GO TIGERS! BEAT DENVER CITY!

**TIGERS SPIRIT WAY UP** — It's "Beat Denver City Week" in Slaton and the Tiger football spirit is high. Head cheerleader Vicki Nowlin gives a sample as she gives a cheer and raises the "spirit stick." The red and black

stick is a symbol for keeping the spirit high, and SHS classes compete for possession of the stick. When the stick is raised, it's time to cheer for the Tigers!

## City Creates Airport Board, Names Trio

Creation of an Airport Advisory Board and appointment of three men to the board highlighted a regular meeting of the Slaton City Commission Monday night.

Earl Eblen, Tommy Wallace and Ted Swanner were named to serve on the new board, Mayor Jonas Cain made the appointments with commission approval.

The board will supervise the organization and operation of the city airport to be built north of town. Citizens recently approved a bond issue to build the airport, subject to receipt of a Federal grant. Land for the project has been purchased.

In other business Monday night, the commission heard several petitions from citizens, adopted a resolution concerning intent to curb and gutter a portion of S. 9th street, approved bills and minutes of the previous meeting.

Harold Wilson and Harry Brown appeared before the commission to request sewer service to a tract of land on the northeast corner of the intersection of Cemetery Road and US-84. The pair told the commission that a project is set for the site if water and sewer can be assured.

After a short discussion, the commission agreed that providing water would be no problem, but the cost of sewer service did create a problem. Wilson pointed out that he plans to plat a sub-division on adjoining land, which would necessitate more sewer service in the future.

Mayor Cain said the commission would make further study on the matter and try to reach a decision by the next regular meeting Oct. 24.

A petition was received from Hugo Mosser, Bob Coffee and Joe Teague concerning taxes on their newly-annexed property west of town. The commission, with agreement from the city attorney, decided the

matter was in the hands of the tax assessor and board of equalization.

A resolution was passed on intent to curb and gutter a portion of S. 9th street, extending from Murray Street to just past the Y intersection before reaching the overpass. Property owners petitioned for the construction.

The commission approved a request from Don Kendrick to contact city employees about an optional addition to hospitalization insurance.

The commission also authorized an advertisement of bids on farmland recently acquired in the city airport bond project. Bids will be opened Oct. 24.

## Auction Sale Set

A big citywide auction sale is in store for Slaton area residents when Fabulous Friday comes to the City Oct. 14. The usual dollar day sales in Slaton will be highlighted by two auctions on the City Hall lawn -- beginning at 10 a.m. and 2:30 p.m. Friday. Bargains are guaranteed, since all items will be sold by auctioneer Coy Biggs before they reach retail price.

Items to be auctioned range from cars and washing machines to clothes and dolls. Most items are brand new merchandise, but some used items will be on the block -- including tv sets and a car.

All sales will be finalized in the respective stores after the auction price has been determined. Some items will be "one of a kind", but many will be offered in various quantities at the store after the auction price is set.

The auction sale is a project of the retail trades committee of the Slaton Chamber of Commerce. Many firms and stores in the city will be participating in the project, and you'll find ads from some of the progressive merchants inside today's Slatonite.

## Chamber Eyes Special Board

Slaton Chamber of Commerce directors, in regular meeting Tuesday night, discussed the possibility of forming a "community development board" as an aid to securing industry.

Tommy Wallace, industrial development chairman, and manager Wayne Cooper were appointed to set up a meeting of interested business leaders in the near future to discuss the proposal.

In other business, directors heard committee reports, approved bills and minutes. A nominating committee composed of Earl Eblen, Clark Self Jr. and Jay Gray was named by President O. G. Nieman. The committee will submit nominees for new directors, and a ballot will be mailed soon to all members.

Carroll McDonald, chairman of the program of work committee, announced that a program will be presented to directors at the next meeting. It will outline goals and objectives for the coming year.

Cooper announced that an industrial conference is being held in San Angelo Friday, making tentative plans to attend were Wallace McDonald and Cooper.

## Davies, Foster Win Top Grid Contest Prizes

Kenneth Davies, R.L., claimed top prize of \$100 in the Slatonite Football contest this week, picking 9 of 12 winners in last week's games. Six other entrants booked \$15, but Davies' score of 100 was the greater total.

The recent TCU game, which figured to a high-scoring affair, produced only nine points as the Frogs won by 6 - 3. Davies' total was 21.

Ronnie Foster took second place with a 28 on the total score, while Mrs. Leon Moore and Roxie Weeks divided third-place money when both guessed 35 for the total.

Others who hit 9 of 12 but missed out because of the tie-breaker score were J. H. Baker, Dale Rich, and Jerry Burrell.

Causing the grid guessers the most trouble were the Baylor - Arkansas game, the Post-Tahoka and Petersburg - Idalou contests.

