## THEY LEAD THE CHEERS

Leading the cheers at pep rallies and at football games, these six young ladies play a large part in the "school spirit" displayed by Slaton High School students. They are, left to right: in front, Judy Adamek and Sharon

Boyd. In back, same order, are Gail Johnson, June Johnson and Janet Adamek. In the center is the "mascot," Judy Boyd.

## Homecoming Festivities Scheduled For Oct. 23rd; Tigers To Play Spur

Pete Williams, president of the Slaton Ex-Students Association, asked this week that all exes who plan to attend the homecoming game here October 23 against Spur be sure to register.

The exes will register at high school between the hours of 3 and 6 p.m. "It is very important that each ex registers," Williams said.

The Association will meet at 8 o'clock and the game is at 8:30. Prizes will be awarded to the person traveling farthest to attend the homecoming activities and also to the oldest in attendance.

Mayor Clark Self, Sr. in cooperation with the Ex-Students Association, has proclaimed October 23 as "Ex-Students Homecoming Day" in Slaton and has

urged that all local residents come out and welcome the former students as they return to visit their school and friends.

## Shop Rite Foods To Be New Owners Of Local Piggly Wiggly

The purchase of 17 Piggly Wiggly stores, two D&H Super Markets and the warehouse operations of Davis & Humphries, Lubbock grocery firm, by Shop Rite Foods, Inc. of Albuquerque, N. M., was revealed in a surprise announcement Wednesday of last week.

The sale involves the Slaton Piggly Wiggly store, managed by Ray Belt.

Announcement of the transaction was made jointly by Wm. E. Humphries, president of Davis & Humphries, and Herbert Wilcox, president of Shop Rite Foods.

Contract papers call for transfer of stock and assets of the Lubbock corporation to the Albuquerque firm on January 2, 1960.

Amount of the purchase price was not revealed but the total consideration was reported to be "in excess of \$5 million."

Clifford Williams, who has been associated with the firm since its inception in 1924 and who has been general manager for the past 25 years, will continue as resident manager of the Lubbock division.

P. A. Glazner and Harold E. Humphries, son of William E. Humphries, one of the founders, will continue in the operation as buyer and advertising and public relations manager, respectively. No store manager changes were anticipated, and no change in the management and operational policies of Davis & Humphries were planned, Wilcox said.

The Piggly Wiggly and D&H names will be retained.

Acquisition of the stores by Shop Rite Foods closes out a 48-year partnership in the grocery business between J. M. Davis of Phoenix, Ariz., and the elder Humphries, which began with a little country store at Strashear in Hopkins County.

In 1924 they came to Lubbock and purchased a Piggly Wiggly owned by the late J. I. Noah and Albert and Sam Darby in the 1000 block on Broadway.

Only six years old, Shop Rite Foods is now one of the major super market organizations in

Mrs. Joe Teague, III, made a Christmas Stocking for Jack Webb. Mrs. Webb thought it was so pretty that she entered it in the fair. The stocking won first place.

Mr. and Mrs. Victor Edmunds of Albuquerque, N. M., visited last week-end with Mr. and Mrs. Alex Webb.

## Rain Falls On Slaton Area Tuesday Night

Reports ranging from three-fourths to an inch and 20-hundredths of an inch came out of Tuesday night's rain here.

The rain came slowly in connection with a cool front which covered the northern two-thirds of the state.

Linda Reed, daughter of Mr. and Mrs. D. T. Reed of Hereford visited recently with Mr. and Mrs. J. B. Butler.

## VFW To Sponsor Hypnotist's Show Here On October 17th

The big stage show, HYPNODRAMA, will open here Oct. 17 at 8:00 p. m. at the High School. Citizens of Slaton will have their first opportunity to see the star of the show, on that day at 4:00 p. m. when he appears in person driving a car through busy traffic while blindfolded.

This remarkable demonstration is free and will be held under the supervision of the local Police Department. Those who watch the blindfolded hypnotist, as he maneuvers a new 1959 car furnished by a local dealer will have a glimpse of the amazing ability of this nationally famous entertainer who will headline the two hour show sponsored by V. F. W. for the benefit of relief fund.

The old adage, "Seeing is Believing," will be full of meaning for the audience which attends this extraordinary and baffling program. The show deals with all phases of hypnosis and reaches a thrilling climax in a demonstration of "Catalepsy."

Two chairs are placed seat to seat about five feet apart. A subject is put into the deep stage of somnambulism, his body becomes rigid (cataleptic) and then, supported on the chairs by his heels and neck only, in a horizontal position, he feels no strain when others stand on his abdomen.

There are laughs, thrills and excitement for the whole family in this fast and clean show and indications are for a full house. Tickets are available from members of the VFW and from High School Pep Squad or they may

be purchased at the door one hour before curtain time.

## Contract Let For Work On Road To Acuff

A contract for 10.4 miles of construction on FM 40 in Lubbock County has been awarded to a Lubbock firm, it was announced in Austin this week by the State Highway Commission.

James C. Kerr submitted the low bid of \$140,165 on the project. Reconstruction of grading, structures, base, and surfacing from U. S. 62 to the east edge of Acuff is expected to take 150 working days, according to Oscar L. Crain, District Highway Engineer at Lubbock.

J. W. Stevens, Resident Engineer at Lubbock will be in charge of the project while it is under construction.

## Slaton Boat Club Schedules First Meeting Tuesday

The first meeting of the now-forming Slaton Boat Club will be held next week, Tuesday, October 6th, at the Continental Warehouse.

The club is for local and area residents, particularly teenagers, interested in building and perhaps racing boats. All interested people in the Slaton area are invited to attend.

# Bond Election Looms

Members of the City Finance Committee have suggested that a bond election be called by the City of Slaton to finance needed capital improvements.

The committee, headed by B. B. Castleberry, met with the commissioners Monday night to discuss the preliminaries of a financial planning program. At this time, the commission advised the committee of the need

for various capital improvements. The committee retired, discussed the needs and ways of filling them and returned with the suggestion for a bond election.

After discussing the committee's recommendation, the commission voted to authorize City Secretary J. J. Maxey to contact and employ M. A. Hagberg of Municipal Securities, Dallas, as

fiscal agent.

The election, if called, would probably be before the first of the year. More discussion and information will be available at the commission's next meeting, which will be held on October 12. It is likely that a decision on the election will be made at that meeting or soon thereafter.

Members of the City Finance Committee attending the meet-

ing in addition to Castleberry were Albert Grigsby, Herbert Heinrich, Dr. Glen Payne and Dr. Don Hatchett.

The "capital improvements" mentioned includes additional water and sewer facilities, street and other improvements.

In other action, the commission bought a new truck chassis for use in the sewer department from Slaton Motor Company on a low bid. The firm entered a bid of \$2,125.00 plus \$155.20 for 7:50 by 20 tires. "Doc" Crow Chevrolet's bid of \$2,150.15 was next high, to which the \$155.00 tire charge would have been added.

The commission rejected all bids which had been sought on leasing and maintenance of police cars. Instead, it asked for bids on the straight purchase of one car to be used in the department as a patrol car.

In other city news, Mayor Clark Self, Sr., Commissioner L. O. Lemons and wife, Chief of Police Eugene L. Martin and wife and City Secretary J. J. Maxey and wife attended the annual meeting of the Texas Municipal League in Austin September 19-22. Maxey was elected president of the State Association of City Clerks and Secretaries.

## Precinct Two Liquor Election Is Expected About November 7th

An election to legalize the sale of alcoholic beverages for off-premises consumption in Lubbock County Justice of the Peace Precinct Two is expected on or about November 7th.

Petitions bearing 596 names, 213 more than required by law, were filed with the County Clerk in Lubbock last Wednesday afternoon asking the county commissioners to call the election in Precinct Two, of which Slaton is the "capitol."

JP Precinct Two includes the city of Slaton and most of southeast Lubbock County, coming to within one-half mile of the city of Lubbock's outskirts.

Unofficial reports indicated this week that of the 596 names turned in on 15 petitions, 551 were found qualified.

County Judge Bill Davis announced that calling of the election will be placed on the agenda of the next regular meeting of the county commissioners, which would be October 12. The law requires the election shall be within 30 and not less than 20 days after the court meets. That would make the first possible date for a vote Oct. 31. However, Judge Davis pointed out Oct. 31 will be exactly 20 days after the commissioners meet and indicated he would recommend the election be called for Nov. 7, a Saturday.

The minimum number of names required on the petitions was 383, instead of 366 as earlier reported. The figure represents 25 per cent of the total vote of the governor's race in 1956.

It is estimated that there are approximately 1,500 eligible voters in the precinct and at this point, it appears that the "wets" have the advantage. This is based on the supposition that all petitioners vote and enough more "wets" who didn't sign the petition turn out to bring the wet vote up to about 800.

However, the "drys," organized here as the "Dry Forces of Precinct Two," K. L. Jones, president, have indicated a vigorous campaign will be conducted to keep the area dry. Local church bulletins and church members are already involved

in the fight and two "Letters to the Editor," are in this week's Slatonite in opposition to the wets. They can be found on page two under the column head, "The Reader's Angle."

