kicked a slat out of her crib, and I told her, 'I'm not surprised -- you have the feet for it.'"

### Ministers Have Filing Deadline For Social Sec.

"April 16 is an important deadline for many of us, but especially for ministers who want social security credit for their earnings," said John G. Hutton, manager of the Lubbock Social Security Office. "Ministers who have not yet taken action and who do wish to participate in the social security program must indicate so by filing a waiver certificate with the local Internal Revenue Service office before April 16."

Mr. Hutton emphasized that the decision to participate in the social security program is up to the minister, but that his office will be glad to answer any questions or furnish information which may be helpful in making this decision. A leaflet which explains how ministers can obtain social security coverage is available from the social security office located at 1616-19th Street, Lubbock, Texas, or may be obtained by calling the office at PO 3-0456 or writing and asking for leaflet 333.

"As of early last year, about seventy percent of the full-time ministers who are eligible for social security coverage have elected to have their earnings credited toward future old-age, survivors, and disability insurance benefits," said Hutton, quoting from a report of the Social Security Administration. "Ministers who let the April 16 deadline go by without filing," Mr. Hutton said, "will not have a chance to participate in the social security program."

### Slaton Men On LCC Advisory Board

Clark Self Jr., and Troy Bruster, both of Slaton, and Gerald Paden and Alex Sanders from Wilson, are members of the Lubbock Christian College Advisory and Development Board that met in Lubbock Tuesday of this week.

Meeting with the Board of Trustees, the Advisory Board discussed the progress of the Christian liberal arts junior college now with the Bible lectureship, which is attracting large numbers to the campus. This year's dates are from Feb. 18-22.

LCC had enjoyed five consecutive record enrollments, and it is now the largest non-tax supported junior college in Texas.

Presently under construction are the first permanent men's dormitory and a giant field house, which, when completed, will be the largest in the Southwest. An additional wing to double the capacity of the women's dormitory is being planned.

Twenty-two Texas public high schools have taken advantage of a new, State Board of Education Standard which authorizes state-accredited high schools to advance superior and talented students at their own rate through advanced standing and advanced credit examinations.

### Theatre To Sponsor March of Dimes Talent Show Friday

Slaton Theatre's annual March of Dimes Talent Show will be Friday night, February 23. In addition to the local talent there will be that hilarious comedy picture, "Seven Year Itch", starring Marilyn Monroe and Tom Ewell, in color. The piano used for the talent show will be furnished by Jenkins Music Company of Lubbock. Mike Malone will be master of ceremonies for the show.

For Friday evening, only, the Caprock Drive-In Theatre will be closed, according to Mr. Bell, local showman.

"I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must make our choice between economy and liberty or profusion and servitude. If we run into such debts, we must be taxed in our meat and drink, in our necessities and our comforts, in our labors and in our amusements. If we can prevent the government from wasting the labors of the people, under the pretense of caring for them, they will be happy."--Thomas Jefferson

MR. AND MRS. JOHN NELSON

### Nelson Offered Pro Baseball Contract

John Nelson, 28, a former Lubbock resident, was recently offered a \$15,000 per year contract with the Houston Colts professional baseball team in a coaching capacity.

Nelson is unable to accept the offer presently, as he is in a San Antonio hospital being treated for injuries he received during the Korean conflict in 1952.

Professionally, Nelson had played for the Austin Senators, the Corpus Christi Clippers, in Memphis, Tenn., and Montreal, Canada.

A native of Salt Lake City, Utah, Nelson resided in Slaton during the five years, prior to entering the hospital at San Antonio.

A crusty old dispatcher who had just joined his mate in celebration of their golden wedding was told by one of his cronies: "I heard all the women at your reception talking about how good you are to your wife."

"Well, it's only been in the past 40 years," confessed the old man "that I've been that way. The first year I was ornerly. Once I even raised my hand against her... couldn't look her in the face for a week after. By that time I could see a little out of one-eye!"

### Screwworm Control Now Underway

Texas' multimillion dollar screwworm control program is underway. It was launched Wednesday morning (Feb. 14) when sterile male screwworm flies were air-dropped over Hays county.

The release -- first of its kind in the Southwest -- was timed to coincide with a meeting of the Southwest Animal Research Foundation in Austin. More than 400 livestock producers and sportsmen from Texas and adjoining states attended the kick-off meeting. The fly release climaxed the efforts of thousands of stockmen and sportsmen who have worked on the program for many weeks.

