Building Permits Already Total More Than Entire Year Of 1958

Building permits in Slaton are already over \$80,000.00 ahead of the 1958 total, a check with the City Secretary's office revealed this week.

Mushrooming construction projects actually pushed ahead of last year's total sometime last month, with activity so far in July limited to two additions to houses, an addition to the El Lora Motel and a new grocery store.

Through July 20, the total amount of building permits granted was \$556,211.00 as compared to a total of \$482,185.00 during the entire year of 1958.

Major projects so far include an apartment house valued at \$23,000.00, the new W. B. Hest and warehouse, valued at \$60,000.00, a bowling alley with a building permit value of \$30,000.00, that motel addition, tabbed at \$20,650.00, and the grocery store, Key Ely's, with a building value set at \$9,750.00.

Here are the permits by months:

January, four new houses, \$29,200.00; five additions, \$2,850.00; total \$32,050.00.

February, five new houses, \$33,500.00; four additions, \$3,040.00; total, \$36,540.00.

March, 10 new houses, \$99,000.00; 12 additions, \$9,486.00; total, \$108,486.00.

April, seven new houses, \$59,500.00; 13 additions, \$9,475.00;

total, \$69,975.00.

May, 12 new houses, \$90,700.00; four additions, \$950.00; total, \$91,650.00.

June, three new houses, \$65,500.00; one apartment house, \$23,000.00; nine additions, \$8,010.00; one warehouse (wholesale), \$60,000.00; one bowling alley, \$30,000.00.

July (through 20th), two additions, \$1,250.00 and \$350.00; motel addition, \$20,650.00; and grocery store, \$9,750.00.

The bowling alley, to be owned by W. C. Williams, will be constructed on north 20th, near the Pony League Park. The W. B. Hest and warehouse is under construction on Railroad Avenue near the depot, and Key Ely's new grocery store building will be on S. 9th, just north of Junior High.

Rites Are Held Tuesday For Joe S. Walker Sr.

A well-known Slaton farmer and church worker, Joe S. Walker, Sr., died at 2:30 a. m. last Sunday in Baylor Hospital, Dallas.

Funeral services for the kindly, "gentleman farmer," a resident of Slaton for 33 years, were held at 2:30 p. m. Tuesday in the First Methodist Church. Rev. Rollo Davidson, pastor, officiated.

Mr. Walker, 65, had been hospitalized for a month.

Active in civic work, he had served on the local school board 12 years and had been Sunday School Superintendent at the First Methodist Church for 23 years. He also taught classes at the church. Also, one of his favorite activities was promoting soil conservation practices among Slaton area and other Lubbock county farmers. He served as chairman of the Lubbock County Board of Soil Conservation the past seven years.

Survivors include his wife; a son, Joe Walker, Jr. of Slaton; four sisters, Mrs. J. R. Ervin of Ranger; Mrs. N. F. Fahay of St. Louis; Mrs. Ted Krueger of Midland and Mrs. R. C. Stokes of La Rochelle, France; three brothers, W. O. of Corsicana; Barrett of Cape Girardeau, Mo., and E. A. of Lubbock; and two grand-

children.

Reward Offered For Return Of Woman's Rings

Jonell Meeks is offering a "good reward" to the person who took her billfold from her bag at the swimming pool on Friday July 17th.

The billfold was later found in the park, torn apart with pictures scattered and three rings missing. One ring is a pearl and the other two are her wedding rings.

"No questions will be asked, nor will there be any hard feelings, just please return my rings... a liberal reward will be given to the person who will take these rings to 425 W. Panhandle or phone VA 8-3309 any information you may have, or give the rings to Mr. Fulcher at the swimming pool. Signed, Jonell Meeks."

NEW ARRIVALS

Congratulations to Mr. and Mrs. Richard Sledge, Slaton, on the birth of a son, born July 17, weighing 6 lbs., 2 ozs.

Congratulations to Mr. and Mrs. Mateo Martinez, Slaton, on the birth of a son, born July 20, weighing 9 lbs., 3 ozs.

SLATON GIRL WINS TITLE

Carolyn Rhoads, 16-year-old Slaton High School junior, was named 1959 Queen of the Lubbock County Farm Bureau recently in a contest held at the Slide Road Club House, Lubbock. Miss Rhoads is the daughter of Mr. and Mrs. C. J. Rhoads of Rt. 1, Slaton. She won the title over 12 other contestants and will represent the county at a district contest, date and site yet to be announced. Bill Ball, Slaton Chamber of Commerce manager, was emcee of the July 16 event.

Jaycees Lay Plans For Banquet; Hear Swedish Guest, Miss Ulla Larn

The Slaton Jaycees laid plans for their upcoming banquet honoring outstanding local teenagers, discussed informing the public pro and con concerning the August 18 tax election, and heard an interesting talk on Sweden by Miss Ulla Larn at their Tuesday night meeting here.

Miss Larn, the Rotary Club's summer guest, talked on her native country and answered numerous questions as posed by the Jaycees. Miss Larn was accompanied by her host and hostess for the week, Mr. and Mrs. J. J. Maxey.

Fellowship Hall of the First Methodist Church will be the site of the banquet honoring outstanding teenagers and the teenage Road-e-o winner. The club will pay tribute to the eight teenagers named outstanding in church and school work during the last school year, and to the top local teenage driver.

A short banquet program will be worked out tonight during the Jaycee board meeting.

Concerning the election, the club voted to have a committee look into the conducting of a

Swim Team To Host Meet Aug. 8

Approximately forty members of Slaton's star-studded swim team are working out each day in preparation for three outstanding swim meets scheduled on consecutive week-ends starting August 8. Workouts are being held each morning at the Slaton swimming pool under the direction of Truett Fulcher, pool director and coach.

First of the forthcoming swim meets is to be held at the Slaton pool, Saturday, August 8. This is to be an invitational event and swim teams from Lubbock, Post, Portales and Abilene are being invited to participate.

