Akin, Self Lead Scout Campaign

The annual 37-town finance campaign for South Plains Council, Boy Scouts of America, will kick off its drive Tuesday, Oct. 17 with Jack F. Strong of Lubbock as general chairman. Clark Self Jr. of Slaton heads the steering committee in Slaton, with Glen Akin as general chairman of the finance campaign.

Other members of the steering committee include Dr. Lee Vardy, special memberships; Gerald Kendrick, audit chairman; Carroll McDonald, sustaining membership chairman; Speedy Nieman, publicity and program arrangements.

"Majors" named to recruit enrollees in the program are Kenneth Henderson, Wayne Cooper, M. W. Kerr and Johnnie Moore.

A meeting of the steering committee is scheduled today at 3 p.m. in the Community Room at CSB. The kickoff breakfast is set at The Carnation House at 7 a.m. on Oct. 17.

Local leaders will be signing up volunteer workers to contact friends of Scouting in the community. The 1968 budget of the 30-county Scout Council is \$150,911. Of this amount, 15 United Funds will provide \$107,623, while the balance "fair share" of \$43,288 is expected in the current campaign.

Simultaneous kickoff breakfast meetings of workers will be held in each community at 7 a.m. on Oct. 17. A special television program from 7:30 to 7:45 a.m. on Channel 11 will be beamed to the workers assembled as well as to the general public.

Tigers Seeking 'Overdue' Win Over Antelopes

Friday night is Homecoming at Slaton High, and exes would like nothing better than to see their tigers beat the Post Antelopes.

For one thing, Post is a traditional rival; for another, recent exes can't remember ever beating Post.

The last time Slaton won a grid contest over the Antelopes was in 1961 when the scoreboard showed the Tigers on top by 14-12.

The past five years Post fans have enjoyed the game immensely, but Tiger fans think this is their year to howl. Time will tell, and it begins at 8 p.m. on Tiger Field. Slaton will draw the favorite's tag this season, but you can throw the book out the window when these teams collide. The Tigers are 3-2 on the season and 1-1 in district play, while Post is 1-4 on the season and 1-1 in District 4-AA action.

The Antelopes are the defending champions, having defeated Denver City last season, but Post graduated eight starters. Coach Glynn Gregg's three returning veterans are back Dennis Altman, tackle Norman Tanner (6-4, 205) and guard Ronnie Petty.

Coach Ernie Davis reported a couple of injuries this week, but his starting lineup is expected to read the same as usual tomorrow night. Halfback Paul Hall had a bruised hip, but was expected to be ready. Reserve guard Roy King was on the doubtful list with a more painful hip bruise.

Should Hall not be ready, Coach Davis might move fullback Richard Washington to halfback and bring in Dale Harris at the fullback post. Harris is a standout guard on defense.

Washington is the big rushing leader for the Tigers with 344 yards on 74 attempts, or a 4.6 average per carry. Doyle Ethridge carries the same average on 41 trips for 191 yards. Harris has the best average—6.4, with 142 yards in 22 rushes. Hall has 113 yards in 32 trips. Washington is the scoring leader with seven touchdowns.

Don Kendrick, Slaton Fire Marshal, presented a program in connection with Fire Prevention Week when he was guest speaker at the Slaton Lions Club meeting Tuesday.

Kendrick gave some figures on local fire losses this year, then presented a film on the importance of fire prevention. The fire chief reported that Slaton Volunteer Fire Department has answered 35 calls this year, through September.

The fire chief said eight of the calls were out of the city limits. Insured fire losses to date total about \$75,000 to \$80,000 said Kendrick.

Kendrick listed the probable cause of local fires, pointing out the alarming number of arson cases, nine, which were reported.

Club President Speedy Nieman announced that a membership drive is underway, and members will concentrate on bringing guests to next week's luncheon meeting.

Points out that Lubbock is one of the island shipping points in the state. John should not be permitted to bring anything that's not in a box. Ability of all-weather transportation must be a community—especially to a place such as Lubbock. Of course, Santa Claus is that the only time it can get passengers is during bad weather—when a traveler would rather go by air or drive.

But is made, it would take out the Clovis west and eastbound passenger bus. Area residents could not catch a bus to Fort Worth or to Houston.

With cotton crops developing more rapidly than normally expected, the ginning season is getting underway around the Slaton area.

A good number of mechanical cotton pickers moved into Slaton the past week from the valley, and this has resulted in some of the longer staple cotton already moving into gin yards.

Weather conditions have ranged from favorable to semi-favorable across most of the area. Rainfall last Friday night

One minor accident and issuance of 23 traffic citations topped activities at Slaton Police Department the past week.

Arrests reported included: Possession of alcoholic beverages by minors 6, drunk in car 5, drunk 6, affray 2, abusive language 2.

The accident recorded was in the 100 block of W. Panhandle. Drivers of the vehicles were Paula A. Conner and Dale W. Harris. Minor damage and no injuries were listed.

Voters Approve Hospital Issue

A relatively small number of Lubbock County voters Saturday gave a 2-1 margin of approval to the creation of a hospital district with the authority to tax and to sell \$4 million in bonds.

of the issues passed by better than 2-1 margins, while the tax question was almost at that point. Creation of the district carried by 5,437 to 2,464 with unofficial returns showing some 7,928 voters going to the polls in the county. This represented about 27 percent of estimated voting strength.

