Grain Harvest Begins; Cotton Yield in Balance

Grain Harvest Interrupted By Week-End Rains

Loads of grain already delivered in the Slaton area and resumption of harvest after week-end showers is noted in a number of places today.

Southland Grain Company had its first load of grain delivered August 22nd (that was the first load of grain in some 20 years in the area vicinity).

Wheeler of the Hackberry area took first load home.

SEE NO. 1, BACK PAGE

Total Cotton Yield Could Be Near Last Year

Predictions for the area cotton harvest still have failed to indicate any near-definite forecast, the late cotton yield contingent upon correspondingly late frost. Even the regularity of week-end rains and showers has been met with mixed emotions by area farmers, the dryland farmer is most instances welcoming the moisture that was a "must" for his crop; some irrigation farmers and early crop producers finding the moisture coming at awkward time in the plant growth.

One local cotton firm has hazarded a guess of 6 percent less total production in the area than harvested last year. Lubbock County this year has a planted cotton acreage of 219,706.8 acres, a decrease from the 240,000 acres of the previous year, due mainly to lower allotment even after re-apportionment of acreages.

Cotton harvested from Lubbock County farms last year totaled 292,700 bales.

Considerable irrigation of the crop still is underway, with the Extension Service recommending August 25th as approximate local cut-off date on watering. The dryland fields still need more rain.

No serious insect trouble has been evident in county cotton, though areas to the south have reported increased leaf worm and boll worm infestation within the past 10 days. Only isolated worm damage has been checked near Slaton and Lubbock, according to the County Agricultural Agent's office.

Farmers again this year leaned heavily to the "2 in and 2 out" or "2 in and 1 out" methods of planting the cotton crop, atesting to the acceptance of that practice commenced locally on a large scale for the first time last season. Two reasons have prompted this practice, (1) better utilization of moisture on the dryland fields, and (2) the two rows are all that were actually measured in computing total acreages for the farm program compliance.

Some bolls are noted in scattered fields, but some fast action will be necessary to beat the "1st load" delivery date of last year, the first bale coming to the Posey Gin on August 25th last year. Bill Klattenhoff, Jr. produced that bale, qualifying for the Slaton Chamber of Commerce cash award.

"If it be possible, as much as lieth in you, live peaceably with all men." Romans 12:18.

We sail above the plains and trees
Or can submerge beneath the seas,
And now we have attained a goal:
Encircling the globe in whole,
Despite all this we find a dearth
Of us who live at peace on earth!
WILL CURTIS

RETURN TO HOUSTON

Mr. and Mrs. Frank J. Peters have returned to their home in Houston after spending several days in Slaton as guests of her sister, Mrs. H. R. Fondy, and Mr. Fondy. While here, Mr. and Mrs. Peters saw their son, Bob, pitch for the Houston Oilers during the N. B. State Baseball Tournament at Lowery Field in Lubbock. Bob made all-star selection with the Oilers.

ALL A-OK FOR SLATON SCHOOL OPENING

Faculty Commences Activities At Pre-School Seminar August 28th

Eighty-seven faculty members, including at least 16 newcomers to the Slaton school system, will formally commence their 1963-'64 duties by participation in a 3-day workshop session commencing Wednesday, August 28th.

WEATHER

Near-mild temperatures prevailed this week, average daytime high recordings at 87 degrees, night lows averaging 65 degrees. Slaton still has not experienced 100 degree temperatures this season, though the mercury hovered in the high 90's for several weeks.

Scattered evening showers have favored most areas this month, Slaton itself receiving .40 inch on August 8-9; 1.50 inch on August 18th; and a near repeat performance on the past week-end, with 4.0 falling on the city section Sunday evening, more reported in isolated spots.

Day to day temperature extremes, as recorded by the Pioneer Natural Gas Company, have been:

Thursday 63-86
Friday 63-90
Saturday 68-88
Sunday 70-88
Monday 64-82
Tuesday 64-86
Wednesday 66-90

Dr. Lee Vardy, superintendent, states that the pre-school faculty workshop program was initiated several years ago and has proved very successful in perfecting the organization and acquainting the faculty with policies of the school, changes made in system operation, etc.

Quoting from the school administration, "new techniques will be discussed in many areas of the curriculum to further perfect the methods of presentation. Problems that may arise are considered at this workshop in order that beginning of the school term will be accomplished with the least amount of effort on the part of the staff. This will allow a more concerted effort in starting actual classwork and school functions."

The physical facilities at all schools are in readiness for the new term, buildings checked and needed repairs made. The 4-classroom addition to the Stephen F. Austin school will be ready for occupancy. Painting has been done wherever there has been need, in all schools, superintendent reports, and the floors have been sealed and waxed in needed areas.

Teachers Listed

Complete faculty lists have been released for the five schools in the Slaton Public School system, the grand total of 87 members including largest bloc at the high school (23) and with 16 new faces in the various school faculties.

Administration duties again will be headed by Dr. Lee Vardy, superintendent, with staff of Mrs. Grace Dodson, nurse; Thomas Kurz, counselor; and Mrs. Ruth Smoot, supervisor.

High school teachers and their assignments include: W. M. Kerr, principal; V. F. "Bing" Bingham, physical education; Martha Brown, social studies; William A. Carnes, science; Charlene Davis, music; Velma Figley, English; Mary Gilmore, speech and Spanish; Gay Ivy, girls physical education; Alfred Deen Jackson, commercial; Helen Kerr, commercial.

Jewel Kenney, math; Dwight L. Lindsey, science; Hazel L. Lindsey, English; Elizabeth Martin, English; Don Mitchell, vocational agriculture; Audean Nowell, math; Berhl Robertson, vocational agriculture; Bill J. Townsend, band; Fred Weaver, coach and social studies; Mrs. Lou Collins, homemaking; Mrs. Eddy E. Landers, homemaking; Don Macon, coaching and math;

Registration Schedule Told For Sept. 3rd Beginning of New Year

Enrollment for what well could be a record attendance year at the Slaton Public Schools is scheduled for Tuesday, September 3rd, with students to be enrolled in their respective buildings.

Students at the high school registered last spring; however, any student failing to enroll at that time may register next Tuesday, August 27th at 9 a. m., Dr. Vardy, superintendent, states.

REQUIREMENTS FOR NEW STUDENTS

Those entering the local schools for the first time in the 1st grade must have a birth certificate and certificate from their

physician, or other evidence that they have been vaccinated smallpox and diphtheria. School officials state that it is strongly recommended that immunization for whooping cough and polio be given these students.

The policy of the Slaton school recommends that all 1st grade students be given a physical examination by the family doctor and that the student also have dental check, inasmuch as of the learning process can be affected by some physical defect that can be remedied.

OPENING SCHEDULE

School buses will operate the same route as effective close of the 1962-'63 term, running first on Tuesday, September 3rd. Any needed changes will be made as soon as possible after starting of school.

School will operate one-half day on Tuesday, full day schedules beginning Wednesday, 1. Vardy announces. Cafeterias will serve for the first time on Wednesday.

First graders will attend only one-half day for the first two weeks, enabling 1st grade teachers to visit in the homes of their pupils in the afternoon obtaining a better understanding of their new students. It is hoped that the parents will be able to be at home when the teacher calls, school officials add, give information relative to the child and its behavior pattern.

Two Boys State Delegates Will Report Monday

Jim Bob Chriesman and Travis McCormick, Slaton youths who recently were local delegates to the State Legion-sponsored Boys State, will report Monday evening to a joint meeting of the local American Legion Post and Auxiliary.

Legionnaires and Auxiliary members will convene at 7 p. m. on August 26th to hear these reports, together with accounting of the State Department Convention by Luther Gregory, local delegate.

A salad supper will be served at the joint meeting.

POLICE CHIEF JOE MARTIN is flanked here by two members of the expanded Slaton city police force. Lawrence Wayne Luker, newly employed patrolman is at left in the picture, with Robert Breedlove at right. Breedlove recently was promoted to rank of sergeant on the force, Tony David Valdez, not present when this picture was made, has been retained as a part-time patrolman.

