DISTRICT QUEEN

Carolyn Jo Rhoads of Slaton, daughter of Mr. and Mrs. C. J. Rhoads, was named District 2 Farm Bureau Queen over contestants from five other counties Tuesday night in Lubbock. Miss Rhoads won the Lubbock County contest recently and now will compete in the state contest in San Antonio in November. Carolyn, 16, is a Junior in Slaton High School. She was presented a spray of red roses, a watch and will also be given the expense-paid trip to San Antonio for herself and a chaperone. Bill Ball, manager of the Slaton Chamber of Commerce, will accompany her to the contest.

misdeanor theft cases, three felony thefts, one theft from person, one burglary, one prowler case and two shoplifting cases.

Of these, one of the misdeanor theft cases was cleared by arrest as were all three of the felony thefts, the theft from person, prowler and shoplifting cases. There are still four offenses uncleared for August.

During the month there were 35 arrests made for individuals being drunk, nine for consuming beverages in public, one for possession by a minor, six for simple assault, five for gaming, three for vagrancy, one for vagrancy by prostitution, three for affray, two for indecent exposure, four for trespassing, one for interfering with arrest, and one for causing a disturbance.

There were fines collected in the amount of \$1,537.00, with \$89.00 in fines laid out in jail.

During the month there were also three arrests made for liquor law violations, one for driving while intoxicated, two for CPW and two for theft over \$5. Two were arrested for investigation of burglary. One was arrested for Lubbock officers. There was a total of 85 persons arrested during the month.

In traffic violations, a total of 114 tickets were issued with No Drivers License leading the pack with 51 tickets. Second was Speeding, with 15 tickets issued.

Seven accidents were investigated with a total of \$3,515.00 in damages estimated.

Temperature Averages 81

An average temperature of 81 degrees prevailed in Slaton last week, with the high for the week reaching 108 and the low, 63.

Pioneer Natural Gas Company which keeps a record of the temperatures, reports that a week ago the temperatures were Sunday, hi, 108; lo, 68. Monday, hi, 95; lo, 63. Tuesday, hi, 95; lo, 68. Wednesday, hi, 96; lo, 68. Thursday, hi, 83; lo, 72. Friday, hi, 96; lo, 68, and Saturday, hi, 100; lo, 68.

Farmer-Merchant Dinner Slated For Next Monday

Floyd Kitchens of Route 1, Slaton, brought in the third bale of cotton to be produced in the Slaton Trade Territory last week.

Kitchens will be awarded \$15 for his feat at next Monday night's second annual Farmer-Merchant Presentation Dinner. The dinner, to be held in the Slaton Gymnasium, 10th and Jean, will be underway at 7 p. m. It is sponsored by the Slaton Chamber of Commerce.

The first and second bales were brought in last week, also as Troy Thomas, who farms a-

bout a mile north of the Canyon, claimed the first bale in the area and a \$150.00 award when he hauled a bale into the Acuff Co-op Gin yards at 5:40 p. m. last Monday.

Second bale award, \$75 went to Donald Myatt of Lubbock, who took a bale into the Malone Gin yard at 3:14 o'clock Tuesday. Kitchens' bale went to the gin at 5 p. m. last Wednesday.

Kitchens farms near the Posey community and his bale was ginned by the Slaton Co-op Gin, J. E. Gray, manager. It weighed 460 pounds.

The presentation dinner is staged each year by Slaton merchants in honor of area farmers, who bring thousands of dollars of new money into the trade territory each year. It is a time when local merchants and area farmers "eat together, prop up their feet, enjoy agood cigar and just visit." CoC representatives point out.

Well over 400 are expected to attend the affair. All area farmers are invited and have received tickets from area ginners. Those tickets, as well as their own tickets, are paid for by Slaton merchants.

As an added attraction, some \$500 in door prizes will also be awarded at the banquet as various merchants, in addition to buying their own and a farmer's ticket, have contributed some item of merchandise to be given as a door prize.

Slatonite Football Contest Off To A Good Start; Three Winners Named

The Slatonite Football Contest got off to a fine start last week, with interest high and entries good.

Otis Rogers was the first place winner, by virtue of his guess of the Wilson-Frenship game. Rogers and Lavoy Reed actually picked the same number of winners in the contest but Rogers' guess at the score in the tie-breaker game was closest to the actual point spread.

The tie-breaker game was won by Frenship, 22-8. Rogers guessed it would be 25-6 and Reed figured it would be more like 20-13.

This week, entries are reminded to be sure to include the score on the tie-breaker game, which is always listed first in

the contest. Also, please don't fail to include your name and address with your entry.

Third place last week was Donald Sikes. He wins \$2 while Reed gets \$3 and Rogers \$5.

Entries must be either brought or mailed to The Slatonite. If brought in person, they must be in the office before 5 p. m. Friday. If mailed, they must be postmarked before 5 p. m. Friday and in this office by 9:30 a. m. Monday.

Good luck!

Slaton Tiger Band Elects Officers

The Slaton Tiger Band elected officers for the 1959-60 school year recently.

They are Ronald Mangum, president; Betty Snider, vice-president; Pat Pettigrew, secretary-treasurer; and Joe Melcher, reporter.

Miss Tommie McCall was chosen band sweetheart.

Meeting Will Be Held

A meeting will be held for the Tiger mothers, Monday night, September 14, at 8:00 p. m. It will be held at the Slaton High School.

140 More Students!

An increase of 140 students enrolled in the Slaton Public School over the 1958 figure was announced this week by Dr. P. L. Vardy, superintendent.

Total enrollment in the Slaton schools this term so far is 1,734 and the figure is expected to reach around 1,900 before the year is out, Vardy said.

Four additional teachers are working this year to help take care of the increase, brought about by a continued growth of the community.

A breakdown of the schools shows 618 are enrolled in the West Ward school, 168 at East Ward, 355 at Junior High, 361 in High School, and 232 in Evans. Those figures represent an increase in each school.

Wilson Couple Share Vacation With Readers

(Editor's Note: Enjoyable vacations are long remembered and often relieved in thoughts and words. So, Mr. and Mrs. Beno Wilke of Wilson want to again enjoy their vacation by sharing it with you.)

During this trip we visited four of the five Great Lakes of the USA. Our first stop was at Milwaukee, Wisconsin, where Mrs. Wilke's sister, Sister Lydia Becker, serves as a Lutheran Deaconess in Milwaukee Hospital. From here, Sister Lydia made the trip with us. One point of interest in Wisconsin was a visit to a large estate on Lake Michigan where many prizes had been won in garden shows earlier. The vast areas of tall evergreens and stately white birch trees seemed to nod to the roar of the white-capped waves on the sandy beach of Lake Michigan.

