### Post-Tiger Tilt Trophy Added

Added interest has been injected in the upcoming Friday night Tiger invasion of Post, with Slaton and Post groups joining to present an expensive traveling trophy to the winner of this annual highlight game of the year.

A regulation size golden "football" has been mounted, with an engraved inscription to read:

"CAPROCK BOWL TRAVELING TROPHY, SPONSORED BY SLATON JAYCEES AND POST LIONS CLUB"

Bill Ware, Slaton Jaycee president, states that this annual tilt has been dubbed as the "Caprock Bowl Game", and this first trophy presentation will be awarded in post-game ceremonies, the winning team to retain possession of the award until it loses in this friendly annual competition.

Pete Williams is chairman of the Jaycee group engineering the award.

### Local Boys Take Awards At Fair

Slaton and Wilson FFA and 4-H exhibitors took their share of prizes, awards and sales at the Dallas Junior Livestock Show at the state fair last week.

Long, 16, showed the champion Chester White barrow, a 7-month old pig weighing 217 pounds. This animal sold to the Owens Country Sausage firm at Richardson for 35c per pound.

Long also exhibited the Reserve Champion Poland China barrow, 6 1/2 months old, selling it to Stewart Wright of Dallas for 28 cents per pound.

Showmanship awards were snagged by the local boys, Valton Maeker of Wilson taking first place, and Long of Slaton winning second position.

In the Berkshire division, Wilson monopolized much of the show, placings being secured by Lower Young, Allen Wuensche, Ray Ehlers and Jimmy Gickhorn.

Chester White competition found Long taking championship and 1st place in the medium weight division. Wilson entries by Gary Williamson and Johnny Koenig placed in the top 25.

Duroc honors were well divided between the two groups.

### 2nd Dose Set For Polio Prevention

Polio Sunday again will be conducted in Slaton this Sunday, with everything in order for Type II Sabin oral vaccine to be given.

No controversy has arisen over Type II, as that which developed recently on the Type III, and the 4500 people taking the initial Sabin dosage in the area are urged by physicians and polio program officials to report for this second step in the fight to stamp out the disease in Slaton.

According to George Willis of the sponsoring Lions Club, Bill Ware of the Jaycees, and Dr. John Locke, everything is in readiness at the Junior High School cafeteria for the session to hold forth from 1 p.m. to 6 p.m. on the October 28th announced date. Emphasis again is made that this is a painless but effective polio preventative.

Ample personnel is promised to speed service, with the Lions members, their wives, other organizations, Sisters of Mercy, local doctors and local pharmacists participating.

No charge is made for receipt of the dosages, but donations of 25c up are urged to assist in defraying expense of purchasing the vaccine.

As true with the initial dosage, the second is not a shot, but merely a cube of sugar on which three drops of vaccine have been placed.

Officials point out that no registration forms need be completed, as these were submitted earlier and the record is on file. Only those individuals who have taken their first dosage elsewhere than Slaton are asked to

### Linn Shows Rail Film at Santa Fe Safety Meeting

Fourth Quarterly Santa Fe Safety Meeting was held at Slaton Friday in the Committee Room over the depot, with approximately sixty-five people in attendance. Large number of employees, as well as supervisors and officials, are busy with the Steel Gang, accounting for a smaller number present at this meeting than at the last safety meeting July 20th.

Superintendent G. A. Alexander called meeting to order and made a short talk about the safety performance of the Slaton Division during 1962, as this was the final safety meeting of this year. He highly commended the Mechanical Department that has not had an incident of injury for over a year at both Slaton and San Angelo. A few safety items were introduced by those present and were discussed for correction.

Short talks were made by the heads of the departments, including Master Mechanic H. E. Anderson, Division Engineer R. D. Bisbee, Signal Supervisor B. H. Crandall and Freight and Passenger Agent D. F. Tipple of Lubbock.

Superintendent Alexander turned the meeting over to made a short talk about the Clovis who made a short talk and then showed a thirty-minute movie entitled "Science Rides the High Irons" which was narrated by Chet Huntley.

After the movie about railroads, past, present and future, the meeting was adjourned by Mr. Alexander, and coffee and doughnuts were served to those present.

bring their record to the clinic. Proponents of the all-out effort to eliminate polio state that success is possible only by complete, mass participation.

Salk vaccine, widely used in the past, is a killed virus vaccine. Although three types are combined into one vaccine, four shots are given over a period of 9 to 15 months. With Sabin oral vaccine, each type is given separately by mouth, four to eight

weeks apart. This vaccine works fast, usually within a week, laboratory officials point out. The oral vaccine acts to produce an intestinal barrier against poliovirus as well as antibodies in the blood-stream. Thus, it is expected that the vaccine will prevent vaccinated persons from carrying the disease as well as help protect them against poliovirus.

### Defense Headquarters at Church

#### City Hall Occupants Move To Temporary Locations Over Town

Temporary Civilian Defense headquarters in Slaton have been arranged in the basement of the First Baptist Church, according to announcement this week by Luther Gregory, assistant defense director.

With the remodeling of the city hall necessitating removal of all offices there, probably for the remaining duration of the year, Judge Gregory is quartered at the city police office phone 3626, but inadequate room there called for the defense quarters in separate location.

All other city hall occupancies have set up temporary offices. J. J. Maxey and his staff in the tax office now being located the fire station building.

The chamber of commerce has set up offices at the school office at 300 South 9th.

Corporation Court offices at the police station.

The Retail Merchants Association, former occupants of the northwest corner of the hall has moved into its new and permanent location on Texas Avenue across the street from Citizens State Bank.

Contract was let Wednesday morning for construction of gymnasium at the Evans school in Slaton.

Incorporated in the 12,240 sq. ft. structure will be a gymnasium, one classroom and boys and girls dressing rooms.

Stout Steel Builders of Lubbock was awarded the contract on their bid of \$26,183.60, construction to commence within a week, and completed scheduled within 40 work days. The building, to be located some 150 feet west of the present Evans school, will be of construction with inside pebble tile walls of pumice block tile.

The plumbing, heating electrical contracts are expected to be let during the coming week.

Mission Festival Homecoming Set At Posey Church

The annual Mission Festival and Homecoming will be at Immanuel Lutheran Church in Posey this Sunday, Oct. 28. Activities of the day will include Sunday School at 9:30 a.m.; worship services at 11 a.m. with Pastor F. A. Wittig bringing the message; a basket luncheon at noon, and an after service at 2:30 o'clock with Pastor Leroy Deans of Slaton delivering the message.

The public is cordially invited to attend.