Proposition 2 (to levy a tax not to exceed 75 cents per \$100 valuation) showed 5,215 for, 2,706 against; while Proposition 3 (the issuance of \$4 million in hospital bonds) carried with 5,338 for and 2,550 against.

Slaton voters, like most area outside of Lubbock, voted against the issues. A total of 295 persons cast ballots in the three Slaton boxes. Unofficial results from the boxes, for and against: Clubhouse—35-61, 32-62 and 35-61; West Ward—54-79, 50-82 and 51-81; S.F. Austin—15-52, 14-52 and 13-53.

Approval of the issues gives a big boost to Lubbock's hopes of securing a state medical school for Texas Tech. The school-hospital twin facilities are viewed by some as meaning more to Lubbock's future than anything that has happened since the opening of Tech.

Only three boxes in Lubbock—all in the eastern part of the city—failed to carry the three issues. In the rural areas, however, 11 of 16 boxes voted the opposite.

C-C Membership Drive Planned

Slaton Chamber of Commerce directors met in regular session Tuesday night in the Municipal Building with committee reports highlighting the meet.

A membership drive was launched this week with Dick Hartman as chairman. It is the first organized membership drive in two years.

A list of nominees for the upcoming election of directors was presented. Candidates will be contacted before ballots are mailed to all Chamber members.

Don Kendrick reported on the annual Christmas lighting program, and announced a meeting will be held Thursday morning for further planning. Carroll McDonald reported on industrial development activities.

Jake Wendel reported on plans for a Friday 13th sale, with the retail trades committee seeking merchant cooperation on "lucky black cat specials" for the monthly Fabulous Friday sale.

DEPOSITS UP BY MILLION

Citizens State Bank of Slaton reported deposits of \$6,800,567.34 at the close of business Oct. 4, according to figures announced in a bank call this week.

The \$6.8 million was an all-time high for this reporting period. Last year at this time, deposits were at \$5,695,379—some \$1.1 million less than the current total.

Record high for deposits at the bank was reported on Jan. 10, 1966 when the total was \$7,301,000.

The bank call this week showed loans totaling \$4,718,960—up slightly over last year's total of \$4,362,455.

Bank president T. J. Wallace said he believed the figures reflected an "overall improved economic condition" in the area.

The fun is in the going, not in the arriving," says Dr. James Cornette, "and the sooner a person understands this, the more satisfaction he'll get out of life."

Occasion was the annual Slaton Rotary Club Teacher Appreciation Banquet last Thursday night in the junior high cafeteria with more than 150 Rotarians, teachers and guests attending.

Dr. Cornette, president of West Texas State University, was guest speaker and received the "VIP" treatment -- being presented with the "Key to the City."

Dr. David Hughes, Rotary president, introduced Dee Bowman who had been "deputized" by Mayor Jonas Cain to make the presentation.

Dry Cold Front Drops Mercury

A dry cold front chilled the Slaton area Tuesday night, but the mercury skidded only to 42 degrees, according to a report from Pioneer Natural Gas Co.

After a low maximum of 64 Tuesday, the temperature was expected to climb to about 75 degrees Wednesday. The mercury had also dipped to 42 early Sunday morning before climbing back to 80.

A brief rain covered much of the area Friday night, ranging from heavy traces up to 1 inch around Southland. Slaton had about .4 of an inch in two showers Friday night.

Most farm observers reported only slight damage to crops, if any. A wind accompanying the rainfall was reported to have "strung a little cotton" in some fields.

It's a woman's WHIRL

BY LAVON NIEMAN

It has been mentioned to me and hinted that a reminder would be good for some of us who seem to forget some of the etiquette of the Stars and Stripes.

When the flag is raised at our football games and the National anthem is played, we, as Americans, should honor the flag. Men in civilian clothes should remove their hat with their right hand, hold it at left shoulder, the hand being over the heart. Uniformed men render military salute. Men without headress and women render hand to heart salute to show correct honor toward the U. S. flag.

Also ... today is Columbus Day, a day to display our Old Glory.

Who would have realized the Triangle Garden Park could be so beautiful...unless it was those hardworking gals in the Slaton Garden Club. If you haven't driven down Division Street since the flowers are in bloom, you have missed something.

I overheard a word from a mother to her eighth grade football son Tuesday night at Frenship... "if you HAVE to play, please be careful!"

Earlier that day he had told his mother to try to come to the game. His reason? "I may get to play, cause those Frenship boys are big and there may be a lot of injuries".

Many Slaton residents responded to a call last week for clothing, household goods, food and other things for victims of the flood on the Texas coast.

It is heartwarming to know that people from all faiths and all walks of life will pull together to help those in need. So far one and one half truck loads of items have been taken to a distribution center at Harlingen from here, Slaton Co-op Gin furnished the truck and driver that took the load Saturday.

