Sewer Request Turned Down by City

Slaton City Commission turned down a request for sewer service to the northwest part of town during a regular semi-monthly meeting Monday night.

The request for sewer lines to the undeveloped tract, or for a commitment as to the time a line could be extended, was presented at the previous meeting by Harold Wilson and Harry Brown, Commissioners.

They got a cost estimate of about \$40,000 on the project and decided the city could not undertake it at present.

The city indicated another study might be made the first of the year to determine when the city would be in financial position to pursue the project.

In other business, the commission passed on second and final reading an ordinance creating an airport board, awarded a contract for drilling a water well on the Rhoads property, approved lease of one-half section of land at the airport site for 1967, and received a traffic inventory analysis from a DPS patrolman.

The sewer line request was for property on the north and east of the intersection of Cemetery Road and US-87. Wilson and Brown indicated that a business was definitely interested in locating on the intersection, and that the possibility of a housing development on the Wilson property along US-84 was also under consideration.

Three bids were received on the farmland now owned by the city at the airport site north of town. After a short discussion, the commission awarded the 1-year lease to H. J. Perkins, present tenant. Contract is on the one-third and one-fourth basis.

Contract for drilling and

developing a water well on the Rhoads property was awarded to C&B Drilling Co. of Lorenzo. The well will become a part of the municipal water system.

The annual traffic inventory, prepared by the National Safety Council, was presented by Sgt. Marshall of the DPS. An appraisal of traffic safety programs in Slaton were made in the report, and the following recommendations included:

1. Need of a local citizen safety council to secure public understanding and support of agreed-upon safety improvements.

2. Need of a working relationship between local officials and area-wide safety council.

3. Eliminate angle parking as quick as possible, particularly along US and state - numbered routes, since it interferes with traffic flow. Also, crosswalks should be marked at intersections where there is a noticeable conflict between vehicular and pedestrian movement.

4. That all elementary and junior high schools include a unit on bicycle safety as part of the total safety education program.

Under police traffic supervision, the report indicated a substantial increase in the amount of enforcement for hazardous traffic violations in progress.

Chief Cautions City Motorists

Police Chief Robert Breedlove this week cautioned motorists to be on the alert for "trick - or - treaters" Friday night during the annual Halloween carnival at school, and on Halloween night Monday.

The chief also advised parents to take special precautions to make the fun festival safe for children.

Breedlove pointed out that as youngsters gaily roam the streets, they get so wrapped up in their activities that they often forget their safety rules.

"They fail to look both ways when crossing streets, often cross in the middle of a block and quite frequently dart in front of oncoming traffic," he said. "It's up to all motorists to be on the alert for such actions."

"The ghosts that haunt our streets on Halloween are very much alive," he concluded. "Let's see that they stay that way."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Texas will vote on amendments to the constitution on November 7, over at 1:30 p.m. at the State Capitol.

declining crude oil stocks, COURT SPEAKS—Dallas County district attorney asked the Court of Criminal Appeals to reconsider its ruling that Jack Ruby, convicted slayer of presidential assassin Lee Harvey Oswald, must get a new trial. Supreme Court declined to reconsider its opinion that the City of Dallas could order a movie to be advertised as not suitable for youngsters.

Reversing the lower courts, the Supreme Court ordered a new trial of a Burnet County couple's suit concerning the method of computing interest on a loan from Fredericksburg loan association.

In a Segun case, the high court agreed that a school district can reassess invalid values it places on property. BOLLWORM DEADLINE EXTENDED -- Agriculture Commissioner John White extended until October 30 the cotton harvest and plow-up deadline for 17 Zone 4 counties under the pink bollworm control law. Counties affected are Austin, Brazoria, Chambers, Colorado, Fayette, Fort Bend, Galveston, Gonzales, Harris, Jefferson, Lavaca, Liberty, Matagorda, Orange, Waller, Washington and Wharton.

INDUSTRIAL \$\$\$ -- Texas is one of four states still without some type of statewide industrial financing. Texas Industrial Commission is pushing hard for the Legislature to submit a Constitutional amendment to allow municipalities to issue revenue bonds to build facilities and lure industry. Bonds would be retired by rent from the industry. Commission decided to recommend the program largely because of the current tight money market.

HIGHWAY RECORDS SET -- October contract lettings will set two highway department records. Bids totaling some \$50,000,000 will be the largest in the department's history. And the \$12,000,000 Dallas Interstate Highway 635 project will be the largest single project, money-wise, let by the department.

SHORT SNORTS -- Federal funds totaling \$3,096,383 still are available through the Texas Education Agency to some 300 Texas school districts for the education of deprived children.

