

COMMUNITY JULY 4TH PICNIC PLANNED HERE

An old-fashioned community-wide picnic, complete with games for young and old, a spectacular fireworks display, and a country-western dance is planned for Slaton and area citizens Friday.

The holiday observance starts at 2 p.m. in the city-county park and will climax with the fireworks show and country-western dance Friday night. The

fireworks display is scheduled soon after nightfall.

The July 4th picnic has been planned by a host of civic, service and women's clubs in the city, joining together under the title "Civic Slaton." The clubs are working on the project on a non-profit basis with any proceeds going toward expenses for the event, according to general chairman Jim Newhouse.

In a meeting Tuesday night,

club officials urged citizens to bring their picnic lunches Friday afternoon and pick up drinks at the various concession stands which will be in operation. The Knights of Columbus will also have barbecued hamburgers available.

Games will include a ping pong tourney in the Clubhouse, Bingo in the American Legion Hall, horseshoes, and probably sack races and other games for the youngsters. Citizens

are also invited to bring yard games, such as volleyball and badminton.

Live entertainment has been scheduled for the holiday event, featuring Clem Kitten, Glen Richardson, Buddy Pettigrew and Billy Fenley. Playing for the Friday-night dance on the tennis courts will be the "Western Troubadours," and admission will be \$1.

With a Little League baseball game set in the park and

the swimming pool open, a good crowd is expected most of the afternoon, however officials look for the largest attendance between 7 and 10 p.m.

There was a question this week whether or not there would be enough entrants for an Old Fiddler's Contest. Newhouse said a meeting of Civic Slaton was scheduled for Thursday, July 10, to evaluate the project and possibly start making plans for next year.

CITY PLANS FOR HOLIDAY

Most all business places will be closed Friday, July 4th, since this is one of the five major holidays the Retail Merchants Association has voted to observe.

Much of Friday's activity is expected to be centered around the City-County Park, where the July 4th "old-fashioned picnic" has been planned by various clubs and organizations of the community.

Some businesses will also close Saturday, taking advantage of the long holiday weekend situation.

Mayor Writes Holiday Editorial

By DR. DAVID HUGHES
Mayor of Slaton

My contemplations sadden me on the eve of the 193rd anniversary of the greatest, wealthiest and strongest nation ever to exist on the face of the earth - for my eyes, ears and heart prophesy of its eminent decay and down fall.

Great - wealthy - strong, not due to lengthy, complicated congressional laws; not due to bureaucratic regulations which often deny legal recourse; not due to high judicial distortions of the Constitution; not due to the "big daddy" concept of robbing the producer to support the non-producer; but due to the simple things like fear and love of God and His Commandments and governmental approval of the same. Like intelligence, initiative and intestinal fortitude and gov-

ernmental sanction of the prosperity that those things provide, that is reward for production of services and goods and condemnation for the lack of it - like respect for age, wisdom, law and authority and

High the past week came last Friday when the mercury hit the top of 110 at the gas company office.

FOR SON KILLED IN VIETNAM

Mother Accepts Medals

Monday, a hot, windy, miserable day in Slaton, has already been forgotten by many. . . . but for the family of the late Pfc. Johnny Young who gave his life for his country while serving in Vietnam. . . . it is a day they will long remember.

Young, who was only 19 when he was killed March 24 by enemy action, did not just die for his country but he died as a hero trying to save the life of one of his comrades.

For his gallantry in action, he was awarded posthumously the Silver Star, which is the third highest award for valor. A short ceremony was held in the Slaton VFW Post Monday afternoon at 2 p.m., with Colonel Maxwell C. Murphy, Jr., making the presentation. He not only was awarded the Silver Star but also the Purple Heart Medal, the Bronze Star and other service medals. These medals and certificates were present-

ed to Young's mother, Mrs. Nell Young.

Present for the ceremony were his nine surviving brothers and sisters, friends and other relatives of the family, members of the VFW, VFW Auxiliary, American Legion and other Slaton residents.