Jones said, "We feel this to be a vital moral issue, rather than solely a political issue. We resolve to lend every influence against legalization of alcoholic beverages in the Slaton area. The public may not be aware of what will be allowed by the Texas law on off-premises consumption, and we want to assure that the public knows what will be involved if such came to our community." It is thought in some circles locally that "off-

premises" merely means in a different room, or a different structure which could be constructed next door to the package store.

Lubbock County's last local option election came in November, 1952. At that time, the entire county voting, the count was 8,496 for the sale of beer under 4 per cent alcoholic content and 17,964 against.

At that time the vote in precinct Two was 596 for and 1,141 against.

In 1950, the Precinct voted 784 against to 573 for in an election which would have authorized the sale of all alcoholic beverages.

## 'Dollar Days' Scheduled In Slaton Next Monday

Slaton's retail community, swinging into the fall season, this week dusted off the old-fashioned, bargain-listing "Dollar Days" campaign of merchandising.

"Dollar Days" have been tried here three of the last four months with a good deal of satisfaction on the part of customers and most merchants. This month's "Dollar Days" will be observed by many local stores next Monday, Oct. 5th.

The Slatonite, serving as a herald of the parade of values, will print a special "Dollar Days" circular for distribution this week-end. Look for it in your front door Sunday and in the mail early Monday morning

if you live outside of Slaton. Copies of the special sales will be in supply in The Slatonite office.

"Dollar Days" are designed not only for benefit of Slaton shoppers but for the benefit of discriminating shoppers from throughout a wide area, including adjoining counties.

Some of the city's top retailers will take part in the promotion including Anthony's, Teague Drug, Slaton Pharmacy, Wheeler's Haddock Food Store and others.

Look for your circular Sunday and don't fail to be in Slaton, Monday for those extra-special "Dollar Day" bargains.

## 7th, 8th Grade Teams In Wins

Slaton's seventh and eighth grade teams defeated Idalou in a pair of games Tuesday night.

Coach Tommy Lacey's 8th grade team won, 38-6 with touchdowns runs of 42, 60, 54 and 55 yards recorded. The team gained 262 yards during the game.

Coach Victor Day guided the 7th grade to a 40-8 win over Idalou with runs of 35 and 55 yards on the graph. The team gained 219 yards.

## Man Repeats As Winner Of The Football Contest

Otis Rogers, Jr. won the Slatonite Football Contest again last week when he picked all the games right but one, the Slaton-Frenship contest.

Rogers won first-place money the first week of the contest.

Second place again resulted in a tie, for the third straight week when R. A. Lamb of Wilson and Glen Akin of Slaton's Route One both missed two games and got closer on the SMU-Georgia Tech score than others who just missed two.

The Slaton-Frenship game and the SMU-Georgia Tech game threw most of the entries, but still it seems strange that of the hundreds of entries, each week's contest would find two tied for second place for three straight weeks, picking the tie-breaker game by the exact same point spread.

Another "doozie" is waiting for all you armchair quarterbacks in this week's Slatonite. Have at it, then come pick up your money.

## Coming Events

Thursday, October 1  
Rotary, Club House, noon.  
Explorer Boy Scout, Troop 29, 7:30 p. m.

Friday, October 2  
Senior Citizen, Club House, 10:00 a. m.

Saturday, October 3

Tuesday, October 6  
Jaycees, Bruce's, 8:00 p. m.

## CONGRATULATIONS!

Jerry Harlan, right, was elected District FFA Vice-President at a meeting in Lorenzo last week. Here he is being congratulated by High School Principal Truett Babb.

## Jerry Harlan Elected FFA District Veep

Jerry Harlan, senior FFA member, was elected to the post of District Vice-President at Lorenzo Tuesday of last week.

This climaxes four years of work in FFA for Jerry, who served as Chapter treasurer his junior year and is serving in the

same position this year. He has been Boy of the Month, as a sophomore and junior, and was selected Boy of the Year his junior year in FFA.

He was on the Chapter Farmer Chapter Conducting Team last year that won first in the state. This past summer, he was awarded the Lone Star Farmer Degree, the highest degree a member of FFA can be awarded on the state level.

### A Better Trend In South Plains Farming

Norbet Kitten, one of the most successful young farmers in the Slaton area, who like his Uncle Bill Kitten, whose land he cultivates, is one who is always willing and anxious to try new trends in crop production and believes, and has proven to his own satisfaction, that planting cotton in two rows and skipping four will produce more cotton either on dry or irrigated land than the customary method of planting all cotton on acreage allotments. He does not consider feed near as beneficial to the land as peas and if it is not feasible to plant two rows and skip four he has found that planting four and skipping four is the next best.

Considering the price paid for feed it is not a paying crop and unless the price ceilings on cotton are lowered he believes the benefit to the land and the increased production will more than make up for giving the cotton more space to grow.

The planting of peas between cotton rows and of allowing more space to cotton is not a new idea but it has not been practiced in this area to any great extent. It is becoming more and more accepted each year and if it proves as successful with other farmers as it has with Mr. Kitten it will eventually not only cause a big reduction in the over-supply of grain but will increase its price and should make the production of grains again profitable in this section particularly if the cattle feeding industry increases as many predict it will.

Although there is a hard drive in most every community to bring more and more industrialization into action the people of Slaton and the smaller communities do not realize how many advantages are enjoyed because the basis of the economy is on agriculture and not on the whims of labor unions or the increases or decreases in the demands for some industrial product.

The prosperity of Slaton is directly tied up with agriculture. The business interest and efforts of the future Slaton should be concentrate upon helping and catering to the needs and desires of the farmers. It is most likely that the town will develop a much stronger and far more dependable economy than can ever be developed by any other means.

No longer is the farm trade based upon overalls, calico dresses and iron bedsteads. The farmer, his wife and his children are financially able to demand the best and the merchant who is afraid to stock the best the market affords is fast losing a big share of his trade and unless he changes to meet the market the prosperity of many merchants and of the entire community will suffer. A.M.J.

### Edwin Markham Wrote:

"I believe in the supreme worth of the individual and in his right to life, liberty, and the pursuit of happiness.

I believe that every right implies a responsibility; every opportunity an obligation; every possession a duty.

I believe that the law was made for man, and not man for the law; that government is the servant of the people, and not its master.

I believe in the dignity of labor, whether with head or hand; that the world owes no man a living, but that it owes every man an opportunity to make a living.

I believe that thrift is essential to well-balanced living, and that economy is a prime requisite of a sound financial structure, whether in government, business, or personal affairs.

I believe that truth and justice are fundamental to an enduring social order.

I believe in the sacredness of a promise; that a man's word should be as good as his bond; that character—not wealth or power or position—is of supreme worth.

I believe that the rendering of service is the common duty of mankind and that only in the purifying fire of sacrifice is the dross of selfishness consumed, and the greatness of the human soul set free.

I believe that love is the greatest thing in the world; that it alone can overcome hate; that right can and will triumph in the end."

Let us add that you'd better count your change just the same. A. M. J.

## The Readers' Angle

Dear Editor:

I am writing in defense of the prohibition question.

So many are being deceived. They are saying it won't be any worse than the bootleggers have it. The bootleggers are kept in the limit of the laws, but if it comes to open stores selling packaged strong drink over the counter, our fair city will no longer be a sane and sober place to bring up our children and grandchildren.

We have more than we can hardly stand now, but to let it come freely sold over the counter, every citizen who stands idly by and doesn't do or say anything against this Demon drink will have blood on his hands of innocent children who will have to answer to God for broken homes, children starving, naked mothers killed long before their time.

Liquor in any form never saved a soul, never educated a child, never built a hospital,

never healed a sick person, never clothes or fed a child but it has filled many prisons, deprived children of a home, put many in the grave before their time. No drunkard shall enter the gates of Heaven. Wine is a mocker, strong drink is raging and whosoever is deceived thereby is not wise. Nobody who takes the first drink intends to make a drunkard but one drink calls for another 'til it has its hold on the victim and the result is eternal ruin.

Please good people of Slaton, let's start a prohibition campaign now. Call upon God and get all the Christians to stand together against the Devil and his liquor gang. If God be for us who can be against us?

Mrs. G. W. Bussell  
140 S. 7th  
Slaton, Texas

Dear Editor:

May I give you and all the people of our county my reasons for voting against the legalized sale of alcoholic beverages in Precinct Two of Lubbock County?

One year and seven months ago I sat in a church in Lubbock attending the last rites for my sister-in-law and teenage twin nieces. All three of them were killed instantly when a car,

driven by a drunken man, collided with their automobile. This man and his two companions were in such a drunken stupor that they never knew they were on the wrong side of the highway, traveling at an estimated 100 miles per hour. The back seat of the car was filled with liquor, purchased at so-called "backstage store" for off-consumption. The catastrophe of this situation was... THEY DIDN'T WAIT TO GET HOME BEFORE CONSUMING!

I am the mother of four children who in a few years will be driving on our streets and highways. I shudder to think that there will be people driving in to Slaton to purchase liquor; people who may not wait until they get home to sample their wares.

Had we rather put a meager alcoholic tax above the lives and safety of teenagers and other residents of our city? I doubt that any person feels that way.

