TEN CENT

Rainfall General in Area as Cool Front Enters

The general rains falling in the Slaton area since Tuesday night have been welcomed by dryland cotton and grain growers who still could use more moisture locally. More than two inches of moisture has fallen locally, falling in ground-soakers spaced over a four day period.

Area farmers have indicated that their cotton needs no more rain or cool weather; hot dry days now would prove to be the bumper crop that could be made.

Agricultural Agent Lee McElroy states that Lubbock has benefited from minimum of one inch to two and a half inches of rain during the weekend, and ideal conditions are called for the warm weather for maturing of the cotton.

degrees.

Area moisture reports furnished the Slatonite indicate the following amounts received:

City gauges, George Willis reporting: .8 inch Friday, 1.6 Sunday, and .4 Tuesday evening and night.

Grady Wilson, 2 miles south of Slaton: 3.2 inches since last Friday, including 1/2 inch Tuesday. Heavier Tuesday rainfall was reported to the southwest where 1 1/2 inches fell.

Mrs. Albert E. Pinkert, 1 1/2 miles east of the Slaton roundhouse: 1.8 inches Sunday, and a light shower Tuesday.

Henry L. Preston, 2 miles out on Post highway: a good shower Friday, 2.1 inches Sunday, and .5 Tuesday.

J. E. Rudd farm, 2 miles southeast of Posey: 1/4 inch Friday, 1.75 on Sunday, and a good shower of some 1/2 inch falling after 4 p.m. Tuesday and through the night.

The Carlton Schaffner farm 6 miles west on the Cooper road: 1.5 inch Thursday night, 1/2 inch Friday, 1 inch Sunday, and .75 on Tuesday.

Northwest of Posey, Mrs. Alvin Simek tells of 3 inches falling in the four-day period.

Cox Supporters To Organize Monday

An organizational meeting of Jack Cox for governor supporters has been called in Slaton for next Monday, according to word from Bill Klattenhoff.

The public is invited to the session convening at 5:30 p.m. Monday at Bruce's Cafe.

- Clarification -

—Editorial Explanation—

Several telephone calls and personal visits of parents and merchants to the Slatonite this week revealed a situation wherein some supply lists distributed by the Slaton schools informed parents and students of merchandise needed for classroom use. The unusual aspect of this otherwise accepted service was that at least one of these lists specified a particular firm where some of the goods could be found.

Immediate investigation brought this statement from Dr. Lee Vardy, superintendent of schools:

"Due to an inadvertent error, one grade area in one of our schools suggested that two items that the individual student should purchase could be bought at one of our local merchants. When this situation was known, the teachers involved were asked to call all parents concerned, stating that these supplies could be purchased at any store that sells school supplies.

"It is not the policy of the Slaton school system to designate any specific store or place where school supplies should be bought.

"We apologize for this unfortunate error."

The Slatonite appreciates this clarification and attitude of Dr. Vardy. We agree with him that the incident was unfortunate and that the public has the right to buy where they choose.

Merchants of Slaton, as in most towns, are depended upon for contributions, for all-out support of local schools, churches and civic activities. We note with pride that Slaton businessmen go "all out" on most worthwhile projects, in the meantime trying to find time to improve their own business, studying methods of better service and consequently protecting the legitimate profit factor to which they are entitled. Neither are they to be overlooked as taxpayers, contributing to schools and community.

And we are glad that our school leadership, as outlined in the statement above, recognizes the teacher and school responsibility to the merchant.

We are confident no sinister intent was involved in the much-talked-of incident reported herein. The breach of ethics was speedily attended to by school officials. Several local business firms have spent hundreds of dollars in stocking school supplies, all this at their own risk, without guarantee of anyone asking for their wares; certainly this risk never should be compounded with interference of any school-connected censor.

Student Rates Now Effective

Special back-to-school subscription rates have been announced by the Slatonite.

Designed to aid students away from home, who wish to keep up with hometown events, the 9-month special rate has been inaugurated by John King II, publisher, who invites parents and friends to send the Slatonite as a thoughtful gift or "letter from home".

Considerable savings are provided for these school term subscriptions. In Lubbock and adjoining counties the rate for the school term will be \$1.75. Elsewhere, the special price is \$3.25.

Subscriptions will be taken via phone, in person or by letter, but early attention is invited to give maximum service to the away-from-home students.

Second of Polio Sundays Is Near

Second of the Sabin oral polio vaccine doses will be given in Slaton on Sunday, September 16th, with the Lions Club in charge of this second of the "Stop Polio Sundays".

Sponsors of the effort to stamp out forever, in this generation, the possibility of the crippling disease, urge all the 4500 men, women and children who availed themselves of the first vaccine dosage, to return for this subsequent phase of the program. Success of the effort will be entirely contingent upon mass participation in the free program, John Schmidt, chairman, emphasizes.

The painless oral administrations will be made between the hours of 1:00 and 7:00 p.m., Sept. 16th, at the West Ward School. Details will be announced in the Slatonite next week.

Petersburg Invasion Is First Test For Tigers

With starting lineups still uncertain, the Slaton Tigers are Petersburg-bound this Friday to test results of their spirited battle for first team slot positions.

The local eleven could hardly have picked a more formidable opponent to test their metal, with the host team having won seven games last season, doped to be district champions this year in their area. Practically the entire seasoned team of last year is returning under the Petersburg colors, and the speed that football followers remember may well be a big factor in the Slaton game.

Coach "Bing" Bingham has been drilling the locals heavily on the fundamentals of good, hard football, polishing off the rough corners in scrimmages held during the past week. Sophomores and Juniors have taken advantage of the announced policy of "best man filling the spot" to vie with Senior lettermen for most positions, providing incentive and depth that could well spell a season not soon to be forgotten.

Captains of the local team, elected to serve throughout the year, are Weber Tefertiller, John George and Steve Ball.

Though the starting line-up will not be known or announced until game time, those having inside track starting positions, as demonstrated in practice and scrimmage, likely will be: Center: Teddy Hatchett and Jim Bob Christman; left guard, brothers Paul Dubbs and Mike Dubbs (Junior) vying for the slot; right guard, John George being contested by sophomore Mike Ball.

Right tackle: Tommy Simmons being challenged by Howard Hoffman, junior; left tackle, John Floyd and Alan Martin; left end, sophomores Jerry Tefertiller and Dowe Winchester; right end, Lesly Brown and sophomore Keith White.

Quarterback: Bruce Pember also being pushed by a sophomore, Larry Gamble; left halfback, Weber Tefertiller challenged by sophomore Johnnie Hennington; right halfback, Ronnie Jones and junior Ascension Perez; and fullback spot bids by Steve Ball and Greg Nowlin.

Maxey Is Given Distinguished Service Award

J. J. Maxey, city secretary at Slaton, was signally honored Friday by the South Plains Association of City Clerks and Secretaries in the meeting of that group at Plainview.

Maxey served as the first president of the South Plains body in 1957, and last week presented the distinguished service award in form of a large plaque centered with a map of Texas and a gold wreath.

Norton Barret, president of the organization and city secretary at Crosbyton, presented the award.

Maxey, who has been Slaton secretary for 18 years, presently is a director of the Texas Municipal League.

MEETING CHANGE

The Retired Railroad Men and Wives will meet at the Slaton Clubhouse September 11 at 10 a.m. This is a regular meeting, but a change in location of meeting.

Farmers — Merchants Will Meet On Tuesday

Warning Given On False Alarm

Another false alarm was called in to the Slaton Volunteer Fire Department Sunday afternoon.

The firemen made the run to 910 S. 12th, where no fire was evident. Reports are that later a man called the department, without identifying himself, stating that his small boy and another boy had turned in the false alarm.

The seriousness of both false reports and following a fire truck have been re-emphasized this week by both Police Chief Gene Martin and Corporation Judge Luther Gregory.

Misdemeanor charges, with fine up to \$200, is the penalty in dollars and cents for making a false report. If an accident occurs because of the false report, then felony charges are in order, with maximum punishment of both imprisonment and fine.

Following a firetruck also is a misdemeanor, with fines possible up to \$200, the police chief adds.

Slaton Truck Driver Injured in Accident

Ersell Pryer, 38, of 140 W. Panhandle Street in Slaton was injured Friday evening east of Lubbock when the cattle truck driven by him overturned. Ten steers were reported killed in the accident. Several others were consequently set free.

Pryer was treated at a Crosbyton hospital for a deep cut in his shoulder, and for bruises.

Enrollment Is Heavy Three Teachers Added to System

First day enrollment of 1827 students in the Slaton Public Schools indicates sizable increase over any prior enrollment, school officials noted late yesterday. Enrollment at the end of the first school week is expected to reach between 1925 and 1950, Dr. Lee Vardy estimated, as against the 1847 first week enrollment of last school term.

In its regular meeting Tuesday evening, the school board approved three new faculty members to round out the list of teachers.

Employed at Austin Ward School was Mrs. Nadine Lewis to teach in the 4th grade; Mrs. Lewis comes to Slaton from New Home.

Mrs. Howard Wright, Slaton resident, was hired to instruct in social studies at the Junior High School.