The Slaton meet is to be followed by a meet in Amarillo, August 15 and one in Lubbock, August 22. The Lubbock event will be the Junior Olympics meet.

Members of the local swim team range in ages from nine to 19, and there are about as many girls as boys taking part in the workouts.

All girl and boy swimmers interested in joining the Slaton team are invited to tryout weekday mornings from 10 to 11 o'clock.

Two weeks ago the Slaton team won a second place trophy in the City-County Swim meet held in Lubbock.

poll among businessmen of Slaton as to their feelings on the election slated August 18. The election, if it carries, will allow the county commissioners to levy an additional .15 cents per hundred valuation tax on property to pay for right-of-way for state and federal highways. Included would be right-of-way for the proposed bypass of Slaton.

The Jaycees hope to obtain statements both pro and con in the survey and submit it to The Slatonite for publication, thereby giving voters several reasons why they should, or should not, vote for the tax levy.

EL LORA CONSTRUCTION

Construction is currently underway here on new units for the El Lora Motel. Mrs. Lora Wicker, proprietor, is shown here observing work being done on the new units. With her is Kenneth Jones of Porter Lumber Company.

Three Winners From Slaton In Golf Tournament

Three Slaton men "brought home the bacon" from Leveland Country Club Invitational Golf Tournament last week end.

L. A. "Doc" Reasoner, Jay Gray and Jim Sain brought home trophies as winners in their flights of the tourney.

Some less fortunate Slatonites were Don Crow, who lost in the second round of the sixth flight; Allen Ferrell who was eliminated in the first flight; his son Jim Ferrell of Slaton and Plainview, lost in the second flight as did Bob Clodfelter; Joel Combs was eliminated in the eighth flight.

Reasoner took the championship of the third flight and Gray was winner of the seventh. Sain was consolation winner in the eighth.

Rites Are Held Monday For Mr. A. Wilke

Funeral services were conducted at 3:30 p. m. Monday in Grace Lutheran Church for A. Wilke, 75, retired farmer.

Mr. Wilke died in Mercy Hospital at 8 p. m. Saturday.

Officiating at the services was the Rev. Leroy R. Deans, pastor. Burial was in Englewood Cemetery under direction of Williams Funeral Home.

Slaton Church Of Christ Slates Gospel Meeting July 26-August 2

Evangelist Allen Brown of Houston, Texas, will begin a Gospel Meeting, Sunday, July 26 at the Slaton Church of Christ.

The series will continue through August 2. Worship will begin at 10:45 a. m. and 6 p. m. Sundays. Weekday services will be conducted at 10 a. m. and 8 p. m.

The Church of Christ feels fortunate to have engaged Mr. Brown for this endeavor. He was very effectively used in this same capacity last July, local evangelist Harold Mobley reports. Mr. Brown is presently serving the Church of Christ in Lindale, Houston.

Mr. Tony Liguori of Lubbock will direct singing for all Sunday and weekday evening services. Mr. Liguori regularly directs singing for the Vandella Village Church of Christ in Lubbock.

The Church of Christ is making a special drive to have 400 attending Bible Study Sunday, July 26 at 9:45 a. m. As a result of a similar drive March 22, there were 368 present for their Bible Study.

A special feature of the day's activities for July 26 will be an hour of gospel singing from 3 to 4 in the afternoon. Everyone is cordially invited to attend all of these assemblies, Mobley said.

Local Men Help In Garza County Liquor Raids

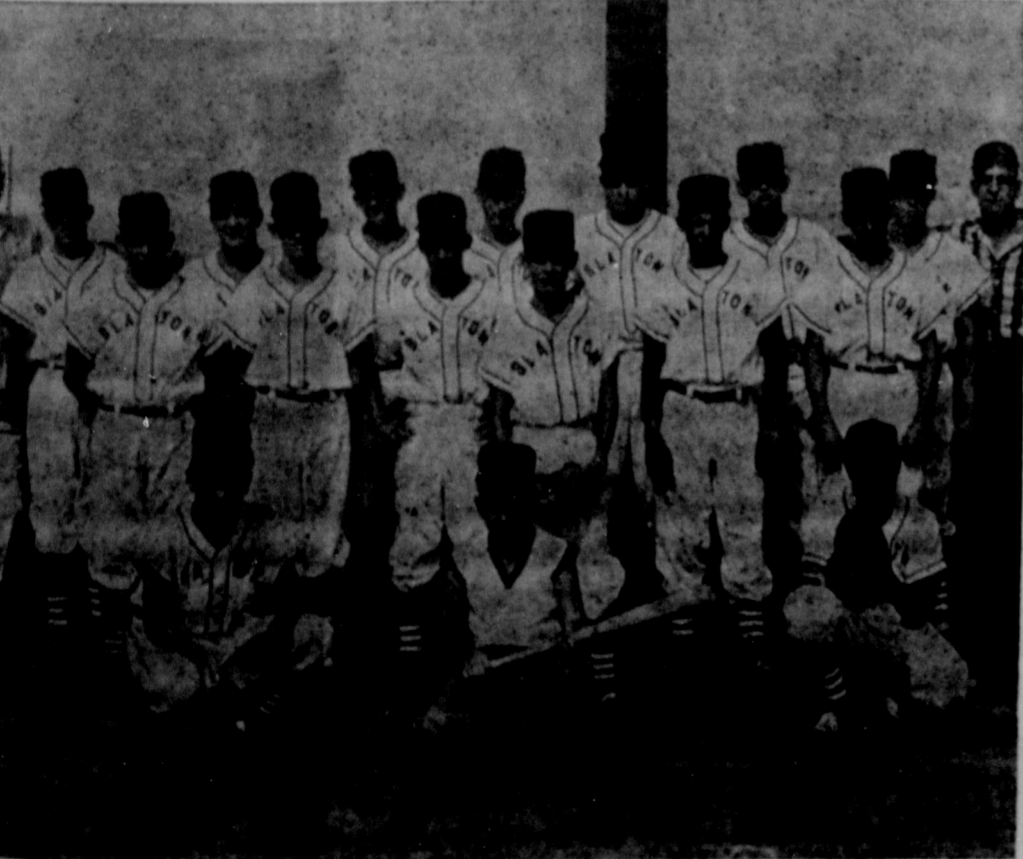

Two Slaton men, Constable Allen Meurer and Deputy Constable Hub Taylor, took part in liquor raids staged recently by the Garza County Sheriff's Office at Post.