Weather Doctors Offer Area Service

What is a Weather Doctor? He's six men in one and Slaton area residents can call on him for all types of heating, cooling and plumbing work.
 The relatively new business is headquartered in Wilson and offers service to a wide area. Owners of the firm -- David Peterson and Bill Fellers, are the "weather doctors", and they doctor the weather inside dwellings and business -- not in the wide open spaces.
 Air conditioning is more than "cooling", points out Peterson, who formerly lived in Slaton for five years. He invites local residents to see the display of a "comfort package" at Southwestern Public Service Co. in Slaton. It automatically cools, heats, controls humidity and filters air year around.
 Peterson holds a master plumber license (17 years) and has attended service and installation schools on refrigeration and heating. He and his

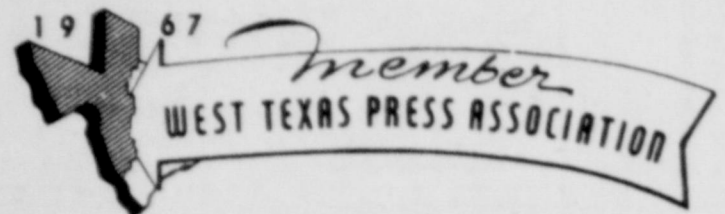

wife, Neoma, have three children -- Valetta, 16, Wayland 14, and Leslie, 8.
 Fellers is a native of the Abilene area. His training includes three years with American Refrigeration Engineer's Society, and three factory-supervised schools.
 He holds certificates of proficiency in refrigeration and electrical work, application and engineering, installation and service. Before embarking on the new business, he was employed by Morrison Supply, Lubbock, doing designing, sales and layouts of heating and cooling systems. He has seven years experience in the trade as a technician. He and his wife, Sherry, have one son, Billy Jr., 11 months.
 Stressed in the policies of their business are, of course, complete refrigeration and heating sales and service, plus preventive maintenance contracts on the units, filters and cooling pads, and day and night service with two modern service trucks.
 Products sold and serviced by the company include Day and Night water heaters, furnaces (both gas and electric) and refrigeration and heating units; Maytag washers and dryers; Eljer, Crane and American Standard plumbing fixtures and supplies; Del Norte and Alpine evaporative coolers; In-sink-erator garbage disposals; Electro-Air and Airaire fresh air humidifiers.
 The company is also a recommended electric heating dealer certified by Southwestern Public Service.

 "We all have a dream of getting our tents built and sitting back and relaxing, but the real enjoyment is in the building."
 The educator had a word of advice for parents, too. "The worst thing you can do for your children is to 'build too many of their tents for them instead of allowing them to have the fun of doing it."
 Dr. Cornette told teachers that "one of the most important persons in the world to me in the year 1967-68 is a first-grade teacher in White Deer, Texas." He added that he didn't know that person, but he or she was the teacher for his granddaughter, Connie.

VETERANS LAND PROGRAM

AN EXPLANATION OF THE VETERANS LAND PROGRAM CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOV. 11, 1967.

(For further information, all veterans--whether they belong to a service organization or not--are urged to attend an important meeting Tuesday, Oct. 10 at 7:30 p.m., American Legion Hall, Slaton City-County Park.)

The Veterans Land Program of Texas was enacted shortly after the close of World War II to show the appreciation of the citizens of Texas for the time spent in the service of this country by Texas veterans. The program was designed to enable a veteran to purchase a piece of the land which he fought to preserve and protect with only a small down payment, low interest rates, and payments covering a period of 40 years.

Since the days of the Republic, Texas has always rewarded her fighting heroes by donations of land grants. Now that all public land has been disposed of, the Veterans Land Program is the next best way to permit Texas veterans to own a piece of land. Since its inception in 1949, the Veterans Land Program has stood on its own as one of the soundest state endeavors in modern times. It has been most successful and throughout the years has not cost the taxpayers for its operation and the purchase of land. On the contrary, it has made a profit for the people of Texas over and above its cost of operation.

On December 1, 1965, the last purchase of land was made under prior amendments permitting 35,300 veterans to buy approximately 3,000,000 acres of land. The purchase of land not only helps the veterans of Texas, but the economy as a whole derives great benefits from such an endeavor. From the sale of the first \$200,000,000 in bonds there has been over \$242,000,000 spent for the purchase of land. This includes the profit made by the program and also the 5 percent down payment and the difference money paid by the veteran purchaser. Since each dollar spent turns over at least eight times, the spending of \$242,000,000 is equivalent to placing over one and a half billion dollars into the economy of the state. This is in addition to the benefits derived by the public as a whole from the improvements made on the various places and the money spent by each veteran purchaser in the community where the land is located. Attorneys, abstractors, title insurance companies, fire insurance companies, surveyors, real estate brokers, lumber yards, and tradesmen of all categories directly feel the effect of the increased business derived from the purchase of land by the 35,000 or more veteran purchasers.

The new Constitutional Amendment to be voted on November 11, 1967, will give the people of Texas on Veterans Day an opportunity to show their appreciation to the veterans of Texas for spent in the service of their country. Veterans who have not had an opportunity to take part in the Veterans Land Program, and this amendment would give them an opportunity to buy land in Texas with other veterans who served in World War II and the War. It would include a veteran who served from 1940 to the date of withdrawal of troops from present armed conflict. All veterans who are presently living in Texas are permitted to purchase the program. All those who moved to Texas and resided in Texas for five years prior to application to purchase the program would also be permitted to purchase. Each veteran would be permitted to purchase a tract of sale \$10,000 land with a 5 percent down payment, appraisal fees of \$50, and legal fees not to exceed the interest charged on the past purchases exceeded 4-1/2%. Payments would be semi-annual and would be amortized over a period of 40 years. Any tract of land of a minimum of 15 acres to be purchased under the program, there being no limit as to use. A veteran also select a tract of \$10,000, but he required to pay the balance between the purchase of the land and \$15,000, the maximum amount to be paid by the Veterans Land Program for each veteran may pay at any time without a deed to him. He can also make improvements and carve out a homestead if needed, but he does not wish to pay off the loan in full, unless after he has held the property for three years he transfer his property to a veteran or non-veteran purchaser would balance due on the original veteran's equity from the land at whatever price is on between the two parties. The amendment would also provide for the service and who would also purchase the Veterans Land.