Mrs. Wayne Kenney, also a Slaton resident, was employed to teach in the 2nd grade at the West Ward school.

In other business, the school board voted to purchase a new 72-passenger standard body school bus.

School holidays were scheduled and approved, with the school year slated to include 175 or 176 school days.

Tax roll evaluation as approved by the board was announced at \$11,202,198.00, with a rate of \$1.65 per hundred.

Other than the school board, only the secretary and a representative of the Slatonite were present at the Tuesday night session. The board will meet at 8:00 p.m. on the 1st Tuesday each month, until October meeting when time will be moved up to 7:30 o'clock, Dr. Vardy said.

CONTEST

Adding fun to an already thrill-promised football season, the Slatonite, together with a number of sports-minded Slaton merchants, is announcing a season-long contest open to everyone, with \$100.00 in cash prizes, plus Cotton Bowl tickets, as awards.

An entry blank is carried on the page announcement elsewhere in this issue. To compete, one merely needs to indicate his choice of winners in the games listed, showing prophesied scores.

Each week a cash award of \$5 will be given to 1st place winner, \$3 to the second best guess, and \$2 to the 3rd placing contestant. Four Cotton Bowl tickets will be distributed at end of the season to season winners.

Contestants are urged to enter each week, competing for the grand prizes to be given on basis of most weekly wins by the fans sending in the entry blanks.

Judging will be on basis of number of winners picked. The scores will be considered only as "tie-breakers" in event two or more contestants guess the equal number of winning teams.

Local high school conference games, area games, and Southwest Conference games will be included in the contest. With many schools yet a week or more away from season play, the list of games to be "guessed on" will increase from week to week, Southwest Conference play beginning September 22nd.

Entry blanks must be in the Slatonite office by Tuesday noon of each week. Winners will be listed in the paper that same week.

You don't have to be a football authority! The contest is designed as fun for everyone.

It's football time and prediction time in Slaton!

-WEATHER-

The major cool front sweeping into the Slaton area Tuesday noon skidded temperatures, bringing scattered showers in the area, and reminding folks that football and harvest weather was near at hand.

City rain gauges showed .8 inch rainfall Thursday night and Friday; 1.6 inches Sunday, and 4 inch Tuesday. Area rainfall reports are carried in a separate story on this page.

Forecast is for cloudy and cool weather with possibility of more rain.

Maximum temperature for the past six days was 94 degrees last Thursday, with minimum nighttime reading of 55 degrees this Wednesday.

Day by day recordings, supplied by the Pioneer Gas Company, are: (maximum and minimum) —

Thursday	94-64
Friday	88-68
Saturday	82-60
Sunday	78-66
Monday	86-64
Tuesday	90-66
Wednesday	62-55

Drive for Members Underway in Post 438

Upon receipt of its membership cards for 1963, the enrollment drive of Luther Powers Post 438 of the American Legion is gaining momentum, according to announcement by Post Commander Luther Gregory.

Gregory stated that the bulk of this annual membership drive should be completed by mid-October in order that the local organization could devote maximum time and effort to its community service programs. Dues payments for the coming year are now being accepted from those Legionnaires and eligible veterans who like to be known as "Early Birds", the commander adds.

Current enrollment of the Luther Powers post is 136, only two memberships below the 1961 all-time high. Gregory noted that this growth made possible the continuation of such community services as the school awards, Legion baseball, college scholarships, expense-paid trips to Boys State for local youths, and other civic activities.

Plenty of farmer tickets have been provided, and these are available free at some 15 gin locations in the area, including gins located at Slaton, Hackberry, Southland, Pleasant Valley, Gordon, Wilson, Union, Woodrow, Posey, Acuff, Midway and Malone.

Host tickets still are available for merchants, and the C-C organization is enthusiastic in encouraging this merchant participation. Funds still are needed to cover all the celebration costs, and Mrs. Bisbee, organization secretary, invites early commitment by merchants desiring to assist through ticket purchases. These are on hand at the Chamber of Commerce office.

Hack Lasater will be master of ceremonies at the event commencing at 7 p.m. Tuesday. Invocation will be by Roy Verne John A. Schmidt, president of the Slaton Chamber of Commerce, will deliver the welcoming address, with the farmer acceptance speech coming from B. A. Darby.

Farmers to be recognized at given cash awards for early cotton harvest — are Bill Klattenhoff, Jr., for the first bale ginned, A. W. Steffens for the second bale, and Frank Hash for the third bale honors.

Clodfelter and W. A. Heintz are co-chairmen of the dinner committee.

Court Fines Are Big Contributor To General Fund

Fines collected during August by the Slaton Corporation Court totaled \$2,107, according to the month-end report of Judge Ither Gregory.

Actually total assessed fines reached a higher total, but so of these are in process of settlement by "laying it out" in local jail, or court action in process.

Corporation Court collections are channeled into the General Fund of the city, records show with this source of revenue usually being the largest contributor to that fund.

Police fines during the fiscal year ending March 31, 1962 aggregated \$24,352.00, a 50 percent increase from the preceding year total of \$23,513.00.

School Holiday

Official school holidays the 1962-63 term were announced at the school board meeting Tuesday night follows:

Thanksgiving, Nov. 23.
Christmas, from Friday, Dec. 21, at 4 p.m. until 9 a.m., Thursday, January 3, Easter, from Thursday, April 11, through Monday, April 15.

EDITORIALLY SPEAKING

Observations and Potpourri

"Effective law enforcement is synonymous with progressive community growth."

Coincidentally, just as we were gathering facts on the thorough local police action last week, we received a letter from J. Edgar Hoover, director of the Federal Bureau of Investigation with the above quote carried therein.

"Effective law enforcement is not a commodity for political bartering; nor can it be achieved with cut-rate financial support. . . certainly, salary is hardly an inducement to a career in law enforcement."

"There is no quick formula for gaining experience in police work, and few departments can afford to lose seasoned veterans to better paying jobs."

The good law officer has been elevated in recent years to professional status, thanks in large part to the example set by the FBI organization headed by Mr. Hoover, proven to be decidedly dedicated to his work and the edification of his profession. Phenomenal progress has been made during the 30-year life of the FBI.

And we think local law enforcement groups are due the proper recognition and plaudits of the community. Their accomplishments are a matter of record; their diligence is evident to even the casual observer.

But we'll hazard the observation that the law enforcement bodies of any town are only as good, only as honest, only as effective as the town desires. The final responsibility lies on the citizenship for a progressive attitude conducive to integrity and performance in every sector of government. For this reason, we believe Slaton residents, too, merit a salute.

Let's not falter in our momentum!

Mother to small son on way to a party: Now dear, what are you going to do when you've had enough to eat?

Small son: Come home.

"When you argue with a fool, be sure he isn't similarly engaged."

"Fortune is for all; judgment is theirs who have won it for themselves." — Aeschylus.

FLORENCE ALA., HERALD: "The old saying: 'The government is the servant of the people' ought to be changed because the government, like servants, is getting too expensive for most folks."

Senator Tobey advises parents: "Don't give your child an allowance — make him earn it. Teach him that money, security and earthly riches are the reward of hard work and economy. Then, when he grows up, he will not expect the government to give him health benefits and old age pensions without his having put anything into it."

If he can remember so many jokes
With all the details that mold them,
Why can't he recall with equal skill
How many times he's told them?

Notes from Neighbors: Events and Opinions

From the Exchanges of the Slatonite

ARE WE IDIOTIC SHEEP?

The government, on occasion, must investigate. The government, on occasion, must regulate.

This is a duty of government, in pursuing ways and means to advance the public interest. But, if some officials have their way, investigation and regulation and other such weapons will become, so to speak, a way of life for government, and an end in themselves.

An officer of a leading American chain store company observes that some of our leaders "seem to be of the opinion that we retailers sell hazardous, dangerous food products; that the government must give consumers information to make them more competent shoppers; that Federal intervention is required in consumer credit; that retailers and their suppliers use deliberately deceitful packages to cheat the public and that everything can be solved by more and bigger government."

In other words, the idea is that retailing (and all other business, too) is chock-a-block full of crooks, that consumers are, in large part, just idiotic sheep, and that it's up to Big Brother to call the tune.

Well, that would be the way to bring about a stultified economy, in which every decision of any consequence was made by some bureaucrat with a handbook — and in which freedom of choice and freedom of initiative would be meaningless phrases.

From Human Events magazine: "In an address in India, Ambassador John Kenneth Galbraith, former Harvard economics professor boasted that already one-fifth of the American economy is planned by the government. He said that if we take into consideration all current resources 'fully controlled and disposed of by the state, about 20 per cent of the American economy is planned.' Ambassador Galbraith pointed out that, as the comparable figure for India was only 13 to 14 per cent, 'the market economy of the United States has a larger public sector than the Socialist economy of India.' Translated, that means that now we're even more Socialistic than Socialist India."

the State Law regulating school buses. "The driver of a vehicle upon a highway outside the city limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding 10 miles per hour, and with due caution for the safety of such children."

The veteran patrol supervisor said, "Remember. These children are our most precious heritage, who hold the future of our nation."

The Highway Patrol investigated 34 rural accidents in Lubbock County during the month of July.

