Cotton Harvest Near As Machines Arrive

The gigantic harvest of King Cotton is fast approaching in the Slaton area, and one sure sign was the arrival of 21 mechanical cotton pickers at Santa Fe depot Sunday and Monday.

The machines were being unloaded Monday and Tuesday after being moved here from the Rio Grande valley area. Slaton's population began to rise, also, as crews moved in with the arrival of the machines. Housing was at a premium this week, especially furnished houses.

One farmer who purchased one of the \$25,000 pickers said there will be about 50 of the machines here in a few days. It was reported three of the machines were purchased by local farmers.

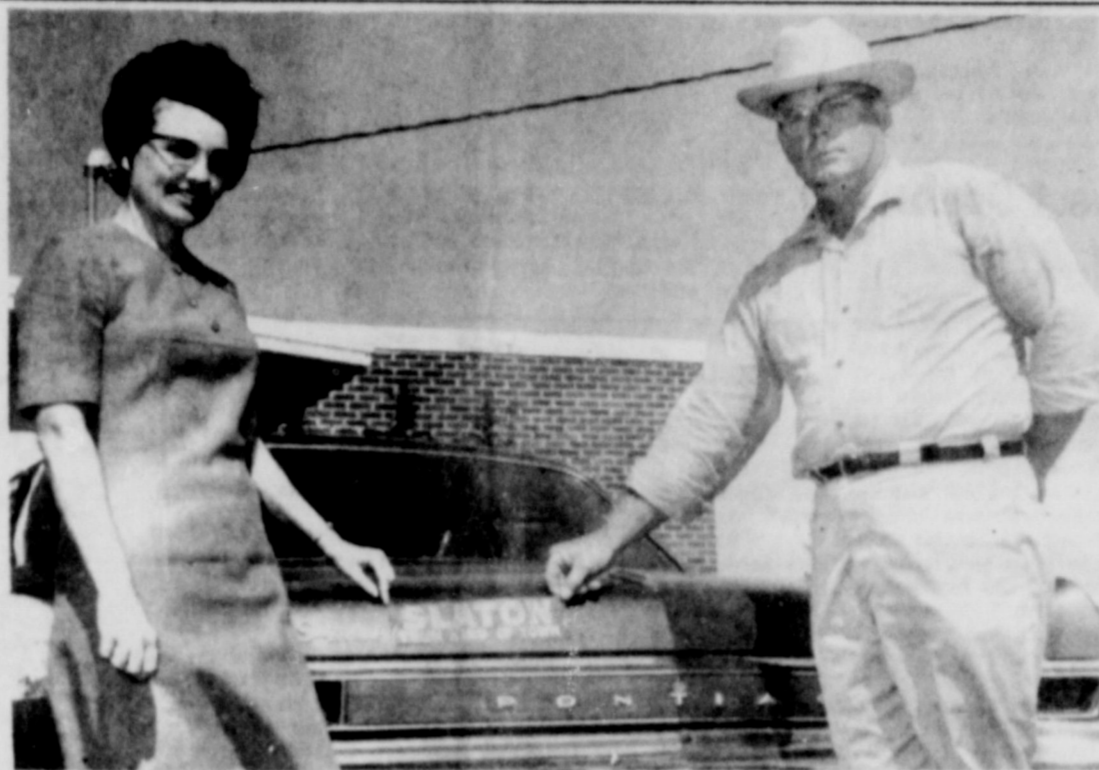

Apparently most of the machines already here are booked up for the harvest. Some of them were starting operation this week. One farmer said he had about 50 acres ready for the machines.

The weather helped the cotton crops mature this past week, with the temperatures in the 80's almost every day. A cool front moved in Wednesday morning, dropping the mercury to a low of 52 at 9 a.m. The temperature fell 10 degrees from 70 to 60, when the front arrived between midnight and 3:30 Wednesday morning.

The high reading Tuesday was 88, but the estimated high for Wednesday was near 70. Low was expected in the upper 40's Wednesday night.

The Slaton area was fortunate, however, in that thunderstorms and hailstorms Tuesday evening missed this region, with Lubbock reporting light moisture. Heavier rain and hail was reported to the northeast. Damaging hail was reported at Combs in Crosby County.

Prospects remain bright for the cotton harvest in the Slaton area, and farmers are hoping for a late freeze so that all the cotton can mature. Quality appears good if the weather continues to cooperate.

