CHAMBER STARTS NEW DECADE WITH DAVIS AS PRESIDENT

Cain, Grace Dodson, Lions Honored

With an eye toward a "Path of Progress" in the 70's, Slaton Chamber of Commerce held its 44th annual banquet Monday night with about 275 persons on hand to hear guest speaker Ace Reid, view the presentation of special awards, and see the installation of new officers and directors.

Robert H. Davis was installed as the Chamber's new president, succeeding Clark Self Jr., and J. C. McClesky and Steve Smith were named as the new vice president and treasurer. Bill Ball served as master

of ceremonies for the big community event, highlighted by announcement of the special awards, the "Cowpoke" humor of Reid, and special entertainment by a quartet of Chamber directors.

Reid, nationally known creator of the "Cowpoke" cartoons, presented the banquet crowd a charge of pace from most after-dinner speakers, projecting his cowboy image in humorous tales about his life

and rise to fame as a cartoonist. Recently named as one of the 10 best-dressed cowboys in America, Reid went to great lengths pointing out the cost of the clothes he was wearing, then told the audience: "But you ought to see the tattered under-wear I've got on!"

introduced all the directors and officers. Directors of the losing team in a banquet ticket sales contest performed at the event, much to the delight of the crowd, Dee Bowman, David Hughes and Speedy Nieman recited poems--a la Henry Gipson--about the other directors and sang a special version of "That Chamber Gang of Mine." Bob Kern was at the piano for the team.

The Lions Club, a frequent winner of the outstanding club award, was cited for its activities and accomplishments in many fields. The club was active again the past year in youth work--including its work with the Crippled Children's Camp in Kerrville, sponsoring a Little League baseball team and helping the Babe Ruth program, and sponsoring a delegate to Girls State. Lions also spearheaded the Operation Yuletide program in Slaton Christmas.

Committee chairmen cited by Self included: Dee Bowman, advertising; Jay Gray, agriculture; Glen Akin, athletic; Earl Eblen, aviation; Steve Smith, Blue Blazers; T. J. Wallace, beautification; Don Kendrick, Christmas program; Dr. P. L. Vardy and J. C. McClesky, education; Dr. David Hughes, highways and transportation; Carroll McDonald, industrial development; Robert Davis, legislative; Dick Hartman, membership; Mrs. Bill Smith, newcomers; Bob Kern, parks and recreation; Jake Wendel, special events; Speedy Nieman, retail trade.

Wendel served as banquet chairman and received special recognition at the banquet in the form of a picture of him which was flashed on the wall. Dinner music was by Mrs. Harvey Munkowski, and decorations were arranged by wives of the Chamber directors. The Rev. Johnnie Moore worded the invocation.

VFW Sponsors 'Lite A Bike'

A "Lite A Bike" program, which began last Saturday, and will be held again this Saturday, is being sponsored by the VFW Post #6721. All children are encouraged to bring their bicycles to the VFW Hall between 1 and 5 p.m., and receive a free reflective safety sticker and a free cold drink. These stickers reflect light after dark and are highly recommended by the Department of Public Safety.

The fruit of the Spirit is... gentleness. (Gal. 5:22). When we give ourselves to being more loving, more thoughtful, more aware of the needs of others, we find more meaning in life. We then experience inner peace and satisfaction. Gentleness, understanding and patience are the signs of emotional maturity, and the way of supreme spiritual strength.

City Approves Land Leases

The City of Slaton has accepted a bid of \$5,000 a year for lease of city farmland at the airport site. It was announced this week by City Sec. Alex Webb.

The lease contract went to Bobby J. Harlan, who was the only person to submit a bid. The city commission did not take definite action at the regular Jan. 12 meeting, but did later formally approve the action.

The city has also approved a lease contract with R. L. Kincheo on a small tract of lake land located in northwest Slaton. The lease calls for \$100 per year.

SIDFI Stockholder Meeting Scheduled

A stockholders meeting for Slaton Industrial & Development Foundation, Inc., was to be held Wednesday night in the Reddy Room.