If the Constitutional Amendment to be voted on 11, 1967, is approved by the people of Texas, the Land Board will start selling land for the State of Texas and other veterans a cash bonus always followed the making land available. This Constitutional Amendment follows a historic State of Texas and beneficial to all the people of this State.

October Is Protestant Press Month

October has been designated as worldwide "Protestant Press Month." It is a time for both producers and consumers of religious literature to pause and consider the value of the printed word. The fact that every blessing of life may become a curse is nowhere better illustrated than in the means of mass communication. The same kind of presses that print the Bible and the millions of magazines and books dedicated to Christian use are also used to print the flood of smut and pornography that threatens to swamp the minds of the impressionable younger generation.

It has been just a little over five hundred years since the first book was printed in Europe from movable type, by Johann Gutenberg. Fittingly enough, it was a Bible. The first means of spreading the faith is, as it has always been, the spoken word. Yet in some ways, the printed word is equally important.

The first periodical to use the name "magazine" was published in England in 1731. From such small beginnings, magazine publication has grown until last year in the United States subscription figures reached a total of 220 million. Multiplied by the number of times per year each individual magazine is published, the total number of periodicals printed would approximate six billion.

According to Rev. David K. Powers, pastor of the Slaton Church of the Nazarene, "Press Month" is a good time for the consumers of literature to take stock of their reading habits. The theme of the month is "Readers Make Leaders."

"Paul's command to Timothy, 'Give attendance to reading,' may well have application to the public reading of the Scriptures," he said. We never outgrow our need for reading.

HELPING OTHERS--A community effort by Slaton residents will make one half truck load of goods from the Baptist Church went earlier last week and the truck pictured above was loaded Saturday morning and left for Harlingen. The truck and driver, Rex Turnham, furnished by Slaton Co-op Gin. Loading the truck are Floyd Guelker, Rev. J. L. Eastman and Curtis Alsbaugh.

LETTERS TO THE EDITOR

We, the Catholic ladies, who initiated the drive for flood victims, would like to express our thanks and appreciation to all the different clubs, churches and all the good ladies who helped in any way with the community drive for the flood victims.

We also want to thank The Slatonite for publicizing the drive and to several business places who were so kind to save boxes we needed so badly; to Howard Hoffman for the use of his building; to Slaton Co-op Gin who furnished a truck and driver to Harlingen; and to Hack Lasater for helping look after the things.

Most of all we want to thank each and every one who donated items. There was an enormous amount and we feel all concerned will be rewarded for their help.

Do With Love

"Be watchful, stand firm in your faith, be courageous, be strong. Let all that you do be done in love."
— 1 Corinthians 16:13, 14

Would not life be pleasant if we were free to do only the things we enjoy doing? Would we find a state of complete happiness if we awoke each morning and knew that no one expected us to do anything at all?

The truth probably, is that most of us would be quite miserable. We could not live an aimless existence. Our very nature compels us to recognize and accept responsibilities. We know where our duty lies, even if we would let someone else have the job, given half a chance.

We should try to enjoy more the things we do not like to do. We cannot make ourselves love everything we do, but we can do more with the spirit of love.

Mayor Jonas Cain reported that the beginning date for Canadian River Municipal Water had been moved up to April 1, 1968. It was previously set for July 1. The city does not have to take water at that time, but a pumping charge will be assessed by the authority.

J. L. Reed, 835 S. 20th, appeared before the commission to appeal a 30-day notice to move a trailer house off his property. The unit was rented in violation of a residential zoning ordinance.

Reed explained that he had obtained a plumbing permit from the city, the city inspection was approved, and that the mayor told him "as far as he knew" there was no ordinance against it. Since he had fenced the trailer in his back yard and one neighbor had withdrawn his complaint, Reed asked the commission to reconsider the order.

After discussing the matter,

the commission agreed the case should be taken to the Zoning Board of Adjustment. Two commissioners noted that an exception had been granted recently in a somewhat similar case. An extension of time on moving the trailer was granted until after a board decision is made.

The commission approved an ordinance accepting the 9th street curbing project, and passed a resolution to purchase paving liens from Municipal Investment Corp. The latter papers were on the Division Street curbing program, where the city had agreed to take \$18,000 worth of assessments back on homeowners.

City Sec. Gerald Kendrick noted that only \$7,800 was left in street bond money, and the total bill to the investment corporation was \$20,017.43 with interest. Commissioners approved payment with the remainder coming from the water improvement fund.

The commissioners agreed on a suggestion by Mayor Cain that the city hold up on leasing the farm land at the airport site until further information was available from the ASC office. The city will put the land up for lease bids, apparently hoping for a cash basis contract.

Discussion of a policy to appoint each commissioner as departmental supervisors was held again. Commissioner Rudy Dominguez reported he had checked on the operation of a similar setup at Post and officials there were highly favorable of the plan.

Commissioner Henry Bollinger said several citizens had spoken to him in opposition of the plan, and he added that he was against it, too. It could place a heavy burden on a single commissioner, said Bollinger, when all decisions should finally come before the entire commission anyway.

