## School District Budget Preparing Set for August 6

Proposals on the proposed 1962-63 term school budget will be held the first week of August, school officials announced this week. The budget will be presented at 8:30 p.m., August 6th, at the school business offices, 300 South 9th Street.

Proposals show few consequential increases in enrollment, instructional cost proposals have been set at \$433,900, some \$9,400 above this expense last term.

Total proposed expenditures, however, indicate a decrease of \$20,989, dropping from \$668,704 to \$647,715.

Drop in capital outlay for buildings and equipment will contribute to the overall picture, the proposed \$53,000 here comparing with \$90,000 last year.

Tax rate remains the same, \$1.65, but property valuation

figures are expected to top \$11 million as opposed to \$10.7 million for the preceding year.

### BUDGET ITEMIZED

The proposed budget includes the following items:

Administration: Salaries, \$20,000; Other, \$6,000; total of \$26,000.

Instruction: Salaries, \$420,000; textbooks, \$200; library, \$2,500; teaching supplies, \$8,000; other, \$3,200; total of \$433,900.

Health services: Salaries, \$4,840; other, \$250; total, \$5,090.

Pupil transportation: Salaries, \$6,200; replacement of vehicles, \$6,000; other \$7,700; total of \$19,900.

Operation of plant: Salaries, \$16,000; heat, \$2,400; Utilities, \$7,200; Supplies \$2,200; Total \$27,800.

Maintenance of plant: Salaries, \$1,200; contracted services, \$1,000; other, \$8,000; total \$10,200.

Fixed charges: insurance, \$2,500.

## League Games are Slated in Slaton

District II Little League tournament play will get underway in Slaton Thursday for two evenings of elimination.

First game will be at 6 p.m. Thursday, with Western Lubbock meeting Southern Lubbock. At 8 p.m. on the same day, Post will compete with North Lynn.

Loser of the Thursday games will meet at 6 p.m. on Friday, and winners in first round will play for championship honors at 8 p.m. Friday.

Willis Farrell is tournament manager, and Frances Sargent is official scorekeeper.

## Special Santa Fe Room Is Afforded At Mercy Hospital

Local Santa Fe railroad men have completed remodeling and furnishing of a special room in the local Mercy Hospital, the facilities to be exclusively used by men employed by the railway.

Three beds are situated in the large 3rd floor room. Cabinets were built by Jack Smith, and an air conditioner has been installed, funds for this phase of the project solicited under direction of M. D. Barry.

# Oral Polio Program Is Scheduled for Slaton

Community-wide effort to wipe out polio possibilities in Slaton will be launched Sunday, August 5th, it was announced today by sponsoring organizations.

John Schmidt, chairman of the Community Oral Polio Vaccine committee, urges all citizens from age 6 weeks up to turn out at

the West Ward School on the announced date between 1 p.m. and 6 p.m. to receive their first dose of the new but proven Sabin oral polio vaccine.

Lubbock County health unit nurses will be present, and the vaccine will be administered by a physician.

## Rains are Boon To Area Crops

Scattered mid-summer rains and storms have been the story for the area again this week, with rain on the first three evenings and nights this week bringing life-giving moisture in sizable amounts.

Economic outlook for the Slaton area has been considerably improved, according to J. S. Edwards Jr., local banker, with the rainfall of recent days. Crop prospects point to a harvest well

above the last 10-year average, although probably under the record yields of the past two bumper years. Cotton looks good in general, but the late feed has been slow in maturing. Early wind, some washouts, and re-planting have contributed to problems of the local farmer this year. Most showers and rains have been scattered, with some areas to the southwest of Slaton still in need of moisture.

The Slaton city rain gauge registered 1.1 inches Monday night and 1.4 following on Tuesday night of this week.

As much as 3 inches has been reported for the week in several adjacent areas.

Reports from the Glen Akin farm five miles southwest are of 2.8 falling Monday and Tuesday. Norbert Kitten, 4 miles east of Slaton, told of 3.25 inches for the same period. One inch was registered at the Joe Benabidez place at Wilson. The J. C. Jones

E. N. Mihiken reported Wednesday afternoon that he spotted a funnel cloud dipping down in the canyons southwest of Slaton. Other tornadoes were seen over the area, south of Crosbyton, near Petersburg, and southwest of Plainview.

farm, 3 1/2 miles northwest, told the Slatonite of 2" on Tuesday night, preceded by 1 1/4 Monday. Mrs. A. L. Robertson told of

## Mrs. Payne Is Auxiliary Prexy

Mrs. Mary Payne was elected president of the American Legion Auxiliary in Slaton at regular meeting of that body Monday evening at the Legion hall.

Present head of the organization is Mrs. Brooksie Davidson. Incoming officers will be installed the fourth Monday night of August.

Other officers elected were: Mrs. Ruth Gregory, 1st vice president; Mrs. Alice Jarman, 2nd vice president, and Mrs. Jamelia Neilson, secretary.

Mrs. Ida Upham was named treasurer; Mrs. Stahl, chaplain; Mrs. Vera Johnson, sergeant-at-arms; and Mrs. Ethel Wood as historian.

## FHA Members Are Planning Car Wash

Who could pass up a car wash by a pretty young girl, with the cost only \$1?

That is the question posed by members of the Future Homemakers of America, Slaton chapter, who have announced they will be out in force Saturday to wash cars on the south side of the city hall square.

All FHA members will receive points for working their assigned hours; the members are asked to contact Diane Kuss, Kathy Brown, Jan Scott or Paula Dunn for assignment of work periods. Cars will be washed from 9:30 a.m. until 6:30 p.m.

## Record Enrollment Is Seen, 1962-63 Term

Anticipated school enrollment in the Slaton Public Schools for the 1962-63 school year was estimated this week at 2450 students with an average membership of 2,000, according to calculations released by Dr. Lee Vardy, superintendent.

It has been pointed out that these projections are based upon birth records, percentage of growth, school census and national growth figures.

Indications promise the largest enrollment in history of the local schools. Last term found total enrollment of 2374 students (1911 caucasian, 463 negro). Average membership, the number enrolled on an average for the year, was 1932 students, a record to date. The 1961-62 term had an increase in average membership of 99 students over the preceding year.

## Feature Note Of the Week:

Don Edwards, son of Mr. and Mrs. J. S. Edwards Jr. of Slaton, was featured this week in an illustrated article in the Dallas Times-Herald.

Don, a sophomore music major at North Texas State College, Denton, is employed this summer as one of the four college students singing in "Crazy Horse Saloon" at Six Flags Over Texas.