The raids netted hundreds of dollars worth of beer, wine, whisky and vodka, with the Slaton men playing key roles in finding bootleggers "stashies."

Garza County Sheriff Carl Rains led a posse of eight officers in a pre-arranged liquor sortie in Post that ended up being the biggest raid of the year.

Splitting up into four "raiding crews" and striking simultaneously, officers arrested four persons on charges of possession of liquor for purposes of sale and confiscated numerous bottles of alcoholic beverage, with beer topping the list.

As a result, state liquor agents hauled away between 1,500 and 2,000 quarts of beer for sale to authorized liquor dealers.

PONY LEAGUE ALL-STARS

Shown here are members of the Pony League All-Star team. They are, left to right, front row: Pete Harris, batboy Danny Scott, and Elmo Curtis. Second row, Don Caldwell, who is not playing with the team because of a hurt back, "Butch" Wartes, John George, Kenneth Fields, Jimmy Townsend and Ronney Jones. Third row, Coach Floyd Boyd, Larry Burk, Steve Ball, Teddy Hatchett, Mike Kitten, Ronnie Edwards, Johnny Hair, Webber Tefertiller and Sam Ellis, manager. The team won, 5-2 over Post Monday night in the first pre-season tournament to decide which team will represent the area at Denver City. Paul Dubbs is now on the team, replacing the injured Don Caldwell.

The Four Lane Highway And Slaton

There is still considerable doubt concerning when state highway 84 will have its four-lane paving under construction to tie in with the Garza four-lane end but from the rumbling, something might get going before long. Like most all projects of its kind there will be some objections.

A good many people who live inside the city limits will object vociferously if the route is changed so that the traffic does not go through the town as it does now, some of the owners of farm land will object to the road taking up part of their land and because the road will make it difficult to operate the land for farming purposes while others will object to the price that will be offered for the land that will go for the road. Most people will likely accept what ever is done and try to make the best of it.

Business men in many of the towns over the Panhandle and South Plains complained bitterly when main roads were routed around the town as did Lubbock, Amarillo and Plainview when these towns were the size of Slaton but now most of the progressive business men in the larger towns regret that the changes were not more drastic than they were. The building of main highways through Lubbock and Amarillo have cost millions because of the necessity of buying up commercial and residential property to make room for the roads. The congestion of traffic going through the business section of a town that is active and growing is not only a handicap to the through traffic but also to the people who are trying to travel from one point to another in the town.

While few people realize it the main business sections of most of the smaller towns, as well as the larger ones on the South Plains, have been bypassed by the main highways and we cite Post, Tulia, Canyon, Muleshoe and others.

It is noted that very few people enroute through a town stop except for gasoline, cold drinks or for a rest period. Very little, if any revenue is left with the merchants and those who are enroute by a town realize that the town is there. If Highway 84 should be constructed around the edge of Slaton it would not be long before there would be all kinds of accommodations for the motorist on the highway and driving on our city streets would no doubt be a lot safer, our pavement would not get as much wear and tear and it would be a lot easier for some people to sleep at night.

A Problem That Needs Serious Attention

A problem that needs attention in Slaton, and no doubt in all the towns in West Texas, is the control of weeds and grass since the extra heavy moisture that has caused such lush growth on vacant lots and on the road sides.

Law enforcement officials may turn the responsibility of such conditions to the property owners but not only are weeds and wild grasses growing on private property but it is also just as rampant on government, county and city property. The facilities available to the owner of private property is not adequate to meet the emergency and something should be done about it. In the first place, the job of cleaning up is far past the ability of power mowers that are on the market, for the individual owner and the job requires machines that can be operated by a tractor and it requires more laborers than can be found.

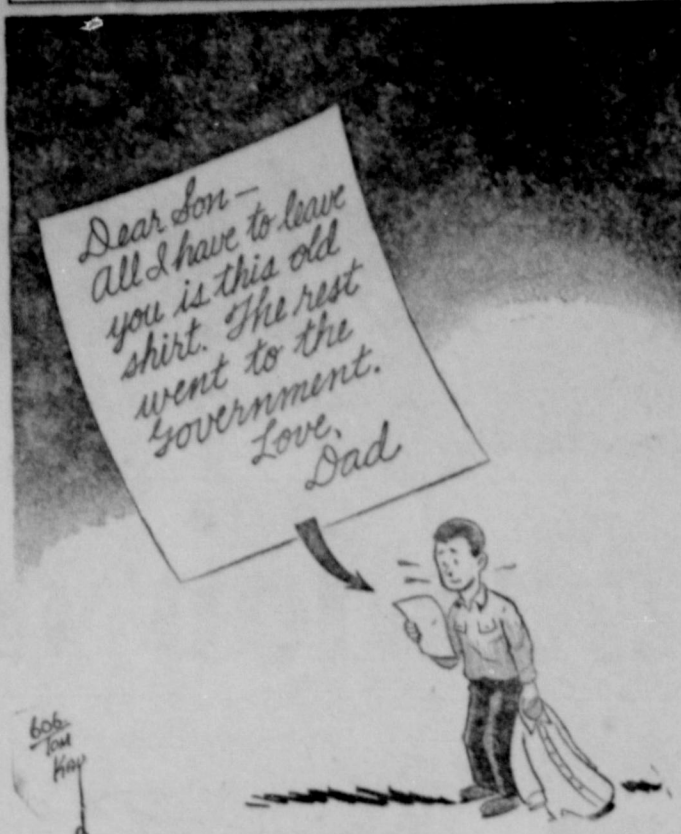

Most of those who own property that has grown up in weeds would be glad to pay for the removal of them if a reasonable charge were made, but that situation has gotten out of hand. Who will volunteer to get the job done.

