If the absentee balloting is an indication, there will be a large turnout of voters for the Justice Precinct 2 Local Option election on Saturday, Jan. 14.

HIGH

LOW

A total of 246 absentee ballots had been cast shortly after noon Wednesday -- 206 of them at the Slaton box in Kertan Studio and 90 at the county clerk's office in Lubbock.

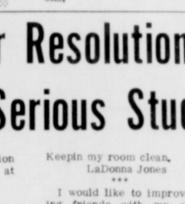

And, according to the absentee vote, there are going to be a large number of people out of town and unable to vote on Jan. 14. A voter must sign an affadavit at the absentee polling place that he expects to be out of town on election day. Absentee voting will continue through next Tuesday.

The hotly - contested issue, without a doubt, is drawing high interest among Slaton and area residents who reside in the justice precinct, Petitions calling for the election contained the names of 759 persons.

The election will be on the question "For" or "Against' the sale of intoxicants for offpremise consumption in the justice precinct, which includes Slaton. It is the only part of Lubbock County where alcoholic beverages can be legally sold

Slow Arriving

The stork is slow in bringing Slaton's first baby of 19671 A check at Mercy Hospital Wednesday revealed no new Slaton babies and no stork in sight. Only one baby has been born since Jan. 1 and that was to a Tahoka couple, not qualifying as local residents.

Slaton merchants will welcome the city's first baby with a shower of gifts, ranging from baby food and diapers to a savings account,

Watch for next week's announcement (we hope), when the following merchants will award gifts to the parents of the first 1967 baby in the Slaton area: Slaton Pharmacy, Slaton Savings & Loan, Anthony's, Piggly Wiggly, The Famous Department Store, United Supermarket, Teague Drug, The Slatonite.

Services Read For Mrs. Liles

A longtime resident of Slaton, Mrs. Dan Liles, 69, died Saturday morning in Mercy Hospital following a short illness. Funeral services were conducted at 2 p.m. Monday in the First Baptist Church with Rev. J. L. Cartrite, pastor, officiating. Burial was in Englewood Cemetery under direction of Williams Funeral Home.

Mrs. Liles moved with her husband to Slaton in 1923, when they established Liles Sheet Metal Shop which they operated until retirement a few years ago.

Survivors include her husband; a son, Wayne, of Slaton; a brother, L. G. Withers of Floydada; a sister, Mrs. D. O. Nash of Childress; four grandchildren and two greatgrandchildren.

Thefts Reported

The crib containing the baby Jesus was taken from the manger scene in front of St. Joseph's Catholic Church over the holiday weekend, it was reported to police this week.

Another theft and an attempted burglary were also reported. Dr. David Hughes reported that three Hampshire pigs were taken from the stock pens near his vet clinic. The animals were valued at \$55, Mrs. Q. B. Allen reported

to police that someone attempted to break into her home on Collins street Monday night. Police lodged four jail arrests the past week.

is located at Kertan Studio. 112 S. 9th. Hours are from 9-12 a.m. and 1-5:30 p.m. Monday through Friday.

Polling places on election day, Jan. 14, will be at Slaton Clubhouse, Slaton West Ward School, Stephen F. Austin School in Slaton, Posey School, Woodrow Gin, and Roosevelt Clubhouse.

Eligible voters must have poll tax receipts or voter registrations and must reside in justice precinct 2.

C-C Banquet Plans Made

Preparations for the annual Slaton Chamber of Commerce banquet, slated Jan. 30, are underway, according to Jake Wendel, vice president and chairman for banquet arrangements.

Tickets for the annual event will go on sale soon, said Wendel.

Featured speaker for the program will be Dr. Charles Jarvis of San Marcos, widely-known humorist and after - dinner speaker. The "flying dentist" is one of the top convention speakers in the southwest and the nation,

Another feature of the banquet will be presentation of special awards. Wayne Cooper, C of C manager, reminded clubs to have summaries of their activities and projects to the chamber office by Jan. 13, in order for them to be included in the judging for the annual "top club" award,

Nominees for "Woman of the Year" should be presented to Athenian Club, which handles the judging for this award.

Interested clubs or individuals may also submit nominations for the "Man of the Year" award by placing them in sealed envelopes and addressing to Man of Year Committee, Box 782, Chamber o' Commerce.