Earl Reasoner said he thought the plan would give department heads more confidence in discussing problems with one commissioner, and he was for it because it might improve municipal operations.

The matter was tabled after Mayor Cain suggested the group wait until the entire commission was present. Hugo Mosser was absent Monday night.

The commission approved purchase of a water fountain for the police department.

County Shop Being Built

Construction is well underway on the new Lubbock County Maintenance Shop, located on the Lubbock highway at its intersection with Cemetery Road. County Commissioner Max Arrants reported the shop will include four bays with an electric hoist and wash rack, a storage room, and office and rest room. An outside wash rack is also included.

The property, formerly site of a drive-in theater, was obtained from the City of Slaton. A cyclone-link fence has already been installed around the property. Contract of \$29,500 was awarded to M. L. Pirtle, Lubbock contractor. Arrants said the new shop is expected to save on time and minor repair bills. The old county "barn" here was located at 3rd and Division, with only storage space available.

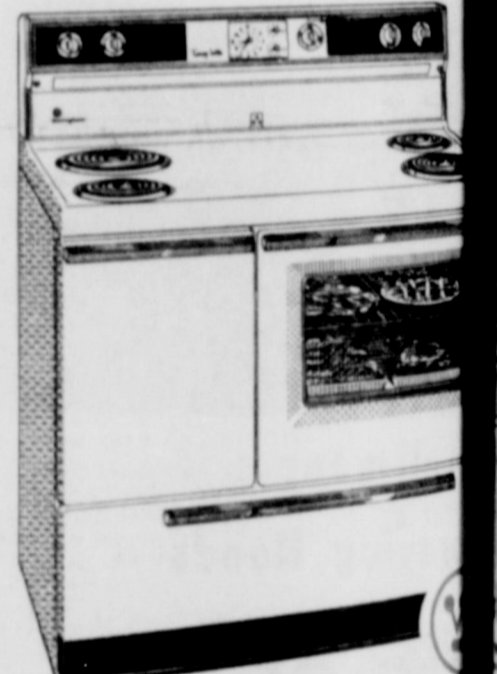

NEW COUNTY SHOP---The term "barn" will be outdated when the new Lubbock Maintenance Shop is completed here in Slaton. County Commissioner Max Arrants is looking over the shop as construction moved well along this week. Shop is on old US-84 and Cemetery Road, on land purchased from the City of Slaton. (SLATONITE)

but Morton fullback Charles

Several plays later, Slaton
got the ball again and Johnson
came in to try a field goal
from the Morton 46. The snap
was bobbled, however. Morton
took over and drove to the Tiger
20 as time was running out. Scott
intercepted a pass on the 5
and returned it to the 33 to
stop that threat.

down pass was intercepted.
Morton got one first down
before turning the ball over to
Slaton again, and the Tigers
moved to the Indian 24 before
Morton stalled them again. The
Indians took over on their own
26 and drove all the way for a
score.

Harvey and Charles Joyce did
most of the leg work, and Morton
gambled and won on two 4th-
down situations. Slaton ap-
peared to have stopped the drive
when Harvey was tackled for a
yard loss on 4th and 3 at the
4-yard line. The Tigers were
penalized for illegal procedure,
however, and Joyce plunged ac-
ross on the next play with
just 42 seconds left in the half.
A running attempt for 2 points
failed.

Hall almost broke on the
opening kickoff of the second
half, returning to the Tiger
41. Washington hit for 5 on the
first play, then broke all the
way on a 54-yard scoring run.
Joyce had a shot at him, but
Washington won the foot race.
Johnson's kick was good to
make it 19-6 with 11:09 left in
the third period.

Several plays later, Ethridge
recovered a fumble on the In-
dian 36. Ethridge broke over left
tackle two plays later and dash-
ed 21 yards before being caught
from behind on the Morton 6.
However, the Indians put up a
stout goal-line defense and took
over the ball on the 10.

On the third play following
the ensuing kickoff, Washington
intercepted a pass on the Tiger
40 and returned to the Morton
44. Slaton got a 5-yard penalty,
but Ethridge took care of that
with a 16-yard scamper. Two
plays later, Hall set sail around
right end, got a key block from
Williams and went 29 yards for
a score. Williams overthrew
Washington in the end zone on a
try for two points, but it was
12-0 with 3:16 left in the first
period.

Morton still couldn't make a
first down and Slaton got the
ball again before the first quar-
ter ended. The Tigers marched

Morton had to punt as the
fourth quarter got underway,
and Slaton got it on the Tiger
36. After two short gains, Wil-
liams hit Hall in the left flat
with a pass. Hall bobbled the
toss, held on and spinned away
from one tackler, got a key
block and went the remaining
distance on a 58-yard scoring
play.

The Indians got a first down
after the next kickoff, then had
to punt. The kick was short and
Slaton's second unit took over
on the Tiger 45. Harris got a
first down with a 22-yard run
but a 15-yard penalty set the
Tigers back to the Morton 42.

Enjoy Total Comfort

with **DAY & NIGHT** Air Conditioning

Most people who don't have air conditioning think that "cooling" is all it has to offer. Don't you believe it. People with Day & Night air conditioning know the joy of an air-conditioned home just begins with cooling—and they often value other benefits more—a clean home—a quiet home—a "fun" home—and a happier healthier family. That's what total comfort means!

