Laugh-in Crowd Enjoyed the Show

DESTROYED CIGARETTE MACHINE IN BURGLARY--A burglar or burglars broke into Howard's City Fruit Market sometime Wednesday night, inflicting heavy damage to various parts of the store including the cigarette machine. Buddy Howard said this was the ninth time the store had been entered by thieves since they have had it. He estimated the damage and money loss at more than \$2,000. Taken were bubble gum, candy, cigarettes and money. The cigarette machine was battered and totally destroyed, apparently by a hammer and a brick. Entry was through a side door which was also demolished.

United Fund Drive Begins This Week

The Board of Directors of the Muleshoe United Fund met Friday morning and approved a 1969-70 budget. Total amount of the budget approved was \$13,950. This is reduced \$1,450 from the \$15,400 budget last year.

It was explained that the reason for the reduced budget is that the Babe Ruth League did not submit as large a request for funds, nor did Red Cross ask any funds this year.

A Budget and Admissions Commission for the United Fund met in sessions Thursday to hear budget requests from various groups.

Amounts approved for the agencies represented included: Bailey County Junior Livestock Show, \$3,700; Boy Scouts of America, \$2,500; Salvation Army, \$1,800; Caprock Council, Girl Scouts of America, \$1,600; Babe Ruth League, \$700; Senior Babe Ruth League, \$200; American Red Cross, \$0; Muleshoe Area Youth Center, \$0; 4-H Youth Development, \$150; American Field Service, \$0; Texas United Community Services, \$100; USO, \$200; Texas Medical Research Foundation, \$0; Texas Association of Mental Health, \$100; Senior Citizens Organization, \$250; Bailey County Historical Society, \$0; Southwestern Diabetic Foundation, \$250; Muleshoe Girl Scout Neighborhood, \$650; Central Plains Comprehensive Community Mental Health, Mental Retardation Center, \$100; Con-tingencies, \$700 and Campaign and Operating Expense, \$950.

In 1968, the United Fund Drive was for \$15,500; 1967, \$14,800; 1966, \$13,931; 1965, \$14,097; 1964, \$12,000; and 1963, \$13,000.

Publicity Chairman Jerry Hutton announced that the 1969-70 United Fund drive will kick-off with a breakfast for all division chairmen on Tuesday, November 11 at 6:30 a.m. at the Corral Restaurant.

Robert Hooten is campaign manager. Division chairmen include Don Harmon, profes-

Somewhere around 500 people saw those listed above covorting onstage in the presentation. Plus a total of more than \$225 was sold in candy.

Prizes ranging upward to values of \$25 were presented lucky candy buyers who found gift certificates in their purchases.

School Counselor Answers Survey

Recently, Ben Gramling, Muleshoe High School and Muleshoe Junior High School counselor, received a routine survey card from the House Subcommittee on Education.

With the survey card was a letter asking for comments from the school administrator receiving the card.

The card asked the population of the town concerned, the type of area, such as agricultural, industrial, etc.; the composition of the student body, as to percentage of white, Negro, Latin-American, Indian, etc.

Then the card asked for information on trouble during the 1968-1969 school year. It asked about sit-ins, demonstrations, riots and underground newspapers. The card also requested information on the dollar amount of damage done to property and what action was taken, such as the police being called. It also inquired as to whether or not trouble had deemed it necessary to form a student-faculty committee for studies, and other areas. Another area covered was what racial overtones, if any, were involved.

Gramling answered the survey card, and wrote a letter of explanation, as per request. He also sent a copy of the letter to the Amarillo Daily

Superintendent of Muleshoe Schools Neal Dillman announces that American Education Week, November 9-15, will be observed in all four schools with open house and visitation. On Monday, November 10, from 7 until 9 p.m., the Muleshoe Junior High School and Senior High School will have open house. Fred Mardis and Tom Jinks, school principals, announce that all the teachers will be in their rooms and parents and interested citizens are invited to visit and to examine the student's work.