Captioned "From Saloon to Church", the article pointed out that each Sunday evening Don left the saloon (where only soda pop is served) to be soloist and pianist at the Burleson First Methodist Church.

Edwards is a Slaton graduate in the Class of '61.

## City Commission OKs Zone Change

Acting upon recommendation of the Zoning and Planning Commission, the Slaton City Commission Monday evening approved an ordinance amending the zoning map to change ten acres in Survey 44, tract 6, from R-3 to a B-2 area. It was reported that a John Deere tractor agency planned to build on the tract upon affirmation of the zone change.

In other action, the commission approved extension of a water line through Block 38, South Park addition, at a cost of \$217.32.

City Fiscal Agent Bob Davis was present, presenting the necessary legal papers for calling of the August city hall bond election.

Present at the meeting were Mayor Lemon and Commissioners Walter, Davis, Eckert and Gonzales, and City Secretary J. J. Maxey.

# City Hall Bond Election Called for Aug. 14 Vote

Official call of a bond election for proposition of new city hall construction was made at the regular meeting of Slaton city commissioners Monday evening, with August 14th advertised as election date.

Legal notice of the election is carried elsewhere in this issue of the Slatonite, stating that ballots will read as follows:

"FOR THE ISSUANCE OF CITY HALL BUILDING BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF CITY HALL BUILDING BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

Eligible voters are defined as "qualified electors of the city who own taxable property in the city and who have duly rendered the same for taxation."

Question at hand, as explained in the official call, is:

"Shall the commission of the city of Slaton be authorized to issue of \$75,000 general obligation bonds of said City for permanent public improvements, to-wit: constructing a City Hall Building in and for said city; said bonds to mature serially over a period of years not to exceed 20 years from their date, and to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to

## Cub Pack To Meet Tonight at Park

Pack meeting for the 9 Dens of Cub Scout Pack 128 will be held tonight, Thursday, on the clubhouse lawn, according to announcement of Cubmaster George Willis.

This regular monthly pack meeting will convene at 7:30 p.m., and all pack members are urged to attend.

## Thefts, Vandalism On Police Blotter

Vandalism reports highlighted activity on the local law enforcement scene this week, with several small items reported stolen.

A small amount of change was reported taken from a cold drink machine at the Custer Gulf Station Wednesday morning.

A break-in of the phone pay station at the ice house was listed on Tuesday.

W. J. Klattenhoff complained on Monday that someone had stolen a radar detector from the dash of his car, also getting off with several bronze presidential medals.

Ski ropes were cut and damage inflicted to a canvas boat cover belonging to Paul Melton, 900 South 12th Street.

Slaton Lumber reported two windows shot in new houses at 755 S. 20th and 750 S. 23rd streets.

## Open A. A. Meeting Scheduled Tuesday

The Slaton Alcoholics Anonymous organization, recently reactivated, has called an open meeting and "birthday" party for all interested residents Tuesday evening, July 31st.

The public is invited to this open meeting scheduled for 8:30 p.m. in the basement of the First Christian Church.

## Post Wins Tourney; No-Hitter Is Recorded

Stellar pitching that netted one no-hit game, large and enthusiastic audiences, and previews of players that may well be seen in the big leagues a few years hence — all this contributed to the interest and success of the area baseball tournament conducted in Slaton Thursday through Saturday.

The Post aggregation took third place, blanking Crosbyton 7-0 in the Thursday encounter, losing to Post in second bracket play 7-6, and edging Slaton 3-1 in Saturday elimination.

Thrill of the tournament for statistic-minded observers was the no-hitter that went into the record books as Lamesa clobbered Crosbyton 7-0, with Donnie Jenkins going the route for the winners, facing 18 men at bat, allowing only three bases on balls and chalking up five strike-outs.

Pitching in two of the Post games, Clyde Cash displayed some of the baseball savvy that has made his big-league brother, Norm Cash, a by-word for followers of the game. The Post-lowers contest found Cash registering a 1-hitter, a game in which the engineer 12 strike-outs, giving up only one base on balls.

## Week-Long Bible School Announced

A Vacation Bible School will be conducted at the Bible Baptist Church, July 30th through August 3rd, Rev. H. E. Summar has announced.

All boys and girls ages from beginners through intermediate departments are invited. School hours will be from 8:30 to 10:30 daily.

Commencement services will be held at 7:30 p.m. at the church on August 3rd, at which time all parents and friends are invited to attend.

# Cost Factors, Bond Retirement Schedules Explained for Public

"What will the proposed new city hall cost me?"

Actually, after all pros and cons of the new building have been considered, this final question of "cost to me" must be satisfied. This is true in city business just as it is true in private enterprise.

Construction of the hall would simply mean that a person paying \$50 in city taxes at present would pay \$52.50 in the future. This is the one and only raise necessary to finance the building, city officials emphasize.

Retirement schedule of the \$75,000 bond issue calls for repayment within 15 years, according to scheduled adopted in regular commission session. Interest during this period is estimated at \$36,680.00, comparing most favorably against the \$35,250 interest paid on the present \$25,000 structure. Net result is three times as

much building at approximately the same interest.

All bonds have been retired on the present building.

Analysis of the city tax structure reveals that property is being assessed at from 30% to 35% of actual value. Tax rate is \$1.50 per \$100 on the 30 per cent valuation, the 1962 estimated assessed valuation is \$7,500,000.

Columbian Securities Corporation of Texas, fiscal agents of the city, have prepared a retirement schedule, year by year, during duration of the proposed bonds, taking into consideration other bond obligations of the town; careful planning has been made by the city commission and its agencies, and everything possible has been done to map a sound, feasible, advantageous fiscal schedule, Mayor Lemon concludes, enabling construction of a modern city hall without undue strain on the taxpayer.

ten years ago (1951-52) the enrollment figure was 1670 with average membership of 1275. Average increase for each of the past ten years has been 70 students per year. During the same 10-year period the faculty has increased from 57 to 82 teachers. The faculty is expected to number 85 in the oncoming term, Dr Vardy states.

New buildings and facilities have been added during the period to keep pace with the added service demands, and school officials point out that this construction has been advanced as rapidly and economically as possible.

## Highlander Firm Plans Open House

Open house and free demonstrations will be held at the new Highlander Center, laundry and dry cleaning firm, on Friday of this week.

Calvin Williamson, manager of the new Slaton firm, extends cordial invitation to the public to attend. Mr. and Mrs. Williamson and three sons moved here recently from Pharr, Tex.