From Milwaukee via Chicago along the shore of Lake Michigan, we motored to Holland, Michigan—world famous for its tulip festivals. Although this was not the tulip season, many other flowers were in bloom among the quaint settings of this Dutch settlement. We continued across the state of Michigan and spent our first night at Maple

Leaf Motel in Davison, Michigan. May we inject here that most motels were clean, the people friendly, and all rates were quite reasonable. One feature that pleased us very much: we found Bibles in all motels but two.

The second day, very early in the morning, we crossed over into Canada at Port Huron where we had a view of Lake Huron. We made many interesting stops during our tour through parts of the Province of Ontario. In Brantford is a monument that commemorates the invention of the telephone by Alexander Graham Bell in 1874. From Burlington to Hamilton is the Burlington Bay Skyway—one of the longest continuous bridge structures in the world and has a capacity of more than 50,000 vehicles daily. We motored along Lake Ontario on the Queen Elizabeth Way to St. Catharines, Canada's Garden City. Here, stately elms and maples line the residential streets and gardens enhance nearly every dwelling in this city. Grapes and peaches grow in profusion in this area of Canada; large delicious peaches were sold along the roadside for \$1 per bushel. Located here in St. Catharines is the Welland Canal where "the ships climb the mountains." This canal is a vital link in the new St. Lawrence Seaway.

From here we motored to Niagara Falls. Viewed from any (continued on page 4)

Session On New Tax Laws Slated Friday

A session on the effect of the new state tax laws will be held in the Lubbock Hotel Friday for the benefit of area retailers.

Lubbock Chamber of Commerce officials have invited Albert Brown, of the Comptroller of Public Accounts office in Austin to explain the new tax laws to retailers and, according to Jim Cook of the Lubbock CoC office, will welcome any interested Slaton or Slaton-area merchants to the meeting. The session will be held at 7 p. m. Friday in the East Ballroom of the Lubbock Hotel.

All For Nuthin'

Fifty-six pounds of watermelon came gratis to Wayne Lamb this year.

The watermelon came up voluntarily in a flower bed at his cabin at Buffalo Lakes. There was just one vine but it bore six watermelons.

Will Locke, father of Dr. John Locke, was a recent visitor in Slaton. He now resides in San Antonio.

Gran Celebracion de la Independencia de Mexico

Mexican Independence Fiesta To Be Celebrated Here Next Week

The Mexican Independence Fiesta will be celebrated by Slaton-area Latin Americans here on Sept. 14, 15 and 16.

A dance will start the celebration on the 14th to be held in the South Park Addition at the Fiesta Platform.

On the 15th, the queen of the fiesta and two princesses will be presented to the gathering. Some typical dances, speeches and a choir which will sing the national hymns of both America and Mexico will take the stage also. Other forms of entertainment will also be provided on

the 15th.

On the 16th, the queen, Linda Maria Vara, daughter of Victor and Cruz Vara, and the two princesses, Maria de Jesus Trevino, daughter of Jose and Santiago Trevino, and Carmen Perez, daughter of Jesus and Mamie Perez, will be crowned. A dance will also be held on this last day of the fiesta, as well as previously mentioned forms of entertainment.

Anglo-Americans have been specially invited to attend the fiesta.

CO-OPS' QUEEN—June Johnson, 17-year-old beauty and honor student in Slaton high school, (Lubbock County) is the new Miss Texas Rural Electrification. She was selected over six other finalists from throughout the state at the Nineteenth Annual Meeting of Texas Electric Cooperatives, Inc., in Houston, August 27-28. The pretty blue-eyed blonde entered the state contest as Miss South Plains Electric Co-Op. She was named "Teenager of the Year" recently by the Slaton Junior Chamber of Commerce. And she has earned many other honors—in public speaking, as a soloist, and in style shows where she modeled clothes of her own creation. She also has the highest achievement award of the Future Homemakers of America. Miss Johnson will represent Texas co-ops in the national Miss Rural Electrification Contest in St. Louis in February, 1960. She is 5'4" tall, weighs 117, measures 35"-24"-35".

Do You Enjoy Living In Slaton?

Do towns have personalities as individual people do? Are some towns happy places in which to live and other towns hard and cold? How often do you hear someone say "I did not like Lubbock, or Amarillo or Dallas or Post", as if the town, of which they speak, were made up entirely of unfriendly people, or as if the people living in certain localities did not appreciate the good qualities possessed by the speaker.

How often have you heard people say that they would like to leave Slaton, or West Texas because of the sand storms, because the people of Slaton are not friendly or because the climate is too hot or too cold?

Perhaps you have made such complaints yourself and it could be that some of these complaints are justified.

The circumstances under which you have come to Slaton, or West Texas, would have something to do with you feeling toward the town. The success of the efforts you have made since you have been here would influence your feelings but primarily your happiness while a resident in Slaton or in any other town depends upon your willingness to be a friend before you expect the other person or persons to be friends. A small favor done a stranger often is repaid a thousand fold although many efforts go unnoticed. If you want to enjoy the town in which you live and want other people to enjoy living here too, it will more than pay to be pleasant to every one with whom you come in contact. Perhaps there are a great many, you will see in a days time, who you do not particularly like but quite often that person may not realize your feelings toward them and might have a kindly feeling toward you. Quite often you meet people who do not interest you much one way or the other but friendly smile and a pleasant greeting might help make such people have a kind feeling toward, not only you, but Slaton. Don't kid yourself you'll not meet very many people in Slaton or anywhere else who are going to classify as close friends but remember the good will of most of the folks you meet is a most valuable thing and you are not likely to get it without being generous with your own good will. A.M.J.

A Problem That Needs Attention

One of the most pressing problems that faces Slaton today, not only from a community standpoint, but from the point of the individual citizen, is the clearing of weeds and grass from streets and vacant lots. True, the growing season is almost over but because the weeds and vegetation die, in the cold weather, does not mean that the breeding places for a worse scourge of mosquitoes, flies, and insects has been destroyed. In fact unless the accumulated waste is removed it will be more dangerous next spring and summer. Weed seeds and unwanted seeds from all kinds of noxious plants are being scattered by the winds to every part of town and those who allow an accumulation of dead vegetation on their premises are inviting an even worse condition for next season.

This is not a problem that can be solved by a single person or a small group such as the City Commissioners, but one that should be and can be successfully brought under reasonable control by the individual property owners of Slaton.

