Fire trucks will make rural calls under a contract authorized by commissioners Monday. The County of Lubbock per fire call still to be by the county.

alterations in the old were only technical. Slaton will remain the Lubbock County now is entered a blanket contract for the county in negotiating separate payments each town.

Improvement Is Continuous Job At Englewood

Two new entrances are this week being finished at Englewood cemetery, the two gates on the west being marked with concrete pillars similar to the two on the south.

Englewood Cemetery is one of the best maintained cemeteries in the area, with one fulltime employee on the job, assisted by as many as five others during rainy seasons when weed growth becomes a problem. Savino Cisneros is caretaker.

Cemetery board members are Judge C. Smith, chairman; and members Earl Reasoner and Carl Lewis. J. J. Maxey is manager, acting under direction of the board. Maintenance expenses are met through a tax plan wherein one-half mill is assessed on each \$1 valuation on city property. Sale of lots supplements this aid, permitting an annual maintenance and improvement program. Capital improvements last year included \$2,200 spent on the fence, and maintenance costs were some \$7,000, association representatives have stated.

Petersburg Invasion Is Tigers Season Opener

With their first seasonal encounter just a week in the future, Coach "Bing" Bingham's Tigers day workouts with emphasis on hard football. Competition still is keen for the starting slots, according to observers who have seen the boys work out.

First scrimmage is scheduled tonight when the local boys take on O'Donnell here. The scrimmage is open for public observation, providing a preview for interested local football fans.

Coach Bingham and his staff still is non-committal regarding win-loss predictions. Bingham is taking the attitude that the "next" game always is the most important, consequently now pointing all efforts toward the Petersburg season opener on Friday, Sept. 7th, at the Petersburg field.

The local eleven seem to have its work cut out for the season, coaches and observing public agree, with high caliber ball-handling being the rule in District 4AA. Denver City, always a triple threat, not only is predicted by sportswriters to cop district honors but is judged by many to take top state position, having won 26 out of their last 27 games. They seemed headed Austin way last year, but were stopped by that old nemesis, Dalhart, in a game not soon to be forgotten by the spectators or players.

Word spread locally is that the Post coaching staff has rated their Garza boys as runner-up to Denver City in district ability for 1961-62, thus kindling the fire always evident in Slaton-Post tilts, this year meeting of the two coming on October 26th on foreign soil for the Slaton aggregation.

Water Dept. Receives Award

Signal honors were accorded the Slaton city water department this month, with that unit receiving the Award of Merit from the American Water Works Association.

In a letter to George Willis, water superintendent, the local department was cited for its excellent safety record in the operation of the system for the past year. L. A. Jackson, secretary of the southwest section, A.W.W.A., announcing that the Slaton system is eligible to receive national acknowledgment in the form of a plaque.

Monthly meeting of the Permian Basin Water and Sewerage Works Association was held in Midland last Tuesday with Slatonites Herman Fleming, Gordon Alsbrook and Joe Cardenas attending. Some 85 members and guests were present.

Tickets Ready

Season tickets for the five home football games scheduled by the Slaton Tigers are on sale this week at the school business office, Supt. Lee Vardy has announced.

Holder of the seasonal tickets for last season have option on their old seats until September 5, athletic officials report, and those desiring to exercise their option should notify the office by that date.

Tickets may be obtained by calling the business office by phone or in person; those ordered by phone will be delivered to the purchasers by September 10th.

Season reserved seat tickets are \$5.50, including general admission and the reserved seat. Single game reserved tickets are priced at \$1.25, and single game general admission price is \$1.00.

Burglaries Are Cleared After Painstaking Police Activity

First bale of cotton ginned in Lubbock County this year is displayed here at front of the Citizens State Bank in Slaton, flanked by Posey ginner Fred Tudor, grower Bill Klattenhoff, Jr., and John Schmidt, Slaton Chamber of Commerce president.

FIRST COTTON

Qualifying for "First Bale" honors in Lubbock County and the local Chamber of Commerce award of \$150, Bill Klattenhoff Jr., of Slaton delivered 2,000 pounds of seed cotton Saturday to the Posey Gin, where the 496 pound bale was weighed out at 12:35 p.m. that day.

Klattenhoff produced the cotton on an 11-acre tract of irrigated land planted April 21st and 22nd to Paymaster 54-B variety.

Believed to be the second bale ginned, placing it in line for \$100 award money from the C of C organization, was that of A. W. Steffens', ginned by the Union Co-op Gin at Union Tuesday afternoon of this week at 4 p.m.

Steffens brought in 1840 pounds of seed cotton, according to gin manager, Jesse Johnson, and secured a 454 pound bale. The cotton was hand pulled from an 8-acre area devoted to an experimental variety developed by Bill Kitten. Steffens lives about four miles west of Slaton on the Union road.

Cub Scouts Will Observe Western Theme at Meeting

Its Wild West Show time for Cub Scouts of Pack 128, with the monthly pack meeting to-night to be built around the Western theme.

Cub, parents and the public is invited to attend the pack session convening at the Junior High School cafeteria at 7:30 this evening.