### Enrollment Up

Enrollment figures were computed early this week in the Slaton schools, revealing a total of 2079 scholastics, 130 more than on the same date of last year. Dr. Lee Vardy, superintendent, states:

Broken into attendance at the separate schools, the figures show enrollment of 292 at the Austin school, 630 at West Ward, 439 in Junior High, 386 in the high school, and 332 at Evans.

Total enrollment represents a 6.66 per cent increase from last year.

Presented a bouquet of red roses by football captains Johnny Haire, Jackie Dunn and Larry McNeely. She was paraded across the field in a new convertible driven by Ronnie Dunn.

Sam Ellis, president of the Southland Exes, presided at the business meeting held earlier in the day. Mrs. Ronnie Dunn is secretary of the group. Decision was made for present officers to serve another year. Plans also were revealed for the state champion girls basketball team to be honored next year at the homecoming.

Among out-of-town guests attending the activities were: Mr. and Mrs. Joe Boyce Lester from Amarillo, Mr. and Mrs. Jack Ham, Joe and Brenda from Big Lake, Mr. and Mrs. Raymond McGehee and Jeanie of Lubbock, Mr. and Mrs. Otho Dillard and children of Slaton, Mr. and Mrs. Ed Moseley of Slaton, Albert Field of Lubbock, Joyce Johnson of Levelland, Mr. and Mrs. Larry Alford of Petersburg, Janice Ellis of WTSC in Canyon, Kelly Davies from Tech in Lubbock, Mr. and Mrs. Richard Becker and children of Slaton, Mrs. J. Martin Basinger and children of Slaton, Jack Haire of Slaton, Mrs. Bob Conner and children of Slaton, Mr. and Mrs. Leonard Anderson of Earth, Duane Gilliland of Sudan, Texas. Many more whose names were not available attended.

### Turkey Shoot Is Announced Here

A two-day turkey shoot has been announced for this weekend by the Slaton Junior Chamber of Commerce, the public invited to participate, competing for turkeys, ham and bacon.

Site of the shoot will be one-half mile west of the Slaton Bowl, with Saturday hours of 9 a.m. til dark, and Sunday hours from 1 p.m. until dark.

Guns will be available at the shoot, or participants may bring their own irons. No rifles are permitted; only shot restrictions will be limited of shot to 2 3/4 to 3 oz. size.

### Close Contest

Football forecast winners this week:

1st: Mrs. H. H. White  
2nd: Belva Becker  
3rd: Johnny Hennington

Belva Becker edged into the winning bracket this week for the first time, while Baker and Hennington both are familiar as repeaters. Leading in total points in the season-long contest are Baker with 18, Mrs. White with 16, and Hennington with 9.

Mrs. White and Belva Becker were clear winner this week, calling 12 and 11 of the selections correctly, respectively. Hennington, however, squeaked out a win via the tie-breaker route, eight contestants joining with him in ten correct choices. Six winners had 9 winners tabbed, and six correctly identified eight winners.

A new list of contests appear in the page ad elsewhere in this issue. Who knows, you may be the winner of a \$5, \$3 or \$2 award next week. Complete directions for entry are listed in the ad sponsored by the merchant fans making this fun-fest possible.

### Sharla Taylor, Joyce Johnson Feted at Southland Homecoming

The Southland High School held annual homecoming festivities last Friday, with special gifts and honors going to a variety of exes.

Haywood Basinger was recognized as oldest member, and Roy Denton, attending from California, received the gift for coming the greatest distance.

Joyce Johnson, Levelland, was elected as exes' homecoming queen.

Sharla Taylor, daughter of Mr. and Mrs. H. D. Taylor, was crowned football sweetheart at the halftime of the Southland-Klondike football game that evening. She was crowned and

presented a bouquet of red roses by football captains Johnny Haire, Jackie Dunn and Larry McNeely. She was paraded across the field in a new convertible driven by Ronnie Dunn.

Sam Ellis, president of the Southland Exes, presided at the business meeting held earlier in the day. Mrs. Ronnie Dunn is secretary of the group. ### Organization has pledged every effort to secure the funds through process of donation solicitation and special fundraising projects.

First of the projects slated to feed the "stadium kitty" is a football game set for November 8th, with the Class of '58 to be pitted against a Jaycee team. High school students soon will have tickets to sell for this occasion, minimum charge being \$1, with larger donations welcomed. Details of the game will be announced prior to the early November date, with stunts and fun galore promised for those attending. John Schmidt is chairman of the fund-raising steering committee, and Jaycee Wayne Banks and Bobbie Jones are co-chairmen of the football game festivities.

Ware stated that the organization goal definitely is to provide the new bleachers and other stadium improvements in time for the first home football game next season.

### Crack or Treat Will Aid CROP

General Chairman of the CROP Halloween party of the youth of Slaton, is a united endeavor, expected that 100 young people will be taking part on the eve of All Saints Day, has become a symbol of Christian sharing for many thousands of young people.

Instead of begging for food or candy for themselves, these youth go from house to house seeking contributions to feed the hungry in other parts of the world through CROP.

CROP (Christian Rural Overseas Program) is the community food appeal of church world service. Farm commodities and cash are collected to provide food, fibre, and self-help to overseas areas of need where distribution is under church supervision and in cooperation with local social welfare groups. The food and help is given to people on the basis of need without question of religion, race, or creed. In charge of the distribution is a local committee representing the Protestant churches of the country in need.

Funds collected through the CROP Halloween project will be used to take care of distributing, handling, and transportation costs of surplus farm commodities given to church world service by the U.S. government. In 1961, 333, 893, 961 pounds of powdered milk, wheat and wheat flour and other products, corn and cornmeal, beans, rice, edible oils and shortening were given to CWS for overseas distribution. The \$57,162.15 collected by the young people of Texas in 1961 was used to distribute a large portion of these products.

### City Directory Being Compiled

Four local women will commence canvass of the town this week, gathering information to be incorporated into a new city directory, according to announcement by Mrs. Julia Bisbee, secretary of the Slaton Chamber of Commerce.

The C-C organization last summer granted permission for an out-of-state firm to prepare a directory for Slaton; and that firm already has completed advertising solicitation. Information now being gathered is strictly statistical, basic employment facts and addresses being compiled, Mrs. Bisbee stated.

This is said to be the first city directory authorized in Slaton since 1952. A representative of the publishing firm was in town Monday and Tuesday regarding its preparation, and he told of a publication date scheduled soon after January 1.

### WEATHER

Warmer and balmy weather Wednesday found farm work in full swing, cotton picking delayed over the week-end by showers and a cold front.

Moisture recorded in Slaton included .2 inch last Thursday, 1.4 inch on Friday and 2 again on Saturday.

