

## Wright, Huneycutt, Mims Win Commission Posts

### Record Vote Climaxes Active City Campaign

Firing the opening guns in a new political year, Big Spring voters went to the polls Tuesday and elected H. W. Wright, Iva Huneycutt and George Mims to fill three expiring posts on the city commission.

The election climaxed one of the most active city campaigns in history. Total votes cast set a new record, when 1,519 ballots were marked, 61 more than the previous all-time high of 1,458 in 1944.

Wright, who campaigned jointly with Mims and Neal Barnaby as an entry slate of World War II veterans, headed the list of seven candidates by a considerable margin with 881 votes. Huneycutt was second with 723, while Mims ran a close third with 713.

The trio will succeed R. L. Cook, currently serving as mayor, W. S. Satterwhite and G. H. Hayward, whose terms expire. Hayward was the only incumbent who sought reelection.

Finishing in fourth place was K. H. McGibbon with 692 votes. He was followed by Barnaby, 641; Hayward, 498; and T. J. A. Robinson, 224.

The new commissioners will be sworn in at the next regular commission meeting slated for April 9.

Next on the political calendar are school board elections, slated for Saturday, which take on county-wide aspects. All independent and common school districts will conduct trustee elections, and two trustee posts of the Howard County Junior College district will be filled.

L. H. Thomas and Mrs. J. E. Brigham, both incumbents, are the only candidates listed for the junior college ticket.

Two places on the Big Spring Independent School district board are due to be filled from a list of five candidates. Those who have announced and filed for places on the ballot include J. Y. Robb, W. W. Inkman, Justin Holmes, W. D. Berry and Dewey Martin. Robb and Inkman are the incumbents.

H. W. WRIGHT

IVA HUNEYCUTT

GEORGE MIMS

## Court Sustains Contempt Ruling

AUSTIN, April 3 (AP)—The court of criminal appeals today overruled the motion for rehearing of the Corpus Christi Caller-Times contempt case, in which attorneys for the newspaper pleaded freedom of the press.

The court had upheld the judgment of the Nueces county court holding three employees of the newspaper in contempt for publication of news stories and editorials in connection with a civil case pending before the court.

The criminal appeals court, by a two to one decision, had ruled that Conway Craig, publisher; Bob McCracken, managing editor; and Tom Mulvany, reporter, must spend three days in jail on the contempt charges brought by County Judge Joe D. Browning.

Today's action means that the case will be appealed to the United States supreme court, as expressed by attorneys for the Corpus Christi Caller-Times.

## Eisenhower Asks Probe Of Charges

WASHINGTON, April 3 (AP)—Gen. Dwight D. Eisenhower today ordered immediate investigation of charges attributed to a government prosecutor that efforts were being made to protect army officers from prosecution in the Lichfield court-martial in England.

A war department spokesman said the chief of staff ordered a prompt report from the headquarters of Gen. Joseph T. McNarney, commander of American occupation forces in Europe.

The spokesman said Eisenhower was confident McNarney already had started action to assure complete justice both to enlisted men and officers concerned.

Eisenhower acted on the basis of a London dispatch saying Capt. Earl J. Carroll, the prosecutor, had resigned and had accused the army of mishandling the court-martial to protect top army officials.

## Heavy Balloting Noted In State

By The Associated Press  
Texas voters, already primed for what is expected to be an eventful political year, balloted heavily yesterday in local elections that, in some instances, saw records shattered.

In Brownwood, Luling, Texas City and Anton, ex-servicemen won municipal posts. In Brownwood, Lubbock tabulated a record vote—5,285 to 3,984 in 1938—in electing Clarence A. Bestwick, automobile dealer, mayor. Two city commissioners also were picked.

Anton's ex-servicemen's government will consist of 21-year-old ex-sailor Kendall Griswell and Henry Wright and Boyd Reed, commissioners.

Wendell W. Mayes was chosen mayor of Brownwood by a narrow margin.

Richard C. Bush was elected mayor of Waco.

Colorado City voters cast 954 votes, re-electing R. H. Barber (517) and E. R. Bibby (591). A prospective \$325,000 water, street, sewer improvement bond issue carried 636-70.

At Snyder, Dr. D. K. Rafil, dentist, staged an upset win, polling 699 votes to 206 for Dr. H. G. Towle, mayor for 20 years. Simon Best, marshal, was returned as were John Stears, H. O. Beard and A. C. Martin.

E. G. Rodman was elected mayor of Odessa, defeating G. D. Bean 794 to 669. Elwood Scott and A. J. Hunt were elected aldermen.

## Woman Gets Term On Forgery Count

Betty Elizabeth Brown, a 23-year-old woman returned here from the Oklahoma state penitentiary where she spent two years in confinement on a forgery conviction—learned this morning she has not finished paying her debt to society.

District Judge Cecil Collins, after weighing evidence that she had been guilty of forgery, informed the weeping girl her penalty would be another two years' confinement, this time in a Texas house of correction.

Her two alleged accomplices are wanted here on the same count but there was little prospect they would ever appear before a local court. They are at present in the Oklahoma prison. Other cities in the Sooner state are reading more serious charges against them, according to members of the sheriff's office.

Miss Brown told the court she was not the artist of the trio but that she had passed the document in question, which was for \$37.

She also admitted forging similar instruments in Fort Worth but said that a charge lodged against there had been dismissed.

## Senate Ready To Pass Plan For Housing

### Two-Fold Program Of Administration Restored To Bill

WASHINGTON, April 3 (AP)—President Truman's emergency housing legislation, including \$600,000,000 for building material subsidies, was unanimously approved today by the senate banking committee.

WASHINGTON, April 3 (AP)—Senate leaders set their sights today on quick action for a double-barreled housing program:

1. The veterans' emergency housing legislation, revised to include output of scarce building materials.

2. The Wagner-Elender-Taft long range housing bill embracing continued low-rent public housing, aid for cities to redevelop "blighted" areas and extension of federal mortgage guarantees to new fields.

Before today's meeting of the senate banking committee, Chairman Wagner (D-N.Y.) told reporters he hoped to get approval for both measures and then bring them up on the senate floor soon after pending minimum wage legislation is out of the way.

Wagner expressed confidence that the subsidy fund, put into house-passed legislation by a banking sub-committee, will be retained.

The house rejected the subsidy proposal which President Truman called the "very heart" of his emergency program. It also refused requested authority to put price ceilings on existing homes. This also was put back in the measure by the senate sub-committee.

No substantial opposition was in sight to the ceiling proposal. Under this proposal, the owner of a house or building lot could sell it for whatever he could get, but that sales figure becoming a "ceiling" in event of resale during the housing emergency.

The emergency legislation also provides for continued control over use of building materials, price ceilings on new homes, and a billion-dollar increase in government authority to insure home mortgages.

The companion long-range program, authored by Senators Elender (D-La), Wagner (D-N.Y.) and Taft (R-Ohio), authorizes outright federal contributions of \$31,000,000 for housing, in the first year with annual increases which would bring the total to \$133,000,000 at the end of five years.

The plan for federal aid to cities redeveloping "blighted" or "slum" areas calls for local agencies to acquire the land, clear it and prepare for redevelopment. The federal government would make annual contributions thereafter to enable the city to lease the land, or sell it at a figure which would interest private developers.

## Russian Authority Sees Atom Future

MOSCOW, April 3 (AP)—Abraham Joffe, one of Russia's foremost authorities on atomic energy asserted today in the government newspaper, Isvestia, that the time is not far off when Russian scientists will examine the properties of the atomic kernel with the same ease with which they now study the energy of gases and crystal structure.

He added that Russian physicists stand on the threshold of a new technique of turning an atomic kernel's energy into numerous fields, including "rocket motor power."

## Families To Japan

YOKOHAMA, April 3 (AP)—The US Eighth Army has asked the War Department to transport the families of 275 officers, enlisted men and civilians to Japan in May and June. Only nine are the families of enlisted men. No others applied.

Homma stood as the officer in command read the charge, finding indicated he had no last statement, he had written to an old friend in Japan that he could not escape the death sentence.

"I do not blame anybody to fulfill my task with justice and honor. I do not blame anybody for the earlier the better—the Japanese soldiers fell and where American soldiers I must apologize to God for all my sins."

