## Convenient Service to Public Augmented Functional Design of Proposed Hall

space for both the public and for the working personnel. The hall, safety building features, restrooms with outside toilet facilities and courtroom space at a first-floor level — features of the proposed city hall in Slaton.

Minimized is the additional planning that promises to be the city focal point of activity provided at what the plan shows a minimum cost.

Window facilities also are incorporated in the plans. Plans from the 500-signature petition submitted in early

May of this year, local voters will signify their desires at an August 14th bond election — whether or not to authorize construction of a new city hall at estimated cost of \$75,000.

Proposed for erection on the present city hall site, surrounded by the beautiful trees that long have been a landmark of the town, the building is planned to be finished in masonry walls of face brick with stone trim.

An architect's drawing of the exterior is on display at the office of city secretary, and large floor plan drawings may be seen either at the city hall or at the Slatonite office.

Drive Unto Others as You Would Have Them Drive Unto You

## Rural Traffic Accidents Take Heavy Toll in Lives, Property

JOHN H. KING II

Chief Gene Martin was responsible for obtaining a program at Rotary last week which included a series of live rattle snakes. He introduced the snakes to the public. "I believe this is the first time that I ever saw a live rattle snake," he said. "I believe this is the first time that I ever saw a live rattle snake," he said. "I believe this is the first time that I ever saw a live rattle snake," he said.

Rural accidents during the last month in Lubbock County have accounted for four persons killed, 17 injured, and an estimated property damage of \$15,755, according to Sergeant O. C. Guthrie, patrol supervisor of the area.

Begins Sunday

## Annual Methodist Revival Will Feature Special Evangelist Team

Revival services will commence Sunday at the local First Methodist Church, continuing for two weeks with Rev. Ralph E. Johnson preaching and offering a variety of special religious music features.

Rev. Johnson, a highly recommended general evangelist from Tennessee, will be assisted in the song service and youth leadership by Miss Roberta Hall, reputedly an outstanding personality in revival activity.

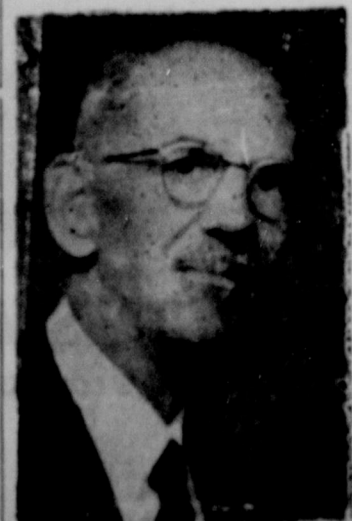

All services will feature special music, vocal and instrumental, by the evangelist team that brings its own organ, vibraharp and other instruments. Local church representatives promise that an interesting and educational part of the morning service will be hymn

studies embracing the background and related stories of composers, writers, words and tunes of the great hymns of the church.

Evening worship services are scheduled daily at 8 o'clock, preceded by a 7 p.m. youth meeting for teenagers.

A 7 o'clock morning service for everyone will be a daily feature, and a 9 a.m. class and game period is promised for the youngsters in the four year old to 12 year age group. Miss Hall will be in charge of the children's activities.

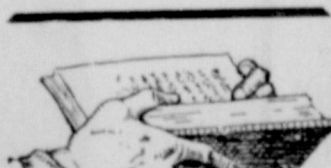

Rev. Rollo Davidson, pastor of the local church, asks that the entire public consider itself personally invited to attend this series, promising the best in uplifting Christian preaching and singing.

Rev. Ralph E. Johnson  
Evangelist

Miss Roberta Hall  
Revival Worker

**Be still**

"Let the heaven and earth praise him, the seas and every thing that moveth therein." Psalm 69:34.

Nature shouts aloud its constant love of Thee, And skyward turns the branches of each tree.

The lowly grass proudly a verdant blade upturns; The supplicating blossoms by every petal yearns.

To Thee, oh God, and smiling toward the sun, Ever praise in beauty until hour's done!

—WILL CURTIS

## Rain Centers In Slaton Vicinity

Scattered evening showers and some heavy rain this week has given relief from mid-day temperatures in the low 90's bringing night air in the low 60's for the Slaton area.

The Slaton townsite has been the center of two of the showers, one on Wednesday night of last week bringing some 8 inch of moisture to the immediate area.

Tuesday afternoon of this week a thunderstorm moved in from the southwest, dropping considerable rainfall from the Wilson vicinity through Slaton, diminishing near the canyons northeast of town.

Gauges at the city shops registered .90 Tuesday. Residents in the west part of town reported from 1 1/2" to 2" fall.

(Continued on Page 8)

## Warning Issued On False Alarms

Slaton firemen answered four calls for assistance during the past six days, three of them providing to be false alarms.

Mayor L. O. Lemon in a statement today emphasized the seriousness of turning in false reports, noting the expenses involved as the city trucks make the run, the useless demand upon the time of the volunteer firemen, and finally the actual danger that always is present as the trucks must necessarily speed to save property and even lives on the legitimate calls.

Very minimum expense for each call is \$25, with the 25 firemen on call being paid \$1 each; and added to this is the operation expense on the vehicles.

False alarms can net the culprit a misdemeanor charge at the minimum; and if injuries occur as a result of the action, felony complaints may be filed, Police Chief Eugene Martin adds.

## League Tourney In 3-Day Session

Slaton promises to be a focal point of area baseball activity this weekend when players and fans from surrounding towns will converge here for the annual Area Tournament.

Participating teams will be from Post, O'Donnell, Crosbyton, Lamesa, Tahoka and Slaton.

Local baseball enthusiasts, together with many merchants and the chamber of commerce are going out to provide a real Slaton welcome for the visitors

in this baseball-minded community.

Tournament brackets place Post against O'Donnell at 6 p.m. on opening day, Thursday, followed by Crosbyton vying with Lamesa at 8 p.m.

Slaton and Tahoka both drew byes on the opening round, their contest coming at 6 p.m. on Friday.

Winners of the Thursday evening games will compete at 8 p.m. Friday, and champions of the two Friday encounters will meet at 8 p.m. Saturday to determine first and second

place tournament winners.

Losers in the Friday contests will meet at 6 p.m. on Saturday in the only consolation game, winner of this tilt being judged third place winner in the tournament.

Willis Ferrell will serve as tournament director, and Frances Sargent will be official scorekeeper.

Winners of the area tournament will meet in a district meet, also scheduled in Slaton, set for Thursday, Friday and possibly Saturday, July 26, 27, and 28.

Bobby Taylor is all-star manager for the Slaton aggregation in area play, with Bob Kern, Jr. coaching.

All-star players carrying the Slaton colors are: David Todd, Tommy Williams, Jerry Burrell, Bobby Ball, Rodney Farrell and Dennis Atman, Randell Johnson.

Tom Davis, Charles Thomas, Richard Washington, Claude Stephens, Rubin Alvarado, Lynn Dodson and Larry Nall.

## Citizens Bank Figures Show Economy Growth

Deposits in the Citizens State Bank are up over \$300,000 from this time last year, according to report just issued as result of the bank call at close of business on June 30th.

T. A. Worley, Jr., cashier, has certified June 30 deposits of \$3,875,380.23 as compared with \$3,545,370.12 last June.

The deposit total is considered by bank officials to be good for this time of year. The agricultural economy of the area is the main factor in making January the peak deposit month year in and year out. This year the January high was in the neighborhood of \$6,300,000, a new top in local deposits.

Total assets also have risen, aggregating \$4,303,815.06 as compared to a year-old figure of \$3,951,949.24.

Loans and discounts also are up, now revealed as \$2,140,771.54 as against \$1,564,068.54 at the

June, 1961, call.

J. S. Edwards, Jr. is president of the Citizens State bank capitalized for \$100,000.00 with a surplus of \$150,000.00.

## Winners Revealed For Academic Recognition

Twelve Slaton students were announced this week as winners of academic letter sweaters being awarded this year for the first time in local school history by the Daughters of the Pioneers Study Club.

