

Slaton Still Has Postmark...Until Further Notice

Other area towns have the "loss" of their out-of-town mail. Postmaster Rush Wheeler said this week the local office is continuing to use its own postmark.

Letters dropped in the "out-of-town" box after hours and on weekends or holidays will go directly to Lubbock and be postmarked "Lubbock".

A number of area post offices were notified to send their out-of-town letters to the sectional center in Lubbock for rapid cancellation with a Lubbock postmark. The move was

instituted to trim manhours in smaller post offices.

Proud residents in some cities -- such as Post and Muleshoe -- protested the action to their representatives in Washington and later claimed a victory in "retaining" the local postmark.

The postmark action caught the general public by surprise,

and apparently many local postmasters didn't know the full story on the move.

A postal official, quoted in THE HEREFORD BRAND, said the protests to Washington didn't change anything. "Anyone who wants his own town's postmark on his letter has only to drop it in the local drop at the local post office," stated

J. M. Benesch, postal service officer at Amarillo.

He pointed out that postal patrons should take into consideration the big savings of tax money. He noted in the seven offices in the Lubbock sectional alone, it is going to save \$50,000 a year. He referred to offices in Muleshoe, Littlefield, Levelland, Brownfield, Lamesa, Seminole and

Seagraves.

Thus, according to the official, all post offices still have the local postmark but it appears a patron could lose some delivery time if he holds out for the postmark.

In Slaton, for example, if a patron drops mail destined for out of town in the "local" bin after hours or on weekends or holidays, he will go the

"Slaton" postmark but will probably lose a day on delivery.

Wheeler cautions patrons that the word "City" should no longer be used on local mail. If the mail gets in the out-of-town bin and goes to Lubbock for cancellation, they may not determine for which "City" the letter is intended. All local letters should bear the word "Slaton", rather than "City".

Man on Division Street says the trouble with solving problems is that being tackled by too many people is not the answer.

Golden Rule: Do something every day for other people happy, even if it's just a smile. --Chicago Tribune

How do you get troubles? How would you find a snake crawling down your house. And, if you found another, and another. . . .

The predicament Ansil O'Neal is in this week. The Slaton manager of Pioneer Natural Gas Co. discovered snakes in the hall of his home, at Crosby. He kept searching and wound up with baby snakes and a mama garter snake measured 18 inches in length. To say, he also made a diligent effort to find out how the snakes could get into the house, and plugged up the

holes. How his wife, Velma, felt about the situation, Ansil reported: "She's not on stilts!"

Classic example of how things can be handled by lack of communication. The U.S. Postal Service launch "mark experiment" without telling the public and apparently in many cases--

explaining it to postmasters.

When discovered their out-of-town mail was carried the hometown postmark rather than that of the nearest sectional center, however the intention of decision-making officials, it was a low blow--

attack to do away with the identity of Slaton in the eyes of many loyal

citizens. A big daily newspaper noted that Muleshoe had appealed its case to the Federal Reserve and won a victory in

the postmark.

A few days later, a postal officer in the Slaton section was quoted as saying any mail kept in its own postmark if citizens drop the mail in the local bin, and the appeals of local representatives

is nothing to do with the decision. The postmark change could have been handled by the U.S. Post Office Department, perhaps saving a lot of protests

and feelings. Personally, we have been carried over mail destined for Slaton having to go to Lubbock and through Slaton for delivery.

For example, our newspapers to Wilson County delivered Thursday. With the help of the sectional center, the papers to Lubbock and then back to Wilson--

any or two in delivery.

