EXPENSES TOTAL \$716,909; 20 NEW TEACHERS HIRED

School Budget Approved

Slaton School trustees approved a \$716,909 budget, elected new teachers, okayed a school calendar for 1965-66, adopted two policies requested by teachers, and received word that the system's Civil Rights compliance plan was satisfactory during a regular board session Tuesday night.

The budget for the new school year is about \$50,000 above last year, but the majority of the increase stems from teacher pay raises granted by the State Legislature this summer, according to Dr. Lee Vardy, superintendent.

The opening date of school was officially set for Aug. 30 and holidays were also scheduled. Holidays will be Labor Day (Sept. 6), Thanksgiving (Nov. 25-26), Christmas (Dec. 22-Jan. 3), and Easter (April 7-8 and 11).

WATER USAGE SHOWS JUMP

A substantial increase in water usage in Slaton was noted during July, according to the monthly report released by city officials.

Consumption during the month reflected an increase of more than 15 million gallons over the same period in June. Residents used 40,734,000 gallons of water as temperatures rose and rainfall was light. This is compared to 25,217,000 last month.

Citizens used more than a million gallons a day, on the average, compared to 800,000 gallons a day during June Usage during May was 17.0 million. High daily water consumption occurred July 5 when 1,793,000 was pumped to local residents. Low for the month was on July 16 when 667,000 was used following 1.5 inches of rain the day before.

The August figures are expected to remain high as hot and dry weather is expected to prevail.

Construction Figures Drop During July

July building in Slaton decreased from the figure reported in June, permits issued by officials at the city hall revealed.

A total of \$8,500 in building permits were issued during July in contrast with \$30,750 issued during June.

The total compares with \$25,600 issued for May and upped the year's total to date to \$148,160.

The largest permit issued during the month was for Nolan Roberts for the moving of a house owned by Benito Ruiz at 1255 S. 2nd. The permit was \$4,100. Another permit issued during July was for Forrest Lumber Co. for Leo Wendell at 610 N. 20th. The permit totaled \$2,000.

J.E. White was issued a \$200 permit for an auxiliary building at 1120 S. 15th. A permit in the amount of \$2,000 was issued to W.L. Green for an addition at 515 W. Lynn.

H.P. Terry received a permit for \$50 for an auxiliary building at 605 S. 7th. A permit for \$150 was issued to G.L. Maldonado for an accessory building.

Upon request of the Slaton Classroom Teachers Association, the board adopted the following policies: (1) Each teacher shall be given three days of sick leave per year, to accumulate to a total of 12 days; (2) All teachers asked to do extra work connected with athletic activities shall be paid according to fixed schedule. Extra duties include \$5 payment for gate keepers, clock operators or fence duties at football games, and \$3 for gate keeper or clock operator at basketball games.

The board requested Dr. Vardy to present a schedule of disbursements for funds to be received under the Elementary-Secondary Education Act of 1965. These federal funds are to be disbursed by the Texas Education Agency to the various school districts, and a plan for disbursements must be approved by the Agency. Citizens State Bank of Slaton was appointed as official depository of funds of the Slaton Independent School District for the period of 1965-67.

The budget hearing revealed these major items of expenditures in the \$716,909 total: \$528,300 for teacher salaries and instructional supplies, \$30,000 for plant operation, \$28,000 for administration, \$22,000 for pupil transportation, \$81,500 for debt service.

Estimated revenue included \$225,000 from local sources and \$495,500 from state. Assessed valuation of the district is \$12 million with a tax rate of \$1.85.

Twenty new teachers were approved by the board. Dr. Vardy reported the school had only one vacancy to be filled this week. The new teachers and their subjects: Mrs. Sandra Baker, grade 5; Theda Mauldin, grade 4; Theresa Glidwell, grade 4; Mrs. Barbara Seals, grade 1; Mrs. Neal Chastain, grade 1; Cindy Criswell, grade 4.

Jerry Gentry, history; Janet Parry, physical education; Margaret Pedigo, art; Raymond Wood, mathematics; Mrs. Bill Jolly, music; Paul B. Green, music; Mrs. Martha Robertson, English; Benny Thorpe, English.

