STANTON, (SC) — Dist. Judge Charles Sullivan announced this morning that the trial of James McMorris, former Martin County Judge, and five other men charged with felony theft of public funds, was being transferred to Nolan County (Sweetwater).

McMorris, two former members of the commissioners' court, Oliver Vaughn and Stanley Lewis; James Herndon, Whit McMorris and M. H. McMorris, were ordered to have new bonds posted by 3 p. m. today and to report for trial in Sweetwater on Nov. 15.

Of the 28 indictments returned by the Martin County grand jury,

charging felony theft of public funds, 15 were returned against James McMorris, two each against Vaughn and Lewis; three against Herndon, a general contractor; two against Whit McMorris and one against M. H. McMorris, brothers to James McMorris.

Sullivan said he had decided upon the change of venue upon concluding that neither the State nor the defendants could get a 'fair and impartial' trial due to the publicity resulting from the case and printed in such papers as the Big Spring Daily Herald, the San Angelo Standard-Times, the Midland Reporter-Telegram, the Stanton Reporter and carried over the radio.

James McMorris was not represented by counsel when Judge Sullivan announced his decision in court this morning. He indicated he was representing himself.

McMorris stated only part of his bondsmen were present in the court at the time.

A petit jury called to hear several civil cases was also excused by Sullivan when it was announced that no case was ready for hearing.

A grand jury for the new term was also empaneled. It consists of Eugene Baugh, James Biggs, L. O. Shortes, Bill Howell, Grover Springer, H. C. Glaze, Irvin Myrick, Cecil Bridges, Cecil Gilmore, O. B. Bryan, Howard Jenkins and H. P. Morrison.

Sullivan said that, as far as he knew, only one case was up for investigation this term.

# Carney Doubts Commies Could Take Formosa

DALLAS (AP)—The U.S. chief of naval operations says, "I don't think the Chinese Reds could effect a capture of Formosa at this time."

But Admiral Robert Carney warned in a press conference here yesterday the Chinese Nationalist island bastion must keep alert.

Carney inspected the Dallas Naval Air Station after coming from Tyler, where he was a featured speaker at the Texas Rose Festival.

He said any attacker of Formosa faces tough problems—making an amphibious landing across a sizable body of water, securing a beachhead and holding it against determined resistance.

He added, however, "My opinion so far as a Chinese attack is concerned is that you must prepare for the possibility that the Chinese are not bluffing."

Carney repeated his statement that some 100 Russian submarines are operating in the Pacific. Asked whether they had approached Formosa, he said, "I would assume they are attempting a surveillance of operations on Formosa."

He had no comment when asked whether Russian submarines were approaching U.S. shores. He said Russian subs in the Pacific were operating in conjunction with surface vessels and air units.

At a luncheon at the air station, the admiral termed this nation's security "critical."

"There is a delicate situation in Europe. There is criticism in Asia," he said, adding that the Navy is keeping up its strength in the Far East and that this strength is "the first line of defense."

Carney, former NATO chief of southern Europe, was asked about the problem of defending Free Europe against atomic attack. He said, "The main problem would be an inadequate air defense and an early warning system in Europe today."

# Body Found In Lake Drowning

Body of Bruce B. Woodson, 52-year-old Snyder mechanic, first person to drown in Lake J. B. Thomas, was recovered Sunday at 1:30 p. m.

Members of the Snyder volunteer fire department snagged his remains 17½ hours after he fell from his boat about 75 yards east of the mound directly north of the Big Spring-Odessa intake.

His fishing companion, Walter Davidson, also a mechanic, was unable to help him in the deep twilight. Woodson had no life preserver and there was no oar at the stalled boat.

Services were to be held at 2:30 p. m. in the Bell Chapel at Snyder with the Rev. Floyd W. Strickland, pastor of the Av. D. Baptist Church, officiating. Burial was to be in the Snyder cemetery.

# Motions Delay Trial Of Alaniz

By WILBUR MARTIN  
WACO (AP)—Arguments on a motion to throw out a murder indictment against Nago Alaniz delayed today his trial resulting from a killing that has been called a bungled political assassination in South Texas.

Dist. Judge D. W. Bartlett had overruled two motions to quash the indictments against Alaniz, a San Diego, Tex., attorney.

But after some debate he changed his mind and allowed arguments on one of the motions—that unauthorized persons were in the room when the grand jury that indicted Alaniz was drawn.

Both motions were offered by Defense Atty. Percy Foreman of Houston. The second, on which argument was not allowed, alleged that 35th Dist. Judge A. O. Newman did not have authority to move the trial from Brownwood to Waco.

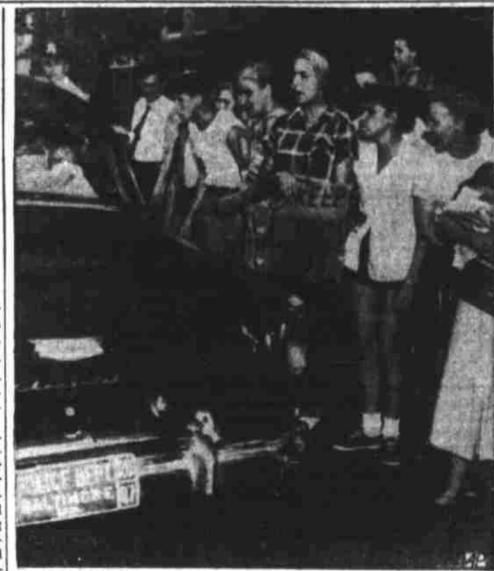

Judge Bartlett had told attorneys to "get on with picking the jury" but then decided to wait until arguments on Foreman's first motion were completed.

Foreman said he will ask for delay of the trial if certain witnesses cannot be located. The judge said Foreman will be permitted to move for the delay later in the proceedings if he finds that he cannot obtain all his witnesses.

One of the witnesses, H. Q. Heras, a justice of the peace in Benavides, was reported ill. Foreman said Heras testimony is important. A doctor was to examine Heras to see if he will be available to testify.

Three other witnesses are allegedly in Mexico. Ninety-seven of a special jury venire of 250 were dismissed shortly after the trial opened.

Alaniz, 38, an attorney from Duval County, is charged on three counts in the two-year-old "mistake" slaying of Jacob S. (Buddy) Floyd Jr. in Alice, Tex., in September, 1952.

# Pupils In Nation's Capital Protest Integration Move

By The Associated Press  
Demonstrations against mingling of the races in the public schools spread to the nation's capital today while the tension of last week at nearby Baltimore eased as white and Negro pupils resumed classes.

The admission of Negroes to high schools in Washington was protested in demonstrations by hundreds of boys and girls, marking the first signs of trouble over the issue there. The schools have mixed the races this year for the first time following the Supreme Court decision in May voiding segregation.

A demonstration at McKinley High was orderly with the youngsters "just talking and laughing." After milling about for some 45 minutes the students were persuaded by principal Charles E. Bish to re-enter the building and continue their protest meeting in a classroom.

At Anacostia High some 400 students jeered and booed two score Negro pupils.

The angry disturbances and violence of last Friday were missing as white and Negro pupils resumed classes at Baltimore. A crowd of several hundred demonstrated at Southern High School there Friday.

Escorted by ministers and parents, Negroes entered Southern this morning as police kept persons moving outside the school.

Eleven Negroes forced out of a previously all-white high school in Milford, Del., by passive resistance were expected to be transferred to a Negro school 18 miles away in Dover until a court rules on the case.

A hearing has been set for Oct. 12 on a petition filed by Louis Redding, an attorney for the National Assn. for the Advancement of Colored People. The petition seeks to force the school board to return the Negroes to the white school.

At Dover, Del., a committee of citizens was formed to block the anti-integration movement. About 150 persons attended a closed meeting Friday night for the purpose of organizing a "vigilant committee" to prevent "terrorism by lawless forces."

In Washington, Americans for Democratic Action (ADA) called on Atty. Gen. Herbert Brownell to look into "parents' strikes against integration of the schools" and to determine "whether they have a common origin."

The ADA called attention to anti-integration actions in Delaware, Maryland and West Virginia and said they "cannot be tolerated by the community or by the responsible authorities."

# Man Treated After Reported Beating

Ysidro Ruiz, who told officers three Latin-Americans beat him Sunday and tried to run over him with a car, was in Cowper Hospital today for treatment. His condition is not believed to be serious, hospital attendants said.

Ruiz said that the others jumped on him at a Northward Big Spring establishment about 4 p. m. Sunday. He was taken to the hospital about 8 p. m. in an Eberley-River ambulance.

# MILITARY SECRETS SOUGHT Freed U.S. Soldiers Tell Of Czechoslovak Threats

By TOM STONE  
NUERNBERG, Germany (AP)—Two American soldiers today accused their Czech Communist captors of threatening them with 10 years imprisonment if they refused to divulge U.S. military secrets.

The men, Capt. Richard H. Dries 32, of St. Albans, N.Y., and Pfc. George Pisk, 22, of Austin, Tex., talked at a news conference of their two-week confinement. Seized near the border in Bavaria Sept. 17, they were released by Czech army officers Saturday at Waldhaus, a German border point at Waldhaus.

"Czech officials asked me specifically about atomic weapons in Europe, what type of weapons were here," Dries said.

"I said, 'I know nothing about them. That's all I told them other than what my name was, my rank and serial number.'"

## Jones Appointed D.A. By Shivers, Effective Now

Gulford Jones was appointed Monday to be district attorney of the 118th Judicial District.

Gov. Allan Shivers announced the appointment Monday in a telegram to Jones. The appointment to succeed Elton Gilliland, resigned, was made effective as of Monday.

