12 Contestants Enter The Slatonite Campaign

Twelve local women and men have enrolled in The Slatonite's big circulation expansion campaign, and started working selling subscriptions, as the campaign opened last Thursday afternoon.

The contestants gathered at Bruce's Cafe at 2:00 p. m., enjoyed refreshments together, received campaign supplies and instructions, and the campaign to enroll 1500 new subscriptions in the next five weeks got underway. Names of enrolled contestants appear in conjunction with this story, along with addresses and phone numbers and are also listed in a full-page advertisement on another page.

They will be calling at every home in city and area during these next weeks ahead, inviting you to subscribe from them, but if you already have a favorite contestant, whom you would like to help be the winner of one of the big prizes, you can give them encouragement, by phoning that favorite, and they will call for your subscription, or you may bring that subscription to the Slatonite office, and ask that the Free votes be credited to them.

This campaign is outstanding in several respects. Certainly it is the biggest array of cash prizes and commissions ever offered by any newspaper in this area. Five Capital prizes totaling \$2700, are offered including a top Grand Prize of \$1200. Each contestant covets that top prize. In addition there are special and bonus prizes totaling \$400, plus commissions, which may run the winnings and payments of these working contestants near the \$2000 mark.

But every person who subscribes, or renews subscription during the campaign is also going to profit. Lower, bargain subscription rates are offered by the paper, and will be offered to you by the contestants when they call.

The first ten days of the campaign are the most important ones for contestants. In addition to regular subscription votes given with each subscription sold, extra bonus votes are earned by contestants these first ten days, that will not be given after next Monday. Also to be awarded next Monday are \$25.00 cash special prizes, to those who have had sales big enough to qualify. Turn to the list of contestants now—you probably have a close friend enrolled, whom you would like to help win, and who will appreciate your help, in winning.

Both incumbents were re-elected to terms on Slaton Independent District school board in the election held last Saturday. R. E. Ayers received 606 votes and J. T. Kendrick 599. Others in the race were L. L. Dixon and Jonas Cain who received 165 and 191 respectively. 785 votes cast in the election. Carry overs on the board are Joe Miles, Dr. Don Hatchett, Harold Tucker, J. W. Martindale and Max Arrants.

Three More Units Added Firemen's 2-way Radio Fund

Only about four complete units are needed to complete the fire department's campaign for two-way radios in all the firemen's cars, according to Curtis Dowell, fire chief.

Since last week's contributions were reported three complete units have been contributed. Wilson Lions Club, Southland Gin and Slaton Co-op Gins each contributed a complete unit. Other contributions have come in from Magnolia Petroleum Co. of Slaton, Campbell Gin, Union Co-op Gin and Paul Melton.

Chief Dowell is well pleased with the way people of this community have responded to this voluntary assistance to the fire department and feels confident the other four units will be forthcoming.

Petitions Asking For Election For New City Hall

A petition is being circulated this week by C. A. Porter and several other Slaton citizens, to be presented to the city commission asking them to study the possibility of calling an election to see if Slaton taxpayers want a new city hall building, not to exceed \$75,000 in cost.

The petition is not a demand on the mayor and city commission but to study the idea and start the ball to rolling in that direction. Wednesday morning there were more than 170 signatures on the petition Mr. Porter had with a number of people having signed the petitions that are in Slaton Pharmacy, O. Z. Ball's, Teague Drug, Webb's and Slaton Savings & Loan.

Mr. Porter asks anyone who would like to see Slaton have a new, modern city hall, go by one of these places and sign the petition so that the commission will know what the general interest in such an election is.

Education Program For Railway Union Members Is Launched

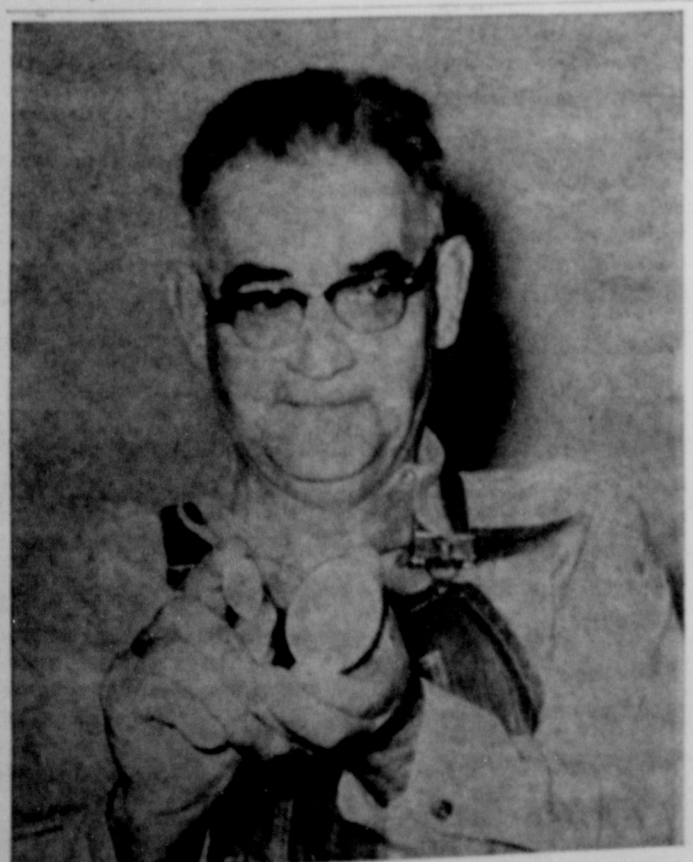

An information and education program for all union members and their wives from the railroads in this area is being launched Sunday. This first meeting will be especially important to the members and wives of the operating unions of the Panhandle and Santa Fe Railway, Fort Worth and Denver and Quannah and Pacific Railways.

The meeting will be held Sunday, April 15, at 2:00 p. m. at the American Legion Hall, Slaton. The expected speakers are: Mr. A. L. Miller, the General Chairman of B. of L. F. & E. on the A. T. & S. F., Mr. F. H. Balkanyi, General Chairman of the B. of L. F. & E. on the Texas and Pacific from Fort Worth, Texas, and Mr. C. H. Gloystein, Grand Lodge representative of Brotherhood of Railroad Trainmen of Kansas City, Kan., and Mr. D. L. Gilliland, Grand Lodge representative of the Brotherhood of Locomotive Firemen and Engineers from Slaton, Texas.

Another meeting is being planned soon to which the general public will be invited, as well as the Community leaders to hear how the Carriers hope to force the P.R.C. recommendations on its employees and the general public of this area and other cities close to railroad terminals. All Slatonites should sincerely try to attend to see for themselves the adverse effect these recommendations will have on Slaton.

