Tigers Tackle Idalou Friday

Hoping to avoid some firstgame miscues which cost them a victory, Slaton's Tigers travel to Idalou Friday night seeking to make the Wildcats their first grid victim of the new season,

Kickoff time is 8 p.m. in the Idalou stadium. The Tigers will have a tough

task against the Class A team, however, as eight regulars are back from the champion Wildcat team which beat Slaton a year ago by 13-0, Idalou has been picked to win its district again this year.

Slaton's big annual Farmer Merchant Barbecue is scheduled here tonight (Thursday) with 800 to 900 persons expected to turn out for the popular event, starting at 7 p.m.

First - bale awards, a usual highlight of the barbecue, will apparently be missing this year since rainy weather has slowed production of cotton. Should bad weather come Thursday, the event will be held in the junior high gym. Otherwise, it will be held in Little League Park as usual.

It'll be the 9th annual barbecue sponsored by the Slaton Chamber of Commerce with farmers attending as guests of local merchants, Farmer may obtain tickets from ginners.

The public is invited to attend the event and tickets are priced at \$6 each. They can be obtained at the chamber office.

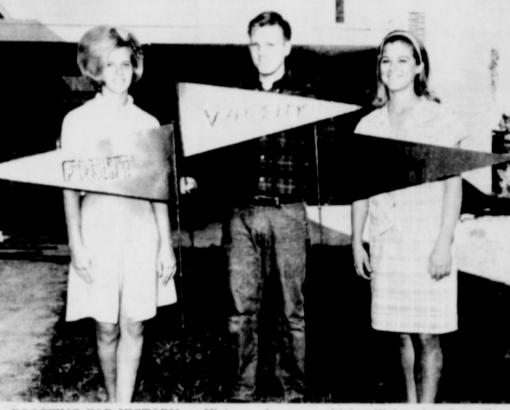

Johnnie Moore, FirstChristian Church minister, will serve as master of ceremonies for this year's barbecue. C of C president Speedy Nieman will give the welcome address, and Bill Alspaugh will give a response for the farmers.

Musical entertainment will be provided during the supper by "The Distortions", a fivemember combo from Southland. Members of the group include Joey Basinger at the organ, Curtis Lancaster, lead guitar; Darrell Wilke, rhythm guitar; Johnny Outlaw, bass, and Mike Mason, drums.

W. A. Heinrich and Jay Gray, co - chairmen of the barbecue arrangements, announced that a special surprise is scheduled at the barbecue.

Farmer guests attending the event will be eligible for a number of gift certificates to be passed out by local merchants. A drawing will be held for these gifts.

Hartman Joins Chamber Board

Dick Hartman, manager of Anthony's, was appointed Tuesday to fill the unexpired term of Ed Williams as a director for the Slaton Chamber of Commerce.

Hartman had already been an active C of C member on the retail trades committee. He was an alternate in voting last year.

Chamber president Speedy Nieman also announced the resignation of Ells Schmid as a director, Schmid "regretfully submitted" his resignation because of business reasons --a new job which will require more of his time.

Directors voted to leave the post open since the term expires in a few months. An additional director will be elected when new directors and officers are selected.

In other business, the board made final plans for the annual Farmer - Merchant Barbecue, discussed industrial development plans -- including the authorization for manager Wayne Cooper to make contacts with certain prospects, and started a search for the banquet speaker here in January.

Nieman also announced that Carroll McDonald had been named chairman of the program of work committee. A list of objective are to be presented to the board at its next meeting. Many of the projects to be studied include those coming out of a "Community Clinic" sponsored here earlier this year.

CR Grants Lubbock Early Water Request

Early delivery of water to Lubbock was approved by the Canadian River Municipal Water Authority in a regular meeting Monday in Plainview. Lubbock will receive about 9 million gallons of water daily during June, July and August of 1967. Lubbock made the request so that new 10 to 15 new wells would not have to be developed before next summer. Authority directors indicated any city in the CRMWA which needs water to meet peak demands next summer can receive it if it pays the normal price plus any additional costs involved in pumping such small

quantities.

Following a budget hearing the commission approved a budget calling for expenditures of \$474,721 for the fiscal year beginning Oct. 1, 1966 and ending Sept. 30, 1967.

The total was only slightly revised from the preliminary budget review of two weeks ago when the total was \$472,736. The new budget allows for a surplus of \$7,785 at the close of the year. The tax rate will remain at \$2 per \$100 valuation, and the tax roll is estimated at slightly more than \$8 million, Estimated tax revenue is about \$163,000. Water and sewer revenue is anticipated to increase slightly for the new year, up to \$195,000. The annual principal and interest requirement of the city's outstanding debt for the fiscal year is \$73,268.45. The budget shows an anticipated income

of \$67,135,37. At the beginning of the fiscal year, the interest and sinking fund balance will be \$28,099,79 and at the end of the year it is expected to be \$21,966.71.