Mrs. Albert Mitchell and Den 9 will be in charge of program opening, with Den 3 and Mrs. W. L. Roche, den mother, presenting the skit of the evening. Mrs. Ray Cook and her Den 6 will be in charge of closing exercises.

All Cubs qualifying for awards will be recognized in a presentation ceremony announced by George Willis, submaster.

loss prompted by required guaranteed wage of 70 cents per hour for these laborers, an increase of 20 cents over last year.

Initial cost of securing the braceros also is higher than in previous years.

These factors, together with red tape, have discouraged many farmers from developing use of the braceros.

Go-Ahead Given Dove Hunters This Saturday

Mourning dove season will open Saturday, Sept. 1st, for local nimrods, continuing through October 30th, according to announcement by the state Game and Fish Commission.

Shooting will be permitted from 12 o'clock noon until sunset, with daily bag limit of 12 and possession limit of not over 24 birds allowed.

Hunters are reminded that guns must be permanently plugged to three shells; dove hunting with rifles is prohibited as is shooting from, on or across a public road.

Current hunting licenses expire Friday of this week, and new ones are on sale at \$3.15 each. Several sporting goods dealers in Slaton now have the new licenses available.

Athletic Club To Meet On Tuesday

President Joe Gamble has called first seasonal meeting of the Tiger Club Athletic Club for Tuesday, September 4th, at the local high school.

Parents of all athletes together with all local sports supporters are invited to this session, convening at 8 p.m., according to A. C. Burk, speaking in behalf of the club.

The entire coaching staff is expected to be present, outlining procedures, prospects, and manner in which the parents and athletes can assist the youths participating in local athletics.

Five major burglaries and possible other infraction were cleared up in Slaton this week, with local city police officers culminating a thorough investigation that resulted in charges filed Tuesday in District Court against George Brown, 25, and Albert Rodriguez Pequeno, 18, both of Slaton. The pair was charged specifically with burglary of the Cloverleaf Package Store; local officer state other charges are pending. Apprehension of the pair, followed by signed confession by Pequeno, was said by Police Chief Gene Martin to clear up all major local burglaries for the entire year to date.

Pequeno and Brown were taken Tuesday to the Lubbock County jail, and bond of \$10,000 was set for Brown, \$2,500 for Pequeno. At last report neither had made bond.

Actual arrests came at 1:30 Tuesday morning by local city officers, the pair found at their homes in Slaton.

In his confession, Pequeno implicated Brown in the burglary of Haddock Food Store, Piggly Wiggly, Cloverleaf Liquor Store, Martindale 66 Service and Sloan Oil Company, denying his own participation in the Haddock job, stating that "I was home drunk when it happened. He (Brown) told me about it next day."

Chief Martin states that charges are to be filed on other miscellaneous burglaries here and elsewhere.

Brown is reported to have a long police record, having been on probation for forgery since 1960. Martin stated that Brown was implicated in 17 burglaries during 1959 in the Slaton, Lynn County and Lubbock vicinities.

Concentrated investigation of the pair later charged came after a Sunday tip by a local farmer who reported to the police that a pair of men (whose appearance and vehicle he described) attempted to sell him a fifth of liquor.

The Haddock food store was burglarized Saturday night, August 11th. Some money and merchandise was taken there.

Martindale's 66 Service was broken into on the 16th of August, as was Piggly Wiggly.

The Cloverleaf and Sloan breaks-ins were committed Friday night, the 24th.

Pequeno said in his signed and witnessed statement now on file that "Thursday night, August 18th, me and George Brown broke into the Phillips 66 station south of the square but didn't

Slaton Worker Injured in Fall

Reports Wednesday morning were that Richard Smith, 19, of 935 S. 13th Street in Slaton, still was in serious but not critical condition in a Lubbock hospital, having suffered a ruptured liver and other injuries in a 20-ft. fall Tuesday.

Smith was reported as working at the Co-op Gin on Quaker Avenue in Lubbock, when he fell head first, his abdomen and chest striking an angle iron.

Smith is the son of Mr. and Mrs. Floyd Smith of Abernathy, and is employed by Triangle Manufacturing Company of Slaton.

get anything... then went over to Piggly Wiggly and threw brick through the plate glass window and entered... came out with a bunch of half dollar quarters, dimes and nickels... amounting to about \$30. I think. Then on Friday night, August 24th, me and George Brown went to a liquor store on the south side of Slaton... I thir the name was Cloverleaf... I knocked window out of the south side and got one case of whiskey and two fifths of whiskey... took it out in cotton patch we of store and hid it. Then we to the garage north of the liquor store and broke into it... about 200 pennies there."

Pequeno continued, "I have

C-C Ducats Given Out

Chamber of Commerce officials are busy this week in preparation for the 5th Annual Farmer-Merchant Presentation Dinner to be held in Slaton, Tuesday, September 11th.

Farmer tickets were distributed Monday to gins of the area where they are now available. Merchants are being urged purchase their host tickets an early date to facilitate program planning and execution.

The get-together will be held this year under roof, at a co-op warehouse on North Nin to insure its convenience regardless of weather conditions the time.

