OUT FRONT FOR TIGER BAND

These three Slaton High School students are usually "out front" when the Tiger Band takes the field at a football game or marches in some parade. They are, left, Majorette Charlotte Bland, Drum Major George Privett, Jr. and Majorette Nita Ward.

Two Special Events Slated At 1st Christian

Two special events are scheduled this weekend at the First Christian Church.

A Big Watermelon Feed will be held on the parsonage lawn Friday between 6 and 8 p. m. Earl Reasoner is furnishing the melons for the affair, to which all church members and their families, all members of the Bible School and their families and all friends of the church are invited.

Those planning to go to the football game can come early, have all the melon they want and still make the game and those working late can come, have watermelon and not be in any hurry, points out Rev. Claude Wingo, pastor.

On Sunday, Rally Day-Promotion Day will be held in the Bible School. Every person whose name is on the Sunday School rolls is urged to be present. A record attendance is expected, according to Rev. Wingo.

Student Wins Slatonite Grid Contest

Slaton High School student Frank Chapple out-guessed his elder counter-parts in the Slatonite Football Contest last week.

Chapple's entry was the only one among the armchair quarterback set which foresaw a Texas Tech victory over Texas A&M. He missed one other guess, but his pick of Tech over the Aggies got him first place and \$5.

A previous winner reappeared in the money category last week as Lavoy Reed, who won second place in the first week's contest, repeated that feat as he tied for second.

The third winner, tied for second with Reed, was Glen Akin of Route 1, Slaton. Both Reed and Akin will split second and third place money and take home \$2-50 apiece.

All three first place winners missed only one game, as did many others. It was that Tech game that did it, though, with many seeing an Aggie win by as much as 20 points.

FFA Initiates 36 Members

The F. F. A. set a new record in Slaton Monday night by initiating thirty-six members to the chapter.

The boys were initiated by a formal ceremony which pointed out the main points of interest and high goals to be reached in the F. F. A.

The members initiated were: Don Caldwell, Gary Caldwell, Dick Marriott, Joe Wicker, Billy Ganus, Billy Cooper, Ronnie Edwards, Tommy Todd, Grady Clark, Gregg Nowlin, Kenneth Fields, Jim Gravel, Ernest Myer, Walter Porch, Danny Kitten, Jim Lowery, Holby Carol, Doyle Cooper, Kelly Bownds, Tommy Simmons, Jimmy Hines, Richard Height, Teddy Hatchett, John Frank Davis, Webber Tertilier, Billy Meurer, Jerry Miller, Robert Hoffman, Jackson Stockstill, Jack Cofield, Mike Brown, Julian Perez, Eddie Schmaltz, Rodney Jones and John George.

The Slaton Choralettes met last week and elected officers. They are as follows:

President, Thelma Widd; Vice President, Carole White; Secretary-Treasurer, Cindy Spikes; Reporter, Martha Ellis; Music Librarian, Linda Isbell; Assistant Librarian, Glenna Payne. The director is Mrs. M. G. Davis. The accompanist is Mrs. Bill R. Cormack. There are 130 members.

GEORGE PRIVETT, JR. wins award

Slaton High School Youth To Be Guest Of Navy Seven Days

A Slaton High School senior and drum major of the Slaton Tiger Band George W. Privett, Jr. will fly to San Diego next week-end (Sept. 26) for seven days with the U. S. Navy. Privett, son of Mr. and Mrs. G. W. Privett of 115 North 6th Street, Slaton, was the 1959 Navy Science Cruiser award winner at the district science fair held in May at Texas Tech.

Young Privett achieved his Navy Science Cruiser award with his exhibit, "Parabiosis for the Study of Pituitary-Ovary Relationship." His experiment was conducted with a pair of white rats.

He received a formal invitation for the cruise through the chief of Naval operations. He will fly from Amarillo Air Force Base at 1:10 p. m. Saturday, September 26, aboard a Navy transport plane. Accompanying him will be a party of science cruisers from other parts of the nation.

The group is due to arrive at the North Island Naval Air Station, San Diego, about five hours later.

September 27 will be free for sightseeing to Privett and his companions. On Sept. 28 and 29, they will cruise aboard the aircraft carrier USS ORISKANY and submarines.

A tour of Naval installations in the San Diego area has been set for the science cruisers September 30 through October 2. Privett will return to Slaton on October 3.

