

MUSSOLINI'S EMPTY GRAVE—This empty grave was found by cemetery workmen at Milan, Italy, and Milan city officials said the remains of Mussolini's body had been removed from the grave. (AP Wirephoto via Radio from Rome).

### Chinese Commies Move Into Harbin As Soviet Leaves

By The Associated Press  
A Chinese government spokesman conceded the rich North Manchurian city of Harbin to the communists today but insisted that the Russians get out of the southern port of Dairen, which so far is not on the Red army's schedule of withdrawals.

### Electrical Men Organize Unit For West Texas

A West Texas Chapter of the National Electrical Contractors Association was organized Wednesday night with Big Spring as area headquarters, when George A. Seaman, field supervisor on the staff of the association's Washington headquarters, met with a group of contractors from 17 cities and towns in the Settlles hotel.

### Generals Join In Honoring Private

EDINBURG, April 25 (AP)—Three Army generals and one admiral arrived here today to honor Pedro Cano, a former private first class who is credited with killing 30 Germans.

### SUGAR STAMP GOOD ON MAY 1

WASHINGTON, April 25 (AP)—Spore stamp 49 in family ration books will become valid May 1 for five pounds of sugar.

### Three Killed When Navy Plane Crashes

HAYWARD, Calif., April 25 (AP)—Three passengers aboard a twin-engine Navy plane were killed last night when the craft crashed in a grove of trees on a ridge seven miles northeast of here.

### OFFICER CHARGED WITH SLASHING, BURNING, RAPING STENOGRAPHER

BOSTON, April 25 (AP)—A Suffolk county grand jury will consider charges of a Westover army air base typist that a veteran air corps officer burned initials on her body with a cigarette, slashed her legs with a razor and raped her in a Boston hotel room last March.

### Local Motorists Have \$28,000 Less To Pay

Howard county vehicle owners will realize an annual savings of approximately \$28,000 when the \$5 federal automobile stamp—a war-time levy—expires on June 30.

### No Promise Of Settlement In Coal Dispute

By The Associated Press  
Further gloom spread over the nation's labor front today as settlement of the No. 1 dispute involving about a half million workers appeared far away.

### Brotherhoods Vote Strike

CLEVELAND, April 25 (AP)—A nationwide railroad strike May 18 was ordered today by officials of two large rail brotherhoods, the trainmen and locomotive engineers.

### Memorial Building Parley Set Tonight

A memorial building for Big Spring will be discussed at a meeting of representatives of all civic organizations at 7:30 tonight in the Settlles hotel.

### YMCA Official Here

Ned Kemp, Dallas, assistant secretary for the Southwest area council of the YMCA, is here for conferences with YMCA officials.

### Local Motorists Have \$28,000 Less To Pay

Howard county vehicle owners will realize an annual savings of approximately \$28,000 when the \$5 federal automobile stamp—a war-time levy—expires on June 30.

### B'Spring Men Go To Lyubock Army Event

A party composed of Capt. Eugene Saffold, Quay Elliott, John "Buck" Hull and Lewis Price left at noon today for Lyubock where they were to attend a banquet this evening in honor of West Texas men who have contributed toward the success of the US Army recruiting program in West Texas.

### Local Motorists Have \$28,000 Less To Pay

Howard county vehicle owners will realize an annual savings of approximately \$28,000 when the \$5 federal automobile stamp—a war-time levy—expires on June 30.

### New Wage Level Held Necessary If OPA Curbed

CIO Official Before Senate Committee On Extension Bill  
WASHINGTON, April 25 (AP)—CIO Secretary James B. Carey told senators today that if the house version of a trimmed-down OPA stands, recent wage increases will have to be "thrown out the window and a new hand dealt."

He told the Senate Banking committee the increases were negotiated, on one and two year contracts, with the thought that price controls would continue.

At one point Carey got into an argument with Senator Millikin (R-Colo.) on whether party politics is involved.

The exchange took place at hearings of the Senate Banking committee on legislation to extend price controls a year beyond June 30.

Carey said two Republican members of the House had referred publicly to the OPA Act as an economic narcotic. He cited this in saying there is in this country "an economic monarchy which makes its own laws."

Millikin protested that a lot of Democrats in the House had the same feeling as the two Republicans Carey mentioned.

He added that more Democrats voted for OPA without amendments than did Republicans.

"There are more Democrats in the House than there are Republicans, I'm sorry, to say," remarked Millikin.

Carey took several shots at the National Association of Manufacturers, which opposes OPA and has carried on an active campaign against it.

"NAM has the worst 10 per cent of the worst 10 per cent of the employers of the country," he said.

He agreed with Senator Mitchell (D-Wash.) that "it is unfortunate that the American people do not have the resources of the NAM to present its case on price controls."

"I haven't seen any lack of propaganda for OPA," Millikin remarked.

The House has voted to extend OPA nine months but with amendments which OPA sponsors call "crippling."

### Goering Charged With Framing Nazi Bigwigs

NUERNBERG, April 25 (AP)—A former German secret police official declared flatly today that Hermann Goering engineered frame-ups in 1933 which resulted in the dismissal of both the Reich war minister and the army's chief of staff.

In view of today's action, government seizure of railroads was the only way to prevent suspension of rail operations after the May 18 deadline.

### HEAVY DRILL SCHEDULE, CURFEW SLAPPED ON TROOPS IN EUROPE

FRANKFURT, Germany, April 25 (AP)—Rigorous measures to combat a deterioration of discipline among American troops in Europe—including busy training schedules for all and an 11 p. m. curfew for soldiers with bad conduct records—were ordered today by Gen. Joseph T. McNarney.

### HEAVY DRILL SCHEDULE, CURFEW SLAPPED ON TROOPS IN EUROPE

FRANKFURT, Germany, April 25 (AP)—Rigorous measures to combat a deterioration of discipline among American troops in Europe—including busy training schedules for all and an 11 p. m. curfew for soldiers with bad conduct records—were ordered today by Gen. Joseph T. McNarney.

# May Cut Flour More

STOPPED SAILOR — Kenneth Stalneck (above), Reading, Pa., sailor, overpowered a shipmate on a Navy LST in the Yangtze river near Shanghai after nine sailors were shot to death. (AP Wirephoto).

## Government Takes Virtually All Of Available Market

WASHINGTON, April 25 (AP)—Americans may have to take a still sharper cut in flour supplies than the 25 percent reduction ordered to make more bread available for hunger sufferers abroad.

This possibility arose today as the government pressed a wheat buying program which has the effect of closing the market to other buyers, including millers and food processors.

The government is in a position to dominate the wheat market because it has been authorized to pay farmers a 30-cent-a-bushel bonus over current market prices which are at ceiling levels.

As a result, millers are limited to supplies of wheat they have on hand. Some have reported they have enough to last them less than two weeks.

By May 1, all mills must reduce their supplies to 21 days' requirements, if they have more than that amount. Stocks above the 21-day supply must be sold to the government.

Just what mills will do for wheat after their 21-day supply runs out is the big question being asked by the industry.

Unless the millers can get supplies from the government, they will be forced to shut down. Although officials have not said so, the government no doubt will find it necessary to resell some wheat to millers to enable them to operate after their current stocks run out and until new crop wheat becomes available in July.

But with the government itself unable to buy sufficient wheat to meet its urgent export promises, there is serious doubt that it would be able to release enough grain to millers to enable them to supply Americans with flour at even the reduced distribution level.

The 30-cent bonus offer expires May 25, and officials expect farmers to take full advantage of it.

Hence Agriculture Department grain authorities say it is possible that virtually all the wheat remaining in the country, except reserves held by farmers, will be owned by the government by late May.

But some of these authorities doubt there is enough wheat remaining to fill export commitments and to supply Americans with flour at the 75 per cent rate.

Should this turn out to be the case, the government would be placed in a position of choosing between pleas of hungry areas and supplying millers with enough wheat to maintain the American allowance.

### CIGARET PRICE UPPEDED BY OPA

WASHINGTON, April 25 (AP)—Retail cigarette prices are up today—except on single-pack over-the-counter sales.

The price hike is a half cent a pack on multiple-pack sales, five cents on a carton of 10, and one cent a pack on vending machine sales.

The reason for the higher prices is an increase of almost 50 per cent in tobacco costs since the start of the war, OPA said in announcing the new schedule last night.

### Nazi Bomb Suddenly Becomes A Threat

LONDON, April 25 (AP)—Bomb disposal experts awaited tensely today the expected explosion of a 1,000-pound German bomb, the mechanism of which suddenly came to life last night after the half-ton of explosives had lain buried for five years near Buckingham Palace.

The bomb and two others fell on the Pall Mall side of St. James Park late in 1941. The others were removed last February.

### HEAVY DRILL SCHEDULE, CURFEW SLAPPED ON TROOPS IN EUROPE

FRANKFURT, Germany, April 25 (AP)—Rigorous measures to combat a deterioration of discipline among American troops in Europe—including busy training schedules for all and an 11 p. m. curfew for soldiers with bad conduct records—were ordered today by Gen. Joseph T. McNarney.

The European commander-in-chief, admitting that morale and discipline have declined seriously within the last few months, told a news conference he had issued orders that "prompt corrective measures must be taken to remove the cause, deal swiftly and justly with the offenders and limit

## Spain Inquiry A Far-Reaching Issue For UN

Council To Decide How Far It Can Go To Maintain Peace

NEW YORK, April 25 (AP)—The World Security Council on this first anniversary of the United Nations' San Francisco organizational meeting today was shaping a policy on how far it may go to detect and suppress any alleged plot to breach the peace.

A far-reaching plan of inquiry has been urged by Australia in her generally well-received proposal that the council investigate Franco Spain fully before voting on Poland's motion for a collective UN diplomatic break with that excluded, non-member nation.

Poland has charged that the regime of Generalissimo Francisco Franco shelters fugitive Nazi war-plotters and scientists who may be conducting researches in atomic energy, menaces the French frontier with a massing of troops and is a potential hotbed for a new war.

Although prolonged discussion on the methods of investigation was anticipated when the council meets at 2 p. m., there were indications that the Australian plan would be acceptable in some form.

Adoption of Australian delegate W. R. Hodgson's proposal would broaden the council's scope and open the way for detailed inquiry into the affairs of Spain or any suspect nation.

It has been discussed widely among the delegations in private with indications of gathering support and it now for the first time finds the Big Three apparently in agreement on principle.

Faced with Hodgson's repeated demands for fullest fact-finding and documentation, a majority including the United States, Britain and Russia was reported lined up in agreement that it was not a question of whether Spain should be investigated but rather how it should be done tactically.

### Roxas Builds More Lead In Filipino Vote

MANILA, April 25 (AP)—President Sergio Osmena trailed Senate President Manuel Roxas by 73,841 votes in returns tabulated today for more than one-fourth of the precincts voting in Tuesday's presidential election.

Unofficial returns from 1,964 precincts out of 14,238 gave: Roxas 376,247.

Osmena, who was behind 82,282 votes earlier in the night, thus cut some 9,000 votes from his rival's lead in latest returns from 355 additional precincts reporting after the earlier count was made.

Deaths arising from disorders in the election rose to four, meanwhile, with the slaying of a policeman in Ilocos Sur province of Northwestern Luzon.

There still was no confirmation of Osmena headquarters' earlier claims that the rural vote would give him the presidency for the Philippines' first four years of independence.

There were increasing indications that a complete count from remote provinces may require days to reach Manila. It is on such isolated rural areas that Osmena's managers pin their hopes.

### City Marshal Of Stanton Passes

William Daniel White, 76, veteran city marshal of Stanton died at his home at 10:30 a. m. today, after an illness of about two weeks.

He had lived in Stanton for 22 years, and for the past 18 years served as city marshal.