Join in the game this week... your predictions might take a cash prize! And don't forget, all entry blanks are being saved and a drawing will be held Nov. 14 to award two free tickets to the Tech - Arkansas game.

Have one of the participating merchants sign your entry blank. They include Henzler Grocery, Citizens State Bank, Arrants Meat, Bruce's Restaurant, O. Z. Ball & Co., Slaton Pharmacy, Slaton Co-Op Gins, Southwestern Public Service, Martindale's, Becker Mohl, Bownds Body Shop, Teague Drug, and N. H. Roberts Const.

MRS. W. H. SANDERS

**COOK OF THE WEEK**

**Mrs. Sander Public Seamstress Over 60 Years**

BY BERNARDINE GRABBER Slatonite Staff

"I've been sewing for the public since I was 14 years old," says Mrs. W. H. Sanders of 700 So. 6th St. "Guess that makes 60 some-odd years."

It does, in fact, make 64 years. . . a life-time profession of doing something that started as a hobby. Mrs. Sanders was born Ola Mamm, Apr. 5, 1888 in Tishomingo, Miss., one of 10 children. She said she started sewing when she was quite young, and sold her first dresses to the public when she was only 14 years old.

Married in Tishomingo Nov. 4, 1906, the couple then moved to Farmersville, Tex., in 1918 and to Slaton in 1920. They have resided on the same block since coming here. Mr. Sanders retired from 23 years with the Santa Fe Railroad in 1945. Mrs. Sanders operated a dressmaking and millinery shop in Slaton in 1921-22, then moved the business to her home and has operated it from there since then.

The Sanders have six children; 13 grandchildren and 14 great-grandchildren. Their children are E. E. Sanders of Bakersfield, Calif.; Mrs. Clarence (Ruby) Holt of Slaton; Donny Osburn Sanders, San Bernardino, Calif.; Louis Sanders, Dallas; Mrs. Bill (Marie) Hutto, Bovina; and Wallace Sanders whose home is in Denver, Colo. However, he is presently serving as a government inspector in Thailand. When asked if she had a hobby, Mrs. Sanders said, "I used to paint a lot and sewing was my hobby, but now sewing is my life." She added, "I've had to work at other things mighty hard in my days. I used to help my father farm and this included plowing, sawing logs and such."

"We went to school as long as we could in those days. We didn't have such a thing as high school diplomas. . . we just learned everything we could, - reading, writing and figures. Other than this, we just had American history and geography."

Mrs. Sanders said she has never moved her membership from the Cumberland Presbyterian Church in Mississippi. She said since her husband has been an invalid for the past four years she is not able to go to church much, but "when I do, I go to the one that's handy. After all," she added, "they're all about the same and all serve the same purpose". Mr. Sanders is a member of the Methodist Church.

In reminiscing, Mrs. Sanders recalled that she made her own wedding dress, cutting a pattern from newspaper and copying a picture of a dress. She says, "I never had any lessons. . . I've just learned by doing."

When asked about a favorite recipe, Mrs. Sanders said she only has time to cook on Sundays. She added, "what do you say, . . . whip the devil?" However, here are some of her long-time favorites:  
**PRUNE NUT CAKE**  
1 c. sugar  
1/2 c. shortening  
3 whole eggs  
1/2 c. sour cream  
1 t. soda  
1 t. all spice  
1 c. prunes  
2 c. flour  
Cream shortening and sugar, beat well; add beaten egg yolks, cream until fluffy. Add cream and prunes and mix well. Then add flour which has been mixed with salt and spices & soda. Mix well, add beaten egg whites; bake in 3 layers.

**FILLING**  
3 beaten eggs  
1 c. prunes  
1 1/2 c. sugar  
1/2 tsp salt  
lump of butter  
1 t. vanilla  
1/2 c. sour cream  
crushed nuts  
Combine and cook until thick. Add vanilla and spread between layers and on top of cake. Sprinkle with pecans.

**PECAN PIE**  
3 well beaten eggs  
1/2 c. sugar  
3 T. melted butter  
1 c. Karo syrup  
1 t. vanilla  
1/4 t. salt  
1/6 pecans  
Mix well, pour into slightly baked pie shell and bake slowly for 45 minutes. This is an "old-timey" recipe, but is really good, said Mrs. Sanders.

**It's a woman's WHIRL**

BY LAVON NIEMAN

"Frustrated". . . . If that's the word I want to use, . . . is what I am this week. Or maybe it's "disgusted". Anyway, the camera wasn't working and when you just know that flash on the camera surely wouldn't let you down, that's the very time it does.

Our apologies to all those who came out "blank" on the rolls of film.

I thought I was doing pretty good on names after living in Slaton for two years, but a story this week about changed my mind.

I thought Dworaczek was hard to spell but did you know there is a Kolodziejczyk and Gordzelik in that same family? The women these names belong to are daughters of Mrs. Mary Ann Respondek who celebrated her 99th birthday recently.

