

Berlin Braces Itself For Huge Red Rally

BERLIN, Sept. 11. (AP)—Riot-torn Berlin braced itself tonight for a Communist demonstration. Under the slogan "anybody who doesn't march tomorrow is a Nazi," the Communists were reported to have ordered even children to turn out for a Sunday rally against the Western Powers. American officials frankly stated that the situation had become highly dangerous, with Germans meeting under one power to demonstrate against another power. The Sabbath demonstration is set for the Lustgarten (Garden of Pleasure), about a half mile inside the Soviet sector of Berlin. The rally was called to protest Thursday's anti-Russian mass meeting which touched off street fighting. After the most violent week in the 79-day-old Soviet blockade, Gen. Lucius D. Clay, U. S. military governor, said: "Mass demonstrations are not the way to solve the present Berlin situation."

The Americans planned to imitate the British and ban any demonstrations in the U. S. sector within "incident range" of the Russian boundary. Both British and Americans acknowledged that it was difficult to prohibit anti-Communist outbreaks in view of the Russian-backed drive to oust the elected city government. Western German police mobilized strong forces to guard the sector boundaries against a possible invasion of demonstrators from the eastern sector. The Germans, long split along east-west lines, this week grew bolder as a result of the four-power

Secret Meet Charge Hurdled At Dixiecrats

Fight Begins For Seating At Fort Worth
FORT WORTH, Sept. 11. (AP)—States Rights sympathizers were accused here Saturday of holding secret precinct meetings and of using "Communist tactics" in their attempts to gain control of the Democratic party in Texas. These charges were made as the credentials sub-committee of the state Democratic executive committee began hearings to determine which of a dozen rival delegations would be seated at Tuesday's state convention. It was the opening round in the battle between the pro-Truman or loyalist faction of the party and the States Rights group that has elected to stay within the party as long as possible to urge Gov. J. Strom Thurmond as the Democratic presidential nominee in Texas. The convention also must formally declare either Coke Stevenson or Lyndon Johnson to be the party's U. S. Senatorial nominee. A subcommittee will canvass the runoff primary votes in the close contest Monday, and report to the entire executive committee. Then the executive committee must certify the winner in a report to be presented to the convention Tuesday. While the credentials committee considered contests from Harris, Harrison, Tarrant, and Dallas Counties Saturday, a steering committee of the loyalist faction, headed by Byrro Skelton of Temple, met in executive session to plan strategy. This is the group following Gov. Beauford H. Jester and executive committee chairman Robert W. Calvert.

Senate Race Feud Heads For Court

Restraining Order Blocks Vote Change

AUSTIN, Sept. 11. (AP)—Lyndon Johnson and Coke Stevenson, opponents in one of the most bitter and closely contested statewide elections in Texas history, today headed for a possible showdown Monday on whether there was fraud in the Aug. 28 run-off for the U. S. Senate. Saturday's rapid-fire developments in the contest were these: 1. Johnson secured a temporary restraining order in 126th District Court to prevent a new set of election returns being certified from Jim Wells County to the state democratic executive committee.

MIGRATION MISHAP—Julius Vetter, a radio technician, examines several birds found injured along with scores of dead birds near tall buildings and towers in northern cities. Ornithologists agreed that the birds, principally warblers, were killed or injured when they hit tall obstructions while making their seasonal migration. The dead birds laid out in front of Vetter were found at the foot of a radio tower mounted on a tall building in downtown Philadelphia. (AP Wirephoto).

NEW TURN IN CRISIS?

Top U. S., British Leaders Confering

WASHINGTON, Sept. 11. (AP)—Top American and British leaders met today in an unusual series of conferences which may lead to a decisive new turn in the crisis with Soviet Russia over Berlin. Sen. Vandenberg (R-Mich.) was among a group consulted by Secretary Marshall at the State Department on the next move by the Western Powers in the deadlock over the Soviet blockade. Vandenberg is a leading Republican figure in all major matters of foreign policy. Amid indications that the long effort to reach a firm agreement with Moscow on lifting the Berlin siege faces a breakdown, Marshall and his advisors met also with Sir Oliver Franks, the British ambassador. Meanwhile in Moscow the American, British and French envoys were standing by, dispatches said, apparently for final instructions before making the fateful next move—possibly a demand for a showdown session with Prime Minister Stalin. (London sources said that the three diplomats had been instructed to seek an immediate meeting with Stalin.)

Moscow Says West Dooms Paris Parley

LONDON, Sept. 11. (AP)—The Moscow radio said tonight the United States and Britain have made a meeting of the Big Four foreign ministers on the disposition of Italy's prewar colonies impossible by refusing to send their top men. The broadcast, quoting a Tass dispatch from London, said Britain "has followed the same path" as the U. S., which refused to send Secretary of State Marshall to Paris for the proposed meeting. It was reported today that Hector McNeill, secretary of state under British Foreign Secretary Bevin, would arrive in Paris tomorrow to attend the meeting.

The Moscow radio previously announced that Russia had dispatched a note to the U. S. protesting the fact that Marshall would not attend the conference. The Soviet note, however, also said the Soviet government was willing to meet with other representatives of the three western powers even if the conference is not considered a council of the foreign ministers. The note said Russia "will not object" to meeting without Marshall. As the matter now stands, a meeting of the Big Four to discuss the question of Somaliland, Eritrea and Libya is tentatively scheduled for Monday in Paris.

MOHAMMED ALI JINNAH

Pakistan Head Dies Suddenly

LONDON, Sept. 11. (AP)—The British commonwealth relations officer said Mohammed Ali Jinnah, government general of Pakistan, died tonight. The duty officer said death was due to a heart attack. Jinnah was 72. A dispatch from Karachi tonight said Jinnah had arrived in the Pakistani capital unexpectedly today from the hill station at Quetta. It said his arrival was unexpected because his doctors had advised him to stay at the hill station for at least another month. The Karachi dispatch said Jinnah immediately conferred with Pakistan's premier, Liaquat Ali Khan, and scheduled a cabinet ministers' meeting for tomorrow.

Big Spring -Week-

Reviewing The **Joe Pickle**
Things seldom work out to suit convenience. For instance, elementary school enrollment last week showed a hefty gain; high school and the eighth grade eased off. The catch is this: Elementary classrooms already are overcrowded, high school ones not in such pressing state. Speaking of schools, the tax rate election Tuesday ought to bring out a big vote. In that way the school board can tell clearly what course a majority of the people want followed in financing the schools. When only a few hundred votes are cast, the wishes of the people are not as clearly expressed, whatever the result, as when people are concerned enough to exercise their duties as citizens and vote. Another election contest is in the making here. R. B. Hood, filed a protest in District Court over returns from Precinct No. 2, charging they exceeded in number the total registered vote for the box. Hood was nosed out by B. E. Freeman by the narrow margin of two votes in the official canvass of tax collector-assessor returns. This is by no means the first contest. Last year a school election was contested. Several years ago a wet-dry vote was contested. Gov. Strom Thurmond, of South Carolina probably qualified as the first recognized presidential candidate ever to speak in Big Spring. Several presidents, presidents-to-be and past presidents have stopped here briefly, among them Harry Truman, Herbert Hoover, and possibly Teddy Roosevelt. The weather played tricks last week, showing a 44-degree range between a 102 maximum a week ago today and 49 minimum on Saturday. While it brought relief from the heat, the change fell

Bumpers Sorghum Crop Forecast

Serious Grain Storage May Develop In The Southwest

WASHINGTON, Sept. 11. (AP)—A bumper grain sorghum crop forecast for the southwest has renewed concern of agriculture department officials over that area's grain storage problem. A serious situation may develop with the grain sorghum harvest in Kansas, Oklahoma, and Texas because many terminals, country elevators and farm storage bins still are filled with wheat from this summer's harvest, the department said. Part of the Texas crop has already been harvested.

Breeders Will View 22 Herds

Twenty-two herds of registered Herefords whose owners are affiliated with the Howard County Herford Breeders Association will be viewed on Thursday and Friday when the organization conducts its annual fall tour. The tours will begin each day at 8 a. m. Lunch will be served to all visitors each day, and the Breeders Association has extended invitations to all ranchers, farmers and business men to join the group. The delegation will assemble each morning at the Walker Drug store. On Thursday herds of the following members will be inspected: Roden Ranch, Donald Lay, Charlie Wolf, Sam Buchanan, Alex Walker, C. A. Walker, Ed Simpson, R. T. Shafer, Wilson Bros., R. E. Martin, Morgan Coates, Leland Wallace. The Friday tour will include stops at the ranches of Charlie Creighton, Loy Acuff, H. D. Cowden, I. B. Caudle, E. W. Lomax, D. D. Douglas, John Phillips, Repps Guitier, Harry Lester, O. H. McAlister.

Labor Picture At Variance Over Nation

By the Associated Press
The battle-scarred dove of labor-management peace got more slaps and pats Saturday. The bright side: A union drive for individual settlements gained new ground in the New York truck drivers strike and the Independent Aeronautical Mechanics Union made preparations to return to work Monday at the Boeing Airplane Co.'s Seattle plant after a 140-day strike. The dark side: New obstacles arose to settlement of the West Coast CIO longshoremen's strike and movement of piled-up Army cargoes. Threat of a new nationwide telephone workers demonstration appeared. Making new inroads on the once-solid employers front, the AFL Teamsters Union announced that 285 New York operators, employing 2,278 of the union's 9,400 struck members, had signed up on the union's new scaled-down terms of a 17 1/2 cent hourly wage boost. A committee representing all employers refused to go beyond 15 cents. The strike started 12 days ago, with the union demanding 25 cents plus an employer-financed welfare plan. Possibility of a jurisdictional battle with the AFL Teamsters Union and a company ban on rehiring "a small number of subscribers" complicated the Boeing plant strike settlement. Some 14,000 workers struck April 22, but the company claimed more than 8,000 workers were on the job when the union voted to end its walkout.

REGISTRATION TUESDAY

HCJC Is Poised For Third Session

With the general faculty meeting Saturday behind, the Howard County Junior College was poised today for the beginning of its third annual session. Registration begins on Tuesday and is scheduled to be largely over before the beginning of classes on Thursday morning. Registration begins at 8:30 a. m. and classes begin at 8 a. m. Advance veteran enrollment has been good, said E. C. Dodd, president, and on this basis he felt that total enrollment would be at least 400 steady and perhaps gain. The brightest enrollment prospects appeared to be for the evening school where the policy of teaching "anything any time when as many as 10 people" line up for a class, appeared to be paying off. Dodd said that most students enrolling from Big Spring, Howard and adjoining counties usually did not send transcript of credits in advance. They either bring them at registration time or have the college secure them because of proximity to their high schools.

Bodies Of Seven Miners Recovered

PINEVILLE, Ky., Sept. 11. (AP)—Rescue workers this afternoon reached the bodies of seven miners entombed in a coal pit near here since an explosion Dec. 28, 1945, which killed 24 men. The bodies of 13 other miners are in the pit but rescue workers halted operations until Monday. All the bodies were left in the mine. **Rejects Note**
BUDAPEST, Hungary, Sept. 11. (AP)—Hungary rejected Saturday as "unfriendly, untrue and malevolent" a Yugoslav note protesting that this country has attempted to incite a revolution in Yugoslavia.

Queuille Forms New Cabinet

PARIS, Sept. 11. (AP)—Premier Henri Queuille formed a new coalition French cabinet tonight. Queuille, a Radical Socialist (conservative) will serve as finance minister as well as premier. Robert Schuman of the Catholic Popular Republican Movement (MRP) was named foreign minister. The Socialists dominate the coalition with five of the 14 ministries. They were given the key posts in interior, which controls the police, and national defense, which directs the army, navy and air forces. The ministries of labor, industrial production and public works also went to Socialists. Queuille succeeded in forming a cabinet after Gen. Charles de Gaulle had repeated his call for a national election. **Expert Certain Atomic Secrets Stolen By Reds**
WASHINGTON, Sept. 11. (AP)—Congressional spy investigators said today that an Army expert on atomic energy is "certain" Russian agents stole some wartime atom bomb secrets. Furthermore, Rep. Vail (R-Ill.) said in a statement, this high officer was so concerned over "the intense activity of Russian espionage agents in their efforts to penetrate atomic research safeguards" that he personally reported on these activities to the late President Roosevelt and then to President Truman. Vail did not name the officer but said he had testified under oath at closed-door hearings of the House Un-American Activities Committee in the past week. Obviously he meant Lt. Gen. Leslie R. Groves who directed the \$2 billion A-Bomb project during the war. Groves appeared before the committee yesterday but merely hinted to reporters afterward that there might have been some leaks of atomic secrets.

HYDERABAD DANGER POINT

India Is On Verge Of Undeclared War

NEW DELHI, India, Sept. 11. (AP)—The Dominion of India appeared Saturday to be on the verge of launching its second undeclared war in an effort to forge a unified nation. Indian troops and tanks are poised to march into the realm of the opulent and obdurate Nizam of Hyderabad in the south. A dispatch tonight from Karachi, capital of Pakistan, said the Indian troops were already marching into Hyderabad. The office of Hyderabad's agent general quoted the Hyderabad radio as saying Indian units attacked from the Sholapur district of Bombay Prince and captured a village on the India-Hyderabad border. In the north there was no sign of abatement in India's struggle with Pakistan "for possession of strategic Kashmir, Indian forces have been operating in Kashmir since last October. A United Nations commission appointed to seek a settlement has failed to gain adherence to a cease-fire order. During the past week India's pressure on the Nizam of Hyderabad to abandon his claims to independence and join the Indian Union reached a climax with the statement from Prime Minister Jawahar Nehru that "Indian workers would march into Hyderabad, regardless of opposition." Thus India appeared to have reached the point where her troops will have to fight their way into that princely state or back down with terrific loss of face. The chances that the Nizam will grant the troops permission to enter seem remote despite repeated appeals from New Delhi.

Hard-Working State Prison Board Is Rapidly Modernizing System In Texas

HUNTSVILLE, Sept. 11. (AP)—If you want a soft, cushy government job, don't get appointed to the Texas State Prison Board.

Because these nine men who are overhauling the state prison system are hard workers and probably

would brook no shirking if any board member tried it.

Obviously, there was a lucky break in the various appointments by Texas governors which brought together this board. The men like each other. They unanimously named O. B. Ellis as general manager to oversee reorganization of the prison system and they have been pulling like a well-trained team ever since to bring the plan to fruition.

W. C. Windsor of Tyler after he was reelected board chairman at the September meeting, had this to say:

"I want to take a few minutes to say a few words to members of the board. I want to say I've never been on a board before where everybody works. You are the most unselfish and hard-working men I have ever known."

Windsor, a big, kindly man, did not need to say the obvious thing—that his reelection as chairman means the praise he piled on other board members is also due him.

The prison system is looking up

under their administration, and under the progressive steps being taken by Ellis, strapping former football player and coach now gray-ing at the temples.

Escapes, escape attempts, self-mutilations (tendon-cutting to avoid work) and mutinies are fewer.

New blood is being pumped into the administration. A good example of this is the youthful looking man newly named as Ellis' assistant for farm operations. He is H. Leon Slaughter, an agricultural expert who has come a long way in his 31 years.

Until he accepted the prison system post, Slaughter had been working as secretary of the Edgewood Truck Growers Association, which he helped organize three years ago. He also was teaching agriculture to GI trainees.

He also has worked for the soil conservation service, as a vocational agriculture teacher, and in farm machinery. He obviously knows the workaday angles of this specialty. And he has his B. S. and M. A. degrees from Texas A. & M. as proof of good formal training.

The Texas Prison System has 73,010 acres, mostly farm land. One of Ellis' principal targets is to improve operations on these farms so as to make the prison system self-supporting.

That's where Slaughter will come in. He is going to work for soil conservation, improved farming practices, greater use of machinery and all those other things which will make the prison farms more efficient and productive.

Before leaving on a system-wide tour of several months, Slaughter said "I think I have a wonderful opportunity to do something for humanity." You could see he meant it.

Ellis told the board he wanted Slaughter at his side as part of a program of training capable ad-

ministrators. He said Slaughter has a tough job cut out for him.

Slaughter is used to tough jobs. He worked his way through Texas A. & M., "doing everything from pouring concrete to waiting tables." He married the former Nola Fae Knight of Dallas while at school, then went off to war, in the Navy. He has a son, 11, and a daughter, 8.

Local Dealer Sees New Nash

First private showing of 1949 Nash cars—entirely new from bumper-to-bumper and more advanced in design than any car Nash has offered in its long history—was given to more than 500 Nash dealers in the Southern Region, Ray Griffin, owner of Griffin Nash company, announced on his return from Kansas City, where the special dealers' preview was held during the regional sales meeting.

While the new Nash models, known as the "Airflyte" series, will not be made public until October

22, the private dealer preview was held to acquaint them with features of the new Nash, said to be outstanding in styling, comfort, performance, safety and economy.

Commenting on the preview, Griffin said: "The new models represent more than five years of research, designing, engineering and testing at Nash Motors' proving ground with hundreds of thousands of miles of road testing behind them."

First public showing of the new cars will be made here next month, Griffin revealed. "The new Nash is a postwar 'dream car'," he said. "It is roomier, lower, has smooth, flowing lines of beauty from headlights to tail lights, and features really superb riding performance, emphasis on operating economy,

Delaware Man Sues Golfer Who Hit Him

WILMINGTON, Del., Sept. 11. (AP)—J. Homer Houston of West Grove Pa., is suing a Delaware man in U. S. district court for \$5,000 damages for injuries received when struck by a golf ball.

Houston, in a suit filed Friday charges John B. Escott of Lancaster Village, a suburb of Wilmington, struck him with a ball after teeing off on the 18th hole Sept. 21, at the Kennett Square Golf and Country Club.

Production Falls

DETROIT, Sept. 11. (AP)—Materials shortages, the Labor Day holiday and more labor trouble cut back car and truck production this week. Assemblies for the week totaled less than 75,000 vehicles. Last week the total was approximately 98,000.

FREE OFFER for Deafened Persons

For people who are troubled by hard-of-hearing, this may be the means for starting a new, full life—with all the enjoyment of sermons, music, friendly companionship. It is a fascinating brochure, called "Full-tone Hearing" and is now available without charge. Deafened persons acclaim it as a practical guide with advice and encouragement of great value. If you would like a free copy, send your name and address on a penny postcard and ask for "Full-tone Hearing". Write BELTONE Dept. 15, 1450 W. 19th St., Chicago 5, Ill. Also show this important news to a friend who may be hard-of-hearing.

