# Bale Count Hits 15,000 In Slaton Area

The harvest of King Cotton was well on the road this week in the Slaton area with gins reporting 15,315 bales weighed in at the gins.

The area's first "hard freeze" was recorded Tuesday night when the mercury dropped to 20 degrees. The skies have been clear and sunny the past two weeks, allowing the harvest to get underway.

Some gins estimated they were from 25 to 35 percent along on bale production for the season. Slaton Co-Op and Acuff Co-Op led the count of bales.

The four classing offices classed 26,750 samples during the week ending Friday, Nov. 14. This brought the total classed this season to 38,000.

Staple length averaged between 31/32 and 1-inch. Forty-four per cent stapled 1-inch and longer.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling Light Spotted 29/32 - 17.60, Strict Low Middling Light Spotted 15/16 - 18.00, Low Middling Light Spotted 29/32 - 16.70, Low Middling Light Spotted 15/16 - 16.75, Strict Low Middling Spotted 29/32 - 16.80, and Strict Low Middling Spotted 15/16 - 17.15.

## 'Flying Scotsman' Puffs Into Slaton

"The Flying Scotsman", a once-famous steam-powered British train, recently completed a U.S. tour and came chugging into Slaton Tuesday to hibernate for the winter in the Santa Fe roundhouse.

## Chamber Signs New Members

Slaton Chamber of Commerce directors signed up nine new members during a recent membership drive, it was reported by committee chairman Dick Hartman this week.

Directors were divided into two teams, with Capt. Dee Bowman claiming victory for his team in the membership drive. The Bowman team is supposed to eat steaks at an upcoming directors' meeting, while the team led by Speedy Nieman will dine on "bread and water."

## TO STAY FOR WINTER

Winston Churchill and Dwight D. Eisenhower during World War II. The steam-powered train was primarily on a trade mission in its U.S. tour, which wound up with stops at Dallas-Ft. Worth and Houston. Besides promoting British imports, the purpose was also to show off an olive-green Pacific steam locomotive saved from the scrap yard by a millionaire steam buff.

The man behind the Scotsman's survival was shovelling coal when the train moved into Slaton Tuesday. He is 49-year-old Alan F. Pegler, a former manufacturer who now spends his time on railway interests.

According to an article from "Railway Age", Pegler rescued the locomotive from scrapping about five years ago at a cost of \$6,000. The total outlay is now up to about \$120,000.

To help pay for the tour, British souvenirs were sold in the four exhibit cars. The main exhibit, however, was the locomotive itself. Built in 1925 by Doncaster Works for the London & North Eastern Railway, the 4-6-2 locomotive became well known in Great Britain before retirement in 1960. The locomotive's fame came (See SCOTSMAN, Page 4)

## ABOUT LIVING

Foolish is the individual who thinks he is a self-made man and can find no one to share honors with when accolades come his way. Every man needs some kind of help and encouragement along the road to success.

Equally foolish is the individual who operates on the theory that "It's my life and I shall do with it what I want." The free man has a right to choose, but with that right an equal obligation to observe the rights and privileges of his fellow man.

Freedom of choice is not freedom from responsibility. The teenager, for example, anxiously waits the legal age of adulthood, expecting that something marvelous will happen; but comes to discover principally a new number of responsibilities, a new set of values.

Guidelines for successful living were set down long ago in the Ten Commandments. The wise man knows them, one and all.

ITEM: Sometimes glass in front of a picture creates a glare and detracts from the beauty. You can protect some pictures from soiling, instead, by using several light spray-coats of a water-white coating. Let the surface dry thoroughly between coats. This trick, of course, is not recommended for real oil paintings, though it will work on most prints.

For a breakfast treat or a quick sandwich, toast bread, top with sliced frankfurter and a thin slice of cheddar cheese. Broil until cheese melts.

# Top Cotton Production Starts With Good Seed

"Precision cotton production" makes good sense when it's done right. Use of bed shaping, high speed planting, combinations of insecticides and herbicides and other things intended to maximize profits has great potential for increasing profits from cotton. Yet perfecting such a system has been a real problem.

The reason? Scientists from Texas A&M University and other leading cotton research centers point to one big reason: poor quality planting seed, the least cost item in the entire system. Good seed, they stress, is the cornerstone of any production system; unless a producer gets a uniform, evenly distributed stand of vigorous disease-free plants that are capable of setting a heavy crop of uniform big bolls, there is little opportunity to apply any other management skills. In other words, the precision system is shot without good seed.