Survivors include the wife, two sons, Leonard White of Stanton and Fenton White of Austin; two daughters, Mrs. Wista Vainador of Buffalo Gap and Mrs. Ludell Wood of Ballinger; a brother, John White, Fort Worth; a sister, Mrs. Essie Williamson of Alabama; and 15 grandchildren and two great-grandchildren.

Funeral services will be conducted in the Stanton Baptist Church by Rev. McPherson of Midland and Rev. C. S. Williamson of Prairie View, with the time yet to be arranged. City council members of Stanton will serve as pallbearers.

Nalley Funeral home is in charge of arrangements.

### Public May View School Lunchroom At Open House

The new lunchroom serving Central ward, high school and junior high school will be open for public inspection Friday evening from 7 until 10 o'clock. All facilities employed in preparation and serving of food will be available for inspection. Booths will be open to the public for purchase of pie, cake, coffee and cold drinks, proceeds of which, Mrs. J. E. Brigham declared, will be placed in the lunchroom fund.

Will P. Edwards will be in charge of a cake walk which will be conducted at intervals throughout the evening. Mrs. Brigham urged that any Parent-Teacher member who has been contacted for contribution to the sweet sale and who will give a pie or cake do so. She added that such contributions should be at the lunchroom by 6:30 p.m. Friday at the opening of the doors at 7 p.m.

### KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubules Flush Out Poisonous Waste. If you have excess acids in your blood, your 15 miles of kidney tubules may be overworked. Therefore filter and tubules working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging headaches, rheumatoid pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination with stinging and burning sometimes shows there is something wrong with your kidneys or bladder.

### Miss Anderson Buys Forsan Beauty Shop

FORSAN, April 24. (Sp)—The Forsan Beauty Shop has been purchased by Miss Hattie Anderson of Abilene, from Mrs. Paul Gordon. Miss Anderson recently graduated from the Scoggins Beauty academy of Abilene, and plans to move here as soon as a residence can be secured. Her mother, Mrs. Betty Anderson, is now visiting in the home of the John B. Andersons.

### Local Girl Scouters To Meet In Midland For Area Session

Adult leaders of Girl Scouting in the area of which Big Spring is a part will meet May 2 at the First Methodist church in Midland, beginning at 10:30 and lasting until 3:30 p. m.

Mrs. Larson Lloyd, local association president, will give the report of activities of the Big Spring unit. A discussion of the area council organization will be heard, and the election of the area board and officers will be held. The 1946-47 budget will be adopted.

Most important business to be brought up will be a vote on the division of the area into two groupings. The development committee will make recommendations for the boundaries, which have been tentatively set with Midland on the west, Abilene on the east, and including Sterling and Coke counties on the south. The northern counties include Borden, Scurry, Fisher and Jones. In all there will be 14 counties in the area, where there are now 21 widely scattered counties. Dan Conley represented Big Spring on the development committee which met on April 11.

Edith Sinner, regional director from Dallas, will be at the meeting. Reservations should be by April 30.

### Today's Pattern

Big news for a beginner at sewing! Pattern 9055 has no sleeves to set in, no collar to finish, only straight, long seams. And, those princess panels are very slimming. Pattern 9055 comes in sizes 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52. Size 36 takes 2 5/8 yards 38-inch. Send TWENTY cents in coin for this pattern to Big Spring Herald, Inc., Pattern Dept., 232 West 18th St., New York 11, N. Y. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER. Fifteen cents more brings you the useful Marian Martin Spring Pattern Book with a Free pattern for smart "bag-on-a-belt" printed right inside the book. Brimful of chic, easy-to-make fashions.

SMALL FRY TEN-STRIKE . . . This busy young lady wears a pinafore and bonnet designed by Jean Durain of California in new cactus flower cotton, striped in yucca rust, cholla lime or plico blue and white.

### Mrs. Dick Callens Honored At Shower By Mrs. Rodman

Mrs. Dick Callens of Roswell, N. M., was honored at a pink and blue shower Wednesday evening by Mrs. Roy Rodman.

Games were played, and roses and honeysuckle were used in decorations.

Guests included Emily Phillips, Mrs. Paul Morris, Mrs. J. W. Hughes, Mrs. J. M. Taylor, Mrs. Pete Buchanan, Mrs. H. F. Brewer, Mrs. Fannie Ruth Duley, Mrs. R. E. Porter, Mrs. E. Cunningham, Mrs. L. A. Yeater, Mrs. Mary Hunt, Jean Yeater and Mrs. S. M. Yeater.

### Mrs. C. Y. Clinkscales Entertains Sew, Chatter Club

Members of the Sew and Chatter club met Wednesday afternoon for a regular session in the home of Mrs. C. Y. Clinkscales.

The rooms were decorated with arrangements of roses with larkspur. A sandwich plate was served.

Members attending were Mrs. Ches Anderson, Mrs. Herbert Johnson, Mrs. Lewis Murdoch, Mrs. W. M. Gage, Mrs. C. M. Weaver, Mrs. Garner McAdams, Mrs. Clayton McCarty, Mrs. Ted Phillips, Mrs. M. S. Beale, Mrs. H. V. Crocker.

Mrs. Weaver will be the next hostess.

### VISITS - VISITORS

Mrs. Johnny Knox and Mrs. J. J. Jones are home from a visit in Stamford.

Mrs. Dick Callens of Roswell, N. M., is visiting her parents, Mr. and Mrs. W. M. Yeater.

Gertrude McIntire returned Wednesday night from a trip to Austin and San Antonio.

Mr. and Mrs. Ross Boykin have returned from Abilene where they spent the Easter holidays.

Mrs. Janie McDaniel and her son, John Orr, are visiting her parents, Mr. and Mrs. John Clinkscales of Hillsboro.

Mrs. R. L. Pritchett has gone for a visit to Quahab. She will bring her mother, Mrs. J. O. Gilliam, back with her for a visit.

Mrs. J. L. McDowell of Austin is visiting with Mr. and Mrs. T. S. Currie and other friends. She is a former resident of Big Spring.

### Mrs. Huestis Has HD Club Meeting

FORSAN, April 25. (Sp)—Mrs. G. H. Huestis was hostess Tuesday afternoon to a party for the members of the Home Demonstration club in the Phillips camp.

Various games were played and the names of secret pals were revealed, and new names were drawn. Refreshments were served.

Attending were Mrs. J. M. Craig, Mrs. M. M. Fairchild, Mrs. H. L. Tienerand, Mrs. H. G. Starr, Mrs. Earl Hughes, Mrs. L. B. Griffith, Mrs. G. B. Hale, Mrs. "Cotton" Patrick and Mrs. John Kubecka.

### MRS. AGEE HOME

Mrs. H. J. Agee has returned to her home following surgery in a local hospital.

### RELEASED FROM HOSPITAL

Emmett Hull has returned to his home after emergency treatment in a local hospital.

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Baracelate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves, if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

### Mrs. Morehead Has Stitch-A-Bit Meet Wednesday Afternoon

The Stitch-A-Bit club was entertained Wednesday afternoon by Mrs. G. G. Morehead.

Sewing was entertainment, and a refreshment plate carried out the pink and white color scheme. Roses and honeysuckle were used in decorations.

The club sent gifts to two members who are ill, Mrs. Merrill Creighton and Mrs. H. J. Agee.

Attending were Mrs. Tip Anderson, Mrs. Ross Boykin, Mrs. Johnny Knox, Mrs. Clyde McMahon and the hostess, A guest was Mrs. Curley Hull.

### Child Study Club Meets In Boykin Home Wednesday

Mrs. Zollie Boykin was hostess to the Child Study club Wednesday afternoon, and Mrs. J. B. Mull served as co-hostess.

"Putting First Things First," was discussed by Mrs. Alfred Collings, after which Mrs. John Coffee spoke on "Making the Most of the Money They Have."

At the business meeting at which Mrs. Escot Compton presided, members decided to have a picnic for their families at the park next month.

A refreshment plate was served, and the house was decorated with roses.

Attending were Mrs. J. E. Brigham, Mrs. John Coffee, Mrs. A. R. Collins, Mrs. Escot Compton, Mrs. L. B. Edwards, Mrs. Iva Huneycutt, Mrs. J. B. Mull, Mrs. Jack Y. Smith, Mrs. H. W. Smith, Mrs. R. W. Thompson, Mrs. Charles Watson, Mrs. H. W. Wright, Mrs. W. E. Wright, Mrs. Joe Pickle, Mrs. Cecil McDonald and the hostess.

### High Heel Slipper Club To Oppose Sub-Debs In Race

The High Heel Slipper club challenged the Sub-Deb club to a scholastic race, when the High Heel Slippers met Wednesday evening for a business session in the home of Nancy Lovelace.

The winner of the contest, it was decided, will be entertained by the losers at a social. A charity project for the club was also discussed.

Plans were made for a farewell dance honoring graduating seniors of the club. The affair will be held the latter part of May.

Attending the meeting were Millie Balch, Dorothy Purser, Lyndel Gross, Jean Murphy, Ann Blankenship, Doris Morehead, Ellen McLaughlin, Muriel Floyd, Tommy Kinman, Sue Nell Nall, Mary Robbins, Dolores Hull, Mary Sumner, Nancy Hooper, Nancy Lovelace, Joyce Worrell, Evelyn Arnold and Wilda Watts.

### Airport Baptist WMS Has Bible Study

The WMS of the Airport Baptist church met Tuesday, April 23 in the home of Mrs. Frank Earley for Bible study.

Rev. E. Spears, the pastor, taught the lesson from Galatians 6.

Present were Mrs. Leroy Brooks, Mrs. T. H. Gill, Mrs. A. L. Leonard, Mrs. Spears and the hostess.

### Spring's Make-Up Colors Plucked From Flower Beds

SPRING FINGERTIPS . . . Bright as a red carnation . . .

By BETTY CLARKE AP Newsfeatures Beauty Editor

For some reason or other fingernails always look prettier in the spring. This may be due in part to the fact that they don't seem to be as brittle as they are in the winter. Then again a new spring outfit and a few sunny warm days can change a girl's perspective.

As Miss and Mrs. America have grown more aware of color harmony in the home and in clothes, they have become just as conscious of harmony in makeup. The smart girl today doesn't buy a lipstick and then shop around for a nail polish. She matches her polish and her lip rouge and usually she finds a powder that will blend with both of them.

Today it is common knowledge that orange in lipstick and nail polishes is meant for the russet tones of dress, the paler shades of powder and the fairer skinned gals. Nail and lip makeup that contain blue are better to wear with dark blues, blacks and pastels.

This season the girls are finding even gay and more sparkling polishes than before to brighten up their spring outlook. One bright the bachelor carnation worn in carmine one plucks its color from gentlemen's lapels.

### MRS. CREIGHTON IN TEMPLE

Mrs. Merrill Creighton is a patient in Scott and White Hospital in Temple where she underwent surgery recently. Her condition is reported good.

### DO FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid) Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. (adv.)

# 'Big Inch' Proves Its Worth In Dollars And Cents Figures

AUSTIN — In view of pending applications from Texas to purchase the "Big Inch" pipeline from the government, a recent report on the line's wartime operations is of interest.

Costing \$78,500,000, the Big Inch from Longview to the New York-Philadelphia refinery area showed a net operating income of \$118 million dollars up to August 31, 1945. The "net" is exclusive of taxes, depreciation and amortization.

The long line also upset a con-

cept of the oil industry. That it is "cheaper" to ship oil by tanker. This concept is true only when the tanker can travel the same number of miles from point of origin to point of delivery; such as from Port Arthur to New York, while the pipeline travels in a direct route the same distance.

The figures most generally accepted prior to construction of the Big Inch was that it costs 0.63 cents per ton mile to ship oil by water; 1.640 cents by rail; 4.27 cents by pipeline and 4.873 cents by truck.