YOUR KIND OF TOWN--Slaton's new slogan was much in evidence this week with the arrival of bumper stickers proclaiming, "Slaton--Your Kind of Town." Chamber secretary Cleo Green admires a sticker put on her car by Bill Alspaugh, slogan committee chairman. The bumper stickers are available free at the C of C office, Radio Station KCAS as helping put out the stickers this week. (SLATONITE PHOTO)

'Yard of Month' Project Starts

Slaton Chamber of Commerce directors voted to sponsor a "Yard of the Month" contest during a regular monthly meeting Tuesday night.

Directors also discussed plans for a Veterans Day parade here Nov. 11, named a nominating committee for new directors, discussed retail trade promotions, and took care of routine matters.

The Yard of the Month program will come under the supervision of the beautification committee. Judges will select a yard each month on the basis of how clean and neat it is kept, and the pride and work displayed by the owner. Judging will include the entire lot or property, back to the alley.

Chamber manager Ted Weaver said it was emphasized that the size or value of the property will not be considered as much as the pride shown by the tenant. Citizens are invited to

call the Chamber office and make recommendations on yards to be considered.

The first award--a sign to be placed in the yard--will be made at the end of the month. The sign will be moved each month.

Dick Hartman, retail trade committee, reported a "Krazy Daze" sale is scheduled downtown Oct. 18-19. Frank Pfeuffer, T&Y manager, is chairman of the promotion for October.

Weaver announced that an industrial conference is scheduled Oct. 16 by the Texas Industrial Commission. Several directors plan to attend the Fort Worth conference.

T. J. Wallace, Clark Self Jr., Jake Wendel and Earl Eblen were named to a nominating committee for new directors. A mail ballot will probably be made in December, and new directors will be named in January.

AT SWEETWATER FRIDAY NIGHT

Tigers Tackle Ponies

One down and two to go! Slaton's Tigers catch the top three ranked clubs in District 3-AAA in succession this season. Last week it was the unbeaten-but-tied Dunbar Panthers; this week it's the unbeaten-but-tied Sweetwater Mustangs; and, after a week's rest they face the powerful Estacado Matadors.

The Fighting Tigers gave it "110 percent effort" last week. Coach Ernie Davis told Tiger Club members Monday night, "turning in a great offensive game but falling down in a couple of defensive departments."

The Tigers take a 2-2 record into Mustang Bowl Friday night against Sweetwater's 3-0-1 record. The Mustangs were tied by Dunbar, 6-6, but had more penetrations than the Lubbock team. The Ponies downed Lamesa, 14-6, in the opener downed Levelland by 31-7, and

crushed Lake View by 60-0 last week.

Kickoff time for the 3-AAA contest is 7:30 p.m. Reserved seat tickets are available here at the school tax office on S. 9th Street.

Davis, who has all his Tigers will be ready to go Friday night, although they came out of the Dunbar game with many bruises, scratches and teeth marks.

The Tiger mentor is well pleased with the team's offensive showing in the last two games. If the Tigers can correct some defensive faults, Davis thinks Slaton has a good chance against the highly-favored Mustangs.

Slaton's passing game still leaves much to be desired, but the ground attack has come on strong with halfbacks Larry Moore and Nick Farrell taking the pressure off fullback Richard Washington and quarterback Jimmy Williams. Moore has been the top gainer the last two outings.

It's what's up front that counts, of course and the offensive line deserves much credit. These include Ronnie Romines, Brice Hill, John Petty, Roy King, Randall Choate, Brad Lamb and Randall Partain.

The Mustangs return 17 lettermen from a team that was

7-3 last year and lost the district title to Dunbar by a 9-8 score. Coach Joe Boyd had an experienced backfield returning -- featuring quarterback Aubrey McCain and fullback Benjie Kemp, and three offensive linemen.

A pair of all-district performers are back on defense, along with an honorable mention lineman. The Ponies have

Conference Set

On Overpass Job

A pre-construction conference for the overpass project at US-84 and FM-41 will be held Friday at 10 a.m., it was announced this week by Julian F. Smith, highway department engineer.

The conferences are held to coordinate details of the construction with city and other interested officials, to make plans for any special traffic control, and to inform news media of project plans.

E. M. Bailey Contractor of Abilene was awarded the \$717,301 contract on the overpass.

Krazy Daze are coming to Slaton Oct. 18-19!

Plans for the Dollar Day promotion were made this week when members of the retail trade committee of Slaton Chamber of Commerce met to discuss the Krazy Days Sale.

You'll find some ridiculous prices and possibly some other crazy happenings next week, so watch The Slatonite for the Krazy Daze specials.

Firemen Play Vital Role

Last year in the United States, 12,200 persons lost their lives in fires. Thousands more were injured. Property damage resulting from fire reached a staggering \$1.7 billion. With care, a huge portion of this shameful waste could have been avoided.

