BUMPER YIELDS SEEN IF WEATHER COOPERATES

Crop Prospects Bright For Area

Crop prospects around the Slaton area are the brightest in years, generally speaking but there are several "ifs" before anyone starts talking about "bumper" yields.

Most farmers agree the "ifs" will be known by September 10.

For instance:

*The early grain sorghum crops are about made if no hail or violent weather hits.

*Cotton is fruiting heavily and yields could be high, especially if another good rain comes in the next 10 days.

*Dryland crops will also have high yields... if more rain comes soon, and enough of the moisture.

Crops have responded well to beneficial rainfalls in June and July. Records at Slaton City Hall show almost eight inches of rain from June 20 to July 20.

While the crop outlook is generally optimistic, some sections have been hard hit. Around Slaton, however, you'll find some of the best looking cotton and grain sorghum crops in the area. Most of the trade area escaped violent weather and hail.

Many area farmers report the cotton is "fruiting up unusually well", and the big hope is that not too much is thrown off the next few weeks. A check with several farmers around Slaton indicated that both the Acala long staple cotton and the other varieties such as Lanark were loading up good from top to bottom.

With a good chance of near-record grain outputs and good cotton yields, the area also has increased acreage of soybeans, a good number of Sudan acres, and a small amount of castorbeans.

The early irrigated grain will probably be ready to cut in a couple of weeks. Other grain sorghum, especially on dryland farms, needs more rain to make. Cotton farmers with Sudan or looking down a two-way street -- wanting more rain for their cotton and yet not needing any on the Sudan.

Top yields on grain could help offset some of the cotton cutback, and Slaton area farmers have more than 6,000 acres planted to longer staple cotton which could help the market outlook.

In a report from Lubbock, "the market outlook for South Plains cotton is the healthiest it has been in at least five years," says Bob Poteet, executive vice president of the Cotton Exchange.

Meanwhile, grain officials (See CROPS, Page 4)

BANKER INJURED

Dan Cook, who suffered painful burns on his face, arms and hands last Wednesday was discharged from Mercy Hospital Monday.

Cook, Wilson State Bank president, stopped to aid a friend with a stalled truck. As they were priming the carburetor with gasoline, it backfired and caused the burns on Cook.

Cotton Estimates Reflect Cutback In Area Acres

LUBBOCK -- The season's first estimate of 1967 cotton production from the 23 High Plains counties represented by Plains Cotton Growers, Inc. adds up to 1,173,500 bales, down from 1,278,616 bales produced in 1966, and 46 per cent below the 1961-65 average of over 2,175,000 bales.

This is the second year of a new four-year cotton program enacted by Congress in 1965 which offers strong payment incentives to farmers for reducing acreage up to 35 per cent.

Under this program High Plains farmers signed up to plant 1,430,384 acres or 65.6 per cent of the 2,195,908 acres available for planting.

But according to the first estimate, compiled jointly by PCG and the Lubbock Cotton Exchange, total "standing" acreage in the 23 counties is only 1,250,000. Some planting intentions were foiled by a lack of sufficient moisture until the (See COTTON, Page 4)

Teen Drinking Problem Seen In Arrests Here

A monthly report from the Slaton Police Department shows possession of alcoholic beverages by minors leading the arrests during July.

Twelve minors were arrested on the charge during the month, running the total to 34 cases in the past four months. During the same period, 11 arrests were made for making alcoholic beverages available to minors.

A total of 28 jail arrests were recorded during July along with 54 offenses reported. City Court fines totaled \$445. Traffic arrests for the month totaled 28, with no driver's license leading the ticket parade on 8 counts. Traffic ticket fines totaled \$346 for the month.

There were 8 traffic accidents in July with damage estimated at \$2,160.

POINTING WITH PRIDE — Slaton area farmers have top prospects for cotton and grain sorghum crops this season, and shown are two examples. Top is Bert Lamb looking over maize in one of his fields southeast of Slaton. The grain was planted in April and could average 6,000 pounds per acre if the weather cooperates. Lanny Swanner, also southeast of town, stands in a field of Acala V cotton. The waist-high cotton is loading up good with bolls, and another couple of inches of rain within the next 10 days could really put the cotton in fine shape. (Slatonite Photos)

Tigers Set for First Drills

Candidates for the 1967 Slaton Tiger football team started with socks and shoes Wednesday, giving them opportunity to break them in before launching into two-a-day drills Monday.

Coach Ernie Davis will blow the whistle for the opening

workouts at 8 a.m. Monday, expecting to greet 10 returning regulars from last season's gridders who started on offense, defense or both.

The Tigers posted a 4-5-1 won-lost-tied for Davis in his first season as a head grid coach last year. Employed as athletic and head football coach just before the first drill last season, Davis will have the benefit of seeing some familiar faces this season.

The returning veterans include ends Claude Stricklin and Larry Allison, tackles Bobby Ball and John Lakey, guards Buddy Pettigrew and Dale Harris, center Tom Davis, and backs Jim Williams, Doyle Ethridge and Richard Washington. Stricklin missed the last half of the season with an injury, while Allison was a starter the final half of the '66 campaign. Harris, Lakey and Washington were primarily defensive specialists.

From the program roster of last season, the Tigers lose

Tiger Club Meeting Set

The Slaton Tiger Club, adult booster organization for high school athletics, will hold a meeting Monday at 9 p.m. in the Reddy Room.

Pete Williams, president, announced the meeting will be open to all interested persons. A football film is expected to be included on the program. Monday will be the first day of workouts for the Tiger football team.

Slumtown Band To Be Featured At F-M Barbecue

Plans for the annual Farmer-Merchant Barbecue in Slaton, a popular event sponsored by the Chamber of Commerce, received a boost this week with the announcement that the renowned "Slumtown Symphony" of Lamesa has been booked for the entertainment.

The group has appeared here twice in the past few years at public functions and proved to be a big hit with local audiences. The band is headed by Richard Crawley, First National Bank president at Lamesa, Willie Heinrich, chairman of this year's barbecue, made the announcement of the event, which is to be held Monday, Sept. 11, in Little League Park.

Prizes for first bales of cotton are usually presented at the barbecue. Officials are expecting about 800 to attend the annual affair. More details are to be announced later.

Arson, Accident On Police Book

Suspected arson cases, accidents and theft from a Santa Fe car highlighted police activity reports the past week.