Door prizes are being planned by the merchants; these in the past have aggregated as much as \$2,000 in value for one celebration. A galaxie of the valuable awards is anticipated in the current fete.

Highlighting the program will be cash awards for early bale of cotton, prizes of \$150, \$100 a \$50 being offered respectively for the first three bales ginned. Program details will be announced next week in the Slatonite.

-WEATHER-

The waning days of August this week foretold pleasant autumn weather ahead, with a mild cool front alleviating the earlier heat here.

Records kept by the Fort Natural Gas Company reveal a week average of 65 degrees, high daytime temperature being 94 last Thursday, and night lows dropping to 54 degrees Sunday.

No moisture has been reported in the area, and crops are maturing rapidly. At least two bales of cotton have been ginned in the immediate area, and several combines have entered the grain fields.

Forecast is for fair warm weather with light variable winds.

Day to day readings the past week listing maximum and minimum, were:

KUKO Closes Up At Slaton Office

Radio station KUKO moved its facilities from Slaton Monday night, substantiating rumors that have been rife since July 1st when Mike Malone, former manager, left the firm. At that time Phil Crenshaw, partner and manager of the Post-Slaton operation, answered inquiry by the Slatonite, stating no change in Slaton service had been made, nor was it contemplated.

KUKO established its remote office here in February of 1961, broadcasting a few hours each day from its offices in the Brewer Building.

EDITORIALLY SPEAKING

Observations and Potpourri

"You either accept competition as the disciplinary action of our economy, or you accept government interventions as its substitute." were the keynote words of a Louisiana Farm Bureau official as he recently addressed a farm group in that state.

Its development of this theme is worth some attention, we believe.

The speaker continued: "There are four ingredients in the recipe for freedom: (1) the acceptance of the firm belief in Christianity, (2) honest and open discussion of issues of the day, (3) militant preservation of the constitutional separation of the powers of government, and (4) economic freedom."

This editor sees the third and fourth ingredients as the ones needing prime consideration at this time; for we believe the first two are being given wide attention and acceptance that ultimately will resolve problems there.

But we note wide disregard of dis-interest in the separation of the powers of government. Most glaring and flagrant abuse here probably has been encroachments of the judicial branch (supreme court, specifically), and on the other hand there are multitudes of instances where the executive branch has made judicial decisions.

None of this would have been possible, would not now be permitted, and cannot be fostered in the future without the acquiescence of the populace and its congressional representatives. The trends seem to take form of a creeping paralysis. And only you and ourselves are to blame.

Shall we begin search for an antidote? And upon finding the remedy, we will be willing to take the cure, bitter as immediate discomfort may be? It could be that we have no choice.

When feeling the need of a "gem of wisdom" we inevitably thumb through our files until we come across that most interesting publication, "The Echo", published within the high walls of the state prison at Huntsville.

Whether the inmates have become more perceptive upon their confinement, whether they just have more time to think, or whether their dreams come into sharper focus upon their travail — we do not hazard an analysis of their actions, but we do know that we can turn through the pages of their writings and be certain of finding a host of philosophical gems — some spoken outright and others hidden subtly between the lines of even their factual news stories.

On the front page of their latest edition, the men in confinement advertise that "circumstances are the rulers of the weak; they are but the instruments of the wise" (a quotation from Samuel Lover).

And another confined writer turns to Jim Tully for his philosophy: "A man is what the winds and tides have made him".

The inspirational and religious articles in The Echo are "must" reading for this scribe. If you want to read a down-to-earth discussion on "The Christian Home" or "Minutes with the Bible", we suggest this publication, with the opinions therein expressed made more profound by the recognition of the circumstances of preparation — far removed from the freedom of the outside world.

Doug Meador On Thought --

Thought makes the blueprints of deeds and provides the specifications. The changes in a life, either good or evil, are first envisioned on the drawingboard of the mind.

A Keeper — Not An Example — For All --

Earl J. Nelson in a letter to the Denver, Colorado, Post said, "If the REA cooperatives still need help, I would be willing to give it. But, most REAs are in perfectly sound financial condition. Many of them still apply for their 2 per cent government loans on one hand and then invest surplus funds in government securities which bear a higher interest rate. This is exasperating to a taxpayer. . . ." This is kicking a gift horse in the rear.

As of now, Texas ranks eighth among the states in the nation in the value of its manufacturers exports. During 1960, Texas manufacturers exported to foreign nations \$836.6 Million worth of goods from 242 Texas plants. This volume of exports furnished jobs for 147,000 people in Texas.

Our Texas exports came from the farms, the villages and the cities all over the state. A total of \$446.5 Million in Texas farm products was moved to foreign markets in 1960-61 — a solid share of the national total of \$4.9 Billion for the same period. That year, Texas' mineral exports amounted to another \$31.5 Million. —Ralph Yarborough Newsletter.

Notes from Neighbors: Events and Opinions

From the Exchanges of the Slatonite

STAMFORD — Several Stamford property owners have been a little disturbed over recent excavations being made as a gas company replaced old gas lines. They are not opposed to having new gas lines but they are a little put out by having their streets and sometimes lawns dug up.