Registration At Southland School Friday, Aug. 30

Registration and opening exercises at the Southland School will be conducted Friday, August 30th, for all grades, according to announcement by Bob Dye principal. Buses will run on that date for the first time.

Classes will begin on Monday, Sept. 2nd, 8:30 a. m., and school cafeteria will be open then for the first time.

Teachers of the Southland school will meet at 8:30 a. m. Thursday, August 29th, for the in-service training program Dye states.

F. W. Calloway is returning superintendent of the Southland schools. About 200 schoolastics anticipated to enroll in the teacher school comprising grades 1 through 12.

Alternate Date Announced For Farmer Banquet

Plans are full speed ahead for the annual Farmer-Merchant Dinner and program slated in Slaton on September 10. Member of the planning committee Tuesday evening set an alternate date of Sept. 12th, should inclement weather prevent an outdoor gathering on the announced date.

Farmer tickets for the fair are being distributed the 15 cooperating area gins this week, with most gins ready in receipt of the tickets. Farmers are urged to call their respective gins for the free tickets.

Traffic Warnings Increase Locally

An increased number of traffic warnings have been issued this week in Slaton after Police Chief Joe Martin's promise last week of accelerated "crackdown" on violators.

Number of traffic tickets, however, dropped considerably from the previous week when 22 were given; only six have been issued since last Wednesday, and no wrecks had been investigated at prestate.

Chief Martin emphasizes that continued vigilance will be the rule, and that extreme driver caution should be practiced now and during school term ahead. Crosswalk lines are now being repainted on city streets and pedestrians and drivers alike are urged to observe these and other traffic regulations.

Teacher-Pupil Reunion Here After 60 Years

Teacher and pupil of more than 60 years ago were re-united in Slaton on Monday of this week when Mrs. Rosa Patterson of 430 West Dickens was visited by her childhood teacher, Professor Edwards, now 92 years old, the pupil herself nearing 74 years of age.

The unexpected visit brought together the old friends who had not seen one another for 61 years!

Mrs. Patterson attended all school terms, with exception of one year, until age 13 under Mr. Edwards' tutelage at Turkey Creek in Wise County, Texas.

The one-day visit of this week was spent in reminiscing and scanning of old pictures.

The reunion came about after Edwards, now living in Lubbock, saw a newspaper advertisement wherein a service station was listed with Mrs. Patterson's son as operator. Believing that this might be the son of his old pupil, Edwards inquired and his hunch proved correct. Then this week he drove his own car to renew acquaintance. An avid domino player, he attempted to engage his erstwhile pupil in a contest, but she declined! Exceptionally well and hearty for his age, Edwards spends his hours at the domino table or reading and watching television.

BULLETIN

The following telegram to the Slatonite was received Wednesday noon from Congressman George Mahon:

"Bureau of Reclamation today issuing invitation for bids on a 90-mile section of main aqueduct for Canadian River project, extending from south of Canyon. Bids will be opened in October at Amarillo office. New section 146 miles, the amount of main aqueduct under construction or completed."

'Twas CLEAN-UP DAY, and no fooling, when local 4-H Club members turned out Monday en masse to cut weeds in Slaton. The workers commenced by cutting weeds adjacent the Slaton clubhouse, then going on to various corners throughout the city, clearing view to stop signs, etc.

Posed above are, left to right, Carla Nesbitt, Linda Nell Kahlich, Carol Kitten, Susan Kahlich, Cynthia Steffens, Lloyd Kitten, Wayne Kahlich, Doris Kitten, Joyce Kitten, Floyd Kitten, Olata Bednarz and Donnie Heinrich. Below, the same group bends to the task at hand.

The Slaton Community 4-H Club held its regular meeting last Tuesday, deciding then upon the "clean-up" as community project for the year. Susan Kahlich gave the inspirational on the club pledge and motto. Refreshments were served and games played.

TAYLOR TO ATTEND BAPTIST SEMINARY

Royce Taylor, son of Mr. and Mrs. O. L. Taylor of 620 West Crosby, will register August 28 at Bible Baptist Seminary at the Ministry at Arlington, Texas.

The Taylor family moved to Slaton 4 years ago from Eunice, New Mexico where Mr. O. L. Taylor was employed by Sun Oil Company for 33 years as a pumper. Taylor has been employed by Mercy Hospital since his retirement from the Sun Company.

EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be... where the press is free and every man able to read, all is safe.

—Thomas Jefferson

Is independent thinking outmoded? One might well believe this attribute obsolete by reading most any current publication, by observing most any session of Congress, by noting the inroads of socialism in every sector of the globe.

The "collective" ideologies seem fast to be gaining the upper hand. For decades in several foreign nations, and of late increasing at alarming rate in the United States, more and more individualists are ostracized because their attitude is openly negative to popular trends.

Frankly we are happy to be a member of the weekly newspaper profession that could well be the last bastion of independent thought. In the populated areas, on the world front, and in the big press opinions can well be submerged in the shadows of a million others. But in the small town, the independent thinker cannot be overlooked, nor would we have him shunned whether his field is the ministry, education, politics or just a citizen with a principal.

The number of weekly newspapers is on the increase; and we hope that the number of "individualistic" editors multiplies accordingly. We can well remember when a paper was known for its personality, and believe me, we have known some interesting publishers! We more often than not disagreed with them, but we read them, without fail; we were stimulated by their probing, analytical or plain screwball minds; and we respected them.

It's difficult to be an independent thinker in a small town, especially when your opinions are placed in print! But is it worth it, we submit.

We have learned to know and love the citizens of Slaton, and we look forward to visits from those who take the time and the interest to probe and discuss the issues at hand. Our only disappointment stems from the fact that so few take time to write us those welcomed "Letters to the Editor" — one of the most-read and most-appreciated departments of any weekly publication.

We may not agree with you; neither do we expect you always to agree with our own aims, desires, and policies; but without fail, let's all retain our heritage of "individual thinking" — it could be mighty important to the welfare of those following in our footsteps.

There is a new drink called Foreignade, the refreshment that never pauses. —Stolen from a fellow editor.

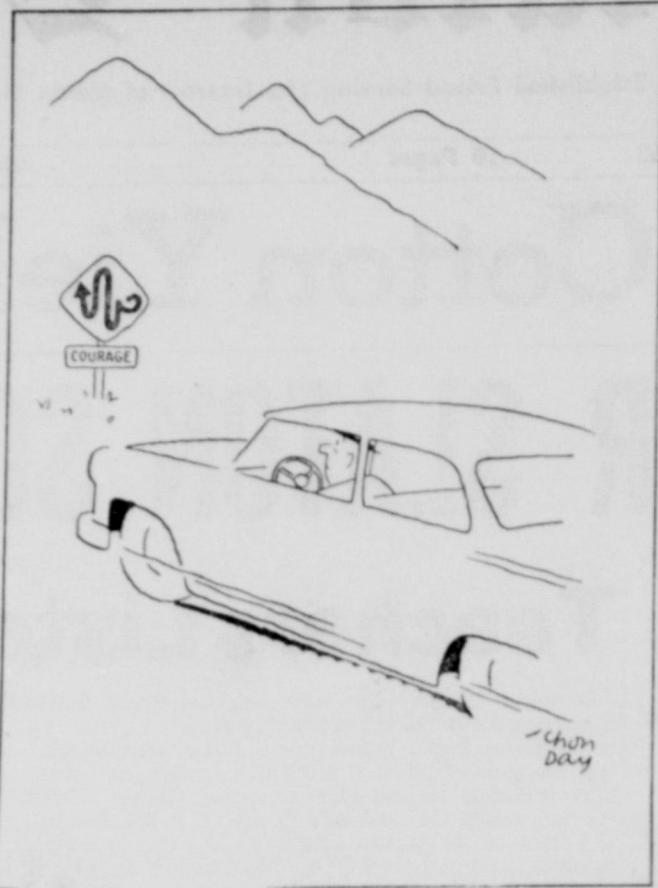

What our country needs is another holiday—a day set aside to celebrate having survived the others!