Wasn't it nice that Slaton got the first score on that pretty new scoreboard at Tiger Stadium Friday night? The final score Friday night looked good, too. (I'll offer no opinions on the game—except we beat them worse than the score indicated.)

I guess the only auction I've ever been to was when Bland's Furniture had an auction a while back, so I have much to learn about them. Two things I did find out...they are fun and it's a place to get some bargains.

Slaton merchants have put plenty of thought and work into the auction to be held tomorrow. If you come and buy something, you can't help but get a bargain, because everything auctioned will be sold below retail price. You have nothing to lose, so come join the fun on the City Hall lawn.

In observing National School Lunch Week, some of the students at St. Joseph's School were asked to write poems dedicated to their cafeteria workers. An example:

The food you serve is so delicious,  
Each dish is healthy and nutritious,  
You always serve your very best;  
We always eat with vim and zest.

You give all your time to being cooks  
While we're so busy with our books,  
Eggs and flour and sugar you take;  
All of this to make a cake.

To the cooks who work hard every day,  
We send this note of thanks to say,  
We appreciate the food we eat,  
Our cooks are ones who can't be beat.

**Antique Club Visits Here**

About 17 members of the Llano Estacado Antique Club of Lubbock visited in the home of Mrs. M. L. Turnbow Friday morning.

It was a regular meeting day for the club. The group also visited at the Wilson Mercantile Store in Wilson.

**SOUTHLAND NEWS**

MRS. EDMUND WILKE

This Southland Reporter has kinda been under the weather for the past four or five days, so please excuse the short report. You've heard the song "Old Rocking Chair's Got Me Well it sure 'nuff did, couldn't get up or down for several days! Feeling some better now, but still not up to snuff!

Mr. and Mrs. Clark Barton returned recently from visiting Jack and Nell Roberts who live in Balmorhea. They spent from Friday until Tuesday visiting and reported a wonderful time.

**BREAKS LEG**

Paul Winterrowd had the misfortune of getting a little bone above his left ankle broken while he was at work on Saturday. His leg is in a cast and he will be getting around on crutches for awhile. He had many visitors coming to check on him Sunday and from what I understand, it could have been a very serious accident and he feels lucky getting out of it with only one broken bone. We hope for him a speedy recovery.

Mr. and Mrs. Junior Becker and boys and Mr. and Mrs. H. L. Moore and Mr. and Mrs. Harold Moore and children have just returned from a trip to Paris, Tex. While there, the men all went squirrel hunting and Junior and Louise brought back 20 squirrels. They are supposed to be real good eating----but I don't know! They visited with relatives in Paris.

Mr. and Mrs. Junior Becker and boys visited in Idalou on Sunday night with Mr. and Mrs. Arnold Flusche.

Little Monica Dyess spent last week in Spar with her grandparents, Mr. and Mrs. D. J. Dyess. On the week-end, Coach and Mrs. Dyess and Blane went to Spar and spent the week-end and attended Spar's Homecoming. Monica returned home with her parents on Sunday. Blane Dyess is attending kindergarten at the Baptist Church in Slaton.

Mr. Opal Pennell visited with Mrs. Lee Fredrickson in Lubbock on Saturday along with Mr. and Mrs. Carl Cedarholm from Post. On Sunday, Mrs. Pennell and Karen Gale Galloway visited Mrs. Fredrickson and they also went to the Methodist Hospital where they visited with Darrel Bishop, a nephew of Mrs. Pennell, who had been injured in an accident at work on Friday. He received some internal injuries, but as far as they know at this time, nothing very serious. It could have been a very tragic accident and he was a lucky young man. Darrel is the son of Mr. and Mrs. Jack Bishop.

**NEW FAMILY**

Southland is getting a new family. Mr. and Mrs. Cecil Stolle will be moving into the house recently vacated by Mr. and Mrs. Kenneth Callaway. We would like to welcome this newly married couple to this community.

Rodney Callaway, student at Cisco Junior College, came home on Wednesday to attend the wedding of Joe Hall and Pam Owens.

Miss Judy Malone spent the week-end visiting in the home of Mrs. Selma Kiesel and Judy. Southland football boys will be playing Loop this Friday night here in Southland. This will be their first conference game. Good luck, boys. So far they have won three games and tied one. So all of you come on out and help root them on to their fourth victory!

Mr. and Mrs. Walter Stolle, Mr. and Mrs. Cecil Stolle and Mr. and Mrs. Arthur Stolle attended the Stolle reunion this past week-end at Columbus, Tex.

**SCHOOL BOARD**

The Southland school board will meet tonight (Monday) for their regular monthly meeting. They meet on the second Monday of each month. The trustees for the year are: Donald Basinger, Billy Lester, Herman Dabbs, Spencer Bevers, Jerry Melcher, Valton Wheeler and Edmund Wilke.