On Tuesday, November 11, from 7 to 9 p.m., Richland Hills and Mary DeShazo Elementary Schools will have open house. Milton Oyler and Bill Taylor, principals, suggest that this will be an opportunity for parents to visit with the children's teachers and see displays of the classroom work.

All interested patrons are invited to visit anytime during this week and to eat in the school lunchrooms, but special invitations are extended on these two nights, said local school administrators.

The theme for the week is "Better Education . . . Your Job!" The Muleshoe Schools have changed one word and adopted the theme, "Better Education . . . Everybody's Job!" School administrators emphasized that the four local schools are Muleshoe's biggest industry, just as it is in many locations in the United States. Locally, more than 2,000 stu-

Veterans Day, 1969

Veterans Day falls on what formerly was Armistice Day, commemorating the end of the 1914-18 World War (America's participation was only from April of 1917 to November 11th, 1918).

Veterans of this nation's wars have defended the country against those who would change our system of government, seize our property or destroy our way of life. By any measurement, then, they deserve the thanks of a grateful nation. And while this appreciation extends particularly to those who saw combat, others also served in various ways.

As always, there were also a minority of goldbricks, deadbeats and desk-chair loafers in the armed services and there were those outside who considered it smart to leave the fighting to others. That should not becloud the nation's historical record. In every major war the nation's young men (and some not so young) have been willing to fight and die, if necessary, for their country and for the freedoms and democracy it stands for, and offers.

In these days of sophisticates, peaceniks and hippies, who have a right to their views and to respect if they offer it to others also, sometimes paint all wars and military efforts as tragedies acted out by gullible unknowing souls.

All wars are indeed tragedies but many have been necessary if freedom was to live and to those who felt the sense of duty, who understood this fact of life, who obeyed the law of the land, and sacrificed in serving their country, the nation owes its gratitude and admiration.

The program of training for out-of-school youth and adults employed in distribution continues to grow with an increasing interest in and need for these training programs.

"Credit, Its Sources And Costs"

The third of a series of four workshops on Money Management was held Tuesday night at Bailey County Electric Cooperative. Marvin Sartin, District II Farm Management Specialist from the Lubbock office, spoke on "Credit, Some of Its Sources and Its Costs".

Marvin Sartin

Sartin said, "Today most people have accepted the fact they will not be without financial obligations for the remainder of their life."

He asked the group to consider "How can I best use resources available to me?" Sartin discussed the effect the various media has on the desire people have for merchandise more than, as in former times, when people wanted more than anything else to be financially independent.

Consumer sources of credit listed were (1) commercial banks, (2) credit unions, (3) sales finance companies, (4) consumer finance companies, (5) retail stores, and (6) credit cards.

Commercial banks, he said, are the preferred source, and

credit depends mainly on personal reputation.

Credit unions loan only to members, those who own stock in the union.

Sales finance companies, such as GMAC, are competitive with bank rates. Consumer finance companies are quite expensive, as high as 18% interest. Here Sartin explained the rate decreases for loans over \$300 and if an individual needs more than one loan it is cheaper to consolidate the loans with one company.

On an open account, no interest is charged, ordinarily, if the account is paid within 30 days. However, he pointed out that such businesses must charge more for their merchandise in order to make up for those who never pay the account.

On a budget account, a down payment is always required. On installment accounts, 1 1/2% per month is charged at all retail stores.

"Several factors determine whether a person should go into debt", Sartin said, "How much income do you have? Can you make the payments? What

about your personal feelings about being in debt?"

Several recommended practices were given for potential borrowers: (1) Know the dollars and cents cost of credit; (2) get acquainted with lenders before the need for credit arises; (3) study the different types of credit, investigate all sources available; (4) get your money's worth (quality merchandise at reasonable prices is more important than getting the article on credit with low or no financing costs); (5) contact only for the amount of credit you need—generally make as large payments as possible and repay the loan in as few payments as possible; (6) get credit from a source whose responsibility, integrity and fairness are well known.