Education Is An Investment

On Tuesday voters of the Big Spring Independent School District Will Be Given An Opportunity To Authorize A \$1.50 Tax Rate. Why Is There A Need To Increase Our Investment In Education?

FINANCIAL PICTURE

	Last Year	This Year
Took In:		
Balance forward	\$ 42,564.41	\$ 28,648.50
State apportionment	206,164.40	213,200.00
Local taxes	255,000.55	168,060.00
Other state, fed. funds	11,934.76	15,026.00
Tuition fees, etc.	11,289.48	7,526.00
TOTAL	\$526,953.60	\$432,454.50
Paid Out:		
Teacher, supervisory pay	\$323,983.76	\$380,274.00
Teaching equipment, etc.	22,309.85	24,650.00
Building upkeep, salaries	33,504.65	37,120.00
Administration	19,848.29	20,160.00
Debt, interest	73,622.27	50,183.38
Repairs, renovations, insurance	25,036.78	16,250.00
TOTAL	\$498,305.10	\$508,637.38
BALANCE (Deficit)	\$ 28,648.50	\$ 76,182.88

Last year's local tax income includes collection of \$84,000 which must be refunded, approximately \$40,000 of which is shown in debt service requirements for the year, and \$22,000 set up in debt service for this year and a like amount to be refunded the following year. This year's estimated income is based on the current limit of \$1, which would leave the district \$76,000 in the "red."

NOTE: You are invited to verify these figures from an inspection of the books or the annual audit by Merle J. Stewart, CPA.

Just as your children increase in size without your noticing it from day to day, so has our school system been growing over the years. Not only have the number of scholastics increased sharply within the past 10 to 15 years, but so have the services such as Vocational Agriculture, Diversified Occupation, Vocational Guidance, Bible, Increased Physical Education program, A Capella Choir, Elementary Music Director, co-ordination and integration of instruction through a sound Supervisory Staff. And still there are others, particularly in the vocational field, that the system would like to provide for our children if means would but permit.

It may startle you to know that there have been but one or two years in the last 20 when some double day sessions were not necessary to meet need of lack of classrooms and staff. By time a record building program was completed in 1929-30, population had outgrown the plants. Another elementary building was added in 1937 but again Big Spring had outgrown classroom facilities. And now, with oil, industrial and other activity attracting new families and the "war baby" crop showing up in schools, building needs have had to be suggested to that of securing well trained and devoted teachers for our children.

Costs Have Been Going Up

For years costs have been going up and up. You know it from experience in the grocery store, the clothing store, and when you buy other goods. It costs more, too, to operate your schools in spite of the fact that the board and administration have made every effort to avoid heavy maintenance expense. Had funds been available the past summer, the board could have easily spent \$50,000 for sorely needed repairs and renovations to the plant. Money earmarked for this purpose was turned to repayment of over-paid taxes on the 1947 roll, and even, then little less than half this repayment obligation could be met the first year.

Keeping Pace With The Rest

Big Spring must keep pace with the rest of Texas and the nation. It is a hard choice to do otherwise for the reason the state minimum salary law guarantees to teachers everywhere at least \$2,000 per annum (which is little enough considering required training and the importance of the work). That means that the smallest community, which naturally would not make as much demands on its teachers as those here, are in competition with this district as well as the bigger and the wealthier districts of the area and state. This factor alone has dictated a heavy boost in the instructional load, which accounts for three-fourths of the budget. To refuse to meet the state minimum salaries would simply invite the impossible in securing an adequate teaching staff. Without a good teaching staff there can be no schools worthy of the name.

Keeping Faith With Our Children

Yes, keeping pace is important, but how much more important is that of keeping faith with our children? How much do you spend for pleasure, for this particular entertainment, or this hobby or this idle pursuit? Wouldn't almost anyone of them—much less all of them—amount to much more than the \$1.25 additional per month on an assessed value of \$3,000? As it now stands, Big Spring Independent School district taxpayers contribute only 42 per cent of the total budget to the education of our children. Are we willing to shoulder more than 42 per cent of the load to insure the proper chance for our most precious possession? Are we willing to keep faith with our children?

Public Hearing Set For Monday Morning On Tentative 1949 Howard County Budget

Public hearing is set for 10 a. m. Monday at the courthouse on the tentative 1949 county budget which proposed expenditures of \$324,964.06 and the same tax rate of 77 cents per \$100 valuation.

Most items, both under resources and disbursements, remain constant and in all the county hopes to expend \$16,174 less than the estimated requirements for this year.

Under the proposed budget, net current ad valorem tax collections would return \$165,550, which is \$7,000 more than the projected total for this year. An increase of \$1,115,000 in valuations accounts for this upward adjustment in estimates from this source.

The delinquent collection total is pegged at \$2,700 or \$675 below the estimate for this year and other receipts are down \$27,883.75 in amounting to \$152,050, principally because of appropriation of a balance in the lateral road fund of 1945 to a special state-county road program.

Tax levies are predicated upon a valuation of \$22,440,738, which would assume about 94 per cent collection to yield requirements in this field.

Of the 77-cent per \$100 assessed valuation levy, the division would be as follows: July 5 cents, road and bridge and road and bridge special 15 cents each or a total of 30 for road and bridge purposes, general 25 cents, permanent im-

provement 9 cents, interest and sinking 8 cents. The permanent improvement levy is up one cent, the interest and sinking down one, hence the aggregate rate is unchanged.

Distributed among the various funds is an aggregate appropriation of \$4,200 for services of special oil evaluators.

The jury fund proposes \$10,850 expenditures, only \$400 above the estimates for this year. A total of \$5,550 is set up for petit jurors and \$2,200 for court reporter to account for bulk of the expenses.

Anticipated revenues for the road and bridge fund are \$129,350 from current sources, an increase of \$13,000. Taxes would bring in \$32,250, auto registration \$87,500 and fines \$8,500. Transfers of residues from lateral road and other special accounts would boost the total estimated yield to \$170,649.

Commissioner salaries would total \$12,000 for the year with \$1,200 expense. A sum of \$8,000 is appropriated to retire road machinery warrants.

Big end of road and bridge costs are allocated to maintenance, a total of \$104,500 of which \$68,000 is pegged in wages, \$21,000 in materials and supplies, \$10,000 in gas and oil and \$5,500 in tires and tubes. The total figure is virtually the same as this year. Construction costs are estimated at \$22,500, that amount ear-marked for lateral road construction. An appropriation of \$18,500 for new road machinery is in the budget, bringing the total of \$170,649 appropriated from the road and bridge fund.

In the general fund, beside \$53,750 anticipated from current ad valorem taxes, other sources of revenue are \$3,700 from beer and liquor licenses, \$1,000 from trial fees or a total of \$60,500. Of this amount, \$15,822 is destined to be transferred to the officers salary fund, which is not self-supporting. General costs show \$3,284 to the commissioners court for clerk travel, oil evaluator; the county auditor's office \$4,085, with \$120 for supplies, the balance salary; building maintenance, including \$2,020 for salaries, \$6,340; miscellaneous

(elections, police radio, auditing, assessors' fees, etc.) \$4,482; juvenile officer \$3,300 (\$300 of it for car expense); justice court expense \$2,250; a total of \$7,855 for pauper care and pensions, including \$950 for food and fuel, \$3,100 for hospital services, \$2,055 for case worker.

Health and sanitation through the city-county health unit would account for \$5,100. Agriculture and livestock get \$8,150, of which \$2,500 goes to the farm agent, \$1,900 to the home demonstration agent, \$2,040 to the county trapper, and \$550 to the county cotton picking center.

It is expected that the officer salary fund will net \$40,400 in fees of office (including \$2,000 from the state) and with transfers (\$15,822 from the general fund and \$2,973 from the road and bridge) will aggregate \$59,196. From this fund office expense (with major officials drawing \$3,965) will be: Tax assessor-collector, \$12,515; district clerk \$6,280; clerk \$12,880; sheriff \$14,530 (includes about \$3,000 for cook and groceries, etc. for jail); county judge \$4,183; county attorney \$5,927; treasurer \$2,780 (of which \$2,630 is salary).

The permanent improvement fund would attract \$19,400, all from taxes. Major repairs to the building would claim \$9,332, office equipment \$1,000, and half the levy, \$8,182, would go to the county free library, of which \$4,200 would be marked for salary, \$1,316 for shelving, repairs, \$3,600 for books and periodicals, and \$400 for binding, etc.

Total interest and sinking fund revenue would be \$17,500. Requirements show \$15,000 for principal payments, \$975 for interest, plus some miscellaneous, for a total of \$16,884. Howard county's outstanding bonded indebtedness amounts to \$153,500, with \$105,000 of the amount represented in the \$150,000 original 1945 road bond series issue. That total is among the lowest in the state.

Only the male Katydid, crickets and cicadas sing. The females are silent.

Plans Studied Here For Cub Scout Pow Wow

Local adult leaders and members of the council professional staff discussed plans for the Buffalo Trail Council Cub Scout Pow Wow at a meeting here Friday night in the Settles.

The Pow Wow will be held on Sept. 18 at the Howard County Junior college. The planned program, which is scheduled to begin at 2 p. m. on the announced date, will include ceremonies, games, handicrafts and pack administration. A model blue and gold banquet will close the season.

Attending the Friday night meeting here were P. V. Thorson, council executive, and Mrs. Thorson from Midland; Stuart Painter, field executive from Odessa; James K. Polk, field executive, from Sweetwater; H. D. Norris, assistant council executive, Big Spring; Charlie Watson, general chairman for the Pow Wow activity; H. C. McNabb, Jim Crawford, Mrs. Lucian Jones, Mrs. J. C. Robinson, Frank Medley.

STOP LIGHT FOR AIRPORT

ANCHORAGE, Alaska, Sept. 11. (AP)—It's the only one on a commercial airfield in Alaska and maybe in the world—a stop light to keep airplanes and automobiles from tangling at an intersection.

The light is out at Merrill Field, where the Palmer Highway passes an airstrip. Sometimes cars are stopped for two blocks, waiting for the planes to land or take off.

One Dies, Five Hurt In Ambulance Wreck

ARDMORE, Okla., Sept. 11. (AP)—Mrs. Malinda Mae Garrett, 81, Gainesville, was killed near here Friday night when an ambulance taking her home from Tulsa collided head-on with a truck.

Five others were injured in the crash, including the dead woman's daughter-in-law, Mrs. Geraldine Garrett, 46, also of Gainesville, who was riding in the back of the ambulance. She was listed in "very serious" condition in the Ardmore hospital.

A touch and you GO—that's DYNAFLOW!

Yes, it boils down to just about that. You start your engine, set a lever — and from then on your treadle foot takes over.

You press the accelerator — and move softly and smoothly away.

You speed up, slow down, halt completely — and your right foot alone, operating gas treadle and brake, does it all.

How come? Simply because Dynaflow Drive* is the one passenger car drive in America that

gets completely away from gears which function in fixed stages.

Changes in the way oil flows, instead of changes in gears, adjust your engine power to your driving requirements.

Whether you are starting out, climbing a hill, surging past others or cruising easily, there's nothing for you to do except feed gas.

For very fast starts, extreme pulls, reserve braking power, you flick the selector lever—and your engine seems suddenly to double in size.

For parking, there is a very special setting, exclusive to Dynaflow Drive, that rigidly locks rear wheels.

Even rough and chattery roads are made smoother by power that flows along through a cushion of oil — your whole car is "sweeter" in its feel, far silkier in its actions.

Quite rightfully is Dynaflow Drive called the most important development since the self-starter.

It's a basically different way of transmitting power — and one you should know about firsthand.

See what your Buick dealer can do about arranging that for you. The merest sample of Dynaflow magic will make you want to place an order pronto, whether or not you have a car to trade!

What's different about DYNAFLOW DRIVE?

To an efficient new pump (left in picture) Buick engineers have added a free turbine (right) and an ingenious new supercharging assembly (in front) which produce a forceful, bounding action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the second gear, and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

ASK ABOUT WARDS MONTHLY PAYMENT PLAN

Eastern Upton Wildcat Flows Oil From The Pennsylvanian

By JOHN B. BREWER
SAN ANGELO, Sept. 11.—An eastern Upton county wildcat, turned two weeks earlier to Fred Turner, Jr., of Midland and J. M. Hewgley, Sr., of San Antonio the day it was abandoned by Humble at 12,367 feet, an Ellenburger failure, flowed oil from the Pennsylvanian this week.

Turner and Hewgley No. 1 Rosa Halff Barnett, 5/4 miles northwest of Slick-Urschel and Plymouth No. 1 D. L. Alford, opener of the Bendum (Ellenburger) field in Upton county, flowed 55 gravity oil naturally for 15 hours, making 29 barrels the last hour, filling storage, and was shut in. After the tenth run of the swab it had kicked off through casing perforations at 9,982-85, at 10,062-065, at 10,097-100 and at 10,137-140 feet.

The indicated discovery was not gauged the first seven hours. It began gauging through a three-quarter inch choke, making 21.5 barrels the first hour, and the last two hours was on a quarter inch choke. Production of 29 barrels the fifteenth hour of flowing represented an increase of nine barrels

over the preceding hour. Gas-oil ratio was about 2,500-1. Storage was being erected and a tender for Shell Pipe Line Co. to move 4,000 barrels a pipe was asked.

Humble retained a one-sixteenth override in turning No. 1 Barnett and a quarter section to Turner and Hewgley and was refunded \$2,300 for well connections already installed. No. 1 Barnett is in the C N E SE 4-Y-TCRR, half mile south of Humble No. 1 J. M. Parrott, a short-lived pumpjack from the Pennsylvanian and opener of the Upland field. No. 1 Parrott blew out Feb. 24, 1945, when bottomed at 9,576 feet and flowed oil to pits for six hours at a rate estimated unofficially between 25 and 50 barrels hourly. The flow could not be revived when the hole was plugged back after loss of circulation halted drilling at 10,744 feet in chert. No. 1 Parrott was abandoned in July, 1947. In December the Bendum field was discovered.

Wilshire (No. 1) McClintock Ranch Co., western Upton county wildcat which struck salt water in the Ellenburger in drilling to 13,977 feet, cemented 5/4-inch casing at 10,810 feet. Two sections in the Pennsylvanian will be tested first through perforations. Two lower Permian zones also showed promise. Location is the C N E SW 148-E-CCSD&RGNG.

Superior of California No. 3-A-48 University, south extension to the Barnhart (Ellenburger) field in Reagan county, flowed 403.5 barrels of oil in 24 hours for completion from acidized pay between 8,998 and 9,150 feet. It is 330 from the north, 1,980 feet from the west line of section 13-48-U. Superior stated No. 2-A-48 University 950 feet farther east.

Superior applied for a permit to drill No. 1-A-1 University, proposed Ellenburger wildcat, on a Reagan county block of 2,607.5 acres for which it paid a record cash bonus of \$1,750,000 at University Lands' 21st. auction in Austin June 18. The test will be in the C N E NE 20-11-U, two miles southwest of Big Lake and between the Big Lake and Barnhart fields, both with Ellenburger production. Magnolia No. 2 C. H. C. Abder-

Deep Sterling Wildcat Runs Drillstem Test

Phillips Petroleum No. 10 Embarras Ranch at last week's close at 7,330 feet as the discovery producer from the Waddell section of the Simpson, middle (Devonian), the third pay, in the Anderson field in northwestern Ector county. It flowed naturally 153.67 barrels of 45 gravity oil in 24 hours through a half inch choke. Location is 350 feet out of the northwest corner of section 17-44-12-T&P, on the northeast side of the southeast extension to the field.

Recovery was 10 feet of heavily oil and gas cut drilling mud. No shows of water were reported from the investigation.

The prospector is drilling ahead and will continue to the Ellenburger. It is 17 miles northwest of Sterling City and 660 feet from north and west lines of section 203, block 29, W&NW survey.

No water was developed. The production was natural. Operator is making new hole below 4,743 feet in lime. The venture will be continued to its contract depth of 5,000 feet, and if it finds no better indications of production it is due to plug back and test the zone at 4,682-88 feet.

That section likely will be treated with acid in an effort to make it yield petroleum in commercial quantities.

Sun Oil company No. 2 Ellwood, South-Central Mitchell county prospector, which topped the Ellenburger at 7,614 feet, on an elevation of 2,132 feet, according to unofficial calls, ran a one hour drillstem test at 7,614-23 feet.

There was a slight blow of air for a part of the period. Recovery was 30 feet of drilling mud, with no shows of oil, gas or water.

A core at 7,629-34 feet recovered one and one half feet of dolomite, with no shows. The project is coring ahead. It is 660 feet from southwest and southeast lines of section 25, block 16, SPRR survey.

Humble No. 1 Rufus T. Foster, one location south of the initial producer from the Wichita-Albany section of the lower Permian, to open the Marvin field, in South-Central Sterling county, had re-treated the section above the total depth at 4,392 feet, in lime, with 2,000 gallons of acid.

The project was swabbed dry, and no new oil was recovered. Operator was continuing to swab.

It is 330 feet from west and 660 feet from north lines of section 19, block 15, H&TC survey.

Gulf Oil Corporation No. 1-E Wilson Bryant, 14 miles south of Midland, in Central Midland county, and 660 feet from north and 1,980 feet from west lines of section 36, block 20, TP survey, T-3-S, ran a one hour and 30 minute drillstem test in a Simpson lime and sand section at 12,897-954 feet.

Recovery was 40 feet of drilling mud, with no shows of oil, gas or water. The venture is making new hole, and has reached 11,988 feet in the same material.

Fish Smell Drives Houston Families From Burnett Bay
HOUSTON, Sept. 11. (AP)—Six of the 35 families whose homes are along the south shore of Burnett Bay Saturday moved to other locations and many more are planning to evacuate because of the terrible stench arising from the acres of dead fish that swept up along the shore line late Thursday.

"I just can't stand it any more," said Mrs. Waldo Young. "Those fish reach from the shore to a good 75 feet out into the bay along side our fishing pier. I'm leaving."

Millions of various types of fish and marine creatures are piled up to a depth of two to three inches in a band 20 feet wide around the Burnett Bay shore. The area is on the north side of the ship channel, about one mile east of the San Jacinto monument and about eight miles northeast of Baytown.