Election of two directors and a financial report were scheduled. The meeting occurred after press time for The Slatonite.

Terms expiring were those of Bill H. Smith and Harold Tucker. Smith served as board president the past year.

Political Interest Shows Warm Trend

Voter registration and political announcements both picked up the past week in Lubbock County.

State Rep. Delwin Jones, District 76, Place 1, announced for re-election Wednesday to mark the latest filing.

No candidates have announced for Slaton City Commission or Slaton School Board positions, a check revealed Wednesday. Terms expire in Wards 2 and 4 on the city commission, and the school board will have three terms up for election.

Citizens have until Jan. 31 to register and become qualified voters. Registration can be performed at the county courthouse or at the Slaton substation on the east side of the city square. Voter registration in Lubbock County reached 25,000 this week with a registration potential of more than 72,000.

Prior to Jones' announcement, two other state representatives had already filed for re-election. They are R. B. McAllister and Elmer Tarbox. Horace McQueen also announced last week as an opponent to Tarbox in the representative's race.

U. S. Rep. George Mahon filed his intention Monday to seek his 19th term of office as representative of the 19th Congressional District, according to Madison Sowler, Lubbock County Democratic party chairman.

On the county level, Robert Porter filed as a candidate for county commissioner of Precinct 4, becoming the third candidate to seek the office currently held by Alton Brazzell. H. D. White is the other candidate.

Police Check House Burglary

Burglars made off with some \$220 worth of household goods after breaking into the Jewel Jones residence Sunday night near the US-84 bypass on FM-41.

Slaton Police Department was investigating the burglary and reported entrance was gained by breaking a kitchen window. Several rooms were ransacked with a stereo record player, typewriter, a lamp and a shotgun among the missing items.

The Bo-Kay Flower Shop, which adjoins the residence, was not entered, police reported. Mrs. Jones was away from the residence only a short time, and her return probably kept the burglars from taking more items.

Police investigated two accidents the past week, made 9 arrests, issued 16 traffic tickets, and made 3 ambulance calls.

An accident without injuries occurred Saturday evening at Crosby and N. 7th streets. Drivers involved were Eillene R. Tucker and Mary E. Barrientos, both of Slaton. Damage was estimated at \$530 for both vehicles.

A one-vehicle accident in the early hours Monday morning occurred on US-84 bypass, and the driver left the scene. Police found a pickup heavily damaged after flipping several times. The pickup was found to be owned by G. A. Taylor of RT, 2, who reported that an employee was the driver and he apparently "packed up and moved" immediately after the accident.

COLD FRONT CHILLS AREA

A new arctic blast swept through the Slaton and South Plains area Tuesday night, leaving a coat of ice on trees and shrubs that gave a "winter wonderland" look Wednesday morning.

The new mass of cold air followed on the heels of another cold front that dropped the temperature to 18 degrees here Sunday morning. Low reading was 20 degrees the past three mornings.

A high of only 26 degrees was forecast Wednesday, with the possibility of freezing drizzle or snow flurries. A slight warming trend was forecast Thursday.

Maximum temperature the past week was recorded Saturday when the thermometer rose to 68. It warmed up to 64 degrees Monday before the new cold front moved into the area.

Alliance Starts 'SOS' Program

The Slaton Ministerial Alliance has initiated a new social service program and is asking for community participation. The project is called "Share Our Shoes".

There are many children in Slaton who either do not have shoes or need new ones. If you would like to help in this project, you may contribute through your church by making the check to "SOS", depositing it at the Citizen State Bank to "SOS" or mail it to "SOS", Box 774, Slaton.

The shoes will be purchased and distributed by Mrs. Grace Dodson, school nurse, and Dick Hartman.

Set up another successful banquet for Chamber of Commerce. The accent was on humor and entertainment the new years, and the banquet crowd seems to be that approach over the more sophisticated program.

Could tell by crowd reaction and by looks afterwards that the choice of Grace as "Woman of the Year" was received with widespread approval. The introduction by Poage was also one of the most interesting and moving presentations we've ever heard.