Dubbing the center the "first of its kind in Texas", Williamson points out that the plant provides complete facilities for self service laundry, drying and dry cleaning. Twenty-four Maytag washers have been installed, together with two Laundry dry cleaners, eight large commercial dryers, two double-load washers and a complete stock of laundry supplies.

Further details are carried in a full page advertisement in Section II of the Slatonite.

## TODD IMPROVING

Reports received by his family here reveal that J. E. Todd, Jr. still is hospitalized but improving. Todd was injured in an automobile-motorcycle accident June 23rd in EauGalle, Florida. He is serving in the Navy aboard the U.S.S. Observation, tracking ship out of Port Canaveral, Florida.

## Observations and Potpourri

### Valuable Employees

Upon making a week-end journey taking us through several communities and causing us to come in contact with a number of business people in both the smaller towns and larger cities, we again were impressed with the hard fact that a business or a service is most remembered by the first impressions imposed by its "minor" employees.

We remember the courteous demeanor of the clerk at the motel registration desk, the ready time-table knowledge of the ticket agent at the airport, the smile of the attendant at the service station, the considerate waitress at the cafe. And there was that one salesclerk so unaware of her responsibilities that we doubt if we go back into that million dollar firm in which she is employed without feeling a bit vindictive.

We didn't meet the president of Braniff; we didn't see the Hollywood owners of the motel chain; we didn't shake hands with Uncle Frank of Phillips 66 fame; we would not have recognized Mr. Daniel, the restaurateur, had we broken bread at the same table.

May we submit that the real ambassadors of our town or any community are the employees? Success or failure of multi-thousand dollar business enterprises actually can hinge upon that final clerk-buyer relationship. Big business recognizes this. Do we?

### On Vacations . . .

Americans are vacation minded. And the Southwest vacation-lands are overflowing this year with tourists from the east and north. As friend after friend returns from his vacation, we hear reports of crowded facilities in the national parks, in the public camping grounds, at the motels. A lot of tourists no doubt have found that the scenic route to Seattle lies through the great southwest and then across the Utah-Nevada sands or up the Pacific coast and through the giant redwoods to the World's Fair destination.

Many of our acquaintances have returned with glowing reports of a great vacation, but others have come back vowing never again to leave the East 40.

We believe we have found the secret that determines for many whether the vacation is a success or a flop.

Resort owner friends have told us for many seasons that they can make money only by providing familiar services, products and entertainment in unfamiliar surroundings. The majority of vacationers, rugged as they like to proclaim themselves in reverting to nature's ways, still like the familiar pastimes and deluxe comforts. Boredom, inadequacy and confounded confusion often set in when a "new world" is entered.

Hence the astute profit-conscious resort man finds it advantageous to provide good fishing (stocked ponds and streams) within a few moments journey of the lodge, situated amid woods marked "wilderness area", but near to evening pleasures and conveniences of the warm "automatic" fireside, plenty of lodge guests with like interests in bridge or conversation, a modern recreation room for shuffleboard, bowling or dancing, and ready access to the nationally accepted products — Gillette blades, Homogenized brand-name milk, distilled water, gramatic mattresses and hi-fi music.

A few of us still like the uncouth vacation — complete isolation in the serenity and challenge of hidden mountain wilds, far from the jeep paths or even the nearest Coca Cola.

But for a happy, carefree vacation with the family, probably the resort owners are right after all with their answers of familiar activities in unfamiliar locales.

### This Calm Generation . . .

In this generation of astronauts, orbital flights, worldwide television and near-magic computers, where is the thrill that once was piped to us through the Buck Rogers strips?

Seriously, what would it take to genuinely astound the young fry in your neighborhood this afternoon?

Have we approached the ultimate that leaves nothing to be deemed unusual or even unlikely?

Your editor was in a neighborhood gathering only last week in a nearby town, and as the moonlit darkness enveloped us, some very eerie lights were noticed approaching in the eastern sky. As the "vehicle" approached, rotating lights were clearly visible, as from windows of a whirling platter or flying saucer. One of the youngsters in the party opined, "I believe I see a flying saucer". Then the adults focused their attention on the object, some averring that it probably was a test project of some type — that the government had lots of them underway that we just didn't know about. Another little boy said, "Maybe it will land close by and we can see some little men from another planet". Everyone was curious, but there was no panic reminiscent of the Orson Wells fiasco; everyone had an explanation, fantastic as each seemed to this observer.

Actually, when the lights came directly overhead, the truth was well revealed: — a plane had been rigged with an ingenious rotating electric sign, displaying in moving letters 8 ft. high that certain flying services were available from a firm in the area. The fascinating sign was of the same type as the news bulletins we've seen blinked along the penthouse perimeter of tall buildings in Denver, St. Louis, etc.

Where, oh where, is the magic of Buck Rogers?  
Time marches on.

### Doug Meador's Words On Hair Styles . . .

It is possible to become accustomed to almost anything, especially if it cannot be avoided. Some of the new hair styles, for instance, look as if the customer had left the beauty shop during fire emergency, and has been unable to find her way back. Look at one long enough, providing she is comely, and you cease expecting to hear fire sirens.

## Notes from Neighbors: Events and Opinions

From the Exchanges of the Slatonite

The United States hurled its Telstar satellite into space Tuesday and began using it immediately for long distance phone calls and to transmit television pictures from half way around the world to the U.S. A few things the satellite will be used for will be the broadcasting of the Olympic games from Japan directly to the United States, sending information from here overseas and from there here in much quicker communications. But don't call the operator and ask that your phone call be placed overseas by way of the Telstar. She just might say, "Deposit four million dollars, please." — Ralls Banner.

### Full Speed Ahead on Outdoor Amphitheater for Texas Panhandle

Plans are moving ahead for the opening of Panhandle Heritage Foundation's amphitheater by next summer.

Members of the foundation Sunday voted unanimously to go ahead with building of the big amphitheater in the canyon where a Paul Green play depicting the history of this area will be staged.

Architect Earl Parge, Amarillo, said bids on construction probably will be received in August. Actual building should begin in the near future.

Heritage board members approved a plan to hire a full-time manager for the project. On the committee to seek and screen applicants are Dr. John Denko, Harold Dunn and Mrs. Ples Harper.

In general session members of the foundation unanimously voted down a motion to put \$155,000 already raised for the symphonic drama in a savings account. Instead they expressed themselves in favor of building the part of the theater essential for the production, even if it is a bare minimum.