Mrs. Baker Is Rockies Winner

Mrs. Ann Baker of 1020 S. 12th became the sixth winner of the "Weekend in the Rockies" contest.

Mrs. Baker, a resident of Slaton for one year, said she is undecided about her plans for the weekend, but she may possibly go to Carlsbad.

Her name was drawn by Bill Smith of Smith Ford Co. Friday afternoon. The auto dealer is one of the co-sponsors of the contest.

Other preliminary winners for last week's drawing were Sue Maecker, Mrs. R.E. Choate, Nestor Kitten, Ralph B. Mabry, Jay Gray, Mrs. W.R. Singleton, Andrew Kitten, Mrs. Nestor Kitten, and Mrs. Rex Tomlinson.

Previous winners are A.A. Rinne, Mrs. Jay Oats, Mrs. Walter L. Bednarz, Mrs. S.W. Clark and Mrs. George Pri- vet.

Four more drawings are slated for this summer and residents of the Slaton trade area may register at any of all of the 10 participating merchants.

There is no obligation for registering for the drawing. The only rule is that the registrant be 21 years of age.

Preliminary winners are selected each Tuesday at the 10 retail firms, with the final winner chosen Friday afternoon.

'OPEN HOUSE' SET SUNDAY

Slaton Chamber of Commerce through its publicity committee, is making a pitch for newcomers to the Lubbock metropolitan area to make their home in Slaton.

President Jim Hughes announced this week that ads in the Lubbock paper and over a Lubbock radio station Sunday will invite people to an "open house" in the city Sunday from 2 to 6 p.m.

Local builders with new houses for sale will have representatives at their homes during the hours and everyone will be invited to look them over.

The C of C will set up an information booth on the northwest side of town to welcome any out-of-town visitors. Sheets with a "community profile" will be handed out as well as a list of homes available and a city map.

Interested local citizens, of course, are invited and urged to attend the showing of new homes, too.

Westview Sets Revival Here

A week-long revival at the Westview Baptist Church here begins Sunday and continues through Aug. 15 with the Rev. Grady N. Allison, Baytown, as evangelist.

Reverend Allison is pastor of the Wooster Baptist Church of Baytown. Directing music for each service will be Myron Kattner, music director of the Slaton church.

Two services are scheduled each day with morning services at 10 and evening services at 8. Sunday services are at 11 a.m. and 7 p.m.

A special youth night is slated Wednesday and the church invites all Slaton youth to attend. A children's night is on tap Friday. The two services will be especially for the young age groups.

A fellowship session will follow the revival services and the church invites the public to attend. Allison's wife, Glorieta, will sing at each service. She has been soloist for several opera productions.

The evangelist is a graduate of Hardin-Simmons University at Abilene and the Southwestern Baptist Theological Seminary in Fort Worth.

He has served as pastor for several churches in South and West Texas.

Burglaries, Thefts Top Police Activity

Minor burglaries and thefts dominated police activity this week in Slaton.

About \$8,800 in change and cigarettes were taken in a break-in Friday night at Harris Chevron Service Station at 555 N. 9th.

Huser Hatchery at 310 S. 9th reported someone had entered the building and forced open the cash register which was empty.

Julia Burton at 430 W. Panhandle reported to officers that her house had been entered. She said the curtains were torn down and there was water on the floor.

A motor scooter valued at \$350 was taken from the Kenneth Kahlich residence on Slaton Road. The theft occurred sometime Saturday.

Two soft drink machines at John's Humble Station were burglarized sometime Saturday night. About \$20 was taken in change and drinks.

Pilot Project On Hybrid Sudan Could Prove Boost To Economy

BY ROY MCQUEEN

Planting and harvesting by the Zodiac is almost as obsolete as rolling your own cigarettes, and a pilot project under way in the Slaton area gives emphasis to this fact.

Mayor Acting As City Judge

The office of corporation court judge remained vacant for the second straight week as no formal applications have been made for the post.

Mayor Jonas Cain is serving temporarily as city judge until an appointment is made by the city commission.

The position became vacant more than two weeks ago when W.H. (Doc) Legate resigned after he and commissioners failed to agree during a discussion concerning monthly wages.

Legate resigned during a meeting July 19. He had requested "a substantial raise in salary." The office is now paid \$75 per month.