In cases it seems citizens are content to pay more money for mailing in less mail service. The pressure in the postal department may be pushed too far. Somewhere along someone forgot that the department intended to be a money-maker--

set up primarily to provide a service for

TEACHERS GET PEP TALK---Dee Bowman, KCAS Radio, gave teachers a "pep talk" at a faculty breakfast here Monday that kicked off the new school year. School board members were special guests at the breakfast meeting. Pictured are Don Kendrick, board president; Bettye Burks, Bowman, and Supt. J. C. McClesky. (SLATONITE PHOTO)

Teacher's Role Is Cited At Breakfast

Slaton teachers were challenged to continue learning, emphasize preparations, and "strive to rise to your potential" when Dee Bowman spoke at a breakfast faculty meeting Monday.

Bowman, Slaton radio manager, was keynote speaker for the teacher's "kickoff" meeting of the new school year. "You are the most important people in town," Bowman complimented the teachers in choosing their profession.

"There is no higher vocation, no higher privilege than helping mold the minds of our young people," he added. Bowman also compared a teacher's life to that of a Christian -- "It takes growth. . . you can't coast uphill." He urged teachers

to continue learning -- "When a man ceases to learn, he is of no benefit to anyone."

Bowman was introduced by Supt. J. C. McClesky, who also introduced members of the Slaton School Board. Other guests included Robert H. Davis, Chamber of Commerce president; and O. G. Nieman, Slatonite publisher.

Board president Don Kendrick presided at the breakfast meeting, which launched pre-school work for the teachers. He introduced the principal of each school, who then introduced his teachers.

Following the breakfast meeting, teachers held meetings in their respective buildings and then participated in academic workshops with other Lubbock County teachers.

Seven school districts are participating in the in-service education program which concludes Saturday. Slaton teachers were to assist in registration of students Wednesday afternoon, and classes start today.

Schools participating in the workshops include Slaton, Roosevelt, Idalou, Cooper, Frenship, New Deal and Shallowater. Teacher association meetings and discussions on insurance and retirement programs will be conducted Saturday in Lubbock.

Bartley Elected On Chamber Execs Board

Earl Bartley, Slaton Chamber of Commerce manager, attended a meeting of the Chamber of Commerce Executives Association of West Texas in Plainview Monday and Tuesday.

Bartley was named to the CCEAWT board of directors at the session. Named as president of the association was Ernie Larner of Fort Worth. Ted Weaver of Sweetwater, formerly of Slaton, was named bulletin editor.

Hot, Dry Days Continue Here

Slaton and area residents continued to swelter in 100-degree weather the past week while hoping for rain to dent the heat wave and bring needed moisture for farmlands.

The mercury climbed to 104 degrees here Tuesday, and the high Wednesday zoomed to a new record of 106 degrees. This hot recording was reported just before 3 p.m. Wednesday.

The Weather Bureau reported the possibility of relief by Thursday night. A front could drift southeastward from the Rockies into the South Plains by Thursday night, bringing with it the chance for general showers.

According to records at Pioneer Natural Gas in Slaton, the temperatures hit 100 degrees or more for five of the past seven days. High readings were 99 and 98 last Saturday and Sunday. Low minimum the past week was a reading of 66 degrees Saturday morning.

NEWSPAPERS

MAKE A BIG DIFFERENCE IN PEOPLE'S LIVES

Pioneer Gas Proposes Compromise Rate Hike

Pioneer Natural Gas Company Wednesday made application to the city officials of the cities on its West Texas system for an adjustment in the company's general service rate charged for gas delivered to domestic and commercial customers in those cities.

The application stated that, if the cities acted affirmatively within the 60-day period provided by law, the company would accept a rate increase of 16.2 per cent rather than the 19.4 per cent requested.

Representatives of 18 South Plains cities agreed at a meeting in Lubbock last week to oppose the 19.4 percent rate increase request by Pioneer. They were also contacting governing bodies of 23 other cities not represented to urge their support in opposition to the increase.

In announcing the rate request, K. B. Watson, executive vice president of Pioneer said, "With the rising costs the company has sustained, it is in immediate need of additional revenue. To avoid any further delay and expense, an increase of 16.2 per cent would be acceptable although a rate increase of 19.4 per cent would yield less than a 7-3/8 per cent return on the fair value of the company's investment."