The "poor seed syndrome" is widespread. University studies show that much of the seed planted in West Texas is poor quality and results in stand failures and large numbers of weak, non-productive plants. It can cause re-planting, a costly practice which wastes time and money invested in other practices; also, yields and quality

are sacrificed with late planted cotton.

Just how much poor seed costs the cotton industry is questionable, but at the very least, the losses are phenomenal. In extensive studies by Texas A&M in West Texas, it was repeatedly shown that seed quality directly affected net profit; that crops produced from "farmer-saved" seed (the most common seed source in this area) produced as much as 116 pounds of lint an acre less than the same variety from pure seedstock.

Few decisions made by the cotton producer during the season will influence profit as much as does the selection of planting seed; the investment in seed that can be planted at low rates and produce a stand that will grow off vigorously with high yield and quality fiber. The importance of seed and its influence on profit isn't surprising when you consider the job seed must do. It must tolerate adverse field conditions along with withstanding the stresses caused by various combinations of insecticides and herbicides.

With seed carrying this profit burden, it just makes economical sense that the producer knows the history of his planting seed; where it comes from, how it was produced, any quality tests that would tend to prove the performance of the seed. Chief problem in seed quality, apparently, is the supply. There just isn't enough really good, proven, tested seed planted.

Very little farmer-saved seed, whether grown by the producer or bought from a neighbor, can match the quality of pure seedstocks that have been

produced strictly for seed. There is a world of difference in commercial cotton production, where yield is the main concern, and in seed production. It's a highly specialized business that requires very specific and careful planning and handling.

Within all possible limitations, planting seed should be produced under conditions that protect it from such normal quality damaging hazards as: pre-harvest or field damage; mechanical damage during harvest; damage during trailer or bulk storage; mechanical damage during ginning and damage during acid delinting. Further, there must be extreme efforts to prevent "varietal mixture", a common and costly trait of farmer-saved seed.

A breakdown in any of the above can result in seed that germinate slowly and have slow seedling growth, non-uniformity in growth and development; greater susceptibility to adverse field conditions; skippy stands; higher percentage of abnormal seedlings, non-uniformity in growth and development; higher production costs and lower yields. A natural weather hazard, such as the early freeze that nipped much of West Texas this year, can have a damaging effect on quality of seed cotton.

Need for quality seed -- quality referring to the bred-in growing characteristics and fiber properties of the variety as well as the purity, germination and vigor of the seed itself -- prompted a group of West Texas cotton producers to join together to insure themselves a supply of good seed. They formed a cooperative, Growers Seed Association, for the specific purpose of produc-

# Col. Bowen Guest Speaker For Rotary

Col. C. Q. Bowen, commanding officer of the Slaton High School Junior ROTC Program, explained the purposes of the course and outlined facts concerning the Reserve Officers Training Corps when he appeared as guest speaker for the Slaton Rotary Club Thursday.

Col. Bowen said he felt Slaton High was fortunate to be one of the 400 high schools in the nation selected to conduct the junior program. He said Texas has more of the junior ROTC contracts -- 98 -- than any other state.

The colonel reported that 109 cadets are enrolled in the Slaton program, representing almost one-half of the 240 male students in high school.

He said academic classes are taught in the program, including military history, and that one day a week is tabbed as drill day. The cadets will receive 96 hours of basic training the first year.

Col. Bowen pointed out that cadets have no military obligation as a part of the training. For every two years of ROTC training in high school, however, a cadet can receive credit for one year of ROTC in college. Junior ROTC students are eligible to compete for full scholarships to college, and recipients are also paid \$50 a month while in college.

Commenting on the recent dissidents' attacks against the ROTC and other institutions, Col. Bowen pointed out the vital role of the ROTC in providing 16,000 officers a year for the U.S. Army.

The speaker was introduced by Tom Sims, program chairman for the week. Dee Bowman, Rotary vice president, presided in the absence of J. S. Edwards. Guests were introduced by Max Arrants.

ing and supplying its members with quality planting seed at reasonable prices.

Cooperative is staffed and geared to handle the rigid and highly sophisticated requirements of quality seed production. It employs such elite production techniques as one variety farms, one variety gin, one variety trucking, one variety storage, handling big volumes for processing one variety and strict cleanup before another variety is handled.

Thus, chances for varietal mixture are virtually eliminated. Further, the association is staffed with competent seed breeders and agronomists who personally handled each intricate phase of the business. After production, seed are subjected to various test and grow out procedures to assure the highest quality before being offered for sale.