Mr. and Mrs. Earl Lancaster visited with Rev. and Mrs. Hill on Sunday.

**SISTER DIES**

We were so sorry to hear today that the sister of Herman Havis, Mrs. Hazel Bridges, passed away quite suddenly on

Sunday, October 2, and was buried on Wednesday the 5th. She lived in Roaring Springs. Mr. and Mrs. Havis and Broder and Mrs. Hill attended the funeral. May God comfort this family in their time of sorrow.

Mrs. G. D. Ellis has just returned from a trip to Duncan, Okla. where she visited with her son, Mr. and Mrs. Gene Giles and family, and her daughter, Mrs. Mansell. She also visited in Bonham with another son, Mr. and Mrs. Ver-

non Giles, and with some former Southland residents, Mr. and Mrs. Virgil Young. She had a lovely time while she was gone.

Edmund and Yours Truly visited with Mr. and Mrs. Jerrel Marburger and new baby daughter in West Texas Hospital on Tuesday. We also visited with Mr. and Mrs. Jerry Donahoo, a pair of newlyweds. Jerry is the grandson of Mrs. Wes Donahoo.

Harold Wayne and Linda Don-

ahoo and children visited in our home on Friday night. They are staying with Mrs. Wes Donahoo for a while.

Western Day is going to be celebrated in the Southland School this Friday, so everyone be on the lookout for those gun toting cowboys, dance-hall girls, tenderfoot gun slingers and the like! Probably will be a wild day at dear old Southland School.

**Contributions Needed for TB Mobile X-Ray**

The higher cost of living hit home recently for the West Texas Tuberculosis Association, which operates the widely-used mobile X-ray unit.

Dr. John H. Selby, president of the WTTA, announced that the executive committee in Lubbock and voted to urge those receiving X-rays at the unit to make voluntary contributions to help defray rising costs as well as upkeep and depreciation.

The actual cost of each X-ray, he said, amounts to about one dollar. The unit has been

operating at a loss for several months, and the committee decided to urge voluntary contributions in order to continue the service -- still to be given free to any who need it and cannot contribute to the cost. The committee also con-

sidered the problem of late requests from public schools for the tuberculin skin testing supplies. The committee agreed that requests will be accepted any time during the school year. They will be filled 60 days after receipt. The

WTTA now has booked up to the holiday period orders until after the board of the set for Nov. Columbus travel age speed of 2.8 on his voyage lantic in 1492.

## Club Elects Officers

JR. HI WINS  
Our Junior High football teams came through with another win last Thursday and I sure hope their luck holds today (Thursday) when they will be playing Lorenzo here at Roosevelt at 5:00 p.m. the high school lost their game but hope they will come through Friday when they play Lorenzo at Lorenzo.

Mr. and Mrs. George Railsback and Mr. and Mrs. Skeet Bessent, Scott and Tony went to Tyler last Friday to visit with Mr. and Mrs. Johnny Fulton and Susan. They all came back to Dallas on Saturday to see "Six Flags Over Texas". They enjoyed the trip very much but would liked to have stayed

in Tyler for the Rose Festival which is being held this week. CANADA TRIP  
Mr. and Mrs. Hal Martin have just returned from a most wonderful trip to Canada and other points of interest through the northern part of the U. S. The Roosevelt 4-H club met in the community house Monday night at 7:30. Officers for the coming year were elected. Officers will be president, Roy Jim Davis; vice - president, Don Jackson; secretary - treasurer, Vicki Jo Davis; reporter, Kathy Walter and Max Thomas; parliamentarian, Randy Thomas; council delegates, Randy Thomas and Kathy Walter; adult leaders, Jimmy Davis and Mrs. James Thomas.

Kathy Walter gave a council report to the club. The next meeting will be Nov. 14 at 7:30 p.m. The program will be "Christians and Leadership".

The Roosevelt Young Homemakers met at 9 a.m. Tuesday in the community house. A program on "Burlap Pictures and Other Yarn Creations" was presented by Mrs. A. R. Williams of New Deal.

Fifteen members and five guests enjoyed the program. A devotional was given by Mrs. Steve Collops.

The next meeting will be at 9 a.m. Oct. 25. At that time, the club will go to Crosbyton and tour the Fashion Wheel.

The group voted to pay the postage on the packages the Roosevelt FHA chapter plan to send to Viet Nam.

If you would like to buy your Christmas cards early and help the Junior Class out too, just call 842-3572 and ask for Janie and we will get a representative to your home or business place P.D.Q.

## Schools Observe Nat'l Lunch Week

National School Lunch Week is being observed currently throughout the nation, and Slaton School patrons are justly proud of the cafeteria workers who serve in the various lunch rooms.

Although seldom in the spotlight, this group is especially essential in the successful operation of our schools.

