

Annexation Groundwork Is Authorized

Accounting Control Set

Slaton city commissioners met in two lengthy sessions this week, grinding out a heavy load of current business highlighted by initiation of property annexation proceedings, passing of an emergency ordinance prescribing a system of accounting for the city, and traffic control for the school term.

Continuing discussion commenced at the Monday night regular session. The Commission in called session Tuesday night employed the Parkhill, Smith & Cooper engineering firm to prepare notes on annexation of additional plots into the city limits.

Commissioner S. Cravens, local attorney, was directed to draw up proper annexation ordinance to be published at an early date.

On North 20th near the Leo Wendel residence and the other on or near 740 West Panhandle. Cost exploration was suggested here before further action.

Action was postponed until later date on a bid proposal by the J & J Roofing firm for repair to the jail roof.

Commissioner Davis read a request of 30c per meter assessment by the Canadian River Water Authority. Commissioner Bollinger made the motion that the assessment be paid in two installments of 15c each per meter, with Commissioner Bownds seconding.

Present at the Monday night session were Mayor Cain, Commissioner Bollinger, Gonzales and Davis, together with acting city secretary Bobby Sokoll. Commissioner Gonzales was absent from the special Tuesday night meeting.

On Tuesday night session Mayor Cain, Commissioner Bollinger, Gonzales and Davis, together with acting city secretary Bobby Sokoll. Commissioner Gonzales was absent from the special Tuesday night meeting.

FIRST BALE AGAIN IS FROM SLATON AREA

SCHOOL BEGINS SEPTEMBER 3rd

Three late resignations from the Slaton school faculty for the 1963-64 term were told yesterday, Superintendent Lee Vardy announcing resignations of G. I. Norris, principal of the Stephen F. Austin school; Mrs. Norris; and Miss Jane Flemens. Replacements will be announced as soon as the official board meets, Dr. Vardy added.

First teacher activity is underway today at the 3-day teacher workshop. On hand for special consultation will be Glen Scott of the Southwestern Bell Telephone Company, who will work in science and related areas for grades 1-12; and Marcheta Zisson, publishing firm representative who will aid in music discussion for grades 1-6 and with special music supervisors.

Actual schoolwork will begin Tuesday with registration, buses operating on that day for the half-day schedule. Full day schedules begin Wednesday, with cafeterias open.

First grades will attend for only one-half day for the first two weeks.

Dove Season Will Open Sunday, Sept. 1, at Noon

Dove season opens in the Slaton area this Sunday, Sept. 1, with nimrods reminded that in Texas the hunting hours for mourning doves commence at 12:01 noon, continuing until sunset, according to Federal bulletin issued by the Department of the Interior. The season ends October 30th.

Daily bag limit on mourning and white-winged doves is 12, in the aggregate of both kinds, of which not more than 10 may be white-winged; and the possession limit is 24, in the aggregate of both kinds, of which not more than 20 may be white-winged doves.

Justice Precinct Will Remain Same

Boundary lines of Justice of the Peace Precinct 2 will remain the same, it has been pointed out by county officials, though precinct revision was effected in other Lubbock County areas at a meeting of the County Commissioners Court Monday.

Two new boxes were added within the county in changes made necessary by the new state election code which prohibits any election precinct from crossing the limits of any city having population of 10,000 or more. Voters already were prohibited from crossing justice of the peace and county commissioners precincts to vote.

Actually, the changes involved creation of two new election precincts, one inside the city of Lubbock, and one outside, and elimination of segments of other precincts which went outside the city, and renumbering of precincts.

Judge Davis pointed out Monday that any changes in JP Precinct 2 boundary lines would "create endless problems to complicate the delineation of 'wet' and 'dry' areas in this part of the county."

Present at the regular Monday session of the Commissioners Court were County Judge Bill Davis and Commissioners George Green, Arch Lamb, Les Derrick and Alton Brazzell.

DOWNTOWN ATTRACTION IN SLATON, and justly so, is the first bale of Lubbock County cotton ginned in 1963, the bale delivered Saturday by Melvin Walter, farmer living eight miles north of Slaton. Pictured left to right are: Charlie Hunter, manager of the Acuff Co-Oo Gin; Ed Williams, president of the Slaton Chamber of Commerce; and Mr. and Mrs. Walter.

Released on \$500 Bond

Slaton Woman Surrenders, Charged In Hit and Run Lubbock Fatality

Bond in amount of \$500 was posted Tuesday by Lorenza Flores Pina, 28-year old Slaton mother of six children, who surrendered to Lubbock officers the same morning, signing a statement admitting to driving the auto which struck and fatally injured a Lubbock man last Thursday morning.

Area-wide search had been underway by police officers for the car and driver involved in the much publicized "hit and run" death of 75-year old J. C. Fletcher of Lubbock. Scores of cars had been checked out, witnesses said to have given a general description of the involved vehicle.

Mrs. Pina, Slaton resident of more than 15 years, now residing at 385 E. Panhandle St., was charged Tuesday morning, after her surrender, Judge Ellis of County Court at Law No. 1 setting the bond on charge of negligent homicide. The suspect pleaded innocent of the misdemeanor charge.

Mrs. Pina and her attorney, Bill Gillespie, Tuesday morning took two officers to near Post where she stated she had abandoned her car after it broke down Monday night.

ASCS Balloting Begins Friday

Election of the ASCS community committees for Lubbock County will be conducted by mail this year, Charles G. Bragg of the Lubbock office has announced, with ballots to be mailed all eligible voters this Friday. These must be returned to the county office by Sept. 11, Bragg added, and will be tabulated publicly by the incumbent county committee on Sept. 12 in the ASCS office, 615 Municipal Drive, Lubbock.

Slate of nominees for Community 'C' (southeast Lubbock County) includes: Tommy Adams, Don Alspaugh, H. G. Burkett, Jr., Ed Foreman, Joe Glass, Bobby Jones, Clarence Kitten, Wilford Kitten, Wilbur T. Lemon and Paul Rogers.

To be elected are three regular committee members and two alternates, from each community. The chairman, vice chairman and regular members of the elected ASC community committee will also serve as delegate, alternate delegate, and second alternate delegate, respectively, to the county convention where the ASC county committee will be chosen. The county convention will be held at the Lubbock County ASCS Office on Friday, September 20th.

First bale honors for Lubbock County cotton went again this year to a Slaton area farmer.

Melvin Walter, 21-year-old farmer living eight miles north of Slaton, delivered the first bale Friday afternoon and Saturday of last week to the Acuff Co-Oo Gin where it was ginned Saturday. Actually, Walter's Friday load netted only 426 pounds, less than a full bale, so he and his workers returned to the field and more cotton to provide a 574 lb. bale, with 910 lbs seed.

Premium price of 50c per pound was paid by the ginning firm of which Charlie Hunter is manager. Walter also was assured of the Slaton Chamber of Commerce "first bale" award money of \$150, to be presented at the annual Farmer-Merchant banquet September 10th.

Walter stated Monday that his DeKalb stormproof cotton, from which the first bale gathered, seemed to be made about a bale or 1 1/2 bales acre. He has a total of 114 acres in cotton. The first cotton taken from over a 7-acre tract some irrigated and some dry.

The first bale arrived one earlier than that of last year, which was delivered by Bill Tenhoff, Jr., to Posey, Plar date for Walter's crop was 7/24th.

Walter and his wife, also years old, live on their farm between Slaton and Acuff where has farmed for two years. I ever, he was born and raised within a mile of that location.

First area cotton was re-ginned in Yoakum County Friday, grown by D. E. Dicky Green near Plains.

Considerably more optimum talk is noted over the area earlier in the freckish, was impeding growing season.

Though no-one expects the total yield to equal that of year, it is conceded that yield and quality could well be above earlier anticipations.

Three times in the last years the area (23-counties in South Plains) crop has exceeded the 2-million bale mark, according to 45 to 50 per cent of state cotton production. Lubbock County this year has about 706 planted cotton acreage decrease of more than 25 acres from 1962, 240,000 planting.