These are national statistics but to bring it to the local level, Slaton Volunteer Firemen made 106 calls last year. Eighty-three of these were in the city limits and 23 were outside the city limits. Of the 106 calls, 46 were house fires, 29 grass fires, 21 car fires, 3 false alarms and 7 miscellaneous. To keep on their toes, the firemen held 24 drills during the year in an effort to keep down fire damage loss.

Total insured property damage in 1967 totaled \$89,643 in Slaton. This does not include uninsured losses, estimated at less than \$5,000. Fire Chief Don Kendrick says this is a 155% loss-ratio (the amount

of insurance paid out rather than taken in) which has held true for about four years here. This loss-ratio has a direct bearing on local insurance premiums.

The only full-time fireman is Clyde Doherty, who is temporarily serving as resident fireman. He is assisted by 21 volunteer firemen, some who may be your friends or neighbors--men who need everyone's help in preventing fires. After all, this is a job for the entire community.

These firemen attend two business meetings per month and two fire drills per month, with each drill approximately two hours long. Attendance at these meetings in 1967 for Slaton firemen was 93.1% present for meetings and 92.2% present for drills. Fire calls were answered by 76.4% of the volunteers.

The amount paid these volunteer firemen hardly takes care of the cleaning and laundry bills

and shoes ruined during a year . . . not counting the hours of lost sleep. The 21 men are paid \$1 per call inside the city limits, nothing outside the city limits, \$1 for each meeting and drill they attend, and receive \$7.50 in lieu of free water. Firemen formerly received free water.

Local firemen are Don Kendrick, chief; Pete Williams, assistant chief; Leroy Poor, captain; Coy Biggs, lieutenant; John Richey, secretary-treasurer; Bob Kern, Wayne Polk, Weldon Self, Sammy Crowson, Lehman Brown, Skip Tumlinson, Biggs and Poor, members of the Rescue Squad with Kern as squad leader; Bill Ganus, Jack Gilliland, Mack Kendrick, Ronnie Kennedy, Bennie Moeller, Leon Moore, R. J. Moore, Wayne West and Kenneth Henderson.

The rescue unit is equipped for almost any type rescue or type of emergency, but Kendrick

Rep. Jones Is Visitor Here

State Rep. Delwin Jones outlined the 14 proposed amendments to the Texas Constitution when he appeared as guest speaker for the Slaton Lions Club Tuesday at Bruce's.

Rep. Jones gave a brief explanation of each amendment, then listed the arguments for and against the issues. He also answered questions concerning some of the proposals. Voters will decide the issues Nov. 5.

Jones, from Lubbock, is state representative of District 76, Place 1, which covers Lubbock, Hockley and Terry counties. He is chairman of the House Agriculture committee and, among other committees, is senior member of the Appropriations committee.

Light Bulb Sale

A Light Bulb Sale has been scheduled Monday evening by the Tiger Club. It was announced this week by club president Bob Kern.

The adult booster club is sponsoring the sale to help finance projects designed to aid Slaton High School athletes.

The sale will start at 6 p.m. Monday and continue to 8:30. Club members and high school athletes will sell the light bulbs door-to-door around the city.

Glasscock Wins Grid Contest

Gary Glasscock won the \$10 first prize in the Slatonite Football Contest last week by picking 21 of the 24 winners in games last week.

Several entrants missed only four of the games, but H. H. White took second place and Larry Long third by coming closer on the total score of the Slaton-Dunbar game.

Glasscock missed the Southland-Three Way, Sudan - Seagraves and SMU-North Carolina State games. About 125 entries were turned in last week.

Others who missed four games but didn't get a cash prize included Valton Wheeler, Tom Hoffman, R. L. Varne-man, and Kelly Sparkman.

Join in the contest game this week. Turn in the contest page, follow the easy rules, and get your entry signed by a participating merchant. You could be a cash winner! You can enter twice, but each person is eligible for just one prize.

Busby Injured In RR Mishap

Brannon G. Busby, a Slaton Santa Fe Railway employee, was injured in a railcar mishap in Plainview yesterday morning about 10:30. According to officials, Brannon was thrown from the car in which he was riding when it bumped into five other cars on the identical track.

Busby was transferred from a Plainview hospital to Lubbock's Methodist Hospital after being treated for a crushed foot and shock. He was listed in fair condition Wednesday morning.

Choice: Sales Tax or Water Increase

It won't be on the ballot Oct. 20, but Slaton voters will be making a choice between a city sales tax and increased water rates.