Two fires the past week were listed as possible arson cases. One occurred early Wednesday morning in a house fire on S. 3rd street, and the other blaze was in the old Tiger Town barracks building in the city-county park last Sunday. It was the third arson case listed in the past two weeks.

Officers investigated a report of a theft at the Santa Fe Railway yard over the weekend. The complaint indicated 10 cases of beer was stolen from a rail car.

Three accidents were recorded, all on the US-84 bypass. Vehicles driven by Billy Martin of DeSoto and Brussee Richardson of Hobbs, N.M., were involved in a minor collision at US-84 and FM-41 intersection Sunday afternoon.

At the same intersection Friday afternoon, three vehicles were involved in an accident resulting in about \$800 damage to two cars and a pickup. No injuries were reported. Vehicles were driven by Carroll Weatman of Rising Star, Henry Brown of Portales, N.M., and James White Jr. of Slaton.

Minor damage was reported Saturday morning when J. C. Ullmer lost control of a cattle truck on US-84 near the overpass northwest of town.

Building Permits Climb in July

Building permits issued at Slaton Municipal Building during July totaled \$16,100, according to a check of the records in the city secretary's office.

An addition to Guadalupe Community Center, estimated at \$10,000, accounted for most of the total. A move-in house for \$6,000 and a carport for \$100 were the only other permits issued.

The total was above June's figures, however, when only \$4,280 value in permits was issued. The year's total for seven months is now \$168,331.

SHS Band To Meet Monday

Bill Townsend, band director, has announced an organizational meeting for all members of the Slaton High School Band. The meeting will be held Monday, Aug. 14, at 10 a.m. in the Junior High Band Hall.

All high school band students and new students planning to play in the SHS band are urged to be present.

Practice sessions for the high school band will begin next week. At the Monday meeting, students need not take their instruments.

More Police Officers Quit

Five in Slaton's Police Department this week with the resignation of Delmar Beadle.

Delmar Beadle submitted his resignation, about an hour apart, made them an effective immediately. He left Slaton with only two men in the six-man force, causing Mayor to seek temporary help from the county Sheriff's Department. Two officers from the county were on duty this week and will continue in the city until new patrolmen are assigned.

The new police chief, Walter Head, is scheduled to assume duties next week. He is already looking for new officers for the Slaton department.

Five more have resigned from the police department, starting with the resignation of Carl Breedlove about a month ago. Carpenter followed with his resignation July 15, then came the other two.

Head and Beadle gave no reasons for their force here in their brief letters. Beadle had been employed for February after moving from Lamb. Beadle started work here March 1967, coming from San Antonio.

Fashioned Bargain Day Set Here

Fashioned Bargain Day is being held in Slaton's monthly Fabulous Friday event.

Johnson-Clark Vows Exchanged Saturday

Miss Gerry Elizabeth Clark and Leon Don Johnson were married in a double ring ceremony at 10 a.m. Saturday in the First Methodist Church at Richardson, with the Rev. Leighton Farrell, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Surman W. Clark, 4822 - 15th St., Lubbock, former Slaton residents. Parents of the bridegroom are Mr. and Mrs. A. Noel Johnson of Richardson.

Miss Elaine Gordon of Burleson, cousin of the bride, was maid of honor, Miss Carla Clark, sister of the bride, lighted the candles. Kenneth Durrett of Carrollton served as best man, William Clark of Lubbock seated guests. Mrs. Jacobs, organist, presented traditional wedding music. Soloist was Miss Tonda Johnson, sister of the groom. She sang "O Perfect Love" and "I Love Thee."

The bride, given in marriage by her father, wore a gown of white lace over pastel yellow with molded empire bodice. Her veil of illusion was attached to a headpiece of silk roses. The

bridal bouquet was a cascade arrangement of frenched carnations and lily-of-the-valley. The attendant, candlelighter and the soloist wore identical gowns of yellow avanti with white lace accents. The maid of honor carried a nosegay of white feathered carnations with yellow streamers.

Following the ceremony, a reception was held in the Noel Johnson home. When the couple left on a wedding trip to Buchanan Lake, the bride wore a yellow dress and an orchid corsage.

Mrs. Johnson is a 1963 graduate of Slaton High School and a spring graduate of Texas Tech. She will teach in Carrollton - Farmers Branch High School this fall.

The bridegroom is a senior marketing major at North Texas State University at Denton. He is employed with Safeway Stores, Inc., of Dallas.

The couple will reside at 1729 Cox St., Apt. 116, in Carrollton.

Recipe Of The Week Klattenhoffs Enjoy Antiques

BY LAVON NIEMAN

"The antique bug got me -- and my husband, and just won't seem to let go", said Mrs. Magnus Klattenhoff, during a visit recently.

The Klattenhoff home, located one half mile south of Posey, is practically furnished with interesting antiques obtained over the years.

As shown in the above picture, they have a posing stool which granddaughter Mary Tim Bridges is shown sitting on and one of the most beautiful antiques is an E Rosenkranz piano. It is over 100 years old and the Klattenhoffs found it in a chicken house in Lamar, Colo.

Other antiques of interest are a petticoat table which women of early years looked in to see if their petticoat was showing; the top of an organ designed over the fireplace in their den an organ, a bustle bench, a wedding communion cup, a table purchased in 1892 by Mr. Klattenhoff's parents when they "set up house"; eight huge cut glass vases; and the latest antique they have purchased is a brown marble top table.

Mrs. Klattenhoff said she got interested in antiques several years ago when she started antiquing some pieces of furniture from their homes. Now that interest is not only in furniture but antique cars, also.

Mr. and Mrs. Klattenhoff returned home Sunday from Big Spring where they displayed two of their cars at the fifth annual Grand Ole Tour, held for the West Texas region.

Mrs. Klattenhoff said they own 15 or 20 antique cars. The most unusual cars in their collection are two 1914 Woods Model T Fords that are "ready to go", a 1909 EMF, two Willis Knights, and a Texan which very few people have even heard of.

Earlier this month Mr. and Mrs. Klattenhoff and their son, Mackie, traveled to Broken Arrow, Okla. to a "swap meet" where people from all over the United States gather to trade and sell wares. She said it is a good place to find parts for antique cars. Since she is working on a wishbone dresser, she was especially happy about the trip because she found a wishbone mirror for it at the meet.

They have been asked by the Slaton Chamber of Commerce to display their antique cars next Friday, Aug. 18, during "Old Fashioned Bargain Day"

for the area people to view. They plan to exhibit four or five cars.