Along with Colonel Murphy were several members of the Fourth US Army ROTC Instructor Group from Texas Tech. The citations were read

by Sgt. Major Morris J. Terbonne, Jr.

The award of the Silver Star citation read as follows: "For gallantry in action involving close combat with an armed hostile force in the Republic of Vietnam. Private Young distinguished himself by exceptionally valorous action on 23 March 1969 while serving as a Rifleman with Company A, 6th Battalion, 31st Infantry, on a reconnaissance in force mission in Kien Phong Province. When his company came under attack from a numerically superior hostile force, a comrade was struck by an enemy tracer round which caused his ammunition to burst into flames. Private Young courageously rushed through the fusillade to the aid of his comrade and was removing the exploding ammunition from him when he, himself, was mortally wounded by the hostile fire. Mrs. Lula Quintilla Stone Ownby of 365 E. Panhandle St. turned 90 years old yesterday, and a group of special friends went to her home and gave her a party, including a special cake, to commemorate the day.

Born in Ray County, Mo., in 1879 to Samuel P. and Helen Mar Stone, Mrs. Ownby has resided at her Slaton home since 1941, but her memories are bright on the travels her family made in the Lone Star State by covered wagon.

In February of 1881, the family moved to Burleson, in Johnson County, and resided there for approximately eight years. The family hitched the wagon again, this time bound for Van Alstyne in Grayson County.

There she met and later married the late Anderson Cregg Ownby in 1898, and later gave birth to eight children, four of whom are still living.

Her elder son, H. L. Ownby, resides in Denison, and the younger, Ozell, born in Lubbock County in 1917, resides at the home.

She has 14 grandchildren and 12 great-grandchildren, one of whom is presently serving in Vietnam.

Mrs. Ownby said the best present she could receive on this, her 90th birthday, would be cards from all her acquaintances. The elderly woman remains active with her gardening, cooking and conversation with her neighbors, and said a card shower would suit her fine.

Guests in the home of Mr. and Mrs. Edmund Stolle Sunday were Mrs. Ernie Brooks and children from Oklahoma City; Mr. and Mrs. Herman Stolle from Columbus, Tex.; Mr. and Mrs. Fred Steinhauer, Mr. and Mrs. W. C. Steinhauer, Mr. and Mrs. Thomas Autry and children, Mr. and Mrs. Victor Steinhauer and children, Mr. and Mrs. Gilbert Steinhauer and children, all of Wilson; Mrs. C. W. Indians, Giants In Close Battle For Loop Crown

The Indians and the Giants were scheduled to clash in a crucial Little League game Wednesday night, and the outcome was not available before press time.

The Indians could win the title with a victory. If the Giants were victorious, the outcome would hinge on a make-up game between the Indians and Yankees Monday night. The Indians could then tie for the title with a win.

The Little League All-Star team is to be announced Friday evening following the end of regular loop play. The Tigers and Dodgers will clash at 5 p.m. Slaton's All-Stars will enter area play at Lubbock starting July 16.

The Indians beat the Tigers, 10-5, and the Giants downed the Yanks, 14-7, in games the past week to set up the showdown. The Dodgers stayed close in third place with a pair of victories, edging the Yanks by 4-2 in an extra-inning and scoring another extra-inning triumph with a 11-10 decision over the Cards. In the other game last week, the Cards won by 10-6 in another extra-inning affair.

The Cards erupted for 7 runs in the 7th frame and held off the Tigers for a 10-6 win Tuesday night. The score was tied at 3-3 at the end of the regulation six innings. Doyce Field and Lupe Valderaz had three hits each for the Cards, while Mike Tumlinson, Keith Bumpass and Pat Blackstone had two each for the Tigers.

The Yanks and Dodgers were tied at 2-2 at the end of six frames Monday night, but Danny Kenney socked a homer for the Dodgers in the extra inning and the winners added another run on errors. Cordell Fields had two of the six hits for the Dodgers, while Frank Love and Don Robinson had the only Yankee hits.