One or two of these property owners have complained to city officials but here they learned that there is no ordinance which requires the gas company to file notice with the city of work they intend to do.

A year or so ago, an attempt was made to pass such an ordinance, an ordinance which also would control the manner in which the hole was refilled and the way the pavement, if any, was replaced but this ordinance was rejected.

Most people recognize that some advance notice should be given the city, particularly where no emergency exists.

I have a definite feeling about care of paved streets, particularly when the property owner has shared in the cost of their construction. When someone, be it the city of Stamford or the gas company, or someone else, digs up the street in front of my house, I feel that they are digging up some of my property and that I have every right to expect them to put that street back in just as good a condition as they found it.

If you are dissatisfied with the way things in Washington just remember — you don't have everything about the government, but you certainly can hand it to the Internal Revenue Bureau.

NOW...a Sure Cure for WALL-CRACKS

For generations, folks have been trying to repair cracks by filling them, but always give up in the end. And no wonder. Walls constantly expand and contract with temperature and humidity changes. Brittle fillers compress or pull apart, and open-up or leak. Until Tuff-Kote, the only way to make a permanent repair was replacing the entire wall.

CRACKS DISAPPEAR FOREVER

Now, however, this problem is solved once and for all by a simple application of Tuff-Kote that opens up with a thin, pliable, high-strength patch, and fills them. This convenient repair is invisible, painted, stronger than the wall itself, and does not shrink. No chipping, no wire mesh, no fumes. There has never been anything like it. Outstanding advantages for many other home uses, too, and out. Everyone is an expert with Tuff-Kote.

"We're glad daddy bought us a dishwasher," say Mrs. Kenneth Ware and daughter, Carrie, 208 EAST 21st LITTLEFIELD, TEXAS

Mrs. Ware's experience is most interesting — and enlightening. She had heard tales about dishwashers — untrue tales, of course, but how was she to know. Well, despite her objections at the time, her husband had a dishwasher installed in her new home. She says, "Now, I'm sure glad he did. I'll admit that I was completely misinformed, as I understood each dish had to be hand-washed first — this simply is not true. My electric dishwasher does the complete washing job for me."

Local Farm Home Loans Revealed at Minimum

Lubbock County farmers have benefitted from \$268,640 in loans from the Farmers Home Administration during the last fiscal year ending June 30, according to Ralph E. Griffiths, county supervisor.

In the Slaton vicinity, three farm ownership loans were procured, and one farm housing

loan made. Approximately one-half of the total loaned during fiscal 1962 went for farm operating expenses, almost one-fourth for the purchase of family farms and about one-fifth went for construction and improvements of houses in rural communities.

A record \$637 million was loaned by this agency of the U.S. Department of Agriculture throughout the nation during the same period, representing largest volume of any 12-month period in history of the agency, actually 61 percent larger than 1961 total loans and 106 percent above the 1960 figure.

The relatively small loans locally were said by FHA officials to be indicative of a booming local economy, with the larger local loans usually requested in "bad years".

"The rise in the number and amount of national loans," Secretary Freeman has stated, "reflects a continuing increase in operating expenses necessary to keep pace with today's modern farming methods. It also indicates the reduced returns from the sale of farm products which have many efficient farm owners hard pressed."

Beauty Analyzed by Painter As Being Simply a State of Mind

By IRA R. KEYS

"Baby blue is for baby boys", I heard an out-of-towner state recently, "and not for master bedrooms". Now, I ask you, how can a person argue with pure logic such as that? I had stuck my neck out, so to speak, by suggesting baby blue in the first place, and as seems, the usual procedure, had gotten it stepped on.

In the finish, the room was a deep shade of violet, just as the customer had requested. Quite restful tones, as I look back on them now.

Upon analyzing WHY I had been so reluctant to say I'd like her choice of colors before they'd been applied, I discovered the only plausible reason was that I'd not have, likely, chosen them myself. However, I didn't realize how close to home the statement I made several weeks back would be driven. I made the boast that I would put any color on that was not offensive to my customer. Seems now though, that I failed to take into

consideration the fact that I too am a member of the human race and as a member, I am susceptible to whims and fancies as much as anyone else.

I mentioned to a friend yesterday that the sunset we were driving toward was the most gorgeous array of colors I'd seen in a LONG TIME. My friend said, "Aw, see one and you've seen 'em all". I'm not yet certain that this conversation was one of the ones that inspire best seller books to be written. . . but then I wasn't driving, only looking, could have been a major factor in his answer too.

Were a popularity poll to be taken, your supposition would certainly be as valuable as mine as to what would take first place. Surely high water-falls, green meadows, meandering brooks, purple hazy mountains with majestic peaks jutting high toward the sky, flower and vegetable gardens, wandering homes, or perhaps a single daisy would rank high as to the most beautiful sight. Some might even protest that the most beautiful thing they'd ever seen had blonde hair. Your tastes may run even more mellow than this. One designs his own pattern of melodic beauty as he judges each.

People do not, ordinarily, classify female skunks as being beautiful, but who can say that a male skunk feels as you and I do? BEAUTY IS A STATE OF MIND!