Jones, who left immediately for Stanton where the 118th Dist. Court was being convened for a three-week term and the grand jury was being impaneled, said that "I accept the appointment enthusiastically and will do my best."

He said that he would qualify as quickly as he could bring about the complete dissolution of his interests in the firm of Thomas, Thomas & Jones. This may require a few days, he said, but he hoped to make the separation before the end of this week.

In his telegram to Jones, the Governor said: "I am happy to announce your appointment as District Attorney of the 118th Judicial District, effective this date, to succeed Elton Gilliland, resigned. Further information and instructions for qualifying will be sent to you. Congratulations and best wishes."

The new prosecutor made no statement of policy, indicating that he would prefer to let the record speak for itself. He did say that he was eager to get on the job as promptly as possible, hence the trip to Stanton to be in on the deliberations of the grand jury.

Last week, Jones was named the Democratic nominee by the chairmen of the executive committees of Howard, Martin and Mitchell counties. Gilliland also was the Democratic nominee at the time he submitted his resignation to enter private practice.

## Nixon Opens Speech Tour In Kentucky

LEXINGTON, Ky. (AP)—Vice President Nixon, confident the Democrats "don't have an issue" upon which to wage a campaign, today opened a speaking tour in behalf of Kentucky's Republican senator, John Sherman Cooper.

Nixon planned speeches at Pineville, Barboursville, Corbin and London, all hotbeds of Republicanism, and at Lexington, key city in the Democratic 6th District.

Cooper is opposed by former Vice President Alben W. Barkley. "When you analyze the campaign of the other side . . . they don't have an issue," Nixon told 300 persons at a reception for him and his wife last night.

"We find they offer criticism," he said "but they don't offer one single constructive suggestion."

He said that "with four weeks to go, we're in the position we want to be in . . . We're going to win in the stretch and win going away."

## THIS SOMETHING BORROWED FAILS TO BRING LUCK

COBALT, Ont. (AP)—The bride and groom left in a shower of confetti, their car suitably decorated with slogans. At North Bay, 100 miles to the south, a reception committee greeted them — a police roadblock.

Before Irene LaLiberte and Ricky Sullivan were married Saturday, the groom arranged to borrow a car from George Sadler of Cobalt. While the family was celebrating, Ricky's bachelor friends covered the nuptial chariot with slogans.

The couple headed for North Bay and Heman Paulin, a neighbor of the bride's family, told police his car had been stolen. Meanwhile Sadler was swearing why Ricky had not taken his car.

Ricky's friends, it seemed, had decorated Paulin's car by mistake. The groom was too nervous to notice.

Paulin drove Sadler's car to North Bay and swapped with the couple. Police said no charges would be filed.

## West Europe Greets Action

By SEYMOUR TOPPING  
LONDON (AP)—Western Europe today generally welcomed the momentous decision by the United States and her Allies to free and rearman the 50 million West Germans and weld them solidly within the Atlantic alliance against aggression.

Aside from expected leftist opposition, statesmen and newspapermen voiced prayerful hopes that the historic "London Act" signed here yesterday by the nine foreign ministers will be put speedily into final treaty form and will win quick approval from the hesitant French Assembly and other member parliaments.

Wasting no time, French Premier Pierre Mendes-France and West German Chancellor Konrad Adenauer hurried from the conference closing to Paris and Bonn and began organizing their campaigns to win the key ratifications from their deputies.

In a surprise move, the French leader called a National Assembly session Thursday afternoon to hear his report on the London meeting. The deputies had been on vacation since their rejection of the European Defense Community Pact Aug. 30 set off the chain of crisis events which culminated in yesterday's agreement.

Mendes-France was reported "four-fifths sure" the Chamber of Deputies would approve the sweeping new plan to rearman West Germany. One high French source said the Premier would stake his government's life on the outcome by making the Assembly vote an issue of confidence, something he refused to do for EDC.

Adenauer scheduled a report to his Cabinet today and to Parliament tomorrow. None of the parliaments can act, however, until experts incorporate the London agreements into treaties for signing, probably late this month.

In the legislatures of the other conference nations—Britain, the United States, Canada, Italy, Belgium, the Netherlands and Luxembourg—the agreements are expected to have smooth sailing.

Similar approval is anticipated from the other six NATO members: Norway, Denmark, Turkey, Greece, Iceland and Portugal.

The Communists, as anticipated, blasted the parley's outcome. The government-controlled East German radio accused U. S. Secretary of State Dulles of using the strongest possible pressure and blackmail on his allies.

Adenauer's chief opposition at home the Socialists, stuck to their theme that Germany should be unified before any alliance with the West. Socialist Chairman Erich Ollenhauer said the London declarations contain nothing calculated

## Edmon Le Breton Returns To U.S. With Jubilation

By EDMON LE BRETON  
WASHINGTON (AP)—Secretary of State Dulles, returning from London in an evidently jubilant mood, said today the agreements reached there give the Atlantic community a "hard core of European unity."

Dulles said in a statement on his arrival at the airport, "the United States will, I hope, cooperate with the result, because to do so will be very much in our national interest."

Dulles said the agreement under which West Germany will rearman as a member of the North Atlantic Treaty Organization means the federal republic's sovereignty will be restored, "and beginning today the Allied high commissioners will forego the exercise of most of their occupation rights."

Dulles said in his statement, read for television, "the London conference produced solid results. It worked out a system, in place of the European Defense Community, which can preserve and strengthen the Atlantic community by giving it a hard core of European unity." In this way, he said,

## Brownsville Hit By Heavy Rains; Schools Closed

By The Associated Press  
Pouring rains of a tropical storm flooded 35 square blocks of Brownsville with two to four feet of water Monday, closing schools and streets and driving many families from their homes.

Brownsville police sergeant Gus Cantu said the city's National Guard companies, firemen and police were called out on emergency duty to remove families from water-soaked dwellings.

No deaths or injuries were reported. Cantu said about 25 square blocks in West Brownsville and about 10 in East Brownsville were flooded by two to four feet of water.

Runways at the Brownsville Airport were flooded and air travel halted.

The squall—not of hurricane strength—blew in from the Gulf of Mexico shortly after midnight, and 6.65 inches of rain fell. Rain was still falling.

As the storm moved up the Rio Grande Valley, 1.4 inch of rain fell at Port Isabel, 3.1 at Weslaco, 1.5 at McAllen and .51 at Edinburg.

Weslaco, about 50 miles upstream from Brownsville, had received half an inch of rain and more was falling.

However, the storm caused only minor winds. The Weather Bureau said the worst of the rain was over, but traffic throughout most of Brownsville was paralyzed because of the flooded streets.

The squall was expected to blow itself out at it pushed deeper inland. But forecasters said its after-effects might spread rain-carrying breezes as far as West and North Texas by Tuesday.

Rain storms were reported Monday as far north as Victoria in the Coastal Bend area.

It was Brownsville's heaviest rain in more than four years—since June, 1950.

The approach of the disturbance was signaled at Brownsville by rising wind, flashing lightning and rumbling thunder. Then, at 12:30 a. m., a deluge started.

## British Hopeful On Red Proposal

UNITED NATIONS, N.Y. (AP)—British Minister of State Selwyn Lloyd said today Russia's latest disarmament proposals "hold out the possibility of progress in this all important field."

Lloyd declared, however, that Soviet Delegate Andrei Y. Vishinsky left many questions unanswered in the resolution he submitted last Thursday. He said there would have to be further clarification before the full extent of Russia's apparent policy shift could be determined.

The British minister made his comment in a policy declaration before the 60-nation General Assembly. Vishinsky's resolution accepted as a basis for discussion a British-French formula advanced in London last June.

Lloyd said the Soviet proposals would require substantial clarification on the proposed control and inspection system.

He asked, for instance, why it was necessary to have a temporary control agency and later a permanent one, as Vishinsky proposed; what would be the powers of the temporary body; would its decision be subject to the veto in the Security Council?

## ROYAL WELCOME Python Pete Back In Ft. Worth Zoo

By MARTHA COLE  
FORT WORTH, Tex. (AP)—O' Pete came back from his wanderings to find himself a hero.

Fort Worth welcomed her long-lost python as if he were a prodigal son come home. The welcome wasn't tarnished even when Pete bit his keeper.

Fifteen days Pete had been gone, and then suddenly there he appeared at the Forest Park Zoo yesterday about 4 a. m. The whole zoo awoke. The elephants trumpeted, the hyena screamed, the cats roared.

Owner Harry Jackson and night-watcher Ed Baker caught O' Pete with a snake catcher—a loop of rope coming out of a pipe—and put him in his cage at the zoo.

As the word spread, people came by the hundreds to see the 15-foot python as if he were a long-lost friend.

Pete was caged securely. The tin plate he had pushed aside to gain his freedom Sept. 18 was replaced by 2x4 boards, nailed and nailed again.

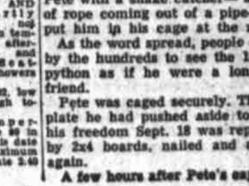

A few hours after Pete's capture, Jackson attempted to swab out his mouth with cotton-tipped sticks, and Pete bit him on his right thumb. His thumb was bandaged and he took tetanus shots.

Jackson said Pete had been suffering from a "canker mouth" and hid his mouth a peculiar way. And that's how he knew it was Pete.

### SMUGGLED SECRETS

## Laniel To Testify In French Scandal

By PIERRE LEGROS  
PARIS (AP)—The military magistrate investigating the sensational leak of French defense secrets to the Communists prepared today to take testimony from ex-Premier Joseph Laniel and two of his ministers.

The former Laniel Cabinet members are Pierre-Henri Teitgen, who was deputy premier, and Edmond Barrachin, formerly minister of state for constitutional reform. Information reportedly started filtering to the Reds from high defense counsels during the Laniel administration. He took office in June, 1953, and resigned after losing a vote of confidence last June 12.