Drys In Meet With TANE Official; Wets Have Names

BULLETIN!!! Wet forces filed petitions bearing over 600 names with the county clerk Wednesday. The petitions ask for an election to legalize the sale of alcoholic beverages for off-premises consumption in Precinct 2. The County Commissioners will call an election in not less than two nor more than 30 days if the petitions are found in order.

The Executive committee of the "Dry Forces of Precinct 2," headed by Kenneth Jones, met Wednesday morning with Rev. R. R. Holton, Administrative Assistant for Texas Alcoholic Narcotics Education.

Texas Alcohol Narcotics Education is "a state-wide non-profit, religious organization supported by 19 different denominations and by individuals within the state of Texas. The purpose of TANE is to be the 'right hand' of the churches and of God in the struggle against the satanic liquor traffic and the terrible, tragic toll this traffic has on all humanity," according to Rev. Holton.

Wet representatives said Wednesday that there are already enough names on the petitions being circulated to call the election.

The wets have until Saturday to return the petitions, calling for an election to legalize the sale of alcoholic beverages in Precinct Two for off-premises consumption.

The petitions were expected to be turned in before this week end, one wet remarked. They require 466 names.

It was brought out during the meeting that the "wet" leaders are "evidently ashamed of their part in trying to bring alcohol into our area since they have had three public opportunities to identify themselves and have failed to do so," a statement coming out of the meeting said.

It was brought out that many people have already taken their names off of the petitions being circulated because of mistaken impressions given by those circulating the petitions," the statement continued. Affidavits may be obtained any time between now and October 12 in the churches of Slaton which when signed will take any persons name off of the petitions which have been filed in the County Clerks' office, Dry Forces point out.

Committee progress reports and future plans were discussed in work against legalization of alcohol in our area. Those present in addition to the chairman were Mrs. Ray Conner, Rev. Rolio Davidson, Rev. Ted Gaze, Rev. W. E. Rhodes, Rev. Claude Wingo, Rev. F. C. Banda and Mr. Harold Mobley.

CoC Ok's Budget; Banquet Date Set

Approval of a budget for the 1959-60 fiscal year and the naming of a date for the annual banquet were the featured activities of the Slaton Chamber of Commerce board of directors' meeting Monday night.

The budget, set up by Manager Bill Ball, was approved as presented and includes proposed expenditures of \$15,495.00 through June 30, 1960. Also included in that figure is the annual Swimming Pool Bond Principal Retirement plus interest.

The date set for the annual banquet was January 8, 1960. An outstanding speaker is being sought for the affair.

Director Ted Swanner presented a financial report on the swimming pool at the meeting which showed operating cash as of Sept. 10, 1959, of \$1,206.36 plus a Savings & Loan account of \$6,000.00. Interest earned by that account totaled \$140.61, making a total of \$7,349.97 in the Swimming Pool Fund. The

directors voted to deposit \$1,000.00 more in the Savings & Loan account.

The board of City Development's 20-year Swimming Pool bonds, dated Sept. 1, 1953, totaled \$50,000.00. Of that amount, \$14,000 has been paid as of September 1, 1959, leaving \$36,000 still due.

In other activity, the directors approved a plan of issuing purchase orders through the CoC office for all purchases to be made for the chamber's activities.

Slaton Theatre

To Open Saturday

Howard Stribling, of the Slaton Theatres, has announced that an alternating program of American and Spanish-language films will be shown at the Slaton Theatre beginning Saturday, September 26.

The alternating program is a temporary arrangement, Stribling said, and will be in effect only through the fall season. Also, the alternating program will be in effect Saturdays and Sundays only.

In the program, the American films will be shown first, to be followed by the Spanish-language film, back to the American film, etc.

Monday through Friday nights American films only will be shown.

Crowd Loved It When Slaton's Tiger Band Took Field Last Friday Night

An outstanding marching band, the Tiger Band of Slaton High School, took the field by storm last Friday night at halftime during the Slaton-Rotan game.

It was the first time this year the band, 88 strong, had performed before the home crowd and it was received enthusiastically.

The band entered the field from the north and formed a triangle, and then, after being called to attention by the drum major, George Privett, played a fanfare.

The band then marched forward playing "King Size." Upon reaching the south end of the field, the band did a rear march and came to rest in four company fronts.