C. G. Scruggs, president of the SAHRF, said the program involves the U. S. Department of Agriculture, Texas Animal Health Commission, Texas A&M College and the research foundation. He reported that contributions by stockmen and sportsmen now totaled approximately \$1,400,000. An intensive drive will be continued, SAHRF officials said, until the \$3 million goal is reached.

Scientists, capitalizing on freeze-out of overwintering screwworms in January, believe there is an opportunity for lowering -- if not totally eradicating -- screwworms from Texas this year.

The program will follow the pattern of the successful eradication effort in Florida and the Southeast. Millions of artificially raised male screwworm flies, made sterile by exposure to radioactive material, will be released in the overwintering area in South Texas and in a "buffer zone" along the southern border of the state. A giant screwworm producing plant will be constructed in South Texas with an expected capacity of 50-75 million flies per week. Facilities at Kerrville Lab will eventually produce 20 million flies each week. Dr. S. Gartman, who has charge of the Kerrville fly facilities, will head operations at the new plant.

Speakers at the kick-off meeting included Dolph Briscoe, Jr., Uvalde, president, Texas and Southwestern Cattle

Raisers Association; Dr. F. J. Mulhern of USDA's animal disease eradication division, and Dr. R. S. Sharnan, ADE staff officer, who explained how the program will operate.

Release of sterile flies is only half the job, they said. The remainder is up to the stockmen. If maggot infestation is found, stockmen are asked to remove 10 from the bottom of the wound and report to their county agent for a positive identification.

A marine captain and a lieutenant were having a friendly argument about the amount of work involved in wooing a girl. The captain claimed it was 80 per cent pleasure and 20 per cent work; but the lieutenant said he regarded it as more like 75 per cent pleasure and 25 per cent work. They decided they'd get a third vote, so asked the driver of the jeep they were riding in what he thought of it. They told the private to speak right out.

"Yes, sir," replied the private, "it sure must be 100 per cent pleasure, because if there was any work in it at all, you officers would have us enlisted men taking care of it."

"Be courteous--treat the other fellow as though he is as important as he thinks he is."--Mrs. Cary Hiott, Pickens (S. C.) Sentinel.

### READ ACTS 10:34-44

Then Peter opened his mouth, and said, Of a truth I perceive that God is no respecter of persons. (Acts 10:34.)  
To ask help for a person in need, Julia Ward Howe was talking with a distinguished senator. He said, "Julia, I've become so busy I can no longer concern myself with individuals." She replied, "That's remarkable. Even God hasn't reached that stage yet."  
Today, as yesterday, God is interested in all individuals, regardless of race, nation, or class. He is not a respecter of persons, in His sight all men are equal, and those who believe in Christ His Son as their Redeemer are equal and brothers.  
In his book VICTORIOUS LIVING, E. Stanley Jones has said, "We will be builders together," where the sufferings of one are the sufferings of all, and where the gifts of God are shared with all the other children, into that holy tabernacle of humanity we can ask Him to come--and He will! "When He does come, all barriers to brotherhood will be transcended."  
PRAYER: O God, everlasting and impartial, may we always show Christian concern for our fellow men everywhere, as they are precious in Thy sight. In the name of Jesus, who taught us to pray, "Our Father who are in heaven. . . Amen."  
THOUGHT FOR THE DAY  
In this chaotic world, Christian brotherhood is one of God's priorities.

**NORBERT SOKOLL--**

about 2 p.m. Tuesday and Aguirre gave Sokoll a check for some beer," the deputy said. "It was later found in the victim's billfold. Sokoll did him a favor by taking the check because he knew him," the deputy said.

**48 Knife Wounds**  
Officers said a possible reason for the slaying was because the trio was afraid they could be identified.

Sokoll's body was found by A. A. Denzer, Rt. 1, Slaton, son of the store's owner, John Denzer. Officers said there were 48 separate knife wounds. Thirty of the cuts, including a deep, open slash on the right side, covered the front of the chest and stomach, arms, neck and face.

There were 18 wounds in the back.

Show, Deputies Albert Smith and Leon Jennings and DA In-

vestigator Jack Reeves returned from Slaton at mid-morning with a knife they believed was used in the slaying.

"It was found in some weeds about 150 feet across the road from the liquor store," one of the deputies said. "We had been told where to search for it."

**Details Are Revealed**  
He added that the knife "had been thrown into the weeds as the trio ran from the store as fast as they could. It was a three-

blade, four-inch pocket knife," he officers said.

Here is the story as officers pieced it together from the statements.

The three men began drinking beer Tuesday afternoon and "riding around in Slaton."

Franco said "we had intended to go to Lubbock to look for a job."

They went to other stores, including John's, and finally decided to attempt a robbery, Franco's statement said.