Temperature readings have been as follows, maximum and minimum:

Thursday	58-50
Friday	74-58
Saturday	58-48
Sunday	76-42
Monday	80-46
Tuesday	58-47
Wednesday	60-35

Present at the Monday meeting were Mayor L. O. Lemon, commissioners Joe S. Walker, Jr., Robert Hall Davis, J. E. Eckert, Jr., Fernando Gonzales and secretary Maxey.

## Observations and Potpourri

Have you read the proposed Amendment No. 14 that is to be placed before the voters of Texas on November sixth?

Frankly, this "trial de novo" amendment would grant the State Legislature unlimited and unprecedented control over administrative and executive functions of every town and city within the state, counties, school boards, water and hospital districts and state agencies by subjecting their actions — and orders, — even those of routine and minor nature — to litigation in the courts.

Mayor L. O. Lemon has pointed out to the Slatonite that the city commission is unanimous and emphatic in its desire for study of this situation by every voter, urging defeat of the proposal. Literature coming across our desk indicates apprehension in any areas all over the state, with even the judicial branch, as represented by Texas Supreme Court Justice Meade F. Griffin, indignant about this additional power advocated for the judiciary.

"De Novo" means "anew." Thus, when any decision is taken to court for "trial de novo," not only is the decision of the administrative body disregarded, but the fact that such a decision was made cannot be mentioned nor can it be recited what facts led to such a decision.

This amendment, if approved by the people and implemented by a future Legislature, will have a drastic effect on the fundamental democratic processes of government.

It will make meaningless any decision reached by a city council, school board or any other executive agency of the state. To you, the taxpayer, it will increase the cost of government. The courts will be swamped with "trial de novo appeals." It has been estimated that at least 100,000 cases would be added to civil dockets each year on appeal from local and state agencies, an increase in court filings of 200 per cent.

Technical staffs of administrative agencies will stand idly by while judges are forced to make decisions on budgets, highway right-of-way, water allotment, oil and gas proration, insurance rates, classification systems for school teachers and a multitude of other problems that are now handled by skilled experts in each of these various fields.

Chaos could be created in local and state governments. Also, business, professional men or industries, regulated by or doing business with local or state government agencies, will be subjected to time-consuming and costly court actions. Confusion will be created for the average citizen.

Following are some of the comments made by prominent Texans:

"If this amendment is adopted, municipal officials may as well close down everything but the City Jail. Even the granting of a dog license by city agencies could be made subject to review in the courts." — George E. Murphy, President of the Texas Municipal League.

"This is the most serious and dangerous proposal to come before the people in my lifetime. . . Under this amendment, any crackpot with a \$15 to \$20 court deposit could file a law suit and delay a \$15,000,000 project for years." — Victor W. Bouldin, Houston attorney.

"I am interested in frontyard government, where the people can be as close as possible to the government, but this proposal will open the door to the destruction of local government." — Abner V. McCall, president of Baylor University.

"This amendment would destroy the most fundamental principal of our government—that of checks and balances between the legislative, judicial and executive branches of government." — J. E. Sturrock, manager of the Texas Water Conservation Association.

### A Field House in Memory . . .

A fund in memory of Idalou's two recently deceased school coaches, Olin Reddell and Dwain Coggin, has been started in Idalou.

The fund was earmarked for "something Olin and Dwain would have appreciated;" and it was decided that the money would go toward the construction of a field house for use of school athletic teams.

### Goats Play Mama for Orphan Colt

Two milk goats are playing mother to an orphaned colt out on the Lohn ranch of Jym and Manuelita Mitchell.

The colt, now five months old, is the son of the Mitchell's money winning Fille Feline, a racing, roping, barrel racing and halter mare. And that makes him a valuable piece of horse flesh.

Fille Feline was sold early last spring to Jack Renfro of Hereford, but she remained at Lohn until her foal arrived on April 28.

Fille Feline, however, died in Hereford last July 19, leaving the baby colt.

Two milk goats were purchased, "and he seemed to know they were going to take his mother's place," said Mrs. Mitchell. "He nurses three times a day, and the goats just love him."

Soon after the death of Fille Feline, Renfro bought the colt and the goats back to Lohn to let the Mitchells finish raising him.

For easy access to "supper," a perch has been built in the Mitchells' stable, "and the goats are always ready to jump up on the perch so the colt can nurse." — Brady Herald

### He's a Yankee Fan and a Democrat!

The Yanks are champs again! This is pleasing to me, but I get the feeling that a great number of people around here were pretty unhappy. I thought everyone loved a winner, but not so with the New York Yankees — more people go to see them get beat than to see them win. Close friends tell me that two of my greatest faults are the fact that I support the Yankees and the Democrats.

I don't know any particular reason that I turned out to be a Yankee fan. I feel that these partialities are formed at an early age, and as boy I suppose I remember the exploits of Babe Ruth. Then there was Lou Gehrig and later on Joe DiMaggio and now Mickey Mantle. All were or are, great Yankee baseball players. — Joe Harrison in TheTexas Spar

### Views on the Shadows We Cast

Have you ever noticed that the folks who seem to have the heaviest burdens, illness or debt or misfortunes of other kids . . . and not just one but many . . . are usually the people with the sunniest smiles and the most sympathetic hearts, while those around us who seem to have an abundance of worldly goods, fine health and fortunes are frequently the loudest complainers and the most self-centered individuals? Do sorrows of our own make us more aware of the troubles of others, more understanding, more responsive to their needs? When we have undergone much trouble ourselves, do we more readily show our appreciation of the good

fortune which may come our way?

Then why is it the nature of humans to complain, aches, minor reverses, imagined ills or unities? Which group do you fit into? — from Over The Top The Denver City Press

### Pulling Up with Their own Boots

Effort of local cotton men to join in a move to ease the shrinking cotton market is an encouraging sign that the industry may be awakening from its long and costly slumber. While King Cotton has been dozing on his now somewhat dated throne, synthetics have been carrying off the palace furnishings.

The result of this long apathy was brought rudely back to the industry with the announcement of a forthcoming severe cut for 1963. This, coupled with the loss of an 800,000 bale to synthetics and the cost-prize squeeze, puts cotton and the rest of the industry in a precarious position.

We are happy to see that cotton men, through the Producers Institute, have chosen to take up the same old that were used to knock them out of the saddle — research promotion. Research is needed to find out how to produce cotton at less cost to ease the squeeze on the producer put cotton in a more competitive position with U.S. manufacturers in the world market. Increase promotion is essential since the big buyer of textiles — the U.S. household — merits of cotton.

