Sales Tax Election Due Here Saturday

Slaton voters--perhaps in small numbers--will decide the fate of a one per cent municipal sales tax here Saturday. Little interest has been indicated for the special election, with no organized support "for" or "against" the proposal yet exhibited this week.

Some observers think the indifference may indicate that most voters have accepted the sales tax plan as "the lesser of two evils."

In calling the election, Slaton City Commission announced the city would require additional revenue and that it would have to come either from a city sales tax or from much higher water rates.

Whether that theory is true, or whether most voters have made up their minds to vote against the tax... or whether many just don't care, the decision will be made Saturday at Slaton Municipal Building. The lone polling place will be open from 7 a.m. to 7 p.m. Every registered voter in the city is eligible to vote.

If voters of Slaton pass the tax, it would go into effect April 1, 1969, the Slatonite was informed this week by Mayor Jonas Cain. Effective date is set by the state, allowing a full quarter to pass before the tax is collected. It would then be July 1969 before the City of Slaton received revenue from the tax.

A one-cent sales tax in Slaton is estimated to yield in excess of \$67,000 per year. This is based on a per capita average of \$9.68 per year--an estimate for Lubbock County given by the Texas League of Municipalities.

The city sales tax would be paid on all items which are

now covered by the state sales tax, thus a four-cent tax would be applied. Local merchants would report and pay the local sales tax to the State Comptroller, who retains two percent of the collections and returns the balance to the city.

The rising cost of water was a big factor in the need for

The rising cost of water was a big factor in the need for more revenue. Like Levelland, Brownfield, Tahoka and Lamesa--all who have passed the city sales tax recently--Slaton starts payment on the Canadian River Water Authority project this year.

Payment on the CRMWA project will leave the general fund about \$40,000 short of funds which are normally transferred from the water department. The city commission also points to rising costs of operation, and the need for street and equipment maintenance funds as other factors causing a need for more revenue.

Should the tax election be defeated, the city commission has announced intentions of putting a water rate increase into effect in order to secure more revenue.

One proposal being considered would raise the minimum bill from \$3.50 to \$5.25 a month. Over the minimum, rates would also be stepped up, with the average bill being hiked \$38.96 per year. The proposed rates would bring in about \$75,000 more in revenue.

Should the sales tax be approved, Mayor Cain said this week that a study indicates no water increase would be necessary for at least 12 to 18 months, if it becomes necessary of all

LIGHT FROST BENEFICIAL, NO 'KILLING FREEZE' YET

Harvest Underway With 4,792 Bales Out

The harvest of King Cotton was underway in the Slaton area this week, with the first unofficial bale count showing 4,792 bales of cotton already ginned.

Some of the area gins were not expecting to really get going until the first "killing freeze," A light frost was recorded last Friday when the Lubbock Weather Bureau station reported a low of 32 degrees, and Pioneer Natural Gas in Slaton recorded 34.

Most observers seem to think the frost was beneficial to the majority of farmers. The frost apparently didn't last long enough to defoliate the crops. After a shower Monday morning, another warming trend set in to help the harvest picture.

Bingham Misses Just One Game In Grid Contest

Only the Texas Tech - Mississippi State tie kept Mike Bingham from having a perfect entry in the Slatonite Football Contest last week.

Mike took the \$10 first prize by picking 23 of the 24 winners, while nine other entrants missed only two games. Charles Didway of Post won second place and \$5, while two tied for third place and split the \$2. Didway came closer on the tiebreaker score with a guess of 35.

Carlton Bradshaw and Tom Hoffman each had 42 on the total score of the tle-breaker game to tie for third. Others who missed two games were Pete Williams, Jane Winchester, Mike Williams, Jerry Burrell, Barbara Bingham, and

Kenneth Hughie.

around 80 Wednesday, and in the low 40's last night. The warm, dry weather was a boost to the mechanical cotton pickers which have invaded the area.