Mrs. Klattenhoff was reared in Abilene and came to Posey in 1935 as a school teacher. She taught the first and second grades at Posey, before Posey schools consolidated with Slaton. She had previously taught school five years in a school in Jones County.

The Klattenhoffs celebrated their 30th wedding anniversary last May and have lived in their present home since their marriage. At present they are in the process of remodeling.

They are members of Slaton's Evangelical Methodist Church. She teaches a woman's Bible Class.

Although antiques are the Klattenhoff's favorite hobby-- their main interest in life is their four granddaughters. Their daughter, Mary Ann Bridges of Lubbock, is the mother of three daughters, Karen, Mary Tim and Barbara. Their son, Mackie, who is stationed in Abilene with the Air Force, has one daughter, Brenda.

When visiting in the Klattenhoff home, my family and I were served "7-Up Cake", which was absolutely delicious.

Mrs. Klattenhoff agreed to share it with the readers.

7-UP CAKE
1/2 cup Crisco
2 sticks oleo

3 cups sugar
5 eggs, add one at a time
3 teaspoons lemon extract
2 teaspoons vanilla extract
1 teaspoon almond extract
Add alternately, one small bottle 7-Up and 3 cups flour. Bake in tube pan one hour, 25 minutes at 325 degrees.

Robin Kerr Wins First Place

Robin Kerr, 8, daughter of Mr. and Mrs. M. W. Kerr, brought home four first - place trophies and two third - place medals from the Vetterettes August Twirling Contest held in the Del Crest Junior High School gymnasium Saturday in Del City, Okla., a suburb of Oklahoma City. Contest director was Middy Coates Smith.

Robin won first in advanced solo, advanced fancy strutting, basic strutting and military strutting, and third in the Miss Del City contest and two batons. After the contest the Kerrs visited with Mrs. Kerr's mother, in Edmond, Okla. She returned to Slaton with the Kerrs to spend a few weeks with them.

Mrs. Taylor Installed As President

New officers for the Cooper Young Homemakers were installed when the group met Monday night in the home-making department at Cooper High School.

New officers installed were Mrs. Dan Taylor, president; Mrs. J. W. Barnett, first vice-president; Mrs. Bobby Smith, second vice - president; Mrs. Ronald Ellis, third vice - president; Mrs. Harold Flournoy, fourth vice - president; Mrs. R. B. Boyce, parliamentary; Mrs. Ed Faraby, membership chairman and Mrs. Velma McWhirter, advisor.

Mrs. Mary Coll of South Plains Electric Coop, presented an informative program on "Patio Cookery".

Mrs. Donald Hays and Mrs. Dan Taylor were presented rubber plants for perfect attendance.

Thirteen members and two guests, Mrs. Jerry Kelley and Mrs. Mary Lancaster, attended the meeting.

Hostesses were Mrs. Flournoy and Mrs. Joe Pollock.

Mr. and Mrs. Harold Walkup of Portland, Ore., spent last week visiting in the home of her parents, Mr. and Mrs. Norbert Kitten. Mrs. Walkup is the former Judy Kitten. The couple flew to Dallas by jet, making the remainder of the trip by car. They returned to their home Friday.

John E. Todd, Jr., son of Mr. and Mrs. John E. Todd, is home on a 30 day leave from the Navy. He has recently completed a 45 week Advanced Electronics Technician School at Great Lakes Naval Training Center, Chicago, and will leave San Bernardino, Calif. Aug. 28 for duty in Da Nang, Vietnam.

Mr. and Mrs. Hubert Teinert of Victoria were visitors last week in the home of his parents, Mr. and Mrs. A. A. Teinert of Wilson.

Rev. Hill Speaks At Sr. Citizen Club Meeting

Rev. W. H. Hill, pastor of the Baptist Church at Southland, spoke to 33 members of the Senior Citizens Club when it met last Friday at the clubhouse.

He spoke on the dangers of communism and race riots and the Christians stand against these. His message was taken from John 3:16. His son, Derrell, led the closing prayer. Rev. and Mrs. Hill and Derrell had lunch with the club.

The group visited and played dominoes. Mrs. Fannie Patterson, president, conducted the business meeting and F. E. Sexton gave the opening prayer. The group sang their theme song, "Help Somebody Today".

A PAGE FROM THE PAST--This pamphlet, which extolled the virtues of Slaton on its settlement in 1911, was recently given to Howard Hoffman of Slaton. The pamphlet came from Dr. F. E. Kreyer of Florida, who bought lots on speculation at the time but never came to Slaton. He no longer owns property here. The brochure emphasized the "Magic City" as a 4-way division point for Santa Fe and for "the thousands of acres of first quality agricultural land of the famous South Plains."

MD Carnival Nets \$17.52

Cristi Cay and Max Poer and Brenda Johnson reported a big crowd attended the neighborhood carnival held at the Leroy Poer home, 515 W. Lubbock, last Saturday.

Proceeds from the carnival amounted to \$17.52 and was donated to the fight against muscular dystrophy and related diseases.

CROPS--

(Continued From Page 1)

are also anticipating one of the biggest crops ever on the Plains. No official county-by-county estimates are made on grain sorghum, which ranks second only to cotton in cash farm income on the South Plains.

However, the pre-acre yields appear certain to beat last year's average, and one farm specialist estimates grain sorghum acreage is up about 20 percent from last year. Grain observers think the crop could be worth \$214 to more than \$250 million on the whole South Plains - Panhandle region.

Even with the reduced production of cotton, ag officials figure the 23-county Plains cotton crop will be worth more than \$227 million to producers, including payments under the federal cotton commodity program.

But, like the man said, the key to the whole thing is Mother Nature and plenty of people are hoping she'll be kind in the coming weeks.

COTTON--

(Continued From Page 1)

planting deadline had gone by and other acreage has been lost to rain, hail and wind storms.

The Cotton Exchange and PCG makes the estimates each year, using information gained from county agriculture agents, ginners, producers, ASCS offices and others. The first guess is made each year on the first of August, then revised on the first of each month until the final estimate is made on December 1.

Hardest hit by the spring drought has been Howard County, where only 30,500 acres of an intended 47,477 acres are now standing -- a loss of 37 per cent to dry weather.