And all Through the Year

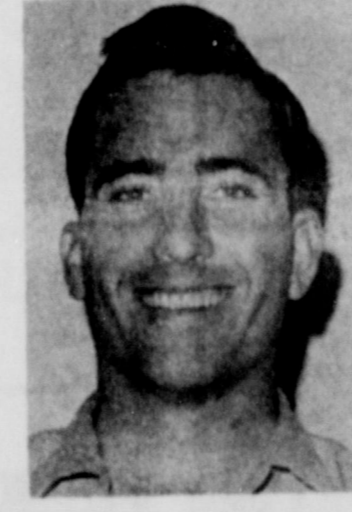

Spring showers bring humidity (as well as flowers)—but not to air-conditioned homes where excess moisture is wrung from the air for total comfort.
Summer heatwaves! Who cares? No need to open windows for a possible breeze (along with dust and pollen). Inside your air-conditioned home it's a perfect day every day!
Fall weather is fickle—hot one day and cool the next—or warm all day and cool all night. But let it change—outside. Inside an air-conditioned home—comfort is constant—just as you like it.
Winter weather may whistle round your door—but year around air conditioning wards off its threat of chills and ills. Your home is cozy—your family happy and healthy.

Wilson Tops Cooper, Takes On Top-Rated Meadow Next

Wilson picked a tough football opponent for Homecoming, but if the Mustangs can topple the area's No. 1 rated Meadow Brooks Friday night, home fans will really have something to shout about.

Last week's area ratings had Meadow on top of the Class B ladder with Wilson in third place. More important, however, will be the standing in District 2-B after Friday night. Wilson scored a 35-0 victory over Cooper last week, while Meadow rumbled past Sundown by a 29-0 score. The winner will be favored to take the loop

crowd, but Amherst would still stand in the path of the Mustangs. Meadow took a close 13-6 win over Amherst.

Meadow is undefeated with a 5-0 mark, while Wilson is 3-1 on the season.

Last week, Wilson scored early and took a 19-0 lead at halftime in the district battle at Cooper. Quarterback Johnny Scott dashed 17 yards for the first tally and kicked the point in the first period.

Before the first quarter ended, Scott found Gary Moore on a 20-yard touchdown pass to make it 13-0. Gary Crews

scampered 12 yards in the second stanza as the score mounted to 19-0.

Cooper was nailed for a safety in the third period as the Mustang line trapped a Pirate back in the end zone for two more points. Crews added another touchdown with a 4-yard plunge and Scott converted.

Keith Weid took a 30-yard pass from Scott in the final period and Scott converted again to end the scoring. Cooper is 2-3 for the season and 1-2 in district play.

Cooper travels to Ropesville this Friday.

Freshmen Win Over Floydada

Slaton's freshman Tigers scored a 22-6 victory over the Floydada frosh here last Thursday, while the junior varsity had another game cancelled.

The Tiger "B" team, or junior varsity, takes on Lockney here at 7 p.m. tonight (Thursday) while the freshmen travel to Tahoka for a 7 p.m. contest.

The freshman won their third

victory against a single loss by downing Floydada last week. Charles Thomas scored twice for Slaton on short plunges, and Glen Akin returned a pass interception about 90 yards for the other.

Slaton drove for a score on its first possession, with a 30-yard pass from Terry Mosser to Alan Fondy setting up a touchdown plunge by Thomas

Roosevelt Is Rapped by Ralls

The Ralls Jackrabbits scored two touchdowns each quarter to roll over the Roosevelt Eagles by a one-sided 56-7 score at Ralls Friday night.

The Jackrabbits, disappointed by a 30-7 loss to Crosbyton the week before, took it out on the Eagles in this District 4-A game. Ralls jumped to a 14-0 lead in the opening quarter and led by 28-0 at halftime.

The performance was repeated in the second half, then Roosevelt's Junior Brown got the Eagles on the scoreboard on a one-yard plunge. Brown also kicked the point.

Quarterback Mark Wideman led the Ralls attack, scoring three times and passing for two others.

Roosevelt now has a 1-3-1 won-lost-tied record for the season and is 0-2 in district play. The Eagles host Lorenzo in a Homecoming game Friday night at Roosevelt.

Students Urged To Enter Contest

Plans are underway for the 21st annual Voice of Democracy contests co-sponsored by the Veterans of Foreign Wars and its auxiliary. This year's theme is "Freedom's Challenge".

In the six years that the VFW has been sole sponsor of the contest, more than 1,000,000 high school students have participated. Entrants must write and then tape a record a three-to-five minute broadcast script expressing their personal views on freedom.

"One of the greatest benefits to young people who take part in this contest is the freedom they gain a better appreciation of their heritage of freedom," Mrs. Becker said.

Some of the fringe benefits, according to Mrs. Becker, are increased self-confidence, greater poise, the overcoming of certain emotional problems and valuable practice in expressing ideas clearly. For the state winners, there is also the broadening experience of a five-day tour of Washington, D.C., and the chance of making lasting friendships among the other winners.

The local post will give a \$25 savings bond to the local

vicinity winner which will include Slaton, Southland and Wilson school students. All programs must be completed by Dec. 8, 1967. This year's theme is "Freedom's Challenge".

There will be four other administrative changes in the Highway Department.

Archie J. Sherrord, now district engineer in Odessa, will be promoted to chief engineer of maintenance operations.

John G. Keller, Beaumont district engineer, will succeed DelBerry.