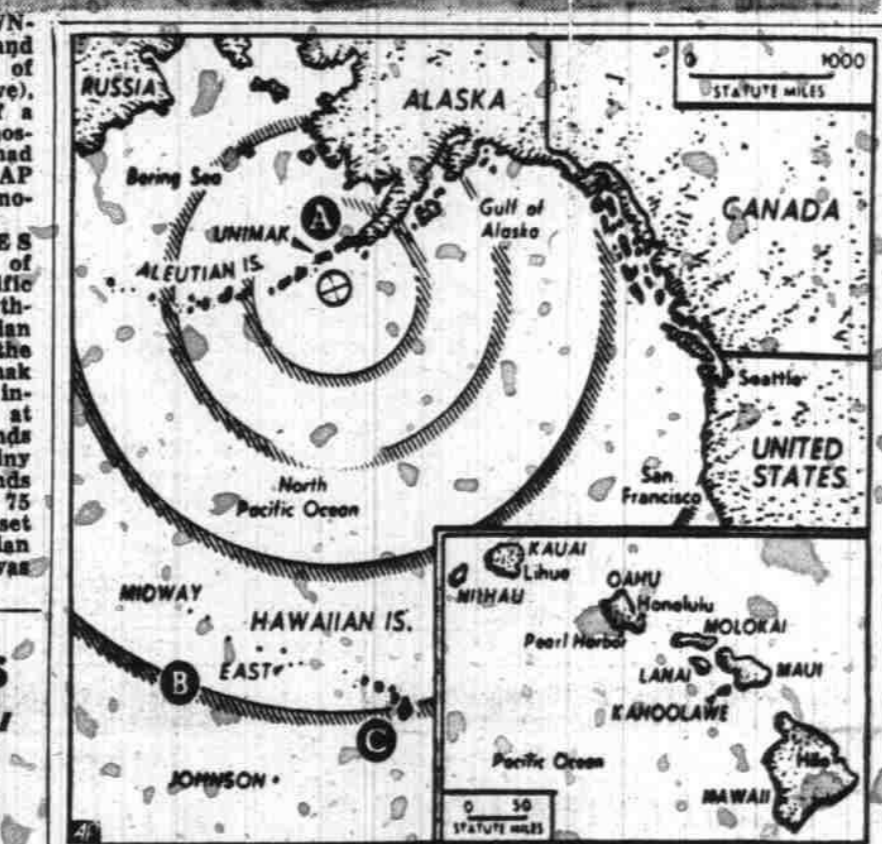

Today, Mrs. Homma was reported ill of typhus in Tokyo Imperial University hospital. The Hommas' daughter, Michi, told Kyodo News agency the execution of my father took a weight off my mind as I have pitied because of father's irritation in awaiting execution."

## Disaster Toll Is Estimated At 176 As Tidal Wave Subsides

TIDAL WAVE HITS DOWN-TOWN HILO. Lumber and debris litters this section of downtown Hilo, Hawaii (above), which felt the full effect of a tidal wave which claimed a possible 300 lives. Sixty bodies had been recovered in Hilo. (AP Wirephoto via radio from Honolulu.)

WRECKED SEISMIC WAVES HIT—Circles indicate series of seismic waves in the Pacific which originated with an earthquake south of the Aleutian chain, shown in the map on the left. Ten were killed at Unimak (A). To the south (B) naval installations were damaged at Midway and the Johnson Islands and seas swept clear over tiny East Island. In the major islands of the Hawaiian group (C) 75 bodies were recovered. Inset shows major islands in Hawaiian group where Hilo in Hawaii was hit hardest.

## Government Plans To Unsnag Miners' Strike Arbitration

WASHINGTON, April 3 (AP)—The government planned a new gesture today to keep the bituminous coal negotiations from becoming hopelessly snarled on John L. Lewis' demand for safer working conditions.

With the strike of 400,000 soft coal miners entering its third day, special conciliator Paul W. Fuller told reporters he would take some action. But he declined to disclose details in advance of his meeting with the negotiators.

Some persons close to the talks thought Fuller might ask Lewis to begin discussing wages and hours at once.

The United Mine Workers' press week has emphasized to newsmen, however, that he will not take up those issues until the operators agree in principle to a idea of a health and welfare fund and "abatement of this slaughter" he contends exists in the nation's soft coal mines.

Should Fuller propose that the negotiators turn to another topic, it was believed by some operators that Lewis might insist there was no further use in conferring with the producers committee.

At a news conference yesterday the lustrous-browed UMW chief served notice that he thought continuation of the negotiations without agreement on safety would be fruitless, but he promised union representation at today's session.

Lewis tried to adjourn the negotiating committee sessions yesterday and report disagreement to the full wage conference which recessed two weeks ago. He said the agreement then could be made public and "the country could make its own decision on its tenability of the operators' position."

## First Form Workers Due In US April 15

MEXICO CITY, April 3 (AP)—The first group of Mexican farm workers to till American farm lands under a new Mexican-US agreement will leave for the United States, probably April 15, the labor department has disclosed.

In all, approximately 54,000 workers will be assigned jobs under the new contract. The Mexican government has made clear, however, that certain states, because of alleged racial discrimination, would not be eligible to receive workers.

## Probation Institute

DALLAS, April 3 (AP)—Plans for a statewide probation officers institute during the summer will be made in a conference in Austin Saturday, Dallas county chief probation officer Sam Davis has announced.

## Property Loss Pegged At Many Million Dollars

HONOLULU, April 3 (AP)—The multi-million dollar debris of seismic wave-ravaged Hilo yielded seven more bodies today as weary volunteers, spurred by a threat of contagion, continued their unceasing search.

The earthquake-born disturbance—now completely subsided—took possibly 176 lives as it pounded shores from the Aleutians to Hawaii, to California and to Peru.

The territorial toll of 79 dead and 85 missing included: Hilo and the island of Hawaii 55 dead and 73 missing; Kauai 12 and six; Maui seven and five; and Oahu five and one. All bodies had been identified.

Added to these were 10 presumed deaths in the Aleutians and one each in California and Peru. An estimated 4,000 Hawaiians were homeless.

Pacific fleet headquarters, reported it was in radio contact with all Pacific islands on which there were US naval installations, and that it had no reports of any loss of life. The army also had no reports of deaths.

The navy's Alaska sea frontier command at Kodiak last night said no further effect or recurrence of the wave was expected, criticizing in the same statement "groundless, panic-breeding rumor." (The Associated Press did not carry such rumors.)

Dr. Archie Orstein, Hawaii county physician, reported last night that it might be necessary to take fingerprints of some bodies still unidentified so that they could be cremated promptly to forestall possible contagion. Later it was announced that all bodies were identified.

Territorial Gov. Ingram M. Stainback, meeting with army, navy and Red Cross officials, named special representatives to direct the immense task of hurrying critical items and services to ravaged areas.

Wrecked Hilo, city of 25,000 on the exposed shore of Hawaii island, reported adequate medical supplies, nurses and hospital facilities, but made hurry-up requests for food and clothing.

Topping the list was the item of 6,000 diapers, plus several hundred sets of baby clothing and hundreds of adult-size garments.

Fact-reaching sea-air searches conducted by army and navy personnel continued, and rescues of individuals and small groups washed far to sea were reported.

## Board Awards R-R Workers 16 Cents

CHICAGO, April 3 (AP)—Bert M. Jewell, chairman of 15 non-operating railway labor organizations announced today that a board of arbitration had awarded a 16 cent an hour wage increase to some 1,100,000 railroad workers. The unions had asked 30 cents an hour.

All papers giving full title of property on the veterans' hospital site will be submitted to the veterans' administration this week, B. J. McDaniel, city manager, has announced.

McDaniel said he notified the VA several days ago that the instruments would be in their hands by the end of the week.

Formal action on closing of streets which cross the property will be taken at the next city commission meeting. The streets involved are 23rd and 24th from Gregg westward and Lancaster from 23rd southward.

A former Kurdish member of Iran's parliament declared in Hamadan that "Kurds of Iran, Turkey, Iraq and Syria, meeting at Mehabad, have proclaimed a new and greater Kurdish state" centered at the Iraq oil city of Mosul.

Neither of these informants could be identified by name. The chieftain, who said his life would be in danger if his presence in Tehran was disclosed, said the military forces of Ghazi Mohammed, the head of a recently proclaimed independent Kurdish republic, were based at Saubulagh, had "obliterated" 20 tanks, four trucks and a number of mortars from a Russian unit in Miyanduab, northwest of Saubulagh.

Dallas county chief probation officer Sam Davis has announced.

## Bowles May Order Anderson To Sign

WASHINGTON, April 3 (AP)—Government officials said today Chester Bowles may order Secretary of Agriculture Anderson to approve a regulation designed to check rising cotton clothing prices.

These officials, in a position to know but who asked anonymously, said Bowles plans to do this unless Anderson decides soon to approve the measure voluntarily.

Drawn up by OPA nearly three weeks ago on instructions from Bowles, it would require higher down payments on cotton sold for later delivery.

The purpose, Bowles has said, is to check speculation in cotton, which he contends has been a "major factor in forcing up prices of cotton clothing."

Bowles ordered cotton margins boosted after leading cotton exchanges had refused to do so voluntarily.

But some cotton-state senators, opposed to the order, contended that under the price control act the measure could not be put into effect unless approved by Anderson. And they reportedly urged the cabinet officer to block the order by refusing to sign it.

