APPROVES REQUEST ON USE OF EVANS GYM

Board Okays New School Calendar

Slaton School Board, in regular session Monday night, approved a school calendar for 1970-71, heard a report from the high school counselor, okayed the use of Evans Gym for athletic recreation purposes, hired several new teachers and heard other business reports.

The new calendar will call for school to start Aug. 20, with teachers reporting for inservice work Aug. 17. Along with a salary increase, teachers are required to have 10 days for training and working records. Students will attend school 5 more days next session.

The new calendar will also provide for mid-term exams to be completed before the Christmas holidays. The calendar calls for 16 days off for holidays -- 1 for Labor Day, 2 for Thanksgiving, 8 for Christmas, and 5 for Easter. School would end May 26.

Mrs. Charlene Davis, counselor, appeared at the trustee meeting to explain testing methods in the school system. Board members primarily were interested in how the local system compares with other schools in preparing students for college.

No records were available on comparing freshmen college students from Slaton and other schools. However, national tests taken by high school students do show Slaton's ranking with the national averages. Tests on students who took the test in the 11th grade last year indicated SHS students were above average in two areas and below the national average in five or six other areas.

Slaton patrolman Billy Timms requested at the meeting to request use of Evans Gym for a boys' club type recreation program. He said there was a great need for recreational facilities for boys in that area of town.

Timms proposed supervised recreation two nights a week and on Saturday and Sunday afternoons, with patrolmen and possibly other volunteer workers responsible for the program. Trustees agreed the program would be beneficial if used as proposed, and approved Timms' request.

Trustees also discussed problems in implementing a State Kindergarten program. It is believed that a kindergarten program will have to be provided next school year for children from low-income families (below \$3,000).

The program is also expected to expand each year, with a 13-year school system being mandatory in about six years. The problem of building facilities is being studied by the board.

New teacher contracts were approved for Mrs. Mary Parks, fifth grade; Mrs. Jo Ann Joiner, choral music; Mrs. Vicki Hart, speech therapy, and Mrs. Ernee Brownfield, speech therapy. Mrs. Parks fills the 5th-grade position vacated by Mrs. Sara Holloman, who changed to 7th-grade math this semester.

The board approved a letter of appreciation be written to Pioneer Natural Gas Co. for its help in solving a problem with heaters at the high school gym. The company put the equipment back in order and charged only for labor costs.

When the board adjourned, members went to the high school

Moore To Seek Ward 2 Post

Slaton had its first candidate on the local political scene this week when Rev. Johnnie Moore filed as a candidate for city commissioner, Ward 2.

Moore, 36, is minister of the First Christian Church of Slaton and has been a resident of Slaton since August, 1965. He and his wife, Amrina, have four children.

He was recognized two years ago as one of the outstanding Christian Church ministers of the state, and is completing a term as district president of Christian Churches in the South Plains - Panhandle area. He is an active Lions Club member and has been a Little League official for several years.

Terms expire in Wards 2 and 4 on the city commission this year. Otis Neill is the present commissioner in Ward 2, and he indicated this week he would probably file for re-election.

Rudy Dominguez is the Ward 4 commissioner, but he has not attended a city meeting in many months. No candidates have filed in that ward to date.

Three seats on Slaton School Board are also up for election in April, and no candidates had announced this week. Terms of Ted Swanner, Dr. M. J. McSweeney and Jack Clark expire this year.

Deadlines for filing are March 4 in the school district and March 6 in the city election.

WINNERS OF PAGEANT--Marsha Dea Davis, left, was winner of the Little Miss division, and Jo Michele Brewer was winner of the Petite division in Slaton's Little Miss-Petite Pageant Saturday night at the SHS auditorium. Police Arrest 28 On Liquor Laws

The "crackdown" on liquor law violators continued this past week in Slaton as police logged 28 arrests in this category.

Police Chief Walter Head had announced last week that officers had been instructed to increase their efforts against liquor law violators and make closer checks on burglary attempts.

Police arrested a total of 39 the past week, including 5 for drunkenness, 5 for driving without a license, and 1 for disturbance.

Police also made four ambulance calls.

Junior Beauty Winners Named

Slaton's Little Miss - Petite Pageant entitled "Everything Is Coming Up Roses" was just that -- especially for three cute little misses who were presented with \$50 U.S. Savings Bonds.

Marsha Dea Davis, daughter of Mr. and Mrs. M. G. Davis, captured the first-place trophy in the Little Miss division with her Charleston tap routine and modeling of sports and party wear. Each counted one third in the judging. Along with the trophy and savings bond, she also received a crown.

In the petite division, Jo Michele Brewer, daughter of Mrs. Wendy Brewer and the late Phil Brewer, was first-place winner. Slaton cheerleaders also presented her with a big trophy, a crown and the savings bond. Contestants in the petite division were judged on modeling of party and sports wear.

The other Savings Bond winner was Felicia Little, daughter of Mr. and Mrs. Joe Little. She won the bond and a large trophy for the best talent. She sang a solo.

Other winners in the Little Miss division (ages 7-12) were La Donna Jones, daughter of Mr. and Mrs. Donald Jones, first runner-up, and Patti Little, daughter of Mr. and Mrs. Joe Little, second runner-up. La Donna played a selection on the piano and Patti performed an Indian dance.

First runner-up in the Petite division (ages 2-6) was Kellie Jo Farabee, daughter of Mr. and Mrs. John Farabee and second runner-up was Leigh Ann Basinger, daughter of Mrs. Virgil Smith and the late Melvin Basinger.

Finalists in the contest were: Little Miss -- Cindy Dixon, Cindy Green, Robin Kerr, Holly Meeks, Leisa Rea, Roxanne Schuette and Browne Smith; Petite -- Roxanne Buchanan, Cathy Sue Davis, Leticia Kay Lucero, Kathy Meeks, Jill Sikes, Donna Gall Scott, and Sheryl Wallace.