Police said today the arrest of Andre Baranes, a Communist newspaperman, is bringing to light details on the pipeline by which the Reds obtained top secrets. Baranes was charged formally yesterday with endangering the security of the state. Today police

## Fearful Mother Kills Her Family

OAKLAND, Calif. (AP)—A middle-aged mother's terrifying fear of a falling memory is blamed for a 10-hour nightmare in which she methodically wiped out her entire family, including two teen-age sons, with a .22 rifle.

Police said Mrs. Olive Losser, 52, kindergarten teacher, shot and killed her two sons, Donald, 19, and Richard, 17, yesterday. Then she shot for 10 hours in the living room of her fashionable east Oakland home waiting.

At dusk, her husband Milan, 52, prosperous manager of an appliance company, opened the front door. The rifle barked again. Losser fell, fatally wounded in the head.

Mrs. Losser, a final bullet saved for herself, dashed into the street and fired it into her own head. Stunned neighbors, who later described the Losser as "a fine family who never quarreled," summoned police.

Inside the house police found an open case of 22 cartridges and seven rambling, incoherent notes, scrawled in pencil on cheap paper. Only one gave a clue. It said: "I can't teach. Something is wrong with my memory. I don't know what else to do."

Donald, a sophomore engineering student at the University of California at nearby Berkeley, was found in the bathroom. Police said he obviously had been cornered there while trying to escape.

Richard, a high school senior, was found in a basement bedroom. The bullet had entered his brain as he slept.

## Mother Asserts Batchelor Case Teaches Lesson

KERMIT, Tex. (AP)—Cpl. Claude Batchelor's mother says she thinks his court-martial "will teach us to train our children better in the home and in the schools."

Batchelor, 22, was sentenced to life in prison last week by an Army court-martial board on charges of collaborating with the enemy and informing on fellow POWs while a prisoner of the Communists in Korea.

His mother, Mrs. O. L. Batchelor, saw him join the Army at 16 and later learned he had been captured by the Chinese Reds. Batchelor was a prisoner 38 months and one of 23 American POWs who first refused repatriation. He and another later changed their minds.

Yesterday, Mrs. Batchelor returned home from San Antonio where she attended her son's court-martial. The graying, 44-year-old mother of eight told news men she is not bitter and thinks "in the long run, a lot of good will come out of it."

"I think it will be good for all of us," she said. "I think it will teach us to train our children better in the home and in the schools."

"The story has been told of what Communists can do to those in their power."

She had several calls from people who said they felt the sentence was too stiff, Mrs. Batchelor said. "I hope people are not going to get disgusted with our government over this thing," she added.

"That is exactly what the Communists want us to do. If people think a mistake has been made they should let it be known but we should never criticize the principles of our government."

Mrs. Batchelor said, "I am not worried about Claude. I am sure he is going to be all right. But I am concerned that the Army did not recognize this fact of brainwashing."

She expressed confidence when Batchelor's case is reviewed the sentence will be reduced.

## Crane

Atlantic Refining Company No. 1-36 Everett and Glass, wildcat some 10 miles north of Crane in Northeast Crane County, is taking electric logs before preparing for production tests. A drillstem test in the Ellenburger from 12,489 to 12,555 feet has gas surging in 30 minutes with a fair blow. After operator pulled 4,500 feet of dry pipe, there was a flow of 200 feet of oil. Then the 1,500 foot water blanket which was used was unloaded. It was cut with oil and gas. Operator then unloaded 6,700 feet of clean oil, and final recovery was 100 feet of oil and gas-cut mud with no water. The test was for an hour and 15 minutes and flowing pressure was 1,275 to 2,025 pounds. The 30-minute shut-in pressure was 2,175. Another drillstem test was taken from 12,555 to 12,597 feet with the tool open an hour. Water blanket of 1,500 feet was again used. Recovery was 350 feet of oil-cut salt water, 50 feet of heavily oil and gas-cut mud. Flowing pressure was from 700 to 879 pounds, and the 15-minute shut-in pressure was 5,150 pounds. Operator is taking electric logs as he is not for the Ellenburger. The salt water is in the Ellenburger. Top of the Ellenburger has not yet been called. Operator will likely run casing and make production test. Location is 380 from south and 2,310 from east.

Preparations are being made to complete Midwest Oil and White Eagle Oil Company No. 1 Gutterleah, Wolfcamp discovery in South Terry County.

practical and promising scheme that yet has been devised for building a free Europe in peace and security.

The blueprint pointed out by the nine powers in their six-day meeting calls for an end to the American - British - French occupation of West Germany "as quickly as possible." The Allies will remain in Communist-surrounded West Berlin, however.

A German army of 500,000 men, 1,350-plane air force and a small navy—no ships over 3,000 tons—are to be created within the next 18 to 24 months.

West Germany, with its traditional military skills and massive industrial potential, will become the North Atlantic Treaty Organization's 15th member, bolstering the Western defense line that stretches from the Arctic to the Aegean.

But there will be ironclad international controls to prevent a new resurgent Germany from menacing her neighbors, especially often-invaded France.

West Germany and her World War II Axis partner Italy are to be brought into an expanded and revived Brussels mutual defense organization, whose present members are Britain, France, Belgium, the Netherlands and Luxembourg.

The seven-nation group will establish an armaments agency to set the maximum military strength for all continental members and enforce compliance.

## Noted Galveston Pier Club Burns

GALVESTON (AP)—The Balinese Room, Galveston's plush club on a pier, lay in ruins today from fire which destroyed virtually the whole place and everything in it—including nine trunks of costumes for singer Sophie Tucker.

The fire of unspecified origin swept the Balinese Room before dawn yesterday. Fire Marshal J. C. Kelso estimated damage at \$150,000 to \$200,000.

Wiped out were the dining room, bar, cocktail lounge and clubroom with all their furnishings. Firemen saved the kitchen. It was the second fire in a year at the famous beachfront pleasure club in this island city. In October, 1953, a small blaze in the kitchen was snuffed out with little damage.

A club spokesman said a decision whether to rebuild the club or build another on a different site probably would be made today.

A porter discovered the fire at 4:15 a.m. in the electrical control room, which overhung the dining room.

The Balinese Room was on a long pier over the Gulf beach. The nearest fire hydrant was about a block away from the pier entrance, which is another 250 feet from the club entrance.

By the time firemen tugged hoses to the club, flames had spread throughout the dining room and its expensive drapes and carpets.

## Aggravated Assault Case Transferred

A case of aggravated assault has been transferred from the 118th District Court to the County Court.

Judge Charles Sullivan said in an order Monday he did not believe that the district court had jurisdiction over the case. This was the indictment returned against Vester Lee Hogue, which charged he had made an assault upon Carl Dodson Feb. 14, 1954. The court reduced the count to a misdemeanor.

1. To balance off Germany and to reassure the fearful French, Prime Minister Churchill's government agreed to abandon Britain's traditional aloofness. Eden promised the British would keep four divisions and a tactical air force on the Continent indefinitely.

2. Dulles promised to recommend maintenance of American troops in Europe so long as "a threat to the area exists."

3. Adenauer pledged that Germany would not produce the A-B weapons—atomic, biological and chemical. He also agreed to ban production of long-range rockets, guided missiles, magnetic mines, warships over 3,000 tons, submarines over 350 tons, atom-propelled warships and big bombers.

## Three Fined In Knife Incidents

A Negro youth who was almost involved in a knife fight about midnight Saturday was fined \$35 in City Court this morning, and two Latin-Americans who apparently jumped on two airmen with knives were fined \$20 each.

The Negro was arrested in the 500 block of Northwest Fourth. Patrolman Perry Chandler this morning testified that the youth was swinging a knife and daring another man to fight him. He had a large knife in his possession on arrest.

The two Latin-Americans were arrested while the airmen were chasing them down the street, officers said. According to the airman, the two Latin Americans attacked them with knives at the foot of the west viaduct. This story was verified by two T&P workmen who saw the incident.

The airman, both Negroes stationed at Webb, did not scare easily, however. They warned off the attack and started chasing the Latin. This was when the arrest was made. The Latin was fined \$10 each for disturbance and \$10 each for drunkenness.

The Acting City Judge Grover Cunningham Jr. was on the bench this morning after returning from the tax institute at Austin.

## Stern Tests Await Teams

By HAROLD V. RATLIFF  
Associated Press Sports Editor  
The Southwest Conference runs into its biggest intersectional test of the football season this week with Texas, Rice and Texas Christian meeting members of the nation's top ten.

The big one is Texas' battle with Oklahoma at Dallas, a game that always packs them into the ponderous Cotton Bowl, Oklahoma, No. 2 in the pigskin parade last week and likely to be No. 1 Saturday when it squares off with its ancient foe, will be the favorite for a change.

Of probably more national importance will be Rice's march against Wisconsin at Madison, Wis. Rice is undefeated and united and could make a giant stride upward in the rankings by beating the team that's rated No. 5 at the present time.

These two games are Saturday afternoon. Friday night TCU, which gave Oklahoma a tough afternoon and helped knocked the Big Red down to No. 2 in the ratings but fell before lightly regarded Arkansas, 20-12, last week, journeys to the West Coast to scrap the outfit that's ranked No. 9—Southern California.

It's a rugged assignment for Southwest Conference teams—facing these undefeated, untied powers in an effort to enhance the league's intersectional record of eight victories against five defeats.

Southern Methodist, which lost an intercollegiate game in its season opener to Georgia Tech, 10-7, plays Missouri at Columbia, Mo., Saturday in the fourth game of the week against outside foes.