We Too Have No Where Else To Go

Thomas Paine, the patriot of the Revolutionary War, and the author of those famous words—"these are the times that try men's souls,"—wrote these patriotic words: "I have as little superstition in me as any living man, but my sound opinion has ever been and still is, that Almighty God will not give up a people to military destruction or leave them unsupported to perish, who have so earnestly and repeatedly sought to avoid the calamity of war by every decent method which modern wisdom could invent. Neither have I so much of the infidel in me as to suppose that He has ever relinquished the government of the world, and given us up to the care of devils."

(Editor's Note: The coming tax bite has the editors and commentators stirred up no end, and from the looks of things, many of them and their readers too will soon be having no end of strokes, heart attacks and plain old hisses.)

Gene Alford in the Moore County News: Glad to see at least a small segment of our people returning to a good old American custom. We hear where there is going to be a big marble-shooting tournament for those boys and girls taking part in the summer YMCA program. Now we're getting somewhere. We think marbles, top-spinning, kites and a few other such outdoor refreshment can be as healthful and rewarding as television, vitamin pills and anti-throat shots.

The Andrews County News

observes: For the first 20 years of a man's life, it's his mother who asks him where he's going. His wife asks him the same question for the next 40 years. And in the end, the mourners wonder about it too.

J. B. in The Rankin News: Speaking of ordinances, last week the Big Lake Wildcat carried an article stating that the Big Lake City Council passed an ordinance making it unlawful for property owners to dump trash or allow weeds to grow up on their vacant lots. A fine of \$50 is to be imposed on offenders. Now that sounds like all of their city councilmen must live in the country.

At any rate, couldn't you just see the fine necktie party we'd have here in Rankin—City Council as guests of honor—if any such ordinance ever got on the

These are days that try men's souls even more than they did in Revolutionary days, for we face calamities that were unthought of when Thomas Paine made his observations so closely related to what Lincoln once said during the Civil War: "I have been driven many times to my knees, by the overwhelming conviction that I had nowhere else to go."

Insect Infestation Report

(Editor's note: A report from Texas A&M on cotton infection).

Local heavy rains reduced cotton insect infestations in some sections while light showers favored activity of the insects in many other fields. Reports generally indicated some increase in insect activity throughout the area over the previous week.

Trips were found in lower infestations in most fields. Only Hockley County reported heavy infestation in occasional plantings.

Aphid populations increased very rapidly in many fields, particularly on late planted books?

In the same issue, the Wildcat carried another story about city taxes being raised. It was only a year or so ago that the people in Big Lake elected to office a group of Councilmen who did away altogether with city taxes. It just didn't work.

The Floyd County Hesperian. Our Sidewalk Expert. Since we solved down-town sidewalk matters with consummate ease last week, our sidewalk department has come up with the suggestion that any new sidewalk construction also should be on a different pattern to the present official way in the residential district. The sidewalk should be built where that 50-inch "tree row" is now officially plotted, putting the space inside the walk into the yard, so it can be kept with greater ease. It is practically impossible to make the "tree row" look anything but ragged. The change would make the house appear to be set further back on the property, thus giving the air of added spaciousness. Our sidewalk expert may have something there. In many new subdivisions the country over the planners have eliminated that "tree-row" of weeds and ragged flowers blasted by the heat of the concrete which surrounds it.

Bill Neal in The McLean News is hot and bothered about taxes: When you come to the end of a long, hard day—think of all the tax money you've made with which to aid Communist Yugoslavia... and then sleep late tomorrow morning.

cotton. Damaging infestations were reported in Crosby, Hale, Lamb, Lubbock, Lynn, and Swisher Counties. Late planted cotton or regrowth following hail damage should be checked frequently for appearance of damaging infestations.

Fleahopper infestations increased on the earlier planted cotton in most counties. Light to heavy populations were reported elsewhere. Since the heavier infestations have been found on cotton which has set some fruit, the degree of terminal small square set should be checked, along with fleahopper counts, before control applications are made. Cotton which is setting fruit rapidly will tolerate higher counts than that just

My egghead partner has a solution. He claims it'll eliminate the egg surplus while raising money for the government.

Says first we'll gather all the surplus eggs and place them in the sun for a couple of months until wonderfully rotten. Then we'll gather all the taxpayers and sell them the eggs at \$5 or \$10 per to throw at the bureaucrats. Can't miss, sez.

Quoting Wise and Otherwise in The Hamilton Herald: If you can't say something nice about someone, don't say anything—just keep your big mouth shut. People appreciate hearing nice things about themselves, and it is always good to tell them. But they do not appreciate derogatory news. Another big help to a person who does a good job, is to tell him so. It makes him feel that his efforts are appreciated and he will work harder on his next assignment. In other words, we believe in flowers to the living.

Scots Outlawed Game Of Golf

The Scots had a simple solution when they thought they might be caught with their defenses down - they outlawed golf.

Back in 1457, archery was still the means of defense in Scotland. But the Scots were spending so much time on the greens that the country seemed in danger of losing the bow-and-arrow race.

The World Book Encyclopedia reports that the Parliament of King James II ordered the people to put their clubs away and

starting to set squares. Bullworms were reported in light to medium infestations in some fields in Dawson, Gaines, Hale, Terry, and Dickens Counties. Heavy infestations were reported in Briscoe County. Low counts were found on cotton in other counties reporting.

One of the finest and most modern facilities of its kind in the nation, the new State Fair Coliseum has a 300-foot main hall and is adjoined by a horse building with 304 stalls.

New Livestock Coliseum To Be Feature Of The 1959 State Fair

The big, new feature of the 1959 State Fair of Texas, Oct. 9-25, will be the mammoth \$2,000,000 Livestock Coliseum and related facilities that will go into use for the first time during the fair this fall.

Under construction on the fairgrounds for over a year, the huge steel-and-concrete structure is one of the finest and most modern facilities of its type in the nation.