Second bale of Lubbock County cotton apparently was ginned at the McClung Gin north of Slaton Tuesday morning at 10 with Jimmie Davis as grower.

Weighing 450 pounds, the ton came from over a 20-acre area seeded on April 18th with DeKalb variety. The crop irrigated.

Davis, age 35, farms two tons of land and is a life resident of the Roosevelt Community.

Earl Reasoner of Slaton president of the gin firm receiving the Davis bale, and a premium price of 50c per pound paid.

The Slaton Chamber of Commerce pays \$100 bonus for one bale honors, part of cash award program slated the Farmer-Merchant dinner September 10th.

-WEATHER-

It's still hot—the current wave unmistakably the long duration of any in recent years, locally, through the thermometer yet has to hit the 100-degree mark this summer.

Average night low temperatures for the past seven days been 68 degrees, average daytime readings at 94 degrees. Day to day temperature tremors, as reported by the near Natural Gas Company, have been:

Thursday 68-94
Friday 68-85
Saturday 71-96
Sunday 68-90
Monday 68-94
Tuesday 66-92
Wednesday 68-94
Scattered showers fell in numerous amounts in some areas over the week-end, though Slaton City gauge failed to receive enough for measurement.

Lindsey Funeral Held Here Today

Instructor Dies On Colorado Trip

Funeral services for Dwight L. Lindsey, science instructor in the Slaton schools, are scheduled for 3 p. m. today in the First Baptist Church of Slaton. Dr. Charles Wood, pastor, will officiate, assisted by Rev. Rollo Davidson, pastor of the First Methodist Church.

Burial will be in Resthaven Cemetery, Lubbock, under direction of Williams Funeral Home.

The body will lie in state for one hour at the church before services.

Lindsey, 46 years of age, died early Monday morning in the Monte Vista Hospital, Colorado. He was on a fishing trip to that region when he became ill.

Born at Hollis, Oklahoma, January 16, 1917, Lindsey was a graduate of the Hollis High School and received a Bachelor of Science Degree from Texas Tech in 1943. He taught in area public schools for some 19 years, coming to Slaton from Dalhart, with previous tenure at Abernathy, Whittharrel, Paducah and Roosevelt. He had taught vocational agriculture prior to entering the science department at Slaton, where he had completed his first term and had been retained for another year. Mrs. Lindsey is an English teacher in the local school system.

Lindsey was a member of the First Baptist Church of Hollis. Surviving are the wife, Hazel; a son, Mark L. of Seminole; a brother, Truman Lindsey, Muleshoe; a sister, Mrs. Cecil Padlock of Covina, Calif.; a grandmother, Mrs. Minnie Pringle, Hollis, Okla., and a grandson.

Special Student Rates Available

Repeating a popular service, the Slatonite again this year is offering special back-to-school subscription rates for students attending school away from home.

Designed to furnish the college student a "letter from home" each week, the Slatonite annually offers a 9-month bargain package, inviting parents and friends of the children to send the local paper as a thoughtful gift.

Considerable dollar savings are provided via the school term subscriptions. In Lubbock and adjoining counties the rate for school term duration will be \$1.75. Elsewhere, the special price is \$3.25. Subscriptions will be accepted via phone, in person or by letter but early attention is invited to insure the student receiving the Slatonite commencing with his or her first week away from home.

Holiday Driving Caution Is Emphasized

Labor Day Week-end is here.

The director of the Texas Department of Public Safety, together with officials of the Texas Department of Public Safety, together with officials of the Texas Safety Association, have directed special attention to the traditional dangers of highway driving during the 3-day week-end.

Col. Homer Garrison Jr., Public Safety head, has announced that an estimated 31 persons will be killed in traffic crashes in Texas during the holiday, and has called for an "all-out effort to prove the statisticians wrong."

Col. Garrison pointed out that the estimate by the DPS Statistical Service is based on past experience, but added: "There is always a chance that it can be proved too high if motorists will put forth a concerted effort to hold the line by driving within a safe and legal

limits and remaining especially alert to the added dangers of holiday travel."

To emphasize these hazards, he said, "Operation Motorcade" will be placed in effect from 12:01 a. m. Saturday, August 31 through 11:59 p. m. Monday, September 2. During this period, all traffic fatalities on the streets and highways of the state will be tabulated and released three times daily to the public through the cooperation of the news media.

In addition, the Department of Public Safety will do everything possible with the limited manpower available to stop reckless and illegal driving on the highways, Garrison said. Officers from other DPS uniformed services will be assigned for the holiday period to Highway Patrol duty to add to the enforcement effort.

The DPS Director said Labor Day this year comes at a time

when traffic tragedy for the year 1963 appears to be heading for an all-time high. He reported that more than 1,400 persons have been killed already this year for an increase of some eight per cent, adding that if the trend continues the toll will exceed the high of 2,611 persons killed in 1962.

Garrison noted that several public and private agencies are carrying on programs to supplement the safety emphasis effort for the Labor Day Holiday. The Texas Safety Association will conduct a public information program stressing the need for courtesy and caution. TSA Vice-President W. F. (Bill) Leonard will coordinate the efforts of Junior Chambers of Commerce over the state in operating numerous "rest stops" for fatigued drivers to whom free coffee will be served. The Texas Association of Broadcasters will conduct a statewide "Drive Lighted

and Live" program in which appeals will be made to motorists to drive with their headlights on dim during the daylight hours to focus attention on the need for legal and safe driving.

The Texas Highway Department will carry on a continuing information and education program instructing drivers in freeway driving at the need for caution near highway construction areas.

And the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will sponsor a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state. This "Holiday Road Patrol" will be manned by the safety directors, safety supervisors and safety engineers of the trucking industry who comprise the membership of the Council. Its primary purpose is to help relieve highway patrolmen for enforcement work by aiding motorists in distress.

Tickets Ready

Season reserved seat tickets are ready for distribution, providing reduced admission charges for the five scheduled Slaton home games.

HOLDERS of season tickets of last year again will be given first option, which must be exercised before Monday, September 2nd. After that date the tickets will be available to the general public.

Tickets are on sale at the downtown school business office on South 9th.

Season prices this year have been set at \$6.50 for the five home games, as against the \$1.50 single game, reserved seat fee. General admission tickets for each game will be \$1.25 and 50 cents. Dr. Lee Vardy, superintendent, has pointed out that these prices were set by ruling of the District executive committee, and will be uniform in all district competition.

ASCS Balloting Begins Friday

Election of the ASCS community committees for Lubbock County will be conducted by mail this year, Charles G. Bragg of the Lubbock office has announced, with ballots to be mailed all eligible voters this Friday. These must be returned to the county office by Sept. 11, Bragg added, and will be tabulated publicly by the incumbent county committee on Sept. 12 in the ASCS office, 615 Municipal Drive, Lubbock.

Slate of nominees for Community 'C' (southeast Lubbock County) includes: Tommy Adams, Don Alspaugh, H. G. Burkett, Jr., Ed Foreman, Joe Glass, Bobby Jones, Clarence Kitten, Wilford Kitten, Wilbur T. Lemon and Paul Rogers.

To be elected are three regular committee members and two alternates, from each community. The chairman, vice chairman and regular members of the elected ASC community committee will also serve as delegate, alternate delegate, and second alternate delegate, respectively, to the county convention where the ASC county committee will be chosen. The county convention will be held at the Lubbock County ASCS Office on Friday, September 20th.

EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be... where the press is free and every man able to read, all is safe.

—Thomas Jefferson

In contrast to present session of Congress, where just about everything is bogged hopelessly, we are becoming aware that the late Texas legislative session was a productive one.

Realization of this comes this particular week because the laws passed at that session became effective 90 days after adjournment... their enforcement commencing last Friday.