West Indies Report Tropical Storm
SAN JUAN, Puerto Rico, Sept. 11. (AP)—A small tropical storm with winds of 35 to 50 miles an hour near the center and showing little sign of increasing in intensity was centered about 325 miles east-northeast of Antigua, British West Indies, Saturday.

The storm still is about 1,850 miles from the United States and the federal storm warning service said it "should be of little continental interest at this time for it is a long distance out at sea."

Two Are Arrested, Charged With Theft
Joe Greenwood and Arthur Neff were arrested Friday and placed in the county jail, charged with theft. The two are accused of stripping an automobile.

The arrests were made by members of the city police force. Thurman E. Crutchfield has been confined to the county jail on a charge of passing hot checks.

Arthur L. Adair, who was in confinement, as been released after he was given a year's suspended sentence on a DWI count.

Andrews Wildcat Bails Clean Oil

MIDLAND, Sept. 11.—Esperado Mining company No. 1 J. E. Parker, Central Andrews county wildcat, one and one half miles northwest of the Parker field, and 1,980 feet from south and 660 feet from east lines of section 2, block A-43, pal survey, bailed clean oil at the rate of one barrel per hour, over an extended period from the lime section at 4,682-88 feet, in the San Andres-Permian.

No water was developed. The production was natural. Operator is making new hole below 4,743 feet in lime. The venture will be continued to its contract depth of 5,000 feet, and if it finds no better indications of production it is due to plug back and test the zone at 4,682-88 feet.

That section likely will be treated with acid in an effort to make it yield petroleum in commercial quantities.

Slick-Urschel Oil Company and Plymouth Oil company No. 1 Standefer, southwest flanker to the initial Ellenburger producer in the Bendum field in East-Central Upton county, and 660 feet from north and 1,980 feet from east lines of lot 3, section 50 1/2, P. B. Scott survey, had re-perforated the casing at 11,450-490 feet, and had also perforated the sections at 11,340-370 feet, and at 11,400-430 feet. All of those intervals are in the Ellenburger, which was topped at 11,064 feet.

Operators are preparing to treat the perforated sections with acid, in an effort to make them produce oil and gas.

Interested observers hope that water intrusion which had come in the well on a previous test, has been shut off by a recent cement squeeze job.

Man Pleads Guilty To Charge Of DWI
Carl Cody entered a plea of guilty to the charge of driving while under the influence of intoxicants and was fined \$100 and costs in county court Saturday morning.

Judge Walton Morrison also suspended Cody's driving privileges for six months.

No. 1 Shelby To Drill Ahead

Honolulu Oil Corporation is preparing to run a 3/4-inch casing and drill ahead in the San Andres-Permian lime at its No. 1 Shelby county school land fee, Northwest Garza county wildcat.

This prospector, located 3,369 feet from north and 440 feet from east lines of the Shelby County School Land survey, ran two drillstem tests above the current total depth of 3,872 feet.

The first was at 3,640-72 feet. The tool was open three hours and 15 minutes. Recovery was 13 feet of oil and 12-feet of oil cut drilling mud.

The second test was at 3,523-3,872 feet. The tool was open four hours. Recovery was five feet of clean oil and 300 feet of drilling mud.

No water has been developed from the formation showing the possibility of production. The prospector is three miles southeast of Southland and about six miles north of the PHD field.

After the casing is run and cement a cable tool unit will be moved in to drill the plug and drill deeper.

Voltaire, the French author, is said to have drunk 70 cups of coffee a day.

SECRET WEAPON? CERTAINLY NOT!

Government Sleuths Solve Four-Year Mystery Of The Rubber-Collared Seals

WASHINGTON, Sept. 11. (AP)—The four-year-old "mystery of the rubber-collared seals" was on the dead-end track of a dead-end government sleuth. The Japs did it—unintentionally. The riddle has been secretly bothering the people at the government's fish and wildlife service ever since 1944, when they recovered a three-year old fur seal sporting a ring-like piece of thin sheet rubber around its neck. That was in the U. S.-owned Pribilof Islands, 300 miles off Northern Alaska.

They didn't say much about that first one. Not a thing to talk about. Seals wearing rubber collars? Nothing, really.

Then they found eight more in the same place, all banded out. That sent the F and W sleuths into brisk action. They chased down all kinds of seals. They asked the Army and the Navy. Some new kind of a sea-going secret weapon, maybe? The Army and the Navy sniffed. Don't, said the Army and

the Navy, be silly.

The F and W hawkshaws turned next to rubber manufacturers. That helped. The rubber probably had been processed in a foreign country. Ha!

"It was believed by some service biologists that Japanese or Russian scientists studying fur seal migratory habits had placed the rubber collars on the animals' necks for identification purposes," said Frank G. Ashbrook, chief of the F and W's wild fur animal investigation.

"But the service was unable to prove that theory."

The years passed.

Friday Ashbrook got word from the Air Force Air Material Command at Wright-Patterson Air Base, Dayton, O. This air force, had examined the collars. They could be fragments of rubber bags used by the Japanese during World War II for dropping food to their besieged troops in the Aleutian Islands.

Okay for the Jap troops. But the seals, the seals! Finally Ashbrook figured it out:

Many of the aerial bags missed their mark when parachuted down and were blown out to sea where they floated on the surface of the water.

"The food attracted the small pup seals who probably plunged through the narrow openings of the rubber bags. Clinging to the pup seals' necks, the bags could not be dislodged and eventually crumbled away. The rubber rings remained on the necks of the fur seals as collars."

See, Watson?

Big Spring (Texas) Herald, Sun., Sept. 12, 1948 5

HEALTH OFFICERS WILL LOOK INTO ALLEGED MILK SHORTAGE

AUSTIN, Sept. 11. (AP)—A conference of health officers here next week to look into an alleged Texas milk shortage has been announced by State Health Officer George W. Cox.

Dr. Cox said he would call "10 or 12" health officers from over

Texas Group Enroute Home From Capital

WASHINGTON, Sept. 11. (AP)—A group of Texas educators were enroute home Saturday after protesting to the Veterans Administration against a recent cut in GI tuition payments at junior colleges in that state.

Commission Asks U. N. Aid For Greeks

ATHENS, Sept. 11. (AP)—The United Nations commission on the Balkans has called on the UN General Assembly to intervene in the Greek situation, it was learned Saturday.

In a report to the General Assembly, about to meet in Paris, UNSCOB is reported to have called for action in view of what is termed the existing threat to Greek independence and political integrity.

Ballinger Man Named Farm Agent Director

COLLEGE STATION, Sept. 11. (AP)—New officers were named Saturday at the annual executive meetings of directors of Texas County Agricultural Agents and County Home Demonstration Agents.

FRB Lists Rules For Auto Buying On Installments

WASHINGTON, Sept. 11. (AP)—These new Federal Reserve Board rules for buying automobiles on the installment plan will go into effect September 20:

A down payment of one-third the cash price must be made on pre-1938 models, used or new 1949 models, or other new cars.

For 1938-45 model cars the down payment must be either one-third the cash price or one-third the "average retail value."

If the balance after the down payment is over \$1,000, 18 months will be allowed for full payment. The period will be 15 months if the balance is less than \$1,000.

"Average retail value" is determined by checking official price guides the reserve board listed along with its announcement of the new installment regulations.

Price Adjustments Set By Radio Firm

PHILADELPHIA, Sept. 11. (AP)—Upward price adjustments on a large number of radio and radio-phonograph models was announced Saturday by Philco Corp.

The company said the adjustments, averaging 2 1/2 per cent over the whole line at the retail level, will be effective Monday.

The CHIROPRACTOR—and You

This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

CASE HISTORY No. 206. This patient had developed fainting spells which grew in numbers and severity as time went on. During one of these spells she struck her head on the floor and on trying to rise discovered that all use had gone from her legs. Despite costly advice and treatment the condition gradually became worse. Sensation as well as movement was lost in the limbs. Eventually she was carried into a Chiropractor's office where analysis revealed the nerve pressure that was the cause of her trouble. The first simple adjustment enabled her to move her toes. In three weeks' time, leg movement returned, and a week later she was able to walk again. There has been no recurrence of the fainting spells since Chiropractic adjustments were given.

CASE HISTORY No. 468. Severe headaches had troubled this woman for eight years, the attacks occurring sometimes two and three times a week. She had obtained only temporary relief from the many treatments undertaken, and when she finally decided to try Chiropractic it was, she explained, "her last hope." A series of spinal adjustments brought immediate relief, and within 3 months the headaches had apparently ceased. Headaches occurred twice during the following six months and in both instances Chiropractic ad-

justments brought prompt relief. There have been no headaches since.

CASE HISTORY No. 421. A baby girl who had been subject to eczema since she was six months old. Scores of remedies were tried without success. Her mother, who had begun taking Chiropractic adjustments herself, suggested that Chiropractic might help the child. Analysis indicated nerve pressure and a series of adjustments were given. The eczema completely cleared up and has not reappeared at any time since.

WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By X-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you Phone 419. Appointment only.

Indian Troops Invade Hyderabad Territory

KABACHI, Pakistan, Sept. 11. (AP)—The office of Hyderabad's agent general in Pakistan Sunday night quoted the Hyderabad radio as saying Indian troops are reported to have entered Hyderabad territory. The invasion was said to have occurred after Hyderabad's Nizam (ruler) rejected India's demand that Indian troops be stationed in the city of Secunderabad.

LAYOUT ONE-FIFTH COMPLETE

Veterans Administration Hospital Project Is Ahead Of Schedule Set

Clicking along now at the rate of about one per cent per week, the Veterans Administration hospital project is one-fifth on the way toward completion.

Ahead of schedule, construction is now rated at 20.5 per cent by Louie G. Bradley, in charge for the U. S. Corps of Engineers. Brick and tile are beginning to roll into town in sustained volume and Cooper Brown, superintendent for Robert E. McKee Co., general contractor, has put a crew of brick masons to work.

The quarters for emergency attendants, located at the northeast corner of the tract and next to Gregg street, now affords the public an example of the type masonry to be used in the big project. The same brick will be used in the hospital proper; however, considerable polished marble trim will be used at the base and around the glass and aluminum trim entrance.

Seventy-tons of structural steel beams went into place last week on the power house, and as soon as steel workers rivet these fast and install the boiler, masonry will cover the towering skeleton.

Most of the foundations for the nurses quarters have been poured and forms are being rigged for the managers home. Form lumber is on hand for some duplex buildings

on the southwestern edge of the 30-acre hospital site, and footings have gone down for the quarter of a million gallon water storage tank which will tower more than 100 feet.

Meanwhile progress is being registered steadily on the main hospital building. After having completed the steel and concrete column work on the north wing of the structure, workers are moving rapidly to erecting forms and pouring beams and slab on the six stories of the center section.

Footings are virtually complete on the south wing and Bradley esti-

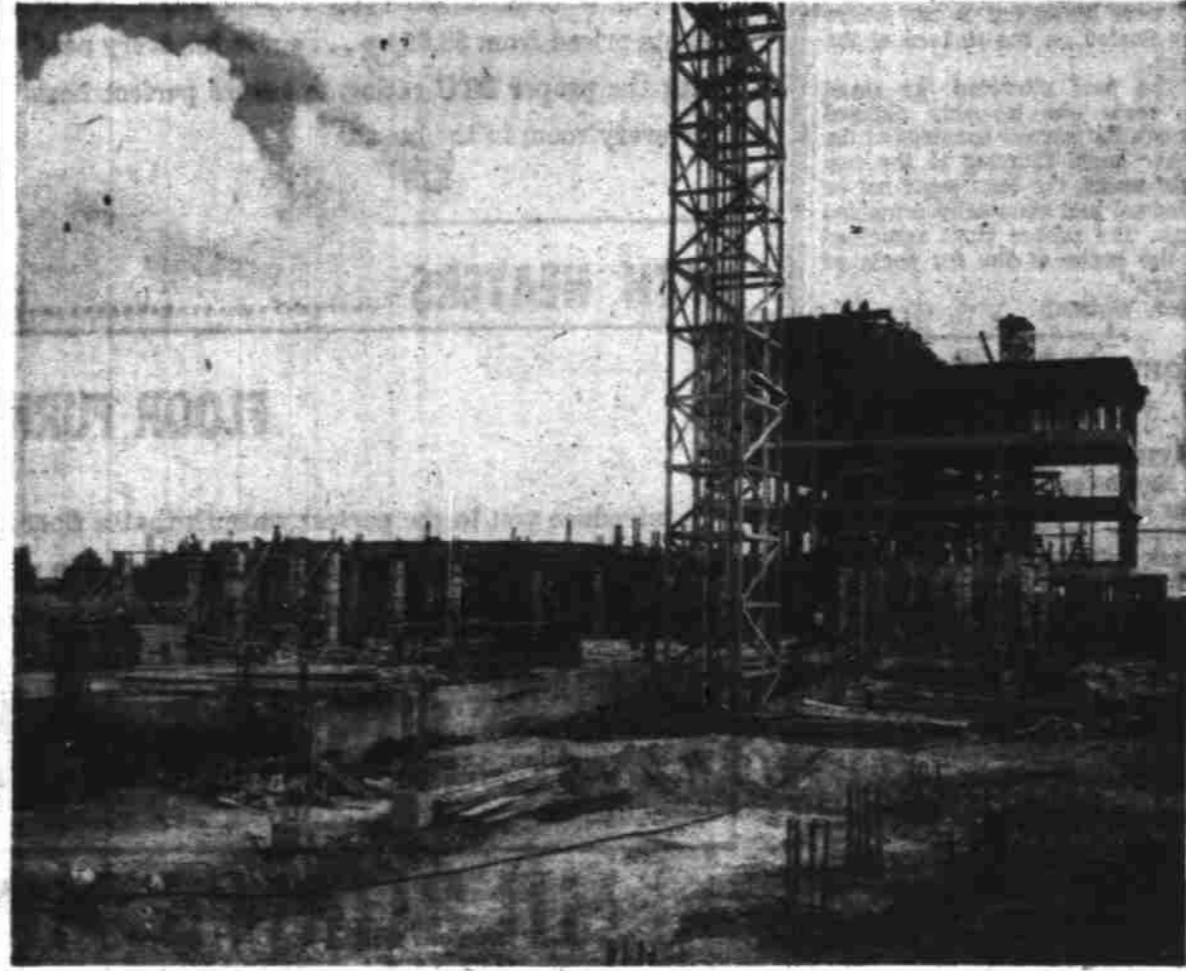

mated that about 50 per cent of the total amount of concrete work in the job was now complete.

The building is now high enough to give an idea of how it will appear. The one story wing on the extreme north end will house the laundry. The super-structure, which rises just south of it, is the north end of the main building and there will be two other comparable sections before the building tapers off to the south with a matching one story wing. Offices and clinical facilities will occupy the first three floors. Patients will be high enough to have a sweeping view of the hilly country to the south, the city

and rolling plains to the north.

Some idea as to the height of the building may be had from the flag pole, which was erected last week. This pole, a rather bulky affair in its own right, spires 75 feet into the air but is dwarfed alongside the building.

Brown estimated that there are some 250 men at work. He has about a dozen masons at work now and soon the number will be doubled. Work is scheduled so that the brick men will move in behind the steel pouring the super structure so that as much of the building as possible will be closed in before cold weather hits.

UP SHE GOES — Super-structure of the Veterans Administration hospital at South Gregg and Park Road is going up these days. This shot, made from the south, shows the north wing of the main building jutting upward in the background. In the foreground a new hoist has been erected to lift concrete as forms, shown in place for part of the first floor of the center section, are made ready. Center of the building will be in the wing at right of the hoist scaffolding. Below, a portion of the floor of the center section is seen from above. Further to the south and at a point where the last rectangular form may be seen, is the point to which the main building will go. Extending at an angle at extreme left will be the end of the building, a one story wing. (Jack M. Haynes Photo).

Horse Meat Found Again In Houston

HOUSTON, Sept. 11. (AP)—Meat samples taken from four large casks of meat, seized early Thursday by city meat inspectors and a deputy sheriff, have been reported by the state laboratory as horse meat, City Veterinarian J. W. Williamson disclosed Saturday.

Another sample, taken at the same time from the packing plant at which the four casks were seized, has tested negative, Williamson said.

Two men who were questioned by Williamson and the city meat inspectors are both under indictments returned by the May term grand jury in connection with its investigation of the meat situation here.

Meanwhile, Deputy Sheriff Bob S. Hodges, 39, who along with Williamson confiscated the meat, was found dead in bed at his home this morning by his wife when she went to awaken him.

Hodges had worked most of the night Friday and until early hours of Saturday morning with Williamson seeing evidence of the theft and slaughter of horses, the veterinarian said.

Justice of the Peace W. C. Ragan has ordered an autopsy in an effort to determine the cause of death.

Williamson said that he believed Hodges died of natural causes.

Air Force Cameras Set Aerial Record

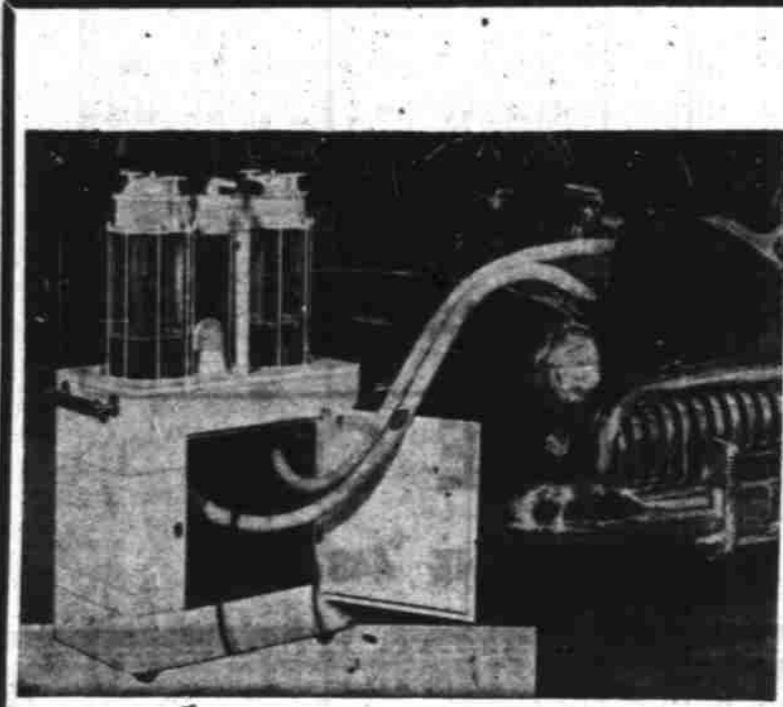

DAYTON, O., Sept. 11. (AP)—The Air Force said Saturday it set an aerial photographic record by filming a strip of the United States from coast to coast in a single flight.

