

MONDAY DRILL TO TEST CIVIL DEFENSE IN ACTION

Rehearsal of emergency operation of Slaton defense machinery has been scheduled for Monday at 7 o'clock, according to announcement of L. Lemon, defense coordinator, and Luther R. ...

be established at the fire station. From there the various units will be dispatched or regulated. Though the entire operation is expected to be confined to less than a 30-minute period, the entire citizenry is urged to cooperate; those having cellars or fallout shelters are asked to use them, taking inventory to see if a 2-week supply of stock, as advocated, is contained in the shelters, and to note if other proper accommodations have been provided.

This is the first drill of the Civil Defense organization since its inception authorized by House Bill No. 784 of the 52nd Legislature, Texas Civil Protection Act of 1951, and immediately inaugurated here. The fire truck is expected to make a run during the "emergency", police cars will be dispatched to various locations with their sirens sounding, and the temporary generator will be removed to Mercy Hospital for operation just as would be in case of power failure that could be caused by bombing or other disaster.

Again, Slaton citizens are reminded that the activity is only practice, and no panic should result. Unit leaders will be expected to function as outlined in the Civilian Defense manual (these functions outlined in a recent series of articles published by the Slatonite, and these leaders will be asked to coordinate their efforts just as would be necessary in event of real disaster. Units and leaders include: Hospital, Barney Greenfield. Rest Home, John Schmidt. Food, Ted Swanner. Heavy Equipment, Grady L. Elder. Communication, civil defense headquarters, fire station. Public information, civil defense headquarters. Ambulance units, H. M. Englund. First Aid at Mercy Hospital. Public utilities, Doug Galas-

sin and R. E. Evans. Weather spotting, police department. Fire units, Curtis Dowell. Health and Emergency, Mercy Hospital. Rescue and alarm, fire station. Police units, Eugene Martin. Civil Defense Headquarters, L. O. Lemon, L. R. Gregory, J. J. Maxey, Claude Cravens and J. E. Eckert. It has been pointed out that in event of an aerial or atomic attack, Slaton will serve as a traffic control point for evacuees from Lubbock who will be channeled to points to the south and southeast, thus compounding the

responsibilities of the local workers. Also the city will be responsible for providing for its own residents, either to evacuate or to establish resources control for the emergency period if actual evacuation is not necessary. The Civil Defense blueprint is established on the assumption that Lubbock is a primary target in this area, and in event of nuclear attack, Slaton would be within the fallout zone and possibly within the blast zone. Slaton could expect some blast damage and extensive fallout. Slaton could be a disaster area for two weeks, depending upon damage. Food supplies would

be limited to no more than seven to 15 days at the maximum, and no outside help could be expected. In the light of these assumptions, the citizenry is urged by Civil Defense leaders to take the Monday night drill seriously attempting to learn by planning trial and error, the methods of survival that might well spell life or death at some future date. Gregory adds that he has several hundred pamphlets available for anyone desiring specifications for fallout shelter construction. These are available at his office, temporarily situated in the police station.

Amendments are Outlined

Proposed amendments to the Texas Constitution will be presented to voters at the Nov. 6 election. Amendment No. 14 is discussed at length on this page of this issue of the Slatonite, inasmuch as it is the most controversial of the lot, portions of which affect every municipality and subdivision in the state.

The outline of all amendments is presented below. Information is readily available on any or all amendments or from a variety of sources including the State League of Women Voters who have published a guide listing both pro and con arguments on each proposal.

INSURANCE

Proposed amendments would authorize all counties and other subdivisions of this state to provide insurance for their employees.

NEEDY STATE FUNDS FOR ASSISTANCE TO NEEDY AGED, NEEDY BLIND AND NEEDY CHILDREN

Amendment would raise the limit on use of state funds for financial assistance to the needy aged, needy blind and needy children from \$47,000,000 a year to \$50,000,000 a year.

HOSPITAL DISTRICTS IN OCHILTREE, CASTRO, HANSFORD AND HOPKINS COUNTIES

Amendment would permit the Legislature to create hospital districts in Ochiltree, Hansford and Hopkins Counties, each district to be extensive with the limits of such county.

CONSERVATION STORAGE FACILITIES IN RESERVOIRS

Amendment would authorize the Texas Water Development Board to acquire and develop storage facilities in reservoirs and to dispose of such storage facilities and water under terms to be prescribed by the State Legislature, providing for the use of funds derived from the disposition of these facilities and water.

AUTHORIZING THE LEGISLATURE TO CREATE HOSPITAL DISTRICTS

Amendment would permit the Legislature to authorize the creation of hospital districts composed of all or part of one or more counties; the assumption being that any included city, town or county hospital would be transferred to the district; the issuance of bonds for capital purposes and the levy of taxes to pay the district bonds, assumed indebtedness, and for operating and maintaining the district; providing other terms and conditions for accomplishing the purpose of this amendment. Such a district could be created only after public notice to the district affected and only with the affirmative vote of a majority of the taxpayers in the district concerned.

RETIREMENT, DISABILITY, DEATH BENEFITS FOR OFFICERS AND EMPLOYEES OF ALL POLITICAL SUBDIVISIONS

Amendment would permit extension of participation in a county's retirement, disability and death compensation fund to appointive and elected officers and employees of each county and any other political subdivision of this state. The ceiling on matching contributions made to the funds by county and other political subdivisions and by officers and employees of each would remain at 5% of salary, but the present 10% per person limitation would be removed. No officer or employee would qualify for benefits until he had served at least 12 years.

CONTINUITY OF GOVERNMENTAL OPERATIONS IN PERIODS OF EMERGENCY

Amendment would extend the authority of the Legislature to provide emergency succession to all public offices on both the state and local level, whether the offices are filled regularly by election or appointment, in the event that the incumbents were unavailable due to emergency resulting from disaster caused by enemy attack. This does not include members of the Legislature.

ASSISTANCE PAYMENTS TO TOTALLY AND PERMANENTLY DISABLED

Amendment would raise to \$2,500,000 the present \$1,500,000 per year ceiling for assistance payments to totally and permanently disabled individuals over 18 years of age who are per-

1-Day Finance Drive Planned For Boy Scouts

The annual Boy Scout Finance Campaign will be held in Slaton November 8th, with a "Dawn to Dusk" campaign being organized locally to give every person the opportunity to share in the financial program of the Boy Scouts of America, according to Charles Barron, chairman of the local campaign.

Plans are being perfected to recruit a large number of workers who will solicit funds to help maintain the training of youth through the Boy Scout movement. Each citizen will be contacted, Rev. Fred Ryle, publicity head, states.

All communities served by South Plains Council, Boy Scouts of America, are conducting finance drives on this one day - November 8th, excepting in towns which conduct Community Chest Campaigns where the Scouting movement is included. "To train all boys through the 'learn-by-doing' method" and to extend the benefits derived through the Scouting program to more boys shall be achieved by the use of money through these campaigns", stated Burnett Roberts of Littlefield, Chairman of the Council Finance Campaign.

Boys may be Cub Scouts from 8 through 11 years; Boy Scouts from 11 through 13 years and Explorers from 14 through 17 years of age. The aim and purpose of Boy Scout training, for all boys, is citizenship training and character building. Boys are taught to be physically strong, mentally awake and morally straight.

The outstanding success of this program proves that when we pull together we can accomplish much for each other. . . . and it is a good feeling, isn't it. . . . Well, this time next week there will be some happy candidates for the various political offices and there will be some unhappy ones. . . .

In a recent primary election, two women were vying for the same office and both were well known and well liked in the area where they lived. A great many of the voters felt as if they were put on a spot for which one to vote. Finally the majority of the voters weighed the qualifications of each candidate and overwhelmingly elected the candidate of their choice. The loser remarked the next day, "Well, at least I now know every dirty so-and-so in the county." Politics "ain't no place" for the tender skinned and sensitive hearted.

PLEASE VOTE, TUESDAY, NOVEMBER 6th!

This country was built, is continuing to grow, on fair competition in business and the professions. When one has to resort to slander, malicious gossip and other malpractices of business, it's quite apparent that person has not been working hard enough at his own business or profession, otherwise he would not have time to "manufacture" untruths or halftruths.

Entertainment Plus Is Word For Exes Game

A multitude of surprises is in store for viewers and possibly participants at the Stadium Benefit football game to be staged in Slaton Thursday, November 8th.

Sponsored by the Jaycees to begin their drive for \$10,000 in Tiger Stadium bleacher construction and field improvement, the game will pit a Jaycee aggregation against a group of Slaton school exes.

Admission prices will be \$1 for everyone, including even the SEE NO. 3, BACK PAGE

Pre-Election Study of Vote Machines Here

Opportunity will be afforded Monday night in Slaton for area residents to view first hand and secure full information on voting machines, advisability and costs, with a public meeting called at the Slaton clubhouse at 7:30 p.m. on this pre-election date.

Mrs. Calvin Lamb, active Slaton participant in activities of the League of Women Voters, sponsors of the meeting, has urged local attendance at the session where the machines will be shown and operated, a discussion period also scheduled at the 7:30 p.m. session.

Three machines will be exhibited. SEE NO. 2, BACK PAGE

Long Ballot Will Mark Election To Be Held Tuesday

A huge Texas size 12½-inch by 25-inch ballot will be handed local voters next Tuesday, together with still another but smaller ballot necessitated by the proposition of issuance of \$250,000.00 in bonds for purchase of voting machines for use within the county.

On the huge General Election ballot will appear four distinct columns: Democratic Party, Republican Party, Constitution Party and a write-in column.

Masonic Banquet Planned Nov. 8

The annual Masonic banquet for members of Slaton Lodge No. 1094 has been announced for Thursday evening, Nov. 8, according to word released by Mrs. E. R. Burns, reporter for the Order of Eastern Star, that organization preparing the banquet.