Anderson took the position that his signature was not required.

Both OPA and Bowles' legal aides agreed with the senators that the order would not be valid without Anderson's signature.

Anderson thus far, it was understood, has refused to sign the order without a directive from Bowles requiring him to do so.

The purpose, Bowles has said, is to check speculation in cotton, which he contends has been a "major factor in forcing up prices of cotton clothing."

Bowles ordered cotton margins boosted after leading cotton exchanges had refused to do so voluntarily.

But some cotton-state senators, opposed to the order, contended that under the price control act the measure could not be put into effect unless approved by Anderson. And they reportedly urged the cabinet officer to block the order by refusing to sign it.

## Papers For Site To Be Submitted

All papers giving full title of property on the veterans' hospital site will be submitted to the veterans' administration this week, B. J. McDaniel, city manager, has announced.

McDaniel said he notified the VA several days ago that the instruments would be in their hands by the end of the week.

Formal action on closing of streets which cross the property will be taken at the next city commission meeting. The streets involved are 23rd and 24th from Gregg westward and Lancaster from 23rd southward.

A former Kurdish member of Iran's parliament declared in Hamadan that "Kurds of Iran, Turkey, Iraq and Syria, meeting at Mehabad, have proclaimed a new and greater Kurdish state" centered at the Iraq oil city of Mosul.

Neither of these informants could be identified by name. The chieftain, who said his life would be in danger if his presence in Tehran was disclosed, said the military forces of Ghazi Mohammed, the head of a recently proclaimed independent Kurdish republic, were based at Saubulagh, had "obliterated" 20 tanks, four trucks and a number of mortars from a Russian unit in Miyanduab, northwest of Saubulagh.

Dallas county chief probation officer Sam Davis has announced.

## Milk Price Hike Seen As "Quite Likely" Soon

WASHINGTON, April 3 (AP)—Retail prices for milk butter and cheese are "quite likely" to be increased soon, government officials predicted today.

Both OPA and the Agriculture Department have recommended increases, and their proposals are being studied by the Office of Economic Stabilization, according to these officials who withheld use of their names.

"The whole question of how much the increases may be is still very much up in the air," said one official, "but in the case of milk a jump of about a half cent a quart looks about right."

An increase of that amount for milk, he added, would mean a hike of about six cents a pound for butter and about three cents for cheese.

There has been no decision whether any milk price increase will be nationwide. There is a possibility it may be authorized only for the so-called deficit producing areas—the South and the Pacific and Atlantic Coast areas.

### Eastern Star Has Easter Program At Regular Meeting, Guests Attend

An Easter program was presented at the regular meeting of the Eastern Star Tuesday evening at the Masonic hall, with Gladys Dalmont acting as program chairman. Ina Richardson whistled "Easter Parade," accompanied by Alma Blount, after which the officers gave a drill which ended with a cross, and as they remained in the last formation Ruby Reed sang "Where He Died for You." "King Robert of Sicily," a reading, was given by Veda Carter, followed by a duet, "Why Should He Love Me So," by Ruby Reed and Pearl Urey, accompanied by Nina Curry.

Two grand officers were present and included Gladys Dalmont, deputy grand matron of district two, section eight, and Claudia Adams of Coahoma, grand representative of Michigan. There were visitors from Goldsmith, Odessa, Coahoma and Denver, Colo. The refreshment table was laid with a white-lace cloth and was centered with a cross shaped arrangement of white gisdiola and carnations. Rabbit shaped candles flanked the arrangements, and the entire hall was decorated with spring flowers.

### Oppenheimer Book Review Thursday

Another of Daphne duMaurier's great novels will be reviewed by Evelyn Oppenheimer of Dallas, Thursday evening at 8 o'clock in the municipal auditorium. The American Association of University Women is the sponsoring organization. Miss Oppenheimer has reviewed books several times in Big Spring, and this will be her second performance under the sponsorship of the AAUW. Tickets to the affair are available at the Book Stall, at Cunningham & Phillips, from any AAUW member or at the door the night of the performance.

### P-TA To Meet

South Ward P-TA will hear a special musical program conducted by Mrs. C. W. Norman at the meeting Thursday, with performances by Mary Frances Norman and Gilbert Mull. Mrs. Joe Blum will discuss "Will There Be a Sex Problem?" The executive meeting will be at 3 p. m. and the regular meeting is at 3:30 p. m.

**Do YOU suffer from CRAMPS NERVOUS TENSION**

in "CRAMPY SPOTS" of the month? If female functional monthly disturbances make you suffer cramps, headache, backache, weak tired, nervous, cranky feelings—at such times—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken through the month—Pinkham's Compound helps build up resistance against such eruptions. Also great stomachic toilet try it!

### Reed Speaks At Meeting

Walter Reed, principal of the high school, was the speaker at the High School P-TA meeting Tuesday afternoon, when Mrs. O. M. Waters was in charge of the program. The speaker discussed the qualifications a student must have to enter college, and pointed out that most necessary credits required are in the school curriculum. He added, however, that the student should decide which college he plans to attend before his senior year and in that way he can choose the optional courses which will be most beneficial. Mrs. Bogue Horne presided at the business meeting and Mrs. Della K. Agnell and Mrs. C. C. Worrill reported on the P-TA convention held in San Angelo last week. The freshmen and sophomore classes tied for the room count.

### Social Calendar For The Week

**THURSDAY**  
**CREDIT WOMEN'S CLUB** will elect officers when the noon meeting is held at the First Methodist church.  
**SOUTH WARD P-TA** will have an executive meeting at 3 p. m. and a regular meeting at 3:30 p. m.  
**KOUPLES DANCE KLUB** will meet at 8 p. m. at the country club with Mr. and Mrs. Arthur Caywood as hosts.  
**BERTA BECKETT CLASS** of the First Baptist church will have a luncheon at noon in the church.

**FRIDAY**  
**SUSANNAH WESLEY CLASS** will have a luncheon at the First Methodist church at noon.  
**FRIDAY BRIDGE CLUB** will meet at 2 p. m. with Mrs. Louise Hamilton.  
**LADIES GOLF ASSOCIATION** will have a regular luncheon at noon at the country club with Mrs. Bill Wright, Mrs. Ohie Bristol and Mrs. Champ Rainwater as hostesses.  
**TRAINMEN LADIES** will meet at 2:30 p. m. in the WOW hall.  
**NATIONAL SECRETARIES** will have their banquet at 7:30 p. m. at the Settles hotel.  
**FRIENDSHIP CLUB** will meet at 2:30 p. m. in the home of Mrs. C. Y. Chinkscles.  
**SATURDAY**  
**ALLEGRO MUSIC CLUB** has meeting at First Baptist church at 10 a. m.  
**HYPERION CLUB** will have a meeting in the home of Mrs. Charles Watson, 1007 Wood street at 3 p. m.

### Baptists Attend Workers Conference

A group of Baptist Sunday school workers left Tuesday for Paso where they will attend the district meeting of church workers. Those attending the meeting from this area included Mr. and Mrs. Ernest Hock and Barbara Ann, Mrs. Sam Williams, Rev. I. M. Lassiter of the Coahoma church, Mrs. Ora Johnson, Mrs. W. J. Alexander, Mrs. Joe Clegg, Mrs. Ted Williams, Mrs. Ervil Daniels, Mrs. John Coffee and Barbara and Rev. P. D. O'Brien.

THE NEW LOOK IN SPORTS DRESSES... No longer does a sports dress mean a severe shirtdress style. This flattering style, with yellow chambray bodice and gray skirt, is a New York design in the new manner.

Joe Kisman, S 1/C, is here visiting with relatives and friends. He is stationed in San Diego.

### Easter Hats

—in the gay new mood

The loveliest, most original hat creations you've seen in years, reflecting the gay new moods of Peace. Colorful in trim with lovely flowers, saucy veils, gay ribbons. Light or dark, soft or bold colors. An exciting variety of new and flattering millinery motifs you'll find delightful... at Anthony's.

Individual designs by the dozens... all new... all exciting... all flattering, and lovely in the Spring manner of 1946.

### Methodist Circles Meet In Davis, Satterwhite Homes

Mrs. R. E. Satterwhite entertained Circle Two of the First Methodist WSCS Monday afternoon. The meeting was opened with song and Mrs. Gladys Moore gave the devotional. Plans were made for the luncheon to be given at the First Methodist church Thursday. The group voted to order new song books for the mission. The meeting was closed with sentence prayers.

