First bale of cotton for the Slaton area finally arrived Saturday morning, and the honor of producing the bale went to Boyd Bryant, who farms about

8 miles north of Slaton. The 527 - pound bale was produced at Acuff Co - Op Gins and was weighed in Friday at 1:35 p.m. by gin man-

ager C. C. Hunter. The seed cotton weighed about 2,150 pounds.

The first bale was a month later than the initial bale last year. C. M. Barton brought in the first 1965 bale on Aug. 25. The second bale of the season was weighed in Tuesday afternoon at Basinger Gin in

Slaton Man Is **Charged With** Strike Attack

A Slaton man, Ray Luna Pequeno, pleaded innocent last Friday to three charges filed against him in connection with an attack upon six non - striking workers of Farmer's Co-Co Compress in Lubbock.

Pequeno 32, was released on bonds totaling \$900 after pleading innocent to these complaints: Aggravated assault with in the finals. Don took out Carroll McDonald last week, while Dean defeated Robert Hoffman

to gain the finals. Four foursomes will tee off in the finals, with third - flight players starting at 2 p.m. Prizes of \$50, \$30 and \$20 await each flight winner, runner - up and consolation champ.

In the championship consolation finals will be Teddy Hatchett and Marlin Bumpass. First flight finalists will be

J. S. Edwards and Dee Bowman, while Sam Ellis and Bing Bingham clash in the consolation game.

Dick Adkins and Jim Sain are matched in the second flight finals, while Herman Green and Shorty Donaldson meet in the consolation game,

Third - flight finals match George Johnson and Hugo Mosser, while Frank Love and Marvin Gray are matched in the consolation game.

Southland, It was ginned Wed nesday morning for Stonewall Jefferson, tenant farmer on the Iva Basinger farm. Herman Havis, gin manager, reported the seed cotton weighed 1,910 pounds, and the bale came out at 465 pounds.

Bryant received a check for \$150 from the Slaton Chamber of Commerce for producing the area's first bale of cotton, Jefferson will receive \$100 for the second bale, and producer of the third bale will get \$50.

The first bale was placed in front of Citizens State Bank Saturday for display. Bryant will receive a 10-cent per pound premium from Acuff Gin.

Bryant planted his cotton the first Saturday in May, using Lankart seed. He watered twice on the irrigated land, but did not use fertilizer.

Bryant came to this area in 1923, farming in Lynn County. He farmed in the Spade community, east of Littlefield, for about 25 years and has been on his present land four years. His wife, Olga, is employed at Mercy Hospital.

A long period of wet weather slowed maturity of cotton in the area, making the first bale late this year. The damp weather and high humidity has also slowed the harvest of grain and sudan in the area.

Sunny, dry weather greeted farmers this week, but humidity has remained relatively high in early morning hours. A trace of rain was recorded in Slaton Tuesday afternoon, but skies were clear and sunny again Wednesday.

Farmers are hoping for several more weeks of dry, warm weather to help mature the crops, then the big cotton harvest will be ready to start. mperatures high of 97 Sunday, dipped to 94 Monday, then took a nosedive to 74 Tuesday. Expected high in the low 80's was reported for Wednesday.

Rotary Slates Teacher Fete

Slaton Rotary Club has scheduled its annual "Teacher Appreciation Banquet" for Oct. 20, it was announced this week by club president B. B. Castleberry.

The banquet, usually held in the spring, has been changed in order to greet teachers near the start of the school term.

Officers and directors of the Rotary Club met last Friday and set the date for the banquet during an executive business meeting. The banquet will start at 7:30 p.m. in the junior high cafeteria on Thursday, Oct. 20.

Attending the Rotary session were Castleberry, David Hughes, Carroll McDonald, Charlie Barron, Claude Cravens, and Dr. Lee Vardy.

Commission Has **Regular** Session, **Okays Tax Levy**

Slaton City Commission, in regular session Monday night, approved a tax levy of \$2 per \$100 valuation -- the same as last year, held up certification of the tax roll, discussed drilling of another city well, and discussed several other items.

Certification of the tax roll was held up pending final figures from the equalization board. A special meeting may be called to certify the tax roll.

City Administrator Buford Duff reported the city's permit to drill a well on the Rhoads property expired Nov. 1 with the High Plains Underground Water District. The city does not desire to drill the additional well at present, and Duff was instructed to check with the water district about an extension of the application.