All Masons are urged to be present at this meeting convening at 6 p.m. on the announced date.

at least one of which (No. 14) has generated considerable interest. Absentee voting late yesterday had been very light in Slaton, only 7 ballots having been filled out, compared with more than 60 local absentee votes in the May elections. Deadline for casting of the absentee votes is Friday of this week, 5 p.m., and they are available at the Drewry Insurance office east of the square in Slaton.

Only two names appear on the ballot, other than in the Democratic and Republican columns. Running on the Constitution ticket for governor is Jack Carswell, and Joseph M. Rummier is representing the same group in asking for position of Comptroller of Public Accounts.

Few local and area positions are contested, races limited to the following: George Green (D) and W. C. "Dub" Williams (R) seeking

Spur Next Tiger Foe

Facing their second conference opponent of the season, the Slaton Tigers play host this Friday night to Spur, recognizing that they have everything to gain. Slaton so far has been unable to score in conference play, actually going scoreless for their last four games.

Comparison of Slaton potentials against those of Spur give no clear picture of what to expect. Last week found the locals bowing to Post, 18-0, while Frenship beat Post earlier in the season, with Spur edging out a victory over Frenship, 18-13. Spur has lost to Denver City in conference play. Season standings show Spur winning one, losing seven, while Slaton has won one and lost five games, the Petersburg season-opener resulting in a tie.

District standings find only Denver City, Post and Spur in the win column, Slaton and Frenship still looking for conference victories. To date Slaton has scored 35 points against 123 for opponents, while Spur has chalked up 76 against 275 for their adversaries.

Slaton held Post scoreless in the first half of the meeting last Friday, but final 18-0 outcome was substantiated by Post's 371 yards rushing, against 136 for Slaton. Outstanding in the Tiger lineup were John George, Jim Chriesman and Steve Ball, combining with the other team members to put up a formidable fight for at least the first half of the game.

county commissioner post, District 2. Mrs. Frances Nalle (R) contesting Mrs. Jane Rieger for county treasurer spot. For State Representative, District: Place 3, Bill J. Pley (D) opposed by Cecil Low (R); Place 2, Collier Ad (D) and Dick Turner (R); Place 1, Reed Quilliam (D) and Cence Kissell (R).

In the senatorial race, Senatorial District, Jack Clie (R) is contesting H. J. (I) Blanchard (D).

And for Congressman, Congressional District, incumbent George Mahon (D) is posed by Dennis Taylor (R). In statewide contests, the error race has drawn most attention, Democrat nominee, Connally and Republican, Cox having slugged it out in the Plains to the Gulf.

Other contested state race include: Lieutenant Governor: Pro Smith (D) vs. Bill Hayes (R). Attorney General: Wagg Carr (D) vs. T. Everton Nerly (R).

Congressman-at-Large: Pool (D) vs. Des Barry (R). Railroad Commissioner: Ramsey (D) vs. Bernold Hanson (R).

Comptroller of Public Accounts: Robert S. Calvert Mrs. Hargrove Smith (R). Joseph M. Rummier (C). Commissioner of General Office: Jerry Sadler (D) posed by Albert B. Fay (R). Commissioner of Agriculture: Incumbent John C. White vs. Harry Hubbard (R).

Be still

Mrs. Fulcher Is Host to Art Club

The home of Mrs. Truett Fulcher took on the air of an art gallery last Tuesday night as the members of the Slaton Art Club met for their monthly meeting. Several members brought some of their recent work, which consisted of portraits, still life and an unfinished study given to Mrs. Yates Key by Carlos Jordan, for her to complete.

Newly elected president, Mrs. Yates Key, presided over the business meeting, which was opened by answering to roll call whose topic was "My Favorite Western Artist".

"Western Art of Frederic Remington" was the program title led by Mrs. Fulcher. Members present were: Mrs. H. L. Turnbow, Mrs. Martin Collins, Mrs. A. E. Whitehead, Mrs. J. L. Tims, Mrs. Ellis Schmid, Mrs. Byron Johnson, Mrs. Yates Key, and Mrs. Truett Fulcher.

Consumers are actually paying less for meat today than in the so-called "good old days." In 1920, 7 percent of the total family income was spent for meat, points out Ed Uvacek, extension livestock marketing specialist. Currently, only 4 1/2 percent is being spent and consumers are getting better quality meats and have a much wider selection, adds the specialist.

Farm Bureau To Hold State Meet In San Antonio

Nationally-known leaders in agriculture, radio and government will address the 29th annual Texas Farm Bureau convention in San Antonio Nov. 11-14. Headquarters will be at the Granada Hotel.

TFB President J. H. West of Bishop will make his address to the convention on the morning of Nov. 12 in the Villita Assembly Building. Edwin Sanderson, Paris, TFB secretary-treasurer, also will make his annual report that morning.

Wayne Tyler, Chicago, field director of the American Farm Bureau Federation's marketing affiliate, the American Agricultural Marketing Association, will speak at a general commodity session Monday afternoon.

Speakers at the Tuesday morning general assembly include Roger Fleming, secretary-treasurer of the American Farm Bureau Federation; Senator John Tower of Texas; and the Governor-elect of Texas, either John Connally or Jack Cox.

Paul Harvey, American Broadcasting Company news analyst and newspaper columnist, will speak at the annual banquet Tuesday evening, Nov. 13. Some 1,600 are expected to attend the banquet at the Villita Assembly Building.

Dr. Herbert R. Howard, pastor of Park Cities Baptist Church, Dallas, will speak at a vesper service Sunday evening, Nov. 11.

It is time to think about next year's cotton planting seed, says Fred C. Elliott, extension cotton specialist. Cotton planting seed should be stored only in bins which have been cleaned thoroughly and regular checks should be made to see that insect pests don't move in, he adds. Local county agents can supply information on good storage practices and insect control recommendations.

Old Friends

By J. J. Maxey

I noticed that last week's column was included in the classified section and was wondering if the readers had already classified the column itself.

Had a letter from an OLD FRIEND, Jack Huckabay, last week. Would like to include parts of this letter in this column since I think that it would be interesting to some folks here. Jack expresses appreciation to all of the group of ex-students here that have endeavored to promote a renewal of old associations and acquaintances. The following is extracted from his letter.

"I find that I have two different impressions as I read about other exes. One is that these names would be familiar to Mother and Dad but unless they had children in my class, I can make no connection at all. They must have been around during the real early American period. Then on the other hand, although it seems only a very short period of time has elapsed since I walked down 10th street, some of the names, already exes, are remembered as babes in arms during my high school days. The time perspective is an amazing thing and your publication flashes this reality vividly across the mind of the readers.

"You have presented interesting facts relative to a representative cross section of Slaton exes. As you discuss football teams of the past, I find that I have a fond memory of the team of 1944. I think many of the members of this team had been highly impressed by the team of 1941, which I thought was really a great team. Our squad in '44 could not have been a great team in the same sense as the '41 aggregation for many reasons but we had a bunch of fellows, the majority of whom wanted to play football regardless of hardships involved or the odds against success. We felt that there were certain traditions to maintain in playing on a Tiger Team and we endeavored to uphold them. You will probably recall the condition of the playing field, it was completely covered with goatheads and there wasn't much grass since there were no football teams in '42 and '43 because of the war. The football team spent many hours pulling weeds at the stadium. The uniforms consisted of what little was left from the last football team which, believe me, wasn't much. Every once in a while you found someone whose helmet fit but very seldom did the shoes, some didn't even match. Completely dressed in his uniform a player had some protection but very little mobility. Now I know the first thing that comes to your mind is that — You were much better equipped than we were 10, 15 or 20 years ago, which I am sure is true but your opposition was in the same boat and ours was not. Nevertheless, my point is those who participated under these conditions did so because they really had a strong desire to play the game. A lot of us felt that outside of you, Max Arrants and a few others, the fans had little interest and no confidence in us but there was a determination to prove that we could compete and win more than we lost, which we did. I believe our 7 won — 4 lost record surprised many skeptics since this was the first (and only for the seniors) high school competition that any of us had experienced. We beat Post twice that year which may be some kind of record for a single season."

Jack goes on to mention several of the players on the team of '44, Clifford "Twinkle Toes" Hatch, Bevis Amour Hanna, Jack Nesbitt and others. As for the won-lost record, I don't believe that it has been equaled since.

We certainly appreciate receiving letters and comments regarding any aspects of our ex-students activities. We agree with Jack that there certainly was a great deal of real desire on the part of those who played on the team of '44. Attributes such as was exhibited by that bunch of fellows are those that have made Slaton's traditions of the past.

Least we get complete nostalgic — I want to compliment our present team on the fine effort that was made against Lockney.

Those paying dues since last week were Mary Ellen Madden Burke, Don Crow, Jack Huckabay and Harold Tucker.

Longhorns In 20-6 Win at Southland

The Loop Longhorns defeated the Southland Eagles Friday night by a score of 20-6.

The Longhorns made two touchdowns in the first half to the Eagles one. Southland's touchdown came in the first quarter when quarterback Larry McNeely scored from 14 yards out, making the score at the half 14-6.

In the second half, the Eagles held Loop to only one touchdown, but were unable to score. The final score was 20-6 in favor of the Longhorns.

The Eagles play the Wellman Wildcats at Southland Friday night.

With Attractions, Prizes, Dinner Scheduled Sunday

Nov. 4 has been chosen for the annual dinner of the Daughters of the American Revolution at the grand regent's home.

The affair is held annually in conjunction with the turkey dinner being served in the St. Joseph's Cafeteria. Meal tickets are 75c and \$1.50 with serving hours from 4 to 7 p.m.

A report at the Monday meeting was heard from the chairman of the vocations committee, Mrs. O. F. Kitten, with the suggestion that young men and women in seminaries and convents be remembered with a Christmas card. The legislation chairman, Mrs. W. H. Farschon, gave a reading reminding the members about their duty to vote in the up coming election. Members of the sick committee reported they made numerous

visits and took food to some. Sick committee for November is Mmes. J. J. Kitten, chairman, Kay Kitten, Andrew Kitten, Joe L. Kitten, Franklin Kitten and L. B. Kitten.