There is danger now and those who do not voluntarily get the work done should be made do so by some means. It is both a private and a public problem that needs attention. A.M.J.

It will soon be time to dig up and separate many varieties of bulbs and plants. Those who have an oversupply of attractive plants will not only do favors for other people but will give the town of Slaton a big boost by distributing the surplus to neighbors and friends. Slaton has grown to be one of the most attractive towns on the South Plains because of the attractive gardens and flowers that are cultivated here, help make it even more attractive. A.M.J.

While not the storyteller that Lincoln was, George Washington had a nice sense of humor, and liked to tell a joke himself. When Washington dined General Cornwallis after the surrender of that gentleman at Yorktown, one of those present was called on for a toast. When Cornwallis came, he raised his glass and toasted: "The Englishman," Washington immediately raised his glass and said "may he stay there"—and it was the Englishman laughed as loud as any.

SUBJECT TO THE GREATEST ATTACK

BE SELF-CONTROLLED AND VIGILANT ALWAYS, FOR YOUR ENEMY THE DEVIL IS ALWAYS ABOUT, PROWLING LIKE A LION ROARING FOR ITS PREY. RESIST HIM, STANDING FIRM IN YOUR FAITH AND REMEMBER THAT THE STRAIN IS THE SAME FOR ALL YOUR FELLOW-CHRISTIANS IN OTHER PARTS OF THE WORLD. — 1 PET. 5:8,9 (PHILLIPS TES)

STRENGTH FOR THE WEEK

TO US WHO BELIEVE

"For you therefore that believe is the preciousness." 1 Peter 2:7. The message of Christianity is not good advice but good news. This good news comes to us, not as a discovery of man, but as a revelation from God. It centers not in a particular teaching, but in a particular person. It demands not the ability to understand, but the response of faith. It is well that we remember that our personal confession that we make of Christ is not "I want" or "I feel" or "I understand," but with the simple confession "I believe." The people of our day are helpless, confused and rebellious. Often fearfully anxious about tomorrow. Why? It is perhaps because we have lost hold of the eternal God?

To us who believe, God is the Father almighty, Maker of heaven and earth. In the light of this we place no limitations upon His divine fatherhood. We recognize that we are not only dependents upon Him but we also acknowledge that He is the Father of all men—the Maker, Keeper and lover of us all. Why be fearful of tomorrow.

It is such a faith that places the First Commandment first. "I am the Lord thy God. Thou shalt have no other gods before me." It is such a faith that causes us to see the folly of our careful choosings, our pretty attitudes. It is such a faith as this that brings us to the realization that apart from God the Father life has neither meaning nor purpose. It is such a faith as this that opens the doors to the Saving power of Christ. For to us who believe, through we have sinned and gone astray, He has not forsaken us and left us to struggle for ourselves in the blind alleys that were our own choosing. He has come to us in the person of His Son Jesus Christ.

Sin had and has the human race in its grip, and alone man was and is unable to break that grip, as all history and experience prove. But what man could not do, God did when He sent His son into the world to save us from our sins, to save us from ourselves.

Men today talk a great deal about the Fatherhood of God and the Brotherhood of man. As long as they think only of the Maker of all as a Father because he made them and of the fact that all are brothers only because God has made us, they miss that blessed relation which Christ had in mind when he pointed to the disciples and called His brethren. God make the animal creation also. Whatever glory we have in being made by God, all these creatures have as well. But our glory, our joy and comfort is to be in being saved by Christ Jesus, not merely in being made. Since sin has come into the world we cannot say. Blessed are the creatures of God but since Christ, came into the world we can indeed say, Blessed are the believers in Christ.

Someone has said, "Creation was easy compared with Salvation." The eternal God spoke and the universe came into being. But to turn a selfish heart into a loving one, to convert a corrupted soul into a clean one, to re-establish a lost relationship between God and man, took the

long agony of the cross. Rev. Leroy Deans.

A MODERN FABLE

The New Imported World of Purvis L. Gilstone

When old man Flynn's yellow dog ran out and bit Postman Purvis L. Gilstone on the leg, Purvis finally made up his mind. "There oughta be a law," he announced, "regulating dogs—for the good of the majority."

Now Purvis was a formidable man when he made up his mind. And it wasn't the first time he'd crusaded for laws that helped the common folks.

For example he had succeeded in getting laws passed to: (1) providing an equitable government subsidy for all persons born on Feb. 29 (since they didn't have but one-fourth as many birthdays. Purvis felt they were justly entitled to a small compensation because they got only one-fourth as many birthday presents), and (2) a small government compensation for left-handed midgets and retired base ball umpires, and (3) he even worked out a formula—which was later adopted as a constitutional amendment although never completely deciphered—that regulated the number of hours, to the nearest minute, that workers over 35 could be required to work. It was necessary to make this a part of the constitution, he explained to Congress, because some merchants would invariably overwork their elderly employees if a federal law was not made to regulate it once and for all.

And so on. I could name 50 such humanistic laws that Purvis L. Gilstone was instrumental in passing.

So it was not idle talk when he decided to regulate dogs. Besides biting various citizens they also were given to barking at night and keeping working people awake, and also spreading disease.

Purvis wondered why some law had not been passed long ago to provide relief from this abominable situation.

Anyhow it wasn't long before he'd whipped up enough support on his mail route to put the thing before Congress.

Of course it passed, in spite of one old mossback Senator who didn't like John L. Lewis and sometimes not even Jimmy Hoffa, that suggested the matter be handled locally.

But Purvis quickly jumped to his feet and pointed out that dog regulation might NOT be handled locally unless there was a definite and specific law (for the good of the common folks) that REQUIRED the necessary regulation.

"Unless a central government DEMANDS these things they don't get done sometimes," Purvis righteously shouted.

Then, with a tear, he reminded Congress of all the completely innocent citizens who had been maimed by vicious dogs that roamed free. FREE with no government control at all. He reminded Congress of all the sleepless nights the little folks had to suffer because some mutt was yapping, and he cited figures to show how their efficiency on the job dropped.

Health statistics proved, Purvis said that 133,529 American children under 12 had caught some kind of disease during the past year from dogs. (An amend-

ment to the bit required fences—government approved—to keep dogs at least 19 feet 2 inches from children until the kids were 12 years old.)

When Purvis finished speaking the lawmakers rose as one and applauded his infinite wisdom. A constitutional amendment was passed and sent to the several states for ratification.