Legate had asked that he receive at least \$125 per month. Members of the commission said they would consider a pay hike when the new budget is approved. However, they pointed out that a definite commitment could not be made at present.

Hybrid sudan being raised on 4,400 acres here may well be the key to the diversification of the county's agricultural economy.

Cotton has long been the bread and butter of Slaton farmers and the gamble of unpredictable rainfall, hail and governmental control has impeded the success of many.

Hybrid sudan, relatively new to this area, has the advantage of all three of these factors, according to Glenn Akin who farms 500 acres southwest of here.

"Sudan is a good money crop—good or better than cotton he explained. He continued by saying that in the raising of sudan, you deal directly with the seed company through a contract with no government control.

The program first started in 1963 when six farmers planted a total of about 600 acres. Last year about 2,200 acres were raised and this year there are about 4,400 planted, he said.

The contract for foundation seeds is with Northrup-King who has a branch office in Lubbock. Once the crop is produced, the company buys all of the harvest and pays eight cents if it germinates 85 percent.

Services Held For Mrs. Argo

Funeral services were held at 2 p.m. Monday in the Evangelical Methodist Church of Slaton for Mrs. Mary Alice Argo, 86.

She died Sunday in Mercy Hospital here. Officiating at the service was the Rev. Linam Prentice, pastor, assisted by the Rev. Clinton Eastman, pastor of the Westview Baptist Church here.

Burial was in the Englewood Cemetery under the direction of Williams Funeral Home.

Survivors include three daughters, two of which are residents of Slaton. They are Mrs. J.C. Champion of 920 S. 12th and Mrs. George Taylor of 540 W. Lynn. A son, R.A. Thompson resides at 620 S. 12th.

Other survivors are another daughter, Mrs. Coy Sullivan of Plainview, two sisters, Mrs. R.E. Barber of Anson and Mrs. Ida Williams of Dallas, 10 grandchildren, 15 great-grandchildren and five great-great-grandchildren.

Grandsons served as pallbearers.

WORK GOES IN — Slaton's big 1965 program is currently underway and progress of schedule, according to city officials, is a view down one of the 80 blocks to where workmen put finishing touches. (SLATONITE PHOTO)

Paving Project Schedule

Major paving work in the city of Slaton is being completed at the rapid pace.

A total of 80 blocks are included in the original program and the city commission last week added a potential of 12 blocks to the project.

He said approximately 66 percent of the curb and gutter work is completed and some dirt work is finished. Paving is considered a minor part of the construction project.

Pioneer Pavers, Inc. of Lubbock is contractor for the paving program. The firm is also employed for seal coating and surface treatments of city streets.

Pioneer Pavers was low bidder on the project at \$24,640. The repair project calls for the improvement of approximately 96 city blocks. Work on the improvements is scheduled to be completed by Sept. 1.

Wilson Banker Is Promoted

Victor Steinhauser, vice-president of the Wilson State Bank, has been promoted to executive vice-president and cashier.

The announcement was made by Dan Cook, bank president. Steinhauser fills the position vacated by A.L. Holder, mayor of Wilson, who resigned last week to become associated with a Lubbock insurance firm.

Lyntegar Co-op Meeting Slated

The 27th annual membership meeting of Lyntegar Electric Co-Op is on tap Aug. 19 in Tahoka.

The barbecue and program gets underway at 6 p.m. at the Tahoka High School football field. More the \$750 in electric prizes will be given away.

and other details of interest to patrons of the school districts.

Sample copies of the issue will be mailed to non-subscribers in the trade area so they might receive the school information, and so they can read of the back-to-school specials being offered by Slaton merchants.

The so-called "prestige plates" will soon be making their appearance in Texas, and the news makes you wonder what special tags you might be seeing around Slaton.

Up to six letters or numbers can be used on the plates, which will be exclusive with the first one to apply.

Possible plates which come to mind might be: SLATON, OZBALL, SHS-66 (for a high school senior), TGY-BG (for Bob Graves), CSB-TW (for Tommy Wallace), GOP-BK (for Bill Klattenhoff), RIP (for Bud Englund), and on and on.

Applications for the plates can be made here with Mrs. Drewry, deputy tax collector, on the east side of the square. Cost is \$10 plus your regular plates.

