Beautification **Planning Starts**

The beautification committee of the Slaton Chamber of Commerce held a planning session last week with chairman M. G. Davis presiding.

Discussed at the were plans to designate a week or month for a "clean-up, fixup, paint-up" period. The group also discussed ideas to stimulate and interest citizens in participating in the program

Mayor Jonas Cain, a member of the committee, pledged the city's cooperation in any clean-up program. The group also suggested some method of recognizing citizens who do outstanding jobs in beautifying yards and areas.

"I Am for Beautifying Slaton" was the slogan adopted by the committee. There is a possibility of focusing attention on 9th street the first year, since this street is seen by most visitors to the city.

Another suggestion was to have litter bags made up for distribution, possibly with a slogan imprinted on them. Members of the committee are Davis, Cain, Ray Dickie and Mildred Page, C of C President Tommy Wallace and Manager Wayne Cooper also attended the meeting.

DEPOSITS HIGH

A bank call at the close of business April 25, 1967, found Citizens State Bank with alltime high deposits for this period of the year, it was revealed this week,

CSB showed deposits of \$6,225,053 and loans and discounts of \$5,084,560, Last year, at this date, deposits were at \$5,825,313 while loans and discounts were \$4,583,547. The deposit figure this year appears even more healthy when it is considered that it came after the April 15 tax deadline.

CSB deposits had topped the \$7 million mark at the beginning of the year.

An increase in taxes in the Slaton Independent School district, both temporary and permanent, was discussed and approved during a regular meeting of trustees Tuesday night in the school business office.

The temporary solution will apparently be an "across the board" hike in values, with the percentage to be determined soon. This would take care of what Supt. Lee Vardy calls "imperative needs" for the upcoming school year.

The board approved a professional re-evaluation of property as the method for a permanent solution. Trustees plan to approach the City of Slaton on the possibility of a joint re-evaluation project. This could not be put into effect until the 1968-69 school term. The last valuation program was in 1946

In discussing the need for a tax reorganization, Dr. Vardy spelled out four factors which would necessitate the need for more revenues. These included:

An anticipated deficit of \$9,100 for the 1966-67 school year, based on increases in staff members (band and athletics) and increases in salaries of coaches and vocational agriculture teachers.

A State salary increase for teachers, based on bills in the Texas Legislature with the local need ranging from \$8,000 to

Additional funds needed to retire \$60,000 in new bonds, for band hall at high school and other improvements.

anoth deficit of some \$1,200 for the 1967-68 school year, based on this year's increased salary schedule.

uation, trustees also looked at a cost comparison per pupil of schools in the area. Slaton's cost per pupil figures \$303,23 lowest of any school around. Comparisons included: Tahoka, \$408.12; Abernathy, \$409.49; Floydada, \$410.05. Denver City, \$556.45; Frenship, \$345.69; Post, \$435.41; Morton, \$466.79.

In other business Tuesday night, trustees noted acceptance of the new high school gym last week, with minor corrections to be completed; approved payment of bills; approved a sewerline easement for the City; discussed watering of grass on school grounds; discussed an "open house" at the new gym and football stadium on May 16; and planned high school graduation ceremonies in the new gym on May 29.

Dr. Vardy announced that the new cafeteria at West Ward School was near completion, The school will wait until summer to move into the building with kitchen equipment.

In face of an anticipated total

As adults, we must slow down and take time to enjoy our children. A baby is like a car bottom up -- the more gas you give it, the faster its wheels KISER AGENCY spin. Let's take time to "refuel" ourselves.

Let's take the time to discover how a baby grows, what makes him learn, and how we can guide him so that he will mature and develop into a more well - rounded, healthy individual and responsible citizen. I think you will find that children are fascinating people.

It seems students at Slaton High are ready for the big weekend, but the question is, are we residents ready. A big Western Weekend has been planned from a parade. to a rodeo, to a dunking board on the city hall square which

should prove to be a lot of fun. This is a big day for students at high school and the retail trade committee of the Chamber of Commerce is also trying to make it a bigger day than usual for Slaton shoppers, with merchants offering some good buys Friday and Saturday. We hear that such favorites as Bill Ball (?) might be on the dunking board if you care to pay the price of dunking

It was certainly an honor when the Slaton Lions Club was named the outstanding Slaton civic club here for 1966, and Saturday the club won another honor. This time they were up against 56 other Lions Clubs in district 2T2 in competing for the outstanding club award.