Included under capital improvements in the budget is a five-year project of \$37,500 for a city equipment service barn, and a four-year remodeling job on the fire station at a total of \$10,000. Also included is a water system improvement project at \$8,750, a fire siren for \$700, and a pickup for the water department.

Small Girl Hit By Car Here

An accident involving a pedestrian, thefts and vandalism highlighted activities on the police docket the past week.

Vicky Lynn Trotty, 6, was injured when a car struck her at the intersection of Arizona and E. Geneva Saturday evening. Driver of the car was listed as Willie R. Lott. The girl was taken to Mercy Hospital, then moved to Methodist Hospital in Lubbock. She was reported in the intensive care ward Monday.

Jail arrests showed 7 for drunkenness, 1 for carrying a prohibitive weapon, 1 for possession of alcoholic beverages by a minor, and 1 for making alcoholic beverages available to a minor.

Police checked several small theft complaints. A 50 - foot section of hose, stolen from C. M. Barton, was recovered by police. Officials at St. Joseph's School reported four windows had been broken by vandals.

is a proposed \$166,000 sewer improvement project for which the city has a Federal grant of \$49,200 and the city has the remainder of the funds in the bank to cover this project.

Before the budget study and approval, commissioners had several men to appear before the city group to air complaints. Bob Coffee and Joe Teague appeared to protest annexation of their property into the city limits. The land in question was on the south side of FM-41 just across US-84 bypass. A strip of land--approximately 400 feet on both sides of FM-41, was annexed recently. A similar strip of land, 400 feet on each side, was annexed on the cemetery road, extending to the section line on the west. The two men complained that they didn't know their land was included or they would have

Davis Fills Welfare Post

Tommy Davis of Slaton was named Monday as a director of the Lubbock City - County Child Welfare Board.

The appointment of Davis was made during a regular Lubbock County Commissioners Court meeting. Davis will fill out the unexpired term of Ed Williams, who recently moved from Slaton to Tahoka.

Davis, associated with the operation of Slaton Lumber, is a member of the Slaton School Board and an active worker in the First Christian Church and the Slaton Lions.

Williams, also a lumberman, recently moved to Tahoka to take over management of the Higginbotham - Bartlett yard there.

Savings Rate **Increases Here**

Slaton's two financial institutions announced more favorable rates on savings deposits this week, the action apparently coming to keep them in a competitive position.

Slaton Savings & Loan announced a 5 percent rate on savings accounts effective Oct. 1. The anticipated rate thus will be increased from 4 1/2 to 5 percent in the last quarter of the year.

Citizens State Bank announced that effective Sept. 13, a 5 percent interest rate would be paid on Certificates of Deposit, minimum balance of \$1,000 on 12 months.

I was not aware until this week that there is a group of Slaton women who give of their time one day each month to make bandages for cancer patients.

The bandages are made of old sheets (colored or white). And this group of women from the Grace Lutheran Church say they could use any old sheets you would like to contribute to the cause, Just call Mrs. James Riney at VA8-4657. WW

If your club or organization is planning some sort of fund raising benefit in the next few months, you are welcome to call The Slatonite and ask us to put it on our calender so there won't be a conflict with another group on the same date.

It was a welcome sight to see the City cleaning off the triangular lot on Division Street yesterday. The Garden Club has taken the lot as a project and plans to beautify it with assistance from the city.

In talking with Mrs. Bill Smith, president of the Garden Club, the club plans to name the lot and will welcome name suggestions.

The lot is 160 feet long and at one end is 49 feet wide, so the Garden Club is undertaking a pretty big job. WW

I have never seen some yards more beautiful after all the rains and the City Hall lawn looks so well kept and pretty that it's a pleasure to look out the window of the Slatonite. It would be so nice if the few eye sour lots around the square

and all over town could be cleaned off. Some of the weeds on the lots have grown as tall as I am and seems to me it is time they were chopped down.

NAMES DO MEAN SOMETHING --- FOR EXAMPLE:

GENERAL ELECTRIC means the world's largest manufacturer of electric home appliances and in Slaton you find them at BLAND'S FURNITURE.

BARWICK is the world's largest tufting manufacturer of carpets and in Slaton you will find BARWICK at BLAND'S FURNITURE.

DELKER BROS. Mfg. Co. means solid "Rock Maple" every time and BLAND'S FURNITURE sells DELKER.

PARK LANE means fine livingroom furniture, honestly constructed, with fine tailoring of the best fabrics and BLAND'S FURNITURE sells PARK LANE.

WILLIAMS FURNITURE Mfg. Co. means good bedroom furniture in various woods and styles and you find WILLIAMS at BLAND'S FURNITURE.