Duff reported that four property owners had requested sewer service on 11th street, tying on to the new installation on 9th street. Duff estimated a cost of \$1,700 for the project. Commissioners asked for more specific details and costs before making a decision.

Commissioners approved purchase of a used tractor for \$1,150 and of a new shredder for \$390,

Turkey Shoot Set Saturday

American Legion Post No. 438 and workers for the Slaton Youth Center are sponsoring a Turkey Shoot every Saturday from 9:30 a.m. until sunset. The turkey shoots start this Saturday and will continue each Saturday until Dec. 17. The location for the shoot is on highway 84, one-half mile north

of Slaton. Ford Rinne is manager of the turkey shoot, A choice of turkey, ham, bacon or fresh beef will be awarded to winners. All proceeds will go to the Slaton Youth Center building fund.

School Page **Returns Today**

"The Tiger's Cage", school paper at Slaton High School, makes its return in The Slatonite today.

The school page is to be published every other week and will contain news, features and pictures of events from the halls of SHS.

Slaton firms and businesses make the page possible with sponsoring ads, Journalism instructor at high school this year is Mrs. Buford Duff.

Slatonite Adds New Salesman

Jim Newhouse has joined the staff of The Slatonite as advertising salesman and general reporter, it was announced this week by publisher Speedy Nieman.

Newhouse, a native of San Antonio, has been a resident of Slaton for about 13 months and formerly was a salesman for Delta Chemical Corp.

A graduate of Harlandale High in San Antonio, Newhouse also attended San Antonio Junior College. He served in the U.S. Army.

His wife, Sharon, is the daughter of City Judge E. C. Hunt, Mr. and Mrs. Newhouse have three children -- Christy 4, Tracie 3, and Kenneth, 1. They attend the Methodist Church.

all teachers in the Lubbock Public Schools, left for Europe on June 9 and returned to the States Aug. 28.

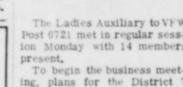

The group flew via jet to France where they rented a car and toured France, Spain, Italy, Switzerland, Holland, Austria, Germany and England. The slides included scenes of a snow storm in Switzerland and a trip behind the Iron Curtain into East Germany. Miss Oats related that the people of all the countries were very friendly; however, the trip into East Germany was depressing as the people do not smile, nor do they seem happy.

Other scenes taken in wartorn countries showed modern buildings which have replaced those destroyed, Miss Oats stated that although there are no irrigation wells in Europe, crops of mostly grain and vegetables flourish.

Following the program, refreshments were served to Mmes. Clark SelfJr., Ed Moseley, Harley Martin. Coy Biggs, Everett Hodge, Carroll McDonald, Joe Miles, Leaman Reasoner, Tommy Davis, Hall and hostess.

We weren't lucky enough to get to make that trip to Houston over the weekend with the Class of '36, but - from listening to those who did go-we really missed something. (And to think, we really were invited!)

I felt kinda like Merle King felt as her working partner was getting ready to make the trip. Merle presented Jo Delaney (they both work at Pioneer Gas Co.) a first aid book and the following poem:

On chartered bus you will ride, To Houston City--darn your hide! Having fun will be "yore' aim ... While I'm working--just the same. So take and keep this little book handy. For old classmates not feeling so dandy. Go -- Have Fun-- and Please Be Jolly Take care of all -- especially Dolly!

The group of 28 that did go must have felt much appreciation toward Dolly Brown, for without her effort and determination, the trip would not have been a reality.

Dolly knew she and Harry were going, but she hated to think about all her classmates who were going to miss the fun.

The way it turned out only two seats on the bus were empty and next time (if there is a next time) here's hoping the Niemans will be in those two seats!

Yours Truly was informed last week that this column is not the place to give my football views. A downtown quarterback did have to admit he read my column in order to make fun of it though, I advised him to stick to the sports pages.

Three more little kittens arrived at our house this week. Yep, that's right, Tiger did it again, DOESN'T ANYONE WANT SOME KITTENS AND WOULD YOU BELIEVE A MAMA CAT, TOO?

If anyone cares to purchase four real good \$3 seats to the Tennessee Ernie Ford Show tonight at the Fair, there are four for sale at The Slatonite. Each ticket includes admission to the Fair.

Mercury to Unleash Cougar, **Other New Luxury Models**

to the auto industry as Mercury unleashes the Cougar, America's first luxury sports car at a popular price.