Parge explained that if funds are short, enough to be the theater may be built to permit staging the play and then may be added to later when money is available. — Canyon News

### Should the U.S. Sugar Producers Be Given the Same Consideration?

Trying to pin the federal government down is like trying to pick up spilled mercury with a broom. The sugar business is a case in point.

We believe it provides a perfect example of which aid, monetary and otherwise, is handled by the government. Soon after Fidel Castro announced that "the communist," the United States stopped buying sugar and immediately other sugar-growing nations started for a portion of the Cuban sugar quota.

And West Texas got into the act. . . . Panhandle and the Pecos area went hot-footed to declare that this area is perfect for growing sugar.

The result was inevitable. . . . pressure from Texas and Colorado mounted steadily on Congress the domestic quota. . . . and a similar type pressure creased on the state department from Latin and other countries for a greater share of the sugar quota.

The Dominican Republic is a case in point. Since the dictator Trujillo, this country started begging that country in order to shore up its sagging economy.

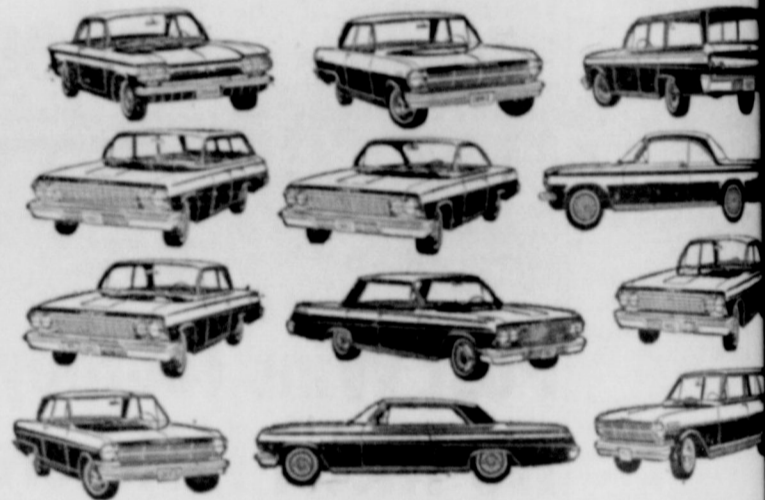

We progressed to the point of buying \$60,000 a year from the Dominican Republic. And good Uncle Sam paid the Dominicans \$108.70 a ton for the world market price is only \$56.00 a ton.

Anyway, the steadily growing pressures came week in Congress. . . . with the result that the domestic quota was increased to 190,000 tons tentatively assigned to the Dominican Republic.

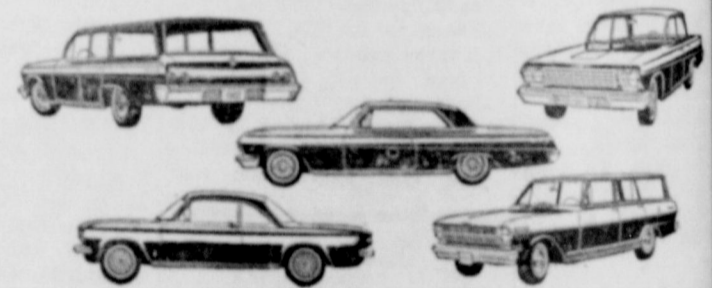

And the Dominicans are squawking to the world blame them for squawking. . . . their gray train has now the word comes out why the squawk was so loud. . . . sugar growers in the Dominican Republic want sugar to us for \$108.70 a ton while the rest of the world only pay them \$56.00 a ton. . . . yet it costs Dominican to produce the sugar.

Anyway, Uncle Sammy is gonna make it right. A hurry-up piece of legislation is already being tacked up the sugar quota for the one-crop island and officials are readying special forms of aid — including money donation of 25 million.

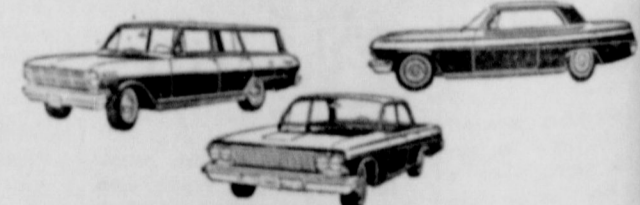

We can't win for giving it away. — Andrews

**LOCAL CRAFTSMAN ADVISES:**

**Camels Hair Paint Brushes Are Peculiarly Fitted For Utility**

By IRA KEYS

Someplace in Afghanistan may be a large animal, working and producing for you and me. The animal, a bactrian camel, spends its life of the African deserts serving man with its great capacities for work as food, and as the original manufacturer of fine paint brush bristles.

The hair from the end of the camel's tail makes the finest material for the working ends of paint brushes that man has found. The individual hairs are finely tapered and consist of microscopically fine scales that are perfectly designed for holding paint dipped from its container, and applies it smoothly to the surface to be painted.

One reason good camel hair brushes are so expensive could be the fact that it could be downright dangerous to take the hair from the animal. . . but I believe the true reasons are that the finest camel hair is imported. It seems the blowing sand better tapers them on the deserts of Africa than does the climatic conditions of the zoos and circuses of our land.

There are many synthetic bristled brushes sold in the United States. With synthetic, however, one seldom gets the tapered ends, the paint-holding scales, nor the long life displayed by the other.

The camel has many competitors such as the yak, llama and the Peruvian weasel.

It is to be imagined that the camel must enjoy his sense of prestige derived from being first choice.

*"Count on Me!"*

"Certainly, Pastor, I'll be glad to do that — count on me."  
 How wonderful those words — "Count on me!"

Frank is one of the busiest businessmen in town, but he always has time to talk with his pastor when he calls — not merely time to talk with him, but to comply with whatever request the pastor may make. Nor does the pastor doubt that Frank will do just that. Not that mutual agreement has been made between the pastor and Frank; rather, Frank and God have come into "mutual agreement" concerning Frank's life — and now, God and Frank are partners. That's why it is always easy for Frank to allow demands upon his time, his abilities, his money.

So, the pastor is not the only "man of God" in town. Frank, too, as a businessman and devoted Christian layman, is truly "God's man".

"Count on me!" Could there be a better answer when needs, duties or opportunities call!