Yes, Slaton won first and the club was given a beautiful plaque for the recognition. Carroll McDonald, who served as its president last year, was at the Lamesa convention to accept the honor for his club.

Although not winning first place, Vicki Nowlin, the Lion's queen, was named first runner-up and she really had some tough competition, winning over 33 other beauties. I'm really not tooting my own horn, because I'm just the

wife of a Lion but I just had to say congratulations to this outstanding club and to Vicki. In the presentation of the plaque, many of the things the

Slaton Lions did the past year were read before a crowd of near 1,000 people. As they were reading them, I thought to myself, even the clubs that didn't have but one or two projects should also be recognized, because if all a club did all year was support the Crippled Children's Camp at Kerrville, then they have done some good. Slaton's club supported it 100% by each member donating at least \$10 to the camp.

During the convention, I heard such comments as, "Slaton must have a lot of wonderful people in it" and "you Slaton Lions sure know how to pick a beauty". It's always good to hear compliments about your home town and, believe me, after all the recognition Slaton received at the 2-day affair, the Slaton Lions should stand proud.

Dr. Charles Jarvis (speaker for Slaton's Chamber of Commerce banquet) was speaker at the Lions' noon banquet. I asked him if he'd knocked any more head tables off the stage since he was here.

You've heard it before.....but one of the speakers at the convention said, "Civic clubs are important, but as a member of a civic club, we should always put God first in its projects and everything we do. After all, we may be the only Bible some people will ever read".

We would like to extend our sympathies to Mr. and Mrs. C. E. McCov as new owners of the former Mildred's Flowers and now, Pauline's Flowers. Yes, I said sympathies. Anyone buying their own business needs a bit of sympahty. And we do wish them GOOD LUCK.

We took one look at the 1967 Pontiacs decided to become the newest Pontiac dealer in town.

Everyone loves a winner. And we're no exception. So when we saw what Pontiac had to offer again this year we just knew that the Wide-Track Winning Streak was going to roll on unabated.

But don't get the idea that we're going to rest on Pontiac laurels. We know that when you're new you have to try harder. We've staffed our sales department with professional men who know that arm twisting is no substitute for an irresistible deal. And we've hired factory-trained service men whose motto is: Do it right the first time. On time. (And we've equipped our service department with the latest equipment to help them make sure it is.) So come on in and try us, won't you? We'll do our best to make it a habit.

In discussing the tax reorganization, Dr. Vardy pointed out that State support of Slaton Schools amounts to some \$454,-000 per year while local sup-

However, the state provides only \$43,000 for operations of a minimum program, and the actual cost is double that, according to the superintendent. These costs include operation, maintenance and upkeep, insurance, utilities, library books, teaching supplies, bus operation and other expenses incidental to operation of schools. Additional salaries for special

teachers is also included.

Vardy said that custodial serrices and utilities alone cost the Slaton schools approximately \$30,000 a year. Teaching supplies would take care of the remainder allowed, leaving additional funds to be raised for the other expenses.

One area is additional salares for coaches and vocational ag teachers.

Vardy pointed out that "for our school to be competitive in the area of athletics, extra pay must be provided for coaches who devote extra time after regular school hours. In August of 1966, he added, the board was confronted with the employment of an athletic director and sufficient assistants to enable him to field a representative team in various sports provided by Slaton schools.

The additional costs to meet this demand, including employment of an additional coach,

the superintendent. In order to maintain a salary schedule competitive with other schools, additional money must be raised for the 1967-68 year. The recent sale of bonds for a band hall and other improvements calls for an increase of some \$6,000 a year to retire such bonds.

Vardy said any increase in teacher salaries voted by the State must be paid partly on the local level. In the opinion of most, the Legislature will approve increases, and Vardy estimated the local need will be about \$15,000 a year.

The Slaton superintendent said he felt teacher salaries need to be improved for Texas to "maintain a desired teaching staff for the children of the state." He added that a teacher shortage looms in Texas for the upcoming school year. Attending the session were

Two - thirds of a hospital's operating costs go for wages and salaries of hospital personnel. In industry wages and salaries account for only about one-third of operating expenses.

Hospitals throughout the country are taking positive, concrete steps to stem the rising trend of costs. Group purchasing, shared services, cooperative planning to prevent duplication of services, uniform accounting procedures, and coordinating efforts through local, regional and national associations, are but a few of the steps hospitals are taking to Cassini design for Peter Pan. effect economies.