The Cougar will be shown to the public in Lincoln - Mercury dealerships on Friday, Sept. 30.

The Mercury Cougar introduces an entirely new kind of motoring experience -- a specialty car lithe in appearance with long hood and short deck testifying to the European flair of its styling. Available exclusively as a two - door hardtop model, it has a 111-inch wheelbase and 190.3 overall length which assure built - in comfort for both front and rear passengers.

Plus - performance in keeping with this new personal car is offered with a choice of

creasing in size and importance because of the strong consumer demand to step up to something better in the personal carfield," Mr. Lorenz said. 'The Cougar is the only American market entry that has been developed specifically as a luxury sports car at a popular price with features and appointments that previously had been available only in the larger, more expensive American luxury/personal cars. The Cougar also offers responsive performance, refinement and understated elegance that rival the best of the European road cars that are far more expensive to own and operate."

The clean, spirited lines of the Cougar create an appearance of motion, accented by the recessed grille with forward thrust from the fenders

and the dividing center section. Fixed position dual sealed . beam headlamps are concealed behind vacuum - powered re-tractable doors which continue the grillework pattern of bright and black vertical bars. Mercury continues its ex-

pansion in the upper end of medium priced field for 1967 by adding three luxury models in two new top-of-theline series.

They are the Mercury Marquis, a formal two - door hardtop with wide rear roof pillars, and the Mercury Brougham series which offers four - door sedan and hardtop models with rich, luxurious interiors, Three new entries are only three of the 16 models in the full - size Mercury line which will be introduced to the public at Lincoln - Mercury dealer-

ships on Friday, Sept. 30. These two new series put the spotlight on the premium nature of the entire Mercury line for 1967," said Paul F. orenz, general manager of incoln - Mercury Division and ompany. "We feel our new models anticipate the growing demand, by customers in all segments of te automotive

of quality, performance, com fort and ease of operation." Both the Marquis and the Brougham series more than satisfy this trend. The Marquis has as standard equipment such prestige features as individually adjustable twin comfort lounge front seats and vinyl - covered Oxford roof. The distinctive roof line and - length narrow stripes along the lower body below the side molding emphasize the

role of the Marquis as a special kind of Mercury. Seats in the luxurious Brougham are covered in an all-nylon fabric, finished in a large box pleat pattern. Door panels are trimmed in a matching design and include a woodtone applique. The wood-grain appearance is repeated in the steering wheel and instrument panel.

full

For the quietest ride in Mercury history, these new series feature Mercury's luxury car body insulation plus some 12 pounds additional insulation including heavier, denser passenger compartment floor insulation and special acoustical pads.

Both series are powered by the responsive Marauder 410 engine with 330 horsepower teamed with the flexible Select-Shift Merc-O-Matic transmission as standard equipment, Four - speed manual transmission is available at no extra cost. Both Marquis and Brougham are equipped with power disc brakes making Mercury the first medium - priced car to offer this feature as standard equipment. The styling of all full - size

Mercurys assumes additional Lincoln Continental influence, particularly the broad, raised power dome on the hood and the subtle rise in the rear fender line. All models have new sheet metal below the belt line. In the new roof for the two-door hardtop models, the rear roof pillar blends in an unbroken line with the rear deck.

The big, roomy interiors attain a higher level of luxury with new trim styles and fabrics in every series. ing and integral defroster slots. Eight new body colors are among the 17 choices offered. In addition, a vinyl Oxford roof is available on any full-size Mercury sedan, hardtop or wagon and it comes in black, ivory or blue.

New, stylish four - door sedans with Breezeway ventilation, featuring a recessed and retracting rear window, are exclusive with Mercury, a pioneer and leader in automotive ventilation. This new Breezeway ventilation is standard on four - door sedans in the Brougham and Park Lane series and optional in the Monterey and Montclair series.

Also new is the Comfort Stream ventilation and heating system with pressure - controlled air outlets located in the front doors. The driver can change the air in the car with the windows closed merely by turning on the heater blower; the outlets open automatically as the heater blower raises the pressure slightly in the car. When the blower is turned off the outlets close automatically.

maximum passenger For comfort, the stream of incoming cool air can be adjusted for high level ventilation by directing its flow through the air registers on either side of the instrument cluster, This same system can be used to provide high level spot heating which can be directed to the drive, to the front seat passenger or to the rear of the vehicle. Comfort - Stream is standard on the Marquis and the Park Lane two - door hardtops and optional on all other models.