**State Law Enforcement Body Calls for 150 New Personnel**

An invitation has been issued state-wide by the Texas Department of Public Safety to any and all high calibre young men in the State who wish to compete for one of the 150 positions now available in State Law Enforcement. The challenge of the rigid qualifications for patrolmen in the four field services; Highway Patrol, License and Weight, Driver's License, and Motor Vehicle Inspection; is expected to attract outstanding young men. Major Harry Hutchison, Commander of Region No. 5 of the Department of Public Safety, said this week. Assignment to one of the above services will be made on the basis of aptitude, interest and ability at the conclusion of a period of basic training, then specialized training in the assigned service will be given in the field and in the classroom after which a home station will be designated. Applicants must be between 21 and 35 years old, between 68 and 76 inches tall, weigh not less than 2 pounds or more than 3 pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand rigid examination as pertains to character and citizenship. Selection procedures will include written and oral examinations.

"Any young man who wants to measure himself against these high standards is urged to pick up or write for the necessary forms from any D. P. S. Field Office throughout the state" Major Hutchison said. Formerly examinations were given only three times per year. They are now being administered monthly, the second Saturday of each month, at each of 17 centrally located examination centers throughout the State.

"In addition to offering a challenge which separates from the boys," Major Hutchison said, "the Department of Public Safety offers a career to men who follow law enforcement profession. There is also opening and room for advancement for this type of men in the Department," he said.

**Legionnaires Ready to Converge On Austin for State Convention**

Local delegates have been named to attend the 44th Annual Convention of The American Legion, Department of Texas, to convene in Austin July 27-29, and predicted to be the largest in history.

L. R. Gregory, commander of local Post 438, will serve on the Department Internal Affairs committee at the state session. Also elected to attend from Slaton are John E. Waldrop, Claude Cravens, M. W. Kerr, Ellis Schmid and John Schmid.

Number of delegates is based on post membership. The local group now consists of 16 paid members, only two less than the all-time high of 138 registered last year.

Aubrey L. Bullard of Gainesville, Department Commander, will call the joint session of The American Legion and Auxiliary to order promptly at 1:30 p.m., at the Austin Municipal Auditorium on Friday, July 27, to open the state convocation. The keynote speaker for the opening session will be the Hon. Jim Wright of Fort Worth, Member of Congress, from the 12th District.

Friday evening at the Municipal Auditorium at 5:30 o'clock the Parade of Champions Contest for Uniformed Organizations, will take place. This will

be followed by a barbecue for registered delegates and guests.

On Saturday the delegates will hear National Vice Commander of The American Legion, J. Milton Patrick of Skiatook, Oklahoma; Oliver E. Meadows of Washington, D. C., Staff Director, House of Representatives Committee on Veterans Affairs; the Hon. John Connally, Democratic Nominee for Governor and the Hon. Jack Cox, Republican Nominee for Governor.

Featured entertainment for Saturday night will be a dance commencing at 9:00 p.m. with the John Roberts Orchestra of Austin furnishing the music.

The Memorial Service, under the direction of Rev. J. Powell Eaton, Department Chaplain, of Greenville, is scheduled for 9:30 a.m., Sunday. The election of state officers for the ensuing year will follow.

**History, Scope of Confection Industry Told to Rotary Club**

The historic and ever-increasing role of candy as a universal "pick-up" was related by J. B. "Jack" Gallarneau, representative of the Candy, Chocolate and Confectionery Institute, as he addressed the Slaton Rotary Club last week.

Gallarneau stated that there is growing awareness of the value of candy in the average diet as a tasty source of energy. This has led to the use of candy to speed production; increase motorists' alertness; provide extra go-power to outdoorsmen and athletes; as an aid to the busy housewife; and to supply the between-meal staying power needed by active youngsters. These factors have made candy more popular than ever, Gallarneau said.

"Total dollar sales of our country's selection of more than 2,000 types of candy totaled over three billion pounds for a wholesale dollar volume of approximately \$1,231,859 in 1961," Gallarneau said. "Each American put away more than 17 pounds of candy during that year. Britons consumed 27 pounds."

By J. J. Maxey

I ran into Tommy Swanner, class of 1952, in the bank on Monday of this week. Tommy has been associated with an Amarillo bank for the past year or so and is now going to the First National bank of Dalhart, Texas as a vice president. Tommy has always been a likeable and hard working youngster and we are happy that he is getting this promotion. Mail will reach him in care of the First National Bank in Dalhart, Texas. Tommy says that he enjoys the ex-students news letters, especially information about what others are doing that do not live in Slaton.

Nick Montague, class of 1932, was in the office last week while I was out of town. Nick is a Jeweler in Commerce, Texas. I am sorry to miss seeing him since it has been thirty years or longer. Mail will reach Nick at 1222 Main Street, Commerce, Tex.

The very energetic young president of the Rotary Club, John Schmidt, class of 1947, announces that the Rotary Club is sponsoring the Polio Oral Vaccine program here in Slaton. The vaccine will be given at the West Ward School from 1 till seven on Sunday, Aug. 5th. The cost will be 25c each and every one from infants to one hundred should take it. This vaccine is given in a series of three doses and is a life time deal.

Had a nice letter from Mrs. Carl Evans (Norene Robertson), class of 1919, one day this week. Mrs. Evans is living at 1816 Maple Drive, Fort Worth, Texas. Mrs. Evans reports that both of her daughters live in or near Fort Worth. Mrs. Dan Lydick, Jr. (Evelyn) lives at 2925 Owenwood, Fort Worth. Mrs. Joe Greenfield (Evelyn) lives at 1024 Reed Street, Hurst, Texas. Mrs. Evans sent one other address that we did not have - B. P. Cosgrove, 3409 E. 29th Street, Fort Worth 11, Texas. Mrs. Evans sends greetings to all of her Slaton friends. Many of you remember them in a cleaning business here for many years. They have been living in Fort Worth for the past eleven years.

Mrs. H. G. Sanders was happy to have her son, Malcolm, class of 1942, and his family here for a visit last week. Malcolm is living at 526 Virginia Street, La Porte, Texas.

Bruce Gentry, class of 1924, was by the house one day last week to give me some more addresses and he told us that his sister, Ella Lois, class of 1930, had been in Lubbock visiting her mother for several days. Ella Lois is in the Recording and Music business in New York City. She has previously appeared with several bands in the East and will begin her own television program in September for the Campbell Soup Company. Ella Lois' address is 140 West 5th Street, New York, N.Y.

Mrs. A. B. Turner (Maxie Poteet), class of 1932, has been in Slaton the past few days visiting relatives and friends. Maxie is living at 28030 Marion Street, Los Altos, California. Maxie reported at her brother, Norman, class of 1931, was living in Tucson, Arizona. Norman has an aerial fire fighting business that covers five states. They work very closely with the Forest Rangers.