While all this is going on Baylor will be in the Ozarks to tackle Arkansas in a conference game. Texas A&M, feeling much better than expected—its one-gameteries for a poor man's grand-slam against an obviously weak University of Houston at Houston in a night game.

## Funeral Services For Joe Butts Are Held This Morning

Funeral for Joe Lindley Butts, 32, was held at 10:30 a.m. here Monday in the First Baptist Church.

Rites were conducted by the Rev. Bill Boyd, rector of the St. Mary's Episcopal Church, assisted by Dr. P. D. O'Brien, pastor of the First Baptist Church.

Immediately after the services, the body was taken to Durant, Okla., in a Nalley funeral coach. It will be at the Holmes Funeral Home there until time for final services Tuesday at 2:30 p.m. Burial will be in the Durant, Okla., cemetery.

Butts, a native of Big Spring, was found fatally wounded in the head by a .22 rifle bullet Saturday morning. He passed away Saturday afternoon in a hospital here.

Survivors include his mother, Mrs. Violet Lindley; his wife, Mrs. Rene Butts a brother, James Y. (Mickey) Butts.

## Man Held On Check Charges In Denver

John L. Conner, charged with passing a worthless check in excess of \$50, is being held in Denver, Colo., on a felony warrant issued here.

Deputy Sheriff C. H. Forgas, accompanied by Juvenile Officer A. E. Long, went to Denver to gain custody of Conner. They are expected to return late Monday.

## Two Hit-And-Run Crashes Reported

Two hit-and-run accidents were reported Saturday and Sunday. Earl Houdyshell, Midland, said a light blue dump truck hit his car about midnight Saturday, and Bettie Farrar, 1200 Runnels, stated that another vehicle ran into her car at Third and Main about 7:30 p.m. Sunday.

A car operated by Charles Everett, Ackerly, had to be pulled out of a ditch at Fourth and Ayford shortly before midnight Saturday. He said he ran into the ditch, not knowing it was there.

# McCarthy To Stress 'Battle Against Reds'

By LEWIS GULICK  
WASHINGTON (U.S. —) Sen. McCarthy seemed certain today to put stress on his "fight against communism" as a cornerstone of his Senate defense against a move to censure him for his conduct.

The Wisconsin Republican hit on this theme time and again during a radio-TV interview last night—his first personal reply since a special Senate committee a week ago recommended his censure.

And he said the Senate which meets Nov. 8 to take up the issue, "definitely" won't vote for censure if it considers the facts and the setting of "dangerous precedent." But the vote will go against him, he said, if senators base their judgment on politics.

McCarthy also listed President Eisenhower and the Democratic National Committee as vote-swinging factors, without saying what he thought either would do for or against him.

He said Sen. Flanders (R-Vt.), who introduced the censure resolution against him, had "bragged" of receiving a letter from Eisenhower congratulating the Vermont

senator for his initial attack on McCarthy.

"I don't think Eisenhower would send a letter of commendation," McCarthy said. "If that's true, that would certainly swing some votes against me."

Flanders, at Pebble Beach, Calif., said last night he had "received a brief note of approval" from Eisenhower last March.

Flanders added that he has "no way of knowing whether the White House has approved or disapproved of what I've said since (against McCarthy) because I haven't heard from the President."

The White House has refused to comment to newsmen on the censure issue, saying the matter is one for the Senate.

While the controversial Wisconsin senator was facing a battery of questions on the censure issue, the Chicago Tribune published a report that another of his co-principals in the McCarthy-Armey case was about to leave the Senate Investigations subcommittee McCarthy heads.

The Tribune said Subcommittee Staff Director Francis P. Carr will resign his \$11,000-a-year post to take an executive job with an unnamed large transportation company headquartered in New York.

Carr, McCarthy and Subcommittee Counsel Roy M. Cohn were principals in the row with top Army officials which the subcommittee investigated in 36 days of public hearings last spring. Carr was dismissed as a principal midway in the hearings by unanimous vote. Cohn resigned on the censure issue the day before the instance of majority and minority subcommittee reports both critical of him.

The Tribune said Carr has reportedly told friends he is "extremely reluctant" to leave the subcommittee, but he "believes McCarthy's enemies have tied McCarthy up so completely" that the committee won't be able to function the rest of the year.

Neither McCarthy nor Carr could be reached for comment on the newspaper story.

The senator, seeming less at ease than usual during the radio-TV quizzing, declared that a vote to censure him would be "a warning to no other senator should go out and fight against communism of treason."

He said no committee would have investigated him if he himself had not started investigating communism. "I went broke in this Communist fight," he added.

The Watkins group unanimously recommended a week ago that McCarthy should be censured on grounds that he (1) showed contempt for a Senate elections subcommittee which investigated him in 1952, and used "vulgar" language about a subcommittee member, and (2) abused Brig. Gen. Ralph W. Zwicker at an investigations subcommittee hearing.

McCarthy also told his interviewers:

"That anyone who intimates he has misused any anti-Communist funds by so much as a penny is grossly untruthful." McCarthy's use of funds was a key question in the 1952 elections subcommittee probe.

That he would not give a public financial accounting. He said the Internal Revenue Service has just completed an investigation of his finances and appears to be satisfied.

## Couple Shot Down On Church's Steps

PALMERTON, Pa. (U.S. —) A justice of the peace and his wife were shot down last night as they were entering a church where they sang in the choir.

The assailant fled while a crowd of youths, including the couple's 16-year-old son, chased him.

The victims were Matthew Daneker, 38, and his wife, Mildred, 36.

A witness, the Rev. Milton E. Dettlerline, pastor of the Trinity Evangelical Congregational Church to which the dead couple belonged, said the assailant was standing "within three feet" of Mrs. Daneker when he fired a pistol. A single bullet struck her in the chest. She was pronounced dead on arrival at Palmerton Hospital.

The pastor said as Daneker grappled with the man for the weapon several shots were fired and Daneker fell. He died at the hospital without regaining consciousness.

Police said they were seeking Daniel Falcone, 48, a shirt factory worker, for questioning in connection with the shooting.

## DATE DATA Of Sudden Company And That 'Extra' Girl

Dear Miss Brandon: If a girl makes a date with a boy in good faith, but then her family has out of town company without warning, shouldn't her boy friend understand when she tells him she must stay home with her teen-aged cousin?

Ginger

Lesson one in feminine psychology is that you'll never get anywhere by laying down the law to a girl. Besides, I don't think you need to.

Don't drop them and leave poor Babs wondering what happened. Most likely she has never looked at the situation from your viewpoint.

Win her over to your side with tact. Tell her how much more you enjoy her company than that of her friend's and just to clinch it, tell her you just can't afford to date two girls at once, so will she please speak to her friend?

All it will require on her part probably is just not inviting her anymore.

Giving a party? Then you need "Party Plans," Beverly Brandon's free booklet that may be obtained by writing to her at The Herald.

## UNCLE RAY'S CORNER

In Paris a bus opens at the center of the back, instead of in the rear toward the curb.

PARIS — The population of France is about 43 million, or six million less than that of Great Britain. The area, on the other hand, is more than twice that of Great Britain.

Paris, the capital of France, has less than three million population. It has almost the same number of people as Bombay, India. Above Paris and Bombay are London, New York, Shanghai, Tokyo, Moscow, Chicago, Buenos Aires, Berlin and Leningrad.

I find Paris more quiet than it was at the time of my last visit. Laws have been made to keep motorists from honking their horns so much. There was fear that this step would bring about more traffic accidents, but the chief of police reported recently that the death rate was about the same.

To many experienced travelers, the traffic in Paris seems the hardest they have met anywhere. The honking always has been annoying, but the damage has been done chiefly by speeding. Some of the streets are very wide, and people find it hard to get across safely. While I was riding in a taxi cab, I saw a middle-aged woman make a dash across the street, just ahead of the cab, with her handbag swinging high in the air, as a sign that she would like her life to be spared.

In various parts of the city are men known as "clochards." They wear rather rough clothing, and they find resting places in public places. Sometimes they sun themselves while seated beside an old wall.

Several of these men have chosen a small square near my hotel as their daytime home. A 14-year-old American boy saw a clochard sleeping while stretched out on the cement, with an empty wine bottle near one hand.

"If I only had my camera!" exclaimed the boy. "I could make a fortune with a picture of that!"

It happens, however, that many of these men (who might be called tramps or derelicts on our side of the Atlantic) have been photographed, and the pictures have been printed widely. So far as they earn any living at all, they get it largely from "tips" asked of travelers who take their pictures. Tomorrow: Buildings of Paris.

LOS ANGELES (U.S. —) Dr. Lawrence E. Morehouse, professor of physical education at UCLA, said yesterday that 49 per cent of 600 students whose feet were studied turned out to have one foot larger than the other.

## Some Worried Republicans Ask Ike To Campaign More

By MARVIN L. ARROWSMITH  
DENVER (U.S. —) Some Republican leaders, concerned over the party's chances for continued control of Congress, are calling on President Eisenhower to speak out vigorously and more often in the election campaign.

Rep. Halleck of Indiana, House Republican leader, told a news conference here yesterday, "I don't think we have been able to get across just how good our program is."

His statement showed the concern in some GOP quarters. However, the concern was not reflected last night by Republican National Chairman Leonard W. Hall, who said reports reaching his headquarters indicate the GOP is "firmly on the high road to a win next month."

Hall said the reports were based, in the main, on local reaction to the speaking tour of Vice President Nixon.

Halleck met with Eisenhower yesterday for a political strategy conference. He declined to tell newsmen later if he specifically asked the President to play a more active role in the November election campaign, but declared: "The President's voice is a strong voice and the people have confidence in him."

And he added: "I would like to see some repetition of the President's Los Angeles speech."