Flow - through ventilation is available again on four - door hardtops -- standard in the Brougham and Park Lane series and optional in Montclair and Monterey. Air conditioning is optional on all models. All Mercurys have Ford

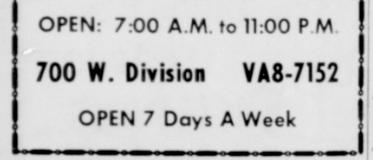

Motor Company's standard safety features for 1967, including dual hydraulic brake system with warning light, deluxe front and rear seat belts with front retractors and reminder light, impact - absorbing steering wheel with deeppadded hub, and padded instrument panel, sun visors and windshield pillars. Other safety features include double yoke safety door latches and positive door lock buttons, remote control outside rear view mirror, non - glare (day/night) inside mirror with flexible backing and break - away or double - pivot inside mirror

Continuing its expansion in the upper end of the medium price field, for 1967 introduces two new top-of-the-line series, the Mercury Marg and the Mercury Brougham, below. The Marquis is a sporty two-door with formal, vinyl-covered roof. The Brougham features new Breezew lation with lowerable back window in the four-door sedan, as picture four-door hardtop. Interiors are luxurious. The new cars go on sale in Mercury dealerships on Friday, Sept. 30.

While America has its civil rights problems, the two men pointed out that their countries are plagued with political and religious clashes.

Justin told Rotarians that it has been said that 17 U. S. presidents were of Irish descent. . ." maybe that's why you're in the plight you are now in," he remarked.

The two men were introduced by David Hughes, vice president and program chairman. Several visiting Rotarians were introduced at the club meeting.

During World War 2, some of the German Block Busters dug huge holes in and about London which piled on the surface dirt from many feet down. The strange thing about this is that this soil brought with it seeds that had been dormant for centuries, which quickly sprang into life, and produced a number of plants unknown to scientists.

Golf With Ford

Sgt. Denny Kincer, son of Mr. and Mrs. L. T. Kincer and brother of Mrs. Steve Smith, has been honored to play in an exhibition golf game with the famous Tennessee Ernie Ford.

The match will be played starting at 9:15 a.m. this morning at Reese Air Force Base Golf Course. Ford is appearing in a stage

show at the South Plains Fair in Lubbock this week.

Here's a home safety hint from the Boy Scout Safety merit badge pamphlet. Did you know that most fatal home falls happen when people are walking on a level surface? They slip on a slippery floor or trip over toys or other objects. Think how easy it is to slide on a pencil or slip on a scarf. And those stools, coffee tables, hassocks - keep them where your family won't fall over them in the dark. Remember and practice Home Safety -----like the Scouts do.

Women wore long dresses, to their ankles, long sleeves, and no low-cut fashions.

We bought green coffee beans, roasted them in the wood stove oven. People who owned no stove roasted them in a big iron oven set on top of hot coals.

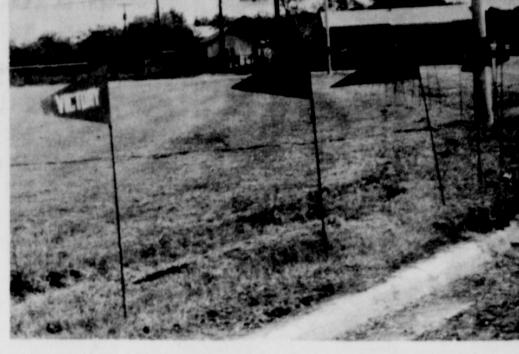

People would take the bark of a slippery elm tree, soak it in a glass of water, add a tablespoon of quinine and take it to break chills and fever. It slipped down so quickly you could hardly

taste the quinine. On cold days, sweet potatoes were baked in front of the fireplace. They were first covered with cold ashes, then heaped with hot coals.

Tallow was used to grease boots and shoes in winter. Bees wax was used to rub over thread to sew shoes and other leather things.

(Continued from Page 1) as the bus sped through the city with sirens blasting. "The Prowling Tigers" had arrived! From that moment on, members of the group said they had a feeling of being celebrities as TV cameras and newsmens' cameras were focused on them. The women were presented keys to the city and the men were given tie clasps.

The mayor was host at a buffet dinner at his home Friday night. His surprise to the group was the visit of Mrs. Jimmie Dee, formerly Ruby Catchings, now of Bellaire, who was a teacher at Slaton High School and the sponsor of the 42-member senior class of that year.