The fourth and concluding workshop will be held at 7:00 p.m. at Bailey County Electric Cooperative community room Tuesday, November 11, M.D. Gunstream, president of First National Bank, will discuss the "Truth-in-Lending" Law. Both men and women are invited to attend this meeting, Agent Robin Taylor said.

Severe Punishment Meted in Kangaroo Court

Americans?

by Jim Mardis

Throughout this country, dissent is becoming the rule rather than the exception. Militant groups of young people are forming into bands under such headings as "The SDS" or the Black Muslims. The adult society, however, is not refraining from participating in this protest of American Ideology. The question which we must concern ourselves with is . . . WHY? Why are competent citizens attempting to destroy the very fiber of our great country?

Let us first examine some of the treasonous things which some "Americans" are taking part in. The SDS is an organization promoting "Peace" in the world. Their methods are somewhat questionable and crude. Thusfar, the SDS, Students for a Democratic Society, has resorted to "peace" promoting activities resulting in the loss of close to 250 lives and countless others have been injured. The Black Muslims have been directly or indirectly involved in the loss of 170 lives and approximately 1,000 injuries. The Black Panthers have sent 150 people to early graves and several thousand to the hospital. However, this is almost meaningless when compared to what professors in several colleges and universities are bringing into their classrooms--the socialistic and Communistic ideology is actually being PREACHED in the classrooms! Attempts by concerned senators to have these "teachers" removed from the school system have been overruled by the Supreme Court of the United States of America.

Recently, a Vietnam Moratorium was held in our country. The estimated loss in American lives because of the delay in the war caused by the moratorium is placed at 2,000.

When we add this up, we find that our esteemed country has a very large problem. The loud (and very wrong) minority. I ask you, is this not treason? The time is now for the real Americans to stand up for Democracy. The time is now! In the immortal words of a now dead man (he was killed by an assassin's bullet) "Ask not what your country can do for you, but what can you do for your country."

Will the real Americans please stand up!

Large Crowds Throng Into Sophomore Show

by Martha Chapman

The Sophomore class presented a Western variety show at the Halloween Carnival Saturday night which was quite entertaining for its audiences. The show was presented five times to capacity crowds. As people filed in for the performances, they were served "red-eye beer", and were seated at tables gayly decorated with red and white tablecloths. The show started with the antics of Minnie Pearl, played by Martha Jane Chapman, who acted as narrator of the show. First performers were Charlie Pride, (Leroy M. Slock) and Buck Owens (Ottie Mobbs) who sang "King of the Road", and "Games People Play," both of which were accompanied by "Buck" on his guitar. Second performer in the show was Tammie Wynette (Jenny Milburn) who mimicked the famous songs "Your Good Girl's Gonna

Go Bad" and "I Don't Wanna Play House." Next in line was a can-can dance presented by the "Golden Nugget Dance Hall Girls". Dressed quite appropriately in short full-skirted party dresses, the following girls performed to the enjoyment of the audience: Brenda Kimbrough, Janis St. Clair, Kay Douglass, Linda Lambert, Barbara Harper, Judy Calvert, Vanda Spurgeon, Judy Winn, Jolene Rempe, and Marilyn Pool. The final number of the show was presented as Charlie Pride and Buck Owens returned to sing such songs as "Bring it On Home to Me," "Folsom Prison Blue", "Proud Mary", and "Louisiana Mann". The show was concluded by a "curtain call" of all the performers.

The great "Class of '72" succeeded in delighting all five of its audiences, and the show was deemed successful.

Mullettes Varsity and "B" team defeated Farwell this past Saturday in their opening game of the season.

The "B" lead by Judy Winn's 41 points and excellent defense routed Farwell's "B" team 55-22.

Mullettes varsity sluggishly narrowed out a victory over Farwell's varsity 32-20. Defense played an outstanding part of the Muletete attack. Offensively the Mullettes staggered and had passed themselves into several costly mistakes.

Feagley Attended Institute

This summer one of M.H.S. students attended a highly educational and meaningful six weeks of school sponsored by the National Science Foundation at Humboldt State College in Arcata, California. The program that the student, Sam Feagley, participated in was an institute in Marine Biology, Oceanography, and Mathematics.