Recipients of the sweaters to be presented at the beginning of the fall school term are:

Steve Ball and Gerry Clark, chemistry; Larry Burk, American history; Bruce Pember, Carol Walston and Paul Dunn, the last two tying for honors, biology; Mike Sloan and Kathy Brown, geometry; Billy Belote and Charlene Kitten, Algebra II; Norma Clark in English III, and Thelma Kidd in English II.

These top awards in each of the four high school academic fields were determined strictly on basis of examinations taken in late May of this year. Girls competed only against girls,

and boys against boys, enabling an equal number of citations for each group.

Committee members working in conjunction with the study club in conducting and certifying tests included Dr. Lee Vardy, Mrs. Martha Brown, Mrs. W. A. Carnes, Coach Kerr, Mrs. Leon Kenney, Mrs. T. C. Martin and Mr. Kurz, counselor.

Mrs. John Morris is president of the Daughters of the Pioneers, sponsoring organization.

Academic letter and sweater award programs are a relatively new concept in scholarship recognition attracting national attention two years ago when a school-sponsored program was initiated in the Denison, Texas, high school. Local study club members corresponded directly with the superintendent of the Denison schools who was most enthusiastic regarding merits of the project.

## The Rotarians Wore Boots

### Live Rattlers Grace Podium At Local Rotary Club Lunch

Fascination of the rattlesnake hunt was graphically asserted but possibly not proven to all apprehensive listeners and viewers, as Darrell Durham of Lubbock brought a cage of live rattlers into the Rotary hall Thursday noon, handling the snakes with his bare hands.

Gene Martin was in charge of the program that brought the widely-known snake authority-hazardist before the local audience.

Durham has participated in the past four rattlesnake hunts in the Sweetwater area where over 20,000 pounds of venomous reptiles were captured during that time.

Most of the captured rattlers are sold to serum suppliers or zoos. Durham reported, with some being killed for use of their skins in making belts, bill-folds, novelties, etc. A large snake, fresh from hibernation, can spew about a spoonful of venom that can be marketed for some \$65 per ounce. The fangs of a grown rattler are about 3/4 inch long, and upon striking they imbed from 1/4 to 1/2 inch in the prey.

Rattlesnakes are most dangerous in their early life, Durham told, becoming lazier and more sluggish with age. Not being able to stand the hot sun for prolonged periods, they are most to be feared in the spring on any cloudy days after their hibernation is finished.

The female rattlers give birth to 8 to fifteen babies during each of the three years in which they are productive. Live birth is the rule for poisonous snakes, with exception of the coral variety, Durham revealed; and all non-poisonous snakes lay

CHAMPIONS TO THE CORE — These boys recently took the top honors in minor league competition in Slaton. Operating as the "Mets" they edged out such other famous name teams as the Angels, Twins, and Colts.

Pictured here are (back row): Bronell Daniel, coach, and Jack Pearson, co-manager; (standing): Glen Montgomery, Dan Bryson, Phil Morris, James Clements and Carolton Bradshaw; (front): Jackie Biggs, Paul Young, Willie Brown, Tommy Brown, Dennis Shafer and Dub Simmons. Co-manager Claude Simmons was not present when picture was made.

# EDITORIAL

## Observations

### Dull and Dangerous.

"Think. Where all think alike, no one really thinks!" This admonition, printed upon a calendar that found its way to ye editors desk, in itself calls for some thought.

In fact, the more we muse upon the implications of this motto, the more fascinated we have become with the myriad of possibilities in a society where "all think alike."

First of the revolting situations entering our mind's eye is that of everyone wanting Mrs. Editor for his own wife. . . and right there we envision trouble!

We also suspect an unhappy situation if everyone liked lemon pie. . . the lemon growers couldn't begin to meet the demand for the fruit, and some enterprising Pecos genius might start slipping in a few rotten limes dyed yellow.

And a lot of ministers would be without jobs, for where would the frocked gentry be without sin for an opponent?

Perish the thought, how would lawyers earn their fees without controversy of opinion?

Finally, what intellectual spice would be left in life without the acidity of the George Bernard Shaws, the philosophical utterances of Will Rogers, Douglas Meador, Hugh Downs or Norman Vincent Peale?

All these ghastly assumptions are of course in a light vein. We recognize and accept the reality that there is much divergence in thought and that there is much difference in people, and we can only say "Praise the Almighty for the difference!"

All of which brings us to the apex of these comments: Socialism is possible only in a decadent society where individual thought is discouraged. Communism will triumph only when public opinion is molded into a collective image wherein the dignity of man as a respected unit is obliterated.

Immorality in government, society and business can triumph only when everyone ceases to think for themselves.

And that, friends, is why we are hesitant to go all out on the "one-world" binge that seems to be picking up steam.

## A Two-Way Street

There has been some comment on the widening of Avenue Q in Lubbock between 50th Street and the "Tahoka" traffic circle. Now this is a much travelled artery, and we welcome a move to minimize the confusion of the short stretch of two-lane paving.

Two points come to mind, however.

Why does our neighboring big city press dub the crude circle exchange as the "Tahoka" circle? Let's just pretend that it is because Slaton residents are so busy trading at home, participating in local community activities, that they are found grinding around that curve in considerable less numbers than our Tahoka relatives.

But on the other hand, it is possible that south-bound Slaton traffic is as heavy as the polar-bound. We think we have some mighty fine attributes here in Slaton, providing a wholesome, small city atmosphere that might attract some "big city" friends to journey down our way. So let's keep up the good work in making Slaton conducive to south-bound traffic down Avenue Q!

"Mommy, that dentist on West Lubbock wasn't painless like he said."

"Why, did he hurt you?"

"No! but he yelled just like the other dentist when I bit his finger."

Employee on Ninth Street: — "I left my last place because I was asked to do something I did not like."

Prospective Employee: — "Really! What was that?"

Employee — "Look for another job."

Happiness is that sensation you acquire when you are too busy to be miserable.

If you don't enjoy what you have, how would you be happier with more . . . . .

What a pity it is that nobody knows how to manage a wife but a bachelor. — George Colman

Nature didn't make us perfect, so she did the next best thing. She made us blind to our own faults.

### Doug Meador On Friends - -

An estate only slightly lower than the angels is reached when two honorable men meet on the star-dusted mesa of friendship.

### New Doll Creations With a Flair You'll Recognize

According to one report, Hollywood seems to be having fun with a new craze, nasty, nifty dolls. It goes something like this:

An Elizabeth Taylor doll. Wind it up and it wrecks two marriages; or

Wind up the Jack Parr doll and it cries, or

Wind up the Marilyn Monroe doll and if it's on time it's broke.

Other interesting dolls are:

Wind up the Perry Como doll and it unwinds.

Wind up the Ed Sullivan doll and it just stands there.

No point in winding up the Jayne Mansfield doll. It's busted.

Wind up the Fidel Castro doll and it turns red.

Wind up the Fidel Castro doll and it turns red.

Wind up the Nakita Khrushchev doll and it will try to bury you.

Wind up the Berry Goldwater doll and it runs backward.

Don't forget the John Birch doll. Wind it and it points its finger at you.

Or the Nixon doll. Wind it and it goes through a crisis.

Wind up the Kennedy doll and it gives you a finger sign.

You don't have to wind the Billiesolestes doll. The Agriculture Department did that.

Wind up the Ike doll and it does nothing for eight years.

Wind up the Izzard doll and the Baggardy doll starts foaming at the mouth.

The oddest of all is the Donkey doll. Wind it up and it pins everything on the Elephant doll. — Cecil Waggoner in The Claude News

### Area Junior Rodeo Explorer Charter Given at Rotary

Report on progress of the Rotary - sponsored Explorer Scout Troop was made at the Thursday Rotary luncheon, with Bill McElroy presenting the charter and recognition cards to leaders of the movement.

Benny Grant is explorer advisor for the group formed some two months ago and now including twelve older boys.