The manufacturers of synthetics have in the past been tools to a far greater extent than the cotton industry. Effectively they have used them as their own.

We are far from being expert in the field, but it is certain that a program of this nature is the only — and perhaps — hope for the sagging cotton industry. And folks certainly don't need to be reminded that when cotton is well, the answer to that is pretty obvious. The program makes more sense than clamoring for higher support prices as we were rather surprised to hear one local grower the last support price hike may have been "the worst ever happened to the cotton farmer". — Lorenzo T.

## Demonstrating new '63 Chevrolet truck features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Conventional light-duty units have spring independent front suspension — easier on truck, load and driver.

Users of new conventional medium- and heavy-duty units who have to operate in close quarters are going to like the narrower front ends (up to 7 inches).

### New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'bah) Peninsula? This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.

## Soil Fertility, Fertilizers Are Subject Three November Meetings

Basic information on soil fertility and fertilizers will be the subjects treated in a series of three intensive night meetings scheduled for November. County Agent Lee H. McElroy invites Fertilizer Dealers, Agency Personnel and County Program Building Committee members to make plans to attend by registering thru his office.

Sponsored by the Agricultural Extension Service and the Texas Plant Food Educational Society, outstanding authorities from the fertilizer industry and Colleges will speak. McElroy states these will differ from soil fertility meetings previously sponsored by the Extension Service in that the subject matter will be handled in more detail. Nitrogen will be the subject of the first meeting. Its function in plant growth, behavior in the soil, history of soil manufacturing processes, characteristics of different forms will be discussed as well as time and method of application.

The second meeting will treat phosphorus and potassium in similar manner. The final program will include a dinner and presentations on soil testing as fertilizer use in soil management. Diplomas will be issued to those completing the course.

The Lubbock meetings will be held on Mon., Nov. 5, 12, 26 Room 224 Agricultural Building Texas Tech College.

## Barnes Is Given Promotion in Army

Eddie R. Barnes, 23, whose wife, DuAnne, lives on Route 2, Slaton, Texas, recently was promoted to specialist four in Mohringen, Germany, where he is a member of the 25th Artillery.

Specialist Barnes, who completed basic training at Fort Hood, is a sound-ranging specialist in the artillery's Battery A.

He was employed by Piggly Wiggly in Slaton prior to entering the Army. His mother, Mrs. Adna Darules, lives in Brownwood.

Eight applications for permits to sell \$2,766,590 in securities in Texas were filed with the State Banking Commission the past week.

monthly meeting of the South Plains Area Hospital Council, at the Piccadilly Cafeteria in Lubbock last Thursday.

Dr. Fredus Miza, head of the Management Department of Texas Tech was the speaker for the occasion. In his talk on the "True Meaning of Public Relations" in the hospital field is everybody's business; A business meeting followed and also attended by the Slaton delegation.

## Old Friends

I was sitting in my office the other day minding my own business and heard some one in the tax office taking my name in vain in a very gruff voice. Not having heard this voice for a number of years it was hard to figure out just who it was. Raymond Johns, class of 1934, came on into my office to visit awhile. As many of you recall, Raymond served as Secretary-Manager of the Slaton Chamber of Commerce for a time a few years ago. Raymond is now editor and publisher of the Southwestern Crop and Stock, a paper that is being published in Lubbock. Raymond paid his dues and asked that we extend greetings for him to all of his old friends here.

While in Fort Worth a couple of weeks ago I ran into the City Secretary from Corsicana and asked him if he knew the J. S. Tekel family there. He knew them well and promised to send their address when he returned home. Josh Tekel worked in the old Slaton State Bank back in the twenties. Mrs. Tekel (Lois Cone) was one of the best looking young school teachers that you will ever see. Besides being pretty, Lois was the kind of person and teacher that you just naturally liked and respected. The Tekel's are living at 1720 Woodlawn, Corsicana.

We mailed a news letter to some fifteen hundred ex-students last week and put our return address on them so that we could find out how many wrong addresses that we have. So far we have had thirty-three letters returned. If you are an ex-student of Slaton High School and for some reason you are not receiving our news letter we will appreciate your calling or writing and giving us the correct address. The addressograph plates costs us fifteen cents and when one of our news letters is returned it costs us eight cents so you see it will be much cheaper if we have the correct address.

Jerry and Pam Jones visited in Slaton last week. Jerry was attending a two day school in Lubbock for the Southwestern Bell Telephone Company. Jerry is the business representative for that company in Big Spring. Mom and Pop always enjoy having the kids home because it gives us such a good chance to spoil Robin. In case you haven't guessed, Robin is our twenty-one month old granddaughter. If you are interested and have plenty of time either of us would be glad to show you a picture of her and of our three grandsons too. You know we usually just happen to have a picture handy.

During our move from the City Hall to the Fire Station we naturally had a lot of old letters, etc., that had been needing destroyed for a number of years. While going through some of the old files we ran into a lot of correspondence signed by Harvey Austin, class of 1922. Harvey was Slaton City Secretary from March 1929 through December 1934. Harvey went from here to the tax department for the City of Lubbock and is now Tax Assessor-Collector for the City of Lubbock and Lubbock Independent School District. Harvey has made quite a record for himself in the tax field having been President of the Texas Assessing Officers of Texas two years ago and has now taken and passed the examination for Certified Texas Assessors. Having studied for this examination for the past two or three years I know that Harvey has done a lot of work over and above his regular duties. It takes a full eight hours to take this examination. If you need to know any thing about ad-valorem taxes, just call Harvey. The Austins are living at 2117 30th Street, Lubbock.

Had a note last week from Mrs. A. J. Butler (Tommie Kirby), class of 1929. A. J. is working for the railroad and Tommie is working in the credit department for a drug company in Big Spring. The Butlers are living at 1102 11th Place, Big Spring, Texas.

Those paying dues since last week were Raymond Johns, Mina Garland Eblen and Mrs. Lavern Curry.

TEXAS PRESS ASSOCIATION

Doctors are about to...  
Idea developed at a meeting between State Welfare Director John Winters, Texas Medical Association committees, insurance agents and insurance company representatives.  
Plan would be to handle the proposition through an insurance company, as the medicare program for old age assistance now is done.  
This would amount to an insurance premium of \$3,000,000 a month, based on the \$8.68 now paid Blue Cross for each of the 222,000 on old age assistance.