"We operate on a nonprofit basis", explained one superintendent. "Also, we operate under the National School Lunch

Program of the U. S. Department of Agriculture, so we receive some Federal funds plus donated goods from the Consumer and Marketing Service."

Every lunch served under the National School Lunch Program must meet the USDA Type A standard--the assurance that your child gets a nutritionally balanced meal every day.

"How fortunate we are to have persons so dedicated to good nutrition for students", says Sister M. Angelita, principal of St. Joseph's School.

Asked about the most noticeable changes in the school lunch program, Mrs. Betty Hlavaty, manager at St. Joseph's, points to the great variety of foods now offered students and the streamlined facilities that make it possible to serve so many.

This year marks the 20th anniversary of the National School Lunch program.

## Slaton Boys Attend Camp

SAN ANTONIO --- Three Junior Members of the Order of the Sons of Hermann in the State of Texas from Slaton were among the 1,569 boys and girls who attended the Hermann Sons Youth Summer Camp at Comfort for one week in 1966.

Attending from Slaton were James Kahlich, Doyle Buxkemper and Robbie Buxkemper.

Many of the campers qualified for the camp, which is free on a merit basis, by earning their points in a Hermann Sons youth chapter or by recommending new members into the fraternal order.

Others, unable to earn sufficient points, were able to attend for \$10 for the week, with

all meals included, reported Fritz Schilo, Grand President of the order with home office in San Antonio.

The camp, for boys and girls 9 through 13 years of age, this summer had a record attendance, with 290 more campers than any previous summer.

George Wolfgang, San Antonio, serves as campdirector.

## TELEPHONE CO-OP INSTALLS MORE UNDERGROUND LINES

The South Plains Telephone Cooperative, with its home office in Lubbock, has just completed another 550-mile phase of installing underground telephone lines.

According to Charles Means, manager of the Cooperative, the last phase brings the total to more than 1,300 miles of underground lines in a 13-county South Plains area served by the organization. Means says that more than a million dollars has been spent to bring the futuristic service to the rural user - owners of the South Plains Telephone Cooperative.

The last phase of the system, completed at Meado, is another step toward eventually replacing more than 2,000 miles of telephone lines and poles in the South Plains area.

The South Plains Telephone Cooperative originated the idea of the underground system for the high plains in 1956 as an answer to costly maintenance of the advantages of the new underground system include the elimination of downed lines due to icing, winds on the open plains, and other such causes. The underground system requires only three poles per mile compared to 13 poles per mile needed for the aerial system.

Rural families served by the South Plains Telephone Cooperative are afforded the newest in service and facilities. Currently all exchanges are equipped with all - new

**FISHER RUSHES FOR 151 YARDS**

**Tigers Tame Springlake by 13-6**

BY SPEEDY NIEMAN

Slaton's Tigers used an aggressive, tough defense and the hard running of halfback Charles Fisher to score a 13-6 victory over the Springlake Wolverines here Friday night in the final non-district game of the season.

The Tigers threw a blanket over Springlake's touted passing attack, giving the visitors only three completions in 15 attempts for a total of 26 yards,

And, while the scrappy Tiger line held the Wolverines to a net 64 yards rushing, Fisher romped for 151 yards to lead the Slaton ground attack that rang up a total of 215 yards.

Fisher scored the first Tiger touchdown on a beautiful 48-yard run, cracking over left tackle and shaking off three would-be tacklers to break into the open. Steve Harlan's kick made it 7-0 on the new scoreboard, and Slaton had a second-quarter lead it never

relinquished.

The running of Fisher and quarterback Jim Williams carried the Tigers goalward in the third period for the insurance score. Williams went 7 yards for the tally that gave the Tigers a 13-6 lead.

In winning their second game of the season against two losses and a tie, the Tigers didn't appear as "sharp" as the week previous in losing a close one to the strong Tahoka team. Slaton penetrated the Springlake

20 three times without scoring.

The Tigers were alert on defense, however. Tom Davis, Tommy Donaldson, Claude Stricklin, Doyle Ethridge, Bobby Ball and Dale Harris formed a stout wall on defense, while linebackers Joe Clague and Fisher, halfbacks Larry Pickens and Steve Harlan, and safety Richard Washington patrolled the secondary in fine fashion.

The Tigers put the pressure on Wolverine passer Doug Messer, and he hit only 3 of 15 passes. Only one of them--a 25-yard screen pass--did any damage. The other two completions were for 4 yards and a minus 3.

Messer hit pass for 12 yards, but Springlake penalized 15 for clipping back to 11-yard line. Messer passed incomplete, then Armstrong broke off left tackle and went 36 yards before Fisher caught from behind. Gain gave Springlake first list down on own 47.

Parish 5 at right tackle, Thomas 3 at left tackle, Armstrong 1 at left guard, and on 4th and 1, Messer got 5 up middle for first down on Tiger 39. Thomas 2 at left tackle, two Messer passes incomplete, Armstrong punted into endzone.