Congratulations, too, to Jonas Cain and the Club--recipients of the other top annual award.

If you missed the banquet, we'll let someone tell you about the "Henry Gipson quartet."

Chamber director Steve Smith, newly installed treasurer, was unable to attend the banquet Monday night. He was hospitalized with complications with a tonsillectomy. Secretary Cleo Green took banquet flowers to hospital Tuesday and told Steve what was issued.

A real test of will power is to have the name of some person in describing--not mention yours.

After registration is lagging in Lubbock County, according to Ralph Brock, 28th District Demo committeeman from Lubbock. A recent survey showed Lubbock ranked 12th in 12 counties in Texas with potential registration of more than 50,000.

At the time of the survey, only one in 10 potential voters had registered in Lubbock County. The potential is 72,500 and 15,400 were reported. This week, however, the total had climbed to 25,000.

Heavy registration was reported in the cities and in East Texas. If the people in this district are to have even a small say in state affairs, we must register as to 100 percent as possible.

Have you noticed? Men interested in the rarely get emotional in a discussion.

WINTER WONDERLAND--This was a familiar scene around the city of Slaton Wednesday morning as an arctic blast moved through the area, leaving a thin coat of ice which was most noticeable on trees and shrubs. The auxiliary's next meeting will be the last Tuesday of the month at 2 p.m. and will be held at the home. We would like to encourage all members to attend and take part in planning for the months ahead. New members are also welcome. Mrs. Vivian Rucker, president, may be called for further information.

We would like to welcome Mrs. Mary Meeks and Seferion Salazar to our home. We plan to have a "Resident of the Month" beginning in next week's Slatonite, so look for this. We want you to know our residents better and we think we have some of the most interesting people you could ever know.

Our sympathy goes to the family of Julie McCullough who passed from this life Tuesday night. She will be missed at the home because we all loved her.

Another successful Chamber of Commerce banquet was held Monday night. We think Slaton has the best banquets, consecutively, than any town we've ever lived in. A lot of residents never go because they think they have to be a member of the Chamber of Commerce and that it might prove to be a night of boredom. . . . but this just isn't so. Or it hasn't been the past five years, in our opinion.

The selection of "Woman of the Year", "Man of the Year" and "Club of the Year" were all excellent. Our sincere congratulations go to Grace Dodson, Jonas Cain and all those working Lions.

I wonder what Ace Reid, the C of C banquet speaker, will have to draw about in his famous cartoons when he hears about one of the new science discoveries. According to Industry Research Inc., of Beverly Shores, Ind., science may help to ease one of the cowboy's most onerous chores. The laser beam may soon be used for branding and dehorning steers, they say.

The report said that laser will do the job faster, cheaper, and without the upsetting pain. Can't you just hear ole Jake say to his cow, "I would use those ole hot irons on you, but you'd probably refuse to eat and lose weight, so we'll just use this here light beam cause they say it don't hurt and no danger of infection".

FAMILY POT LUCK

Beef chuck is often a good buy. If you buy a pot roast, get a round-bone or arm-bone chuck roast and have it cut extra thick. For one meal, cut off a boneless piece from the round end of the roast for beef stew, cut a piece from the center for a one-meal pot roast, and split the remaining piece for Swiss steaks.

You can grate cheddar cheese at your convenience and keep it in the refrigerator ready-to-use as a toppersalad or casseroles.

Rainbows Set Installation

The Slaton Assembly No. 164 Order of the Rainbow for Girls has scheduled open installation at 7 p.m. January 31 in Masonic Hall at which time Elena Paschall will be installed as Worthy Advisor.

The service is open to the public.

Rev. Prentice Is Speaker

The Santa Fe Retirees Club met Jan. 14 in the Slaton Club House for its regular monthly meeting. Forty members attended.

S. T. Phillips, president, conducted the business meeting. He announced that C. D. Berry, L. B. Hagerman, Joe Neilson and Mrs. Eva Ecker were ill.