Letters to Editor

Graduate of 1940 Sends Greetings

Dear Friends:

Thought I would write and tell you some news for you to put in the Slatonite.

Mr. and Mrs. John W. Kurtz of Rt. 1, Mulvane, Kansas, were recent visitors in the home of Mrs. John Kurtz's mother, Mrs. Julius Stohl of Posey, spending several days with her mother, sisters and other relatives and friends.

We were very sorry that we didn't get time to stop by the office of the Slatonite while in Slaton, as the time was just too short. However, we did stop by once but you were closed. I hope to have more time to visit with you or at least stop by to say hello to all of you. Tell all of the Slaton High School exes hello for us. We are sending all our kindest regards and a special greeting to the Slaton Exes of the Class of 1940.

My mother, Mrs. Stohl, has been ill for some time, as she suffered a stroke in February of 1961. She is 86 years young now, though being in ill health since her stroke.

Yours very truly,
Your friends,
Mr. and Mrs. John Kurtz
(formerly Barbara Stohl)

Cotton Producers Hold Annual Meeting

The Plains Cotton Growers, Inc. will hold its annual membership meeting Thursday, Sept. 6, according to announcement by W. O. Fortenberry, president of the large organization.

The meeting will open at 10 a.m. in the Municipal Auditorium on the Texas Tech campus with a welcome address by Lubbock Mayor, Jack Strung. The program will feature prominent speakers from the textile and paper making industries.

Directors of the PCG will meet at 9:30 a.m., prior to the annual meeting, for the election of officers for the 1962-63 season. Present officers include Fortenberry as President; Wilmer Smith, New Home, Vice President; and Roy Forkner, Lubbock, Secretary - treasurer.

Free door prizes will be awarded throughout the day and a free barbecue will be held at noon. As a special feature

Texas Personal Income Revealed At Record High

Personal income, the most comprehensive gauge of consumer purchasing power available on a state basis, totaled \$414 billion for the country as a whole in 1961, a rise of \$15 billion, or 4 percent over 1960, according to Harry C. Meyers, Manager of the Dallas Field Office of the U.S. Department of Commerce.

Nationally, per capita income last year amounted to \$2,263 or 2 percent above the previous record of \$2,215 attained in 1960, Mr. Meyers stated.

In Texas, the rise in personal income was up 6 percent in 1961 over 1960, against the rise for the nation of 4 percent. Total personal income for Texas in 1961 was \$19.5 billion, up a billion dollars, from \$18.5 billion in 1960. Only seven other states; Kentucky, Mississippi, Arkansas, Arizona, Colorado, Nevada, and Hawaii outranked Texas in gain in personal income between 1960 and 1961. Nevada led all states with a 10 percent increase, followed by Arkansas with 9 percent, then Arizona with an 8 percent increase. Colorado, Hawaii, Mississippi, and Kentucky came up with increases of 7 percent, while Texas, Maryland, Iowa, Tennessee, North Carolina, Utah, and California increased 6 percent in 1961 over 1960.

Have you heard this one? The kindly old gentleman was in conversation with a young boy of 5, and he asked the youngster, "What do you want to be when you grow up, Sonny?" The boy replied, "Sixty five, so I can retire."

There's a Friendly Church Near You

"The Big Catch"

With pole, line, hook, sinker and bait; plus the necessary "know how" and the exact place to go to "haul 'em in", he's equipped for the "catch". No wonder that he can smile!

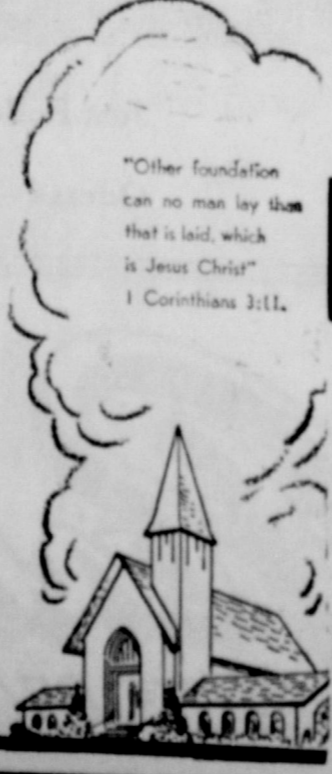

There's another kind of "catch" waiting for every person who will gather the necessary "equipment". It's the big catch of life-time happiness!

Equipment? Genuine faith in God; an abiding spirit of effectual good will toward all other human beings; a life dedicated to worthy purpose and fed with unceasing enthusiasm.

A "big order"? Certainly; and all of us need help to acquire it.

There's an institution—a divine institution—called the "church" that can assist us in obtaining and retaining these intangible values which are so essential to permanent wellbeing and happiness.

As we give ourselves to the church, the church gives to us; and the time comes when we experience the truth that "giving is getting" and "sharing is keeping". Then we know we have found the way. We know we have made the "big catch". Genuine happiness indwells and overflows.

"Other foundation can no man lay than that is laid, which is Jesus Christ" I Corinthians 3:11.

AT MARTINDALE SERVICE STATION

Middle-age has an unfortunate quirk—Work's less fun and Fun's more work.