The Slatonite's first bale count of the season Wednesday included nine Slaton and area gins, with some not underway yet. Slaton Co-Op Gin led the way with 2,314 bales. Other reports included: Farmers Gin 471, Union Co-Op 655, Hackberry 200, Wilson Co-Op 448, Wayside Gin 650, Acuff 27, and Gatzki 25.

The USDA Consumer & Marketing Service at Lubbock reported 6,550 samples of new crop cotton classed for the week ending Oct. 18. Samples classed this season totaled 11,700.

Last season at this time, a total of 7,300 samples had been classed. The predominant grades for the South Plains were Middling, Strict Low Middling and Middling Light Spotted.

The average staple was 1 1/32 inches and the micronaire readings for the week were 3.5 and better (95 percent), 3.3 to 3.4 (3 percent) and 3.0

to 3.2 (2 percent).

Prices reported to USDA at

Nixon To Visit Lubbock Nov. 1

Word was received this week that Lubbock has been included in Richard Nixon's campaign itinerary for the afternoon of Friday, Nov. 1. Definite time will be established within the

next few days.
Following his address in Lubbock, he will depart for San Antonio where he will make a televised appearance the same evening.

Nixon's visit will mark the third appearance of a Republican Presidential candidate in Lubbock. General Elsenhower came in 1952 and Barry Goldwater in 1964.

Jack Markham, the Lubbock County Chairman for Nixon-Agnew, says, "Tentative plans now call for Mr. Nixon to speak privately with community leaders from throughout the South Plains, preceding his address from a grandstand to be erected at Municipal Airport." He added, "We have requested that Mr. Nixon express his views on such subjects as the farm program, the depletion allowance issue, right to work law, and the Nixon Human Rights Program."

Nov. 1 At Wilson

Wilson High School will hold its annual homecoming Friday, Nov. 1. According to Mrs. Thomas Autry, reporter for the Wilson Exes, activities will include a pancake supper and registration in the school lunch room between 5 and 7 p.m.; the Wilson - Hermleigh football game at 7:30 and a coffee following the game in the school lunch room.

The classes of 1941-42-43 will be honored but all exes are invited and expected to attend.

Other defensive starters will probably be Randall Choate and Ronnie Romines at guards, Roy King and Allen McDonald at tackles, Brent Lamband Randal Partain at ends, Hobby Chapple and Morris Dixon at half-backs, and Washington at safety.

On offense, its Romines at center, Hill and John Petty at guards, King and Choate at tackles, Partain and Lamb (or Robert Englund) at ends, Jimmy Williams at quarterback, Moore and Farrell at halfbacks, and Washington at fullback.

Depth is expected to be a big problem for Slaton again. Estacado, large enough to be in Class AAAA, has 20 boys starting on offense and defense. The Tigers make only three or four changes on defense.

Estacado is sparked on offense by quarterback Kenneth Wallace and power - running backs Larry Miller and James Mosley. Speedster Jesse Lethridge adds break - away power, and all of the backs are among the loop's top scorers.

Little needs to be said about the Matador defense -- yielding just six points in six games. The Lubbock team was ranked 5th in the state AAA ratings this week.

SHS Students Pick Wallace

George Wallace is the presidential choice at Slaton High School, according to a poll conducted last week by "Tiger's Cage", the journalism class. Wallace was given 44 percent of the student vote; Humphrey was second with 31 per-

cent, and Nixon took 25 percent.

The survey also asked students if U.S. forces should be withdrawn from Vietnam, and a majority voted "no" to the

question. A majority also agreed that the voting age should be lowered to 18, and that President Johnson could not have won re-election if he chose to run.

All the classes had Wallace as the top choice, while Humphrey was second with the seniors and freshmen. Nixon was picked second by the juniors and sophomores.

Rotary Club Has Banquet For Teachers

some 150 persons heard Mr. and Mrs. Roy Bass of Lubbock discuss "How A Thinking Man Thanks" when members of the Slaton Rotary Club honored the local teachers with an "Appreciation Night" last Thurs-

day at the junior high cafeteria.