Photographers of the Air Materiel Command at nearby Wright Field shot 325 feet of film — 390

individual photographs — in the Sept. 1 flight from Santa Barbara, Calif., to Mitchell Air Force Base, N. Y. The Air Force photographers flew the 2,700 miles at 40,000 feet with a tri-Metrogon K-17 camera installation firing approximately each 30 seconds. Such a camera, consisting of three six-inch cameras positioned so they record the earth from horizon to horizon, pictures about 130 square miles with each photograph.

First Again with MERTOX

Now — A QUART of Medicine for \$1.00

Now you can save \$4.00 with the NEW MERTOX. We know that the thousands of users of MERTOX will welcome this drastic innovation. Better health — MORE medicine for LESS money.

Thousands of bottles of liquid MERTOX were sold at \$1.50. A few months ago we reduced the price to \$1.25 because we realized incomes would not s-r-e-e-t-h far enough. This price reduction increased our sales volume tremendously. However, we were still not satisfied. For we felt that what was really needed was MORE medicine for LESS money. But with constantly increasing costs of raw material, bottles, labor, freight rates, etc., we just could not see any possibility of a further reduction. So we figured: why not eliminate the bottle, the high transportation costs, the extra labor costs of compounding, filling, capping, labeling and a great many other operation costs and put up MERTOX in a simple form so that the user could make it himself? Here it is! MERTOX in powder form, ready to make by simply adding water. For a few minutes' work you can save \$4.00. It's simple; it's easy. Full, illustrated instructions on the package for making and taking. The \$1.25 bottle of MERTOX contains 8 ounces. So do a great many other medicines. Thus, whether you need MERTOX or some other 8-ounce bottle of medicine, here is the way it figures:

Four 8-ounce bottles (1 quart) at \$1.25	\$5.00
One carton of the NEW MERTOX (makes 1 quart)	1.00
YOU SAVE	\$4.00

BETTER HEALTH WITH MERTOX

It has been found by researchers that many physical discomforts often arise from the accumulation of poisonous waste matter in the system and from the lack of certain health-giving elements supplied in plants by nature.

Mertox Compound contains the following ingredients: Black Cohosh, Barberry, Burdock, Dandelion, Gentian, Licorice, Poke, Mandrake, Sarsaparilla roots, Cascara Bark, Buchu leaves, Juniper berries, Senna leaves, Aloe, Magnesium Sulphate, Wild Cherry Bark, Capsicum, Stillingia, Salicylic Acid, Glycerine, Oil Sassafras, Methyl Salicylate, 1/10 of 1% Sodium Benzoate.

Mertox goes to work quickly to help overcome the torturing pains of rheumatism. It tones the bowels into a more rhythmic action. Gas and flat, indigestion, sour stomach are quickly relieved. Kidney and bladder troubles are helped so that the annoying broken rest from having to get up frequently at night is lessened. Dizziness and run-down feeling is overcome quickly. Helps to build rich, red blood. MERTOX can be taken by every member of the family. It contains no narcotics, opiates or calomel and will not make you sick or nauseate you in the slightest degree.

Ask your druggist for the NEW \$1.00 MERTOX package. All Texas wholesale drug houses have been stocked. If your retail druggist has not stocked the NEW MERTOX yet, he can get it quickly from his wholesale house.

A GREAT LIFE!

Local School Enrollment Hike Shows 2.3 Per Cent Increase

Enrollment in Big Spring schools was up 2.3 per cent over the comparable date at the end of the first week of school Friday.

Net increase was 66 students, but the figure is deceptive as affects conditions in elementary buildings. The elementary grades, where the crowding has been most acute, had a gain of 176, while high school and eighth grade enrollment were off by 110. In the latter instance, most of the decline was due to the eighth grade figure of 154. The eighth this year is the "gap" class created when the system went to the 12-grade plan years ago.

At the outset the "gap" grade had no members in it, and the 154 this year is the accumulation through new students, failure to advance, etc.

By schools, comparison with last year first week figures follow:

School	1944	1945
Central Ward	316	328
College Heights	217	254
East Ward	207	173
North Ward	209	196
Kate Morrison	223	215
South Ward	512	497
West Ward	444	512
Alport	122	122
Total Elem.	1,858	1,874
Lakeview (col)	115	104
Eighth grade	184	207
High School	697	728
Total	2,979	2,915

*West Ward data for the year shown this year in the Alport school, which was activated last spring.

Widespread resort to the half-day plan (separate morning and afternoon sections) through the first four grades in most schools has brought the elementary situation under control, said Dean Bennett, elementary supervisor.

The notable exception is the fifth grade at College Heights. This class has 53 members and Bennett is seeking to find some means of putting it on full day session, pointing out that at the fifth grade level children on half-day session would be losing about an hour a day in construction. The only solution seems to be in transferring out enough to other schools where the load is not quite so heavy. If this cannot be done, the administration may have to resort to a double-day plan for this College Heights grade.

First grade sections in every school are heavy, said Bennett. There are 337 youngsters in this grade, reflecting the appearance of the first of "war baby" crop in the public schools.

While some transferring will be accomplished this week, school activities will be in full stride. Classes are underway on regular schedules, and the high school is settling down to gear itself to the autumn season. One evidence is a scheduled pep rally Friday in preparation for the first home football game of the season.

High School P-TA Will Meet Tuesday

The high school P-TA will meet Tuesday at 3 p. m. in the high school, Mrs. W. D. Wilbanks, president has announced.

CROP Chapter Is Organized To Aid Needy

An organization to conduct a Christian Rural Overseas Program was formed Saturday afternoon at a meeting of community leaders in the county agent's office.

A complete staff of county officers, with A. J. Stallings as president, was selected and community chairmen were named.

The Howard County group also set Dec. 1-10 as dates for the local CROP drive. The goal for the county will be one car-load of grain sorghum.

Other county officers named were Mrs. Shirley Fryar, secretary; R. D. Anderson, treasurer; Joseph Hayden, publicity director.

The county committee is composed of Ira Driver, Willis Winter, and Melvin Choate.

Heading up the drive in their respective communities will be Mr. and Mrs. R. D. Anderson, Vealmoor; Mr. and Mrs. Fred Roman, Knott; Mr. and Mrs. E. T. O'Daniel, Coahoma; Mr. and Mrs. W. J. Rogers, Fairview; Mr. and Mrs. Lonnie Smith, Hi-Way; Mr. and Mrs. Hollis Puckett, Luther; Mr. and Mrs. Winston Kilpatrick, Richards; Mr. and Mrs. A. A. McKinney, Center Point; Mr. and Mrs. R. E. Martin, R-Bar; Mr. and Mrs. Bob Merrick, Soash.

Also, Mr. and Mrs. J. N. Craig, Forsan; Mr. and Mrs. Ross Hill, Elbow; Mr. and Mrs. H. O. Phillips, Lomax; Mr. and Mrs. George White, Hartwells; Mr. and Mrs. Roy Bates, Couble; Mr. and Mrs. W. D. Anderson, Morris; Mr. and Mrs. V. H. Wolf, Vincent.

Another meeting has been scheduled by the organization for 1:30 p. m. on Sept. 25.

Library Meet Called

Mrs. T. C. Thomas, president of the Friends of the Howard County Free Library association, has called a special meeting of the executive committee for 4 p. m. Tuesday in the county home demonstration offices. The special session, she said, was necessary to complete preparations for the review of Betty Smith's book, "Tomorrow Will Be Better," by Mrs. B. L. LeFever on Sept. 21.

Mrs. R. E. Talley Dies In Hospital

Mrs. Ruth Eloise Talley, 61, resident of Big Spring for more than a score of years, died at a hospital here at 3:15 a. m. after a short, critical illness.

She had been in delicate health, however, for a number of years, never having fully recovered from a broken hip she suffered in a fall.

Services will be held Monday at 3:30 p. m. in the Eberley chapel. The Rev. A. J. Carlston, First Methodist pastor, will officiate, assisted by the Rev. R. Gage Lloyd, First Presbyterian minister, and the Rev. C. A. Bickley, Lubbock, formerly her pastor in the Methodist church here.

She is to be buried beside the grave of her husband, Hiram L. Talley, who died on July 10, 1939, and was buried in the new Mt. Olive cemetery.

Mrs. Talley was born Dec. 16, 1867, at Marlin, Texas. She had been a member of the Methodist church since she was a young girl, and she and her husband came to Big Spring 21 years ago.

Surviving are two sons, Louis G. Talley, Big Spring, and L. Adam Talley, Odessa; three grand children, Gwendolyn, Myrna Jean and Robert Talley; and two sisters, with whom she had resided at 808 Dallas, Hattie Adams and Mrs. W. E. Talley.

Palbearers will be Shine Phillips, Cliff Hurt, S. M. Winham, Cecil Long, Ollie Williams, A. E. Walker, Grady Wilbanks, Lloyd Wooten. All friends will be considered honorary palbearers.

Assault Of Girl Is Reported Here

Local authorities were investigating the reported assault of a 16 year old girl near Big Spring late Saturday.

City police said that one suspect was being held by officers in Lamesa, and local highway patrolmen had gone there to continue the investigation.

Police said they were notified of the incident by the highway patrolmen. According to information received in the first report, the victim and a companion were in an automobile with three youths, who stopped their car in the vicinity of the city lakes. Police said they understood that two of the youths were involved in the assault, while the third prevented the other girl from interfering or escaping to sound an alarm.

November 2 Deadline On 'Loyalty' Filing

AUSTIN, Sept. 11. (AP) — Candidates in the Nov. 2 general election must file their "loyalty affidavits" with his office by 5 o'clock Friday afternoon Sept. 17, Secretary of State Paul Brown announced today.

Cotton Farmers Not Optimistic Over Weather

September weather has produced no optimism among Howard county cotton farmers, although feed crop possibilities are somewhat brighter, based on reports at the end of the week.

Several local observers agreed that previous estimates on the county's cotton yield appear exaggerated in view of developments during the past week. For one thing, cotton in fields which received moisture late in August have not produced new fruit as expected, and a period of extremely hot weather which followed the showers caused shedding of the small amounts of new bolls that did appear.

The consensus Saturday was that for better or worse, the crop apparently is made. That will mean, of course, that harvesting operations will begin picking up speed within the next few days.

Indications are that cotton pickers will be plentiful here this season. However, farmers have been advised to place their orders at the farm labor camp as early as possible in order that they can be sure of obtaining full crews.

The August showers apparently benefitted grain crops more than cotton. However, some fields were beginning to suffer from a shortage of moisture by the end of the week, which discouraged definite estimates.

County Agent Durward Lewter said he hoped to obtain some detailed information on grain prospects within the next few days, however. He has forwarded self-addressed cards to farmers, asking them to submit information concerning acreage, expected yield, amount to be sold, amount to be placed in government loan and storage space requirements.

The survey is being made, Lewter said, to obtain basis for an estimate on the amount of storage

THE WEEK

Continued From Page One

to produce much needed moisture. Rain in a week would still help the feed crop; it couldn't do much for cotton; and ranges are long past help for winter forage, but might be brightened with weeds.

That new fire station, on which bids will be asked soon, will be a right sharp looking structure at 18th and Main. It will blend with the residential area and have a ranch style effect on its long (79 feet) side fronting on 18th.

Youth men awaiting their time for draft registration may be interested in these figures. Those born in 1928 register Monday and Tuesday; those in 1929 on Wednesday and Thursday; and those in 1930 before Sept. 19 on Friday and Saturday.

Advance registration indicates a sound enrollment at Howard County Junior College, where a real demand for evening school classes is being felt. Looks like the adults, as well as youths just out of high school, are making use of the institution.

VOTERS

Continued From Page One

operate on sound economic footing.

Election judge will be Roy Reeder. Those eligible to vote in the election are those qualified as voters with residence of a year in the state and six months in the district, and who have rendered at the time they vote, property (either real estate or personal) for taxes.

The board of trustees is due to meet later in the week to canvass returns from the election, and in event the rate carries, there is little doubt that it will be levied

space needed for grain to be placed in the loan. Lewter said efforts would be made to locate suitable storage for all government grain.

A large share of Howard county's crop is expected to go into the loan if current market trends continue.

Arkansas Firm Wins Bid To Build 11 Houses Here

The Big Spring Building Corp. announced Saturday the acceptance of a bid from Ralph E. Power, Little Rock, Ark., for construction of 11 houses in Washington Place.

Power's bid represented the lowest figure submitted by five contractors, officials of the corporation said. A formal contract probably will be executed within the next few days.

The building organization had advertised for bids on the 11-unit project to launch construction on lots located in blocks 15-17-18 in Washington Place which were acquired recently from another developer. The new project brings the number of dwellings contracted by the organization to 16. Construction on five others already has been started by another contractor.

Shoe Manufacturer Dies In New York

AUBURN, N. Y., Sept. 11. (AP) — Fred L. Emerson, 72, millionaire shoe manufacturer and philanthropist, died at his home here Saturday.

Emerson headed the shoe manufacturing concern of Dunn and McCarthy, Inc.

The houses in the 11-unit project will face Park, Princeton and Mount Vernon streets in Washington Place.

The formal contract is due to provide for completion of the project in 90 days from the date of the contract.

Current efforts of the Big Spring Building Corp. are being directed toward providing housing facilities for T&P personnel to be attached to the new division headquarters here.

Other contractors who submitted bids on the 11 units, were E. H. Josey, Louis Thompson and Parker Bros., all of Big Spring, and E. J. Burk and Son of San Antonio.

Cadillac

HERITAGE

Cadillac is the only name in all motordom which has been identified exclusively with fine cars for more than 48 years. During that time many have sought a place in the fine car field—but only Cadillac has remained there continuously, year after year. This great heritage of experience has never been reflected more clearly than in the new Cadillacs you see on the streets and highways.

For these magnificent new cars stand definitely apart from all other automobiles. Today's Cadillac is distinguished, first of all, by striking originality and beauty of design—and its superb beauty is a true reflection of its inner goodness and magnificent performance. If you have not yet learned the full story of the new Cadillac, we cordially invite you to do so at our showrooms soon.

NO ONE WORRIES ABOUT POSTMAN UNDERGOING ANY PSYCHOANALYSIS

WASHINGTON, Sept. 11. (AP)—Everybody in government these days gets psychological studies to help him in his human relations. Everybody, that is, but the postman.

postman's psyche as important as anyone else's? In an attempt to find an answer to these questions, I put in a call to Bill Allen, the big Q and A man for the Post Office Department.

Artillery Duel In Jerusalem

JERUSALEM, Sept. 11. (AP)—Jewish and Arab artillery duelled in Jerusalem Saturday.

"Why don't we have psychological studies, too?" repeated Allen. "I don't know. I don't think anyone over here ever thought much about it, one way or the other."

"So he thought for a while. 'But I'll tell you one thing,' he said. 'We take good care of our men.'"

Rubber Group Asks To Cease Operation

MEXICO CITY, Sept. 11. (AP)—"U. S. Rubber Mexicana," subsidiary of the U. S. Rubber Co., is considering closing its Mexico City tire factory because of high costs.

Forsan School Enrollment 218

FORSAN, Sept. 11.—Enrollment in elementary and high school grades has amounted to 218 pupils at the end of the first week, Supt. G. D. Kennedy has announced.

Negro Voter Dies In Election Row

MT. VERNON, Ga., Sept. 11. (AP)—A Negro father of six children was shot and killed because he insisted on voting in Georgia's Democratic primary election, Sheriff R. M. McCrimmon said Saturday.

First graders, all from Forsan except where shown, are: Jerry Warren, John Benny, Larry Blankenship, David McElreath, Fred B. Park, Jerry Pike, William Prichard, Tommy Lee Willis, Reba Sue Bryant, Linda Kay Camp, Dorothy Nell Crumley, Sandra Sue Martin, Mary Bell Stockton, Elizabeth Story, Glenda Sue Whittenberg, Billy Littlejohn (McCamey), Derald McCabe, (Calif.), Wylene Amason, (Odessa), Loris Jacquelyne McMennary (Matador), Brenda Olive (Mangum, Okla.), In the second grade Anada Olive (Mangum), Arthur Littlejohn (McCamey), Gary Don Starr (Coahoma) are new. Jimmie McCabe (Calif.) is new in the fourth, Danny Roberts (Big Spring), in the fifth, Janice Amason (Odessa) and Virginia Littlejohn (McCamey) in the sixth.

Bomber Into Sea

FRANKFURT, Germany, Sept. 11. (AP)—A U. S. Air Force spokesman said Saturday the American B-29 bomber which disappeared more than a week ago after its crew bailed out over the Netherlands is presumed to have dropped into the Baltic Sea.

Elbow students enrolled in high school are James Cauble, John McChristian, Larry Shortes, Voncille Petty. Other new students are Bill Hanks (Salem, Ill.) Bob Baker (Garden City), Jimmie Green, (Levelland), Melba King (DeQuincy, La.), Birgil Bennett (Eunice, N. M.)

Dies In Kansas

WICHITA, Kas., Sept. 11. (AP)—Mrs. Rachel Harris, 80, Clarendon, on route by airliner to Pittsburgh, Pa., for medical advice, died in an ambulance en route to a hospital here Friday night. She collapsed on the plane.

THURMOND GOES WESTERN — Gov. J. Strom Thurmond of South Carolina (second from left) donned a western sombrero which was presented to him in Big Spring Thursday, when he made a luncheon address here. Thurmond is candidate for the presidency on the States Rights Democratic ticket, and the hat was a gift from W. D. Berry (right) who is a state committeeman in the States Rights organization. Others in the picture are Walter Reed, who presided for the luncheon and Mrs. Thurmond. (Jack M. Haynes Photo).