But the pipeline didn't travel all the way down the coast to Florida and then up the coast to New York. On actual operating cost figures, the cost of pipelining a barrel of oil from Longview, Texas, to New York City was 6.73 cents; while the cost of shipping by tanker, on an estimated basis for postwar, ranges from a low of 11 cents to a high of 12 cents.

The variance becomes wider when the shipment goes further inland to the Western Pennsylvania-Eastern Ohio refinery area. While the cost of maintaining the line un-used would be prohibitive, the government has advised potential purchasers of its hope that the line will be acquired by oil transporters and used for that purpose so as to be available in the event of another national emergency.

Here are the figures from the Surplus Property Administration concerning other pipeline facilities in Texas:

The "Little Big Inch" products line originating in the Texas Coast area, to the New York area, cost \$67,300,000 and showed a net operating revenue of \$59,200,000.

The 154-mile Southwest line from Refugio to Houston cost \$6,100,000 and delivered 50,800,000 barrels of crude oil at a cost of 2.3 cents per barrel.

**FIRST WOOL SALE**  
SAN ANGELO, April 25 (AP)—A 39,000-pound clip of 12 months wool from the ranch of Mrs. Russell Callan of Menard, appraised at \$1.21 on a clean basis, with shrinkage of 59 per cent—first 1946 spring wool sold in Texas—was reported here today.

Cunningham & Phillips, Collins Bros. Drugs and all good druggists.

# Some Increase Forthcoming In Shoe Prices

WASHINGTON, April 25 (AP)—With OPA's approval, the Civilian Production Administration pushed plans today to suspend a manufacturing control which helped hold shoe prices down during the war.

OPA laid some plans of its own to boost prices on low-cost shoes in an effort to make more of them available.

Meanwhile there were these other developments touching consumer needs and pocketbooks:

1. OPA rushed a survey to determine whether its regulations will jeopardize shipment of men's suits to stores after May 1.

2. Dealers met with OPA to discuss the possibility of a tire price increase.

OPA's shoe production control has required manufacturers to turn out the same proportion of low-priced footwear they did during 1942.

OPA had planned to wipe the shoe order off the books. OPA objected and the agencies compromised on a plan to suspend it.

A CPA official who withheld use of his name said the order is not needed any more because shoe production has climbed so much. He estimated present output at about 42,000,000 pairs monthly, or close to 10,000,000 pairs more than in any prewar month.

But despite this and its agreement to go along, OPA is finding it necessary to increase inexpensive shoe prices to obtain more production. An indirect reason is to discourage manufacture of high priced lines.

## Durocher Acquitted Of Assault Charge

NEW YORK, April 25 (AP)—Lec Durocher, Brooklyn Dodger manager, today was acquitted by an all-male jury of a charge of second degree assault against a 23-year-old Dodger fan.

Joseph Moore, 50-year-old special guard at Ebbets Field and a co-defendant with Durocher, also was acquitted.

John Christian, a war veteran, had said the two men beat him in an encounter under the Ebbets Field grandstand after a Brooklyn-Philadelphia game last June 8. Both defendants claimed he fell.

## Month's Fire Loss At A Low Figure

Fire losses to buildings in Big Spring totaled only \$630 during the month of March, the official report submitted by F. W. Bettle, city building inspector, shows.

The 24 fires during the month occurred in three business buildings, six dwellings, two hotels, six automobiles and seven grass fires.

# Here 'n There

More Big Spring men are getting honorable discharges. Cleared through the Separation Center at Fort Bliss were Sgt. George C. Coats, 505 Owens street, and S. Sgt. William R. Langley of Big Spring. Discharged through the Personnel Center at Camp Chaffee, Ark., was Sgt. Clark F. Sundry of route 1, Big Spring.

Pvt. James D. Madding, son of Mrs. Margaret B. Madding of Foran, has arrived in Naples and has been assigned to the 458th Engineer Depot Co.

## New Air Route In The Making

Although no definite dates have been fixed, Texas-New Mexico Airlines officials in Amarillo hope to initiate service serving Big Spring soon.

From headquarters in Amarillo, Byron Singleton, executive vice-president and general counsel, has announced that agents will be appointed in towns to be served along a CAB approved route. Lockheed 10's or other craft sanctioned by the CAB will be employed to accommodate 10 or more passengers.

One loop of the service, based on a CAB examiner's report, would bring one flight from Amarillo through Plainview, Lubbock, Brownfield, Lamesa to Big Spring, and another from Amarillo to New Mexico points touching Seagraves, Wink and Odessa before coming to Big Spring.

Officials of the company are Court P. Shropshire, president; Fran V. Davis, vice-president in charge of traffic; Carl J. Rotter, vice-president in charge of operations; Singleton; and Bob Houck, secretary-treasurer.

## 279 Arrests Made By Police In A Month

A total of 279 arrests were made by the Big Spring police department during the month of March, on charges ranging from attempted murder to investigation. Drunkenness accounted for almost half the arrests, with 130 cases listed for which fines from \$15 to \$65 were assessed.

Total fines assessed during the month amounted to \$3,469, with \$2,095 paid, \$1,274 laid out and \$100 pending. Twelve cases were transferred to the county.

In addition to the arrest report, 220 traffic tickets were issued, 101 paying fines, 86 pending and 33 excused.

The police radio handled 1,110 local calls, received 530 calls from other stations, transmitted 77 other messages and received 125 more.

## To Discuss Changes In Plumbing Code

City officials and plumbing contractors will hold a meeting tonight in the city court room to discuss several contemplated changes in the plumbing code for Big Spring and possibilities for securing materials for increased sewer connections.

The plumbing ordinance probably will be changed to permit use of a smaller sized soil pipe, R. J. McDaniel, city manager, said, in order to provide broader utilization of scarce supplies.

The plumbers will be urged to push new contracts on jobs within the city in areas not yet connected to the sewerage system to aid in the abatement of a possible summer health menace.

## Pistol Charge

C. D. Hogg, hailed into county court this morning on a charge of carrying a pistol, entered a plea of guilty and was fined \$100 and costs. He was picked up by members of the state highway patrol Wednesday evening.

## PHILADELPHIA, April 25 (AP)—

District Attorney John Maurer reported today there have been so many cases of homicide in Philadelphia this year that a special homicide court is being set up.

## Husbands! Wives! Want new Pep and Vim?

Thousands of people get weak, worn-out, exhausted solely because they lack iron. For new vim, vitality, and energy, take the new iron supplement, **WIM**. Low cost, revolutionary new formula.

At all drug stores everywhere—in Big Spring, at Collins Bros. Drug Store. (adv.)

# Local Police Draw Praise

Big Spring police department has received two letters of commendation for efficiency, recently in connection with several arrests and court cases made by local officers.

In a letter addressed to Chief A. G. Mitchell, Percy Wylie, II, special agent in charge of the FBI's Dallas office, complimented the Big Spring force for thoroughness of investigation and apprehension of L. C. Bone, John Hancock, M. E. Doran and Jimmie Keene. (It was learned subsequently that Keene's name was J. H. Carney.)

Hancock, Doran, and Carney were tried in district court here last week, on burglary charges, each receiving a sentence of four years. Bone, who skipped bond, was returned here early this week from Dallas, and is awaiting trial on similar charges.

Another letter from Martelle McDonald, district attorney, and addressed to City Manager B. J. McDaniel, eited the large number of felony cases made by the police department during the past two terms of district court and stated, "I believe them to be a very efficient group, and have made and presented those cases that I have been involved in as well as any officers I ever worked with."

## Talks Held On Vet Hospital

Although a definite date has not been set for actual construction work to begin, representatives from the U.S. Engineers met this morning with City Manager B. J. McDaniel to discuss several preliminary matters in connection with the veterans hospital.

Attending the meeting were L. G. Bradley, Liaison Engineer from Albuquerque, N. M.; Beryl Zimmerman, head of the architect and design section of the engineers; Max L. Scheuster, of the utility design section; and Mr. Lambert, project custodian for the engineers.

Tentative sites for construction are being laid out, and plans are being made for soil studies in preparation for foundations. The group also is investigating utilities costs and several other factors.

## Weather Forecast

DEPT. OF COMMERCE WEATHER BUREAU

Medium and good cows 11.00-14.00; good and choice fat-calves 15.00-16.50; common and medium butcher calves 11.00-14.00; good and choice stocker calves and yearlings 15.00-16.50; common and medium stockers 12.50-14.00.

Hogs 600; active, mostly steady, stocker pigs stronger; most barrows and gilts 14.65, the ceiling; good stocker pigs 14.75. Sows 13.90.

Sheep 15,500, very slow, early sales of spring lambs and shorn lambs mostly 50 lower, many bids 100 lower, aged sheep weak to 25 lower. Good and choice spring lambs 13.25-14.00, common and medium springers 11.50-12.75. Good shorn lambs with No. 1 and 2 pelts 13.00, medium shorn lambs 11.00-12.50.

# Forsan News—

## H. F. Forbes Named District Petroleum Engineer, Transferred To Hobbs, N. M.

FORSAN, April 24 (Sp1) — H. F. Forbes has been transferred to Hobbs, N. M., by the Continental Oil Company. He has been promoted to district petroleum engineer, and has been replaced here by Ray Freeborn of Wichita Falls. Both families have moved to their new locations.

Mrs. Jack Keith was a recent visitor to DeLeon with her mother, Mrs. Almada Duke.

Pvt. Douglas Keith was home from Goodfellow field for a few days. He was accompanied by Pvt. George Lague.

Herman Williams has been transferred to Midland by the Continental company effective May 1. He will be division clerk in the office there.

Mr. and Mrs. D. V. Mims have been to Fort Worth on a visit.

Mr. and Mrs. L. W. Willis and family were in Lubbock Sunday with their daughter and son-in-law, Mr. and Mrs. Zern Miller.

Mr. and Mrs. Bill Conger and children were in Sterling City Sunday with relatives.

Mrs. W. O. Averett and Sue visited in Coleman over the week end. Mr. Averett's brother, Bob, returned with them. Also visiting was Henry Dunn of Lubbock. The three men are now fishing on Devil's river.

Mr. and Mrs. Otis Griffith have as their guest, Mrs. Griffith's mother, Mrs. M. B. Hart of Fort Worth.

Mrs. G. F. Painter returned to her home Tuesday, having been under treatment in a Big Spring hospital for several weeks.

Mr. and Mrs. Otis Griffith and Burl Griffith were in DeLeon Saturday and Sunday with relatives.

Walter Ray of San Angelo was a visitor with Mark Nasworthy on the ranch over the week end.

Mr. and Mrs. Harry Miller have had as their guests Mrs. Miller's parents, Mr. and Mrs. D. N. House of Fort Worth.

Mrs. Rowland Howard, president of the WMS of the Assembly of God church of Big Spring, left Monday for Amarillo to attend the district council meeting. Mrs. L. M. Hayhurst, Mrs. P. P. Howard and Mrs. Charles Ray left Tuesday to attend.

Mr. and Mrs. Joe Carlson, Ronnie and Judy are spending a week here with her parents, Mr. and Mrs. Earl Thompson.

Guests in the Earl Thompson home over the week end were James Thompson of Lubbock, Dora Jane Thompson, Lt. Warren Moore of Dallas, and on Sunday visitors included Mrs. James Thompson of Lubbock, Mr. and

# Scouts Arriving For Round - Up

A group of boy scouts several hundred strong begin converging on Big Spring today as the time neared for official opening of the 20th annual scout round-up.

Activities were scheduled to get underway at the round-up grounds at 4 p.m. A complete program has been arranged to continue through Saturday noon, when a barbecue arranged by the people of Big Spring will be served.

Scouts and their leaders from all points in the Buffalo Trail Council are attending. Attendance is expected to exceed 1,000.