Those paying dues since last week were - Tommy Swanner, A. Worley, Nick Montague, Norene Robertson Evans, Ralph Layton, Mr. and Mrs. Leroy Manire, Merle M. Garrigus. Those paying dues at the reunion and not previously reported were - Myrlis McReynolds, Charles Sutt, Roy Wilmesmeir, Bud Wilmesmeir, Virginia Wilmesmeir, Joyce Bain Ward, Melba Appling Harris, Frances Harlan Wright, Bunky Guinn.

A spokesman for the group has explained that AA is a group of men and women who "gather together to share experiences, strength and hope that we may solve our common problem and help others to recover from the disease of alcoholism."

The invitation is concluded with statement that if anyone wants to know more about AA, how it works, they are invited to come and share in the meeting time.

Subsequent AA meetings are scheduled every Tuesday as noted in the "Coming Events" column of the Slatonite.

rainfall during the week of 3 1/4 inches at that farm five miles southeast of Slaton, and some 2" at the ranch eight miles southeast, providing the best rainfall of the year. Mrs. Robertson reported rangeland still needing some moisture, however.

A 1-inch recording was made at the Jack Kuykendall farm Tuesday night on Union Road west of Slaton, preceded by a good shower the evening before.

Four inch rainfall during the past ten days is reported from the Acuff community northeast of Slaton.

Official weather forecasts promising still more scattered evening and nighttime rainfall.

**Post Wins -**

(Continued from Page 1)

Thumbnail statistics on all games follow:

**POST 15; O'DONNELL 0**  
Cash going the length for Post, O'Donnell using J. Turner, Vaughn, Benitez and Walker on the mound. Runs as follows: Dick Kennedy, 1; Ray Sappington, 2; Athur Little Jr., 2; Norman Tanner, 1; W. Odum, 1; Cash, 2; Alton Steel, 2; Floyd Moreau, 1; Cooper, 1; and Leroy Saldívar, 2; four men left on base.

**LAMESA 7; CROSBYTON 0**  
Donnie Jenkins pitching 6 innings for a no-hitter; Crosbyton pitchers Morris and Fowler seeing service. Runs by Albert Esparza, 1; Amador Tejerina, 2; Donnie Jenkins, 2; Terry Dobie, 1; and Harold Sanders, 1.

**POST 7; LAMESA 6**  
Joe Reno going the distance for the winners; Paul Russell pitching all 6 innings for Lamesa. Post runs included a homer by Arthur Little, 2 runs by Dick Kennedy, 1 by Ray Sappington, 1 by Norman Tanner, 1 for Alton Steel, and 1 for Moreau. Lamesa runs: Albert Esparza, Amador Tejerina, Harold Sanders, Joe Beaty, and two for Rodney Addison.

**TAHOKA 7; SLATON 6**  
Tahoka pitcher Kenneth Sales relieved in last inning by Burks. David Todd going into the 6th inning for Slaton, relieved by Stevens. Tahoka scored homers by Sales and Brooks, plus two runs by John Tyler, another run by Sales, and tallies by Cliff Thomas, and Alex Olivia. Slaton scorers were Charles Thomas

**All-Star Basketball Game Set Aug. 10**

A strong possibility exists that the attendance record already held here for the Coaching School All-Star game will be broken Friday night, Aug. 10. Current record of 5,936 was established when the All-Star game was played in the Coliseum in 1956. Next approach came last year in San Antonio, when the turnout was 5,900.

But the list of players known to this area's cage fans is imposing enough to encourage good attendance. Among the players for the North are Sammy Johnston of Quitaque, Carl McAdams of White Deer, John (Dub) Malaise of Odessa, Bob Measels of Seminole, Eddie Pruitt of Fort Stockton, and Russ Wilkinson of Lubbock Monterey.

Malaise, Measels, and Wilkinson have signed letters of intent with Texas Tech.

Reserved basketball tickets are \$2 and \$1.50. Mail orders, including a 25-cent mailing fee, may be sent to the Texas Tech Athletic Department. Reserved admissions to the North-South football game, slated for Saturday night, Aug. 11, are \$2.50 and \$2.

**School Budget -**

(Continued from Page 1)

Capital outlay: buildings, \$50,000; equipment, \$3,000; total \$53,000.

Debt service: principal, \$33,500; interest, \$35,700; other expense, \$125; total \$69,325.

Estimated receipts are:

Revenue from county sources local maintenance tax, \$112,750; debt service tax, \$68,750; tuition, \$2,000; other, \$1,000; total \$184,500.

Revenue from county sources: per capita, \$167,000; foundation fund salary, \$230,000; foundation fund transportation, \$11,500; vocational, \$3,200; others, \$5,000; total of \$416,700. Transfers from school districts, \$8,000.

Total receipt estimate consequently is \$609,250; with total balances of \$55,000 giving a total in all funds of \$664,250.

C. L. Williams, district secretary, points out that income may be broken down as 20.2 per cent from local sources, 68.4 per cent from state assistance; and 1.4 per cent otherwise.

and David Todd, each with two, and one run each by Dennis Altman and Tommy Williams.

**LAMESA 3; SLATON 1**  
Donnie Jenkins pitched for the winners, Richard Washington for Slaton. Lamesa runs were garnered by Paul Russell, Jim Shook and Tommy French. Lone tally for the locals was a homer in the 6th inning by Dennis Altman.

Jenkins accounted for seven strikeouts, gave up three bases on balls, and Lamesa left seven men on base.

Though losing the game, statistics looked good for Slaton, with Washington credited with 11 strikeouts, giving up five hits and allowing four bases on balls.

**POST 4; TAHOKA 2**  
Cash pitching for Post, Olivia going 4 innings for Tahoka, relieved by White. Cash allowed only 4 hits, struck out 7 and gave up one base on balls. Only homer of this game was from Clifford Thomas of Tahoka, the other run by the losers being that of Doyle Schneider. Post runs were by Dick Kennedy, Alton Steel, Arthur Little and Joe Reno.