These wrecks accounted for one person killed, 28 injured and an estimated property damage of \$25,329.00.

The rural traffic accident summary for Lubbock County from January through July of 1962 shows a total of 185 crashes. As a result of these crashes there were 14 persons killed and 183 persons injured. The estimated property damage amounted to \$138,128.00.

Mr. and Mrs. H. E. Atnip had their son and family, Mr. and Mrs. Kenneth Atnip of Wichita, Kansas, visiting over the Labor Day holiday.

Air Conditioning experts agree... WATER cooling is BEST!

Youngsters learn mighty early about the cooling effect of water when the weather's hot. And air conditioning engineers know that water cooling is far more efficient than air cooling. The reason is simple... 85° water can absorb more heat from your home than 100° air.

That's why ARKLA-SERVEL Sun Valley's GAS air conditioners are WATER cooled! Water cooling, plus Sun Valley's "no moving parts" principle, gives you two big advantages unavailable with other air conditioners. One, a Sun Valley gives you CONSTANT EFFICIENCY, while air cooled units lose as much as 15% efficiency. Two, Sun Valley operating COSTS REMAIN CONSTANT, while air cooled equipment operating costs rise as much as 23%.

KING-SIZED FILTER

Sun Valley's double filtering capacity STOPS ALL HOUSEHOLD ODORS! It even saves cigar and Ash odors, giving your home Spring-like freshness all year long.

NO MOVING PARTS

... In the heating or cooling cycles of the Sun Valley... nothing to wear out or break down! Sun Valley is year-around comfort for the mortgage life of your home!

CONSTANT EFFICIENCY

Sun Valley has no compressor friction to run up your operating costs. It doesn't just a penny more to operate the Sun Valley for an hour when it's 115° than it does when the temperature is 90°.

SUN VALLEY ALL-YEAR AIR CONDITIONER

WHAT DOES DISCOUNT MEAN?

Almost overnight the most frequently used word by many retailers is "Discount." The impression they try to give is that every thing they sell has the price discounted. These facts should interest you.

1. DISCOUNTERS ARE SMART

They select some well known products whose prices are familiar to you and sell them for less than the fair price. If you are a shrewd buyer you can get a bargain, if you buy nothing else.

2. DISCOUNTERS CARRY "OFF BRANDS"

These unfamiliar brands are usually priced profitably to make up the loss on their specials. If you want unknown manufacturer's products you can buy for less in any local place that does not feature loss-leaders.

3. DISCOUNTERS DISCOUNT SERVICE

They carry a minimum of employees, avoid deliveries and charge service.

WISE SHOPPERS AVOID DISCOUNTERS

No possible price saving, especially on products sold in pharmacies, which are not high priced items, is worth the inconvenience of poorer service, off-brands that may be sub-standard and incomplete stocks, for discounters carry only fast sellers.

DEPEND ON OUR FAIR PRICES

Few people can out-smart a Discounter. Why try? When you get all your pharmacy needs from us, the odds are your total price will be less for we have no overpriced articles to make up the lesser profits on loss-leaders.

Don Pannel and Harvey went to Lake Thomas fishing over the weekend.

Visiting during the Labor Day holidays in the Bert Hastings home were their two daughters and families of Houston, Mr. and Mrs. Kirby Manley and their daughter, Mrs. Roland Otis and baby and Mrs. Hazel Mundy.

Federal Gas Tax Refund Claims Due by Sept. 30

Farmers are reminded that they may now submit claims for federal gas tax refunds, according to C. H. Bates, farm management specialist, Texas A&M College.

The refund may be received for all gasoline used for agricultural purposes on a farm or ranch. Bates says. Claims should include fuel used by the operator himself or by custom operators working for him, he added. However, fuel used in vehicles on roads and highways is not eligible for refund.

The claim for federal refunds must be made from July 1 to September 30 on gasoline used between July 1 of 1961 and June 30 of 1962. The procedure is simple and all farmers who filed claims last year will receive Form 2240 in the mail this year. Farmers who did not file last year may obtain the forms from their county agent or from the Internal Revenue Service, according to Bates.

The federal gas tax refund should not be confused with the state refund which is for a shorter period of only six months, explains Bates. This refund involves a more complicated process and additional information should be obtained from the State Department of Revenue in Austin.

Also, Bates reminds that any points that are uncertain should be checked on before the claim is filed and that farmers should keep their records to verify claims submitted.

Variety of Studies May Be Seen At Experiment Station Field Day

Comprehensive Program Planned For Visitors at Sept. 18 Meeting

The Annual Field Day at Sub-Station 8 of The Texas Agricultural Experiment Station will be held Tuesday afternoon, September 18. This will be the second field day at the new location 7 1/2 miles North of the Lubbock City limits on Highway 87. Guided tours will begin at 1:00 p.m. and continue through 5:00 p.m. The field tour will last approximately 1 1/2 hours and include 8 stops. The headquarters tour of laboratories and machinery displays will last about 1 hour.

Farmers, businessmen and others interested in the latest scientific developments in crop production on the South Plains are cordially invited to attend the Field Day. If time does not permit making the complete tour, visitors are encouraged to attend that portion in which they are most interested. All field and laboratory stops will be manned from 1:00 to 5:00 p.m., which will enable visitors to attend any portion of the tour without making the entire tour. County Agricultural Agents from throughout the area will act as guides and federal and state research scientists will be stationed at each stop to explain the work being carried on at the Station.

Some of the field stops will give visitors an opportunity to observe (1) chemical weed control on cotton where hand hoeing was completely eliminated, (2) effectiveness of the rolling cultivator, (3) flame cultivation, (4) close spacing of cotton to increase yields up to 3 to 5 bales per acre, (5) how a combination of cold tolerant strains of cotton, asphalt emulsion, and shallow planting resulted in good stands on cotton planted March 27, (6) a new type green boll separator which may aid in earlier harvesting of cotton, (7) early maturing strains of cotton which were 80% open 120 days after planting, (8) cotton strains with low gossypol content, (9) strains that are practically immune to bacterial blight and other strains that show promise of resistance to insects and (10) studies of plant growth regulators on cotton.

New water conservation and utilization research studies included on the tour are: (1) land forming practices such as bench leveling, field leveling, wide row borders, variable grade benches and level terraces on dryland, (2) the evaluation of row spacing, fertility and irrigation levels for the production of dwarf grain sorghums, (2 x 4 and 4 dwarf) and grain grass types and (3) combination of different levels of fertilizer, irrigation and varieties of cotton, alternate furrow irrigation, etc.
True yellow endosperm grain sorghum hybrids, stiff stalk, cold tolerant strains, and numerous stocks used in the sor-

ghum breeding research will be observed and discussed during the Field Tour.

The new hybrid castor bean, Lynn, which will be released to growers next year, and a combine type sesame, which is about ready for release to growers and 50 experimental strains of soybeans will be observed and discussed by Station scientists.

Upon completion of the field tour the visitors may make a tour of the headquarters and research laboratories to observe (1) how a soil test determination and recommendation is made,

(2) how to identify the principal cotton diseases, (3) feeding and milling qualities of different strains and types of grain sorghum and (4) methods of evaluation cotton fiber.

During the afternoon the visitors also will be able to observe and discuss vegetable production research, control of cotton insects, including new insecticides, increased resistance of insects to some insecticides and the value of beneficial insects, cotton and grain sorghum variety tests, fertilizer tests and other long-time studies.

Water Depletion Tax Aid in Lap of Courts

The main brief in the groundwater depletion case, styled "Marvin Shubert, et ux, v. The United States of America," was filed on August 6th with the U.S. District Court in Amarillo, Tex. The suit is being sponsored as a test case by the High Plains Underground Water Conservation District.

On August 27th, attorneys for the Water District filed with the Court what they term a "reply brief." This brief is a reply to the Government's main brief.

The suit seeks to establish groundwater in the Southern High Plains of Texas as a depletable natural resource within the definition of the term as used in the Federal Internal Revenue Service's tax code. Should the Court rule in fa-

vor of Shubert, and such ruling is upheld on appeal, then he and other ground water owners throughout the area will qualify for a federal income-tax deduction during those years when a decline in ground water levels is experienced. Only those who can show a cost in their water and who are using the water to produce income would be eligible.

The Water District will make public additional information concerning progress of the case as developments become known.

Citrus shipping season in the Lower Rio Grande Valley opens October 1, State Agriculture Commissioner John White announced.

Tech Degrees Are Awarded to Eight Area Candidates

Eight Slaton area students received degrees at the summer commencement exercises Saturday evening at Texas Tech.

Joe Bob Jones was accorded a Bachelor of Science degree in agricultural education and will teach general science during the forthcoming semester in the Colorado City schools.

Roland N. German and Linda Lee Davies Stewart received Bachelor of Arts degrees in the school of arts and sciences, German's speciality in government, and Linda Lee taking a history course.

Edwin Gerald Dabbs of Southland received a Bachelor of Arts degree in the same school, majoring in chemistry.

Joe Neil Sparkman, physical education major from Slaton, received a B.S. degree in Education.