It marched forward then, playing "Sound and Fury," and formed two company fronts on the forty yard line. A routine of marching diamonds was then executed to a drum cadence.

The band again marched forward playing "Tiger Rag." Upon reaching the fifty yard line, it did a rear march and concluded the performance with a bow, accompanied primarily by a loud clapping of the hands from the stands on the east side of the field, where sat Slaton fans and the pep squad.

The first contest for what many feel is Texas' finest Class AA High School Band will be held December 5th in Brown-

field. It is the Interscholastic League Marching Contest.

George Privett leads the band on the field as Drum Major. His pretty associates up front are majorettes Charlotte Bland and Nita Ward.

Band officers this year are Ronald Mangum, president; Billy Snider, vice-president; Patsy Pettigrew, secretary-treasurer and Joe Melcher, reporter. Miss Tommie Karen McCall, first chair flutist, was elected Band Sweetheart recently.

Band Director Bill Townsend, who last year led the band to a

Division I rating on marching, is a graduate of Southeastern Oklahoma (Bachelor of Arts) and Texas Tech (Master of Arts). This will be his ninth year to direct the "Pride of Slaton."

Townsend lost 25 members of the band this year through graduation last spring. And all of those lost were first chair performers but one.

Townsend said, "Considering we lost those twenty-five, the band has done very well so far, I feel." Many Slaton residents agree.

Rainfall Exceeds An Inch In Downpour Here Tuesday Night

Rain from Tuesday night's downpour ranged from an inch and one tenth to an inch and a quarter over Slaton.

Tuesday, the last day of summer, brought storm reports from all over the South Plains with temperatures dropping sharply as the cold front approached and rainfall reported all the way from a trace to six inches during the day. That big six inch report came from the Panhandle early in the day.

The line of thundershowers which passed over this area dwindled out between here and Midland, it was reported, but rainfall was quite general in this area.

During the rain here, a short in the new combination fire-storm alarm on West Division caused the siren to sound for a couple of minutes, creating a great bit of excitement as many

residents confused it with the storm signal, which is three or four short blasts in contrast to the continuous sound caused by the short Tuesday night.

Slaton Youth Passes Advanced Tech Examination

William Earl Clark, Slaton chemistry major, is among thirty-two entering freshmen who have "passed" Texas Tech's advanced standing examination in chemistry.

By making a satisfactory score on the special test, the students have picked up four semester hours of college academic credit and won the right to take an enriched course in advanced chemistry.

The advanced-standing exam covers basic principles of a beginning course in college chemistry. Students who have done good work in high school chemistry often are capable of passing the Tech exam.

In Tech's enriched chemistry course, the students will have special opportunities to go as far into the study of that science as their desire and abilities will take them.

Skiping the beginning chemistry course also allows time for an extra course during a student's undergraduate career.

Photographer Is Rotary Speaker

Frederic De Vries, of Marinell Portraits, was the speaker at last Thursday's meeting of the Slaton Rotary Club.