From own 20, Fisher 6 at right tackle and Williams 6 at right end for first down, Fisher 5 at left tackle and 7 at right tackle for first on Tiger 44. Williams 4 at left tackle, Williams fumbled and recovered for loss of 3, Williams' long pass for Donaldson incomplete, Ethridge punted 11 yards to Springlake 44.

Armstrong 2 at right tackle, Messer's pass incomplete, almost intercepted by Clague, Messer caught for loss of 22 yards while trying to pass, Armstrong punted 40 yards.

Harlan returned punt from 36 to 48, Fisher hit off left tackle, broke loose from several tacklers and went 48 yards for touchdown. Harlan's kick made it 7-0 with 1:26 left in first half.

Messer returned kickoff from 23 to Tiger 48, and Slaton penalized 15 on personal foul. Armstrong 1 at left guard, Messer's pass incomplete, Messer's short screen pass to Thomas good for 25 yards to Slaton 6, Tigers penalized half distance, then Thomas over right side for touchdown, Arm-

strong stopped on running try for 2 points, score 7-6 with 27 seconds left in half.

Springlake outside kick traveled only 5 yards, giving Slaton ball on Wolverine 45, Fisher 2 at left tackle, Williams' pass off Ethridge's fingertips, Williams hitting trying to pass, Fisher 15 at left tackle, almost broke loose as half ended.

**Wilson Rolls By Cooper**

NEWHOUSE  
The Mustangs moved to a total of 381 yards in the first five times the Cooper Pirates, who were led by Wilson, ran 65 yards in the first half of the night to a 14-0 lead. Wilson kicked the extra point to give the Mustangs a temporary lead of 7-0.

Cooper came right back and moved the ball 58 yards to score their touchdown. A pass from Gary Beard to Charles Benton-court for 45 yards sparked the drive for the TD. A pass from Beard to Mike Ehler gave the Pirates the two extra points and put them out front, 8-7. In the second quarter Lupe Guzman moved the Mustangs ahead for good on a three-yard dive off tackle. The extra points were made good on a pass from Dennis Verkamp to Jimmy Koenig.

The Mustangs didn't score again until the last of the third quarter. Guzman broke loose for 16 yards to score. Scott passed to Verkamp for the two extra points.

**Ropesville Rolls By New Home**

The New Home Leopards battled favored Ropesville to only a 6-0 margin in the first half, but the home team Eagles broke loose for three scores in the last half to take a 27-0 victory Friday night at Ropesville.

Only a pass interception by Ropes' Gary Rucker, which was returned 53 yards for a score, kept New Home from holding the Eagles in the first half. Ronnie Huie smacked over from a yard out to up the score to 13-0 in the third period. Ted Lowrie passed to Rucker on a 14-yard touchdown play in the fourth period, then a 12-yard run by Huie climaxed the scoring.

New Home managed only 58 yards rushing and 41 passing against the stout Ropesville defense. The Eagles got 251 yards on the ground.

GOAL LINE ACTION--Bruising line action can be seen in this action photo at Friday night's game between Slaton and Springlake. The only Springlake score came on this play as fullback James Thomas (32) in white jersey cracked over from three yards out. Tiger Steve Harlan (30) flies through the air after being blocked by No. 21, while Richard Washington, left of official, and Charles Fisher (20) close in for tackle. (SLATONITE PHOTO)

**PP&K Winners Are Named For Slaton**

Eighteen winners were named in the annual Pass, Punt & Kick contest here Saturday at Tiger Stadium, with six boys in the 8-13 age brackets being eligible to advance to district competition.

The contest is sponsored locally by Smith Ford, and contest director was Steve Smith. A zone contest is not scheduled in Lubbock this year, so scores will be sent to Dallas for judging with other zone winners.

**Good Fishing At White Lake**

LUBBOCK --- White River Lake, located 58 miles from Lubbock in the center of a triangle between Floydada, Ralls and Dickens, is providing excellent early fall fishing, according to game wardens working the area.

White River Lake, constructed in the early 60's and stocked in December 1963 with 45,000 channel cat and 25,000 black bass, is producing heavy strings of both species.

Entrants are judged on distance and accuracy of their punting, passing and place-kicking.

**Blanks Roosevelt**

The Eagles were held to a district contest Friday night. The Mustangs traveled to Lorenzo for a district battle Friday night.

The Mustangs were defeated twice in the game, then added two touchdowns in the final quarter to bring the triumph home. Nat Starch ran for 30 yards, then Cal Starch ran for 30 to tie the second stanza.

The Mustangs wound up the game with a 4-0 lead when Andy Starch broke for 30 to end from 7.

**Raiders Face Florida State**

LUBBOCK -- Texas Tech should be hard-pressed to retain its superiority over non-conference grid foes when the Red Raiders are hosts to Florida State in Jones Stadium at 7:30 p.m. Saturday.