A few weeks later is was the law of the land and Congress, acting on Purvis' recommendations, set up the Dog Regulation Commission with a \$3,000,000 office building in Washington and 43 branch offices around the country. Some 2,473,211 more men were put on the federal payroll to prow the alleys at night controlling barking and investigate suspected "biters," as well as make sure the health requirements were met. They were of course, free to enter any house at any time to make sure this humanistic law was strictly enforced.

Taxes were raised slightly because of this, but then everybody came into two or three government pensions of one sort or another so it wasn't noticed much.

Anyway dog owners were allowed only one dog per family, and nothing louder or larger than a Pekingese. Sound-proof dog houses were built according to government specifications and all canine were locked inside at 7 p. m.

In fact the whole thing was such a boom to humanity that one day they erected a statue honoring Purvis. He rushed home to tell his wife, but found her in tears.

"Six dog regulators have been here all day," she sobbed. "They stomped in with muddy feet and ruined the carpet. They raided the refrigerator when they confiscated the kitchen to watch Rover because snoop old Mrs. Jones down the block turned him in for barking."

"They've been here all day," she continued, "so I haven't had anything to eat and Junior is bawling and about to starve... and I don't have any supper for you."

"Well," said Purvis justly indignant, "there oughta be a law to regulate these Dog Regulators. I'll see to that!"

MORAL: The more security—the more government regulation—the less personal freedom.

The above little fable is admittedly exaggerated—one might say even silly. But then what about laws that tell the farmer he can't raise wheat in his own farm for his own chickens, or laws that make a farmer's best crop the raising of nothing at all, or a few dozen others. They are a little silly, too.

It is a point of moderation we want—somewhere between no government at all and complete government regulation that goes away with all the freedoms we Americans frequently brag about... that point where the government protects our rights yet does not meddle in our private affairs.

GROWL
AT YOU?

Old water heaters often get so ornery they do growl at you — and, in the middle of the night, that can shake you up a little. If you have a rumbler at your house, replace it now with a rapid recovery electric water heater — the hottest thing inside and cool as can be outside. Safe, too, with insulation all around and the elements inside. Put it anywhere at all — it has no vents because it has no fumes. No growls nor rumbles, either.

JUST TALK

BY A. M. J.

It's costly to encourage a wife to fish. Take for instance Dan Shearer whose wife went with him last week to Springerville Arizona. Although she never fished before she went out in a boat with her sister and brother-in-law, who were vacationing there from El Paso. While her brother-in-law was engaged in trying a fishing line to one of her big toes so that she could try out one of Tennessee Earle Ford's ideas of fishing without a rod, and while she was leisurely flipping a regulation fishing line on a rod, a whopping big fish took her fly. All tarnation turned loose and when it was over she had all but wrecked the boat, tangled the line she had tied to her toe had landed a 22 inch rainbow trout. It was the largest trout that has been caught out of Becker's lake this season. Mrs. Shearer has had the fish mounted and is going to move everything in the living room so that it will be properly displayed. she is looking at the most expensive fishing tackle and has purchased a pink eyed lady fly, a yellow breasted seer-sucker and royal coachman and wants to head right back for Becker's lake which is only a few miles out of Springerville. Expenses are not to be considered when one goes fishing and catches 22 inch trout.

On the other hand consider Ray Hickman. Three years ago he went fishing in Colorado and had real good luck and last year he pictured the pleasures of a fishing trip to Colorado so enthusiastically to his wife that she consented to go with him. He fitted her out with fishing pants, rubber wading boots, an automatic reel, a lace trimmed creel and some of the most becoming fishing flies he could select. When she reached Colorado and tried out the excitement of fishing she crawled over rocks, fell in the creek and sprained her ankle and never caught a fish.

The moral is never encourage a woman to fish . . . it will cost a ton. If she learns to enjoy it

she will catch all the biggest fish and want all the best equipment. If she don't catch fish you'll have to go see Grant's tomb or the Washington monument on your next vacation.

If you want to see a whopping big rainbow trout and talk fishing drop by and see Mr. and Mrs. Shearer they've really got the fever.

JUST TALK

What I like about women is that when they get fired up about something they stop at nothing to attain their goals.

Last week when the Slaton Garden Club met with Mrs. Robert Ayers the subject under discussion was a clean up campaign for the town and Mrs. A. E. Whitehead got so enthusiastic that she said she wished the authorities would get after Mr. Whitehead and make him have all the weeds and stuff growing around their house cleared away. Such talk led other women present to threaten to sick the officials onto their husbands and there is no telling what may happen in Slaton. It is possible to find outside help on mowing a small patch of front lawn and positively impossible to hire someone to cut weeds in the back yards.

Such propaganda could bring on a scourge of sore backs, skinned knees and knuckles and the meanest tempers ever displayed in Slaton. It is my opinion that the only way that the town will ever get rid of the overgrowth is for the husbands to get out and do the work themselves. The future looks very dark.

JUST TALK

A friend of mine who counts his son among his employees, said that not long ago when he objected to two coffee breaks in one morning and then asked his son and several others to work an hour or so overtime to get a rush job finished, the son said "Dad, you are just as old fashioned as you can be. Nobody worries these days about getting jobs out on time and the drug stores are crowded all day long with folks taking coffee breaks, why don't you get in step?"

Trouble is that the boy is right and the tears are dripping off the end of my long, red nose because things were not so easy when I was sweating my youth away. You cannot go into a drug store, restaurant or hot dog stand anymore without finding the men who were supposed to come day before yesterday to fix your radio, your leaky faucet or the washing machine, sitting around growling about high prices, the fact that customers are unreasonable and that life is so hard.

Come to think of it I can remember when I detested my boss, the automobile finance company that insisted on payments every month and on the fact that I had to go back and work nearly every Saturday night. It is breaking my heart that coffee breaks were not the style in those days. What a good time I missed. If you have not done so you might as well make up your mind right now that you are not going to get anything on time if the delivery interferes with a coffee break. If you want to get a report on when any service will be performed, or delivery of goods made, you'll likely have to go to the coffee shop to find out. And by the way if you want to hear good gossip from either men or women that's where to find it. A lot of my best stuff is gleaned from such places. Watch next weeks Slatonite.

JUST TALK

The Sunday School teacher was telling the children the parable of the prodigal son.

"But in the midst of all this joy and excitement," she said, "there was one to whom the Prodigal's return brought no happiness; one to whom the feast meant not good times and laughter, but bitterness; one who hated the very thought of attending the feast." Then she looked around the group of serious little faces. "Can one of you tell me who this was?" she asked.