### East Central Circle Has Two Meetings

East Central circle met Monday afternoon at the First Baptist church for a regular meeting and Bible study. Mrs. Frank Gary opened the meeting with a prayer followed by the "Ordinance of Baptism," conducted by Mrs. M. E. Harlan. On Tuesday the group met at the church for an all day quilting session with a luncheon at noon. During a short business session Mrs. R. V. Jones was named temporary chairman of the circle in the absence of the regular chairman. Attending were Mrs. Harlan, Mrs. D. C. Maupin, Mrs. Jones, Mrs. Frank Gary, Mrs. Bennett, Mrs. Lina Lewellen, Mrs. R. C. Hatch, Miss Minnie Moore, Mrs. Joe Barnett and Mrs. R. V. Hart.

### Park Community Club Has Bible Study, Business Meeting

The Park Community Bible Study Club met Tuesday at the Westside park. The meeting was opened with song and Mrs. Gladys Moore gave the devotional. Plans were made for the luncheon to be given at the First Methodist church Thursday. The group voted to order new song books for the mission. The meeting was closed with sentence prayers. Members present were Mrs. G. C. Graves, Mrs. W. A. Laswell, Mrs. Abbie Anderson, Mrs. Gould Winn, Mrs. Joe Dorton and Mrs. Gladys Moore.

### Mrs. Amerson Leads Rebekah Meeting

Mrs. Lenora Amerson was in charge of the meeting of the Rebekah lodge Tuesday evening at the IOOF hall. Announcement was made that the teams will practice at the next meeting. Here after, until further announcement, the regular meeting will begin at 8 p. m., rather than 7:30. Attending were Zula Reeves, Thelma Sheppard, Ben Miller, Beulah Hayworth, T. H. Hughes, Arthur Weeks, Jones Lamar, Senora Murphy, Gertrude Cline, Josie McDaniel, Cordie Lamar, Rosalie Gilliland, Cordie Mason, Evelyn Rogers, Mary Martin, Tracy Thompson, Bessie Cumming, Ruth Wilson, Amanda Hughes, Mildred Nowell, Willa Mae Harrison, Lucille Brown, Ruth Barber and Lois Forsythe. Mrs. Charilla Leonard has returned to Vinita, Okla., following a visit with her daughter, Mrs. Bernard Litum.

**How women and girls may get wanted relief from functional periodic pain**

Cardui, many women say, has brought relief from the cramps, the aches and pains of functional periodic distress. There is a Cardui in almost everyone's medicine cabinet. It helps hold back the flow of blood for a few days, thus relieving the pain. It also helps relieve pain due to periodical menstrual distress.

**CARDUI**

**Anthony's Present a New Group of SPRING BAGS**

• Original New Styles • Improved Versions of Old Favorites! • Many Shapes!

**FINE LEATHERS SMART FABRICS and Sensational NEW PLASTICS**

Bags of such smartness sell much higher at most stores. Anthony's low-profit policy brings you this smartness at a saving. Newest designing... sleek new materials... a wide selection from which to choose. All sizes and shapes.

**Group 1 \$2.98**  
**Group 2 \$4.98**  
**Group 3 \$7.90**

Your Anthony store is bag headquarters and features the largest bag stock in town.

Add 20% Federal tax to all bag prices.

## Woman Chosen For Labor Post

AUSTIN, April 3 (AP)—Mrs. Maureen Moore of Austin today became the first woman to be appointed to the office of commissioner of labor statistics.

As labor commissioner, she will also have supervision over professional boxing and wrestling.

Gov. Coke Stevenson, announcing her appointment to succeed Leonard Carlton, said it was made in line with his policy of promoting individuals who have served well in departmental jobs.

Mrs. Moore, who has a 15-year-old son and a 13-year-old daughter, has been serving as child labor supervisor in the state labor department since January, 1943.

## Salvation Army To Elect New General

An unique development in the annals of the Salvation Army will take place this month in London, England, according to Capt. Olive Sheppard, in charge of the SA work here.

Soon six American commissioners will go to London to join with other SA leaders from 102 countries and colonies to consider plans for advancing work on every continent, and to choose a new general to succeed Gen. George L. Carpenter, who retires on June 20. This is the first time that a general has been named by the council, having been appointed previously by the retiring general.

Com. William C. Arnold, Atlanta, Ga., will represent the SA forces in 21 Southern states at the council meeting.

Mr. and Mrs. Floyd Dixon, who are residing temporarily in Odessa, arrived Tuesday to visit a day or so with their parents, Mrs. B. Y. Dixon and Mr. and Mrs. Lloyd Kinman. She is the former Betty Kinman.

## Local Ladies Made District Officers

District meeting of the Methodist Women's Society for Christian Service was held Tuesday in Colorado City with about 100 ladies attending.

Mrs. W. L. Porterfield was named treasurer of the district, and district committee members include Mrs. H. G. Keaton, missionary education, and Mrs. R. E. Satterwhite, supply.

Those attending the meeting from First Methodist were Mrs. Frank B. Wilson, Mrs. Iva Huneycutt, Mrs. Keaton and Mrs. Satterwhite. Mrs. Porterfield represented the Wesley Methodist church.

## Lt. Barnett Lands In US Tuesday

Mrs. Joe Barnett has received word that her son Lt. (jg) W. E. Barnett, has landed in the United States. His wife and child reside in Los Angeles, Calif., and all expect to come to Big Spring soon.

He has served in the Merchant Marine for three years, and this will be the first time in six years since he was in Big Spring.

**INJURED IN FALL**

Mrs. H. N. Robinson is confined to a local hospital following a fall recently. She will remain in the hospital for several days, but her condition is not reported serious.

## Rotary Club Inducts Four New Members

Four members were inducted into the Rotary club membership Tuesday.

They were Lewis Hargrove, the Rev. James Swafford, Marvin Saunders and Dr. Landon McIntyre.

Transcriptions of talks by Chester Perry, Rotary International treasurer, and Paul Harris, R. founder and organizer, were heard outlining the reason for Rotary's foundation and its purposes, and its program of work. W. C. Blankenship, in charge of the program, gave a brief analysis of the organization's magazine, the Rotarian.

## More Trespassing Charges Brought

DALLAS, April 3 (AP)—Two more trespassing complaints in connection with the vandalism committed at the old Trezevant mansion here were filed yesterday in corporation court.

That brings to 11 the number of youths who will face trial Thursday. Ten of the boys are 17 and one is 18.

Sgt. A. N. Boggs of the crime prevention bureau, who has been investigating the disorder, said that 24 juveniles have been turned over to juvenile authorities.

The typewriter was invented by a Dane, Malling Hansen.

## Deacon And Bandit Inseparable Pals

LOS ANGELES, April 3 (AP)—Deacon and Bandit are inseparable pals, always together. They were together last night—marooned on an inches-wide ledge 40 feet down the side of precipitous Chavez ravine.

How they got there, no one could guess, because precipitous in this case means practically perpendicular. But ambulance drivers and other employees of the Society for the Prevention of Cruelty to Animals hauled them to the top.

Deacon wasn't too much of a problem. He's a black and white Palomino, weighing 50 pounds. But Bandit is 140 pounds of Great Dane. Neither of the dogs, owned by neighbors, seemed disturbed and Deacon celebrated his release by getting into a fight with an Irish setter which had accompanied his owner to the scene of the rescue.

## Smith Discharged

Herbie Smith is back with Texas Electric company after serving in the navy for 10 months. He spent six months on Oahu Island in the Pacific. He received his discharge from Terminal Island on March 15, and his rating was fireman second class at that time.

## Commerce Man Named To Board

AUSTIN, April 3 (AP)—Leonard Carlton of Commerce will succeed H. G. Hambrick of Amarillo, who died last week, as a member of the industrial accident board.

The appointment of Carlton, present state labor commissioner, was made yesterday by Gov. Coke Stevenson.

When Carlton qualifies and takes the oath of office, the state labor commissioner post will be left vacant, subject to another appointment by the governor.

## CLANSMAN AUTHOR DIES

RALEIGH, N. C., April 3 (AP)—Thomas Dixon, 82, author of "The Clansman," upon which the great silent motion picture, "The Birth of a Nation" was based, died at his home here early today after a long period of ill health.

Call JACK at 109 for PRINTING (A-1)

## Kennel Club To Hold First Meeting Sunday

Owners and breeders of registered dogs have been invited to attend the initial meeting of the West Texas Kennel club at 1 p. m. Sunday at the ElBott Hotel in Odessa.

There will be a luncheon, followed by a business session. Reservations may be sent directly to the hotel, or through Mrs. W. P. Cecil, phone 373-J, Big Spring. Several persons from here may attend the first meeting of the club.

Big Spring (Texas) Herald, Wed., April 3, 1946

### Pvt. Tilley Looks For London Child He May Adopt

LONDON, April 3. (AP)—Private Francis Tilley of Burlington, Vt., promised to turn London upside down today in an effort to locate the 18-month-old girl he and his English wife have been trying to adopt and take with them to the United States.