Bass, a prominent Lubbock attorney, and his wife, Anita, are active in a number of civic organizations and are well-known throughout the area. In their discussion they pointed out the words which are most overworked in our language... namely, "love", "home", "friendship" and "thanks." They emphasized that most uses of these words are phony, and that in the process of self-justification, a majority of the people suffer from "paralysis of analysis."

Claude Cravens and Dee Bowman shared duties as master of ceremony. Jerry Gentry gave the response on behalf of the teachers.

Entertainment was furnished by Bernie Howell and the "Triolins" of Lubbock.

Scout Campaign Starts Tuesday

A kickoff meeting for the Boy Scout sustaining membership drive, Mackenzie Trail district, will be held Tuesday morning at Bruce's, it was announced this week by Ansil O'Neal, general chairman.

O'Neal urged all volunteer workers to be present for the breakfast meeting and secure prospect cards. "We want to complete the campaign next week," he added.

Other members of the local steering committee include Harley Castleberry, Hack Lasater, Rev. Johnnie Moore, Buford Duff, Bud Englund, Dee Bowman and Speedy Nieman.

O'Neal has appointed team leaders to sign up volunteer workers in the Scout drive. The chairman reported that the number of Scouts per capita in Slaton rates above the national average.

Absentee Vote Slow in City

Absentee voting for the Nov. 5 general election has been slow at the Slaton ballot box, with Beverly Kercheval reporting only 10 votes cast yesterday morning. The absentee balloting began Oct. 16 and the Slaton box is located at Kertan Studio, west side of the square. You may vote from 8:30 a.m. to 5 p.m., Monday through Friday. Final day for absentee

voting is Nov. 1.

Voters should bring voter registration certificates with them when they ballot. Anyone who will be out of the county at the time of election, Nov. 5,

may cast an absentee ballot.
Citizens should remind relatives and friends in the armed forces to send their voter
registration along with a request for an absentee ballot to
the County Clerk's office, Lubbock, just as soon as possible.
The County Clerk's office will
mail them an absentee ballot.

He said, "educate the people, especially the teenagers". He was then asked, "Has this film been offered to our schools?" He said, "Yes we were refused." It was sug-

gested that we as parents, impress on our school board and school officials to have this program made available to our teenagers. Favre said that venereal dis-

ease was a respector of no age or race, and this program could be given to any size group requesting it, in schools, churches or clubs. He said the Slaton Home Demonstration Club was the first request he had had for such a program in Slaton, although he said he felt there was a dire need here.

A TIME FOR DECISION

Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the

policy that each boy should

scrap drives. The institution which is chartered to use the Scouting program gives help in developing money - earning projects, but the sponsor that regularly pays Thus, this is all of the Scout unit's bills defeats a basic purpose of Scout training. The institution does have the obligation of providing a meeting place with light and heat for the pack, troop, or Explorer unit (which becomes part of its own budget), and it agrees to provide competent, devoted, volunteer leadership

who pay their own expenses. Then, the local South Plains Council, which is a group of volunteers who have organized to meet the Scouting needs for a given area, provides training courses, an equipped and staffed camp, intertroop camporees, Scout exposition and other events, the organization of new Scout units, accurate records of membership and advance ment, and a sourse of Scouting supplies including badges and

The Local South Plains Council elects officers, appoints operating committees, sets up a council office, employs executives as coaches, and elects an executive board, made up of outstanding leaders from every part of the council, who deterine how much money it will take to do this job for a year. This becomes the council budget which must be raised in all of the communities concerned. The money is raised through United Funds and the Sustaining Membership Enrollment

Finally, the National Council of the Boy Scouts of America, the fifth member of the team, coordinates and stimulates Scouting on a nationwide basis. It produces the literature, including books for boys and for leaders. training course materials, and materials on program, Men on the National Staff and in regional offices over the country form a great service network to work with local council leaders. The money to pay for this national service comes mainly from the registration fees that boys and adults pay and from profits from the National Supply Service which are plowed right back into promoting Scouting for more boys in every community in America. Only about 1 percent of the South Plains Council's operating budget is paid to the national organization as a charter fee.