Almost every county in the area has been hurt to some extent by the other elements, but Hale County has the dubious honor of topping the list. Hale county farmers planted or planned to plant 104,168 acres and has lost about 33 per cent of that total, mostly to hail.

Lamb and Hockley Counties were also badly hurt in this category, losing 18 and 16 per cent respectively.

Listed below are the 23 counties, their 1967 planting intentions and estimated standing acreage and production for this year.

Slaton, Lubbock County, Texas

THE NEW CITY of West Texas--"The Magic City" of the fertile South Plains--located on the new Trans-Continental line of the Santa Fe system, which has just recently been connected, linking together by most direct route the Gulf Coast and Pacific Coast lines of that system, was opened to settlement by the Santa Fe Railroad Company June 15th, 1911. Coincident with the opening was the construction of extensive terminal facilities for this most important 4-way division point, consisting of shops, round house, coal chute, sand house, division offices, storehouses, water plant, 22 miles of side track, \$75,000.00 Harvey House, etc. representing an investment, when completed, of over \$500,000.00. Thus starting this phenomenal city with more extensive railroad facilities than many older cities who have contributed thousands of dollars in subsidizing railroads. Other railroads have made preliminary surveys through Slaton, notably the Frisco extension from Quanah, Tex., to El Paso, Tex., indicating that Slaton is soon to become the largest Railway center in Texas west of Fort Worth. Slaton is surrounded by thousands of acres of first quality agricultural land of the famous South Plains, in the "Freestone Shallow Water Belt." The soil is a dark chocolate sandy loam, very prolific; corn, kaffir corn, milo maize, sorghum, millet, wheat, oats, cotton, alfalfa and other crops, fruits and vegetables common to the latitude are grown with commercial profit. Slaton's future greatness is assured. You will make no mistake in buying lots in this wonderful city. BUY NOW! South Park Addition is offering lots at the original prices until May 1, 1912. editorially speaking

across the following editorial from Wisconsin (Wisc.) Enterprise that points out a sound solution to this nation's problems. With high schools graduating all over the country right now that are ill prepared to go out into the world and make a living it seems that this editorial is repeating.

They can't help but believe that THE basic route to permanently eliminate poverty of the underprivileged is to teach the young in the practical way to equip them to earn a living - and that teaching from mid-grade school through high school.

There are multiple scores of federal programs or allied to the poverty program, but so many they overlap. Some spend their money in administration. There are government programs in other areas removed from vital need that can be eliminated.

In the name of common sense, government programs be concentrated on the program of greatest need (poverty) as a permanent correction? That program building, equipping and staffing elementary and high schools in the poverty

areas to teach the young to earn a living. That reaches the root of the cause of poverty. "Evolution takes time but teaching young is the quickest route to permanent correction. Nothing else holds such great promise. That should be recognized, yet we are spending vast sums on crash programs that correct nothing.

"Most certainly the needy middle aged and older should be taken care of for essential needs and aided to secure employment where possible. But, money should not be spent on unproductive programs which could be far more valuable if used to accomplish the permanent correction - the teaching of youth to earn a living.

"Consider the "miracles" that could be accomplished in a few short years in those schools where vocational programs should predominate. A child entering the 7th grade could, in six years, graduate from high school equipped to earn a living. That is far better than what is being accomplished now by a mass of varied programs.

"It seems so simple. The theory is sound, why shouldn't it be put to work in the name of humanity? Why shouldn't teaching the young to earn a living be the nations REAL crash program?"

LETTERS TO THE EDITOR

The Slatonite:
You had three very good "writings" in your paper on Aug. 3rd:
(1) Mahon Comments on Riots,
(2) Fatigue..Woman's Greatest Enemy,
(3) City - County Welfare story.

Thanks for a good paper like The Slatonite.

Dear Mrs. Nieman,
The carnival and talent show at our house for Muscular Dystrophy was a big success. We earned a total of \$16 that was turned in to the South Plains Chapter for M. D. in Lubbock.

We would like to thank the children who helped in running the games and to those in the talent show.

We would also like to thank the following merchants for their donations: T.G.&Y., Hensler Grocery, United Super Market, Texas Grocery and the Lazy S Drive In.

We hope there will be other children in Slaton to have a carnival for M.D. It does take quite a lot of time but it is well worth the effort, as it gives you a real good feeling to know that you may have helped in some way to fight M.D.

We would also like to thank Mr. and Mrs. Nieman for giving up publicity in the Slatonite, Angela and Brent Wilkins 230 S. 16th St., Slaton

would add another \$200,000,000 to state bonds previously authorized and through which 35,300 veterans have purchased farm and ranch properties at low interest rates spread over a 40-year pay period.

This amendment would raise the amount which could be borrowed under the program from \$7,500 to \$10,000. The program was initiated in 1949. Additional bonds were approved by voters in 1951 and 1956. Amendments to enlarge the bond authorization were rejected at elections in 1963 and 1965. Opposition came mainly from Dallas and Houston.

Proponents emphasize that, while thousands of veterans have benefited from the program, it has cost the state no money and actually has turned a profit of \$2,500,000 a year while providing an expanded land market.

Opposition has adopted the argument that it is not the function of the state government to engage in the loan business and that veterans have had plenty of time to participate. Some also contend that "cheap money" invites purchases of land not needed and which will not be put to productive use.

Amendment #2 specifies that the legislature, in providing for creation of hospital districts, does not have to require that the districts assume full responsibility for community mental health and retardation centers and services. It would permit cities and counties to levy taxes and issue bonds for such services. Subdivisions within existing districts would be authorized to do so unless statutes creating the districts expressly prohibit.

An attorney general's opinion held that the constitution does not allow political subdivisions within the boundary of a hospital district to levy taxes for medical and hospital service.

The veterans land amendment

Capital NEWS

By VERN SANFORD

Tex. - Newspaper throughout Texas soon will see long columns of important issues as State John Hill be- advertise the six pro- tutional amendments on November 11.

JOHN HILL

Additional amend- will be on the 1968 bal- of the 20 amendments ment mainly to special leg. legislators or state 7th. Eight others would local governments with ers or duties. Only four ay directly affect most

1. House Joint Resolu- permit counties to put money in a single general er than dividing in- specified amounts separate funds for ear- purposes as is now re-

2. HJR 37, allowing other governmental this hospital districts to health and mental retar- community centers.

3. HJR 17, revising the land program and au- a total of \$400,000,000 to finance continued of farm and ranch land- including those who lived in Southeast Asia present hostilities.