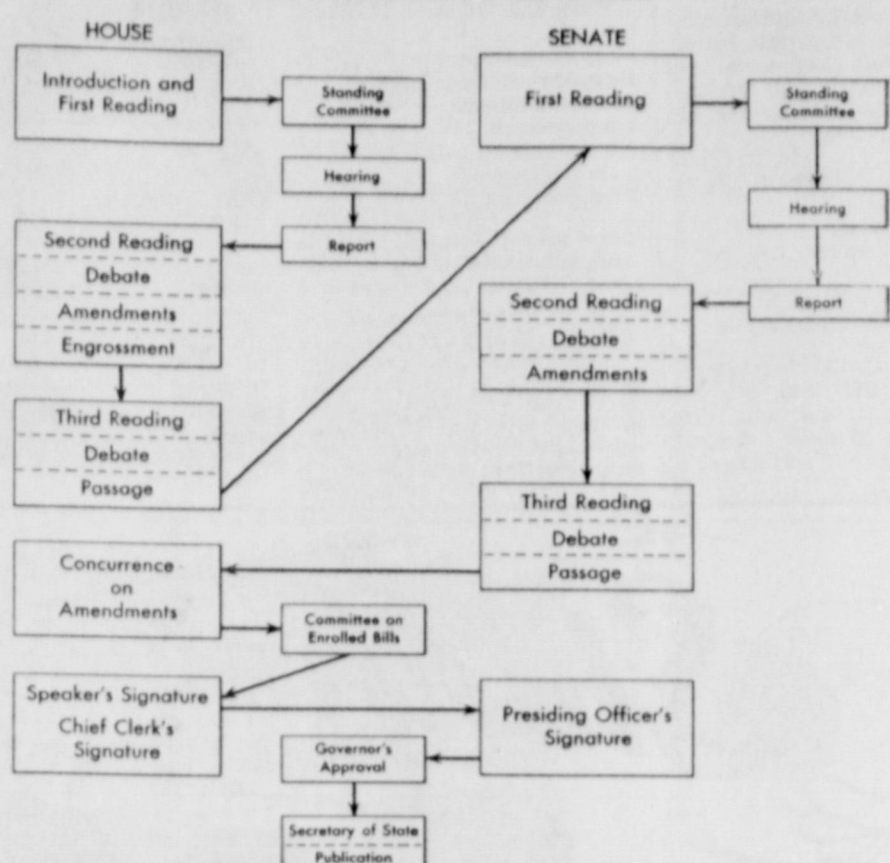

Workmen's Compensation premiums will decline an average of eight-tenths of one per cent, effective December 1, if staff recommendations are adopted by the State Board of Insurance. This represents a reduction of \$1,225,000 in premiums to be paid by Texas employers.

A \$329,090 - grant has been made to the Texas Office of Economic Opportunity for technical aid to communities wanting to participate in the war on poverty.

State Health Department found 11 public school employees with tuberculosis in a 459-district check.

AL Convention In Brownfield This Weekend

Ellis P. Schmid, 19th District Commander for the American Legion, will preside over the afternoon business session when the legionnaires and auxiliary members of this district convene in Brownfield Saturday and Sunday.

The legion and auxiliary will meet jointly Sunday morning. Committee reports will be heard and membership campaign for the ensuing year will be discussed.

Mrs. Ellis P. Schmid is district vice - president for the auxiliary and also plans to attend the convention. Others planning to attend are Ray Dickie, commander for Slaton's Post and Mrs. Joe Neilon, president of Slaton's auxiliary, and a group of members from here.

Board reports streamflow high in the eastern half of the state and the Rio Grande area below Fort Quitman, but near average for the balance of the state except for the Panhandle where the flow is low.

Senate Public Works Committee approved a \$3,700,000 watershed improvement program on Rush Creek, located in Comanche, Eastland and Brown Counties.

Texas motorists will use 4,900,000,000 gallons of motor fuel this year, or 5.1 per cent over 1965, according to the Texas Highway Department.

Public Employees Week Scheduled

Lubbock Chapter No. 3 of the Texas Public Employees Association has 262 members in an 11-county area extending from Cochran, Lamb and Crosby Counties on the north to Dawson and Gaines Counties on the south. Other chapters at Plainview and Dimmitt serve members in the north part of the South Plains.

Total membership of the three chapters is about 320. The total number of state employees in the South Plains area is estimated as about 800, not including faculty and some other employees of Texas Tech and state financed educational agencies, who have a separate association.

Many T.P.E.A. members who work and reside in this area have chapter membership at Austin or other locations.

Officers of the Lubbock chapter are J. K. Salser, president, Glenn Y. Johnson and Carl R. Hart, vice-presidents, and Irvin R. Patterson, secretary - treasurer, all of Lubbock. Elected directors for 1966 are Eugene Munselle, Tahoka; R. E. Shedd, Post, and Earl Wooten, Lubbock.

Delegates elected to represent the Lubbock chapter at the T.P.E.A. state convention in Austin Oct. 31 and Nov. 1 are the chapter president and secretary - treasurer, named above, and J. D. Allison, a senior maintenance foreman with the Highway Department in Lubbock.

An important objective of the Association is to encourage high standards of service and performance by state employees in their work for the people of Texas. Another aim is to reduce the turnover of employees in many state agencies, which has brought on increasing expense in many phases of state services, for the hiring and training of replacements for workers lost to industry and other employers.

ABSENTEE VOTING

Absentee voting for the Nov. 8th election is being conducted at Kertan Studio on the west side of the square from now through Nov. 4. The balloting box is open from 9 a.m. until 5:30 p.m.

Recipe Of The Week

You might wonder how a mother of five children, reporter for the Slatonite each week (or nearly every week), an FHA Chapter mother and a room mother of the junior class at Roosevelt High School every finds time to cook, much less enjoy it, but Mrs. James Thomas does.

She says her hobbies are her children and their happiness, which takes most of her spare time. She said "I enjoy sewing and cooking when I don't have to hurry, which is just about all the time".

The Thomases celebrated their 20th wedding anniversary Oct. 23. They have lived in the Roosevelt Community all their married lives. The couple has five children. They are Jimmy, who works at Methodist Hospital in Lubbock as a surgical orderly; Janie, the only girl, is a junior at Roosevelt High School; Randy, a freshman; Rex, a seventh grader and Tony, a fifth grader.