Suggested one small, sad voice, "The Fatted Calf?"

angle, the Canadian or Horse shoe Falls and the American Falls—separated by Goat Island—defy adequate description by

printed word. Thrilling in the sunlight with the ever-present rainbow overhead and a fairy-land under powerful vari-colored searchlights, the Falls present an unforgettable picture. The world-famous illumination of the

Falls occurs for 2 1/2 hours nightly. Twenty searchlights, each 36 inches in diameter, beam onto both falls from the Canadian side of the river—a total of 4,200,000,000 candlepower of light—either in white or in extravaganza of colors. While waiting for the lights to be turned on, the mist from the falls sprayed on the benches where the people were being seated. In anticipation of these wet benches, we carried a cloth with which to dry the benches. As the people hesitated to sit on the wet benches, we passed the cloth down the line. A gentleman asked where we were from and when told from Texas he said, "Well, Texas may not be the largest state anymore, but it certainly has the friendliest people!" To us the Falls seemed most majestic and awe inspiring shortly after sunrise before crowds of people gathered. A good panoramic view of both falls is obtained from Falls View Observation Tower. In the Park Conservatory are year-round displays of rare blooms along with the choicest home specimens. Close at hand is the graceful Rainbow Bridge connecting Canada's choicest home specimens, to replace the original bridge destroyed by ice floes in 1938, it

houses the Carillon Tower, containing a Carillon of 55 bells on which concerts are regularly given throughout the season. We viewed the Spanish Aero Car suspended over the treacherous whirlpool, but it was not in operation this early in the morning. Along this tour—just off the highway—is located the world's largest Floral Electric Clock, completed in 1951 by Ontario Hydro. This clock includes in its face some 25,000 growing plants while keeping correct time and chiming the hours.

After another night's rest at White Rose Motel in Niagara Falls, we started our motor trip back to the United States. From the Falls we drove through Queen Victoria Park, passing the Upper Rapids. Here in the rocks are the remains of a Steel Scow which broke loose from its tow in 1918 and was later grounded. We passed through the picturesque village of Chip-pawa which played its part in frontier development. A little farther on we came to Fort Erie on the Canadian side, and from there via the Peace Bridge we reached the city of Buffalo New York. This Canadian vacation is a pleasant experience we will never forget.

From Buffalo we took a scenic route along the shore of Lake Erie to near Cleveland, Ohio. Then we motored directly south to Charleston, West Virginia. At Charleston we took the West Va. Turnpike for a fast and direct route to Bluefield on the Virginia State line and from there drove through mountains and lovely valleys of this western end of Va. One night was spent at a pleasant hunting lodge in the cool mountain air. The entire next day we motored along the scenic Blue Ridge Parkway for 200 miles. This great mountain top national parkway follows the mountain crest from the Shenandoah National Park to Asheville, N. C. and when completed will extend to the Great Smoky Mountains. Elevation ranges from 3,000 to 6,000 feet. One of the most interesting stops along this parkway

THE STATE OF TEXAS COUNTY OF LUBBOCK SHERIFF'S SALE

WHEREAS, on the 27th day of July, 1959, in Cause No. 5546, in the 99th District Court of Lubbock County, Texas, wherein The City of Slaton, Texas, the Slaton Consolidated Independent School District, the State of Texas, the County of Lubbock, the High Plains Water District and the Lubbock County Water Improvement District were Plaintiffs and, Impleaded Party Defendants, recovered judgment against Mary Woods, wife of S. H. Woods, and S. H. Woods and anyone claiming under the deed of the below described premises to H. C. Glenn, Receiver for Temple Trust Co., which was of Bell County, Texas, said deed being dated 8-2-1933, and recorded in Vol. 182, page 136, of the Lubbock County, Texas, Deed Records, reference to which record is hereby made for all legal purposes, and all unknown persons owning, having or claiming any interest or lien in the property described herein and legal representatives of all defendants, Defendants, for taxes, penalty, interest, and cost against the hereinafter described property:

WHEREAS, on the 19th day of August, 1959, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property:

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 28th day of August, 1959, seize and levy upon as the property of the above defendants the following described property, situated in Lubbock County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

Lots One (1) and Two (2) in Block Sixty-two (62) of the South Slaton Addition to the Town of Slaton, Lubbock County, Texas, and being two town lots of land.

And I will on the first Tuesday in the month of October, 1959, the same being the 8th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Lubbock, Texas, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgment against said property in said suit, whichever

said suit, whichever is lower, subject also to the right of the Defendants to redeem same in time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

Dated at Lubbock, Texas, this 2nd day of September, 1959. Grady Harriet, Sheriff Lubbock County, Texas By Verlie Shearer, Deputy 3TC-48

THE STATE OF TEXAS COUNTY OF LUBBOCK SHERIFF'S SALE

Cultivating a Rich Field calls for DEPTH OF PENETRATION

UNLESS you are using your local newspaper as a regular part of your advertising program, you are very likely doing little more than scratching the surface of the important and rich market which it covers. Your newspaper commands the attention and respect of the community and will carry your sales message with force and dignity.

The Strongest Force in Business Today is Newspaper Advertising

Your local newspaper has the "depth of penetration" that gets beneath the surface interest of its readers, down to where the sales action really starts. Your business will profit from a program of planned newspaper advertising.

Nancy Lou Walton, 4-year old daughter of Mr. and Mrs. Charlie Walton, is reported making steady improvement at home from serious injuries suffered August 26 when the Walton car overturned near Roby, Texas. In the wreck which occurred when the Walton car was crowded off the highway by another vehicle, Nancy suffered a fractured skull, brain concussion, broken nose, and dislocated left shoulder.

Nancy Clifton and Melinda Clifton, who were severely hurt in an auto accident on August 24 near Grand Prairie, were reported to be improved. Nancy's hip was broken and is in a cast. Melinda suffered a brain concussion and was unconscious for several days. Both will return home in about three weeks from a Dallas Hospital if they continue to improve as they have in the past few days.

A 1951 Ford Tudor belonging to Roscoe Mercer was stolen from his residence at 1005 W. Dickens between 6:15 and 6:30 p. m. Tuesday night and recovered approximately six hours later at the Mackenzie State Park swimming pool. Mercer reported Wednesday the car had two ruined tires, a flattened wheel and bent fender and showed other evidence of reckless driving.

Mr. and Mrs. Sam Gentry and daughters, Laverne and Anna Belle have returned from a vacation trip in Texas.

The J. D. Lawson family of Houston and Mrs. Lawson's mother, Mrs. Fannie Patterson, have returned home after making a motor tour into Canada.