If time heals everything, try sitting it out in a doctor's office.

Could it be that most girls' ambition is to make some man a good husband?

We sympathize with the fellow up north who opines that when you expect a check, anything else that comes in the mail is junk!

Rushin' Roulette by Chon Day

Carelessness causes more accidents than bad roads.

A whisper is one way to make people believe what they otherwise would not.

Now they've done it... designed a computer so human that it blames its mistakes on others.

Fun becomes more expensive as we grow older... gets scarcer, too.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963. SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 51-a and 51-b-1 of Article III so that the same shall consist of one Section to be known as Section 51-a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to: (1) citizens of Texas who are needy aged persons over the age of sixty-five (65) years; (2) needy persons who are at least eighteen (18) years of age and less than sixty-five (65) years of age who are permanently and totally disabled; (3) needy blind persons over the age of twenty-one (21) years; and (4) needy children under the age of sixteen (16) years; authorizing the Legislature to set up residence requirements for eligibility for such assistance; repealing the Constitutional limit on the amount paid out of state funds to individual recipients of Old Age Assistance and Aid to the Permanently and Totally Disabled; providing that the amounts for such assistance payments shall not exceed the amounts that are matchable out of federal funds for such purposes; providing that the amounts expended out of state funds for such purposes shall not exceed Sixty Million Dollars (\$60,000,000); providing for the acceptance of financial aid from the Government of the United States; providing for the necessary form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 51-a and 51-b-1 of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one Section to be known as Section 51-a of Article III, which shall read as follows: "Section 51-a. The Legislature shall have the power, by General Law, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be provided by the Legislature, for the payment of assistance to, and for the payment of same to: (1) Needy aged persons who are aged bona fide citizens of Texas, and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution while such inmate is provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount expended out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; (2) Needy individuals, who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not eligible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Family Blind, or Aid to Independent Living, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000); (3) Needy blind persons who are aged bona fide citizens of Texas, and are over the age of twenty-one (21) years; provided that no such

assistance shall be paid to any inmate of any state-supported institution while such inmate is provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments shall not exceed the amount that is matchable out of federal funds; (4) Needy children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments shall not exceed the amount that is matchable out of federal funds.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for such assistance as such Government may offer not inconsistent with the restrictions herein set forth; provided, however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount matchable out of federal funds; and provided further, that the total amount of money to be expended per year out of state funds for such assistance shall never exceed Sixty Million Dollars (\$60,000,000).

"The Legislature may enact appropriate laws to make lists of the recipients of aid hereunder available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; providing that the amounts expended out of state funds on behalf of such recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000)."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Events and Opinions

From the Exchanges of the Slatonite

A Sense of Purpose...

Doddering old age—that ancient bane of humanity—is largely preventable. And senility may some day become a thing of the past.

These encouraging words come from Dr. Edward Bortz, a past president of the American Association and the American Geriatrics Society. Today's children, and a good proportion of their parents, can probably expect to live 80 to 90 years—10 years more than the present average. Soon century of living can be expected.

But years alone are but a bit of the story. The emphasis, Dr. Bortz stresses, is on "living" as contrasted with existing. Growing old involves the mind as well as the body. This country's transition from a rural to an industrialized nation has created profound changes in our way of life, especially for the elderly. The generations live in separate, rather than the same, homes. Worst of all has been the exclusion of older people from meaningful work. And man's essential function is to work. When stripped of this he sometimes moulders. Almost all of us know apparently healthy people who retire from active life at some arbitrarily-decided age—and are gone within a few months or a few years.

The great progress made in the development of medicines and in surgery, and in the general standards of medical care, are doing wonders for the ills and problems of the physical being. The big thing now is to encourage and enable the elderly to perform valuable rewarding work of which the majority of them are capable. In Dr. Bortz' words, a "... sense of purpose, or contribution to the human community, is as vital to total health as are adequate nutrition and rest." — San Marcos Record.

What of the Indians?

So much emphasis is put on "first class" citizenship for the black man that our "third class" citizen is being ignored. We are speaking of the American Indian. He is the only true American and he lives in squalor. People say that Indians murdered, and deserve to be separated from others. The Indian

fought for his land, but still he is discriminated against. The black people have an organization. The Indians have heard in the fight for civil right. Non-citizens of all given equality, but not the Indians. We say while the are fighting for rights, lets give the Indians rights never had. —Peter...

Problems Multiplied for this Fe...

We read a newspaper account the other day that bothered us ever since and this has to do with a King Saud of Saudi Arabia.

"A Vienna newspaper reported Monday evening that of Saudi Arabia will live permanently in Austria. Independent Abend Express said he has sent for his harem and is spending money at the rate of \$12,000,000."

One question that bothers us is that we have learned what the rate of spending rose to when he got there. If they are anything like other wives in new place, the old King Saud's bank account took beating...

Of course, the first question that arises is what ailing, elderly monarch want to send for 80 wives? possible use can they be to him at this stage of the game?

When the 80 women arrive, think of the extra grocery bill. For a man who is spending \$12,000 a day not much of an item in the old budget, but to him it would be considerable.

We figure that a woman can easily spend three times as much as an estimate, and if the old King is dropping day now, each wife he brings in will call for a expenditure of \$36,000. This figures out to \$552,000 a harem woman or \$1,008,000 per month or \$12,096,000 a year.

At that rate it would soon call for foreign aid. United States just to keep this one harem going.

We are not personally acquainted with Mr. Saud, of Arabia. But we can figure well enough to know has himself a problem. We're glad it's his and not ours. —The Sunday Herald.

you can create a MOOD WITH A READY-LITE

Just as you can depend on lighting to create a mood in your interior design — so you can depend on well chosen Ready-lites to create moods in the outdoor areas of your home. Create more or less light supply by changing bulbs. And, at holiday time put in a colored bulb. And don't forget with a Ready-lite, you can plug in electric outdoor helps — barbecuers, garden tools or holiday lights. SEE YOUR PUBLIC SERVICE NEIGHBOR

SCANNING THE NEWS, VINTAGE 1924, Mrs. T. S. McClanahan of 230 S. 10th St. in Slaton, looks over the front page of the Feb. 3, 1924, issue of the Slaton South Plains Radiogram proclaiming in its headlines the death of President Woodrow Wilson.

The "Extra" edition of the paper was circulated after word of the president's death, and the headline story explained "radio broadcasting stations all over the world were broadcasting his condition at hourly intervals and it was through the courtesy by C.

D. Marriott, who had been at his set all night long, that we get this information".

Mrs. McClanahan, who has retained this unique publication, can well be termed "86 years young", still taking avid interest in events of the day, also spend

ing time in piecing quilts and crocheting. Her eyes are exceptionally good, glasses used only at times when she is doing detailed work or reading. Coming to Slaton in November of 1922, she has been a subscriber of the Slatonite for over 40 years.

Born and raised in Ellis County, Texas, Mrs. McClanahan moved to Slaton from Gouldbusk in Coleman County. She prides in her continuous membership in the Primitive Baptist Church extending over a period of 65 years.