SLATON BABE RUTH ALL-STARS WOUND UP ACTIVITY for the season Thursday in the Levelland tournament. Matched against Dumas, the local boys made a real game of it, with exception of the big third inning, losing in final 12-7 tally. Leading 3-1 at start of third, Slaton took a jolt from which they could not recover to win, Dumas getting 8 runs in that fateful inning. Tournament winner was Levelland, followed by Dumas. The Slaton all-stars, pictured above are: standing, left to right, Kenny Kitten, Larry Man, Benny Bloxom, Bobby Brake, Bobby Magallanes, Paul Trautt, John Hennington, Johnson and Coach Norbert Kitten. Bottom row, Doug Galassini, manager, Gordon Kitten, Larry Pickens, Danny Scott, Soto, Hector Lucero and Tony Pointer. Not present for the picture-taking was James Hall. (SLATONITE PHOTO)

A completely modernized Babe Ruth baseball field for future season play in Slaton has been assured by virtue of concrete plans initiated Monday evening. Officers of the league sinand authorized immediate met in the offices of Doug Galassini beginning of the program. Bermuda seed is being purchased to cover the entire playing field, and necessary pipe is being bought to provide a sprinkler system that can wet the field with one setting. Cost of this phase of improvement is estimated at \$800. Funds for this already are on hand, having been provided by sponsors and donations.  
Other plans to be consummated before next season include additional bleacher stands to increase seating capacity from the present 250 seats afforded. Dugouts will be covered. Present chicken wire on the backstop will be replaced by cyclone fencing. Water also will be improved at park.  
The Slaton Babe Ruth already is one of the largest in the country, its 3 1/4 acre field being approximately the size of Yankee stadium. With the improvements now in the mill, the plant will also be one of the nicest for both payers and spectators.  
Ells Schmid is president of the local league; Bud Edwards is vice president, and Ed Hall Davis is player agent. Edwards is secretary-treasurer with Ray Kitten as head of field committee.  
The 60 boys participating in season play just completed honored, together with officials at a hamburger feed and Tuesday evening at the park.

**Party Fetes Bride-To-Be**

Miss Marilyn Meyer, bride-elect of Melvin Walter, was named honoree at a wedding shower July 13, by the women of the Posey Lutheran Church, in the Parish hall.

Hostesses included Mmes. Fred Schroeder, Walter Schroeder, F. A. Wittig, Robert Stolle, Fred Stolle, James Talley, Paul Boyle, Frank Lester, and W. J. Johnson and Miss Freida Walter.

The serving table held a crystal basket of daisies, flanked by apricot tapers in crystal holders.

A portable mixer, gift of the hostesses, was presented Miss Meyer.

**Haddock - Edmunds Vows Set for September 21st**

The engagement of Miss Ann Haddock to Dale Arden Edmunds was formally announced when her mother, Mrs. Edwin Hudson Haddock, entertained with a tea Thursday afternoon in the Haddock home, 345 South 10th.

MISS ANN HADDOCK

Mr. and Mrs. M. C. Edmunds of Rt. 2, Post, Texas, are parents of the bridegroom-to-be.

In the receiving line with the honoree were the mothers of the couple and Mmes. Wade Thompson and H. G. Stokes.

An imported cutwork linen cloth covered the serving table, which featured a silver candelabra with an arrangement of Peruvian lilies and gladioli. Other appointments were silver. Chosen colors of brown and beige tones were carried out in the floral designs.

**Student Exemption Status Clarified**

It isn't necessary for students to stop working this summer after earning a total of \$600, according to Ellis Campbell, Jr., Dallas district director of Internal Revenue Service. He advises parents that it is possible to claim a son or daughter as a dependent on federal income tax returns even if they earn more than \$600.

Campbell suggested that students contact IRS for needed information on how their parents can claim them as a dependent.

**STATE CAPITAL Highlights AND Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

In an effort to "prevent confusion to occupants, mailmen and the public" when the second of two sleek, pink marble State Office Buildings on the Capitol grounds is completed soon, the State Building Commission renamed them after famous Texas patriots.

First State Office Building — generally referred to as "S. O. B. No. 1" — now is designated as the Sam Houston State Office Building; the second, called "S. O. B. No. 2," was named after John H. Reagan, first chairman of the Texas Railroad Commission and Postmaster General of the Confederacy.

**LICENSING STUDY SCHEDULED**

House Speaker James A. Turman named Rep. Will Smith of Beaumont chairman of a new Committee to study operations of Texas' Examining and Licensing Boards.

Reps. Sam Collins of Newton, Ben Atwell of Dallas, Don Gladden of Fort Worth and Travis Peeler of Corpus Christi will serve on the committee.

Study group was set up to effect "an even greater understanding between the licensing boards and the Legislature," Turman said.

Objects of their research will be the 23 State examining and licensing boards organized for the purpose of testing every prospective practitioner of plumbing, law, cosmetology, medicine, barbering or hair-dressing and 18 other professions and trades in Texas.

**Owner of Pilot Plane Being Sought**

Reese Air Force operations officials are the owner of a pilot plane found over the end between runway base.

Maj. E. W. Starnes, operations officer, said the plane discovered which had run out of the runway in a small lake had gone down what is disconcerting sticking in the air. The plane was undamaged, Starnes said.

It's about 30 miles and bright red. Approximate location is about 10 miles west of the runway. It may have been in the water for weeks.

**TEXTBOOKS PUBLISHED**

State Commissioner of Education J. W. Edgar sent a list of 203 textbooks, offered for adoption by Texas schools, to all county and independent school district superintendents, and recommended that the list be publicized so the public will know it's available.

Text books are those which the State Textbook Committee is studying for the 1963-64 school year. Number must be sifted down to 82 by October. This approved list then will be turned to the State Board of Education.

Between September 1 and 15, the committee will hear any objections private citizens may have to the books. Last fall, there were plenty of protests.

Major complaint was that the objectors didn't know which books were being considered in time to examine them fully.

**STRONG VOICE SILENT**

When the Texas Railroad Commission held its monthly hearing to determine the August oil allowable, representatives from the major companies and independents were heard, but the strong voice of Commissioner Gen. Ernest O. Thompson was missing.

As one oilman after the other went up to urge a low eight-day allowable, no member of the Railroad Commission challenged them. If "the General" had been there, he might have done so, but he was seriously ill in his home in Amarillo.

**PROPERTY TAX STILL LOW**

The State's Automatic Tax Board kept to the lowest legal minimum when it set the State ad valorem tax rate for next year at 42 cents on each \$100 valuation.

Tax boards have kept the State's property "tax take" down to the minimum for several years now. It was up to 77 cents per \$100 valuation before a 30-cent general revenue tax was abolished in 1951.

Coke and Tom Green counties and the Dallas County Flood Control District are the only exceptions to the new rate. Rate is 30 cents in these three areas.