Coach J. T. King's Raiders will be seeking their 12th straight win over a regular season non-Southwest Conference foe. But the Seminoles, despite a 1-2 mark, loom as possibly the strongest threat yet to the streak that began in 1962.

Florida State's losses have been to unbeaten Houston 21-13 and to tenth-ranked Florida 22-19, as Norm Spurrier was forced to come from behind with a fourth period pass. The win was over Miami 23-20.

Since the Raiders lost to Boston College in 1962, Texas Tech has won regular season contests from these non-league foes -- Colorado, Washington State (two), Kansas State, Texas Western, Mississippi State, West Texas State, Kansas (two), Oklahoma State, and New Mexico State.

Texas Tech opened its season by downing University of Kansas at Lawrence 23-7. Since then the Raiders have dropped decisions to Texas 31-21, Texas A&M 35-14, and Texas Christian 6-3.

Reserved and general admission tickets are available.

**County Highway Work Approved**

The Texas Highway Commission today approved the spending of \$279,200 for highway safety and betterment and improvement of the farm to market road system in Lubbock County during 1967. District Engineer Oscar L. Crain of Lubbock said.

He said a total of 3 1/4 highway miles in the county will be involved. Work will be under the supervision of James King, district maintenance, engineer, for seal coat, and Julian Smith, Sr. resident engineer for construction on FM-400 and

Elmer Wright, supervising resident engineer, for construction on FM-1264.

The work is part of the Highway Commission's combined 1967 Farm to Market Road Improvement and State Highway Safety and Betterment Program.

The safety and betterment portion of the program will cover 30.1 highway miles in Lubbock County and cost an estimated \$132,000.

The farm to market road improvement part will involve 1.3 FM miles and cost an estimated

\$147,200.

Statewide, the program calls for the improvement of 5,587 miles at an estimated construction cost of \$39.9 million and right of way cost of \$161.5 thousand. Work will include 912 projects in 215 of Texas' 254 counties. Three hundred and ninety projects are on State and U. S. highway in 170 counties and 522 projects are on farm to market roads in 179 counties.

Herbert C. Petry, Jr., chairman of the Highway Commission, called the combined program "a double-barreled effort in two vitally important highway areas."

The safety and betterment portion of the program reflects the Commission's continuing concern with making Texas highways safer to prevent traffic fatalities and accidents, Petry said.

He said the program's farm to market provisions protect the investment of Texas taxpayers in their 37 - thousand-mile farm and ranch to market road system.

The safety and betterment portion of the program calls for work on 2,337 miles of highways at an estimated cost of \$23.2 million.

## Editorial

The School Spirit Stick

Many new things have been added to the Slaton curriculum to aid the school spirit. One of the most is the Spirit Stick.

The Spirit Stick was presented to the school by head cheerleader, Peggy Kirksey. The classes keep the stick but they must hold it at all times. The Spirit Stick is raised all classes yell. This shows an idea and this was the original purpose but it is still its true meaning.

The spirit it raises is supposed to be for the school. It is beginning to be only "class" competition, bringing the classes together as a school it causes and disagreements and we forget all about the school as a whole.

The cheerleaders are working hard and having fun for raising the school spirit. We, as the student body, waste this effort by smothering the thought by "something to beat the Freshmen out of it." Let's stick with the pride due S.H.S. Carry the Spirit Stick for "our boys" and make our spirit something to be proud of.

# Students Bring Old Slaton Up-to-Date

Days of Chaucer were brought back to Slaton High School by the senior literature students who prologues. This is an example of one written by Connie...

Years have been quite a test, believe that we were the pests, pulled pigtailed, and did other mean tricks, but conscience still give little pricks, at a time as you can probably tell, I write, subtract, add, and spell; as English, science, athletics, and band, our teachers could stand each day the very same grind, "Oh, wait, I'm behind!"

Senior I've come in twelve short years, many heartaches, blunders, or tears, I'll try to relate, and bring you up to date, experiences and bring you up to date, just exactly how hectic its' been, and wonder at how I've made it since then, other than these handwritten rhymes, poetry is just not in my line.

**Grade School Teachers**  
I school, as for all kids know, I start our uping to grow, my teacher with numbers and words, about the bees and the birds, about phonics and spelling and such, I didn't learn very much, I came second with Mrs. Golden at head, I had nothing to dread, the second with remarkable ease, the third with Mrs. Hunter to tease, I believed firmly in manners at table; old elbows and, boy, was she able!

**Junior**  
The year I just finished in S.H.S. was great, The teachers I had were really first rate, In Carnes' chemistry class I learned of acids and such, Coach Duncan's history and Mrs. Figley's English I liked very much, Mrs. "By-and-Large" Kenney kept the algebra going, And Townsend's Tiger Band was still going and blowing; The prom was aglow with "Moonlight and Roses"; The cameras snapped pictures of ridiculous poses, We ordered our rings and looked forward with glee To see what our last year as a senior would be.