## LETTERS TO EDITOR

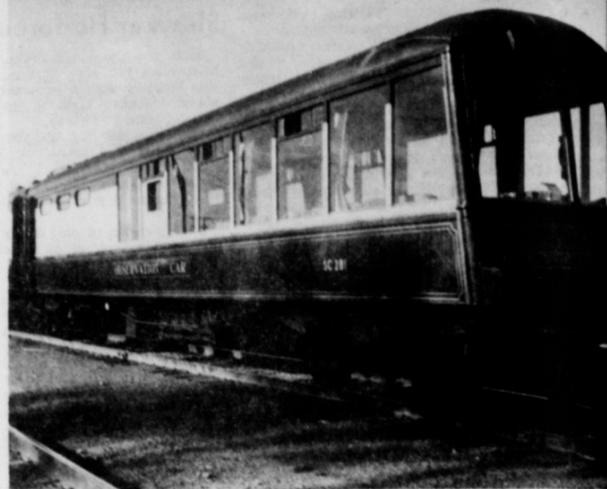

Dear Mrs. Nieman,  
I thought I had better write you a letter to let you know how much I enjoy The Slatonite. I think it's great to have it sent to us. It helps me keep up with what is happening back home.

I don't get mail too often. Only from my family. I try to write them when I can. They try to tell me what is happening back at home but they can't write about all that's happening.

I really enjoy the sports section. I wish the best of luck to the Tigers. I guess this will have to be a short letter. I have to go back to work. I'll see you when I get back home. Tell everyone hello for me.

## Tech Professor Speaks to Lions

An idea to project the Lubbock area as the "Crossroads of the Great Southwest" was presented to the Slaton Lions Club Monday by Dr. Bernie Fallon, chairman of the Department of Education at Texas Tech University.

Illustrating his talk with the use of slides, Dr. Fallon explained how Lubbock was a focal point throughout history -- explaining the impact of Spanish, Indian, military and cattle trails through the region.

Dr. Fallon also listed the factors which, he claims, makes Lubbock the economical, educational and cultural crossroads of the southwest.

The Tech educator has apparently gone to great lengths to research his subject and has a sincere desire to help project the Lubbock area into the Southwest's spotlight. He has already presented his idea and facts to the Lubbock Chamber of Commerce and other organization in hopes that use can be made of the slogan, "Lubbock, Crossroads of the Great Southwest."

The speaker was introduced by J. C. McClesky, program chairman for the week.

Lion president Glen Akin called attention to the new weekly club bulletins which are being printed, with Johnnie Moore as bulletin editor. The club also made plans to make inter-club visitations the next few months.

In the years ahead, you'll be able to preset your telephone to transfer calls to the number where you're visiting. Electronic switching -- using a sophisticated computer system -- will make this and many other new services possible. For example, your phone will have a memory. By dialing just two digits of a

frequently called number, you'll activate that memory, then the phone will dial the remaining digits automatically. Electronic switching is fact, not fiction. It's part of our program to plan today for tomorrow's communications needs. We may be the only phone company in town, but we try not to act like it.

**County Water Meeting Set**  
LUBBOCK -- The Lubbock County Unit of Water, Inc., will be organized at a meeting set down for 7:30 p.m. Tuesday (Nov. 25), at the Water, Inc., offices at 1613 Ave. Q, Lubbock.

All current members of Water, Inc., living in Lubbock County have been invited to the session along with all persons interested in the solving of future water problems.

The organizational meeting Tuesday sets up a county unit replacing the Lubbock County Water Association which was not affiliated with Water, Inc.

Water, Inc., was born in mid-1967 by 1,000 concerned business and professional men and agriculturists with an eye toward a long-range solution for water problems. The organization was instrumental in the inclusion of the South Plains in the Texas Water Plan, a long-range blueprint called for importation of water into the area.

The organization of county units gives individual members of Water, Inc., an opportunity to more directly participate in the organization's activities, as well as provides a grassroots sounding board for local needs and planning.

# Wilson Meets Jayton In Title Game Friday

The Wilson Mustangs scored a 32-6 win over the Sands Mustangs at Ackerly Friday night, running their District 6-B record to 4-0 and setting up a big game at home Friday night against the Jayton Jaybirds.

Jayton has a 3-1 record in district play and the Mustangs must down the Jaybirds to gain undisputed claim to the title.

Wilson may have been looking ahead to the district showdown last week when they were held to a 6-6 score by Sands at halftime. Steve Brieger scored on a 21-yard in the third period, then opened the fourth quarter with a 10-yard run to push the margin to 18-6.