The only sad note at the reunion was the memory of several classmates who have died since the graduation 30 years ago. Mayor Welch recalled six or seven were lost in the first few weeks of the war (World War II). "Our Guard Unit was one of the first called up", he said,

During his high school years, David was in band four years, basketball two years, student council two years, Sophomore class favorite, band president this year and received an Academic Award sweater his Sophomore year.

David lists these favorites: song -- "Let It Be Me", singers-Righteous Brothers, teacher - Coach Martin, and pasttime - golf. The time Coach Kerr caught him going home instead of going to play golf was David's most embarassing moment,

After graduation David plans to go to Texas Tech.

-A Challenge for you.

It is with pride that I extend greetings to i year of 1966-1967. May you find Slaton High School realization of your ambitions and assume the resp of a true student with dignity. In order for us to a the greater spirit within the student body, you student-give more than you receive.

TIGERS SCORE FIRST WIN DOWN CROSBYTON BY 13

The Slaton Tigers held on Jimmy Williamslater a quarter-back sneak in the second half for a 13-7 victory over the Crosbyton Chiefs at Tiger Field Friday left in the first h night. The victory was the first for the Tigers in the 1966-67 football season.

Slaton struck first midway in the first quarter when halfback Larry Pickens slanted off right tackle for 5 yards and the touchdown. The extra point try failed and Slaton led 6-0. Crosbyton came back quickly to get their first and only TD when fullback Richard Barrett scampered 16 yards to pay dirt. Wynn Robertson converted and Crosbyton led 7-6. Both defenses tightened until

the Tigers threatened late in the second quarter. The Tigers recovered after Ethridge's punt to the Crosbyton 15-yard line.

Three Coaches New to Faculty

This year's coaching staff consist of three of SHS's new teachers. The head coach is Ernie Davis. The two assistants are Bob Martin and Eugene Franklin, Coach Davis is a graduate

of McMurry College and majored in physical education, Coach Martin majored in history and is a graduate of Texas Tech. Coach Franklin is a graduate of Northeastern Louisiana State with a major in physical education,

A warm welcome is extended to these new coaches and their families. They have done a wonderful job thus far and with their leadership and continued spirit of SHS, the Tigers will win this year.

classic front-end styling. Roof lines on 2-door sedan, 4-door and 2-door hardtop models have graceful new flowing lines, Rear roof panels join body panels at the rear with softer, more convex lines than last year's models. The rearward sweep of the 2-door hardtop roof line creates a raised, "fastback" slightly look. LTD 2-door hardtops have a specially tailored roof quarter panel with a smaller quarter window, as well as the vinylcovered roof.

Rear - end treatment for 1967 is keynoted by softer lines and recessed taillights, which give body side panels an uncluttered appearance. The vertical shape of the taillights is divided into four equal sections by bright trim. The center of each light is accented by a back-up light. Trunk lids are gently rounded at the rear, reflecting the generally softened lines for '67. Station wagon models, convertibles and 4-door hardtops carry over the basic roof lines from 1966 with important body changes below the belt line. Interior styling has under-

gone complete change for 1967 with luxurious new fabrics and vinyls and new instrument panel design,

With a host of performance options, numerous engineering refinements, and important new styling changes, the 1967 Fairlane is well equipped to capture an even larger share of the burgeoning intermediate car market.

Fairlane styling changes for 1967 include an attractive new recessed grille, bold new body side panel trim, smart new taillight design and luxurious new interior trim combinations. The sporty GT models again will be available with distinctive racing stripes.

Engineering refinements include new valve train design on V-8 engines which increase ity and reliability. Car. buretion also has been improved for added smoothness and economy. Optional equipment for the Fairlane has been broadened to include Power Disc front brakes, a Stereosonic Tape System, vinyl roof coverings, a 427 - cubic - inch engine and high performance wide oval tires. Safety features include impact - absorbing steering wheel with deep - padded hub, energy -absorbing safety arm rests, a dual hydraulic brake system, padded windshield pillars, remote control outside rear view mirror, two - speed electric windshield wipers and a new lane - change turn signal position.