We do not know the particulars of all the bills passed, and we are sure many of them might seem foolish in consideration of expense involved in their enactment, but be that as it may, 300 new state laws become effective Friday.

Most familiar of the state action is the putting of teeth in the hot check law, and raising of maximum speed limits to 70 miles per hour, affecting drivers of more than 3,363,000 passenger cars on most of the 63,872 miles of state highways. (We understand this 70-mile speed is the MAXIMUM permitted by discretion of the Highway Department, and does not indicate that ALL highways can be traveled at that speed. Better continue to watch the speed limit markers, dear friend!)

Most of the other new state laws are much more limited in scope or application (as the one prohibiting the taking of sea turtle eggs, a problem we have failed to observe in the Slatonite's balivik).

Observers down Austin way opine that with few exceptions, the 300 new laws should provide a better framework for operations of local and state government. Some relieve individuals and industries of some tax burdens. Others modernize or establish new agencies.

Time will prove the wisdom of the late session, but without question, it was not a "do nothing" group that met in Austin this year.

For some reason, this seems to be the season of the year when headlines too often read "Child Found After Days in Abandoned Refrigerator."

The past year was the worst year to date in total number of such incidents, the National Safety Council reports; and this paper is happy to add our comment hoping to aid in prevention of further excessive tragedies of this nature.

If a refrigerator MUST be abandoned, please, please, please render the death-trap harmless by removing the door; after all, a screwdriver can do the job in a few minutes.

From Neighboring Lynn:

In many ways America is turning its back on the principles on which it was founded. Our forefathers left Europe to gain freedom and founded a nation on the basis of a belief in God, where free men could engage in any lawful endeavor and go as far as they may on individual initiative, without undue taxation and without too much dictation from government.

Today, there are forces at work which take away these rights—you may call it socialism, liberalism, democracy, or whatnot—but the fact still exists. Rights to teach Godliness, Christianity, and moral principles are being taken away. Rights to govern ourselves are being taken away slowly but surely, as the Executive and Judicial branches take on more powers delegated to Legislative. Gradually we are becoming a nation of people who have no right to work unless we belong to a Union or conform to various government regulations. Our social security system and aid to dependents programs are cutting down on the incentive of men to produce and to be responsible for their own loved ones. Taxation, virtually without representation, is becoming the order of the day. The farmer invests his hard-earned cash in land, but it denied the right to plant what he chooses, and soon he will be told how much he must pay for labor. Now, the Administration is pushing for a law which would deny a citizen the right to operate a business and serve whom he chooses. There are those who advocate, in effect, a citizen has no right to choose his associates by differentiation or race, creed, or color.

—Lynn County News

Notes from Neighbors Events and Opinions

Panhandle Writer's Analysis:

If there is any doubt in which direction the liberals are taking this country, it should have been removed this week. Apparently the group is beginning to believe that it has enough of an economic control over the country that it does not have to try and cover its aims.

Vice President Lyndon Johnson and Supreme Court Justice Arthur L. Goldberg in speeches before two different groups pulled no punches in telling the groups that Washington will be supreme.

Johnson, speaking before a national organization of city government officials told the group that cities would enforce the civil rights rules as laid down by Washington or be faced with the possibility of losing self-government.

Justice Goldberg told the American Bar Association that the lawyers and judges should support the Supreme Court and put aside discredited theories of constitutional law.

The Judge scorned the doctrine of interposition, the theory that states can interpose themselves between the federal government and the citizens of the states.

Now the idea of interposition has been a much discussed question of law for many years and there are big camps on both sides of the discussion. We cannot argue this point. Our point on contention is this new idea that Washington is infallible.

It seems we suddenly have a group of rulers, not necessarily elected, many appointed, who have had all the answers revealed to them and them alone. There are lots of elephants as well as donkeys in the group. This group of men and women are so intelligent they need no hindsight or assistance. They have all the answers and the many years of knowledge which have been built on the subjects are fallacies.

It would be nice if we had such a group, but we are afraid these super-brains will prove to be like so many super-

New Member Is Named To County FHA Committee

Appointment of Jim L. Womack as a member of the Farmers Home Administration county committee has been announced by Ralph E. Griffiths, the agency's county supervisor serving Crosby and Lubbock Counties. Womack owns and operates a farm about seven miles south of Shallowater. He has resided in Lubbock County for past 35 years. Two other members make up the 3-members committee which works with the county supervisor to see that the best possible use is made of the agency's farm credit service program consistent with local farmers' needs. The other two members are Doyle D. Davis, Slaton, Texas, and R. D. Presley, Abernathy, Texas. Presley will serve as committee chairman during the next, or 1963, fiscal year. Each member is appointed for a 3-year term. Womack succeeds T. Euel Linder whose 3-year term expired this year.

The committee determines the eligibility of individual applicants for all types of loans. It also reviews borrowers' progress and aids the county supervisor in adapting the agency's loan policies to conditions faced by farmers in this area. Members are selected and appointed so that, as far as possible, different areas or neighborhoods are represented.

EXTENDED TRIP

Mr. and Mrs. Claude Simmons and family have returned from a 3,800 mile vacation trip taking them into parts of California and other western states. They went to the coast via way of the southern route, going through the Hemmet Valley in California and taking a bus trip through the Nutrilite farms there. They then went up the coast and across the desert where it was 125 degrees. On stop was made at Watsomulle to visit a brother; 63 degrees was maximum temperature there. Returning via the northern route they spent considerable time sightseeing, later visiting Mr. and Mrs. C. M. Simmons in Clovis, and Mr. and Mrs. W. R. White in Mobeetie.

Happy Birthday

Wheat Growers Urged by ASC Consider Feed Grain Plan

participation in the 1964 feed grain program, Charles G. Bragg, Agricultural Stabilization and Conservation County Office reminds growers this week.

Bragg said that many wheat farmers in the county are also feed grain producers and as a result are eligible to participate in the 1964 feed program by diverting feed grain acreage out of production. He noted the drop in 1964 wheat prices as reflected by the present wheat futures market. Currently, the judgement of the market is a July 1964 Kansas City wheat futures price of around \$1.55 per bushel. This price, adjusted to a farm level, reflects a wheat price of about \$1.25 to \$1.30 per bushel, Bragg said.

A 1964 crop excess of current disappearance of about 1.3 billion bushels for domestic and export use will undoubtedly put heavy downward pressure on wheat prices, probably forcing down to a feed price level as the supply seeks a consumption outlet. Bragg pointed out that the 1964 feed grain program has been designed to reduce possible expansion of over-all grain acreage.

Artist's rendering of Holly Sugar Corporation's Merrill E. Shoup Plant, a \$21,000,000 beet sugar processing facility now under construction at Hereford, Texas. Planting shows sugar beet piles at extreme left. Main building of plant and six bulk sugar storage bins with capacity of 60,000,000 pounds of sugar are to right of center. Sugar sacking building, sugar warehouse and molasses storage tanks are shown to right of bulk bins. Three structures with steep pitched roofs at center rear are storage warehouses for sugar beet pulp. Tanks behind bulk bins are for thick juice storage, an important part of unique system developed and pioneered by Holly Sugar as means of increasing plant capacity. Factory complex is located on 1,800-acre tract southwest of Hereford.

FARM NEWS
BY BERT NEELLEY
Now we suppose this is real news . . . anyway word comes at the beginning of annual hay fever season that rag weed is not the only cause of this dis-

comfort (which by the way is neither caused by hay or associated with fever.) Offenders, aside from rag weed, include cedar trees, disintegrated insect bodies, grasses and molds.

Although the Corn Belt still ranks first in the production of fed cattle, this region is rapidly losing its monopoly in the cattle feeding business, says Ed Uvacek, livestock marketing specialist, Texas Agricultural Extension Service.

In the early 1930's the Corn Belt accounted for 83 percent of all cattle on feed, but in 1963 only 7.9 million head, or 67 percent of the fed cattle were from these states. The western states now report over five times as many cattle and calves on feed as they did 30 years ago, says Uvacek.