Because hospitals have to compete with industry for personnel, hospital salaries will have to be increased even more in the years ahead, thus, forcing hospital costs higher.

To keep pace with industry years, resulting in the need for more personnel to perdays a week, 24 hours a day.

The more numerous and the more sophisticated the techniques, procedures, and equipment, the more sophisticated must be the training of the personnel who administer them, In industry the addition of more advanced techniques, procedures, and equipment is often associated with a reduction of personnel. The very opposite is true in hospitals. Most of the advancements in hospital care over the past 20 years have required more personnel, not less personnel, Unlike industry the trend towards the substitution of automation for labor has had little affect on hospitals. This is why hospital costs have risen higher than those of industry.

But now -- more than ever before -- hospitals must compete with industry for highly

LINDA ROBISON

Linda Robison was born July 27, 1949, in Slaton, Linda has blue eyes, brown hair, and stands 5'5".

Linda's favorite song is "I Think We're Alone Now," and her favorite singers are the Righteous Brothers. She enjoys civics and Texas History with Coach Martin, When she is not eating Mexican food or doing homework, she would like to be riding around in a red Mustang following people who drive slow.

She tells freshmen to study hard your first three years so you can goof off your senior

While attending SHS Linda has been in FHA 1-2, band 1-4, and Speech Club 3. After graduation, Linda plans

to attend South Plains College. Cheryl Goes To State Meet

Good Luck, Cheryl! This wish goes to Cheryl Kuykendall as she leaves for Austin tomorrow, May 5, to represent Slaton in the State Interscholastic League Shorthand Contest, She will compete against 15 other students, May 6,

Cheryl won second in Regional Interscholastic League Contest at Texas Tech last Saturday, April 22.

Two other students represented Slaton in Regional UIL Contest. They are Linda Romines in poetry interpretation and Kenneth Winchester in persuasive speaking.

GOLF TEAM PLAYS IN REGION MEET

The Slaton Golf Team, representing district 4-AA, played in the regional tournament at Meadowbrook Country Club Friday, March 21. The Slaton group shot 343 for eighth place.

Individual scores for the team were Randy Johnson 80, Rodney Farrell 85, David Tucker 88, and Pat Wheeler 90, Medalist for the day was Roger Thompson of Olton. The first and second place teams, Stamford and Big Lake, will represent this region in the Class AA finals at Austin.

Welcome Wagon Work Outlined

Mrs. Čleo Reasoner, hostess for Welcome Wagon -- a 2 newcomer welcoming service, was guest speaker for Slaton Rotarians Thursday at the regular weekly luncheon meeting.

Mrs. Reasoner explained the purpose and operation of a Welcome Wagon service, and pointed out that it was the outgrowth of a need expressed in a "Community Clinic" sponsored here by the Slaton Chamber of Commerce last year.

Accompanying Mrs. Reasoner at the meeting was Mrs. Lula Adams, district supervisor of Welcome Wagon, Inc. Rotarian Wayne Cooper had charge of the program.

This week's program will be introduced by Wayne Kenney.

Six Flags Has 1967 Opening

Six Flags Over Texas opened its 1967 season on Saturday, April 29.

The announcement came from Angus G. Wynne, Jr., president of Great Southwest Corporation, owner - operator of the famed 115-acre, historical - theme entertainment park located midway between Dallas and Fort Worth.

During the Spring, Six Flags Over Texas will be open on Fridays from 5 p.m. to 11 p.m. and on Saturdays and Sundays from 10 a.m. to 10 p.m.

Starting May 26 and continuing through Labor Day, the Park will be open seven days a week from 10 a.m. to 10 p.m. Following Labor Day and until the season closes October 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 8 p.m.

The Run-A-Way Mine Train ride, key project in the \$1,000,-000 expansion of the Boom Town Section of the Park which was begun last season, has been completed over the winter months. The ride, one of the most exciting ever developed, Worth, both 15 miles away, to the east and west was introduced to visitors on a limited basis near the end of last season, while work continued on the project.

An attendance milestone will also be reached during the forthcoming season, as Six Flags anticipates welcoming its ten-millionth visitor sometime during the month of August. The Park, which opened in 1961, has already counted over 8,5 million visitors.

In a hospital, modern machines and equipment can assist but never replace the highly trained people who care for the patient.