Plans were made to purchase additional silverware for the school cafeteria and send \$25 to the Catholic Childrens Home at Panhandle. \$20 was allocated to purchase extra food for the Christmas Baskets which are distributed each year.

Heading the Christmas Party Committee are Mmes. H. C. Heinrich, W. A. Heinrich, Victor Heinrich and Otto Heinrich.

Visitors from the Lubbock Court were Miss Rusty Kitten, Mrs. R. Jay Bednarz and Mrs. Johnny Mosser.

Punch and cookies were served by the lecturer, Mrs. Louis Melcher. The special prize went to Mrs. H. G. Schuette.

Mrs. August Kitten, district deputy spoke briefly and concluded with the reading "That Extra Hail Mary".

Million Dollar Grain and Wheat Payments Told

Final payments on the 1962 feed grain and wheat programs have been made on most Lubbock County farms, according to announcement this week by James Whitfield, office manager of the county A.S.C.S. However, Whitfield states, some producers have not called for their checks and should do so as soon as convenient so that the current program can be completed.

Cumulative value of total earned payments made to date is \$1,235,596 a A.S.C.S. newsletter reports, this including wheat, barley and feed grain, both advance and final payments.

Community committeemen from the Slaton area are W. A. (Bill) Alspaugh, Nestor J. Kitten and Earl Reasoner. Marvin Winniford of Rt. 2, Slaton, is a member of the county committee that meets each Friday morning in the Lubbock office.

Wood, says Extension Forester Bill Smith, is one of our best insulators for use in constructing homes and other buildings.

One-day service on most printing orders. Call VA 8-4292.

Veteran Slaton Builder Observes Birthday; Recalls Local Progress

CHARLIE LEWIS

Forty-six years in Slaton have been kind to Charlie Lewis, if his evident good health and contentment as exhibited Saturday on occasion of his 87th birthday are a true barometer.

Friends remembered this genial resident on his birthday with a specially baked cake, numerous cards and written greetings, and even with a cigar. Incidentally, Mr. Lewis avows that he has never smoked, never having a cigarette or cigar in his mouth.

Lewis came here from Grayson County, 46 years ago, counting from next January 26, to build a house for a friend, and he stayed on to see much of local history in the making. Actually he stayed for only three years at that time, returning to his old home where he talked his sister into returning to the plains with him; she came west and resided with him in Slaton until her death in 1945.

In the early days this veteran contractor and builder resided at the old Singleton Hotel; he recalls that he roomed there for two years and four months. That hotel stood where the Slaton Pharmacy and Slatonite now

face 9th street. Later he stayed at the Capp Hotel on Texas Avenue, and it was during this time, 1920 to be exact, when he suffered a severe case of influenza. Upon recovering, he walked daily for 2 1/2 miles to a job in the country where he was working on a house. For brief periods he did contracting work as far off as Albuquerque, then returning to points nearer home at Lubbock and Wilson.

Among the marks he made in Slaton history can be recounted the construction of the first picture show in 1920, located on site of the present shoe shop. Sam Sellman and Floyd Williams put in the movie.

Also, Lewis built the first service station (then known as filling station) in the city, Oran McWilliams establishing that business adjacent to the present post office.

Lewis did not curtail his contracting work until age 83, and since that time he has been catching up on his gardening activities, care of the huge pecan trees that shade the yard of his residence, and taking an avid interest in local and world affairs.

At present he frequently watches television until 11 p.m., expressing preference for "funny" comedy as provided by the Hazel and Joey Bishop programs, also enjoying the better Western shows.

Reading, without glasses, also occupies much of his time, with regular scanning practiced of the Slatonite, Star-Telegram, Dallas News, Whitewright Sun and the Avalanche-Journal.

Speaking of his good vision, the 87-year young Lewis leaned back in his rocker and smiled as he told Slatonite representatives that "I can read without glasses and hear everything I need to!"

In addition to abstinence from smoking, Lewis is a "teetotaler" and attributes his good health to good living and plenty of work. Possibly also helping is the "beauty sleep" he professes to enjoy each afternoon.

In revealing that he had lived at the same location in Slaton since 1924, Lewis concluded by stating that he "wouldn't leave Slaton for anything".

And this reporter opines that certainly no one would want

Wilson News

Mr. Edwin Martin and father, Archie Martin of Hillsburg, California went to Paris, Texas Friday to visit and returned Monday evening.

The Young Married Couples Class of First Baptist church had a Halloween Party Thursday night at the home of Jerry Ross. They came in costume for a scavenger hunt, refreshments, and games.

Mrs. Bobby Smith, Randy and Charles are in Ruidoso for a week with her parents, the Roberts.

Mr. Archie Martin of Hillsburg, California has been here since last Tuesday visiting his son and family, the Edwin Martins.

Mr. Ray Noble was taken to Post last week, suffering from muscle spasms around the heart. He is doing very well, now.

YOU MAY VOTE AS YOU PLEASE ON NOVEMBER 6TH!

There is no legal requirement—no moral obligation

- Regardless of how you have ever voted...
- Or in which primary you voted...
- Or whether or not you voted...
- Or how your poll tax receipt was stamped...

YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY ON THE NOVEMBER 6TH BALLOT

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Recently Governor Daniel repeated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

**Gift Gallery Is
Lowest Business**

Though open for business since Tuesday morning, Slaton's newest business firm, the Gift Gallery, will hold formal opening activities this Saturday, with more than \$100 worth of prizes to be awarded.

Located at 135-A S. 9th, adjacent to Brewer Insurance Agency, the gift firm is owned and operated by a mother-daughter team, Mrs. Lula Caldwell, Dee Mullins and Dora Houff.

Providing one of the more attractive window displays and interior arrangements in the area, the firm is designed to offer and display specialty items including fine china, imported Belgium crystal, solid brass reproductions, and a large line of quality wear.

Visitors are invited this week to register for the free prizes to be given at 4 p.m. Saturday, or \$100 in gift certificates will be presented, in addition to three stuffed toys.

**Court Collections
Near \$2,000 Here**

Corporation Court fines collected in Slaton during October totaled \$1939.00, according to a statement by Judge L. R. Greer Wednesday morning.

A police blotter for the current week revealed one charge of juvenile delinquency, three vagrancy, and 11 drunkenness.

**Willis to Address
Strict Session
Water Personnel**

George Willis, superintendent of the Slaton municipal water department, is scheduled to lecture to the annual West Texas district short school for water sewage works operators opening in Lubbock's municipal auditorium Nov. 5-8.

City utility personnel from throughout West Texas are expected to register for the four-day training event, part of a new design to keep water and sewer disposal workers up to date on their assignments as public servants.

Willis is widely known as an authority on public water supply distribution and management.

The short school is sponsored by the Texas Water and Sewerage Association, in cooperation with the State Department of Health, the engineering extension service of Texas A&M University, and the 10 West Texas water district districts of the TWRA.

**Beauty begins with
O-SIX
LOTION!**

- No. 1 Continued From Page 1
- manently and totally disabled by reason of mental or physical handicaps.
9. HOSPITAL DISTRICTS IN BRAZORIA COUNTY AND HOME FOR THE AGED IN TITUS COUNTY
- This amendment would permit the Legislature to authorize the creation of two hospital districts in Brazoria County, one to include all or part of West Columbia, Brazoria and Damon Independent School Districts, and the other coterminous with the Sweeny Independent School District, providing for a possible consolidation of the two, providing a mode of funding and also authorizing construction, equipping, maintaining, and financing a home for the aged in Titus County.
10. PERMITTING STATE EMPLOYEES TO SERVE AS CONSULTANTS OR ADVISERS
- This amendment would permit state employees to serve as consultants or on advisory committees or as members of Public School Boards (provided they are not members of the teaching profession) or with other agencies of this state or its political subdivisions or the Federal government, if approved by their administrative heads and provided there is no conflict of interest.
11. SALE OF LANDS REMAINING IN VETERANS LAND FUND
- This amendment would permit the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans. Such sales would be governed by existing laws regarding terms.
12. DELEGATION OF ZONING POWERS TO BEACH COUNTIES
- This amendment would authorize each local county or governing agency which controls the surrounding land of the beaches of the Gulf to regulate and restrict the speed, parking and travel of motor vehicles on these beaches, and also control littering.
13. INDEPENDENT SCHOOL DISTRICT TAXES IN DALLAS COUNTY
- This amendment would authorize independent school districts in Dallas County to continue the levy of previously-authorized taxes and the sale of previously-authorized bonds without the necessity of an additional election following a change in their boundaries.
14. TRIAL DE NOVO
- This amendment would authorize the Legislature to provide for trial de novo on all appeals to the courts from actions, rulings or decisions of administrative agencies and executive departments of the State of Texas or any of its political subdivisions. It would permit a complete new trial on all the evidence and details of an administrative or regulatory order, regardless of previous rulings on similar cases.

Vehicle Accident Toll Heavy In County, Patrol Report Discloses

Unwanted distinction during recent weeks has come to Lubbock County, this county topping the 29 county area of District A of the Department of Public Safety in rural accidents.

The highway patrol during September investigated 37 rural accidents that accounted for

five persons killed, 38 injured, and an estimated property damage of \$26,925.00, according to Sergeant O. C. Guthrie, patrol supervisor of this area.

The rural accident summary for Lubbock County from January through September of 1962 shows a total of 250 crashes. As a result of these crashes there were 32 persons killed and 442 persons injured. The estimated property damage amounted to \$180,288.00.

Both fatalities and property damage during September in this county were far in excess of any other area counties. Only Young County equalled in deaths, both reporting five in rural accidents.

The Highway Patrol has emphasized that "Accidents go up when the sun goes down". Darkness hides danger, giving the driver a false sense of security. That is the reason traffic accidents increase during October's shorter days and longer nights. National statistics show that the traffic death rate at night is three times the daylight rate, and more than half of all accidents occur after sundown, despite reduction in the volume of traffic.

At sundown, long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time. The veteran patrol supervisor said, "make it a habit to turn on your driving lights at the first hint of dusk and always use them properly."