Two men stabbed Sokoll, after one tried unsuccessfully to open a cash register. The third man helped himself to several bottles of vodka from the shelves, according to officers. The attack was started by one man, officials added.

The trio overlooked about \$9 which was in Sokoll's billfold.

**"Wanted Some Beer"**  
"They wanted some more beer, and they were broke," one of the officers said.

When the younger Denzer discovered the body, he called officers.

Sheriff Grady Harrist, Deputies Jennings, Smith, and Shew; Liquor Board Inspector Claude Holmes and Texas Ranger Capt. Raymond Waters and Sgt. Jim Paulk joined Slaton officers at the scene.

Slaton Police Chief Gene Martin also called in a dog from Lubbock's K-9 Corps.

**Negro Questioned**  
The two Slaton officers found the hat on the floor, and Patrolman Martin "remembered seeing a Slaton Negro wear a hat like that."

The Negro was questioned, and he sent them to still a second Negro with a hat like the one found.

"The second man told us he had seen some Mexican boys riding around drinking beer and wearing a hat like it," Martin said.

"He also gave a good description of the car belonging to Franco," the officer continued.

Franco, who has a police record, was found at home about 1:30 a.m. today. There was blood on the car door handle, officers said.

**Others Identified**  
He identified the other two men with him, and Aguirre was arrested at his home. Trousers and a coat and shoes found under his bed were bloodstained.

The third man charged, Pena, gave himself up at the Slaton police station about 3 a.m.

All three were brought to Lubbock for questioning, since the liquor store is outside the Slaton city limits, and the crime was committed in jurisdiction of county officers.

committed in jurisdiction of county officers.

About 6 a.m. Franco gave his statement. Aguirre's statement came later, and officers still were to question Pena.

Franco admitted in his statement that he had gone to a friend's house in Lubbock after the slaying and changed his clothes. Bloody clothing was found at a house in southeast Lubbock where Franco said it would be. Part of the trouser leg had been cut away.

**Blood Is Checked**  
Specimens of blood on all the clothing and the car have been taken and are being checked against Sokoll's blood type.

One of the men first told officers he had been hurt in a fight at a beer hall.

A Rosary will be recited at 7:30 p.m. today at Williams Funeral Home in Slaton for Sokoll. Funeral services will be at 10 a.m. Thursday in St. Joseph's Catholic Church in Slaton under the direction of Rt. Rev. Msgr. T. D. O'Brien, Slaton.

Burial will be in City of Lubbock Cemetery.

Survivors include the father, Charles Sokoll, 4832 24th St., Lubbock; two brothers, Ben, Slaton, and Charles E. Vandenberg Air Force Base, Calif., and two sisters, Mrs. Manson Allen, 4832 24th St., Lubbock, and Mrs. Perry Yeager, Garland.

**Political Announcements**

The following announcements have been authorized to be published in the Slaton Slatonite subject to the action of the Democratic Primaries.

For County Judge:  
James A. Ellis

For County Commissioner:  
George Green

For Justice Of The Peace, Prec. 2:  
Mrs. Frank Lawrence

## Athenians Honor Husbands At Dinner

Members of the Athenian Study Club honored their husbands with a dinner at Lester's Hickory Inn in Lubbock on Thursday, February 8, at 8 p.m.

Hostesses for the occasion were Mrs. George Harlan and Mrs. Joe Miles, Mrs. Phil Brewer and Mrs. Bill Ware directed the program for the evening.

Those attending were Messers and Mesdames Phil Brewer, Surman Clark, Tommy Davis, R. C. Hall Jr., George Harlan, Bob Kern, James Perkins, Leeman Reasoner, J. D. Stell, Bill Ware, Joe Miles, and Mrs. George Privett. Guests included Mr. and Mrs. Dick Cheatham and Mr. and Mrs. Sam Phillips of Lubbock.

D-E Day Winners--Award winners at the 11th annual Distributive Education Day at San Angelo College last week included, from left, Nick Blanton, Abilene High, first place in advertising layout; Judy Blank of Abilene Cooper, second place in job application; and Zana House of Slaton High, second place in credit letter letters, Joe Gabriel, second from right, distributive education professor at SAC, presented awards at a banquet in San Angelo Coliseum.

## WCS Meets In Circles This Week

The Woman's Society of Christian Service of First Methodist Church met in Circles Monday to study "The Responsible Christian Citizen."

The Africa Circle met in the Martin Collins home with Mrs. L. C. Odom as leader. She was assisted by Mesdames Jessie Prosser, R. H. Todd Sr., Ross Pierce, H. V. Wheeler and J. E. Eckert. Mrs. A. M. Jackson and Mrs. Prosser were guests.