Ballots for the special election will be marked with a vote "for" or "against" the one percent municipal sales tax.

However, Slaton City Commission announced in a September meeting that more city revenue was necessary, and the money would have to come from a city sales tax or increased water rates. An increase in ad valorem taxes is the only other source.

The need for more revenue has been emphasized in recent commission meetings. Mayor James Cain points out that the city will begin full participation

in the Canadian River Municipal Water Authority Jan. 1, 1969. Other needs outlined:

1. The cost of CR water in 1969 will prohibit the transfer of funds from the water department to the general fund as has been the practice for years. This will leave the general fund short of \$40,000 normally drawn from the water funds.
2. A budget study also showed the need for an additional \$10,000 in the general fund to take care of increased city services and rising expenses, the mayor said.
3. Due to added expenses last year, Cain said the city was unable to set aside funds for street maintenance (about \$15,000), or for equipment replace-

ment and maintenance (about \$20,000).

While all these items add up to \$85,000, neither the sales tax nor the proposed higher water rates are anticipated to produce that much additional revenue.

Estimated tax yield for Slaton from the one cent sales tax is in excess of \$67,000 per year, based on an annual average per capita average of \$9.68 per person (average given by Texas League of Municipalities).

A proposed water rate increase which the commission has considered would produce an additional \$75,000 annually. Under the rate plan, the minimum bill would be hiked from \$3.50 to \$5.25. Rates would also

be hiked on heavier users, with the average monthly bill figuring \$38.96 more per year.

The city's tax revenue problem is not unique to the area. A number of area towns have approved the one cent sales tax to secure the needed additional revenue -- including towns on the Canadian River line -- Lubbock, Levelland, Brownfield, Tahoka and Lamesa. Voters in Littlefield, Seagraves and Seminole have also approved the tax recently.

Commissioner David Hughes pointed out in a recent meeting that the added costs do not include provisions for new air pollution control laws which will make it more expensive to dispose of waste.

School Page Starts Today

"The Tigers Cage", a publication of Slaton High School, presents its first issue of the school year inside today's Slatonite.

The school page newspaper has been a regular feature of The Slatonite the past few years. "The Tigers Cage" is scheduled to appear every other week.

Susan Cagle is editor of the page, with Dee Dee Carter as advisor and Allen McDonald as business manager. Mrs. Buford Duff is the advisor.

Members in the community in saluting the Fire Department, area 4-H leaders, and pharmacists--all performing important roles in community life. It is appropriate that The Slatonite's 58th year this week, during the week. You may notice on the front cover that this issue is "No. 1, 58th year."

It serves as a good time for us to thank the readers that "Newspapers Get the News" -- not only in reporting the news, but in getting things done for the community. For education, public health and recreation, sports, youth programs, voter education and other worthwhile drives.

It is "just a weekly" to many, but it is important. Eighty percent of the newspapers today are weeklies, and in rural, small city and suburban areas. Good newspapers make good citizens and vice versa.

Salute To Firemen

On a warm Sunday evening in October, 1871, a brief lapse in carefulness sparked a fire at a modest mid-west home. It didn't seem particularly threatening or uncontrollable. But it was. Thirty hours later 2,100 acres of Chicago were a blackened, smoldering waste. More than 200 of its citizens had perished, 100,000 were homeless and almost 17,500 buildings were in ruins. Direct losses were \$168,000,000—the indirect costs were incalculable.

To mark the Chicago conflagration, Fire Prevention Week is observed annually during the week containing Oct. 9, its anniversary date. This year's observance began Sunday and will continue through Oct. 12. A reminder of the needless tragedy and waste of fire, the observance originated in 1911 as Fire Prevention Day at the suggestion of the Fire Marshals Association of North America, now a section of the National Fire Protection Association.

Fire Prevention Week was first officially proclaimed in 1922 in both the United States and Canada.

Its message is this: fires are not deplorable accidents, but the consequences of neglect and carelessness. And Fire Prevention Week is a time to check defenses against fire in our homes and places of work, to make sure our personal habits are fire-safe ones.

Each citizen needs to make the following pledge—"Realizing my responsibility as an American citizen to help reduce needless waste of both lives and property, and, realizing that most fires are the result of carelessness and ignorance, I pledge myself to practice carefulness in its every form and to inform others of the dangers which arise from many common practices."

George Washington was a volunteer fireman. He purchased the first fire engine for the town of Alexandria, Va., a few miles from Mt. Vernon and the old engine is still preserved. Benjamin Franklin was also a volunteer fireman.