Texas is not the least of the competitors for a part of this cattle feeding business, says Uvacek. The state will feed three times as many cattle and calves in 1963 as it did in 1958. This means that more than 850 thousand head should be marketed from Texas feedlots this year, he says.

The increased production of feed grain, a stronger demand for fed beef, and good supplies of feeder calves have stimulated cattle feeding in Texas says the specialist.

In 1958 Texas ranked as the 13th most important cattle feeding state in the U. S. while in 1963 the state was the 6th most important feeding state. This increase came mainly because of the added number of large feedlots, says Uvacek. About 88 percent of the cattle on feed were in these lots, which have capacities of 1,000 head and more. In 1956 there were only 63 such lots in the state and now 203 are operating.

Uvacek points out that last year Texas produced 463 million pounds of fed beef and consumed 329 million pounds, making the state a surplus beef producer.

The number of screwworm infestations in the Southwest has dropped to the low-

est level since spring, screwworm eradication officials have announced.

Texas livestock producers, who have been reporting an average of 100 infestations each week during the summer, detected only 13 cases during each of the past two weeks. New Mexico has also experienced a decrease.

At the same time that the native fly population has been declining, sterile fly production at the Mission "fly factory" is reaching new highs. More than 132 million flies were reared, sexually sterilized and distributed by airplane in the Southwest last week. Eradication officials expect to bring production up to an average of 135 million flies per week.

The action taken by livestockmen during the next few weeks could well determine whether they will experience the usual build-up of screwworms which follows the arrival of cool, wet weather in the fall, said Dr. S. C. Gartman, U. S. Department of Agriculture veterinarian.

Farm Bureau District Meetings Center on Policy Development

series of 13 district meetings will be held over the state Sept. 5, by the Texas Farm Bureau in an effort to get membership participation in "grass roots" policy development, according to C. H. DeVaney, president of the state's best farm organization.

leaders, both at the state and county level," DeVaney explained in a letter to all county FB offices.

"After this evaluation," he continued, "we will discuss one of the most important fields of activity in Farm Bureau, that of policy development. It is only through full participation by the county leaders in this activity that we can be sure we are carrying out the purposes for which Farm Bureau was organized."

An added feature in this year's district sessions will be an evaluation of Farm Bureau's activities thus far in 1963.

"We feel this is a good time to look at what we have done so far this year in carrying out our responsibilities as Farm Bureau

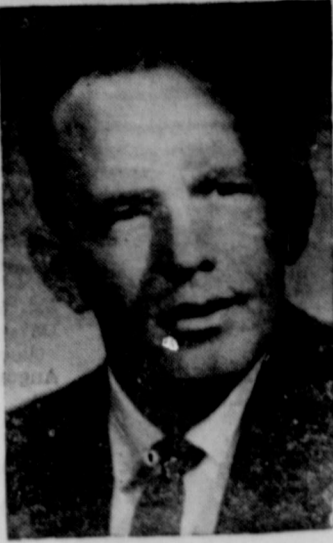

Cotton Authority Finds New Outlets For Plains Crop

Plains Cotton Growers' Textile Industry Relations Representative James S. Parker returned to Lubbock recently after a successful 10-day trip through the Southeastern U. S. for consultation with textile mill officials, machinery manufacturers and research laboratory directors in five states.

"PCG's unique 'Cottech' service which provides free fiber and yarn tests, color and control studies etc. to textile mills is always well received," Parker said, "and a yarn testing project was set up with one large cotton mill in Georgia which I believe will lead to their use of a lot of High Plains cotton in the future." Similar projects were discussed, initial plans laid and return visits scheduled with several of the other 15 mills visited.

While in Knoxville, Tennessee, Parker made arrangements for the purchase of a reasonably new instrument for the measurement of fiber strength and elongation, called a "Stelometer." The instrument, which should be shipped to Lubbock in the near future, will be a valuable addition to the already well-equipped Textile Research Laboratory at Texas Tech where PCG does its fiber and spinning research.

The trip also gave Parker a chance to confer on mutual interests with officials of the Saco-Lowell Research Laboratory and the Clemson Spinning Laboratory, both at Greenville, South Carolina, the University of Tennessee Spinning Laboratory at Knoxville, and the Textile Research Department of Auburn University in Alabama.

ALLEN WHITE

White Is Leaving Irrigation Post

The High Plains Underground Water Conservation District has recently announced the resignation of Allen H. White, Jr., familiar figure in Plains irrigation activity.

White, long-time editor of "The Cross Section," the District's monthly publication, and Director of Education, has resigned to accept a position with the Federal Land Bank of Texas. For almost 10 years, he has been a member of the Water District staff.

White, a native of Amherst, is married to the former Helen Heathman of Littlefield. They have two sons and will continue to reside at 4407 45th Street in Lubbock.

SCIENCE SKETCHES

BOLL WEEVILS, scourge of the cotton farmer, may succumb to the vacuum cleaner! A machine has been developed to suck up the fallen buds, beat them to a pulp to kill the larvae and then throw them back for later harvesting.

YOUR THUMBPRINT may be the universal credit card of the future. After selecting a home, car or necktie, you would simply place a card with your thumbprint in front of an electronic scanner for instant identification of a central information file.

AN ASPIRIN-SIZE "pill" has been developed that can lop \$1 million from design and construction costs of a \$4 million hydrogen plant, reports Chemetron Corp. The company's new catalyst eliminates several previously necessary purification steps.

Archie Hoover In Germany to Study

Archie J. Hoover and wife sailed last week from New York on the S. S. America, destination Frankfurt, Germany.

Hoover the son of Mr. and Mrs. A. J. Hoover of 850 S. 12th, Slaton, is holder of a Fulbright scholarship awarded him in May of this year. The scholarship provides for him and his wife to stay with a German family for one month to acquaint him with the language and customs of the German people. He then will attend a university near Frankfurt while writing his Doctor's dissertation.

Hoover and wife will visit France, Italy and Switzerland before returning to the states next year. He has accepted a position with George Pepperdine College, Los Angeles, where he will teach History and Bible, beginning in September, 1964.

CHECK UP

It's a good idea to have a check up every so often. And the idea ought to be extended to our spiritual as well as our physical health.

For instance, how much are we *thinking* about the truths our churches teach us? Do we understand God . . . His love for men . . . the sacrifice of Christ for our sins . . . the way of Christian living?

And how much are we *doing* for God and our own souls? Are we worshipping every Sunday . . . rearing our children in the Faith . . . serving the Church and fellowmen according to our talents and physical strength?

And how much are we *giving* for God to use? Do we promise Him a fair proportion of our income . . . do we set it aside regularly as a sum that belongs to God and to those who need our help . . . do we have the courage and faith to strengthen our Church by more generous support?

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford

TEXAS PRESS ASSOCIATION

state employees scattered throughout Texas are getting set of bosses. Reason for the Texas Parks Commission on August 22.

Many state employees, who wondered whom Gov. John Connally would select to head the infant agency, now are worrying whether they themselves will remain on the payroll.

About 72 of the employees are in the Parks Department; some are managers of the state's 50-plus parks system. Another 625 or so are in the field of game and fish. About 100 of these are in the Austin office — the rest out in the field.

Connally says the consolidation will eliminate some duplication of services and effort.

One thing the state is sure to save on is per diems and expenses for the commissioners. The \$25 per diem travel, hotel and meals allotted the three new men should come to about one-fifth the amount spent in past years on 15 commissioners.

HIGHWAY PATROLMEN NEEDED

Col. Homer Garrison Jr., head of the Department of Public Safety, is looking for 100 additional highway patrolmen.

He asks applicants, aged 31 to 35, to contact him no later than September 14. Recruits will start to school November 19. Pay is \$412 a month while in training, \$453 on graduation.

Department will endeavor to assign the men to stations within 100 miles of their present homes.