Glenn Heinrich had three hits, including a three-run homer, and Bobby Hightower added to his home run total as the Indians took a 10-5 win over the Tigers. Hightower pitched a six-hitter for the victory. Scott led the Tigers with two hits. The Giants banged out 11 hits in taking a 14-7 win over the Yanks last week. J. W. Washington had three hits and Kelly Copeland two. Frank Love had three hits, including a homer, for the Yanks and David Flores had a pair of singles.

The Dodgers and Cards were tied at 6-6 in regular play last week, but the Dodgers outscored the Cards by 5-4 in the extra inning. A three-run homer by J.D. Moore was the big blow for the Dodgers. Mark Mosser hit a homer for the Cards, and Doyce Field slammed one as the Cardinals rallied in the final frame.

The Little League standings through Tuesday night:

| Giants | 10 | 4 |

Lions Club Sets Monday Meetings In Clubhouse

A film depicting highlights of Houston's Astroworld was shown at the regular weekly luncheon meeting of the Slaton Lions Club Tuesday in the Community Clubhouse.

Bob Kern was program chairman for the week, and Glen Akin presided. Several visitors were introduced, including four Taboka Lions. Bill Adams was introduced as a transfer member from Seminole.

The club voted to change its meeting date to Monday of each week, and the meeting will be in the Clubhouse in the future.

Jim Newhouse reported on the club's planned participation in the community July 4th celebration.

(From Slaton Police Department Files)

At 8:04 a.m. one recent morning, the Slaton Police Department received a frantic telephone call from a Slaton citizen stating that someone had stolen his 1969 Auto. An officer was dispatched to the citizen's address to take a complete report of the circumstances surrounding the automobile theft.

In the meantime, the police dispatcher put out a radio broadcast to all officers and stations (APB) reporting the stolen automobile. The citizen reported to the officer that he

had parked his car in front of his address at about midnight. He awoke about 8 a.m. and found that someone had stolen his car.

After all police reports and radio broadcasts had been completed, a very fine liquor store owner came to the police department to find the address of the citizen who had reported his car stolen. He said this citizen had come to his liquor store the evening before, was too drunk to drive and he had driven him home. He then took the man's car back to the liquor store to prevent him from driving.

The reported stolen automobile was returned to the owner. A cancellation of the stolen auto APB was made by the dispatcher. The report was unfounded by the officer and every one was happy.

WAY OF LIFE

The most worrisome thing about the possibility of death is that we cannot expect to receive the warning many of us require if we would set our affairs — and our lives — in perfect order.

It is too much for us to live the perfect life. We are constantly met with challenges and with temptations.

There is a highway, described in Holy Writ in figures drawn from time. We may follow this road, in faith, and with the grace of God, and be somewhat secure in the knowledge that we shall find an open gate when we come near the Celestial city that lies beyond the river of death.

To travel this way, live each hour with a purpose. On this present day, make your way of life along the straight highway of Christian faith and charity.

EDITORIALS

Bear With Us

"What would it cost to publish this in the newspaper?" That's a question newspaper people frequently are asked and always are happy to answer even if in a surprisingly large number of cases the answer is "nothing at all."

That's when the question concerns events of news. Types of coverage which seem most frequently to confuse the public are death notices, weddings, anniversaries and, occasionally, accounts of special social events although the question of cost also often comes up concerning personal items and news and pictures of Slaton and area men in the armed forces. Naturally, most of those who ponder about the cost of publishing stories and pictures are having their first experience in dealing with the news department of a paper. Otherwise they would know there is no charge. Even so, perhaps a few words on policy are in order for those who may be contemplating submitting news material. Actually, the policy is simple. Newspapers charge for advertising, their major source of revenue, and do not charge for stories and pictures. And while all advertising is subject to approval before being accepted, a more lenient policy is used since the customer is buying the space in which his message appears, whether this is commercial, political or what-have-you.

News material also is published in connection with existing policies. Although there is no charge whatsoever, it is published if the paper feels it is of sufficient news interest to warrant the space it will occupy. This is not always a simple decision to make but the decision must be made. Consequently, general policies are set and certain types of stories simply are not carried for in the event they are accepted from one source, they must, in all fairness, be accepted from all.