March Of Dimes **Drive Begins**

The annual March of Dimes drive, sponsored by the Centurette Study Club, will get underway Saturday (weather permitting), with FHA members soliciting donations in a "block of dimes" and a road block set up in Slaton.

The solicitors will wear badges so they may be readily identified as collectors for the drive.

The month of January is national March of Dimes month

Company Casserole

When you get a last minute phone call announcing guests for luncheon you'll be glad you clipped this recipe for Asparagus-Rice Luncheon Casserole

Made almost entirely of cupboard and refrigerator staples, the savory and attractive casserole doesn't indicate its ease of preparation. While the rice and eggs cook, the cheese can be sliced and the soups and milk blended so that they can be arranged in a casserole ready for baking in a matter of minutes. A little more than half an hour of baking turns it into a hot and bubbly mair

course, ideal for a guest luncheon. Accompany Asparagus-Rice Luncheon Casserole with crisp greens salad and for dessert serve chilled cling peaches topped

with toasted coconut. Use any kind of American-grown rice — brown, regular milled white, parboiled, or precooked for this recipe. Simply follow the package directions for cooking and be assured of tender, fluffy rice.

Football. Yes, I love the game and enjoy watching it, BUT over 30 hours in one weekend is just a little TOO much for us womenfolk, don't you think. Of course the men liked it fine.

It gave them a good excuse to not be bothered with playing with the kids, drying dishes, working and such things that might take up their undivided attention,

Speedy (along with your husbands, too, I'll bet) was extra nice to me all last week and I kept wondering what came over him. Soon as the ball games came on, I figured it out. WW

It was fun reading some youngsters' New Year's resolutions. Some resolutions made wouldn't be bad for us adults to follow, such as: "go to church more often, don't get sick, make more friends, help everyone, try not to do things I shouldn't, be nice to my next door friend, be fair, not lose my temper, share with others", and as one said, "try hard to follow these''.

I like anohter one that was listed. . "try to listen more better". He probably meant in the school room, but wouldn't it be a good resolution for most of us to follow?

Almost everyone likes to talk (myself included), but a good listener nowadays is hard to find.

A belated HAPPY NEW YEAR to all of you. As I listed in my mind what I would resolve to do during 1967, I thought of many things.

The staff at the Slatonite seems to never really be satisfied with an issue, always thinking if we had just a little more time, or this or that, it could have been better. We resolve to try to bring you a better Slatonite every week and one that you will look forward to reading.

I had a "grand tour" of Slaton's new Health Center, and after trying out three of its new machines, can vouch that it is very relaxing.

The new Health Center is located in the building with Cinderella Beauty Salon and is really an asset to Slaton,

LET'S ARRANGE THINGS **How To Arrange Flowers**

As an art, flower arrangement most closely resembles painting, adhering to the same principles of scale, color, rhythm and composition to achieve beauty.

The side triangle, crescent, half-circle, S-curve, full circle, perpendicular, oval and triangle are basic forms. These compositions, or eight basic plans, are your simple guide to turning flower arrangements into living paintings.

Flowers are lovely in any circumstance, but to bring out all their natural beauty they should be arranged in containers which complement their colors and contours. The container's suitability not its intrinsic value, is really what matters.

Since experts agree that over-decorated highly colored vases detract from the beauty of the flowers, any container made of clear or light-tinted glass is a good choice. Many unique and original compositions -- formal or informal -- can be made with such standard pieces as the vases and bowls in every household.

Tumblers, stemmed or footed goblets, brandy inhalers (miniature or mammoth). cocktail mixers, candy dishes, beer stein or tall Pilsner glasses, apothecary jars or jars that once held bath salts -- these are but a few examples of the household glassware you can borrow to make sparkling flower arrangements.

No matter what piece of glassware you choose, nor which of the eight basic plans is most appropriate to it, you'll start by deciding on the scale of the arrangement. Scale is the relationship of the flowers to the size and shape of the container. Most visually satisfying is an arrangement whose proportions are at least one and a half times tall container's height -- or about one and a half times a low container's width.

Color rules are simple. Since dark or heavy flowers tend to give the feeling of weight, they look least heavy when used at the bottom of an arrangement. Buds and lighter, smaller blossoms may be placed at the top and outer sides. Try to use color in groups -- "family" colors like pinks and reds together -- to lend coherence and harmony to the over-all effect.

Flowers should be arranged so that the

eye is led to a natural center of interest.