TOUR TEXAS FIRST

Boys' Ranch Is Tourist Attraction

There's a touch of the Old West and a lot of the new for visitors to see up in the Panhandle country of Texas.

The ranch, the first of its kind in America, is open to visitors and there are park facilities at the entrance for those who wish to picnic.

Situated along the bank of the Canadian River, the Boys Ranch is about 36 miles northwest of Amarillo and may be reached by taking Highway 1061 from A-

marillo or U.S. 385 from Vega. It occupies the site of what was once Old Tascosa, Cowboy Capital of the Plains, Old Tascosa for a time was the center of the open range world, stamping ground for some of the West's most notorious bad men and focal point for cattle thieves and ranchers.

Located at an easy river crossing, the site started as a meeting place for Indians and Mexican traders who exchanged contraband goods, including women and children. The first permanent settlement was made by sheep herders in 1876, the same year Charles Goodnight and Thomas S. Bugbee brought the first cattle to the free grass empire.

Small ranchers and nesters followed and the boom was on. Hundreds of miles from civilization, Old Tascosa lured the lawless and the law men.

Much emphasis is placed on the purity of the seeds. All fields must be bordered with four rows of males. Patches must be one-fourth of a mile on the south from grain and 400 feet on the north from grains. Both Trudan 1 and 2 females use the same male parent. The female is sterile and will not produce grain.

Dodson Engagement Announced

Mrs. J.H. Dodson has announced the engagement and marriage of their daughter, Linda Ann, to Richard W. C. Height of Lubbock, Texas. The bride is the daughter of Mr. and Mrs. Robert E. Lee of Slaton, and the bridegroom is the son of Mr. and Mrs. D. G. Bray of Dallas. The couple will be wed Aug. 21 in the Second Baptist Church of Lubbock.

Party at Home

After Bednarz entertained the neighbors at a sleep-out party, the party was held at the home of Mrs. M.D. Gamble. Guests included: Mark, and Timmy Lewis; Karl Bednarz; and Debbie Bednarz.

MISS LINDA DODSON

Mr. and Mrs. M.D. Gamble visited their granddaughter, Miss Linda Ann, at her home in Lubbock last week. Mr. and Mrs. James Vannoy visited Mrs. Vannoy's brother, Bill Butler in Lamesa last Sunday.

FHA Girls End Degree Work

Twenty-one Slaton High School FHA girls have recently completed work on Degrees of Achievement. Working on a degree is a voluntary experience in which any FHA member who has completed a course in home-making and who has a passing grade average may participate. Degree candidates set up personal, chapter, home, school, and community goals for self-improvement and strive to achieve them through organized planning. Records are kept of FHA, school and community activities which show evidence of individual growth.

The record is compiled and application is made for a Degree of Achievement. The beginning degree is known as the junior degree; the intermediate degree is the chapter degree; and the highest degree is the state degree, which receives state recognition.

Bill Smoots Are Proud New Parents

Bill Smoot, formerly of Slaton, and his wife are the new parents of a 8 lb., 8 oz. boy born July 25. They named him Billy Raymond Smoot II.

The Smoots reside in Odessa where they both teach school. Paternal grandparents are Mr. and Mrs. Raymond Smoot of Slaton.

Word has been received by Mr. and Mrs. Bandy Cash of Justiceburg that their son, Norm Cash and his wife of Laredo have adopted a little daughter. Norm is a star major league ball player with the Detroit Tigers. He is the grand-nephew of Mr. and Mrs. J.B. Butler of Slaton.

It's a woman's WHIRL

BY LAVON NIEMAN

The Niemans are back from the mountains at Tres Ritos, N.M. We've never seen it more beautiful up there. They had plenty of rain and enjoyed a heavy snow last winter. It rained the three days we were there, and we were hoping it was raining here while we were gone.

WW

Our two boys spent nearly a month visiting Speedy's parents at their mountain home. Their first day back home, Stevie said, "I wish it could be as cool here as the hottest day in the mountains, and I'd be satisfied."

WW

Our trip was very pleasant except for one incident along the way. When we stopped for gas in Santa Rosa, N.M., the station attendant told us our battery was not any good, and we couldn't go much further without having trouble.