Tilley popped into the headlines in February when he took the child with him to Paris on his return to duty after a 90-day re-employment furlough. She spent two days with him in an enlisted men's billet before Army authorities intervened and gave Tilley a five-day extension of his furlough to take the child back to Dundee, Scotland.

Tilley explained that he had taken the child, whom he described as his daughter, Katherine, to the continent because he couldn't find living quarters for his family in England and his wife could not get passage to the United States.

The second chapter in the story was written last week when an ex-British soldier, James Logan, turned up at Tidworth where Mrs. Tilley was being processed for passage to America as a GI bride and claimed Katherine as his daughter.

Logan said that Tilley and his wife, who is Logan's sister-in-law, had been trying to adopt Katherine.

"My wife signed the papers but the adoption was never made legal," Logan explained.

Army authorities accepted his proof of parentage and turned Katherine over to his care.

Tilley re-entered the picture again last night when he appeared in Dundee and announced his intention of seeking out Katherine in London. Boarding a train for Mrs. James Logan, the baby's mother, Tilley said:

"We will walk the streets of London, if necessary, to search for Katherine and her father."

Said Mrs. Logan:

"I am very willing that Katherine should go to America with my sister, as I know that she will be able to give her a better chance in life than I could ever give her. I have another five daughters to bring up."

### Convicted Slayers Make Daring Break From Death Row

WASHINGTON, April 3. (AP)—Police headquarters was notified shortly after 12:30 p. m. that Joseph D. Medley, one of two escaped killers who fled from a death row cell in the District of Columbia jail early today, had been captured in northeast Washington.

WASHINGTON, April 3. (AP)—Two convicted slayers made a daring break from death row in the District of Columbia jail today and fled with the uniforms of two police guards whom they left locked in cells.

The condemned men, Joseph D. Medley, 44, and Earl McFarland, 24, overpowered the guards at 4:15 a. m. Police Capt. George Little said, and then calmly spent 45 minutes preparing to flee. At 5 a. m. one of them called the guard captain and reported all well in the cell block.

Then they left themselves down from the roof of the three-story jail on a rope of twisted sheets, stole a car bearing Maryland license plates, and drove away, police said.

Two cruising policemen in a squad car saw the sheets at 5:25 a. m. and informed the jailers.

H. C. Davis, one of the guards, said he was checking the death house when Medley asked him for a cigarette. When Davis approached the bars, he said, Medley drew a gun and advised him:

"Open this door or I'll blow your head off."

Davis complied. Then the other guard, Oscar C. Sanderlin, walked into the cell block and also was overpowered. Both were forced to give up their guns and uniforms.

Medley, then a fugitive from the Michigan state penitentiary, was found guilty of killing Mrs. Nancy Boyer after a poker game in her luxurious apartment on March 6, 1945. McFarland, a Marine veteran of the Guadalcanal campaign, was convicted of the rape-slaying of Miss Dorothy Bertrum, 18-year-old government worker, on Oct. 3, 1944.

## Unemployment Pains Grip Eight Areas Within State

AUSTIN, April 3. (AP)—Steady rising unemployment left 200,000 Texan searching for jobs last month and Texas where not a single major area needs additional workers and where eight areas are cramping under critical unemployment pains.

The March report from the United States Employment Service adds Waco and Abilene to the six areas already reported suffering with critical unemployment: Texarkana, Beaumont, San Antonio, Longview, Lufkin and the Sherman-Denison area.

Corpus Christi and Houston were reclassified from areas with a balance of workers to areas having a surplus of workers. In the former category already were San Angelo, Lubbock, Wichita Falls, Fort Worth, Dallas, Tyler, Mar-

### B&PW Initiates Eight Members

Tuesday night was initiation night for eight new members of the local chapter of the Business and Professional Women's club at the regular business meeting. Initiation was led by Mrs. Marie Sawtelle.

The newly initiated members included John Lou Gallison, Sterling Cooper, Karen White, Velma Griese, Grace Davis, Gladys Mattingly, Frieda J. Hubbard and Pat Hubbard.

During the business session the club voted to make a contribution to the fund for the training of C. I. nurse nurses. Announcement is made that officers will be elected at the next business session, and a nominating committee, including Jewel Barton, Ollie Eubank and Maurine Word, was elected.

The radio committee, composed of Glynn Jordan, Helen Duley, Edith Gay, presented the program which was a miscellaneous quiz, conducted by Mrs. Jordan.

Other than the eight initiates members present were Mrs. E. J. Matson, Helen Duley, Jess E. Barton, Edith Gay, Glynn Jordan, Elizabeth Stanford, Ollie Eubank, Margaret Christie, Irma DeLeon, Ruth Sheppard, Lillian Hurt, Mary Watson Jones. A visitor was Elizabeth Mosley.

### Trophies Needed In Army Display

First appeal for war trophies, which will be used in connection with the Army Day (April 8) here, brought in several items suitable for display, but S-Sgt. Oliver Goodman, local recruiter who will help arrange the booty for public showing, said many more were needed.

"Many of the stores down town will arrange their windows so that the captured equipment can be suitably displayed," Goodman said. "But, thus far, we don't have the material to fill them."

Ex-soldiers who have souvenirs can volunteer their use through the recruiting office in the basement of the post office building.

Among trophies already on hand are a P-26 pistol, brought back from Germany by Grady Stevens; a quantity of Japanese money and a Japanese flag, proffered by Farrell Ramill; a German staff officer sword and scabbard, given by C. W. Nance; several jade glasses and a 200-year-old silk scarf supplied by Ray McKinney.

S-Sgt. Billy T. Smith, on the local staff of the US Army recruiting station, helped direct the armament factory at Suh, Germany, where the pistol supplied for Army Day display by Grady Stevens was made.

Smith, on sentry duty at the plant, was ordered to grenade the factory after the sergeant in charge of his squad was shot by a German looter.

### Davis Palominos Take Awards In El Paso Show

Roy C. Davis, veteran Big Spring Palomino breeder, has returned from El Paso where his stallion, "Bonanza del Sur," a coming three-year old, took the grand championship of the stallion class in the Palomina Division of the 17th Annual Southwestern Livestock Show.

Bonanza del Sur, a well proportioned horse with perfect coloring, won his class for three-year-olds and over and then grabbed the title for the show. He is the son of El Lemon and is out of Pathfinder.

Davis' Oriental Gold took second in the stock horse stallion class. Delores del Sur, a half sister to Bonanza, took second in the stock horse mare for three-year-olds and Bonita del Sur, also a half sister to Bonanza, was judged second in the parade type for three-year-olds.

W. R. Davis, Sterling City, father of Roy Davis, won first place in the two-year old stallion class with Golden Don Marvel; first in the parade stallion class for two-year olds with Gold Shirt; and third in the parade class with three-year old stallions with Golden Silver.

Davis and Mrs. Davis and Roy C. Davis won the parade trophy for a family group at the opening of the show.

### City Streets Given Top Dressing Cover

The city street department has been placing covering material on asphalt streets during the past four days to absorb asphalt "bleeding" by high temperatures.

"Some of the fine gravel was put down during the winter. But streets were too hard, and it was after a few weeks of continuous treatment during high temperatures the streets will be in better shape for the summer season," a city official said.

Natural hot water from many of Iceland's volcanic springs is piped to provide heat for office buildings, homes and public swimming pools.

Capt. Howard Schwarzenbach, currently on duty with the Eighth Service Command headquarters at Dallas, is expected to be discharged within a few days.

According to his brother, Roland, Howard is planning on returning here to take up residence.

County Judge James T. Brooks spent Wednesday in Merkle on business.

The judge, incidentally, has some new office help. She is Mary Cantrell, who formerly was county clerk of Borden county and a sister to Mrs. J. E. Brigham, Bog Spring.

A visitor in the Howard county AAA office this morning was John W. Gamble, District Two field officer.

Gamble is making his first swing through this section since assuming his duties.

Doyle A. Dunbar and Cecil H. Drake, both of whom asked for service in the European theater, have been dispatched to the Lubbock recruiting center after processing through the Big Spring US Army recruiting station. The pair will serve in the Medical Corps. Each signed for three years.

Mrs. Mege Sawtelle, local field director of the American Red Cross, and Mrs. G. E. Myers, returned last weekend from Lubbock where a Veterans Claims Institute was conducted March 28, 29.

Water service was interrupted for about two hours in the Wright Addition of Settles Heights Tuesday afternoon, when a truck hauling a bulldozer broke a main as it passed over a road shoulder.

C. R. Donaldson of the SCS office left Tuesday for Tucumcari, N. M. where he was called to the bedside of a sister. She later was reported to have died.

Donaldson is slated to return Friday.

### CONSTIPATION Is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, neuritis and joint pains occur. Indigestion, with gas formation and colic, and piles and fissures frequently add to the discomforts of severe chronic cases.