WINGS OVER BIG SPRING

Muny Constantly In Touch With Armed Forces Stations

The Muny airport now is in constant touch with all the Army and Navy flight stations in Texas. Installation has been completed on inter-flight communications equipment and first contacts were made Friday evening. The city has installed an operations board on which military flights in and out of here may be charted for benefit of pilots. The equipment will expedite the clearance of military operations from here to points of destination, and also will alert this field of any unusual military operations into this point.

was Gov. Strom Thurmond, South Carolina, and his wife and party. Traveling in a special Lockheed Lodestar, the States Rights Democratic presidential candidate came here for a speaking engagement and had his plane serviced before continuing to Midland and Lubbock Thursday evening.

her to the pens, but with Edwards spotting her from the air and directing several riders and others afoot, she was driven to the corral in about an hour.

Distinguished guest of the week

Two Banquets Will Be Held By Forsan Club

FORSAN, Sept. 11.—Plans for two banquets were talked at the meeting of the Forsan Service Club at its meeting Thursday.

During the week Tommy Lucas at Hamilton Field and Henry Long at Big Spring Flying Service completed private pilots license requirements. Lucas completed his work in a month's training and Long is to continue for his commercial pilot's rating. Sam Mellinger soloed at Hamilton Field.

Navy and Army traffic stepped up substantially last week and Saturday Jack Cook, Muny manager, had counted about 45 operations into the field within an 18-hour period. Demand for the port's 140-octane supply is increasing steadily. No word has yet been received on plans to provide jet fuel facilities. Civilian traffic is on the gain with return of cooler weather.

Members of the Forsan Oilers, winners of the Tri-County Baseball league, will be honored soon at a banquet when the trophies will be presented. Jack Lamb, president, is to help direct preparations for the affair. The first meeting in October will honor wives of the members.

Work on repairing runway contact lights at the Muny port is continuing and may be finished in the next two weeks. Also during the week a Texas Electric Service crew checked on the port's electrical facilities in an effort to eliminate interference with radio equipment in the control tower. The work is continuing.

Pioneer Air Lines has flatly refused to increase its rates, in response to a CAA authorization to do so today, Ray Lillard, terminal manager, announced Saturday. Pioneer, incidentally, had reported a sharp jump in traffic here since American Airlines cut out two of its flights into here a week ago.

A committee of four was appointed by Lewis Heuvel, president, to make recommendations as to what sort of identifying insignia that club members should wear at meetings and social gatherings.

Cedric Webb has completed his service as apprentice mechanic at the Big Spring Flying Service and was issued his aircraft mechanics certificate by Sam Monischek, CAA aircraft inspector.

Advertisement for 'FREE REMOVAL OF UNSKINNED DEAD ANIMALS' by Big Spring Rendering & By-Products Co. Includes a cartoon illustration of a dog.

Large advertisement for 'Wall Sweating CAN BE STOPPED' by Western Insulating Co. Includes details about insulation and contact information.

To Address Baptist Brotherhood Meet

The Rev. Warren Stowe, pastor of the Airport Baptist church, is to address the Brotherhood of the First Baptist church, at its regular meeting Monday at 7 p. m. in the church basement, Orville Bryant, president, has announced. The Rev. Stowe has just recently assumed his duties after completing studies at Baylor University and serving a Central Texas pastorate.

Saturday To Be Air Force Day

Saturday, Sept. 18, has been proclaimed by Mayor G. W. Dabney as Air Force Day in Big Spring. In setting aside the special day, which marks the first anniversary of the Air Force as a separate arm of the nation's military might, the mayor urged business men and residents to fly their flags.

Moyie Head Arrives At Russian Capital

MOSCOW, Sept. 11. (AP)—Eric A. Johnston, president of the Motion Picture Association of America, arrived in Moscow by air Saturday.

In his proclamation he took note that "the U. S. Air Force on Sept. 18 1947, in the 40th year of its history as the world's oldest military air organization, became an autonomous air force, and to this year observing its first anniversary." He went on to say that this recalled the "years of experience, of development, and of service that have produced its present capabilities and efficiency which the nation recognizes as one of its most far-reaching weapons of defense."

Germans Arming

BERLIN, Sept. 11. (AP)—The British-licensed newspaper Telegraph said Saturday thousands of members of the Russian-Indoctrinated "Free German" army are to be armed and stationed at strategic points in the Soviet Zone of Germany.

Cites Advantages Of Underwriters

Joe Pond, Big Spring, cited advantages of belonging to an underwriters organization as he addressed the monthly meeting of the Big Spring Life Underwriters association Saturday.

T&P Workers Seek Minimum Wage Law

FORT WORTH, Sept. 11. (AP)—A minimum wage law of 75 cents an hour was asked by Texas and Pacific Railway maintenance workers in convention here Friday.

The declaration was included in one of seven resolutions passed at the last meeting of the T&P system federation No. 121.

H. E. McGowan, Marshall, was re-elected president.

Engineers To Start Rio Grande Project

ALBUQUERQUE, N. M., Sept. 11. (AP)—The U. S. Engineers expect to start emergency flood control work next week on the Rio Grande near Alamosa, Colo.

Lt. Col. Joseph O. Killian, district engineer, reported this in announcing Querice and Kane, Alamosa contractors, were successful bidders for the job.

NOW AT PEAK

Polio Outbreak Is Following Pattern

NEW YORK, Sept. 11. (AP)—The 1948 outbreak of polio in the United States is now at its peak, and if it goes on from here as nearly all others have, it will end with about 22,000 victims, the third largest number in the nation's history.

If it goes that high in victims, it will cost between \$25,000,000 and \$35,000,000 for medical care, mostly coming from March of Dimes.

Ordinarily the peak for infantile paralysis is the last week in August and the first in September. This year is following the pattern of other years, despite the fact that this year the polio epidemics started about two months earlier than usual, with the current outbreak in Texas.

Usually, after the August-September peak there are as many additional cases as there were before. This year so far shows no sign to justify hope it will be different.

The total cases on Sept. 2 were 11,155. Multiply that by two to get the normal prospect. The top was 1916 with 27,363; second 1946 with 25,698; third 1944 with 19,029.

The figures are from the National Foundation for Infantile Paralysis, which collects and administers the March of Dimes. The foundation up to a week ago had sent, as emergency funds, \$2,800,000 to hard-hit states and communities. The foundation calculates that this emergency money will reach \$5,500,000 by the end of the 1948 epidemic.

Emergency money from the national office is what states and communities get after they have exhausted that part of the dimes money kept by the local chapters. The largest emergency contributions have been made to the three states—California, Texas and North Carolina—where this year's epidemic was worst. Totals to the three are \$633,400.

Those three states are the only ones in which the number of polio victims has exceeded 1,000. The figures, of Sept. 2, are California 1,877, North Carolina 1,761 and Texas 1,256.

Only one state has zero cases, Rhode Island. Nevada has two, New Hampshire, seven. All other states, and the District of Columbia, have more than 10 cases each.

If this year follows the average, 65 per cent or more of the polio victims will recover with no permanent damage. Around 15 per cent will suffer more or less serious shrinkage of limbs. Five to 10 per cent will die.

Thus far there is no reason to expect much difference in the polio tolls. Sometimes there are differences in the virulence of the viruses that cause this disease, making some outbreaks milder than others. This year's virus appears to be about average.

MATHIS

Mathis Studio presents Miss Dot Cauble, daughter of Mr. and Mrs. Lad Cauble, 800 Johnson St. Dot is a member of the Sub-Deb Club, was yell leader for three years and was active in student government. She chose Mathis Studio, 103 E. 2nd St., to make her portrait because of their reputation for finer portraits.

WEEK'S BUSINESS

Building Is Hardest Hit By A Slump

Major business indicators tumbled during the past week as school opening and other activity apparently monopolized interest.

Hardest hit by the slump were city building figures which dropped to a mere \$2,500. The decline followed one of the busiest weeks of the year on the building front. Only five permits were issued during the week, one for a small residence, three for repair work and one for moving a building. Total figures for the year to date amount to \$6,617,377.

Based on warranty deeds filed at the county clerk's office, real estate transactions also declined, but not as decisively as building figures. Transactions involving \$22,300 were recorded during the week to run the year's total to \$1,636,291.

New motor vehicle deliveries dipped only slightly. Records of licenses issued in the county tax assessor-collector's office showed that passenger cars were ahead, as usual, with 13. Also registered were four trucks, one motorcycle and one motorbike.

Educator Believes Boom Near Its Peak

DALLAS, Sept. 11. (AP)—The post-war business boom in Texas is near its peak, Dr. Robert W. French, University of Texas business economist, said here.

Speaking to the Dallas Lions Club, French today said "the signs are more numerous than ever that the boom is about over and the turn is at hand."

Aid To California

BOSTON, Sept. 11. (AP)—Five iron lungs were flown from Massachusetts to Los Angeles Friday night to help combat an outbreak of infantile paralysis.

To Study American Way

DEAD GI'S INSURANCE PAYS JAP FLIER'S WAY TO THE U. S.

TOKYO, Sept. 11. (AP)—Robert Nishiyami, 23, a former Kamikaze pilot, left by plane Saturday to learn the American way of life.

His four-year Odyssey and education will be financed by a dead American soldier, Robert Johnstone of Downingtown, Pa.

Johnstone, who died in the Philippines, bequeathed his \$10,000 GI insurance for the education in American ways of one of the Japanese enemy.

Nishiyami will study at Pennsylvania's LaFayette College and will major in liberal arts.

He was visibly moved Saturday when he left Haneda Airport aboard a Northwest Airlines plane.

"I wish I had known him," he said of his benefactor. "If his body has been returned to America I must hasten to his grave. He had so much greater vision than we Japanese in the hysterical days of the war."

The Japanese pilot who had pledged his life to his country in a suicide dive on an American warship said farewell to his wife, Helen, a Stanford graduate, and his two-year-old daughter Rhoda.

When he completes his education, Nishiyami said he wanted to return to Japan as a teacher, even though the pay is small.

Juvenile Center Head Is Charged With Rape

INDIANAPOLIS, Sept. 11. (AP)—Edwin B. Lowell, 39-year-old superintendent of Merion County juvenile center, was charged with rape Saturday for alleged intimacies with a 15-year-old girl at the center.

Major Robert A. O'Neal said Lowell signed a statement admitting he had sexual relations with two girls at the institution. The rape charge was filed after it was determined one of the girls was under 16 years.

Actress Divorces Producer Of Films

LOS ANGELES, Sept. 11. (AP)—Actress Susan Peters has divorced Richard Quine, actor-producer, to whom she was married some 13 months before she was paralyzed in a hunting accident.

Price Index Rises In Wholesale Field

NEW YORK, Sept. 11. (AP)—The Associated Press composite of 35 wholesale commodity prices made its first Friday-to-Friday advance in six weeks Friday.

The index stood at 186.36 against 185.53 a week earlier and 184.35 a year ago. It is based on the year 1926 as 100.

Prize Boar Captures Top Price Of \$1,550

TIMONIUM, Md., Sept. 11. (AP)—The sale of a prize boar for \$1,550 was claimed by state fair officials here Saturday to be the second highest price ever recorded for its type.

The grand champion Hereford boar was sold by Margaret Hatten of Marshall Town, Iowa, to Dr. S. W. Hoover of Dundalk, Md.

California Farmers Protest Cotton Plan

BERKELEY, Calif., Sept. 11. (AP)—The California Farm Bureau Federation announced it had protested the government's plan to impose cotton marketing quotas for 1949.

California's allotment under the plan would be 355,000 acres, the same as it was in 1942. This year 804 acres will be harvested.

The national acreage allotment, however, would be increased 3,500,000 acres.

Federation President Ray B. Wiser, protested to Secretary of Agriculture Brannan against such a reduction in the state's acreage.

Ten Winners Selected From 359 In Legion Auxiliary Baby Contest

Winners in a baby contest—ten chosen from an entry list of 359—are being announced by sponsors of the event, the American Legion Auxiliary and Culver Studio.

A board of five judges in Abilene, headed by Mrs. Lewis B. Jordan, president of the Legion Auxiliary in that city, spent days going over the big stacks of photos to determine the winners in each of three age groups.

Photos of all entrants in the contest are to be displayed at a later date, to be announced by the sponsors.

Named as "grand prize" winner was Brenda Pyles, 10-month-old daughter of Mr. and Mrs. A. B. Pyles. Brenda receives a \$25 U. S. savings bond, and a 16x20 hand-tinted portrait.

Other winners in the various age groups follow:

GROUP I, age one month to six months—First, Donna Havins, 4½ months, daughter of Mr. and Mrs. D. J. Havins; second, Howard Hall, 4 months son of Mr. and Mrs. Bert Matthies.

GROUP II, age six months to two years—First, Kent Sneed, 15 months, son of Mr. and Mrs. M. C. Sneed; second, Donna Marie Clinton, 22 months, daughter of Mr. and Mrs. G. C. Clinton; third, Garry Lynn Frizzell, 8 months, son of Mr. and Mrs. O. V. Frizzell.

GROUP III, age two years to six years—First, James Melvin Reed, 2, son of Mr. and Mrs. A. E. Reed; second, Kay McGibbon, 6, daughter of Mr. and Mrs. K. H. McGibbon; third, Mary Ella Bain, 6, daughter of Mr. and Mrs. W. H. Bain.

Awards in the various age groups are as follows: Group I—baby buggy, baby scales, car seat; photos 11x4, 8x10, 5x7. Group II—\$10 gift certificate, kiddie car, silver baby cup; photos 11x14, 8x10, 5x7; Group III, \$10 gift certificate, sterling silver fork and spoon, child's ring; photos 11x14, 8x10, 5x7.

Members of the Legion Auxiliary Saturday expressed appreciation to all parents who assisted in making the contest a success, and to merchants who participated in the gift awards.

Modern Women's Forum Begins Year Of Work With Annual Banquet Friday

Short talks on club work by the members were given at the annual banquet of the Modern Woman's Forum Friday evening at the Hotel Settles.

Mrs. Bob Eubank, president, presented facts from the general Federation News, stressing the need for a clubhouse and the work of a Federation. Mrs. Moree Sawtelle discussed the work of the Hogg Foundation in Big Spring and its undertakings here and community betterment by the women's clubs in Texas. She also brought

forth the 12 outstanding needs of Big Spring as outlined by Mr. Matthews of the Hogg Foundation and pointed out how the club could support any one of these as its project.

Mrs. Ira Driver was program chairman for the evening. Mrs. Charles Koberg gave the invocation and Mrs. Bill Bonner played musical selections.

New members introduced to the club were Mrs. Robert E. Lee, Mrs. C. C. Jones and Mrs. Marie J. Stewart.

The banquet table was decorated

with the club colors, red and white, and held as its centerpiece, an arrangement of red gladioli and autumn leaves.

The next meeting will be with Mrs. J. P. Dodge on Sept. 24.

Those present were Mrs. L. E. Eddy, Mrs. Bob Eubank, Mrs. J. P. Dodge, Mrs. Charles Koberg, Mrs. Ira Driver, Mrs. A. B. Wade, Mrs. D. C. Sadler, Mrs. H. M. Rowe, Mrs. H. G. Keaton, Mrs. Bill Bonner, Mrs. Marie J. Stewart, Mrs. W. F. Cook, Mrs. Moree Sawtelle, Mrs. C. C. Jones and Mrs. Robert E. Lee.

JAMES MELVIN REED, First Place, Group III

Lela Mae Williams Claude King, Wed

FORSAN, Sept. 11. (Sp1)—The marriage of Lela Mae Williams, daughter of Mr. and Mrs. H. L. Williams of Wichita Falls to Claude King, Jr., son of Mr. and Mrs. Claude King, was solemnized in the parlor of the First Baptist church in Big Spring Saturday evening.

The Rev. Cecil Rhodes of Big Spring, performed the single ring ceremony in the presence of close friends and the immediate family members.

The bride wore a tailored brown check suit, a blue blouse and brown accessories. Her corsage was a gardenia.

Bobby Jane Williams attended her sister as maid of honor. She was attired in a grey dress, with black accessories and a corsage of pink gladioli.

Eddy Ray King acted as best man.

Mrs. Williams, mother of the bride, wore a black dress with black accessories and a gladioli corsage. Mrs. King also wore black, with black accessories and a cream colored gladioli corsage.

The couple is enrolled in Texas Tech, Lubbock, and plan to re-enroll for the fall semester. At present, they are making their home in Big Spring, where King is employed by a drilling contractor north of Big Spring.

Rosa Faye Rice Becomes Bride Of Harry Weeg In Recent Rites

Mr. and Mrs. Harry D. Weeg, are at home in Big Spring following their wedding in the home of the Rev. and Mrs. James S. Parks on Sept. 3.

Mrs. Weeg is the former Rosa Faye Rice, daughter of Mr. and Mrs. B. D. Rice and the bridegroom is the son of the late Mr. and Mrs. Harry Weeg.

The bride was dressed in a gray gabardine dress styled with a bustle back and full skirt, red and white peppermint stripe hat and other matching accessories. Her corsage was of white gardenias surrounded by baby red roses.

Carolyn Hill, maid of honor, was dressed in a pink crepe frock with a lace neckline, and black accessories. Her flowers were purple mums.

Bob Craig was best man.

The bride is a 1948 graduate of Big Spring high school; Weeg graduated from Big Spring high school in 1947, attended the Howard County Junior College and is now employed at Cosden Refinery.

Mr. and Mrs. Harry Weeg

Forsan HD Club Names Delegates To State Meet

FORSAN, Sept. 11 (Spl)—Mrs. G. B. Hale was appointed Forsan delegate for council to attend the state convention in Temple at the meeting of the Home Demonstration club in the home of Mrs. H. G. Starr Tuesday afternoon.

Other business discussed was a cake sale to be held in Big Spring Sept. 18; Mrs. G. B. Hale was appointed chairman of arrangements for the annual Home Demonstration fair and final plans were completed for Achievement day, which will occur during September.

Margaret Christie, County Home Demonstration agent, baked as the demonstration a chiffon cake which was served to the attending guests.

They were Mrs. G. G. Green, Mrs. J. M. Craig, Mrs. G. B. Hale, Mrs. H. L. Tienarend, Mrs. Frank Theime, Margaret Christie, Mrs. M. M. Fairchild and Mrs. Starr. Guests attending were Mrs. W. C. Yandell of Otis Chalk and Mrs. Dixie Davis of Big Spring. Mrs. W. T. Hank and Mrs. Sam Starr.