Hubby was a little leery, so we had it checked at a garage where the service man said it was okay. He had a number of calls it seems, and explained that some of the stations had men working on commission. These "enterprising" young men were trying to make some extra money from passing tourists. You might keep this in mind when you're traveling...it might pay to double check a trouble from a station attendant in a "tourist town."

WW

We were discussing how long it would take to make the trip. After making the trip Christmas with the luggage rack full of suitcases and boxes, we really weren't quite sure. On the Christmas trip, we lost articles from Lubbock to Las Vegas, N.M., stopping every few miles to tie down the load again, and when we stopped in Las Vegas, one suitcase was hanging off the back of the car by a piece of rope. Well, that trip took eight hours, and we saved two hours this time by carrying everything inside the car.

I learned one thing on that Christmas trip, Speedy and Bernadine Grabber (who made the trip with us) can't tie down luggage worth a darn.

WW

Plans are in the making for open house Sunday in the new homes in Slaton that Slaton Lumber and Higginbotham-Bartlett have for sale.

I'm looking forward to seeing the inside of these homes. They are generally kept locked and shown by appointment only, so this will really be a good opportunity to get a "free" look.

WW

Mrs. Ted Melugin, our correspondent for Wilson, will be on vacation for the next two weeks or possibly longer. She plans to enjoy a much deserved rest from the task of gathering news for awhile, but will be back on the job later. If you have any Wilson news, please bring it by the Slatonite call, or send by mail while Mrs. Melugin is vacationing. Our box number is 775.

Bridal Luncheon Fetes Miss Lee

Miss Canzada Lee, bride-elect of David Bray, was honored with a bridal luncheon Saturday at 1 p.m. in Dunlap's Tea Room in Lubbock. Miss Lee is the daughter of Mr. and Mrs. Robert E. Lee of Slaton, and the bridegroom is the son of Mr. and Mrs. D. G. Bray of Dallas. The couple will be wed Aug. 21 in the Second Baptist Church of Lubbock.

Hostesses for the luncheon were Mrs. F.A. Drewry and her granddaughter, Miss Carole Schmid of El Paso.

Colors of white and aqua were used in the table decoration. Special gift was silver.

Other guests were Misses Elizabeth Grimes, Sally Slight, Karen Watson, Jean Cato, Sunnye Fitzgerald, and Mrs. Jerry Smith.

STRICTLY PERSONAL

Mr. and Mrs. Ben Davis and son, Randy, and Mr. and Mrs. Elton Weaver left Monday morning on a fishing and camping trip to Arizona. The Davis's daughter, Pam, is staying with Donna Stricklin while her parents are out of town.

Visitors in the home of Mr. and Mrs. J.B. Butler on Sunday were Mrs. Butler's sister, Mrs. Callie Cash of Post; Mr. and Mrs. Bandy Cash and son, Clyde Allen of Justiceburg; Callie Jean and daughter, Callie Jean and Callie's friend, Doris Neal of Levelland.

Mrs. Callie Cash remained here for a week's visit with her sister.

Mr. and Mrs. Harley Martin from Slaton were also guests at the reunion.

I was talking to Mary Jane Jackson this morning and she said that everyone had a wonderful time visiting with each other and comparing children and that they plan to have another reunion in 1967. I think that it is just wonderful when graduating classes do have these reunions occasionally.

I think it is a lot of fun to see how much older our former classmates look than we do and how more weight they have put on then we have and how much more bald they are than we are.

and then when the reunion is over we go home and look in the mirror and are really surprised to see how much we look like our classmates! ha ha. Anyway, I would like to say "Congratulations" to all of you in these two classes for having a successful Class Reunion.

HOME FROM HOSPITAL

You have heard of things happening in pairs? Well, it did at the Donald Basinger home because last Thursday two of their children had tonsillitomy.

Everything went fine and they are at home now. We had another terrible thing to happen in Southland Sunday night. The Southland Hardware was robbed. I hope that it won't be long until they find out who did it and catch them.

Sounds like Mr. and Mrs. W.P. Lester had a lot of visiting going on at their home this past week-end. Visiting them were Mrs. G.E. All persons 65 or older who currently receive monthly railroad benefits, will automatically participate in the insurance program.

Aged persons not receiving monthly benefits are also eligible for health insurance coverage.