Another question that frequently arises is the date of publication for a submitted article. Here, again, there is a difference between advertising and news.

Advertising is sold to appear on a particular day and is published on the date or dates the customer wishes.

News contributions for a weekly newspaper should always be reported as soon after the event occurs as possible. If it is turned in late, these are the stories that usually are shortened in order to have space for more recent stories. The Slatonite's deadline is 5 p.m. on Tuesday.

Despite the fact that all papers would like to run pictures of every Pee Wee team, Minor League team, Vacation Bible School class, and every event that is important to someone, editors must gauge publication on the amount of space available.

So, bear with us, we solicit both your advertising and your news. Without either, we couldn't be a newspaper.

out, proudly, that Tech has not been "taken over by the hippies and radicals."

In introducing a film on Tech football, basketball and other sports, Huffman said it might be noticed that the Raiders look real good. "I'll guarantee you that we're not going to spend all that money on making a film and make Tech look bad," he quipped.

Four teams tied for the golf prize Monday afternoon. Winning by a draw was a team composed of Berl Bartlett, Corky Oglesby, Joe Cardenas and Weldon Reichert.

Huffman last, and stated this was by design, because no one wanted to follow the gifted speaker. Huffman, who received a "booby prize" for his golfing, remarked that he was scoring okay "until somebody added on the striking for out-of-bounds and water balls."

Huffman claimed Tech is recognized as one of the great institutions in the nation and is a great asset to the area and state. He pointed

governmental toleration of nothing less - like the simple truths that the Founding Fathers found self-evident and published in the Declaration of Independence.

I am not distressed by the generation gap, this has been evident every since there has been a difference between the ages of parent and child (always). I am dismayed about the public and governmental toleration, acceptance and even promotion of the detrimental forces of this gap.

The very idea of giving credence to children who enter our institutions of higher learning for the purpose of teaching and promoting philosophies that they themselves have not lived in long enough to evaluate. Colleges are for one basic purpose, to prepare young people to produce the good and services so desperately needed by this ever-shrinking, yet ever-growing world.

Those who do not attend for that purpose, have no place there. What would one expect a filthy, long haired, bewhiskered, potsmoking, pill-popper to produce other than a blank stare from behind peculiarly shaped colored glasses, a foul odor and a psychodelic disturbance of the peace.

Even the philosophical pronouncements of the cleaner,

more sincere, youth will be of more value when directed by education, seasoned by experience and paid for with their own time and money.

I am not discomposd about aiding the sick, the poor and the ignorant. However, the thought of families of the third and fourth generations living on child support and welfare dismays me while the papers are full of job opportunities, while the streets need cleaning, while the crops need hoeing and while the employees are willing to pay what they can reasonably and profitably afford.

I would not be so upset about guaranteed minimum income if it were related to reciprocal guaranteed minimum work and production. In examining some relationships regarding income, I am heartsick to find that the vote influence of minority groups and demonstrators is greater than the influence of those who produce their sustenance.

There is no true negotiable wealth but that which comes from Mother Earth. The producers of that natural wealth should therefore be entitled to the first and most profitable share.

Another example of inequities between production and compensation for production is the case of the American farmer. He comprises less than 6% of the national population, has an approximate average

income of \$6,000 per year yet produces more money's worth of goods than any other combined professional group on the face of the earth.

I do not begrudge the expenditure of life and money in the war that started before the end of WWII in China, then Korea and now in Vietnam. However, my stomach draws tight and my heart aches when I think that the expenditure might have been in vain, that our young and strong may have been robbed of their purpose by such high official statements in a winning, "kicked dog" tone, as "we are not trying to win the war, we are just trying not to lose it!"

robbed by the formation of coalition governments that they fought and died to prevent - robbed of their blood by multitudes of invaders and robbed of their purpose and initiative by denial to return the offensive. Unnatural and non-accidental death without purpose is a strong accusation of immoral thought and activity - or maybe it is an accusation of fear for the carcass and no thought for the soul - the "better red than dead" concept.