Mrs. C. A. Womack entertained the Mexico Circle when six members, two children and one guest, Mrs. Bertha Stokes, were present. Mrs. W. K. Fry led the lesson discussion and was assisted by Mrs. Joe Wicker and Mrs. A. E. Whitehead.

The India Circle met with Mrs. H. T. Scurlock with seven members present. The lesson was given by Mrs. Howard Hoffman, Mrs. Clarence Heaton and Mrs. Scurlock.

The Cuba Circle met Wednesday in the home of Mrs. Calvin Lamb with Mrs. Phil Brewer leading the program. She was assisted by Mrs. S.

(Continued on next page.)

## Zana House Wins D-E Award at SAC

Sixteen West Texas seniors won awards recently for their part in Distributive Education Day contests held at San Angelo College.

More than 400 students representing 25 West Texas high schools attended the day-long program and banquet in San Angelo Coliseum.

Students participated in contests on job interviews, credit letters, business speaking, sales demonstration, advertising layouts and window judging. Joe Gabriel, distributive education teacher at SAC, presented the awards. The top three winners in each contest received cash prizes and awards.

Zana House of Slaton High School won second place in credit letter writing.

Others attending the trip to Angelo were Larry, Clark, Judy Smith, Mary Lou Elliott, Dora Patterson, Linda George, Betty Brookshire, Billy Patterson, Keith Campbell, Mike Lovelady, John Davis, Carl Wilcox, Gary Bailey, Carroll Hunter, Travis Hendrix, Joe Loke, Richey Polk, Calvin Kitten, Gene Barron, Jimmy Ayers, Mike Brown, Jerry Miller, R. J. Moore, Sinky Weaver.

## Bluebonnet Club Names New Officers

Mrs. M. C. Hodge presided at the meeting of the Bluebonnet Club last Wednesday in the home of Mrs. Ford Stansell.

Officers for another year were elected which included Mrs. T. E. McClanahan as president; Mrs. Roy Wyatt, Vice president; Mrs. R. C. Sanner, secretary; Mrs. W. F. Blackerby, treasurer, and Mrs. Joe Teague Jr., reporter.

Mrs. E. A. Wilbur gave a report of the County Federation meeting held in Lubbock recently. Plans for the luncheon honoring the out-going and in-going officers were made for February 28, in the Hob Nob room at Hemphill Wells Monterey Shopping Center.

Those attending the meeting were Mesdames Hodge, Jarman, Teague, Wicker, Wyatt, Upham, Standerfer, Sanner, Parks, Boyd, and Stansell.

## To Represent McMurry College

ABILENE -- Sue Oats, daughter of Mr. and Mrs. Jay Oats of Southland, is selected to represent McMurry College Student Education Association as an alternate candidate in the contest for Teacher of Tomorrow. The contest will be held March 15-17 at the 15th Annual Convention Texas Student Education Association in Corpus Christi.

Patricia Bourland of Floydada will be McMurry's candidate and Martha Ranson of Lamesa will be an alternate candidate with Miss Oats.

Miss Oats is a junior in McMurry. She is a member of

Wah Wahaysee, Delta Beta Epsilon, Alpha Chi, Kappa Delta Pi, junior class favorite, and on the library staff.

Participating in the McMurry contest for delegate were Miss Bourland, Sandy Jones from Plainview, Marilyn Jones from Dallas and Norma Thomas from Abilene, Bobby Lemmons was chairman of the program committee planning McMurry's schoolwide contest. Judges were Dr. James W. Culp, head of the English Department of Abilene Christian College and Edward M. Brown, professor of Speech, also from Abilene Christian.

### What size Chevrolet do you want to save money on?

**CHEVROLET IMPALA** Room, cement and riding comfort. Fore- and, the Impala Sport Sedan.

**CORVAIR MONZA** Sports Car spice without a sports car price. At rear is the Monza Club Coupe.

**CHEVY II NOVA** The frisky family-sized Chevrolet with a low price tag. Above right, Nova Sport Coupe.

e your driving sporty, with quicksilver steering, flat-as-a-pancake cornering, sure-footed traction? Then a Corvair Monza's for you. Or maybe the new-size Chevy II is more to your liking. Built for big families and still slips easily into small parking places. And, with this kind of ingenious engineering (new easy-riding Mono-Plate rear springs, for example) that