Miss Eva Darlene Robertson, daughter of Mr. and Mrs. C. M. Lamberson of Wilson and Alvin

Arlie Gartman, Jr. son of Mr. and Mrs. A. A. Gartman of Slaton, were united in marriage on Sunday, August 31, at the home of the bridegroom's parents.

Mr. and Mrs. Joe Teague, Jr., and Mr. and Mrs. George Green and family met in the park at Sayre, Okla., for a Green family reunion.

Add Traditional Charm

to Modern Outdoor Living... with GAS LIGHTS

From the nostalgic years of the last century re-appear the lights that have the entire country talking... Gas Lights! Authentically styled, they add appeal to any home, regardless of architectural design. Practical, as well as picturesque, Gas Lights DO NOT ATTRACT BUGS... provide no-glare illumination that is inoffensive to neighbors yet acts as a deterrent to trespassers or burglars. On the patio, along driveways, sidewalks and steps, around swimming pools... Gas Lights cast a soft, magic glow that is graciously inviting and relaxing. Call Pioneer Natural Gas Company tomorrow about an installation in your yard.

* Up to 50 feet of gas line included in normal installation. Where boring under concrete is required, the cost is \$1.50 per foot. Tubing requirements in excess of 50 feet—25¢ per foot.

1960 Motor Vehicle Inspection Stickers Are Now Available

AUSTIN—The Texas Department of Public Safety has announced that the new 1960 motor vehicle inspection stickers were available to Texas motorists beginning September 1.

Col. Homer Garrison, Jr., Director, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1960. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Garrison said, "this program has become a very minor inconvenience and expense to the motor vehicle owner—provided he moves early to comply with the law."

"The more than 4,500 authorized inspection stations over the State are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline."

"With hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked in preparation

for the winter months."

Garrison called attention to the fact that since the beginning of the inspection program vehicles having a defect that was a causative factor in fatal accidents decreased from 11 per cent to four per cent.

He said 43.4 per cent of the cars inspected during the last inspection period needed some adjustment or repair and that the average cost for inspection, including the \$1.00 fee, was only \$2.02 per car.

Home Economic Students Are Sought By WAC

Women home economics students who have completed their sophomore year may embark on a dietetic career with immediate financial benefits, Sgt. Bill Jones army recruiter, announced today.

The U. S. Army Medical Service is accepting a number of outstanding college students for the Student Dietitian Program. Accepted applicants become members of the U. S. Women's Army Corps, Reserve, and receive a monthly salary in excess of \$200. As a member of the WAC, Reserve, there is no interference with present schooling.

To qualify, applicants must be of junior or senior standing with a major in Foods and Nutrition or Institution Management. Other requirements consist of the ability to meet the prescribed physical, mental and scholastic standards.

Participation, in addition to providing financial assistance to students, leads to a commission as a second lieutenant in the Army Medical Specialist Corps. As a commissioned officer, individuals undertake a three year tour of duty which includes a 12-month Dietetic Internship, cost free, while receiving full pay as an officer.

Sgt. Jones explained that the combination of the Student Dietitian Program, and the subsequent Dietetic Internship provides an unusual opportunity for

Farmers Home Administration To Operate Program With Less Workers

Farmers Home Administration will operate its program in Texas this year with 117 fewer employees than it had a year ago at this time according to a statement this week from Walter T. McKay, the agency's State Director. Since the break of the drought, the agency, statewide, has reduced its forces by more than 27 percent and has discontinued 7 of its field offices on a full-time basis.

Insofar as the employees who lost their jobs, McKay said that in practically every case the training and experience they gained during their employment with Farmers Home Administration enabled them to step into jobs with banks, PCA's and other private and cooperative credit institutions—many of them at salaries better than they had with the Government.

In connection with the services available to farm families, there will be no change according to McKay. He said that during the past three years more than 12,000 farmers and ranchers paid their loans in full to Farmers Home Administration, and for the most part had reached or regained a position where

private and cooperative sources can now handle their needs.

Farmers Home Administration will continue to make loans to eligible applicants for farm and home operating expenses for the purchase of livestock equipment needed to put the farm programs on a sound basis and to finance farm real estate purchases and improvements.

Fred N. Warren is the Farmers Home Administration county supervisor for Lubbock County. His office is in the basement of the Post Office building in Lubbock.

"Boy meets Girl"

HEY FELLAS! Chances are you'd be surprised to know how many "guys and gals" have met each other "right in the middle of a church aisle!

It might have been before or after a church service—perhaps in Sunday school, or during the "social hour". But the important thing is that they met in a very commendable place.

Romance first bloomed, then flowered in beautiful fashion, and later they began life together at the marriage altar.

The point is that both were *spiritually prepared* to contribute toward establishing and maintaining a home because the church had been given opportunity to help build the right kind of character for both.

God established the home. He established the church also. He intends that each shall complement the other—they are *so vital* to one another.

Young man, young woman, you will be wise to keep this in mind as you think about romance and marriage.

Give yourself the chance you deserve by giving the church the chance it deserves. Be faithful in attendance and commitments.

BRAVES GO FISHING

In August the Braves Pony League Team, accompanied by the manager, Floyd Boyd, Rev. C. M. Fields, and C. B. Teffertiller, went fishing in Spring Creek, west of San Angelo. They caught a 20 pound catfish, a 10 pound catfish and a 5 pound catfish, all three pictured. The Braves that went are from left to right: Barton Pike, Junior Gibson, Jerry Teffertiller, Travis McCormick, Jesse Lopez, Billy Cooper, John George, Kenneth Fields, Webber Teffertiller, and Billy Beltoe.

TEXAS PRESS ASSOCIATION

AUSTIN—People who have been writing Gov. Price Daniel in the past few weeks say "no more taxes, please."

In mid-August the governor announced he would call a special session to raise money for higher teacher pay only if the people demanded it. He said he also wanted to find out how legislators felt after they had had a chance to be home a while and talk with the folks in their districts.

In the weeks that have transpired, there has been a heavy volume of mail running strongly against the special session idea. Lawmakers also are taking a dim view of being called for a fifth round of money hunting.

Whether this means that prospects for a teacher pay session are out remains to be seen. It could mean only that the teachers, their families, friends and other school-minded people have been too busy with "back to school" work to get their letters off to the governor.

On the other hand, it could mean that the people are getting tired of taxes, and spiraling wage scales.

Pinch Already Felt—

Perhaps the reason many Texans weren't eager to have another tax session was that they were beginning to feel the bite of new taxes already passed this year.

State Treasurer Jesse James' report shows that many stocked up on cigarettes and liquor during August, before higher taxes on these items became effective in September.

Sale of liquor and cigarette tax stamps soared to \$5,227,642 in August. This is \$1,098,496 higher than sales for August, 1958.