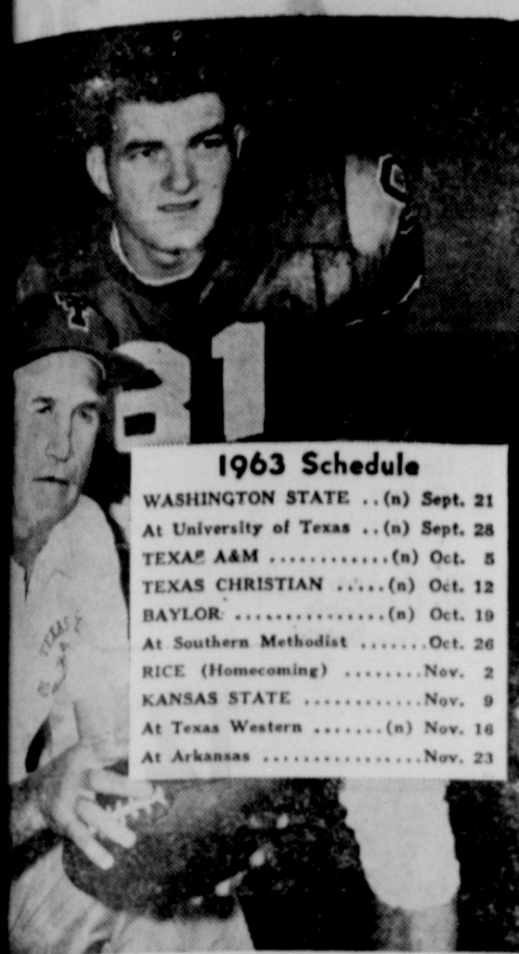

Jaycee-ettes Met Early in August

The regular monthly meeting of the Slaton Jaycee-Ettes was held in the home of Mrs. Eddie Gravel on August 5th.

Plans were made to have an ice cream social at some later date this month. A date was also set to work on the dressing for the Cancer Association. The Christmas card sale was started

this month. Refreshments were served and the meeting adjourned with six members present. The next meeting will be held on September 3, 1963, in the home of Mrs. Wayne Banks.

Mr. and Mrs. J. H. Trussell recently visited Mrs. Thussell's uncle who is ill in Lovington, New Mexico.

Diaz Serving On Caribbean Cruise

Rafael Diaz, seaman apprentice, USN, son of Mr. and Mrs. Martin Diaz of 600 Collins st., Slaton, is participating in a seven-week Caribbean cruise aboard the antisubmarine warfare support aircraft carrier USS RANDOLPH, flagship of Task Group ALFA.

RANDOLPH is part of the anti-submarine warfare phase of the annual Atlantic Fleet summer midshipmen cruises for 1963.

Ports of call during the cruise include St. Thomas, Virgin Islands; Trinidad, British West Indies; Colon, Panama; and Guantanamo Bay, Cuba.

Task Group ALFA is responsible for accelerating the development and evaluation of antisubmarine warfare tactics, doctrine and equipment to improve the readiness of the fleet.

The practical training provided by operational cruises builds the power behind seapower by enabling personnel to carry out the technical duties of today's Navy.

The Old Timer

"An old timer is one who remembers Cuban heels as something ladies wore."

ADVISORY COMMITTEE DISCUSSES COTTON PICTURE

The Advisory Committee on Cotton, appointed by the Secretary of Agriculture, met in Washington in mid-July to discuss both immediate and long range problems facing the cotton industry. The discussions centered on developments since the last Committee meeting on January 14. At that session the Committee recommended changes in the legislature covering the cotton program.

Among the things considered at the latest meeting were: Current and prospective situation for cotton. Disappearance of cotton—both domestic consumption and exports combined—during the present marketing year which ends on July 31, 1963, are less favorable than was expected at the January meeting and poorer than in recent years. However, there were reports of favorable signs for the coming marketing year, signs that both domestic use and exports would be somewhat higher than for this year.

The export sales program and the payment-in-kind export program. Discussion centered around the disadvantages to the U. S. cotton industry of operating under a relatively fixed export payment rate. Consideration was given to a system of export payments established from time to time on a bid basis, similar to the feed grain export payment program and the program for export payment on durum wheat. Some contended that the greater flexibility of such a system would create more uncertainty as to future U. S. cotton prices, thereby stimulating interest and buying of U. S. Cotton.

MICRONAIRE READINGS
Another discussion was on the possibility and advisability of using Micronaire measurements of cotton. The Micronaire machine measures the fineness of a sample of cotton by gauging the resistance offered to the passage of compressed air through the sample. The fineness is an indication of the maturity of the cotton, its spinnability, and therefore its value in the market place. Use of these measurements in both the cotton loan program, coupled possibly with premiums and discounts and use in sales of its cotton stocks by the Commodity Credit Corporation were considered at length.

BAGGING QUALITY
The Advisory Committee also discussed measures which might be taken by CCC under the price support program to improve the quality of jute bagging used in wrapping cotton bales.

From Where I Stand

by Merle King

MR. and MRS. RICHARD EDWARDS, former students at Texas Tech are now making their home in Austin where they will be attending the University of Texas this fall. Mr. Edwards, a graduate of Tech, will be enrolled in the law school while his wife, the former MISS JANE ANNE BAGGETT, will be a senior. He is the son of MR. and MRS. J. S. EDWARDS, JR., of Slaton.

A note from MRS. JOHN W. KURTZ of Route 1, Mulvane, Kansas, telling of the birth of a daughter, VALERIE MYRETTTE, to MR. and MRS. DOUGLAS STAHL of 230 S. E. Elmhurst, Bartlesville, Oklahoma. The baby arrived on July 31 at 7:49 a. m. in Jane G. Phillips Hospital and weighed six pounds, twelve and one-half ounces. Valerie was baptized on Sunday, August 11, in St. John's Catholic Church, Father THOMAS LITSCH officiating. Godparents are MR. and MRS. JOHN W. KURTZ, great-uncle and aunt of the infant.

Mrs. Kurtz visited in the home of her nephew and his family for two weeks and was joined by her husband for a weekend before returning to their home in Kansas.

Traveling to New Mexico for a ten day holiday was MRS. MARY WATSON. Included on her itinerary were Vadito, Albuquerque, Santa Fe, Taos, the Pueblo Indian Reservation and Tres Ritos Lodge.

Children visiting in the home of MRS. EVA TRIMBLE have been LT. and MRS. DELMER TRIMBLE and daughters of Oxford, Mississippi; MR. and MRS. BILL TRIMBLE and sons of Midland; MR. and MRS. ELMER TRIMBLE and daughters of Lubbock; MR. and MRS. MELVIN BASSINGER of Post; and MR. and MRS. JOHNNIE ABARE and MR. and MRS. BILLIE LYTLE, of Slaton.

Lt. Trimble is attending the University of Mississippi and he and his family reside at 2217 Ross Ave. in Oxford.

MR. and MRS. LINDOL BEARD and MILES, DRU ANN, SCOTTY and LARRY DEAN have returned from Huntington Beach, California, where they were guests of her sister, MRS. VESTA TOWNLEY and family.

While sight-seeing at Marineland, the Beards saw former Slaton residents, MR. and MRS. LINTON PRUITT and MR. and MRS. JOHNNY HOGUE, all of whom send greetings to all their friends in Slaton.

MR. and MRS. WALLACE BECKER and daughters, BELINDA and BELVA and SISTER LYDIA BECKER of San Antonio have been recent guests of their daughter and sister, MRS. ARDENE (BURDINE) WUTHRICH and MR. WUTHRICH, who make their home in Sandusky, Ohio. Points of interest visited included Niagara Falls, New York, Canada, Greenfield, Village and the Henry Ford Museum in Dearborn, Mich.

The family saw a game between the Detroit Tigers and the Boston Red Sox in Tiger Stadium. Enroute home they visited in the home of MR. and MRS. ANDY SEPPELA of Dayton, Ohio.

MR. and MRS. MELTON HANCOCK drove to Ruidoso, New Mexico recently where they were met by her son-in-law and daughter, MR. and MRS. M. G. CRELEY, who make their home in San Diego, California. Mrs. Creley is the former MISS ROBERTA WICKER of Slaton.

Guests in the Hancock home last week were her son and daughter-in-law, MR. and MRS. BOYCE WICKER, who reside in Bakersfield, Calif. Mr. Wickert is superintendent of the Calcoet Compress and Warehouse Co. there and reports they have finished up processing last year's cotton crop just in time for the new crop.

Two former residents of Slaton were Sunday guests in the Hancock home. They were MRS. T. K. MARTIN of Lubbock and MRS. DELILA HENDRIX of Sherman.