The Coliseum occupies the site where the old fairgrounds Grandstand and Picnic Pavilion were formerly located, between the Cotton Bowl stadium and the main parking lot.

The new Coliseum will be dedicated at ceremonies on the first Saturday night of the Fair, Oct. 10. During the fair, it will be the scene of the first annual State Fair of Texas Horse Show, a series of competitive events for most of the light horse breeds in the country which will offer premiums totaling \$34,840.

The State Fair Coliseum will have seating for 7,108 in permanent and box seats, with all seats having an unobstructed view of arena action. Seating capacity can be increased to 11,000 through use of arena space during center focus events such as boxing.

Observation facilities for judges and officials and for press, radio and TV personnel also are provided.

Adjacent to the Coliseum is a horse building with 304 stalls of the most modern type, wash racks and tack rooms. There is a large exercise space next to the building.

The size and design of the new State Fair Coliseum make it one of the country's most admirable

Preserve Cotton Fiber Quality

A moisture meter can be used in the gin on the gin yard and field as an aid to preservation of fiber quality during the cotton harvesting and ginning season, reports Fred C. Elliott, extension cotton work specialist.

Use of the moisture meter on lint slide samples in the gin will give the information needed to adjust drying, he says. The goal should be to gincotton at 10 to seven percent lint moisture for best quality preservation. Numerous tests in the USDA Ginning Laboratories show that drying to this moisture level gives a smooth sample and allows proper cleaning. Overdrying should be avoided, Elliott cautions.

At a number of gins in Texas last year, the growers made money by cooperating with the ginner in a seed cotton grouping program. Elliott says a moisture meter was used to determine the moisture content of the seed cotton in the trailers.

Then, the trailers were grouped on the gin lot according to moisture and trash content or method of harvesting. This plan enabled the ginner to take the time to tag out of dusting drying equipment for groups of bales and the grower receives more benefit from improvements in gin machinery, he adds.

A moisture meter can also be used in the field to avoid harvesting cotton too damp. This practice, says the specialist, will be helpful this year with the anticipated increase in machine harvesting. Last year there were 183 spindle pickers in 78 counties in Texas and 26,684 stripper harvesters in 133 counties, saving the growers \$50,000,000. All indications point to a big increase in machine harvesting in 1959. Machine harvesting has brought many benefits to the cotton industry, but Elliott adds, these problems can be overcome by proper care or adjustment of machines and not operating too early or late in the day in damp or wet cotton. For further information, obtain a copy of bulletin 297, "Keep Cotton Dry, Loose and Clean" from your county agent.

BEST ENGINES!
One of 7 Big Bests Chevy gives you over any car in its field

You've got more to go on than our say-so! Every motor magazine has given Chevy's standard passenger car and Corvette V8's unstinted praise. SPORTS CARS ILLUSTRATED says it this way: "... surely, the most wonderfully responsive engine available today at any price." And if you want the thrill of a six, you still get the best of it in a Chevy.

BEST ECONOMY No doubt about this! A pair of Chevy sixes with Powerglide came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car, 22.58 miles per gallon.

BEST BRAKES Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR*-conducted test of repeated stops from highway speeds.
*National Association for Stock Car Advancement and Research

BEST RIDE A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

BEST TRADE-IN Check the figures in any N.A.D.A.* Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
*National Automobile Dealers Association