THESE EGGS look like "before and after" taking, as ads for patent medicines used to say, but they happen to be the first egg of the season and one laid by the same hen a little later. Mr. A. R. Abare says the hen that laid the egg is just a common ordinary hen, but a

Absentee Voting Box In Slaton

Absentee voting can be done in Slaton this year instead of having to go to Lubbock or writing for applications and then mailing in the ballots. Ellis Schmid will be operating an absentee voting box in the F. A. Dreyer Insurance office beginning on April 16 and continuing through May 1.

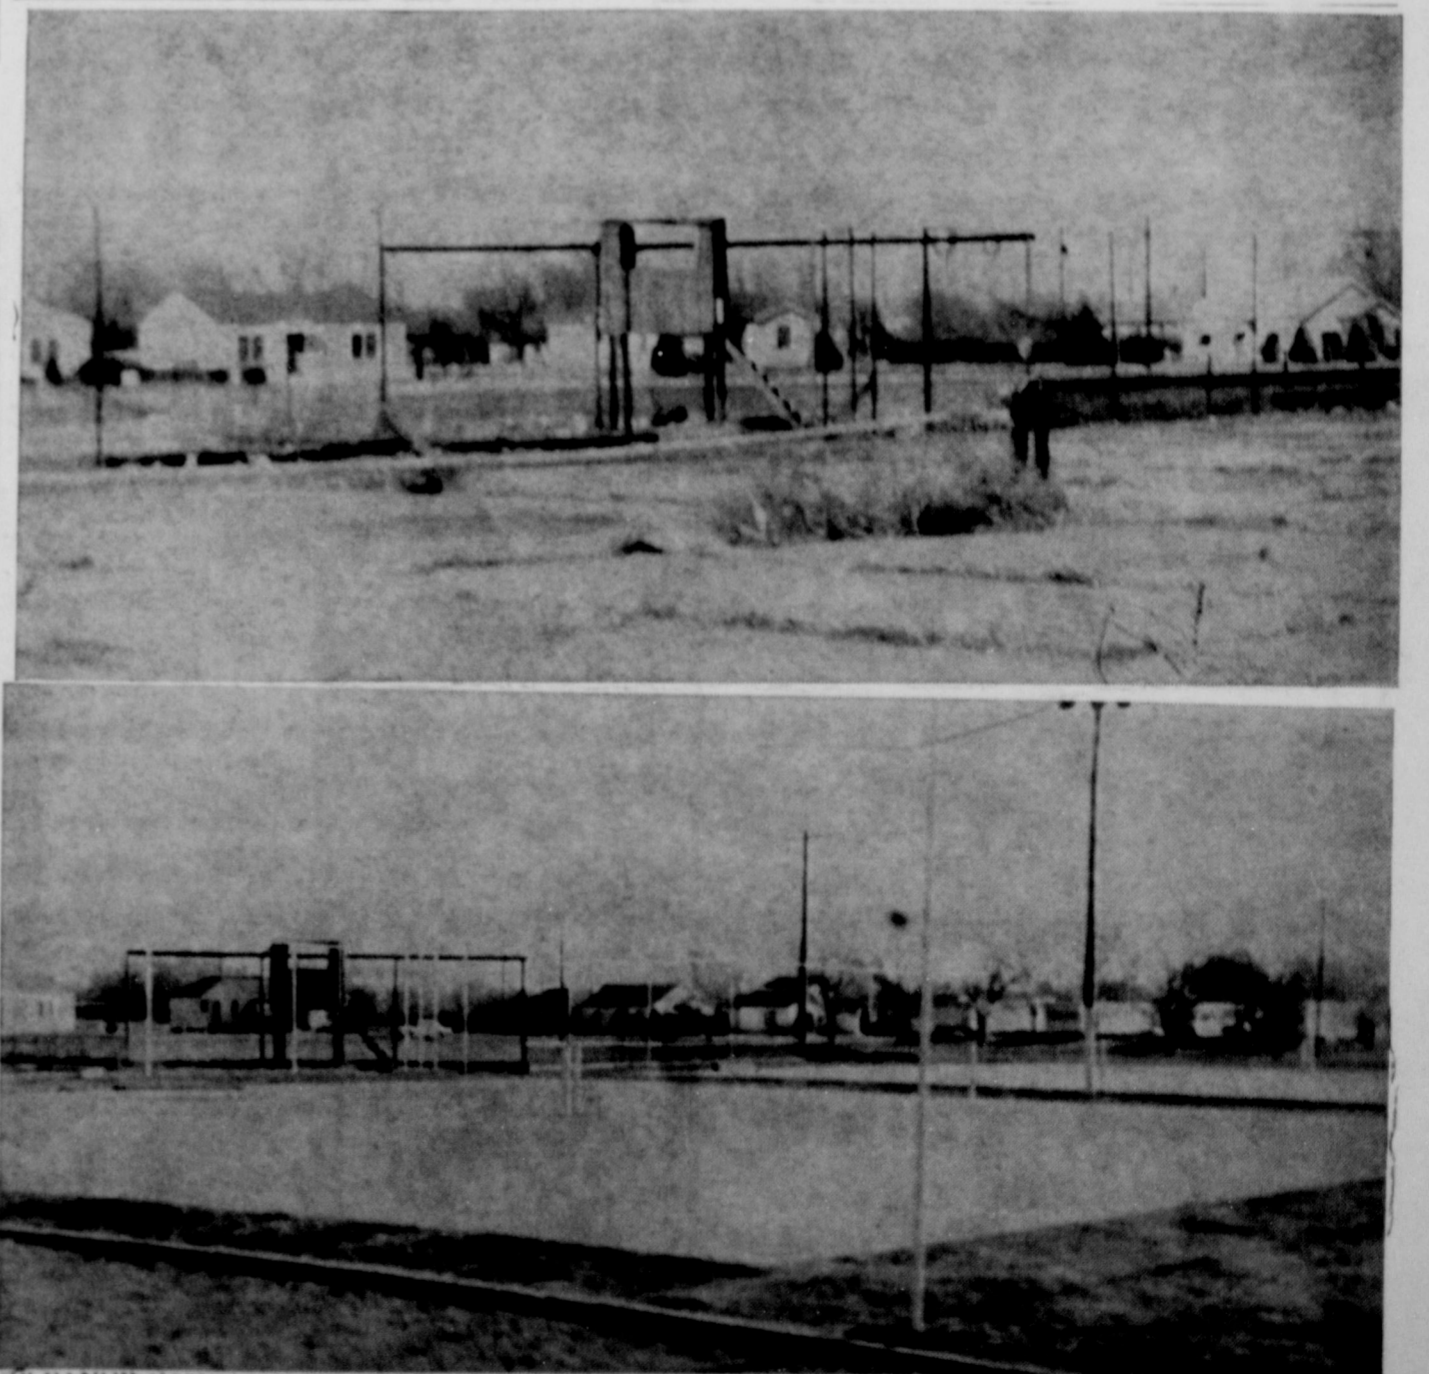

Any qualified voter who plans to be out of town on election day, can go by the insurance office, make application and fill out the absentee ballot, all in one trip.