**HIGHER EDUCATION**

Texas Commission on Higher Education heard presidents or other spokesman for 20 State colleges and universities voice objections to proposed cuts in their budget requests for 1964-65.  
As a result, the Commission will reconsider its recommendations at a meeting on October 23.  
Three doctoral programs in teacher education were approved for the University of Houston, which will become a senior college next year.  
Four graduate programs were approved for East Texas State College.  
Rex Baker, Commission secretary, opposed this latter action on grounds that it went against policy of concentrating such programs in the University of Texas and A&M College. Dispersal of such programs, Baker said, would lead to general mediocrity.  
Commission member Elizabeth Koch's reply was that they were necessary to attract teachers of eminence.

**WATER POLLUTION**

Because oil and gas companies were in a quandary over whom to turn to for waste disposal permits, the State Water Pollution Board decided to take care of them with a special application form.  
This form will apply only to oilfield wastes. It will include all of a company's holdings and will incorporate, by reference, information on disposal submitted to other State agencies.  
Pollution board has asked the Attorney General for an opinion to settle jurisdiction on this question between the Board, the Railroad Commission and the Water Commission. But no reply has been received.  
**SCHOOL LAND LEASES**  
Latest leasing of State school lands boosted the permanent school fund beyond the half-billion mark, Land Commissioner Jerry Sadler reported.  
In exact figures, it is now \$300,639,012.

**HIGHWAY SAFETY**

During the past 21 months, \$38,500,000 has been placed in the public school available fund. State university and college lands in the same period produced \$32,684,992. Permanent fund now stands at \$385,995,002.  
Official commendation and appreciation of the State were expressed by Gov. Price Daniel to Col. Homer Garrison Jr., director of the State Department of Public Safety and chief of the Texas Rangers.  
Tribute was paid Garrison for winning the Paul G. Hoffman Award for distinguished professional service in highway safety.  
Governor Daniel said the award, presented only five times before to nationally-recognized experts in traffic safety, was a "crowning achievement in a lifetime career of outstanding police administration and public service" by Colonel Garrison.  
The governor said he felt Texas could trace much of its progress in traffic safety to the sound foundations laid by the public safety director.

**BUILDING DEDICATION**

A ceremony dedicating the new State Board of Insurance building on the southeast corner of the Texas Capitol campus will be held on October 19.  
Rufus D. Hayes, Louisiana insurance commissioner, will be a principal speaker.  
The four-story building, housing the Industrial Accident Board besides the insurance department, was completed at a cost of \$2,117,500.  
**APPOINTMENTS**  
New appointments announced by Governor Daniel include:  
J. H. West of Bishop, president of the Texas Farm Bureau, as a member of the board of directors of Texas A&I College at Kingsville, succeeding the late Robert C. Eckhardt of Kingsville.  
Jerry Deering of Arlington, manager and assistant treasurer of the Fort Worth Teachers Credit Union, as a member of the Credit Union Advisory Commission, succeeding Ben G. Levisse of Fort Worth, resigned.  
McCall Sanders of Weimar as a member of the Egg Marketing Advisory Board, replacing Victor Jumped of Paris, resigned.  
D. O. Belew of Fort Worth, to succeed Fred O. Detweiler of Dallas, on the joint Board of Park Commissioners of Dallas and Tarrant counties.

**THE STORY OF TEN LITTLE FREE WORKERS**

**THESE ARE THE WORKERS**

Ten little free workers in this country fine and fair,  
But if you cherish your freedom—worker have a care!  
Ten little free workers—Reddy was doing fine  
Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate  
Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven  
But the government took over the railroads, then there were seven.

Seven little free workers—'till the miners got in a fix,  
Uncle said coal's essential and took over leaving six.

Six little free workers 'till the day did arrive  
The steel mills too were federalized—then there were five.

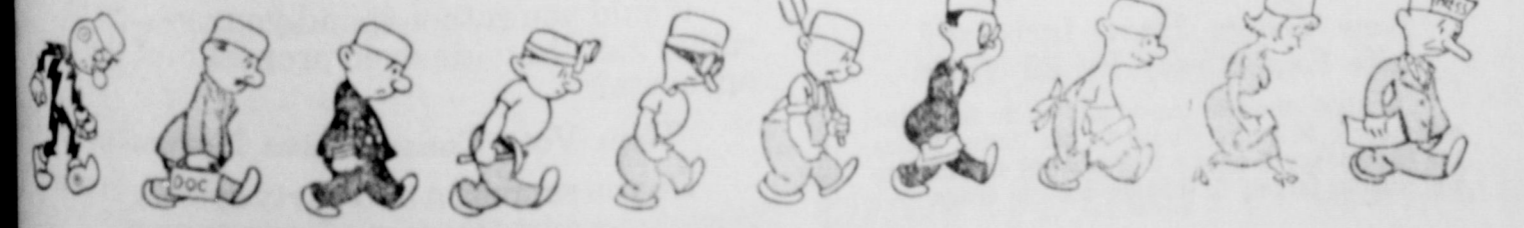

Five little free workers—but the farmers are free no more  
The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree  
All must have free legal advice—then there were three.

Three little free workers—the number is getting few,  
But with government groceries selling food—then there were two.

Two little free workers—our story's almost done,  
With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun  
Mustn't criticize the government—so now there are none.

Ten little free workers—but they are no longer free  
They work when and where ordered, and at a fixed rate you see,  
And it all could have been prevented if they'd only seen fit to agree  
And work together instead of saying "it never can happen to me!"

Yes... this could happen to you. This little story could come true unless each of us works to preserve free enterprise. What can you do? Write your Congressman and ask him to keep government out of business.

**FOUNDERS DAY**

Alumni of St. Edward's University in Austin met in 10 Texas cities to mark the 77th year of the founding of the church-related school. Founders day corporate communion breakfasts were held in Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Galveston, Houston, Laredo and San Antonio, besides Austin.

**HONORARY TEXAN**

Texas has a new goodwill ambassador in Venezuela. Governor Daniel has named Miss Lolita Ines Devarado of Maracibo an honorary Texan. The 18 year old student of law visited the Capitol and the City of Austin for a month before returning to Venezuela.

**CREDIT LIFE INSURANCE**

Land Commissioner Jerry Sadler says buyers in the state's \$200,000,000 veterans' Land Program are signing up for credit life insurance arranged by the Veterans' Land Board. The Board, of which Sadler is chairman, secured terms of \$5.76 per thousand dollars—of outstanding principal.

**Texas Needs John Connally!**

Only John Connally can provide our state the caliber of strong, responsible leadership to meet the problems and opportunities ahead.

A VOTE FOR JOHN CONNALLY IS A VOTE FOR:  
• Educational opportunity.  
• Better job opportunity.  
• Economy in government.  
• Increased attention to our elderly and dependent.

**REMEMBER!**  
Democratic Texas has the lowest total per capita taxes of any major state in the nation. Vote to keep sound economical government.