HOPE TO CUT TRAFFIC DEATHS

Col. Garrison cast a gloomy eye at his crystal ball, and predicted a possible 31 traffic deaths in Texas over the three-day Labor Day weekend. But he hopes he is wrong!

"There is always a chance that the estimate can be proved too high," Garrison said, "if motorists will put forth a concerted effort to hold the line by driving within safe and legal limits, and remaining especially alert to the added dangers of holiday travel." DPS has enlisted the aid of the

Cotey Chemical Co. Lubbock, Texas

FRANCIS SCOTT KEY witnessed the British Bombardment of Fort Mchenry during the War of 1812 and when the terrible night had ended, Key saw the American flag flying high over the ramparts in the morning mist. There was a gaping hole through one of its stars... but the flag was still there. Out of this experience came "The Star Spangled Banner." His portrait will be among 75 paintings in the "Faces of Freedom" exhibit in the Varied Industries Building during the 1963 State Fair of Texas, Oct. 5 through 20 in Dallas.

Texas Safety Association, Texas Association of Broadcasters, junior chamber of commerce, Texas Council of Safety Supervisors and the Texas Motor Transportation Association for a Labor Day "Operation Motorcade" — a concerted campaign to call attention to highway dangers.

SCHOOL LAND BOARD MEMBER NAMED

A Taylor attorney — Wilson H. Fox — has been appointed by Attorney General Waggoner Carr to take Carr's place on the School Land Board. Law specifying the change was passed at the attorney general's request.

Governor Connally and Land Commissioner Jerry Sadler will remain on the three member board, which does a big, and complicated, business, leading many thousands of acres of state-owned land each year.

Fox is a former district attorney and state representative for Barnett and Williamson counties.

HAWAII CALLS

Many of Texas' state officials new are in Hawaii attending the National Legislative Conference in Honolulu.

Lt. Gov. Preston Smith of Lubbock heads the list. Others attending are House Speaker Byron Tunnell of Tyler, Rep. Ben Jarvis of Tyler, Sen. George Parkhouse of Dallas, Rep. Wayne Gibbons of Breckenridge, and Rep. Dick Slack of Pecos.

Also in the group are Bob Johnson, former representative from Dallas and now executive director of the Legislative Council, and his assistant, John T. Potter of Austin.

POPULATION VS ORGANIZATION

Theory that a large population produces a greater volume of business activity than a small population is not 100 per cent true.

This is revealed by the University of Texas' Population Research Center. It surveyed 30 Texas cities for the 20 year period — 1940 to 1960.

Cities surveyed were Alpine, Angleton, Aspermont, Boerne, Borger, Bracketville, Burnet, Cotulla, Del Rio, Denton, Eastland, Merkel, Olney, Paris, Port Laco, Runge, Menard, Rusk, Seagraves, San Diego, Seymour, Comerville, Van Alstyne and Winsboro.

Nine of these — Bracketville, Eastland, Hillsboro, Italy, Menard, Rusk, Seagraves, Somerville and Van Alstyne — had a population decline.

Runge, Italy and McKinney all saw a decrease in the number of business organizations. Bracketville and Hillsboro were the only ones that had a decrease in the number of governmental organizations.

Only city that had a decrease in the number of organizations, but grew in population, was Runge. San Diego was the only place that failed to produce additional volunteer associations.

In general, the survey proved

greater number of organizations per 1,000 population than do the big cities.

HIGH SCHOOL DROPOUT

The growing problem of high school dropouts will be the topic of the annual meeting of the Texas State Committee of Public Education in Austin on September 22.

President of the committee, Mrs. Helen J. Bechtel of Corpus Christi, is inviting all interested persons to attend the one-day session. No registration fee will be charged.

Governor Connally has estimated the state rate of dropouts for the next five years as 325,000.

OIL ALLOWABLE CUT
Producing ability of Texas oil wells was cut by some 28,617 barrels a day when the Railroad Commission reduced the daily oil allowable from 28.5 per cent in August to 28 per cent for September.

Most of the major oil companies wanted more of a cut. But independent producers succeeded in getting the commission to hold production near the August allowable.

Commissioner Ernest Thompson of Amarillo returned to his office after a long illness and attended the hearing.

U-H REGENTS NAMED

Governor Connally named three University of Houston graduates to the nine-member board of regents for the U. of H., which will join the state college and university system in September.

Alumni-regents are Jack Valen-

ti and A. J. Farfel, both of Houston, and George S. Hawn of Corpus Christi.

Other appointees include James T. Duke of Johnson City and Edward Daniel Manion of Beaumont. Also Col. William B. Bates, James A. Elkins, Jr., Corbin J. Robertson and Mrs. Gus Wortham, all of Houston.

SHORT SNORTS

Governor Connally reappointed Dr. John Stockton of Austin, John McKee of Dallas and Hugo H. Loewenstern of Amarillo to the Committee on State and Local Tax Policy... Former secretary of state P. Frank Lake has been appointed legal counsel for the State Board of Insurance.

Bit by bit...

every litter bit hurts

DON'T BE A LITTERBUG! Be a bug about litter... specially careful to keep the picnic spot spotless. In parks, on streets and highways, too, make sure to put litter in the basket or the car litterbag. Careless littering—bit by bit—soon adds up to a pile. The clean-up costs plenty in taxes. And littering could cost you money in court! That's right! It's against the law in all 50 states. So always stick your litter in the basket—then you won't get stuck with a fine! And you will help to KEEP AMERICA BEAUTIFUL!

Area Group Will Discuss Cotton Problems Today

Chamber of Commerce officials, leading businessmen and farmers from the 23-county High Plains area will get together at 3:00 p. m. today, August 29th, at the South Johnson House Restaurant in Lubbock to discuss mutual interests related to High Plains cotton. The meeting, scheduled to close with a dinner at 6:00 p. m., is sponsored by Plains Cotton Growers, Inc. to promote better coordination of efforts to provide mutual business-farmer benefits through a healthy and expanding cotton industry on the High Plains.

Dean Gerald W. Thomas of the Texas Tech School of Agriculture has agreed to be chairman of the discussion type meeting, and various representatives of both agriculture and business from over the area will serve as discussion leaders. "It is simply a meeting for a thorough discussion of cotton problems, how these problems affect allied business, and possible solutions to those problems," said Donald A. Johnson, PCG Executive Assistant.

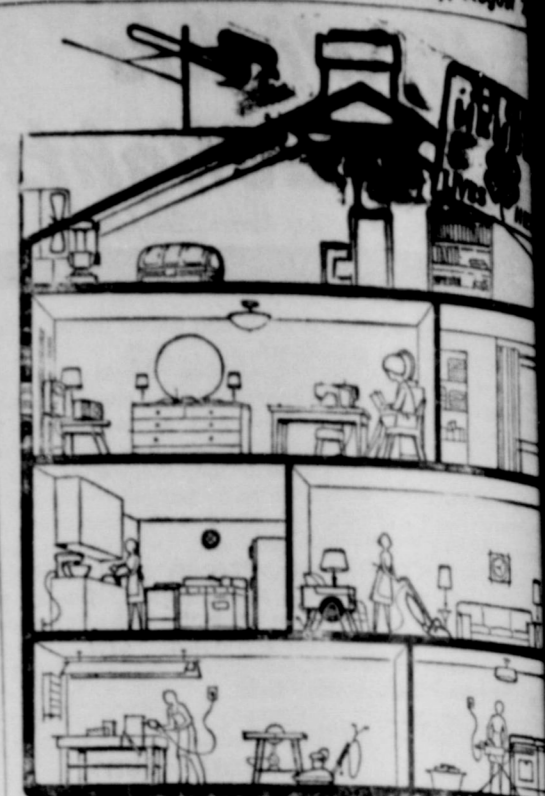

While Johnson emphasized that this is not a PCG board meeting directors from each of the 23 counties have been invited to provide the proper background and utilize all available ideas.

from over the area will serve as discussion leaders. "It is simply a meeting for a thorough discussion of cotton problems, how these problems affect allied business, and possible solutions to those problems," said Donald A. Johnson, PCG Executive Assistant.