Robert Wayne Sokoll, Slaton, and Joe Neil Hargrove, Southland, both were finance majors, getting B.B.A. degrees in the school of business administration.

Edgar Lonnie Dunn was awarded a Bachelor of Agriculture in the engineering school, having specialized in design option.

Texas Land Commissioner Jerry Sadler says the University of Texas leasing board is considering an oil and gas lease auction early in December if demand is sufficient.

Extensive renovation in the century-old Governor's Mansion will be completed in the near future, enabling Governor Daniel and his family to move back in. They have been staying in an Austin hotel during the remodeling period.

...how's your lighting?

Light makes the difference in modern living and just as all things have benefited by the hand of the scientist so, too, has the field of lighting. The past 10 years have seen amazing changes in lighting concepts — based on scientific research. Home lighting, business lighting — both have vastly improved in the last ten years.
If your lighting is age 10 — or older — then it's time you enlightened yourself with the facts. Public Service lighting people can help you.

TIGERS vs PETERSBURG

Weekly cash prizes plus two Grand Prizes are being awarded in this all-new contest sponsored by the Slatonite and the Tiger Boosters listed at the bottom of this page. All you have to do is fill out the coupon on this page, predicting winners and scores of the listed area and Southwest Conference games. Then get one of the sponsoring merchants to sign it, then mail or bring it to the Slatonite so we will receive it by Tuesday noon of each week. Enter the fun! Prizes will be awarded every week for 10 weeks.

Rules:

Anyone may enter, with exception of employees of the Slatonite or members of their families.

Enter the scores you predict by the teams listed below. Judging will be on basis of number of winners picked. Scores will be considered only in case of tie among contestants, then the nearest predicted score will be named as winner.

Have a cooperating merchant sign your coupon. No purchase is necessary.

Bring or mail the coupon to the Slatonite; we must have it by Tuesday noon of each week.

Winners will be announced the following week.

SPACE KITCHEN EXHIBIT SET FOR 1962 STATE FAIR

Astronauts will eat in outer space — 250,000 miles from home — will be shown in a space kitchen at the 1962 State Fair of Texas, October 6-21. The mockup of the Space Kitchen, constructed for the Air Force Systems Command will be a central exhibit in the Electric Building and will show how all foods and beverages required by a three man crew on a fourteen day mission would be stored and prepared.

Rev. Floyd Is New Pastor At Local Church

Rev. John L. Floyd has been called as minister of the First Christian Church in Slaton, already having assumed duties as pastor.

Former pastor, Rev. E. A. Wilbur, was called in mid-August to the Bay City Christian Church after serving the local congregation some two years.

The Floyd family is moving into the parsonage this week. The five family members include Rev. Floyd, Mrs. Floyd who teaches in the Slaton Junior High School; John Jr., a senior in Slaton High School; Melvita, with one more semester at T.C.U.; and Rev. Floyd's mother, Mrs. Hattie Lynch.

The new pastor has made his home in Slaton for the past year while doing graduate work at Texas Tech. He is a graduate of Duke University where he received his A. B. degree; Texas Christian University where he earned his B. D. degree, and since his T.C.U. graduation in 1941 he has served Christian Churches in Donna and Spur, Purcell, Oklahoma, and Gulfport, Mississippi.

Rev. Floyd is a past District President of Christian Churches in Texas and Oklahoma, is a Mason and a past president of the Spur Lions Club.

Colorful Pageantry and Liltng Tunes Featured in Ice Capades

The liltng tunes of two of Broadway's outstanding composers, Alan Jay Lerner and Fritz Loewe will come to life in "Salute to Lerner and Loewe" when the 22nd New Faces Edition of Ice Capades comes to the Panhandle South Plains Fair opening Sunday, September 23 at 3:00 p.m.

Selections from the current "Camelot," "My Fair Lady," "Paint Your Wagon" and "Brigadoon" all from the facile pens of the versatile musical team, will be featured among the ten lavish productions and 20 starring acts in the all-new ice extravaganza.

While the costuming for the four Broadway hits is on an exotic scale, the music itself is

kept in delightful perspective. Selected from the most recent hit "Camelot" are the "Opening March," "Do What the Simple Folks Do," "Guinevere" and "Then You May Take Me To The Fair"; the latter three brought to popularity by the famous team of Julie Andrews and Richard Burton.

Just four evening performances are scheduled — Monday through Thursday at 8:30 p.m. and five matinees — Sunday through Wednesday at 3:00 p.m. and Friday at 5:30 p.m. Tickets are on sale at the special box office in the Pioneer Hotel lobby at Lubbock or may be ordered by mail by sending check or money order to Ice Capades, c/o Panhandle South Plains Fair, Lubbock. Prices are \$2.00, \$2.50, \$3.00 and \$3.50. Special family prices are offered for the Monday, Tuesday and Wednesday matinees only. Teenagers (13 thru 19 years) \$2.00 for any reserved seat and children (12 years or under) half price.

Thursday, September 6, 1962

The Slatonite

SEEN AT ICE CAPADES

Assembly of God Tells of Revival

A revival meeting will commence at the Assembly of God Church in Slaton, according to announcement by the pastor, Rev. J. W. Newton.

Services will be conducted each evening at 7:30 o'clock, with exception of Saturdays.

Special music and singing will be featured, together with the messages by Rev. Newton.

Ward P-TA Meet Monday

Term meeting of the Parent-Teacher Association will be held Monday, September 10, at 7:30 o'clock, according to announcement by Mrs. J. E. Eblen, president.

and other interested citizens are invited.

Teachers, as well as P-TA officers, will be introduced. Dr. John Locke, 1st vice-president, is program chairman for the year. Mrs. Locke is secretary; Mrs. Earl Eblen, treasurer; Mrs. Jack Dickson, 2nd vice-president, and Mrs. M. G. Mitchell, outgoing president, is membership chairman.

Membership sign-up will be welcomed at the Monday session.

Dues are 50 cents per membership, Mrs. Crow states, adding that the organization is very active and needs participation and support of all parents.

SHORT SHORTS

A report on Uvalde County ground water resources was released by the Texas Water Commission, showing adequate supplies for future development there.

Management Meet Is Set at Tech Sept. 7th

The first annual Range Management Conference will be held this Friday at Texas Tech College in Lubbock, according to

Garlyn Hoffman, range specialist, Texas A&M College.

The conference is sponsored by the Texas Section ASRM, A&M College, Texas Tech College, Lubbock and West Texas Chambers of Commerce and will take place in the Student Union Building on the Texas Tech campus at 9:00 a.m., Hoffman added.

The purpose of the conference is to disseminate range management information to ranchmen in the range areas of the state, Hoffman said. Among the topics discussed will be; range improvement, range research, range problems and ranching operations.

Chairman of the day-long conference is Joe B. Norris, Range Conservationist, SCS. The speakers will be Dr. Donald Huss, ASRM; Thomas V. Copeland, Post-Montgomery Estate, Levelland; Tad Moses, Texas A&M College; C. A. Rechenthin, SCS; Doug Robinson, range specialist, Spur; John R. Hunter, Texas Tech; W. J. Waldrip, Texas Experimental Ranch, Throckmorton; Jim Barron, manager headquarters ranch, Spur; and J. L. Schooler, Morton.

"We hope the conference will become an annual one and that ranchmen will gain great benefit from it," Hoffman said. He also said that he thought the conference would be profitable to anyone connected with range work in any way.

Tonancy Falls Off at City Jail; Relatively Quiet Holiday Noted

Occupancy at the city jail was down to one tenant Tuesday night, indicative of the very quiet Labor Day weekend in Slaton.

Arrests recorded at the police offices included nine for drunkenness, one disturbance, two simple assault, and one shoplifting.

Tiger Town, local recreation spot for students, was reported broken into between Saturday and Tuesday, with Noel Dickson stating that at least 125 records had been taken, 2 cases of soft drinks taken, and a record player broken. The front door hinges had been knocked from the building at 910 S. 14th Street.

William Walker of Rt. 1, Lorenzo, reported that while he

was incarcerated in the local jail Sunday, someone stole a 410 gauge shotgun and a small metal tool box and tools from his car. He discovered the loss when released from jail Monday.

A \$25 fine was assessed a negro youth for shoplifting at the T.G.&Y. store in Slaton. The assistant manager of the firm stated he saw the culprit leave with an unpaid-for billfold. Arrest of the —17-year old suspect was made Monday.

Hubcap thefts made the police blotter as usual, with Larry William Muerer of Rt. 1, reporting that he left his car for only five minutes Sunday on the south side of the square, returning to find two caps missing. Lowell Merrell of 750 S. 11th

TEACHERS TO LEARN

This Fall, 2,300 public school teachers, of physics, mathematics and foreign languages, will attend classes Saturday mornings, or after their own teaching hours, to learn the latest developments in their subjects.

This is part of a program instituted by the Texas Education Agency to help beef up the state's instruction in these subjects.

—told of two hubcaps taken from his Volkswagen parked at his home Saturday.

A woman's purse and man's shave kit were reported taken Saturday from a car belonging to Mrs. Harley Martin and parked in the driveway of the Truett Bownds residence, 950 S. 11th Street.