BEST ROOM Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

BEST STYLE It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

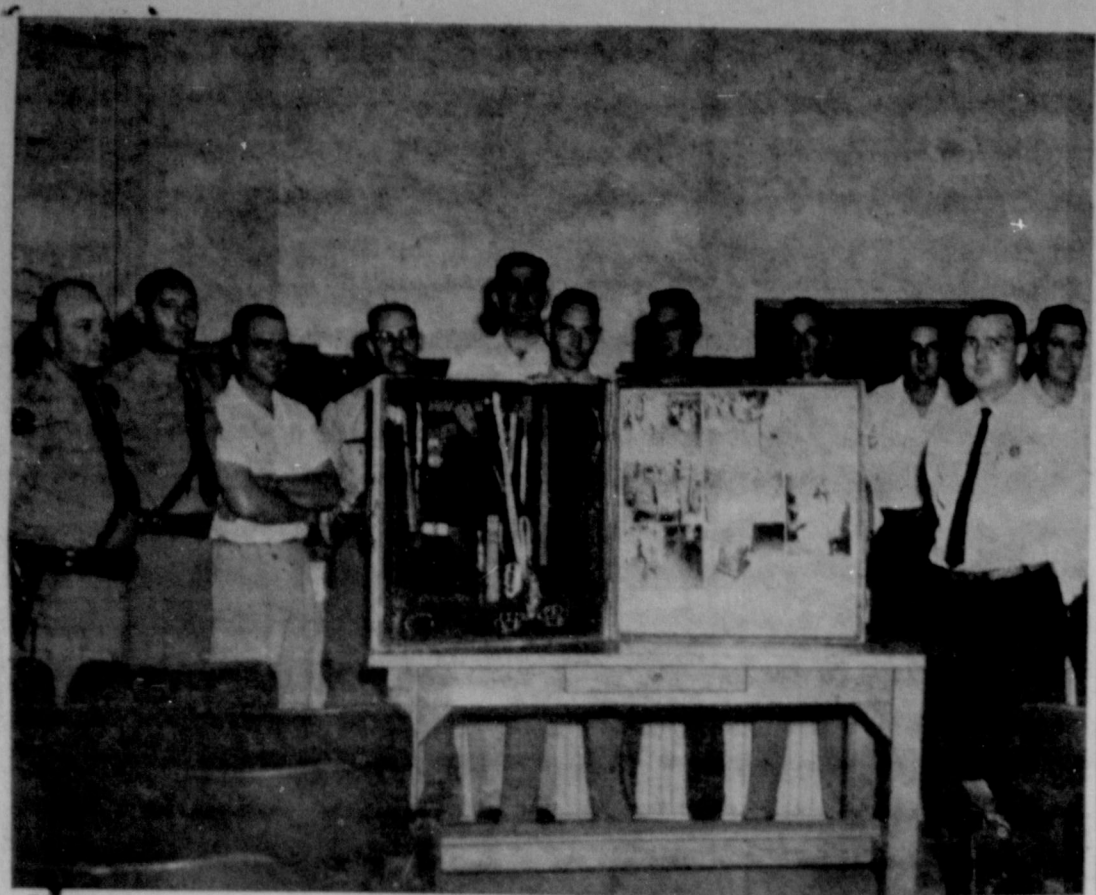

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

POLICE SCHOOL BEING HELD HERE

A basic police school started in Slaton this week, sponsored by the local police department in conjunction with the Lubbock department, J. T. Alley, chief. The school is being attended by law enforcement officers from all over the area. Shown here are, left to right: Lt. Sidney Smallwood and Sgt. Reith Stuart, both training instructors from Lubbock; Otis Rogers, Jr., of the Slaton Auxiliary Police Force, David White, Slaton patrolman, Joe Rhyme, Slaton patrolman, Kenneth Golman, new Slaton patrolman from Leesville, La., W. F. Banks, Jr., Slaton patrolman, Sgt. Joe Martin of the local department; Quinton Crow, Brownfield patrolman, Capt. Roy Wilhelm of the Brownfield department, and Eugene L. Martin, local chief. The display is of homemade weapons taken from Lubbock youths. It includes a steel chain, gun made from a piece of pipe, piece of a baseball bat with lead inserted, and others.

Around and About Slaton

Some of the paved streets that were almost buried in mud that drained on them during the recent rains have been cleaned, but a lot of work yet remains to be done before the town is put in proper shape again.

Mr. and Mrs. C. L. Garrigues have received word from their son, Lt. Colonel L. M. Garrigues of the Air Force, who has been stationed in Japan, that he will be transferred from his present station to Okinawa, where he will serve until one year from Oct. 14th, at which time his term of service will expire. Mr. Clyde Garrigues reports that his son and his sons' wife are fairly efficient in the Japanese language but that his granddaughter, Margie, who is 10, can rattle away in Japanese as well as they do in English, perhaps better as far as he can tell.

Okinawa is about half way between the Philippines and Japan and is considered a strategic military installation. The climate is mild and the vegetation lush.

Mrs. Ethel Tate, who returned last week after a visit to her niece who lives in Denver, reports that Slaton seems like a lot better place to live. Too much traffic, too much noise and too high prices with the prospects of zero weather most of the winter in Denver. She took her chihuahua dog with her and she reports that the dog and her gray tom cat were real pleased to see each other again. The cat and dog sleep and play together.

Two of the most dedicated gardeners in Slaton are Mr. and Mrs. Carter Shaw, who live on West Scurry Street. One or both of them are out among the daisies as soon as the sun peeps over the east and at their duties when old sol takes out the night. They have specimens of almost every kind of flower and plenty of fine vegetables too.

Tommy Swanner and his family moved from Slaton last week to Amarillo where Tommy will be connected with a prominent Amarillo bank. Best wishes to Tommy and his family. Carl Lewis Jr., his wife and two boys from La Crosse, Wisconsin, are visiting Carl Junior's parents, Mr. and Mrs. Carl Lewis. Carl Junior has been taking instructions in printing and linotype operation and expects to enter the industry in which his mother is employed as a

sions to look with care into the public schools curriculum and study carefully their needs and make proposed changes.

These reports were given last week in Austin. Five hundred Curriculum Directors, Supervisors, Superintendents and Principals were present to hear the reports and discuss them. Our Slaton School was represented by the supervisor, Mrs. Raymond Smoot.

Many schools throughout Texas will try these proposed standards this school year. Our school is one of these schools. The final adoption of the standards will come July, 1960, after they have been tried in the test schools. We are happy that our school will enter this program of study with our fine staff at the Texas Education Agency plus our local efficient staff as much good can come to our Texas Public Schools, Mrs. Smoot said.

An Army Reservist from Slaton, Capt. John J. Hansen, member of the 413th Civil Affairs Military Government Company, will return from two weeks' summer training at Fort Bliss, July 25.

Guests in the home of Mr. and Mrs. C. R. Potthast and Mr. and Mrs. Joe Holland and daughter, Terri Anne, spent the weekend in San Angelo visiting Mr. and Mrs. L. E. Ayers, Sr., and family. He is the brother of Mrs. Potthast.

Those interested should contact him at New Home, Rt. 1, Wilson, sending their name and address.

Mr. and Mrs. Danny Joe Holt are the proud parents of a

daughter, Danna Jo, born in Lubbock, July 11th. Paternal grandparents are Mr. and Mrs. C. G. Holt and maternal grandmother is Mrs. Elton Hacker of Slaton.

STRENGTH FOR THE WEEK

Have you ever stood on a corner and watched people pass by? If you have, you probably noticed how some faces seem to be sad and others happy. They are many dimensions to happiness in the world, but people do not follow the same path. They seek happiness in other ways. Some will be on vacations to get rest and relaxation, but they are not resting. Certainly a vacation is needed and helpful, but happiness does not come until we fight within.

are unhappy to check up to see where we are walking or standing or sitting. If we are in the wrong place and with the wrong crowd, change your way. See where your interests and delights are. If they are not on the things that are eternal, change your interests and delights. Change them to bring God into your life and happiness will certainly be yours.

'Illuminations' To Be Shown In Lubbock Soon

Residents of the Lubbock and West Texas area will have the opportunity to view fifty of the world's most famous art masterpieces and the magnificent Sistine Chapel Ceiling when the giant exhibition, "Illuminations," is presented in the Concourse of the Lubbock Municipal Coliseum the first two weeks in September.

Sponsored by the Junior League of Lubbock, the spectacular "Illuminations" exhibit is produced and presented by LIFE Magazine in association with The American Federation of Arts. The illuminations are color transparencies enlarged to the size of the original work of art, and illuminated with a system of lighting unique to each transparency. According to James Rorimer, Director of New York's Metropolitan Museum, "Standing in the presence of an original painting is an experience which nothing can ever quite duplicate. But these illuminations are the closest yet achieved to that exalted experience."