While Johnson emphasized that this is not a PCG board meeting directors from each of the 23 counties have been invited to provide the proper background and utilize all available ideas.

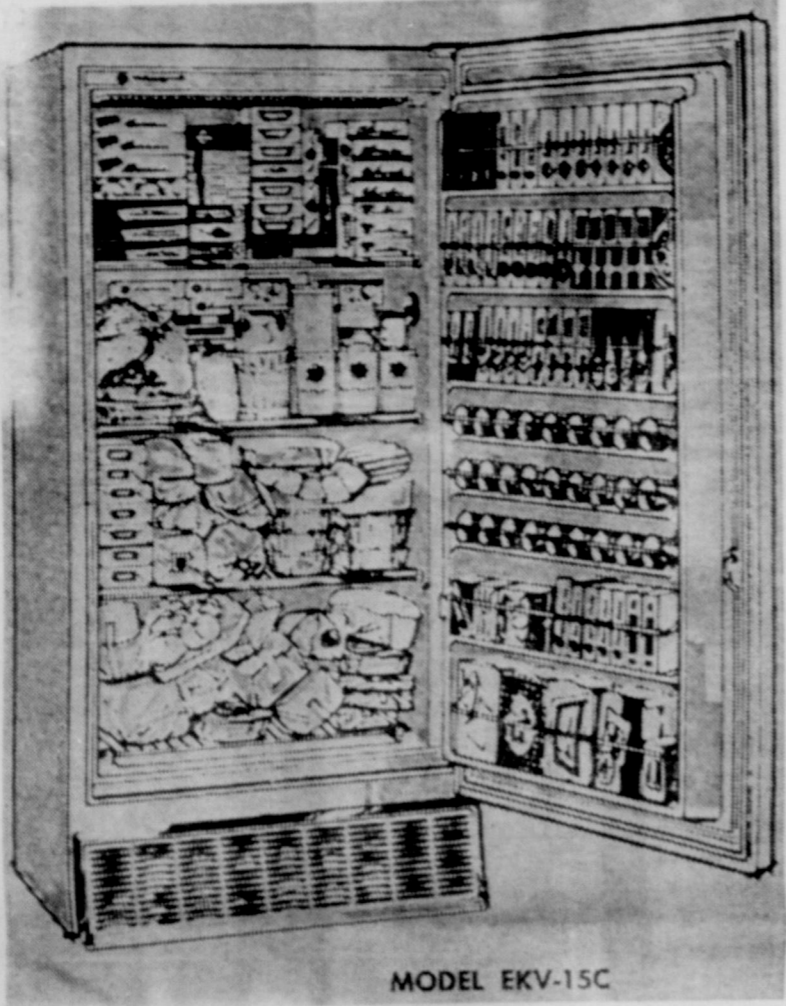

VISIBLE PROOF OF FISH 'N' FUN— J. L. House is shown at left with some of the larger trout caught while on a 9-day camping trip near Pagosa Springs, Colorado. At right, Sam Angle and House prepare to cook an outdoors meal, featuring fish of course. The House and Angle families, Mr. and Mrs. House's daughter and son-in-law, Mr. and Mrs. Marcus Crumbley, and Bobby Meeks made up the party that brought back their limit of German Browns and rainbows. House stated that this was the finest fishing trip he had ever made, with the trout striking on flies in the mornings, going for salmon eggs or worms after showers that fell each day.

National 4-H Electric program sponsored by Westinghouse Education

How many ways is electricity used in this place? How many ways is it used in your home? Do you ever wonder what happens when you plug into a wall outlet? Where does the power come from? You usually can't see it unless it is a lightning bolt. Why do fuses blow? Why should you NEVER touch an object with wet hands? Scores of 4-H Club members are answering these questions. They found them while working on their electric program. Through the Cooperative Extension and sponsoring groups, the young people have access to the best personal guidance and informative literature in the electrical field. Boys and girls interested in electricity should contact the county extension agent.

Saving Bond Sales Pass Half-Way Goal

July E and H Savings Bonds sales in Lubbock county totaled \$75,200.00 according to Travis Shelton, chairman of the Lubbock County Savings Bonds Committee. This figure brings the County to 55.2% of the 1963 sales goal.

Savings Bonds sales in Texas for the first 7 months of 1963 totaled \$87,895,038 which represents 58.4% of the state goal of \$150,600,000.

"The achievement of the Freedom Drive goal in Texas demonstrates to the Nation that Texans stand ready to do their part in our fight for freedom. These bond dollars will help our Nation maintain a strong military posture and at the same time will keep our country economically stable," Chairman Shelton concluded.

Pool Closing Is Set For Saturday

Sign that summer is at an end and must give way to the fall activities ahead is the announced closing of the Slaton swimming pool this Saturday, August 31st.

Those wishing to avail themselves of a last swim have only three days remaining, pool manager R. G. Copeland points out, with daily swim hours of 2 to 7:15 p. m. through Saturday.

Though season opening of the pool was handicapped for a few days in late May by adverse weather conditions, the season as a whole has been highly successful, it is reported, with a large number swimming on most days.

Tickets Ready For Farmer And Merchant Meet

Merchants who as yet have not purchased tickets for the Annual Farmer-Merchant Celebration, set for Sept. 10th, are urged to secure these tickets this week as final plans get underway for the big affair expected to attract more than a thousand farmers and businessmen of the Slaton trade area.

Farmer tickets are in the hands of area ginners, and rural residents are invited to call at their respective gins for these free admission tickets.

Bud Englund, well-known civic worker here, will be master of ceremonies at the affair, it was announced this week. Door prizes, special Chamber of Commerce awards, a big outdoor barbeque, get-acquainted session and minimum of speeches have been announced as featuring the meeting this year.

Ben F. Mansker Dies In Lubbock

Services for Ben F. Mansker, 20-year Slaton resident prior to 1949, were held Monday afternoon in the Asbury Methodist Church, Lubbock, Rev. W. F. Ferguson, retired Baptist minister, officiated, with burial in Resthaven Memorial Park, Lubbock.

Death came to Mr. Mansker Saturday afternoon at a Lubbock hospital after a 3-month illness.

Mr. Mansker, 79 years old, lived at 2424 23rd St. in Lubbock, making the county seat his home for the past 14 years. While living in Slaton he served from 1936 until 1948 as county commissioner for Precinct 2.

He was a member of the Asbury Methodist Church in Lubbock.

Surviving are the wife, Mrs. Blanche Mansker; a son, Harley, 2108 37th St., two daughters, Mrs. Ray Darwin, Albuquerque, N. M., and Mrs. Warren Henry, Chicago, Ill.; two sisters, Mrs. Dora Sikes, Deaton; and eight grandchildren.

District Officers At Local Meeting Legion, Auxiliary

More than 50 American Legion members and Auxiliary members convened Monday evening in a joint session and salad supped in Slaton.

Jim Bob Chriesman and Travis McCormick, locally sponsored delegates to the recent Boys State, reported on that activity.

Judge Luther Gregory, delegate to the state Legion convention, reported on the Department meeting.

Guests at the Slaton affair included E. H. "Hank" Narmour Jr., 19th District commander; Charles M. Ogles, District adjutant; and Fred C. Brookman, Department service officer, all from Lubbock.

Plans are in the mill for the next local Legion meeting on September 9th, Commander Ellis Schmid reports, with special plans to be formulated at that time for a concentrated membership drive. The Slaton Post now has 123 members, and it is anticipated that the new year goal will be set at 200, Schmid indicated.

Slaton Park Is Scene Of Annual Duckett Reunion

The city park at Slaton was scene of the annual Duckett family reunion on Sunday, August 25, with seventy-six in attendance.