**PLEADS GUILTY**  
Homer R. "Jimmy" Rogers paid a fine of \$1 and costs in justice court Wednesday after entering a plea of guilty to the charge of swindling by bogus check.

Mrs. Arnold Bradham, Sandra and Linda of Kermit are here for a few days with her mother, Mrs. H. B. Butler and family.

Mrs. O. S. Buttler had her children, Kenneth and Mary Ellen, home from Dallas for Saturday and Sunday.

**Box Suppers 1946 Style Take Food From Cartons, Giving Quick, Tasty Meals**

If the days are too short for shopping or unexpected company pops in—serve a "box supper."  
The tempting combinations that can be put together merely by opening boxes is practically limitless. Just by way of suggestion, however, here's a well balanced menu built around a noodle nest:  
**Menu**  
Noodle nest (filled with creamed frozen peas and hard-cooked eggs, surrounded by pork sausages and corn)  
Tomato and endive salad  
Corn muffins and butter  
Chocolate cream pie  
The muffins are made simply by

adding milk and an egg to a corn muffin mix and baking according to the direction on the container. The pie crust also comes in a package mix and is fully prepared with the addition of only a few drops of water. A chocolate pudding mix provides the filling.  
The noodle ring can be varied to suit the ingredients at hand, but you can be sure that one prepared according to the recipe below will receive an enthusiastic reception:  
**Noodle Ring**  
1-3 cups uncooked wide noodles  
2 teaspoons minced onion  
3 teaspoons minced green pepper  
3 eggs  
2 cups milk  
Cook noodles in boiling salted water and drain. Sauté onion and green pepper in fat. Beat eggs well. Add milk. Combine with noodles, onion and green pepper. Pour into greased ring mould and set in a pan of hot water. Bake at 350 degrees F. for about 45 minutes.  
Fill center of ring with creamed frozen green peas and sliced hard-cooked eggs. Surround noodle ring with groups of browned pork sausages alternated with mounds of buttered frozen corn.

**Here's How You Can Help Make Food Available For The Starving**

By ARTHUR EDSON  
WASHINGTON, (AP)—If the plight of the hungry millions in Europe and Asia hits you forcibly, here's how the government suggests you can help them.  
1. If you're a housewife—  
Never throw a piece of bread or a teaspoonful of fat away.  
Make sure the garbage consists of bones, eggshells and the inedible parts of fruits and vegetables.  
Don't overeat.  
Never over-serve a guest.  
Don't fry meats, poultry, fish. Bake, boil or stew them.  
Use fresh fruit for dessert, not pastries.  
Serve homemade salad dressing, vinegar or lemon juice, not rich salad dressing.  
Use meat drippings to flavor vegetables, dressings, sauces.  
Store bread in moisture-proof wrapping in refrigerator. This retards mold.  
Use dry leftover bread in toast, puddings and stuffings.  
Serve open-faced sandwiches. Or better still, serve vegetable salad, such as potato or bean, in its place.  
Give each person only one small slice of bread at a meal.  
Cut out dry cereals as much as possible. Use potatoes (a fine breakfast dish) and oatmeal.  
2. If you're a man—  
Don't overeat.  
Eat all they serve you at a restaurant.  
Stay away from pastries. Order fruit instead.  
Plant a vegetable garden.  
Cut down on waste. The department of agriculture estimates that one slice of bread in every loaf is wasted. This alone would give 2,500,000 people in Europe three-fourths of a pound of bread a day.  
Remember that people are starving, that many will die unless help comes soon.  
And remember that that help can only come from you.

**Vets Reenlist**  
CASERTA, Italy (AP)—A theater-wide reenlisting campaign produced 5,511 enlistments in the U. S. regular Army up to April 1. MTO-USA headquarters announced. Of them 1,641 were Negro soldiers, 161 Japanese-Americans, 18 Mexicans, three American Indians, two Philippines, one Puerto Rican and one Hawaiian.

**Ducks Nearly Wreck British Flying Boat**  
DURBAN, South Africa (AP)—The British Overseas Airways flying boat Caledonia arrived two days late. The craft was coming down to land at Malakal and had just crossed the edge of the Nile, which is lined with reeds and bushes, when a flock of ducks flew up. One duck collided with a wing and then wrapped itself round the forward wire stay of the float.  
The captain brought the plane down skillfully. Passengers were unaware that the leading edge of the wing had been pushed back about a foot. It took the crew two days to make repairs.  
Weeds rob plants of water, food, space and light.

**510 Veterans On  
Employment Roll**

A total of 510 veterans in the Big Spring area are listed on the rolls of surplus workers of the US Employment Service, the local office reported today.

The surplus list increased by 43 during the past week to reach a total of 787. Fifty-six were placed on jobs, as compared to 49 for the previous week, while job openings increased from 29 to 43. During the week 299 workers and employers contacted the office, and of 77 workers referred to jobs, 56 were hired.

Principal local demands for labor are as follows: Two messengers, one general office clerk (male), three stock clerks, one machinist, one presser, 20 laborers, one general office clerk (female), seven waitresses and seven maids.

**Maybe Indians Called  
Him 'Robber' Treat**

NEWARK, N. J., (AP) — Robert Treat may not have gotten as good a buy as the Dutch when they bought Manhattan Island, but he displayed foresight that might well "be the envy" of any real estate man in his purchase of Essex County, N. J., Dr. William R. Ward, president of the Historical Society of New Jersey, told a meeting of the Exchange Club.

Ward said Treat and his delegation from Milford, in Connecticut Colony, bought Essex County from the Hackensack Indians for goods worth about \$750.

**Phone Slugs Wane**

CHICAGO, Ill., (UP) — Prosperity note from the Illinois Bell Telephone Co.

The use of worthless slugs in Chicago's 20,000 pay telephones has decreased to "virtually nothing," the company has announced. "Virtually nothing," the firm explained, consists of about 1,000 slugs a day.

**Chefs Appraise The  
Diplomatic Taste**

By ARLENE WOLF  
(AP) Newsfeatures Writer  
NEW YORK—The UN delegates are faring pretty well at the hands of Gotham's chefs.

With the possible exception of the Russians, who resolutely cook their own vittles over an alcohol stove at the Plaza Hotel, the Se-

Ambassador favor chicken, rice and fish dishes, and don't drink coffee. The Iranians haven't put in any complaints about the French-American cuisine at the New Weston. Col. William Roy Hodgson of Australia has had fruit juice with all his meals at the Drake, leans to lobster newburg,

GLOBAL APPETITES harmonize when UN delegates lunch.

curity Council members and secretariat are eating what's on the bill of fare. A survey of the hotels where UN delegates are staying reveals that, although the various national groups may have their gustatory preferences, nearly all can be satisfied without turning any menus upside down.

The French delegation is at the Pierre—where the cuisine is French anyway—so they're happy. Polish Ambassador Oscar Lange and his wife are at the Park Central, where Dr. Lange has shown a marked preference for cheese blintzes, leg coffee, and kasha varnishka—a cereal-macaroni mixture.

Secretary General Trygve Lie can get all the smoked salmon and fish he wants at the Waldorf Astoria, and waiters there report he likes American food. The Egyptians at the Commodore are a little more choosy—the waiters say they apparently live exclusively on fruit and vegetables, and were particularly happy about some mammoth baked apples the chef prepared. Nobody at the Commodore has ever seen the Egyptians putting salt on anything, which is not nearly so strange as the concoction some of their brethren are drinking over at the Sherry-Netherland. It's a mixture of tomato juice, vodka and tobacco sauce, aptly tagged a Bloody Mary cocktail. The Egyptians didn't invent this liquid dynamite, however. It was at the bar before they came.

The Mexicans go in heavily for fruit at breakfast at the Roosevelt. Chinese delegates at the

plain vegetables, and Scotch and water (no ice).

At the cafeteria on the grounds of Hunter College, where the Security Council has been in session, the food is mostly American. Joseph Barnes, president of the Eastern Operating Company which runs the cafeteria, recently started putting one foreign dish on the menu each day, and began with Australian scones—a sort of hamburger with a little cake, covered with tomatoes, and onions. Barnes has observed the Chinese delegates eating frankfurters and beans, and the Russians partaking of corned beef and cabbage.

**Sweets To Your Suite**

SPRINGFIELD, Mass., (AP) — How would you like some syrup in your coffee? That's what one Springfield hotel is putting on the table these days because of the sugar shortage. It's a can syrup of light amber color. One "definitely bad feature," said the manager, is that it makes coffee look muddy.

**'Ever Normal Fish  
Freezer' Advocated**

ST PETERSBURG, Fla., (AP) — Addressing the convention of the Gulf Coast Fishermen's Union, Dr. R. A. Kahn, of the Fish and Wildlife Service, Department of Interior, said:

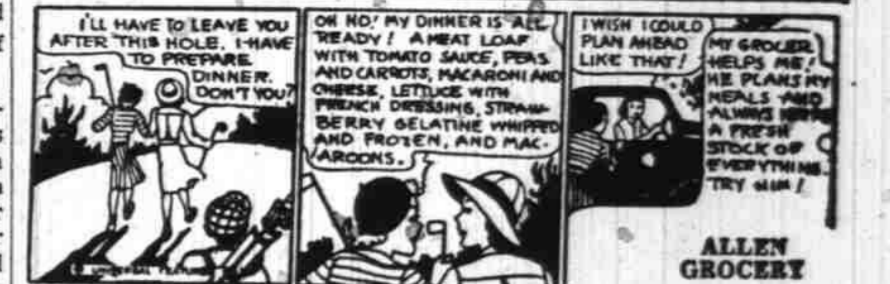

"Loans are used by the Department of Agriculture in some cases in which it is desired to support a certain parity price. Such an idea could conceivably be developed for the fisheries to provide the 'ever normal fish freezer' as compared with agriculture's concept of the 'ever normal granary.' Fish could be bought or pledged for loans during times of glut to be held over for times of scarcity."

A new glass fabric ironing board cover is expected to minimize fire hazard because it will not burn or char. In tests it has been subjected to iron temperatures in the range of 300 to 600 degrees, F.

Big Spring (Texas) Herald, Thurs., April 25, 1946

The cacao tree is a fruit-bearing evergreen which grows to heights of 20 to 40 feet.

Chocolate is cacao with the left in; cocoa is cacao with the left taken out.

### Child Delinquency Hits A New 'Low'

LOS ANGELES, April 25 (AP)—Juvenile crime has reached into the romper class. Cynthia Bennett, 22 months old, started for the corner grocery yesterday, clutching two shiny pennies and dreaming of the candy

counter. But en route, police were told, she was set upon by two boys, aged about 3 and 4, beaten to the sidewalk and robbed. Hospital attendants said she suffered a brain concussion.

### Hail Remaining As Next Threat To Fruit Crop

Now that danger of frost is past, only hail remains as a possible obstacle in the way of a good fruit crop locally this year.

If the US Experiment Farm orchard may be used as an index of conditions (which reports indicate are general), trees of most varieties are loaded. Where normally the problem is little or no fruit, this year it may be a case of overloading.

Many peach trees are carrying too much fruit if conditions are such as to mature the crop. Even if moisture conditions should improve, whether branches will bear the load in many instances is dubious. However, with hail a possibility, there will be little thinning on this account.

At the Experiment Farm, plums, normally one of the surer crops, offer the most spotted picture. Hybrid varieties are loaded but straight lines did not fruit heavily despite prolific blossoming. Some others have reported similar conditions. The farm orchard apricot section, too, offers a paradox with some varieties barren and others loaded. Generally, apricot prospects are good.

Pears, apples, figs, cherries are well loaded, and the vineyard offers prospects of a good harvest with buds just now beginning to blossom. Year in and out, the vineyard is the surest producer. Some years vines have approached 50 pounds yield.