Dramatic new styling marks the 1967 Ford which has received major sheet metal change for the third time in three years. Pictured here are the X/L Convertible (above) and the X/L 2 door Hardtop, both of which offer Ford's Select Shift Cruise O Matic transmission as standard equipment. Featured only on the Fairlane GTA in 1966, Select Shift permits the driver to shift manually or automatically. Ford's new styling features sculp tured side panels and a gull-wing design grille that is die-cast in the X/L, LTD and Country Squire series. Engineering improve-ments give the 1967 Ford an even quieter and smoother ride. All Ford models will be on display at Ford dealer showrooms Friday, Sept. 30.

Barrett crashed 16 yards for the touchdown, Wynn Robinson's kick put the chiefs on top, 7-6, with 4:47 still left in the first quarter.

The Chiefs held Slaton on the next series, then cranked up another drive of their own. With a first at the Tiger 14, the Chiefs were stalled on a

third - down play when Williams caught Flournoy for a six-yard loss. Robinson's field -goal attempt was no good. After an exchange of punts, Slaton got the big break. Ethridge boomed a 49-yard punt and a Crosbyton back fumbled it while giving chase, Larry Pickens recovered the fumble

on the Chief 16. Fisher banged for two off tackle, then almost went in as he gained 11 yards on a left end sweep. Williams missed a handoff and was stopped for no gain, then the Chiefs drew a penalty of 1 1/2 yards to the 1 1/2. Williams then carried over the middle and Harlan

added the extra point for a 13lead with 52 seconds left in the first half. Slaton drove to the Chief 25 to open the second half, but the Chiefs held for downs. Crosbyton then drove to the Tiger 23 where Slaton held on

downs. Moments later, however, Robinson stole a stray pass on the Slaton 37. A 17yard run by Flournoy pushed the Chiefs close, but Slaton rose up to stop the threat on the 1-yard line.

The Tigers drove out to the 27, but Ethridge's punt was blocked and Crosbyton recovered on the 12. Slaton held at the

5, and a fourth - down pass was dropped in the end zone. Slaton punched out to the 13, and Ethridge punted out to the Chief's 44. Two plays later, Washington intercepted a long pass to wrap up the game for the Tigers.

Tailback Charles Fisher led the offensive charge, toting the ball 18 times for 52 yards. He was followed by Ethridge with 7 carries for 31 yards. Ethridge's great punting was also a big factor in the game. He got off four punts for a 45.6 average, and one of the booming kicks was fumbled by Crosbyton and led to Slaton's margin of victory.

Jim Williams, the sophomore quarterback, continued to show great promise as he guided the Tiger attack, chipping in timely runs and passes. He also turned in some fine defensive plays at halfback, along with safety Richard Washington.

The Tigers scored the victory with four regulars out of action, Backs Steve Harlan and Gary Brush and linemen Bobby Ball and Claude Stricklin were either sidelined or saw little action. Brush missed the game completely, while Harlan filled in for only several plays. Ball, hobbled with a bad ankle, saw only brief action, Stricklin, a standout performer at end, was shaken up on the first series of plays and missed the rest of the game.

Stricklin was reported ready to go Monday, while the others are also expected to return to action. Ball may yet see limited action until the ankle heals properly.

Homecoming At **Cooper Friday**

And Saturday All ex - students of Cooper High School are invited to homecoming Friday and Saturday in Woodrow, announces J. C. Robertson, president of Cooper

Ex-Students Association. Festivities will begin with the football game at 7:30 p.m. Friday between Cooper and Whiteface High School at the Cooper High School stadium, after which will be a reception for all ex-students in the high school cafeteria.

The two - day event will end Saturday with a banquet staged at 7:30 p.m., also in the high school auditorium.

Other officers of the association, in addition to Robertson, are Don Varetto, vice president, and Mrs. Malcom Pate secretary-treasurer.

Southland Ties **Cotton Center** In 14-14 Game

Southland had to settle for tie with Cotton Center in it's first home stand of the season Friday night at Southland in a 14-14 battle.

Cotton Center jumped into the lead in the first period of play when Don Barrett went 15 yards for a touchdown, putting the score at 6 to 0 when the extrapoint try failed.

Southland then came back to tie the game up when Habier Salinas ran five yards for a TD in the third quarter. Dennis McGeehee put the Eagles out front when he ran for the two extra points.

McGeehee again moved the ball across from the one-yard line to give the Eagles what appeared to be the margin of victory, but Wood came back to score on a 10-yard run for Cotton Center and even the game up.