The devotional was given by Rev. Linam Prentice, pastor of Trinity Evangelical Methodist Church. After the luncheon, members played dominos and "42".

The club's next meeting will be Feb. 10. Prospects and all members are urged to attend. The meetings are held monthly in the club house.

Bluebonnet Club Meets Jan. 28

Mrs. R. C. Sanner was hostess for the Bluebonnet Club when it met last Wednesday in the Reddy Room at 2:30 p.m. Ten members answered roll call with favorite jokes. Mrs. Floyd Boyd conducted the business meeting in the absence of the president, Mrs. Ford Stansell. The group played games and were served refreshments.

The next meeting will be Jan. 28 at 2:30 p.m. in the home of Mrs. Joe Teague Jr.

Chutney Pork Chops
6 pork loin chops, cut 3/4 to 1 inch thick
2 tablespoons lard or drippings
1/4 cup raisins
1/4 cup water
3/4 cup chutney
Brown meat in lard or drippings. Pour off drippings. Add raisins and water. Cover tightly and cook slowly 30 minutes. Add chutney. Cover and continue cooking 30 minutes or until tender. 6 servings.

Add a dash of Worcestershire sauce or dry mustard to the cheese sauce when you prepare macaroni and cheese to give extra flavor to the food.

Shrimp dipped in melted butter and then rolled in crushed potato chips comes out just dandy and much shrimper and can be dipped in the famous chip and sour cream sauce at a picnic.

Ham slices are extra delicious when grilled with a mustard butter sauce. Combine 1/2 cup butter, 2 tablespoons each prepared mustard and instant minced onion. Brush ham slices lightly with mustard butter during grilling and again just before serving.

Lions Hear C of C Manager

Earl Bartley, Slaton Chamber of Commerce manager, was program speaker for the regular weekly luncheon meeting of the Slaton Lions Club Monday at the Community Clubhouse.

"YOUR Chamber of Commerce" was the topic for Bartley's talk. He suggested that all citizens of a community reflect the Chamber, whether they intend it that way or not.

Bartley outlined the work of the Chamber through the application of the "Who, What, When, Where and How" questions. The chamber might be defined as "an organization of business, professional and individual citizens working together to accomplish things for the community which could not be otherwise realized."

The goal of a Chamber, he added, is to make our town a better place in which to raise our families. "We want our children to be proud of their home town," he emphasized. Glen Akin presided at the weekly meeting, reminding Lions of a Mid-Winter Conference to be held in Snyder Saturday. Several officers and directors are planning to attend the one-day district session. The Slaton club hosted a zone meeting last Thursday night at The Chapparral Restaurant. Representatives of several area Lions clubs attended the meeting.

Boat Notices

Go To Owners

The first of approximately 269,000 boat registration renewal notices have been mailed by the Texas Parks and Wildlife Department.

George H. Cook, director of water safety services for the Department, says 25,000 notices will be mailed each week until all the registered boat owners in Texas have been contacted.

The Department anticipates a 15 to 20 per cent return of the renewal notices due to incorrect mailing addresses.

Boat owners not receiving their renewal notices by March 10, 1970, should contact their local Parks and Wildlife Office for the proper forms.

Complete forms should be sent to Boat Registration, Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas 78701.

Expiration date for registrants is April 1, 1970.

Graduate Course On Grain, Crops To Be Offered

A graduate course in grain and cereal crops production is being scheduled at the Texas A&M University Agricultural Research and Extension Center north of Lubbock.

Registration for the course will be Wednesday, Jan. 21, at 6 p.m. in the Center's conference room, according to Billy C. Guter, district agricultural agent with the Texas Agricultural Extension Service.

The course is Agronomy 601, Grain and Cereal Crops, and will be taught by Dr. Robert Metzger, Extension area agronomist headquartered at the Center.