Mrs. Thomas, or better known as Doris, is a member of the Roosevelt Young Homemakers.

She said, "I do almost any-

thing anyone can get me to do, I just feel good doing for other people".

Doris is sharing two of her favorite recipes with us. They are for Mexican Corn Bread and Fruit Cocktail Cake.

MEXICAN CORN BREAD

1 cup cornmeal
1 teaspoon sugar
4 t. baking powder
1/2 t. salt
1/2 t. chili powder
2 eggs

1/2 c. butter or margarine, melted
1/4 cup finely diced green pepper
1/4 cup finely chopped onions

2 T. chopped Jalapeno peppers
1 small can cream-style corn

Mix dry ingredients into mixing bowl; add eggs, milk, butter, pepper, corn and onion, beat well; put in a well greased pan and bake at 425 degrees about 20 minutes.

FRUIT COCKTAIL CAKE

2 cups flour
1 1/2 cups sugar
2 t. soda (level)
1/4 t. salt
2 eggs (beaten lightly)
1 #303 can fruit cocktail

Sift dry ingredients into mixing bowl; add fruit cocktail and eggs and mix well. Pour into a well greased - floured 12x8 loaf pan and sprinkle with

brown sugar. Bake in a 350 oven about 35 minutes.

When cake is done, sprinkle top with:
1 cup chopped pecans
1 cup shredded coconut
Boil for 1 minute;
3/4 cup sugar
1/2 cup canned milk
1 stick margarine
1 teaspoon vanilla

Spoon over pecans and coconut while it is still hot. This makes a very moist cake.

Researchers say Cyrano de Bergerac tried to reach the moon by fastening bottles of dew around his waist. He thought when the sun evaporated the dew he would rise in the air.

Railroad Pays Large Taxes

Current annual taxes paid to the various government agencies in Lubbock County totaled \$153,366, it is announced by the Texas Railroad Association.

That amount was the county's share of the nearly \$10,000,000 the railroads paid in Texas on their own right of way and other property.

The biggest railroad contribution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of the large total the railroads' property taxes, which are paid on their own property, the live in Lubbock, and their own homes.

"With the fact of our youth, I am a great extent, the railroads are not nearly half of the highway patrol's area.

It was stated that the railroads are not nearly half of the highway patrol's area.

The board of directors of Plains Cotton Growers, Inc., has officially endorsed the Cotton Research and Promotion Act.

Twenty-six of the cotton producer organization's directors, representing 16 of the 23 counties, were present at the October 4 meeting where the stand was taken. The vote was 21 to 5.

Donald Johnson, Executive Vice President of PCG, said the action "simply means that a big majority of the board members, elected from their respective counties, favor the Act and believe it to be in the best interest of producers of cotton on the High Plains."

He cited statements made at the meeting by both Roy Forkner, chairman of the board, and Don Anderson, PCG Vice President, that as a cotton commodity organization, the PCG board has the responsibility for taking whatever action it deems in the best interest of High Plains producers.

In this case each individual producer will have the opportunity to voice his own opinion of the matter in a referendum to be called by the Secretary of Agriculture, probably in early December.

Passage of the referendum will require "yes" votes from either two-thirds of the producers voting or from a majority of those voting, provided that majority represents two-thirds of the cotton produced by voters.

If the referendum carries, all U.S. growers will be assessed a dollar a bale on their production to finance a research and promotion program, with those who request it getting a refund. The law specifies that requests for refunds must be made within 90 days, and that such refunds must be paid to the producer within 60 days.

The Secretary of Agriculture will be charged with the responsibility of seeing that the funds generated under the Act are spent to further the objectives of the Act — "To enable cotton growers to establish, finance and carry out a coordinated program of research and promotion to improve the competitive position of, and to expand markets for, cotton."

Any other use of the funds is

expressly prohibited in the law. A Cotton Board, selected by the Secretary from nominations submitted by state and regional cotton producer organizations, would work out the details of the program.

The money itself would be spent on projects developed by a group of cotton producers, with each state having representation in proportion to its contribution to the fund, which of course would be governed by production.

Research and promotion would be submitted by this group to the Cotton Board for approval. The Secretary, in his role as "watch dog" would have the power to veto. The complete resolution passed by the PCG board follows:

"Inasmuch as cotton's situation and the situation of cotton producers is seriously jeopardized by declining markets both at home and abroad, the need for increased research and promotion is clearly recognized on both regional and national levels, and the board of directors of Plains Cotton Growers, Inc., reaffirms its unqualified support for bringing about such increase in research and promotion by the most practical, effective and expeditious method or methods possible.

"Therefore, be it resolved that the board of directors of Plains Cotton Growers, Inc., strongly endorses the Cotton Research and Promotion Order. Further, to enable cotton producers on the High Plains to make for themselves the most intelligent decision possible with regard to the Research and Promotion Order, it is resolved that Plains Cotton Growers, Inc., shall assist in the educational campaign by presenting all information available pertaining to the proposal."

THE ABSENTEE VOTE

Absentee votes can and do make the difference in many elections. In 1940 the Governor of Texas won reelection, with the absentee ballots giving him the margin of victory.

In 1960 Richard Nixon carried the State of California by the margin of the absentee vote.

Today there are over a million Americans outside the continental limits of the United States. Many of them are of voting age, and only rarely out of the country—in the military or on assignments from their employers, or just for pleasure.

One out of five Americans changes his residence every year. Many of these people not yet to vote in their new location may still vote absentee ballot where they used to live by property ownership or other legal connection.