Committee members are Grant, Wayne Liles, W. P. Layne, Dr. Lee Vardy, Wayne Banks and T. C. Martin.

Sports Arena, SH 4-7117. All entries must be in by 1:00 p.m. Tuesday, July 17, 1962.

## Notes from Neighbors: Events, Opinions

### What Is An American?

(From an humble beginning of 13 states the United States has now expanded to include 50 states. Texas could divide into five states to increase the total. The following describes the typical American.)

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on a car.

He whips the enemy nations and then gives them the shirt off his back.

He yells for more speed laws that will stop fast driving and then will not buy a car if it will not do 100 miles per hour.

An American gets scared to death if we vote a billion dollars for education, but he is cool as a cucumber when he hears we are spending four billion a year for smoking tobacco.

He knows the lineup of every baseball team in the American and National Leagues but does not know half the words of the Star-Spangled Banner.

An American will get mad at his wife for not running their home with the efficiency of a hotel, then get mad at the hotel for not operating like a home.

He will spend half a day looking for vitamin pills to make his life longer, then drive 90 miles an hour on a slick pavement to make up for the time he lost.

An American is a man who will fall out with his wife over cooking, then go on a fishing trip and swallow half-fried potatoes, burned fish and gritty creek water coffee made in a rusty bucket and think it is good.

When an American is in his office, he talks about baseball, football or fishing. When he is out at the games or on the creek bank, he talks about business.

He is the only fellow in the world who will pay 50c to park his car while he eats a 25c sandwich.

An American gripes about the high prices of the things he has to buy, but gripes more about the low prices of the things he has to sell.

He will work hard on a farm so he can move into town, where he can make more money to move back to the farm.

An American is a guy that lives in a country that has more food to eat than any other nation, and then diets more to keep from eating it. — Texas Prison Echo

### Popular to be a Drone?

A local farmer says that last week, one of his hoe hands failed to come to work. The next day he asked the man why he didn't show up the day before. "I had to go to Lubbock and see about my unemployment check." The farmer thinks it's a pretty come off when there's work to do, the man has a job, and he's still drawing unemployment compensation. Well, if our government is going to guarantee everyone security from the cradle to the grave, there are going to be a lot of chiselers. We're going to pay the bill. We wonder if we're not making drones out of our entire citizenship? — Lynn County News, Tahoka

## If you take your truck for granted

...it's a good one!

A truck that doesn't call for a lot of attention, that just does its job every day, is a great asset. This is the thing most users tell us they like about Chevrolet trucks—their reliability. And this, of course, comes from quality. Sound engines, strong frames, double-wall construction, insulated cabs, separated bodies and cabs, tight tailgates . . . are features that help Chevrolet trucks last longer and bring back more of your money at trade-in.

If you wish you had a truck that's less thought and attention, just your quality. Make your next buy a Chevrolet truck.

Chevrolet Fleetside—America's favorite pickup

### Better Check this with Your Banker First — He Might Object

Did'ja hear about that fellow up north who drew the following note after hearing President Kennedy at Yale in which a balanced budget was termed a sophisticated thinking?"

"Dear Sir:

"Thank you for your reminder that my account drawn. I am glad to see that your office keeps records in good shape.

"However, I have decided to do nothing about a credit balance in the account. Rather I have increased my legal debt limit — temporarily, of course to \$308. Therefore please deposit an additional amount, and let me know when it runs out.

"I want to assure you, sir, that I harbor no resentment of your obsolete economic theories. I recognize that was mailed before Mr. Kennedy outlined our new business in his speech at Yale.

"I remain, sir, your most obedient public servant.

The "Drifting Sands" column in the Andrews Courier

The art of being wise is the art of knowing your own limitations. — William James

I do not think I am better or any worse than the people, but I know that if I sat down every day and every thought that has crossed my mind would consider me a monster of depravity. — W. Somerset Maugham

"The beauty and the wonder of nature is that human needs to which we all turn for comfort, perspective, happiness and faith. Never to know of nature is not to have lived in full." — Rockefeller.

"Highway safety note—watch out for school children especially when they are driving cars." — Ed Onaway (Mich.) News.

"The past year saw thousands of people stepping on it." — S. E. Mekeel, Ovid (N.Y.) Independent.

### Young Students Learn German At Kinderschule

Guten tag, good day in German, is a familiar sound right now at Texas Tech as the German department prepares for its sixth annual German Kinderschule July 17-August 10.

Around 60 youngsters are receiving phone calls in German, telling them about Tech's unique plan for potential bilingualists. The students are taught to use German in conversing with each other and their teachers through a system of rhymes and visual aids for four weeks.

A limited number of places for second, third and fourth grade students are still open. Theodore Alexander, associate professor of German and director of the summer program, said.

Only second graders who have older brothers and/or sisters attending the Kinderschule will be accepted.

The classes will begin July 17 and will meet 1:30 - 2:30 p.m. Monday through Friday in the Tech Administration Building 325. Graduation exercises will be held August 10, for those students completing the course.

The Kinderschule will emphasize practice in spoken German by using games, jingles, songs, pictures and stories. Models of a house, a farm and a dummy will be used as the basis of conversation.

### LIVESTOCK MARKETING CLINIC IS SCHEDULED

The annual Livestock Marketing Clinic, co-sponsored by the Texas Agricultural Extension Service, San Antonio Market Institute and the Union Stockyards of San Antonio, is scheduled for July 30. Meeting place, according to Ed Uvacek, extension livestock marketing specialist, will be the Union Stockyards.

A program feature, says the specialist, will be an actual cattle pricing demonstration using the new dual grading system. Speakers will discuss other phases of the livestock marketing industry.

Speakers will include President A. Z. Baker, American Stockyards Association; W. Edmond Taylor, chief, standardization Branch Livestock Division, U.S. Department of Agriculture; W. B. Callan, president, Victoria National Bank; Larry Van Meir, head, Livestock and Meat Section, Economic Research Service, USDA; Carlton Hagelstein, Sr., Union Stockyards, and Uvacek.

Uvacek notes that registration will begin around 8 a.m. and the formal program will follow. Any person interested in livestock marketing has a special invitation to attend the clinic, Uvacek says.

### Services of Teistar Satellite Will be Available for Slaton

A small satellite hundreds of miles in outer space is sending signals to earth in tests that ultimately will lead to better communications services for Slaton residents.

The satellite, Telstar, is the Bell Telephone System's pioneer in the new frontier of space communications. Telstar tests will help pave the way for a worldwide satellite communications network to send overseas phone calls, live television and other signals. The satellites will receive and re-transmit signals, much as overland microwave systems do in today's long distance calling.

"He is admirably equipped to integrate our department into the entire college program," she said.

Major experiments involve sending signals from the main ground station to another Bell Station at Holmdel, New Jersey, via the satellite. Telephone calls, video tape signals, facsimile news photographs and high-speed data signals are being transmitted in these tests.

In addition to communications transmission, Telstar gathers technical information on outer space as it orbits the earth at altitudes up to 3,500 miles. These findings will be shared with scientists throughout the world to help advance the peaceful use of space.

Telstar is a 170-pound satellite, just under three feet in diameter. It carries more than 10,000 electronic parts and this gear amplifies signals 10 billion times for their return trip to earth.

A number of Bell Laboratories inventions, including the transistor and solar battery, are essential to Telstar's operation. The small transistors make possible the satellite's complex circuitry. Telstar is lined with 3,600 solar

**SATELLITE TALK**—Telstar, the Bell Telephone System's first communications satellite, is now orbiting the earth at 16,000 miles per hour. White lines show how signals for phone calls, live television and other communications are sent from a ground station to the satellite and retransmitted to another earth station. Electronic gear on Telstar boosts signals 10 billion times for their return trip to earth. Telstar tests will help pave the way for a worldwide satellite communications system.

battery cells that convert sunlight into electricity for the satellite's power supply.