Firemen must be strong, brave, well-trained men who keep clear-headed and always alert. Every year many of them are injured, burned or even killed in the line of duty. Know your firemen. Appreciate them. Cooperate with them. They will always be our first line of defense in "what to do in case of fire."

Sweetwater won six straight on the end of the 1967 season and now are undefeated but once - tied in 10 games. The Ponties have rang up 111 points in four games to only 19 for their foes. Kemp is one of the leading scorers in the district.

Heading into the Sweetwater game, statistics show Washington as the team's total offense leader. He has the most yards rushing--280 on 74 carries; top pass receiver with 6 catches for 154 yards; tops in kickoff returns, 10 for 171 yards; top punt returner, 6 for 80 yards; and leader in pass interceptions with 2.

Moore has the best average per carry in the starting backfield, with a 5.8 mark on 221 yards in 38 trips. Farrell has tabbed 161 yards in 35 trips for a 4.6 average. Washington and Farrell have scored 18 points each to lead the point production.

Although the Tigers have been outscored in posting an even 2-2 mark, statistics show them with an edge in rushing yardage and only slightly behind in total yards against all four foes.

ROCK WINS, 41-19, WITH 20 IN 4th QUARTER

Late Dunbar Surge Stops Tigers

REDDY NIEMAN was defeated by 22-0 on the scoreboard, but the fans were proud of the team Friday night as the highly-rated Lubbock Dunbar Panthers battled back each quarter to score on the last play of the fourth quarter. Slaton trailed by 14-7 after one quarter and 21-13 at halftime. After a scoreless third period, Slaton scored to narrow the margin to two points, 21-19. Then, the "roof fell in" on the Tigers as Dunbar broke speedy Earnest Davis on a 70-yard run, and minutes later a pass interception set up another Lubbock score.

A light rain in the second period and heavy shower around

halftime failed to dampen the spirits of large numbers of Slaton fans. They stayed to cheer the Tigers on during a scoreless third period, and most of them were still there as Slaton drove to the Dunbar 16 when the final whistle sounded.

Slaton actually rang up more first downs than the all-Negro team, 18-16, and led in passing yardage. The Panthers had a big edge in rushing yardage, however. The loss evened Slaton's record at 2-2, while Dunbar's record at 1-1.

The Tigers took the opening kickoff in the game, came up a yard shy on fourth down and punted. Dunbar used just six plays to drive 60 yards for a touchdown. Perryman bulled for a pair of 24-yard runs, leaving a trail of would-be tacklers on the ground. Davis cracked over from the one for the score, and Ronald Kinser kicked the point with 8:06 left in the first period.

Washington returned the kickoff to the Tiger 26, and Slaton launched a long drive toward paydirt. Washington got 6 in two carries, then Moore broke off right tackle and went 39 yards before being hauled down from behind.

Moore, Williams and Farrell cracked for good gains to move the ball to the Dunbar 22. Moore split tacklers on the left side in standing up, and Buddy Pettigrew's kick tied the score at 7-7 with 3:06 left in the first period.

Dunbar needed only three plays to take the lead again. Davis brought the kickoff all the way back to his own 40. Perryman got 3 at right end, then Davis sped 21 yards on a keeper off the right side. Perryman then blasted off left tackle, shook off a couple of tacklers, and rambled 36 yards for a touchdown. Kinser's kick made it 14-7, with 1:50 left in the opening stanza.

The Tigers came battling back, using another long drive to reach paydirt. Washington returned the kickoff 21 yards to the Tiger 25. Moore got only two yards in two trips, then Williams hit Washington for 11 yards on a pass.

Farrell and Moore chipped in good gains as the Tigers moved to the Dunbar 47, then Williams found Washington again on a pass, and the Tiger fullback moved to the Dunbar 4 before being knocked out of bounds. Moore and Washington couldn't dent the Dunbar line, but Farrell knifed through on third down to rack up six points. The rain was falling and Chapelle couldn't handle the extra-point snap. The Tigers trailed by one, 14-13, with 8:36 left in the second quarter.

Again, Dunbar roared back to score in just three plays. Perryman was stopped for a one-yard gain, then Melton passed to giant end Marc Wilson for 12 yards. Kinser swept around left end, cutback across the field, and raced 42 yards for a touchdown. Kinser added the point again, and it was 21-13 with 7:33 left in the first half.

Neither team threatened the rest of the first half. The Tigers started goalward midway of the third period as Washington got things rolling with a 21-yard run to the Dunbar 35. Williams hit Moore with a 17-yard pass in the drive, but Dunbar recovered a Tiger fumble on the 13-yard line.