As for the matter of TRYING legalized sale of intoxicants and then doing away with it if it doesn't work. I have this to say: How long would it take to put back together the broken homes, or could they ever be mended? How could we comfort the relatives of the young men and wo-

men who couldn't stop after that first drink and were on their road to alcoholism because liquor was so convenient to purchase? How could we ever hold our heads up if our name on a ballot had caused the death of ONE person?

I challenge anyone to look at a picture of wrecked cars driven by drunken people; to look at small children from a broken home caused by alcohol; or to attend a funeral of loved ones whose death was caused by a drunken driver; and who can then say they WANT legalized sale of intoxicants?

As my last reason, may I quote two verses from the Bible, the best-selling book of all time. Proverbs 20:1 "Wine is a mocker—strong drink is raging; and whosoever is deceived thereby is not wise." Proverbs 23:29-30 "Who hath woe? who hath sorrow? who hath wounds without cause? who hath redness of eyes? They that tarry long at the wine; they that go to seek mixed wine."

For these reasons I will vote "NO" against any petition for legalized sale of intoxicants in Lubbock County.

Sincerely,  
Mrs. D. C. Robison  
825 So. 15th St.  
Slaton, Texas

## The Sounding Board

(Editor's Note: A couple of entries for your consideration. The first is from the Lorenzo Tribune concerning, as the head puts it, the "Greatest Evil in Lorenzo School... Gasoline and good grades don't mix, school administrators' findings show." The next is by Billy Boy Neal of the McLean News and comes from his column, "Grapefruit in the Queen's Eye," or something like that.)

The teenager hot rod enthusiast or jalopy jockey is becoming recognized as a special problem in many high schools. Lorenzo Supt. W. O. Chery says the problems resulting from the combination of student-plus-car is the "greatest evil" his school has to cope with.

The teenage driver often presents a hazard to life and limb in the school area. He often uses the automobile to escape from extra curricular activities which would be helpful to him. And all too frequently his automobile is responsible for poor grades. Sometimes it is responsible for his dropping out of school before

graduation, according to an article in the NEA Journal.

The issue came to the fore on the national scene about a year ago when a high school principal at Rexburg, Idaho, found that in his senior class no straight A student drove an automobile to school, but 83 percent of the failures did. In between, 15 percent of the B students drove, 41 percent of the C students and 71 percent of the D students. Locally, Supt. W. O. Chery reports a similar correlation between automobiles and grades.

Other principals found a similar relation between grades (continued on page 3)

## Here Friday from Chevrolet . . .

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from

# THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability for a longer life. Here, then, we're confident both you and your budget will joyously agree, it's the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious

elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that

do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-

to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application. A new clutch linkage that filters over, 2 1/2 foot engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may be, the real reason there's really only one way to get near to perfection this superlative '60 Chevrolet actually comes... most instantaneously. Word that's to drop in on your dealer and drive one!

Here's the Chevrolet... The production development... compact car that... comfort you... The key to... only rear-wheel drive... lightweight... be packaged... gears as one... **SOUNDING BOARD . . .**  
(continued from page 2)

achieved and student driving customs. In some instances, however, this was not true.

It appears that among the economically privileged students, for whom the ownership and operation of an automobile presents no financial problem, a car is no particular handicap. It is a definite handicap, however, for the student who has to strain to find the money for gas, oil, repairs and installment pay-

ments.

These students are apt to spend much time fussing over their automobiles to save money on repair bills, and they often drop out of school for several days at a time to get the money for payments or for operating expenses. Some even drop out of school entirely to earn the money to support their automobiles.

When the financial problem is not present, other difficulties often arise. Joy riding during the lunch hour, hot-rodding after school, and even beer-drinking in the cars are some of the disciplinary problems mentioned by various principals.

In combatting these, the schools usually require registration at school of students drivers, written requests from parents for permission for their children to drive to school, inspection of parking areas during lunch time, use of assigned parking spaces, and requirements that buses be used for transportation to extracurricular activities.

Signing permits from parents to leave the school during the lunch hour is the only local requirement aimed at curbing student driving, according to Supt. Cherry. Last year when the

school canceled all such permits and required them to be renewed more than 95 percent were returned with parents' signatures in two days. In Lorenzo, the football team, pep squad and other organized student groups are required to use school buses for extracurricular activities but the school administration feels that any further restriction on students' use of cars would be unenforceable.

Many private schools, but few public schools, have absolute prohibitions against student drivers. The school administrators in Danville, Ind., found a few years ago that 50 students were driving to their small public high school. They undertook an educational campaign to discourage the practice, and invoked strict regulations. By last year the number of student drivers was down to 25; this year there will be only 8. There is no indication of such a campaign locally but there is little doubt that Lorenzo school officials regard the idea with a wistful eye.

**BREWER INSURANCE Agency**  
139 So. 9th  
SLATON, TEXAS

Everytime they shove a microphone in front of Jolly Old Nikita, the Russian boss breaks forth with a rash of "old Russian proverbs"—the number of which hasn't been equaled since Biblical days.

I am of the opinion of ghost writers squatting on their haunches around some Siberian camp fire with nothing to do but make up convenient "old Russian proverbs."

And when he gets back home I'm sure he'll throw a few "old American proverbs" around to impress the comrades. Of course, in the transition, they may lose a little something, to wit:

"... is worse to have revolted and lost than never to have revolted at all."

"... never put off till tomorrow who you can liquidate today."

"... a lump in the throat is worth two on the head."

"... speak silently, comrades, and avoid the big stick."

"... no vash dirty Lenin in public."

"... a liquidation a day keeps the Doctor Zhivago away."

"... to err is capitalistic; to forgive is also capitalistic."

"... in each reign a little life must fall."

And so forth. You never quite catch the exact meaning in those translations. At any rate with all those Russian rockets wham-

by any means. We sing in the hymn, "A Mighty Fortress"

"The old bitter foe  
Now means deadly woe;  
Deep guile and cruel might  
Are his dread arms in fight:

On earth is not his equal."

The second enemy is called the world. And by this term we do not mean the earth or the universe, but that group of people who do not believe in Christ. They prefer to live without God and want everybody else to live in sin like they do.

The third enemy is our own flesh. And by this we mean the will of our sinful nature, which even the Christian has in him alongside the new life which the

—SOUNDING BOARD—  
**Proverbs 11**

Then Jesus was led up by the Spirit into the wilderness to be tempted of the devil." Matthew 4:1.

Whatever grace the individual has received, whatever wisdom has come through Christian training and education, whatever power he has received through an expanding Christian life, is nevertheless remains true that every Christian meets up with temptation. This is absolutely unavoidable. As long as life lasts the enemies of our souls will make assaults upon us. There is first of all the devil. He is the enemy of God and man, and he is not a weakling

**STRENGTH FOR THE WEEK**

by any means. We sing in the hymn, "A Mighty Fortress"

"The old bitter foe  
Now means deadly woe;  
Deep guile and cruel might  
Are his dread arms in fight:

On earth is not his equal."

The second enemy is called the world. And by this term we do not mean the earth or the universe, but that group of people who do not believe in Christ. They prefer to live without God and want everybody else to live in sin like they do.

The third enemy is our own flesh. And by this we mean the will of our sinful nature, which even the Christian has in him alongside the new life which the

**The Slaton, Texas, Slatonite Thursday, October 1, 1959**

Holy Spirit has created in us. This evil will is in secret agreement with the world and the devil and is therefore a most treacherous enemy.

It was not accidental that Jesus was tempted of the devil. If He was to be tried in all things as a human being, it was necessary that He meet with temptation. His experiences would never have been complete without it.

And no one need fancy that he will escape temptation. We never become so holy but that there is something in us to which a sinful appeal may be made. We never become so strong but that there is the possibility of our falling. The holiest of saints throughout all the ages bear testimony to the reality of temptation. It is a

universal experience.

It is impossible to avoid temptation. But, by the grace of God, we can resist it and learn something from it. This is our great concern as Christians.

Dear Lord, help us to realize that the enemies of our souls are ever on the alert to destroy us. Save us from all false security. Help us that we may be constantly on our guard and that we make full use of all the means at our disposal to fight against the evil one. Give us the steadfast assurance that by Thy help we shall triumph over temptation. Help us so that we seek our strength from Thee at all times. Grant this for Jesus sake. Amen.

F. A. Wittig, Pastor  
Immanuel Lutheran Church,  
Posey.

**STRICTLY BUSINESS** by McFeatters

"Of course I have sound grounds for a divorce — he's broke!"

as different as night and day!

**THE REVOLUTIONARY Corvair**  
BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

**Y** Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development, it's America's first truly compact car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's only rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

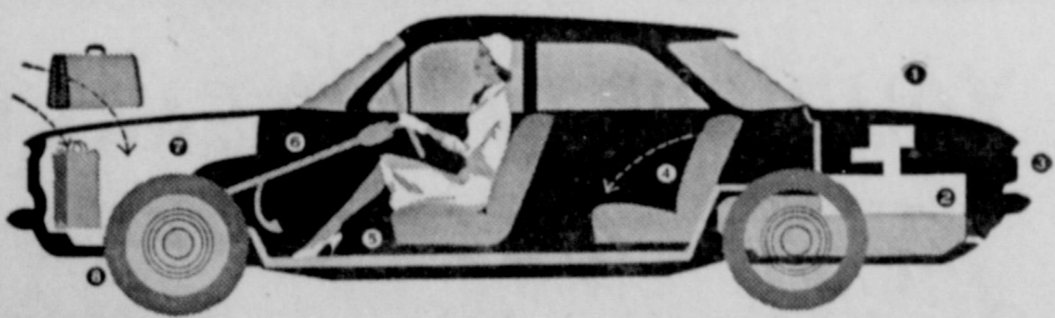

With the engine in the rear, the Corvair's floor is virtually flat, front and rear, so there's plenty of foot room for everybody. Combined with Corvair's unique body-frame construction by Fisher, this provides interior spaciousness comparable to many postwar conventional-sized cars.