MODERN UPHOLSTERY Co. means a full line of comfortable chairs at competitive prices and they are at BLAND'S FURNITURE.

We like to think BLAND'S FURNITURE means good merchandise, honestly represented, competitively priced, easy terms and complete satisfaction.

VFW Auxiliary Meets Monday

Fifteen members were present when the Slaton VFW Auxiliary met Monday night at the VFW hall.

Mrs. Lawrence Cheney, patriotic instructor, reported that she has 11 American flags for sale. The flags, complete with brackets, sell for \$5 each.

During the business session, the group voted to buy Christmas gifts again this year for patients at the Slaton Rest Home.

Mrs. Bill Underwood reported on the cards sent to members of the auxiliary and their families. A potted ivy was sent to Mrs. Cecil Scott who recently underwent eye surgery.

Following the meeting, refreshments were served by members of the VFW. Mrs. Calvin Klaus was recipient of the door prize. The next meetlag is scheduled for Sept. 26.

Speaking of football games! Last Friday night Southland went to Bula to play and we came out the Winners, 60 to O! Making the touchdowns for Southland were: Jackie Abshire Dennis McGehee 2, Larry 2. Lockridge 1, David Dabbs 1, Stanley Abshire 1, and Raul Salinas 1. Making the extra points were: Bill Bevers, Joe Basinger, David Dabbs, Habier Salinas, Jackie Abshire and Dennis McGehee. The crowd went wild when two of the freshmen, Larry Lockridge and Stanley Abshire, made touchdowns! It was a good way for Southland to start off the season. Let's hope that we can keep it up! MRS. EDMUND WILKE ANNUAL PCG Meet Will Be Sept. 21

Kenneth Holum, assistant Plains. secretary of the U. S. Depart- He v ment of Interior for Water and Power, will be the principal speaker at the annual meeting of Plains Cotton Growers, Inc., on Sept. 21. The meeting will be held in

the KoKo Palace, Lubbock, beginning at 10 a.m. Donald A. Johnson, executive vice president of PCG has issued a blanket invitation to all cotton producers, ginners and other cotton - related businessmen. Lunch will be served at noon. Holum is one of the most knowledgeable people in the U. S. on the subject of surface water, its distribution, and current plans for its redistribution from surplus areas to water -

These numerical codes will replace the traditional grade and staple designations and will appear on all class cards or "green cards" returned to South Plains farmers this sea-

This numerical code system reduces the grade and staple designations to only four numbers and will be of substantial advantage to growers, gins, and to the cotton merchandising in-

dustry. Virtually all cotton merchandising is now handled by computer systems using these numerical codes. This new system will provide economies in cotton merchandising by eliminating the time formerly used in converting the traditional grade and staple de-

He will direct his remarks specifically at water for irrigation purposes, and is expected to shed some light on when, and from where, supplemental irrigation water might be made available to the High Plains.

Dr. Grover E. Murray, new president of Texas Technological College, is also scheduled to speak. He will outline and explain the significance of his plan to make Texas Tech the world center for higher education and research on "arid and semiarid lands." As of 1964, the High Plains

had 5.75 million acres under irrigation, and the total is expected to peak at near 6 million acres about 1980. But hydrologists predict that by the year 2020, slightly less than 2.2 million acres can be irri-

gated from existing supplies of water.

For this reason Johnson feels that one of the prime responsibilities of Plains Cotton Growers is to fully investigate every possibility of securing supplemental water for irrigation. "And having these people on

the program for our annual The Lubbock, Brownfield, and meeting is one step toward Lamesa cotton classing offices learning all we can about where of the U.S. Department of Ag- surplus water is available and how it can be brought to this codes to designate grade and area," Johnson said. He feels staple this season, according what these two speakers have to W. K. Palmer, in charge of to say will be highly interestthe Lubbock Cotton Classing ing to the PCG membership, and is urging a large attendance,

He pointed out that the PCC Water Committee, chaired by Joe B. Pate, Jr., of Lubbock, for the past several months has been studying the proposed ager Wayne Cooper. "Texas Water Plan" and working closely with others in an effort to get some of our own state's surplus surface water for West Texas.

"But at best the available surplus water in Texas might be sufficient to maintain our current level of irrigation," Johnson said, "and we are striving toward the development of our full irrigated potential, somewhere in the neighborhood of 9 million acres. And to do this we must look to out - of -state sources for additional water."

The annual meeting will also include the regular report on past, present, and future PCG activities. County directors, elected previously in meetings throughout the 23 - county area, will be certified by the membership. PCG is governed by two

COOPER BOWS TO MUSTANGS

The Cooper Pirates ran into the strong Mustangs at Bovina last Friday night and returned home on the short end of a 38-14 score in the grid opener. Bovina erupted for 24 points

in the second period with Dean Stanberry scoring three touchdowns on short runs. Cooper quarterback Ronnie

Schaffner connected on a 25yard pass to halfback Eddie Hickman in the third period to put the Pirates on the scoreboard. Another pass to Hickman added twopoints after the touchdown.