Steve Meador added runs of 5 and 9 yards for scores in the

final period, and John Fields hit Joe Crews for a 2-point pass conversion. Brieger had scored the first touchdown in the first half on a 40-yard run.

The Mustangs are 6-1 for the season, with the only loss being to the Class A Cooper Pirates by 26-14. Wilson has scored 243 points in nine games, compared to only 76 for the opposition.

Wilson's defense was led by Steven Bednarz and Frank Lopez, as the Mustangs limited Sands to only two first downs and a total offense of 9 yards. Joe Crews had a timely pass interception.

Brieger gained 239 yards rushing and Meador added 168 behind the fine blocking of Danny Crowson, Bednarz, Tony Bishop, Wayland Peterson, Cary Schwertner and Arturo Vegara.

The Pirates thus ended the season with a fine 7-3 won-lost mark, but were 3-2 in District 5-A action as losses were dealt by champion Seagraves and runner-up Coahoma.

In the closing action Friday night, Anthony Joplin and Johnny Joe Aleman each scored three times and quarterback Jack White tossed two touchdown passes to Gilber Martinez to trigger the big scoring attack.

Joplin scored from 15 and 9 yards out, and Aleman raced 38 yards for a touchdown in the first period. White passes to Emmitt Cardenas for two points as Cooper moved to a 20-0 lead.

The Pirates added 26 points in the second period to take a 46-0 halftime bulge. White passed to Martinez on 2 and 25-yard scoring plays, and Aleman hit paydirt on runs of 5 and 45 yards.

Joplin breezed 50 yards in the third quarter to top the

scoring for Cooper. Plains was winless in 10 tries this year. The 7-3 reading for Cooper marked the second year in a row for the Pirates to post that record under Coach Pete Hurst.

# Tigers Wrap Up Season With 35-20 Victory Over Littlefield

Led by the 10 seniors on the squad, the Slaton Tigers closed out the season on a winning note before a Homecoming crowd Friday night at Tiger Stadium, capturing a 35-20 victory over the Littlefield Wildcats.

The triumph enabled the Tigers to record a 5-5 won-lost mark for the season and finish with a creditable 3-2 mark in zone competition of District 3-AAA. Slaton tied with Sweetwater for second place in the Zone A action.

The Tigers never trailed Friday night, taking a 13-0 lead and

holding a 19-7 advantage at half-time. The Wildcats closed the gap to 19-14 in the third period, then Slaton pulled away with a 32-14 margin before Littlefield scored on a freak play.

Fullback Larry Moore closed out his SHS grid career with his best night on carrying the ball -- registering an even 200 yards on 26 trips. Halfback Nick Farrell, another senior, got 96 yards on 17 rushing attempts as Slaton rolled up 350 yards rushing.

Moore tallied twice on runs of 7 and 10 yards, and junior quarterback Terry Mosser had a hand in the other three touchdowns. He hit senior end Robert Englund with a 17-yard scoring toss, passed to junior back Alan Fondy on an 11-yard scoring play, and rammed across from the 1-yard line for a score.

After a disappointing loss to Levelland the week before, the determined Tigers displayed a great team effort in closing the season with a decisive victory. Seniors Moore, Farrell, Englund, Don Smith, Allen McDonald, Louis Scott, Dennis Rushing, Ronnie Howard, Duane Cox and Jimmy Rogers all deserved a star by their names for the final grid battle.

And, the performances of such juniors as Mosser, Fondy, Ted Dixon, Paul Payne, Charles (Jacky) Thomas, Ollie Rainwater, Allen Walters, Charlie Geer, Tom Hargraves, Glen Akin Jr. and Frank Self make Tiger fans look forward to next season.

McDonald, the senior double-duty tackle, rebounded from an appendicitis attack earlier in the week and was a key performer both ways. Louis Scott, slowed by an ankle injury, also did double duty and stood out on defense.

Don Smith, the senior linebacker, was making tackles all over the field, and Dixon, the

little junior linebacker, picked off two big pass interceptions for the Tigers.

Slaton took the opening kickoff in the game and drove to the Wildcat 44 before missing on a 4th-down play. But, after Littlefield punted the ball back, Slaton didn't miss on the next drive.

Starting from their own 22, the Tigers headed for paydirt and made it in 11 plays--all on the ground. Mosser started the drive with an 11-yard run around end, and Farrell accounted for 47 yards on five carries in the 78-yard march. Mosser got the touchdown from a yard out, and Alan Sanders' kick was wide as Slaton took a 6-0 lead with 3:54 left in the first period.