Thus, this five-way "plan" of paying for Scouting has been evolved over 58 years of experience, and its soundness is proved by the fact that it works and that Scouting continues to

Breathalyzers To Test **Drivers For Drinking**

Drinking drivers run a new risk of being nabbed -- through a tell-tale scientific breath analysis device going into use in

Co. Wilson E. (Pat) Speir, Department of Public Safety Director, announced that 90 new "breathalyzers" have been purchased by the DPS and 450 highway patrolmen trained to operate them. Device will test a suspect's breath to determine percentage of alcohol in the bloodstream.

Instruments, simple to operate and read, will be placed in 80 of the state's most populous counties, at fixed locations and used under strictly -controlled scientific con-

Suspects who consent to the test will blow into a tube and the percentage of alcohol in their blood will register on indicators. About 15 minutes' waiting time is allowed before testing begins and actual test takes only five minutes. Experts report a direct relationship between alcohol content in blood and breath.

Cain Named On Committee

Mayor Jonas Cain of Slaton has been appointed chairman of the Physical Features Ans' sis committee of the Lubbock Metropolitan Council of Govern ments, it was announced this week by County Judge RodShaw, who serves as president of LMCOG.

The executive committee of LMCOG made the appointment, also named Mayor J. H. Galey of Shallowater, Mayor Roy Jones of Abernathy and Mayor Fritz Jack of Welfforth on the committee.

The group will study an analysis presented by an engineering company and report comments and suggestions at the next general meeting of LMCOG.

Soto Gets Purple Heart

L/Cpl. Tino Soto, a resident of Slaton until entering the service, recently spent 19 days aboard the USS Repose recuperating from a shrapnel wound in the leg. Serving with the U.S. Marines in Vietnam, Soto was presented the Purple Heart in a ceremony Oct. 10, 1968. He is a graduate of Slaton High School and attended Texas Tech. His family now lives at Marlin.

"Behold, how good and how pleasant it is for breathren to dwell to-gether in unity." — Psalm 133:1

Unity is an example of people working together, You can see unity in the "team" sports such as baseball and football. You can see team effort by watching the pro-

gress of a building under con-

struction. Unity among men of different philosophies and beliefs is more difficult to achieve. It may never be fully realized. We can, however, as Christians, do our part to help achieve a world of greater understanding and cooperation - among our neighbors, and in our communities.

It's simple. Live a life of Christian charity.

The Eagle defense had to defend against three fumble recoveries that gave Crosbyton scoring opportunities, and the Chiefs were able to cash in only one of them. Roosevelt led all the way, jumping to a 7-0 lead the first time the Eagles got the ball.

The Chiefs came back with a touchdown, however, and the Eagles led by just 7-6 until Brown kicked the field goal in the fourth period. Then the Eagles iced it away and were driving for another score when the game ended.

Roosevelt marched 53 yards early in the first period, with Hughes leading the way, and Guess carried in from the 14 with 5:56 left in the opening stanza. The Chiefs recovered a fumble on the Roosevelt 28 minutes later, and scored when Johnny Williams swept end just as the second quarter got underway.

Crosbyton recovered a fumble on the Roosevelt 13 in the third period, but the Eagles held, then marched to the Chief 11 before running out of gas. Brown booted his field goal from the 18, getting credit for a 28-yard kick. That made it 10-7 with 10 1/2 minutes left in the game.

The last Eagle drive went 48 yards, with Guess plunging over from the 7. Roosevelt got the ball on a fumbled kickoff, but the Chiefs held inside the 1 as the game ended.

It Takes Two The Chamber of

Commerce and YOU

BY TED WEAVER Slaton C of C Mgr.