The mishandling of game after the kill often makes impossible a tasty preparation job in the kitchen, explains Ed Cooper, extension wildlife specialist. He recommends field dressing immediately after the kill, especially if the weather is relatively warm. Keep the game clean and cold storage aging is recommended. He suggests hunters that they pick up a copy of B-987, "Game Care and Cooking" from the local county extension office.

The advertising book match was introduced in 1889 to advertise an opera.

Slaton Punt, Pass And Kick Contest Slated Saturday at Gridiron

Slaton competition in the national Punt, Pass & Kick contests will be conducted this Saturday at 9 a.m., according to announcement of Bill Smith. Location will be at the football field. The contests are sponsored here by Slaton Motor Company, as representatives of the Ford Motor Company, and co-sponsored by the Slaton Lions Club.

Launched nationally in 1961 by the Ford company and the National Football League, the competition and valuable awards are provided for grade school boys aged 7 through 11. Smith reports that much interest has been shown here, with a large number of boys entering.

Each boy competes against other boys in his own age group in a contest of football punting, passing, and kicking (using a kicking tee). There is no body contact, no special equipment needed.

Points are awarded for each foot the ball travels in the air, and points deducted for each foot the ball lands to the left or right of a center line. (Measurements are made to the half-foot, and half points awarded or deducted.)

In 1961, 205,000 grade school boys throughout the United States competed in the Punt, Pass & Kick Competition.

ELIMINATIONS

Local competitions will be held throughout the United States on November 3. In each local competition, there will be five winners, one in each age group, as well as five second

Club Youth Made Good Profits At Livestock Show

Proceeds totaled \$165,488 for 1,129 4-H Club members and Future Farmers who participated in the Junior Livestock and Poultry Auction Sales at the 1962 State Fair of Texas, according to a summary compiled by Ray W. Wilson, livestock and youth activities manager of the Fair.

The youngsters sold 383 premium steers for a total of \$118,571, 239 lambs for \$5,667, 815 barrows for \$32,940, 224 market turkeys for \$3,090, 1,090 market broilers for \$2,608 and 10 no-ribbon steers for \$2,611.

"The total included more than \$41,000 in premiums paid above the current market price for steers, lambs, and barrows," Mr. Wilson pointed out. "The State Fair will mail their checks to the boys and girls during the first part of November."

place and five third place winners. Scores of the first place winners of each competition in each state will be compared at PP & K headquarters, and five state-wide winners will be determined.

State winners (the 48 states and the District of Columbia) then will be sorted according to the 14 areas will be selected. Five winners from each of the 14 areas will be selected.

These NFL area winners then will be separated according to the Eastern and Western Divisions of the National Football

League, their scores compared, and ten Division winners — one in each age group from each Division — will be determined through elimination contests during half-time of NFL games. The ten Division winners then will compete at the National Football League Championship game, to determine the five National Winners.

PRIZES

Top winners of each local competition will receive National Football League warm-up jackets with the official emblem of the NFL team in the area.

Second place awards will be football helmets; third prizes, footballs autographed by members of the 1961 NFL champion Green Bay Packers.

Top winners in each of the state-wide eliminations will receive PP & K State Winner's Trophies.

Area winners will use junior NFL League uniforms, and receive all-expense-paid trips with their fathers to the NFL city in their area for Division play-off competition during the games. The ten Division winners, and their mothers and fathers,

receive expense-paid trips to Washington D. C., for a reception at the White House, and thence to the site of the NFL Championship game to compete for the national PP & K Championship.

National winners will receive age group, will receive championship trophies, and five boys receive trophies during ceremonies at the competition, punt, pass and kick.

Texans don't want a Puppet Governor

Connally has always taken orders from Lyndon Johnson

LOOK AT THE RECORD:

- ▶ In 1937, before Connally graduated from college he was working in Lyndon Johnson's first race for Congress. Following Johnson's election, Connally came to Washington as Congressman Johnson's assistant.
- ▶ In 1948 Connally managed Johnson's Senate campaign, (87 vote margin) which involved the scandalous vote frauds of Duval County and Jim Wells County. Johnson took Connally back to Washington as administrative assistant (top man) in his Senate office.
- ▶ Late in 1949 Connally joined the law firm of Powell, Wirtz and Reynolds, Austin. State Senator Wirtz was Under Secretary of the Interior and resigned his Washington post to return to Texas to run Johnson's gubernatorial campaign in 1941.
- ▶ In 1952 John Connally went to work for Fort Worth oil man, Sid Richardson, Attorney General Will Wilson said, "Sid Richardson did not hire Connally for his training or knowledge. Sid Richardson hired him because he was Lyndon Johnson's campaign manager." Lyndon Johnson had this comment on Mr. Richardson: "Nobody did more to send me to the Senate than the late Sid Richardson." Fort Worth Star Telegram, January 12, 1961.
- ▶ In 1956 Lyndon Johnson tapped Connally to place Johnson's name in nomination for President at the Democratic National Convention.
- ▶ In 1956, 1958, and 1960 Connally was picked to lead the Johnson campaign in the county and state conventions.
- ▶ In 1960, Johnson called on Connally to lead the drive to obtain the Presidential nomination for him. Later, Connally was active in Johnson's Texas campaign.
- ▶ As a reward, Connally was tagged for the post of Secretary of the State shortly after President Kennedy visited Vice-President-elect Johnson's home. The New York Times termed Connally's appointment as "Mr. Johnson's gubernatorial patronage plum." (June 4, 1962)
- ▶ In 1961 Connally, after less than a year on the job he pledged to fill two years, resigned to run for Governor of Texas. Time magazine said Connally's announcement for Governor "certainly seemed to carry Lyndon Johnson's political fingerprints." (December 22, 1961) After Connally's victory in Yarrowborough, Time said "His mentor Lyndon Johnson thus tightened his grip on the Texas Democratic organization." (June 8, 1962)
- ▶ All over Texas long-time Lyndon Johnson backers are spearheading Connally's million dollar campaign. Why? Federal pay offs from the Kennedy-Johnson team.

With this background it's an insult to Texans' intelligence to pretend that John Connally is not the hand-picked candidate of Lyndon Johnson. Thinking Texans will reject this brazen attempt to merge State and Federal patronage into one gigantic political machine run out of Washington by L. B. J. Jack Cox is independent! He has no obligation to any one but the people of Texas. He owes no favors to the special interests in Texas or to anyone else. He will not betray the future of the people of Texas to get big name endorsements and money contributions.

Texans who want to keep Texas independent of Washington control will vote for

THAT'S THE WAY — Bill Shook, San Angelo, and Alton McEver, San Angelo, are helping Stanley Coldiron of West Texas Boys Ranch to polish his swing. Coldiron, a Boys Ranch boy, will enter the nine-hole Blind Bogey Tournament at Ranchland Hills Country Club in Midland. Both Shook and McEver plan to enter the meet to be held Nov. 2-3. All proceeds will go to the West Texas Boys Ranch.

Resident's Mother Dies at Amarillo

Funeral services were con-
ducted in Amarillo Friday for Mrs.
Emma Glasgow, 77, mother of
Mrs. W. C. "Dub" Williams of
Slaton.

Surviving are two sons and
two daughters.
Mrs. Glasgow was a pioneer
of Ochiltree County, going to
that area in 1900 before the
county seat of Perryton was
founded. Burial was in the
Ochiltree Cemetery at Perryton.

Letters to Editor

Mr. John H. King, Publisher
Slatonite
Slaton, Texas
Dear Mr. King:

The final performance of the
1962 Prison Rodeo was held last
Sunday. Everything considered,
we had a very successful series
of shows. As you know, we de-
pend upon the rodeo to finance
many rehabilitative services for
which tax dollars are not ap-
propriated.

Much of the success of this
year's rodeo, as in past years,
was due to you and other news-
papers who so graciously pub-
lished our news releases. News-
papers are among the very best
of advertising media. I am sure
that many who attended the ro-
deo did so as a result of reading
about it in your papers.

On behalf of the Texas Board
of Corrections, the administra-
tion, and the inmates, I would
like to express to you our sincere
appreciation for your coopera-
tion. Without your help the ro-
deo would not have been the success
which it was.

Yours very truly,
Richard C. Jones

Mr. John H. King
The Slatonite
Slaton, Texas
Dear Mr. King:

Thank you for sponsoring the
cup in the West Texas High
School Press Association annual
newspaper competition. It was
won by Claude High School and
was presented at the banquet
which closed J-Day on this cam-
pus Saturday, September 22.

Sincerely,
Wallace E. Garets,
Head, Department of
Journalism
Texas Technological
College

IN HOSPITAL

Word has been received from
Mineola, Texas, that C. B. Mar-
tin Sr., Slaton resident for 30
years, is hospitalized there re-
cuperating from a heart attack.
Martin had eye surgery in Lub-
bock early in September and
was visiting friends and rela-
tives when taken ill. Friends
may write him at Mineola Gen-
eral Hospital, room 5, at Mine-
ola.

Typewriter and adding ma-
chine ribbons for all make ma-
chines. Available in Slaton at
The Slatonite.

My Neighbor

(Editor's note—just
is he saying?)

Everything for the office.
Slatonite.

CONTEST WINNERS

Jerry Burrell, Rt. 2, was a first-time winner in the Slatonite football forecast contest this week, calling 12 of the 14 winners correctly to walk out in front with an 86% accuracy total.

Following were two familiar names, Johnny Hennington and J. Hennington, Jr., both calling 11 winners, 2nd and 3rd placings determined via the tie-breaker route.

Several tilts were deemed upsets by Monday morning quarterbacks, with most contestants missing in selection of W.T.S.C. over Arizona, and other frequently missed games including Rice-Texas, Monterey-Amarillo, Snyder-Lamesa, Floydada-Lockney, and Baylor-A&M.

Standings at the close of seven weeks of the contest find Baker, who missed the winning circle this week, still leading with 18 points; Mrs. H. H. White, also among the missing this week, following with 16 points; and Johnny Hennington coming in third with 12 points.