Now is the time to determine in all states except Rhode Island, where it's already determined whether you and other members of your family may need to cast an absentee ballot. If you are to be away at voting time, make arrangements to obtain the forms to fill out to necessary absentee ballots to assure a 100 percent record in each family.

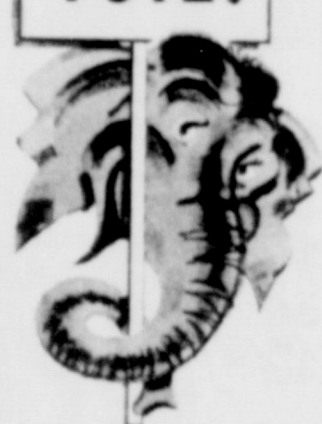

So many dinners call for green, garden or chef's salad. Vary it with crumbled cooked bacon, sieved hard-cooked eggs or Green Goddess dressing.

Green cabbage may be combined with red cabbage for slaw. It gives a calico effect. Homemade or bottled boiled-type dressing pleases most people best.

Cotton prices paid South Plains farmers, as reported to the Consumer and Marketing Service of the USDA, ranged from the loan to \$3.00 per bale over the loan for the White grades. Light Spotted grades were bringing from \$1.00 to \$5.00 per bale over the loan. The most predominant grade, Middling, has been bringing the loan level to 50 cents per bale over the loan.

Prices paid farmers for cottonseed ranged from \$65 to \$70 per ton.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

One of the illusions fostered by government is its generosity. It is common to hear that a president or congress has "given" to the American people this thing or that. If you don't believe it just listen to the breast-beating.

The American people would do better to thank themselves, for it is their own enterprise and productivity that has made possible these "give-aways."

The government shows continued willingness to spend—but they are spending money extracted from the people, not money they as a governing body generate. Anything the government "gives-away" to the people represents wealth derived from the people.

Another frightening fact: there is no constitutional limit to the amount of taxes government can collect—although there might be a limit to how much levying citizens will take!

Today, the Federal Government is skimming the rich cream of gross national production into the taxation trough, a situation that has in the past led to forms of socialism.

Treasury experts state that total taxes today amount to 40 per cent of gross national product.

Exams Set For Patrolmen, 231 Needed in State

AUSTIN -- The Texas Department of Public Safety announced today it has 231 vacancies in its uniformed patrol services and reminded interested men between the ages of 21 and 35 that the next deadline for applications is Oct. 17. Examinations will be held on Oct. 22 for the next cadet training school scheduled to begin Jan. 3.

Col. Homer Garrison Jr., DPS Director, said vacancies exist in all four of the uniformed services -- Highway Patrol, License and Weight, Driver License, and Motor Vehicle Inspection. Most of the openings are in the Highway Patrol Service.

"These opportunities for careers in the public service offer many and varied advantages for qualified young men," Garrison said. "Men who would like to dedicate their lives to helping people can at the same time enjoy a livelihood with security and opportunity for advancement."

He pointed out that effective Sept. 1, higher salaries and the five-day week went into effect for all DPS uniformed personnel. He said cadets at the DPS Law Enforcement Academy in Austin will receive \$400 per month while in training, and will

about 28 per cent of the gross national product. This GNP is the sum total value of all goods and services produced by the economy.

The Federal tax bite, about 19 per cent, is still the largest single levy, but state and local government taxes are garnering increasingly more of the money generated by the GNP.

The monumental costs of waging wars is well known. The burgeoning of bureaucracy is another expense: It is reported that during the past year, the Federal Government has increased the public payroll by 185,758 federal employees with salaries costing an additional \$1 billion annually.

In June, the President requested Congress to raise the legal debt limit to \$330 billion—an additional \$47 billion from the debt of 1960 when administrations changed.

The people pay \$966 million dollars a month in taxes just to cover the interest on the Federal debt already incurred.

No matter from what angle one views the spiral, it only points to inflation, with its never-ending skyward rocketing of wages and prices.

And no matter what the bureaucrats say, or what governmental programs are launched to give the illusion of stability and progress, the American public will continue to pick up the tab and pay its own way.

be off Saturdays and Sundays. The training period will last approximately 18 weeks, including 13 weeks of basic training.

The cadet's choice for a particular service will be granted, consistent with vacancies existing at the time, and the Department will make every effort to station a man within 150 miles of his desired location.

Upon graduation, cadets will be commissioned and assigned to the field, with salaries ranging from \$468 to \$484, depending on service assignment.

LET'S LOOK AT THE RECORDS

BY LINDA NORRIS

Ever since he first started recording, Ernie Ford has been among the top singers and sellers of religious and inspirational music in the world. His Hymn album was one of the largest selling religious LP's of all time with more than 2,000,000 copies sold. Now Ernie comes up with another album of hymns. None of the 11 religious songs on the album have ever before been recorded by Ernie. Jack Fascinato arranged and conducted with the Jack Halloran Singers providing accompaniment. The hymns, in addition to the title song, are Crown Him With Many Crowns, Beneath the Cross of Jesus, Come, Thou Almighty King, I Love Thy Kingdom, Lord, The Beautiful Garden of Prayer, Lead, Kindly Light, Grace, Greater Than Our Sin, The Name of Jesus, Jesus, Lover of My Soul, Saviour, Again To Thy Dear Name.