Coal was not mined commercially in the United States until 1750.

**PLAN AIR SHOW**—Lt. Col. D. Harold Byrd, Texas wing commander of the Civil Air Patrol, Maj. Gen. Fred L. Anderson, chief of personnel of the AAF, and Col. Earle Johnson, national commander of the Civil Air Patrol, above, met recently to plan a state-wide air show to be presented under auspices of the Texas wing. CAP. Anderson said AAF units will perform in the air circus and will make up interesting phases of an air exhibit. In this manner the AAF hopes to stimulate interest in the CAP, and AAF auxiliary. Dates and place for the show, or shows, will be announced later, but probably will be around mid-May.

### Further Slash Shown In Local Feed Supplies

A further curtailment of commercial feed supplies was indicated this week, as some Big Spring dealers reported heavy cuts in their monthly shipments from manufacturers.

Although some companies still are maintaining shipments at the same level they operated on during the winter and early spring, the fact that others already have decreased their output was regarded as a danger signal on the commercial feed front.

One local dealer has reported that he is receiving only one fourth of his previous monthly allotment, which was not adequate to meet demand at any time during the past few months. Not only is it creating a more serious problem for livestock and poultry feeders, but it also may put the dealers on the ropes financially if the situation continues over a period of months.

Although his shipments have continued to arrive regularly, another dealer announced that each car of feed he received is shorter than previous shipments.

Other companies, whose local dealers have not been affected yet, still are offering supplies considered normal for the year in stock feed, chick starter, laying mash, etc. Their only shortage to date is whole grains, which have been virtually unobtainable for several weeks, but they are not sure how long the present shipping rate will continue.

### Local Fishermen Get 42-Pound Blue Cat

BRECKENRIDGE, April 25.—The waters of Possum Kingdom Lake yielded one of the biggest catches of the season this week. A party of three West Texas fishermen hooked a 42 pound blue cat Sunday, in Caddo Creek, near the State Park. Running true to Possum Kingdom form, the fish was chunky and heavy for its size.

The lucky anglers were A. M. Anderson and R. D. Anderson, of Big Spring, and J. W. Sherrin, of Tokyo, Texas. Their 42 pounder, along with several of less weight, was caught with minnows on a trot-line.

### British Officers Facing Dismissal

PORTSMOUTH, England, April 25 (AP)—Dismissal from the Royal Navy has been ordered by an admiralty court martial for 13 junior officers who refused to sail from New York on January 30 on the grounds that they had not been given suitable accommodations.

The men, who pleaded innocent, were found guilty of conduct unbecoming officers, of improperly leaving their ship—the Pifeness, a converted merchant vessel—and of wilful disobedience.

### A&I Seeking Ranch

ELSA, Texas, April 25 (AP)—Texas A&I College at Kingsville is seeking a border ranch near the center of the valley citrus belt. A. L. Cramer, member of the school's board of directors, said here.

The proposed site is from 80 to 100 acres, Cramer said. He added that the college's site committee has been given no offers.

### Low Bidder Listed On Highway Work In Martin, Midland

AUSTIN, April 25 (AP)—The State Highway Department will announce low bidders today on 21 highway maintenance and construction projects in 40 Texas counties.

Low bids yesterday on 20 projects totaled \$1,246,147. Included were the following projects by counties:

Martin Winkler, Midland and Upton—Loop 67 and state highways 82, 349 and 137, 67.8 miles seal coat and base preservative, Ned B. Hoffman, Fort Worth, \$69,622.06.

### Local Woman Heads Greeter Auxiliary

Mrs. Catherine Deck of the Crawford hotel will be installed as president of the auxiliary to the West Texas Hotel Greeters association at the May 23 meeting in Midland.

She was elected to head the organization at a meeting of the association and auxiliary in Lubbock over the weekend. Accompanying her from here were Mr. and Mrs. Marvin Brown, also of the Crawford.

The barometer and the thermometer were developed in the 17th century.

### Household Hints

#### File Kitchen Tools In Orderly Style For Ease In Use

Kitchens with charming exteriors are all well and good, but it's really what's contained in cupboards and drawers that counts. Tools of the trade deserve better treatment than to be tossed helter-skelter, out of sight, behind closed doors. And what a lot of orderly arrangement means toward easing the Three-a-Day—Cooking and Serving and Cleaning up!

**An Inside Story**  
Most-used cutlery, pots and pans, should be easily reached—forks and pancake turners, frying pans and saucepans near the range. A neat trick is the lining of drawers with a piece of linoleum to match floor or counters. Flap partitions to hold the cutlery and have the dividers joined so that the whole thing may be lifted out for easy cleaning.

If your kitchen has a tall shelved "kettle closet" into which you are forever digging through to the back for your favorite saucepan, have your handy husband pull out the shelves and fit the walls with dowel stick pegs so that kettles and sieves may be hung in convenient array.

**Kitchen Filing System**  
By means of thin board partitions placed vertically in cupboards, trays and cooky sheets may be filed away. Give the space between range and cabinets can be utilized in this way for tray storage. Install step-like shelves in the wasted upper spaces of your staple cupboard, to take care of spice cans and smaller packages.

If there's a built-in ironing board you no longer use, remove the board, paint the inside a gay color, and put in shelves to hold spice containers, jars of seasonings, catsup and meat sauce bottles.

**Out of Sight**  
Towels and dish cloths take to cover on a drying rack which folds neatly back against the wall under the sink or, in an adjacent cupboard where ventilation can be provided. Perhaps it's possible even to install a small drying unit. Not that we believe in hiding everything behind closed doors but some things are better out of sight, if not out of mind!

For a decorative, and useful kitchen piece, hang your collection of cooky cutters on a special board, out of thin wood to fit it at bare wall space, gaily paint it, and provided with pegs or hooks to hold the cutters.

The beaver has two kinds of hair. Its under hair is short, thick, silky and of great commercial value, but its upper hair is long and coarse and is removed before the skins are placed on the market.

## Serve Chicken In New Way With Ring of Fluffy Rice

By CHARLOTTE ADAMS

Shrimp Canapes  
Chicken Terrapin  
Fluffy Rice with Parsley  
Buttered Green Beans  
Orange and Grapefruit Salad  
French Dressing with Citrus Fruit Juice  
Egg Biscuits  
Maple Nut Parfait in Meringue Shells  
(Recipes serves four)

**Chicken Terrapin**  
1 3 1/2-pound fowl cooked  
3 eggs  
4 tablespoons flour  
1 teaspoon mustard  
1 teaspoon salt  
1/4 teaspoon pepper  
3 teaspoons melted butter or margarine  
1-2 cup scalded milk  
1 tablespoon pimiento, cut fine  
1 tablespoon green pepper, chopped  
4 ripe olives, chopped  
Juice of 1 lemon  
Fluffy rice

Hard cook the eggs, remove yolks and mash. Add flour, mustard, salt, pepper and melted butter or margarine. Mix until smooth. Add slowly the scalded milk and stir and cook until thick. Add the cooked chicken cut in small pieces and the egg white chopped fine. Next add the pimiento, green pepper, olive and lemon juice. Serve very hot in a border of fluffy rice with parsley.

**French Dressing with Citrus Fruit Juice**  
2 tablespoons grapefruit juice  
1 tablespoon orange juice  
4 tablespoons salad oil  
1-2 teaspoon salt  
1-4 teaspoon paprika  
Combine all ingredients and shake thoroughly before pouring over sections of orange and grapefruit in lettuce nests.

### Smashes Window

DOYLESETOWN, Pa. (UPI)—Momentary turmoil and \$250 damage resulted when a panicky steer smashed through a plate glass show window.

Ex-sparatrooper Charles Kohl said the rampant animal, apparently determined to enter A. B. Patton's store, plunged through the show window when he saw Kohl heading him off at the doorway.

The window smasher was one of two escapees from Oliver J. Leatherman's mid-town barn. Both were apprehended without other damage.

### How to conserve bread

The Famine Emergency Committee has asked Americans to cooperate during the present food emergency to conserve bread so that starving people in other lands may be fed. We offer in the following suggestions ways to save precious bread.

**WHEN YOU BUY BREAD**—Buy the size loaf that fits your family... small loaves for small families; large loaves for large families. Plan to have no bread left over from one shopping trip to the next. If you must buy bread for several days use, get two small loaves rather than one large loaf.

**TO KEEP YOUR BREAD FRESH**—Open the wrapper at one end of the loaf only. Remove the heel, take out only the slices needed, replace the heel, and fold over waxed paper.

**TO FRESHEN DRY BREAD**—If your bread becomes slightly dry, sprinkle the wrapper around the bread with water or put the bread in a paper sack and sprinkle. Place in a moderate oven (350° F.) for about 10 minutes or until bread is heated through. Serve immediately for a homemade-bread flavor.

**MELBA TOAST**—Use leftover sliced bread. Place on a baking sheet in a single layer and dry out in slow oven (250° F.) about 1 1/4 hours or until a tempting tawny brown. Store in an airtight container and use as needed. Use in place of bread for breakfast, lunch, dinner or as a snack.

**Base-Cleaning Double Difference**

**John Lollar, Rookie Catcher, Big Gun In Tribe's Win Over Browns**

By the Associated Press

Unless all signs fail, young John Sherman Lollar, Cleveland's rookie backstop appears headed for major league stardom. Lollar was the big reason for Manager Lou Boudreau's decision to rest Frankie Hayes after the veteran catcher had extended his record-breaking consecutive game streak to 312.

The soft-spoken 21-year-old native of Fayetteville, Ark., followed his own recipe yesterday when in his first starting role with the Indians, he doubled with the bases loaded to clear the sacks, highlighting a five-run eighth inning rally which gave the tribe a 5-1 victory over the St. Louis Browns.

Lollar began his professional career in just about the same manner. Making his debut with the Baltimore Orioles in 1944 Lollar smashed a homer with the bases loaded.

The six-foot, 180 pound receiver went on to become the league's batting champion and most valuable player the following year. In addition to his double yesterday,

Lollar smacked a single in three official trips to the plate and handled the slants of Charles (Red) Embree, his old Baltimore battery mate, perfectly. He accepted nine chances cleanly, including two assists.

The Yankees moved into undisputed possession of first place in the American league by whipping the Red Sox 12-5.

Brooklyn and the St. Louis Cardinals continued their merry battle for first place in the National league as each team won its seventh straight. The Dodgers routed the Philadelphia Phils, 11-3. The Redbirds won their second straight 3-2 game from the Cincinnati Reds, with Stan Musial again driving in the winning run.

Truett (Rip) Sewell, an old Nemesis of the Chicago Cubs, tamed the Bruins again with a nine-hitter in pitching the Pittsburgh Pirates to a 4-3 decision.

Boston's Braves rebounded from their hitless efforts against Brooklyn Ed Head on Tuesday by raking five New York Giants hurriers for

14 hits including successive home runs by Tommy Holmes and Ras Sanders, to outslug the polo grounders 10-7.

Washington's Senators rallied for four runs in their half of the eighth to overcome a 1-0 deficit and defeat the Philadelphia Athletics 4-2.

**Elizondo and Shea To Fight Tuesday**

SAN ANTONIO, April 25 (AP)—Boxing Promoter Bill Davee announced that Tony Elizondo of Corpus Christi is scheduled to meet Darryl Shea of New York in the 10-round main event of a boxing show here next Tuesday night.

Elizondo, 150-pounder, recently won a close decision over Fritzie Zivic.

The winner of the Tuesday night scrap, Davee said, has been promised a match in Houston May 14 with Steve Bellise, who knocked out Paul Altman there recently.

**TEXAN RIDES WINNER**

SAN MATEO, Calif., April 25 (AP)—Wedding Call, a 10 year old 15-1 longest came in a length and a half ahead to win the feature race at Bay Meadows race track yesterday.