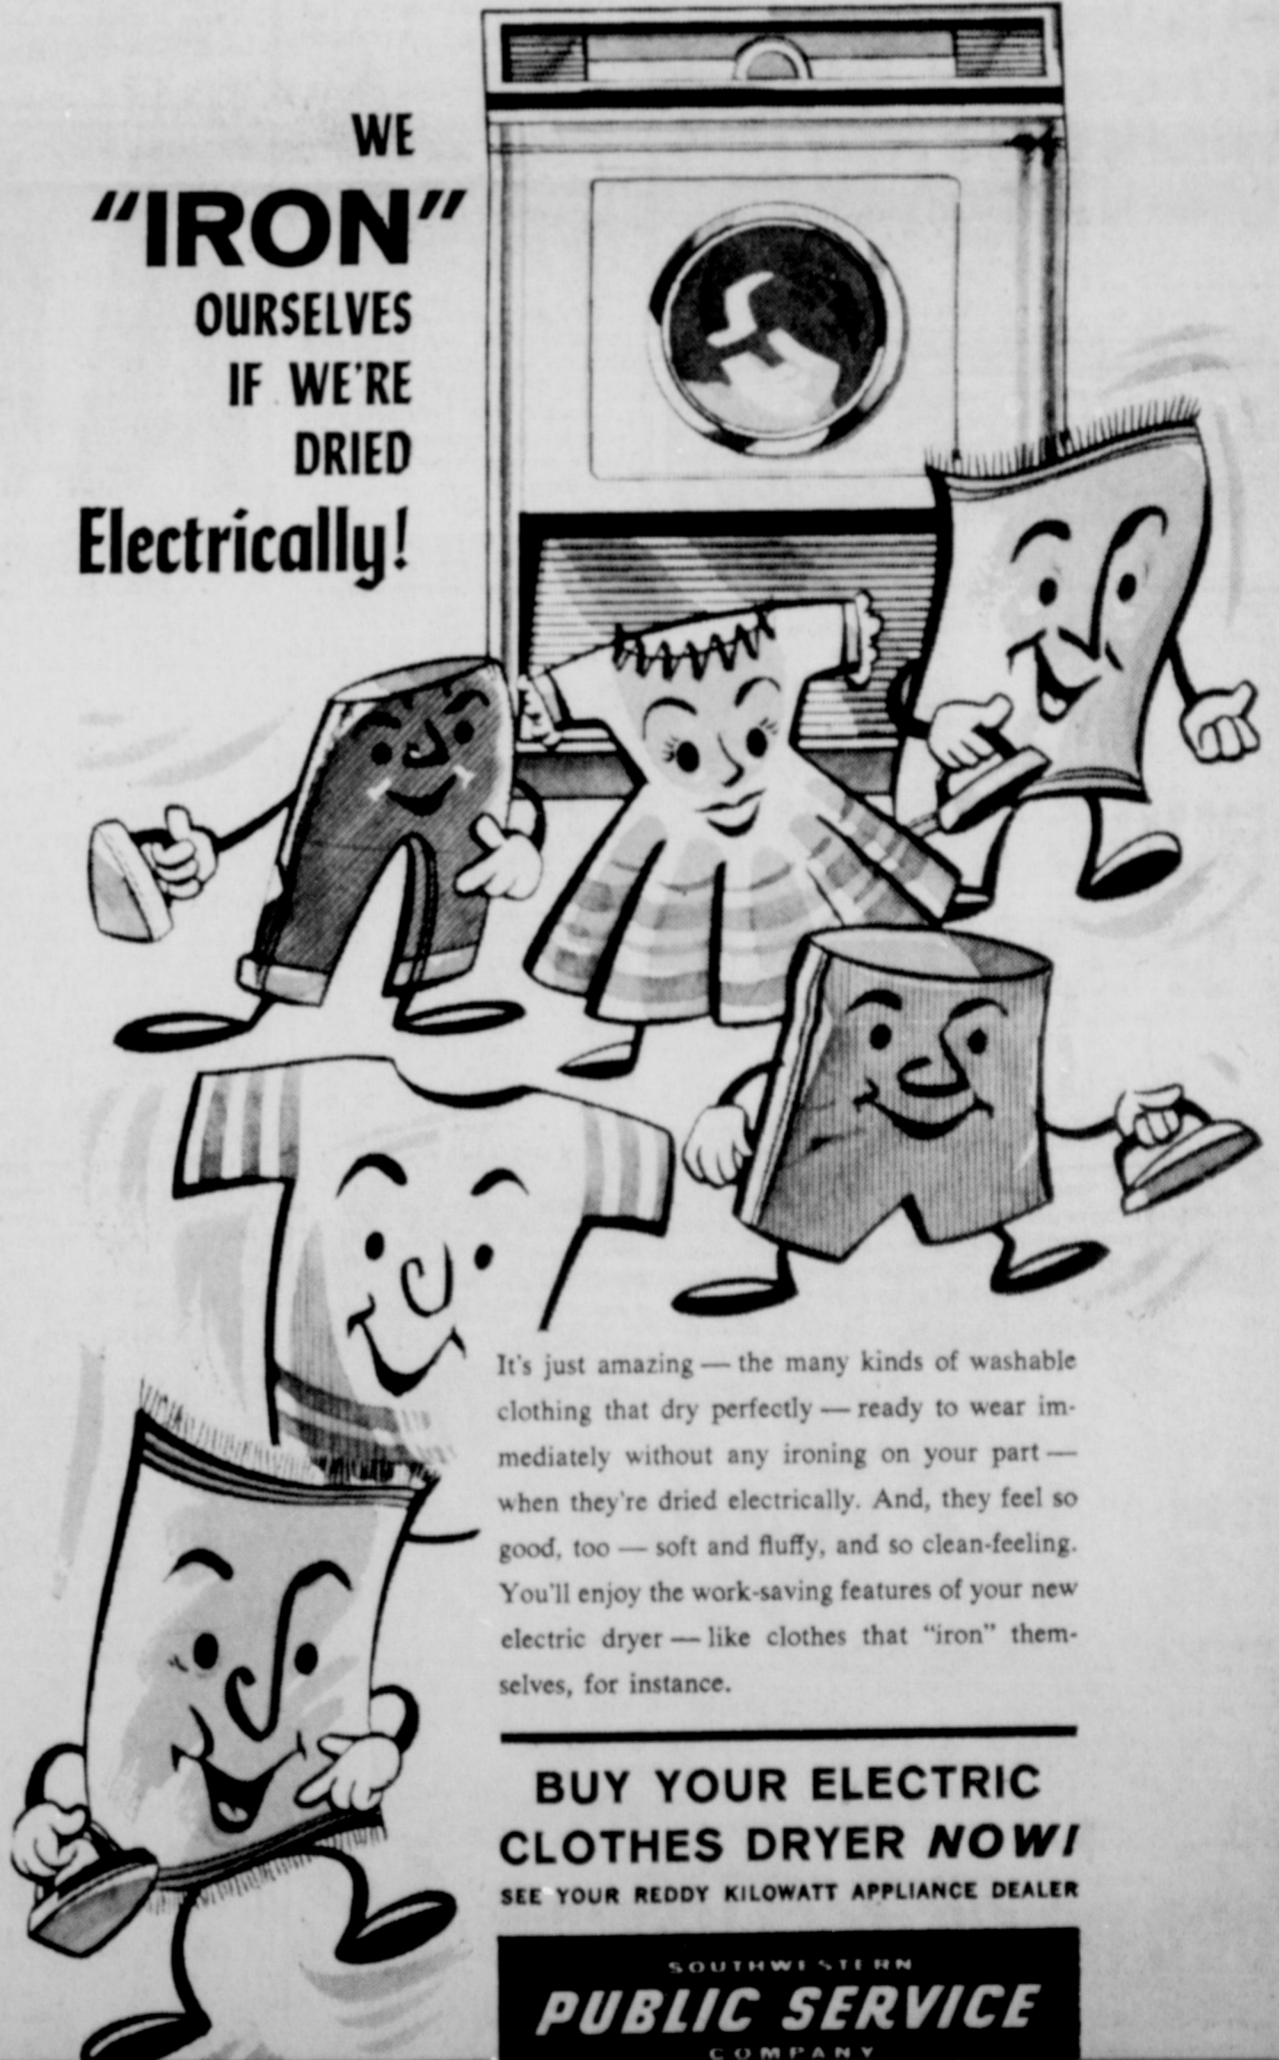

won this year's coveted Car Life Magazine Award for Engineering Excellence. But say you want to go all out—to get the full treatment in space, spirit and splendor. Then there's nothing like a Jet-smooth Chevrolet. Makes paying more pointless. So size 'em up—then save it up—at your Chevrolet dealer's.

See the new Chevrolet, new Chevy II and new Corvair at your local authorized Chevrolet dealer's

## "DOC" CROW CHEVROLET

### WE "IRON" OURSELVES IF WE'RE DRIED Electrically!

It's just amazing—the many kinds of washable clothing that dry perfectly—ready to wear immediately without any ironing on your part—when they're dried electrically. And, they feel so good, too—soft and fluffy, and so clean-feeling. You'll enjoy the work-saving features of your new electric dryer—like clothes that "iron" themselves, for instance.