Season-end results still are anybody's guess, with some 5 and 3-point wins possible to

-WEATHER-

Moderate temperatures in the mid-60's have been the rule this week, with fair and balmy weather said in prospect for the weekend. Rainfall Saturday amounted to .5 inch in Slaton with similar amounts of little variation in the immediate area.

Temperature readings, as supplied by the Pioneer Natural Gas Company, are as follows, high and low for each day:

Thursday	55-40
Friday	64-48
Saturday	65-50
Sunday	64-47
Monday	65-42
Tuesday	70-40
Wednesday	68-40

Average daytime temperatures were 65 degrees, with 45 degrees at night.

change the present order of winners or inject still new names into the running. Contest supervisors observe that only a few weeks remain before the final awards can be announced, and all ball enthusiasts are urged to participate for fun and profit in this merchant-sponsored and Slatonite-conducted 'un-fest.

Fair Turnout Is Noted for Sabin Anti-Polio Doses

Vaccine-impregnated sugar cubes were administered Sunday to 3823 Slaton area residents in the second of the Sabin oral vaccine series designed to stamp out polio. Initial dosage some weeks ago found 4500 local people availing themselves of the free inoculation. Percentage drop in repeaters was in line with experience of other area towns where less number turned out for the second phase of the program. Third and final dosage is expected to be administered in Slaton in some six weeks, authorities report. Announcement will be made later as to whom these should be administered.

George Willis, president of the Lions Club that supervised the Sunday program, has asked the Slatonite to express appreciation of his organization to all persons assisting in the speedy and efficient Sunday operation. Civic clubs, doctors, nurses and the cooperative public were singled out as deserving of much credit.

Twenty area towns coordinated publicity to hold the second anti-polio session on the same Sunday date, with over 131,000 doses being given. This was some 10,000 less than noted in the first "Stop Polio Sunday".

hibited here, one of the three types to be selected for local use should the November 6 bond election authorize installation of the machine method of voting.

Also to be discussed at the Slaton meeting will be pros and cons of all 14 amendments to be presented the electorate in the November election.

Another meeting is being held tonight in Lubbock, similar to the Slaton session, for residents who might find it more convenient to attend there. This one will be held at the Garden & Arts Center on College Avenue in the county seat city.

"These meetings should be of special interest to Slaton area residents," Mrs. Lamb points out, "as Judge Davis has stated to our League that all precincts will receive the machines if any one gets them by virtue of the election November 6th." According to area newspaper reports, Judge Davis stated some months ago that no tax change would be anticipated by purchase of the machines, increased valuations already in the mill "may well take care of the purchase".

The League of Women Voters has studied the machine question for some 10 years, Mrs. Lamb reports, and has been active in bringing the proposition before county officials and finally the electorate. The League is a non-partisan organization working to promote political responsibility through informed and active participation of all citizens in their government. It does not support or oppose any political party or candidate, however. One of its more recent projects has been presentation of a voter's guide listing and explaining the 14 proposed Constitutional Amendments, but refraining from supporting or opposing any specific amendment.

players, Jaycee President Bill Ware reveals.

With overweight exes, some having played no football for 14 years or more, excessive number of overtimes expected, rule infringement and questionable officiating, the game is expected to be hilarious, according to the few who have observed the workouts.

Coaches Bingham and Kerr will head the officiating staff; John Taylor is coaching the Jaycee hodgepodge, and Jet Taylor is working with Wayne Banks and others in trying to form something or other from the exes.

Further details will be announced next week. Advance ticket sales will commence this week, directed by the Student Council. Students will sell tickets, together with several business firms.

The Old Timer

"Rich relatives seem to have one big advantage. They always live long."

Can money alone make your future secure?

Whatever your feelings about money, you'll probably agree that it's handy to have around—even all by itself. What's more, if you make it your business to save some pretty regularly, in a few years you'll be all set for that new home, or your child's college expenses, or your own retirement. Or will you? Without the freedoms on which this country was founded, the money there is wouldn't be worth very much. A secure future takes both—money and the freedom to spend it as you choose. That's the main reason why buying U.S. Savings Bonds is such a good idea today. You do double saving on a single investment. You save money, at a guaranteed rate of interest. You provide funds that help Uncle Sam stand up for freedom right now, so you to have it. How about your saving Savings Bonds? move you can day to make sure more secure.

Though this wall is in Berlin, Communism's rule of terror threatens free men everywhere. One way Americans help safeguard their freedoms is by buying U.S. Savings Bonds.

Keep freedom in your future with U.S. SAVINGS BONDS

Insincerity Topic Homemakers Class Meeting Last Week

Mrs. Frank Lawrence and Mrs. Audean Nowell were hostesses to members of the Homemaker's Sunday School Class of the First Baptist Church Tuesday evening, October 23, in the Lawrence home.

Mrs. Jefferson presided during the business session during which time plans were made for finishing the yearbooks.

Mrs. Dan Liles presented the devotional on "Insincerity", reading the scripture from Acts 5:1-11.

Mrs. Lawrence led the group in a Bible quiz.

Members present included Mrs. Howard Hord, R. C. Hall, Ollie Clark, Ludie Williams, Liles, Nowell, Jefferson, Lawrence, Roy Collins, G. A. Johnson, Roy Parks, L. A. Gregory, Henry Jarman, and a guest, Mrs. Alvin White.

The next meeting will be in the home of Mrs. Gregory on November 27 at 7 p.m.

Mrs. Tucker Hostess To Baptist Circle

Six members of the Lottie Moon Circle of the First Baptist Church were in attendance at the meeting of that group recently, with Mrs. I. C. Tucker as hostess.

Mrs. Garth Hunt offered the prayer and led in scripture reading. Mrs. Joe Teague Jr. read minutes of the previous meeting. Mrs. R. L. Smith and Mrs. H. G. Stokes participated in the program.

Next meeting is scheduled with Mrs. Hunt, November 21st, at 9:30 a.m.

Katherine Smith Named Campus Beauty Nominee

Miss Katherine Smith, daughter of Mr. and Mrs. W. K. Smith, 620 S. 13th, Slaton, is one of 30 nominees for preliminary judging of campus beauties at Wayland Baptist College in Plainview. Miss Smith, an elementary education major and an English minor, is a nominee of her senior class.

From the 30 young women, off-campus judges will choose 15 from photographs for presentation at the Beauty Pageant, Nov. 15. Another group of off-campus judges will then select the top beauty and two runners-up for

special showing in the 1963 Traveler, college yearbook. An oriental setting will form the background as finalists model dresses and formals at the pageant at 7:30 p.m. in Gates Hall Auditorium.

Miss Smith, 1959 graduate of Slaton High School, has also been re-elected president of her residence hall. She is a member of Women's Council, Young Women's Auxiliary and Texas Student Education Association.

Two Parties Held In Cheatham Home

Mrs. Dick Cheatham entertained with two parties in her home at 755 S. 14th, Saturday morning.

A 10 a.m. fete honored Caryn Cheatham on the occasion of her birthday, and was attended by Lana Dickson, Kim Clodfelter, Frana Gass, Beverly Boyle, Keri Kern, Lou Ann Ford and Jan Davis.

A later party provided Halloween fun for members of the Primary Sunday School class of the First Presbyterian Church. Mrs. Cheatham teacher of that class. Members attending were Chrys Cheatham, Debbie Gayle King, Mary Helen Champion and Kathie Mitchell.

Mollie Mitchell assisted the hostess in leading games of Poor Tom Turkey, Ghost Banquet, Throw, Pin the Tail on the Black Cat and Pass the Ghost.

A pumpkin cake with ice cream and orange drink was served.

Football Sweetheart at Southland

Miss Sharla Taylor was accorded signal honors recently with her designation as Football Sweetheart of the Southland school added to other recognitions she has received during her school career.

Sharla, daughter of Mr. and Mrs. H. D. Taylor, is cheerleader of her school, is editor of the school annual, and is vice-president of her senior class.

Bluebonnet Club Banquet Planned

Mrs. Fannie Patterson was hostess to the Bluebonnet Club Wednesday of last week, with Mrs. Ford Stansell presiding over a business meeting. Roll call was answered with miscellaneous subjects.

Final plans were made for the banquet for members and husbands to be held November 9th at 7 p.m. in the local clubhouse.

Games were played, and refreshments were served to Mesdames Stansell, Standefor, Sammer, Teague, Hodge, Boyd, Wicker, Edmonson, Parks, Jarman and Patterson, and one guest, Mrs. Joe Neilson.

Next meeting will be in the home of Mrs. Joe Teague Jr., at 2:30 p.m. on November 14th.

EXTENDED TRIP

Mr. and Mrs. E. M. Lott returned to Slaton last week after a 2-week visit to relatives in Fort Worth and Arkansas. They visited their son and family, the W. W. Lotts, in Fort Worth, also visiting their grandson, Jorge R. Lott and family. Going on to Waldron, Arkansas, they visited another son, Leonard, and family. While there they received word of the death of Mrs. Lott's sister, Mrs. Oliver Price, in Converse, Louisiana. The elder Lotts, accompanied by the Leonard Lott family, attended the Louisiana funeral.

J-C Turkey Shoot Deemed Successful

Twenty-seven shoots were reported by the Slaton Ju Chamber of Commerce in week-end turkey shoot, gross that organization almost in revenue.

At least one, and probably two, more shoots will be scored before the Thanksgiving holidays, with turkeys, ham and bacon announced as prizes according to Bill Ware, Jr. president.

Observations and Potpourri

Does the majority really rule in national, international and local affairs?

In theory, yes. The majority rules in our democratic country at the state, national and local level which includes our city government, school systems, and yes, even charitable organizations. We're not sure, however, if the majority really does the voicing for us.

We're wondering if the majority of our people take an active part in the elections, church and civic activities.

Some years ago when this writer was working on the Big Spring Herald during a poll tax drive he was urging a group of four fellows to purchase "their right to voice opinions" during the final days of January.

Three of the 4 agreed not to purchase a poll tax, and the reason that they gave was, "What difference does it make, those darned politicians will do what they want to anyway".