Littlefield took the ensuing kickoff and drove to the Tiger 29 to face a 4th-and-3 situation. Englund grabbed quarterback Charlie Holt for a two-yard loss, and Slaton started another scoring drive from its own 31 just before the first quarter ended.

It took 12 plays to go 69 yards with Moore sparking the

## Junior Varsity In 26-12 Win

The Slaton Tiger junior varsity closed out the season at Littlefield last Thursday night, scoring a 26-12 decision over the Wildcat JV.

Coach Doc Mize praised the team for turning in a fine performance on the chilly night. The triumph gave the squad a 3-4 won-lost record for the season.

Mize reported that fullback Donnie Rogers scored three times, one on a long run, and halfback Randy Davis scored once and kicked two extra points. Joe Johnson and Darrell Eastman were also standouts on offense. End Tom Roche set up one touchdown with a pass reception.

Defensively, Mize pointed to Mike Speer, Brad Winchester, Steve Mosser and Steve Lavender for fine jobs. He called it an all-around fine team effort against a tough Littlefield team.

drive with a 25-yard run and Mosser hitting Farrell with a crucial 6-yard gainer on fourth down. Moore got the final 7 yards on a dash around left end, and Sanders' kick made it 13-0 with 9:40 left in the first half.

On the second play following the kickoff, Littlefield's Ralph Funk broke on a sweep around right end dashed 52 yards to the Tiger 9 before Smith caught him from behind. The Cats had only 77 yards net rushing yardage in the first half, with most of it coming on this play.

Two running plays at the 9 netted just one yard, then Holt fired a pass to Steve Owens for the touchdown. Alan Newton's kick made it 13-7 with 7:36 remaining in the second quarter.

After Moore returned the ensuing kickoff 23 yards to the Slaton 31, the Tigers moved the distance again in 13 plays. A holding penalty moved Slaton back to the 16 on the first play, but Farrell and Moore erased that misfortune with 13 and 19-yard gains. With Moore and Farrell doing most of the damage, the Tigers moved to the Wildcat 11, where a penalty and the stubborn Cats held them to a 4th-and-9 situation. Mosser then threw the only pass of the drive, hitting Fondy all alone in the end zone for a touchdown. The kick failed and Slaton led by 19-7 with 1:09 left in the first half.

Early in the third period, the Tigers punted for the first time in the game, and Littlefield cranked up a long drive from the Tiger 46. A pass interference call against the Tigers aided the Cats when they got a first down on the 28,

Littlefield faced a 4th-and-1 play at the 19 and made it, then Holt scored on a sweep around right end from the 12. Newton's kick was good and Slaton held only a 5-point lead, 19-14, with 4:15 left in the third period.

The Tigers took the kickoff, however, and put on a sustained drive for another score, moving 63 yards in 12 plays and overcoming two 5-yard penalties. Rogers made a fine, turning catch of a pass from Mosser to start the drive with a 23-yard gainer. Moore chipped in some good gains, and Mosser found Englund all alone in the end zone from 17 yards out. Mosser's passing try for two points failed, and it was 25-14 with 10:27 left in the final quarter.

The Tigers muffed a golden scoring opportunity moments later. The Wildcats lined up to punt from their own 37, and the snap sailed over the punter's head. The Tigers wound up with the ball on the Littlefield 6-yard line but couldn't dent the Wildcat line in three plays. A fourth-down fake field-goal kick turned into a pass by

Fondy, but it was intercepted in the end zone to kill the drive. Five plays later, however, Dixon intercepted a Holt pass on the Wildcat 45. He fumbled the ball but Frank Self recovered on the 41. Moore got the call for five straight plays -- picking up 14, 4, 3, 10 and then the final 10 yards to the end zone. He hit off tackle and went over standing up on the final play, and Sanders' kick made it 32-14 with 2:36 left in the game. Dixon intercepted another Holt pass moments later, returning it 13 yards to the Littlefield 25. Fondy hit Mosser

with a 15-yard passer overshoot. Duane Estrade swiped to the extra-point kick 32-30 with 1:12 left. Slaton recovered and onside kicked, to the Wildcat 20 and ended.

# Tigers Surprised Many With 5-5 Grid Season

It was a break-even season for the Slaton Tigers, insofar as records are concerned, in the tough Class AAA grid ranks the past year.

However, the 5-5 won-lost mark posted by the Tigers was much better than many sports observers and fans predicted at the start of the season. And, the Tigers--picked for last in the big 3-AAA district--wound up in the middle of the 11-team conference and placed second in the south zone behind Snyder.