Vote for Democrat **John Connally** for Governor!

**STATE TO SUE FOR PADRE**

In an attempt to gain title to disputed Padre Island areas, the State of Texas will file a number of suits. Assistant Attorney Generals Ben Harrison and Arthur Sandlin Jr., reported to the House Land Study Committee that suits will be filed after additional information is collected.

**SPECIAL EVENTS LISTED**

A total of 407 events of general public interest are listed in a new 16 page booklet just released by the Texas Highway Department. Texas Calendar of Events is the title of the booklet. More than half of the activities recorded are in the fine arts field. Included are concerts, ballets, operas and stage productions.

**EARLY BALLOTING**

With absentee voting commenced (Oct. 17) comes the realization that the Nov. 6th General Election is almost here. Little enthusiasm has been stirred by either the Democratic or Republican candidates. Capitol observers predict a light vote. That, they feel, would be to the advantage of the Republican candidates since it is conceded that the anti-administration voters will go to the polls en masse.

**NOSE COUNTING**

Population in fast-growing Texas will increase 2,150,000 by 1970. Texas Research League predicts 11,800,000 people for Texas by the end of the present decade. The 1960 census showed the state's population as 9,650,000. By 1985 Texas' population will have soared by 16,000,000. Most explosive trend says the League will be the rise in the college-

**SALES TAX INCOME LOW**

Texas' limited retail sales tax, passed by the 57th Legislature, accounted for only 10 per cent of the state's revenue during the fiscal year ended August 31. So reports Robert Calvert, State Comptroller. During this first year per it produced a total of \$14,600,570, to rank fourth in the major income sources of the State.

**HONORS**

Former Governor Allan Shivers of Austin; U.S. Supreme Court Justice Tom C. Clark of Washington, D.C.; Judge J. Elkins of Houston, were honored here Friday (Oct. 19), by the Ex-Students Association. Now serving as a Judge on the Corporation Court bench is T. I. McFarling. He is a former assistant attorney general.

**STORMS ABBREWING?**

That same quietness that precedes a storm seems to have over the State Capitol. It's physical as well as a spirit of calmness. Capitol observers have sensed it now for several weeks. Could be due to the upcoming elections and the resulting change in the administration. The coming session of the Legislature. Or to an outbreak of news from an unexpected source. Time will tell!

**THREE POLIO CASES**

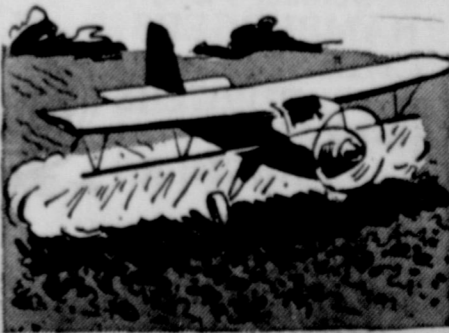

State Health Department advises that three new cases of polio were reported during the first week of October. A total of 223 cases, 169 paralytic and 54 non-paralytic, has been recorded so far this year.

**SLANT WELL SUITS**

Assistant Attorney General Linward Shivers reports that between 50 and 150 penalty suits for slant well drilling will be filed in the near future. Shivers, who has headed the investigation, says he will file separate suits on each violation where an illegally slanted well is found.

General Visits Here

Major General Stevens, Ret., was a Slaton visitor last week in the home of relatives, Mr. and Mrs. Hobie Trimpa.

General Stevens, who saw extensive World War II action in the European theatre, now resides at Winatche, Washington, where he is connected with the tax department.

Coincidentally, General Dean, a longtime friend of General Stevens was in Lubbock at the same time last week to address graduates at Reese, and Gen. Stevens recalled many pleasant incidents of their personal experiences.

Gen. Stevens was with an armored division in Europe, the same group that guarded the Nuremberg prisoners at time of Goering's suicide. He also has served throughout the United States, including a stint at Ft. Hood and at the Pentagon, and more recently conducted an inspection tour of the Philippines, Japan, Korea and on to Hong Kong.

While on the present pleasure jaunt, Gen. Stevens visited relatives and friends in the Oklahoma panhandle and at Albuquerque.

Gerald Clark, former Slaton resident and grandson of Mr. and Mrs. Ollie Clark, recently has completed recruit training at the Naval Training Center at San Diego. He has visited here during recent days before reporting for duty at Lakehurst, New Jersey.

Here From Israel

Mrs. Chedya Itzkowitz, sister of Mr. Abe Kessel is visiting in Slaton for about 10 days. Mrs. Itzkowitz is from Kfar Sava, Israel. She has been a resident of Israel for about 40 years. Her husband is in the concrete block construction business.

# Local Punt, Pass, Kick Entries Due by Oct. 31

Coach Bing Bingham Competition Director for the Slaton Punt Pass & Kick Competition for grade-school boys has advised that only a few days remain in which Slaton area boys can register for the test of football skills which could lead to a White House visit and an appearance at the National Football League Championship game.

"Registrations will close Wednesday evening, Oct. 31," Bingham pointed out.

Headquarters for registration for the competition, open to all grade school boys seven through 11, is at Slaton Motor Company. Entrants must be accompanied by a parent or guardian.

Prizes in the Slaton competition include warm-up jackets for the top winner in each age group, football helmets for second place winners, and autographed footballs for third place winners. Area winners, determined by comparing scores of all state winners, will receive expense-paid trips for themselves and their fathers to National Football League games for half-time competition to determine the ten finalists. The National finalists and their parents will receive expense-paid trips to Washington for a White House reception, to be followed by a trip to the championship game of the National Football League, where the National winner in each age group will be determined by a half-time competition in the crowded stadium.

The Slaton competition is sponsored by Slaton Motor Company, with the Slaton Lions Club as co-sponsor. The program is sponsored nationally by Ford

Police Blotter

City police action during the past week has resulted in one vagrancy charge, 14 drunk, three of possession by minors, and one disturbance charge. Four temporary tenants were in the city jail at latest report.

Police Station at 1245 Lubbock road was entered last Thursday night, the thief entering through a 12" x 14" hole between the partition between the ladies rest room and the station proper. A cigarette machine was opened and some \$2.90 taken.

A disturbance occurred later at the Shamrock Service Station, 1400 S. 9th when night operator Walter Kelley reported a man driving off without paying for \$4.05 worth of gasoline, striking one of the Penna boys with his car as he left. Officer Vandiver apprehended the man, and after an altercation lodged him in the city jail under a drunkenness charge.