The deepest spot in the Pacific Ocean off the Marianas Islands is 35,640 feet or about a mile deeper than Mount Everest is high.

Juvenile Delinquency? Not Here!

Seeing these boys at play, one might wonder how all their enthusiasm could be curbed. Actually, it isn't. It is being directed into another channel: a serious study session of spiritual values.....

But they are here because they want to be. Behind their choice is the interest of parents, pastor, boys group sponsors and others dedicated to the great task of character-building.

The program of activity includes the fun of fishing, swimming, ball playing and other forms of wholesome recreation; each a part of church ministry to the spiritual and social needs of the "men of tomorrow".

What could be a greater safeguard against delinquency than the atmosphere of genuinely Christian homes and dynamically spiritual churches?

But many parents are delinquent in the matter of right example for their children. Many have not considered their own spiritual needs and those of their children. Are you among them?

The church does not "wait", but "reaches out" in interest and concern for all members of your family. Isn't it time to respond to its many friendly invitations? You will never regret your response, and your children "will rise up, and call you blessed."

"Other foundation can no man lay than that is laid, which is Jesus Christ."

AUSTIN—Texas' 56th Legislature fizzled to the end of its third session and 180th day with its main job—providing money to run state government—still undone.

Gov. Price Daniel called a fourth session to begin just hours after the last one ended.

House members repeatedly voted down tax bills presented by joint conference committees of senators and representatives. Senate voted favorably each time.

First House rejection was by a vote of 81 to 64. This was on a bill to tax tobacco, natural gas production, corporation franchises, utilities, motor vehicles, liquor, wine, boats, motors, airplanes, radios, TVs, phonographs cameras and liquor by the drink in private clubs.

Speaker Waggoner Carr named a new House conference group composed of members who had voted against the bill. They met with the same Senate conferees that had worked twice before.

Only change in the new report was that the private club tax was cut out and the radio and TV tax slightly increased.

House rejected it again, this time 83 to 66.

More conferences and more votes followed in the final frantic hours. All futile! None made any apparent progress toward compromising the basic bone of contention, whether to tax gas pipelines. House favors this "severance beneficiary" tax by a narrow margin. Senate is flatly against.

Carr Foes Back Down—During the tense, short-tempered days in the wind-up of the last session, Speaker Waggoner Carr was, for a time, the target for pent-up frustrations and pressure.

Carr had worked to get the House to accept the Senate-passed tax bill. When the House turned the bill down, Carr said that "obstructionists" had defeated it.

In a dramatic showdown, Carr stepped down from the rostrum and challenged his critics to re-

move him if they thought it would make things any better.

Nobody accepted his dare. A few minutes later, on motion of Rep. Joe Burkett, the man Carr defeated for the speakership, Carr was escorted back to the speaker's chair.

And the wearying legislative battle began again.

Student Fee Bill Okayed—A bill to require state college students to pay an activity fee passed both houses by very narrow margin.

Measure would allow the colleges to charge students up to \$30 a semester to support health services, book rentals, cultural and athletic events, campus publications, parking, etc.

Any college may exempt from the fee up to 10 per cent of its enrollment in cases where the charge would cause "undue financial hardship."

Bill was hard-fought. Opponents declared it would make "free public education" available only to the rich. Backers said the colleges had to have more money. It was estimated the bill could bring in as much as an extra \$1,000,000 a year.

Beach Bill Passes—Both houses passed and sent to the governor a bill guaranteeing public access to state-owned beaches.

It took a conference committee to work out the differences between House and Senate ideas on the bill.

As finally passed, the bill says the public shall have the right to come and go from public beaches. No one, it says, shall erect a fence or barrier to prevent this.

Beaches that cannot be reached by public road or ferry are exempt.

Wait, Young Lovers—Governor Daniel's expected signature on a newly passed bill will put a damper on the elopement plans of Texas teen-agers.

It will require boys under 21 and girls under 18 to wait three days after obtaining a license to get married. Also, to get the license, the youngsters must be accompanied by parents or guardians.

Some lawmakers said it would mean more running across the state line to marry. However, Oklahoma recently passed a similar law.

Need Money First—Amid the legislative tax deadlock, the Commission on Higher Education decided to stop studying new money-spending programs until there's money to spend.

Commission's job is to determine needs of the state's col-

leges and universities and recommendations to the legislature. Expanded programs, new degrees are being offered in many schools. But money in sight even to run schools next fall, let alone expand them.

Commission resolved to prove no programs which would require additional expenditures such time as monies are being for the programs already in existence.

Oil Quota Kept Down—Texas oil allowance held down to nine percent again for August.

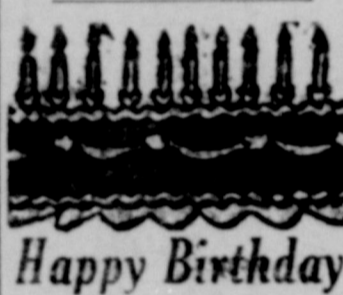

Railroad Commission on the same production as \$2,790,164 barrels a nine-day schedule.

Major oil purchasing companies and independent producers were virtually agreed the action must be kept to avoid excessive stocks.

Linda Sue Smith Marries Robert Louis Martin In Double Ring Ceremony

Miss Linda Sue Smith and Robert Louis Martin were married at 7:30 p. m. Saturday in the First Church with the Rev. Ted E. Gaze reading a double ring ceremony. Parents

of the couple are Mr. and Mrs. J. C. Smith, Jr. and Mr. and Mrs. Thomas Clifton Martin, Sr. Reported by her father the bride wore a silk mist taffeta gown which was designed with scooped portrait neckline of Alencon lace sprindled with iridescent sequins and seed pearls. The basque bodice and long sleeves that tapered to petal points and terminated with a point at center front waistline. Her magnificent skirt of floating panels was accented at the center back by a pauf bustle which was held by a bow, and flowed to a chapel train. Her tiered veil of silk illusion flowed from a half hat of mist taffeta dotted with pearls. She carried a white orchid and white roses atop her Bible.