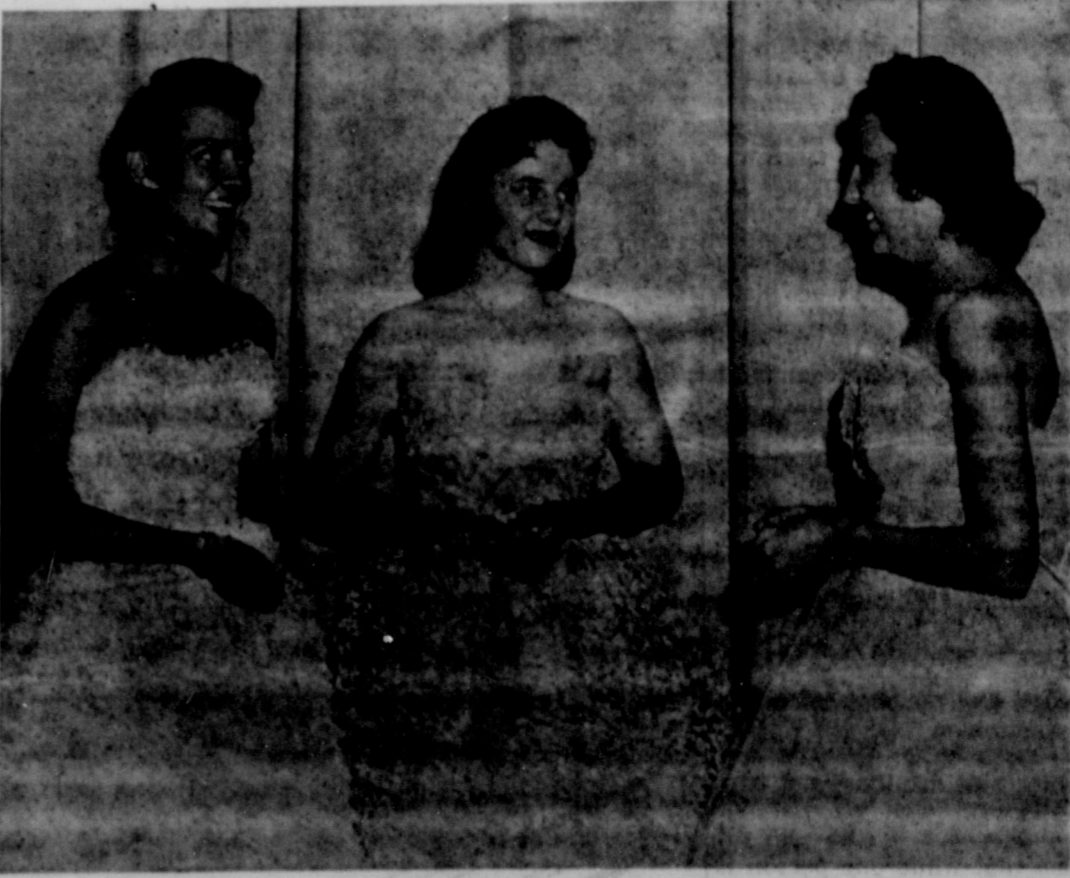

Frederic is one of the country's outstanding professional photographers and his demonstrations of what makes a picture good were intensely enjoyed by the Rotarians. It might have been the highlight program of the year.

He demonstrated various points in making good pictures and backed up his statements with illustrations of winning pictures.

Slaton and the Communist Visitors

With all of the hoopla and fire works in every newspaper, magazine and on every radio station and television screen, large or small, it seems that some comment on the all important subject of Mr. and Mrs. Khrushchev's visit to our shores should be made in this paper.

What do some of the people in Slaton think of all the play that has been given the communist visitors and will it do good, harm, or will it make no difference at all.

In order to find out a number of Slaton people were interviewed. Their names would be printed along with their comments if most of them had not objected to being directly quoted. It seems that very few people want to make predictions that might turn out wrong but most of those interviewed did not refuse to comment. Here is what some of them said:

"It is a mistake to even recognize the head of a Government that fosters atheism."

"Nothing he says can be depended upon and any agreements he makes are as unreliable as those made by Japan before the last war."

"What power has Mr. Eisenhower to make any agreements, or even consider them, when he will be out of office within a year, with a man who may have no power to fulfill promises six months, or even two months, from now."

No one in Slaton expressed favor for the invitation to the Russians and no one expected any good from it.

Admitting that Slaton is a small town in a somewhat isolated part of the nation and that the voices of the people in Slaton are not going to have much effect on the atomic war, or on what the President does, it seems to most of us here, that a lot of money has been spent and a lot of fuss raised over a cruel and aggressive predator who needs a lot of watching. A. M. J.

The Beginning of the Millennium

The early spring storms with their hail and high winds certainly did cause disappointment to flower and fruit fanciers in and around this area. Such seasons are perhaps more the rule than the exception. Slaton people work hard to make the environment of the town attractive and there are years when this area can and does produce some of the most attractive flowers and top grade fruit that can be hoped for.

Like the dry land farmers, those who take pride in their flower and vegetables, should sigh and forget the summer and fall of 1959 and turn with dreaming eyes and great expectations to the spring, summer and fall of 1960. The fall seed and flower catalogues have been arriving by the thousands and those who have been able to massage the kinks and pains out of their backs are now seeing in their mind's eye the lovely things that could be produced next year. Gone and almost forgotten are the trees and shrubs that were planted with great ceremony by the members of garden club, gone or badly crippled, are the many shrubs that the bag worms enjoyed so much and dim is the memory of the ravishingly gorgeous roses that were supposed to grow on the expensive bushes that were planted with such great expectations last fall.