This is where you call upon graceful foil-

age to give a feeling of rhythmic motion and

direction to the composition.

Questions And Answers For Vets

Information of interest to veterans will be run each week this year in the Slatonite. Luther Gregory is service officer of American Legion Luther Powers Post 438 and any veteran wishing any information

may call Gregory. The first question and answer follows: Q - Is it necessary to know

definitely what school I will attend before applying under the new GI Bill? A - Not if you request coun-

seling on the type of place of training you desire. Applying now will expedite the counseling process. If you do not desire counseling, you must designate your school and program. If the school has not already been approved, it will take some time to have it approved. And since schools are crowded, the earlier you are assured of acceptance by the school, the better off you are.

Within four months there have been four cars stuck on the railroad crossings within a two mile distance on the track near Posev.

Fabian Stahl reports a station wagon got stuck on the crossing at Posey near his home recently. A wrecker was called and towed the car off before a train was due. He also reported two more cars stuck there Saturday night. Before Christmas a 1966 Ford owned

by Steve Lewis of Littlefield was stuck on the track. He got out of the car and ran down the track to stop the train, but the train was unable to stop in time and hit the car. The three occupants of the car got out of the car in plenty of time.

FFA Teaches Supervised

Farming

Many people wonder why FFA boys have supervised farming projects. They do not think about all the experience gained from project, not to mention the money a boy makes. Experience of feeding, showing, and marketing an animal will help a boy all through his life. As to the money made on supervised farming projects, let us look at a current report from the Cooper FFA.

This group is a Vocational Agriculture III class of eight students with a total of 24 projects and a total labor income of \$2,264.80; this is a average of three projects per student with an average labor income of \$283.10 per boy. Clearing this much money from his on projects is very stimulating to a boy.

Farmers' Tax Guide Available

Texas farmers can now get the 1967 edition of the Farmer's Tax Guide, according to Ellis Campbell, Jr., District Director of Internal Revenue for northern Texas.

The booklet may be obtained free of charge by stopping in or writing the nearest Internal Revenue Service office or your county agricultural agent.

Written in non - technical language, it contains easy to understand sections such as records a farmer should keep and important Federal tax dates to remember.

One of the most important and informative features is a sample of a completed tax return with detailed explanations of entries made on it. Throughout the booklet num-

erous examples are used to illustrate how farming transactions are treated for Fed-

To Heart Fund Tommy Wallace, president of Citizens State Bank, has been named Memorial Gifts chairman of the Slaton Heart Assoc-

iation, it was announced this week by Dr. Saul B. Appel, president of Texas Heart Assoc. In accepting the chairman ship, Wallace pointed out that memorial gifts are used to support research, education and community service aimed at reducing the toll of heart diseases -- the greatest cause of death in our communities.

Many persons and groups have found that gifts to the Heart Association provide a gratifying way to honor the memory of relatives and friends who have died of heart disease.

When a memorial gift is received, the memorial chairman immediately sends an appropriate acknowledgment to the bereaved family, indicating the names of the individual being honored and of the donor or donors.

The amount of the contribution is not included on the card to the family, but is shown on the receipt to the donor. Memorial gifts to the Heart Assoc-

iation are tax deductible.

"I will put my trust in Him." - Isaiah 8:17

Let us always remember that God wills for every man the opportunity to earn salvation and has marked a clear path across the face of the earth.

Because Christ did "taste death for every man" and remain perfect through sufferings, we may place our trust in God and share the great strength of faith.

As St. Paul reminded the Hebrews, let us also look to the example of Christ as the "Captain of . . . salvation."

Darrell Wayne Wilke attended the Southern District Luther League Convention that was held at the Marriott Motor Hotel in Dallas, Dec. 27-29. There were approximately 500 Leaguers and Counselors attending. The theme of the Convention was "Is God Dead"? Attending this Convention from Slaton and Southland were Steve Edwards, Kathy Walter, Carol Stolle and Darrell Wilke. In August 1967 the International Luther League Convention will also be held in Dallas and they are estimating that there will be around 8,000 attending.

DONALD CRAWFORD HOME Donald Wayne Crawford left on Christmas Day at 12:15 p.m. to return to the Panama Canal Zone. He had spent two weeks visiting with his parents, Mr. and Mrs. P. M. Crawford, Mr. and Mrs. James Crawford and children from Lubbock ate dinner with the Crawfords and then they all took Donald Wayne to catch his airplane. Brends Dabbs, who teaches

school at Irving, spent her Christmas Holidays visiting in the home of her parents, Mr. and Mrs. H. R. Dabbs. Also visiting in the Dabbs' home, was their daughter-in-law, Mildred, and her children. They spent Christmas night with the Dabbs.