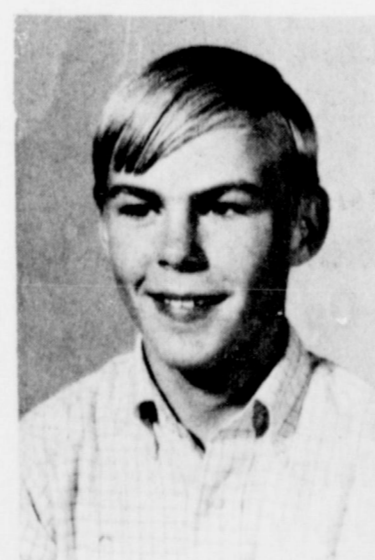

Recently Mr. Tom Jinks, principal of M.H.S. received a letter stating "This is to inform you that Sam Feagley attended the 1969 Institute in Marine Biology, Oceanography, and Mathematics, co-sponsored by Humboldt State College and the National Science Foundation. This was probably one of the two best groups of the eleven institutes we have had on our campus. It is hoped that you will follow the examples of many schools and record their attendance on their permanent high school record. We find

Mighty Class of '70 Holds Meet

by Sam Feagley
The mighty senior class of '70 held its class meeting Tuesday, November 4, 1969 in the cafeteria during orientation period.

The meeting was opened by Sam Feagley. He gave the seniors a very favorable financial report, stating that as of September 30, they had \$1287.68 in the bank. There are still more funds to be reported because of the chili supper.

The seniors decided to promote spirit by wearing black and white on Fridays.

MR. AND MISS SPIRIT--Vance Tucker and Lana Washington were named Mr. and Miss Spirit by the Muleshoe High School cheerleaders for the Muleshoe-Tulia game.

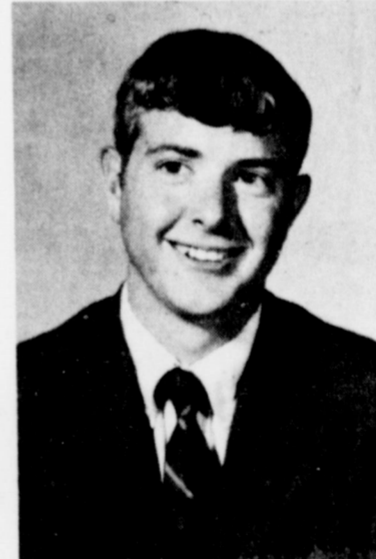

that most schools record on high school transcripts NSF Science Institute, Humboldt State College, Summer 1969". Some add, "six weeks institute".

No grades or credit were given, nor should have been expected. I quote from the brochure mailed to each student, "The work will not duplicate that in any standard high school or college course. The purpose of the Project is not to give credit for courses that the student would take in the future, but to give him, through a challenging college environment, a foundation that will make future courses more meaningful."

We thank you for sending us this fine student. We hope that they have changed. They may not fall into the same mold as easily, but then that is what education is all about." The letter was signed by Dr. John E. Butler, director of the NSF Institute.

While Sam was attending the program he found out what it is like to take notes furiously, study a lot, and have fun while doing both. These courses were nothing like the ordinary courses in school. The fantastic professors threw so much at the group that they would never have had time to complete all the assignments! Instead, the professors instructed them to do the tasks they were interested in or what "tickled their fancy," as one prof put it. In other words, studying and learning were not made mandatory but offered to the student. The way the professors presented the subject matter to the student made him want to work hard not only to please the prof, but most of all to prove to himself that he could learn things he had never heard of before. The best thing was that

these students learned not because they were pushed, primed, and told to learn, but because they wanted to learn more about the baffling but wonderful world of science. All of this wanting to learn was brought about by three fantastic instructors; Dr. Brusca, Marine Biology; Dr. Gast, Oceanography; and Dr. Householder, Mathematics. Without interested men like these and teachers of Muleshoe the youth of America would really be in for a life of hardships and unpleasant experiences.