Mrs. Bill Aycock and her two sons, Mark and Steve, from Lubbock visited in Slaton last week end in the home of her aunt, Mrs. K. C. Scott.

### Strength For The Week

"Every word of God is pure; he is a shield unto them that put their trust in him." Proverbs 30:5.

We have the one Bible which is the Word of God. It would seem that some have two Bibles. What I mean by this is simply that there are passages we love and find easy to obey. There are other passages that are not so easy to keep. So we just like to forget them. We must remember that "Every word of God is pure." It is easy to love them who love us; but it is not always easy to "love your enemies." Mat. 5:44. This is a command from the Lord. His words are pure.

Why do men deny certain doctrines or fail to teach others at all? Is it not because they are not pleasing to the ear? Is it not because it is unpopular to speak out on unpleasant things?

Do you want to be a Christian just by doing the best you can? The Word says that "Ye must be born again." John 3:3. Man says, "I am not so bad." The Bible says, "There is none that doeth good--All have sinned." Romans 3:12 and 23.

Must we leave out the fall in Eden because it tells a tragic story? Must we skip the account of the flood because it tells of the sinfulness of fallen

man? No, they must be taught along with the other Scripture because, "Every word of God is pure."

When a man is sick, he takes that which is good for him. We are made stronger in the Lord by taking all the Word. We must take the rebukes as well as the praises. We have grown to like things that have a happy ending. Many seem to think that all things will come out all right no matter what we believe and do. Such is not the case. Things will work out only if we do as He has said. No man had the right to add to the Word nor to take away from the Word. Man does not have the liberty to devise his own plan of salvation. Acts 4:12 "Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved." "Every word of God is pure."

Rev. H. E. Summar  
Bible Baptist Church

### Hello World

Feb. 16 . . . Mr. and Mrs. James D. Green of Post, are the proud parents of a boy named James Dwain 6 lb 2 oz.

Feb. 18 . . . Congratulations to Mr. and Mrs. Rosendo Mireles of Lubbock, a boy named Jose 6 lb 12 oz.

**WHAT? BUILD A PICKUP TRUCK SPECIALLY FOR TEXAS?**

**YES SIR—THE '62 FORD!**

IT STARTED IN TEXAS—when Ford engineers drove Texas roads and ranches, talked to Texas truck owners. And it wound up with lots of fine things for you in the '62 Ford!

The wheelbase is long—114 easy-riding inches (122 for 8-foot bodies). There's less front overhang, more road stability. The ride is smooth. Easier springing makes the ride as soft as a Texas drawl! The frame is strong—to beat twisting of high-crowned Texas roads.

The savings are BIG. You save now with the lowest prices of any leading make.\* Save on gas with Ford's modern engines. Six and V-8. Save on oil—go 4,000 miles between changes. Save on tires with Ford's I-beam suspension that keeps front tires tracking true.

Come try the '62 Ford—to the pickup built for Texas, built in Texas!

# Old Friends

we were talking with Ray Hickman last and he tells us that his older daughter son-in-law are living in Snyder. Nina class of 1944, and Jack Nesbitt, class of 1945. Jack is an optometrist and is an associate in the firm of Blum and Nesbitt. They will reach them in care of the office in Snyder, Texas.

any of you remember Jerry Reynolds, class of 1954, as probably one of the best quarterbacks in Tiger history. The stadium was too small for college football and he did an outstanding job for the track at McMurry College. Jerry is now in his third season as track coach at Denison. The Reynoldses get their mail at P. O. Box 1362, Denver City, Texas. Ova Davis, class of 1951, and family lived in Dallas. Mrs. W. L. Davis, in her last week end. Joe owns and operates a flower shop at 1511 - 34th Street, Rock, Texas.

we have made the comment many times Slaton has its share of talent both in school now and among its exes. Ova (Red) Wilson, class of 1956, is a good player. Many of you can remember Ova as an outstanding basketball player and an amateur entertainer. After graduation from high school Ova Sue attended Junior College for one year where she was a member of the world famous Slatonettes and then to North Texas State University where she got down to serious work in dramatics and teaching. Ova Sue studied with the Johnny Bachemin Revue for some eighteen months as a comedienne after graduation from NTSU. She is now teaching in the Woodrow Wilson School in Dallas. Her address is P. O. Box J Liveoak, Dallas, Texas.

Alvin McCormack was over at Albuquerque last week and ran into Mrs. Charlene Moore (Charlene Lee), class of 1945. Charlene was interested in hearing about Slaton exes and wondering about the

date of the next reunion. Charlene's address is P. O. Box 936, Imperial, California.