## There's a Friendly Church Near You

"THOU SHALT NOT", God says to man. "But I will", shouts man in defiance. Then it is said, "He has broken God's commands". But has he? In reality, has he not broken himself against God's commands? The message and ministry of the church is to help "broken humanity" humbly bring the "broken pieces" to God for restoration —for re-creation in His own image. It is a marvelous message. Have you heard it—understood it—experienced it? Hasten to the house of God next Lord's day. You will find friends there—and you can find the "Friend of friends" whose compassion you had mistaken for sternness, when aforesaid He had said, "Thou shalt not". Then your heart will sing with the Psalmist:

"I love thy commandments above gold; yea above fine gold -- and I bate every false way." Psalm 119:127,128.

"Other foundation can no man lay than that is laid, which is Jesus Christ."

## Monthly News

JULY, 1962

**Because Health Is Important**  
Wise laws regulate the practice of pharmacy. We are regularly and unexpectedly inspected by officials from the Board of Pharmacy, The Narcotic Bureau and sometimes the Board of Health and Fire Department.

**Medicines Must Be Protected.**  
If a medicine requiring refrigeration is not kept in a refrigerator, we are subject to a penalty. Many drugs must be dated, for they lose potency and cannot, after a time, be dispensed. Others must be stored away from exposure to light. This applies also to certain patent medicines.

**Pharmacists Are Experts.**  
A pharmacist's license is obtained after many years study in a College of Pharmacy, the serving of an apprenticeship to gain more practical experience and passing a state examination to prove the knowledge needed to protect the public from harm.

**Do Not Gamble With Health**  
There are many stores, door-to-door peddlars, mailorder firms and even supermarkets trying to induce you to buy medicines from them.

**Depend On Your Pharmacy.**  
We have the knowledge to protect you. Any vitamin or medicine we supply measures up to our prescription quality standards. Our prices are honest value.

Mr. and Mrs. Edward Moseley, Nedra, Rhonda and Rheda visited Mr. Moseley's sister and family, the Jack Lancasters, in Amarillo on Sunday. Nedra and Rhonda stayed a week there.

Riley Wood, Mrs. Nellie Mathis, Carolyn Kasinger and Marie Mathis attended the Mathis reunion at McKenzie park recently. Mrs. Mathis also visited her mother, Mrs. Nellie Cullen, while in Lubbock.

### Travis Dabbs Family Enplanes For Two-Year England Residence

Mrs. Travis Dabbs and children, Danny, Dale, Debbie and Dana, left by plane Sunday night for England. Enroute they spent one day in New Jersey, then departed for Alconbury Air Force Base, England, where they will join their husband and father, Lt. Travis Dabbs. They plan to live in England for about two and one-half years. Lt. Dabbs is the son of Mr. and Mrs. Herman Dabbs.

Mr. and Mrs. Alford Basinger, Mr. and Mrs. Don Basinger, Mr. and Mrs. Groves Bruster met Mrs. Basinger's sister, Mrs. H. F. Simpson, at Lake Thomas lodge on Wednesday. Mrs. Basinger said the most exciting thing she saw was the little foreign car that could run on land or water at about 25 miles an hour. Tyra Martin is spending a week with her grandmother, Mrs. Sam Martin.

Mrs. Harley Martin and children have returned from Glorietta, New Mexico.

Mr. and Mrs. Melvin Bruster returned Monday from a visit at Alamogordo, New Mexico, with their son and family, the Milton Brusters. They also visited in El Paso. Their grandson, Dennie, came home with them for a visit.

Eleven Texas firms were among the 42 recently granted permission to issue \$22,060,375 in stocks by the State Securities Board.

### WINS FIRST IN STATE

Mrs. W. G. Reese of Slaton has just received word of recent recognition accorded her grandson, Michael Reese of Houston. Michael tells of winning first place in statewide competition in a model car contest. He states that this gives him \$150 plus regional honors entitling him to an expense-paid trip to Detroit.

Michael is the son of Mr. and Mrs. E. G. Reese.

Gov. Price Daniel reappointed Joseph B. Hutchison of Arlington and Lloyd Gregory of Houston to the Battleship Texas Commission and named Mrs. Murray Ezzell of Port Neches and C. H. Coffield of Houston new members. Also he appointed Weldon Cabanis of Rockport to the Gulf States Marine Fisheries Commission.

### Evolution of Candy Told to Rotarians

Members of the Slaton Rotary Club are being "sweet talked" today in the Slaton Club House. The speaker is a representative of the Candy, Chocolate and Confectionery Institute, Mr. J. E. Gallarneau, Partner-Manager, Gallarneau Bros. of Amarillo, Texas.

Gallarneau discusses the evolution of candy from its beginnings in antiquity to the more 2,000 varieties which are manufactured in modern plants throughout the United States today.

He points out that candy is food for the psyche, or the nerves, in this "Age of Anxiety" and also is an important energy builder for the body.

Bentley Page is in charge of the program.

### Military Rites For C. L. Sharp

Funeral services for Chester Lee Sharp, aviation machinist's mate third class, USN, of Point Magu, California, are being held today at 3 p.m. at the Williams Funeral Home Chapel. Sharp, 34, died of second and third degree burns incurred in his mobile home at Oxnard, Calif., on Saturday.

Officiating at the Slaton services will be Roy Verner, minister of the Church of Christ. Military graveside rites will be conducted at Englewood Cemetery under direction of the Naval Reserve unit from Lubbock. Williams Funeral Home is in charge of arrangements.

Surviving are a sister, Mrs. Ray Sparks, 1140 S. 11th St., Slaton, and a brother, William E. Sharp of Virginia Beach, Va.

### Baptist Revival Set at Southland

A revival meeting built around the theme of "Christ is the Answer" has been announced at the Southland Baptist Church services commencing Sunday, July 22, and continuing through the following Sunday.

Rev. E. L. Minor, pastor of the Southland church, cordially invites the public to attend the services to be held daily at 8 o'clock in the evening. He promises the gospel preaching to be heart warming, the congregational singing to be soul cheering.

Preaching for the series will be Rev. Fred Thomas, evangelist from Morton. Rev. Vernon Scott of the Pleasant Valley Baptist Church will direct the singing.

## SHORT SNORTS

Land Commissioner Jerry Sadler says the waiting list in the Texas Veterans' Land Program has been reduced to less than 16,000. He figured his office would pass No. 94,000 this week, so any veteran applicant can estimate when his number will come up, since 1,000 contract forms are sent out each week.

## LEGAL NOTICE

Notice is hereby given to the public that the planning and zoning board for the City of Slaton, Texas, after proper public hearing and due consideration, has recommended to the City Commission that the following described property be changed from R-3 to B-2 classification. 10 acres located in survey 44 and known as tract 6 of the Storey Subdivision of the City of Slaton, Texas. The City Commission will consider this recommendation at their regular meeting to be held on Monday, July 23rd at 8:00 p.m. Anyone interested in this subject may appear and give evidence for or against this proposal.

## National Contest Would Interest Students of Area

National office of the Veterans Foreign Affairs has announced the results of its 28th annual National High School Writing Contest. The topic will be "What I Do For My Country."

The writing contest, first started in 1935, is intended to put before the student some problem of patriotism, citizenship or similar topic about which he must study and learn in order to write the essay.

During the last school year some 40,000 students wrote on the contest topic, "America the Beautiful—How Long Without Clean Water?" The U.S. Department of Health, Education and Welfare supplied students with free kits of background read-

ings on water and the importance of pollution control, and awarded to each state winner a special certificate. Dr. Albert E. Burke, Cheshire, Conn., an authority on conservation and world affairs, served as chairman of the national judges.

Students in all public, private and parochial high schools are eligible to enter the contest. National prizes are: First, \$1,000 cash; second, \$500; third, \$250; fourth, \$100 and gold medals; and 20 other cash awards for

honorable mention. State and local contest winners receive additional Auxiliary awards which vary with the community. Further information on the 1962-63 contest may be obtained by writing to the Contest Department, V. F. W. Auxiliary, 406 West 34th Street, Kansas City 11, Mo.