Students, Teachers Receive Verdicts

Daryl Carter, Derrel Wilson, Melanie Precure, Brent Tanner, Nelda Finley, and Chester Clay Beavers were the first defendants tried before Muleshoe High School's Kangaroo Court. They were brutally cross-examined by Bryan Brady II, prosecuting attorney, and defended by brilliant court room lawyer, Steve Black. They were found guilty and sentenced by magistrate, Leland Ferris, to a five-legged race.

The case of the two sisters was aired before the court when both Kathy and Sue Darsey and their escorts, Don Locker and Cecil Cunningham were sentenced to a Weiner race. The punishment was enforced on the high school stage, proving that Kathy Darsey and Cecil Cunningham had the fastest noses. The court also summoned Mr. Kerry Moore and one Arlene Brown, who was required to place a jingling dog collar around the neck of her partner-in-crime.

The next case before the court were Delton Bass, Becky Milner, Randy Lackey and Narsia Otwell. The defendants were found guilty by the jury after seconds of deliberation. Each of the convicted persons was to shave a balloon.

With that debt to society paid, the court summoned Curtis Burhman, Vovery Throckmorton, David Bickel and Melita King. Their sentence was pronounced as hard labor. Each of the convict's lungs were exercised by blowing dollar bills, which changed to flour, out of a cup.

A rather hesitant Rhonda Embury was sentenced to a spag-

SWISS vs. MOON

by Devona Bradley
Hearts were beating fast. The Swiss were filled with fear. Perhaps all was doom. For the cheese they thought so dear.

A man called Armstrong was sliding down the rod. What would he step upon, Upon what would he trod?

Armstrong was out, Aldrin right behind. The Swiss were breathless, Oh, what would they find?

The report was sent to Collins, "All is fine down here. You can tell the Swiss. They have nothing to fear."

Back down on earth. The Swiss went wild. Their cheese was going to be saved. Hot, medium, and mild.

The U.S. was happy, The Swiss too were gay. Man proved his success. On that hot July day.

ROUGHHOUSIN'--Kenneth Ragland takes a tumble at one of the many attractions at the annual Muleshoe Fine Arts Booster Club's Halloween carnival last Saturday night. The RESPECTED WORD

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Lazbuddie News

Mrs. Marshall Williams

Last week was busy in Lazbuddie. All students were selling to promote the nomination of their class for carnival king and queen. Everything was sold from candy, popcorn balls, pom-poms, cakes, brownies, batteries and trash carried off anything for money. All you had to do was mention a job needed doing. Students worked all day Saturday getting booths ready for that night. Everyone was surprised at the snow--come time for the carnival.

After entertainment from our local boys' band, the program began. Mrs. Wilson, music teacher, presented the fourth, fifth

and sixth grade chorus and special numbers were sung by the "Six of a Kind" girls' group. Brad Trieder played three enjoyable songs on the piano.

Crowned queen was Christy Ivy, by King Terry Scott. Chosen Princess was Ofelia Mendoza and David Buentello and Dutchess Angela Matthews and Duke Jerry Radford. After picture taking, everyone moved into the gym for fun, games, refreshments and visiting.

Among the booths were the senior bazaar, Jr. bingo, cake walk, spook house, sixth grade dart throw, Hippie-Hillbilly wedding, dime toss, win a live chicken, fishing pond with live fish, and Young Homemakers' spinning wheel. All were busy, especially the refreshment room--serving good oats, even homemade ice cream and pie.

LOCAL CELEBRITIES—Various Muleshoe business and professional men and women are shown in a dance scene onstage at the Muleshoe Laugh-In Thursday night. Pictured in their

many and varied costumes and part of the cast in a production watched by some 500 local and area people.