Shifting engine weight to the rear also makes for easier compact car handling and gives glued-to-the-road traction on ice, mud or snow. And with independent suspension at all 4 wheels—an advance comparable to the independent suspension of front wheels years ago—you get a poised, unruffled ride that rivals even the costliest cars.

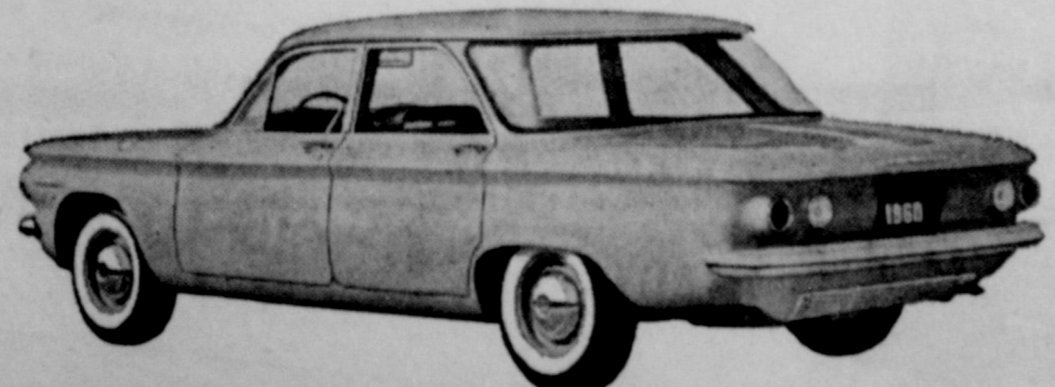

These are all things no front-engine compact car can give you. And with them you get outstanding economy and practicality that would never have been possible if Chevrolet engineers had been content to make the Corvair merely a sawed-off version of a big car. Corvair's size—some 5 inches over, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists).

Its revolutionary Turbo-Air 6 gets up to 100% more miles on a gallon of regular. And, because the engine's air cooled, you never have to fuss with antifreeze, you get quicker warmup (even heat for passengers comes—most instantly—from an airplane-type heater). Wonderfully practical, yes. But you'll find the most practical thing of all about Corvair is its remarkably low price. Our dealer's the man to see for all the short, sweet details.

America's only car with an airplane type horizontal engine!  
America's only car with independent suspension at all 4 wheels!  
America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

You have your choice of two Corvairs—this one's the standard model.  
See your local authorized Chevrolet dealer

- 1 REVOLUTIONARY TURBO-AIR 6**  
Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts. It's the world's first production 6 with the ultra-smooth, space-saving power of horizontally opposed (not vertical or V-stroke) pistons.
- 2 ONE-PACKAGE POWER TEAM**  
Wraps rear engine, transmission and differential into one compact unit. Takes less room, leaves you more.
- 3 STYLING—PURE AND SIMPLE**  
Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.
- 4 FOLD-DOWN REAR SEAT**  
Works instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.
- 5 FLAT FLOOR**  
Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.
- 6 UNISTRUT BODY BY FISHER**  
Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.
- 7 UNDER-HOOD LUGGAGE COMPARTMENT**  
Trunk's up front (like an elephant's) where it's convenient for groceries, shopping bags, luggage.
- 8 4-WHEEL INDEPENDENT SUSPENSION**  
There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

**ARE YOU A SPACE EXPERT?**

Test Your Knowledge About The Solar System

Can you answer these questions about space known by the average 10-year-old? In the film, "The Solar System" produced by Coronet Instructional Films, world's largest producer of educational films, the nature of our solar system is explored. The film, intended for intermediate and junior high school students, provides a visual concept of the solar system.

Check the answers you believe are correct. If you get all right, consider yourself a space expert; if you get two correct, you're average; if you get one or none right, study up on space. (See box below for correct answers.)

- How far away from the earth is the moon?  
 A. 140,000 miles, B. 240,000 miles, C. 310,000 miles.
- What is the earth's nearest star?  
 A. Sun, B. Venus, C. Moon.
- How far away from earth is the sun?  
 A. 27 million miles, B. 93 million miles, C. 106 million miles.

**CORRECT ANSWERS: 1-B; 2-A; 3-B. These answers are authenticated by the educational collaborators of the film "The Solar System" produced by Coronet Instructional Films.**

**STRENGTH FOR THESE DAYS**

from The Bible

I said in my haste, I am cut off from before Thine eyes; nevertheless Thou heardest the voice of my supplications when I cried unto Thee.—(Psalm 31:22.)

Never think that past sins have cut you off from God's love, for His mercy is boundless and He is ever ready to hear those who call upon Him for forgiveness and for strength to live better lives.

# FAMILY FALLOUT SHELTER — WHERE BASEMENTS ARE NOT AVAILABLE

For Family Protection in Nuclear War

PRE-SHAPED corrugated metal sections or cast concrete can be used for shelters over with earth as shown here. Materials would cost about \$700. A contractor probably would be required to help build it. "The Family Fallout Shelter," published by the Office of Civil and Defense Mobilization, contains building plans for five basic fallout shelters. Copies may be obtained by writing: Box Home Shelter, Battle Creek, Mich.

## JUST TALK

BY A. M. J.

Wayne Smith, painter, paper hanger, family councillor and observer of general conditions on the American scene, recently did considerable interior decorating in the home of Joe Teague III. There have been and are so many Joe Teagues in Slaton that they must be numbered in order, as the king Louis of France used to be. While Wayne was endeavoring to make the Teague home into miniature Louis XIV Palace young Joe Teague IV, age about

8 came strolling into the kitchen one morning, after his mother had gone to do her grocery shopping, and nonchalantly announced that he would now prepare his own breakfast. With the professional skill of what Wayne considered that of a French Chef, he prepared bacon, eggs, toast and fruit juice in such a way that it was all Wayne could do to keep from grabbing it away from him and wolfing it himself although he had finished a man size breakfast a short time before.

When Mrs. Teague returned from her shopping trip Wayne expressed his astonishment that a boy could, and would, be able to cook his own breakfast and Mrs. Teague said that Joe Teague IV is being taught to take care of himself and seems to enjoy cooking and is capable of

preparing a tasty meal for dinner and lunch as well as for breakfast. If the present trend keeps up Mrs. Teague feels that by the time her son is old enough to marry he may need the knowledge on cooking in order to take care of himself.

What things are coming to was brought forcibly to my attention not long ago when I went grocery shopping with my wife. She stopped at a frozen food counter and pinched and smelled a lump of rocky substance that was labelled peach pie and after some hesitation dropped it into our basket. When the proprietor was checking us out I inquired of him as to whether the pie could be recommended and he said, "well if you are not used to home made pies and are not too critical it might be pretty good. That is the kind of pie we get at home and I have finally gotten so that I can eat them."

The next day the pie was cooked at our house. I bent a case knife nearly double getting it out of the pan in which it had been cemented, it was filled with a bilious yellow glue with one small wedge of something that resembled a part of a half ripe peach. When I complained to the grocery man he said, "I told you it was not as good as home made, but frozen pies out of the stores are a lot better than the ones my wife can make and better than most the young women of today will turn out."

In view of this research it is my suggestion that all the young men now attending school should be taught how to cook or else such a thing as a good square meal will be as rare in the near future as real lye hominy is today.

eye ball at some of the sights he had seen and did not want to miss anything that might be coming up. Johnny and I both repelled any such suggestion.

—JUST TALK—

Just before the warning siren got stuck last Tuesday night during the rain and wind storm the rain seeped into an electrical connection on the outside of our home and a big splutter shot out from the building, the power went off leaving us in the dark during one of our favorite TV programs, the dog started howling and hid under the bed and soon the siren started screeching. The rain was pouring down, the wind howling and the wire connection on the outside of the house sluttering and sparking. We were sure Khrushchev had become irritated and gone home and had started to have the Russians drop bombs on Slaton. The dog is still nervous and to tell the truth so are we.

—JUST TALK—

The peach pie I described above reminds me of a ham sandwich story I once heard. A

man went into a bar and lunch stand and ordered a ham sandwich and after taking a man size bite he said "where is the ham in this sandwich," and the bartender said you have not come to it yet. Taking another huge bite the customer said "I don't taste any ham yet," and the bartender replied "you went past it them." The frozen fruit pies are the same kind of pies that the ham sandwich was a sandwich.

—JUST TALK—

Five year old Barbara was

constantly irritated by her three year old brother, Peter, who was always getting into her toys. One day, finding that he had scattered dolls all over the floor, she lost her patience and began to shout at him.