A juke box and penny amusement box were reported broken into Saturday by Mrs. Odie Carden, 1st & Geneva.

Public Hearing Likely, Discussion and Valorem Taxing of Cars-Trucks

Very few cars and trucks in Slaton are taxed through the ad valorem tax program. Some counties, cities and school districts tax them, but only to 80 per cent of the value they go untaxed. So the Texas Commission on State and Local Policy proposes that something be done about it.

An Amendment to the constitution is their recommendation. They suggest an amendment exempting motor vehicles from the property tax, but allowing the Legislature to tax them.

Plan is to have the Legislature set up a procedure by which a state board would determine the value of all makes and models of motor vehicles. Then the county tax assessor-collector would collect a tax at the rate of \$1.50 per \$100 of market value when license tags are purchased.

Under this "suggestion," 40 percent of the \$52,000,000 annual take would be divided among the school districts of the counties. Balance would go to the cities in accordance with their populations. County's share would be that portion represented by population outside cities.

Counties and cities would be required to spend the money only on road and street work.

Before the commission decides whether to recommend this procedure to the Legislature, a public hearing will be held sometime this fall.

SOCIALIZED INDUSTRY

A study committee on the Cost of Government is exploring the possibility of using convict labor to produce more of the products used by the prison system.

State spends about \$3,000,000 a year for merchandise such as soap, paint, tobacco, tires, mattresses and furniture for the prisons.

In the past, organized labor and business groups have been able to keep the state from using convict labor in competition with paid labor. But the farmers have not been so successful. Prison farms produce much cotton and other products.

SAFETY DRIVES

Two more safety drives were launched by Gov. Price Daniel. He proclaimed September as Home Safety Month, asking Texans to "live, think and drive safely throughout September." Also outlined was a campaign to prevent some of the 30 traffic deaths the Department of Public Safety predicts will occur over the Labor Day weekend.

Highway Department got into the act, too, due to the U.S. Army's planned maneuvers for October. Highway workers will erect signs calling motorists' attention to tank and convoy crossing-areas along state highways.

CARLA'S FORCE

Texas Water Commission engineers have calculated the kinetic energy released by Hurricane Carla. They figure the energy exerted over a 24-hour period is equal to 8,700 20-megaton nuclear devices.

In other words, it amounted to a 20-megaton A-Bomb exploded every 10 seconds for 24 hours. State engineers agreed that man can do nothing about the wind involved in such great force. But they felt that man can protect the land from tidal waters.

Galveston County engineers proposed that the island city's seawall be raised six feet.

MORE TAXES

Legislators and citizens who thought the state's money problem was solved by the sales tax, which took effect a year ago September 1, may have another think coming.

Budget requests of state agencies predict another huge increase in public school and college costs in the two-year period starting September 1, 1963. Laws already on the books will divert about \$55,000,000 a year more from the State Treasury to the public schools, without any new legislative action.

College and university administrators, expecting a new flood of high school graduates, say they need \$40,000,000 a year more to take care of them. This includes \$10,000,000 a year for the University of Houston, which will be the state's second largest university when it joins the state system in 1963.

So budget-makers are thinking in terms of another tax law of some kind. Only a fast upturn in business conditions, bringing new cash into the treasury from existing taxes, can relieve the situation.

Legislators, campaigning this fall, will have a chance to offer voters their suggestions. Some think the exemption on groceries, medicine and low-cost clothing should be taken out of the new sales tax law.

POLIO CASES

Doctors and health workers are pushing polio immunization drives.

The 1962 polio epidemic in Texas, now at 176 cases, is small compared to pre-vaccine epidemics, but one case is too many.

Six cases of paralytic polio reported last week were all in West Texas, with one each in Ector, Ochiltree, Potter, Randall, Tarrant and Taylor Counties.

Back-to-School booster shots were urged by the State Health Department. It said parents should check their children's vaccination records to see that they are protected against diphtheria, pertussis, tetanus, polio

and smallpox.

HOUSE "PILOT" DIES

Read Granberry, the man who piloted legislation through the House of Representatives for 19 Legislatures, is dead.

Granberry became parliamentarian of the House in 1915 at the age of 15. He started as a page, served for two sessions, then was named parliamentarian.

He was also an electrical engineer and professor of engineering at the University of Texas.

Granberry left the University in 1953. Three years later he became director of the Texas Legislative Council.

Throughout every session during the past 38 years he sat beside the speaker of the house, advising him on parliamentary

procedures.

REDISTRICTING

There have been rumors of lawsuits to come, ever since the U.S. Supreme Court held that the courts can force states to redistrict, for legislative purposes, if their systems are patently discriminatory.

But it took Giles Miller of Dallas to bring the first suit. The Republican sued State Treasurer Jesse James, to prevent him from paying the salaries of state officials who make up an ex-officio legislative redistricting board. That is the body which is supposed to meet and redistrict, if the Legislature fails to do so.

Miller's suit departs from procedures used in 31 other states in that it is aimed at getting state, rather than federal, court action.

He contends that the redistricting law passed by the last Legislature was not fair and that it therefore is unconstitutional.

Dallas County is limited to nine representatives and one senator under a state constitutional provision designed to limit representation of the big coun-

ties. It would be entitled to three senators and about 15 representatives if the state was divided evenly.

NEW TARGET DATE

Construction on the 3,027-mile Interstate Highway System in Texas is progressing so rapidly that the completion target date has been moved up a full year to 1971.

Texas Highway Department points out that the state now has completed and opened to traffic 1,090 miles, or 36 per cent of the total.

FUDGING FOR BEER

Minors who fudge on their age are the biggest headache to Texas Liquor Control Board agents and the beer industry in Texas.

They "quality" themselves as beer purchasers by changing birth dates on drivers licenses and raising their ages to 21 on other identification. But the tight liquor control act is unrelenting, say the Liquor Board agents. It punishes both the seller and the buyer when they are detected.

Liquor Board agents reportedly nab most underage beer buy-

ers by watching for unusually large gatherings of the youngsters at taverns and drive-ins where the beverage is sold.

POWER POLITICS

Although the Texas Legislature is not scheduled to meet until next January, capital talk is that Sen. Galloway Calhoun of Tyler is in line to be chairman of the powerful State Affairs Committee in the next Senate.

Predictions are contingent on Democratic nominee Preston Smith winning the lieutenant governorship over his Republican opponent O. W. Bill Hayes.

FLU SHOTS URGED

Health department has issued a warning to pregnant women and persons over 65 to get Asian flu time.

Department is urging persons over 45 (particularly seniors over 65), pregnant women and persons of any age with heart trouble, lung, kidney or metabolic diseases to make immediate arrangements for shots.

Widespread outbreaks of Asian influenza are predicted for the coming winter. A-strain flu occurs every three years.

Wilson News

Delayed from Last Week
 Mr. and Mrs. Fred Krawl and daughter Kim, were here Thursday to visit with Mrs. Dickie Thomas and Phil. He recently graduated from Texas A&M.
 A birthday party was given Saturday morning from 9 til 10:30 to celebrate the 6th birth-

day of Dina Wilke, daughter of Mr. and Mrs. Carlton Wilke. The party was held in the educational building of St. John Lutheran church. Strawberry cake, punch and ice cream were served with party favors for everyone. Fourteen little girls were present. They were: Cindy Hobbs, Judy Scott, Brenda and Susy Crowson, Donna and Lana Brieger, Terry Steen, Cheryl Wilke, Connie Moore, Susan Sander, Cathy Riney, Carla, Jan and guest of honor, Dina Wilke.

Mr. and Mrs. Howard Moerbe and Mike, and Mr. and Mrs. Authur Wuensche were in Thorndale for the funeral of Mr. Moerbe's step-father, Mr. Charlie Simank, one time resident of Lynn County. Mr. Simank passed away Saturday and the funeral was held Sunday in Thorndale.

Jeana, Ray, and Kaye Hacker of Lubbock visited over the weekend with cousins, Mr. and Mrs. Ted Melugin, Lynda, Terry and Troy.

Visiting Sunday with Mrs. H. C. Fountain and Venita Kyzer were Mrs. George Deavers of Slaton, Mrs. A. W. Arnold of Dallas and Mr. and Mrs. Earl Tunnell of Tahoka.

Mrs. A. L. Holder, Teresa, Mike and Greg, and Mrs. Sam Gatzki, and Jan spent Wednesday night and Thursday at Lake Thomas.

Mr. and Mrs. Bob Martindale and family of Pecos were here Saturday with her parents, Mr. and Mrs. W. F. McLaughlin, enroute to Plainview for the weekend.

Mr. and Mrs. A. M. Pair of Lorenzo visited Sunday with the W. F. McLaughlins.

Mrs. Ruddy Nieman was taken to St. Mary's Hospital in Lubbock Friday, suffering from shock. Mr. Nieman is hospitalized there and was to have a leg removed Tuesday.

Visiting the E. R. Petty's last weekend from Dallas were Mr. and Mrs. M. M. Petty and son, Dwayne, and Miss Lessie Hoard.

Larry Petty, Don Webb, and Harry Hewlett were in Amarillo Sunday for the drag races.