No statistics are available for the pre-tax selling of items which got hit for the first time. But heavy advertising campaign indicated that merchants hoped buyers would clear their stores during August of such items as air conditioners in order to avoid the 3 per cent sales tax.

Governor Defends Veto—

Governor Daniel's office has suggested that the State Hospital Board tap its \$1,200,000 emergency fund to eliminate any fire hazard to the 800 oldsters housed in the Confederate Home in Austin.

Governor Daniel vetoed a legislative appropriation to build new quarters for these patients. His action brought some reaction of surprise and criticism. State Hospital system's safety officer was quoted as labeling the 50-year-old frame building as "definite fire hazards."

A spokesman for the governor retorted that the appropriation the governor scratched would not have emptied the Confederate Home. He said it would have provided quarters for only about 300.

He suggested the State Hospital Board use its emergency funds to re-double safety precautions for the old folks.

Long Time, No Pay—

Legislative employees will have to wait until Nov. 4 to get their next pay check.

In its last special session the Legislature approved a \$330,000 fund transfer for these between-sessions expenses by voice vote. But all bills not passed by a two-thirds record vote cannot take effect until 90 days after the sessions ends. Hence, the November date for this action.

Legislature also appropriated \$1,000,000 for legislative expenses, but this was vetoed by the governor. He said he felt they could get along on the \$330,000.

Arrangements were being made for some 20 House and Senate employees, who've missed two pay days now, to get low interest loans from loan companies.

Attention, All Boat Owners—

State Highway Department has announced that registration and licensing of boats under the new water safety act will begin next month.

Boat owners will have until March 1, 1960, to get their certificates and identification numbers.

Cost of the licenses will vary with the size of the craft. Here is the scale: Boats under 16 feet in length, \$1; 16 to 26 feet, \$5; 26 to 40 feet, \$10; 40 feet or more, \$12.50.

Boats, regardless of length, if equipped with a 10 hp motor or less, will be exempt from the tax as well as the numbering provision of the law.

The Highway Department will deal only with the registration phase of the new law and not with safety enforcement.

Senate Investigators—

Sen. Wardlow Lane of Center has been appointed chairman of the Senate General Investigating Committee.

Others named to the committee by Lt. Gov. Ben Ramsey are Sens. A. M. Aikin, Jr. of Paris (reappointed), Dorsey B. Hardeman of San Angelo, Bruce Reagan of Corpus Christi and R. A. Weinert of Seguin.

This committee succeeds a panel headed by Sen. Charles Herring of Austin which collected reams of material on the ICT Insurance Company, the state insurance liquidation division and tax collecting procedures in the state comptroller's office.

Cost of Cityfying—

In the past ten years Texas prison population has rocketed from 5,000 to 11,000.

Some might wonder if the state is reverting to the lawless ways of the Old West. Not so, according to O. B. Ellis, general manager of the Department of Corrections. Seemingly, it's "progress"—or at least a parting with old ways—that's causing the trouble.

In citing what he feels are the reasons more Texans are getting behind bars, Ellis put "urban movement" at the top of the list. "A good old country boy moves to the city," Ellis explained. "has a 40-hour work week and doesn't know how to use his time."

Ellis also blamed no jobs for youngsters and misplaced values—"too much emphasis on the big home, the big auto."

Clinton Martin of Wilson, son of Mr. and Mrs. Edwin Martin, broke his elbow last Wednesday. He spent three days in the West Texas Hospital in Lubbock. He came home Saturday.

VFW Sponsors Magazine Sale

The Aaron Luman Post of Veterans of Foreign Wars is sponsoring a magazine subscription sales campaign here beginning Monday.

Cecil Scott, commander of the VFW post, said all of the VFW share of the proceeds would be used to purchase hospital beds, wheel chairs and crutches. These items are available from the post to any one who needs them. Scott pointed out.

The Slaton veterans' organization for several years has maintained as a part of its community service program lending of facilities needed by anyone, regardless of whether they are veterans, needed in recuperation from illness or injury at home.

E. L. Hicks who for the past four years has conducted the subscription sales for the VFW will again direct the campaign. Hicks said the campaign would be fully approved and each solicitor would carry proper identification which Hicks insists that prospective customers verify.

Slaton's Tigers Bow In Opening Game, 16-0, To The Canyon Eagles

Slaton's Fighting Tiger footballers opened their '59 season last Friday night in Canyon, bowing to the Eagles, 16-0.

The team played fine ball most of the game but failed to muster a scoring punch, threatening seriously only once. Yardage gained compared favorably, however, and the Tigers ground

out more first downs than the winners.

A crowd of over 3,000 watched the game, swelled by a special train from Slaton which carried well over 400 fans, including the band and pep squad, to the game. The exuberance of Tiger backers, however, couldn't overcome the slightly more ex-

perienced Canyon team.

Two 50-yard punt returns by Canyon Quarterback Jerry Richardson figured prominently in the Eagle win. The victors scored in the first and third quarters to cap the game, adding extra points both times.

The Tigers showed strength in the center of the line but failed to stop the Canyon end sweeps. For the Tigers, Fullback David Bishop was the leading ground gainer with 77 yards in 14 carries. He was also a leader on defense.

Slaton received the kickoff, picked up a first down on their own 41 yard line and after three plays were forced to punt. Canyon took the ball on their own 22 yard line and in two plays had a first down on their own 38 yard line where two passes fell incomplete, an end sweep picked up five yards and on fourth down they were forced to punt.

Slaton took the ball on their own 26 yard line and moved to the 39 in three plays. Barry picked up 6 yards around left end. Sanders went over tackle for one, a pass fell incomplete, setting up a punt on fourth down. End Jerry Allen kicked 35 yards to the Canyon 20 where Richardson fielded the ball, cut to the east sideline and traveled 50 yards before being brought down from behind by Gary Ward. Operating from the Slaton 30 yard line, Richardson was thrown for an 11-yard loss, back to the 41 yard line. On the next play he moved around right end for 20 yards and lateraled the ball to halfback Mike Poole who went the remaining distance for the touchdown. Fullback Chuck Nester drove over for the extra point, making the score 8-0.

After the kickoff and a Slaton punt, the Eagles again took the ball on their own 25 yard line. In 8 plays they had picked up 2 first downs and had a first and 10 on the Slaton 13 yard line. The Tiger line held and took the ball on downs and ran two plays before time ran out in the first half.