The Tigers scored 166 points in the 10 games, as opposed to 255 by their foes. Slaton averaged some 170 yards per

game rushing and 70 passing. Fullback Larry Moore led several individual offensive departments for the Tigers. He rushed for 821 yards, led in scoring with 80 points, and was the punt return leader. Halfback Nick Farrell had the best yards-per-carry average at 5.3. He carried 97 times for 508 yards. Moore carried the ball 188 times in getting his 821 yards and a 4.4 average. Alan Fondy toted the ball 99 times for 378 yards--a 3.8 mean.

Fondy was the pass receiving leader, snaring 14 tosses for 195 yards and four touchdowns. Farrell came next with 9 catches for 163 yards.

es for 163 yards.

Fondy also had the most yardage on kickoff returns--215 on 9 returns, but he and Moore averaged about the same. The big fullback ran back 8 for 197 yards. Bruce Schuette returned the most kickoffs--12, and picked up 213 yards to rank close.

Quarterback Terry Mosser accounted for 659 yards throwing and hit for 9 touchdowns passes. His passing completion mark was only 36 percent on 38 of 106, and 13 passes were intercepted. His passes averaged more than 17 yards per completion.

Game marks for the season included a 74-yard run from scrimmage by Farrell in the Levelland game. Next longest run was a 29-yarder by Fondy in the Kermit contest. Longest touchdown play was a 77-yard pass play from Mosser to Moore against Estacado. Moore had a 79-yard punt return for a touchdown against Sweetwater for other individual highs.

### Leaf Eater

The Koala bear of Australia usually shuns liquids for an exclusive diet of eucalyptus leaves. The leaves, in addition to food compounds, contain a healthy dose of the oily juices that humans use in drugs, antiseptics and cough drops.

## Freshmen Down Littlefield In Final Contest

The Slaton Tiger freshmen closed out the football season at Littlefield last Thursday with a 20-8 victory over the Wildcat freshmen.

Will Perry crashed over from 2 yards out to give Slaton the lead in the first period. Kenny Schuette ran for two points. Littlefield blocked a punt and scored on a 25-yard pass to tie the game at 8-8 in the first period.

Steve Ethridge took a pass from quarterback Steve Nieman on a 61-yard scoring play in the second period as Slaton moved ahead by 14-8.

Nieman scored from 6 yards out later in the quarter, after Ethridge set up the scoring drive with a pass interception.

Curt Woollever, James Hensarling, Johnny Hernandez and Schuette were defensive standouts in the last game.

The victory gave the Slaton team a 5-3 won-lost record for the season.

## Junior High Cage Schedules Given

Basketball schedules for the junior high boys and girls teams were announced this week by Coach R. G. Copeland, with first action set Nov. 24 against Post.

In most of the games this year, the 7th and 8th grade boys will play at one site while the girls are playing the same school at the other site.

The teams open against Post Nov. 24 with the boys playing at home and the girls going to Post. This was the result of a district agreement so that games would not take so long with four being played at one school.

There will be no district tournament for the junior high schools this year, but five tournaments are on the schedule--two for 8th graders, two for 7th graders, and one for both.

Games counting toward district play will be with Post, O'Donnell, Tahoka, Idalou, Cooper and Frenship.

Following is the junior high schedule: Nov. 24 -- Post (boys here, girls there) 5:30; Dec. 1 -- O'Donnell here, 5:30; Dec. 4-6 -- Southland Tour. (7th only, boys and girls); Dec. 8 -- Roosevelt (boys there, girls here) 6 p.m.; Dec. 11-13 -- Slaton Tour. (7th only, boys and girls); Dec. 15 -- Idalou (boys there, girls here) 5 p.m.; Jan. 5 -- Cooper (boys there, girls here) 5:30; Jan. 8-10 -- Post Tour. (8th only, boys and girls); Jan. 12 -- Tahoka (boys there, girls here) 6 p.m.; Jan. 15-17 -- Idalou Tour. (7th and 8th); Jan. 19 -- Frenship (boys there, girls here); Jan. 26 -- Post (boys there, girls here) Jan. 29-31 -- New Home Tour. (8th only, boys and girls); Feb. 2 -- O'Donnell there, 5 p.m. Feb. 16 -- Idalou (boys here, girls there) 5 p.m.

## Basketball In Spotlight, Teams Host Olton Friday

Football has ended its reign on the local sports scene, and the thump-thump season took over this week. The complete Slaton High basketball schedule can be found on the sports page.