Organ Recital Will Be Today

Students of Mrs. Marjorie Rainwater will be heard in recital at 4 p. m. today at the First Methodist church.

Giving performances at the organ, the students will be accompanied at the piano by Mrs. Rainwater. Organists are Billie Jean O'Neil, Jackie Marchant and Kitty Roberts.

Miss O'Neil will play *Arioso* (Bach), *Waltz* (Brahms), *Norwegian Dance* (Grieg), *The Old Refrain* (Kriesler), *Rhapsody* (Demaret), *Miss Marchant* is to play *LaCinqtaine* (Gabriel-Marie), *Arioso* (Handel), *Londome From Piano* (Folk Tune), *Thome From Piano* (Schubert), *Caprice* (Svendson), *Monastery Garden* (Kettelbey), *Derivish Chorus* (Sibek), and *Anitra's Dance* (Grieg).

The public is invited to attend.

Students From Stanton. Are Returning To Colleges And Universities Now

STANTON, Sept. 11. (Spl)—Thurbin Robinson of Colorado was here Wednesday visiting friends and relatives. He has been at the bedside of his father who is very ill in Odessa.

Mr. and Mrs. John Atchison, Jr., and son, Carl, of Phoenix, Ariz., are here visiting in the home of his parents, Mr. and Mrs. John Atchison, Sr. After leaving here Carl will return to Texas university where he is a senior this year.

Mattie Flanagan has accepted a job with the Courtney Gin.

Nancy Roquemore went to Abilene Monday where she is enrolled as a student at St. Joseph Academy.

To leave this week for college are the following students: Bobby Haslip, Jerry Hall, Van R. O. S., Margaret Flanagan, Sue Peters, Billie Evelyn Lindsay, and Frances Rhodes, to Texas Tech; Gracie McWhorter, Jimmie and Susie Stallings, and Lila Winter, to McMuray; James Lester Myrick to Baylor; Belle Jones to WTSTC; Lynn Fisher to ACC; Ellis Ray Bennett to Texas university; and Guy Henson and George Peters to San Angelo college.

John Peters and son, George, returned Thursday from visiting Mrs. Bill Simmons and family in Gainesville and Mr. and Mrs. W. P. Odum in Baird.

Mr. and Mrs. Jim McCreeles entertained in her home with a dinner Thursday evening. Attending were Mr. and Mrs. E. M. Massey and Loree, Mr. and Mrs. W. R. Chandler, Mrs. Viola Dillard and June and Peggy of Central, N. M.

Louise Graham, formerly of Merkel, is a new resident.

Otis Davidson is seriously ill in a Big Spring hospital.

Mr. and Mrs. Walter Graves and son, Granville, were in Dallas visiting recently.

The Stanton Rebekah lodge made plans at this week's meeting to pack a birthday package for their adopted orphan. Attending the session were Pat White, Obara Ang, Vera McCoy, Francis Butcher, Georgia Gray, Alice Angle, Audrey Louder, Naomi Yell, Loretta McReynolds and Pauline Graves.

Keep Your Beauty In Season

Hicks, Howard Payne; Gyndolyn and Doylee Gilmore, Hardin-Simmons university; Tildon McMahan, Colorado city hospital; Evelyn Martin, Draughn's Business college, Abilene; Dorothy Gressett and Wayne Maroney, WTSTC, Canyon; Bobby Wash and Bobby Baker, H-SU; Dwight Paintner and Darnell Peacock, NSTC; Jan Livingston, NTSTC; George Green and Darrell Adams, Texas Tech.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisite prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 50 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the tummy, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

COSDEN CHATTER

Cosden Employees Spend Weekend At Company Camp

By Personnel Department

A group of employees from the small departments in the office are spending the weekend at the company camp on Fort Phantom Hill Lake near Abilene.

J. W. Burrell returned to the office Tuesday from a two-week vacation.

A. V. Karcher is receiving treatment at the Scott and White Hospital in Temple.

Louis Patton, Patton Printing Company of Fort Worth, was a visitor in the office this week.

Lt. and Mrs. Frank Duley, formerly of San Francisco, Calif. have spent the past week in Big Spring visiting with Helen Duley, Lt. Duley will report to Baltimore, Md. for duty.

Leonard Blackwell's daughter, Julia Ann, entered the hospital Thursday morning.

Mrs. D. R. Gartman spent last Sunday in the hospital.

Mrs. W. D. Willbanks entered the Stanton hospital last Saturday.

C. E. Milam's son, Dickie, was in the hospital last Sunday with a fractured bone.

Pedro Diaz's wife entered a local hospital last weekend.

Mr. and Mrs. Frank Neal, Sr. and Mr. and Mrs. Frank Neal, Jr. of Framingham, Mass. are visiting in the George Grimes' home. Mrs. Neal, Jr. is a sister of Mrs. Grimes.

Betty B. daughter of Mrs. Anna Mae Lary, left today for Fort Worth where she will attend the Texas Christian University.

R. L. Tollett spent Thursday and Friday in Houston on company business. He is leaving early Monday for Chicago, Ill. to attend the annual meeting of North American Gasoline Tax Conference.

Refinery employees on vacation are Johnnie Hobbs, Ira C. Raley, Ray Groseclose, Claude A. Ramsey, George Phillips, James M. Dalton, R. E. Holliman, J. R. Pike, A. D. Barton and T. G. Harvell.

Kay Tollett left Wednesday evening for Vernon and Wichita Falls. After a visit with her grandmother in Wichita Falls, she will continue her trip to Washington, D. C., where she is enrolled as a freshman student at the George Washington University.

Though enrollment for the morning kindergarten class was completed the first day of school, a few openings remain in the afternoon class, and enrollment in that class will not be closed until Friday, September 17th.

"Education In Homes" Is Topic To Be Discussed By P-TA Units

The general theme for the year's programs of the local units of the Parent-Teacher Association is "Education in Homes". The September programs will be built around "Summary of Recent Elevations of Your Own Schools".

The Parent-Teacher meetings began Thursday with the convening of the East Ward Unit.

Four units will meet this week. They are High School and North Ward on Tuesday and Central Ward and Airport on Wednesday.

October's programs are "The Home—In The Light of The Health of the Family"; November, "The Home—A Pattern for Building Sound Character and Moral Values"; December, "The Home—A Unit for the Devotion of Emotional Ties, Love, Affection, etc."; January, "The Home—A Practical Laboratory to Train for Homemaking and Economical Industry"; February, "The Home—A Democratic Unit for World Peace"; March, "The Home—A Place to Develop Citizenship, Responsibility"; April, "Better Homes with the Help of the School"; May, "Finding Permanent Values Through Home and School".

Mrs. Zollie Boykin, president of the Parent-Teacher Association city council, is making addresses at each unit's first meeting and is stressing the importance of the forthcoming school bond election.

Other officers of the council are Mrs. J. C. Lane, vice-president; Mrs. W. N. Norred, secretary; and Mrs. Lambert Ward, treasurer.

Unit officers include Mrs. W. L. Clayton, president at West Ward; with Mrs. Jack Y. Smith, vice-president; Mrs. E. T. Reynolds, secretary; and Mrs. Cecil Penick, treasurer, as other West Ward officers.

East Ward leaders are Mrs. Walter Smyrl, president; Mrs. A. C. Klovin, vice-president; Mrs. M. B. Beam, secretary; and Mrs. A. J. Rogers, treasurer.

Mrs. W. N. Norred is serving her second year at College Heights as president. Her helpers are Mrs. Don Seale, vice-president; Mrs. Clyde Thomas, Jr., secretary; and Mrs. Robert Stripling, treasurer.

High School Parent-Teacher Association is headed by Mrs. W. D. Willbanks, Mrs. J. D. Jenkins is vice-president; Mrs. J. C. Rogers is secretary; and Mrs. Harry Montgomery is treasurer.

South Ward leaders are Mrs. Harry J. King, president; Mrs. George French, vice-president; Mrs. Violet Reed, secretary; and Mrs. L. R. Terry, treasurer.

Airport Parent-Teacher Association, which was recently organized is without a president unofficially at this time as Mrs. W. C. Daniel, elected president, has moved to Midland. Other officers are Mrs. W. H. Patterson, vice-president; Mrs. Z. S. Lottis, secretary; and Mrs. F. W. Medley, treasurer. A new president will be named at this week's meeting.

Mrs. Alton Underwood is leader of the Central Ward unit with Mrs. Albert McGee, vice-president; Mrs. Roy Tidwell, secretary; and Mrs. Elva McCrary, treasurer.

Mrs. Earl Hollis is the North Ward president; Mrs. Brown Rogers, vice-president; Mrs. C. C. Hendrick, secretary; Mrs. O. C. Lewis, treasurer and Mrs. Cliff Hendricks, reporter.

All unit chairmen had not been appointed but will in the near future, as the year gets underway.

Art Study Club Distributes Pins

Handmade club pins were presented to the Art Study club members at the session Friday afternoon in the home of Mrs. Bob Satterwhite.

Being displayed for the afternoon were small wooden figures of carol singers which were made and painted by Mrs. R. L. Coffee.

Yearbooks were dedicated to Mrs. Bob Satterwhite and were distributed at the session. Mrs. Alton Underwood presented Mrs. Satterwhite with a gift.

Mrs. Mary Raley discussed "Art Itself and What Art Means".

Members present were Mrs. Underwood, Mrs. John R. Chaney, Mrs. Raley, Mrs. W. D. Green, Mrs. Satterwhite, Mrs. Coffee, two new members Mrs. Johnny R. O'Brien and Mrs. C. D. Lawrence. Mrs. L. L. Miller and Mrs. R. B. Abernathy were guests.

Mrs. John R. Chaney will be the next hostess.

Mrs. Happy Hickman Is Party Honoree

Mrs. Gusie Biffle entertained Friday evening with a birthday dinner for Mrs. Happy Hickman at her home.

The party rooms were decorated with fall flowers. Centerpiece for the dining table was composed of white and red zinnias. Games were entertainment.

Approximately 12 persons attended.

Dannalley Family Are Party Honorees

FOR SAN, Sept. 11 (Sp) —The Rev. and Mrs. J. C. Dannalley were honored with a miscellaneous farewell shower following prayer meeting at the church Wednesday evening.

The Dannalleys are moving to Vernon.

Those attending were Mr. and Mrs. E. N. Baker, Mr. and Mrs. J. W. White, Mr. and Mrs. R. A. Chambers, Mr. and Mrs. Cecil Suttles, Mr. and Mrs. Bob Cowley, Mr. and Mrs. H. L. Grant and Jimmy Lee, Mr. and Mrs. G. D. Kennedy and Gerald, Mr. and Mrs. C. L. King and Larry Joe, Mr. and Mrs. J. E. Chanior and Sara, Mr. and Mrs. A. W. White and Sue Ellen, Mr. and Mrs. C. V. Wash and Danny.

Mr. and Mrs. J. A. McMillam and Donna Ann, Mr. and Mrs. H. M. Smith, Mr. and Mrs. E. C. McArthur and Roland and Wayne, Mr. and Mrs. A. O. Jones, Sue, Hood and Jimmy, Mr. and Mrs. Jesse Overton, Jesse Lewis, Loreta and Lanelle, Mr. L. W. Moore, Mrs. H. N. Yearden, Mrs. S. C. Crumley, Sr., Betty Jo Rose, Wayne Montoney, John Butler and the Rev. and Mrs. Dannalley and children, J. Charles and Deborah Sue.

Mrs. J. Howard Hodge Will Speak At Banquet

Mrs. J. Howard Hodge of Midland, member of the Texas State Federation of Women's Clubs Executive committee has been announced as guest speaker for the Big Spring Federation of Women's Clubs' first annual banquet on Sept. 20 at the Hotel Settles ballroom.

Hostess clubs for the affair will be the 1905 Hyperion club; the Spondazio Forsa and Epitlon Sigma Alpha sorority.

Members of each of the city's 18 federated clubs will be sent an invitation. Reservations are to be made not later than Friday, Sept. 17, and are to be called to Mrs. Andy Arcand, 1273-J; Mrs. Lewis Price, 1862-J; and Mrs. James Little, 792.

Dress will be formal. An attendance of almost 350 persons is anticipated. Several District and State Federation officials are being asked to attend.

Mrs. Obie Bristow is chairman of the banquet social committee, and members are Letta Cowley and Mrs. Bill Davis. Mrs. Don Seal heads the program committee, working with Mrs. R. C. Thomas and Mrs. Darrell Webb. Acting as hostesses at the dinner will be Mrs. Charles Watson, Mrs. George Vineyard, Leatrice Ross and Mrs. H. W. Smith, presidents of the host clubs and of the City Federation. Invitations are in the mail today. Plates will sell for \$1.50.

Sewing Entertains Eager Beaver Club

Sewing was entertainment for members of the Eager Beaver Sewing club Thursday afternoon in the home of Mrs. W. L. Clayton.

Refreshments were served to Mrs. Edna Riddies, Mrs. Dale Proctor, Mrs. H. D. Bruton, Mrs. J. D. Kendrick, Mrs. Denver Yates and Mrs. Joe Mitchell.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing the flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

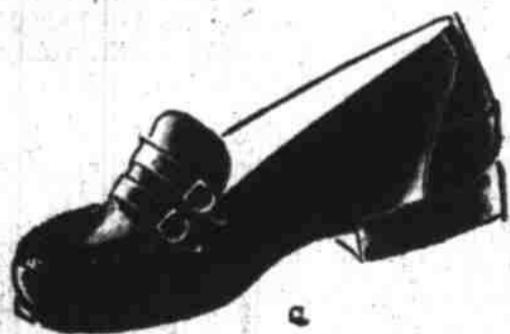

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis which counteract gas and bloating when what you so dearly need is acid tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

German Editors Here

NEW YORK, Sept. 7. (AP) — A group of German editors and publishers has started arriving here under sponsorship of the American Press Institute to participate in a Columbia University course on the functions and techniques of a democratic press.

Lynelle Sullivan, daughter of Mr. and Mrs. C. B. Sullivan leaves Tuesday to enroll in Abilene Christian College in Abilene as a sophomore.

Patty Crouch Becomes Bride Of Ray Prater

FORSAN, Sept. 11. (Spl)—Patty Lou Crouch, daughter of Mr. and Mrs. Ott King, and Ray Prater, son of Mr. and Mrs. L. N. Prater, were united in marriage in the home of the bridegroom's parents in Otis Chalk Saturday evening.

The Rev. Cecil Rhodes, pastor of the West Side Baptist church in Big Spring, officiated at the double ring ceremony.

The bride was attired in a charcoal grey, tailored suit with grey accessories. Her hat of grey felt was trimmed with gold sequins and a black feather. She wore a powder blue blouse, fashioned with a high neckline and with fluted lace on the neck and sleeves. Her corsage was of red roses. For something old, she wore a bracelet given her by her grandmother; for something new, her wedding suit; something borrowed was a handkerchief belonging to Mrs. Prater and something blue, was her blouse. For luck, she wore a penny in her shoe.

Meiba King acted as maid of honor. She was dressed in a tan frock with white accessories. Her corsage was of white carnations. Eldon Prater attended his brother as best man.

Mrs. Prater, mother of the bridegroom wore a green dress with black accessories and a white carnation corsage. Mrs. King was attired in a two-piece navy blue dress with black accessories and a red carnation corsage.

The couple graduated from Forsan high school and Mrs. Prater was formerly employed at the J and H Drug in Big Spring. Prater is employed by the Continental Oil Corporation.

Immediately following the wedding a reception was held in the Prater home.

Those attending were Mr. and Mrs. King, Mr. and Mrs. Prater, Mr. and Mrs. Earl King, Fern Bedell, Wenoka Bedell, Lucy McChristian, Ruth Overton, Meiba King, Eldon Prater, and Howard and Arthur Madervell and Leonard King of Abilene.

Following a short wedding trip the couple will live in Otis Chalk.

Mr. and Mrs. Roy Prater were honored with a miscellaneous shower in the Otis Chalk church Thursday evening.

Hostesses for the affair were Mrs. Hood Parker, Mrs. Bob Odom, Mrs. L. B. McElrath, Mrs. H. H. Story, Mrs. O. N. Green and Mrs. Vivian Fern Peek.

Members of the receiving line were Mrs. Ott King, mother of the bride, Mrs. L. N. Prater, mother of the bridegroom, Dona Belle Ramsey, Ruth Overton, Fern Bedell, Meiba King, Lucy McChristian and Billie Lou Gandy.

The bride was attired in a pink satin formal and a corsage of deep pink roses. All members of the houseparty were attired in formals.

Dona Belle Ramsey, Ruth Overton and Fern Bedell alternated at the punch service. Meiba King attended the guest register. Sue French gave a musical sum-

1941 Study Club Has Presidents luncheon In Coahoma Community

COAHOMA, Sept. 11. (Spl)—The 1941 Study club met in the home of Mrs. W. W. Lay for the annual president's luncheon Wednesday.

The new yearbooks were distributed and plans were discussed for the ensuing year and for overseas relief to Finland.

A color scheme of yellow and white was used. An arrangement of the yellow and white chrysanthemums composed the centerpiece with a flower on each place-card.

The next meeting will be Sept. 22 with Mrs. Sam Armstrong.

Attending were Mrs. Norman Read, Mrs. Sam Armstrong, Mrs. Morris Ledger, Mrs. Charles D. Read, Mrs. Roy Roxburg, Mrs. I. H. Severance, Mrs. H. H. Tanner, Mrs. A. K. Turner, Jr. Mrs. M. R. Turner and the hostess.

Annual Banquet Is For Past Officers

The annual Order of the Eastern Star banquet honoring all past matrons and past patrons will be held at the First Methodist church Sept. 20.

All OES members and their guests are invited to attend. Tickets may be obtained from Mrs. Eugene Gross, ticket chairman, or any officer of the order.

mary of the romance of the newly-married couple. Mrs. Vivian Fern Peek gave a reading entitled, "Feed the Brute".

The lace-laid table was centered with an arrangement of mixed flowers placed on a mirror reflector. Around the floral arrangement were two gold bands, one placed within the other. Table appointments were of crystal and silver. Approximately 150 persons attended.