Franklin Carter Young, district administrative engineer in San Antonio, will take over Keller's job.

Paul H. Coleman, assistant district engineer at Odessa, will replace Sherrord.

STATE CAPITAL Highlights AND Sidelights

AUSTIN -- Although the primaries are not until next May, Texas politicians, here and there, already are beginning to get in and out of statewide races.

Big question still is whether Gov. John Connally will run for an unprecedented fourth term. He says he hasn't made up his mind.

If he doesn't run, it now appears that it will be at least a three-way race in the Democratic primary -- between Lt. Gov. Preston Smith, who already has announced, Speaker Ben Barnes and former Atty. Gen. Waggoner Carr.

If Connally does run, Barnes and Carr probably will vie for lieutenant governor, though neither has as yet announced a definite decision.

In the state Supreme Court, both Associate Justice James R. Norvell and Meade F. Griffith say that they will not seek re-election in 1968. Woodrow Bean of El Paso and former state Sen. Franklin Spears of San Antonio are being mentioned as possible candidates for those two posts.

On January first B. L. DeBerry, Dallas district highway engineer, will replace Assistant State Highway Engineer J. C. Dingwall. Dingwall will replace State Highway Engineer DeWitt Greer, who is retiring.

Night Before Homecoming

BY DEBBIE DONALDSON

'Twas the night before the Post game, when all three Not a creature was doubting that Post would S. The goal posts were hung with crepe paper with care. In knowing the Antelopes soon would be there. The students at pep rally emphatically said They had visions of victory deep in their heads. Auden was still working with Kerr in his office, and just settled down for a good cup of coffee. They sprang from their seats to see what was the way to the window they flew like a flash. Tore open the shutter and threw back the sash. The moon on the breast of the newly piled mounds, Gave ominous shapes to objects around. When what to their wandering eyes should appear, Mr. and Miss Flame, their attendants all here, With torches in hand, all aglow, They knew in a minute it was time to go. More rapid than eagles, the cheerleaders came, They jumped and yelled and called them by name; "Go Stricklin! Go Davis! Go Harris and Ball! Go Williams! Go Washington, Simmons and Hall! To Victory Go----Go Tigers, Go! Tigers Great, Tigers Great, Tigers Go!" Then in a twinkling we heard around town, The great music and drums of our Tiger Band. As we came to attention and turned around, Down the street the twirlers came with a bound. The Tiger team all gathered in a row, With strut of chin and courage aglow. The spirit stuck the small Freshman held so tight, Won at the pep rally for colors bright. Then with Tiger Rag and end of cheers, Away we went without any fears, "With echos of "Two-Bits" and old "Alma Mater, Down with the Antelopes as sure as tomorrow, Both Tigers and Boosters knew without boast, Tomorrow's the night the Tigers beat Post!

An Inquisitive cowboy ambled into a blacksmith shop and picked up a horseshoe without realizing it had recently come out of the forge. Dropping it, he shoved his burned hand into his pocket and tried to appear nonchalant.

"Kinda hot, isn't it?" inquired the blacksmith.
"Nope," replied the cowboy, "it just don't take me long to look at a horseshoe."

SOUTHLAND NEWS

MRS. TOMMIE WILKE

McInturff Gets Silver Star

Today is a beautiful fall day! ...the kind that we farmers like to see. Southland had an inch of rain on Friday and quite a bit of wind. Kinda strung the long staple cotton up and down the rows, but it could have been a lot worse. At least we didn't have any hail.

DISCHARGED
Mr. and Mrs. Payton Crawford are two proud parents today! Their son, Webster, is now out of the service and he and his wife, Janet, are back home now. Welcome back to civilian life, Webster. Webster spent quite a long time over in Vietnam.

Mr. and Mrs. Cecil Stolle spent the week-end in Sweetwater with Mrs. Irmgard Bredemeyer. Mrs. Bredemeyer had spent several days here the first of the week.

J. H. Poindexter, father of Mrs. Robert Long, underwent surgery recently at the Mercy Hospital in Slaton. Mr. Poindexter is a former resident of Southland. He is back at his home in Lubbock now and doing real fine. Mr. and Mrs. Robert Long visited with him on Sunday.

Cathy Long spent Sunday in Slaton visiting with Carolyn Biggs.

GETS SILVER STAR
First Lt. David L. McInturff, husband of Beatrice Klesel McInturff, has received the Silver Star Medal for actions as commanding officer of "D" Company in Vietnam. The action took place June 2 when Lt. McInturff's unit, First Battalion, Fifth Marine Regiment, killed 115 enemy soldiers during a search and destroy mission. The citation accompanying the medal read: "Despite the heavy concentration of fire and subsequent mortar attack he maintained control, fearlessly exposed himself directing and encouraging his men as they attacked for 12 hours." Beatrice is the daughter of Mrs. Selma Klesel and she teaches school at Amberst.

Coch and Mrs. Bob Dyess, Blane and Monica, visited in Spur Sunday with Mr. and Mrs. D. J. Dyess.

BRIDAL SHOWER
A bridal shower, honoring Mrs. Sammie Wartes, was held Friday, October 6, in the home of Mrs. D. D. Pennell. Hostesses for the occasion were Mrs. Opal Pennell, Mrs. Ruby Ellis, Mrs. Mary Ellis, Mrs. Karen Gail Callaway, Mrs. Margie Pennell and Mrs. Lucille Myers. Purple dahlias, pink napkins and a lace cloth over pink carried out the bride's colors. Pink punch and cookies were served, with Mrs. Ruby Ellis pouring the punch. The hostesses presented the honoree with a bedspread.