Mr. and Mrs. H. D. Hallman have been visiting in Eastland, Ft. Worth, and Garland for the past two weeks. They will be coming home this week.

We would like to say Congratulations to David Dabbs, He made the All South Plains District 8 man football team as quarter back. We are all proud of you, David.

THE FACTS ARE:

LEGAL SALES AFFORD THE ONLY EFFECTIVE METHOD OF ENFORCEABLE CONTROL OF ALCOHOLIC BEVER-AGE SALES AND PURCHASES. BOTH HOURS OF SALES AND SALES LOCATION ARE REGULATED UNDER COUN-TY AND STATE AUTHORITY.

PROHIBITION IS A MONUMENTAL FAILURE. IT IS A CREATOR OF CRIME, CORRUPTION, AND LAWLESS-NESS. IT SETS THE STAGE FOR CONTACT WITH THE CRIMINAL ELEMENT.

PROHIBITION DOES NOT PROHIBIT . . DIDN'T BEFORE . . **NEVER HAS.. NEVER WILL.**

LEGAL SALES--OR--BOOTLEG SALES

This is the only question for the voters of Justice Precinct 2, to decide in the election Saturday, January 14. Because:

Legal Sales do not force anyone to drink

Prohibition does not keep anyone from drinking.

HOW WILL ALCOHOLIC BEVERAGES BE SOLD . . AND BOUGHT . . IN THIS PREC-INCT . . . LEGALLY OR ILLEGALLY? THAT IS THE TRUE QUESTION TO BE DE-TERMINED. YOUR OPINION REGARDING USE OF ALCOHOLIC BEVERAGES MAY NOT BE THE SAME AS OURS. WE RESPECT THAT OPINION, BUT THE RIGHT OR WRONG OF ALCOHOLIC BEVERAGES USE — ABSTINENCE OR MOD-ERATION - IS NOT WHAT IS BEING DECIDED IN THE ELECTION. WE URGE YOUR THOUGHTFUL CONSIDERATION OF THE REAL RESULTS ... THE RE-SULTS THAT COUNT AND EFFECT EVERYONE IN THE PRECINCT.

Florida and Texas show the largest increase. Winter pear production is also set at well above average, with D'Anjous making up 80 percent of the supply. Grapefruit stocks are up

about 10 percent over last season and 31 percent above the recent 5-year average. Florida, California and Texas show across-the-board increases. Broiler production is expect-

ed to continue well above average throughout the winter. Marketings based on head slaughtered under federal inspection during October and early November ran 11 percent above the same 1965 period, according to USDA's Consumer and Marketing Service.

Dry bean production is at a record high, or nearly onethird above last year. A large carryover and a larger 1966 crop has pushed prices on green split peas to the lowest level n over 6 months.

A Vote Against Legal Sales THE TRUTH IS: Saturday, Jan. 14 IS A VOTE FOR THE BOOTLEGGERS

WE BELIEVE CITIZENS OF THIS PRECINCT PREFER AN ENFORCEABLE LAW ... CONTROLLED LEGAL SALES. TOO MANY CITIZENS WELL REMEMBER THE WIDE-OPEN, BOOMING BOOTLEG DAYS (1500 KNOWN BOOTLEGGERS IN THE COUNTY, ACCORDING TO A STATE CRIME COMMISSION STUDY IN 1952). SIX YEARS IS TOO SHORT A TIME FOR PEOPLE TO FORGET THE BOMBINGS, GANG-STERISM AND THE BUMPER-TO-BUMPER WEEK-END TRAFFIC TO POST. LEGAL SALES BROKE THIS BOOTLEG STRANGLEHOLD AND LAWLESS ERA. THAT'S WHAT PRECINCT 2 WILL HAVE AGAIN IF IN SATURDAY'S ELECTION LEGAL SALES ARE VOTED OUT AND THE BOOTLEGGERS ARE VOTED IN.

VOTE TO KEEP PRECINCT 2 LIKE IT IS ... AND TO KEEP THE BOOTLEGGERS OUT!