"Now, now, Barbara," her mother soothed. "You must be nice to little Peter. Remember, God sent him to us from Heaven."

"I don't think he was sent," Barbara retorted angrily. "I think he was pushed!"

OCTOBER, 1959

## Teague Drug Monthly News

A message from Teague's Drug, "Your Pharmacist"

OCT. 4th to 10th IS NATIONAL PHARMACY WEEK. It is our yearly reminder that the practice of pharmacy is important to the health of the public. Each year during National Pharmacy Week, we rededicate ourselves once again to the Code of Ethics of Pharmacy, which directs us to remember that, "The Pharmacist Holds The Health And Safety Of His Patrons To Be Of First Consideration."

EVERY PHARMACY IS A HEALTH STATION. In our prescription department are thousands of different medicines. Each one is classified so that it can be located in seconds. All of them are properly stored and dated so that we can be certain they are potent when dispensed.

WHEN SICKNESS THREATENS, PHARMACISTS HELP. Unlike the ancient days, when the physician had to choose a medicine from the few he carried in his bag or office, modern Doctors now can write for the one specific medicine they believe will help their patients most.

PLEASE INSPECT OUR PRESCRIPTION DEPARTMENT. During National Pharmacy Week we would be delighted to have you visit it and see how many different medicines we carry. You can observe how prescriptions are compounded, checked for accuracy and permanently filed for future reference.

# HUMBLE Presents... THE NEW TIRE of this generation!

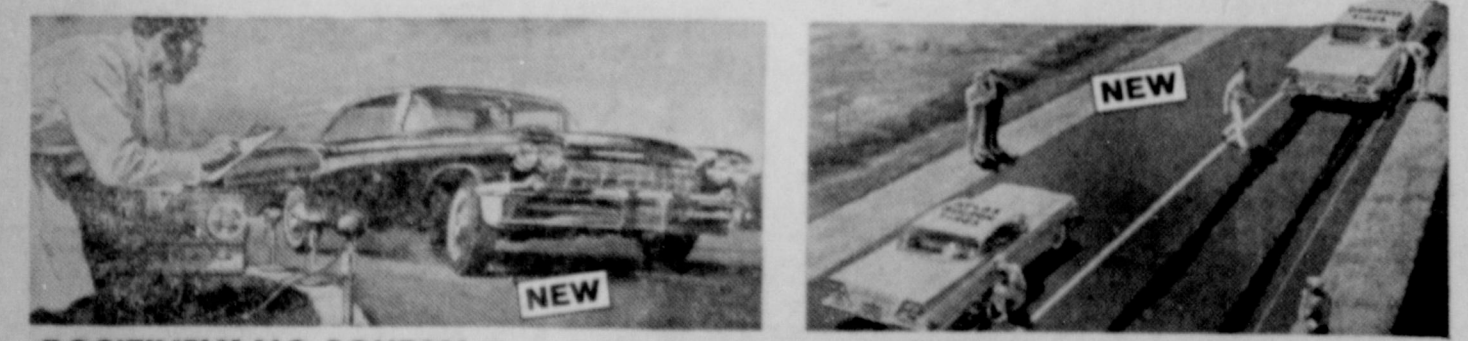

## ATLAS BUCRON TIRES

Ride easier than any other tires

Ordinary tires "bounce" . . . multiply bumps and jars. Atlas Bucron Tires smother "bounce," give shock-absorbing ride.

**SOAKS UP BUMPS AND JARS!** You notice bumps with ordinary tires because the rubber "bounces." The miracle new rubber in Atlas Bucron Tires smothers "bounce." Your car rides like the day you bought it, steers easier, handles better.

**POSITIVELY NO SQUEAL!** The new Atlas Bucron Tire grips the road so well you can't make it squeal. The secret is in the miracle new rubber of the tread.

**HUMBLE OIL & REFINING COMPANY**

Trade Now for a set of these amazing new tires. Ask for a demonstration ride—you'll be amazed! Then talk trade with your neighbor under the Humble sign. The price is less than you would think, and terms are available. Equip your car with Atlas Bucron Tires on all four wheels.

**SAFER!** Stops 30% quicker than ordinary tires. Tested against other tires, the Atlas Bucron Tires stopped 30% quicker—often the difference between a safe stop and an accident. Atlas Bucron Tires will stop quicker on wet pavement than ordinary tires on dry.

**HUMBLE**  
SIGN OF Happy Motoring  
HUMBLE OIL & REFINING CO.

GUARANTEED BY HUMBLE

Humble guarantees the Atlas Bucron Tire against all road hazards for 18 months. Adjustment is based on months of service. Guarantee is honored by 33,000 Atlas dealers on service station driveways throughout the United States and Canada. (Note: All Atlas dealers do not carry Atlas Bucron Tires, but all will make adjustment under the guarantee.)

## Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great structural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

See all the new Chevrolets October 2 at your local authorized Chevrolet dealer's

# Southland News...

Mr. S. D. Martin, who has been a patient in Mercy Hospital in Slaton returned home Wednesday of last week. Visiting Mr. and Mrs. Martin Sunday were his brother and sister-in-law, Mr. and Mrs. Leland L. Martin, Odessa, Mrs. Ruth Crabtree, a former school teacher at Hackberr, Odessa, Mr. and Mrs. Emmitt Kidd and Teddy, Slaton, Rev. C. A. Norcross, and Mr. and Mrs. Ed Denton.

Dinner guests Sunday with Mr. and Mrs. Billy Lester and sons, Gary and Greg, were her parents, Mr. and Mrs. Bud Mason and daughter, Brenda, Post, and her sister and brother-in-law, Mr. and Mrs. Nolan Williams and Karen of Post.

Karen McGehee, a student at Lubbock Christian College, spent the week end with her parents Mr. and Mrs. Weldon McGehee. Clarky Cowdrey was their dinner guest Sunday.

Carolyn Ward, a student at South Plains Junior College, Levelland, spent the week end with her parents, Mr. and Mrs. Jesse A. Ward.

Mrs. Hayden Williams Draw visited Mr. and Mrs. Ed Denton and Mrs. C. S. Oates last Friday.

Mr. and Mrs. Ed Denton visited Mr. and Mrs. Bob Russell in Post last Tuesday.

Recently Blanton Martin was elected Sunday school teacher of the Young Married Peoples Class at Hart Camp Baptist Church. The class gave him a surprise supper. They presented him with gift certificate of \$10.00 at a book store. The program was "This Is Your Life". Blanton was the subject. His mother and father, Mr. and Mrs. S. D. Martin were present for the occasion.

Mr. and Mrs. Wesley Scott and Mike spent the week end with his sister and brother-in-law, Mr. and Mrs. Bill Pool and Donna at Big Springs.

J. W. Payton of Texas Tech spent the week end with his parents, Mr. and Mrs. Carl Payton and Linda.

Mr. and Mrs. Jerry Dixon of Plainview attended church at the Pleasant Valley Baptist Church Sunday and were guests of her parents, Mr. and Mrs. J. D. Robinson.

Mr. and Mrs. Earl Morris's grandson, James (Sonny) Morris, who was in the hospital last January with injuries received in a car wreck, had the misfortune to fall and break his leg. He is in the St. Mary's Hospital in Lubbock. He will probably be in the hospital for three

months. He and his wife live in Levelland.

Mr. and Mrs. Hawton Haire honored their son, Joe Haire, with a birthday dinner Sunday. Those attending were the honored guest, Mr. and Mrs. Joe Haire and children of Lubbock, Mr. and Mrs. Bob Connor and children of Slaton, Mr. and Mrs. Jack Haire of Post, and Mr. and Mrs. C. A. Haire.

Visiting Mr. and Mrs. S. D. Martin Sunday night were Mr. and Mrs. Jack Hargrove.

Mr. and Mrs. Boone Evans of Post were supper guests of Mr. and Mrs. C. A. Haire Sunday.

Sunday visitors of Mr. and Mrs. T. L. Barnes and Mrs. Agnes Rinker were Mrs. Barnes' niece, Mr. and Mrs. S. H. Eubanks of Hale Center, Rev. C. A. Norcross of Lubbock and Mr. and Mrs. Frank Hadderton of Calgary.

Recently Mr. and Mrs. T. L. Barnes' daughter, Mrs. H. H. Ausburn returned to her home in Long Beach, Calif.

Mrs. Claude Roper and Mrs. Ruby Guinn attended the shower for Mrs. Barker at Mrs. Weldon McGehee's. They visited Mrs. Roper's mother, Mrs. J. F. Rackler.

Mr. and Mrs. J. B. Rackler and children visited Mr. and Mrs. Carl Rackler at Wolforth Sunday.

Mr. and Mrs. William Mayo and children from Amherst attended church Sunday at New Lynn. They were also dinner guests of Mrs. J. F. Rackler.

Mrs. Bradshaw, the mother of Mrs. Robert Lee Hagler, who has been hospitalized and underwent surgery in Mercy Hospital in Slaton is at home and recuperating satisfactorily. Mrs. J. H. Huddleston visited Mrs. Bradshaw Sunday afternoon.

Mr. and Mrs. Lee Jones, Slaton, spent Sunday with his sister and brother-in-law, Mr. and Mrs. R. L. Hagler.