Sonny James' first inspirational album, Till the Last Leaf Shall Fall, features 11 of the country singer's favorite religious songs. The title tune was the first religious song he ever recorded and is one of his most requested songs at personal appearances. Others, An Open Field, He, How Great Thou Art, The Bigger We Are, When

Unfit for trips or outdoor play.
For folks and plans, the weather's bad.
And yet, in spite of all, I'm glad.

Its pat against my window-pane,
And a happy whisper from afar:
"It's not a day to wash a car."

A student was asked by his teacher to name some of Thomas Edison's contributions to science.
He answered quickly: "If it were not for Thomas Edison, we would be watching television by candlelight."

TEACHER SHORTAGE WORST IN 15 YEARS, SAYS TSTA

Texas is facing the worst teacher shortage in 15 years, according to the Texas State Teachers' Association.

A survey conducted by the association in September 1965, showed that 10,000 teachers are teaching in Texas this year with only emergency permits, Tennyson said.

"According to the survey returns," he continued, "superintendents apparently feel that almost one half of the holders of these 10,000 emergency permits are not qualified to handle the professional duties required of a classroom teacher. Of course, many of these emergency permit teachers are excellent instructors."

"The sad fact is that Texas superintendents are today forced to hire unqualified persons in order to keep Texas schools open. We have no estimate as to the number of school children receiving inferior instruction."

Older Homeowners

Older individuals in the U.S. increasingly maintain independent homes, the Census Bureau says. About 10 million persons, two-thirds of them 55 and over in 1966, lived alone in a house or apartment or headed a household with no relatives present. This was twice the number of persons in this category in 1950.

IT'S ALL NEW--R. L. Montgomery is shown in the foreground with his new building housing Montgomery Irrigation Service. The building is located north of Highway 84 on FM Road 400. (SLATONITE PHOTO)

Cover Crop Urged For Diverted Acres

Barren, nonproducing land is an open invitation for wind and water erosion. This fact became increasingly important with the recent advent of diverting acres from cropland.

This layout land deserves and demands attention just like the rest of your farm. Diverting land from producing a cash crop does not divert it from the hazards of wind and water erosion.

With many farmers planning to reduce their cotton acreage by 35 percent and their grain sorghum acreage by 50 percent, there will be a great amount of land that normally is protected by cover laying bare and unprotected. Now is the time to start thinking about the care and protection of these diverted acres.

The best protection for these acres of layout land is a growing cover crop such as sudan, millet, or cane. Such a crop will protect the land during the summer as well as furnish a residue cover for erosion prevention during the fall, winter, and spring. The ASCS office has cost-share funds available to help cover the ex-

pense of establishing such a protective crop.

The Lubbock County ASCS office has received requests for cost-share assistance on planting cover on approximately 70,000 acres. This represents \$140,000, that is aimed at reducing erosion by cover.

Also, with the land out of production, now would be an opportune time to install protective measures such as terraces, bench leveling, or permanent pasture. Many times these practices are put off because they would interfere with the cropping of the land. With the land diverted from cropping for a year or more, work can be done on these acres in preparation for their return to production.

For further information contact your local Soil Conservation Service office at 1616 19th St., Lubbock, or phone PO5-8541, Extension 325.

Montgomery Opens New Facilities

Montgomery Irrigation Service began in November 1951 when the R. L. Montgomerys moved here from Fluvanna, and along with celebrating its 15th anniversary, the Montgomerys are pleased to announce the opening of new facilities.

The steel structure is located one fourth mile north of Highway 84 on FM Road 400. It is an attractive building with a large shop, a waiting room and an office. The two front rooms are beautifully paneled.

Montgomery started his business in a building on West Scott Street between 9th and 10th Streets. In 1956 the business was moved to 1200 So. 8th and remained there until the new building was completed.

Montgomery said the biggest asset to his company are his two rig operators, his brothers, Willie and Grady Montgomery. Willie has been with him since

1953 and Grady since 1955. They operate the rigs and are responsible for the field work. Mrs. Montgomery works in the office.

FFA; 4-H'ers Place At Fair

Hello, again, and I would like to say "What a Week in Big D", Roosevelt and the surrounding schools in this area were well represented.

Roosevelt placed with almost everything they entered. Those who went to the Fair from out this way were Assistant County Agent Ken Cook, Troy, Mackie, Phyllis, Joyce and Max Thomas; Jerri, Bobby, Pam, Brady and Marty Mimms; Buddy, Marie and Mike Martin; James, myself, Jimmie, Janie, Randy, Rex and Tony; Hal and Oma Martin.

We were all representing the Lubbock County 4-H along with Cindy and Marsha Cade and their dad of Cooper; Clay Mitchell and his parents of Slaton, and Randy Hagens.

Roosevelt's FFA was represented by J. T. Crumley, Maxey Reasoner, James Parker and Freddie Shaw. I think we all enjoyed ourselves very much at the show and saw a few friends that came out to visit with us. Mrs. C. C. Richardson and her granddaughter, Daryne Sue Carrick, came out for a visit and Dub and Mildred Oats of Honey Grove came up to see the Fair.

Some more former residents of this community who were there included Kyle, Gladys and Mackey Hancock of Seagraves. Mackey showed a steer at the Fair. My mother, Mrs. Mack McCormick, went along with us and stayed with Johnny McCormick's of Dallas for the week. Mr. and Mrs. L. A. Cox came down for the hog show Friday.

I wish you all could have been there with us.

THEY'RE ALL IN BLOOM---Beds of cysanthemums in various colors and climbing roses decorate the yard of Mrs. A. E. Whitehead, 625 W. Garza. Planted in late spring, the plants have been in full bloom for several weeks for the enjoyment of their owner and passersby.