In the third quarter, Richardson again picked up an Allen punt on the Canyon 30 yard line and moved down the sideline to the Slaton 29 yard line. An attempted pass lost 6 yards. Nester picked up 3 over right tackle and a Richardson to Marrs pass went for 20 down to the Tiger 10 yard line. On the first play, Richardson moved over right tackle for 10 yards and the touchdown. Fullback Tommy Henderson went for the extra point.

In the fourth quarter the Tigers managed their only scoring threat moving from the 50 yard

line to the Canyon 8 before losing the ball on downs. From the 50 yard line, Gary Ward completed a pass to halfback Randy Sanders for 14 yards and a first down on the 36 yard line. Sanders went off tackle for 3 yards, another pass to Giles Smith picked up 6 yards. Bishop went over center for 10 yards and a first down on the 21 yard line. Three more plays made a first down on the 11 yard line. Bishop failed to gain over center, Sanders made 3 over tackle and two passes fell incomplete to stop the drive on the 8 yard line.

The entire Tiger team played a fine game, but could not muster enough strength to score. The next tiger game is at Seagraves, next Friday night.

Wilson Falls To Frenship By 22-8 Score

WILSON—Wilson's Mustangs held Frenship to a 6-0 lead at halftime and scored once themselves in the second half, but lost to the visitors, 22-8 in a hard played game.

Frenship added two scores and two extra points in the last half of the game, played last Friday at Wilson, to take the victory. Wilson picked up its score in the second half, also adding the extra points.

Around 400 persons attended the opener for both teams. This week, the team will journey to Plains seeking their first win of the '59 season.

Six Of Nine Tiger Opponents Win Openers

Six of the Tigers' remaining nine opponents for the '59 season came out of opening games with wins last week.

The three who lost were Rotan, downed by Ranger, 20-0; Tahoka, beaten by Seminole, 45-0; and Post, unended by Rails, 29-8.

In the winning column were Seagraves, this week's foe, who beat the Carlsbad, N. M. "B" team, 54-14; Frenship, victors over Wilson, 22-8; Crosbyton, conquerors of O'Donnell, 23-8; Lockney, winners over Hale Center, 20-6; Floydada, defeat-ors of Abernathy, 20-0 and Spur, winners over Haskell, 12-8.

Southland Takes Measure Of Peacock, 44-8

Eagles opened their 1959 season in grand style last Friday night as they trounced Peacock, 44-8, in a game played at Southland.

The team will play Loop, there, this week as they seek their second victory of the season.

Figuring greatly in the Eagle win were Manuel Salinas, Don Basinger, Clinton Smith, Darrel Jones and Fred Melcher.

Mr. and Mrs. S. W. Wyckoff of Beeville were visitors at the Christian Church here recently.

TALES OF THE TIGERS

Some of the most ardent supporters of Slaton Tiger Football teams are members of the Slaton High School Pep Squad and the Tiger Band. Here members of both organizations are shown at a pep rally held just before the train left for the Canyon game last Friday.

**Around and
About Slaton**

Slaton is not the only town having weed and mosquito trouble. Many vacant lots in Lubbock have weeds tall enough to hide a man on a horse, the weekly paper in Ballinger, Texas, reports mosquitoes and weeds a menace to the health of that community and visitors to Post complain of rank growth and of flies and mosquitoes in that area.

Mr. and Mrs. J. D. Holt went by plane to Dallas last Monday. They had reservation at the Shraton Hotel. They expected to see friends and many former acquaintances. Before coming to Slaton Mr. Holt was employed in Dallas and he and his wife have many friends there. Both expected to return to Slaton this weekend.

Mrs. Ethel Tate left last week for Galveston and other points on the coast and in central Texas. She will stay at Marlin for several weeks to take a course of mineral baths.

Mr. and Mrs. J. A. Warren visited in Hollis, Oklahoma over the week-end.

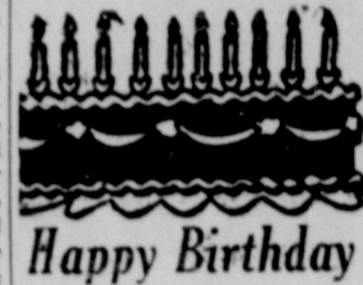

Mr. and Mrs. J. D. Barry plan to leave this week for Los Angeles, California, where they will visit their son and his family.

It is reported that a beauty conscious woman who lives on a farm near Slaton found that she had a flat tire on her car recently just when she had a date with a local beautician. It was no problem to her; she arrived

on time for her appointment driving a tractor. She returned home resplendent in bobby pins to a husband who was in a big uproar over a missing piece of farm equipment.

There have been more cases of stubborn intestinal flu reported in Slaton this summer than in many years and with the influx of transient workers due, infections are scheduled too increase. About the only safeguard against the contagious is to become a hermit.

Where are all the stray cats that used to roam about Slaton? It is understandable where the stray dogs have gone, but cats: who can catch a cat and put it in a pound?

Happy Birthday

Sept. 11: Fred Kahlich, D. L. Conner, Barbara Wilke, Tony Martin, Mrs. W. H. Glasscock, Debbie Sikes.

Sept. 12: Mrs. T. L. Talbert, Mrs. Fred Blair, Paul Brasfield, Mrs. Joe P. Holland, Belva Becker, Suzan Patrice Brown.

Sept. 13: Clark Self, Sr., Mrs. Edward Schilling, Mrs. Harold Tucker, Jim Sain, Mrs. A. B. Lockett, Joan Pye.

Sept. 14: Diane Heinrich, Earl Kenney, Mrs. George Marriott, Terry Ray Schuette, Viola Rackler, Steve Kitten, Mrs. E. M. Lot, Mrs. Richd Lmb.

Sept. 15: Jack Webb, Michael Ball, Mrs. Jesse Prosser, Jay Dunn, Phyllis Jean Hinkle, Mrs. Bill Brown, Tommy Le Master.

Sept. 16: Gerry Clark, Gordon Plinke, Mrs. Don Gaitner, Kay

Lavon Sain, Max Wilson, Don J. Crumbley, Jack Berkley, Patsy Pettigrew, Don Wayne Jackson. Sept. 17: T. A. Worley, Abe Kessel, Roy Kitten, C. A. Johnson, Mrs. Ray C. Ayers, Edward Meurer, Mrs. A. R. Weld, Mrs. Don Bourn, Carrie Wright.

Mr. and Mrs. Roland Schuette visited relatives at Fredericksburg and San Antonio, August 15 and 16. They were present when their niece, Carolyn Cloninger, now Sister Edwina, took her first vows at the convent of The Incarnate Word.

Stinson Behlen has been on vacation for the past few days.