No matter how many other medicines you may have tried for constipation, we urge you to try B-L PREPARATION finally. B-L PREPARATION must bring you satisfactory results or your money back. Caution: Use only as directed.

Collins Bros. (adv.)

### City Preparing To Regain Port Control

The City of Big Spring is completing final arrangements for assuming control of the airport from the Army on April 8, City Manager B. J. McDaniel said today.

Although no late communication has been received from army officials, the present schedule calls for release of the field and permanent buildings and materials associated with its operation after midnight Friday. The city will assume control on a temporary basis until such time that permanent acquisition can be sought.

Something Can Be Done

The carnage on Texas highways is continuing without material sign of abatement.

This is cause enough for alarm within itself, but when one stops to consider that the volume of post-war traffic is just now getting underway, it is cause for sober reflection.

Unless something happens to drastically curb the rate of accidents, we may expect to see the casualty column mount higher and higher.

Something can be done. It is an application of the famous three E's of the National Safety Council—engineering, education and enforcement.

Education offers some promising possibilities. This term has been kicked around so much that it is threadbare, yet the proof that intelligent, well-directed safety campaigns is overwhelming.

Enforcement must go hand in hand, for there are always a certain number who do not voluntarily cooperate.

It would be a wonderful thing if everybody could be caught, but this is an utopian dream.

such a campaign more effective. Even though it becomes only partly successful, enforcement is multiplied in its effectiveness because the average person is conscious that he might be the one that gets caught.

Recently the safety committee of the chamber of commerce made a good beginning with its safety day program downtown. It publicized traffic laws and showed some enforcement possibilities.

The campaign should go on without a let up in Big Spring and be extended to cover all of Howard county. We can't do anything about Tarrant county's problems, but we can our own.

Root Of The Problem

The Christian Science Monitor points out one important fact in connection with "all well-meaning friends of minority groups in the United States" who have been zealous in legislating against discrimination against these groups.

Examples of effective work of applying the New York commission's code without a resort to teeth is cited, but with the admission that there is no way of telling how many withdrawn cases were settled under pressure.

Ultimately, the only really effective way to deal with discrimination is to get at its roots—prejudice. And this does not just involve whites and blacks, either, but economic brackets, political alignments, spiritual groupings, and many others as well.

Are The Russians Bluffing? MacKenzie Doesn't Think So

By DEWITT MACKENZIE

One of the first questions flung at me after my arrival home from touring Europe was: "Are the Russians bluffing?"

There has been far too much hesitancy in touching matters of this sort, for fear of making trouble. If the Big Three—Russia, America and Britain—had cleared up a bunch of questions for one another long ago, the international situation would be a lot easier right now.

Russia isn't bluffing. She has laid out a plan of the zone of influence which she considers necessary for her protection and well-being. Both in Europe and in Asia.

Of course it would be naive to think that all suspicions could be removed as easily as the necessitate for their removal can be set down here.

Obviously there must be given and taken in reconciling the different ideas of the Big Three on international problems. This doesn't mean, however, that purely national affairs have to be conducted on the basis of pleasing some other country.

Specifically—and I believe this is a matter which is worrying many folk—the people of Russia don't have to accept our form of government for fear of offending us if they don't accept it.

By the same token, there is a reason why the people of the United States or Britain shouldn't be able against Communism for themselves if they don't want it.

THE EVIL OF ORGANIZED LOBBIES

Through a lobby a minority group is able to make its voice known and heard.

There are two kinds of lobbies: 1. The kind which honestly and simply tries to make its interests known and in that way to help the public.

Rep. Smith, Illinois Democrat, who has served 40 years in the House says the "evil" of lobbying is greater now than any time in memory.

He has offered a resolution proposing that an investigation be started. Other representatives are pushing for it.

Organized groups are lobbying when they send representatives up to Congress to testify before committees. This in itself can be good and necessary.

Hal Boyle's Notebook

GREEKS HAVE WORD FOR AMFOGE

ATHENS, April 2. (AP)—Members of AMFOGE—the Allied mission for observing the Greek elections—wear a blue and white owl on their Greek armbands. They themselves call it "the big eyed chicken," but letting Greeks who boycotted the elections have a less complimentary interpretation of the significance of this owl emblem.

It stands, they say, "for the foreign visitors who sleep all day and stay up all night."

This parian view of the AMFOGE personnell isn't widely held, however. Most Greeks have made them feel welcome, and say they feel that the presence of AMFOGE observers was a moderating influence in the elections.

Junior American officers assigned to AMFOGE, many of them combat veterans, complain about the financial disparity between themselves and civilians attached to the mission.

When he shouted out in protest the stranger indignantly reproached him.

"If you are taking off one of the front tires why should you object if I make off with the back one? Shouldn't I live too?"

RICH YOUNG MAN MAKES GOOD

NEW YORK—Armand Deutsch is a very wealthy young man who refuses to fall into that cliché classification known as "rich men's sons."

Arle has all the surface indications of a dilettante. He is young, attractive, owns a Park Ave. apartment, has dozens of friends who fall easily into the celebrity classification.

Deutch's Arle is his friend—is married to the talented musical comedy star Benay Venuta. He recently ended an admirable record in the Navy, emerging a lieutenant commander after four years at sea.

Sitting in his apartment one evening, he told me he was going up to my home town, Buffalo, on a bit of business.

He says, among other things: 1. Postmaster Hannegan, he Democratic committee chair, recently sent telegrams to Ho as Democrats "warning them x x x to vote right" on a certain piece of legislation.

2. When bureau and department heads testify before congressional committees they're accompanied by batteries of "experts" who so "one objective is to expand."

3. Malay is one of the easiest languages in the world to learn—it has few verbs, none of them irregular, no articles, no prepositions and no grammar.

Article bought the screen rights while this latest Caldwell novel still was in galley form, handing over a flat \$100,000 plus a percentage of the picture profits which, if it attains reasonable success, will return to Miss Caldwell, according to Arle's figures, approximately \$500,000.

Washington Merry-Go-Round—Drew Pearson

Mauldin Testifies On Caste System

WASHINGTON.—The Army caste system hearings are held behind closed doors, but the GI heroes of Bill Mauldin's war cartoons would have been proud if they had heard young Mauldin testify at the War Department's secret hearings.

The GI cartoonist gave the Army probbers a blazing earful on officer class distinctions and why this has undermined morale and efficiency in the armed forces.

Incidentally, the secrecy surrounding the testimony of Mauldin and other witnesses was not the doing of Secretary of War Patterson or fair-minded chairman of the investigating board General Jimmy Doolittle.

Mauldin, for instance, requested a secret hearing, fearing that some parts of his explosive testimony might embarrass GI friends who figured in his disclosures. However, the greater part of his remarks can be revealed. He hammered hard on two caste-system evils: censorship of GI publications, and inequalities in food, quarters, dress, courts martial, and other favoritism.

Regarding censorship, Mauldin bluntly told the board that the brass hats had created false issues in the case of two GI editors who were fired from the Tokyo edition of "Stars and Stripes."

"They tried to make it appear that this paper was dominated by Communists or servicemen affiliated with Communists," Mauldin told the caste-system probbers.

The bootblack then led the soldier he had "bought" into the nearest park and stripped him of his uniform, shoes, watch and underclothing. He abandoned his bare purchase to the cold breeze. He is supposed to have made about \$200 profit on his investment.

Another story illustrates the Italian attitude for carried in the early days of the Allied occupation when American jeep drivers were afraid to slow up for traffic signals for fear their tires would be stolen.

One Italian driver whose car was halted by a flat got out and indignantly began jacking up the front wheel he looked up from his labors and saw a stranger nonchalantly removing his rear tire.

When he shouted out in protest the stranger indignantly reproached him.

"If you are taking off one of the front tires why should you object if I make off with the back one? Shouldn't I live too?"

Mauldin added most GIs have no desire to interfere with military discipline obviously essential to an army, but they are bitter over behind-the-line social pleasures and special privileges. Such inequalities do not occur in combat, where the immminence of death makes all men equal.

Mauldin added most GIs have no desire to interfere with military discipline obviously essential to an army, but they are bitter over behind-the-line social pleasures and special privileges.

When Mauldin was fighting and cartooning in the Army, he had several hot run-ins with Lt. Gen. John ("Court House") Lee, commanding general of the Mediterranean theatre, who recently caused the entire staff of Stars and Stripes to resign in protest against his censorship.

General Lee, Mauldin told the board, "breathes special air and is a gentleman, while an enlisted man is not."

Mauldin added most GIs have no desire to interfere with military discipline obviously essential to an army, but they are bitter over behind-the-line social pleasures and special privileges.

ly" signs on theaters and restaurants.

"Another thing I am opposed to," testified Mauldin, "is the policy of sending officers' wives overseas. I don't think any woman should be sent overseas because of her husband's rank. Length of service in a combat area should be the determining factor.