MRS. RUBY PRITCHARD, accompanied by her son, ROBERT, returned to Coleman Thursday where they attended the Pritchard family reunion. They were joined there by their daughter and sister, MISS SUE PRITCHARD, of Midland. The three also visited family members at Santa Anna, Texas.

SISTER MERCEDES, administrator of Mercy Hospital, accompanied by SISTER JOLENE and MRS. CLEO REASONER, attended the regular meeting of the South Plains Area Hospital Council in Lubbock Thursday, August 15. A luncheon was served in the Chateau Room at Lester's Hickory Inn in Monterey Center.

MR. EARL KERR, manager of the Retail Merchant's Association was guest speaker, his subject being "Credit and Collections."

A business session concluded the meeting.

MRS. JOHN JAY returned to Dallas after visiting in the home of MR. and MRS. A. E. WHITEHEAD, 625 West Garza, last week. Mrs. Jay is a sister of Mr. Whitehead's.

Back home from a scenic tour of Colorado are MR. and MRS. JACK NOWLIN and VICKI WICKER and GREGG. They traveled up via Santa Fe, New Mexico and took time for spots of interest there. Four mountain passes were included on their jaunt—Raton Pass in New Mexico, Loveland, Independence, and Vail Passes in Colorado. They spent time in Leadville, Aspen, Glenwood Springs, Colorado and Manitou Springs and viewed Garden of the Gods.

The children especially enjoyed the world's highest ski lift at Aspen and had the novel experience of a suana, or Finnish bath, there. Other entertainment included the opera and horse shows.

Mrs. Nowlin reports visiting an old mining village, Georgetown, just outside Denver. She said interest there is being revived with the restoration of an old French Hotel and the opening of shops by artists.

HOUSE GUESTS

The J. H. Trusek's aunt, Mrs. Rosa Smith of Anadarko, Okla., and Mrs. C. L. Robbin of New Smyrna Beach, Florida.

Party Is Fete For Mary Etta Bednarz

Miss Mary Etta Bednarz of Lorena, bride-elect of Eugene Ehler, was honored with a miscellaneous shower Sunday, August 11, in the home of Mrs. Alex Bednarz.

Hostesses were Meses. Ray Kitten, Kenneth Bednarz, Art Wolf, Edwin Bednarz, Royce Bednarz, Tommy Bednarz, Walter Bednarz, Nestor Kitten, Paul Meurer, Donald Bednarz, Betty Hlavaty, H. G. Schutte, W. L. Bednarz, Joe D. Heinrich and Alfons Bednarz.

Others include Meses. C. V. Kitten, Lloyd Meurer, Allen Meurer, Robert Bednarz, Cletus Heinrich, Willie Heinrich, Edgar Ehler, Paul Buxkemper, Alex Bednarz, A. A. Wimmer, Lawrence Schilling, and Miss Rose Kahlich.

Misses Joan Bednarz and Jane Ehler presided at the refreshment table which was centered with an arrangement of white gladioli and greenery in a crystal container. A miniature bride and groom enhanced the arrangement.

Seventy guests were registered. An electric mixer was a gift from the hostesses.

Miss Bednarz and her fiancé will exchange vows on September 5 in Slaton.

Entertain At Tea

Mr. and Mrs. Claude Cravens were complimented when eight couples entertained at tea on Thursday evening at Slaton Clubhouse.

Host couples included Mr. and Mrs. Fred H. Schmid, Mr. and Mrs. R. D. Hickman, Mr. and Mrs. Ralph Hayes, Mr. and Mrs. Ellis Schmid, Mr. and Mrs. E. R. Gregory, Mr. and Mrs. Earl Tumlinson and Mr. and Mrs. J. C. Champion.

Mrs. Gregory and Mrs. Champion received guests and presented the honored couple; the bride's mother, Mrs. N. P. Tate; her sisters, Mrs. Wayne Kenney and Mrs. Hazel Branscum.

Mrs. Heinrich registered sixty guests during the calling hours. The refreshment table was covered with green linen and featured an arrangement of yellow dahlias, pom pom mums and daisies in a crystal epergne. Punch

and cookies were served by Mrs. Hickman and Mrs. Hayes.

Piano music was provided by Mrs. Mildred Loeckey and Miss Carol Sue Walston.

Cut glass was the gift from the hosts.

Mr. and Mrs. Cravens are at home in Slaton at 935 South 21 Street.

Tea Honored Miss Charlotte Vaughn In Home of Mr. and Mrs. Chas. B. Barron

Miss Charlotte Vaughn, Jr., member of the Grand Music Committee, Grand Assembly of Texas, Order of the Rainbow for Girls, was honored with a tea in the home of Mr. and Mrs. Chas. B. Barron, 800 South 22nd St., Slaton, on Sunday, August 11th.

Miss Vaughn's colors of pink and white were carried out in floral arrangements throughout the house. Her corsage of pink baby roses were presented by close Rainbow friends.

In the receiving line with Mrs. Barron and Miss Vaughn were Miss Sue Parsons of Levelland, Jr. member Grand Executive Committee, Grand Assembly of Texas Order of the Rainbow for Girls; Miss Nancy Locke, of Midland, Grand Treasurer, Grand Assembly of Texas; and Mrs. Leon C. Vaughn mother of the honoree.

About 70 guests were registered by Miss Judy Jones, assisted by Miss Frances Crowdy.

Miss Linda Longtin and Miss Paula Dunn presided at the punch bowl. The table was laid with a lace cloth over pink with crystal appointments. Pink gladioli, white tapers and miniature angels completed table decorations.

Other girls assisting were Misses Kay Choate, Joy Fagin, Kathy Avers, and Barbara Henderson.

Out of town guests registered included Mr. and Mrs. L. C. Locke and Muriel Midland, Miss Rhonda Eanes, Miss Carol Bulard, Mrs. Joan Brunson, and Mrs. Bill Vaughn, Lubbock; and Mrs. Dana Smallwood, Worthy Associate Matron, Southland Chapter, Order of the Eastern Star. Also present was Mrs. Greely Myers, Past Grand Wor-

Michael Lewis Is Birthday Honoree

Mrs. Carl Lewis, Jr., entertained with a party for her son, Michael, on the occasion of his 8th birthday anniversary, Sunday, August 18.

Friends helping Michael celebrate were Stanley Kitten, Clay and Mark Nesbitt, Lance Hlavaty, Glen Miller, Rodney Kuss, Tommy Heinrich, Dwayne Buxkemper, Darrell Bednarz, Karla Kitten, Mary Mosser, Susan and Sandra Mercer, Deborah Morgan, Pam Martindale and Alan and Linda Lewis.

Cake, ice cream and punch were served.

and cookies were served by Mrs. Hickman and Mrs. Hayes.

Piano music was provided by Mrs. Mildred Loeckey and Miss Carol Sue Walston.

Cut glass was the gift from the hosts.

Mr. and Mrs. Cravens are at home in Slaton at 935 South 21 Street.

Girls, Slaton Assembly 164; Mrs. Floyd C. Boyd Mother Advisor, and Mrs. Douglas Wilson, Past Worthy Matron, Slaton Chapter 585, Order of the Eastern Star.

Miss Vaughn is the daughter of Mr. and Mrs. Leon C. Vaughn, 455 East Lubbock Street, Slaton, and has been active in Rainbow work for five years.

Pineapple Adds a Tropical Touch to Salad

Vertical pineapple and chicken salad will make a hit at a patio luncheon. Surround the chicken mixture with celery, radishes and almonds with the spicy pineapple slices. Then garnish with perky greens and watermelon and cantaloupe. Poppy seed rolls and the menu.