Visitors in the home of Mr. and Mrs. J. J. Kitten are Mrs. Frances Meyer, Herbert Meyer

**NEW ARRIVAL**  
Mr. and Mrs. Ralph Donelson of Albuquerque, New Mexico, are announcing the arrival of twin daughters, on July 6. Elizabeth Ann weighed 6 lbs. and 12 oz. and Cecelia Diane weighed 6 lbs. and 5 oz.

The mother is the former Miss Joy Holloman of Slaton, and Miss Carol Lee Meyer, all of Ferdinand, Ind., and Mr. and Mrs. Carl Lasher and three girls of Louisville, Kentucky.

## New Commander On Job at Reese

The sixth commander of Reese Air Force Base since its re-activation in October 1949, assumed command Monday in colorful change of command ceremony on the flight line ramp.

Col. L. C. Hess, Wing Commander since Aug. 17, 1959, relinquished command to Col. James A. Gunn, III, who has been assigned duty at Reese after commanding the large Air Base Group at Sheppard AFB, Wichita Falls.

Brig. Gen. J. A. Hilger, Air Training Command Chief of Staff, was among dignitaries on hand for the change of command ceremonies, which included a review of Reese forces and a fly-over of aircraft used in training here.

Colonel Hess and his family left early Monday afternoon for Naha Air Base, Okinawa, where he will command the 51st Fighter-Interceptor Wing.

## 'Twas Friday the 13th Thirteen Newcomer Families Revealed in Chamber Report

Thirteen new Slaton families on Friday the 13th! Some wag no doubt will be able to analyze the significance of this happen-

ance that found the current chamber of commerce newcomers report listing thirteen new families in Slaton, a continuation of the trend of local population growth.

New residents are listed as follows:

Lin and Jan Barnes from Odessa, Lin now employed by the Slatonite as linotype operator. Living at 740 B South 12th, the couple has one son, Mark, age 16 months.

Jerry and Irene Akin from Posen, Akin is a linter employed by Paymaster, residing at 300 S. 5th Street.

Mr. and Mrs. James Crossno, coming from Ft. Smith, Arkansas. Crossno is a linter with Paymaster, and they also live at 300 S. 5th. Children are Bar-

bara, 4, James, 2, and 15 months.

Lavon and Linda Stockton, new residents from Sweetwater, living at 555 W. Crosby. He is an installer with Western Electric. Children are Cody, 1, Melanie, 1 year old.

Quest and Earline W. come from Hermleigh and are living at 1335 W. Crosby. Their three children are Charles, 13, David, 7, and 5, and Walter, age two.

Another brakeman moving here is Charlie and Louise, coming from Ft. Worth and living at 1335 W. Crosby. Their three children are Charles, 13, David, 7, and 5, and Walter, age two.

Three colored families, one Mexican newcomer are reported, with occupational information unavailable.

## College Staff Add Native of Honolulu

Joining the faculty of the land Baptist College, Ft. Worth, with the second summer will be Edwin Shigeru Kajihira, a native of Honolulu, who has been educated in the continental United States.

Mr. Kajihira, who holds a M. S. degree from Southern Methodist University, for the last two years has been a teaching assistant in biology at University of Oklahoma, where he is working toward the D. degree. His undergraduate work was done at Iowa Wesleyan College and additional work has been done at the University of Texas.

From 1955-59, Mr. Kajihira taught biology and chemistry and served as dean of men at Decatur Baptist College. In 1960 he taught at Ozachita Baptist College, Arkadelphia, Ark. Leaving there to continue doctoral studies at the University of Oklahoma.

After graduation from S. U., Mr. Kajihira for two years was research chemist for Soto Paint and Varnish Co., Garland, and one year for General Dynamics division of Fair, Fort Worth.

## JOB OPENINGS

The United States Civil Service Commission announces that applications are being accepted for Education Research and Program Specialist positions with the Office of Education located in Washington, D. C. and throughout the United States. The salaries range from \$6,435 to \$13,730 a year.

Applications will be accepted until further notice by the Board of U.S. Civil Service Examiners, Office of Education, Department of Health, Education, and Welfare, Washington 25, D. C.

### Thinner Selection Important; Brush Care a Must for Painter

By IRA KEYS  
 Tips for painting and for this week follow:  
 Thinners causes paint to dry faster when used as a thinner. It has the tendency to "burn" the paint, that is, it causes air pockets in the paint. As the gasoline has evaporated, leaving the dry paint on the surface, it will soon be washed off.

Kerosene is very little better. It takes kerosene and coal-oil to evaporate, but still the results are far inferior to the longer lasting and better looking finish to be obtained by using the recommended thinner. Clean your tools, brushes, paint containers and other items you have been using with water-based paints with soap and water. Gasoline and other petroleum by-products will not

clean your brushes when they're full of such matter.

Always clean your brushes well before putting them away. Many brush manufacturers recommend washing them repeatedly in cleaner, solvent or thinner until the wash remains clear, then brushing and combing the bristles.

Some painters shave the loose bristles from their brushes; others are more careful in putting them away, thereby preventing too many spidery strays.

The Rev. W. R. Farmer, pastor, San Gabriel Baptist Church, Milam county, has been named rural minister of the year in Texas by the Progressive Farmer magazine.

### New Area Industry?

## Sunflowers Being Developed As Potential Cash Crop for Plains

Farmers throughout West Texas may be growing sunflowers as a cash crop in the near future, if scientists at the High Plains Research Foundation are successful in their attempt to breed improved varieties for commercial use.

The sunflower plant, which was being used by the Indians when the earliest European explorers discovered North America, offers considerable promise as a potential cash crop for West Texas. Of particular importance is the fact that it is a drought tolerant plant well adapted to our soil and climatic conditions. It can be grown with less water than most other crops such as corn, grain sorghum, soybeans, cotton and castorbeans.

Several hundred plant types from Russia, Canada, Chile, Columbia and South Africa are under study at the Foundation. Dr. Earl Collister, Chief Agronomist, and Barry Love, Assistant Agronomist and Paul Belcher, Technician, are conducting the plant breeding program. Superior plants are being self-pollinated for use in developing high yielding varieties adapted to complete mechanization. The goal of the breeding program is to develop varieties that can be harvested with a regular grain combine.

### Park Opening Is Months in Future

Publicity about possibly converting Circle Bar Ranch in Blanco County into a new state park has brought a surge of inquiries for the donors, Mr. and Mrs. C. A. Wheatley. Many Texans began writing and calling about getting into the area as soon as the Parks Board at its Monday meeting accepted the deed. R. W. Barlow, Assistant Executive Director, in charge of operations for the Texas Parks Board, asked outdoor fans to be patient since it would be at least eighteen months before the 4,778 acre wilderness tract could be ready for minimum public use. Meanwhile the ranch will be closed to the general public.

He emphasized the entire project hinges on legislative consideration since the Parks Board merely has processed the rare gift on behalf of the state. The Legislature must act because it approves all major state expenditures, and because a reversion clause to the Wheatley ranch deed stipulates that the next Legislature appropriate at least \$250,000 to establish basic facilities.

Mr. and Mrs. Wheatley who shuttle back and forth between Circle Bar Ranch and their San Antonio home, have received many inquiries. One Houston man wrote the State Parks Board he had his boat loaded and asked for instructions for reaching the ranch.

Wheatley, life-time leader in wildlife conservation activities, said he and Mrs. Wheatley, authoress of a book on fishing, were tremendously flattered by the public interest. "We feel it's a duty now to do everything we can," he smiled.

But because of the circumstances, the public, for the time being, will be restricted to what they see and read in the regular news media.

**Traffic -**

(Continued from Page 1)  
in Texas for the first time this summer. Some of them will be unfamiliar with the roads and

road signs. Unless motorists show courtesy and consideration to the vacationing driver and try to help him, they may discover that their own speed will cause an accident involving the tourist who may suddenly slow down to make an unexpected turn or to get his bearings. Those who live and drive in Texas must remember that we would be just as bewildered in another state as this motorist is in our own state. It is under such circumstances that we

must do some thinking for him, we must drive defensively. The Sergeant stated the out-of-state traveler, however, is not so much a threat to our safety as the native selfish motorist who drives dangerously and discourteously with no regard for traffic laws, signs or signals.