**Seniors**  
And now I look back from this loftier peak, I can't help but wonder what in life I should seek, Should I take what I've learned and charge farther ahead Or have I missed my main purpose as thus far I've sped, With Martin and Martin as teachers for aide, And Mrs. Kenny for trig, plans must be made, I must make up my mind before graduation is here And for my patient teachers, I give them all cheers.

**Sixth Grade**  
I brought more new teachers than I ever had seen, Miss Adams, gee, that was keen! Mrs. Pace for homeroom and she was a peach; subject Victor Day had to teach, she taught me English and reading and spelling, for science and there is no telling how many ever stood us in the subject of Math, science we got on the right path, Mr. Childers I recall, he taught band and that names them all, as a breeze and brought lots of joys, about then I got interested in Boys.

**Seventh Grade**  
I rolled around the very next year, Mr. Perkins was nothing to fear, I really got the brunt of the blow, she taught me and on we did go, I planned for history and Wood for P. E., still directed by Mr. B. T., our English and Mrs. Legate was for math, that year was a boy named Pat, I continued schooling through seven, and get on to eleven.

**Eighth Grade**  
The most in my memory of eighth grade thrill of my very first date, I had Jim and a new white dress

With pink carnations and - oh, you can guess, Circus Time was the theme for our prom, I recall, With clowns and balloons and lions and all, We had a grand time and all was bliss, When Jim took me home for my first good night kiss,

**Freshman**  
High school looked great and was really my dish, Though I really didn't like being called an old "Fish", The trips to the games with the band came along, And my love for Ronny filled my heart with a song, The year brought a band trip to the State Fair, A great experience and that also is where I got a great crush on a boy named Earl, But that didn't last long 'cause I'm just a girl, Coaches made up the roster for most of my teachers, There was Macon and Bingham and then one named Weaver, Mrs. Lockley for home eco, and Mrs. Lindsay for English, And the next thing I knew, I was no longer a "Fish".

**Sophomore**  
My sophomore year brought another train ride To Dallas and the Cotton Bowl, and 'twas with great pride I marched in parade with the Big Tiger Band, Which comes from Slaton and great Tiger Land, As visions of Tommy still loomed in my brain, I soon forgot him after my ride on the train, There comes to my attention a boy named Jim, And the next thing I knew, it was steady with him, My math for the year was geometry with Macon, Mrs. Baker for homemaking taught me how to cook bacon, My un-nimble fingers got through typing with Kerr; When grading my papers, I felt sorry for her, English with Lindsay who's a favorite with all, Mr. Robertson for biology who helped keep the ball Bouncing along for one great sophomore year, And before I could look back my junior was here.

**Junior**  
The year I just finished in S.H.S. was great, The teachers I had were really first rate, In Carnes' chemistry class I learned of acids and such, Coach Duncan's history and Mrs. Figley's English I liked very much, Mrs. "By-and-Large" Kenney kept the algebra going, And Townsend's Tiger Band was still going and blowing; The prom was aglow with "Moonlight and Roses"; The cameras snapped pictures of ridiculous poses, We ordered our rings and looked forward with glee To see what our last year as a senior would be.

## Mechanized Death Film Is Shown

A film entitled "Mechanized Death" was presented by the Student Council in assembly, Wednesday. To stop and think was the main ideal of the film. It was presented to help students realize the danger of speed.

Mr. M. W. Kerr, principal, urged students to obey traffic laws and drive safely when leaving school.

**Pot Frost**  
Frosty white coating that forms on the outside of clay flower pots belongs there. It indicates that the millions of tiny breathing holes in the porous walls of the clay pot are doing their essential work of leaching out harmful salts.

## A Little Voice Goes a Long Way

There was a time, long ago, when it took real lung-power to make yourself heard on the telephone. And you had to listen closely to make out what the other party said. The problem was transmission—getting your voice from here to there. Today, it's easy to hear and be heard. In fact, tots and telephones get along fine, whether it's a

Long Distance call from grandmother across the country or just a chat with a youngster down the street. That's because a little voice goes a long way—clearly and distinctly. Continual improvement in the transmission of your voice is one way Southwestern Bell makes your telephone service—already the world's best—even better.

### Attend The Church Of Your Choice Sunday

*God's Purpose*

*"We know that in everything God works for good with those who love him and who are called according to his purpose."*  
-- Romans 8:28

Faith in God will lead us to see things as they are as we would like them to be. There is strength in faith to meet the challenges of life. We accept that which we cannot change and to understand that it is not God's purpose to seek our admiration or approval through the exhibition of miracles.

We know, through faith, that God shall not forsake us. We know that in a Christian purpose there is ultimate reward.