NOTE—Mauldin refrained from alluding to his tiffs with the late General George Patton, who disapproved of his cartooning. He was not questioned about this, nor was there any debate during his testimony.

Truman Reminiscences

Ohio's Senator James Huffman and Representatives George Bender and Mike Feighan recently presented President Truman with a specially engraved invitation to the sesquicentennial of the founding of Cleveland in July.

Admiring the engraved invitation, Truman said it reminded him of a story he had read a few nights before.

"I was waiting up for Mother (his wife)," the President said, "and started reading a book on the history of the White House. One part that interested me very much was about the wedding of Grover Cleveland here in Cleveland didn't send out formal invitations as they do now."

He sat down and wrote invitations to cabinet members and other friends in longhand. He must have been a bear for punishment."

Truman then reminisced with GOP Congressman Bender, famed in Congress for his singing voice, about the song sessions they used to enjoy while the President was in the Senate. On these occasions, Truman usually provided the piano accompaniment.

The Big Spring Herald

Published Sunday morning and weekday afternoons except Saturday by THE BIG SPRING HERALD, Inc.

### Champs To Have Rough Sledding In Texas Games

AUSTIN, April 3. (AP)—All the signs point to sharp competition in the Texas Relays which get going Friday afternoon with the preliminaries and wind up Saturday.

To begin with, the entries are more numerous. At the last count more than 420 men were listed in the college-university class alone. The 1945 meet attracted 160.

Competing in the various events will be representatives of 25 colleges and universities, five service teams and 44 high schools.

The number of last year's winners who will return to defend their championships was another indication of how tough the going will be. Nine of the 1945 first-place takers will be back and in two events the one-two finishers will participate again.

Andy Shurtz and Allen Lawler of Texas finished in that order in the 100-yard dash last year, but they are figured to finish behind Bill Martinson, Baylor freshman, in Saturday's event.

In the 3,000-meters run, Fred Feiler of Drake and W. S. Johnston of Tulane, the first and second place takers in 1945, will race again.

Neill Armstrong of Oklahoma A&M who won the high hurdles last time out is ranked behind Austin-Erffurth of Rice and Ralph Tate of Oklahoma A&M.

Cesar Guerrero of the University of Mexico, defending champion in the javelin throw, will try to repeat. The University of Texas will attempt to hold onto its titles won last year in the quarter-mile, medley and shuffle football races.

Oklahoma University will seek to retain a championship in the mile relay.

**Deitrich, Moses Star In Victory**  
SAN ANTONIO, April 3. (AP)—A couple of Chicago White Sox old-timers were taking pats on the back as the Sox met the Pittsburgh Pirates in another game in their cross-country exhibition series here today.

They were Bill Deitrich, who pitched hitless ball for six innings as the Sox beat the Bucs, 3-1, yesterday and outfielder Wally Moses, who batted in one run and scored two on a homer and double.

**A's Seek Third Win**  
SAVANNAH, Ga., April 3. (AP)—Leading two games to one in their barn-storming trip north, the Philadelphia Athletics tackle the Baltimore Orioles here today. The A's won, 3-1, at Charleston, S. C., yesterday.

## Two-League Plan Is Shelved In Favor Of Ten-Club Loop

### LOOKING 'EM OVER

This growing practice of signing football coaches to fat contracts not in standing with their abilities is growing to prove burdensome and perhaps fatal to the financial budgets of some Texas high schools, especially when those institutions get caught with parties who cannot measure up to tax.

The other day, a wire service carried a story to the effect that an East Texas school had inked a mentor to a three-year pact calling for \$4250 per annum, plus 25 percent of the net gate receipts from games outside the district.

Another was signed not long ago for a \$5000 guarantee plus hints of bonus, if he produces. Still another went on the line for \$4200 at a small Class AA school where he is afforded little chance of winning the district title.

Some fabulous salaries might be in keeping with these times when all schools, with any luck, make money. But we rather doubt that these times will last forever.

And, often, such a wage agreement come at the expense of those unsung heroes, the assistant coaches, who ordinarily work for peanuts in the hope of getting something better.

Bob Finley, the former Southern Methodist university football star (Rose Bowl game, 1936), is back catching with the Seattle club of the Pacific Coast league, which started its campaign last Friday.

Clem Hausmann, the former Abilene twirler, took the rubber for Los Angeles last Sunday against Sacramento, went all the way on the strength of a six hit job to beat Earl Sheeley's crew, 2-1.

Garth Mann, still another Texan (Dallas), started for Oakland against Pepper Martin's San Diego Padres but left in the fourth, trailing, 4-2. His mates went on to win, 7-4, in ten innings despite the fact that they were outslit, 12-6, and committed three miscues.

Casey Stengel, who is one of the toughest men to play for in baseball, is skipping the Oakland club.

Johnny Allison, a half-pint back from Matador, Texas, was the star of an intra-squad game in the Oklahoma university spring football camp last week, in which the Reds whipped the Whites, 33-7.

Allsup scored twice, going 85 yards to pay dirt in one successful breakthrough.

At least two high schools of this section will send teams to the Texas Relays this weekend.

Glen Redfield is taking eight members of the San Angelo squad to the games. Abilene will be represented by eight or ten boys, including H. D. Terry and Ted Hardin, the leading point-getters of the Big Spring Relays.

Coach Jake Bentley had his Eagles pass up the San Angelo Invitational last week at the Big Spring Relays.

### VILLA TO FIGHT FRITZIE ZIVIC

EL PASO, April 3. (AP)—Manuel Villa, Texas welterweight champion, has been signed to meet Fritzie Zivic, former world's welterweight King, here Friday night.

Villa, who now is in Mexico City, was knocked out by Zivic in a fight at Dallas.

### Unit To Operate On Split Season Plan, Playoff

In a move aimed at insuring the life of organized softball play in Big Spring, the two-league plan went into discard in favor of a compact, 10-club circuit at a meeting of club pilots held at the Settles hotel Tuesday evening.

Originally, 14 teams had sought admission into the sanctioned play. League president Dewey Gollum had made tentative plans to operate with eight clubs in one circuit and six in another, with the champions to meet for the city championship at season's end.

However, only ten teams were represented at last night's session and those ten will be included in the new schedule that will be drawn up this week.

They are Howard County Implement Company, Big Spring Hardware, VFW, Coahoma, Cadden Ollers, Cadden Pipelines of Forsan, Manhattan Club, Big Spring Motor, Doc Wilkinson's Service Station and Dyke Tolbert's team.

Lou Baker sat in on the discussions but agreed to withdraw his entry in favor of Tolbert's team. He will lend assistance in shaping league legislation.

The circuit, which will henceforth be known as the Big Spring Softball league, begins play on June 15 and will operate on a split season plan, with the champions of each half meeting for the city title.

Part of Forsan's games will be played in Forsan.

Player limit is 15 men, including a playing manager. Players contracts must be in the hands of the president by April 20, or five days after the season begins.

Gollum said it would be the responsibility of the managers to see that the umpires were properly reimbursed. However, he will arrange for their appointment.

The league's schedule will appear in an early edition of The Daily Herald.

### Purple Netters Sans Home Court

FORT WORTH, April 3. (AP)—Texas Christian University's best tennis team in 15 years has no home courts on which to play.

Construction work on a new men's dormitory has caused the TCU courts to be played over, so Coach Fred West has booked only two home matches—these to be played at the city park.

Prospects for a winning brand of both tennis and golf are soaring at TCU. Each squad has performed well in limited competition to date.

The tennis foursome scored a 5-1 victory in its first match of the season against Baylor at Waco. West's squad includes three Fort Worth city champions: Sidney Marks, 1941; Jack Levinson, 1945, and Bill Robinson, 1943; plus Hap Manning, former city junior champ.

Coach Tom Prouse's golfers took the team trophy in the recent Southwestern Exposition meet here, then defeated North Texas State at Denton. Last week they won their first conference victory, 4-3 over the Aggie liakemen at College Station.

Spud Gason, Ed Revercomb, Bill Flowers and Jack Garret, currently make up the squad.

## Bill Conn Maps Out Own Program For Title Fight With Joe Louis

### Over 600 Rounds Of Fisticuffing Ahead For Irish

GREENWOOD LAKE, N. J., April 3. (AP)—No one has to tell Billy Conn just how tough it's going to be to get into fighting shape for his June 19 date with Joe Louis and right now, Sweet William is somewhat soured on all the free advice he's been getting about it lately.

After nearly four years in the Army, he knows he and the Brown Bomber have the toughest job in front of them any two ear-scramblers ever had. As a matter of fact, he's so well acquainted with the job of work at hand that he and Manager Johnny Ray have lined up a program of conditioning here at their lakefront camp the like of which makes any previous training grind like two weeks vacation with pay.