If the majority of the people do not participate in the important issues of our country, if they do not purchase poll taxes, or get exemption certificates, if they do not go to the polls and cast their vote "for or against", if they do not read proposed amendments and discuss the pros and cons of the issues with informed persons; then, certainly the minority does rule in our country.

Most usually when there is a crisis or general trouble locally or nationally, it is usually the "do nothing, uninformed person" that criticizes the persons that have the responsibility of taking necessary action and moulding policies that they think will benefit the majority of the constituents.

We urge all qualified voters to study the 14 proposed amendments that Texas will vote on November 6, and we further urge you to study the candidates and their platforms most carefully, and for the sake of freedom... PLEASE, go to the polls Tuesday, November 6th and cast your vote with conviction.

If the majority votes... the majority rules!

An afterthought:

There was the speaker at the Texas Jaycee state convention who opined that "democracy will work up until the time that the people learn that they can vote themselves money."

Have we arrived?

The only ones you should try to get even with are he ones who have helped you.

A taxpayer has been defined as one who doesn't have to pass a civil service examination to work for the government.

If your son keeps asking for spending money, perhaps you never told him there is any other kind.

A man never gets so confused in his thinking that he can't see the other fellow's duty.

If everybody remembered the past, nobody would ever forgive anybody. — Robert Lynd

Mayor Denies Closed Meeting Rumor

Mayor Clyde McFarland lashed out strongly this week when questioned by a Sentinel correspondent relative to rumors that future meetings of the city council would be closed to visitors.

A rumor, reportedly started last week, spread over the city like a range fire, uncontrolled.

It was stated that an order had been handed down from the mayor's office, that no visitors would be allowed to attend future meetings of the governing body.

It was also reported that the council had issued an ultimatum to city employees that they would face immediate dismissal if discussion of a city council meeting was repeated in outside conversation. Also, employees of the city were instructed not to hand out advance information of any council meeting, revealing time or place.

Contacted this week by The Sentinel, Mayor McFarland stated, "We haven't had a closed meeting in the past 17 years, and we don't intend to start now."

Added the newly appointed mayor, "The only time there would be occasion for an executive session (closed meeting) would be if we are discussing a personality, his morals or his conduct. This we would certainly want to keep private to protect the individual."

Knowing that closed meetings of elected officials are contrary to law, residents of the city were up in arms when the story first broke last week.

Citizens were preparing a mass visitation of the next city council meeting to protest the reported secret sessions, and several taxpayers were preparing a slate of nominees to run in the next city election in April.

However, Mayor McFarland's statement to the press this week is certain to quash any further agitation on the subject.

—Big Bend Sentinel

Psychology Confuses Allies and

American psychology is a marvelous thing, surprising that our enemies and allies alike sometimes are confused. —George Baker, Fort Stockton Pioneer

Doug Meador Says - - -

It is easy to become lost when we deviate from the straight line being followed by the masses, which is precisely why many leaders who pause to look back and to their dismay, discover they are alone.

Conceit is chronic vanity doomed to leave scales of confusion in every corridor through which it passes.

Electric lights and the glaring beams of automobile headlights at night have made working conditions difficult for those people who will vouchsafe that they have seen a 24-hour clock harder to find than Republicans. Things were different in the horse and buggy and coal oil lamp days when families had to exchange ghost stories that scared the wits out of their children. About the only card-carrying ghosts left are on television screens.

Please, No More String Bands In Politics

At a social gathering here recently, a Californian was discussing state politics with me.

"You do it a little differently here," he said; "there seems to be more emphasis on the, well, entertainment side at political rallies in this state."

He was trying to be nice but he stated an unpleasant political truth. Too many candidates have won office in Texas because they happened to have a better string band than their opponent.

It is time we grew up in Texas. I'm quite aware that the same thing is true of other states, that even in California they trot out movie stars, etc. But this is no reason for Texas to remain sunk in the bog of ignorance. —Pat Bennett, Crosbyton Review

Situation Hampers Writer's Enthusiasm

As I write this column this week I find it hard to have the enthusiasm I usually find for writing words of situations and conditions. The attention of the entire world is focused on the situation in Cuba and the blockade American ships have formed around that island just off the shores of the United States. Business, here at the Banner, as in other places over Ralls, continued but there was an ever increasing air of tension that seemed to mount as news sources in Washington began to tighten and dry up in some places. Few people left their business or home without first checking radio and television reports. Wherever groups gathered for coffee the conversation usually began with Cuba and even returned to Cuba if it drifted off to a lighter or different vein. —Marvin Tomme, Ralls Banner

Comfort, silence and luxury to challenge any car from anywhere

There's a lot underneath the beauty of the '63 Chevrolet. Its roomy, comfortable Body by Fisher screens out noise and shock. There's instant response in a choice of 6- or 8-cylinder engines, a host of refinements to make it run and look like new longer, and plenty more that make it hard to believe it's a low-priced car. But your Chevrolet dealer can prove it!

GO Jet-smooth '63 CHEVROLET-IT'S EXCITING!

Men Recall Girls Football Game

Memories Of Girl "Powder Puff" Bring Back Memories

Men recalled for its... of that is... of area news... "Powder Puff" game of... of... city sec... the game... through... Slaton is... the verbatim... girls' football... in his own... class of 1946... a few days... that Max... downtown... with the... had hashed... season we got... "Powder... society... in 1793... members who... of allocating... the har-

Following is an excerpt from the Lubbock Avalanche report of the game. "Taking only an occasional time out to powder their rosy noses, two Slaton girls grid squads, with the well-named participants slinging everything at each other but the dresser drawers, huffed and puffed through four quarters of what was billed as a football game in the first bowl game of the season — Slaton's Powder Bowl here tonight.

As some 2,000 amazed and awestruck fans looked on, an underdog junior girl's class of Slaton High School hitched up their jeans, some of them with safety pins, and upset the header and "Well Rounded" senior girl's squad. The score, which was only incidental, was 26 to 6. Incidentally, the winners scored most of their touchdowns on — that's right — Passes."

Following is a list of the participants — SENIORS — Billie Marie Taylor, Bettye Caldwell, Maxine Alfred, Evelyn Brown, Betty Willis, Joy Holloman, Joyce Gentry, Peggy Abernathy, Mary Harrah, Dorothy Davis, Peggy Tudor, Nancy Teague, Phyllis Leach, Lavenia Wilson, Jean McKaughn, Norma Jean Bickers, Johnny Peebles, Joyce Smith, Francis Hunter, Phyllis Hunter, Ann Singleton and Lena Schmidt. JUNIORS — Jean Harris, Francis Hart, Patsy McCarthy, Barbara Schilling, Iva Crowley, Mona Caldwell, Billie Walters, Joyce Pember, Neva Belcher, Nadine White, June Heck, Nannie Lou Elder, Daunita Dowell, Lucille Caldwell. The officials for the game were Clarence Tillery and Melvin Tudor.

"This incident out of the past is proof that ingenuity, enterprise and the pioneering spirit is not dead in Slaton. Sometimes when I think back to this incident and remember some of the boys games that I've seen, it makes one wonder why girls are not allowed to play on the varsity.

"I am indebted to Mrs. Dick Cheatham (Joyce Pember), class of 1948, for saving the articles from which we took the excerpts. By the way — Joyce,

Slaton Is Within Revised County Disaster Plan

A revised Disaster Plan will be published by the Lubbock County Red Cross Chapter to provide emergency relief in the event of a disaster in the county, according to Fritz Lanham, chairman of Disaster Services.

Under the revised plan, Lubbock County is divided into nine areas, with check points in or near Shallowater, New Deal,

Idalou, Becton, Carlisle, Acuff, Wolforth, Woodrow, Slaton and Lubbock. Each area is approximately 10 miles by 10 miles and a designated representative in each area is responsible for reporting possible or actual disaster situations.

Serving as members of the Disaster Committee in addition to Lanham are Clem Boverie, Charles Pearson and Mrs. Mark Hailey as vice chairmen, and the following sub-committee chairmen, Survey—John Stuart; Food—Robert S. Booker, Jr.; Shelter—A. W. Eckert; Medical and Nursing—Dr. R. C. Douglas; Family Service—Robert Hearn; Clothing—Clarence Solnick; Communications—W. Odell Dial; Transportation—Clyde Henderson; Supply—Gene Anderson; Public Information—Ford Mitchell and Fund Raising—Bill J. Parsley. All Red Cross board members serve on one or more of the sub-committees.

The Red Cross defines a disaster as a natural catastrophe such as a flood, tornado or hurricane, and also sudden catastrophe such as fire, explosion, transportation wreck or other public calamity in which a number of persons are plunged

into helplessness and suffering. Red Cross takes immediate action when five or more families are involved in a disaster.

Disaster relief is the voluntary assistance extended by Red Cross to families and individuals in need as a result of disasters not war-caused. This relief is divided into the emergency phase and the rehabilitation phase. The emergency phase is to provide immediate needs for the basic necessities of food, clothing, shelter, and medical and nursing aid. The rehabilitation phase is to provide help in returning to normal living such as the repair and rebuilding of homes, providing household fur-

Statewide Events of Interest Listed in New Calendar of Events

Copies now are available of the new Texas Calendar of Events for fall and winter, released this week by the Travel and Information Division of the Texas Highway Department.

The complimentary calendars are available to Texans and out-of-state visitors alike through the Highway Department's eight Tourist Bureaus, the Travel and Information Division, P.O. Box 5064, Austin and local chambers of commerce.

More than half the 407 statewide events listed in the 16-page booklet are in the fine arts field — concert, ballet, operas and stage productions.

Leavening is provided by gala festivals such as El Paso's Southwestern Sun Carnival, Tyler's Texas Rose Festival, Edinburg's Pan American Bronco Days, Mission's Texas Citrus Fiesta and Brownsville's Charro Days.

The unexpected is here too — New Braunfels' Sausage Festival, the Hill Country Saenger (Singing) Festival at Fredericksburg and Corpus Christi's New Years Day Swim.