Top interest in these amend- ments doubtless will center on the park bond proposal and the veterans land amendment.

Hospital mental health and mental retardation groups will emphasize the importance of Amendment #2 to the new com- munity center approach of treat- ing mental patients close to home.

Calling the 1967 election for Veterans Day and a Saturday, undoubtedly, was to assure a large voter turn-out for the land fund amendment. A substantial campaign to urge its passage already is taking form.

Gov. John Connally is the principal backer of the parks bond issue. Last December he unveiled a 10-year plan for ac- quiring and developing 150,990 acres of recreational lands and historical sites. This would more than triple present state park acreage, and open a variety of new facilities for outdoor recrea- tion.

Only opposition to the amendment to date has been based on the \$1 a car park-entry fee, initially proposed by Connally to finance the vast program; and scattered complaints that facilities included in the governor's master plan do not adequately serve some areas of the state.

He is expected to spearhead an intensive fall campaign—supported by parks, recreational and outdoor groups—to put over the bond issue.

Relative Of Slaton Woman Killed

A brother-in-law of Mrs. J. S. Edwards, Jr. was killed in a pickup-car accident in Las Vegas, N.M. Wednesday, Aug. 2. Lewis F. Schiele, 69, was on his way to work that morning when the accident occurred. He was president of Sierra Gold Dairy, Inc. and a longtime resident of Las Vegas. He was past secretary of the Chamber of Commerce there.

Services were held Aug. 3 in Johnson Funeral Chapel with the Rev. Don Alexander, pastor of the Christian Church, officiating.

Survivors include his wife who returned to Slaton Monday afternoon with Mr. and Mrs. J. S. Edwards and one brother, William Schiele of Mexico City.

Nazarene VBS Ends Friday

Twenty-eight students were enrolled this week in Vacation Bible School at the Church of the Nazarene, according to Rev. David Powers, pastor.

The students, along with their five teachers, will end the session with a picnic tomorrow morning (Friday) at 11:30 at the city park. Each one attending is asked to bring a sack lunch.

The demonstration program for the crafts which the children made during the school will be at 9:45 a.m. Sunday at the church.

Scout Troop Spends Weekend At Camp Post

Eleven members of Boy Scout Troop 125 spent Saturday and Sunday at Camp Post finishing merit badges started earlier this summer.

Alex Webb, scout master, took the group of boys, Scouts making the trip were Dinks Eckert, Tate Fondy, Wicker Nowlin, Mark and Clay Nesbitt, Gordon Becker, Craig Mann, Dale Pierce and Randy Marshall.

SUNDAY'S SERMON FAIR PLAY

It is not always true, as it has been said, that "nice guys finish last."

Many of the nation's greatest athletes have earned recognition of the public as "nice guys." And, let's face it, if an athlete is good enough to win, and to win often, he should learn how to become a graceful winner.

On the other hand, some never learn to lose. Winning is important to the professional athlete. He has to win to survive. Yet the professional athlete, generally, knows that his success or failure depends upon his personal ability. He does not have to be popular to remain in professional sports. He just has to keep winning.

In the game of life, many of us are quick to blame our failures on someone else. It is never that we did not try hard enough, that we did not do the things that needed doing; it is, instead, that someone interfered with our efforts, someone got in the way; someone "goofed" it up.

The best players in any game, those who win the majority of the time, are usually the ones who observe the rules of fair play and good, honest competition — who blame only themselves when someone turns in a better effort.

Richard Hagler Rites Read In Slaton

Richard Thomas Hagler, 79, former resident of Slaton and the Hackberry community, died Wednesday night Aug. 2, in Hendrick Memorial Hospital at Abilene after a lengthy illness. He had moved to Abilene in 1959 after living in Slaton 44 years.

Services for Hagler were held Friday at 2 p.m. in the Church of Christ here with C. L. Newcomb, minister, officiating. Burial was in Englewood Cemetery under direction of Englund.

Surviving are his wife, two daughters, Etta Hagler and Mrs. Betty Campbell, both of Abilene; a brother, R. L. Hagler, Post; 16 grandchildren and six great-grandchildren.

Mrs. Smith Will Receive Degree At WTSU

CANYON -- Wilma L. Smith, a resident of Slaton for many years, is among the more than 320 candidates expecting to receive degrees at summer convocation Aug. 24 at West Texas State University.

Speaker for the 8 p.m. ceremonies, scheduled in the WTSU Fieldhouse, is Dr. Jack K. Williams, commissioner, Coordinating Board, Texas College and University System.

Mrs. Smith is a candidate for the Bachelor of Science degree.

Take Your Pick

There are over 1200 different colors of paint available for home decorating — and a paint for every painting need.

Look Ahead
When you finish papering or painting a room, use a ball point pen to jot down on a strip of adhesive tape exactly how many rolls of paper or quarts of paint were required. Place the tape on the top edge of a door frame or behind a picture in the room where it is out of sight, yet always handy next time you re-do the room.

Fossils

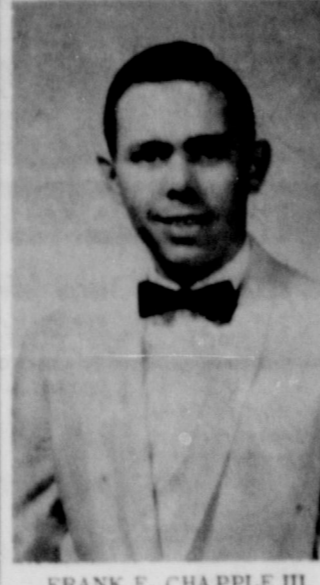

Clearly identifiable fossils have been discovered in sediments nearly two billion years old. The most ancient known living things are micro-organisms found in the Gunflint iron formations of northern Lake Superior region of Canada and adjacent Minnesota. The ancient "germs" are known as microfossils.

Illusion

Pastels and light tints create a feeling of airiness in even the smallest room. Light tints and pastels will not increase the dimensions of a room, but they will reflect more light, making objects seem farther away and creating an illusion of bigness. Even a low ceiling will look higher if it is painted white or in a light tint.

Right Diet

Mortality rates in children 1-4 years old are 40 to 60 times higher in technically underdeveloped countries than in the United States, Canada and Western Europe. Malnutrition is directly or indirectly responsible in the high death rates, reports University of Wyoming home economists.