Mr. and Mrs. Robert Lee Hagler and Jean spent Sunday afternoon and sister, Mr. and Mrs. Don and Linda.

## Ciary in Post.

Ralph Milliken of Wolforth last week with his parents, Mr. and Mrs. Ed Milliken.

Mr. J. J. Shelton, Slaton, spent Thursday afternoon with Mr. and Mrs. Ed Milliken.

Sunday Mrs. D. H. Hatchett, Mr. and Mrs. Bryan Shaw, Lubbock, and Mr. and Mrs. Clyde Shaw had a family dinner in the home of Mr. and Mrs. E. Milliken.

Mrs. Zella Smith of Plainview spent Saturday afternoon with Mr. and Mrs. Ed Denton and Mrs. Smith spent Saturday night with her son and daughter-in-law, Mr. and Mrs. Virgil Smith.

We are sorry to say we didn't know about Mrs. B. H. Jones' illness and in the hospital but we are glad she is back at home and recuperating satisfactorily.

## Rites Are Held For Mr. Lieske

Edward Lieske, 77, Southland resident, died at 3:30 p.m. Monday in the Mercy Hospital here.

Lieske, a farmer, had lived in Southland 16 years.

Funeral services were held at 3:30 p.m. Wednesday in the Grace Lutheran Church, Slaton, with the Rev. Leroy Deans, pastor, officiating. Burial was held in the Southland Cemetery under the direction of Williams Funeral Home, Slaton.

Survivors include the wife; a son, August, Slaton; two daughters, Mrs. W. Z. Waltrip, Morton, and Mrs. Bertha O Keffe, Andrews; three brothers, Albert, Temple, Lee Cisco; and Ernest, Lubbock; and four grandchildren.

Congratulations to Mr. and Mrs. Paul DeLon, Slaton, on the birth of a son, born Sept. 16, weighing 7 lbs., 4 oz.

Congratulations to Mr. and Mrs. John Barker, Slaton, on the birth of a son, born Sept. 16, weighing 8 lbs., 8 oz.

Congratulations to Mr. and Mrs. Ray Pina, Slaton, on the birth of a son, born Sept. 16, weighing 6 lbs., 3 1/2 oz.

Congratulations to Mr. and Mrs. Virgil Wall, Slaton, on the birth of a son, born Sept. 17, weighing 5 lbs., 10 oz.

Congratulations to Mr. and Mrs. Eugene Edmondson, Lubbock, on the birth of a daughter born Sept. 17, weighing 8 lbs., 14 oz.

Congratulations to Mr. and Mrs. Johnny Sargent, Lubbock, on the birth of a son born Sept. 18, weighing 6 lbs., 3 oz.

Congratulations to Mr. and Mrs. Daniel Pugh, Slaton, on the birth of a son born Sept. 18, weighing 7 lbs., 9 oz.

Congratulations to Mr. and Mrs. B. D. Bridges, Slaton, on the birth of a son born Sept. 18, weighing 6 lbs., 8 oz.

Congratulations to Mr. and Mrs. Marvin McCain, Slaton, on the birth of a daughter born Sept. 19, weighing 8 lbs., 8 oz.

Congratulations to Mr. and Mrs. Neapolan Carreno, Slaton, on the birth of a son born Sept. 19, weighing 6 lbs., 1 1/2 oz.

Congratulations to Mr. and Mrs. P. M. Bela, Slaton, on the birth of a son born Sept. 20, weighing 8 lbs., 4 oz.

Congratulations to Mr. and Mrs. J. B. Talley, Slaton, on the birth of a son born Sept. 20, weighing 6 lbs., 8 1/2 oz.

Congratulations to Mr. and Mrs. Weldon Brookshire, Pecos, on the birth of a son, born September 22, weighing 6 lbs. 13 oz.

Congratulations to Mr. and Mrs. Joe Gattis, Slaton, on the birth of a daughter, born September 22, weighing 8 lbs.

Congratulations to Mr. and Mrs. Pedro Rodriguez, Slaton, on the birth of a daughter, born September 23, weighing 7 lbs., 9 oz.

Congratulations to Mr. and Mrs. Tommy Bednarz, Slaton, on the birth of a son, born September 26, weighing 6 lbs. 1 oz.

Congratulations to Mr. and Mrs. Alexander Arreque, Slaton, on the birth of a son, born September 27, weighing 7 lbs. 9 oz.

Congratulations to Mr. and Mrs. Benjamin Hansen, Slaton, on the birth of a son, born September 28, weighing 9 lbs. 1 oz.

Congratulations to Mr. and Mrs. John Mull, Slaton, on the birth of a daughter, born September 28, weighing 8 lbs. 6 oz.

Congratulations to Mr. and Mrs. Calvin Willis, Slaton, on the birth of a daughter, born September 29, weighing 6 lbs. 13 1/2 oz.

Jimmy Sikes of Slaton is attending Tarleton State College at Stephenville.

PONTIAC FOR 1960

Pontiac's new approach to styling is pronounced by the Bonneville convertible and the Ventura sport coupe, only two in a parade of 16 beautiful models introduced by Pontiac for 1960. Priced just above the Catalina series, the Ventura features special interior appointments, including seats trimmed entirely in Jewel-tone Morrokide. The Ventura is also available in a four-door hardtop Vista model. The 1960 Pontiacs go on display today at Kendrick Pontiac, 1100 S.9th.

Howard Golden of Slaton is attending South Plains Junior College at Levelland. Lavoy Reed of Slaton is attending Lubbock Christian College. Ova Sue Wilson of Slaton is attending North Texas State College in Denton.

fresh point of view...from Pontiac!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm. Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

GOOD QUESTION

Around and About Slaton

Mr. and Mrs. K. C. Scott and their daughter, Mrs. June Spikes left last week-end by the Santa Fe for Temple where Mr. Scott and Mrs. Spikes will undergo treatment at Scott and White. Cindy Spikes is visiting her friend Nancy Walton while her mother is gone and comes home daily to pet and feed her two lonesome cats.

Mr. and Mrs. Bob Bisbee returned last week from a vacation spent in Ruidosa and Cloud Croft, New Mexico. Mr. Bisbee put in some hard licks golfing. They visited one of the largest nurseries in the United States which is near Cloud Croft and came home with some extra fancy bulbs and shrubbery. Keep your eyes peeled next spring. The Bisbee home at Lubbock St. and 10th, across the street from the Methodist Church, may bloom out in some double, extra large, mammoth giant tulips.

Mr. and Mrs. Tony Steffins returned last week from Granite Shoals where they fished. Tony has a whopping big fish he'll show you if you don't watch out. He has it frozen with its head still on and is gazes at you with a sad expression.

Mayor Clark Self reports that over fifteen vacant lots over town have been cleared of weeds by the city sanitation department and the cost of the work billed to the owners of the property. Such work is perhaps a little more costly to property owners than it would be if the work is done by the property owner. The Mayor said that it would be much better for owners to attend to keeping their property clear of weeds and rubbish but as a last resort the city will do it and bill the owners.

Mrs. Ethel Tate, her Chihuahua, Tiny, and her Boston Bull, Sadie, were expected to return this week from Galveston and Marlin, Texas. She visited relatives in Galveston and stopped in Marlin for a course of Mineral baths.

Mrs. W. H. Smith, who makes her home with Mr. and Mrs. K. C. Scott, and is the mother of Mrs. Scott, is visiting her other two daughters, Mrs. Sam Ball and Mrs. George Everline in Amarillo.

Mr. and Mrs. Wayne Smith were guests of their daughter over the week-end at Wayland College in Plainview where Kathryn Ann is a Freshman.

Shall I **FILL** it?

How enthusiastic that question often is when the customer drives in.

But this man is ambitious, not only about filling gas tanks during the week, but about helping fill the church building with people on the Lord's day.

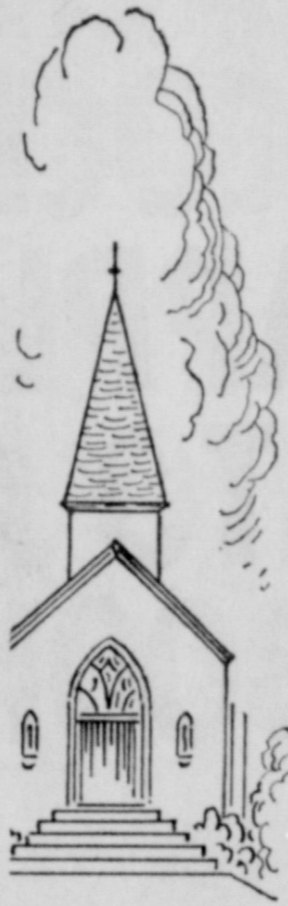

He knows that a church building, half-filled, actually, would be half-empty; and that such would be uncomplimentary to the church, to people who need the church and to God Whom the church repre-

Yes, he knows that full church buildings are still more important than full gas tanks. That's the reason he "takes time out" to give friendly invitations to "Come hear our pastor preach!"

Do you, too, know the thrill of helping your pastor and church succeed in the most important work in the world: reaching more and more people for Christ and His kingdom?