# Methodist Church Circles Have Joint Meeting

The Four Circles of the Woman's Society of Christian Service met last week for their regular monthly meetings.

The Africa Circle met at the home of Mrs. Howard Hoffman with nine members present. Mrs. Stan Jaynes led the program, "The Crusade Scholar Procession". She was assisted by Mrs. Cecil Scott, Mrs. Joe Walker, Jr., read the scripture.

Mrs. H. V. Wheeler, chairman, presided at the business meeting. The group decided to prepare a box of clothing to be sent to a Negro school in Louisiana, and also to collect clothing to be given to the needy children in this area.

The India Circle met in the home of Mrs. Douglas Wilson with 12 members attending. Mrs. J. S. Edwards, Jr., was in charge of the program on United Nations, Unesco, and Crusade Scholars. Mrs. R. H. Todd and Mrs. J. E. Eckert assisted with the program. Mrs. J. D. Barry read the scripture.

Mrs. H. T. Scurlock presided at the business meeting. The group reported that in September, 30 visits had been made to the ill and shut-ins, and in October, 22 visits had been made.

The Mexico Circle met at the home of Mrs. C. L. Heaton with six members attending. Mrs. W. K. Fry gave a reading "National Council of Churches - What Is It and Does". Mrs. Heaton read the scripture.

The Alaska Circle met in Fellowship hall with Mrs. Donald Jones in charge of the program. Mrs. Randy Sanders and Mrs. Darrell Weaver assisted her with the program. This circle has ordered plates with a picture of the church on them, and will be offering these plates for sale in the near future.

The Cuba Circle met in Fellowship Hall with eight members present. Mrs. V. C. Wheeler was in charge of the program. She conducted a Quiz on Unesco, and gave prizes from other countries for correct answers.

This circle adopted the colored Methodist Church as its project for the year. The members paid a visit to the church to see what is needed. They discussed plans for a Bazaar to help them earn money for their project. Mrs. R. C. Hall, Jr. served refreshments to the circle members.

Next Circle Meetings will be held the third week in November.

# Don't Let Christmas Get You Down

Very often we hear some one say "Gee, I dread to see Christmas come". That feeling is unnecessary because you can start Christmas shopping right now as several of our people already have, and make your selections from large adequate stocks that have not been picked over... Lay your purchase away — take a little bite out of your budget each month instead of a big bite at one time.

We will gift wrap small items just before Christmas or deliver large ones at your specified time and place.

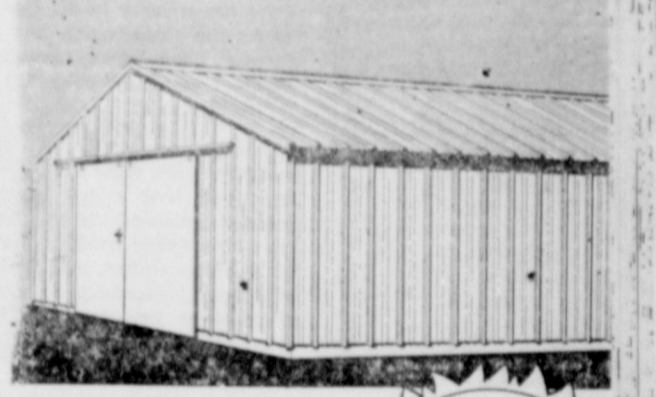

You can approach the Christmas season happy and carefree knowing that your family and friends have been remembered with the best values your money can buy.

So... Come In Today.. Then Enjoy A Merry Christmas

succeeding E. F. Browder who is retiring.

Farrell started with the Santa Fe in 1914 as a caller in the mechanical department at Wagon, Oklahoma, working 13 months but resigning to attend college. He returned to work in the superintendent's office at Amarillo in 1916, and also worked in Slaton before taking leave for army service from August, 1917, to June, 1919.

### Pack Meeting To Be Held Tonight

Monthly Pack Meeting of Pack 128, Slaton Cub Scouts, will be conducted tonight at the Junior High School cafeteria, Cubmaster George Willis has announced. The session will commence at 7:30 o'clock.

Opening ceremonies will be conducted by Den 2, with Mrs.

Buford Martin as den leader in charge; the program to be presented by Mrs. Ratliff and Den 5; and is the responsibility of George Willis and Den 4. Five den mothers and master Willis last week at the post-wool held at the Slaton Christian College, sending Slaton were Willis, Mesdames Martin, Joyce, Albert Mitchell, George and W. L. Roche.

### C.I.C. Cotton Insurance On Increase in 2-County Area

Federal Crop Insurance protection on irrigated cotton crops in Lubbock and Garza counties will be more one-third higher for the crop, Texas FCIC State Director Ben A. Jordan, Jr., has announced. The increases represent 36% for Lubbock County and 41% for Garza County.

More than 400 farmers in Lubbock and Garza counties carry nearly \$2 million F.C.I.C. protection to cover the approximate amount of their cotton crop production costs, Joe L. Matheys, district director, reveals.

While protection will be far above any offered here before, the average increase of premium costs to growers will be only slightly increased, FCIC representatives state.

This substantial increase in the amount of protection guaranteed by the Federal Crop Insurance Corporation is based on recent high yields in the county.

Jordan noted that "a great many growers in Lubbock County have been policyholders since insurance was first offered in this county. With this coming year's tremendous improvements in our insurance offer, we expect all growers to recognize the value of a sound insurance plan that will protect their rising investment costs."

Federal Crop Insurance protects the grower against all risks that cannot be avoided. Over the country in the last few years the Corporation has paid farmers for crop investment losses caused by over 120 different hazards.

Jordan concluded, "We think our insurance offer is so greatly improved that every business-minded irrigated cotton grower, who uses every modern method to produce cotton, will feel it's plain good business to protect their crop investment. That's what Crop Insurance does."

Mr. and Mrs. Kenneth Warshaw attended the funeral of his uncle, Bob Rinker, at Kerrville. Mr. and Mrs. Dan Williams of Oklahoma City, Okla., attended the funeral also and returned home with the Warshaws for a visit.

Mr. and Mrs. B. N. Billingsley of Lubbock spent Saturday night with Mrs. Sam Martin. Sunday they attended a surprise birthday dinner for Thelma Lee Kidd of Slaton. Seventeen were present for the occasion.

**Tax Date is Near For Employers**

Area employers were reminded today that October 31 is an important tax date. John J. Sloan, administrative officer, Internal Revenue Service, Lubbock, said that date is the deadline for reporting and paying income and social security taxes withheld for the calendar quarter ended September 30, 1962.

The IRS representative said employers should use Form 941 to report their tax liability for that period, and mail it, along with depositary receipts and full payment of taxes due, to the District Director, IRS, Dallas.