We had a report on the Edwards twins, Don and Danny, class of 1961. Danny is attending San Angelo College and his address is Box 3521, San Angelo, Texas. Don is attending North Texas State University and majoring in music. Dons' address is West Dorm, Box 133, Denton, Texas.

We sent three hundred nineteen names and addresses of Slaton ex-students to Lubbock to have addressograph plates made this week. As other names and addresses come in they will be sent in and added to the list. We hope to mail our first news letter within the next two or three weeks.

Those sending in their dues since our last report are - Wayne and Lori Anne Lamb, Jean Edmondson, John Frye, Alpha Lee, Robbie and Claire McReynolds.

## Japanese Boys Write Slaton Navy Man

Johnny Taylor who is now stationed in San Diego with the U. S. Navy spent six months in Japan before returning to the states. While he was there he met two boys, one of whom was blind. Since his return he had the following letters from these boys.

"Yesterday thank you mack. We are long waited to you. I shink regret Aug. 30 Mitosi Kiba" This was the letter written in braille by the little blind boy. The other letter read, "Dear friend (I don't know your name) Aug. 30, 1961

"How do you feel? We are long waited to you. But you are not come to we educational we are very regret, you are skillful to musical performance. Yesterday thank you for your musical p. We had a good time and happy time. I was glad to see American man. We have had a very good time. Hoping you will have a pleasant trip and I hope you and your family are well and happy.

good-by bon voyage.

Your Japanese friend (Please excuse the wafal writing and many mistakes.)" These letters are just as they wrote them, misspelled words, incomplete sentences but they express the love these boys had for Johnny and his music. Johnny is the son of Mr. and Mrs. J. M. Taylor of this city. He attended Slaton High School until he entered the Navy. He is now attending a school of engineering in San Diego.

## Slaton School Lunchroom Menus

- Tuesday: Ham, black eyed peas, kraut, hominy, corn bread, rice pudding.
- Wednesday: Chicken with dumplings, English peas, tossed salad, hot rolls, cup cakes and fruit.
- Thursday: Hamburger patties with gravy, spinach, buttered potatoes, apple sauce cake.
- Friday: Tuna sandwiches, french fries, peanut butter, crackers, fruit with whipped cream

SAVANNAH IS READY TO GO THE NS SAVANNAH, first atomic-powered cargo-passenger ship, is ready for sea trials, reports the Atomic Energy Commission and the Maritime Administration. The nuclear reactor of the sleek 595-foot vessel has been loaded with 17,000 pounds of uranium fuel, enough to power the ship for 3 1/2 years. Extraordinary precautions will be taken to insure safe operation before this unique ship goes into service. First trials will take place at Camden, N.J., where the keel was laid May 22, 1958. Then the ship goes to Yorktown, Va. for further wringing out. Finally a New York maritime firm

will operate the Savannah for the government on an 18-month trial period. During this time the ship will carry 10,000 tons of cargo and about 60 passengers on visits to major U.S. and foreign ports. MORE THAN 4,000 subcontractors and suppliers collaborated on the construction of the Mercury spacecraft.

THE EARTH is an endless source of heat. Enough is contained in a cylinder of earth 100 feet deep and 30 feet in diameter to warm the average home for a year. . . .

It's nice to have St. Nick around To bring the Yuletide thrills How nice if he would stick around For once, and pay the bills.

**DEPEND ON YOUR DOCTOR - WE DO ...**

**YES, YOUR OWN DOCTOR DOES KNOW BEST ...**

The law says a pharmacist may not refill a prescription containing certain drugs without consent of the physician issuing it originally. That's why we will call your physician for you when you feel that such a prescription should be refilled. You'll agree that doctor knows best.

Prompt Delivery Service

Last year, a popular western Pennsylvania radio station completed a survey of attitudes and habits of Pittsburgh drivers. Of the 2,000 questionnaires circulated, over 93 per cent of the reporting drivers admitted they exceeded the posted speed limit on the road. Significant was the fact that 18.4 per cent of these persons admitted to driving while under the influence of intoxicating liquor, and over 65 per cent said they drive after social drinking to some degree.

RADIOACTIVE MERCURY is sent coursing through the human brain in a new method of locating tumors which has been used successfully more than 150 times, report doctors at the University of Michigan. The radioactive matter, injected into the patient, gravitates to the brain tumor in about six hours. A photoscanner, sensitive to the material, then draws an exact picture of the tumor, showing its size and location in the brain.