Do Not Deceive

"Do not be deceived; God is not mocked, for whatever a man sows, that he will also reap." — Galatians 6:7

We are foolish to believe that we can deceive God with any outward display of faith and principle. More real than the pressure of our own conscience is the truth that God will not be deceived, will not be mocked.

Goodness is a trait that some despise because it often poses a "handicap" in business deals and in one's relationship with his fellow man. A man may hate his conscience for what it makes him do—or not do—but within his inner self he is at the same time grateful because he knows that there is some reward for goodness.

GRID WORKOUTS START AUG. 16

Football Fever Ignites As Plans Made For Season

The football fever ignited in Slaton this week as coaches attended the annual coaching school and announcements were made concerning the approaching grid season.

According to Neal Chastain, head coach, two-a-day workouts for varsity and B-team gridgers are on tap beginning Aug. 16.

A new ruling by the Texas Interscholastic League permits schoolboys to receive shoes and socks next Wednesday.

Coach Chastain said the shoes would be issued that day and physical examinations are tentatively scheduled the same day.

Coach Chastain also urges footballers to obtain their varsity notebooks this week from one of the tri-captains. Tri-

captains for the 1965 season are Larry Hownds, Danny Scott and Billy Martin.

From 40 to 55 boys are expected to report for the first day of workouts. Working with the team will be Chastain, Doug Duncan, Tommy Laceywell, R.G. Copeland and Joe Sparkman.

Chastain is in his second season with the Tigers. A new face on the coaching staff will be Duncan who moved from Wilson to Slaton.

Approximately 20 fresh gridgers will begin workouts when school gets underway. The junior high squad will also see action then.

The freshman team will be under a new setup this fall. The varsity will continue to workout

the last period and after school while the freshmen will see action during the fourth period, according to Chastain.

The Tigers will be anchored by 11 returning lettermen. There are seven returning defensive starters and five offensive regulars.

Four boys went both ways last year. They are quarterback Billy Gass, halfback Steve Harlan, fullback Larry Hownds and guard Oscar Henderson.

Doug Williams saw action at center last fall while defensive regulars were Joe Olague, Victor Ghristan and Henry Johnson. Olague is a guard and the latter two are halfbacks.

Three other players saw a lot of action. They were Billy Martin, tackle; Danny Scott, guard; and Bobby Magallanes, end.

Other top prospects are ends Jack Mason, Oren Smith and Bryon Johnson, tackle Tommy Donaldson, fullback Larry Pickens and quarterback Allen Miles.

Chastain said overall speed of the team is improved although there is no breakthrough threat.

"We have fair size and fair depth," he pointed out.

The largest linemen will be

Martin and Williams who will tip the scales about 200 pounds, the coach said.

Coaches in the district have picked Slaton to finish fourth in the loop chase with the Denver City Mustangs a clear-cut favorite to take the crown.

Chastain said the boys won't be contented to finish fourth this year. "Some of the boys were disappointed when 'Texas Football' picked them to finish third."

"If the boys set their minds to it, we can do real well," the coach continued.

Season opener for the Slaton Tigers is Sept. 3 when the locals play host in Petersburg. Other non-conference tilts are Sept. 10 with Idalou, Sept. 17 at Tahoka, Sept. 24 at Crosbyton Oct. 1 at O'Donnell and Oct. 8 at Lockney.

District competition gets underway when the Tigers play host to Denver City in a crucial contest Oct. 15.

The crew travels to Friendship Oct. 22 before resting during an open date Oct. 29. Slaton hosts Post Nov. 5 and then invades Morton for the finale Nov. 12.

National Guard Advisors Here This Weekend

Saturday and Sunday Lubbock's National Guard Unit will have a recruiting advisory team available at the City Hall to consult with young men between the ages of 17 and 26 years who might be interested in joining the National Guard.

Any young man between these ages without prior military service is invited to stop by and discuss his own personal military obligation with this team.

Lubbock's Guard Unit has openings for only a limited number of new men, according to Captain Rodney Young, Unit Commander. He said, "Fulfilling your military obligation with a hometown unit is a good way for young men to serve their country and benefit themselves at the same time." It is possible to fulfill this obligation with just six months of active duty instead of two years active service.