There were 40 contestants in the pageant and each one received an individual trophy. Local merchants and individuals sponsored the girls. Slaton High Cheerleaders were sponsors for the pageant and Mrs. Carolyn Green was director.

City Buys New Vehicles, Studies Dance Hall Law

The City of Slaton purchased another new police car and a front-end loader and back hoe, approved use of computerized tax service, approved drafting of a dance hall ordinance, and decided to file suits against some delinquent taxpayers during a regular session of the City Commission Monday night.

The commission also accepted the resignation of City Attorney Carroll Smith, who is moving from the city. A new acting attorney, Harvey Morton, was introduced Monday night. The mayor reported that the city retains the James M. Gerdeman law firm, and Morton is the replacement for Smith.

Low bids were accepted on the new equipment. Bill Adams Olds-Pontiac will provide an Olds Delta 88 as a police unit for a net of \$2,489.76. The city is trading in a Pontiac police car. Other bids were Tom Sims Chevrolet \$2,545.15, and Smith

Ford, \$2,547.37.

The city had approved purchase of a new police car and a pickup at the last regular meeting. The loader and back hoe was approved on a low bid of \$5,250 from Yellowhouse Machinery Co. of Lubbock. Other bids were \$5,995 from Lubbock Implement, and \$6,635 from Southwest Tractor & Equipment.

The commission had discussed the computer tax service at the previous meeting, and a company representative was present Monday night to explain the system. Slaton School District presently uses the system, paying 16 cents a line for the service.

With both governmental units using the service, the cost would be reduced to 14 cents a line. The commission approved the proposal.

Commission members studied a proposed "dance hall" ordinance, and approved a draft

C. McClesky; Blue Blazers -- J. W. Holt; industrial -- Carroll McDonald; legislative -- Bill Adams; retail trade development -- Dick Hartman; transportation and highways -- Earl Eblen.

All-Sports Banquet Feb. 19

Slaton Tiger Club's annual All-Sports Banquet will be held Feb. 19 in the junior cafeteria with Coach Buddy Fornes of Fry College as guest speaker.

Admission to the event, at \$2.50 each, will be open to adult sports fans from Tiger members. Honored guests for the event will be all varsity and junior varsity athletes. Cash prizes will also be given to the club. Special awards are to be announced at the banquet. Traditional presentations include "Most Valuable Player" and "Fighting Spirit" awards to gridgers, and "most outstanding" awards for boys' and girls' ball.

Tiger Club officers will also be inducted at the banquet. Glen Akin is outgoing president, and Ken Henderson is the new president.

Coach Fornes, 38, has been head football coach at Slaton for the past four seasons. He was a varsity assistant and a coach at Seminole before taking over as head man of the Indians. He was named Lone Star Conference Coach of the Year in 1968 when McMurry won an 8-2 record.

For several years, Fornes was an all-around gridder at McMurry and received a degree in 1956, and a master's degree in 1961. He is an Army veteran and spent time in Korea.

He and his wife, the former Charlene, have two sons--Kyle, 6, and Kobe, 4. Fornes is a former resident of Slaton.

A fellow on Division Street says few get what they want--they usually get what they deserve.

A rash of burglaries in the rural area around Slaton has caused a number of citizens to talk again about the need for a sheriff to be stationed here. Sheriff Blanchard mentioned this as one of his goals during the political campaign, and he said he still would like to have a substation in Slaton.

With most problems, money is the answer. Blanchard says he has asked county commissioners for the extra deputy, but funds are not available.

Most Slaton residents feel they have been paying for sheriff's deputies for a long time without receiving much benefit. The only law officer assigned to our area full time is Constable Allen Maurer, and the salary for this office has been reduced to \$3,000.

It is "nationally observed" weeks are being celebrated by Slaton firms and individuals this week. Be sure to look over the Boy Scout page in this issue. The National Beauty Salon week page inside this issue is also a highlight. The Slaton Chamber of Commerce is seeking a man to be general chairman of the fund drive for the new Slaton High School. If you are interested, or know of someone who is concerned enough to accept the challenge, contact the editor.

The old saying "Let George do it" was so good last week. As each man or woman registered, they received a name tag with the word "George" printed on it. The C. C. of C. president Robert Davis pointed out that "we have a lot of George's to get the job done for our community."

Agriculture is a vital part of the Slaton community. (See COL, 1, Page 4)

LEGION AIDS TIGER TOWN

Slaton's Legionnaires, Luther Powers Post 438, has come to the rescue of Tiger Town, youth center for the community.

The Tiger Town board reported a lack of funds to make payment on the youth center building, and the Legion Post this week approved a \$500 cash donation to the center.

Commander J. W. (Court) Martindale presented the \$500 check this week to Pat Green, one of the Tiger Town directors.

Queen Contest Draws 38 Girls

Thirty-eight Slaton High School beauties have been announced as candidates for the fourth annual Slaton Lions Club Queen's Contest, which will be staged March 6 in the high school auditorium.

The queen's expenses to the district Lions convention are paid, and she represents Slaton in the district contest. The convention will be held in Lubbock this year in June. Lion Dean Robertson will be master of

ceremonies for the local contest. Lions are now selling tickets to the pageant. They are priced at \$1 for adults, 50 cents for high school students, and 25 cents for junior high and elementary students.

The queen candidates will be sponsored by Slaton firms and individuals. The list of candidates:

We would like to thank Kay Sanders for the candy she brings to the home. The residents enjoy it so much.

It is my understanding that several of our residents enjoyed the church services Sunday. Our thanks to Rev. and Mrs. H. E. Summar and some of their young people for this service. All went as usual this past week. We played dominoes, and Friday afternoon we played "Bingo". This is a lot of fun for all.