On his 50th wedding anniversary, a reporter asked his husband the secret of a long and happy marriage. "Well," he said, "It's this way. I always treat Ma in a fashion that if I should die, it would take more than a parrot and a hot water bottle to replace me."

Then there is the old boy who told his wife, "Just because I've got red eyes, doesn't mean that I am irritated. For all you know, I might be a white rabbit."

There's no guess work when the service your car receives when you bring it to us. We consistently strive to give your car the best of care and service.

FOOD is your best source of necessary vitamins and minerals but...**DO YOU KNOW...**

- how MANY vitamins you consumed yesterday in the food you ate?
- how MUCH of each one — did you get enough Vitamin A, for instance?
- if you MISSED OUT ENTIRELY on any vitamin or mineral normally needed every day?

YOU CAN BE SURE of getting enough vitamins every day with a RELIABLE FOOD SUPPLEMENT

We recommend **Rexall SUPER PLENAMINS**

ONE TABLET a day provides MORE than the minimum daily adult requirement (MDAR) of ALL those vitamins with established minimums, PLUS 10 minerals, including important iron.

LOOK WHAT ONE SUPER PLENAMINS TABLET GIVES YOU

VITAMIN A	8,000 Units	3 1/2 oz. glasses of tomato juice
VITAMIN D	1,000 Units	2 quarts irradiated whole milk
VITAMIN E	1.0 mg.	1 tablespoonful of corn oil
VITAMIN B ₁	2.5 mg.	4 pork chops
VITAMIN B ₂	1.0 mg.	1/2 lb. American cheese
VITAMIN B ₆	2.0 mg.	1/2 lb. of peanuts
VITAMIN B ₁₂	30 mcg.	2 eggs
VITAMIN C	30 mg.	3/4 ounces orange juice
NIACINAMIDE	30 mg.	8 oz. broiled mackerel
IRON	15 mg.	4 ounces beef liver
CALCIUM	75 mg.	3 slices whole wheat bread

Plus Liver Concentrate, Phosphorus, Iodine, Copper, Strontium, Potassium, Manganese, Magnesium, Molybdenum, Zinc, Nickel.

Of course, the foods compared above contain other essential nutrients besides the vitamins and minerals listed, and the vitamins and the minerals in Super Plenamins are present in other foods, as well.

It's all been scientifically figured out for you — you simply take one tablet, eat your regular meals, and forget about vitamin-mineral shortages. What a relief! THIS IS THE FORMULA that millions of people are taking regularly with gratifying results. So many people, in fact, that Rexall Super Plenamins is, and has been for years, AMERICA'S LARGEST SELLING VITAMIN-MINERAL PRODUCT

News about Railroad Folks For Railroad Folks

By JUNE SPEARS

Conductor A. F. Clark is retiring from this railroad effective September 1st. Conductor Clark's seniority date as brakeman is June 5th, 1927, which means he has been in train service for a little over thirty-six years. That's a mighty good record and a really exceptional one when you consider that in that length of time he has not had a single reportable on-the-job personal injury. Congratulations and best wishes for a mighty nice retirement, Mr. Clark.

HERE AND THERE

We are all mighty happy to have Division Engineer R. D. Bisbee back with us after his unhappy experience undergoing three operations and which took up most of the good golfing weather, which probably was the worst part of it in Bob's estimation. Welcome back, Bob.

New faces around the Division Office include Ronald Bagby, who is filling in as Relief Clerk. Our three brakemen we hired from the Plains Division — Brakemen Micou, Kennon and Singleton — have been cut off and returned to Amarillo. It looks like Travis Taylor has become a permanent fixture in the Engineering Department as he has moved his family to Slaton. Hope they like it here!

Visitors around the Division Office the past week include Mr. Doyal Duncan who dropped by to chat awhile waiting on No. 75 to meet Mr. Raymond Champion and drive him back to Amarillo. Mr. C. is Assistant to the General Manager in Amarillo and still has lots of friends here in Slaton. Weldon Spears also dropped by to say "hello" and have coffee with his brother, Car Distributor Norman. Weldon is the new Livestock Agent in Amarillo having been transferred there recently from Kansas City. Claim Adjuster Arthur Martin is back with us after his vacation and popping in and out as usual on business. Ken Basset out of the Better Freight Handling Office in Amarillo stopped a minute on his way home from Houston.

Chuck Space, son of Chief Clerk to the Master Mechanic, has been in Amarillo attending a Presbyterian camp.

Visitors in Santa Fe homes this week are making one Santa Fe employee very happy — Vivian Williams, File Clerk. She has her daughter-in-law Hazel and four of her grandchildren, Douglas, Randy, Patricia and Kathy, visiting for awhile. Vivian's son, Tom, is stationed at Bergstrom Air Force Base at Austin, Texas.

Rotary Leader Speaks to Club

Asserting that "I do not know of any organization, other than the Church, that gives more to the world, country, city or community more than does Rotary", District Governor Floyd Stark of Seminole addressed the local club Thursday, outlining the numerous benefits of club membership.