He said employers who do not have a copy of Circular E, "Employers Tax Guide", may obtain it from IRS. This publication contains a full discussion of employment taxes, together with tables and percentage methods for computing such taxes.

The IRS representative said the law provides that taxpayers who made timely deposits in local authorized banks, or Federal Reserve Banks, of the taxes due, have an additional 10 days, or until November 12, to file their returns. Depositary receipts must be submitted with the return he added. He explained that November 12 is the due date this year because November 10 falls on a Saturday.

News about Railroad Folks For Railroad Folks

By JUNE SPIKES  
 HERE AND THERE

The winners in the August-September Safety Campaign contest were announced last week, and there were five lucky winners on the Slaton Division who had not had an injury neither on nor off duty in those two months. The fortunate five were J. P. Granado, Section Laborer, Fort Stockton; H. W. Glenn,

Engineer, San Angelo; F. Fisher, Conductor, Slaton; R. E. Hampton, Electrician, Slaton; and D. R. Patterson, Engine Foreman, Lubbock. . . . Brakeman M. L. Wacasey has resigned, as well as Brakeman Switchmen C. L. Kennon and Wm. Micou, Jr.

We're right proud to report that Engineer D. J. Bourn was First place winner in the International Go-Kart Races held at Buffalo Lake, October 14th.

Retired Roadmaster Curtis Brown dropped in the Division Offices this last week. He and Mrs. Brown are moving back to Slaton from Arkansas, after having been away about sixteen years. Welcome back! . . . Maintenance Clerk R. M. (Jack) Shepard tells us his daughter, Josephine, with her husband, 1/Lt. D. R. Chambers, and son Rodney are back in the good old U.S.A. after having been stationed in Tokyo for quite a spell. (Probably seems like years and years to the Shepards). Josephine and Rodney landed in San Francisco, October 14th, and 1/Lt. Chambers is temporarily assigned to Travis A.F.B., San Francisco.

**VACATIONS**

Engineer and Mrs. Dane Shearer have returned home from their vacation and spent one week in the Statler-Hilton Hotel, Los Angeles, California, attending International Convention for the Brotherhood of Locomotive Engineers. A few highlights of their visit included seeing Jack Bailey on his Queen For A Day show, which was shown on ABC, October 5th, and which was dedicated to the "Engineers", and three baseball games at the beautiful Dodger Stadium located in Chavez Ravine. Some people just have all the luck.

**VISITORS**

Mr. and Mrs. George Sells and daughter, Vicky, were weekend guests of the W. K. Frys (Retired Foreman of Engineers) and the B. H. Crandalls (Signal Supervisor). . . .

Theme for the first Texas Insect and Plant Disease Conference is "Pesticides in Agricultural Progress." The conference will be held at College Station on November 19-20 in the Memorial Student Center of the Texas A&M College campus.

Mr. and Mrs. J. G. Stacy of Levelland recently visited Mr. and Mrs. Clyde Shaw.

**CLOUD NINE NOTICES**

Guess you know what that means this time — Chief Clerk J. W. Bagby has another little granddaughter — Christy Ann, 6 lbs., 7 oz., born October 19th, to Ass't Roadmaster and Mrs. Bennie Sorrels (Jan) at La Junta, Colorado. That makes three darling little girls at their house!

**SICK LIST**

We are very sorry to report Retired Engineer Charlie Pack is in the Mercy Hospital at Slaton and hope he makes a fast recovery . . . Happy to report that Engineer E. B. Manire should be back to work soon after having been off due to illness.

## WSCS Completes Lesson Study

An Altar Prayer Service opened the meeting of the W. S. C. S. Tuesday morning. Prayers were voiced for the leaders of our nation and the leaders of the world.

The members of the Woman's Society of Christian Service of the First Methodist Church met to study the last lesson of "Today's Children and Tomorrow's World".

In the first lesson Mrs. Calvin Lamb gave a Meditation, "The Family is the Best Loved Factory", and Mrs. W. S. McWilliams introduced the study. Mrs. Joe Walker, Jr., reviewed the fifth chapter of the text book, "The Responsibility of the Family." The Rev. Rollo Davidson showed the film, "The Roots of Happiness". Capt. Bill Cox, juvenile officer from Lubbock, addressed the group at the second session of the study. He emphasized that the failure of the parents to

assume the responsibility of properly caring for their children as the main cause of juvenile delinquency. The third session of the study was held at a Sunday night family supper. Frances Cowdrey read the scripture, Marsha Holloman led the Lord's Prayer, and Mrs. Donald Jones gave the meditation, "A Creed For Parents."

The Junior High Department of the Church presented the playlet, "The Child". Miss Jaque Edwards portrayed the child. Others in the cast were: Bobby Bell, Diane Jaynes, Kenna Jo Wicker, Debbie Wicker, Donna Wicker, Frances Cowdrey, Jackie Thomas, David Todd, Marsha Holloman, and Gary Glasscock.

Monday morning the group met in the Chapel for the final session in the study. Mrs. C. A. Womack read the scripture and led the group in prayer. Mrs. Calvin Lamb reviewed the first chapter of the text book, "A World of Confusion"; Mrs. Searlock reviewed Chapter Two, "Faith that Motivates Us"; Chapter Four was discussed by Mrs. J. S. Edwards, Jr., Mrs. R. C. Hall, Jr., and Mrs. Truitt Ford; Chapter Six was reviewed by Mrs. W. S. McWilliams, "Responsible Living in a Confused World". Mrs. H. V. Wheeler gave the benediction.

Mrs. Calvin Lamb and Mrs. S. M. Williams planned and led this four week study. Week of Prayer and Self-Denial will be observed Friday, October 26 in the First Methodist Church. Meeting will begin at 10:00 a.m. and continue a short time after lunch. Ladies are asked to bring a sack lunch. Mrs. Nan Tudor is in charge of the program.

## Armstrong Finishes Recruit Training

Kenneth R. Armstrong, son of Mr. and Mrs. T. H. Armstrong of 345 West Dickens, Slaton, completed recruit training, Oct. 5, at the Naval Training Center, San Diego, California.

During the nine-week indoctrination, recruits are trained in physical fitness, basic military law, military drill, customs and etiquette of the naval service, swimming and survival, first aid and basic shipboard routine.

During the training, recruits receive tests and interviews which determine future training and assignments.

General revenue fund deficit is \$41,250,349 — up \$19,300,000 from the last call — according to State Treasurer Jesse James. State Textbook Committee has declined to recommend adoption of any new economics textbooks for use in Texas high schools.