It is now time to wipe the slate clean, maybe 1960 will be the year. Look at that picture of the mammoth double corpalatum or the spectacular Giant Allium, the startling flower ever produced in the 42 years of the nursery's history. Now is the time to order before the limited supplies of these rare plants have been sold.

Never resist temptation when it comes to ordering things for the garden or for flies or plugs to catch fish. Get your order off today and if you do not have some of the queerest looking things growing around your house next year it will be the beginning of the millennium. A. M. J.

NOW... '60 CHEVROLET TRUCKS
WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less is an old-fashioned truck!

Mr. And Mrs. M. L. German Have Just Returned From 7,000 Mile Trip

Mr. and Mrs. M. L. German have just returned from a visit with their son, Lt. Roy E. German and wife, Betty, in Argentina, Newfoundland.

Roy is Flight Surgeon with the Airborne Early Warning Squadron II, which has been stationed in Argentina for a little over a year. Argentina is in South East Newfoundland. The base was leased in 1940 by the United States Government as an Army and Navy base.

Now there are about 7000 people on the base and it centers around the Squadron which protects the D. E. W. line.

Mr. and Mrs. German were gone 7 weeks; they traveled by rail, by sea and air, over 9,000 miles and through 26 states and 5 Canadian Provinces. They report wonderful fishing on the Island of Newfoundland, and were there during the peak of the Wild Blueberry and Raspberry season.

They made stop-overs in Chicago, Niagara Falls, Montreal, P.Q., St. John's Nfld., Moncton, N. B., Quebec, P. Boston, New York City, Washington, D.C., Birmingham, New Orleans, and Houston, where they visited many historical and interesting places.

Farmers Using Labor Crews Must Keep Leaders' Names

Beginning with 1959 every farmer who has work done by a farm labor crew is required by Internal Revenue Service regulations to keep a record of the name, permanent address, and the employer's identification number of each crew leader who furnishes him workers for farm work.

The crew leaders referred to in the regulation are those who are employers of the members of the crew.

The crew leader is the employer of the members of the

crew if (1) he furnishes them to the farmer and pays them and (2) there is no written agreement with the farm operator providing that the crew leader himself is an employee of the farmer.

If the farmer has a written agreement with the crew leader showing that the crew leader is his employee, the farmer is not required to keep a record of the crew leader's address, but in this case the farmer must make regular social security reports and pay taxes on the wages paid to the crew leader and to the members of the crew.

The new requirement is contained in the Agricultural Employer's Social Security Tax Guide for 1959 (Circular A). Additional information and copies of the Guide may be secured from any office of the Internal Revenue Service or the Social Security Administration.

Annual Texas Prison Rodeo Scheduled

HUNTSVILLE—Inmate contestants, plus a host of the nation's topflight television and recording stars will be the bill of fare for the 28th annual Texas Prison Rodeo here in the prison's \$1,000,000 stadium each Sunday in October.

Big name stars such as James Arness, of the TV series, "Gunsmoke," along with Johnny Cash, popular country-style singer, open the 1959 series on Oct. 4. Dale Robertson, of "Tales of Wells Fargo," and Tommy Sands, sensational singing idol of the teenage crowd, appear on Oct. 11, while Steve McQueen of "Wanted—Dead or Alive," teams with Singer Johnny Horton of "The Battle of New Orleans" fame on Oct. 18.

For the October 25 performance, prison rodeo officials say they will produce two additional nationally-known stars for the closing of the 1959 series.

In addition, there will be other outside acts, rodeo clowns, inmate entertainment groups and mounted quadrilles from Pasadena and Bellville. The Houston Range Riders also will appear and for the first time the

Senior Rings Are Distributed

Shiny fingers were displayed throughout the halls after a class meeting held last Wednesday in the home of Randy Sanders.

The rings are gold with black engraving. There is a stone of red and Slaton High School is engraved around the stone.

There were three different sizes to choose from: light weight, medium weight, and heavy weight. The price ranges were from \$23 to \$28.

All the Seniors are very proud of their rings.

JUST TALK
BY A. M. J.