Mr. Schmid says he can also furnish the applications for any voters who are sick and are not able to go to the polls and vote. They can fill out the application, attach their poll tax receipts and mail to Mrs. Floe Swenson in the Lubbock office and their ballot will be mailed to them. Then they will mark it and return to the Lubbock office.

Supplies for voting will be in Mr. Schmid's office Monday of next week. This is just another convenience to encourage every one to vote, regardless of how he votes.

District 18 K of C Meet In Lubbock

Exemplification of the First Degree was held by the Knights of Columbus of District 18 on Wednesday, April 4, at 8 p. m. at the K. C. Home in Lubbock. Some 40 Knights witnessed the exemplification for the 34 candidates from Lubbock, Levelland and Slaton. Candidates for the Slaton Council were: Rev. Louis de Fernando, Leroy Schneider, John Shelby, Fred Miller, Jerry Kitten, Roger Kitten, David Bednarz, Clarence Miller, Maximino Arguello, Tuochulo Hernandez, George Hernandez, Jose Hernandez, Fernando Gonzales

CLEANUP CAMPAIGN SHOWING RESULTS—These two pictures were made before and after Boy Scouts and a Rotary club delegation joined forces to clean up and renovate the public tennis courts in the park. In addition to removal of trash and weeds, wire netting is being installed on each side of the courts and new durable metal nets have been ordered. Boy Scouts assisting in the work were from Troop 100. Robert Armstrong is their scoutmaster. The Rotary

RULES FOR KITE FLYERS

Budding astronauts and jet pilots, who begin their careers in the sky by flying kites these windy spring days, have a few "don'ts" to remember. This point is being stressed by electric companies around the country. They're now publicizing such safety rules as these:

1. Don't use tinsel string, wire, or any twine with metal in it.
2. Don't fly a kite with metal in the frame or tail.
3. Don't fly kites in rainy weather.
4. Don't run across streets or highways while flying kites.
5. Don't fly kites over television or radio aeriels.
6. Don't touch fallen electric wires.
7. Don't fly a kite near electric power lines.
8. If a kite does become entangled in electric power lines, Leave it There! Do Not Touch the string, or in any other manner attempt to get down.
9. Use only dry cotton string and dry cloth in kite tails.

Remember, Benjamin Franklin didn't face modern hazards when he flew his kite!

Miracle Of The Mudhole

(Editor's Note: The following article was submitted by Mr. Joe D. Sharp. We hope you enjoy it, too)

Late one afternoon, almost 100 years ago, a 16-year-old youth was driving a pair of mules hitched to a heavily loaded wagon through southern Illinois. When he got stuck in a mudhole he tied his mules to a tree and began walking down the road seeking help. Darkness overtook him but he finally made his way to the dimly lit cabin of an old Negro farmer. The farmer invited the young man in, gave him a warm supper and a bed, and the next morning helped him get his wagon out of the mudhole. Young Sam Meharry, with a heart filled with gratitude, promised the old Negro that if he ever got a chance he would return the favor.

Sam Meharry, like many other ambitious young men in the middle of the 19th century, went west—and made a fortune.

Sixteen years later Sam Meharry, a well-to-do young man, was walking down the streets of Nashville. The Civil War had just been fought and the freed Negro slaves had come to the city to find employment. Most of them were a pitiful lot, impoverished, ignorant, diseased. They had no way of improving their condition. Sam Meharry, remembering the mudhole incident and the promise he had made to the Illinois farmer, determined to do something about it. He said, "I will build a medical school and a hospital, make it possible for the Negroes to help themselves."

If you visit Nashville today you will see one of the finest medical schools in the nation. Meharry Medical College, together with Hubbard Hospital, has trained more Negro doctors, dentists and nurses in the last 75 years than all the other medical schools put together.

It all started by a simple act of kindness on a country road in southern Illinois about 100 years ago. The influence of this act of kindness will never die.

Looking for big dividends? Investments in simple acts of kindness bring the richest rewards.

WARD's Wanderings

By LDW

Political and weather forecasting are not my foremost abilities. Might as well admit it, whoever said only dampfools and newcomers try to predict either one knew what he was talking about.

Mayor Lemon knows exactly how well I do in both departments. He's seen a good example of each — all in the span of 24 hours.

Incidentally, if that front page picture indicated the mayor has ten fingers on his right hand, don't believe it. It just happens that the picture was a result of my political prognostications. I was exactly fifty percent right.

A few items in the morning mail:

1. A note from John Sloan, administrative officer for the Lubbock Federal Internal Revenue (ugh!) Service. He suggests that we have the boss take out a bit more tax each week than his tax table indicates, in order to get money back at the end of the year instead of owing. Nope, druther not.

2. A pre-publication article from Readers Digest, explaining how the bill to increase second-class postage rates will ruin first-class magazines and newspapers. It's worth reading.

3. Another letter from the Lubbock LRS (ugh!) office. This time he tells us that under certain conditions the cost of education and travel expenses for education are deductible. I've done quite a lot of moving during my newspapering career and learning all the time it

doesn't pay. Wonder if that's deductible?

5. Way down on the bottom of the mail pile I found a little "Thank You" note from the Presbyterian Youth for our assistance in promoting their recent spaghetti dinner. That nice gesture was worth all the effort of opening and throwing away the rest of the stuff.

By this time many of you have met Mr. and Mrs. Price, who are conducting our subscription campaign.

You're probably subject to snap opinions, like myself, and if you snapped the same opinion of that pair that I did, you're wrong, too.

Actually, it's Mrs. Price who does most of the work. Mr. P. handles the "executive" end of the business — like drinking coffee and taking.

It's an amazing thing how fate sort of steers people toward matrimony. The Prices are a great deal like the LDW family — not another woman in the world would put up with that guy.

Of course, we both know those two gals are mighty lucky to have people like us around the house.

GRASSROOTS OPINIONS

ELLIS, KANSAS, REVIEW: "It's a tough world for the American businessman. Everytime he comes up with something new the Russians invent it a week later, and the Japanese make it cheaper."