I do not object to foreign aid as such, but I do object most strenuously to being bitten by the mouth I am feeding. There is not enough paper in my tablet to mention all of the aid and abundance we have donated and are presently donating to Communist Countries.

This and the fact that we "wet nurse" every new-born nation and give convalescent assistance to every old one to the point of our own financial destruction, complicated by the fact that we have not tended to our own domestic problems, is a situation that may logically be classified deep into the realm of absurdity.

There is a Christian way of living and an American way of living and they are largely inseparable. What we call our "American way of Life" came about due to the fact that it was founded, for the greater part, in Christianity because the founders of our nation chose to design their lives (political, social, economic and family) after the plans and specifications laid out by the Supreme Architect of the Universe. Our Constitution and early laws were formulated on consideration of the same specifications. Any wilful neglect to recognize the above as a fact is in itself a distinct threat to our great heritage.

There are many unique things about the United States of America - the method of and reasons for its foundation, the magnificence of its democratic system and its unbelievably rapid progress under the system.

However, there is nothing unique about the socialistic path of moral degradation that we are now exploring. It has been followed many times by nations that have now ceased to exist.

We may do well on the anniversary of this great nation to bear in mind that it is not an entirely free country in any manner of speaking. Everything about it is paid for, or is being paid for, or must be paid for with the labors and lives of strong men and women.

Our speech and our actions are not entirely free nor should they be. Our freedom to swing our arms ends at the point of our neighbor's nose, and our freedom to speak ends at the point of abusing others.

The freedom with which we conduct ourselves in all areas is regulated by the rules of the same Supreme Being whose principles endowed us with this liberty.

Men, or Nations of men, are not divinely endowed with greatness. They are great, or fail to be so, because of the principles to which they adhere. Maybe all is not lost, maybe we have not reached the point of no return. But we shall return to the principles that made this country great or it will not continue to be so.

LETTERS to EDITOR

Shamrock, Texas
June 30, 1969

Dear Editor:
We, the members of the Lions Club of Shamrock, will appreciate it very much if you will be kind enough to give us a little space in your fine newspaper to introduce J. C. McClesky to the citizens of Slaton.

Mr. McClesky, who has served well and faithfully as superintendent of schools in Shamrock for the past nine years, has accepted a similar position in Slaton and will be moving to your city after August 1.

Mr. McClesky is not only a competent school administrator, but is also an outstanding community worker and civic leader. He is a good, Christian gentleman.

In brief, we are confident that Slaton, as did Shamrock, will soon learn that he is definitely an asset to your city.

Please permit us to give you the following background information about this fine man, who soon will be a resident of your city:
A graduate of Chillicothe High School, McClesky received a BS Degree from Texas A&M University and a Master of Education Degree from Midwestern University.

He entered the teaching profession at Chillicothe in 1946, serving three years as a classroom teacher, seven years as high school principal and four years as superintendent of schools.

He assumed his duties here in 1960, succeeding Dr. Kenneth Laycock.

McClesky is a member of the Texas State Teachers Association, National Education Association, Panhandle Association of School Administrators, Texas Association of School Administrators, and American Association of School Administrators.

He is a member of Shamrock Masonic Lodge No. 929, Khiva Temple and Nobles of the Mystic Shrine. He is a member of the First Baptist Church of Shamrock where he serves as associate Sunday School superintendent.

He is listed in Who's Who in the South and Southwest, Who's Who in American Education, and Who's Who in Texas.

Civic Leader
In 1962, McClesky was the recipient of the Beta Sigma Phi award as the "Most Outstanding

Chamber of Commerce Committee Head." The following year, he was honored by the Shamrock Chamber of Commerce as "Shamrock's Outstanding Citizen."

McClesky served as general chairman of the Shamrock St. Patrick's Day Celebration in 1965.

He is past president of the Chillicothe and Shamrock Lions Clubs and is president - elect of the local club. He is past cabinet secretary of District 2E and District 271, Lions International, and in 1967-68 was Deputy District Governor of District 271, Lions International.