966 AT TEXAS TECH -- Installation of a new president, mplementation of a School of Law and the launching of a spectacular buildin program symbolized an action packed year for Texas Tech, Board Chairman Roy Furr, at microphone in upper left panel, does the honors as Dr. Grover E. Murray is inaugurated as the eighth president of the Lubbock institution. Dean Richard B. Amandes, upper right, took over the reins of Tech's School of Law which will accept its first class next fall. Thousands of tons of concrete were poured as Tech's new \$17 million Wiggins Dormitory complex, lower left phot, began to reach toward the sky on the southwestern edge of the 1,839acre campus. The first phase of the complex, named in honor of former Tech President Dossie M. Wiggins, is scheduled for completion by September and will house a total of 1,716 students. Also under construction, scheduled for fall completion, is a new \$1,394,000 Mathematics-Foreign Languages Building located southwest of the Administration Building. Cars stream through the campus each evening during the holiday season as visitors flock to the campus to view Tech's impressive Christmas Carol of Lights outlining the buildings and emphasizing the Spanish styled archways.

AUSTIN, Tex. -- Grocery bills of Texans are increasing. And there isn't much anybody can do about it except shop more thriftily.

That's Gov. John Connally's conclusion after studying a special committee's report on food prices.

While the cost of marketbasket items is going up faster here than for the nation as a whole, food still is a bargain, the committee advised.

Connally requested the study by representatives of the University of Texas, A&M University and Texas Technological College.

These conclusions lighted the report:

*Consumer food costs in Texas during the last two years jumped 10.5 per cent, com-pared with 8.7 per cent for the nation. Retailers' marketbasket costs rose 6.8 per cent here, compared with the U.S. average of 6.4 per cent.

*Today the average Texas family of four spends \$1,134 a year for groceries. This is \$108 more than two years ago. Nationwide food - basket cost rose \$89, for a total expenditure of \$1,116 a year.

*An overall price increase of 12.5 per cent for Texas farm products the past year (September to September) contributed to 71 per cent of the hike in retail food prices.

*Net profit levels of food retailers actually declined fractionally from 1.91 per cent of gross sales in 1964 to 1.63 per cent this year. Increased labor and equipment costs were cited as major contributing factors.

*Farm prices, which lagged for 17 years, began to move forward the last two years, and consumer demand exceeded farm supplies.

*National growth and economic development, together with inflationary price rises in all items, were held basically responsible for the long-term upward trend in food prices. Connally found no special legislation or executive action warranted. He pointed out that "A lot of food costs depend on the individual tastes of people and wise shopping on the part of the housewife.'

\$100 MILLION TAX BILL POSSIBLE -- Gi

and federal governments. *Salary increases for Liquor Control Board's field personnel: District supervisors would jump from \$7,080 to \$8,628; assistant supervisors, \$6,204 to \$7,620 (minimum); inspectors II from \$5,808 to \$7,056; and inspectors 1 from \$5,436 to \$6,528. (All undercovermen are inspectors,) LCB's administrator's salary would be rais-ed from \$18,500 to \$19,500 and the assistant administrator's salary would go from \$12,000 to \$14,112. nally acknowledged the tax bill required to balance his spending recommendations to the Legislature next month might well range over \$100,000,000.

In addition to his budget (\$911,400,000 general revenue), the governor will recommend separate spending items, possibly including a teacher pay raise.

Connally and mayors were unable to get together on emergency aid for cities, Mayors want his backing of a oneper-cent local option sales tax.

Governor prefers a pennya-gallon gasoline tax boost with three-fourths of the revenue (about \$40,000,000 a year) earmarked for city street building, maintenance and policing purposes.

Mayors are not satisfied with the latter. They fear they would be required to argue each application for aid separately before the State Highway Commission. CONNALLY BUDGET -- More of the Governor's proposed budget for the 1968-69 biennium has been released. Some recommendations are:

*\$51,000,000 more for the construction of interstate highways, state highways and farmto-market roads. He suggested \$1,073,535,894 for the total program for the two years, of which \$749,948,061 would be for construction. (The Department asked \$1,081,431,236 -only \$7,895,342 more than Connally recommended. Current budget is \$987,605,621.)

*Doubling the current appropriation for the General Land Office's supervision and regulation of exploration, leasing and development of state -owned land in Gulf of Mexico. (Currently, it is getting \$75,000 and, if Connally's recommendation is adopted, it would get \$150,000, as compared to the