CHICKEN SALAD WITH SPICED PINEAPPLE

(1-ounce) can chicken
 2 cups thinly sliced celery
 6 sliced radishes
 1/2 cup toasted silvered almonds
 1 cup mayonnaise
 1 tablespoon lemon juice
 1 teaspoon grated onion

Prepared: Salad greens, melon wedges

To make: Cooked chicken
 drained from pineapple add a 2-inch spiral of lemon and sugar. Simmer 5 minutes. Add juice from lemon. Pour over pineapple. Refrigerate overnight. Toss celery, radishes and two-thirds of almonds. Toss 1/2 tablespoon lemon juice and grated onion. Chill. Serve salad on platter. Surround with spiced pineapple. Garnish with greens and melon wedges. Makes 4.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Supporters of the proposed billion-dollar Trinity River development plan won the first round on opening day of hearings when Texas Water Commissioners voted down the railroads' motion to delay the Austin hearing. Governor John Connally's approval of the commission's proposed plan was expected. He had since pledged his support. Connally called the navigation project, "a major step in one of the most important water conservation, flood control, and navigation projects in the history of Texas."

Texas Highway Department's seat capacity auditorium overflowed during the two-day hearing as every community in vast Trinity watershed was represented.

Spokesmen for the railroad's Walter Caven, counselor for Texas Railroad Association.

Plan of the U. S. Corps of Engineers calls for development of the entire watershed for navigation, flood-control, water conservation, water quality control, irrigation hydroelectric power, fish, wild life and recreation.

thirteen reservoirs are included in the long-range plan. Locks and other features to make the

river navigable from the Gulf to Fort Worth would claim more than \$515,000,000. That's more than a million dollars a mile for the 500 mile project.

Barge-line navigation of the Trinity from the Gulf of Mexico to the Dallas-Fort Worth market was the target of railroad objections.

Railroads claimed that Army engineers "greatly overestimated" traffic potential, future growth and benefits to be derived. Caven said the 20 railroads would have to spend more than \$25,000,000 to relocate lines and bridges in the Fort Worth area. Then they would lose \$6,500,000 annually in freight business to the barge lines.

New Speed Limit Okayed
Some 41,500 miles of state-maintained highways will be zoned for the new 70-mile per hour speed limit when the law becomes effective on August 23.

Texas Highway Commission approved the daytime maximum for passenger cars for more than two-thirds of the state's highway system. But the old 60-mile per hour maximum still applies to 18,640 miles. Engineering studies indicated that these roads couldn't handle faster traffic.

A large percentage of the farm-to-market Road system will come under the 70-mph maximum. Lower limits will apply where conditions warrant.

District engineers are expected to release news of re-zoning on a local basis.

Heart Of Texas
A roadside park some 20 miles north of Brady on U. S. 377 is the geographical center of Texas.

It will be so designated when the Highway Commission erects a brilliant aluminum "Heart of Texas" marker.

Other \$600 aluminum markers are scheduled for Pilot Knob in Travis County, location of the state's only exposed submarine volcano; the Llano Estacado in Garza County; and Old Tascaso in Oldham County. The latter is famed for its Boot Hill Cemetery. Commission figures each marker will earn more than 10 times its original cost in added tourist revenues.

Chemicals Kill Crops
"Weekend farmers" and "absentee owners" not acquainted with the dangerous potential of hormone-type herbicides (such

My Neighbors

as 2, 4-D and 2, 4, 5-T) have contributed to a new pattern of crop damage, says Agriculture Commissioner John C. White.

He estimated 7,000 to 8,000 acres of crops, principally cotton, have been affected by damaging doses of the herbicides.

"Fortunately, most of the effect has been only light to moderate on the cotton," White said, "and the yields are not seriously threatened."

"But we've been lucky so far," he added. "When carelessly applied, herbicides are capable of wiping out crops several miles away from the sprayed area."

Hot Weather Toll
Four consecutive weeks of 100-plus degree weather plus drying wind took a toll of crops and pastures over the state, according to the Texas Crop and Livestock Reporting Service. Early harvesting was used to beat the heat in many places. Reporting Service predicts that general rains in all areas still could revive pastures.

Polio Fades to Four Cases
Poliomyelitis, the dread disease that kept parents stiff with fear for many summers, has declined to the point that the State Health Department has received only four reports of cases so far this year.

Total caseload for the state last year was only 114. Credit for the decline of the crippler is given Salk and Sabin vaccines. But health officials continued to warn Texans not to be complacent. People of all ages are urged to follow up with booster shots.

Peace Precincts Puzzle
Sector County's Commissioners

Court had a plan to provide of the peace in the new county courthouse, to be completed early in 1964.

Plan was to rezone the four peace precincts so that all would intersect at the new courthouse. Current justices would keep their present offices.

But Atty. Gen. Waggoner Carr ruled it cannot be done that way. "If the commissioners' court alters the boundary lines of any justice precinct," Carr commented, "a vacancy exists in the office of justice of the peace and constable, which the court must fill by appointment until the next general election."

Legislative 'Rider'
A legislative "rider" on the 1964-65 state budget to cut physical training programs in 20 State colleges to little more than "mass calisthenics" was declared invalid by the attorney general.

Carr said that while "riders" i.e., restrictions on legislative appropriations—usually get by, this one went too far. It would have kept colleges from spending all their allotted budget if compulsory physical training programs were offered.

Wilson Oil Company
Wilson, Texas Phone 2251

*BUTANE, PROPANE *PHILLIPS 66 GAS, OIL, COMMERCIAL, INDUSTRIAL GREASES and BATTERIES *PHILLIPS TIRES and TUBES* AUTO ACCESSORIES

Commission on Higher Education asked for the attorney general's opinion, after physical training directors claimed the "rider" would have crippled their work.

He told Kiwanis: "Texas does not have to rush headlong into any unwise scheme to bring industry to the state. And as long as we can do this locally, there will be less bureaucracy."

Smith said the privately-supported Texas Industrial Commission had done a "commendable job."

Last year, Texas was third in the nation in attracting new industries.

The Commission provides support, advice and materials to local industrial development groups.

Short Shorts
State Treasurer Jesse James reports that July revenue from cigarette, liquor and wine stamps was almost \$1,000,000 above June's \$8,600,000 total.

Dr. Joaquin Gonzalez Cigarroa Jr. of Laredo to the Commission on Higher Education, to succeed Jack Woodward of San Angelo. Calhoun County officials asked the Highway Commission for a \$206,000 extension of F. M. 1593 to a public dock and channel, under construction at Point Comfort. There the annual port tonnage is expected to reach 4,000,000 tons.

State Parks Board's chief trouble shooter, Bob Barlow, a native of Roby, has retired from State service.

FOUR STRINGS

Only four strings! But these four strings offer endless possibilities of tone and harmony. They open to man new horizons of beauty and happiness.

And yet, improperly played, these four strings can bring forth unbelievable discord!

There are four strings in life — with similar possibilities. Mind . . . Character . . . Courage . . . Faith!

The truths that fill our minds, the ideals that mold our character, the purposes to which our courage is given, the realities in which we believe; these can fill our lives with rich beauty and happiness or drab ugliness and sorrow.

For centuries the Church has been the *maestro* of these strings of life — helping men to bring from their own souls the harmony and beauty God has put there.

You can find music in everyday living through participation in the work of the Church.

**Troy Melugin Was
Honored Recently
On Tenth Birthday**

Mrs. Ted Melugin honored her son, Troy, on occasion of his tenth birthday, August 14th, with a party, at the Slaton park. A birthday cake, pops, and a home-made freezer of ice-cream were served to Kathie Price, Ramona Key, Nan Steen, Starla Huffaker, Allen Walters, Teddy Kidd, Bruce Schuette, Mack Moseley, Carlton Bradshaw, and the honoree, Troy Melugin. Also present were Mrs. Odis Bradshaw, Mrs. A. C. Melugin, and Lynda Melugin. Each child was presented with favors of blowing whistles, and bubble-gum.

Visiting in the home of the Ted Melugin's of Wilson this past week were Ray and Kaye Hacker, nephew and niece, from Lubbock.

Everything for the office. The Slatonite.

**Patrol Seeking More Men To Aid
Reversal Traffic Death, Alarming
Crime Increase Within the State**

DIRECTION—Part of the Highway Patrolmen's job is directing lost motorists to their destinations. Patrolmen stand ready to help travelers in any way. Homer Clekler, Lubbock area patrolman is subject of this picture.