Agronomy 601 is a three-hour credit course. Instruction will consist of a study of grain and cereal crops production, including ecology, physiology and morphology of the various crops. Special emphasis will be given to grain and cereal crops

'Childhood Diseases' Dubbed Myth

Are the so-called "childhood diseases" limited only to children and do adults have an immunity to them?

Not so, says the Texas State Department of Health.

The childhood diseases are a myth. The fact is that these diseases are so contagious among children that most people have had them by adulthood and thereby have developed immunity. But adults can and do catch them, and when they do they are sometimes much sicker than children.

Two of these so-called childhood diseases—mumps and German measles (rubella)—have special dangers for the adult patient. Mumps can be damaging to both adult men and women.

And German measles, when occurring in the early part of pregnancy, can result in damage to the unborn child.

A new vaccine may eventually lead to the eradication of German measles, but there is a danger until all women in the child-bearing years have been immunized against it.

So, if you are exposed to any "childhood" disease and believe you have never had it, ask your doctor what you can do to protect yourself.

It is extremely important that you and your children keep protection against smallpox up to date. True, the absence of small-

pox in this country has led to a lack of public concern about this serious disease, and large segments of the adult population are unvaccinated or require boosters.

In some parts of the world smallpox continues to be a serious problem. If just one single undetected smallpox case should be introduced into a U. S. community, it could touch off a serious epidemic.

Is it true that a baby is protected by his "natural immunity" acquired from his mother? Some of a mother's natural or acquired immunities, if any, can be passed on to her unborn infant as her blood courses through the placenta that nourishes him, but this inherited immunity remains effective for only a short time.

In the case of whooping cough, a highly contagious disease that is especially dangerous and often fatal for small babies, there is evidence that immunity is only occasionally passed on.

Every parent, advises the State Health Department, should plan an immunization program beginning at six weeks of age against diphtheria, whooping cough, tetanus, poliomyelitis and smallpox.

Booster shots to maintain complete protection should follow at prescribed intervals throughout childhood and, in the case of certain diseases, well into adult life.

Special Project Begins Sept. 1

A special project designed to integrate anti-crime and narcotics teaching into the public school curriculum beginning Sept. 1, 1970, was approved Monday, Jan. 5, by the State Board of Education in Austin.

The 20-month project, which will outline a detailed blueprint

for the future, will be directed by the Texas Education Agency.

It has immediate and long term objectives, both types keyed to the requirements written into law by the 61st Legislature.

First, the Agency and cooperating groups will develop curricula and teaching materials on the dangers of crime and narcotics for grades five through 12.

Special in-service training for 2,000 teachers will begin in February.

A long range framework for field testing more permanent methods and materials will be developed by May 1, 1971.

These model programs will be tested in public schools across the state during the 1971-72 school year.

All interested individuals in the area who are eligible for graduate study are encouraged to register for the course, adds Guter. The course should be especially of interest to county Extension agents and vocational agriculture instructors in the area.

A class schedule will be arranged following registration.

Allowance Maps Now Available

Frank Rayner, manager of the High Plains Underground Water Conservation District No. 1, has revealed that the 1969 cost-in-water-depletion, income-tax allowance maps have been released by the District.

These maps are constructed annually by the District and are used by property owners throughout the High Plains area to claim an income tax allowance on the amount of the depletion of the underground water supply beneath their property.

Although the District charges \$1.00 plus postage for each map, covering an entire county, the income from such map sales goes only to defray the cost of printing and mailing the maps and to pay for the land appraisers fee for developing cost

Mutscher was extended an offer to join Homer Thornberry, former United States Representative, as his assistant in his Washington D. C. congressional office, but decided instead to seek his own political future.

Returning to his home area, Mutscher filed for the 29th legislative seat, was elected handsily, and in January, 1961 took his oath as a member of the 57th Texas Legislature.

Recognized as a young progressive representative, the Texas Junior Chamber of Commerce in 1967 saluted Mutscher as one of the five Outstanding Young Texans.

In seeking the leadership of the Texas House, Mutscher's campaign knew no geographic bounds. A part of the rural delegation, Mutscher still was able to mold together both the urban and rural factions. Mutscher was unopposed for the Speakership and was chosen unanimously by his House colleagues.