Twenty-five guests called during the afternoon and the out-of-town guests were the honoree's mother and grandmother from Post, Mrs. Cecil Cummings from Lubbock, Mrs. Joyce Montgomery, Mrs. T. H. Basinger, Mrs. James Brooks and Mrs. Kenneth Davies all from Slaton, Mr. and Mrs. Wartes live in Lubbock.

Mrs. Harvey Louis Pennell is at present confined in West Texas Hospital in Lubbock. She may get to go home in a few days. Mr. and Mrs. Donald Pennell visited with her Sunday.

Mr. and Mrs. Herman Havis went to Roaring Springs during the week-end.

Kelly Jo Myers, daughter of Mr. and Mrs. Jack Myers, visited with her parents over the

Mr. and Mrs. Paul Winterowd and children visited in Snyder Sunday with Mr. and Mrs. H. H. Buchanan. Paul and Mr. Buchanan were World War II buddies.

WINS AT FAIR
Karen Hagens, daughter of Mr. and Mrs. Loyd Hagens was a proud little "gal" when her cornbread won 3rd. place at the Panhandle-South Plains Fair. Karen is a 4-H member and I think that perhaps this is her first year to enter anything at the Fair, so I think she did real good. Congratulations, Karen.

Gloria Cisneros, daughter of Mr. and Mrs. Alejo Cisneros, has moved to San Antonio where she will begin taking a "Beauty Course". The school lasts about six months. Gloria graduated from Southland High in May, 1967.

Mr. and Mrs. Robert Becker and children visited with Mr. and Mrs. Willie Becker and Mr. and Mrs. Junior Becker and boys Saturday. Robert and family live in Brownfield.

MOVE TO SHALLOWATER
Mr. and Mrs. Leo Stolle and Beverly, and Roy Stolle moved to their farm near Shallowater this past week. Mrs. Mary Stolle has moved up there with them for the time being, but will probably move back to Southland when her son and daughter-in-law, Mr. and Mrs. Edmund Stolle, move up here from Corpus Christi. The Edmund Stollies will move into the Stolle's homeplace. We all sure hated to see these families move away. They have lived here for so long that there is going to be a big empty spot now. But we do want to wish them a lot of good luck in the new home. Don't forget to come back and visit us sometime!

Edmund, Sherri, Darrell, Larry and Yours Truly attended the Texas Tech - Mississippi game last Saturday night. Tech had a hard night and that disappointed me, but the band was wonderful and the big crowd was very exciting to me. I sure would like to go again sometime.

George Ellis, from Austin, son of Mr. and Mrs. Sam Ellis,

flew to Lubbock on business Wednesday, and then he came on down to Southland and spent the night with his parents. George works with the C.E.O. in Austin.

HOME COMING
THE SOUTHLAND HOME-COMING has been set for October 27th. There will not be a dinner this year, as per usual, but the Exes will get together in the gym after the football game for refreshments and a lot of talk. Southland will be playing Klondike that night in football. Soooooo---make your plans now to attend. See you there.

Southland will be playing at Loop this Friday night, October 13. Let's all go to the game and support this fine team. There was a lot of hair-combing and primping this past week at the Southland School because the men came to take the school pictures. Can hardly wait to see some of them. The Pep Squad Cheerleaders went to Kertan Studios in Slaton Friday to make some pictures.

I received a long letter from Pat Gilliland this past week and she said to tell all you nice people "hello" and that she misses you very much. On Saturday I received the word that Pat's mother, Mrs. Lesta Martin from Morton, had suffered a serious stroke, and wasn't doing too well. Also, Patti, their oldest little girl, has the chicken-pox. Looks like when it rains, it pours. May God's blessings and comfort be with this family.

Our daughter - in - law's, (Martha), grandfather passed away last week and was buried on Saturday at Lemeta, Tex. He was the father of Gilbert Blodgett of Post. May God be with this family in their sorrow.

Patsy Dunn from Texas Tech spent the week-end with her parents, Mr. and Mrs. M. A. Dunn.

Visitors in the home of Mrs. Nellie Mathis during the week-end were Mr. and Mrs. Walter Kellum from Slaton, Mr. and Mrs. Dee Hodge from Leveland and Mr. and Mrs. Delroy Odum and children from Post. Mrs. Ed Siewert fell and

hurt herself recently and was confined at home for a couple of weeks, but she was back in church yesterday.

Mr. and Mrs. James Riney, Edmund and Yours Truly visited on Sunday afternoon with Mr. and Mrs. Leo Stolle at their farm near Shallowater. B. D. (Blondie) Ellis was called to Kermit on Saturday to be with a brother of his who is ill.

Mr. and Mrs. Clark Barton went to Tyler over the week-end and visited with Mr. and Mrs. J. E. Dunlap. Mrs. Mattie Dunlap from Post went with them. Mrs. Barton (Dixie) taught school one day last week in the place of Mrs. Ruth Hall. All the kids sure were glad to see her.

Ladder Safety
Before you start to climb a ladder for any purpose, be sure the stepladder is fully spread and locked into position. And, don't let anyone climb part way up to hand you anything--two's a crowd on any ladder. Never stand on the top rung or shelf.