Mr. and Mrs. Jyles Shaw and son Jack of Los Angeles visited in the Clyde Shaw home recently.

On Saturday the 28th, Future Homemakers of America will be set up for speedball operation on the south side of the city hall, on the job from 9:30 a.m. until 6:30 p.m.

FHA members are asked to contact Kathy Brown or Diane Kuss before this Sunday for assigned working hours.

Slaton Jaycees, wideawake to community needs, report over \$200 on hand toward purchase of the new Pacemaker Heart Machine they plan to furnish the local hospital. These funds were netted from recent pony raffle and a dance.

We understand a talent show to further the cause is in the mill for mid-August.

**Rain -**

(Continued from Page 1)

Glen Aiken, one mile south, also reported 1 1/2 inches. About 2" was received in some areas near Southland. Posey missed measurable moisture, as did areas to the east and southeast. Farmers told of rain all along a line from Slide to Slaton.

Forecast is for continued widely scattered afternoon and early evening thundershowers. Warmer temperatures are promised.

USE THE WANT ADS

**Voting Machine Use To Be Considered In Public Meeting**

Lubbock County citizens interested in learning more about voting machine use, need, costs, etc. are invited to attend an open meeting this Thursday evening at 8 o'clock; the session to be conducted at the Garden and Art Center in Lubbock, under sponsorship of the Lubbock League of Women Voters.

Officers of local civic and community groups especially are urged to attend the information meeting, according to Mrs. Calvin Lamb, Slaton committee member of the league.

Slated to appear on the program to which county commissioners and other officials have been asked to attend are representatives of three voting machine manufacturing companies. Questions from the floor will be solicited and welcomed, according to planners of the forum.

The League of Women Voters has been at the forefront in aggressive efforts to bring voting machines to the county, citing arguments that only through their use can a truly secret vote be possible.

**New "TELSTAR" relays phone calls and TV pictures for first time!**

Bell System microwave-in-sky satellite is latest communications triumph for America arising from telephone research

The world's first private enterprise communications satellite is now being used for dramatic experiments in relaying telephone calls and television internationally.

Its name: Telstar. It was launched from Cape Canaveral at Bell System expense by the National Aeronautics and Space Administration.

Telstar receives signals beamed to it from a ground station, amplifies them and transmits them to another station on the ground below—perhaps an ocean away from the first one. The new satellite thus acts as a microwave relay station in the sky, enabling voices, TV pictures and data messages to leap thousands of miles in a new and exciting way.

The ground stations in the U.S. now being used for Telstar were built by the Bell System at Andover, Maine, and Holmdel, New Jersey.

Telstar is a first major experimental step toward a worldwide satellite communications system that was first proposed as a practical venture at Bell Telephone Laboratories. Progress toward such a system would not have reached its present state without continuing research and development by the private communications industry.

Above all else, Telstar is the latest achievement in an unending Bell System quest—the search for ways to make your telephone service still better, more economical, and more useful.

**Southwestern Bell Telephone Company**

**Society News Wanted**

The Slaton Slatonite wants to know about your social and club activities.

Had a party . . . or planning one? Been somewhere . . . or going? Getting married . . . or having a coffee for a bride? Your club hold a meeting . . . or plan an outing? Had some out of town guests?

These — and similar items — are wanted for The Slatonite Society pages.

And don't forget, please, The Slatonite is equally interested in pictures.

Let us know — as soon as possible before the publication date of each issue — and we'll make arrangements to have the pictures taken.

Remember the deadline for news for The Slatonite Society Pages is noon Tuesday, and the deadline for Society Page pictures is noon Monday preceding each issue, which is published Wednesday night for Thursday morning distribution.

Brief items may be telephoned to Mrs. John King, society editor, Telephone number is VA 8-4201. Longer items, however, should be mailed or brought to Mrs. King at The Slatonite office, on the West side of the square.

**Union Happenings**

**Good Attendance Marked Youth Week Observed by Methodists**

By DEBBIE CADE

The youth at Cooper Methodist Church held Youth Activity Week each evening last week. The programs were based on Relationship of Youth to their families, friends, and community. Friday evening the group enjoyed a chicken barbeque and the week came to an end with Slave Day on Saturday. An average of 20 attended each evening. Mrs. Jerry Bagley is youth director and Mrs. Dick Cade is counselor.

Mr. and Mrs. Woodrow Ellenburger of Lubbock visited Sunday afternoon with Mrs. M. D. Gamble.

Kenneth Fields is visiting with Keith White this week. Kenneth is from Ralls.

Mr. and Mrs. E. G. Peterson spent the week-end in Dallas.

Mr. and Mrs. Howard White visited Thursday in Big Spring with Reese B. Divens of Slaton, who is a patient in the Veterans hospital there.

**4-H CLUB MEETS**

The monthly meeting of the Cooper Community 4-H Club was held Monday night. Andy Watkins, president of the club presided at the meeting. Miss Carolyn Vines, new Assistant Demonstration Agent, was introduced to the group. Miss Vines and Don McGinty, Assistant Agricultural Agent, presented the program which was on 4-H Records. A family night is planned for August 20. The meeting was adjourned and refreshments were served by Mrs. Prentiss Mann and Mrs. John Watkins.

Valerie Maeker attended Plains Baptist Assembly Wednesday through Friday of last week. Beverly Maeker is attending this week.

Mr. and Mrs. George Gamble, Dale, Randall, and Marilyn spent Friday night with Mr. and Mrs. Ray Belt and family of Snyder. The Gambles went on to Colorado City Lake where they joined Mr. and Mrs. Fred Walters of Round Rock, Mr. and Mrs. L. T. Lester and family, Mr. and Mrs. Ray Walters and boys all of Midland and Mr. and Mrs. Dwayne Walters and family of Slaton.

The Methodist Revival started Sunday and will close this coming Sunday. Dr. Clyde Smith, District Supt. of the Big Spring District is evangelist. James Roberts, of Lubbock, is leading the singing. The public is invited.

Sunday guests in the home of the O. L. Doyles were Mrs. Sam Linecum of Altus, Okla., and Mr. and Mrs. W. E. Kirby of Lubbock.

Mr. and Mrs. John Griffin and family attended funeral services for an uncle last week at Caldwell. They were accompanied by Mrs. Griffins mother Mrs. Marie Survoik of Lubbock.

Visiting Thursday of last week with Mrs. T. L. Peterson were Mr. and Mrs. Charlie Meyers and family of Ralls and Mr. and Mrs. Gifford Peterson and family of Morton.

Visiting in the home of Mr. and Mrs. Bobby Jones and family this weekend were Jeffrey and Cary Jones of Slaton and Cindy, Kenny, and Melinda Jones of Olton.

Miss Marjorie Lue Baxley

**Miss Baxley Plans August Wedding**

Mr. and Mrs. O. M. Baxley are announcing the engagement and forthcoming marriage of their daughter, Marjorie Lue, to Bobby Lee Moore, son of Mr. and Mrs. R. L. Moore.

Vows will be exchanged at 7:30 p.m. on August 17, in the Bible Baptist Church.

**CARD OF THANKS**

We wish to express our thanks to our many friends for their many deeds of kindness and help during the illness and death of our husband and father.

The C. L. Ellis Family

**Introductory Tea Give Miss Jane Anne Bagg**

Miss Jane Anne Baggett, bride-elect of Richard Alan Edwards, was introduced at a twilight tea Friday evening at the home of Mrs. Pat Patterson.

The hostess was assisted by her daughter, Miss Fonda Patterson, in the hospitalities. Members of the house party included Mmes. Milton Davis,

Max Arrants, Oree G. Edwin Haddock, Cec Harmon Thompson, Thompson, Lee Var Walker, Jr., and Rush Background music provided by Miss Ann Mrs. Richard Ails, a Carol Marley.