Stark built his speech around the theme of "service", citing the Rotary theme of Service above Self. Four avenues of service were defined by the governor: (1) the development of acquaintance as an opportunity for service; (2) high ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian by his occupation as an opportunity to serve society; (3) the application of the ideal of service by every Rotarian to his personal business and community life; and (4) advancement of international understanding, good will and peace through a world fellowship of business and professional men united in the ideal of service.

Old Friends

By J. J. Maxey

Last Thursday we were pleasantly surprised to see J.H. Ward, class of 1940, at Rotary Club. J. H. was passing through and made up his attendance here. He along with other members of the family had been to San Angelo visiting their parents Mr. Ward is very ill at this time and has been moved to the Santa Fe Hospital at Albuquerque, New Mexico. J. H. has retired from the Air Force after twenty years of service and is now working as a Boy Scout Executive in California. His address is P.O. Box 613, Placerville, California.

Bill Huckabay, class of 1927, was down last week visiting his mother, Mrs. W. L. Huckabay. Bill came by and paid his dues and visited for a few minutes. It is always a pleasure to reminisce with Bill about people and events back when we were both in high school here. I have commented in previous articles about hard nosed football players. Bill was one of the best, both in high school and in college. Most every one in this area has watched E. J. Holub play at Tech and admired his ability to sense plays before they started and be in the right

place at the right time. Bill Huckabay, although quite a bit smaller than Holub, had that same ability. It is and was a pleasure to watch fellows like that perform.

Last Sunday we were privileged to hear Jerry Lemon, class of 1952, preach. Jerry preached both the morning and evening service at the First Baptist Church in the absence of Dr. Wood who was on vacation. Jerry has developed into one of the better speakers that it has been our privilege to hear. Jerry is Pastor of the First Baptist Church at Ganada, Texas. His address is P. O. Box 385, Ganada.

Bobby Lemon, class of 1948, with his family, were week-end visitors in the home of his parents Mr. and Mrs. L. O. Lemon. Bobby's address is 803 Zehr, Plainview, Texas.

Mrs. Ted Bradley (Sue Kirkpatrick), class of 1946, visited friends in Slaton this past week. Sue lives at 415 West 7th St., La Junta, Colorado.

Mrs. Bobby Snodgrass (Billie Jean Tucker), class of 1944, is spending several days with her mother, Mrs. I. C. Tucker. Billie Jean is recuperating from recent surgery. Billie Jean is employed by the Southwestern Bell Telephone Company in Lubbock.

We ran a list of the names of the 1955 class last week and so far we have not received any addresses on these people. If we are to complete the mailing list for all of our classes, we must have some help in securing the proper addresses.

We have secured our mimeograph machine and have it paid for so all ex-students whose addresses we have will be receiving the monthly news letter.

Those paying dues since last week were — Webber and Annette Williams, Bill Huckabay, Robert and Betty Heaton, J. B. Ward, Jerry Lemon and Joyce Sexton Ward.

been with George Brown on these four burglaries. No one else with us. I cannot read or write English language. . . ."

NUMEROUS ARRESTS
 Other police action since last Thursday has included 17 drunk arrests, five disturbance, five vagrancy, three of juvenile delinquency, and investigation of burglaries, stolen hubcaps, break-ins, and reports of abusive and obscene language over the telephone.

Mrs. Ina Greer reported Friday of the theft of a transistor radio taken from her home west of Evans school.

A floodlight was taken from the local fire station.

POLICEMAN INJURED
 Patrolman Ed Taylor was struck in the mouth by a rock, according to police reports, while working the Mexican dance at the Catholic hall Saturday night. The thrown rock struck Taylor in the mouth, breaking a tooth, loosening two others, and cutting both lips.

OTHER ASSAULT
 A Mexican residing on Route 2 was reported given emergency treatment at Mercy Hospital Saturday night, having received cuts on the throat and side. He claimed he was dancing at an area club when three men jumped him. He declined to file charges.

CARD OF THANKS

We wish to thank dear friends and the kindness shown us during the loved one. Also the beautiful flowers. May God bless George and Mrs. C. W.

Tea Shower Given Honor Mrs. Smith

A tea shower in the home of Mrs. Clyde E. Hogue honored Mrs. Stephen Smith, Tuesday evening between the hours of 7:30 and 9 p.m.

Mrs. Smith was Miss Kaye Kincer before her recent marriage.

Mrs. Hogue greeted the guests and presented them to the honoree, her mother, Mrs. L. T. Kincer, and Mrs. Bill H. Smith, mother of the groom.

The tea table was covered with an imported, hand embroidered linen cloth and held an epergne of white mums, flanked by pale green tapers, carrying out the bride's chosen colors. Silver and crystal appointments completed the arrangements.

Miss Linda Hogue and Mrs. Danny Winn alternated at the tea service.

Hostesses were Meses. Carol Scott, Bill Chriesman, M. H. Lasater, J. J. Maxey, Jackie Talbert, C. E. Hogue, Joe Walker, Jr., Ed McCoy, Edward Caldwell, and J. P. Haliburton.

Others were Meses. Troy Pickens, R. H. Todd, Jr., J. S. Edwards, Jr., J. L. Reed, Luke Sloan, Joe Gamble, Joe Belote, Jack Nowlin, LeRoy Holt, and Carter Caldwell.