Dunbar was held and kicked out of the hole, but Washington returned to the Tiger 45, and the Panthers drew 15 yards for hitting late. With Washington picking up most of the yardage, the Tigers drove the 30 yards in six plays, including a defensive holding penalty, and Williams scored from the 3. Williams tried to pass for the 2 points to tie the game, but the play failed. The score still

favored Dunbar, 21-19, with 11:39 left in the game.

Slaton held Dunbar on its next series, then the Tigers couldn't move and Dixon punted to the Dunbar 28. Perryman got only two yards on the first play, then Davis broke into the open on a quick handoff and outraced the Tigers on a 70-yard touchdown run. The kick was good, and Dunbar led by 28-19, with 7:20 left in the game.

The Tigers picked up one first down after the kickoff, then lost yardage when Williams tried to pass on two plays. Williams spotted Moore open on a third-down play, but the pass was deflected by an onrushing lineman, and Perryman picked off the short pass on the Tiger 34 and went to the 6 before Smith pushed him out of bounds. Perryman blasted the kick twice to score, but the kick was partially blocked as Dunbar took a 34-19 lead.

Slaton moved for one first down after the kickoff, but a fourth-down pass from the Tiger 43 missed and Dunbar took over. Kinser immediately hit Wilson with a pass about the 25, and the 6-7, 200-pound end shook off one tackler, bowled over another and rambled into the end zone. The kick made it 41-19 with 1:16 left in the game.

The never-say-die Tigers moved the ball to the Dunbar 16 before the game ended. Dixon chipped in runs of 22 and 11 yards; Williams got 12, Moore 5 and Smith 2 before the game ended.

Williams hit only three passes, but they went for good yardage. Washington took two for 54 yards, and Moore caught one for 17. The Tiger quarterback suffered from the pass rush put on by Dunbar, and he got caught for losses totaling 46 yards.

Washington and Moore got plenty of practice on kickoff returns, and both turned in

Sunday evening Mr. and Mrs. Ted Melugin and Mrs. Mae Melugin visited the well sight near Union which is causing so much concern. Clouds of vapor continue to spray high into the air with a great roaring sound. The vapor is hovering low reaching toward Lubbock.

Some sources state that usually the flow ceases in 48 hours but this well has been in action for over a week with no apparent lessening of noise or spraying. Cotton in the area has been damaged somewhat, and a fine mist of oil covered our auto as we watched. It is not safe to go near the well as there may be gas leakage. It's located seven miles west of Slaton.

The Wilson area was refreshed Saturday night with a heavy rainstorm. However, telephone lines were out in the area over the weekend, keeping this reporter from contacting more of the Wilsonites for local news.

Use Safety Precautions Around Schools
It was reported by the president of the West Ward Parent Teachers Association, Mrs. MILI Ardrey, that the safety committee of the organization is cooperating in a campaign to make it safer for children going to and from school.

Suggestions the committee has made pertaining to streets around West Ward are as follows: Drive carefully at all times; cross streets at cross walks whenever possible; cross streets where patrols are stationed whenever possible; look both ways and be sure that you have plenty of time before you cross the street; do not park on the south side of the street in front of the school. (This is a loading and unloading zone only.); Do not let a child out of the car on the north side of the street in front of West Ward; do not double park; form one line only to discharge and take on passengers; do not delay traffic more than necessary; and remember there are 700 students in the West Ward School building.

Use Safety Precautions Around Schools

It was reported by the president of the West Ward Parent Teachers Association, Mrs. Mill Ardrey, that the safety committee of the organization is cooperating in a campaign to make it safer for children going to and from school.

Suggestions the committee has made pertaining to streets around West Ward are as follows: Drive carefully at all times; cross streets at cross walks whenever possible; cross streets where patrols are stationed whenever possible; look both ways and be sure that you have plenty of time before you cross the street; do not park on the south side of the street in front of the school. (This is a loading and unloading zone only.); Do not let a child out of the car on the north side of the street in front of West Ward; do not double park; form one line only to discharge and take on passengers; do not delay traffic more than necessary; and remember there are 700 students in the West Ward School building.

Don't Ever Leave Children Alone

Never leave little children at home alone, even for a short time, the American Insurance Association urges.

Fire fatalities in the United States last year totaled 12,200 and more than half of them occurred in homes. About one out of three were children.

When you go out, arrange for a responsible adult or teenager to stay with the children. Make sure that person knows that if fire should occur, the first obligation is to get everybody outside quickly; the second, to call the fire department.