His leadership of the House in 1969 brought more progressive legislation in the areas of teacher compensation, medical education, and governmental services than in any other session in the history of the Texas House.

Mutscher, 36, is married to the former Donna Axum of El Dorado, Arkansas.

A farmer-rancher, Mr. and Mrs. Mutscher reside permanently in Brenham.

Along with Mutscher will be E. L. Short, State Representative of the 73rd District and other politicians have been invited but have not been confirmed at this time.

Mutscher To Speak At Tahoka Banquet

G. F. (Gus) Mutscher will be the speaker at the Tahoka Chamber of Commerce Farmer-Businessman Banquet to be held Monday night, January 26, 7:30 p.m. at the Tahoka School Cafeteria.

Gus Mutscher, native of Brenham, Texas, and recognized as one of Texas' young leaders, was chosen January 14, 1969 as Speaker of the Texas House of Representatives.

His election by the House membership was preceded by eight years of service as the representative from the 29th District comprising Austin, Burleson, Lee, Waller and Washington Counties.

Rearred in the William Penn Community of Washington County, Mutscher attended the community's primary school before transferring as a tenth grader to Brenham High School.

Graduating from high school in May, 1950, Mutscher continued his education at Blinn (Junior) College, Brenham.

At the junior college from 1950-52, Mutscher was active in Gamma Delta, collegiate Lutheran organization, the newspaper and yearbook staffs and was a baseball letterman.

He served as president of both the student body and sophomore class, was a member of the junior college champion debate team and was chosen Blinn's most popular student.

Entering The University of Texas at Austin, September, 1952, Mutscher became highly interested in the work of Gam-

McClesky Speaks LOCKNEY MAN PRESIDENT

At Rotary Club

J. C. McClesky, superintendent of Slaton Schools, was guest speaker at the regular weekly luncheon meeting of Slaton Rotary Club last Thursday in the Clubhouse.

McClesky, a new member of the club, gave a "classification" talk. He outlined many of the questions that a superintendent must know about, or be familiar with.

The school administrator also mentioned the responsibilities of school trustees, pointing out that local boards now control only about 10 percent of the budget. The remainder is already "earmarked" by state and federal requirements and for bonded indebtedness.

J. S. Edwards presided at the club meeting, and Carroll McDonald was program chairman. Vernon Hagar was introduced as a new member, and Rush Wheeler presented him with his Rotary pin and other club materials.

Several visitors and out-of-town Rotarians were introduced at the meeting.

County Records 45 Accidents In December

The Texas Highway Patrol investigated 45 accidents on rural highways in Lubbock County during the month of December, according to Sgt. O. C. Guthrie, Highway Patrol supervisor of this area.

These crashes resulted in one person killed, twenty persons injured, and an estimated property damage of \$35,635.

The rural accident summary for this county during the calendar year of 1969 shows a total of 480 crashes resulting in 11 persons killed, 256 persons injured, and an estimated property damage of \$444,622.

What will the decade of the 1970's be traffic fatality wise in Texas? Here are some facts that could give you an idea. There were 25,000 persons killed in Texas traffic during the 1950's and 30,000 killed during the 1960's. If the past and present trend continues the 1970's will be another record decade.

The sergeant reminded all motor vehicle owners that still have their inspection stickers on the lower right-hand side of their windshields that April 15 is the deadline for having the new stickers placed on the lower left-hand side of their windshields. Only about 16 percent of the registered vehicles in this county have been inspected.

Tigerettes Lose Thriller to Canyon

The visiting Canyon Eagles beat Slaton at the free-throw line to score a close 50-49 decision over the Tigerettes in a vital District 1-AAA contest here Tuesday night.

After trailing much of the way, Slaton tied it up at 35-35 just before the third period

ended, and the game was nip and tuck the rest of the way. Slaton moved to a 45-41 advantage, but Canyon hit on long shots to knot the score again.