He is past vice president of Shamrock Chamber of Commerce, past president of Shamrock Kid-Letters, past membership chairman of District IX, National Education Association and past president of Panhandle School Leaders Association.

McClesky served as fund drive chairman of the South Wheeler County United Fund in 1963; in 1965-66 he was a member of the executive committee of the Adobe Walls Council, Boy Scouts of America; and in 1966-68 was legislative chairman of District IX, Texas State Teachers Association.

McClesky and his wife, Aline, have three children: Betty Jewel, who will be a teacher of special education in Dallas in 1969-70; Phyllis Diane, a senior at Texas Woman's University, Denton; and Billy, a sixth grader.

Thank you for allowing us to introduce Mr. McClesky to you and the readers of your newspaper.

Cattfish Farming Is New Enterprise

Each year the population of rural America becomes smaller and the population of urban America grows larger. With this steady influx of people into our suburban areas, the possibilities for recreation for the people in these areas will become fewer.

A new type of enterprise, at least to the people of the High Plains area, is Cattfish Farming. This enterprise has proven to be highly successful to a number of people in Arkansas, Louisiana and East Texas. A recreation survey conducted recently by all of the agricultural agencies in Lubbock County has shown that recreation in general and fish farming in particular has great potential in Lubbock and surrounding counties.

However, it is an enterprise that should be given a great deal of careful consideration before entering. The initial investment is quite high. Thirty acres of fish farm is considered

a family enterprise. An investment of approximately \$40,000 would yield an annual income of about \$7,000 a year.

The ponds should be designed to fit the topography of the land and can vary in size from one to four to five acres. The suggested water depth is from four feet to six feet with a minimum depth of two feet required.

The water source should be fresh water and the ponds should be protected from overflow. A minimum of 25 gallons of water per minute per surface acre is needed. This contrasts sharply with the 8-10 gallons per minute needed for crops during the peak use period.

Channel catfish and blue catfish are being used in catfish farming enterprises. Channel catfish seem to be the hardest of the two but both perform well.

The brood stock should be gotten from a producer that has been in the business for several years and is known not to have

Native Slatonite Illustrator For National Magazine

By KATHY WALTER

A noted Milwaukeean artist recently was called upon to illustrate a short story for a national magazine. It wasn't the first for the artist, and it probably won't be the last. Bill "Tex" Wilson has obvious talent.

Wilson, the son of Mr. and Mrs. Sam Wilson, 425 W. Lynn, was born in Slaton. He attended Slaton schools and graduated from Slaton High School in 1946. He joined the Air Force and came back to complete his education by earning a degree from Texas Tech.

As a Tech student Wilson was employed by S & Q Clothiers as an advertising artist. There his manager advised him to go

to Milwaukee, Wis., the "growing advertising market in the Midwest," he said. It was, and as Milwaukee grew, so did Bill Wilson's reputation. Soon he wasn't Bill anymore. Because of his Texas draw and background, he was nicknamed "Tex".

Tex Wilson is still in advertising, and his fame has spread. He is frequently called

From Duane Siemers, Wallace, Kansas: I am not a real old timer, however, being maybe 25 years behind time would put me there. It was over 40 years ago I began school. I went for eight years to a one-room country schoolhouse. We had a big container with a push button spigot for drinking water and each family brought their own cup.

I especially remember being stood up beside my desk and whipped with a rubber hose. We walked two miles in the morning and evening and hardly missed a day. My feet would get cold and ache until noon.

Those were good times and I believe the young people were happy then.

My young life was something to be enjoyed and I believe it is something to have lived in a country where I was free.

upon for illustrations in magazines, such as the feature story in the June - July 1969 NATIONAL WILDLIFE.

In the drawing, he captures the story of a wild bull elk. Wilson's father confided that his son had never seen an elk, "except maybe once in a zoo." He went on to say that when the publishers contacted Wilson to do the illustration, he did extensive research on the subject before beginning.

Working in advertising, the native Texan has had several exciting experiences. Four years ago he was hired to illustrate diamonds for a jeweler. He was locked up with some three million dollars worth of rocks and was under complete police guard for 36 hours.