FRANK E. CHAPPLE III

Son Of Local Couple Gets DVM Degree

Frank E. Chapple III, son of Mr. and Mrs. F. E. Chapple Jr. of Slaton, received the degree of Doctor of Veterinary Medicine in graduation exercises last Friday at A. and M. University in College Station.

According to information received from the office of the Dean of the College of Veterinary Medicine, the class of 1967, consisting of 83 graduates, is the largest in the history of the college.

Dr. Chapple graduated from Slaton High School in 1960, and received a bachelor of science degree from A & M in 1965. He will enter the U. S. Army Sept. 11 for a two-year tour of duty as a captain in the Veterinary Medical Corps. After four weeks of training at Ft. Sam Houston in San Antonio, he will be stationed at Ft. Detrick in Maryland. His wife, the former Marilyn Gilmore, will accompany him to Maryland.

Attending the commencement exercises at College Station, in addition to his wife, were Mrs. F. E. Chapple Sr. of Cristoval, Mr. and Mrs. F. E. Chapple Jr. of Slaton, Mrs. J. W. Wingfield of Houston, Mrs. Mary Gilmore and Dr. and Mrs. P. L. Vardy Jr. of Slaton, and Kathy Vardy of Lubbock.

Mrs. Harold Price of Canadian is in Slaton visiting her daughter and family, her daughter is Mrs. Mill Ardrey.

Wheeler Earns A.F. Promotion

Rush M. Wheeler, son of Mr. and Mrs. Rush Wheeler of 755 S. 18th St., Slaton, has been promoted to airman second class in the U. S. Air Force.

Airman Wheeler is a medical specialist at Ent AFB, Colo. He is a member of the Air Defense Command which protects the U. S. against enemy air attack.

The airman is a graduate of Slaton High School. He attended Texas Technological College in Lubbock, South Plains Junior College in Levelland, and an extension of the University of Colorado in Colorado Springs, during his off-duty hours.

His wife, Ronda, is the daughter of Mr. and Mrs. Hern Pettigrew of Slaton.

Posey Lutheran Women Meet

"He Is The Way, The Truth And The Life" was the topic of the Bible study last Thursday afternoon when the Posey Lutheran Church women had their regular meeting. Mrs. Alvin Neugebauer led the discussion. Mrs. Neugebauer also read an inspiring meditation entitled, "Just For Today". There were 10 members present.

For a new project, the ladies plan to work together on gifts of items needed at the Lutheran General Hospital in San Antonio. These gifts will be packed for shipping early in December.

It was announced that religious Christmas cards are now available. Mrs. Melvin Walter is in charge.

Refreshments were served after the business meeting adjourned.

Mr. and Mrs. G. R. Evans and their son, Lawrence of Lubbock, visited the Evans daughter and son-in-law, Mr. and Mrs. James Bunker of Durant, Okla., over the weekend.

Butlers Attend Homecoming At Close City

Mr. and Mrs. J. B. Butler attended the homecoming of the Friendship Baptist Church at Close City (Ragtown) last Sunday. The Butlers have been members of this church since 1929, and Mrs. Butler stated that they enjoyed seeing a lot of their old friends.

Ronnie Killingsworth is the present pastor. Morning service was preached by J. S. Tipton of Dennison, and Lewis Kinley brought a chalk devotional for the evening service.

The Friendship Church was organized May 2, 1915 by R. F. Dickerson, a missionary. The church house was built in 1917 by S. W. Hawthorne who was a charter member. Other original members of the church were Mr. and Mrs. J. F. Brandon, Mr. and Mrs. J. D. Tipton, Mr. and Mrs. Richard Cole and Mr. and Mrs. W. C. Carleton.

Mr. and Mrs. Bobby Taylor and three sons returned Thursday from Houston, Galveston, Six Flags Over Texas and LBJ Ranch. They were on vacation for two weeks.

ROOSEVELT NEWS

By JANIE THOMAS

Hello again, I finally returned from my trip to Dimmitt where I visited with my Great Aunt and Uncle, Mr. and Mrs. Jack Powers.

From the looks of my Column this week one might think Roosevelt was almost a ghost town. But there are those who are interested enough to call and let me know what they did this past week.

Mr. and Mrs. Charlie Hunter and Debbie have just returned from a two week vacation to Yellowstone National Park and other places along the way. D'Ann and Darla Collins and September Barclay spent two weeks at Camp Rio Blanco. This camp is owned by the Caprock Council of Girl Scouts.

Phyllis Russell of Lubbock, and Sherry Powers, of Clovis, N.M. were over night guests in the home of their cousins, Rex and Tony Thomas.

Bessie Saunders visited in the home of her sister, Mrs. Dora Rallsback. The two sisters went to Lorraine where they visited their brother Mr. and Mrs. W. L. Swafford. From there they went to Dublin where they visited in the home of their brother, Irven Hale. Several brothers and sisters met there. From there they went to the Hale-Bagswell reunion in Ballinger. There were 11 of the 12 brothers and sisters present at the reunion. There people were from Oklahoma, Texas, New Mexico, and Arizona. There were 150 - 175 people at the reunion which held annually.

SCHOOL REGISTRATION
All you lucky people who will be attending Roosevelt High School this year, remember Aug. 21 is the date Juniors and Seniors will register. Freshmen and Sophomores will register on Aug. 22.

Mike Kitten, son of Mr. and Mrs. Norbert Kitten, called his parents Sunday from Hartland, Conn., where he is employed with American Van Lines. He stated he has recently made trips from Georgia to New York City and on into Canada to Montreal and Toronto. He plans to make a trip to Texas sometime in the near future.

God's Will

"And the world passes away, and the lust of it; but he who does the will of God abides forever."
— I John 2:17

What is your motivation in life? What is it that stirs you to effort? What makes you angry? What is your source of joy and pleasure? Answer these questions and you have evaluated yourself. Truthful responses tell you about yourself. Ask yourself these questions. Write your answers on paper. Then read the quotation above. How well you score must depend upon the extent to which God's will plays a part in your daily life.

Tech Golfer Wins Slaton Tourney, Reasoner 2nd

Robert McKinney, Texas Tech's SWC medalist, fired a two-under-par 68 on the final round Sunday to come from behind and capture the first annual Slaton Invitational Golf Tournament championship.

Hometown Doc Reasoner, who led after 36 holes, salvaged runner-up honors by defeating a trio of golfers in a sudden-death playoff to break a four-way tie for second.