An authentic "auction sale" is scheduled Friday, Feb. 27 at 7 p.m. The public is invited to come and buy! We are asking all the merchants, organizations, groups, civic and society clubs to donate a gift or gifts to the home for this event. Any individual as well who would like to make a donation is more than welcome to do so, and feel assured the gift will be greatly appreciated.

The gifts will be auctioned off at the Friday sale, so everyone is asked to please attach a name tag to the item so that the name may be read aloud at the time the gift is auctioned.

I hope every one of you will help us with this, and proceeds from the sale will be used to buy materials for our craft work and for the parties we have here at the home. We are depending on YOU.

I'm sorry to say it took the flu bug to slow me down from my hectic routine long enough to enjoy some of the history recorded in Tanner Laine's book "Cow Country".

I had casually flipped through the book at The Slatonite office with every intention of reading it during the Christmas holidays. Seems I'm not the only Slatonite who is enjoying reading it as we sold out of our first shipment of copies (we have plenty now).

The book brought back a childhood memory for me. It has a picture and story of Stonewall County's first courthouse which was used as model for a Texas Ranch house in the movie "Giant". The house of history is located between Aspermont and Stamford, just south of U.S. Hwy. 380.

The building was built in 1890 for \$20,000—quite a sum of money back in those days. M. A. (Fuzz) Baldwin, the present occupant and his wife, bid on the building for \$400 and moved into the building in 1945 and modernized it.

I had gone from the first through the sixth grade with the Baldwin's daughter and never dreamed of a friend of mine living in such a massive house.

On page 39 of the book, Otis Neill, one of our city commissioners, is shown presenting a 119-year-old diary kept by his grandfather on a trek from the southwest of California during the "gold rush" of yesteryear to the Southwest Collection on the campus at Texas Tech.

We could go on and on about all the interesting history Tanner has recorded in "Cow Country". . . . history that may never be recorded again.

Also, if you are a lover of history, you'll want to read about the Young family as told by Mrs. Jessie Standefer in today's Slatonite.

Dan Davis, son of Mr. and Mrs. Tommy Davis, has been a patient in Texas Rehabilitation and Research Center in Houston for quite sometime. A sophomore at SHS, Dan is loved by everyone who knows him and is the "No. 1 Fan" of the Tigrette basketball team.

He is reportedly improving and will probably get to come home in a few days. For those who would like to mail him a card today his address is in care of that hospital, 1333 Moursund, Houston, Tex. Mrs. Davis is there with him and his dad is now back as chief bottle washer and cook for the two Davis daughters.

I know all Slaton citizens feel as we do. . . . "Get well real soon, Dan!"

'Friends' Give Record Player To Library

The story-time hour at the Slaton Branch Library was well attended last Saturday between 3-4 p.m. with the following children present: Sharon, Debbie and Denise Stafford, Davia and Pam Rinne, Brad Williams of Lubbock, Gary Don Bourn, Dalton Rinne, Shawn Browning, Angela Martin, Julie and Lisa Hall and their cousin, Shanna Hall of Albuquerque, N.M. The story-time is held on the first Saturday of each month.

Mrs. R. C. Hall Jr., chairman of the story hour, Mrs. Tim Bourn and Mrs. Ted Melugin read stories of interest to the children, played records, and showed two film strips, "Gypsy Girl's Best Shoes" and "Fortunately". A Valentine theme was carried out and each child received a Valentine and a sugar cookie before leaving the library. Several of the school-age children enjoyed checking out books.

Slaton Friends of the Library recently purchased a record player for use at story-time programs.

Beauty Salon Week Salutes Women's Beauty

THE BEAUTY OF WOMEN in the United States will be given a special salute by the 70,000 members of the National Hairdressers and Cosmetologists Association during the 20th annual observance of National Beauty Salon Week, February 8-14, according to Alfred Berger of Fair Lawn, N. J., president of the professional association.

"We have been dedicating National Beauty Salon Week to more beautiful women for the past 20 years," noted Mr. Berger, "for we believe in maintaining and enhancing our country's most precious asset, the beauty of American women."

"Not only the beauty profession, but all can understand and join in this honor to the beauty

of our women," said Ruth Aitken of Kansas City, Mo., Chairman of the National Beauty Salon Week program.

Mrs. Aitken added that National Beauty Salon Week is also a good time for all of us to recognize the wonderful strides that have been made by the beauty profession to give the finest beauty care to women visiting the beauty

salons of our nation.

The remarkable progress is a result of great advances in scientific preparations, as well as extensive and continuous study and education on the part of cosmetologists. Special advanced cosmetology courses were conducted at universities in thirty different states during the last year.

"Joy is a new hair style" is the slogan for this year's observance of National Beauty Salon Week. This is being heralded by cosmetologists throughout the nation who are conducting special pro-

grams, fashion shows and presentations featuring new Spring hair styles.

New Spring styles are also being given to thousands of women who cannot ordinarily avail themselves of the benefits of professional beauty care, aesthetic, as well as psychological. These are women who are confined to charity wards of hospitals, homes for the aged and similar institutions.

In practically every state of the nation, governors have issued special proclamations calling attention of the public to the beauty pro-

fession and its contributions. In proclaiming National Beauty Salon Week, February 8-14, the governors recognize its contributions, not only to the enhancement of the beauty of women, but also to the economic and cultural welfare of our society.

The proclamations are also a distinctive salute to the renowned beauty of American women.

Local programs are being conducted in more than 1,300 cities in every state by members of local affiliates of the national association.

THE SPRING QUIZ COIFFURE is a fun style of squiggly curls that descend from a hairpiece at the style is designed by the National Hairdressers and Cosmetologists Association.

Farm legislation for the coming year is an important matter for all citizens to be concerned about. If you have never written to your Congressman or Senator to express your views, now would be a good time.

The West Texas Chamber of Commerce recently sent resolutions to the ag department, President Nixon and other legislative

What's Ahead For Food

What is ahead for food prices in 1970?