Always interested in sketching, Wilson thought he wanted to be a cartoonist. His parents confessed they thought he was wasting time. He drew in high school, and Mrs. Dawson, one of his teachers, encouraged and helped him, but it was not until he got to Tech that he specialized in advertising.

Now he and his wife and three children have a permanent home in Milwaukee. But, according to Slaton's Sam Wilson, "He hasn't lost his drawl. He's still from Texas!"

Baptist Revival Starts Monday

On Friday of this week we will be celebrating the 193rd anniversary of our country's independence and we should thank God for our heritage of courageous, principled ancestors who fought for this country's freedom and who gave us a De-

claration of Independence with God at its heart. May each of you have a happy and safe 4th of July!

REVIVAL
The Southland First Baptist Church will be starting their revival next Monday evening

at 8:30 p.m. Brother J. R. Church of the Western Hills Baptist Church in Lubbock will be the guest preacher. This revival will last one week and everyone is invited. Brother Bill Dodd is the regular pastor of the Southland Baptist Church.

NEW DAUGHTER
Congratulations to Mr. and Mrs. J. W. Basinger who are the proud parents of a new baby girl who was born on June 25. The Basingers have one other daughter. May God bless this young family.
Mr. and Mrs. Bill Janke from Bartlett and E. C. Stabeno and daughter, Lynn, from Wilson visited in our home one afternoon last week.
SILVER WEDDING
Congratulations to Mr. and Mrs. Bill Basinger of Mercedes who will be celebrating their 25th Wedding Anniversary on July 4th. May God grant this

couple many more happy years together.
The Southland Methodist Church had a very good attendance at church on Sunday with a good many visitors. A "Family Night" was enjoyed by all on Wednesday night of this week. Rev. J. H. Sharp is the new pastor of this church.
Laura Bevers, Breonne Winterrowd and Sherri Wilke attended Cheerleader's School at Texas Tech this week.
H. C. Dunn just came in and told me that he had heard a new little "gem" describing this hot weather we've been having for nearly two weeks.

This lady came into the store and told him that it is as hot as a "Peanut Parcher" outside. Isn't that cute?
Curtis Lancaster is working at KSEL in Lubbock. He has a program on KSEL-FM in the morning and afternoon. Curtis has worked for radio stations in Post and Slaton and now Lubbock. Good luck, Curtis.
ON ALL STARS
Blane Dyess, who was on the Pirate Pee-Wee ball team, and Todd Taylor who was on the Cub team, both played in the All-Star Game Saturday night. Congratulations, boys, for being chosen for the All Star team.

This is quite an honor. The Pirate-Cub team lost to the Brave-Red Sox team, but I bet this was a good game to see.
Mr. and Mrs. D. J. Dyess from Spur and Mr. and Mrs. Bill Dyess, Bobby Jack and Gregg from Lubbock came to see the All-Star game on Saturday night, and visited with Coach and Mrs. Bob Dyess, Blane and Monica.
Mr. and Mrs. Jack Gilliland and children from Slaton visited in Tokio on Sunday with Mr. and Mrs. Duane Gilliland and girls. While they were there, Becky fell and cut her leg and it took 11 stitches to fix it.