The Pirate quarterback found the range via the airways again in the final quarter, hitting Charles Bentencourt for an 11yard scoring play. The conversion attempt failed.

Bovina's Carl Harris plunged a yard for the Mustangs in the fourth, and Randy Jones made the final tally on a four - yard run.

Cooper travels to Roosevelt next Friday for a non - conference clash with the Eagles. The Pirates have only two nondistrict games. They'll open district play Sept. 23 when Amherst comes to Woodrow.

Department of Public Safety estimates that 41 persons will die in traffic accidents on Texas highways during the upcoming three-day Labor Day weekend.

"The current traffic trend indicates that Texas is headed for its third straight record high in terms of fatal accidents," says Col. Homer Garrison, Jr., DPS director. "At the present time, we are approximately 15 per cent ahead of the same time in 1965, and we are stillfaced with the four months of the year which generally produce the most deaths.'

Garrison points out that: "More people are killed in Texas each year in traffic than are killed in all the United States by murder, and the deaths are just as senseless, as needless and as tragic, but not nearly as well publicized."

He analyzed the reasons citizens have failed to take positive action in traffic safety: "Psychologists say that one reason ... is a lack of personal identification with the problem. It might behoove each driver in our state to stop and consider that he has less than a 50-50 chance to go through his driving career without being involved in a traffic mishap."

In an attempt to cut back on the number of accidents and deaths during the Labor Day weekend, the DPS will conduct its "Operation Motorcide," Approximately 150 uniformed officers from other DPS services will be on the road to supplement the Highway Patrol. To call public attention to the problem, each traffic death will be tabulated and the totals will be announced three times daily in Austin.

Texas Highway Department, Texas Safety Association, Texas Council of Safety Supervisors and Texas Motor Transportation Association are joining forces to help the DPS.

COLLEGE BONDS -- Texas colleges slowly are selling their building bonds authorized by the constitutional amendment raising the ad valorem tax to 10 cents per-\$100-valuation. But there's still \$18,710,000 worth to go.

Issue started at \$33,420,000. At end of the regular bid-taking, Texas Tech and the University of Houston sold their \$7,000,000 applications for \$893,881 in gra-nts under Federal Elementary worth. Then, as a result of an exclusive option given a New

York syndicate, four more schools -- Texas Southern, Texas Woman's, Lamar State and Pan American -- sold their bonds, a total of \$7,710,000.

College officials now are going out on their own to sell the remaining \$18,710,000 worth of bonds. It's hoped that local backers will buy them, so the colleges can proceed with construction to meet the mounting demands of college enrollments. Problem is that interest is held to 4 per cent, which is below present market.

Three plays later, however, the Buffs fumbled and Harris pounced on the ball at the Buff 44. Pickens hit right tackle for three yards and there was just 1:59 left in the game.

Pickens then fired a long pass to Richard Washington, who got behind his defenders about the 15, but the ball bounced out of his arms incomplete. Brush hit left tackle for three, and it was fourth and four with little more than a minute to go. Williams then stepped back,

drilled a pass to Ethridge crossing over the middle, and the halfback streaked for the corner of the end zone with the help of a block from end Claude Stricklin,

Disdaining the kick attempt for a 14-14 tie, the Tigers tried for the two conversion points and just missed despite an apparent mixup on the play. The Buffs took the kickoff and ran two plays to kill the clock.

Pickens was the top ground gainer for Slaton as he netted 93 yards on 18 carries with the the game under his own power.

Southland Rolls By Bula, 60-0, In First Game

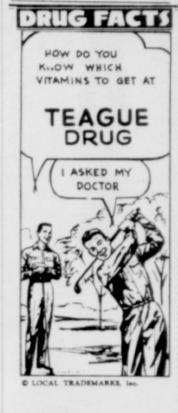

The Southland Eagles opened the 1966 football season with a rousing 60-0 victory at Bula last Friday night with nine players taking part in the scoring parade.

Southland hits the road again this week to seek another victory at Smyer.

Jack Abshire and Dennis Mc-Geehee led the scoring for Southland with two touchdowns each. Abshire also added a twopoint conversion to total 16 points.

Scoring a touchdown each were David Dabbs, Ralph Falinas, Stanley Abshire, and Larry Lockridge, Getting credit for two - point conversions were Bill Beavers, Joe Basinger, and Habier Falinas.

The Eagles had a 36-0 advantage at halftime in the nondistrict game between the eightman teams. Southland is in district 3B.