RESPECT—Highway Patrolmen are highly respected in their community as protectors of life and property. C. A. Dempsey, familiar in this area, is shown here.

The Texas Department of Public Safety is in need of approximately 100 "better than average" young Texans to fill the ranks of the Highway Patrol and

help stem the tide of traffic tragedy and rising crime in the Lone Star State. Applications will be accepted until September 14 for a training school which begins November 19 at the DPS Law Enforcement Academy in Austin where qualified men will participate in a police training program second to none. Trainees will receive salaries while in training. Application may be made by men 21 to 35 years of age through

any Department of Public Safety office, or by contacting a DPS patrolman.

The following will be applicable for men selected for the November 19 school.

1. The school will be for Highway Patrol personnel exclusively; all applicants selected for training will be assigned to the Patrol Service.

2. Every effort will be made to assign them to stations within 100 miles of their present homes.

3. Upon graduation, the new Highway Patrolmen will benefit by a pay increase from the present \$412 per month to \$453.

Highway Patrolmen also receive the following benefits:

Two weeks vacation annually, 12 or more holidays each year as provided by the Legislature, 12 days per year sick leave which may accumulate to a maximum of 36 days, \$10 per month added to salary at the end of each five years to a maximum of 25 years, modern liberal retirement system based on age and/or years of service, social security benefits, traveling expenses when away from station as prescribed by law, group hospitalization and life plan available, uniforms and the necessary equipment to perform duties furnished.

Public Trust Is Sacred

"The career jobs offered actually are more than just jobs—they are positions of sacred trust in an organization whose people have earned for it the respect of not only all Texans, but everyone who comes to or travels through our great state," said Col. Homer Garrison Jr., department director.

During the course of their study at the Law Enforcement Academy student patrolmen are given intensive training in such subjects as Texas Highway Law, Traffic Accident Investigation, Emergency First Aid, Professional Driving, and Firearms Technique. In addition to the classroom work they are taught self-protection by means of judo, boxing, wrestling and various other police-protection methods. While in attendance at the Academy they will be brought into top physical condition.

Need Is Great
The current need for men to fill the ranks of the Texas Highway Patrol may be seen in the light of the continuing upward spiral in traffic death and crime across the State of Texas. Traffic fatalities in the first seven months of this year ran seven per cent higher than in the same period of 1962—which means that nearly 100 more persons lost their lives tragically and violently on the streets and highways. Unless this trend is broken, it is entirely possible that the 1963 traffic toll will exceed the all-time high of 2,611 recorded in 1956.

Crime in Texas as well as across the nation has been outstripping the population increase for many years. For the first six months of 1963, an increase of 13 per cent was recorded in crimes of murder, rape, robbery, aggravated assault, and theft in Texas.

Americanism, Preparedness Was Emphasized at State Legion Meet

Mrs. Luther Gregory was among the 48th Annual State Department of Texas American Legion, held in Lubbock, Texas, August 21-22.

The convention brought back a glow of patriotism and outlined the content of the statement to the State Department of Texas.

The report of the Department of Texas was in good form, with about \$20,000 was raised for the sale of Christmas cards.

The Department Convention was held in San Antonio, Texas, to try for the 1965 year.

The Department of Texas, a member of the American Legion, made his report at the convention, telling of the Boys State this year, the 75th next year and a 1,000 soon thereafter.

The State oratorical contest also delivered his report at the convention.

The baseball was told as a part of the organization, with 114 members in the Department.

It was made that

school students be permitted to select the student to receive annual Legion school awards, the thought in mind that this would cause more interest among all the student body. The State Department will give a \$250 college scholarship to the oratorical contest winner, in addition to any awards he or she may win in national competition.

The convention voted to continue the Un-Americanism Committee, also voting to censor Congressman Gonzales from San Antonio for voting against keeping this committee. He was the only Congressman from Texas voting against this committee, it was reported.

Resolution was passed to make Nov. 11th a national holiday.

Also it was suggested that each post commander appoint a committee to check the school libraries for literature of a subversive nature, and if any be found to recommend to the school boards that such be removed.

The Legion is sponsoring a bill to drop age designation from 65 to 60 for the \$1200 income tax deduction.

Estimate is that about 10 percent of the population of Texas is made up of ex-servicemen eligible for Legion membership, resulting in well over a million eligible votes. At this figure, Slaton would have between six and seven hundred eligible for membership. This year the state membership aggregated about 70,000, with 123 in Slaton. Last year about 1700 ex-servicemen in the state died, this number of course increasing each year.

Attorney General Waggoner Carr, a keynote speaker at the Fort Worth meeting, called for renewal faith in the principals of Americanism and the American heritage in order to prevent economic and moral oblivion. He warned against the armed might of the Communist conspiracy. Carr further stated "our freedoms are once again in jeopardy and we must constantly recognize that we are confronted by a foe that knows little and cares less

about the principals of honor and decency that we have been taught to respect. The only language this foe respects is the language of strength... our only salvation is to maintain superiority in atomic weapons and the ability to deliver them." He warned that the Communist speak of "peaceful co-existence" but they actually operate on the theory that there can be no lasting peace between Communism and freedom until one of the other perishes. He cited complacency as an even greater danger than unpreparedness of the armed forces.

Senator Ralph Yarborough was another featured speaker, asking for Legion backing of a bill he now has in the Senate that he termed the "Cold War GI Bill", in effect giving servicemen who are serving in key spots around the world a college education opportunity as was given under the GI bill. He further stated that no one knew better than the American Legion that we will never see the day when we can relax our guard against, warning that we must not be caught asleep.

The convention closed by electing John McCrevey, an Electra attorney, as next Department Commander.

Warnings on School Traffic Excessive Number of Casualties, Property Damage In Rural Area

The Texas Highway Patrol investigated 30 accidents on rural highways in Lubbock county during the month of July, according to Sergeant O. C. Guthrie, Highway Patrol Supervisor of this area.

These wrecks accounted for one death, 12 persons injured, and an estimated property damage of \$25,640.00.

The rural traffic accident summary for this county from January through July of 1963 shows a total of 224 crashes. As a result of these crashes there were seven persons killed and 116 persons injured. The estimated property damage amounted to \$131,512.00.

"There are many good jobs open in the Texas Highway Patrol for young men between 21 and 35 who would like to help prevent the tragic crashes and collisions that occur on the streets and highways," Sergeant Guthrie said.

With the starting of school beginning in the next week or so the Sergeant reminds all motorists of the state law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which is stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may proceed past such school bus at a speed which is prudent, not exceeding 10 miles per hour, with due caution for the safety of such children."

"During the first six months of this year, Texas had one person killed and 110 injured in accidents involving school buses," the Sergeant said. "This is tragic and useless. School buses are plainly marked and motorists know that they carry a priceless cargo—human lives."

Commenting on the upcoming Labor Day week-end facing Texas motorists, the veteran patrol supervisor said, "Many Texas families will take advantage of this last long summer week-end to take trips prior to the opening of school. As a result, traffic will be heavy and the possibilities of traffic crashes will be increased."

"Because this holiday is so much a family affair, more people will be occupying cars. Thus, any traffic accident might re-

AMERICAN AS YANKEE DOODLE describes the Deep River, Conn., Drum Corps which will make its first appearance outside New England at the 1963 State Fair of Texas October 5 through 20 in Dallas. The corps will appear during the first week of the State Fair, giving daily concerts and appearing in the nightly "Stars and Stripes Parade." Founded in 1888, the group embodies the Spirit of '76 and keeps alive the military fife and drum tradition handed down unbroken from the days of Lexington, Concord and George Washington's Continental Army.

Social Security Benefits Outlined By Law Change

Changes in the social security law have made it possible for many more people to receive some payments while they are still working, the Lubbock Social Security office has informed. Individuals becoming age 62 before October of this year are invited to visit their social security office to receive information on amounts that can be expected in monthly social security insurance benefits. Secondly, such visit and information will reduce the waiting period from the time of employer's pay check stopping and the time the employee's first social security check arrives.