PORT HURON, MICH., TIMES HERALD: "One of the problems with the income tax laws today is that no two experts can agree on how the various provisions and rulings and interpretations should be applied to a given set of facts. . . . Even more dangerous is the fact that what was a legal deduction for the taxpayer when he filed his 1960 return a year ago may not be a legal deduction when he files for 1961, thanks to a new 'interpretation'. This amount to 'ex post facto' legislation—laws passed that make an action illegal AFTER it has taken place. Such ex post facto laws are expressly prohibited by the Constitution."

MOUNT OLIVE, N. C., TRIBUNE: "The truth is . . . that in the lower job levels, federal pay is higher than comparable work in private businesses. Many clerks, secretaries and various other types draw nice pay checks for doing very little, in fact. Private industry, however, pays those executives, and others, who produce, and who create profits and capital, more — quite often — than the government pays many of its abler servants. This is only right. Government service has never been an inducement to Americans on the grounds that one can make more money, or as much, as in private business."

WELLS, NEV., PROGRESS: "Prices are high and they might go higher but the best financial advice is to save some of your money for the day when prices will be lower."

CARLINVILLE, ILL., ENQUIRER: "Commenting on the recent discontinuance of publication of the Alexis Argus, Paul Vannier said last week in his Bluff Times: 'It's unfortunate for any town to lose its newspaper—especially a town of 900 people in a wealthy agricultural area like Warren county. . . . Once a community loses its public voice, in this day and age, it is gone forever. What inducement can the merchants of Alexis offer a newspaper when they failed to support the one which served them well for 88 years? Too often, too few people in small towns realize that when they order their advertising and printing out of town — that's where they are ordering their local newspaper and its employees.'"

DULUTH, MINN., PUBLICITY: "We can't control the universe. We can't always make our voices heard in the great affairs of State, but we can do wonderful things in that place where all ideas and hopes begin — our home."

BOYNE CITY, MICH., CITIZEN: "Babies, once fondly prized as additions, are now prized — as deductions."

TECH STUDENTS HONORED

William E. Clark and James Murphy, students at Texas Tech, were recently honored in the annual All-College Recognition Service.

Mrs. T. H. Ferguson was dismissed from a San Angelo hospital this week, following major surgery. She had become ill while visiting in San Angelo.

Mrs. E. E. Culver returned home Monday night from Kingsland, where she and her two sons and their families, Mr. and Mrs. H. E. Culver and children and Mr. and Mrs. T. M. Culver and children, spent a very nice vacation.

Guests in the home of Mrs. B. L. Davis Sunday were Mr. and Mrs. Bruce Davis, her son and Mrs. Sims, a friend, both of Lubbock.

Mr. and Mrs. George Gamble and family spent the week end with Mr. and Mrs. Ray Belt and family of Snyder.

Guests in the home of Mr. and Mrs. B. E. Coker and family over the week end were Mrs. Lois Cato and family from Clyde.

Guests in the home of Mr. and Mrs. L. M. Conner over the week end and early part of this week were Mr. and Mrs. Jack Cooper of Kingsland.

Mr. and Mrs. J. C. Custer spent Sunday with their son, Orvil Custer, of Floydada.

The Slaton Rainbow girls attended Westview Baptist church Sunday as a group.

Old Friends

By J. J. Maxey

The date is April 13th, just 79 days before June 30th. What's going to happen on June 30th? June 30 is the date that a lot of old friends, ex-students of Slaton High School, are going to get together and swap yarns, do a lot of huggin and kissin, make a lot of oohing and aahing over pictures of children and grandchildren and just have a grand time in general with old friends.

As many of us here in Slaton go about our daily work we forget that there are many of our friends who have moved away and still feel ties to the old home town. Response to our efforts to build a strong ex-student association has been much greater from out of town students. We think that this is natural but to have the kind of organization that will be permanent and beneficial to all, we need our local exes to take an active part in all our activities. We need additional news items and a wee bit more financial support from locals.

Harold Wilson has been appointed as chairman of the arrangements committee for our reunion. John Schmidt is a member of this committee and one other member will be appointed shortly. If you have any suggestions for program, meals, housing, etc., I am sure Harold and John will appreciate them.

Oma Faye Brown has been appointed chairman of the news letter committee. Jean Edmondson and Dorothy Jones are the other two members of this committee. The news letter for this month is almost ready and will probably be mailed some time this week. If you have items that you would like included in the news letter, please contact Oma Faye, Jean or Dorothy.

An advertising committee will be appointed very soon. If you are asked to serve on any of these committees or help in any way with our reunion, we will appreciate your cooperation. This is your organization and it will be just the kind of organization that you as an individual ex make it.

Your correspondent and wife enjoyed a week end visit with our daughters and their families in Monahans and Big Spring. Mrs. L. M. Hudgens (Paula Maxey) class of 1951 is teaching in Monahans school. Pam and Jerry Jones have just moved to Big Spring where Jerry has been employed as business representative for Southwestern Bell Telephone Company. Pam and Jerry both were graduated in 1958.

Ollie and Cora Baxley have also been making regular trips to Big Spring since their son, Bobby, class of 1960, and his wife have moved down there. Mrs. Bobby Baxley is the former Pat Montgomery of the class of 1959.

We had a report on Mrs. Bill Crawford (Ruth Austin), class of 1945. Ruth's husband, Dr. Bill Crawford, is a dentist and is practicing in Clovis, New Mexico. The Crawfords' address is 105 Park Drive, Clovis, New Mexico.

Dues were received this week from the following—Bill Balch, Clarice Gumm, Joe Davis, Tom Collins, Mary Fry, Louise Brake, Bud and Dora Housour, Arnold Alcorn, Martha Alred Bassinger, Margaret Haney, Alton Sumrall and Mina Eblen.

We now have 888 addressograph plates and as soon as they are paid for and this month's news letter is published, we will publish another financial statement.

Lubbock County, with a few non members and members from the Slaton vicinity attending, was well represented at the Round Robin Alcoholic Anonymous meeting at Lamesa Sunday. The AA, an active organization here, meets regularly in the basement of the First Christian Church.

William Bostick of Lubbock, nephew of the late F. D. Bostick visited in the home of Mrs. F. D. Bostick Sunday.

H. F. Doyle visited in the home of friends Sunday, Mr. and Mrs. George Buckingham of Lubbock Sunday.

Mrs. Dora Carpenter visited with her daughter and family, the Curley Stones, Sunday.