In the receiving line honoree were her mother, Leo Baggett and Mrs. wards, Jr., mother of pective bridegroom. The couple will exchange August 24 in the Church of Christ, Texas.

**Mrs. Nelson Honored With Stork Shower**

Mrs. Virgil Nelson was honored with a pink and blue shower, Friday, July 1, in the home of Mrs. Evelyn Dunlap.

The serving table, covered with pink linen, was centered with a stork surrounded by flowers and pink candles.

Cake and punch were served to 27 guests by the hostesses, Mmes. Leonard Foster, Charles Dickson, Oscar Hamer, L. W. Vardell, George Thompson, Floyd Eblen, and Dunlap.

An infasnet was presented the honoree by the hostesses.

**Mrs. Larkin Taylor Hostess to C. W. F.**

The First Christian Women's Fellowship, Stitch and Chatter group, met recently in the home of Mrs. Larkin Taylor.

Mrs. C. C. Wicker presented the devotional from Matthew 6:19-24, featuring the thought, "Let each of you look not only to his own interest, but also to the interest of others."

This service organization made swipe aprons for use of the nursery class during Vacation Bible School, and also made crib sheets and worked on a quilt.

Mrs. George Smith, leader, dismissed the eight members with the C. W. F. benediction.

Mrs. H. H. Edmonson will be hostess for the next meeting to be August 2.

**Grace Luther Mission Work Have Meeting**

Grace Mission Work Grace Lutheran Chu July 12 in the Parish their regular meeting.

The cause for the "Publication of Church and Material" was Nadine Clark. Those in the skit of publicist Tommie Wilke, Ruby Mary Jo Becker, Alfer, Ida Rushing, an Becker.

The worship offering, on by Tommie Wilke, Bible study, Psalm lead by Elsie Camden. During the business Tommie Wilke gave a the Group Meeting held at San Angelo. Refreshments were twenty members by tresses, Ida Rushing at Clark.

**Mr. and Mrs. Clark**

accompanied by Mr. Jimmie Watkins, have from a vacation trip v ried them to Yellowst the World's Fair a Canada, and back vi Lake City.

*...my electric home freezer frees me!*

"It seems I have so much more time since we got our electric home freezer — but then it isn't that I really have more time — it's just that I can make better use of my time. For example, when I'm baking pie I bake extra ones and then put them in the freezer. That way I don't get myself tied down baking a pie for guests — I just take one out of the freezer. Yes, my electric freezer frees me!"

# TATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

U.S. Supreme states. "Reapportionment" is the decision that federal power to review state legislatures in re-districting act by the legislature took effect. Working under a constitutional amendment adopted in 1936, limiting cities to one representative for every 700,000 inhabitants, Texas' representative districts got a pretty thorough going over. The 31-member senate body was not greatly effected by the reapportionment, however, since the law states that the senate "shall never be increased and no single county shall be entitled to more than one senator."

## Facts about PHARMACY...

### EACH PHARMACIST MUST PASS A RIGID STATE EXAMINATION

Your druggist is justifiably proud of that license he has proven his qualifications as a pharmacist to the Texas State Board of Pharmacy.

**Slaton Pharmacy**

Prompt Delivery Service  
Where Pharmacy Is a Profession!

constitutions both provide for re-examination of representation in legislative assemblies every 10 years.

An area frequently gains or loses representatives to the state house. This happened in Texas recently, when a 1961 re-districting act by the legislature took effect.

Working under a constitutional amendment adopted in 1936, limiting cities to one representative for every 700,000 inhabitants, Texas' representative districts got a pretty thorough going over.

The 31-member senate body was not greatly effected by the reapportionment, however, since the law states that the senate "shall never be increased and no single county shall be entitled to more than one senator."

What the U.S. Supreme Court would hold about such a condition, in view of a congressional provision for two U.S. senators from each state regardless of population, won't be known unless the question is put to its nine justices.

There is some reason to believe, however, that the higher court would look with disfavor on this State's constitutional provision limiting House representation to one member for every 100,000 inhabitants after a county attains a population of more than 700,000.

In the event citizens dissatisfied with the situation in Texas ever go to court for a reshuffling, they'll be armed with the information that 11 urban counties have a little more than half of Texas' 9,579,677 inhabitants and more than a third of the 150 members of the House of Representatives.

**HOPE FOR TRAPPED FISH**  
An "escape route" for thousands of fish which risk death daily in a shallow pool off Padre Island is planned by the State Game and Fish Commission, which estimates that tons of game fish have died in a nine-mile hole north of Port Mansfield over the last 10 years.

Howard Lee, the commission's director of field operations, said red fish and trout swim into the shallow pool in the course of their north-to-south migration, "and don't recognize the fact that there's only one way out."

As the temperature increases in late spring and summer, the water level drops. Fish then are caught in a dry water pool

created by drifting sands and are trapped there until death releases them as food for birds and other scavengers in the area.

Dredging of the six-foot deep, 50-foot wide channel running 4,000 feet through Laguna Madre into the Intracoastal Canal is expected to put a stop to the waste of fish and make them available for "harvest" — a Game and Fish Commission euphemism for fishing.

Up to now, fishermen have been unable to get to them in the pool trap without trudging through long distances of mud and sand.

### PERMIAN BASIN COLLEGE URGED

A "Citizens Relations Committee" of 20 West Texans flew into Austin to ask the Texas Commission on Higher Education to approve plans for converting Odessa Junior College to a state-supported, four year "Permian State College."

According to their spokesman, W. D. Fleck of Odessa, 30 percent of the Ector County's college enrollment of about 1,600 is composed of out-of-county students. Administrators estimated a 3,686 enrollment by 1970, if it's changed to a state-supported senior college.

C. A. Roberson, business manager of Odessa's \$3,000,000 junior college, said the population in the Permian Basin increased from 159,000 to 288,000 between 1950 and 1960 and is expected to reach 500,000 by 1970.

Commission will study the matter further before making a recommendation to the next legislature.

Attempts to get the 57th Legislature to approve full state support and senior college status of San Angelo Junior College, Laredo Junior College and Pan American College at Edinburg failed in the third special session.

### T. E. C. TEAMS TO AID SMALL TOWNS

Two teams which form the working force of the Texas Employment Commission's newly organized Expansion Employment Service for Small Communities recently moved into Brady where they'll survey job seekers and job opportunities for the next six weeks.

Service was set up with funds from the Federal Bureau of Employment Security to assist communities like Brady which have "substantial and persistent unemployment problems," yet are too far from one of the Employment Commission's 91 local offices to get help from a regular staff.

According to Ted Clifford of the commission, the teams will go into economically-distressed areas to try to determine what has caused a long-time employment slump, offer remedies and elsewhere or assist local civic groups in launching industry recruitment programs.

Limestone and Falls county officials have asked for the teams' services. Clifford reported that some 25 or 30 counties now are in the "substantial and persistent unemployment" category.

### CROOKED-HOLE DRILLERS CUT OFF

Texas Railroad Commission has severed pipeline connections and set zero allowables for all wells on leases in the East Texas Field on which deviation or inclination surveys have shown a crooked-hole oil well.

Chairman William J. Murray of the Commission says that the order covers 62 leases.

Attorney General Will Wilson advises that when a deviation well is found on a lease, the whole lease is to be questioned until proven otherwise.

Before the wells involved can be restored to production, operators must have inclination surveys made on each one, and must have production tests to determine each well's actual ability to produce. Wilson said production tests were required because of the possibility that a single deviated well might be drawing the allowables for eight or ten wells on a lease that are actually dead.

Officials also revealed that the deviation survey is being extended to a single well in the Webster Field in Harris County. Operators have been asked to give permission for the survey under a new policy which allows the operator to volunteer permission before a court order is sought.