Reasoner, who soared to a 76 Sunday, just missed a birdie putt on the 19th hole, then won second place by sinking a sim-

ilar birdie putt of about 10 feet on the 20th hole. Melvin Best of Lubbock, Jim Hundley of Post, and Steve Rogers of Hale Center were tied with Reasoner at 218 after 54 holes.

McKinney's winning total was 213, three strokes over par for the par 70 nine-hole layout. He was three strokes off the pace set by Reasoner going into Sunday's final round.

The victory by the Tech golfer served as a warmup for the upcoming National Amateur sectional qualifying rounds.

McKinney, an architecture student at Tech, rated the relatively new Slaton course as "one of the best nine-hole courses I've ever played on." He said the course was shorter than many, "but it's tricky enough to keep you honest all the way."

in the second flight with a final round of 84, and Johnny Haire of Slaton won the third flight consolation with 92.

Consolation flights were determined after 36 holes, with the higher scorers dropping into that flight for an 18-hole finale Sunday.

The first annual tourney drew a field of 61 golfers with golf merchandise prizes going to the winners, runners-up and consolation champs in each flight.

Ronnie Fenley Completes Summer Camp

FT. SILL, OKLA. -- Cadet Ronnie L. Fenley, 18, whose mother, Mrs. Joe H. Teague III, lives in Slaton, Tex., fired an M-14 rifle while attending Army Reserve Officers' Training Corps summer camp at Ft. Sill, Okla. He is a student at Allen Academy, Bryan, Tex.

He received six weeks of training in leadership, rifle marksmanship, physical conditioning and other military subjects. Upon successful completion of summer camp and graduation from college, he will be commissioned a second lieutenant in the U. S. Army.

He is a 1966 graduate of Allen Academy (High School). He came to Slaton July 25 to spend the remainder of the summer here.

Deanie Hatchett won the championship consolation with a 76 Sunday, winning the prize over Marlin Bumpass of Slaton, Q. C. Garner of Post and Jerry Darrow of Lubbock.

Carroll McDonald walked off with first flight honors finishing 10 strokes ahead of Rod Farrell of Slaton. McDonald missed the championship flight with a qualifying round of 78 Friday, then bounced back with 73-72 cards for a 223 total.

Robert Hoffman chalked up another Slaton win in the consolation round of first flighters with a 76.

Mike Mitchell of Post won the second flight with a 245 score, and Sam Ellis of Slaton won the third flight with a 255 card. Harold Dane of Lubbock took consolation prize

Slaton hosts Idalou in the second game, Sept. 15, then travels to Crosbyton Sept. 22 to end non-district action. The Tigers catch Denver City here Sept. 29 to open District 4-AA competition.

On successive Fridays, the Tigers play Morton there, Post here, Friendship there, Stanton here, and Midland Carver there.

Slaton has only nine games this year due to schedule difficulties with the open date falling at the tail end of the season.

Now we rent new Fords too.

Need a car in a hurry? Well, that's a problem pretty close to home. But so are we. So rent a new Ford from us.

Our rates are low, our service is quick and convenient, and what's more, we're neighborhood businessmen, located close to your home or business.

Ford Rent-A-Car is for everybody. It's for wives whose husbands take the family car out of town on business. It's for businessmen whose wives take the family car for fun. It's for families who have to be in two places at the same time. Or, simply, it's for whenever you need an extra car--for a day, a week or a month.

Our rates include complete insurance coverage--collision, liability, fire, theft, the works. Naturally, rates vary somewhat from one model to another, but all are surprisingly low. And, of course, you can open an account with us. Then in the future you can simply say "CHARGE IT, PLEASE."

So when you need a car in a hurry, rent a Ford from us. It'll be in top condition, serviced by the men who know Fords best.

Annual Rodeo At Boys Ranch Set Sept. 3-4

The 348 boys at Cal Farley's Boys Ranch are expecting a new attendance record to be set at their 23rd annual rodeo this year, and additional seats have been installed to accommodate the crowds over the Labor Day weekend.

Last year, nearly 9,000 attended the two-day event, and an additional 500 seats have been erected at the north end of the rodeo arena. Dates for the rodeo are Sunday and Monday, Sept. 3-4, at 2:30 p.m. All of the 348 boys will have a part in the rodeo with nearly 100 riding for awards and honors. Ranchers who do not ride will be serving as ushers, helping in the parking area, working at concession stands, or helping around the chutes.

Giant-size barbeque beef sandwiches will be prepared and served by ranchers who are learning meatcutting and cooking as their future vocations for spectators and visitors who arrive early to picnic.

The climax of the rodeo, the largest Labor Day event in the Texas Panhandle, will be the naming of the Junior and Senior All-Round Cowboys, two of the highest honors that can be earned by the boys. Professional rodeo stock will be used in the bull riding and bareback bronc events, and a special

stick-horse race will be featured for the four to six-year-olds.

Tickets for either performance are available in advance from the Boys Ranch office, Box 1890, Amarillo. Reserved box seats are \$2.50, general admission is \$1.50, and servicemen's and children's tickets are 75¢. All proceeds will be used for future expansion of the Ranch.

SP Field Day Set Sept. 12

LUBBOCK -- Plans for the annual field day at Texas A&M University's South Plains Research and Extension Center have been announced by Charles Fisher, superintendent of the center.

The event will be held on Tuesday, Sept. 12, at 1 p.m. and is open to the public. General theme will be "Better Management for Greater Profits."

Dr. Calvin Orr, nematologist, will serve as chairman of the field day activities and program.

The center is located 7 1/2 miles north of Lubbock on U. S. 87.

Highlighted at the field day will be discussions on oilseed crops, farm management as related to alternate crops, cotton breeding and research, plant diseases and efficient water utilization. Another attraction will be a large machinery exhibit.

According to Orr, research results will be explained and information will be provided to producers for use in making management decisions about crops, water, fertilization, timing operations, agricultural chemicals, mechanization and water.

The field day will feature a tour of selected research plots and greenhouse displays as well as a tour of the center itself which was expanded recently to house the District 2 Extension Office and nine Extension subject-matter area specialists. Additional laboratory facilities have also been provided.

County agricultural agents from across the South Plains will be on hand to serve as tour guides. They and the research and Extension staff encourage anyone interested in agriculture to attend the field day and open house.