(SLATONITE PHOTO)

Pioneer Helps Make Slaton Beautiful

BY BERNARDINE GRABBER Slatonite Staff

One of Slaton's "beauty spots" is also one of its oldest landmarks. The yard at the home of Mrs. A. E. (Vallie) Whitehead, 625 W. Garza, is proof positive of what a little planning and a lot of hard work can produce.

Mrs. Whitehead said that early in the spring she mentioned to the president of the Slaton Garden Club (of which she is a charter member) that she planned to beautify her part of the block as a personal project. This included moving some 30 trees; planting new ones; setting out shrubs, and planting four beds of cysanthemums. A program on the culture of cysanthemums was put in the Garden Club's yearbook for November.

The yard was planted with climbing roses and mums in June. Mrs. Whitehead says it was then she remembered the Chinese slogan, "One picture is worth 10,000 words," and was therefore determined that this effort must succeed. She recalled that by August favorable results were clearly evident and that she had also learned many tricks of floriculture, adding, "Isn't it true... when one quits learning he is through?"

As for her brick home, she told this reporter Mr. White-

head began building it in Aug. 1920. He ordered the lumber and brick from a firm in East Texas, and a floor plan from Holland's Magazine. In building, they added two extra feet onto each room from the original plan.

Mr. and Mrs. Whitehead moved into their new home Mar. 3, 1921. Mrs. Whitehead remarked that everything in it was new and the next week "we even had a new baby, Kathryn". Mrs. Whitehead was born Vallie Dickinson in Cameron in 1892, one of nine children. She moved with her parents, the late Mr. and Mrs. W. K. Dickinson, to this part of the country in 1903. She presently has a brother living in Dallas and a sister in Lubbock.

She met Mr. Whitehead in Slaton in June, 1912, when the town was celebrating its first

birthday. They were married Sept. 24, 1912, and celebrated their Golden Wedding anniversary in 1962. Mr. Whitehead passed away in March of this year.

The couple moved first into a small house on West Panhandle where they lived until building the present home. Mrs. Whitehead remarked that her lawn was so small there she could cut it "in one morning with the scissors".

Mrs. Whitehead is also a charter member of the Art Club, and has been a member of the Methodist Church for 53 years. She has two children, Mrs. J. W. (Kathryn) Mitchell of Shawnee, Okla., and Mrs. Louis (Mary Virginia) Griffin of Lubbock. She also said she has two "fine sons-in-law" and five wonderful grandchildren, Stephen, Jim and Lisa Griffin, and Fred and Robert Mitchell. "Slaton", says Mrs. Whitehead, "is one of the GOOD towns on the South Plains. It will always be home to me and my children".

Homecoming Spoiled by Dawson

BY JIM NEWHOUSE
Slatonite Staff

Southland Eagles had a homecoming game Friday night, losing to Dawson, 20-6.

The drive was spoiled the first time when Rex Drennan intercepted the ball for the 6 points. After failed.

a pass on the 20-yard line and ran it in for the TD. On the kick-off after the Dawson touchdown, Dennis McGehee gave the homecoming fans something to remember and take back home with them. McGehee fielded the ball on the 15-yard line, dropped it, then picked it back up and headed for the sidelines.

There appeared to be no opening as a line of Dragons awaited the Southland back, but McGehee's swift dash slayed the Dragons as he went all the way for a touchdown.

The Eagles found it difficult to get their offense going without the services of Jackie Abshire, who was sidelined with a sprained ankle.

MRS. EDMUND WILKE

Over 100 Attend Homecoming

Southland held its annual homecoming here on Friday, October 21. One of the highlights of this homecoming was the reunion of the ex-students. They began their reunion with a dinner that was catered by Underwoods of Lubbock. One hundred persons were served dinner and quite a few more attended the meeting later.

After the dinner, the invocation was given by Sam Ellis, Harley Martin, president of the ex-students, recognized several former teachers of Southland who were present: Mrs. L. J. Duff, Otis Neile and Sam Ellis. Several persons who graduated in 1925 were present and were recognized.

Harley Martin presented the three ex-student queen-elects. They were Mrs. Helen Barton Thomas, Mrs. Kelly Davies Sparkman and Miss Brenda Dabbs. The honor of being the new ex-student queen was bestowed upon Mrs. Helen Barton Thomas and she was presented a lovely corsage of red carnations and a gold engraved charm. Mrs. Emma Lou Basinger Taylor, last year's ex-student queen, placed a tiara of rhinestones on Mrs. Thomas's head, officially making her the new queen.

Harley also introduced the guest speaker, Buford Duff of Slaton. Buford is a former Southland resident along with his parents, Mr. and Mrs. L. J. Duff. The late Mr. L. J. Duff was Superintendent of School and Mrs. Duff was a teacher here. Buford gave a most inspiring talk, filled with reminiscence and good advice for parents of today. His address was enjoyed by all.

During the business meeting a motion was made, seconded and carried that the ex-students will meet for another dinner and business meeting in three years, 1969, but that each year at Southland's Homecoming, coffee and donuts will be served in the gym after the football game for all the ex-students. Four ladies were nominated to be new Queen - Elects for 1969 and they were: Mrs. Gloss Oats Davies, Mrs. Audine Whitelock, Mrs. Oda Abshire, mother of Delbert Abshire, has been visiting in the Abshire home for the past month. Her home is in Jacksonboro.