Scheduled for the next ten weeks are more than 600 rounds of boxing—as much as a dozen or 15 rounds daily when the factory starts running full time in three weeks or so—with about 20 sparring partners who have direct or-

ders to beat Billy's brains in if they can.

"I can hear those experts screaming already," Billy brunted today as he bounced along the lakeshore on his first roadwork chore. "Now they'll be worrying that I'll be going stale. Well, I wanna tip them off that Joe and I have been stale for four years. Now we have to do more work than ever before to shake that staleness out."

The Ray-Conn board of strategy mapped out the ambitious "sweet" program long before they lifted the curtain on the training camp here yesterday.

Conn didn't even wait long enough to go through the important routine of getting acquainted with the chef before going to work. He boxed two fast rounds with welterweight Sammy Schipani of Pittsburgh to sharpen up.

**Aggies Win Dual Meet From Herd**  
COLLEGE STATION, April 3. (AP)—The Texas Aggies showed plenty of knee action in the final event—the mile relay—of their dual meet with the Texas Longhorns yesterday, and came from behind to take a 63-59 victory.

Texas grabbed the lead in the first event, when Desmond Kid won the 440-yard dash from Art Harnden in 51 seconds, and continued to stay ahead until the Aggie mile showed their wares in the finale.

### Yankees Invade Panther Lair

FORT WORTH, April 3. (AP)—The New York Yankees continued their invasion of Texas today with their third straight joust with a Texas league club, this time the Fort Worth entry. The Yanks trounced Beaumont and yesterday came from behind to whip the Buffs at Houston, 10-5.

Phil Rizzuto led a six-run Yank assault in the eighth inning with a three-run homer.

**MILITARY OCCUPATIONAL SPECIALTY**  
MEANS GOOD PAY IN THE REGULAR ARMY!  
JOB MOS Grades  
Bugler ..... 809 5.4  
Communications Operator 803 6.4  
Operating NCO ..... 814 4.3, 2  
Commissary Steward 819 4.3  
Subsistence NCO ..... 820 4.3  
Supply Technician 821 4.3, 2  
Supply Sergeant 822 4.3, 2  
Mess Sergeant ..... 824 4.3  
Technician ..... 825 4.3, 2  
Parts Clerk, Armament 848 5.4  
These are the positions that military occupational specialists needed in the post-war Regular Army. If you held an Army military occupational specialty (MOS), then here's good news. The ever-broadening list of announced discharges that men who were honorably discharged from the Army on or after May 12, 1945, may now enlist in the Regular Army in their qualified specialties. You will receive a grade depending upon the length of time that you held your MOS. You must act before June 30, 1946. If you wish to take advantage of this opportunity, it means excellent training and experience in a skilled trade which will prepare you for a future career. It means security and good pay as well as the finest in food, clothing and travel. You will be given the complete details without any obligation at the U. S. Army Recruiting Station, Post Office Bldg., Big Spring.

**WANTED:** Man with car for permanent position; terms and liberal car allowance. Apply People's Finance and Thrift Co., Inc. 406 Petroleum Bldg.

DAYTONA BEACH, Fla., April 3 (AP)—Jackie Robinson, the much publicized negro infielder of the Montreal Royals, is looking better every day. He seems to have shed his early spring nervousness and yesterday he punched out two singles, stole a base, and handled five chances at second base perfectly as the Royals whipped the parent Brooklyn Dodgers, 6-1.

**Texas Today — Golf Driving Business Balled Up; Boy Lands "Streak Of Lightning"**

**Associated Press Staff**  
The owner of a Dallas golf driving range said his business is all balled up.

Paul Smyers said a man broke a front window and stole the most irreplaceable golf balls.

Travis Miles Coe, 8, son of Mr. and Mrs. Basil Coe of Corsicana, went fishing with his folks. His parents despaired of landing any fish, but Travis kept right on. Suddenly, as he described it, "a streak of lightning" hit his line. He abandoned his rod and reel, and pulled in a fighting six and a half pound bass with his bare hands.

"I pulled and he pulled," he explained simply.

A young Harlingen mother is getting pretty fed up with hot cereal. She said she is strictly a bacon-and-eggs girl, but 19-month-old Bobby won't eat his cereal unless she does, too.

And that's not all. She hasn't taken a solo bath for a similar period. Bobby always hears the water running and wants to come and play in it.

At Teague a waitress said she is going to run for constable. Callie Roberson, 32, says she can handle a gun as she handles cups and saucers in a main street cafe.

**Troop Two Wins In Honor Court**

Boy Scout troop two won the Shick award at the regular court of honor held Tuesday night in the high school gymnasium, when 13 merit badges were presented to members of various troops and two scouts advanced in rank.

John Edwin Fort advanced to second class and Wesley Strahan moved up to star rank. Both are members of troop two.

Merit badges were awarded to the following: Troop two, J. A. Edwin Fort, blacksmithing, masonry; Roy Smith, blacksmithing; Billy Wheeler, metal work; Carl Watson, metal work, masonry and carpentry; Woody Wood, metal work, masonry and carpentry; Bobby Hohertz, bird study; Wesley Strahan, masonry.

Troop four: A. J. Cain, first aid, public health, personal health; Pat Ray, music; Gerald Harris, music.

Troop 14: Byron Williams' swimming and life saving.

The awards were presented by W. C. Blankenship and George Melear.

**FINLAND STILL IS MEETING WAR DEBTS -- TO RUSSIA NOW**

**AP Newsfeatures**  
HELSINKI — The second year after Finland's armistice with Russia threatens to be the stiffest of all for the country which always used to pay its war debts to the United States on time.

Finland faces total reorganization of industry to fulfill war debts to the Soviet Union. War reparations payments and restitution deliveries to be paid in 1946 total more than \$50,000,000, estimated to be 20 per cent of the national income. Restitution deliveries are to replace material removed from Russian territory in the 1941-44 war.

Government officials express belief that Finland by disregarding her own needs can meet both the \$35,000,000 war damage compensations and the \$15,400,000 restitution obligations.

Restitution will consist almost entirely of timber products, but 61.7 per cent of the reparations must be paid in metal products, for which the Finns must import raw materials. This has forced Finland to a gigantic reorganization of her export industry with emphasis on metal products. Before the war, such exports were only four per cent of Finland's total. The entire heavy metal and much of the medium and light metal industries now are working on reparations.

But Finland need not worry about a market for her heavy metal industry. Announcing the reparation pay period had been lengthened from six to eight years, Stalin said the Soviet Union could absorb the industry's products in the future.

Finland's dollar loan from the United States if she gets it, will be used exclusively for domestic needs.

**Doctors Requested To Sit On VA Boards**

DALLAS, April 3. (AP) — The Veterans Administration's disability claims division has made an urgent request for physicians to serve on the agency's disability rating boards.

S. P. Kohlen, director of claims, explained that the boards pass on disability claims filed by veterans, and that their request should be given thorough consideration.

Kohlen added that VA was "particularly anxious" to obtain the services of doctors who have been in service.

Ancient people thought emeralds sharpened the wits, conferred riches, and when placed under the tongue, gave the power of prediction.

**ASPCA Gets Its Man — And He Gets His Dog**

NEW YORK, (AP) — After a month's search, the American Society for the Prevention of Cruelty to Animals, finally found the owner of a stray white spitz dog — a Marine in Hawaii. The Marine, Reinhard E. Mettler, explaining he'd left the dog for a friend to send to his home in Goilad, Texas, when he was shipped from New York. The society shipped the dog home for him.

**Georgia Couple Shells Out For Eggs**

SAVANNAH, Ga. (AP) — Gilbert Rossignol and his wife have \$10,000 worth of eggs in their home here, but it's not due to any egg surplus.

They have spent 42 years building up one of the largest collections of birds' eggs and nests in the country. The collection contains eggs from each of the states and parts of Canada. Catalogue prices of the specimens range from 10 cents to \$1,500.

**"OIL-PLATED engines... they'd better have!"**

The "haulaways" are abroad in the land! Your new car is on order—or in your mind. And now here is why any car of yours should have an OIL-PLATED engine...

OIL-PLATING will shield your engine's insides. It saves fine-finished surfaces from lots of wear. And that's how to raise resistance against carbon, gum, and sludge.

An OIL-PLATED engine is yours for the asking. Simply insist on filling with Conoco N<sup>th</sup> motor oil. Conoco N<sup>th</sup> brings its added OIL-PLATING substance. This acts magnet-like... joins lubricant durably to metal, so as to form protective OIL-PLATING! The process is the same in any engine. Though yours may not be new! This is an extra good time to OIL-PLATE it. For it needs a Spring oil change, and simply by getting Conoco N<sup>th</sup> you'll get oil that OIL-PLATES—at a few cents' extra cost! See Your Conoco Mileage Merchant—today.