That was a reference to Eisenhower's Sept. 23 Hollywood Bowl address in which he stripped off the velvet gloves for the first time and said recapture of the legislative branch by the Democrats would lead to a political "field day" in Washington and result in "stagnation" in government.

The President has made no political speeches since then and has only two more major campaign addresses scheduled — a nationwide radio-television address from Denver with Vice President Nixon Friday night and another coast-to-coast appeal Nov. 1, election eve.

Associates say the Chief Executive's Friday speech will be his hardest hitting effort of the campaign.

But Halleck, saying — as other GOP leaders have — that the Republicans face a "tough fight" to maintain control of Congress, left no doubt he would like to see the President make more than those two addresses.

His news conference dealt mostly with the Republican outlook in the House, and he was something less than wildly enthusiastic.

He did say that despite the "tough fight" ahead he looks for his party to come out on top in the elections. But he declined to go along with GOP National Chairman Leonard W. Hall's forecast that the Republicans will gain 15 to 25 House seats.

"That is more than I'd predict," he said.

This party's national committee took a hand over the weekend in persuading the President to try to whip up more enthusiasm for the GOP cause.

Originally, Eisenhower and Nixon were scheduled to make their Friday night nationwide TV-radio address from a studio here without a "live" audience.

Saturday the Denver White House announced that at the request of the national committee they had agreed to broadcast at a political rally in the 6,000-seat Municipal Auditorium.

The committee, an Eisenhower aide said, feels that an on-the-spot audience reaction will help whip up support for the party across the country. Scores of similar rallies to be held in all sections of the nation will be tuned in on the Eisenhower and Nixon speeches.

The national committee is footing the bill for the TV and radio time, and Murray Snyder, assistant White House press secretary, said the "Precinct Workers Day" broadcast will be carried by a record number of TV stations for a political speech.

Snyder added that Eisenhower's address will be "the same caliber of hard-hitting, inspirational talk (he) gave at Hollywood Bowl."

## Passengers' Anger Tops Sea Mishap

NEW YORK (U.S. —) A little thing like a collision at sea didn't perturb passengers on the luxury liner Maasdam—until it hit them in the pocketbook.

And then—

Well, a typhoon was nothing compared to the storm the Maasdam's crew sailed into from furious passengers, angered when the damaged ship returned to port yesterday and they were told they would have to pay hotel bills.

More than 100 passengers went on a sitdown strike in a lounge on the promenade deck. Five hundred other passengers left quietly.

In vain, officials of the Holland-America Lines, operators of the Maasdam, pleaded that it was against sanitary regulations for passengers to live aboard ships in drydock.

The Maasdam suffered a crashed hull in a collision with the French freighter Tovevo Saturday night off Rhode Island.

The dispute followed an announcement that Holland-America would arrange hotel reservations in New York until another passage could be obtained, but that the passengers would have to pay the bills.

Finally Holland-America surrendered. It offered to pay \$200 subsistence for each adult and \$10 for each child pending the sailing of the line's Ryndam Oct. 13.

Hours after the fiasco started, the Maasdam weighed anchor at Hoboken, N.J., and headed for repairs at a Brooklyn shipyard. At last report, there still were about 20 passengers holding out.

## Tremors Shake Alaskan Section

ANCHORAGE, Alaska (U.S. —) Tall buildings rocked and rolled and residents fled to the streets in their night clothes early yesterday in an earthquake seismologists said would have caused disaster if the epicenter was in a populated area.

No casualties were reported, however.

The tremor shook a 1,000-mile area of the Alaska mainland but was felt most severely in a triangular area 80 to 100 miles west and south of here.

It cracked building walls and shattered windows at Anchorage, Seward, Valdez and Homer and was felt at Fairbanks, Homer, Cordova, Kodiak and Yakutat. Some residents of Anchorage's two 14-story apartment buildings fled to the street in their night clothes.

## Damage Suit Figure Dies Of Lung Cancer

ST. LOUIS (U.S. —) Ira C. Lowe, 39, who filed a \$500,000 damage suit against the R. J. Reynolds Tobacco Co. claiming smoking caused him to have lung cancer, died of cancer at his home here Saturday.

Lowe, former resident of Festus, Mo., was named the Shop Ezy Market here as a defendant in his Circuit Court suit last June. He claimed he smoked the Reynolds firm's product and bought the cigarettes at the market.

### Best-Dressed List Snubs TV Star J. Fred Muggs

NEW YORK — Did you find your name on the list of America's 10 Best Dressed Men this year? Well, don't brood about it if you didn't. J. Fred Muggs, the celebrated television star, has more than 100 suits—and he wasn't nominated either.

He is making up a rival list of the 10 best dressed chimpanzees in America, and none of the men who crowded him off the custom tailors' list even get honorable mention on his list.

There's no one called J. Fred Muggs in America who are equally well dressed. There! now you feel better? As a matter of fact, Ullman thinks that for \$150 "you can dress from head to foot as well as the best dressed men anywhere."

### Nacogdoches Home Of The First Newspaper Printed In Texas

(This is the second in a series of four articles dealing with the early-day press in Texas, presented in connection with National Newspaper Week.) Despite the ill-fated attempt to Shaler and Toledo to print the first Texas newspaper at Nacogdoches, the community was destined to become the home of the first newspaper printed on Texas soil.

San Antonio, seat of the Spanish government, became the second Texas city in which a newspaper was announced. An American named Ashbridge chose The Louisiana Advertiser of New Orleans, May 23, 1823, to present a prospectus of The Texas Courier, to be published at San Antonio "every Wednesday morning in Spanish and English."

### Austin Recollections—Raymond Brooks

### Political Playback

Many memories of the patrician Pat Neff, a fine Christian gentleman, have sifted down from his administrations as governor, his service as a railroad commissioner, and his earlier public service as a member of the House and its speaker.

Pat Neff was optimistic in the statement that "by the last of October there will be a royal Spaniard on this side of the Rio Grande." An ad invited residents to meet at the residence of a Mr. Cargill to select trustees for a "seminary of learning," and news of the day was that a Mr. Madden had started construction of a grist and saw mill.

## Patsy McNallen Weds In Morning Rites

Mr. and Mrs. Hilton Hagan are on a wedding trip following their marriage this morning at 8 o'clock in St. Thomas Catholic Church. Vows of the double ring ceremony were exchanged before Father Theo Francis, OMI of Seymour, before an altar banked with white gladioli.

The bride is the former Patsy McNallen, daughter of Mr. and Mrs. G. B. McNallen, 1608 Eleventh Place. The bridegroom is the son of Mrs. L. E. Hagan of Dallas and the late Mr. Hagan.

Wedding music, given by Mrs. Leslie Green, Mrs. Harold Talbott and Mrs. Bill Griese, was "Ave Maria" and "Mother, At Thy Feet We Are Kneeling."

Wearing a full length gown of flesh pink tulle over pink taffeta, the bride was given in marriage by her father. She wore mits of French lace. Her veil of pink tulle was shoulder length and fell from a tiara of pearls and rhinestones. Her white bridal prayer book was topped with a white orchid and stephanotis.

Marybeth Jenkins, bridesmaid, wore a blue fallie gown with overskirt of blue net. Her dress was waist-length; her headpiece was of shattered carnations and she carried white carnations. Best man was Tommy McNallen, brother of the bride.

Altar boys were Tommy Gentry and David McNallen, brother of the bride. Ushers were Bill Sneed and Bobby McNallen, the bride's brother. The ring-bearer was

Phillip Huchton of Forsan. Flowergirl was Betty Jordan, who wore a white taffeta dress with full overskirt of white tulle. Her headpiece was of white shattered carnations, and she carried a nosegay of pastel carnations.

After the rites, a breakfast was served in the Candle Room of the Wagon Wheel. Tables were decorated with white gladioli and the three-tiered cake. Following the breakfast, when the couple left for a wedding trip, Mrs. Hagan wore a blue three-piece shantung suit. Her accessories were navy and white.

Upon their return, the couple will be at home at 1710 Main in Lubbock, where Mr. Hagan is employed by the Lubbock Avalanche-Journal. The bride is a graduate of Forsan High High School and Draughton's Business College in Dallas. She was formerly a secretary at Webb Air Force Base Exchange.

The bridegroom is a graduate of the Dallas Public Schools and attended Arlington State College. He was graduated from Texas Tech in 1951. He was in the armed services from 1951 till 1953.

Out-of-town guests were Mrs. Hagan, mother of the bridegroom, Mr. and Mrs. Marvin Brau, Mrs. Gerald Hunt, Mrs. Bernice Bolin and Mr. and Mrs. R. L. Brau, all of Dallas, Mr. and Mrs. Dick Numa of Odessa, Mr. and Mrs. Roy Brown of Snyder and Mrs. Sims McCranie of Baytown.

### 1930 Club Begins Year Saturday

The 1930 Hyperion Club opened the club season with a luncheon Saturday in the home of Mrs. Roy Sloan at the State Hospital, with Mrs. Bill Hefflin and Mrs. Ira Thurman as co-hostesses.

During the business session, the constitution was amended to increase the membership to 25 members. Announcement was made of the start of the membership drive for the Big Spring Concert Association.

Dr. P. E. Harrison of the hospital staff spoke to the club on the conditions in the institution. They were told that the major problem in the hospital is the overcrowded and understaffed condition.

The patient load is almost double what is normal, members were told, and the rehabilitation of the geriatric patients is an almost hopeless problem. This is due to the lack of space and supervision for them.

Following the talk by Dr. Harrison, he conducted the club on a tour of the hospital grounds and buildings.