Marilyn Davis hit on a twisting jumper to put Slaton on top, 47-45, with 2 minutes left. Janette Gass missed her first shot moments later on a one-and-one situation, then Jan Sternenberg hit a free shot to give Canyon a 48-47 lead with 1:08 left.

Davis was fouled but missed on another one-and-one situation, then Canyon got the ball and called time with 21 seconds left. Sternenberg drew a foul and sunk two free shots to clinch it for the visitors.

The defeat was the first in district play for Slaton, leaving the Tigerettes with a 1-1 record. Canyon is 2-0. Slaton now has a 19-5 record for the season. The Tigerettes go to Tulia Friday for another important league contest.

Slaton had 20 field goals to Canyon's 17, but the Tigerettes hit only 9 of 23 free shots while the Eagles connected on 16 of 24. Canyon also led in rebounding.

Davis led Slaton with 28 points, and Marilyn Meeks added 17 more. Canyon had three forwards in double figures as Sternenberg led the way with 20. Linda Lehman had 19 and Cam Davis 11.

Canyon also posted a thrilling one-point margin, 38-37, in the junior varsity contest. Slaton trailed by 34-26 going into the final quarter and almost rallied for the victory. Dru Ann Beard had 17 points and Goria Gass 13 for Slaton.

The Slaton teams had chalked up two victories at Abornathy in a non-district engagement last Friday. Meeks hit 22 and Davis 16 as the Tigerettes won a 46-31 decision. Slaton jumped to a 28-7 lead by halftime.

The Slaton B team took a 31-5 victory with Beard and Joyce Heinrich scoring 12 and 11 points in the victory.

Tigers Downed By Bobo Rally, 63-52

Slaton Tigers blew a lead going into the final quarter, and the visiting Leveland Bobos erupted for 23 points in the last stanza to score a 63-52 win in a District 3-AAA contest here last Friday night.

The loss was the third straight in zone action for the Tigers, who now have a 10-10 won-lost record on the season. The Tigers will be shooting for their first zone win at Littlefield Friday night.

Louis Scott led the Tigers in scoring against Leveland with 17 points, followed by Larry Moore with 14. Leveland had four cagers in double figures, however, led by Charles Flowers with 18.

After a 13-13 standoff in the first period, Slaton forged out a close 29-26 lead at halftime. Slaton still led by 44-40 going into the final period, but Leveland outscored the Tigers by 23-8 in that fatal quarter.

Slaton lost scoring power and rebound strength when big Cliff Sumner fouled out early. Alan Fondy also left in the third period with five fouls.

Slaton won the junior varsity game by a close 36-33 margin. The Tiger JV has a 2-1 mark in district play.

St. Joseph Girls Win Second In Alamo Tourney

The St. Joseph Chargers (girls' eighth grade basketball team), returned home with a second place trophy from the Alamo Eighth Grade Basketball Tournament held last weekend in Amarillo.

The second game, played against Bonham Christian School of Amarillo, ended with the score showing St. Joseph, 24; Bonham, 10. Coach Steve Ball stated that the low score was partly due to a third quarter stall by St. Joseph's. In that quarter, each team only scored two points. Top scorers were D. Meurer, 10 points, L. Kitten and C. Wimmer, six points each.

River Road Independent School, a suburb of Amarillo, overpowered the Chargers in the finals by a score of 52-26. High point scorers in that play-off game were L. Kitten, 11, and D. Meurer, nine.

St. Joseph's girls are now 6-4 for the year. The SJ boys team also participated in the tournament, winning their first game over St. Anthony's of Hereford, but were hampered in subsequent games when their leading scorer, Greg

MAYBE BUILDING A BETTER TOWN WOULD BRIDGE THE GENERATION GAP?

"I REMEMBER" BY THE OLD TIMER

From Mrs. Mildred Fischer, Hutchinson, Minn.: I remember when ready-made clothes weren't often available in stores there wasn't enough money to buy them if they had been. Stores like Montgomery Ward and Sears Roebuck had a few, but never much choice in size and color.