For something new the bride wore pearls, a gift from the bridegroom. For something old and borrowed, a handkerchief belonging to her paternal grandmother, Mrs. Judge C. Smith, Sr. She wore a blue garter and carried a penny in her shoe.

Miss Jan Smith, sister of the bride, was maid of honor. Other attendants were Misses Louise Moore, Peggy Ray and Beverly Kercheval. Attendants wore identical dresses of orchid chiffon over matching taffeta. Their basque waists were fashioned with scoop necklines and elbow length full sleeves joined to drop shoulders. The full gathered shirts were accented by wide matching sashes. Their matching hats of orchid chiffon were of net and sprinkled with sequins and pearls. They carried cascades of white mums.

Thomas Clifton Martin, Jr. of San Antonio, brother of the bridegroom, was best man. Ushers were Robert Heaton, Bill Smoot and Roy Lynn Wells. Miss Venita Green and Dick Martin, brother of the bridegroom, lighted candles. Bea Kay Duff was flower girl and Lamar Smith, cousin of the bride, was ring bearer.

Johnny Biffle, organist, cousin of the bride, accompanied Ronald Smith, soloist, as he sang "Whither Thou Goest," "Because" and "The Lord's Prayer." A reception in Fellowship

FFA Boys And Advisor Attend State Convention

Six boys from the Slaton FFA Chapter and the chapter advisor, Mr. Jesse P. Brown, attended the state FFA convention last week. Frank Chapple, James Cole, Giles Smith, Jerry Harlan, James Harlan Wright and Jerry Kitten journeyed to Austin last Tuesday and returned Saturday. Frank Chapple served as the official voting delegate from the Slaton Chapter.

According to Mr. Brown, this year's convention was one of the finest ever. While at Austin, Brown learned that the Slaton Chapter had been named one of the top twenty-seven chapters in the state. Brown also had four of the boys who attended the convention with him receive the Lone Star Farmer Degree at the

Lone Star Farmer Banquet Thursday night. He emphasized that this is the top degree a member can receive on the state level, and that only 2% of the total 37,000 Texas FFA'ers receive the honor. He also pointed out that it was highly unusual for five boys from one chapter to receive the honor in one year. Those boys who received the degree at the convention were: Giles Smith, Jerry Harlan, Jerry Kitten and James Cole. James Kitten also received the degree, but was unable to attend the convention.

The 1960 convention will be held in Houston next July.

Taken from the July 16, 1948, issue of the Slaton Slatonite.

Military funeral services were held Sunday afternoon at 3:30 at the First Baptist Church for George Edward Lott, AOM, first class, who was killed in action in the Pacific December 27, 1944.

Fred Tudor, who caught a six pound bass at Buffalo Lakes last Wednesday morning, was a greatly pleased fisherman.

Miss Wanda Atnip, daughter of Mr. and Mrs. H. E. Atnip of 655 S. 4th St., is to be married tomorrow evening to Hunter Tolbert, son of Mrs. Frances Lee Tolbert of 2119, 27th St., Lubbock. The ceremony is to be held at the Presbyterian parsonage in Slaton with the pastor, Rev. George Hodges officiating.

Mr. and Mrs. M. L. Abernathy and daughter, Peggy, and Mr. and Mrs. M. W. Abernathy are to attend a family reunion in Coleman over the week-end.

Mr. and Mrs. R. H. Todd, Sr., and Mrs. David Todd and Mike left Tuesday for Pine Lodge in the Capitan Mountains of New Mexico, where they will spend a ten day vacation.

In a double ring wedding ceremony performed at the First Baptist Church, Saturday night at 8 o'clock, Miss Ellen Janice Hall, daughter of Mr. and Mrs. R. C. Hall, and Samuel T. Phillips, Jr., son of Mr. and Mrs. Samuel T. Phillips were married.

Water Safety Act, Part 1

(This is the first of a series of three articles concerning Texas' new Water Safety Act. J. O. Musick, one of the State's leading safety authorities, was chairman of Governor Daniel's original committee to investigate boating problems in Texas and make recommendations to alleviate hazardous conditions.—Ed.)

By J. O. MUSICK
General Manager
Texas Safety Association, Inc.

PART 1

The Water Safety Act, which goes into effect August 11, 1959, will affect literally hundreds of thousands of Texans, because it places specific responsibilities on boat owners, operators, skiers law enforcement officers and courts.

Furthermore, inquiries received in the Texas Safety Association's headquarters office, Austin, indicate that only a few Texans have any real knowledge of what the Act is about or how it will influence their lives. Thus, this series of articles will attempt to highlight the principal provisions of the Act to an extent that will help water sport enthusiasts avoid running afoul of the new law.

The Texas Highway Department will administer the Act. Enforcement will be made by all duly authorized peace officers.

Classifications
Motorboats subject to the provisions of the Act have been divided into four classes:

- Class A. Less than 16 feet in length.
- Class 1. 16 feet or over and less than 26 feet in length.
- Class 2. 26 feet or over and less than 40 feet in length.
- Class 3. 40 feet and over.

Lighting
Any kind of self-propelled boat, when underway between sunset and sunrise, must use at least one bright light and exhibit it so as to avoid a collision.

Motorboats of Class 1 must use two lights: A white light aft to show all around the horizon and a combined lantern in the front (lower than the aft light) that will show a green light to the starboard (right) and a red light to the port (left).

Classes 2 and 3 must carry a bright white light in the front of the boat, as near the stem as practicable, that will show an unbroken light over an arc of the horizon of 20 points of the compass and fixed to throw the light 10 points on each side of the vessel. Also, a bright white light aft to show all around the horizon (higher than the forward white light). Port and starboard lights must be fitted with an inboard screen that will prevent these lights from being seen across the bow.

Motorboats of Classes A and