## Stay Thin, Stay Rested, And You'll Stay Young

By LYDIA LANE HOLLYWOOD — At Paramount recently I visited Jesse Royce Landis who plays an important role in "To Catch A Thief." Miss Landis was jubilant because her autobiography, "You May Not Be Pretty But You'll Know More," had just been published.

"The title of the book is something my mother told me a long time ago. Every girl longs to be beautiful, but once she gets over her childish disappointment there

are obvious compensations," Miss Landis told me. "I don't think there is as much incentive for a great beauty to improve herself, and taking so much for granted she is liable to find that once her youth and beauty fades she has little to fall back upon."

"No one can say you haven't taken good care of yourself," I remarked as I knew Miss Landis had started in a stock company in Detroit many years ago with Helen Hayes and Katherine Cornell.

"Age is mental," Miss Landis explained. "If you are alert, interested and love fun, you will stay young. Sometimes I meet friends of mine I have not seen for twenty years and it is shocking to see the way they have settled into old age."

"To stay young," Miss Landis continued, "you have to get plenty of rest. Strain will rob a face of its beauty and no make-up in the world can conceal fatigue. Without rest you can't expect your personality to sparkle or radiate."

"And you have to watch your figure. Staying thin is harder for me than staying rested. But I use my will power to pass up hot breads and rich desserts and I think about how uncomfortable I would feel were these calories stored as fat."

"Do you exercise regularly?" I asked. "The only exercise I do aside from walking, and I love to walk, is designed to relax the body. Sometimes it is necessary to snap the tension, before you can relax. When I am over tired I find it very helpful to shake like a dog. I stand up, bend over, my arms and hands fall limply, and then shake. I inhale as I come up and exhale as I go down because deep breathing helps me to let go."

She Stays Young

Jesse Royce Landis, soon to be seen in Paramount's "To Catch A Thief," doesn't let the hands of time take away her youthful appearance and spirit.

Clay's No-D-Lay Cleaners Speedy

With colder weather just ahead, now would be the appropriate time to have summer clothes cleaned before putting them away until next spring.

A local concern which specializes in cleaning and pressing of all kinds is Clay's No-D-Day Cleaners, located at Fifth and Johnson Streets.

Since it moved into its new building, Clay's No-D-Lay Cleaners has had installed the very latest type of cleaning and pressing equipment, so that any type and size of cleaning and pressing order can be handled expeditiously. "Hurry-up" orders will be accepted upon request and pickup and delivery service is offered to any point within the city.

Winter clothes now being brought out of storage for use perhaps need 'touching up' before they are worn. The proper place for that chore to be done is No-D-Lay Cleaners.

No-D-Lay Cleaners is owned and operated by Harvey Clay, long time Big Spring resident and a man who can point to 25 years experience in that type of business.

No-D-Lay Cleaners building was so situated that customers can leave or pick up their orders without leaving their cars. Plenty of parking space is available on two sides of the structure.

Customers are invited to make a tour of the plant at any time of the day.

Ross Barbecue Stand Is Noted For Its Specialty

The chances are that if a man or woman who knows where to get the most delicious of fine food in Big Spring should be called on to write a dictionary, that when it came to providing a definition for "barbecue" they'd simply write down a name.

And that name would be "Ross." In Big Spring "Ross" and "Barbecue" mean the same thing. When people think of Ross they naturally think of barbecue, and when barbecue is mentioned they naturally think of Ross. Big Spring has been thus associating the two words for a long time. And there's plenty of reason for this association, for the Ross Barbecue Stand at 904 East Third Street, here in Big Spring, has long been noted for preparing and serving the most superb of this favorite dish.

There's more than one secret for the reason Ross barbecue is so popular. You can have it served there, by plate or sandwich, or you can buy it there and take it home for the family to enjoy. This finest of barbecue can be prepared only from the finest of meat, and you can be assured of top quality barbecue meat when you buy from Ross. But then unless this best of meat is properly barbecued and finished off with an unequalled barbecue sauce it wouldn't be the best barbecue in Big Spring, and it most distinctly is the best. Those who know good barbecue best say it is. And they buy their barbecue from Ross at 904 East Third Street. Or if you'd rather have some

thing other than barbecue, you can also get that at the Ross Barbecue Stand—coffee or a cold drink or some other kind of sandwich or a piece of pie or lunch. Why not drive out there today and get some barbecue, or some barbecue sandwiches and take them home for supper? Why not go out there for lunch? You'll like the food and you'll like the courteous, friendly service. It's a nice place, too, to take the family. The kids will like it and out at the Ross Barbecue stand they like the kids.

Unless you've eaten barbecue at the Ross Barbecue Stand you've never tasted the best in barbecue.

Nehru Retirement Talk Brushed Off

NEW DELHI, India (AP)—Jawaharlal Nehru says his job as Indian prime minister has fatigued him and he may step down, but observers here are not inclined to take him too seriously. They pointed out today that Nehru in the past has used similar expressions, largely as a threat to whip segments of his Congress party into line. If he is really tired, they said, there are several lesser burdens he might ask others to take over. He holds the posts of Indian foreign minister, defense minister and chairman of the planning commission, as well as the premiership.

17,500 Defense Department Jobs Have Been Ended

WASHINGTON (AP)—Some 17,500 Defense Department jobs have been abolished in the past nine months as useless, the House Civil Service Committee said yesterday, and the action will save 95 million dollars yearly.

The committee made public a preliminary report on its campaign, waged by a subcommittee headed by Rep. Corbett (R-Pa.), against the practice of assigning both uniformed and civilian personnel to the same job.

It said most of the job reduction thus far has resulted from a job reappraisal in the Air Force, and that "a much larger additional saving" is expected when the Army and Navy report fully on their efforts.

# 49ers Tie LA Rams

**By ORLO ROBERTSON**  
Associated Press Sports Editor

Key games involving first place in both divisions of the National Football League are on tap this week even though the play-for-pay boys have been in action only two weeks.

The first of the weekend's top contests involves the Philadelphia Eagles and the Pittsburgh Steelers at Philadelphia Saturday night. Both are unbeaten in two games.

And then on Sunday, the champion Detroit Lions, winner of their lone game, will entertain the powerful Los Angeles Rams. The Rams are unbeaten but have been tied by the San Francisco 49ers. San Francisco, with a victory and a tie, meets the winless Green Bay Packers at Milwaukee Sunday.

The setup for such important games so early in the season came about when Pittsburgh defeated Washington, 37-7, Saturday night and the Eagles trimmed the Chicago Cardinals, 35-16, yesterday. The New York Giants lost a chance to keep pace by dropping a 20-14 Saturday decision to the Baltimore Colts.

The Rams and the 49ers played to a 24-24 deadlock before 93,553 fans in Los Angeles. In the only other game played yesterday the Chicago Bears downed the Green Bay Packers, 10-3.

SCOTTY MacFARLAND AND A FRIEND

# Guerrero Meets Scot At Park

A fine brood of a lad from Scott, who will try to give Gory Guerrero of Mexico his version of the Highland Fling, makes his initial appearance on tonight's wrestling program at Steer Park.

He is Scotty of the Clan MacFarland, who comes to grips with the aggressive Latin from Guadalajara, Mexico, in the 45-minute semi-windup.

In Guerrero, MacFarland will be meeting one of the best grapplers ever to come out of the land across the Rio Grande.

Soft spoken and with the air of a Spanish grandee outside the ring, Gory is transfixed into a slashing Pancho Villa character once the bell rings and the action commences.

There is little doubt but that Guerrero is the best schooled of all Mexican matmen in the national Rito Romero, who has become a television favorite throughout the country.

Guerrero learned his wrestling from Professor Rodolfo Romero, president of the Mexican Wrestling Federation.

The professor thought so much

of Gory that he retained him as an instructor in his gymnasium in the Mexican capital and also employed him to coach the intercollegiate and Olympic grapplers of his country.

Now 32 years of age, Gory did not enter this country until he was 30. Just how rapid has been his rise in this county is evidenced by his ranking in the Junior Heavyweight division by both the National Wrestling Alliance and the National Wrestling Association.

Gory has been rated high among the top ten contenders for the title by both governing bodies.

Exceptionally fast, as are most Mexican athletes, Guerrero has the ruggedness and stamina which many of the Latins seem to lack.

The first bout of the evening pits Torres Perez against ill-tempered All Bey is a real grudge match. That one is down for 15 minutes or less.

Last week, Ray attacked Perez then serving as a referee — when Perez had changed a decision in a match involving Bey. The Terrible Turk became enraged after Perez signified that All was being disqualified (for the third straight time) for conduct unbecoming to a wrestler.

Ferres then went to Promoter George Dunn and asked for a chance at Bey.

The main event will be a one-hour tag match pitting Bey and Ace Abbott of Abilene, who teamed up last week, against Perez and popular Pepper Gomez of Los Angeles, California.

The show gets under way at 8:15 p.m.

# Raiders Clash With Miners

PHOENIX (AP)—Border Conference football teams Monday glanced glumly at the schedule of a once-promising intersessional record and returned to practice to prepare for a rough week ahead.

Only Arizona's two entries in the circuit could still show unmarred records. And chances were good both would get their lumps this week.

Arizona, idle last week after winning two, tests its power against Colorado in the week's top non-conference clash. Arizona State at Tempe, which outscored Texas Western, 34-27, for its third straight victory Saturday, meets San Jose. Both Border teams play at home.

Texas Tech, the leading conference power, saw the sheen of its season record marred in the third game Saturday by a 13-12 tie with Oklahoma A&M. It returns to conference play this week against El Paso's Texas Western Miners at Lubbock.

The other three teams fell to non-conference opponents they had been expected to beat. Before Saturday the conference had lost only one of eight games, with non-conference clubs.