The Beautification Committee of your Slaton Chamber of Commerce will make its first "yard-of-the-month" award Tuesday of next week.

A secret panel of judges, even secret to each other, will select a winner. The judging is to be based on the pride that the resident shows in his property. The winner should be a clean, neat yard with the sides and ally also showing pride.

A yard sign proclaiming that this is the yard of the month will be displayed by the winner until the next month's judging. The award will be made in October and November and the Christmas Decoration winner will be the "December Yard of the Month". The contest will be discontinued until Spring to begin anew in March or

The goal of this effort is to bring about pride in our homes and yards and to recognize those that excell. Nominations for yard of the month can be phoned or mailed to your Chamber of Commerce Office.

YOU DON'T HAVE TO VOTE! We should be proud that we are not required to vote but that it is a priviledge of our free democracy. We do however, have an obligation to preserve this privilege by using it. Remember to vote in the Sales Tax Election in Slaton Saturday and the General Election November 5th.

Editoria]

The appearance of the Slaton High School's campus as well as the students of Slaton High expresses to everyone the pride, concern and awareness of what education means. The students are urged to dress properly and look wellgroomed. The boys should keep their hair trimmed--out of their ears and eyes. The girls are to wear their dresses three inches above the knee or longer, no jeans, slacks only, no bloomer dresses, or short pant dresses.

A common tie among high school students is an interest in fashions and the reactions they get.

"I think that I shall never see

A thing as ugly as a knee Above whose knarled and knotted crest

The mini hemline comes to rest. Or one that's even worse than that

When padded with repulsive fat. A knee that may in summer wear Nothing at all, but be quite bare,

Behind whose flex there oft remains A net of blue and broken veins.

The campus is also in bad shape. As people drive, they look at Slaton High and see coke cans, paper, broken bottles lying around and not in the trash cans donated to the school by local merchants.

This is our school and we are all responsible for its appearance. Fellow students of Slaton High School -- get with it!' Let's get to work.

Debbie's pet peeve is the common cold and her most embarrassing moment was getting stopped on the square for disturbing the peace, and a certain broken zipper. Her philosophy of life is "Smile! It works when all else

fails," and her advice to freshmen is "Don't get caught!!" When asked for her future plans she replied, "Unpredict-

An elevator operator had a rather hectic day and her patience was strained.

"What would happen if the cables broke -- would we go up or down?" a lady inquired, "Madam," the operator sighed "that would depend entirely on what kind of life you've led,"

DENNIS MEURER

An 18 - year old senior boy, whose pet peeve is people that neglect him, is Dennis Meurer. Dennis was born July 1950, and now stands 6 feet tall, weighs 170 pounds, and has blue eyes and brown hair. Dennis lists his favorites as:

band, The Boys; song, "Hush, Hush"; pastime, going to Wilson; teacher, Mr. Johnson and Coach Gerber; subject, Vocational Agriculture Co-op; color, red; food, Mexican; and car, Ford, the only way to go. Dennis' achievements during high school are; football, 1-3,

basketball, 1, track, 1, Ag, 1-3, Tech land judging team, 2 years, Chapter Conducting team, years, and Distributive Education, 1. Dennis won't tell about his

most embarrassing moment. but his advice to freshmen is be kind to upperclassmen, and his philosophy of life is "Don't ever get down, pick up your chin and go onward," After graduating, Dennis plans to work, work, work, and

then go see Uncle Sam.

Jimmy Marriott On TV Friday

Friday night at 9 p.m. "Judd for Defense" will be on Channel 13 as usual. But something Slaton people should watch for is a band that will be on the program known as "The Pearly Gate", formerly known as "The

Jimmy Marriott, son of Mr. and Mrs. Charles Marriott, and a graduate of Slaton High School will be featured drummer with the group.

NHS Members Na New members of the Nat-

ional Honor Society were in-stalled at assembly Oct. 17. The senior members gave opening speeches on "Leadership, Character, Scholarship, Service."