Last week I got a letter from Mrs. Paul Melton and it warmed the cockles of my heart. At least it made me feel real good to know that she and a few other people are appreciating my efforts. It has been my intention for some time to find out how many cockles there are around a medium size heart and whether a man has more cockles than a woman but I have never thought of investigating at the time I have been in consultation with a physician. Here is the letter that made me feel so good:
Dear Mr. Jackson,

Your little jokes about children in your column prompts me to write this letter as the mother of three little ones and another due in December. I can really appreciate them.

I recall a little story I read just the other day about the little boy whose father was a used car salesman. His dad returned from work one evening to find his small son crying as if his heart would break. Asking what was wrong he got this reply, "Well, daddy, I found out today that we're going to get a new baby and I guess you'll trade me in on it."

My small son who is 5 years old asked me the other day what we were going to do with Patti (his 3 year old sister) when the new baby got here. Guess he had the same idea.

Enjoy your column very much and read every word every week. Sincerely,
Mrs. Paul (Billie) Melton.

And I was told last week by Mrs. Howard Hoffman, that her oldest son, Howard, Jr., who is what might be classified as a teenager, grabs the Slatonite as soon as it arrives and turns immediately to Just Talk. Up until I received this message I have felt that most of my readers, if any, are those who had run out of something else to read and as a last resort finished up on Just Talk before discarding the paper. Now with the responsibility of at least one teenager who reads the column first, I feel an added responsibility. No telling, I may buy me some tight pants, a narrow brim, cone shaped hat, a plaid sport coat and try to step lively again. There may be a little life left in the old frame yet.

Several weeks ago Mrs. H. L. Henry was seeking advice about the disposal of pressurized cans that had ceased to squirt. The instructions on the can warned against squashing them, throwing them in the garbage and of putting them in a fire. Now we have a suggestion on how to solve the problem. It comes from J. D. Perkins. He says pay no attention to the instructions on the can but get as many of them as you can find, put a generous amount of newspapers in the bottom of an old five gallon oil barrel dump the pressurized can on top, light the paper and run. It is more fun than Christmas used to be in Memphis, Tenn. It is a little expensive to buy oil drums but the noise and turmoil is worth the expense.

The Slaton, Texas, Slatonite Thursday, Sept. 24, 1959

—JUST TALK—
Last week, when chief of police Gene Martin dropped in for a cup of coffee, one of the seven year old menaces of the area who was wearing a Buffalo Bill hat and a couple of toy size guns, patted the policeman on the leg and said "Mister, that's a nice looking pistol you're carrying." This report comes from V. A. Eblen who keeps a sharp lookout for items to report to me. He is always ready to take offense and protect me against anyone who does not agree with the things I write. He'll fight at the drop of a hat, unless it is one of these new style dunce hats, he lets them fall where they may.

—JUST TALK—
C. E. Spence returned last week from a fishing trip to Granite Shoals where he went with his two sons. He reports the fishing not very good except for the one fish he caught where it took fifteen minutes for the hole to fill up with water when he pulled the fish out onto the bank. There were no mosquitoes no fun and mighty few fish and Slaton looks pretty good after all.

—JUST TALK—
Talk about how fast things are moving these days and about the rush of the times but comparing things today with what they were when I was a boy it seems to me most everything moves at a snail's trot. Last week in just one day a plumber was supposed to come estimate a plumbing job at our house, another man was to come fuddle with the oven that makes all our cakes go sad and dreary and another man promised to pay a debt. That day was nearly a week ago and I have seen every one of them sitting around drinking coffee in the middle of the day. Of course one might be permitted to ask timidly when any of these people are going to do what they had promised to do but it's a dangerous experiment for they'll tell you to get some one else to do the work, or that they do not have the money, and will pay some day in the far and distant future. If you thunder up and say you'll do just as they suggest and try to find some one else you start the whole business over again. Phoeby on progress and the missile age.

—JUST TALK—
This week's smile:
Following a rehearsal for my brother's wedding, we held a buffet supper at our home. As I stood in line waiting my turn at the display of food, my nine-year-old niece, who was behind me, tugged at my shirt sleeve and whispered, "I don't know what to do."
I whispered back to follow me and do just as I did. A moment later, she tugged my sleeve again and said, "Don't get any olives, I don't like them."—Bob Miller.

THE Upward CLIMB

He's a determined young fellow. When he gets that tire up hill, he will have a lot of fun watching it roll down by itself. So, he is willing to expend the necessary energy for the anticipated moment of fun.