The 42-cent tax rate will provide 35 cents for free public school purposes; two cents for Confederate and Texas Ranger pensions and the State Building Commission fund; and five cents for the college building fund.

**SHORT SNORTS**

**Santa Fe Officials Address Slaton Safety Meeting; 80 Attending**

News about Railroad Folks For Railroad Folks

(Special for the Slatonite)

Third Quarterly Santa Fe Safety Meeting was held at Slaton in the Committee Room over the depot, at 2:00 p.m., Friday, July 20th with approximately 80 people in attendance. All of the various departments were represented and the meeting was presided over by Superintendent G. A. Alexander.

Guests at the meeting were O. R. Hammit, System Superintendent of Safety, Chicago, Illinois; A. M. Hanson, System Assistant Superintendent of Safety, Topeka, Kansas; and T. H. Linn, Safety Supervisor, Clovis, New Mexico. Mr. Alexander discussed safety items as well as incidence of injury with the group, and referred their attention to the trophy held by the Mechanical Department of the Slaton Division who has not had an injury since September, 1961.

Short talks were made by the heads of the departments — Acting Division Engineer B. L. Pritchard, Signal Supervisor, B. H. Crandall, Car Foreman, L. A. Morgan, B&B Foreman, C. L. Tanner, and Safety Supervisor T. H. Linn. Mr. Linn mentioned the Safety Campaign Contest being conducted for the months August and September, which you can enter by using the form on page 3 of the Santa Fe Magazine. Asst. Superintendent of Safety Hanson made a short talk which followed by a very interesting and instructive talk by Superintendent of Safety Hammit. After the meeting was adjourned by Mr. Alexander, watermelon was served on the lawn south of the Santa Fe Depot.

**HERE AND THERE**

Division Engineer R. D. Bisbee is on leave of absence at this time recovering from surgery and is enjoying his recovery visiting in California. While Mr. Bisbee is on leave, Mr. B. L. Pritchard of Amarillo is taking over his duties as Division Engineer while Mr. Travis Taylor of Wellington, Kansas is acting as Office engineer in place of Mr. L. D. Langham who at the present time is acting as B&B Foreman in Amarillo.

Conductor H. K. Satterlee of Sweetwater is on leave of absence at present account surgery performed at Sweetwater, July 7th.

Conductor W. D. Adkins is on leave of absence pending his retirement. "Dick" made his trip for the old Santa Fe June 30th.

**VACATION REPORT**

Vacation time is really in order around the rail yard; Conductor R. F. Stansell has just returned from a fishing trip in cool, cool Colorado. Roadmaster and Mrs. H. W. Roberts have just returned from visiting in California. Mr. and Mrs. B. H. Crowfall are leaving today for a fishing trip in Colorado. Maybe they will catch the ones Stansell left unless Norman and Mary Spears beat them to it as they are also taking off for that cool fishing country. Bob and

Margaret Carter and family are vacationing through New Mexico for a few days.

Those lucky ones who have attended the World's Fair are Conductor and Mrs. R. E. Reynolds, Cashier and Mrs. J. B. Adams, Station Clerk and Mrs. W. H. McDonald, Lubbock, and Mr. and Mrs. S. T. Phillips, Jr. of Lubbock. Peggy and Nelda Ray, daughters of Conductor and Mrs. Onas Ray, Conductor and Mrs. A. A. Trawweek and Engineer and Mrs. L. D. Poer. Among those who can still look forward to such an interesting trip are Engineer and Mrs. H. N. Wright, Engineer and Mrs. H. R. Fondy, and Mrs. C. L. Tanner and Mrs. Ray Conner.

Trainmaster and Mrs. E. O. Chaddock are due back from a vacation spent in Illinois visiting with a relative of Mrs. C. Section Worker and Mrs. Porfirio (better known to the rail hands as "Pete") celebrated their 25th wedding anniversary with 90 guests May 2nd.

**Accident Prevention Stressed As Farm Safety Week is Observed**

Theme for the 19th annual National Farm Safety Week, being observed this week, is "Family Safety at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor-vehicle accidents account for almost half of the fatal, but only a fifth of the non-fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffered disabling injuries. Of the total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 percent of all accidents involve some human failure — improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 and rank fourth in total deaths. From 1950-60, nearly a million persons died in accidents, 95 million suffered disabling injuries, and 3.5 million were permanently handicapped. America's cost: \$100 billion. But no dollar total can hope to appraise the priceless value of

human life, nor can it comprehend grief, loneliness and pain. No purpose is served by accident losses. And most can be prevented, emphasizes the Council.

Safety is no accident and the accomplishments of rural leaders and cooperating farm families and organizations in their work to reduce accidents was cited by the Council. During the past decade, an 11 percent decrease in the farm resident death rate has resulted from this cooperative effort.

But, warns the Council, we still have a long way to go to give farming and ranching a safety record equal to other national industries. Until every rural resident makes safety his business, our cooperative efforts must be continued, they add.

Mr. and Mrs. Bobby Glasscock and children of Lubbock; Mr. and Mrs. Odis Glasscock and children of Snyder, and Mr. L. B. Wright and family of Lubbock, visited with their parents, Mr. and Mrs. Herschel Glasscock Sunday.

Mr. and Mrs. Leroy Holt and Rebecca and Phillip have returned from a ten day vacation trip to Ft. Worth, Texas; Oklahoma City, Okla.; and South Fork, Colorado.

**SLATON CITIZENS**

As required by a petition signed by over 500 Slaton Citizens, our City Commission has called a bond election for August, for the taxpayers of Slaton to decide whether or not to build a new City Hall Building.

It is your money that is to be spent, and it will be your City Hall, if built.

**DON'T LET "JOHN" DECIDE**

This is your decision to make and it is your duty, as well as your privilege, to let the Commission know your decision by voting.

There can be no denial that we need a new office building for the handling of our City business, both from the standpoint of looks and utility

Make up your own mind, after weighing the benefits of your town against the costs to you personally.

On an average home, presently rendered for taxes at \$4,000.00, your City taxes are at present \$60.00 per year. If passed, this bond issue will raise your taxes 5 percent, to \$63.00 per year. This is not much, but it still remains your duty to give orders to your Commission, as to whether or not they shall proceed with this project.

There are approximately 1200 eligible voters in a bond election. In the last two elections a very small percentage of these decided the issue for you.

Please, let your opinion be known. Your City Commission can only proceed at your command, so

**COMMAND**

**VOTE**

---either for or against, as you see fit --- and enable the Commission to carry out the desires of the majority of the Citizens, rather than those of the loud minority.