Family members attending from Lubbock included Mr. and Mrs. Troy Edwards and their grandson, Donald White; Mr. and Mrs. Victor Rodgers and butch Mrs. Pat Hayes and Shelly Mr. and Mrs. K. L. Walker and Elaine, Mrs. K. L. Walker and Elaine, Mr. and Mrs. Jackie Walker, Mr. and Mrs. George Mars, Mr. and Mrs. Muri Duckett, Mr. and Mrs. Darwin Duckett and Velinda, Mr. and Mrs. Layne Odom, Mr. and Mrs. Boyd Duckett and Mr. and Mrs. Dick Johnson and Ronnie, Marlene and Darnell.

Others were Mr. and Mrs. Hollis Shewmake and Garry and Randy of South Plains; Mr. and Mrs. Charles Watts and sons of Ballinger; Mr. and Mrs. L. L. Duckett and family of Abernathy; Mr. and Mrs. Wesley Duckett of Edmonson and Mr. and Mrs. Ewell Bryant of Brownfield.

Those from Slaton were Mr. and Mrs. Ray Odom and Wayne, Mr. and Mrs. E. D. Robison and grandchildren, Linda, Debbie, Brad and Roger Robison, Mr. and Mrs. Hayden Jones, Mr. and Mrs. R. E. Shewmake and Mr. and Mrs. Jerry Winton.

Guests of the families were Mr. and Mrs. Al Romines and children, Mrs. Nova Wilkins and daughter and granddaughter, Mr. and Mrs. John Butler, Tim Rector of Lubbock, Elinda Brown and Mike Ginn, also of Lubbock and Alan Sanders of Slaton.

Firm Regulation School Traffic Is Promised

Strict enforcement of traffic regulations may be expected in vicinity of school zones, Slaton Police Chief Joe Martin has emphasized, appealing for special caution to be exercised by the driving public as school terms commence.

Though no special school patrolmen will be used this year, patrolmen from the regular force have been directed to concentrate attention to the danger areas, even where lights are to be used.

Martin concluded, "whatever measures necessary will be taken to curb driving infractions, especially in school zones. Absolute enforcement of the law will be followed."

Mrs. Cora Burns Buried At Slaton

Funeral services for Mrs. Cora Burns, former longtime Slaton resident, were conducted Saturday morning at the First Christian Church here with Rev. John Floyd, pastor, officiating. Burial was in Englewood Cemetery.

Mrs. Burns, 63, years of age, had lived in Slaton in the years 1925 until 1960, dying last Thursday in an Abilene rest home.

Survivors include a son, Ernest Stroud, Monahans; a daughter, Mrs. Betty Stroud Cearley, Hayward, Calif.; two brothers, six sisters, and four grandchildren.

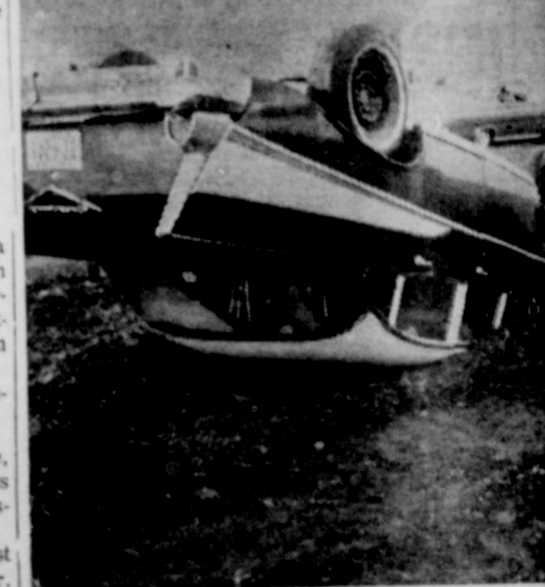

Services Held For Emma Lamb

Funeral services for Miss Emma Lamb, resident of the Slaton area since 1917, were conducted Sunday afternoon in the Williams Funeral Home Chapel here. Rev. W. O. Rucker, pastor of the Williams Methodist Church, officiated, assisted by Rev. Rollo Davidson, pastor of the First Methodist Church in Slaton.

Burial was in Englewood Cemetery under direction of Williams Funeral Home, Nephews of Miss Lamb served as pallbearers.

Miss Lamb, 73 years of age, died Friday night in a Lubbock convalescent home. She was a native of Bedford County, Tennessee.

Surviving are a brother, J. W. Lamb, Rt. 1, Wilson, and 18 nieces and nephews.

IT'S THE CAR THAT OVERTURNED — NOT THE Two Slaton youths escaped apparent injury last week in which they were riding went out of control and overturned in a bar ditch just northwest of the limits. Billy Gas and Nickie Patterson escaped, though roof was pressed to near seat-top.

Pine Wood Derby And Cub Picnic Scheduled Tonight

Cub Scouts are reminded that tonight is the date and time for the pine wood derby competition, events to get underway at 7:30 p. m. at the city park.

The derby is a race of miniature wooden cars made by the Cubs to race down a wooden incline track.

A picnic is scheduled prior to the race, with each family asked to bring their own snack.

Boys age 8 to 11 years who are interested in being Cub Scouts also are invited to attend. Ice cream will be served after the racing events.

Police Act

Jail arrests for possession by minors; destruction of property; discharging of firearms; All was relatively quiet, with exception of the Spanish and club Slaton Trading Post, Lubbock, reported as automatic pistol takes showcase at that location.

From Where I Stand

by Merle King

A son and three daughters and their families were among recent guests of MR. and MRS. H. E. ATNIP. They were MR. and MRS. KENNETH ATNIP and MIKE and JENNIFER of Wichita, Kansas; MR. and MRS. W. H. TAYLOR and ROLAND of Belen, New Mexico; MR. and MRS. HUNTER TOLBERT and HUNT and SUSIE, and MR. and MRS. PAUL RANDOLPH and RANDY, all of Lubbock.

Other guests included Mrs. Atnip's sister, MRS. J. P. COFFEY of Blue Ridge, Texas; two nephews, DOUGLAS HANDARD of Hale Center and MR. and MRS. JOHN RENNEAU and CHERRY of Savoy, Texas.

One hundred and nine were registered when the Harmon County Oklahoma reunion was held Sunday, August 18 at Lubbock's MacKenzie Park. DINK ABERNATHY was elected president and LILA MAE HART secretary-treasurer for the coming year. The event is slated for the third Sunday in August and will again be held in MacKenzie Park.

MRS. J. A. WARREN, 755 West Lubbock, DENNIS and RANDY WARREN and MIKE HUNTER have returned from a ten day trip to California.

MRS. JOE GREEN is back home after attending the last session of summer school at East Texas State Teacher's College at Commerce. Mrs. Green teaches fourth grade in the local West Ward Elementary School.

MR. and MRS. LEONARD JOHNSTON have had as their guests, their sons and families, Airman 1st class and MRS. JERRY JOHNSTON and TRACY ANN of Amarillo and MR. and MRS. LARRY JOHNSTON and LANCE and SHANA of Lubbock.

Three Slaton couples enjoyed a sight-seeing trip through New Mexico and Colorado in a leisure-

ly manner. MR. and MRS. EARL REASONER, MR. and MRS. J. C. SMITH and MR. and MRS. GEORGE HARLAN took in the Royal Gorge, traveled over the Million Dollar Highway at Ouray, Colorado; threw snow balls from Mt. Independence; and are delighted with the fare at the "Red Onion" at Aspen, Colorado. One member of the party reported the group attended a most impressive church service in the logging community at Chama, New Mexico.

Sixteen members of the Daughters of the Pioneer Study Club attended a called meeting Monday morning at Bruce's Cafe.

MRS. JACK NOWLIN presided for the business session and plans were discussed for the new year. MRS. JOHN LOCKE, program chairman, announced the first regular meeting will be a "star light" supper in the home of MRS. EARL REASONER, 8 P. M., September 2.

Coffee and doughnuts were served.