Gwendolyn Clyatt, Extension consumer marketing specialist predicts relatively little increase in average retail food prices between now and the middle of the year.

Meat prices will change little this winter because of reduced supplies of pork and growing demand for beef.

Prices for dairy products, cereal and bakery products, and sugar and sweets likely will continue gradually upward. Little change is likely for fats and oils products.

Prices for food away from home likely will continue upward in line with the labor costs of labor and prices of other consumer services.

RS. STANDEFER HERE 72 YEARS

Pioneer Settler Recalls Start of Slaton in 1909

Perhaps some people may or "the good ol' days", Mrs. Jessie Standefer, as lived near Slaton for 72 years. She likes pretty hats, conveniences and, as did her late sister other, Mrs. Alice Joplin Clifford Young.

Standefer said that her Frank Young and his Alex, moved 11 miles south of Slaton in June, 1909. The Frank Young family arrived in a surrey, aced by one wagon. They into a half-dugout which sliding window in the and a door in the east, rat winters were spent book.

and Mrs. Frank D. Young married in Comanche where two of their four were born, Jessie was Nov. 21, 1884 and Alice Y., 1890.

of West Texas must eared Mr. Young and, he and T. Garrett made to this area. The trip about three months. In the Young family moved her County where they or nine years. Their only Clifford D., was born while there on Sept. 18, 1890. Young and Mr. O'Bannon lumber from Colorado build the family a house ch to live. her daughter, Esther, born Dec. 1, 1899. The children received five of public school edn. Since there were no is nearby, they had pri-tutors. Alice attended ew College and Clifford ed Simmons College.

Standefer, the only sur-of the family, remembers her's trips to Colorado or supplies. She said be-

fore he rode out of sight, they could smell and taste the bread and fresh fruit he would buy. He bought 500 pounds of flour each trip. He usually made three to four trips each year. Ben Glazier would bring extra salt for the cattle twice a year. These trips took from 10 to 12 days.

Mr. Young bought the grazing rights on 20 sections of land from a Major W. V. Johnson. Fifteen sections were later deeded to him. Mrs. Standefer recalls that eight sections were purchased with cash for \$1 per acre from Texas School Land.

Relatives who still live on the original estate include Raymond C. Standefer, Mrs. Evelyn Nelson, Patsy Standefer, Mrs. Lois Jones, Bobby Joplin, Mrs. Ethlyn Akin and a great-grandson, J. D. Stell.

The first farms were started in 1912 south of the Young estate. The Youngs started their farms in 1922 and 1923, and by that time most of the land around them was put into farm land.

Jessie Young married John F. Standefer on July 26, 1905 in Tahoka. To them were born five children, Raymond C., Slaton; Mrs. C. T. (Edith) Ashford, Whitney; Mrs. G. L. Nelson, Slaton; Patsy Standefer, Slaton; and John Y. and John F. Standefer who are deceased.

Alice Young married Jess Lee Joplin on Jan. 7, 1912 and they had six children. They are Mrs. B. B. (Lois) Jones, Slaton; Mrs. Mary Rose Phelps, Alamogordo, N.M.; Mrs. John (Ruth) Forbes, Spade; Harold L., San Antonio; Bobby, Slaton; and Mrs. Beth Miller, deceased.

Clifford married Ethel Caldwell May 8, 1933. He had two children, Mrs. Glen (Ethlyn) Akin of Slaton and Frank, deceased.

Esther married Alvin White on April 1, 1919. To them were born three children, William

F., Hobbs, N.M.; Howard M., Stratford; and Mrs. Orbin (June) Houchin, Plainview.

While living in what was once a wilderness - there being only one house between the Young Ranch and Lubbock, progress moved forward. Mrs. Standefer, Mrs. Joplin and Clifford Young saw Slaton built in 1909. A Col. Robinson donated the land for the railroad shops to be built and then Slaton had three stores. The stores were nearer the railroad shops than the present downtown area, according to Mrs. Standefer.

Mrs. Standefer said she wishes her sisters, could be with her to tell about their childhood, but most of all, she wishes her brother, Clifford, could tell us just a few of the many tales he loved to tell. She said he could be telling a story and when he cleared his throat, you knew he was going from the facts to his version.

While living here, the three saw the railroad, car, tele-phone, radio, airplanes and television move into the Slaton area. Mrs. Joplin, who succumbed Jan. 24, 1970, lived to see the Moon landing. Mrs. Standefer hopes to live to see the landing on Mars.

Devroe's Lose All In Fire

Slaton Volunteer Firemen were called out Sunday night to a fire at 810 New Mexico St. The house in which the Ernest Devroe family was living burned and all their personal belongings were either burned or damaged.

The family is now living at 445 Powell with their daughter if anyone has clothing, bedding or household items they would like to take to them. The Devroe's have three children at home, Erwin, 10, Carolyn, 11, and Ernest Jr., 12.

Lions Hear Talk On United Fund

"The How and Why of United Fund" was the topic of the program for the weekly luncheon meeting of Slaton Lions Club Monday at the Community Clubhouse.

Jay Egan, Lubbock Insurance agent and United Fund volunteer worker, was guest speaker for the meeting. Johnnie Moore was program chairman. Since there has been some interest expressed in the community about a United Fund, Moore said he invited the speaker here to tell how it operates.

Egan said he felt the co-operative effort for donations under the United Fund "results in a more efficient and economical program." He pointed out that campaign costs in Lubbock last year amounted to only 4.7 percent of the budget, compared to costs of 20 to 90 percent for some independent drives.

"We are living in a time when there is a big challenge for citizens' money and time," asserted Egan. "The United Fund not only saves time for volunteer workers, but also saves time for staff workers on various agencies," he added. He pointed out that many of the Lions, along with other civic workers--probably work-

ed on a dozen funding campaigns each year. The United Fund effort pulls everyone together for one big effort, he pointed out.