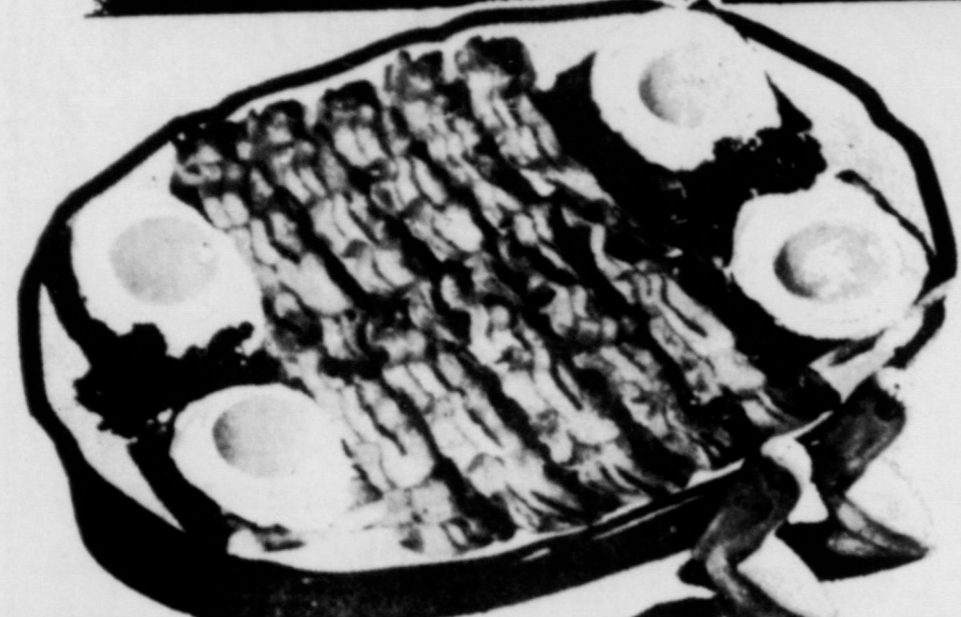

We sure hope you are enjoying along with us. Mrs. H. C. ... trip to Boston ... of last week ... plane leaving ... a.m. Thurs. ... to Dallas where ... by E. L. Dunn ... with him until ... for Boston. ... hours to fly ... there at 5:45. ... ther and family ... (Continued)

by a historical society and is filled with beautiful antiques, secret panels and expensive furniture.
 Thursday Mrs. Dunn and Dayneen caught a plane to come home, but didn't quite make it that day because when they got to Newark, they were grounded for a time because of an air strike, so when they got to Dallas, they had missed the plane to Lubbock, E. I. met them and they spent the night with him and flew into Lubbock on Friday. They said it is so nice and cool up there. Mrs. Dunn's mother, Mrs. J. E. Day went with them, and she remained

up there for a longer visit. Mr. and Mrs. Leroy Zieschang, Edmund and Yours Truly spent last week-end in Ruidoso, N.M. Went up there to get away from the heat, but it is hot and dry up there, too. It showered a little on Sunday and cooled things off for a while. We talked to Mr. and Mrs. Buford Jones and they said to tell everyone "hello". We also saw several couples from Slaton there including Mr. and Mrs. Willie Heinrich, Mr. and Mrs. D.B. Kiser, Mr. and Mrs. Roy Saage and Mr. and Mrs. Joe Sparkman. We enjoyed the trip very much but were a little

disappointed because the weather was hot. Mrs. G. D. Ellis, who received a bad ankle sprain a couple of weeks ago, was confined to Mercy Hospital last Friday afternoon. To help her recuperate, the doctor thought it best for her to be in the hospital for a few days. We hope she will be out soon. Mr. and Mrs. Chris Gindorf and girls from Red Hook, N.Y., will get in one day this week for a visit with relatives and friends. We are all sure looking forward to seeing Chris, Joan, Cynthia, Cloressa and Carla. Welcome back, kids!

Around the Fire House

By Bob Kern

Selected as this week's "Fireman of the Week" is Lehman Brown. The Browns reside at 1330 So. 11th St. in Slaton. Lehman has been employed with Southwestern Public Service Co. for the past 16 years as a lineman.
 The Browns own their own home and have two sons, Glen, 11 and Clint, 7. Brown has been active on the Slaton Fire Department for some five years and is always prompt to answer calls, pitch in and help with the work.
 It is indeed with pleasure that we name Lehman Brown "Fireman of the Week."

BRUCE PEMBER

Old Sport Tennis is one of the world's oldest sports. The ancient Egyptians, Greeks and Persians played games that resembled our present-day tennis.

Good Lawns A good lawn gradually improves its soil. Thin grass roots squeeze into the soil pores. About half die a normal death each year, leaving organic residue "mixed" through the root zone.

His wife's gonna practice parking today. Tell your wife to drive in to see us while she is out. We'll take care of the car as if it were our own. Ladies are among our favorite customers.