Kappa Kappa Iota sorority has completed plans for a "back to school" reception to be given Thursday evening, August 29, between the hours of 7:30 and 9:30 at Slaton Clubhouse.

Invitations have been issued to the administrative staff and all faculty members, including husbands and wives of Stephen F. Austin, West Ward, Slaton

MISS CAROL ANN SELF
Self-Lowry Vows Set For Sept. 5th

Mr. and Mrs. Cecil Self, 255 South 17th, announce the engagement and approaching marriage of their daughter, Carol Ann, to Mr. Jimmie Lee Lowry, son of Mr. and Mrs. F. W. Lowry, 220 North 4th Street.

Wedding vows will be exchanged on September 5th at 7:30 p. m. in the Slaton Church of Christ. All friends and relatives are cordially invited to attend.

Junior High and Slaton High, and to the members of the school board and their wives.

It is hoped that all guests will attend so that they may become better acquainted with each other and enjoy a social hour.

MRS. BOYD (OLGA) BRYANT is a patient at Mercy Hospital this week.

GROUP OF ACCOUNTS, AND GENERAL BONDED DEBT AND INTEREST GROUP OF ACCOUNTS, AND SINKING FUND, AND CEMETERY FUND, A BOARD OF CITY DEVELOPMENT FUND, AND SWIMMING POOL FUND, BOND FUNDS, SPECIAL PURPOSE FUNDS, AND AUTHORIZING THE CREATION OF OTHER FUNDS; DEFINING THE SAME, PRESCRIBING THE SOURCE OF MONIES INTO EACH, AUTHORIZING CERTAIN TRANSFERS AMONG THE VARIOUS FUNDS, PRESCRIBING THE PURPOSE OF EACH AND RESPONSIBILITY FOR MAINTAINING RECORDS THEREOF, PROVIDING FOR INVESTMENT OF SURPLUS, AND PRESCRIBING LAWFUL EXPENDITURES FROM EACH FUND; REQUIRING AN ANNUAL AUDIT OF THE CITY AND PRESCRIBING THE ACCOUNTING STANDARDS THEREOF; PRESCRIBING A SYSTEM OF INTERNAL CONTROL; REPEALING CONFLICTING ORDINANCES; PROVIDING A SAVING CLAUSE; AND DECLARING AN EMERGENCY.

1. A system of accounting, for the city's assets, liabilities, revenues and expenditures by funds is hereby adopted. Generally accepted accounting principles for municipalities as defined by the National Committee on Governmental Accounting are to be applied.

2. GENERAL FUND—There is to be a general fund into which all revenues, receipts, fees, fines, and income not specifically designated for other funds are to be deposited. Expenditures for

the operation of the general departments and for any other lawful purpose designated by the city commission are to be made from this fund.

A special bank account shall be maintained within the framework of the general fund from which all payroll checks shall be written. The payroll shall be prepared semi-monthly and payroll checks issued from the payroll account. Cash shall be transferred from the various funds in the total amount of the net payroll for the departments within the framework of the particular fund. The Board of City Development Fund and the Swimming Pool Fund are specifically excluded from this provision for as long as these funds are controlled and accounted for by the Board of City Development.

3. TAX AGENCY FUND—There is hereby established a tax agency fund into which all real and personal property taxes and penalties and interest on delinquent taxes are to be deposited. All taxes collected for interest and sinking funds are to be transferred to the proper funds within fifteen days following the

close of the calendar month in which collected. All other revenues are to be transferred to the funds for which assessed as policy governs, but no revenues are to be retained by this fund for a period of more than eight months.

4. WATER REVENUE FUND—There is hereby established a Water Revenue Fund into which all receipts from sales of water, water taps, water deposits, and sales of Water Revenue Fund Assets are to be deposited. Expenses incurred in the operation of this utility are to be paid from this fund. Fixed assets for use of this utility may be purchased by this fund. Profits from the operation of this utility may be transferred to the General Fund, at the discretion of the city commission. One-third of total water revenues shall be transferred to the Waterworks Improvement Fund hereinafter created.

5. WATERWORKS IMPROVEMENT FUND—There is hereby established a Waterworks Improvement Fund into which one-third of the total water revenues shall be transferred within 15 days following the close of the calendar month in which collected. These revenues are to be used for improvement of the water system or for any other lawful purpose designated by the City Commission. This fund shall be maintained within the Water Revenue Fund.

6. SANITARY SEWER FUND—There is hereby established a Sanitary Sewer Fund into which all receipts for sewer service and sewer taps and sales of Sanitary Sewer Assets are to be deposited. Expenses incurred in the operation of the sewer department are to be paid from this fund. Profits from the operation of this department may be transferred to the General Fund at the discretion of the City Commission.

7. FIXED ASSET GROUP—There shall be maintained a self-balancing group of accounts for General Fixed Assets. Records shall be maintained in sufficient detail to identify specific assets with their cost and date of acquisition. This group shall not include fixed assets of utility funds or any other fund where they should properly be included with other accounts in such funds.

8. GENERAL BONDED DEBT AND INTEREST—There shall be maintained a self-balancing group of accounts for the General Bonded Debt and Interest of the City.

9. SINKING FUND—There shall be maintained a self-balancing group of accounts for interest and sinking funds. Separate bank accounts are to be maintained for funds collected for each issue. Any amount in any of these accounts in excess of current principal and interest requirements shall be invested in accordance with law.

10. CEMETERY FUND—There shall be a cemetery fund as required by charter. Taxes collected for this fund shall be deposited to this fund within 15 days after the end of the month in which collected. Receipts from sales of cemetery lots and grave openings and other receipts directly connected with the cemetery shall be deposited in the bank account of this fund. All disbursements in connection with the operation and maintenance of the cemetery are to be made from this fund as authorized by the Cemetery Board.

11. BOARD OF CITY DEVELOPMENT FUND—There shall be a Board of City Development Fund as required by charter. This fund shall be controlled and accounted for by the board of city development. Complete and adequate records shall be maintained by the board.

Slaton Students Graduate Tonight At Texas Tech

Three Slaton students are among the more than 600 Texas Tech candidates for degrees at summer commencement tonight in Lubbock.

Nancy Kay Castleberry, general home economics student, will receive a Bachelor of Science degree in Home Economics.

In the School of Arts and Sciences, Nancy Mueller Harlan, elementary education major; and Joe Neil Sparkman, physical education major, will receive Bachelor of Science Degrees in Education.

Lt. Gov. Preston Smith will deliver the principal address at the exercises, scheduled at 7:15 p. m. in the airconditioned Lubbock Municipal Auditorium.

remain in full force and effect. This ordinance shall take effect and be in force from and after its adoption by the City Commission.

21. The facts that an immediate revision of accounting procedures is necessary to the proper administration of municipal funds and revenues, that certain funds required by law are not readily ascertainable under present accounting methods, and that fiscal responsibilities and restrictions are not now definitely fixed, create an emergency and imperative public necessity so that the requirement that ordinances be passed upon readings thereof at two regular meetings of the City Commission should be and is waived and dispensed with, and the same may be finally passed upon the date of its introduction.

LONG STAR BREWERY

LINCOLN WAS RIGHT. And rural electrification is a living example of his wisdom. When rural people could get electricity no other way, Congress created the Rural Electrification Administration to help them finance their own non-profit power systems. Today this combination of local ownership and REA financing brings electric power to 20 million rural people.

Following Lincoln's concept of helping people to help themselves, the rural electrification program is strengthening the nation's economy and fostering democracy in rural America. Based on the finest principles of the American private enterprise system, rural electric cooperatives are owned, operated, and controlled by the local people they serve. Although they serve the sparsely-settled, country areas, rural electricians manage carefully to make ends meet. Already they've repaid more than \$1 1/2 billion in principal and interest on their REA loans.

Few programs in our nation's history have accomplished so much for so many Americans. Rural electrification does, indeed, prove the truth of Lincoln's idea.

South Plains Electric Co-Operative, Inc.