Egan stressed that the local United Fund is governed by a local board of directors, with the budget committee deciding which agencies are included and how the donations are allocated. "It is truly a local, volunteer organization."

Glen Akin presided at the club's regular meeting. Queen Contest chairman Carroll McDonald announced a list of candidates and distributed tickets to be sold for the March 6 event.

Dean Robertson expressed the club's admiration for president Akin, who was a finalist in the state contest for "Young Farmer of the Year" award. The honor was given to a Vernon man at the state Jaycee convention in Lubbock Saturday.

Hack Lasater, who attended a state board meeting at the Lions Crippled Children's Camp in Kerrville over the weekend, reported that 144 of the state's 160 directors were present.

Principals At Region Meeting

J. D. Perkins and T. C. Martin, school principals from Slaton, attended a region Education Service Center meeting in Lubbock Jan. 29.

Two educational consultants explained two new school programs for professional staff development. One was an in-service education for elementary teachers in the subject areas of language arts, reading and art.

The other program was "Teaching Skills", a new on-the-job training course for both elementary and secondary teachers.

Twelve schools in Region XVII, which covers 20 South Plains counties, will be selected to conduct pilot projects in these two new programs.

The two Slaton educators also attended a seminar for elementary and secondary principals who have special education classes in their schools. Approximately 100 region school administrators were present for a discussion of special education staff problems, parental problems, and trends in program ideas for the special classes.

SUNDAY'S SERMON

A Positive Life
One of the major complaints of today's children is an expressed belief that they live in a world of "do's" and "don'ts." Many teenagers live for the day when they are of "legal age" and no longer need worry about someone telling them what they can or cannot do, or making decisions for them. Where most young people are concerned, the "don'ts" are more numerous than the "do's."

In reality, however, "legal age" makes little difference in the average life. As an individual moves into the mainstream of adult life, the choice becomes not that of doing what one is told, but instead doing that which is "right" or which is socially acceptable.

Those who make the proper adjustment must accentuate the positive. Jesus once responded, when asked the greatest commandment under the law: "Thou shalt love the Lord thy God with all thy heart." Many of the commandments begin "Thou shalt not..." but most important begins one "Thou shalt..." If an individual loves God, that person avoids sin and evil and "does not."

The simple message of the Golden Rule—"Do unto others" as well offers a positive approach to successful living.

"He's coming in on a tender and a prayer."

Ed Robb Evangelistic Team Comes to Slaton

The internationally-known Ed Robb Evangelistic Association will come to Slaton for special revival services set Feb. 15 through Feb. 22 at the First United Methodist Church.

The Rev. Bruce Parks, pastor, announces that Sunday services will be at 10:50 and 6 p.m. Daily services will be a 7 a.m. breakfast and a 7:30 p.m. meeting.

A special Youth Service is scheduled ahead of the revival, featuring youth evangelist Steve Harper of McMurry College. It will be held at 7:30 p.m. Saturday, Feb. 14.

The Ed Robb story is one of faith, hard work, and a driving, relentless commitment to

the church. He has geared his evangelistic efforts to reach as many people as possible, and organized the Ed Robb Evangelistic Association to provide support for his work.

The association is headquartered in Abilene and now has five more evangelists and singers in the field. The staff is backed by a 48-member board of directors headed by an outstanding Methodist layman and oilman, C. W. Brown of McCombs.

Mr. Robb provides dynamic leadership. In 1968 he made a trip around the world with part of his evangelistic staff. He toured Latin America and has also preached in Indonesia and Japan. The team has led many citywide interdenominational crusades and more than 50 local church evangelistic missions.

Mr. Robb committed his life to evangelistic service in 1946, while serving in the U.S. Navy. Later, after completing his education, Robb became a Methodist minister. He served several churches in the North-west Texas Conference, then moved to Midland in 1962.

The booming-voiced minister received more than 800 persons into membership of St. Paul Methodist Church while

serving as pastor there for four years.

Rev. Gene Moore and wife Bobbie joined the Robb team three years ago, but they have been carrying the Gospel message in song for almost 12 years. They have been around the world with Rev. Robb, in the many city and church crusades, and provide a rich musical background for his preaching.

Music brought Bobbie and Gene together at an Oklahoma college and they were married in 1953. Their duets have thrilled thousands since then, and where ever they go they find that music is a universal language.

The Moores have been singing "How Great Thou Art" since

1954 and, wherever they go, crowds demand to hear the number. Bobbie and Gene's songs are loved by people of all ages--teenagers find a message in the music; older people strengthen their faith as they listen.

Harper, youth evangelist for the Ed Robb team, says that today's young people are interested in finding a deeper meaning to their lives. They want a life and a faith that continues to grow," Steve says.

Harper has been preaching since he was 16. He was licensed to preach at 17 and is now a senior at McMurry. He plans to enter a theological seminary this year.

WCS Plans Church Luncheon

When the Women's Society of Christian Service met Monday in Fellowship Hall of the First United Methodist Church, final plans were made for a revival which will begin Sunday and continue through Feb. 22.

Mrs. R. T. Farley presented the budget as suggested by the finance committee and it was accepted. Mrs. Jerry Melton was presented a certificate for a gift to missions in honor of her new daughter. Mrs. R.J. Clark announced new curtains in Fellowship Hall were donated by Anthony's and her.

Mrs. Jerry Melton, assisted by Mrs. Truman Ford, presented the program, "A New Day for Community Center" about the center in Pharr, Tex.

The meeting was closed with prayer.

Citizen Group Picks Top Civic Projects

Extended area telephone service, total community involvement in civic affairs, and better housing facilities were listed as three of Slaton's greatest challenges for 1970 when Chamber of Commerce directors and other interested citizens held an "idea" session last week at The Chapparral Restaurant.

Robert H. Davis, new C of C president, invited a number of citizens -- representing all areas of the community -- to attend the dinner session and express their views. Twenty-eight persons attended -- including 12 Chamber directors and 16 other citizens.