Both the Tigers and Tigerettes will be in action here Friday night, hosting the Olton Mustangs and Fillies. First game is set for 6:30 p.m. The Tigerettes travelled to New Home Tuesday night to score their first victory -- a 49-37 decision. Sue Brake tallied 24 points, Marilyn Meeks 19 and Cynthia Akin 6.

Marilyn Davis was sidelined with a sprained ankle this week and didn't see action Tuesday night. Marilyn scored 35 points in a losing 63-61 battle against Spearman last week. Sue Brake had 22 and Davis 20 in a 61-54 loss to Klondike here last week.

Coach Gay Ivey returns nine letter winners this year, but only two were full-time starters last season -- Marilyn Davis and Jan Griffith. The Tigerettes had a 24-8 record last year, including three tournament titles. Other letter winners returning are forwards Marilyn Kay Meeks and JaNette Gass, and guards Patty Nell, Shirley Hightower, Glenda Smith, Carol Jones and Georgia Geer. Other varsity berths this year

probably will be claimed by forwards Sue Brake, Cynthia Akin and Rosa Lopez, and guards Debra Greenfield and Judy Boyd. The Slaton B-team had a fine 17-1 record last year.

Miss Davis, one of the most prolific scorers in Tigerette history, sported a 23.5 per-game average last year and has been an all-district performer two years in a row. She has scored 1,763 points in three seasons, lettering as a freshman.

The Tigerettes lost all-state guard Rita Payne by graduation, as well as high-scoring forwards Linda Johnson and Jackie Clark. Slaton was 3-3 in District 1-AAA play last season. Canyon, Tulia and Muleshoe are in the district with the Tigerettes.

Coach Kenneth Housden greeted only three senior lettermen for the Tiger varsity. They are Larry Moore, Clifford Summar and Louis Scott. He reports that about 28 candidates were working this week for berths on the varsity and junior varsity teams.

and Clyde Kitten. The Tigers lost their top scorer for two seasons when Richard Washington graduated last year. Moore, however, was second in scoring last season with a 14.2 average per game and was the team's top rebounder. He made the 3-AAA all-district team along with Washington. Also gone from last season are Essie Scott, Hobby Chapple, Johnny Petty, and Glen Montgomery.

The Tigers posted a 10-17 record last year and were 3-5 in the north zone of 3-AAA. Teams in the north zone include Dunbar, Estacado, Littlefield and Levelland.

### Junior High Girls Beat New Home

The Slaton Junior High 8th grade girls scored a 42-11 win at New Home Tuesday night.

Jan Davis led the Slaton scoring with 15 points, followed by Luellen Cheney with 12 and Ann Partain with 6.

The 7th and 8th grade girls play at Post Monday night while the boys play Post here. First games are set at 5:30 p.m.

The Lay Witness Mission begins here Friday with a family style supper Friday evening at 7 p.m. in Fellowship Hall of the First United Methodist Church. Each table will have a hostess and she will invite enough people to fill her table, plus one or two of the lay workers who will be here from out of town.

## Teacher Training Course Begins Nov. 24

Four Slatonites interested in helping others to learn to read and write English, recently completed a series of class instruction which enables them to teach. They are now engaged in pupil instruction and realize they need help.

It appears there is a teacher shortage and another workshop is being made available to Slaton and the surrounding area for those interested in becoming teachers for the non-reader.

Mrs. Edwin Nettles, chairman of the Teacher Training Committee of the Laubach Literacy Council, will conduct a teacher training workshop here beginning Monday, Nov. 24 and continue through Nov. 26. The sessions will be held from 9:30 a.m. to noon each of these days.

One must attend all these sessions to receive the complete course. The classes will be taught in the Educational Building of the First Baptist Church here.

Those who have taken the course are very enthusiastic about the program because of wide approach that concerns both teaching the individual and the masses. It is the type of a missionary project one may enroll in himself or one in which a civic or church group may become involved.

ITEM: One of the major problems in furniture refinishing is getting that old paint finish off. One easy way of doing this is with the chemical paint removers that wash off with water. These paint removers contain an emulsifier that lifts off the remover and the old finish when combined with water. After you have applied the remover and followed the directions, you can simply wash off the old finish and the wood surface beneath should be perfectly clean. Many of these new paint removers are non-flammable and leave no wax residue on the wood.

Words of Jesus

"... Never man spake like this man." — John 7:46

When Jesus preached to the multitudes, many who heard him knew that he was the son of Joseph the carpenter and, they asked, "How does this man know so much?"