October through March events are distributed among 90 Texas communities ranging in size from Houston and Dallas to Bartlett and Lyford. All were submitted by chambers of commerce upon request of the Highway Department, Texas' official travel promotion agency.

Number of events is up 56 over the spring and summer calendar, a record 44,000 copies of which were distributed nationwide.

Think you've slowed up? Christopher Columbus averaged 2.8 miles per hour on his voyage which discovered America.

There's a Friendly Church Near You

Which Direction?

Have you examined the road you are travelling? Have you taken a forward look? Is it possible that you are approaching a "dead-end"? Do you know whether "your way" is God's way for you?

"There is a way that seemeth right unto a man, but the ends thereof are the ways of death."

The primary purpose of the church is to point you and others to Him Who said,

"I AM THE WAY"

Millions of people will testify that to follow Him is to walk the path that

"SHINETH MORE AND MORE UNTO THE PERFECT DAY"

A cordial welcome awaits you at church. Come! Learn to "walk in the light, as He is in the light."

Other foundation can no man lay than that is laid, which is Jesus Christ!
I Corinthians 3:11.

A hotel in Dijon, France pipes red and white wine into guests' bathrooms.

By official decree, all of Venice's 444 passenger gondolas are jet black.

Approximately 1% of the U.S. copper production goes into the making of Lincoln pennies.

"Loneliness is an experience you undergo when you are without money among relatives."

Elimination Of Peppers President's Hobby

catches carp and suckers from the fishing holes, and places one of the fish at the bottom of every plant, terming this the very best of fertilization.

Cross pollination of the plants is made in the springtime during the blooming period. The heavy yield largely is due to the development program wherein original 14-inch plants have been crossed to produce a plant of 30 inches or more height carrying a larger number of pods.

After reading all available material and importing rare varieties, three basic crosses have been made by the Slaton experimenter:

Soft banana peppers have been crossed with sweet green pepper to result in a fleshier fruit that is large, mild and sweet.

Torrido Mexican hot peppers

Wilson News - - -

Held Over From Last Week
Mr. and Mrs. Jerry Adams of Tahoka were here for the homecoming Saturday night.

Mr. and Mrs. Cecil Fields, Mr. and Mrs. Curtis Christopher and Randy, and Mrs. H. D. Cleckler of Lubbock were visiting in Morton Sunday evening.

Visiting Anton Ahrens family Sunday were Mr. and Mrs. David McLean, Sharon, Davy, of Crane, Mr. and Mrs. Walter

have been pollinated with green sweet peppers.

Jalapeños have been crossed with bell peppers, resulting in a new variety of darker color than either.

Behlen brought one cluster of Japanese peppers to the newspaper office, red, yellow and blue pods appearing on the same cluster.

Fruits of his development have been sold to individuals, cafes and other local markets.

Gardner, Carla Jean and Dennis of Olton, Mr. and Mrs. Henry Ahrens, Wesley, Robert and Cathy, Mr. and Mrs. Ruben Sander and Susan, Mrs. Olga Sander, Mr. and Mrs. R. R. Deyer of Shiner, Mrs. Erna Bruckner of Slaton, Mr. and Mrs. Gus Heinze and Nathan of Lubbock, Mr. and Mrs. Elbert Gumm and John, Mrs. Edwin Martin, Diane, Clifton and Lanelle, and Mrs. Bill Kloas.

Mr. Bud Baxley came home from the hospital Monday, recovering from a virus in Slaton hospital.

Mr. and Mrs. James Walsh and Toots of Spur came Friday and spent the weekend with her parents, Mr. and Mrs. W. T. Baxley.

Mr. and Mrs. Harvel Phillips of New Deal were visiting Sunday with Mr. and Mrs. A. N. Crosson and family and Mr. C. W. Phillips.

Mrs. C. W. Phillips left Sunday morning for Dallas with her brother and family, Mr. and Mrs. John Moody of Hereford. Their sister, Mrs. Jim Dooley was to undergo major surgery there Tuesday morning.

Mr. and Mrs. Sears Bartley and Jan visited in Tahoka Sunday with Mr. and Mrs. J. W. Jolly and family.

Nearly 2,000 different makes of automobiles have been produced since the industry first started.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Enrollment at the 19 colleges and universities which are fully state-supported almost exactly doubled during the past decade.

Texas Commission on Higher Education reports that registrations increased from 53,634 to 109,998, from 1952 to 1962.

Head-count per school was: University of Texas, from 12,772 to 21,390; Texas Western College, 2,334 to 5,449; Texas A&M College, 6,277 to 8,126; Arlington State College, 1,258 to 9,116; Tarleton State College, 923 to 1,514; Prairie View A&M, 2,491 to 3,282; Texas Tech, 5,160 to 11,181; North Texas State University, 4,422 to 9,921; Lamar State, 2,504 to 7,090; College of A&I, 1,928 to 3,517; Texas Woman's University, 1,767 to 2,979;

Midwestern University, 1,235 to 2,346; East Texas State College, 1,816 to 3,844; Sam Houston State, 1,603 to 5,970; Southwest Texas State, 1,629 to 3,467; West Texas State, 2,019 to 3,773; Stephen F. Austin, 1,917 to 3,777. See Page 541 to 1,199.

PAROLE SYSTEM
Confidence is expressed by officials that delinquents are being rehabilitated under the Texas parole system which was set in motion in 1957.

Program provided for an eventual organization of 70 parole officers which is now coming into being on schedule.

Last 30 trainees, studying to take up their tasks, will complete the group whose activities are expected to reduce the workload for each parole officer in the field from 100 to 75 cases.

Parole system is under the direction of Ray W. Williams, acting in the absence, on leave, of Vincent O'Leary who is serving with the National Council on Crime and Delinquency.

Officials of the Pardon and Parole office feel the public doesn't fully appreciate the fact that, if Texas didn't have a parole system, prisoners would serve their time and be released without any supervision whatever.

LIBRARY JOB TAKEN
New assistant director of the rural library services division of the State Library is H. Kenneth Jackson of Fort Worth, former head of the Kilgore Public Library.

Jackson will be assisting Mrs. Emily H. Welty in promoting library development in areas not served by a public library.

POLIO COUNT
Latest polio count by the State Health Department showed 229 cases in Texas so far this year, with 174 of them paralytic.

Last year at the same time there were 29 paralytic cases on record. One new case each was recorded in Bexar and Coryell Counties.

A-G RULINGS
Rep. Don Kennard, chairman of the Texas House interim committee on migrant labor, has been advised by the attorney general that members serving on the committee may not receive State funds for travel reimbursement.

Kennard had asked for a legal opinion on the subject.

In another opinion, requested by Jerry Dellana, county attorney of Travis County, the attorney general held that motor boats are not permitted to be sold on Sunday.

TRUCK HEARING
Truck operators who have applied for permits to haul fruit and vegetables over the State were cross-examined by attorneys for common carriers at a hearing before a Railroad Com-

Thursday, November 1, 1962

The Slatonite

mission examiner here.

Some felt the hearing would last until Christmas. It is a continuation of similar sessions held earlier at San Antonio, Lubbock and McAllen.

More than 130 operators are seeking the permits authorized by the Legislature in 1961. Common carriers oppose granting the permits on the ground that there is no need for them.

ESCHEAT LAW
Reports to the State treasury department indicate there is approximately \$3,140,000 in personal property in Texas subject to the new escheat law.

So far the State has collected \$108,000 through three suits. But 346 reports of this kind of property have been certified to the attorney general. Involved is \$678,724 more.

It may turn out that the \$3,140,000 estimate is too high, so far as the state's expectations of getting the money are concerned. This since a lot of owners of the property are being found.

In other instances it was discovered that some property is not subject to escheat, or at least not yet.

Seven years have to elapse before the State can make a claim. At this stage, it appears that the best "mining" country will be old meter deposits.

TEXAS GROWTH
Industrial growth of Texas in the next 15 years is being projected by the State Industrial Commission in a brochure called "Goals for Texans."

It will be several weeks before the brochure is finished and ready for distribution. But Commission officials feel it can be adapted to the needs of any area or community with benefits for all.

Commission based its plan on National Planning Association studies, and got assistance also from the University of Texas Bureau of Business Research.

HONOR FOR TEXAN
DeWitt C. Greer, State highway engineer, is one of the "top ten public works men-of-the-year" for 1962.

Announcement of his selection was made by Kiwanis International and the American Public Works Association, co-sponsors of the annual awards.

A plaque was presented to Greer at a meeting of the Austin Kiwanis Club at which John S. Redditt of Lufkin, former chairman of the Texas Highway Commission, described the engineer's accomplishments which won him the national honor.

With characteristic humor, Greer accepted the award "with all the humility that a Texan can muster."

Greer has been an employee of the State Highway Department for 35 years, the last 22 of them as the No. 1 engineer. He is a past president of the American Association of State Highway Officials, and in 1953 received the George S. Bartlett Award for outstanding contributions to highway progress.

CRUDE DEMAND UP
Texas Railroad Commission reports that purchasers' nominations for Texas crude oil in November have increased.

November requests average 2,524,186 barrels daily. This is 33,853 more than for October.

Commission is expected to keep its 8-day schedule for prorated wells in November. This would increase the daily average permissible by almost 50,000 barrels.

October is the ninth consecutive month on 8-day production.

INTEGRATION VOTE
Texas' governor apparently won't be plagued with integration nightmares like Arkansas and Mississippi.

University of Texas students in Austin will vote on the subject on November 14.

Vote will be on integration of living and dining facilities and the school's athletic teams.

Currently, Negroes take part in intramural contests, but there are no Negroes on varsity teams.

University cafeteria facilities are integrated and 15 Negro students live in an integrated men's dormitory.

University has one dormitory for Negro women but they are excluded from all other women's dormitories.

HIGHWAYS ON SCHEDULE
Texas is on schedule with its 3,033-mile portion of the 41,000-mile Interstate Highway System.

Program is reportedly running behind in other states.