Mr. and Mrs. Junior Mayo from Springdale, Ark., visited in the Delbert Abshire home recently. Mr. Mayo and Mrs. Abshire are brother and sister. Mr. and Mrs. Robert Becker and children from Brownfield and Mr. and Mrs. Junior Becker and boys enjoyed a fish - fry in the home of Mr. and Mrs. Willie Becker on Saturday.

The Slaton Cub Scout Den #6 came out to visit the Southland Cub Scout Den #9 recently in the home of the den - mother, Mrs. Joyce Odum. The Slaton Den explained the rules and regulations of being a Cub Scout and showed how to do different things and answered questions that were asked. The Southland Cub Scout Den has just recently been organized and probably had a lot of questions. At the present time the den just has five members but hope that before too long more young boys will become interested and join. The five Cub Scouts are Dale Odum, Roy Belk, Kendon Wheeler, Abel Cardenas and Danny Cardenas. The Southland Den invited the Slaton Den to come back very soon to go arrow.

Johnson, Miss Martha Sue Oats and Mrs. Mary Jane Hampton Jackson.

One of the most important events of the Homecoming was the football game between Southland and Dawson. We knew that this was going to be a tough game and one of our key players, Jackie Abshire, couldn't play due to a sprained ankle. The highlight of the whole game was in the last quarter when Dennis McGehee got the ball and ran 60 yards for a touchdown. We lost the ballgame 20 to 6, but we are looking forward to this week's game when the boys will be meeting Klondike, game to be played at Klondike.

At half - time, the football sweetheart was picked, and the lucky young lady was Gloria Cisneros. She was presented a bouquet of red roses by the football captains while the pep squad sang "There She Is." Later she was driven around the football field in a convertible driven by Mike Mason. The evening of activities was topped off with coffee and donuts in the gym where many students and ex-students gathered for more talk and fellowship.

Mrs. Oda Abshire, mother of Delbert Abshire, has been visiting in the Abshire home for the past month. Her home is in Jacksonboro.

Mr. and Mrs. Junior Mayo from Springdale, Ark., visited in the Delbert Abshire home recently. Mr. Mayo and Mrs. Abshire are brother and sister.

Mr. and Mrs. Robert Becker and children from Brownfield and Mr. and Mrs. Junior Becker and boys enjoyed a fish - fry in the home of Mr. and Mrs. Willie Becker on Saturday.

DR. GROVER MURRAY

Five former Tech presidents are also expected to be on hand for the Nov. 1 inauguration of the university's eighth president.

monies at the afternoon session of the symposium.

Symposium participants will include the former President of Mexico Sr. Lic. Emilio Portes Gil, Secretary of the Interior Stewart L. Udall, Dr. John W. Gardner, Secretary of Health, Education and Welfare, Smithsonian Institution Secretary S. Dillon Ripley, Dr. William T. Pecora, Director of the U. S. Geological Survey and Senior Research Hydrologist Luna B. Leopold.

The symposium will focus attention on the new International Center for Arid and Semi-Arid Land Studies recently established at Tech. The symposium in Lubbock Municipal Auditorium will be open to all interested persons.

The quintet of business and educational leaders, whose tenures at Tech represent a total of 28 years of service, included President Emeritus Clifford B. Jones, a member of Tech's first Board of Direct-

ors and president from 1938 to 1944; now Chairman of the Board of Lubbock National Bank.

--Dr. William Marvin Whyburn, member of Tech's first faculty and president from 1944 to 1948; now Kenan Professor of Mathematics at the University of North Carolina.

--Dr. Dossie M. Wiggins, Tech president from 1948 to 1952; now Chairman of the Executive Committee of Citizens State Bank, Lubbock, and member of the Coordinating Board, Texas College and University System.

--Dr. Edward Newton Jones, vice president 1948 - 52 and president from 1952 to 1959; now Secretary of the Christian Education Commission, Baptist General Convention of Texas, Dallas.

--Dr. Robert C. Goodwin, joined Tech faculty in 1930, serving as Department Head, Dean and Vice President before becoming head of the institution in 1959, a position he resigned in September, 1966, to become Advisor to the President and Coordinator of Grants and Contracts at Tech.

Tech's first president, Dr. Paul W. Horn, served the institution during its formative years from its opening in 1925 until his death in May 1932. His successor, the late Dr. Bradford Knapp, was president from 1932 to 1938.

Rural Traffic Wrecks Reported

The Texas Highway Patrol investigated 42 accidents on rural highways in Lubbock County during the month of September, according to Sgt. Q. C. Guthrie, Highway Patrol Supervisor of this area.

These crashes resulted in one death, 33 persons injured, and an estimated property damage of \$33,140. The rural traffic accident summary for this county during

the first nine months of 1966 shows a total of 357 accidents resulting in 13 persons killed, 223 persons injured, and an estimated property damage of \$291,320.

From past experience, the month of October signals the increase of traffic accidents in Texas due to shorter days and longer nights. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

The sergeant listed some factors why driving is more hazardous at nighttime than in daytime. (1) Reduced road visibility prevents drivers from seeing hazards. (2) It has been longer since most drivers have slept and the resulting fatigue increases perception reaction time. (3) More drinking drivers will be met. (4) It is easier for drivers to become confused in traffic and to panic.

These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

LITTLE SISTER... Anna Maria Alberghetti is well suited for her role as the youngest of four lovely Italian sisters in a recent movie.

The psychiatrist, treating his patient, finally analyzed his problem. "You have a persecution complex," said the head-shrinker. To which the patient snarled: "You're only saying that because you secretly hate me!"