We know that Jesus left indelible footsteps upon the face of earth because he spoke the universal message of God's love for all mankind. God's message is more than love; it is truth. It is even more; it is hope. These are the words that Jesus spoke upon earth during a life devoted to preaching and teaching.

We should look to the teachings of Christ, and to the message in that One Solitary Life, for therein lies the hope of all mankind.

**SOUTHLAND NEWS**

—MRS. TOMMY WILKE

**Cotton Harvest In Full Swing**

LISTEN-----do you hear that?---That "buzz buzz" you hear means "busy farmers" at last. Lots of picking machines and strippers in the cotton fields this past week. The gins are getting real busy and "more smiles than frowns" is the order of the day. My goodness,

isn't it great to be alive? Visitors at the Southland Baptist Church this past Sunday were Mr. and Mrs. Noel Shaw from Lubbock and Mrs. Louise Carson from Slaton. George Sharp presented special music. George is the son of Rev. and Mrs. J. H. Sharp, pastor of

the Southland Methodist Church. Mr. and Mrs. D. D. Pennell visited in Post on Monday night with Mr. and Mrs. Don H. Pennell, Mr. and Mrs. Arville Ferguson and Mr. and Mrs. Carl Cederholm.

Overnight guests Sunday in the James Mason home were

Glenna Mullens of Hill City, Kan. and Linda Cruse of Pierre, S.D. These two young ladies are from York College, York, Neb., and were among the 40 students of a choral group which is on tour and took part in the worship services at the Slaton Church of Christ.

Mr. and Mrs. Robert Long visited with Larry Long and J. H. Poindexter in Lubbock on Saturday.

SINGING  
A quartet, "The Mighty Tones", from Odessa will sing at the Jerusalem Baptist Church in Southland on Sunday, November 23. The singing will be-

gin at 3:00 p.m. and everyone is invited.

**ENGAGED**

Congratulations to Kathleen Smith and Ernest Hooks whose engagement was announced recently. Kathleen is the daughter of Mrs. Arvil Smith and the late Mr. Smith, and Ernest is the son of Mr. and Mrs. Asa Hooks of Port Barre, La. Kathleen graduated from Southland High where she was very active, especially in basketball. She is now a lab pathologist at Northwest General Hospital in Wichita Falls. Earnest is a policeman in Wichita Falls. A February wedding is planned.

The Junior's play "Sparkin'" was a huge success. Who says that four people can't put on a good play? Joan Gindorf, Breonne Winterrowd, Douglas Smallwood and Margie Perez proved that it could be done, and very well, too. Congratulations, each of you!

ADAMEK INJURED  
Pat Adamek spent several days in Mercy Hospital in Slaton after an accident on an oil rig over close to Wilson, in which he got a finger crushed. He came home Monday and is feeling much better than he did for several days. Hope all goes well with you, Pat.

Mrs. Francis Lightfoot, mother of Mrs. Paul Winterrowd, from Fort Worth, is here visiting with the Winterrowds. She came up for the Junior play and intends to stay until Thanksgiving.

Mrs. Dewey Darden and Mrs. M. K. Williams from Lubbock visited with Mrs. Paul Winterrowd on Tuesday. Mrs. Darden is an aunt of Mrs. Winterrowd. Mr. and Mrs. Marcus Wilke from Kingsland are here visiting relatives and friends.

COMMUNITY SERVICE  
The Community Thanksgiving fellowship and church service will begin at 5:00 p.m. Sunday,

This is a wonderful and rare occasion, and the first one that I had ever attended. Thought for this day, "it is better to know the man than to know in which direction he walked on a certain day." See you next week. I sure would appreciate YOUR news. How about giving me a call, someday after 4:30 p.m.?

**Car Inspections At Slow Rate**  
 AUSTIN--Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today that motor vehicle inspections in Texas are running almost 30% behind the inspection rate at this time last year.  
 "Unless the inspection rate increases, there are going to be some awfully long lines at inspection stations prior to the April 15 deadline," Speir said. During the year which ended Aug. 31, some 6.3 million vehicles were inspected in Texas. Since Sept. 1, only 538,000 have received the required inspection.  
 The State Motor Vehicle Inspection Act was amended by the Legislature to provide that inspection stickers issued after Sept. 1 will expire 12 months from the date of issue. However, the law requires that all motor vehicles display a new sticker before April 15, 1970. Speir noted that the new stickers are being placed on the driver's side of the windshield and contain a number tab show-

 "The inspection program is intended to discover vehicle defects which may lead to an accident. We urge all Texans to have their vehicles inspected soon to make sure they are safe for winter driving," Speir said.