Mrs. E. C. Craddock returned home Monday night after visiting two months with Mr. and Mrs. Alec Chaney and family, her daughter and Mrs. James Butts, her granddaughter, of Oxnard, California. She also visited her sisters, Mrs. O. B. Overstreet and Mrs. G. D. Manning of Selmes, California.

Mrs. A. C. Westbrook of Lubbock visited Thursday in the home of Mr. and Mrs. Robert E. Choate.

Mr. and Mrs. W. C. Gattis and daughter, Maxine Duncan, and children spent Sunday with friends in Lubbock.

J. C. Oakley

Phone Official Dies After Long Illness

Funeral services for J. C. Oakley, manager for the Southwestern Bell Telephone Company in Slaton since 1951 were held in Plainview last Monday. Oakley died last Saturday after a prolonged illness. During the 11 years he spent as manager for the telephone company, he was an active and tireless civic worker.

Born in Okmulgee, Oklahoma, he later moved to Amarillo and graduated from high school there. He served 37 months with the Marine Corps in World War II. Soon after his discharge, he began his telephone career as a collector of coins from pay telephones. In January of 1951 he was transferred to Fort Worth and assigned to the sales department. In May of that same year he was promoted to manager for the company at Plainview, supervising telephone activities in that city as well as Floydada, Hale Center, Lockney, Slaton and Tulla. He was an active member of the First Baptist Church. He was past president of Plainview's Rotary Club and was named Plainview's Citizen of the Year for 1961. He was director of the community's United Fund Drive in 1961. During the past several years Oakley served on many committees for the YMCA, the Boy Scouts, and Golden Gloves, and served in numerous tournaments as referee for amateur boxing. Oakley was a life member of the Plainview Board of City Development, which he served in many capacities.

Mrs. Oakley is the former Jimmie Lee Cannon of Amarillo. There are three Oakley children, Sharon, Suzanne and Chuck.

Mr. and Mrs. Marion Hayes and Mr. and Mrs. Johnny Hayes and sons of Lovington, New Mexico, visited in the home of Mr. and Mrs. E. S. Williams and family Saturday and Sunday.

March Busy Month for Police Department

During the month of March, Slaton's policemen patrolled 5,888 miles of city streets, investigated 12 traffic accidents, handed out 46 tickets for improper driving, jailed 38 people and collected \$650 in fines. Those are some of the items listed in Police Chief Gene Martin's monthly report.

The largest number of jail arrests were drunks (21) and the majority of traffic offenders were driving with no valid license (14). During the month, Chief Martin and his four patrolmen—Donald Carpenter, Joe Martin, Edward Taylor and Robert Breedlove—investigated 15 major offenses, ranging from burglary to vandalism, and cleared eight of them.

The seven offenses still unsolved on the police books for the month were various acts of vandalism.

In March, city police investigated 12 auto accidents, causing an estimated total damage of \$2,925. Ten of those wrecks happened on U. S. 81, at various intersections through the city.

The police chief's monthly report also noted that five juveniles were arrested for "affray", one for disturbance and one for theft. Four of the youngsters were released to the custody of their parents.

While the officers were handing out 46 tickets for driving offenses they warned 96 other motorists their driving habits—or else.

Officer Joe Martin was the toughest of the lot, in the ticket-writing department. He issued 21 of those 46 citations. Ed Taylor was next with 12, Donald Carpenter issued nine and Officer Robert Breedlove signed only four tickets during the month.

Mrs. Susie Boyle visited in the home of her niece, Mrs. May Thomas, of Midway this past week end.

White Auto Planning Move to New Location On May 15

White Auto Store is announcing the beginning of their removal sale this week to reduce their stock before moving into their new quarters on Texas Avenue next door to Citizens State Bank. The move will take place May 15.

The building is being remodeled to accommodate the large stock of wares handled by White Auto Store. Mr. White will have so much more in the new location he will be able to carry more items than he has in his present location.

Guests in the home of Mrs. Ida Mae Dixon, Sunday were her son, Lois Dixon of Roswell, New Mexico, and a friend, Marion Harris of Hobbs, New Mexico.

Guests in the home of Mrs. and Mrs. Don C. G. week end were Mrs. and Mrs. Van Worth.

Mrs. Bessie G. visited with her daughter, Champion of Worth.

WE SALUTE

The Slaton School Trust

Seven civic minded men serve on our board of trustee without pay just to help us and our children.

Of course they render the best they know how. Of course everything we do is not run perfectly. But from the finest system that we have, certainly they are a job of which we all are proud.

Our present board consists of Hatchett, Joe Miles, Harold Tucker, Arrants, J. W. Martindale, R. E. Ayers, J. T. Kendrick. Thanks for your fine support. Again, we say, we are glad that you are in Slaton.

Cotton Growers Reminded of Free Sampling Service

Slaton area cotton growers who wish to have their cotton classed by the U. S. department of agriculture under provisions of the Smith-Doxey act

should apply for these services as soon as their cotton is planted. Fred Elliott, extension cotton specialist, reminded this week.

The Smith-Doxey act provides for one free classification for each eligible bale of cotton. Samples must be submitted by a bonded sampler or by a public warehouse which issues negotiable receipts, Elliott explained.

Each cotton improvement group, except those in southern Texas, must file an application with the cotton classing office serving its territory not later than August 1. Those in counties south of a line from Dimmit to Karnes to Matagorda must file an application by June 1.

Prompt application filing is necessary because time is needed for each group to arrange for submitting samples by an approved sampling agent to the proper classing office, says Elliott. At least 15 days are required to process applications and deliver sampling supplies.

Application forms for these services may be obtained from county agents or cotton classing offices.

P-A-G 34... A Sorghum-Sudangrass Hybrid with rapid recovery after grazing or mechanical harvest — allowing continuous grazing or several cuttings of hay, silage, or green chop. Its red seed looks like grain sorghum. Plant it for top grazing potential.

P-A-G 35... Another Sorghum-Sudangrass Hybrid. Similar to P-A-G 34 but with a sweet stalk and very juicy stemmed. This variety's red seed looks like Grain Sorghum. Plant it for high quality grazing.

P-A-G 1... A semi-sweet, medium maturing forage Hybrid widely adapted to a variety of soil types. Non-grain producing unless blended with a pollinator — it produces exceptionally high tonnage in a shorter period of time than most standard varieties.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN, Tex. — At a joint meeting of the Governor's Highway Safety Conference and the Texas Safety Association, Gov. Price Daniel said that good traffic safety legislation still is lacking because citizens "have never taken enough time and trouble to tell their legislators exactly what they want."

He said that five bills which have failed to pass will be introduced in the January session, "regardless of the identity of your next governor."