The St. Paul Lutheran School opened at 9 a.m. Monday morning with a chapel service led by Rev. Robert Kamrath. All parents and students attended. The enrollment stands at 40 children, the highest in the school's history. Mrs. Bonnie Winston teaches grades 1-3, and Mr. George Dellinger teaches grades 4-7, and is principal.

Mr. and Mrs. R. G. Webb of Lubbock visited Sunday with their son, Mr. and Mrs. George Webb, of Houston, in the Cecil Field home.

LCC Fieldhouse Will be Opened

Lubbock Christian College will mark its fifth anniversary with the opening of the South's largest fieldhouse on Sunday, September 9. College officials expect several thousand persons from the South Plains and New Mexico to attend the great rally and barbecue, beginning at 12 noon on that date. Coach Oliver Jackson of Abilene Christian College, whose athletes have won national and Olympic hon-

Glen Alvin Crowson and friend Jimmy Anderson of Sulphur Springs spent the weekend in Wilson visiting Glen's uncles, Mr. and Mrs. Sam Crowson, and Mr. and Mrs. A. N. Crowson and families.

Spending Sunday with Mr. and Mrs. Anton Ahrens were; son, Mr. and Mrs. Ennet Ahrens, Diana Sue, and Edward of Grand Prairie; daughter, Mr. and Mrs. A. C. Minzenmayer, Leo and Myra of Winters; son, Mr. and Mrs. Henry Ahrens, Wesley, Robert, and Cathy, of Cotton Center; son, Mr. and Mrs. Weldon Ahrens, and James of Lubbock; Mr. and Mrs. Rudy Maeker, Mrs. Elbert Gumm, Mrs. Edwin Martin and LaNelle, Mr. and Mrs. Bill Klose, Mr. and Mrs. R. J. Schuette, Bruce, Kenny and Roxanne.

Mrs. E. F. Lyon, Miss Jean Weld, and Mrs. Lonnie Lumsden had a nice trip to Goretta Baptist Assembly, New Mexico, where they attended the Bible Conference. They then went to Denver and Estes Park, Colorado, for a weeks vacation before returning home Monday night.

ors, will be the featured speaker at the 1:30 program.

The college, which began in temporary building in a cotton field on the western edge of Lubbock in 1957, has acquired a campus of 120 acres, five permanent buildings, including a new men's dormitory and the gigantic fieldhouse, and has become the largest private junior college in the state. In its third year of operation Lubbock Christian College was given full accreditation by the Texas Association of Colleges and Universities. It has a faculty of 32 and expects an enrollment this fall of 500 students.

GOVERNMENT HANGER SECURED FOR GYM

In 1959, the president of the college, Dr. F. W. Mattox, applied for the right to acquire a huge B-52 hangar declared surplus at Los Alamos, New Mexico. The federal government awarded the hangar to LCC (at a stipulated fee of \$1780, to cover cost of handling the paper work).

In the summer of 1959, the giant steel quonset type structure, measuring 192 feet by 382 feet, was dismantled and moved to the LCC campus, where the framework was re-erected in 1960. Since that time it has stood like a great skeleton, open at each end and useless.

Lately, it has been painted inside, insulated and roofed, extensive fiber glass skylights have been enclosed. When work is completed, it will have a complete indoor track with a 100-yard straightaway, tennis and basketball courts, an open area for games and gym classes, classrooms, dressing rooms, and rest rooms, and bleachers for public use.

Lester Perrin hall the new house as a great step in college's continued growth will provide an ideal site for door track meets for schools and colleges in the area. It will also provide a place for the LCC basketball and track teams to practice to play home games, facility for an extensive intramural program for all students, a place for exhibitions, rallies, great gatherings.

TRANSFORMATION

"A PLAIN BAR of iron is worth \$5.00
 The same bar, when made into horseshoes, is worth \$10.50
 If made into needles, it is worth \$1,285.00

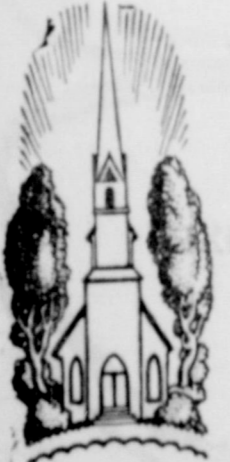

If turned into balance wheels for watches, it becomes worth \$250,000.00." What transformation — from five to a quarter million!

Even as the iron is helpless to change its form and value, so is a human being helpless without God. But by the exercise of intelligent choice, one may have within himself the transforming power of God, and thereby attain his maximum worth.

God, by the message of His Word — and by the appeal of His church — expresses His desire to help you experience the transformation of His power. He anxiously awaits the response of your faith.

The decision is yours!
 The bar of iron, left alone, would lose even its initial worth; and —

"Whoever will save his life shall lose it; but whoever will lose his life for my sake, the same shall save it." Luke 9:24

"Other foundation can no man lay than that is Jesus Christ."

Judy Ann Wooley - Thurman Green Wed Friday in Church Ceremony

Judy Ann Wooley and Thurman Green were married in First Baptist Church Friday recently by Rev. H. F. Scott, who read the double ring ceremony. The bride is the daughter of Mr. and Mrs. Bernice Wright Hobbs, and Walter Lawrence Wooley of Yuma, Arizona. Her husband is the son of Mr. and Mrs. George P. Green, 3105 29th, Lubbock. Given in marriage by her mother, the bride wore a floor-length gown of white bridal satin with elbow length sleeves and a full-skirted skirt. A crown of tiny seed pearls and crystal accented with small diamonds held her 3-tiered veil of silk illusion. She carried a white orchid surrounded by a spray of white carnations. Miss Emilie Watkins of Lubbock was maid of honor. Bridesmaid was Miss Sharon Sawell of Lubbock. They wore dresses of pastel pink crystalline over bright rose pink taffeta made

Miss Castleberry Became Bride Of Larry Don Simmons, September 2

The Westbrook Baptist Church in Clovis, New Mexico, was the setting for the double-ring service which united in marriage Miss Cleora Kay Castleberry and Larry Don Simmons, Sunday afternoon, September 2. Rev. Leo Smith officiated. Mr. and Mrs. C. K. Castleberry of Clovis, New Mexico, are parents of the bride and Mr. and Mrs. Claude M. Simmons, Jr., of Slaton are parents of the groom.

Twin, seven-branched candelabra and baskets of white mums decorated the altar. White satin bows marked the pews and the kneeling bench was decorated with satin bows and greenery. Mr. Castleberry gave his daughter in marriage. She wore a formal length gown of nylon and lace designed with long petal point sleeves. Her veil of imported silk illusion was held by a queen's crown of sequins. She carried a white Bible topped with rosebuds and stephanotis.

Following bridal tradition, she wore a pearl necklace for something old; her veil and headpiece were new; pearl earrings were borrowed from the bride's mother; and something blue was a garter made for her by a grandmother, Mrs. A. Wiemers. For luck, she placed a penny in each shoe.

Mary Kay Francis was at the organ for traditional wedding music and accompanied Joan Brooks as she sang "Because" and "I Love You Truly".

Miss Pat Bush, a student at Methodist Hospital School of Nursing in Lubbock, served as maid of honor. She wore a mint green sheath with matching overskirt, and carried a cascade arrangement of white carnations nestled in green net and ribbon.

Miss Linda Castleberry, sister of the bride, was bridesmaid. She was dressed identically to the maid of honor. Duane Castleberry, brother of the bride, lighted the candles.

Charles Spriggs of Clovis, New Mexico, was best man and Tommy Simmons, brother of the groom, Slaton, was groomsman. Donnie Curry and Dick Prescott seated the wedding guest.

A reception followed in the Youth Recreation Center. The bridal table was covered with lace over green and featured a three-tiered cake topped with a miniature bride and groom figurine. Crystal appointments were used.

For a wedding trip to Santa Fe the bride changed to a beige suit with red and bone accessories.

The couple will make a home at 1011 Connelly, Clovis, New Mexico, where the bridegroom is employed by Loring's Shamrock Service. Both are graduates of Clovis High School.

Among the out of town guests for the wedding were Mr. and Mrs. Homer Gere and Dana of Hutchinson, Kansas; Miss Pat Bush, Wichita, Kansas; and Mr. and Mrs. Claude Simmons, Jr., and family of Slaton.

MRS. JAMES ROBERT VARDY formerly Miss Mary Lou Earl

Texas Tech Students Wed In Fort Worth Church

Texas Tech students, Mary Lou Earl and James Vardy, were married August 30 at half past seven in the chapel of Rosen Heights Baptist Church in Fort Worth. The Rev. R. Earl Allen officiated for the ceremony.

Parents of the couple are Mr. and Mrs. R. C. Earl, Jr., of Ft. Worth and Dr. and Mrs. P. L. Vardy, Jr. of Slaton.

The bride's gown was designed with a lace bodice featuring a scalloped neck and long tapered sleeves coming to points over the hands. The full skirt of silk organza over taffeta was enhanced with wide unpressed pleats which swept to the back in a short chapel train.

She carried a Bible topped

with an orchid showered with lilies-of-the-valley.