Even if one does not plan to retire shortly, the social security office will be glad to furnish interested parties with a benefits estimate to aid in future plans for retirement.

Some people who visit the office are concerned about what to bring along as proof of age. A birth certificate issued at the time of birth is the best proof.

but 45 percent of the births in the United States between 1895 and 1920 were not registered. The Social Security Administration will go to considerable lengths to be realistic and helpful and will accept other valid available evidence depending upon its origin, age and the purpose for which the original record was established.

Sometimes, quite unusual proofs have been offered. One widowed claimant brought a packet of old love letters and it was found that in one of them certain specific references were made to her 21st birthday. The date on the letter was 45 years old.

A representative of the Lubbock Social Security Office will be in Slaton on August 28th, headquarters at the courtroom of the City Hall, at 1:30 in the afternoon.

After opening with Washington state Sept. 21 in Lubbock, Texas Tech's Red Raiders play six consecutive Southwest Conference football games starting with defending champion University of Texas.

Field Day Set Research Site

The Seventh Annual Field Day and barbecue at the High Plains Research Foundation, formerly scheduled for September 10, has been changed to Friday, September 13. Mr. C. H. Janeway, Head of Public Relations, stated in announcing the change in dates that it was necessary to reschedule the event for Friday, September 13, in order to obtain The Honorable George Mahon as guest speaker. The activities at Halfway will start at 1:30 p.m. with mobile tours of the farm until 5:00 p.m. A free barbecue will be served between 5:15 p.m. and 6:00 p.m. The barbecue is courtesy of Goodpasture Grain and Milling Company in Brownfield, and Hale County State Bank in Plainview. A brief program will conclude the activities at 7:00 p.m. Last year around 3,000 people came to see and hear the latest and best ways of farming for the Panhandle of Texas.

The Slaton Slatonite McCormick-Hodge Engagement Told

Mr. and Mrs. Raudin McCormick are announcing the engagement and forthcoming marriage of their daughter, Sheelah Kay, to Jordan Clark Hodge of Lamesa, the son of Mr. and Mrs. M. C. Hodge of Slaton.

The couple will repeat wedding vows in the First Christian Church on September 14.

Job printing is a fine art and the Slatonite. Rush orders are welcomed. Phone VA 8-4202.

Thursday, August 22, 1963 Police Activity

Jail arrests since August 14th: Disturbance, 2; consumption by minor, 1; traffic ticket arrest, 1; possession by minor, 1; drunk, 1; burglary, 1; vagrancy, 2; resisting arrest, 1; investigation of burglary, 1.

Theft was reported to have occurred at the Slaton Feed Mills on Railroad Avenue last Wednesday night when the office was entered, the soft drink machine door pried open and about \$8

taken there. A candy vending machine also was entered with possibly \$1 in change taken.

Terry Schuette reports that his red and white Columbia-Fireball bicycle was taken from his father's garage sometime between Monday and Thursday of last week.

Mrs. Mabry Rites Held On Monday

Funeral services were held Monday in Slaton for Mrs. Parrie Lee Mabry, 78 years of age, who died Saturday in a Lubbock Hospital.

Mrs. Mabry, wife of an early rancher, was a Slaton resident for 16 years. The family also had ranches in the Tucumcari and Roswell areas of New Mexico. Services were held in the First Baptist Church in Slaton, with Dr. Charles Wood, pastor, officiating. Burial was in Englewood Cemetery with Williams Funeral Home in charge.

Surviving are a son, Templeman Norwood Mabry, Albuquerque; a daughter, Mrs. Juanita Bolton, Lubbock; a sister, Mrs. E. H. Moody of Becton, Texas; a brother, Robert Pool, Navasota, Texas; three grandchildren and two great-grandchildren. One grandson, Templeman Norwood Mabry Jr. of Albuquerque, was a petty officer on the submarine Thresher.

CARD OF THANKS

The family of John E. and Vivian Nelson, John E. and Nancy, wished to express our deepest appreciation for the many acts of kindness after our tragic bereavement. Especially are we grateful to the ministers, Rev. Robert Kamrath, Rev. Shelby Bishop, and to all those others who aided with food flowers, and words of comfort.

The brothers and sisters of John E. Nelson:
Miss Castell Nelson.
Mr. and Mrs. Clarence H. Nelson.
Mr. and Mrs. David S. York.
Mr. and Mrs. Frank H. Bostick.
Mr. and Mrs. Archie H. Nelson.
Mr. and Mrs. Arlie E. Nelson.
Mr. and Mrs. Earl L. Howell.

15-YARD CUPFULS of dirt are being transported by each of three DW-15 Caterpillars to the highway construction site just northwest of Slaton city limits. Contractors have moved men and machinery to the local job, with transportation of some 10,000 yards of fill one of the tasks. More than a dozen skilled workmen are on the early phases of the job this week, with peak employment of well over half a hundred in the offing. About 12 months work lies ahead on the highway widening, construction and overpass building in the Slaton vicinity.

J. B. Findley Dies At Littlefield

James Benjamin Findley of Littlefield died there last Thursday morning; he was the father of Albert Findley of Slaton.

Funeral services for Findley, 84, were held Saturday morning in the First Baptist Church at Littlefield with Rev. Robert D. Longshore, pastor, officiating. A second service was held Saturday afternoon at the Pierce Street Baptist Church in Amarillo with Rev. Wayland Boyd officiating, assisted by Rev. Tommy Strother. Burial was in Memorial Park Cemetery at Amarillo.

Findley, a native of Cook County, moved to the Sudan area in 1921 and farmed until moving to Amarillo where he lived 10 years. He had lived the last four years at Littlefield.

Survivors are his wife, Ada; three daughters, Mrs. Veria Covington, Amarillo; Mrs. Velma Robertson, Lubbock, and Mrs. Katherine Kester, Hereford; four sons, W. H., Lewiston, Idaho; Albert, Slaton; Weldon Littlefield, and James Randle, Wolforth; 22 grandchildren; 33 great-grandchildren; two great-great-grandchildren; three brothers, A. L., Mission; A. B., Gainesville, and Asa, Commerce; five sisters, Mrs. Mary Grundy and Mrs. Effie Crawford, Gainesville, and Mrs. Dora Prescott, Mrs. Ollie Rutledge and Mrs. Willa Stover, all of Amarillo.

Local Dealer At Detroit Auto Advance Show

Don Crow of Doc Crow Chevrolet, Slaton, was among approximately 7,000 Chevrolet dealers and dealership executives in Detroit recently to attend the largest convention of its kind ever held in the auto industry.

While in the Motor City, dealers previewed the new lines of 1964 Chevrolet cars and trucks to be introduced early this fall.

Arriving in Detroit at the rate of about 1,400 a day, the dealer guests were welcomed by top Chevrolet officials including Semon E. Knudsen, a General Motors vice president and general manager of the division, and Larry Averill, general sales manager.

As a highlight of the convention programs, dealers were treated to an advance look at the new car and truck models in a gala stage revue the equal of a Broadway musical comedy production.

A further feature was a display of the new vehicles and other specially designed engineering and auto show exhibits which filled the mammoth two acre area of Detroit's Cobo Hall exposition center. An evening banquet with General Motors executives followed.

In addition to being the largest and most elaborate of its kind in industry history, the convention marked the first time since 1936 that dealers had been invited to Detroit for such an event by Chevrolet.

at the Southland firm, receiving \$1.75, according to Larry Stallings, manager of the receiving firm. Moisture test was 19.56 with 56 lb. weight. The maize was dryland RS-610, a Texas variety.

Since the first load, some four carloads have been received by Southland Grain, most of that delivered last week prior to weekend rains that distributed from .8 inch to 1.50 inches of rain along the caprock and adjacent farms. All maize delivered last week was very green, with only one load reported with a low test at 15.10.

The rains have helped the late and dryland maize, farmers concur.