The World of Plenty

"For the earth is the Lord's and the fullness thereof."
— Psalms 24:1; 50:13

We live in a world of plenty. The wealth and the "good things" of life are available to those who work and strive.

We have made the new car, the new house, the club membership, symbols of achievement.

There is nothing wrong with earthly achievement. There is nothing wrong with gathering about us the good things.

But there is something wrong if we forget from whence all good things come. There is something wrong if we neglect our Christian responsibilities, if we set them aside.

Above all else, remember from where the good things came.

"Why not?"

SOUTHLAND NEWS

MRS. TOMMY WILKE

Gloss Davies H'Coming Queen

This news reporter is back this week and sincerely hope that you missed the Southland News last week. Edmund and I, along with Mr. and Mrs. Leroy Zieschang from Slaton, went to Possum Kingdom Lake fishing. Had a wonderful time, but caught very few fish! The men put out some "trot-lines" and caught a few catfish, and that is about all we did catch. Can't even blame the weather, because it was just beautiful down there, so guess I will just have to call US "poor fishermen"! We were gone from Sunday until Thursday.

HOME COMING
Since I didn't have a column last week, I would like to tell you a little bit about the Southland Homecoming. Had a fine crowd to turn out. Approximately 85 persons were here for the dinner at which Rev. Robert (Bobby) Fields was the guest speaker. He is a Baptist preacher with a church at Manchaca, Tex. From all the nice things I heard about his speech, it must have been "great"! His parents, Mr. and Mrs. Tim Fields, from Dalhart were here. The Fields' family lived here for many years.

QUEEN
After the ballgame, everyone gathered in the gym again for a short business meeting where Mrs. Gloss Davies was crowned Queen of the Ex-students. New Queen candidates were chosen and they are Mrs. Wesley Scott (Betty Hill), Mrs. Otha Dillard (Margery Becker) and Mrs. Ronnie Dunn (Delores Basinger).

New officers for next year were elected and they are: president, Ronnie Dunn; vice-president, Lehman Barkley; sec. - treas., Mrs. Herman Dabbs and Mrs. Max Jackson. It was voted that a dinner would be served at homecoming next year. There were so many Ex-students here that I dare not list any, because I know I would miss some. Southland won their ballgame against Cotton Center which really kept homecoming perfect.

FB SWEETHEART
Dayneen Dunn, daughter of Mr. and Mrs. Herbert Dunn, was crowned Football Sweetheart, and was presented a dozen red roses by the football captains, Darrell Wilke, Joe E. Basinger and Larry Bevers. Our thanks go out to the Ex-student officers who have served so well for the past three years. They are Harley Martin, President; Edmund Wilke, vice-president; Mrs. Otha Dillard and Mrs. J. Martin Basinger, secretary and treasurer.

Mr. and Mrs. Paul Winterrowd, Jerry and Dahlonna spent the week-end in Amarillo with his parents, Mr. and Mrs. Bill Winterrowd.

AT COTTON BOWL
Breonne Winterrowd went to Dallas to a Cotton-Bowl game with a group from the Slaton MYF. They attended the SMU-North Carolina State game. They also attended the State Fair afterwards. They were overnight guests of the Irving MYF and were entertained with a party on Saturday night. Sunday morning they attended church services. Breonne is the daughter of Mr. and Mrs. Paul Winterrowd.

Debra Crawford, daughter of Mr. and Mrs. Payton Crawford, recently became a "Southland Celebrity" when her picture appeared on the front page of the Lubbock Avalanche-Journal showing her at the Panhandle-South Plains Fair. Congratulations, Debra. She is a "first grader" this year.

Mrs. Cecil Stolle won a 2nd place white ribbon on a child's dress that she entered at the Panhandle-South Plains Fair. This is the first thing she had ever entered, so we would like

to say "Congratulations" LaVerne!
Mr. and Mrs. D. J. Dyess from Spur, parents of Coach Dyess, were here for the Homecoming and Mrs. Dyess spent the night and went to Lubbock the next day with Coach and Mrs. Dyess where they attended the Coronado High School game. Coach has a nephew, Gary Dyess, who plays on the Coronado team. They attended the Texas and Tech game that night.

AT TECH GAME
By the way, Edmund and Yours Truly also attended the Texas Tech and Texas football game and enjoyed it very much, despite the tramping we received. We were sitting on the grass, along with Coach and Mrs. Dyess, Monica and Blaine, and at least a thousand or two others, and let me tell you, we were stepped on, kicked, stepped over, coke down our backs, until tempers started flying. Seems like I viewed half of the game between pairs of legs. Looks like when a place is so crowded like it was that night, that people would stay "put", but without thinking of other people's feeling, they continue to tramp back and forth, unnecessarily, for cokes, popcorn, and this and that! Anyway, it sure was a good game!