These concerns:

1. State financing to pay the salaries of driver-education teachers in public schools.
2. Complete revision of the driver-licensing law.
3. A chemical test law for use in cases of driving while intoxicated — designed to free the innocent and provide medical evidence against the guilty.
4. Adequate city and county traffic courts of record to handle traffic cases with efficiency and justice.

5. Authorization for additional highway patrolmen and additional pay for Department of Public Safety personnel.

Although the Legislature lately approved 31 additional highway patrolmen, a \$300 increase in pay and set a floor of \$4,947 annual salary, the governor reported the patrol is still 150 men short of its authorized strength of 804. He feels the pay

No Parallel To Sabine Pass
A state is as good as are its inhabitants.

Considering the status and accomplishments of the state of Texas, this is a compliment to all Texans. Perhaps that's why Texans take such pride in the historical events that have occurred on Texas soil.

To quote Jefferson Davis of one such Texas event:

"There is no parallel in ancient or modern warfare to the victory of Dowling and his men at Sabine Pass, considering the great odds against which they had to contend."

What happened at Sabine Pass?

Lt. Richard Dowling and 47 men in the Texas heavy artillery, Confederate States of America, fighting from a mud fort, repulsed an attack of four warships and twelve hundred men of the Federal Army.

They not only repulsed them, they captured approximately three hundred and fifty prisoners and two gunboats mounting thirteen guns of the heaviest caliber.

hike was insufficient.

VOTERS LIST — Comptroller Bob Calvert added up the poll taxes and exemptions sent by the counties and found 2,355,159 Texans qualified to vote.

This is an increase of 300,000 from 1958, the last non-presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Still holding the record is 1960 with 2,599,924 Texans qualified to vote.

TEACHERS QUIZZED — Texas school teachers are examined at answering their examinations.

Texas Education Agency sent out questionnaires to about 95,000 school officers. They expected a 30 per cent return but 92,000 answered.

Questions were part of a Texas Legislative Council study of teacher training.

Results will be fed through computers to give lawmakers an idea of what school people think about the way public schools are run and how teachers are trained.

WATER LOANS HIT — The state will borrow another \$15,000,000 on April 19 to help local water districts, river authorities and cities on their water projects.

Texas Water Development Board has the authority to borrow up to \$100 million for this purpose.

Its first bond issue of \$10,000,000 is nearly used up in four loans. So another \$15,000,000 worth of bonds will be sold.

Major project helped so far by this state program is the Toledo Bend reservoir on the Sabine River near Newton. It will get a \$15,000,000 loan over the next four years.

PADRE STUDY — Herb Petry, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or state government.

A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Representatives because South Texas Congressmen favor a smaller area, if any at all.

GI FARMS — Veterans land Board has sold 20 repossessed GI farms for \$19,000 more than it had invested in them.

But it turned down bids on a Grayson County tract which drew 33 bidders.

Board tried, but failed, to put a block deal back together by advertising for bids on an 860-acre farm in Zavala County. Board had set the minimum bid at \$150,000 but nobody bid.

Only qualified veterans who have not made GI land loans

were eligible to bid on the tracts.

PROFESSORS PAY — Two University of Texas department heads told their troubles as they moved into a new \$4,000,000 business and economics building.

Dr. Carey C. Thompson, chairman of the economics department, said he recently lost a good faculty member to the University of Rochester which

bid up his salary from \$7,800 to \$13,000 a year.

Dr. John Arch White of the College of Business Administration said his college had not had a full staff since the end of World War II. Last year he needed to hire 12 young instructors but could only find eight and then lost four of them. Other employers outbid his salary limits.

The two departments have a

fine new building to be pressed for professors. **SUNDAY SALES** — Will Wilson has new law which house sales on Saturday does not prevent of mobile homes. New law requires many lines to close Saturday or Sunday.

Read Isaiah 61:1-7 Luke 9:57-62

thou and preach the kingdom. (Luke 9:60.)
 When Blaise and Pascal was young, he already was marked genius. By the age of sixteen he had published an essay in the field of higher mathematics. While still sixteen he had published an essay in the field of higher mathematics. While still a student he had rediscovered by himself over thirty of the propositions of Euclid. At Twenty, he created an instrument which embodied the basic principles of modern calculating machines.
 But Pascal is known also for something other than his scientific and mathematical contributions. He is known for his religious writings for his mission as a Christian.
 Who sparked his religious experience? It is attributed simply to a sermon preached by Mr. Singlin at Port-Royal-de Paris on December 8, 1654. The preacher may not have realized in his preparation and delivery that he was to have the opportunity, by God's grace, to influence one of the great minds of all time.
 Every Christian, whether layman or clergyman, has the responsibility of being God's witness. The Word must be proclaimed. That is every Christian's duty. God reaps the harvest in His own time.
PRAYER: O God eternal, who art ever working in the "Now," lay upon our hearts our responsibility to be Thy witnesses. Fill us with confidence and skill to preach the gospel. For Jesus' sake. Amen.
FOUGHT FOR THE DAY
 God moves in mysterious ways to perform His wonders that deepen our spiritual lives.

Rotarians Near Discussion On Rock Hunting

An instructive program on Rock Hounding was given at the Slaton Rotary Club Thursday noon by "Bud" Englund. Bentley Page was in charge.
 "Rock hounding is a pleasure that your whole family can enjoy together. It is one of the most interesting hobbies that you can take up," Englund said. He brought out the various phases of rock collecting. Some hunters concentrate on only mineral rocks, other on agates and glass. Others concentrate on volcanic formations only, he said.
 "Most people look for color, but it is more important to note the structure, whether it is hard or not. Only the hard rock formation can be polished. To really know the color of raw rock it is necessary to wet the surface," the speaker said.
 Englund brought with him a large number of rock formations that he displayed on the table, and during his talk explained each formation and where it came from. He showed several rock magazines that can be bought on news stands, which he said, would help any amateur collector.
 "Rock collecting will give anyone a better understanding of God and of the earth which he created," he concluded.

Golf Tourney Set On Reese Course

Reese Air Force Base will host its second annual pro-am golf tournament Friday, April 13. Slaton golfers are invited. First tee-off will be at 9 a. m. on the base course, following registration.
 Numerous golf professionals of the South Plains are expected to participate, including Johnny Austin, Tascosa Country Club, Amarillo; Bud Posey, Hereford; Earl Jacobson, Caprock Country Club; Frank Baker, Hillcrest; and Cal Garrett, Meadowbrook.
 The tournament is open to anyone, with merchandise prizes for amateurs and cash for professionals. About 150 persons are expected to compete. Pairings will be made after registrations close.
 Paul Hahn, trick golfer, will be on hand for a demonstration. Hahn has perfected tricky shots and tricky techniques on tours totaling 500,000 miles in 37 countries and six continents.
 A barbecue for all entrants is to follow close of the tournament, Ken McGuire, tournament director, said.