Other suggestions ranking high on the "wanted" list were improving park facilities, supporting the canyon lakes proposal, controlling stray dog problem, installing new street signs, providing summer jobs for students, providing youth entertainment, and holding a general clean-up, fix-up program.

The "total community involvement" proposal came from several suggestions --

in Slaton, strive for improved freight service, work on obtaining a mobile home park, organize a civic club steering committee, organize a United Fund program, update Christmas decorations downtown, try to obtain a foreign exchange student to attend school here, pave high school parking area, build a museum here.

Those who attended the session were seated in groups of four, according to numbers on name tags. Davis then asked each table to discuss needs of the community and "come up" with the three top goals for 1970.

After all the suggestions were put on a blackboard, the entire group then voted on the three most-needed projects for the community. The extended phone service -- linking Slaton with Lubbock lines--has been proposed before, as have some of the other ideas to emerge from the session.

The "total community involvement" proposal came from several suggestions --

better communications between urban and rural citizens, and improved relations with minority groups.

The improved housing facilities project also evolved from several proposals -- a need for better rental property to attract newcomers and new industry, a need for multiple-building housing, and a need for mobile home facilities.

After the voting indicated some of the more popular "causes", Davis asked for further comments and suggestions on how to get started on each project. An informative discussion period followed, and the meeting should serve to give the Chamber a "program of work" for the coming year.

Davis pointed out that some projects which were suggested might not be completed in a single year, "but it's something we can get started on and aim for in the future."

Those attending the session included Davis and Chamber directors Glen Akin, J. C. McClesky, Steve Smith, Jay Gray,

Basketball Season Ends Friday

Spur fell twice before the Roosevelt Eagles last Tuesday but managed to slip by with one victory. The Eagle Fems bopped the Bulldogs 53-31 with Marsha Lowrey leading the victors with 23 points. The Warbirds then dealt with Spur in the same manner as they captured the game 50-36. George Henry was high point scorer for RHS with 13. In the "B" boys' game, Spur slipped by the Eagles 49-48.

On February 6, the Warbirds collided with Falls and in the tight game which followed, stubborn Roosevelt chose to ignore the fact that Falls was winner of the first half of district play. The entire game was played "give and take" and with only two seconds remaining, the score stood at 61-61. Tommy Martin was high point for RHS with 15.

The Eagle Fems closed their season with a 50-38 win. Dessie Bobo of RHS won game honors with 24. The RHS "B" team girls won their game 36-32.

The boys basketball team played a game Tuesday and their final game is scheduled to tomorrow (Friday) to close out the season.

A Life of Purpose
"The Lord will fulfill his purpose for me; thy steadfast love, O Lord, endures forever. Do not forsake the work of thy hands."
—Psalms 138:8

What is it that makes life worthwhile? It isn't money or worldly possessions, although they may be comforting. It isn't fame, even though it must be earned through some noteworthy achievement.
Life becomes purposeful when one works at something, or works for something. There is a great profit in any manner of work. Not just money. Something of a different value. It matters not what one chooses to do; it has meaning if it is done well and with a willing hand.
Don't just sit by the side of the road. Do something, small or great, with a purpose and a will.
Your life will be enriched.

Tigers Win Home Finale By 91-55

The Slaton Tigers made their first zone victory in District 3-AAA a big one in the SHS gym Tuesday night, closing out the home season with a smashing 91-55 triumph over the Littlefield Wildcats.

The Tigers end the season Friday night at Dunbar. The win gave Slaton a 1-8 mark in zone action and left them at 11-15 on the season. The team had lost eight in a row in zone play, after almost upsetting Brownfield last week before losing, 50-48.

Junior Varsity Teams In Meet

Slaton's junior varsity basketball teams will enter a B Team Tournament at Floydada today and Friday.

The boys play the Floydada freshmen at 1:45 p.m. today, and play again at 11 a.m. Friday at 1:45, depending on whether they win or lose the first game.

The girls' first game is set for 12:30 p.m. Friday, drawing a bye in the first round. A defeat will eliminate the team, or a victory will put them in the finals Saturday at 6 p.m.

Since some of the junior varsity girls have already been in three tournaments, some freshmen will play on the team, reported Coach Gay Ivey.

The boys' championship game at Floydada will be at 7:15 Saturday night.

in 30 points to spark the Tiger attack, and three others hit in double digits. Soph Lloyd Kitten tallied 22 points; Larry Moore hit 17, and Louis Scott had 14.

The Tigers led all the way, taking a 24-15 lead in the first period and stretching it to 50-35 by halftime. Slaton outscored the visitors by 41-20 in the last half. Max Hutchins led the Wildcats with 18, and Charles Carter had 14.

The teams were fairly even at the free-throw line--Slaton making good on 13 of 23 and Littlefield connecting on 12 of 20. It was the highest team total of the season for the Tigers. Previous high was in an 80-73 win over Denver City early in the season.

The Tiger junior varsity didn't fare as well Tuesday night. The visitors scored a 63-38 triumph in the B game. It was a close contest the first half with Slaton leading by 14-13 after the first period and trailing by two at halftime, 26-24. Littlefield outscored the Tiger JV by 20-6 in the third period and pulled away for the victory. Tommy Taylor was high for Slaton with 12, and Tony Martin had 10.

In the contest at Brownfield Friday, the Tigers got ahead in the first half but foul trouble handicapped the Slaton attack. The Cubs managed to pull out a close 50-48 victory.

Lloyd Kitten led Slaton in that game with 15 points, and Scott added 13.

The junior varsity also lost to Brownfield, 54-31. Randy Davis had 8 points and Jim Melton 7 for Slaton.