J. H. Poindexter, Mrs. Robert Long's father, had eye surgery recently.
Rev. Tommy Wilson and daughter, Tommie Jean, visited several days here recently while Mrs. Wilson was confined at Methodist Hospital in Lubbock. Rev. Wilson is looking and feeling fine after his recent heart attack.

Rev. and Mrs. Wilson Hill and son, Darrell, recently spent the night with Mr. and Mrs. H. D. Taylor. They attended Homecoming activities and on Saturday attended the bridal shower honoring Miss Sharla Taylor.

Bill Bevers and Jackie Abshire from Canyon spent the week-end with their parents recently. They both attend West Texas State.

Rev. Ross Dunn and family recently visited with his parents, Mr. and Mrs. Dillard Dunn.
Miss Carol Stolle from Amarillo spent the week-end here with her parents, Mr. and Mrs. Walter Stolle.

Mrs. Irmgard Bredemeyer from Sweetwater is spending the week with her daughter and family, Mr. and Mrs. Cecil Stolle and Beth.

Mr. and Mrs. D. D. Pennell, Jay and Stacy Callaway, spent the week-end in Cloudcroft, White Sands, and Albuquerque, N.M.

Jackie Dunn from Austin spent the week-end recently with his parents, Mr. and Mrs. Herbert Dunn and Dayneen.

My parents, Mr. and Mrs. A. B. Dozier from House, N. M., stopped by recently on their way to Lake Stamford.
LUTHERAN MEET
Several ladies from this community attended the Southern District American Lutheran Church Women Convention which was held at the Koko Place in Lubbock this week. They are Misses, Loy Hagens, Selma Kiesel, C. J. Miller, Douglas Neugebauer, Arthur Stolle, Cecil Stolle, Walter Stolle, Edmund Stolle and Edmund Wilke.

Mrs. Dollie Donahoo, who moved to Lincoln, Neb. in August, underwent surgery recently. From what I understand, the surgery was quite tedious and lasted for six hours. May God grant Mrs. Donahoo a speedy recovery.

Mr. and Mrs. Kenneth Coble and Mrs. Della Coble from Wolfhorth spent Sunday afternoon in the E. L. Anderson home.

back and says that she is getting more used to flying, since she has been flying more lately.

SHOWER HONOREE

Miss Sharla Taylor was honored with a Lingerie shower given by her "Sorority Sisters" in Canyon Wednesday night. Her mother, Mrs. Grady Taylor, attended the shower and then returned to Tulla with Sharla and spent the night.

Mrs. Nellie Mathis is spending the week in Levelland with Dee and Carolyn Hodge.

The Southland Eagles had an "upset" Friday night when the Three Way team beat them 24-0. I think several things contributed to this defeat. Several of the boys were just about sick and then it started to pour down rain in the second quarter and rained for the remainder of the game! Seems like the Three Way Eagles were carrying a lot more weight than our "Eagles" and they could get around in that rain and mud better than our boys could. Anyway, our boys just never could get going. Better luck with Whitarral this Friday night, boys!

Buffalo Family Now On Indian Reservation

The Beaumont City Council felt that their buffalo herd was costing considerably for maintenance without the benefit of the public enjoying seeing them. Since the Alabama-Coushatta Tribes on Texas only Indian Reservation have started a tourist attraction centering around the Indian history and culture with an attendance of over 120,000 guests per year, the City Council felt that more people would be able to see the buffalo at the Reservation animal compound.

The buffalo family includes a 1,500 pound bull, a steer, a cow and calf. Another calf is expected shortly. An extra strong pen is being constructed at the Reservation for the buffalo because the bull is reported to be mean and very powerful. The pen is along the "Indian Chief" railroad track so that visitors can view them from the safety of the train. The Indian Reservation is

located in the East Texas Big Thicket between Livingston and Woodville on U.S. Highway 190. The fall will offer the most picturesque time to visit the Reservation as the many colors will be changing and showing the many shades of forest greens. Activities which will be in full swing each weekend are the Tribal Dances, Living Indian Village, Museum, Train Rides and the Tours.
The buffalo can be seen in some of the remaining virgin forest of Texas.

USE PURINA RAT KILL

It's a different kind of killer for rats and mice, a "carry-home" bait. Rats haul it back to the nest... distribute it themselves... feed RAT-KILL to the whole family till they're dead.

- Highly palatable to rats • Sure kill in 5 to 15 days
- Very low in cost.