Texas turkey producers are advised by Joe N. Wakefield, Poultry Science Department, Texas A&M College, to check all market turkeys now for chigger infestations. These little pests, he adds, can cause the downgrading of birds and a resulting financial loss to growers. Local county agents can supply control information.

### Visiting Highlights Community Week-end Activity

**DAVID BARTLEY** Koeninger.  
Mr. and Mrs. E. L. Walker and Mr. and Mrs. Tommy Burns of Lubbock visited in Tahoka Friday night with Mr. and Mrs. Authur Adams, who was celebrating his birthday.  
Ivan Clary of Post is hospitalized in West Texas Hospital in Lubbock where he is in serious condition following an automobile accident last week. He is the brother of Ira Clary.  
Mr. and Mrs. N. W. Crowson and Jimmy Don of Sulphur Springs visited Saturday and Sunday with his brothers and families, the A. N. Crowson's and the Sam Crowson's. They

were enroute to Colorado.  
Mr. Sam Crowson, Danny and Donnie, and Mrs. Richard Thomas and Phil left Saturday for Ft. Worth where Mrs. Crowson's brother is ill.  
Mr. and Mrs. R. L. Kahlich, Mr. and Mrs. Roger Blakney, and Mr. and Mrs. David Stell celebrated Mrs. Kahlich's birthday Friday night with a supper in Lubbock.  
Attending the dedication of the new Baptist Church in New Home Sunday were: Mr. and Mrs. R. L. Kahlich, Mr. and Mrs. Roger Blakney, Mr. and Mrs. Russ McCormick, Mr. and Mrs. B. E. Webb, Mr. and Mrs. E. R. Petty, Mr. and Mrs. Charlie Lichey, and Rev. and Mrs. H. F. Scott.  
Mr. and Mrs. Billy Weaver announced the birth of a son, Monday morning.  
Mr. and Mrs. Jess Erwin and son Jesse of Baltimore, Maryland came Wednesday to visit

his sister and family, Mr. W. F. McLaughlin. They left Friday.  
Mrs. and Mrs. A. N. Crowson, Brenda and Susy, left Sunday evening for a trip to Shrine, Sulphur Springs, and Six Flags. They visited grandparents, Mr. and Mrs. R. B. Crowson, and did a lot of sightseeing. They returned Wednesday.  
An ice cream and cake supper is planned for Friday night in the home of Mr. and Mrs. Jerry Ross for the Young Married Adults class of First Baptist Church.  
Mr. and Mrs. Bill Deavers of Slaton entertained Mrs. H. C. Fountain Sunday. Mr. and Mrs. Charles Norwood and Randy of Georgetown visited with grandmother, Mrs. Fountain.  
**BIRTHDAYS**  
July 23 — Buddy Kaatz  
July 24 — Wanda Lee Clary — Ruby Faye Savell

— Mrs. J. F. Covey  
July 25 — Dennie Moore  
— Richard Savell  
— Mr. and Mrs. J. W. Lamb  
July 26 — Mr. and Mrs. Hubert Ehlers  
Mrs. J. M. Hobbs of Lubbock is visiting this week with her sister, Mrs. Lonnie Lumsden.  
Mr. and Mrs. Weldon Ahrens and James of Lubbock visited Sunday with his parents, Mr. and Mrs. Anton Ahrens.  
Mrs. Lena Behrend was visited Thursday by her niece and family, Mr. and Mrs. Lawrence Underwood of Houston, who were on their way home from a trip to California.  
Mrs. Glen Craft of McKinney came Friday to visit Mr. and Mrs. Ray Craft. They all spent the weekend in Ruidoso, New Mexico with Mr. and Mrs. Bill Craft.

**Omitted Last Week:**  
The Wilson Home Demonstration Club met Friday, July 6 in the home of Mrs. J. W. Lambright with five members and two new members, Mrs. F. B. Riney and Mrs. Glen Ward. Mrs. J. H. Lambright presided over the business meeting. The program for the month of July was a general discussion on making jams, jellies and preserves. The ladies decided to meet the first Friday in August and go to Lubbock for dinner and a show afterward. Refreshments were served to the following charter members: Mrs. Rueben Sander, Mrs. B. O. Wilke, Mrs. Floyd Wilson, and Mrs. J. H. Lambright, along with the two new members.  
Deficit in the State General Revenue Fund, which dipped to \$89,000,000 in March, was \$28,351,556 on July 9, according to State Treasurer Jesse James.

## Old Friends

By J. J. Maxey  
We were happy to see Charles Norwood, class of 1952, one day last week. Charles was here visiting his parents and his wife's parents. Charles has been assistant to the City Manager at Georgetown, Texas for the past several months and is taking the position of City Manager at Abernathy, Texas on the first of August. Charles is a young man that knew what he wanted to do in life, trained himself for it and went after it. I know Charles and Karen will be happy to be back up in West Texas.  
We saw J. W. Clifton, class of 1952, in town last week. J. W. was here visiting his mother, Mrs. A. L. Clifton. J. W. is employed by Texas Instruments in Dallas and lives at 800 Warren Way, Richardson, Texas. We are certainly proud of the record that J. W. has made in the field of electronics. He spent a long time getting his education in this field but the goal is worth the effort.  
Roscoe Mercer, class of 1934, spent a few days in the hospital recently but is up and around now. Health is the only thing that I know of that could get the best of Roscoe. He has an answer for everything.  
Christopher Kirksey, class of 1932, and his wife the former Adelle Custer, class of 1938, have returned from a short vacation trip in Arizona. Chris says that the mountains were cool but the trout were harder to catch than the channel cat that most of us down in this country fish for.  
Denny Kincer, class of 1955, and his wife, the former Barbara Wilke, class of 1957, were week end guests in Slaton. Denny's parents live here in Slaton and Barbara's parents live on the farm near Posey. Denny played in the Plainview golf tournament with his father. I kinda think the old man showed him up. Denny and Barbara live at 7844 Abbott Drive, Fort Worth 8, Texas.  
Billie White (Billie Greer), class of 1944, is on vacation attending the worlds fair in Seattle, Washington.  
Clark Self, class of 1929, his wife, the former Irene Kost, class of 1930, together with Clark's sister, Flora Self, class of 1929, and her husband Jimmie Watkins have just returned from a nice vacation trip. They all left the afternoon of the reunion and drove up to Yellowstone Park, from Yellowstone up to Seattle and over into Canada and back through Salt Lake City, Utah. They all report a wonderful time on this trip. They report seeing Kay Castleberry, class of 1958, who is working in Yellowstone Park this summer. Clark says the food isn't so awfully high at the worlds fair but you can certainly get high in the air to eat it.  
Oma Faye Brown, class of 1932, has returned to work after a weeks vacation. She didn't give me any particulars but returned all bright eyed and ready to work.  
Elton Smith, class of 1937, is one farmer that always looks on the bright side. You never see Elton when he doesn't say crops were never better and the cow is giving four gallons per day. I don't really know whether he is whistling in the dark or just talking for the benefit of his banker.  
Those paying dues since last week were — Mrs. S. L. Forrest, Irvin Reed, Alpha Binion Lee, Ina Binion Pearson, Wenona Peebles Hardestie, Johnnie Pearl and Peetles Robbins.

### Mother of Slatonite Buried at Paducah

Funeral services for Mrs. Jewel Fay Belote, mother of Dr. J. W. Belote Jr., of Slaton, were conducted Tuesday in Paducah.  
Mrs. Belote, 66, was a lifelong resident of Paducah, being born there and employed for the last 33 years at the Hall-Scruggs Department Store. She had been ill since 1957, critically so for the past 11 months.  
Services were held at the First Baptist Church in Paducah with Rev. Robert Beck, Rev. Grady Adock and Quenten Dunn participating. Burial was in the Garden of Memories cemetery.  
Surviving are the husband, Joe Belote, Dr. Belote of Slaton, and the two grandchildren.  
Present soil moisture conditions in most sections of Texas are not favorable for a continuation of aerial applications of chemicals for the control of brush oaks and mesquites, advises G. O. Hoffman, extension range specialist.