The horse was ridden by Hubert Trent of Corsicana, Texas.

**Three NT Relay Teams To Drake**

DENTON, April 25 (AP)—Three North Texas State College relay teams plan to participate in the Drake relays in Des Moines, Iowa, Friday, Coach Bill Cooper said.

Cooper announced here yesterday that he plans to take the sprint medley, half-mile and mile relay foursomes. Bill Adams, 220-yard and 440-yard dash champion for 1944 in the Lone Star conference, will probably run on all three teams the coach said.

Jack Gilbert, letterman half-mile specialist, who also placed first in the conference, competes in the sprint medley and mile relay.

Also running on the relay teams are Leo Kay, Max Goldsmith, Ted Grumbley, Norman Spray and Joe Coquat. Kay, Goldsmith and Grumbley ran on the Eagles' conference-winning sprint relay team, and Coquat and Spray did the same on the mile relay team.

**Bovines Engage In Most Rugged Spring Drill**

John Dibrell's Big Spring high school football team went through its most rugged scrimmage of its spring training session Wednesday afternoon at Steer stadium and the greying mentor seemed more than satisfied with the results.

For an hour and a half, the Longhorns went at it hammers-and-tongs.

Dibrell worked two different backfields behind his first string line, alternating a quartet composed of Jackie Barron, Horace Rankin, Paul Shaffer and George Vorrell with one consisting of E. B. Lees, Harold Berry, Arlis Davis and Bill Campbell.

Rankin will be the club's starting left halfback next fall. He alternated with Barron at the strong harking post in 1945 but Dibrell made the change to give the secondary the use of both experienced men.

Up front, Roy Lee Reaves and Larry Hall, the latter a reformed end, divided time at center; Ike Fobb and Pete Fuglar were at guards, Reed Collins and Bobby Hollis at tackles, and Ensor Puclett and Marv Wrights at the wings.

Big Eli Cyfert, a tackle, continued to look good. He appears capable of pushing either Collins or Hollis all the way.

Eddie Houser, who performed in the backfield last fall but is now at end, is another standout. Jim Bill Little, another wing, is shaping up, too.

The Bovines have another rugged afternoon in scrimmage and tony contact work in store for them Friday afternoon, which will serve to wind up their second week of drill.

**All-Southwest Begins Today**

WICHITA FALLS, April 25 (AP)—An 18-hole "warmup" today inaugurates the All-Southwest amateur golf tournament at the country club here.

A pro teams with an amateur for the best-ball score today.

Several amateurs, including Derwald Lehman and Iverson Martin of Fort Worth, and Don Schumacher of Dallas, were on hand here yesterday for tryouts over the past 12 course.

Tonight drawing for threesomes in the 94 hole medal play is scheduled. In this, the pros and the amateurs, except for senior and women players, play 18 holes tomorrow and 36 holes Saturday. Seniors and women players will go only 18 holes Saturday.

**Two Games On Opening Card At Forsan Field**

FORSAN, April 25—Forsan's new athletic plant, inspired less than a month ago, will be dedicated in a practical way tonight.

Two softball games, one of them a Big Spring Muni league contest between Forsan's Couden Pipeliners and the Couden/Oilers, will be played for the benefit of the home folks and the visitors who care to look on.

The Pipeliners/Oilers contest is booked for 9 o'clock.

A 7:30 bout, pitting Phillips Tire company's contingent against Lee's Store, will serve to whet the appetite of the early callers.

A loud speaker is being brought in for the occasion and a running commentary of the two bouts will be given the fans.

Workmen have been busy all week adding the finishing touches to the field's lighting system. The infield was recently leveled, tempered and lined off.

**Hardware's Spartans' Protest 8-7 Win Scored By Manhattan Troupe**

Manhattan Club and the VFW contingents chalked up triumphs in Muni softball league play at the city park Wednesday evening but the former's victory was tainted and must go before League President Dewey Coulter before it can be inserted in the books.

Cliff Harrison's gang, came out on the long end of an 8-7 win over

**Cayuse Racquet Squad To Austin**

By The Associated Press

Only one defending champion will be back next week for the Texas interscholastic league tennis tournament at Austin.

Barbara Walker of El Paso High, who was a member of the girls doubles team winning the title, will play in singles this year.

A number of 1945 participants will return in addition to Miss Walker.

Harry Tansil of Sweetwater, who played in boys' doubles, again will compete in the doubles; Dixon Osborn and Jack Turpin, who represented Highland Park (Dallas) in the doubles, will return but Turpin will be in the singles; Clinton Nettleton of Pharr-San Juan-Alamo, last year in the doubles, will play in the singles; Hulda Williams of Paris returns in girls' singles; Peggy Cummings of O'Connell returns in girls' doubles and June Knox and Arlene Amelung of Brackenridge (San Antonio) are back in girls' doubles.

It had been expected that Edna Edwards, Miss Cummings' partner in the doubles last year, would be back in the gate tournament but Miss Edwards sprained an ankle and was unable to play in the regional tournament. Ina Merl Beach substituted and with Miss Cummings won the regional doubles title.

Included among the regional champions who will play in the state tournament starting Thursday afternoon:

Region 2—Boys singles, Shaff Dagalish, Sweetwater; boys doubles, Harry Tansil and Joe Mac Montgomery, Sweetwater; girls singles, Betty Burgeson, Sagerton; girls doubles, Louise Aylor and Anna Belle Flanagan, Sweetwater.

**Legion Lasses Shift Drills**

The American Legion girls' softball team, which has been working out on a makeshift diamond at San Antonio and Fifth streets since the first of the week, switch their scene of operations to the VFW diamond at 8th and Gollard street this afternoon.

At least three fem contingents will be organized here, according to Jack Cecil, skipper. There are also plans in the making for formation of a boys' baseball troupe.

Cecil said he would shortly issue challenges to girl teams of other towns.

Girls who have been engaging in the drills are Mary Fields, elected captain, Zlca Witt, Lefty Todd, Catherine Redding, Lois Kinman, Gypsy Smallwood, Billy Rose, Edith Strom, Jesse Pearl Watson, Gladys Wilkins, Julia Cochran, Dorothy Hall, Jean Clark, Carmer Yater, Dorothy Cantrell, Fay Binler, Edith Hamby and Mary Obbe.

Cecil says all girls who desire to play the game have an open invitation to report for the workouts.

When bases are loaded and tension is high, simmer down with a cool, smooth-smoking Y-B. A blend of fine imported Cuban and Puerto Rican filler tobaccos, Y-B's score every time with men who know a good cigar. Please your free-time pleasure... Try a Y-B Today. **BUY AND BUY Y-B!**

**Tulsa Trimmed By Rebels, 4-3**

By the Associated Press  
Al Vincent's Rebels trimmed Tulsa, 4-3 at Dallas last night to take over No. 2 spot in the Texas league, and Fort Worth's Cats failed to defeat Oklahoma City, 9-4. Two other games were postponed when rain washed out the San Antonio-Shreveport and Houston-Beaumont contests. The Rebels made it two in a row over the Oilers in advancing to one step below San Antonio, whose Missions were rained out for the second straight night at Shreveport. The Cowtown Cats were forced to put four runs across the plate in the seventh inning to outlast the Oklahomaans, but the Dallas baseballers showed their hurling ability in downing Tulsa. Young Bobby Hogue was credited with the Rebel victory in a five-hit performance.

Today's schedule:  
Tulsa at Dallas (night)  
Oklahoma City at Fort Worth (night)  
San Antonio at Shreveport (night)  
Houston at Beaumont.

**Jack Hauptert Due To Hurl For Lamesa In Friday Go**

**Martin To Start In Center Field For Sturdivant**

LAMESA, April 25 (Sp)—Jack Hauptert, a righthanded curveball specialist from Kerrville, will probably go to the hill for Lamesa when George Sturdivant's Lobos open their WT-NM baseball league season with the Albuquerque Indians here Friday afternoon at 3 o'clock. Hauptert, a rookie, has been impressive in spring drills. Sturdivant has not yet selected his starting lineup but has tentatively planned to use Roberto Martinez, second sacker, in the lead-off spot. Harry Light, third base; Bobby "Pepper" Martin, center field; Sturdivant; Ray Brown, catcher; Bob Hillis, left field; Bob Brookbank, right field; and Jack Wilcox, short stop, are due to follow in that order. If Brown, a rookie from Baltimore, does not start behind the dish, Ashley Bayton, a rookie who hits from the portside, will receive Hauptert's slants. The Lobos lost an 8-4 exhibition game to Lubbock in Lubbock Tuesday. The one bright spot in the reversal was the mount work of Harold Gray, a powerful right-hander recently sent here by the St. Louis Browns. Martin, the former Big Spring high school athlete wound up the training session hitting slightly in excess of .300. He found the range of Lubbock Tuesday for a single and double. A crowd in excess of 3,000 is expected to turn out for the opener bout. Big Spring, Midland and Odessa are expected to send delegations. The Lobos will be at home for six days, facing Albuquerque again Saturday, meeting Clovis Sunday and Monday and Pampa Tuesday and Wednesday. The Lobos will play nothing but day games during their initial home stay but are expected to open under the lights upon their return from their first road trip. Albuquerque is of unknown strength. Most of the Indians came in only recently from the parent club, the Hollywood Stars.

**Sports Roundup**

**Woodcock Trains At Unusual Hour**

By HUGH FULLERTON  
BEAR MOUNTAIN, N. Y., April 25 (AP)—You'd hardly expect to find a heavyweight fighter's training camp in this semi-secluded spot that is liable to be overrun with kids or holiday seekers from Manhattan at any given moment. . . . But Bruce Woodcock, British heavyweight champion, and his manager, Tom Hurst, can scatter original ideas about training around as freely as they scatter their "hatchets" and maybe this is one of them. . . . Woodcock does his heavy training about 8 p.m., instead of several hours earlier as most boxers do. He got the habit during the war when he was working in a factory and couldn't train earlier and now Hurst "doesn't see any reason for changing that routine." "And I'll tell you what," Hurst adds, "I stay around here during the summer I'll have him train at night. There's no use using up his energy during the hottest part of the day."

**Plant Closes Down**

LOS ANGELES, April 25 (AP)—Thermoid of California, manufacturer of rubber articles for industry, has closed its plant, a company announcement said, because of "exorbitant demands" of the CIO United Rubber Workers. The union's demands were not disclosed.

**From where I sit** by Joe Marsh

There's an old war memorial in our town that I like to stop and look at now and then. Back in 1865, folks gathered up all the bitter relics of battle and put them in a pile: cannon, battered rifles, broken swords, and rusted bayonets. Some of them from our side, some captured from the enemy. They melted them down, and from this litter of war sprung a monument to friendship, tolerance and understanding—a promise that the bitterness and hatred were forgotten.

**Best War Memorial I Know**

Since then, there've been all kinds of disagreements in this country, big and little. Prohibition was one—and there was plenty of bloodshed, misery and grief until the problem was resolved. But from where I sit, it's part of the greatness of America that we remain a united country. We may disagree as individuals—but, accepting that difference of opinion, we can live in tolerance and mutual respect.

Copyright, 1946, United States Brewers Foundation.

**LOOKING 'EM OVER**

With TOMMY HART  
Newcomer Jack Cecil, who's organizing a girls' softball league for the American Legion, fielded three fem aggregations in his home town, Rapid City, South Dakota, last year. A former Ohio State university student, Cecil has been associated with athletics for many years. He tried out as a pitcher with the Cleveland Indians at the time Os Vitt was the skipper there. (An injury influenced a decision to give up the professional game). As a tackle, he played professional football in 1924 and '25 with such aggregations as the Canton Bulldogs, Buffalo and Pottsville. According to Cecil, the local AL post is planning an ambitious boys' baseball program. Our Town, says he, will enter a team in the American Legion state tournament, which ordinarily is run off in August.