REBOUNDING BALLET--Slaton Tigers Larry Moore (44) and Lloyd Kitten battle for a rebound in Tuesday night's final home game against Littlefield. The Tigers captured the contest by a 91-55 score. Slaton's other three starters are visible in the photo--Clifford Summar, Louis Scott and Glenn Thomas. (SLATONITE PHOTO)

The comment of one woman to another, "I won't go into all the details...in fact I've already told you more about it than I heard myself!"

Trust to see you.

From Mrs. William K. Fischer, Hutchinson, Minnesota: I remember the days when transportation wasn't as comfortable or as speedy as it is now. My father loved horses and usually kept a team of foxy, fast bronchos to drive on the road. As we grew up, we learned to handle them, but I was always a little bit afraid of them.

About 1915, there was a rich man in a nearby town who owned a little red car. When it went by on the road we would all rush to the window to see the unfamiliar sight and it was a great thrill when he would overtake us on the road and offer us a ride. It was something to brag about to our schoolmates, that "we had a ride in a car."

A few years later, my father bought a car: a used Model T Ford with side curtains, wooden wheels and a brass radiator. No heater, no windshield wiper, no rear-view mirror, no anti-freeze. When cold weather came, it was put on blocks to protect the tires and the radiator was drained. We used the horses until spring came and the roads were passable again.

Installing Gas Air Conditioning in the Winter is for the

and the Joneses and the Smiths...

and just about everybody who loves comfort and knows a wise move when they see one. Installing gas air conditioning now will allow you to beat the spring rush that always comes with that first hot or dusty day. So, while others are waiting for the overworked installers, you'll be cool, calm and collected...already enjoying the benefits of your winter air conditioning buy. Gas quietly cools your whole house for what you may have been paying to cool two or three rooms before. And, you'll save on repairs, too, because gas air conditioning has no compressor to break down or wear out, and a com-

pressor is a usual source of failure in other air conditioning systems.

So, join the smart ones. Call Pioneer today and tell them you'd like to find out more about installing gas air conditioning in winter. A representative will come tell you just what it will take to convert your present forced air heating system to gas air conditioning. It costs you nothing to get a complete cooling survey of your home or business.

Scouts Observe 60th Anniversary

Sixty years ago, the nation's largest youth organization, the Boy Scouts of America, came to America. Fifteen years later, the South Plains Council was organized. This week both anniversaries are being observed with a week-long observance of the annual Boy Scout Week which runs from Feb. 7-13.

Over 10,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders in the South Plains Council will join in a series of special events to mark the occasion.

Highlights of the celebration will be unit centered Courts of Honor in Scout Troops and Cub Pack Blue and Gold Banquets. These events will take place in more than 250 Scouting units in the 20 county area of the South Plains Council.

CAMPAIGNERS Roy Campanella, star catcher of the old Brooklyn Dodgers, has been named National Sports Chairman for the 1970 Easter Seal Campaign. Campanella is pictured with Lori Jean Bowen, 3, of Columbus, Ohio, National Easter Seal Child. The annual campaign of the National Easter Seal Society for Crippled Children and Adults opens February 23 and continues through March 29.

Judge Halbert O. Woodward, Lubbock, newly elected president of the South Plains Council, announced that the theme for this year would be a continuation of the "BOYPOWER 76" slogan, "America's Manpower Begins with Boypower."

The annual Report to the Governor ceremonies was held in Austin Saturday, representing the South Plains Council in the annual event was Rhonnie Crawford, Lubbock, an Eagle Scout in Troop 402.

The 60th anniversary of the

founding of Scouting was Sunday, Feb. 8, which is also Scout Sunday. Scouts and leaders were requested to attend the religious institutions of their choice in uniform.

Eagle Scout Survey

As a special project during Boy Scout Week, February 7-13, officials of the South Plains Council, Boy Scouts of America, are conducting an Adult Eagle Scout Survey in an effort to determine the men in the area who were Eagle Scouts.

"In our mobile society, we are sure that there are several men who were Eagle Scouts from other areas that now live in the South Plains Council," said Dr. Robert N. Arnold, Lubbock, Advancement Chairman for the South Plains Council.

Among those former Eagle Scouts already identified are

Dr. Gale Seigler, Plainview; Judge Leslie Pratt, Lamesa; Sam Houston, Spur; Paul Armstrong, Hart; Jimmy Willson, Floydada; Bill Mayes, Ralls; Dr. R. Ted Means, Lorenzo; William C. McCormick, Ropesville; and Dr. Grover Murray,

Judge Halbert O. Woodward, and Rep. Elmer Tarbox, all of Lubbock.

Persons who were Eagle Scouts or know of one now living in the area are asked to complete the information above:

"Guess what?" exclaimed the white rat upon returning from the laboratory. "I've got the Doc conditioned!"

"How's that?" asked his friend.

"Well, everytime I run through the maze, he gives me something to eat."

You've heard about the fellow who wrote the book, "How I Made \$2,000,000 in the Stock Market." Now we hear the tax collectors are coming out with one called, "How We Made \$1,800,000 Off the Fellow Who Made \$2,000,000 in the Stock Market."

Will Smoking Kill You?

You Bet Your Life It Will

This article was taken from the Interscholastic Leader, December 1969.

Are these justifiable and sound reasons for smoking?

A LOT OF MY FRIENDS SMOKE: Studies by the American Cancer Society show that smokers begin well before they are 20 years old. In fact, it has been estimated that 4,500 American young people between the ages of 12 and 17 take up the habit every day of the year. If you are thinking about becoming a smoker, you will possibly decide one way or the other by the time you are out of high school.

ATHLETES SMOKE, AND IT SEEMS TO BOTHER THEM: Generally speaking, most athletes do not smoke. Nevertheless, cigarette companies do spend large sums of money every year sponsoring sports programs. Among the immediate effects of smoking are an increase in the pulse rate and blood pressure, and a noticeable shortness of breath—which are certain to affect an athlete's performance in competition.