Mrs. LeNora Fay Bowers, daughter of Mr. and Mrs. T. H. Ferguson, recently returned home from England, where she had been visiting her husband, Alfred Bowers, stationed at Bedford airforce base. Alfred is expecting his discharge from the airforce soon. They plan to make their home in San Angelo.

'62 Easter Seals Mailed; Funds To Aid Crippled

A million and a half sheets of Easter Seals were placed in the mails this week by the Texas Society for Crippled Children and Adults, and its 84 local county affiliates.
 This year's colorful messenger for crippled children will reach into homes in every community in Texas.
 The Seals have become so identified with the Society and its work, that all over America it is known simply as "The Easter Seal Society." Many probably would not recognize its official name of The National Society for Crippled Children and Adults. The Texas Society is one of the 52 associated state and territorial units.
 Offering the first organized aid to America's physically handicapped, the generous public support given to the Society's work since its founding has accomplished more for the crippled in the last 41 years than in all past generations of man's civilization.
 Seals are not sold; no specific donation is expected from those who receive them. The Society feels that each individual knows his pocketbook best, and being told of the need, will give as generously as he can. School children often contribute dimes, quarters, half-dollars, and older citizens send contributions ranging from a dollar to several hundred dollars.
 Contributions to the Appeal will be used in Texas to support the Society's program of treatment, rehabilitation, education, and research for crippling conditions of all types; the Society has founded 32 Treatment Centers in Texas.
 Ninety percent of the funds remain in the state for direct services and 10 percent supports a nationwide program of education, organization, and the national Easter Seal Research Foundation.

Helena Duel Added To Color
 "Possessed of a colorful history" would be perhaps the most broad description of Helena, Texas.
 Colorful is right, but the color is red. Red with the lifeblood of many men who saw the last of Texas at Helena.
 A major contribution to this colorful history was made by the "Helena Duel."
 Duelists' left hands were bound together. Then the two combatants were left to settle their differences with knives held in their free hands.
 Hardly a game for cowards or weaklings, this duel! Yet it became the most popular sporting event for local entertainment.
 Audiences and betting reached such large proportions that the recurrent winners were looked upon as local celebrities.
 One of the stone buildings of the early town still stands—the old two story courthouse. It is referred to as "the place where they talked things over before they lynched a man."
 You can guess how out-of-court settlements were made back in the early days. By the "Helena Duel," of course.

Plastic Covers Pay Their Costs On Sticky Plows

Ever have trouble with soil sticking to your plows? U. S. Department of Agriculture agricultural engineers may have found an answer to this problem.
 In tests conducted at Auburn, Alabama, moldboard plows covered with sheet plastic did an excellent job of shedding soil. Two plastics, Teflon and H. D. polyethylene, were effective in turning sticky, difficult-to-plow clay soil.
 The plow covered with Teflon required 23 percent less pulling power than a conventional steel moldboard plow. The USDA engineers say this is the first time the Davidson clay used in the test has been satisfactorily plowed with a moldboard since the tillage machinery laboratory began using this soil for tests nearly 25 years ago.
 Later tests of the plastic-covered plows were conducted at Plains, Ga. A rye cover crop was completely turned under with six inches or more of soil by a Teflon covered moldboard. In an adjacent field, an uncovered moldboard failed to shed the soil, which was merely broken loose and pushed over. The soil in these fields was a very sticky clay.
 Although both Teflon and H. D. polyethylene were effective in shedding soil, tests comparing sheets of equal thickness showed that Teflon lasts longer. The engineers estimate a 14-inch moldboard plow covered with Teflon will turn about 30 more acres of highly abrasive, sticky soil than will a similar plow covered with H. D. polyethylene.

Home Demonstration in the home of Cooper of Slide for last Thursday.

The District 4-H fund was explained by Mrs. C. L. Schaffer, who introduced Peggy Kearney and Renee Price, 4-H Club girls from the Wolforth Club. Peggy and Renee demonstrated making a peach and cottage cheese

salad, stressing the nutritional value, the calories and the cost of the salad.

Mrs. J. W. Lambright presented the exhibit committee recommendations and the club voted their adoption. Plans were made to have an all-day meeting to learn copper tooling. The meeting will be at the Slide Road club house on April 25, beginning at 9:30 in the morning. Each member is to bring a salad which will be served at noon. Recreation was led by Mrs. Bennie Hagens. Miss Price won the club gift.

Icebox pie and tea were served from a table centered with an Easter egg tree to Mesdames Allen Hagens, C. M. Dunnam, A. A. Kahlich, Alvin Lambright, J. H. Lambright, J. P. Walter, Sam Kearney, Hagens, Schaffner, J. W. Lambright, Miss Price and Miss Kearney.

Sue Coleman Is Bride Of Jerry Wayne Adams

Miss Carol Sue Coleman became the bride of Jerry Wayne Adams in a double ring ceremony read last Saturday in Wilson. The Rev. W. C. Rucker was the officiating minister.

Parents of the couple are Mr. and Mrs. L. A. Coleman and Mr. and Mrs. J. D. Adams of Tahoka.

The bride, given in marriage by her father, was wearing a gown of white French lace, sequin embroidered, with tulle over net and satin. The skirt was encircled with bands of sequin-embroidered lace held by hands of shirred tulle and swept into a train. Her veil depended from a tiara of seed pearls and sequins. She carried a white Bible topped with an orchid bouquet.

Attendants
Miss Barbara Jones of Tahoka served as maid of honor. Bridesmaids were Misses Sandy Nelson, a cousin of the bride, and Sherry Tilley of Tahoka. Christy Moore of Seagraves and Pamela Porter were flower girls. They all wore identical dresses of brocaded taffeta with fitted bodice, short sleeves and fully shirred skirts. The maid of honor and the bridesmaids wore blue veiled hats and carried nosegays of blue and white flowers. The flower girls wore blue velvet bows in their hair and carried white flower baskets.

Robert Cloe of Tahoka was best man. Groomsmen were James Adams, of Tahoka, and George Adams of Brownwood, brothers of the groom. Robert Adams and Mike Coleman, brothers of the groom and bride, respectively, lighted the candles. Chris Coleman and Toby Ellison were ringbearers.

The wedding music was rendered by James Hollars, soloist, and Ruth Rucker, at the piano.