There is another up-hill climb truly worthwhile; and never is it to be allowed to turn downward: the climb of the church in service for God and humanity.

This is not "child's play". It is a job for men and women worthy of the name. It requires the maximum in spiritual energy and wisdom. It is a matter of keeping spiritually fit and strong.

Have you accepted "church membership" with a true sense of responsibility? Do you really have your "shoulder to the wheel"? The church helps you as you help the church. "Faithfulness" is the watchword; happiness is the reward.

"Christ also loved the church, and gave Himself for it."
Ephesians 5:25.

"Other foundation can no man lay than that is laid, which is Jesus Christ" 1 Corinthians 3:11.

Study Club Has Regular Meeting

The Athenian Study Club held its regular meeting Tuesday, Sept. 15 in the home of Mrs. Phil Brewer. Following the business meeting, Mrs. W. T. Davis, Jr. gave the program, "Environment, Health, Work and Play." It was told that a noted teacher and psychologist said that we are not the determined victims of heredity and environment and that we can, by conscious, self discipline improve

not only health but our very character.

Refreshments were served to the following members, Messdames M. G. Davis, Randall Lain, R. C. Hall Jr., W. T. Davis, Jr., Weldon Meador, George Harlan, Stan Jaynes, Joe Miles, W. B. Nesbitt and the hostess Phil Brewer.

The happiness of your life depends upon the quality of your thoughts.

A smile will add to your face value.

Women's Club To Meet For Luncheon Tues.

The Lubbock County Federation of Women's Club will convene at 10:30 a. m. Tuesday, Sept. 29, at the new Deal Community Club House for a covered dish luncheon. A good program is being arranged by the vice-president, Mrs. Garnet Reeves and her helpers, Mrs. J. Willingham, and Mrs. R. L. Smith. Mrs. D. D. Webster of New Deal will bring the devotion. An election of officers is to be a part of the business to be conducted. Members may bring visitors. The New Deal Home Demonstration Club is to be one of the hostess clubs, according to Mrs. Donald S. Cunningham, who is chairman of the hostess committee.

Patsy Nell Jones And Phillip Maxwell Marry

The wedding of Miss Patsy Nell Jones and Phillip Andrew Maxwell was solemnized Friday, Sept. 18, at 8 o'clock p.m. at the home of her sister Mr. and Mrs. Bob L. Hoover, 2302 55th St., Lubbock, with the bride's brother-in-law, the Rev. Bob L.

Hoover of the Vandelia Village Church of Christ officiating for the double ring ceremony.

Parents of the couple are Mr. and Mrs. Lee Jones, Rt. 2 Slaton and Mr. and Mrs. S. A. Maxwell of San Angelo.

The bride, given in marriage by her father, wore a pale blue street length satin dress, and carried a bridal bouquet of white carnations.

Songs used for the ceremony were "I Love You Truly, Because, One Alone, and the Lord's Prayer."

Female attendants were Mrs. Don Dansbee of Slaton, sister of the bride, serving as bridesmaid. Brother-in-law of the bride, Don Dansbee was best man.

The bride's dress was identical of the bride's except it was a pale pink with a corsage of white carnations.

A reception was held immediately after the ceremony with forty friends and relatives present.

The bridegroom is employed at Moss-Gordin Lint Cleaners Co. in Lubbock.

The couple will make their home at 2302 Elgin St., Lubbock.

Centurettes Meet In Home Of Mrs. Limmer

Tigers Defeat Rotan, 22-16, For Enthusiastic Fans; Frenship Next

Slaton's Fighting Tiger football team got victory no. 1 of the current season under their belts last Friday night, defeating the Rotan Yellowhammers, 22-16.

An enthusiastic crowd, a good band and an exciting contest blended to make the evening "top flight" and very enjoyable for local football fans.

Victory almost fell from the Tigers' grasp, though, as their toughest enemy on the field seemed to be a bad case of "fumbleitis." Then too, the Yellowhammers came back strong in the second half and, but for a determined defensive stand on the part of the Tigers during the last couple of minutes, might have salvaged a victory.

This first win was costly to the home team, though, as end Jerry Allen, a captain and starter for Coach M. W. Kerr, suffered a back injury that may keep him out the remainder of the season.

The Tigers scored three first half touchdowns, then held on to claim the victory in spite of a strong comeback by Rotan during the final two stanzas.