MARRIAGE SETTING — In the lobby of the Settles hotel Sept. 2 in the midst of supper rush hour, Mrs. Lotta Wolcott of San Angelo, was married to Sam B. Stone, resident of Big Spring for 80 years. The couple had met in the lobby some five months ago. Stone once owned the property beneath the big hotel. Pictured left to right are Mrs. A. M. Bowden, bride's attendant; the bride and bridegroom, and Dr. Bowden, who attended Stone. The Rev. Cecil Rhodes solemnized the rites. Mr. and Mrs. Stone are making their home at the Settles, where Stone has lived the past nine years.

Mr. and Mrs. Joe Reno have returned to their home in Dallas following a visit here with Mrs. Reno's parents, Mr. and Mrs. H. A. Gravens.

Mr. and Mrs. J. P. Bennett of Lufkin are visiting with their daughter, Mrs. H. V. Crocker, Mr. Crocker and family.

LOOK!...EVERY NEW CONVENIENCE WITH THE ONE THAT...

Stays Silent Lasts Longer

BECAUSE IT FREEZES WITH NO MOVING PARTS

Come see the great new Servel Gas Refrigerator! It's a beauty—with every new convenience for fresh foods and frozen foods.

But good looks is just the start. The Servel Gas Refrigerator brings you the famous different, simpler freezing system with no moving parts. No valves, piston or pump. No machinery at all to wear or get noisy. A tiny gas flame does the work.

More than two million families are enjoying silent Servel Gas Refrigerators today. Ask any of them, and they'll say, "Pick Servel, it stays silent, lasts longer!"

- CHECK FOR YOURSELF**
- ✓ Big frozen food compartment
 - ✓ Plenty of ice cubes easy to get out
 - ✓ Moist cold and dry cold for fresh foods
 - ✓ Dew-action vegetable fresheners
 - ✓ Handy egg tray
 - ✓ Flexible interior arrangement with sliding shelves adjustable to eleven different positions
 - ✓ Plastic Coating on shelves—keeps them rust-free, scratch-free, easy-to-clean

A TINY GAS FLAME TAKES THE PLACE OF MOVING WEARING PARTS

STAYS SILENT...LASTS LONGER

WHY STARVE TO TAKE OFF FAT?

When you buy **Baronette**, you buy a prescription for taking off weight. You do not pay for a printed diet. **Baronette** is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with **Baronette**. It contains no harmful drugs, but does contain ingredients to make you feel better.

Baronette when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORGE yourself. **Baronette** takes care of your DESIRE. Second, detaches and dissolves, in that order, the stored mass—about the melting fat. At the same time you feel better, more energetic, more alert, but never starved or hungry.

Lost 22 Pounds

"I lost 22 pounds taking **Baronette** and I feel much better in every way. I am eating better in every way and I gladly recommend it to anyone who wants to lose weight."—*Genevieve Hillings, Route 1, Devina, Texas.*

15 Pounds Lost

"I lost 15 pounds taking **Baronette** and am now contented my weight. I feel much better in every way and I gladly pay for **Baronette** to control the weight."—*Mrs. Corie Matthews, 502 Throckmole Street, DeWitt, Texas.*

Local Hospitals Have Even Ratio Of Boys, Girls

An even ratio of four boys and four girls were born at the local hospitals this week.

At the Cowper-Sanders hospital, Mr. and Mrs. B. J. Cauble are the parents of a daughter, Jacqueline Ann, born at 9:15 a. m. Sept. 9. She weighed six pounds. Paternal grandparents are Mr. and Mrs. Lad Cauble and maternal grandparents are Mr. and Mrs. Otis Williams of Knott.

At the Big Spring hospital, Sonny Lee Piper was born to Mr. and Mrs. Billy Piper on Sept. 4 at 4:30 p. m., weighing eight pounds, nine ounces.

A six pound and three-fourth ounce son, Freddy K., was born to Mr. and Mrs. Fred Woods at 5:25 p. m. on Sept. 5.

At the Malone-Hogan hospital, Mr. and Mrs. J. B. Dickerson are the parents of a daughter, Linda Carol, who was born Sept. 4. She weighed seven pounds, eight and one-fourth ounces.

A seven pound, eleven ounce son arrived Sept. 5 to Mr. and Mrs. Delbert W. Shultz of Odessa. He has been named Howard Stanley.

Janice Yvonne Crawford, a seven pound, four and one-half ounce girl, was born Sept. 9. Her parents are Mr. and Mrs. James M. Crawford. Sara Lea Findley, daughter of Mr. and Mrs. Lee Roy Findley weighed seven pounds, 13 and one-fourth ounces at birth Sept. 10. Mr. and Mrs. D. R. Tullous are the parents of a son born Sept. 11 weighing five pounds, three ounces. He has not been named.

Fort Worth Cotton Buyer Succumbs

FORT WORTH, Sept. 11. (AP)—Tom B. Owens, 72, head of the cotton firm bearing his name, land owner and oil man, died Saturday after a long illness.

Owens began his career as a cotton buyer at Weatherford in 1901. He established his own cotton firm here in 1905. He was in the cotton exporting business in New York for a time and returned to Fort Worth in 1930. A daughter and a brother survive.

Oil Men Organize

DALLAS, Sept. 11. (AP)—Dallas and Fort Worth oil men met here Friday and formed the Tenth District Chapter of the American Association of Oilwell Drilling Contractors.

Body Recovered

MANILA, Sept. 11. (AP)—One of four missing American P-47 pilots lost on a training mission to Formosa was found Saturday. His name was not released.

Marilene Joy Burnett Receives Fannie Breedlove Davis Award

BELTON, Sept. 12. Miss Marilene Joy Burnett, Big Spring, has been awarded the Fannie Breedlove Davis scholarship from District 8 of the Texas Baptist Women's Missionary Union, for the 1948-49 school year at Mary Hardin-Baylor college. Miss Burnett was selected from a group of applicants in eleven counties in West Texas, which comprise the district, according to President Gordon G. Singleton.

MARILENE BURNETT

The scholarship is awarded in honor of one of Mary Hardin-Baylor's former students, Mrs. Fannie Breedlove Davis, who led in the organization of the Texas WMU, and who aided in the founding of the South-wide WMU. She served as the first president of the Texas WMU.

Miss Burnett is the daughter of Mr. and Mrs. R. G. Burnett, 709 Douglas. She is a graduate of Big Spring High school, where she was a member of the girls' chorus, the A Cappella choir, the tennis team, and the Girls' Athletic association. She attended Howard County Junior college during the summer, and

Sue Ellen Griffin Has Birthday Party

Sue Ellen Griffin was celebrated Thursday afternoon with a party on her sixth birthday anniversary at her home, 606 Dallas. Her mother, Mrs. Ray Griffin, entertained.

Games were played. Mrs. Griffin served ice cream and cake. Guests attending were Leanna and Deanna Ward, Beth Whitney, Teddy and Mozelle Groehl, Pat and Blake Pittman, Danny McCrary, and Linda Woodall.

Candidate Gets Fine For Creating Noise

ATLANTA, Sept. 11. (AP)—The Progressive Party's candidate for governor of Georgia, James A. Barfoot, spent an hour in the Atlanta jail Friday rather than post \$17 bond.

Police Capt. J. F. Brown had charged him with creating a disturbance and violating the city's anti-noise ordinance. Brown said Barfoot operated a sound truck in the Negro district "so loud it could be heard for blocks."

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Rush Week Activities: The Sub Debs ended their rush socials this week, and pledges named to the club are Maxine Younegr, Judith Lawson, Luan Creighton and Joyce Choate. High Heel Slipper club concludes parties for rushees today. Epsilon Sigma Alpha sorority has set Oct. 3-10 aside for Rush Week. Beta Sigma Phi will make plans at its meeting Tuesday evening.

This thing that makes school worthwhile—football—came back into the nightlife Friday evening. Brownfield was far to go to see the Steers' first game, but there were games nearer. Lynn Jeffcoat and party saw Coahoma's grid tussle. And to Midland for the Bulldogs' game with Ysleta; Kenneth Cannon, Marshall Day, Johnny Fort, Diana Farquhar, Doris Brown, Ann Brown, Wayne Horne, and Chester Cluck.

Some others who have enrolled in college for the fall: Ralph Brooks, Hardin-Simmons university; Pat Lamb, Eastern New Mexico college, Portales; Sam Thurman, McMurry; Wayne Underwood, Texas Tech.

Lillian Tamsitt departed Tuesday for Austin. To be a student at Texas University, Lil is down early for Rush Week with the Delta Delta Delta sorority. Bill Underhill took off for SMU Saturday. Kay Tollett left Wednesday for Washington, D. C. enrolled in George Washington university. Don Henry is back in town from Chillum. He will be at HCJC this year.

LaVonne Hoard has returned to Dallas after spending a short time with her parents. LaVonne is employed as a model for Justin McCarty of Dallas. Bill VanCrunk writes of running across Bobbie Rumery in Wichita Falls. Formerly of here, Bobbie has been living there several months.

It is told that Ann Meador and Gene Smith will be getting married very soon. A recent visitor

U. S. Aids Korea With Big Credit

SEOUL, Sept. 11. (AP)—The United States turned over property and credits worth hundreds of millions of dollars to the new Republic of South Korea Saturday.

The first financial agreement between the two countries was reached after three weeks of negotiation. It was signed by U. S. Ambassador John J. Muccio and representatives of the military government and will be taken over at noon Monday by the Koreans.

Some \$250,000,000 worth of rehabilitation supplies was written off as a gift to the new republic

and distributed in South Korea as one part of the agreement.

Another, covering the settlement of a \$25,000,000 foreign liquidation commission loan, provided that part of it be liquidated as payment for the Seoul buildings the U. S. State Department will use.

close of this first session, those who wish to enroll may do so. Or they may enroll now by contacting the local Credit Bureau office. All phases of retail credit operations will be covered during the course, which will be held nightly from 6 to 8 p. m. at the Settles hotel, room two, mezzanine floor.

Speake is a graduate of the University of Texas School of Business Administration and has had several years actual experience in the retail credit field. He was connected with credit and collection work for more than four years just prior to his military service. Since the war he has been on the staff of the University of Texas Division of Extension conducting credit schools throughout Texas.

The first session of the Retail Credit Procedure course opens here Monday, Sept. 13-14 under the instruction of Sterling S. Speake of the University of Texas Division of Extension cooperating with the State Board of Vocational Education.

A large number of business people are expected to enroll in this ten-hour course which is considered to be very helpful in the methods of handling charge accounts, according to Mrs. Roy Carter, president of the Big Spring Credit Women's club, which is sponsoring the school.

Local merchants doing business on a credit basis, together with their employees, are invited to attend the first meeting Monday night without obligation. After the

Dry Candidate Plans To Speak At Houston

DALLAS, Sept. 11. (AP)—The Prohibition Party's candidate for president, Calude A. Watson of Los Angeles, will speak at the Texas Prohibition Party's state convention here Tuesday.

Watson will speak on the Texas quality network from 8 to 8:30 p. m. Tuesday night. Keynote speaker at 10 a. m. Tuesday will be the Rev. Gerald Overhold, Houston Free Methodist minister and the party's candidate for governor.

"BIG SPRING'S FINEST JEWELERS"

The School District Needs More Money Now And In Future

For the third time, proprietors of the Big Spring Independent School district will give a decision Tuesday on whether to authorize a \$1.50 tax rate limit to replace the current \$1 maximum.

Last year the issue failed by the narrowest of margins. A lot has taken place since then, and the climax simply emphasized that the issue would again confront the people.

Some may ask: "Why is it necessary to add 50 cents to our school tax rate?" This is a fair and direct question.

The schools need the money. They need it now. They will need it next year. And the next when over-due repairs must be made.

There may be areas in which minor economies can be made, but with 71 per cent of the total outlay earmarked for instructional salaries and 75 per cent of the total for instructional purposes...

The Noise Nuisance Being Attacked By New Statutes

By FRANK GRIMES
Herald Special Writer

Following the recent decision of the U. S. Supreme court invalidating a Lockport, N. Y., police ordinance regulating sound trucks, city councils throughout the land have been cogitating what to do.

The Supreme Court decision, a somewhat tortured construction, was written by Mr. Justice W. O. Douglas and was concurred in by four other justices.

First, the Cunningham ordinance would outlaw the sound truck for advertising purposes. It would forbid operation of the loudspeaker while the truck was in motion...

It would prohibit the operation of sound trucks within 500 feet of a school, a church or a courthouse while such buildings are in use...

Nation Today — James Marlow

What About A Russian Spy Ring In This Country Now?

By JAMES MARLOW
WASHINGTON, SEPT. 10. (AP) — WHAT about a Russian spy ring in this country right now?

Is there one? Maybe. But we don't hear anything about it.

So far all the sensations in the Un-American Activities Committee hearings have dealt only with the period before and during the war.

All, or nearly all, that has been said at those hearings has been known to the FBI a long time.

But not a word has been said anywhere by anyone about what may be going on now.

Elizabeth T. Bentley and Whitaker Chambers have been the committee's star witnesses. They're confessed former Communists.

Miss Bentley said she was the messenger for a Soviet spy ring that operated in Washington during the war.

With one exception, all the government officials named by either Chambers or Miss Bentley have been out of government service for years.

The Un-American Activities Committee is going to start public hearings on a new investigation next week.

This will deal with "atomic espionage" according to Chairman J. Parnell Thomas, New Jersey Republican.

In other words, the committee will try to find out whether any of our atomic secrets were given away. But—

That, too, will deal with something

The Big Spring Herald

Published Sunday morning and weekday afternoon... THE BIG SPRING HERALD, Inc.

8 Big Spring Herald, Sun. Sept. 12, 1948

system. They simply could not be had for less than what they are getting.

Add to this irreducible cost that of the regular debt service, that of operating the buildings under healthy and safe conditions...

The schools need the money. They need it now. They will need it next year.

The people of this district are contributing only 42 per cent of the total financial load of the school district.

nuisance and penalized as such.

First, the Cunningham ordinance would outlaw the sound truck for advertising purposes. It would forbid operation of the loudspeaker while the truck was in motion...

It would prohibit the operation of sound trucks within 500 feet of a school, a church or a courthouse while such buildings are in use...

The American public, which probably does not fully realize how serious the Berlin situation is, has a right to know that at a recent meeting, Gen. Omar Bradley, Army chief of staff...

Gen. Bradley said he didn't want to make any promises, but he believed he could hold the Rhine for some time—long enough to bring up reinforcements.

FRENCH WOULD RETREAT

Admiral Leahy continued skeptical. The Russians, he pointed out, had 40 divisions in Germany or about 600,000 men.

The French will start for home," added Leahy, who once served as ambassador to Vichy.

"You've got three or four good bridges across the Rhine," Admiral Leahy continued.

"Leahy did not exactly say so, but the insinuation was that it would give the Russians time to take the bridges.

The admiral concluded by warning that the United States couldn't hold the Rhine; in fact, couldn't hold more than Spain and perhaps Turkey.

One of his Army colleagues suggested that Leahy was echoing the Navy's point of view.

"And it's not such a bad point of view," countered the venerable sea dog, who once served as commander of the U. S. fleet and as chief of Naval operations.

"He went on to point out that the United States had to keep its line of communications open through the Mediterranean." "You're the one who are always talking about that," he reminded the Army.

One of the air generals present then suggested that, given 60 days and the atomic bomb, the Air Forces could stop the Red Army dead in its tracks.

U.S. Chiefs Of Staff Consider War Strategy In Case Of Berlin Blow-Up

By DREW PEARSON
WASHINGTON—DUE TO THE dynamite-laden Berlin crisis, the U. S. joint chiefs of staff have held some of their most crucial meetings recently.

They call me a reactionary and an isolationist," Leahy concluded, "but I believe in being realistic."

Gen. Bradley asked how Democratic forces could have won the Italian elections if U. S. Army had been withdrawn from Europe.

After this free and open American type of debate, it was the unanimous opinion of everyone else at the joint chiefs of staffs conference that there would be no appeasement of Russia.

"I suppose," remarked a friend, "that you won't be averse to serving your country under the Republicans if Dewey is elected?"

It's the duty of every man to serve his country," replied Bullitt. "If I am called, I shall make the sacrifice."

"I suggest," advised the cynical friend, "that you also contribute \$50,000 to the Dewey campaign."

MERRY-GO-ROUND
Lovely Peggy Palmer, widow of Woodrow Wilson's Attorney General A. Mitchell Palmer, got a generous job offer from the Republican National Committee.

Later, Bullitt became ambassador to Russia, then to France.

Today, the millionaire Philadelphia is just as hot for Dewey as he once was for FDR.

"I suppose," remarked a friend, "that you won't be averse to serving your country under the Republicans if Dewey is elected?"

It's the duty of every man to serve his country," replied Bullitt. "If I am called, I shall make the sacrifice."

"I suggest," advised the cynical friend, "that you also contribute \$50,000 to the Dewey campaign."

Around The Rim — The Herald Staff

Screening Of Solicitations Would Help Community

Merchants in any community feel at times, and properly so, that they are unduly harassed by solicitations for special forms of "advertising" (promotional events and various types of special merchandising and cash donations).

Some of the appeals made to the business houses carry some merit; some are to benefit community projects that help in some manner of means, to stimulate worthwhile programs.

Business groups in many towns have grouped themselves together and arranged a sort of guide as to what sort of solicitations they will consider, and have appointed screening committees to examine the proposed solicitations.

The plan is reportedly working fairly well. A similar program is in process of being instituted here, with a merchants group having passed on a tentative procedure, and with the chamber of commerce board of directors due to take final action on it.

It's my opinion that such a screening policy, or a control committee operation will serve as a help to both the merchants who get ten-dollared to death during the year and to the worthwhile enterprises which must go to the business houses for some support in the way of contributions, ticket purchases and the like.

A good guide can be set up, and a conscientious committee can examine solicitations all to no avail, however, unless the business houses themselves decide to stand hitched with the control program.

Then, too, local organizations which plan what they believe to be a truly meritorious program should not hesitate to present this proposition to the screening committee.

No offense should be taken by any person, group or organization if a request is made to have their solicitation put before the screening committee for a permit.

They must realize that merchants have only so much money to support the special appeal programs, and that if a committee can cut back the less worthy ones, the more deserving will get better treatment in the long run.

It's a system that should help the community all the way around.—BOB WHIPKEY

By HAL BOYLE
NEW YORK, SEPT. 10. (AP) — WHY doesn't Soviet Russia attack the United States today?