The Legion annually decides a national champion. Many of the present-day major league stars got their start in Legion baseball, i.e., Buddy Lewis. Reports out of Beaumont say Eldon Muratore, the former Big Springer now catching for the Shippers, continues to look good. The big Italian boy is hitting in the cleanup spot for Jim Turner's troupe and living up to the demands made of a No. Four hitter. The last time this writer saw Eldon, he was catching for a semi-pro outfit in San Francisco, called the Sherry Liquors, and was the target for Lefty Joe Hatten, Brooklyn's new wonder boy. That was in early March, 1944. In our eyes, Eldon was a much better hitter than when he was wearing the tools of ignorance here. Manager Lefty O'Doul of the opposition threw his aces, including Southpaw Tom Seats, at the semipro but Eldon rapped out three solid base hits, two of them with ducks on the pond. Too, he handled Hatten's slants very well. Joe Naranjo, who caught for the Midland WT-NM league team back in '39, is on the roster of the San Antonio Missions this year. It wasn't widely publicized but Pericles, the \$66,000 beauty purchased by William Heiss, the New Orleans millionaire, made his first start at Jamaica Monday and it was a winning one. With authority in the person of Eddie Arcaro in the saddle, the spirited offspring of Blenheim II-Risk picked them up and laid them down in a six-furlong gallop to win going away. He has been kept on the sidelines for three years. Trinity university, which sends its football team here next October 11 to do battle with Sul Ross college in a charity bout sponsored by the ABC Club, has been admitted to the Lone Star grid conference. Ray Simmons, the little peppercot who directed the Golden Gloves boxing tournament here in 1938, and '39 under the sponsorship of Cosden refinery, was a visitor in the village earlier in the week. Simmons now makes his home in Lubbock, is still as big a boxing enthusiast as ever, though he isn't connected with the game in any way.

**TODAY'S PROBABLE PITCHERS**

# Why Division On This?

The United Nations council seems to get one hot potato after another. First it received the Iranian case, juggled it while Russia pointed in protest, then found an expedient way of letting the potato cool and eventually, perhaps, to rot. Now comes the Spanish issue.

One might expect to find unanimity on this point, yet prospects for positive, decisive action are not too bright. So far as numbers are concerned, an overwhelming vote for action against the Franco regime could be mustered. Yet it would be more or less meaningless for the reason that two members of the big power bloc—the United States and Britain—would not go along.

This is most difficult to understand, for Franco is exactly the same type as Hitler and Mussolini. It so happened that his country, torn and exhausted from its own civil strife, was unable to join the jackals in war. Yet there was never any doubt as to his sympathies, and there is plenty of evidence that he did what he could, short of intervention, to aid the Axis. Indeed, was it not Franco who congratulated the Japanese on the success of their war against the United States? Was not he a prodigy of Mussolini, the buffoon who plunged the dagger into the back of prostrate France at the moment her very life seemed to be the only hope of Britain and of the democracies?

About the only argument against putting pressure on Franco is the ideal of self-termination, i.e., if the people of Spain want Franco, let them have him. But there never has been anything to prove that the people of Spain want the cold-blooded caudillo; they have never had any choice.

How, then, can the United States and Britain contribute to the division of the United Nations council on such a clear-cut issue? Can it be that we already are getting the economic interests of our own nationalists mixed up with our international politics?

## Toward Maximum Benefits

Steps are being taken toward the establishment of another playground area in the western part of the city. The city had agreed to use its machinery in helping to put the grounds in shape and perhaps shortly an appeal will be made for funds for equipment for its operation by the Salvation Army.

These playgrounds can be a definite asset to the community. The maximum advantage will be realized when there are many of them sprinkled at strategic points over the city, and when adequate supervision may be provided.

As a parallel or companion move, the same may be said of parks. This is another reason for going, for out of it may come some recommendations for park-and playground locations. The sooner it is done, the better, for every week reduces the possibilities of area because of building. When that happens, the cost factor rockets.

The Nation Today—James Marlow

## DIPLOMATIC VERBIAGE CONFUSING

WASHINGTON, (AP)—Hey, fellows. You in the striped pants, you, diplomatic chaps. Talk our language, will you?

I wonder how many people know that you chaps, in spite of all the excitement in the Security Council up there in New York, never got around to talking of the Iranian problem, the Russian troops in Iran.

The problem itself is what you fellows call a "substantive matter" or a "matter of substance." You've spent all your time, discussing "procedural matters" which, if anybody doesn't know, means:

You haven't been talking about the procedure you should take in order to get around to talking about the problem.

But you, the world diplomats, set up the United Nations for us, "the people of the United Nations."

But how can we understand how things are going if we can't understand what you're talking about?

Twenty-six years ago the diplomats of World War I started off the charter of the League of Nations with "the high contracting parties."

That left us out. We're just the people. The league worked like all of its sad life, always on a very high plane. We, the people, never had much say in that.

Then the current crop of your diplomatic chaps met in San Francisco to form the United Nations. You had learned something from the league. You started off the UN charter with "we the people of the United Nations."

That made us feel a little closer to UN but you diplomats fellows don't lose your old school ties very easily.

After awhile although you don't seem to notice it, you keep saying the same old phrases over and

over as if they had been handed down through the years from the egg to the bird to the egg to the bird.

No kidding. The other day the Security Council set up a committee of men it called "experts" to tell the council whether the council should keep the Iranian problem on its calendar.

Iran and Russia had asked that their problem be taken off the calendar and considered finished business.

The experts wrote a 1,200 word report in which they never once referred by name to Iran or Russia.

Here's the first part of that report and—in case the experts wonder how they might have written it in language we, the people, could understand—the simple English is in parentheses:

"The committee x x sought to define its terms as reference (its job). It decided that by reason of the technical nature of its competence (its special job) it would study x x whether the Security Council can remain seized of (keep on its calendar) a matter after the international parties have requested its withdrawal."

## Australian Trade

CANBERRA, Australia, April 25 (AP)—An official source here said today that the United States, has opened negotiations with the Australian government for the purchase of real estate in this country, to be paid for with surplus American Army goods, millions of dollars worth of which are still in Australia.

The property which the United States plans to buy would provide permanent officer for American diplomatic staffs and homes for U. S. officials stationed here, this source said.

# Work In Paris Is Key To Future

(NOTE—Drew Pearson's column today takes the form of a letter to his younger sister, Mrs. Lockwood Fogg, Jr., of Wallingford, Pa., on the occasion of the birth of a baby.)

WASHINGTON—My Dear Sister: I don't know whether my family appreciates my writing letters and then publishing them in the newspapers. My wife and daughter think it is a terrible practice, and the latter raised Cain when I forgot even to send her a carbon of what I sent out to 600 newspapers. She thought I might at least have done her the courtesy of giving her a copy first.

However, sometimes I can write better when I am talking to members of my family, rather than putting things down on a cold, impersonal page. And today I have been thinking about two important events—one the fact that you have just presented society with a new and charming daughter, and second, the fact that Jimmy Byrnes is sitting down in Paris today to try to begin writing a peace treaty.

To the world at large, of course, there is no relation between those two events. To me, however, there is. For upon what Jimmy Byrnes does in Paris depends in large part whether that daughter of yours and young Lockwood and all the other sons and daughters being born into this world must endure the suffering of another war.

## What Kind Of World To Grow Up In?

It has been just two years since Lock was born. At that time I remember writing, you my fears for the kind of world he might grow up in. I said:

"I am just a bit fearful that Cordell Hull thinks of peace as a personal peace—one which can wait until he gets round to negotiating it, as a drink waits after a game of golf; not realizing, perhaps, that the boys who are fighting over there, and their wives and children and the mothers who are bringing new sons into the world, have a much greater stake in future peace than Mr. Hull—and may jostle his elbow."

"Mr. Hull has 73 distinguished years to look back on. But they—your son and all the other mothers' sons—have 70 years to look forward to. And they must not be years crowded with the same heartaches and pain as the elder statesman have handed us."

"This, I realize, is not the kind of letter one should write to the mother of a new-born daughter. But I have a hunch that the mothers of America would rather face these problems now, when they can be solved, than wait until it is too late."

That was written in March 1944, with the war a long way from being over, and with Mr. Hull at that time down in Palm Beach putting on the golf course.

## Peace Conference Twelve Months Late

Today, one year after the end of the European war, we are just sitting down to try to prepare for the final peace conference. We do not even know yet whether that final peace conference actually can be held.

I remember after the last war how resentful some people were over the slowness of the Paris peace conference. In contrast, it was an example of efficiency and speed. It got started January 18, 1919, only two months after the armistice and was finished six months later, a total of eight months after the war. This peace conference is already twelve months late, and may never start.

The trouble, in my opinion is that during a war allies are bound together in common danger. Then, the minute war is over, they start forgetting those common ties. They start haggling over the spoils of war.

That was what the late secretary of the Navy Frank Knox had in mind when he told some of us as early as the first year after Pearl Harbor that now was the time to get an agreement from our allies regarding air bases throughout the world. That was

also what Harold Ickes had in mind when, even before the war ended, he negotiated an oil treaty aimed at eliminating all bickering over one of the world's most troublesome raw materials.

But the man who saw clearly the need of arranging the peace while the war was on was thrown out of the administration in the very middle of the war with his job barely started. In my opinion this will go down in history as one of Franklin Roosevelt's greatest mistakes—a mistake to be paid for by your children and mine.

"Collect While Tears Are Hot"

Sumner Welles, the man Roosevelt fired as under secretary of state, believed in the lawyers' adage: "Collect your fee while your client's tears are hot."

He had begun, while the Russians were panting for help at Stalingrad and while the British were still in their bomb-proof shelters, to prepare the peace treaties which were to follow the war. Welles called in experts, asked them to work out a foundation for the United Nations. He had gone over Hull's head direct to Roosevelt and got permission to iron out the controversies of peace while the war was still on.

Then personal jealousy—which so often turns the tide of history—cut the ground from under Welles' work. His chief, Mr. Hull, made him a personal issue, told Roosevelt that either he or Welles must go. Roosevelt chose to keep the man with the greatest political power in the Senate.

Immediately the plug was pulled on all Welles' work, the months went by before Hull picked up the pieces. Those were crucial months. During them, Stalingrad was turned from a defeat into a victory. The British no longer were worried about attack. The client's tears had dried, the fee was now something to be haggled about.

The only fee the great majority of the American people wanted was a permanent peace, and we have been haggling over it ever since.

No Fault Of Byrnes

The fault is not that of Jimmy Byrnes. He picked up the ball late and is doing the best he can. The fault is in the delay, the procrastinating, the lack of vision in preparing for peace when the iron was hot. What so few people realize is that peace is a harder job than war. War's mistakes are glossed over or forgiven in the passion of conflict. The mistakes of peace sometimes are not so apparent. They do not cost lives or lose battles—immediately. But their price is heavier in the end.

The start of the war found us unprepared and off guard at Pearl Harbor. That error has been the talk of the nation ever since. Months of congressional debate and investigation have been spent trying to fix the blame.

But we suffered another Pearl Harbor at the end of the war. We were caught off guard in regard to peace just as seriously as at Pearl Harbor in regard to war. And no one in Congress has raised his voice to ask why, or who was to blame for a disaster which may be even greater as far as the next generation is concerned.

This, I realize, is not the kind of letter one should write to the mother of a new-born baby. But I feel strongly that the mothers of America would rather face these problems now. And I wonder also if it would not be better to admit our failure, frankly and openly, instead of glossing it over and pretending that we have won something that we haven't.