Clements Gets Promotion

Mr. and Mrs. Billie A. Clements were notified recently that their son, Thomas, who is stationed at Lakenhead, England, has been promoted to Airman Second Class.

Clements, a 1965 graduate of Slaton High School, is attached to the 48th Security Police Squadron. He entered the Air Force in January of '65 year and took his basic training at Amarillo. He attended Air Police School at San Antonio before going overseas in May.

His wife, the former Kay Simmons, plans to join her husband in England sometime in November.

Wilke To International Meet

Greetings to each of you from our fair little community of Southland. It has been a beautiful week, lots of farming activity going on. Most farmers are finally catching up with the weeds; some have started up their irrigation wells; feed for silage is being cut and hauled to the pits; and let us not forget the women--they are busy too, canning, etc.

A new house is being built in Southland and it belongs to Mr. and Mrs. Ned Myers and Nedra. Kinda pleases us when we gain a house and not lose one! That spells, "Progress."

ICE CREAM PARTY

Coach and Mrs. Bob Dyess once again hosted the annual "Ice Cream Party" for the football boys. It was held Monday night in their home. This has been an annual affair for several years and I think that the boys really look forward to it.

Miss Kelly Jo Myers spent one week of her vacation here with her parents, Mr. and Mrs. Jack Myers. Then she and Miss Judy Karr of Idaho and Miss Judy Akine from Shallowater, spent four or five days in Cheyenne, Wyo, attending a rodeo and sightseeing. They all had a wonderful time while they were gone.

Mr. and Mrs. Edmund Stolle from Corpus Christi are here visiting relatives and friends.

They received a personal letter from President Johnson commending them on this great occasion. Darrell will be returning home Thursday of next week. Chris Richardson from Slaton will also be attending the convention.

Mrs. Emma Becker and her granddaughter, Denise Kallenberger, left on the bus Thursday of last week for their homes in California.

Edmund, Sherri, Darrell and Yours Truly went to White River Friday. First time I had been down there since the lake filled up and I was real please!

John E. Logan Takes Part In 'Sea Fair'

USS CHICAGO-- Commissaryman Third-class John E. Logan, USN, son of Mr. and Mrs. Walter W. Logan of RL 2, Box 23-A, Slaton, Tex., took part in the 18th annual "Sea Fair" celebrations in Seattle, as a crewmember of the guided missile cruiser USS Chicago.

"Sea Fair" provided an opportunity for the citizens of Seattle to better understand the nature and mission of the U.S. Navy.

For four days, Navy men of the U. S. First Fleet held open house aboard their ships, complete with guided tours.

Other events which highlighted "Sea Fair" included a reception and ball for the visiting Navy men, hydroplane races on Lake Washington, and an evening Seattle Torchlight parade.

Cotton Chopping Time Raises Wage Questions

Chopping time on the Plains in many area cotton producers is trying to determine whether they are required to pay a minimum wage imposed last year by Congress on farms using 500 man-days or more of hired labor in any calendar quarter.

Effective February 1, 1967 the minimum wage for hired workers on such farms was set at \$1 per hour. The minimum jumps to \$1.15 an hour in 1968 and to \$1.30 per hour in 1969. A man-day is any day during which an employee worked one hour or more.

This year those farms exceeding the 500 man-day limit in 1966 are required to pay a minimum wage. Whether the minimum is required on a farm in 1968 will be determined by this year's labor use.

Ed Dean, Field Service Director for Plains Cotton Growers, Inc., says the question most in the minds of cotton farmers now is in relation to cotton chopping "crews."

"The law provides that man-days performed by employees of a 'bona fide' contractor are not counted as man-days used by the farm operator, Dean says, "but decisions already made by the Department of Labor on farms in the Rio Grande Valley clearly indicate that both cotton chopping crew leaders and individual crew members will be considered employees of the producer."

"Even when cotton chopping is contracted to a crew leader by the acre it appears that maintenance of records and payment of the minimum wage will still be the producer's responsibility in the eyes of the Labor Department."

He explains that the department has held that crew leaders fail to qualify as "bona fide contractors" on two counts. First, according to the Department, the crew chiefs don't have a significant investment in their contracting business. Second, they don't have the final say in management decisions, the Department says. "We don't at all agree with this interpretation of the law," Dean said, "and we've argued long and hard with Department officials to get it changed, but to date this is the interpretation we have to live with."

In figuring the number of man-days used in 1966, farm operators should keep in mind that work done by the producer's immediate family is exempt from the man-day count. Also, hand harvest pieceworkers who commuted daily from their homes and who were employed in agriculture less than 13 weeks of the preceding calendar year can be excluded.

Each period of seven consecutive days when an employee worked one hour or more on one or more days is counted as one week for the 13-week test. In meeting the \$1 per hour minimum, farmers can include as wages the "reasonable cost" of board, lodging and other facilities furnished by the employer for the employee's benefit.

But annual lump sum payments or the proceeds from a given number of acres of crop will not help to satisfy the minimum wage law requirements, Dean cautions.

In a letter from Clarence Lundquist, Administrator of USDA's Wage and Hour Division, PGC was informed that "The minimum wage requirement must be complied with on a work-week basis. Each work-week stands alone, and the employer may not satisfy the minimum wage requirement by averaging work-weeks."

The letter stated further that "A covered farm worker must be paid not less than the applicable minimum wage for all hours worked in each work-week, and this amount must be paid finally and unconditionally on the pay day for that week." Dean is advising producers to determine as best they can

with available records how many man-days of hired labor they used in 1966 and be guided accordingly in this year's operations.

And if there is any doubt about the use of 500 man-days this year, he says producers are required to keep adequate records of the names and addresses of all workers, the hours worked each workday and the days worked in each work-week.

Additional details on provision of the law and required record keeping can be obtained by writing to Plains Cotton Growers, Inc., 1720 Avenue M, Lubbock.

Clean Filters
Filters are for filtering — but they don't do a good job of catching grease and grime unless they're cleaned regularly. Here's how: fill your kitchen sink with hot water and a cup of pine oil cleaner to cut the grease. Let the filter soak a while then scrub it if it is necessary with a sturdy sponge, rinsing with more hot water.

Clean Paneling
Try removing smudges from paneling with cleaning and polishing wax. If smudges don't come off, wash paneling with a

mild cleaning product in either cool or moderately warm water, then sponge off with clean water and dry. Don't use strong, harsh cleaning products.