I might if I were ruling Russia, and had committed my country to the presumptuous idea it could conquer the world by force.

Russia is so committed by its clear-spoken adherence to Marxist revolutionary doctrine. Why doesn't it now launch a full-scale assault against the battered European ramparts of western capitalism?

The answer lies in a cautious man now living and a bold man years dead.

THE QUARREL THAT DIVIDED these two inheritors of Lenin, Communism's demi-god, still is a big factor influencing the peace of the world in 1948.

From his grave, bearded Trotsky cries: "Fight for the world-wide rule of the proletariat today!"

FRANCE'S PERPETUAL-MOTION political crisis is rapidly developing into a dangerously weak spot in the defenses of western Europe against Communist aggression.

Because of its strategic position and its potential strength, France is the main buttress of the Continental democracies.

Yet she is so badly crippled by her continual governmental upheavals that her weakness is a vast encouragement to the Russians to push their offensive.

There is no doubt, for example, that the French situation is in no small degree responsible for the brazen effrontery being displayed by the Reds towards the western allies in Berlin.

Wes Gallagher, AP chief of bureau in the strife-torn metropolis, reported yesterday:

"SOVIET PLANES PROWL THE

DIED IN FRANCE

Final Tributes Set For C. B. South, Jr.

Three years ago—almost to the day—Mr. and Mrs. C. B. South, Sr. had the civilian clothes of a son, Carl Brent South, Jr., cleaned and laid out awaiting his arrival home from overseas.

Instead came a message from the war department, informing them of his death at the hands of a French farmer near Tavaux, France on Sept. 13, 1945.

Friday the body of C. B. South, Jr. did come back home and final tributes will be paid his memory today at 3 p. m. in the Church of Christ at 1400 Main street.

Herbert Newman, Church of Christ minister, and the Rev. R. Gage Lloyd, First Presbyterian pastor, will officiate, and at the graveside full military honors will be conducted by the American Legion, assisted by the Veterans of Foreign Wars.

Odis Wilson, Dee Foster, Weldon Wood, R. L. Millway, Tabor Rowe and Tommy McCall, his close friends in high school, will bear his body to his final resting place.

C. B. South, Jr. was born in Baird on Dec. 23, 1922. His parents moved to Big Spring in June 1929 and he entered South Ward school that autumn. With the exception of one semester in the Abilene Christian College academy, all of his schooling was in Big Spring, and in high school he played two years on the Steer basketball team and was a member of the B association. In 1940 he was married and two years later he went to Oakland, Calif., where he worked as a shipyard welder until he returned to

Big Spring for induction in April, 1943.

Training came at Atlantic City, N. J., Miami Beach, Fla. and Gulfport, Miss. He went overseas in February 1944, arriving in England in March to be assigned to a quartermaster truck company. South was stationed at Preston, Manchester and Oxford before he went into France to be stationed at Chartres, Valenciennes and later in Mons, Belgium.

After heavy loss of men during the German break-through and replacements were sorely needed, he transferred to Salisbury, England for further training. After VE Day he was sent to Maunheim, Germany and subsequently to Dole, France as a member of the 118th Infantry, company C.

At the age of 16 he had become a member of the Church of Christ, later becoming a member of the Presbyterian church where his wife held membership.

Survivors include his parents, Mr. and Mrs. C. B. South, Sr.; one brother, Thomas Lacy South; twin nephews, Tommy and Lacy South of Big Spring; paternal grandfather, C. E. South, Clyde, Texas. These aunts and uncles are expected here for the services:

Mrs. Oscar May, Sweetwater; Mrs. Jack Moore, Hamilton; Mrs. S. E. Webb, Mrs. J. Z. Martin; Mrs. Zoll Griffin, T. J. South of Clyde; B. O. South, San Francisco, Calif.; Roy M. South, Dallas; Ralph C. South, Abilene; O. G. South, Roscoe; Charles L. South, Coleman; Mrs. S. C. Parnell, Lubbock; Mrs. D. J. Anderson, Baird; A. O. Curry, Fort Worth, and Brandon Curry, Big Spring.

Local arrangements are in charge of Eberley's.

Farm Bureau Will Conduct Queen's Contest Sept. 17

The Howard county Farm Bureau will conduct a queen's contest at a special meeting in City park on the night of Sept. 17, officials of the organization announced Friday.

All girls from 16 to 22 years of age whose family maintains membership in the Farm Bureau is eligible to compete in the contest.

The winner here will represent Howard county at the district contest to be held at Snyder on Oct. 14. District queens then will compete in a state-wide event. Winner of the state title will receive an expense-paid tour to the north and east, including excursions to Niagara Falls, Canada and the National Farm Bureau Federation convention at Atlantic City, N. J.

Bread Price Climb Has Been Below Other Basic Foods

CHICAGO, Sept. 11.—Despite persistent inflationary pressures, the cost of bread has remained closer to the pre-war average than any other basic food product except canned fruits and vegetables, the American Bakers association asserted after an analysis of latest Bureau of Labor Statistics figures. Meanwhile the average of all foodstuffs is up 116.8 per cent over the 1935-39 base period.

It was also emphasized that practically all bread sold today is enriched with vitamins and minerals, whereas only a small percentage of that sold in 1939 carried this important nutritional fortification.

A penny-for-penny analysis of the housewife's budget problems showed that canned fruits and vegetables have jumped only 57.7 per cent, and bread only 62.1 per cent. Meanwhile, fish is now 201.6 per cent higher than in 1935-39, and meat 163 per cent. Butter is up 152 per cent.

All figures are national averages, since local factors of competition and production cost result in varying prices across the country at any given time.

Wallace Beery, Jane Powell Head 'Date With Judy' Cast

The popular radio program, "Date With Judy," has been transferred to Technicolor film and will arrive at the Ritz today.

This new Joe Pasternak Technicolor tuner, stars Wallace Beery, (Imagine him in a musical!), lyrical Jane Powell, teen-ager's delight Elizabeth Taylor, Latin bombshell Carmen Miranda, handsome Robert Stack and Xavier Cugat's popular dance band.

Everybody has a chance to get "into the act" in this story of small town family life centered on an impressionable daughter (Jane Powell) caught in the toils of adolescent love, the boy friend (Robert Stack) who plays hard to get, the scheming girl friend (Elizabeth Taylor) who mistakes sophistry for sophistication, all topped by a comedy of errors resulting from a mistaken belief that Pa (Wallace Beery) has fallen for a sultry Latin charmer when all he wants to do is learn the rumba so that he can impress Ma (Selena Royle).

Allyson And Johnson In Comedy At Terrace

When a prim, proper New England schoolma'am meets a trash and forward writer of juvenile tales, there's bound to be a clash. That's what happens in M-G-M's "The Bride Goes Wild," which opens today at the Terrace. The comedy stars June Allyson and Van Johnson in the romantic lead. "Butch" Jenkins adds lots of comedy in the chief supporting role.

time. The amusing Miss Miranda also scores with three South American songs, while Jane Powell also takes time out from her family and romantic problems to sing such varied numbers as "Temptation," "It's a Most Unusual Day," "Love Is Where You Find It," "Judaline," "I'm Strictly on the Corny Side," "Through the Years," and the ever-popular "Home, Sweet Home."

HIGHLIGHTS ON KBST

Theatre Guild Starts 4th Year, Montgomery In 'Bell For Adano'

The curtain goes up on "Theatre Guild on the Air" for its fourth big year, tonight at 8:30 over KBST. The premiere offering is the provocative and stimulating drama, "A Bell for Adano," based on John Hersey's Pulitzer Prize novel of the same title.

The play is a vivid portrayal of Major Joppolo of the Army of the U. S. and his unflinching fight to bring not only food and water to the small war-torn Italian village, but also hope, peace and a new democratic way of life. Starring Robert Montgomery as Major Joppolo, the radio dramatization, written by Eric Barnouw, is adapted from the stage version by Paul Osborn.

Sunday's broadcast, which marks

the beginning of the third year on the air following a 10-week summer vacation period, will be based on the quotation from Mark, 10: 14-15, "...Suffer the little children to come unto me, and forbid them not; for of such is the kingdom of God. Verily, I say unto you, Whosoever shall not receive the kingdom of God as a little child, he shall not enter therein."

"FINE ARTS QUARTET" The world premiere of Alec Templeton's "Quartet No. 2," written especially for the Fine Arts Quartet of the American Broadcasting Company, will be played during the Quartet's weekly KBST broadcast, today at 10 a. m. The popular pianist-composer wrote his first quartet two years ago for this group and was so pleased with the performance that he decided to compose another. Although no musical analysis of the work has been given, the musicians describe the quartet as being more serious than the earlier one.

'Albuquerque' Starts Today At The Lyric

Paramount's Cinecolor "Albuquerque" a story of an early day freight company war, takes over the screen at the Lyric today.

The cast, headed by co-stars Randolph Scott, Barbara Britton, George "Gabby" Hayes and Lon Chaney, brings to life an exciting story set in the New Mexico town around the year 1878. The stars are supported by Russell Hayden, Catherine Craig and George Cleveland.

Based on a novel by Luke Short, well-known author of western stories, "Albuquerque" tells of the arrival in town of Scott, a Texan, who has come to manage his uncle's freight business. He finds that the uncle, played by George Cleveland, is a scoundrel who has the town by the throat. The sheriff is in his pay, as is a gang of law-breakers headed by Lon Chaney. Cleveland is determined that he shall monopolize the lucrative freighting business and to that end he will stop at nothing, including murder.

Scott breaks with him when he learns his tactics, and joins forces with Russell Hayden and Catherine Craig, in the roles of brother and sister, who have started a freight business, despite the obstacles thrown in their way by Cleveland. The latter has, among other nefarious things, planted a spy in their office, in the lovely person of Barbara Britton.

The love affairs of Barbara and Hayden, Scott and Catherine progress against a background of violence and action occasioned by the tug-of-war between the rival freight companies. Barbara's eventual renunciation of Cleveland and the final showdown battle between the two factions are high-spots in the picture.

The panda is one of the rarest of mammals, with the face of a raccoon, feet like a cat and body similar to that of the bear.

CENTER OF ATTRACTION — Jane Powell and Wallace Beery center their attention on Scotty Beckett in MGM's "Date with Judy." The Technicolor musical starts today at the Ritz.

EXAMINE EVIDENCE — Mary Meade and Dennis O'Keefe (above), examine a counterfeit bill in the film beginning today at the State, "T Men".

The Week's Playbill

RITZ SUN.-MON.—"A Date with Judy," with Wallace Beery and Jane Powell. TUE.-WED.—"Intrigue," with George Raft and June Havoc. THURS.-FRI.-SAT.—"Naked City," with Barry Fitzgerald. Tribute Paid T-Men In Movie At State

Tribute to the skill and courage of agents of the Treasury department is paid with the presentation of "T Men," Eagle Lion film starting today at the State.

Elmer L. Irey, until recently chief co-ordinator of the Law Enforcement agencies of the Treasury Department and head of the Intelligence Unit, went to Hollywood for the production of the film, worked with Scriptwriter John C. Higgins, Producer Aubrey Schenck and Director Antony Mann, and appears himself in the prologue and epilogue of "T-Men" to explain the workings of the various Treasury Department branches.

The screenplay for "T-Men" is a composite of three actual cases from Treasury Department files. The film marks the first time that the Treasury Department has ever given its sanction and co-operation to a Hollywood film. Photographed in actual cities where the action took place, "T-Men" has accuracy and authenticity of a real-life story captured for the screen with veracity.

Programs Listed By Johnny Hill

Another week of romantic songs by Johnny Hill will begin when ABC's young baritone discovery sings "Bluebird of Happiness" on the Monday broadcast at 1 p. m. over KBST. Johnny's other solos for the day will be "I Do, Do, Do Like You," "This Is the Moment" and "Tootle, Ootie, Doodle." Tuesday, Johnny will be heard in "My Gal Is Mine Once More," "You Started Something," "Peg O' My Heart" and "Baby Don't Be Mad At Me." Wednesday will bring listeners Johnny's renditions of "Passing Fancy," "The Things I Love," "Tea Leaves" and "I May Be Wrong."

Playing the Treasury Department agents are Dennis O'Keefe, who brings forcefulness and strength to his role, and Alfred Ryder from the New York stage, who stands out in his role as the murdered T-Man. Mary Meade is impressive in her film debut and June Lockhart is good in this, her first important picture since her Broadway success. Charles McGraw, recently seen as a mobster in "The Killers," and Wally Ford—an older Wally than most of us remember—are valuable assists in characterizations.

Your Children's Schools Deserve Your Support VOTE For The Tax Issue Tuesday, September 14 Meet The "Seniors" of the COSDEN FAMILY This is the eleventh of a series of a special Cosden presentations, recognizing the long and valued services of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years. ALBERT L. SOUDERS A variety of occupations marked the background of Albert L. Souders, before he became associated with Cosden Petroleum corporation back on May 14, 1929, but after 19 years he has "settled down" in the Cosden machine shop. He is now pipe machinist No. 1, and says he feels like he's threaded enough pipe during his Cosden tenure to lay a pipeline around the world. A Missourian, Souders was born in Oak Hill, where he was reared and where he went to school. After his schooling, he was a street car conductor in St. Louis for three years. Then, after his marriage in 1905 to Miss Maud E. Davis, he moved to Ponca City, Okla., to farm awhile, and then to engage in the restaurant business. After six years of that he was employed by the Marland Refining company, a unit that later became a part of Continental. He worked with Marland for two years. Mr. Souders knew Cosden's first refinery superintendent, and came to Big Spring to work under him. He started in the maintenance department, then was transferred to the machine shop. Mr. Souders enjoys working in his garden, raising both flowers and vegetables. He and Mrs. Souders own their home near the refinery, and are members of the First Baptist church. They have two married children, Carl E. Souders of Houston and Mrs. Esther E. Hauschildt of San Bernardino, California. COSDEN PETROLEUM CORPORATION R. L. Tollett, President "Petroleum Promotes Progress"

Russians Fear Any Education Exchange

WASHINGTON, Sept. 11. (AP)—Russia is building a "Chinese wall" around its educational system in an effort to shut the Soviet people off from the West, Assistant Secretary of State George V. Allen said Friday.

Allen pointed to the case of Mrs. Oksana S. Kasenkina, the refugee school teacher who risked her life in a three-story leap for freedom from the now-closed Soviet consulate in New York a month ago.

He cited, too, the earlier closing of Russian schools in Tehran, Berlin and elsewhere and declared: "Accumulating evidence indicates that the Soviet authorities have determined that no Soviet child shall be educated outside the boundaries of the Soviet Union if the Soviet government can prevent it."

Howard Tops Area In E Bond Sales

Howard county had sales of 30,393.75 in U. S. savings bonds, all in the series E during the month of August.

Totals for various counties of the state have been released by state bond headquarters.

Other counties in this vicinity, their E and total sales in order, were: Ector \$22,950 and \$24,430; Glasscock \$150 and \$150; Martin \$9,543.75 and \$10,543.75; Midland \$22,687.50 and \$32,687.50; Mitchell \$17,625 and \$17,625; Nolan \$23,062 and \$23,062; Scurry \$3,393 and \$3,393; Sterling \$131.25 and \$131.25; Taylor \$61,818.75 and \$83,592.75; and Tom Green \$79,841 and \$87,149.75.

Gov. Tuck Denies Attempt To Enroll Negroes With Whites

RICHMOND, Va., Sept. 11. (AP)—Gov. William M. Tuck has called the attempt to enroll Negro pupils in high schools for white children in two Virginia counties last week an "unfortunate agitation of the racial issue."

The two groups of Negro pupils were denied admission by Gloucester and King George County school authorities, who cited the state's segregation laws.

Previously Negro pupils had refused to enroll in Negro schools after their attorneys inspected the facilities. The attorneys sought court order directing that school facilities be equalized for white and Negro pupils had not been met.

Methodist Youth Will Meet Monday

A sub-district meeting of the Methodist young people is expected to attract more than 100 to the Wesley Methodist church Monday evening.

Highlight of the regular monthly meeting is to be the installation of new officers. T. D. Hamilton, Andrews, is to take over as president of the sub-district organization devoted to religious activity for Methodist youth.

Churches from Ackerly, Andrews Lamesa, Coahoma, Big Spring, Midland and Stanton are to send representatives here for the convocation which begins at 7:30 p. m.

County Court Hears 5 Cases

Dewey Savill, accused of driving while under the influence of intoxicants, was fined \$50 and sentenced to 30 days in jail in county court Thursday after the case had been sent down from the grand jury.

In other cases, Herman Penix, Negro, found himself faced with two charges of assault and entered pleas of guilty in each case. His fine amounted to \$50. In addition he drew jail sentences totaling 40 days.

Penix was accused of attacking James McGruder and Ollie V. Colton with a knife. The first incident occurred about June 22, the second about July 11.

Cosme Rodriguez, said by the prosecuting attorney to have been driving a vehicle without the owner's consent, was fined \$75 and sentenced to ten days in jail.

Carl O. Moutray, accused of driving while under the influence of intoxicants, was fined \$100 and expenses.

Guilty Of Rape, Gets Life Term

HUNTSVILLE, Sept. 11. (AP)—A Walker County jury here Thursday found Lem Wilson, 48-year-old Negro, guilty of rape and his punishment was fixed at life imprisonment.

Wilson was indicted Aug. 26 on a charge of raping an eight-year-old Huntsville Negro girl. The state asked the death penalty.

Cavness School Head

CARPUS CHRISTI, Sept. 11. (AP)—Dr. Raymond M. Cavness, former president of San Marcos Baptist Academy, has been elected president of the University of Corpus Christi.

MAN IS FINED

Edward Gatewood, a Negro, was fined a total of \$75 and costs, after he had entered pleas of guilty to two charges of drunkenness and assault Thursday.

The cases were heard in justice court.

Greta Garbo Wants To Be An American

LOS ANGELES, Sept. 11. (AP)—After 22 years Film Actress Greta Garbo has taken the first step toward becoming an American citizen.

The Swedish-born actress, wearing slacks and sports jacket, appeared unexpectedly Thursday at the federal building and in five minutes filed a declaration of intent with the naturalization office.

Garbo came to Hollywood in 1926. Absent from the screen seven years, she plans to return to the films in a picture based on the life of George Sand, part of which is to be made in Europe.