Mother was a good seamstress and we girls were started on sewing as soon as we could tread the sewing machine. Mother sat far into the night trying to keep up with the needs of her growing family, everything from underwear to coats.

The daughter of a Slaton couple, Mrs. Pauline Robards, 51 of 610 - 29th St., Lubbock, was fatally injured in a station wagon-pickup collision at 4:40 p.m. last Thursday on Loop 289 and U.S. 84. Mrs. Robards was the daughter of Mr. and Mrs. B. H. Bollinger of Slaton.

Mrs. Robards was a passenger in a station wagon driven by her husband, Charles Warren Robards, 46, when it collided with a pickup truck driven by John J. Cumble, 44, of 4407 28th St., Lubbock.

Robards was treated for lacerations at Methodist Hospital and later released. Cumble was uninjured. An investigating patrolman said neither vehicle overturned.

Mrs. Robards had lived in Lubbock for the past 1 1/2 years, moving there from Tatum, N.M.

Evangelism Conference Held

Fort Worth -- Rowan & Martin and Bob Hope were bested by the Baptists this week as the Baptist General Convention of Texas Evangelism Conference posted a new attendance record for the Tarrant County Convention Center. A crowd of 13,224 gathered to hear western film star Dale Evans Rogers, space scientist Edward Lindaman and Robert H. Wilson, Black pastor from Dallas, on the conclave's second night.

Previous attendance highs had been held by Hope and the "Laugh-In" TV team. The center capacity is 14,000 people.

Other guests for the three day Baptist meeting were Kenneth Chafin, director of Evangelism for the Southern Baptist Home Mission Board, Atlanta; C. M. Ward, Assembly of God radio preacher from Springfield, Mo.; Harold J. Ockenga, former pastor of the famous Park St. Church (Congregational) on the Boston Common; New York Operatic singers Robert Hale and Dean Wilder and several Texas pastors.

The BGCT executive board, meeting in conjunction with the conference, took two major actions. Gil Stricklin, former public relations director for the Billy Graham Evangelistic Association, was confirmed as new associate for Personal Evangelism. Stricklin replaces Ralph Neighbour, who is currently pastor of an experimental church program in Houston.

The board also reviewed inputs from Baptist churches on "Channels of Compassion," which will pinpoint programs for funding in the 1971 BGCT budget.

The Evangelism Conference is one of the largest meetings in Baptist life, second only to the annual sessions of the Southern Baptist Convention, which is held annually in major cities of the U.S.

Supervising the conference was BGCT Evangelism Div. Director C. Wade Freeman.

God's Will

"For God alone my soul waits in silence, for my hope is from him."
—Psalms 62:5

The man who believes in the goodness of God is never without hope. God's eternal promise is mankind's strongest motive for continuing a struggle against defeat and desperation.

God is present. God is part of the here and now. God does not work miracles for the eyes to see, sends no thunderbolt in answer to a prayer. The way has been shown through God's commandments, through the example of the life of Christ upon earth. Those who live according to the will of God have not only hope — but indeed the promise of God's abundant blessings.

SUNDAY'S SERMON

A BETTER WORLD

Centuries pass, and mankind still awaits the end of all wars and the achievement of a world at peace. Each new decade, each new year, is looked to with hope and optimism. But, as the years go by, the search for a "perfect world" goes on and on.

What we should remember is that God did not promise us a perfect world, nor even a perfect life. The life of Christ upon earth was fulfilled as a life of dedication and great sacrifice, yet was subject to temptation.

The conflict between good and bad, right and wrong—it began in the Garden of Eden and will continue until the end of time. Down through the centuries however, there is a comparison that may be made. The source and the face of that which is bad, of the evil in the world, has often changed. The temptations of this generation are far different, more subtle and, surprisingly, more socially acceptable than in days of old.

What has remained the same is the continuity of the right way—a life in harmony with the commandments and the will of God. A life according to this simple pattern is a significant contribution to a better world.