Editorial

Many community organizations in Slaton are staging a great effort to build a Youth Center for us, the students. They've been tireless in planning different projects to raise money.

The people of Slaton have been generous and have helped the youth of the community. What have the students done to help?

We must give of our own time, and energy before expecting help from others. Since this project is for the youth our cooperation is needed to make it a success.

Let the people know that we appreciate all they have done. Make this a joint effort, support the project, and let's build a Youth Center.

Steve's favorites include: song -- "Everybody Loves Somebody"; singer -- Dean Martin; teacher -- Coach Martin; color -- red; subject -- 4th period.

When asked of his most embarrassing moment Steve said, "Nobody knows, I hope!" Steve's advice to freshman is to forget chemistry (like he did), and have fun in high school.

JACQUE EDWARDS

After graduation, Jacque Edwards plans to attend West Texas State University.

Jacque was born Oct. 2, 1949, in Slaton. She has blue eyes and brown hair.

During high school, she has participated in basketball 2 years; tennis 1 year; FHA 3 years; DECA 1 year; student council 3 years; secretary 1 year; Tiger Cage staff 1 year; and was named Junior class favorite; and Senior class nominee for Miss Flame.

When asked of her most embarrassing moment she said that only Cheryl and La Rue can remember that night.

Seniors Lead Bonfire Rally

"There goes our work up in smoke!"

This was the thought of all Slaton High School students as the piles of pasteboard boxes were set afire Thursday night at the football field.

The annual homecoming events were off to a good start as the seniors were announced as having the largest amount of boxes; consequently, the senior candidates, Jacque Edwards and Steve Harlan, became 1966-67 Mr. and Miss Flame.

Following the bonfire, students had a snake dance to the square for another short pep rally.

Legend - a lie that has attained the dignity of age
Gossip - the art of saying nothing in a way that leaves nothing unsaid
Laziness - the aesthetic love of physical calm.

JOKES:

No Panic
"Jim, wake up. There's a burglar in the kitchen and he's eating the rest of the pie we had for dinner." "Go back to sleep. I'll bury him in the morning."

Now You Know
I rarely comment the same mistake
A second time, which isn't surprising.
For its a full time job to make The gorgeous new ones I keep devising.

BE PREPARED!

All school students will have their class pictures taken November 2, 1966. All students and teachers should be dressed appropriately and will not be allowed to leave school to change.

Tigers Whip Frensh

After letting the visiting Frenship Tigers get a 6-0 lead in the third quarter, the Slaton Tigers came roaring back to down Frenship 21-6 Friday night.

In the third quarter, Frenship fullback Joe Lara scooted 9 yards around right end for a Frenship TD. The running try for extra points failed. Frenship's lead was shattered as Larry Pickens scooped up a blocked punt and ran 13 yards for a Slaton tally. Steve Harlan booted the extra points to give

Slaton a 7-6 lead.

The fourth quarter brought Slaton an fullback tackle for the score. Harlan conversion was good. Slaton a 14-6 lead. A few minutes later wingback, Doug ridge, scampered 40 yards for Slaton's final TD. Again Harlan's conversion was giving Slaton a 21-6 homecoming victory.

Tom Davis and Dale sparked Slaton's defense while Joe Lara and Randy were outstanding for Frenship. Both teams now stand in district competition.

EXES REUNION

Festivities for the "Exes" from 1960 to 1966 continued after the game Friday, Oct. 21, with a reception held in the Junior high school cafeteria. Approximately 40 "Exes" were served coffee, punch, and brownies. Everyone relived their "good-old days" at S.H.S. Lisa Nowlin, Barbara Wilko, and Dene White were in charge of the reception.

Game Dedicated To Stricklin

The victory bell was ringing loud as the Tigers were brought into the Friday pep rally. Spirit was high and the anticipation of victory was the constant source of energy throughout the assembly.

Coach Davis stated how sorry the team was about Claude Stricklin's injury in the Denver City game and dedicated the Frenship game to him. He helped to rally the spirit as he closed with this statement, "As a new school policy we don't want to be beat on our new scoreboard."

Many exes attended the homecoming pep rally.

THANKS!

The students of Slaton High School wish to thank everyone who furnished boxes and helped make our bonfire a big success. We appreciate your continuous support in our school activities.

Citizen of the Month

September citizen of the month, Bobby Ball, was born 14, 1950, in Slaton. Bobby's favorites are: song -- "Tijuana Taxi"; subject -- chemistry; pastime -- experience, hero -- Conan the Barbarian, and television -- "Time Tunnel."

During high school, Bobby has participated in football 2 years, basketball 2 years, student council 2 years, and is a member of the Junior class. He is a favorite among students and teachers at Slaton High School.

Time To Mail Parcels To Viet Nam

The Department of Defense has announced that there are no present plans for specific airlift of bulk collections of Christmas gifts for servicemen in Vietnam this year. Reese Air Force Base officials have stated.

In addition, mail intended for unspecified addressees will not be accepted and mail for servicemen must be addressed to a named individual or to a specific military unit, it was stated.

Prayer

"And the prayer of faith will save the sick man, and the Lord will raise him up; and if he has committed sins, he will be forgiven."
— James 5:15

Never underestimate the power of faith and prayer. But do not expect God to perform your own special miracle.

Faith and prayer are the basis of strength and offer reason for hope. Yet there is no prayer to bend God's will. Through faith, there is personal reward in knowing that we have met the challenge of despair and we have not been defeated.