The bride is a graduate of Wilson High School and attended Texas Tech. She is now employed by Lyntegar Electric Company in Tahoka. Mr. Adams is a graduate of Tahoka High School and attended Howard Payne College. He is presently employed with Cicero Smith Lumber Company in Tahoka where they will make their home.

Slaton Garden Club Installs Officers

Members of the Slaton Garden Club attended a luncheon and installation of officers at the home of Mrs. Bevis Hanna April 4 with Mesdames Clifford Young, O. Z. Ball and Earl F. Wilson co-hostesses.

In a ceremony centered around the club flower, Mrs. Dudley Berry installed Mrs. August Kitten president for the ensuing year.

The serving table was covered with a white linen cloth and centered with arrangement of red bud. Guests and members were seated for a buffet luncheon around tables decorated with spring motifs. Velvet boxes designed by Mrs. Hanna were decorated in jewels and flowers.

Place cards sliding from each box depicted descriptions of each members' merits during the past year by Mrs. Schmid.

Mrs. Berry, president, presided at the business meeting and gave the year's report. Meditation on courage and prayer was given by Mrs. Holt. The litter bug campaign was reported successful by Mrs. Ayers, chairman. Disposal bags were displayed and sold to the members.

Attending were: Mesdames R. E. Ayers, O. Z. Ball, Dudley Berry, V. G. Browning, Bevis Hanna, J. D. Holt, A. M. Jackson, August Kitten, E. R. Legg, Bruce Pember, Earl Reasoner, Ella Schmid, H. G. Stokes, Weber Williams, A. E. Whitehead, Earl F. Wilson, Grady Wilson, S. G. Wilson, Clifford Young, Fred England, and guests, Mrs. Walter Hanna and Mrs. Roy Hale of Floydada.

Mr. and Mrs. Paul Boswell and family visited with her parents, Mr. and Mrs. C. L. Mitchell of Welch, Sunday afternoon.

Kappa Iotas Elect Mrs. Evelyn Boyd

Officers for the 1962-63 year were installed at a meeting of Kappa Conclave, Kappa Kappa Iota Sorority Thursday night, April 5, at a dinner meeting at Bruce's Cafe.

The new officers are: President, Mrs. Evelyn Boyd; vice-president, Mrs. Elizabeth Martin; recording and corresponding secretary, Mrs. Edith Brooks; financial secretary, Miss Alice Armstrong; treasurer, Miss Cathelene Thomas; social chairman, Miss Nadine Comer; conductress, Mrs. Shirley Copeland; custodian of properties, Mrs. Beryl Gunter; instructor of secret work, Mrs. Opal Townsend; historians, Roberta Meyers and Anita Perkins; reporter, Wanda Hurst, and board members, Mrs. Sandra Jackson and Mrs. Helen Kerr. The installation was conducted by the retiring president, Mrs. Jackson.

Mrs. Boyd appointed the following committees for next year: Yearbook, Mrs. Martin and Mrs. Mary Gilmore; flowers, Mrs. Gunter and Mrs. Meyers; nominating, Mrs. Kerr and Mrs. Jackson; finance, Misses Armstrong and Thomas.

Plans were made for Mrs. Jackson, delegate, and Mrs. Kerr, a state officer, to attend the state KKI convention in San Antonio the last week in April.

The conclave's next and final meeting of the current year will be a dinner in May at a Lubbock restaurant followed by attendance at a play or concert.

Arrangements are to be made by Miss Nadine Comer. Hostesses will be Mrs. Jackson and Mrs. Ginger Jekel.

Next years' program was scheduled tentatively as follows: September, backyard hamburger supper at the home of Mrs. Edith Brooks, with Mrs. Kerr assisting.

October, Rush Party, home of Mrs. Martin, salad supper. November, initiation at home of Mrs. Gilmore; covered dish supper; assistant hostess, Mrs. Jackson.

December, Christmas gift exchange and dinner in Lubbock, to be followed by Christmas shopping.

January, Come As You Are Breakfast; hostesses, Mesdames Copeland, Townsend and Meyers.

February, 'Foolishness Party' at home of Mrs. Hurst with Miss Comer as co-hostess.

March, Mexican supper at the home of Mrs. Boyd, with Mrs. Jekel, who is moving in June to Roswell, N. Mex., returning to serve as co-hostess.

April, dinner and installation of officers at Bruce's Cafe with Miss Sandra Patterson as hostess; May meeting, annual entertainment in Lubbock with Mrs. Perkins and Miss Thomas as hostesses.

Kappa Kappa Iota is a national social organization for public school women teachers and wives of men in the school system. The Slaton Conclave ordinarily meets the first Thursday night of each month during the school year.

SLATON'S CITY HALL BUILDING IS A DISGRACE

The past few days, several others and myself, have been circulating a petition to present to the Honorable Mayor and City Commission asking that they call an election to see if the Slaton taxpayers want a new City Hall building not to exceed the cost of \$75,000.00.

We have met with very little opposition, but it is a big job to go from place to place and from house to house to get signers.

This is an appeal to those who are interested in the growth of our town, that they go by the City Hall and see what a poor condition the building is in, and if you want a new building with a very small tax increase. If so, go to one of the following places and sign the petition:

Slaton Pharmacy, Lasater-Hoffman Hardware, Slaton Hardware, O. Z. Pall, Teague Drug, Slaton Savings and Loan, Webb's Dry Goods.

Mr. and Mrs. H. F. Moseley left Monday morning for their home in Marietta, Georgia, after having been called back here by the serious injuries of Mrs. Moseley's father, Royal Pendleton, received in an automobile wreck near Stratford about two weeks ago. Mr. Pendleton's wife was killed in the accident. The Moseleys visited with Mr. Moseley's sisters, Mrs. R. P. Overbeck and Mrs. J. M. Huskey and with Mr. Moseley's brothers, Nathan of Lubbock, Edward of Post and his nephew, Edward of Slaton, and their families.

Bland's Furniture
 announces the first Slaton showing of **PULLMAN** Prestige Sofas and Chairs

HOW COMFORTABLE Pullman sofas are! Is it any wonder when each piece is crafted with an artisan's pride from first step to last... for example, springs are hand-tied in eight ways for even, resilient tension... the area underneath the cushions is covered in upholstery fabric—not muslin! Each cushion is fitted with a zipper closure and there are snaps to hold cushions in place... cushions are filled with Dacron and polyurethane foam. Even years from now, you'll be so glad you chose Pullman.

HERE IS A RARE OPPORTUNITY to own a fine Pullman Couch custom original sofa at a surprisingly modest price.

You may purchase these fine Pullman sofas on our terms