Miss Judy Richards of Hobbs, New Mexico, was maid of honor. Misses Julia Ann Styrsky and Cynthia Gale were bridesmaids. Miss Cathy Sue Earl, sister of the bride, was junior bridesmaid. Kathy Lea Vardy, niece of the bridegroom was flower girl.

Dr. Richard Vardy served his brother as best man. Groomsman were Richard Edwards, David Baldwin of Lubbock, and Tommy Joe Fisher, cousin of the bride. Ushers were Mike Fisher of Ft. Worth, cousin of the bride, and David Walker of Slaton.

The home of Mr. and Mrs. Gene Fisher was the scene of the wedding reception. Members of the houseparty were Mrs. Jan Goodwin, and Misses Marilyn Gilmore, Carolann Earl, Donna Rainwater and Betty McMillon.

Following a wedding trip to New Mexico, the couple will be at home in Lubbock, where they will continue their studies at Texas Tech College. The bride is a junior elementary education major. Her sorority is Phi Mu. The bridegroom is a senior pre-law major and is a member of the Alpha Tau Omega fraternity.

Stewart-Reed Vows Read In Roosevelt Church

Double-ring rites were read on the evening of August 30 by Rev. W. O. Donley for Miss Brenda Jane Stewart and Lavoy Reed. The First Baptist Church of Roosevelt was the setting for the ceremony.

Mr. and Mrs. V. A. Stewart, Route 1, Lorenzo, are parents of the bride and Mr. and Mrs. John L. Reed, 835 S. 20th Street, Slaton, are the groom's parents.

Escorted to the altar and given in marriage by her father, the bride was wearing a formal gown of white bridal satin fashioned with a fitted bodice and round neck. Long, tapered sleeves came to petal points over her hands. The pleated skirt swept into a short train. Her fingertip veil of tulle was attached to a white satin bow headpiece.

The bride carried a white Bible topped with an arrangement of white rosebuds and baby mums.

Mrs. James Sinclair provided the organ music and accompanied James Sinclair, soloist.

Miss Sue Ann Reed, sister of the groom, was maid of honor. Misses Deana and Bobbie Gregory, both of Roosevelt, lighted the candles and also served as bridesmaids. The attendants wore street-length dresses of blue designed with brief sleeves and full skirts. They added short white gloves and bow headpieces.

MRS. LAVOY REED formerly Miss Brenda Jane Stewart

GRANDSONS VISIT

Visitors in the J. W. Crawford home Friday and Saturday included their grandson and family, Mr. and Mrs. Dennis Henry and daughters Libby and Margaret. The Henrys were on their way home to Las Cruces, N.M., after visiting south Texas towns including Corpus Christi, Austin, Houston, San Antonio and Dallas. Henry is an associate engineer in the physical science

laboratory at the state university in Las Cruces.

Also visiting in the Crawford home was another grandson and wife, Mr. and Mrs. Tracy Crawford. He is a law student at Baylor University in Waco.

Visitors in the home of M. D. Gamble the past week were Mr. and Mrs. Mal Cool, Clovis, New Mexico; Mr. and Mrs. J. W. Eil, and Beth of Lubbock; Cool and Mrs. Ellenbe daughters of Mrs. Gamble.

Shirley Jo Sanic - Frank Bevers Wedding Vows Were Read Recently

Mr. and Mrs. H. H. Hewlett of Route 2 Wilson have the honor of announcing the marriage of their daughter, Shirley Jo Sanic to Frank Bevers, son of Mr. and Mrs. Aaron Bevers of Mineral Wells.

Rev. H. F. Scott officiated at the double ring ceremony which was read Sunday, August 12, at 2:30 p.m. in the home of the bride's parents.

The bride wore an almond green eyelet embroidered suit. Her accessories were black patent leather and she wore a corsage of white carnations.

Mr. W. R. Steen, who served her sister as matron of honor, wore a hunter green voile dress and a corsage of white carnations.

Karl Knight of Lubbock served the groom as best man.

Close friends and relatives attended the ceremony and a reception which followed.

Mrs. Fred Briggs, Miss Nita Hewlett, and Jeannie Hewlett, all sisters of the bride, assisted with the hospitalities.

Mr. and Mrs. Bevers will make their home in Lubbock where both are employed as

teachers in the Lubbock Public Schools. Both are graduates of Hardin-Simmons University in Abilene.

The couple was married August 27, 1916 at Goree, Texas. They have resided on their farm east of Slaton for twenty-one years, previously living at Wilson and near Tahoka.

They have six children, sixteen grandchildren, and seven great-grandchildren.

Those present for the celebration were Jimmy Bartlett of Slaton; Mr. and Mrs. B. J. Bartlett and daughters of Lubbock; Mr. and Mrs. Pete Rhoads and daughters of Wilson; Mr. and Mrs. W. F. Bartley and daughters of Muleshoe; Mr. and Mrs. Derril Baugh and children of Slaton; Mr. and Mrs. Lee Ham and sons of Slaton; Mr. and Mrs. Clyde Bartley and Timmy of Muleshoe; and two guests, Miss Faye Lewis and Ronald Elliott.

Unable to attend were a son and family, Mr. and Mrs. Otis Bartlett of Carlisbad, New Mexico; two granddaughters and their families, Mr. and Mrs. T. R. Hall and daughters of Brownfield and Mr. and Mrs. Gary Bailey and Susan of Dallas.

46th Anniversary Noted by Mr. W. H. Bartlett

Mr. and Mrs. W. H. Bartlett, Route 2, Slaton, were honored on the occasion of their 46th wedding anniversary with a surprise dinner Sunday, September 2, at the Slaton Clubhouse. Their children and grandchildren were hosts for the affair.

Mrs. Walter Lee Badnarz won the special prize. Refreshments were served by Mrs. Louie Melcher.

D. Shelton, Longtime Slaton President, Named RR Vice-President

Donald D. Shelton has been named Vice-President, Operator for the Santa Fe Railway headquarters in Chicago, effective September 1, according to Ernest S. Marsh, President. Shelton will succeed Clark T. Tucker, who has announced his retirement.

In 1922, Shelton became an operator on the Slaton Division of the Panhandle lines. From 1910 to 1941, Shelton resided in Slaton where he worked as a dispatcher and chief dispatcher. In 1941, Shelton was promoted to master at San Angelo. In March of 1942, he moved to Amarillo as acting trainmaster. In 1944, he was promoted to master at San Angelo. In March of 1946, when he was promoted to Dodge City, Kansas, he was promoted to superintendent of the Colorado Division at Pueblo from November, 1947, to September, 1949, transferring to Winslow as superintendent where he remained until March of 1952. On that date he was named assistant general manager at Los Angeles, and promoted to acting general manager in 1954.

The following year Shelton was named general manager at Los Angeles in charge of the Santa Fe's Coast lines operating department. He was appointed Assistant Vice-President at Chicago in 1959.

WILSON EVENTS

Native Tokyo Girl, Now Wayland Student, Will Address Church

Sunday night at First Baptist Church, a Japanese girl from Wayland Baptist College will speak for the evening service at 6:50. She is from Tokyo, Japan, and her talk will be directed especially to the young people entering college.

Mr. and Mrs. Willie Nieman of Lakeview came Saturday night to visit his mother, Mrs. Katie Nieman.

Sunday evening, Mrs. Katie Nieman went to Lubbock to visit her brother-in-law, and sister-in-law, Mr. and Mrs. Ruddy Nieman, in St. Mary's hospital. He is in serious condition, and

Tricks of Trade Given by Painter

By IRA R. KEYS

From Montreal, Canada, Mrs. Clevenchiff, of Amarillo writes: ". . . I was so hungry for news from home or thereabouts, that I read every word of your article in the Slatonite that was used to wrap the shoes my mother sent me." She goes on to inquire whether or not I had decided on how to keep the gnats from my fresh paint and suggested mixing a little BAY OIL (laurel oil) with the oil paint, or placing a receptacle of the oil in the vicinity of the painted objects. She says "The pungent odor keeps off the flies." Thank you, Mrs. Clevenchiff, for your suggestion.

I can't recall, however, whether it is pungent odors that don't agree with ME or some other brand scent.

It is to be imagined that you have noticed how reluctantly some professional people give out the "tricks of their trade". I suppose this balances with human nature, tho, since they themselves, have been out the expense of their time in finding out these things, "so, why SHOULD they be anxious to hand them out free?" I came quite recently, upon a bit of a "trick of the trade" that I will be most happy to share with you, seeing that it's cost was negligible. . . If the paint on the outside of your house is peeling (caused, usually by inferior paint, improper thinner, too much hot sun on too fresh paint [this causes the paint to dry TOO rapidly, shrink, and crack,] or poorly applied paint). To prevent the peeling of new coats on old oil paint, rub with roughly ground pumice stone, wet by means of felt rags, and add fine spirit of turpentine (about a tenth per volume) to the new paint. This paint dries well and has given good results, even in the most difficult of cases. "Fat oil glazes for graining are likewise mixed with spirit, whereby the cracking of the varnish coating is usually entirely obviated."

My next question is where can I find "BAY OIL". My curiosity has been aroused sufficiently to warrant trying some the next house I paint on the outside.