Hardin-Simmons was blanked, 14-0, by Trinity at Abilene. West Texas fell, 14-7, to Midwestern at Canyon and New Mexico A&M finally scored but still lost, 42-18, to Sul Ross at Pecos.

# Wertz Intends To Retain Job As First Baseman

**By BEN PHLEGAR**

CLEVELAND (AP)—Vic Wertz has the first-base job with the Cleveland Indians sewed up for next season but he said today he's going "to work like a dog" to earn the right to keep it.

"I'll make it. I gotta make it and I'm going to make it. I'll take dancing lessons all winter if it'll help," he said.

The 29-year-old Pennsylvanian was the only bright spot in the World Series collapse of the Cleveland Indians. He led both clubs in hits with eight, four of them in the first game, and his .500 average was tops among the regulars.

After seven seasons in the majors as an outfielder, Wertz appeared headed for oblivion with the Baltimore Orioles until he was traded suddenly on June 1 to the Indians.

At the time his stock had hit

# Durocher Says He'll Return

NEW YORK (AP)—Leo Durocher, manager of the world champion New York Giants, will be back at the helm in 1955.

Scotching all rumors he intended to quit the Giants and leave baseball entirely, Durocher promises he'll be back seeking a second straight pennant next year.

The triumphant manager left last night for his Beverly Hills, Calif., home for a rest. He was accompanied by his actress wife Laraine and their two children, Michele and Chris.

"I have absolutely no plans of doing anything other than holding the job I have," he said before leaving.

"I don't know how those rumors started. I am not considering any other offers. Right now all I'm interested in is to take a good rest and be with my family."

Rumors throughout the regular season persisted that Durocher and his boss, President Horace Stoneham of the Giants, weren't exactly on chummy terms. But they were Saturday when Stoneham embraced Leo in the clubhouse after the Giants had applied the crusher to the Cleveland Indians.

# Western Sportsmen Club Meets At 7

All persons desiring to become members of the Western Sportsmen Club have an open invitation to meet with that organization in Room 202 at HCJC at 7 o'clock this evening, Publicity Chairman W. B. Hardy Jr., said this morning.

The club is planning a busy winter program, Hardy said.

Winners of Sunday's turkey shoot held here, 16 in number, will be formally recognized tonight.

# LOOKING 'EM OVER

With Tommy Hart

Things are looking up in a basketball way at Howard County Junior College.

Numerically, the Jayhawks are stronger than they've been in recent years. Tom-wise, well, Coach Harold Davis will reserve opinion until he's had more time to see the boys in action.

Right now, he says the school may, mind you, have a team that will be an improvement over the 1953-54 club.

Gone are Tommy Patterson and P. D. Fletcher, who helped make the Hawks a mercurial if sometimes erratic outfit. But Jim Knotts, one of the great players in HCJC history, is back, along with Paschal Wickard, a real "holler guy" in an athletic sense; Arlen White, Ronald Anderson and Oakie Hagood.

Ray Crooks, a 6-foot-1 eagle-eye from Henderson, Ky., is one of the finds in the Jayhawk camp. Ray, they say, can hit the basket with amazing regularity.

Other newcomers include Jim Castleman, an aggressive guard from Meadow, Tex.; Phil Stovall, a fine all-around athlete for Knott High School last year; Bob Green, 6-2, from Dell City; John Curtis, 6-3 185-pound track standout from Denver City; Jimmy Spears, a fiery little team man from Coahoma; Robert Patterson, also of Meadow; Charles Proctor, a California; Val Wolfe, Slater; Jackie Williams of Petersburg who came to HCJC to play baseball but who also reported for basketball workouts; and Wiley Brown, Big Spring. You might not recognize Brown on a basketball court this year. The youngster seemed top heavy in his senior year in high school but he's developed a fine hook shot that will stand the Hawks in good stead. At 6-foot-7, he's the tallest boy in camp.

In addition, two boys who won't be eligible until mid-term are working out with the Hawks. One is the 6-4 Paul Rainbolt, who played ball with the O'Brien twins at Seattle University at one time. The other is Pat Gore, who attended New Mexico A&M last year.

James Ray, former Big Spring High School letterman, and Charles Burks, who played with Stovall at Knott, will ask for suits as soon as regular drills get under way Nov. 1.

Time was when the best Davis could do for Frank Phillips was stellar hands, after which the ability dropped off sharply.

This year, the boys generally seem to be of similar ability, which means the contesting will be spirited for first team berths and the subs should prove more than adequate.

Too, the Hawks should field a better B team than they've ever had before.

Remember Tommy Randolph, who served as captain of the HCJC baseball team last season? Tommy, a pitcher, cut two fingers off his throwing hand in a grain elevator in his native Petersburg not long ago.

He was due to go into the service but the accident may change all that.

No doubt, his baseball career has come to an end.

Donnie Alexander, a former Big Spring resident and now an instructor at Frank Phillips in Borger, tried his hand as a C touring pro golfer briefly last spring.

He started in at Laredo, moved over to San Antonio, Houston and from there to Charleston, S. C.

He was shooting near par golf but he didn't win anything. It just wasn't good enough in competition with the masters.

# Trinity May Get A Rugged Test

Trinity continues as the only undefeated team in the Gulf Coast Conference but that situation may be changed this week.

The Tigers play East Texas State at Commerce Saturday night and the Lions, who once owned the nation's top record, are on the move again. They whipped Southwestern Louisiana Institute, 33-13, last week.

Meanwhile North Texas State, which lost its opening game of the season to Mississippi, appears to have hit its stride. The Eagles licked cocky Mississippi Southern last week, 15-7, to knock that little giant of the South from the unbeaten ranks.

Saturday night North Texas plays Hardin-Simmons at Denton. This will offer a comparison between North Texas and Trinity.

The latter beat Hardin-Simmons, 14-0 last week.

Midwestern, third member of the league, downed West Texas State, 14-7, and plays McMurry at Abilene Saturday night.

# EARLY SELLOUT OF GAME LOOMS

Most of the reserve seat tickets for the Lamesa-Big Spring football game here Friday night, placed on sale at the School Tax Office and John Dibrell's Sporting Goods store, have already been sold, indicating an early sell-out.

Lamesa was forwarded 1,017 tickets, including 500 student. The remainder are for Section 3 on the east side of the stadium.

Ysleta's One-Man Gang

Sal Arzola, a very aggressive young man in Ysleta's backfield, starts out for a sizable gain with a wave of blockers in front of him in last Friday night's football game here. The Big Spring club won the game, 38-12, but Arzola stayed in their hair all night.

# Conference Football Play Starts Friday In 1-AAA

The decks are cleared for the renewal of conference play in 1AAA this weekend.

While favored Breckenridge, along with Sweetwater, is taking it easy this week, six of the teams have it out with each other.

Big Spring, the circuit's representative in the playoffs in 1953, hosts Lamesa in what should be a great battle.

Snyder will take its undefeated and untied record to Levelland while Plainview will be at home to Vernon.

The Big Spring-Lamesa contest looms as a tossup. Big Spring walloped Lamesa a year ago, 30-0, but the Golden Tornadoes have returned a good ball club. They opened by holding a great Midland team to a 12-7 win, and, with a break or two, might have won the game.

Snyder looks capable of shading Levelland, although the Lobos have a tremendous offensive punch. The Tigers rolled over Thomas Jefferson of El Paso Saturday night, 51-0.

Plainview has yet to win a game this season but will have the advantage of playing at home

# Two Texas Loop Teams Unbeaten

Two of the three members of the Texas Conference are undefeated as the football campaign rounds out its first month.

Prospects are that they will stay that way this week, too.

Howard Payne and Eastern New Mexico each has won three games. Last week found Howard Payne lacing Southwest Texas State, 28-13, while Eastern New Mexico traveled to Saskatchewan to beat Notre Dame of Canada, 19-6.

McMurry, the other member, took its second straight defeat. The Indians lost to Lamar Tech, 19-13.

# Sooner Team May Be Best Of Them All, Says Price

AUSTIN (AP)—Texas goes up to Dallas Saturday for its 49th meeting with Oklahoma and Coach Ed Price thinks this may be the greatest Sooner team of them all.

"Oklahoma is fast, powerful and slick just like it has been the past two years and we'll have to play an awfully good game to win," observed the Longhorn headman, who with Oklahoma every time—you must play a good game all the way."

But the Texas coach wasn't exactly pessimistic over chances of his team knocking down one of the highest ranking outfits in the country. He found his Longhorns pretty sharp last week as they bashed Washington State, 40-14, and he was delighted that they didn't fumble a single time for the opposition to get the ball.

It was quite different the week before when Texas played half of the nation's one-two collegiate power—Notre Dame. "We lost the ball eight times through fumbles and pass interceptions," he said in talking about that 21-0 defeat. "Against Washington State we were smooth and together. And our passing was sharp."

At the time Texas played Notre Dame the Irish were No. 2 in the

against the up-and-coming Lions.

That one could go either way. Breckenridge added to the conference's prestige by bowling over favored Abilene last week, 35-13. The Buckies have now beaten Wichita Falls, Brownwood and Abilene in that order.

Levelland remains the highest scoring team in the circuit but Breckenridge has played much the stronger competition.

Snyder boasts the finest defense, having yielded only 12 points in three games.

The conference teams have won 15 decisions this season, against

only eight losses and a tie.

Four years ago Purdue snapped a Notre Dame unbeaten streak at 39 games. That Boilermaker club won only one more game that season, so the suspicion was that it was one of those flukes that happen every so often.

This year they broke a modest Notre Dame unbeaten streak of 13 games and in the process handed 26-year-old Terry Brennan his first defeat as a varsity college coach. This one, you may be sure, was no fluke.