Texas has consistently led all other states in completion of its portion of the superhighways since the program was initiated in 1956.

Texas' program also has operated at costs substantially below the national average.

PARKS A MESS
Texas State Parks are a mess. Some of them have no excuse for existence.

That's the jarring report given the Texas State Parks Board by a newspaper reporter who toured the parks system.

Paul Timmons, associate editor of the Amarillo Globe-Times and News, reports that none of the parks are properly planned and many of them are little more than city parks in rural — and sometimes remote — locations. Others serve only to give access to lakes or streams. Some don't equal the competition of nearby resorts.

Planning now is being done at Texas Technological College under a \$70,000 contract with the State Parks Board.

SHIVERS MUM
Former Gov. Allan Shivers is having nothing publicly to do with the November election for governor of Texas.

Shivers says he plans to make no public endorsement of any candidate. He is a friend of both candidates.

"I've stayed out of this so far," he says, "and I think I can for a few more weeks."

Shivers openly supported Jack Cox, this year's Republican nominee for governor when Cox ran unsuccessfully two years ago in the Democratic primaries against Gov. Price Daniel.

Cox changed parties this year.

SHORT SNORTS
Texas Supreme Court has upheld an opinion that this state's anti-trust laws supplement federal anti-trust laws and can be enforced simultaneously.

State's auditors report discloses that it cost the state more than twice as much to maintain the House Speaker's office than it did that of the Lieutenant Governor's during the last legislature.

Cornerstone Masonic Home High School to be Laid at Fort Worth

The cornerstone of a \$350,000 high school and auditorium being erected in Fort Worth for the Masonic Home and School of Texas will be leveled Saturday, November 3, in a program involving prominent Masons from throughout the state.

Robert L. Dillard Jr. of Dallas, Grand Master of the Masonic Grand Lodge of Texas, will level the cornerstone in a traditional ceremony beginning at 11 a.m.

Third major construction project in Masonic Home's long-range expansion program (oth-

ers are the chapel, dedicated 1960, and the infirmary, dedicated 1962), the high school and auditorium will be a one-story red brick and glass structure linked by a large lobby. Completion is expected in time for the start of school in September, 1963.

The auditorium will seat 500, while the classroom area is designed for 200 students with provision for expansion to 500. Included besides general classrooms will be specially designed and equipped rooms for arts and crafts, orchestra and chorus,

homemaking, typing and science. Complete summer and winter air-conditioning will be installed.

The structure will serve approximately 195 students presently at Masonic Home; children and grandchildren of Texas Masons whose parents are deceased, divorced, separated or in some way unable to provide for them properly.

The Grand Lodge will convene at 11 a.m. in the temporary auditorium at Masonic Home. Grand Master Dillard will then lead the Masonic Grand Lodge procession to the cornerstone site on the west side of the campus.

The invocation will be given by Rev. Fred R. Edgar of Dallas, pastor of Oak Lawn Methodist Church and Grand Chaplain of the Masonic Grand Lodge. Leonard E. Studer of Waco, Grand Treasurer, will call for items of contemporary interest to be deposited in the cornerstone.

Assisting Mr. Dillard in leveling the cornerstone will be Jim W. Weatherby of Kerrville, Deputy Grand Master; John R. Collard, Jr. of Spearman, Grand Senior Warden; J. Carroll Hinsley of Austin, Grand Junior Warden, and Joseph J. Patterson of the architectural firm which designed the building. Harvey C. Byrd of Waco, Grand Secretary, also will be present.

"Safety" Programs Starts at Home

News about Railroad Folks For Railroad Folks

(Special for the Slatonite)

By JUNE SPIKES
HERE AND THERE

Courteous driving is a good way to start practicing safety — I saw a good example of that on Saturday when my mother, daughter and I drove over to Lubbock to see Tech's Homecoming Parade. There was quite a bit of congested traffic when it was over and we saw one fellow get a skinned fender and I understand there were several others; however, I did encounter two or three incidents of courteous driving in trying to

get home. Makes you feel real good and more inclined to be that way yourselves. The Parade was worth all the traffic though and was real good. Slaton was slightly represented in it as the driver of the old-fashioned Trolley Car in the parade was wearing one of our conductor's passenger uniform caps. And Olivia Sanders made a lovely-looking mermaid on one of the floats.

Lori Anne Lamb, steno to the Division Engineer, took a day off last week and she and Carolyn Pottorff, wife of Roadmaster Keith, went up on the Plainview District to see that little rail laying job going on up there which I mentioned a week or so ago. Lori says that is really something to see.

With all the war scare that has been going on the last week guess it was only natural some of our boys got out and enlisted — Carl Sundeen, station clerk, enlisted in the Navy, and Ricky Brush, son of Yard Fireman and Mrs. Richard Brush has also enlisted in the Navy. Mrs. G. A. Alexander, wife of Superintendent, Mrs. B. H. Crandall, wife of Signal Supervisor, and Mrs. Alee Jackson entertained the PEO last Friday in Mrs. Alexander's home.

I am sure a lot of you saw the writup which was given Stanley Brown, who made a talk to the YMCA officials in Lubbock last week in connection with his work in the Agricultural Department in Russia for the last couple of years, but maybe you didn't make the connection he has with Slaton. G. A. Brown, Stanley's father, was General Foreman here back in the 1930-

Storage Methods Can Influence Quality of Seed

It is time to think about next year's cotton plant-seed, reports Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service. Some growers have already placed in storage seed of good quality. Others will do the same as the harvest moves into their areas.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain trash, feed sacks or other seed or debris which furnish living quarters for insects. It is good practice to "sweep down" the ceiling and walls and clean the floor of the bin to remove hidden waste. Use builder's molding to cover cracks to eliminate seed collecting in them, he explains. Waste grain, seed and other materials beneath and near bins should be destroyed.

For those who have stored seed, Elliott suggests that regular checks be made of the seed and facilities to make sure insect pests haven't moved in. Insects, he adds, are more likely to become a problem if a large percentage of the seed are cracked and if stored in bins which harbored insects at the time the seed were placed in storage.

40's and Stanley and his sister, Bebe, were both in school here. Those who were fortunate enough to hear him, report his talk was very interesting as well as educational and timely. Effective November 1st, the agency at Medicine Mound on the Hamlin District will be closed and thereafter be operated as a non-agency prepay station only.

VACATIONS
Master Mechanic's Steno and Mrs. C. P. Stubbs have just returned from a two weeks vacation spent in Virginia with their son and his family. It must be beautiful back there this time of year.

SICK LIST
Mighty glad to report that Retired Engineer C. L. Pack is making a nice recovery . . . Sorry to say that Retired Conductor J. D. Berry has been in Mercy Hospital and hope he will be back on his feet real soon.

The Slatonite

Thursday, Nov. 2, 1962

The specialist says several chemicals are recommended for use in and around the storage bins before seed are stored. Others may be used as a dust to treat the seed when they are placed in storage while other insecticides can be used to fumigate cottonseed which may have become infested with stored grain pests.

Seed treated with chemical dust should not be crushed or used for feed, emphasizes Elliott. Use caution, he adds, in fumigating cottonseed which will be used for planting purposes. Under certain conditions fumigants may lower the germination of the seed. Studies indicate that germination of seeds fumi-

gated at high 80 degrees and high moisture cent or above. Because the fumes are so volatile that the local contact is on what and mended in-

Texas Tourism On Upgrade After Five-Year Decline in Visitors

The Texas tourist industry may be on the upswing again after a long period of decline, the Texas Highway Department has revealed.

The Department reported that the number of tourists serviced this summer by its Tourist Bureaus was up 22 per cent over a year ago, while summer requests handled through its Austin mailing offices were up 26 per cent as compared to 1961. Comparison was made for the months of June, July, and August for the years 1961 and 1962.

The Highway Department's statistical research has shown a steady decline in the number of tourists visiting Texas since 1957. However, preliminary findings this year indicate that the stepped-up tourist attraction activities of the Department may be taking hold to level off this decline and encourage a moderate upswing — despite the unavailability of funds for a media advertising program to compete with other states.

As the state's official tourist agency, the Department has increased its travel promotion activities to the point where it now provides direct travel service to more than 550,000 people annually and reaches millions more through a nationwide program which generates free publicity for Texas.

The Department now distri-

butes more than two million pieces of travel literature annually to encourage vacationing in Texas, and operates eight Tourist Bureaus at key entry points to the state. These "hospitality centers" are located at Gainesville, Denison, Texarkana, Wichita Falls, Orange, Waskom, Laredo, and Anthony (near El Paso).

They are staffed with Travel Counselors who make use of extensive knowledge of the state to encourage additional tourist travel on the part of visitors who stop at the bureaus.

These tourist attraction activities are financed from Highway revenues. However, a national media advertising program cannot be implemented until a special appropriation is made to the Highway Department from the General Fund in accordance with state law.

SHORT SNORTS

Texas Supreme Court has refused to issue a court order requiring a district judge to cancel an October 30 election contest in Starr County.

Mr. and Mrs. Tommy Harkey and son Gary of Olton were visiting this weekend with her parents, Mr. and Mrs. Clarence Church and attended the homecoming game Saturday night.

HOW TO COMPOUND PRESCRIPTIONS.

1. After graduating from high school with grades in the upper third you attend a college of pharmacy for five or six years.
2. You must learn all about every possible known medicine including —
How to identify them.
Their action and dosage.
How to store them to protect potency.
How to analyze them for purity.
How to compound them with others.
3. You will be taught how to make pills, capsules, tablets, ointments, suppositories, emulsions and any possible liquid or solid medicines.
4. You must know everything about the newer discoveries, especially their possible harmful properties if taken with other medicines.
5. After graduation from the college of pharmacy you must pass a state examination to prove you have all the knowledge needed to be trusted with the very lives of people; for any error is unthinkable.

WHEN YOU KNOW EVERYTHING ABOVE, PLUS A LOT OF OTHER KNOWLEDGE NEEDED YOU WILL BE ABLE TO COMPOUND PRESCRIPTIONS.