I COULD GIVE UP SMOKING ANY TIME I WANTED: Anyone who really means business can quit smoking, but giving it up may not be as simple as it looks. A famous author once said, "It's easy to give up smoking—I've done it hundreds of times, myself." Reliable studies have shown that the younger a person starts smoking, the more he tends to inhale and the heavier he smokes in later years.

SMOKING MAKES YOU FEEL GROWN-UP: A young person may begin smoking because of wanting to appear grown-up, or because he or she feels it is the popular thing to do. Evidence now shows that cigarette smoking may cause lung cancer, mouth and throat cancers, emphysema, ulcers of the stomach, and other serious diseases. Also, death rates of cigarette smokers from coronary heart disease are at least double that of non-smokers. You owe it to yourself to study all the facts carefully.

IF MY PARENTS SMOKE, WHY SHOULDN'T I? Statistics reveal that the number of young

people who smoke is twice as high if their parents are smokers, as it is if their parents do not smoke. Even children of parents who have quit smoking are more likely to smoke than the children of parents who have never smoked. It should be noted that many parents began smoking years ago—at a time when the full medical facts were not known.

GRANDFATHER SMOKED ALL HIS LIFE AND HE'S 70 YEARS OLD: Your grandfather is an exceptional man—particularly if he is a heavy cigarette smoker. According to the official United States Report on Smoking, the average death rate is 70 per cent higher for cigarette smokers than it is for people who do not smoke—heavy smokers run a risk which is over 100 per cent higher than that for non-smokers.

SMOKING GIVES YOU SOMETHING TO DO WITH YOUR HANDS: Apparently smokers get satisfaction from handling a cigarette, lighting it, and putting it between the lips. Eventually, after the habit has been formed, the smoker feels a restlessness which is relieved only by lighting another cigarette.

Beware Of Friday 13!

By Judy Gilmer
Beware! Tomorrow is Friday 13; and all black cats, ladders, and mirrors are off limits to anyone who believes in superstitions.

"Thirteen" has been for centuries a number of ill-luck which is often associated with mysterious happenings. One of the many origins for this association is the betrayal of Christ at the Last Supper. Jesus and his disciples made a total of 13.

Friday, too, is considered a day of bad luck in the Bible. It was on a Friday that Eve was to have tempted Adam with the fatal apple, the Great Flood began, the confusion in the Tower of Babel occurred, and the crucifixion of Christ was carried out.

Primitive people believed that Friday was the "witches Sabbath" on which 12 witches and the devil met. Only a witch could find good in a meeting like that!

Of course, those born on this evil-ridden day will swear it brings them good luck. But Friday 13 was made especially for those with superstitious minds and the need to blame bad luck on black cats crossing their path, walking under a ladder, or breaking a mirror.

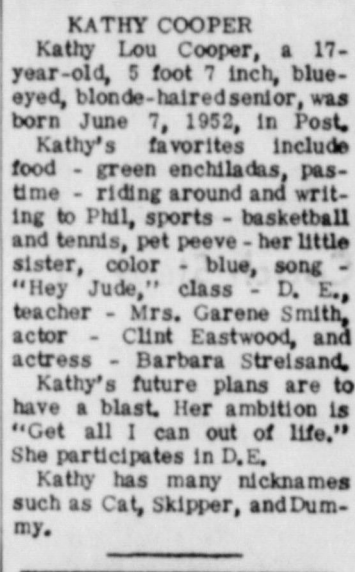

TAKE NO CHANCES--With Feb. 13 falling on this week, Debra Robison and David Melcher took to the ladders in the halls at SHS.

We're looking for trouble.

And we go out of our way to find it. Hopefully, before you do. We keep our telephone cables under air pressure to protect them from water, and we're constantly checking for leaks. We're testing your telephone line regularly to discover any potential problem before it occurs. But if you do notice trouble on your line before we do, just give us a call. We'll fix it... at no extra charge to you. We may be the only phone company in town, but we try not to act like it.

Cubs Slip By Tigers, 50-48

The Slaton Tigers lost a close 50 to 48 battle with Brownfield February 6 in a District 3-AAA contest.

Slaton was led by the fine shooting of Lloyd Kitten as he pumped in 15 points and Louie Scott, 13.

The Tigers were behind most of the game, and in the fourth quarter it was a see-saw battle with the Cubs coming out on top.

Slaton took the lead and held it until the half when they got into foul trouble and had to play conservative ball the last two stanzas. Brownfield took advantage of this fact and started to move out.

In B-team action, Slaton lost by 54-31. The Slaton junior varsity was led by Randy Davis' 8 points and Jim Melton's 7.

Sue Brake and Marilyn Davis led Slaton with 24 points each. Jan Griffith and Debra Greenfield were outstanding on defense.

The junior varsity never trailed in the game and had a 25-14 lead at the half and a 37-18 lead starting the fourth quarter.

Prior to the tourney, both teams won at Ralls. The girls posted a 46-37 decision, and the boys won by 43-29.

EDITORIALS

Did you hear about Laurie? Yes, and did you hear about Jeanie? and away we go. You realize that this is only gossip - slanderous, vicious gossip that will probably get back to the person named and hurt them badly? Gossip is usually started when someone becomes angry with someone else and starts a little rumor about them. The rumor, naturally, spreads; and each time it is told, one fact is added or changed until the little rumor becomes one big, bad rumor. The way word in most gossip sessions is heard. "I heard" is not necessarily mean "I know for a proven fact"; and if it is true, is it any of your business to tell everyone? Most people think that women are natural gossips; but the last men don't talk as fast and furiously as women. Generally, have more time on their hands and are more likely to let the pain of jealousy set their mind and mouth in motion. Gossip is a menace to society; but to the regret of this writer, there is very little hope that anything will be done about it. But the next time you start to spread a bit of juicy gossip, remember that shiny, metallic that governs our lives, the Golden Rule.