Coach Stu Holcomb has a solid club, several good veterans and a fine crop of sophomores headed by the fantastic Len Dawson, who in his first two games has pitched eight touchdown passes. He completed 7 of 12 in the Boilermakers' 27-24 conquest of the Irish.

McMurry, the other member, took its second straight defeat. The Indians lost to Lamar Tech, 19-13.

But the Texas coach wasn't exactly pessimistic over chances of his team knocking down one of the highest ranking outfits in the country. # PURDUE HAS IT

On that basis, Purdue should rule the solid favorite. The Irish will try to pick up the pieces this week against Pitt.

Notre Dame has plenty of company. Maryland, the 1953 national champion, was flattened by UCLA last Friday. Texas, Illinois, Michigan State and Georgia Tech also have fallen.

Illinois dropped a 12-0 decision to Stanford Saturday and the Spartans were beaten by Wisconsin, 6-0. All this portends nothing but trouble ahead for Oklahoma, the perennial Big Seven champion and No. 2 team behind Notre Dame in last week's Associated Press poll.

The Sooners have a clean slate, having taken the measure of both California and Texas Christian. Their date this week is with Texas, which rebounded smartly from its Notre Dame loss to overwhelm Washington State, 40-14.

Iowa, the third-ranking team in the country, faces Michigan this week after an easy 48-6 conquest of Montana. The Wolverines themselves were victims of one of the big upsets of the day when they dropped a 25-7 decision to Army.

UCLA, Maryland's conqueror, visits Washington, while the deflated Terps will try to regain some prestige at Wake Forest.

Mississippi, the eighth-rated team in the AP poll, looked powerful thrashing Villanova, 52-0, and should do just as well against Vanderbilt.

Southern California, a pretender to the Pacific Coast crown, still is unbeaten after three games and figures to extend the streak against Texas Christian Friday night.

Penn State, which looks like about the best the East has to offer, dropped Syracuse, 13-0, and goes after its third straight against Virginia.

The game at Dallas will draw a sellout crowd for the ninth straight year, meaning 75,504 will be in the Cotton Bowl. Texas has won only one game since 1948 but holds the margin in all-time play with 30 victories, 16 losses and two ties.

# Dickie Moegle Of Rice Is On Loose Again

DALLAS (AP)—That man Dicky Moegle is on the loose again. The Rice backfield wriths in running high, wide and handsome. He needed only half a game to take over the leadership in Southwest Conference ball-carrying.

Moegle, the Cotton Bowl hero, also is the most dangerous man in the league at returning punts.

Moegle was used very little in Rice's opening game against Florida and his 52 yards didn't put him in the top 10 ball-carriers the next week while Rice was idle.

But Saturday night he got to play almost two quarters against Cornell and he made hay while the moon shone. He racked up 156 yards and shot into the lead in the conference. His 220 yards on 16 carries is 15 yards more than second place Buddy Dixie of Texas Christian, who has played in three games. Moegle has the grand average of 13.8 yards per carry.

Bobby Jones, the sophomore sensation of Baylor's first two games, had a bad day indeed last week against Miami. He completed two passes for 13 yards and had four intercepted, but he still leads the league in passing with 233 yards on 10 connections in 27 attempts. In second place is Elwood Kettler of Texas A&M, who passed for 73 yards against Georgia. He has 138 yards on nine completions in 21 attempts.

Jones also is the total offense leader with 283 yards on 43 plays. Kettler is second with 233 on 55.

George Walker, the versatile Arkansas sophomore, tops punters with a fine 46.0 average on seven kicks, and Ray Taylor of TCU is second with 45.1.

Moegle leads punt returners with 71 yards on three runs for an average of 23.7. L. G. Dupre of Baylor is second with 19.7 on three.

The top pass-receiver is Del Shofner of Baylor, who has taken two for 117 yards. Johnny Crouch of TCU is second with five for 101 yards.

Southern Methodist has played only one game but that was sufficient to take over the total offense leadership. The Methodists made 94 yards against Georgia Tech. Second is Rice with an average of 33.2.

### Things Warm As Mortgage Burns

DALLAS (U-P)—Things got warm when they burned the mortgage on the Eagle Ford Baptist Church yesterday.

Seconds before the Rev. W. L. Harrod put a match to the mortgage, the air conditioning system burned out. This left the congregation sweating.

Announced Harrod: "Satan just didn't want us to get comfortable in here."

He was answered by a loud "amen" from the audience.

## Accord On Trieste Reported Reached

OSLO, Norway (U-P)—Yugoslav Vice Premier Edvard Kardelj, arriving in Oslo last night for a visit to the Norwegian Labor party said Yugoslavia and Italy have reached agreement on the thorny Trieste dispute.

Rome reports said the accord likely will be signed tomorrow in London by the Yugoslav and Italian ambassadors to Britain.

Interviewed by the Labor party paper Arbeiderbladet, Kardelj confirmed preliminary reports that the strategic Adriatic territory is to be divided between the two countries largely along present demarcation lines.

Under the agreement, as Kardelj described it and as it has been reported in Rome:

1. Italy would get the Allied-occupied Zone A and the port city of Trieste—86 square miles with a population of 300,000. Since World War II this zone has been occupied by British and American troops.
2. Yugoslavia would get Zone B—119 square miles of hinterland with a population of 75,000, which Yugoslav troops have occupied since the war.

Minor frontier adjustments would give the Yugoslavs some heights overlooking the harbor that are now in Zone A. A special provision also would allow Yugoslavia port facilities in Trieste itself and protect minority rights.

In Rome, observers said all indications were that the formal signing would take place tomorrow barring some unforeseen last-minute hitch.

Last Oct. 8 the United States, Britain and France in a declaration announced they would turn Zone A over to Italian administration. The Allies thought then they had Yugoslav President Tito's tacit consent, but he stormed an angry "no" and both countries rushed troops to the border. Negotiations had to start all over again.

This time the agreement looks firm.

### Bulging Money Sack Deceiving To Bandit

TYLER, Tex. (U-P)—A pistol-waving bandit entered the Tyler Transit Co. office last night, forced nightwatchman A. R. Phillips into a closet and headed for the safe.

In it, he splashed a bulging money sack. He grabbed it and fled, apparently thinking he had the day's receipts.

Company owner B. C. Curry said the sack contained 2,100 bus tokens.

### Five Persons Die In Corsicana Crash

CORSICANA, Tex. (U-P)—Five persons died in a car collision five miles south of here yesterday.

The victims were G. W. Melton, 61, and Thomas Edward Carroll, 59, both of Corsicana; and Myrtle Carter Fite, 38, Ruth Wadley, 35, and Charley Mae Wadley, 10 months, all of Dallas. Doris Hammond, 21, of Dallas was critically hurt.

Melton and Carroll were in a car going north and others in one heading south.

### BUT 'CHUTIST MISSES MARK

## Texas Prison Rodeo Gets Off To Rousing Beginning

HUNTSVILLE (U-P)—Parachuting convict Bill Kennedy missed his mark but his 1,500-foot jump got the 23rd annual Texas Prison Rodeo off to a rousing start yesterday.

Kennedy, serving two years for forgery from Dallas, bailed out at 1,500 feet and plopped down safely two blocks north of the prison stadium in front of Huntsville High School. The 34-year-old inmate, who claims 129 jumps to his credit, was trying to land in the stadium. He'll have more chances. The rodeo is held each Sunday in October, and he plans to parachute again during succeeding performances.

A crowd estimated at 12,000 persons braved 90-degree heat for the opening of the 1954 rodeo.

In the stadium, inmate riders stuck to wild broncs longer than in previous years and finished most rides. In the wild bull contest, however, the Brahmins tossed nearly 30 riders into the dust before winners could be named. Nobody was injured, despite the wildness of the stock.

A Decatur inmate serving 25 years, Pete Jones, won the mad scramble event. Tony Urteago of San Angelo, a 10-year-man, placed second.

The saddle bronc riding event was won by E. J. Duke, Borger, serving 3 years. Charles Arthur, Palestine, 20 years, was second and O'Neal Browning, Beaumont, 11er, third.

Cleveland Davis, Houston, 101 years, won the bareback bronc riding event.

In the wild horse race, the team of Charley Johnson, Walter Henderson and Henry Petty, placed first.

Bull riding honors went to Elliott Harvey, Victoria, 50 years Dale Blair, Wichita Falls, 4 years, was second.

### 'Sporting Chance' Offered In Robbery

CHICAGO (U-P)—Two masked gunmen left one of three porters un-gagged in exchange for a "sporting chance" at a getaway after looting a restaurant safe of \$5,000 early yesterday.

The robbers tied up three employees and gagged them while they worked two hours with drill and sledge hammers to open the safe of the Palm Grove Inn on the South Side.

Walter Owens, one of the porters, said one of the men removed his gag on condition he not call for help until he was given permission.

As the robbers reached the alley behind the restaurant, one of them shouted, "Now!"

### Count Is Begun Of Brazil Votes

RIO DE JANEIRO, Brazil (U-P)—A count of the 12 million votes cast in yesterday's orderly congressional elections started throughout Brazil today but full returns were not expected for about two weeks.

The balloting will determine the support of President Joao Cafe Filho's six-week-old conservative government.

Reliable reports said his ministers plan to resign if opposition forces win a pronounced victory and tie up the new Congress. The full Chamber of Deputies—326 seats—and two-thirds of the Senate—41 seats—are involved in the contest.

Balloting also was for the governors of 11 of Brazil's 20 states and many municipal officials.

Lines were drawn in the heated campaign between Cafe's center and rightist followers and leftists under the banner of the late President Getulio Vargas. The "legacy of death"—the suicide note he left when he shot himself last Aug. 23—was a key factor in the contest.