Do you not have twenty-four hours a day? Why not spend at least a little of this time to help make sure that others may spend eternity with God?

*"And they that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever." Daniel 12:3.*

"Other foundation can no man lay than that is laid, which is Jesus Christ" 1 Corinthians 3:11.

**Galaxy Of Entertainment Stars To Appear At 1959 State Fair**

Dallas — Many of the brightest stars of the entertainment world will be presented by the 1959 State Fair of Texas, Oct. 9-25. And many of the big shows in which they will appear are free.

In its annual "bigtime" attraction, the State Fair Music Hall will spotlight the famous singing McGuire Sisters in a fabulous musical revue, "Star Light! Star Bright!" which also features the comedy team of Rowan and Martin.

And the incomparable Ice Capades returns to the Fair with a new cast of internationally renowned skating stars in an entirely new show hailed as the "best yet."

The Fair's 1959 "Shower of Stars," all free, will headline the following list of performers: Perez Prado, "King of the Mambo," on Monday, Oct. 12; Mitch Miller, renowned recording personality, with the Fair's Music Festival Tuesday, Oct. 13.

Red Foley, the western music favorite of millions on TV, Thursday, Oct. 15; Steve McQueen, the TV hero of "Wanted — Dead or Alive," Friday, Oct.

THE MCGUIRE SISTERS

16; Sam Cooke, blues and ballad singer, Monday, Oct. 19.

Herb Shriner, the Hoosier humorist, with Johnny Puleo and his Harmonica Gang, Tuesday, Oct. 20, and the bands of Woody Herman and Chris Barber in a Jazz Festival Wednesday, Oct. 21.

In addition, there will be daily free shows twice daily on the Mobil Stage by the daredevil circus aerialists, Les Kimaris, and the Egomys Brothers, and by Bobo the clown.

SHRINER And Hank Thompson and his Brazos Valley Boys, one of the top western music bands, will entertain daily, Oct. 19-19.

... were dinner guest of Mrs. J. F. Kendall to Lubbock, Monday, Oct. 20, and to Amarillo, Monday, Oct. 21.

## Winsome Class Has Meeting

The September meeting of the Winsome Class met in the home of Mrs. Kenneth Brush, Friday, September 25.

The meeting was called to order by Mrs. Ray Belt in the absence of the president. Opening prayer was given by Mrs. Brush.

The minutes of the three past meetings were read and approved.

Sunshine Sister gifts were exchanged and names revealed. It was decided not to redraw for Sunshine Sisters until after the installation of officers.

The devotional period was given to Book reviews. That is, a review of a book of the old Testament that we have been studying this past quarter. Those participating were Mrs. L. O. Lemons, the book of Esther, Mrs. Eugene Eddings, the book of Obadiab, Mrs. D. C. Robinson, the book of Ecclesiastes, and Mrs. Ray Belt, the book of Daniel.

Refreshments were served to the following members and teacher; Mdm. L. O. Lemons, Mrs. Ray Belt, Wesley Johnson, E. D. Gossett, Eugene Eddings and D. C. Robinson.

Installation of officers will be in the home of Mrs. Eugene Eddings in October.

## Linda McCarver And C. W. Sloan Marry

Mr. and Mrs. Ira E. McCarver of 925 W. Lynn, announce the marriage of their daughter, Linda, to C. W. Sloan, son of Mr. and Mrs. Truett Sloan of Wil-

MRS. C. W. SLOAN nee Linda McCarver

son. The marriage was performed by Rev. T. D. Johnson in the First Baptist parsonage.

The bride's uncle, Delma McCollum of Sherman served as best man.

The bride's mother and brother attended the wedding.

A wedding dinner was given for the bride and groom in the home of Mr. and Mrs. Dolley at Sherman, Texas.

Mrs. Sloan graduated from Slaton High School and Mr. Sloan is attending Wilson High School where he is captain of the football team.

The couple will live in Slaton.

## Bluebonnet Club Meets In Home Of Mrs. Hord

Mrs. H. T. Hord was hostess to the Bluebonnet Club, September 23. Seventeen members and one associate member attended. Mrs. Roy Parks presided over the business meeting.

Games were played and then refreshments were served to the following members; Mdm. Dan Liles, Fred Tudor, Charlie Walton, C. C. Wicker, R. C. Sanner, Ford Stansell, W. E. Payne, Roy Parks, Fannie Patterson, W. F. Blackerby, Henry Jarman, Dudley Berry, Harold Wilson, Joe Teague Jr., Raymond Standefer, Jack Cook and L. T. Garland.

The next meeting will be held in the home of Mrs. Joe Teague Jr., October 14.

## Brownie Troop Has Weiner Roast

Brownie Troop 97 enjoyed a weiner roast on Thursday, September 24, at the Roadside Park, north of the cemetery. Afterwards they went on a hike.

Present were: Karen Melcher, Ann Blair, Cindy Dubose, Lynn Bryant, Terrie Hilbers, Sandra Buskemper, Linda Nell Kahlich, Jo Eckert, Kay Payne, Johnnie Sue Mosser, Yvonne Blair, Veronica Kitten, Debbie Kelly and Tara Kelly; also two visitors, Kathryn Kitten and Cynthia Steffens and the leaders, Mmes: Norbert Kitten, Jerry Melcher and Tony Steffens.

## Temperature Averages 78

An average temperature of 78 degrees prevailed in Slaton last week, with the high for the week reaching 96 and the low, 55.

Pioneer Natural Gas Company which keeps a record of the temperatures, reports that a week ago the temperatures were Sunday, hi. 94; lo. 62. Monday, hi. 96; lo. 67. Tuesday hi. 96; lo. 62. Wednesday, hi. 90; lo. 77. Thursday, hi. 85; lo. 69. Friday, hi. 88; lo. 64. and Saturday, hi. 90; lo. 55.

CAROL LANE gives talk

## Mrs. Barker Is Honored With Layette Shower

Mrs. Dwayne Barker of Post was complimented with a Layette Shower Thursday afternoon of last week in the home of Mrs. Weldon McGehee.

The honoree's chosen colors of pink and white were carried out through out the entertaining rooms. Refreshments of cake and punch was served.

Fourteen guests were registered. Assisting Mrs. McGehee with hostess duties were Mrs. C. K. Robinson and Mrs. Herman Dabbs.

The hostess gift was a bassinette.

## Carol Lane Speaks To County Club

"Keys To Family Fun By Car", was the title of talk given by Carol Lane, Women's Travel Director of Shell Oil Company, when she spoke to the Lubbock County Homemaking Teachers Club on Tuesday, September 22, in Slaton High School Slaton, Texas. Miss Lane related many amusing touring anecdotes as she gave helpful suggestions on how to make traveling easier and more enjoyable for the entire family. All Future Homemakers of America organizations in Lubbock County were invited.

Mrs. J. C. Eiring of Plainview and Mrs. R. A. Stark of Tulla were guests in the home of Mrs. Fred Tudor and Mrs. W. F. Blackerby, Monday and Tuesday.

Mary Alice Kenney of Slaton is attending Iowa State University in Ames, Iowa.

## SLATON FHA GIRLS WIN TOP HONORS AT FAIR

The Slaton Future Homemakers won first place honors in the Youth Division at the Panhandle South Plains Fair in Lubbock this week. The Slaton Chapter chalked up a total of sixty-two points. The Levelland FHA was second place winner and Wilson third.

Donna Wilke, a senior FHA member from Slaton, was high point girl in the Youth Division. Donna won this honor with seventeen points. Her winnings

were in the clothing division and were: First: housecoat, skirt, and tailored dress; second: pot holder, tailored lined suit, and after-five dress; third: apron and school dress. Betty Hartell, Abernathy, was second place winner, and Wanetta Hutton of Shallowater, placed third in individual entries.

Other Slaton Chapter winners were: First: Barbara Childress, lined suits; Bonnie Cole, belt and stenciled article; Pan Stansell, angel food cake; Canzada Lee, peanut brittle; Sue Armstrong, cookies; Martha Strube, tomatoes; Dolores Heinrich, tomato juice; Second place winners: Margaret Meeks, cucumber pickles and cookies; Harriet Perkins, brownies; Barbara George, German Chocolate cake; Lundie Roche, pear preserves; Bonnie Cole, place mat; Stephanie Johnson, billfold; Ann Wright, spice cake; Ann Haddock, cotton dress. Third place winners were: Nelda Ray, divinity; Judy Dunn, refrigerator cookies; Ollica Sanders, skirt; Sue Reed, cornbread and Charlene Kitten, pears.

The Slaton Chapter will win \$7.50 prize for the most points earned by a chapter, and Donna will also win a \$7.50 prize as well as her individual prize money.

Earl Kenney of Slaton is attending Texas Tech in Lubbock.

E. L. Dunn of Slaton is attending Texas Tech in Lubbock.

Arlie Hoover of Slaton is attending Tampa University of Tampa, Florida.

# Tigers Fall Before Frenship And Fumbles; Crosbyton Chiefs Next

Two first quarter touchdowns and several fumbles spelled doom for the Slaton Tigers Friday night. The Frenship team scored the first two times they had the ball and held on to beat the Tigers, 12-8.