Everyone was invited to the Lazbuddie Young Homemakers' Hamburger Fry, Friday night, November 7th, at 5:30 p.m. before the football game between Hart and Lazbuddie. The price is \$1 for adults and 50¢ for children under 12. The proceeds will go the year's project of helping the Baptist Children's Home Portales, New Mexico. Did you know that \$12 would support a child for a year at this home? All donations appreciated on this project. Clothing is badly needed--especially, pajamas, gowns, and winter clothes. For further information on this project contact Sherrie Menefee, Kay Seaton, Linda Elliott, Kitty Gallman, Jane Blackburn, Ann Williams, Joyce McGehee, Billie Mason, Louise Engelking, or Sandi Gregory.

Tim Smith, son of Mr. and Mrs. Gene Smith is on crutches with a broken leg. Students received their report cards this week and also their school pictures. Many were pleased and displeased with both.

Wayne Clark is off crutches after surgery on his knee.

Brother Johnny Tims, Baptist preacher, Mr. and Mrs. Wesley Barnes are in Terre Haute, Indiana holding a re-

vival and visiting friends. They plan to return through Kentucky and visit Maudene and Ed Buckhanon.

The Lazbuddie Longhorns will be out to win their third conference game, Friday night. Their record is 6-1 for the season, and 2-0 in conference play. The boys are doing a great job and we're behind you all the way.

Lazbuddie booster club still meets on Monday nights.

Darla Ivy, wife of Beanie Ivy, is in a wheel chair suffering from a blood clot on her knee.

Lazbuddie community sends their sympathy to the Jack McGuire family.

Israel, at U.N., criticizes Big Four talks.

Dear Editor

Dear Editor:
As a concerned Citizen of Muleshoe, I would like to express my appreciation to the United Fund here in Muleshoe for their help and support in Girl Scouts here in Muleshoe and Caprock Council.

Without the support of the United Fund we would not have new folding chairs--new floor in the bathroom of the Scout Hut--new screen door--a piano for the girls to use during their troop meetings--and many other things, one for instance our wall furnace thermostat went out and had to be fixed, paint for tables, a hole in the wall took sheetrock.

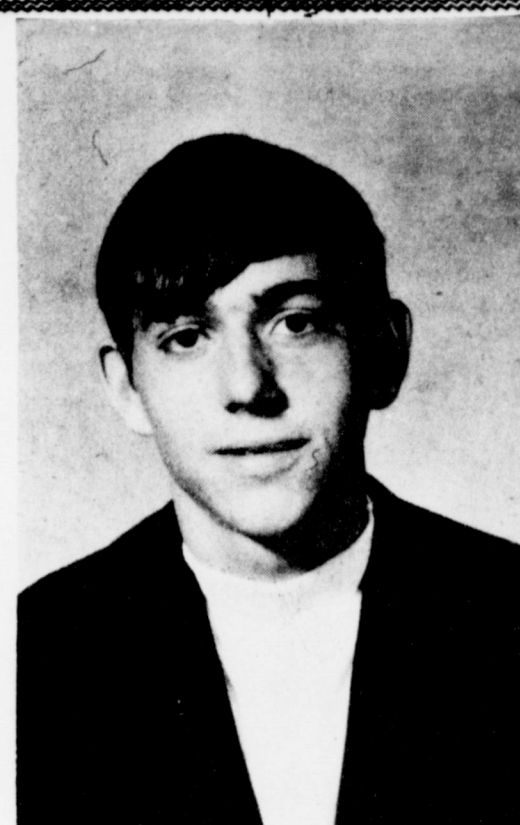

Four girls, two brownies and two Junior Girls Scouts were able to attend Camp Rio Blanco which they may not have attended except for the United Fund's help.

The Neighborhood Girl Scouts do not have a Chili Supper any more (which was a lot of work for a few) because of the help of the United Fund. The only other help we receive is from the Llano Estacado Club which pays for utilities at the Scout Hut.

I could go on and on as to how much help they do for this community in which we live. But as one citizen who is proud to say 'I Live in Muleshoe, Texas' where we have dedicated people to see that we have the means and help to raise young

girls to better citizens in this country of ours.
Thank you,

Mrs. Walter M. Bartholf, Sr.
Treasurer Muleshoe Neighborhood Girl Scouts.