This gives the Eagles a 2-0-1 in the won-loss-tied record. This week the Eagles will play their second home game with ThreeWay Friday night,

Hello there, all you Slatonite readers. Hope the good ole sun is shining on everyone when Thursday arrives. There are so many weeds, farmers are having to hire more help to chop them, and so many people are suffering with hay fever and bronical trouble due to polon from the weeds. Also, the mosquitoes are happily humming all around, too.

If you have your yard mowed and clear of weeds you are fortunate as it stayed muddy so long we couldn't get in ours with a mower. Maybe now the weather will be better. Sometimes we don't realize what a blessing it is to have sunshine. ...

A large oil rig is soon to drill a deep test well on Jim Gentry's farm near the canyon on the south side and near my farm. I will be able to see the rig from my house. Here's hoping they strike a big stream of oil. The company that leased from us agreed to drill three deep test wells. Wouldn't I be lucky to get one?

VISITORS

My visitors the past week were my daughters, Mmes. Linda and Sandy, Mr. and Mrs. Max Ryan, Mr. and Mrs. Bob Price and Bobby, Karen and Sharon and Miss Linda Roach all from Lubbock, After supper, games of "42" and visiting topped off a very enjoyable

evening. Mr. and Mrs. W. A. Basinger visited in Petersburg on Sunday with their son and family, Mr. and Mrs. Don Basinger. Donna had been confined in the Plainview hospital for several days, but returned home on Sunday. We hope that everything goes

well with her. Little Kevin Foerster spent Friday night in the home of Mr. and Mrs. Junior Becker. Don Harlan and Jerry Pennell visited with Junior Becker on Saturday afternoon and they

all went dove hunting. Geraldine Hodges from Plainview visited with Mr. and Mrs. William Bevers over the week end. Geraldine is a surgical nurse at the Medical Center in Plainview, and is the sister of Mrs. Bevers.

Mr. and Mrs. Herbert Dunn received a real nice letter from Miss Kathleen Sugiyama today (Monday). Kathleen is one of the girls I wrote about last week who is in training for the Robbins from Idalou, Mr. and Peace Corps and had spent Mrs. Jack Andrews from Saturday and Sunday in Southland working on an assignment. She had some nice things to say about the reception that was honored with a bridal show- they received here in Souther on Saturday in the home of land and how nice she thought Mrs. T. H. NEED OLD SHEETS One day of each month I

work with a group of women of our church and we make cancer pads for the Red Cross in Lubbock and other cancer centers. We make them out of old white sheets and filler, the filler being supplied by the center. Our supply of old sheets has been used up, since it takes so many to make a pretty good supply, so if any of you happen to have some worn out sheets (white) that you would like to get rid of, call me and I will be happy to come and pick them up. My number is 996-2423. You just can't imagine how many of these pads are being used every day and there is always a demand for more and more. I would love

to hear from you. Pam Owens, bride - elect number of models from 33 last year to 35 in 1967.

PONTIAC'S Catalina series is represented in the top photo by the 1967 hardtop with the Ventura option. The Catalina's distinctive styling, interiors and colors, many standard equipment safety items and a wide selection of options has made this Pontiac one of the largest selling cars. The Pontiac Le Mans series is represented in the lower photo by the hardtop coupe.

Ride the Wide-Track winning streak!

From the same drawing board that gave you Grand Prix, GTO and Overhead Cam Six now come the newest Pontiacs since the invention of Wide-Track!

You're looking at the most beautiful Pontiacs ever to ride on Wide-Track. The incomparable GTO returns with a 335-hp 400 cubic inch engine under a magnificently refined new skin. Or you can order the 255-hp version or the fabulous new 360-hp Quadra-Power 400. And for the first time, you can order your GTO with our famous three-speed Turbo Hydra-Matic.

The Le Mans and Tempests come back better than ever. Bright new interiors. Bold new colors.

A 165-hp Overhead Cam Six is standard. Or you can specify a 215-hp version, a 250-hp regular gas V-8 or its 285-hp premium gas cousin. Or step into the neatest grand touring car this side of the Atlantic with our OHC 6 Sprint package.

Our big Pontiacs are new from the famous split grille to the slickest innovation of the year -disappearing windshield wipers! They're less subject to freezing. And only Pontiac has them.

Also new: a Grand Prix convertible!

There are new 400 and 428 cubic inch V-8s, New safety features such as front seat belt retractors, a four-way traffic hazard flasher; folding front seat back latches and General Motors' new energy absorbing steering column.

Of course, all Pontiacs come with the roadhugging security of Wide -Track.