It will probably be cheaper than employing children with fly swatters, too.

she is reported fair.

Weekend guests of Mr. and Mrs. Glynn Moore at Lake Thomas were Mr. and Mrs. W. R. Steen, Mr. and Mrs. Fred Briggs, and Mr. and Mrs. Dowden Koeninger and families.

Mr. and Mrs. Harry Hewlett and Mr. and Mrs. W. R. Steen went to Levelland Tuesday to visit Mrs. Hewlett's parents, Mr. and Mrs. A. M. Cookston and sister, Mrs. Christi Moore of Dallas.

Mr. and Mrs. Bob Ligon, Jeaneene, and Craig, of Lubbock have been visiting this week with her parents, Mr. and Mrs. W. P. Stoker.

Mr. and Mrs. Howard Cook, Mrs. Jerry Ross and Laurie Ann went to San Angelo Sunday to visit Mr. John Heck.

Mr. and Mrs. Cecil Fields and family visited in Lubbock Sunday with Mrs. C. H. Eudy.

Visiting Tuesday with Mr. and Mrs. Elbert Gumm and John were his sister and family, Mr. and Mrs. Melvin Hunt of Exeter, California who spent the night. Other guests were Mr. and Mrs. A. L. Johnson of Posey and Mr. and Mrs. Edwin Martin and children.

Mr. and Mrs. B. E. Webb and Don, and Mr. and Mrs. E. R. Petty and Larry left Friday for East Texas to attend the Hardin Reunion. After visiting in Commerce, the Webbs and Larry Petty returned Monday evening. The Petty's stopped in Dallas, and returned home Wednesday.

The Women's Missionary Union of First Baptist Church gave a coffee Tuesday morning at 9:30 in the educational building. Mrs. R. J. Warren of New Home was special speaker for the woman's group. Topic was enlistment of new members.

Mrs. Jean Baker, June May, Dorothy Meador, Joyce Kahlich, Wanda Lumsden, and Sharon Lumsden spent Thursday at Lake Thomas.

Captain and Mrs. Vernon Wright and Lahnes and Vernon Jr., of College Station, visited Sunday night with Mr. and Mrs. Roy Lynn Kahlich and family.

The regular bridge club meeting was held this week at the home of Miss Pat Standefer, Monday night at 7:30.

Dora Gay and son of Denton spent last week with her parents, Mr. and Mrs. S. B. Kirbie.

Mr. and Mrs. Joe Elam of Houston spent Friday night with Mr. and Mrs. S. B. Kirbie. Mr. and Mrs. A. S. Kirbie, of Jal, New Mexico, spent last week-end with them.

Mr. and Mrs. Sears Bartley and family spent Sunday in Tahoka with the J. W. Jolly family.

Mrs. Pat Swann, Mrs. Jack Blevins, Mrs. Lloyd Swann and Billy Pat of Idalou left Saturday for Irving to attend the wedding of Mrs. Swann's niece, Sharon Vick. She is the daughter of Mr. and Mrs. Lloyd Vick. They returned home Sunday.

Mr. and Mrs. Don Bogus and son Roddy of Ft. Stockton are here on their vacation visiting her parents, Mr. and Mrs. Charlie Lichey.

Mr. and Mrs. Tommy Markey left for Olton, where they both took up their positions Monday in Olton Public Schools.

Mr. and Mrs. Billy Martin, Chella and twins Michelle and Mike, of Amarillo, came Saturday visiting her parents, Mr. and Mrs. J. T. Campbell. They returned Sunday after visiting Mrs. H. C. Fountain. Also visiting Mrs. Fountain Sunday were Mr. and Mrs. Earl Tunnell of Tahoka, and Mrs. Ed Crowder, and Mrs. Katherine Raymond and children.

Mr. and Mrs. Leroy Scott and family spent the weekend visiting in Memphis.

Mr. and Mrs. Norris Raymond and family visited her parents, Mr. and Mrs. Ed Crowder for the weekend. Daughter, Kathy, has been spending a while with her grandparents.

And Once More . . .

We Are In A Position To Offer

fast, dependable, guaranteed service on the appliances we sell or have sold . . . This is just another way we pamper our customers.

"Lige" will not only be in charge of our service department, but will do all our installation of linoleum and carpet and will help with deliveries and sales.

We are proud of the type work "Lige" turns out. There may be some faster, but frankly we do not know anyone who does better work or who is more honest in their dealings with people. We like that and we think you will.

Come in and try his boot on for size.

Old Friends

By J. J. Maxey

My neighbors, Jerry and Vicki Allen, have moved to College Station where Jerry will attend Texas A&M. Jerry, a graduate of 1960, has spent two years at Texas Tech before transferring to A&M where he will major in Agricultural Economics. Vicki (Vicki Kirksey) was a member of the class of 1959 and will be remembered as a very good player on the girls basketball team all through high school. Vicki was employed at Mercy Hospital here at Slaton. We wish these kids the best of luck in their new home.

Judy Allen, class of 1957, will be teaching the second grade at Lake Waco Elementary School in Waco this year. Judy's address will be Westview Apartment 114, Waco, Texas.

In losing two exes we gained a couple more young exes as Butch and Sue Dodson moved in as soon as Jerry and Vicki moved out. Butch, a graduate of 1960, is a city carrier for the Postal Department. Sue (Sue Liles), class of 1961, is employed at the Citizens State Bank.

George Edward Young, class of 1950, has been in Slaton for the past several days visiting his mother, Mrs. H. E. Wood. George is in the traffic department for Ford Motor Company at Wayne, Michigan. George came by one day last week and visited with me for awhile. George is a graduate of Texas Tech where he majored in Traffic Management. His address is 32415 Steinhauer, Wayne, Michigan.

Kenneth Atrip, class of 1947, came by to pay his dues one day last week. Kenneth is living at 3506 Country Side Place, Wichita 17, Kansas.

I noticed several exes among the Slaton entries in the Mimosa Hills golf club tournament. Those from Slaton were Jim Sain, Jay Gray, Barry Ford, Bill Wright, Marlin Bumpass, Red Kincaid, Doc Reasoner, Dick Atkins, Harley Martin, Truett Bownds, Wayne Liles. Sam Ellis lives down below Southland but trades in Slaton so we claim him too.

Golf is sorta like a bad cold, once you get the bug you never completely get rid of it. Jack Clark took his family out to the club a week or so ago and started teaching his girls to play. Now every morning when they get up they don't say are we going to play today — they just say what time are we going.

Speaking of golf, my little brother H. C., class of 1937, is usually quite good at the game, but from the scores posted in the Lubbock Avalanche on Sunday morning from the Hillcrest club tournament something must have happened. One hundred four looks like my bowling score.

Joe Brewer, class of 1930, with his family were labor day week end visitors in the home of Phil and Winona Brewer. Joe lives at 1013 N.E. 20th Street, Grand Prairie, Texas.

We mentioned last week that we had secured our mimeograph machine and had paid for it. That left our treasury just like mother Hubbard's cupboard — Bare. We need some dues from local exes.

Those paying dues since last week were Curly and Corky Martindale, Byron Kirksey, Rixie Leverett Saunders, Claude Cravens, Kenneth Atrip and George Edward Young.

Water Ski Show Set at Buffalo

Last water ski show of the season is scheduled at Buffalo Lakes this Sunday when the Buffalo Guys and Dolls will caper on the upper lake.

Among acts will be ramp jumps, ballet and ballerina acts, human pyramids on skis, parachute jumps from planes into the water, and numerous ski maneuvers by individuals and teams.

All skiers will be amateurs, and no special admission fee is being charged.

Addison Rites Held on Sunday

Funeral services were held Sunday afternoon for William C. Addison, retired rancher who died at Mercy Hospital here at 1:30 p.m. Friday.

Addison, 79 years of age, had been a Slaton resident for 14 years.

Rev. Fred A. Ryle Jr., pastor of the First Presbyterian Church in Slaton, officiated at the rites held in the Resthaven Mausoleum chapel at Lubbock. Entombment was in the mausoleum there.

Surviving are the widow, Mrs. Maude Addison; three brothers Marion F. of Memphis, H. L. of McAlester, Oklahoma, and A. N. of Plains; and a sister, Nettie Addison of Memphis.

Pallbearers were M. B. Kincaid of Artesia, N. M., Pat Mulloy of Fort Davis; and Glen Hill and Charlie Corley, both of Slaton.

Among performers will be Bill Hughes, Wendell Cromer, Jerry Bridges, John Alford, Bobby Stennet and others.

Show time is announced as 2:30 in the afternoon.

FARM FOR SALE?

We need your listing. We are getting ready for what we expect to be the biggest farm season yet, and have buyers right now for farms, ranches and grassland. Have a waiting list of qualified Texas GI buyers for small places. We are West Texas' largest, most active real estate firm, with the reputation for honest, dependable, courteous service to seller and buyer. 4 salesmen with over 100 combined years experience; good farm loans; and the know-how to trade, or to handle tax-free exchanges. Charter Members of West Texas Farm Multiple, too.

Before you list, or buy, a farm, ranch or grassland, it will pay you to check with Chapman. Call or write us today.