Also, Meses. Magnus Klattenhoff, Edwin Haddock, Harry Brown, John Locke, George Harlan, W. A. Wilke, W. J. Thomas, all of Slaton, and Mrs. Clyde C. Jones, of Lubbock.

An electric mixer was a gift from the hostess.

Miss Ann Haddock Named Honoree

Mrs. Harley Martin's Sunday School class of the First Baptist Church entertained with a party for Miss Ann Haddock, bride-elect of Dale Edmunds, Friday, August 17.

Mrs. Harley Martin, hostess, gave the opening devotional Skits, presented by Mrs. James Foster and Miss Patsy Pettigrew, followed the theme, "This Is Your Life".

Twelve members and a guest Miss Doris Mullinex of Roswell, New Mexico, were served homemade ice cream and cake.

A gift was presented Miss Haddock from the class.

Luncheon Fetes Mrs. Floyd Stark

Mrs. Fred H. Schmidt entertained with a luncheon Thursday noon in her home, 400 W. Lynn, in honor of Mrs. Floyd Stark, wife of the district governor of Rotary International.

Guests included the wives of officers and directors in the local Rotary Club, and also Mrs. Bruce Pember.

The luncheon table was covered in pink satin damask and centered with an antique cut-glass container holding an arrangement of deeper pink double-for-get-me-nots. A single flower marked each place setting. Crystal and china appointments were used.

BRUNCH IN ABILENE

Mrs. John Bowyer was hostess in her Abilene home for a brunch honoring Ann Haddock, August 23. Mrs. Dick Favor assisted with the hospitality.

Sixteen, including cousins and aunts of the honoree, were present.

Gifts of linens were presented the honored guest.

EASTERN STAR FRIENDSHIP NIGHT

The Order of Eastern Star will observe Friendship Night with a salad supper Friday, August 31, 7 p.m., in the Slaton Clubhouse.

Faulkner Wedding Vows Are Changed in Canyon Ceremony

A candelabrum, holding forty-two lighted tapers, illuminated the Canyon Methodist Church wedding of Miss Zanna Juan Oats and Robert Neil Faulkner, on the evening of August 18.

Albert V. Nelson read the double ring vows. The bride is the granddaughter of Mr. and Mrs. O. A. Oats, Route 2, Slaton. Mr. and Mrs. Clint Oats, Route 1, Lubbock, are the parents of the groom.

Arrangements of white gladioli completed the altar decoration. White ribbon bows decorated the pews.

The bride wore a gown of white silk or tulle with a lace collar and long, petal-like sleeves and a Sabrina train. The voluminous skirt was caught up in a deep lace hem panel. A handmade rose, in a deep lace hem panel, was pinned to the left side of the bride's veil of imported silk.

The bride carried a white Bible with a white orchid nestled in white carnations and streamers. Gina Blackwell, flower girl, was dressed identical to the maid of honor. Rex and Max Thomas of Slaton were candle-lighters.

Jim Faulkner, brother of the bridegroom, was best man, and groomsmen was Tommy Weaver, Doug Pounds and Don Maines of Lubbock, seated the wedding guests.

Miss Patsy Pettigrew, sister of the bride-elect, was the officiating minister.

Dear Editor:

If you print this, no doubt it will get a lot of criticism, but please allow me to get in my two cents worth.

I'm really disgusted with the sanitation department of our city. They are always advocating that we keep our city clean by keeping our alleys clean. How on earth can one keep them clean when the garbage truck comes by once every two weeks to pick the garbage up. Don't say I'm off my beam for I know as whereof I speak, as I empty my garbage every day and my barrel has had garbage in it for two weeks.

We were assessed \$1.00 a month extra to get our trash hauled off and for the life of me I can't see that we get any better service.

It's really disgusting to go out every morning and find your trash barrel has been turned over and trash scattered by worthless dogs that are allowed to roam our city at large.

Another thing, it's really a glorious feeling to be awakened around 4:00 a.m. by roosters crowing in your back door. (Yes, I live in the city limits).

By driving up and down 11th Street and looking around, one would think we lived in the slums of the city, but actually we try to be clean, decent citizens.

If our city officials can't take enough pride in our city to at least see that our trash is hauled off and pass some kind of ordinance to get the animals, etc. out of the city limits, I say it's time for a house cleaning.

Respectfully,
Mrs. Joe Johnson

SAFETY

STARTS WITH A STOP HERE!

**DRIVERS! STOP AND THINK ABOUT THIS MESSAGE
TRAFFIC - SAFETY DEPENDS ON YOUR ATTITUDE!**

One of the biggest differences between a safe driver and one who has a record of accidents is each driver's mental attitude. The safe driver is a person with a mature outlook — he knows that operating a motor vehicle is not kids' play; he knows that the machine under his guidance can be a lethal weapon. It can kill.

The safe driver knows that traffic rules have been designed not to "catch him up", but to keep him safe. He knows, too, that driving skill is not enough; it must be combined with common sense and courtesy. Have a safe driver's attitude!