Todd Baugh, son of the famous "Slingin' Sammy" Baugh, former Washington Redskins great and present coach at Hardin-Simmons University, was the big gun for the losers with his accurate passing and fine field generalship.

Slaton scored in the first quarter of the game. Fullback David Bishop set it up with a 31 yard scamper through the center of the Rotan line. Fleetfooted, tough little Giles Smith, Tiger halfback, scored the touchdown, racing over from the nine yard line. The other starting halfback, Renny Sanders, added the extra points on a plunge over right tackle.

Then came the shocker. Rotan scored on the first play from scrimmage after the kickoff when Baugh threw a "strike" to end Hiram Lopez, who had worked his way behind the Slaton defenders. Lopez took the ball and sprinted the remainder of the distance on a play which covered 88 yards. The Yellow-

hammers' Britain carried over for the extra points.

Slaton came right back to score, though, with Bishop, halfback Bill Barry and Smith lugging most of the way. Bishop carried over from the seven and Barry added the extra points.

Later, after an exchange of punts, Slaton took possession on the Rotan 29. It took only one play to score this time, with quarterback Gary Ward tossing to Sanders, who gathered it in after a Rotan defender had tipped it into the air, and scored. Ward was stopped on his try for the extra points.

The half ended one play later with Slaton leading, 22-8.

Rotan took the second half kickoff on its own 38. Britain moved over tackle to the 30, then on the next play he broke over center and raced 47 yards before being brought down from behind. He scored on the next play. A pass was good for the extra points.

The scoring was now over but several exciting minutes of play still remained.

Rotan moved into Tiger territory twice more, once to the 35 yard line. Slaton blocked a Rotan quick kick deep in Yellowhammer territory and in three plays had a first down on the three yard line, but a fumble ended the threat with the ball lying on the Rotan one-foot line.

Frenship visits this Friday night in a game to be played at 8 p. m. in Tiger Stadium.

'WATCH OUT REF'

Slaton Tiger fullback David Bishop was "movin' on" in this photo, taken during the Slaton-Rotan game last Friday night. An unidentified Rotan Yellowhammer is hanging onto Bishop and an agile referee is scootin' outta the way, 'cause Bishop meant business. The Tigers won the game, their first victory of the season, 22-16. They play Frenship here this Friday night.

Southland's Eagles Take Win Over Dawson, 20-0, Last Friday

The Southland Eagles won their third consecutive game of the season last Friday night when they defeated Dawson, 20-0.

In the first half, Ronnie Sales scored from sixteen yards out on a dive play, but the try for extra points was no good.

Darrell Jones scored a little later from the twenty-five yard line on a pitchout from Sammy Ellis. The extra point try again missed.

In the second half, Clinton Smith scored on a sixty-yard pass and run play started by Sammy Ellis. The extra point try was good this time with Travis Lancaster carrying over. In the latter part of the fourth quarter, Southland threatened again but was stopped by a fumble.

Looking good on defense for the Eagles late in the fourth quarter were Don Barker, Edwin, Robert Pritchard, Lancaster, Harvey Pennell and Jimmy Lancaster. Those looking good on defense were Delton and Cary Robinson, Dennis Popham, Clinton Smith and Sales.

The next two Southland games are away from home. The Ea-

Grace Mission Workers Have Monthly Meeting

The Grace Mission Workers met Thursday, Sept. 10 at the Parish Hall for their monthly meeting. The group went to the home of Mrs. Alton Russell for the first course of the progressive dinner. While there a hymn "Sweet Hour of Prayer" was sung, followed by a prayer led by Pastor Deans.

The group then went to Mrs. R. N. McMinn's for a salad and Mrs. Willie Becker gave the devotion and prayer. The group then returned to the Parish Hall for the main course of the dinner.

After the meal the business meeting was held at which time Mrs. C. M. McPherson, Mrs. Wallace and Mrs. W. H. Walter were appointed to meet with Pastor Deans to plan the Mission Festival. Mrs. Floyd Foester, Mrs. Walter Voight and Mrs. Willie Becker were appointed to contact all the ladies of the church to see about buying draperies for the Parish Hall.

Mrs. C. M. McPherson gave a very interesting Bible study from Ephesians 6 verse 10-16. The meeting was closed with prayer.