Five times the Slaton team drove inside the Frenship 25 only to fumble and stop the drive. Slaton received the kick off and put it in play on the 21 yard line. Three plays picked up a first down on the 31. Barry

lost five yards over tackle, Giles Smith went around left end for 13 yards and David Bishop picked up the first down on the 43. Three plays later Bishop fumbled on the Frenship 48 and Frenship recovered. The first play carried over tackle for 6 yards and with the help of an offside penalty made a first down on the 40 yard line. Halfback Lynn Harrist broke around right end for 40 yards and a touchdown. A try at the line for the point was no good.

Slaton took the kickoff to their own 37 yard line and in five plays had a first down on the Frenship 31 yard line. Bishop went over center for 6 yards down to the 25 only to fumble and Frenship recovered on their own 19 yard line. Harrist broke around left end on the next play for 80 yards to the Slaton 1 yard line. Two tries at the line lost 2 yards, but a Stapleton to Crites pass was good for the TD. The try for point was no good.

After an exchange of punts Slaton had the ball on their own 20 yard line. Giles Smith made 17 yards around right end for a first down on the 47 yard line. Two more plays moved the ball to the Frenship 33 and it looked as if the Tiger were about to score. Bishop made 5 over tackle and Smith moved to the 18 for a first down.

Bishop went over center for 5 yards to the 13 yard line. On the next play, Ward fumbled the pass back from center and Frenship recovered to stop the drive on the 13 yard line. The half ended with Frenship leading, 12-0.

Slaton took the second half kickoff to the Frenship 29 yard line only to fumble and lose the ball. Frenship was forced to punt after 3 tries at the line failed and Slaton again had the ball on their own 42 yard line. Two plays later, Slaton fumbled and Frenship recovered.

Late in the third quarter Slaton took a Frenship punt on their own 37 yard line. Eleven plays carried to the 9 yard line with most of the yardage coming around end and over tackle. Bishop and Smith made good gains over these positions.

From the 9 yard line Smith went around end for 4 yards to the 5 yard line. Bill Barry broke

over tackle for the TD. Bishop went through the line for the extra point.

The rest of the game was played in midfield. A late passing attack by Slaton failed to gain and Frenship took the ball on the last play of the game.

Slaton	Frenship	
21	First downs	5
329	Yards gained rushing	181
10	Yards lost rushing	28
11	Attempted passes	3
0	Completed passes	2
0	Yards gained passing	25
329	Total yardage	206
10	Fumbles	1
2	own fumbles recovered	0

The Tigers take on the Crosbyton Chiefs this week at Crosbyton.

## Southland Hits Klondike; Next Is Patton Springs

SOUTHLAND—Southland defeated Klondike in an eight-mar football game played last week but faces a rugged test this week.

The Eagles will journey to Patton Springs for this week's encounter. Patton Springs won last year's contest and the Eagles are to get revenge. The game will be played Friday night at Patton Springs.

**HARD RUNNER**

Slaton Tiger Halfback Giles Smith is, as usual, running very hard in this photo. The picture was taken during the Slaton-Frenship game played here last Friday night. Frenship won the game, 12-8.

## Wilson Mustangs Are Defeated By Petersburg

WILSON—Wilson's Mustangs played Petersburg a good game

before falling, 14-0, last Friday at Petersburg.

The Mustangs held the Bufaloes to a 0-0 tie at halftime, but fell before their powerful opponents in the last half when they scored two touchdowns and

two extra points following one of the scores.

This week the Mustangs play Lazbuddie at Wilson in what is expected to be a lively contest.

## Clean Lines Highlight 1960 Oldsmobile

A trim balanced design of clean flowing lines highlight the modern styling of the Oldsmobile for 1960. This side view of the "88" Holiday SportSedan shows off the smooth, uncluttered lines to their best advantage. The low and level design of the hood affords better forward visibility and the rounded contour of the front fenders aids parking maneuverability. The low-level design also is incorporated in the "Clean-Sweep" rear deck. SportSedan body styles also are available in the Dynamic "88" and the Super "88" series Oldsmobiles for 1960. The new Oldsmobiles go on display today at Davis Motor Company, on the Lubbock Highway.

### Safety Committee Gives Suggestions

The safety committee of the P. T. A. are cooperating in a campaign to make it safer for all children going to and returning from West Ward. We wish to submit the following suggestions to all persons driving

1. DRIVE CAREFULLY AT ALL TIMES.
2. CROSS STREETS AT CROSS WALKS WHENEVER POSSIBLE.
3. CROSS STREETS WHERE PATROLS ARE STATIONED WHENEVER POSSIBLE.

4. LOOK BOTH WAYS AND BE SURE THAT YOU HAVE PLENTY OF TIME BEFORE YOU CROSS THE STREET.
5. DO NOT PARK, AND LEAVE CAR, ON THE SOUTH SIDE OF THE STREET IN FRONT OF WEST WARD. THIS IS A LOADING AND UNLOADING ZONE ONLY. FOR PARKING, PLEASE USE PARKING AREA JUST WEST OF BUILDING.
6. DO NOT LET CHILDREN OUT OF THE CAR ON THE NORTH SIDE OF THE STREET IN FRONT OF WEST WARD.
7. DO NOT DOUBLE PARK, EVEN IN BAD WEATHER.
8. FORM ONE LINE ONLY TO

## WSCS Meets In Circles To Begin Studies For The Year

The Woman's Society of Christian Service of the First Methodist Church began this year's study in Circles, Monday, September 28, using the overall theme: There Is A Light Upon the Mountains. The topic discussed by each of the three circles was: A New Year—New responsibilities.

The Africa Circle met with Mrs. A. E. Whitehead, Mrs. C. A. Womack had charge of the program and she was assisted by Mrs. Joe Walker, Jr., and Mrs. Nan Tudor from the Wesleyan Service Guild. There were eleven present, including two new members, Mrs. Howard Hoffman and Mrs. H. L. Sandlin.

The India Circle met with Mrs. J. S. Edwards, Jr. Mrs. Douglas Wilson was program leader. She was assisted by Mesdames S. H. Adams, A. C. Burk, Clarence Heaton, and J. E. Eckert, Sr. There were eight present including one new member, Mrs. Heaton, and one visitor, Mrs. Rollo Davidson.

The Mexico Circle met with Mrs. R. H. Todd, Sr. Mrs. Robert

Choate and Mrs. S. H. Jaynes gave the program. There were nine members present. The next meeting will be October 5, at 3:00 p. m. in the church sanctuary.

AGNES KLEMAN engagement announced

### Engagement Of Agnes Kleman Is Announced

Mr. and Mrs. Arthur Kleman of Tullia, announce the engagement and approaching marriage of their daughter, Agnes, to Mr. Donald Schilling, son of Mr. and Mrs. Herman Schilling, Slaton. Vows will be exchanged at a Nuptial Mass, in St. William's Church, Tullia, on October 28.

## HOW TO SURVIVE—IF NUCLEAR WAR COMES

Substantial protection for families from radioactive fallout can now be developed through construction of simple home shelters. All of the illustrations used on this page are from "The Family Fallout Shelter," a publication of the Office of Civil and Defense Mobilization. Free copies of the booklet may be obtained by writing: Box Home Shelter, Battle Creek, Mich.

## Hoegh Says Every Family Needs A Fallout Shelter

Civil and Defense Mobilization Director Leo A. Hoegh says "everyone, even those far from a likely target, would need shelter from fallout" in the event of an enemy attack.

LEO A. HOEGH ... most could be saved

In the introduction to "The Family Fallout Shelter," a publication of the Office of Civil and Defense Mobilization, Mr. Hoegh says: "In an atomic war, blast, heat and initial radiation could kill millions close to ground zero of nuclear bursts. Many more millions—everybody else—could be threatened by radioactive fallout. But most of these could be saved."

Mr. Hoegh pointed out that the Federal shelter policy is based on the knowledge that most of those beyond the range of blast and heat will survive if they have adequate protection from fallout.

The ODCM booklet contains building plans for five basic fallout shelters. One is a do-it-yourself project with solid concrete blocks. Cost of the shelters ranges from \$150 to \$1500.

Copies of "The Family Fallout Shelter" may be obtained from local civil defense offices or by writing: Box Home Shelter, Battle Creek, Mich.

## Local Man Is Viewing 1960 Fords

Bill H. Smith of Slaton Motor Company, Slaton, Texas, is visiting Ford Motor Company headquarters in Dearborn, Mich., this week to view the 1960 cars and trucks and discuss with Henry Ford II the outlook for the national economy and the automobile industry during the forthcoming decade.

The special preview marks the first time in a quarter century that all 7,000 Ford dealers have been invited to the company's home offices. During their stay there, they will meet face-to-face with Ford Division management, including engineers and stylists who designed the new Ford line.

The new Fords will be unveiled in a Broadway-type show featuring Ray Bolger, Jane Powell and Blackstone the Magician. The dealers will also be entertained by Tennessee Ernie Ford and Rosemary Clooney.

While in Dearborn, the deal-

ers will occupy eight hotels, eat three tons of chickens, three tons of spare ribs, 11 tons of beef, 10,000 lobster tails, 2,500

pounds of shrimp, 3,000 pounds of butter, 2,000 pies and drink 1,000 gallons of coffee and 2,000 quarts of milk.