I am certain that the mothers of Russia—and their sons—are just as anxious to avoid war as we, and have little realization where their rulers are taking them. Our problem is to make them realize, to make them know that there are no basic differences between them and the great mass of the American people. When we can get that idea across, when we can get to know the Russian people, then the power to make war will be taken out of the hands of a few men, and wars will be no more.

That is pur only certain guarantee of peace.

With much love to your fine family,  
Your brother  
Drew.

# Low Morale A Problem In Italy

ROME, (AP)—Italy is one of the most hopeless countries in the western world today because its people feel it is impossible for them to make both ends meet, the problem of the masses in all countries and all ages.

Their morale has been beaten to pieces on the anvil of shortages and low wages by the hammer of high prices. This feeling that there is little use in working because their labor brings them no adequate return has spread like a wave of disaster through the nation, paralyzing efforts at personal and civic recovery from the ruin of war.

And the reflex defensive result of this feeling of hopelessness in the individual is a "don't care" attitude about his job, a lowering of all moral standards and a cynical indifference to everything except his own belly and his own amusement.

Authorities estimate that it takes a salary of 20,000 lire a month—about \$89—for a family

of five to buy the food needed to keep them in good health. Yet the average Italian office or technical worker, including the college graduate, does not average better than half that amount. Shelter is one of the most reasonable items in the budget because the fascists froze rent levels and they have been kept low since. Clothing is so high that most families simply have to do with what they have, and patching has become so commonplace it constitutes a new style of Italian Mosaic a la Fresco.

A poor suit costs \$70. A good suit costs \$150 to \$200. In Rome there are scores of stores stocked with high-priced luxury goods. But these displays are for the rich of all Italy who have thronged to Rome, where they live off their financial fat.

Many are absentee landlords. They live here partly through fear. They don't like to live too close to the people from whom they draw the income that permits them to live better than their neighbors. Things might happen to them if they stayed at home in the provinces.

In the old days of Roman glory the Caesars solved temporarily the periodical problems of hard times and mass content with the formula of providing "bread and circuses."

The Italian soul for 2,500 years has fed on pomp and pageantry, the splendor of painting and statuary and music. The Italian still has his mandolin for his spirit, but there's not enough spaghetti for his stomach.

Italy needs less history, more hope.

Even in failure Michael has been unpredictable. His first show was a dance drama adapted from Voltaire's "Candide," which quit after a week. His next was "Symphony," which included scenes in such normally disassociated precincts as Billy's Gay Nineties' bar and St. Patrick's Cathedral. "Symphony" closed after three performances.

He tilted at Broadway windmills again when he tried to turn the Yale Puppeteers into an earlier "Oklahoma," and was quickly discouraged. He thereupon left Broadway to manage Leopold Stokowski, the classical set's Harry James, and tour the world with him.

Mike returned with no theatrical inhibitions, and "The Skin Of Our Teeth" was the result. He became a solid citizen financially, at least, and bought the Mansfield Theater, which is making money from the sturdy run of "Anna Lucasta." But his esthetic enthusiasms are in no closer check than before. He can be expected at any unorthodox moment to start another supposedly erratic project. Despite some critical nose-titling, "Lute Song" has been running a couple of months and is expected to make a profit before it closes. So I guess Mike is not so starry-eyed an esthetic purist as his detractors suggest. In fact, he's a little like the description Harpo Marx once gave of Alexander Woolcott: "A dreamer with a very good sense of bookkeeping."

### Operetta, 'Big Spring' Outgrowth Of Philips' Book About The City

Whatever else may be said of Shine Philips, he is forever uncovering something or someone. This penchant probably contributed to the eventual writing of his book—"Big Spring, the Casual Biography of a Prairie Town." At any rate the things the genial druggist had uncovered over a

long period of time made interesting reading. From a state prison at Nashville came a letter from one Frank M. Grandstaff, a prisoner, saying he enjoyed the book. Philips, as is his practice, answered. A regular and intimate correspondence followed. Next thing Philips knew, he had an operetta—"Big Spring"—on his hands. Grandstaff, a lifer who admittedly had trouble staying outside the big walls, wrote he had been confined to the "dungeon" or solitary confinement for a period of six weeks.

There the inspiration for the operetta struck him, and with nothing more musical than his finger to tap out the time, he turned out a three-part opus. "I don't know what it is," admits Philips, "but some of those who do understand music tell me that it's really heavy stuff. I'd like to have photostatic copies of the manuscript made of some copies struck. Then I'd like to get some school or college choral group and orchestra do 'Big Spring' so I could send a recording to Frank."

Time, he thinks, may be an element, for recently he received a thick volume of poems, printed neatly by hand and bound permanently in the prison print shop. "To be delivered to my mother

### Wage Parleys Slated In City On April 30

Four men from the regional offices of the National Wage Stabilization Board and the OPA will be here April 30 for conferences with individuals about wage problems.

Heading the group will be Thomas Hudson McKee, executive assistant to the chairman, William T. Kelley, assistant to the stabilization director, Frank Holder, regional director of wage and hours

in event of my death," Grandstaff had written. Like his music, some of the prisoner's poems move in deep channels.

division, US labor department.

In announcing the one-day conference here, McKee said that "those contemplating some revision of their respective wage schedules in contemplation of anticipated price relief" would be interviewed in a series of 15-minute conferences throughout the day. Presumably, anyone with wage matters would be privileged to contact the group and with the possibility of authoritative counsel regarding decisions on cases.

In addition to those in Big Spring, business men and others in a 75 miles radius of Big Spring will be invited to book conferences with the officials. Bookings for appointments to conserve time, will be made at the chamber of commerce upon request. McKee will come one day early but others are due here via American Airlines the morning of April 30 and will leave that evening for El Paso.

### Likes Solitude At 99

CONSHOHOCKEN, Pa. (UP)—Just passed his 99th birthday, Abram Lee, believed to be the only ex-slave in southwestern Pennsylvania, "lives alone and likes it."

His victory garden this year will be as large as last year's, said Lee, who has outlived six of his 13 children. His oldest descendant is 80.

The birthday cake at Lee's recent anniversary celebration was baked by his son, the Rev. Marshall W. Lee, Baptist pastor.

Real Estate Houses For Sale LABOR SHORTAGE IN CLOTHING FACTORIES PHILADELPHIA, April 25 (AP) A shortage of 500 trained hand workers has placed the manufacture of men's clothing in the Philadelphia area "in a state of near-paralysis" and threatens to idle 19,300 workers employed in 295 plants; William B. Flickstein, secretary of the local men's clothing manufacturers' association, maintains. Philadelphia is the second largest garment-making center in the United States. "Our bottleneck is simply that the industry is short 500 hand workers to perform the manual sewing operations necessary to the finishing touches on clothing produced by machine operators," Flickstein said.

**By WACIL McNAIR**  
Farm labor demands in this area, which were practically nil up to a few weeks ago, are increasing, and may cause a real problem during the rush of planting season. Several farmers have requested help already through the county agent's office. County Agent Durward Lewter estimates that approximately 100 workers will be

needed to get planting operations into full swing. Most of these will be desired on a temporary basis only, however, since many farmers already have permanent help sufficient to carry on their ordinary work. Temporary aid probably will be needed only long enough to get seed in the ground.

**City Traffic Is Held Up By Boat**

**By JACK RUTLEDGE**  
Associated Press Staff  
Railroad and bus transportation was delayed in Beaumont for almost an hour and you'll never guess the reason.

A big boat got in the way and blocked traffic. Transportation on four main city bus lines was tied up, motorists were stalled, 250 school students were late for classes and business workers were held up because a long freight train blocked a major artery.

And the railroad explained the train was held there for 40 minutes because a U. S. Naval tanker took that long to maneuver through a draw bridge.

George P. Williams, a railroad official, said the train moved up to the bridge when it was thought the tanker, one of the largest afloat, would clear in the usual time. But a great deal of maneuvering, aided by three tugs, was necessary before the tanker could pass.

George Troutwine, manager of the Beaumont city bus lines, said it took an hour and 20 minutes to restore service to normal, since buses had to be run off schedule to pick up passengers who had been waiting along the routes.

But in Denison the opposite occurred. The Missouri-Kansas-Texas Railroad announced with pride that one day last week all trains maintained perfect schedules for the 24-hour period. And as for passenger trains, they maintained a perfect schedule for two days in a row—a vast improvement over wartime conditions.

But the Rev. O. C. Robinson of the Midway Baptist church, Fort Worth, isn't worried about such things. He sold his car last fall and gave the money to the congregation to apply on a parsonage. He got a motorbike to make his pastoral calls, but it broke down.

Now he has an old-fashioned horse and buggy. The sight of the young minister and his vehicle are becoming a familiar sight there.

Mr. Robinson misses no bet, either. Recently he had signs on his buggy calling attention to an "old-fashioned revival" at his church.

**Some cotton planting already is in progress in areas which benefited from showers early this week. Several are planting in the Fairview and Center Point communities, although operations are not in full swing yet. The showers also helped range grass, which was particularly welcomed, with a further pinch in commercial feed supplies probable.**

E. W. Lomax was in town Wednesday afternoon, and he reported only a light shower at his place. However, the fall was much heavier farther south, even reaching an estimated two inches on the south part of Arthur Stallings' place.

Some results on dressing percentage of milk fed calf raised by James Fryar of Knott have been received from Fort Worth. The animal sold to the First National Bank of Fort Worth, and County Agent Durward Lewter has been notified that it dresses 67.8 per cent. The calf gained 21 pounds while at the Fat Stock show. Young Fryar secured it last year from the George O'Barry herd.

Arrangements already have been made for more than half the calves expected to be placed on feed by 4-H club members this year. The count has passed 40, and Lewter is picking several more this week. He expects club members to feed between 80 and 90 head this year.

DD, a petroleum by-product, shows promise of being a practical means of controlling the nematodes which cause plant root diseases, according to M. K. Thornton, agricultural chemist of the Texas A&M College extension service.

DD apparently is as effective in nematode control as other chemicals used for this purpose, including carbon disulphide, methyl bromide mixtures, and tear gas. And the cost is much less than the other chemicals, which average from \$80 to several hundred dollars per acre. Trials at the Plant Industry Station of Beltsville, Md., and at the Branch Experiment station in Weslaco show that DD is highly effective on the common root-knot nematode when soil conditions are favorable. The DD liquid is applied in-holes driven into the soil, or as an emulsion sprinkled on the surface.

**Zoo On West Coast Gets 'Biggest' Snails**

**LONG BEACH, Calif. (UPI)—**Three of the world's largest snails, each with a 14-inch stretch, have been installed in the Long Beach zoo.

The gastropods, from West Africa, were brought to Long Beach from New Jersey by Wesley Dickinson, reptile curator.

The snails now have helix shells seven inches long and are only half-grown. Their two upper horns, tipped by eyes, can be ejected two inches. Dickinson says the snails like to eat apples and cornmeal mixed with jelly.

STRAW HAT DAY, SUNDAY, APRIL 28

FOR SUMMER WEAR STRAW

Straw Hat Day Is Sunday, April 28

Similar to Styles Sketched

The Season Is Changing --- Change Your Hat  
KNOX PANQUIN Tan Shade With Sizer Adjustment 7.50  
KNOX PANQUIN Narrow Band Natural Color 6.50

Lighten Up! Brighten Up! Step into our hat department for a new straw that flatters your complexion. Makes partners with the shape of your face—and compliments your character with a style that's right for YOU.

Hats for a Cool and Comfortable Summer  
Styles and Designs To Suit Every Face

Come April 28th—off with the felt and on with the straw! No need to get hot headed just because warm weather is setting in! Step into our hat department and treat yourself to one of our smart new season straws — they're light as a feather and cool as an ocean breeze. Panamas, braided straws, pineapple straws and plain straws — yours for the choosing. Wide, narrow and medium brims and bands. Hats to flatter your profile — to keep you cool and comfortable while the mercury rockets.