It was further pointed out that the Texas Railroad Commission had determined the proper charge for gas at the edge of the cities to be 32¢ effective July 1, 1970, up from 28¢. "This rate adjustment will not result in increased revenue until the burner tip rate is charged. The gas rate increase was allowed in recognition of the company's increased cost in getting the gas to the communities through its transmission system. It does not include any consideration for the higher costs of distributing the gas within the cities," Watson said.

The company pointed out that either of the proposed rates would keep the consumer cost of gas on its West Texas system considerably below the State average for domestic and commercial use. The general service rate is applicable to this type service.

In the letter transmitting the application, the company referred to the current national publicity concerning the imminent nationwide gas supply shortage and assured the city officials that Pioneer has maintained an excellent gas supply and is capable of supplying new customers and increased requests for service.

"With the cooperation of the area we serve, this position can be maintained in the foreseeable future. The company has recently connected two new areas of large potential gas supply which places us in a good position to meet the increased competition for future gas production," the letter stated.

Company officials have recently met with the committee that represented the cities in the rate proceedings before the Railroad Commission and with some of the city officials to advise them of the rate request. "We are inviting, and anticipate, immediate studies of our records and other information supporting this application," Watson said.

MONDAY AT AREA SCHOOLS

School Bells Ring Today In Slaton

Classes started in the Slaton Independent School District this morning, with officials anticipating an enrollment of more than 1,800 students in the four buildings.

The first school bell rings Monday in other area schools, including Roosevelt, Cooper, Wilson and Southland. Registration is scheduled today and classes start tomorrow for students at St. Joseph's Catholic School in Slaton.

Although Slaton is starting classes a few days earlier, students won't be facing any Saturday classes that have been predicted for some schools, it was reported by Supt. J. C. McClesky.

Slaton and area teachers attended workshops this week, preparing for the new school

term. Teachers will be on duty 10 more days this year, while students will go to classes 5 more days.

Teachers go on a 10-month pay schedule this year and receive a salary increase, which averages about \$1,050 a year per teacher.

Registration was held for Slaton Schools Wednesday. At Roosevelt, high school students will pick up their schedules today and Friday, and junior high students register Friday. Grades 2-5 and first graders who had not pre-registered, were to register Wednesday.

Registration at Cooper is scheduled today for 1st through 12th grades, as school starts Monday.

Wilson holds registration Friday for high school and elementary students. Junior high will register the first day of school Monday.

All grades are to register Friday at Southland.

X-Ray Unit Sponsored Here

The Christmas Seal Mobile Health Unit of West Texas Tuberculosis and Respiratory Disease Association was in Slaton Wednesday, being sponsored by Slaton Rotary Club.

The mobile x-ray unit was located on the Piggly Wiggly parking lot and offered chest x-rays to the general public. A post card will be mailed to those having a normal chest film. Persons who have an abnormal reading will be notified by a first-class letter which urges them to contact their physician or local health officer for further examination.

MIKE HAZELBAKER

Slatonite Adds Staff Member

Mike Hazelbaker, 25, a native of Levelland, has joined the staff of THE SLATONITE as an advertising salesman and photographer, it was announced this week by publisher O. G. Nieman.

Hazelbaker was employed with the LEVELLAND SUN NEWS before entering the U.S. Army in 1966. He received his discharge in July after returning from a year's duty in Vietnam.

A graduate of Levelland High School and South Plains College, Mike will be a senior at Texas Tech this fall where he is majoring in agricultural economics. His wife, Helen, is the former Helen Martin of Ropesville. She is employed by Boone Publishing Co. in Lubbock.

Mike is the son of Mr. and Mrs. W. M. Hazelbaker of Levelland. He received the Bronze Star for meritorious achievement and the Air Medal while in Vietnam. He also served 18 months in Turkey with the Army Security Agency.

The Old timer

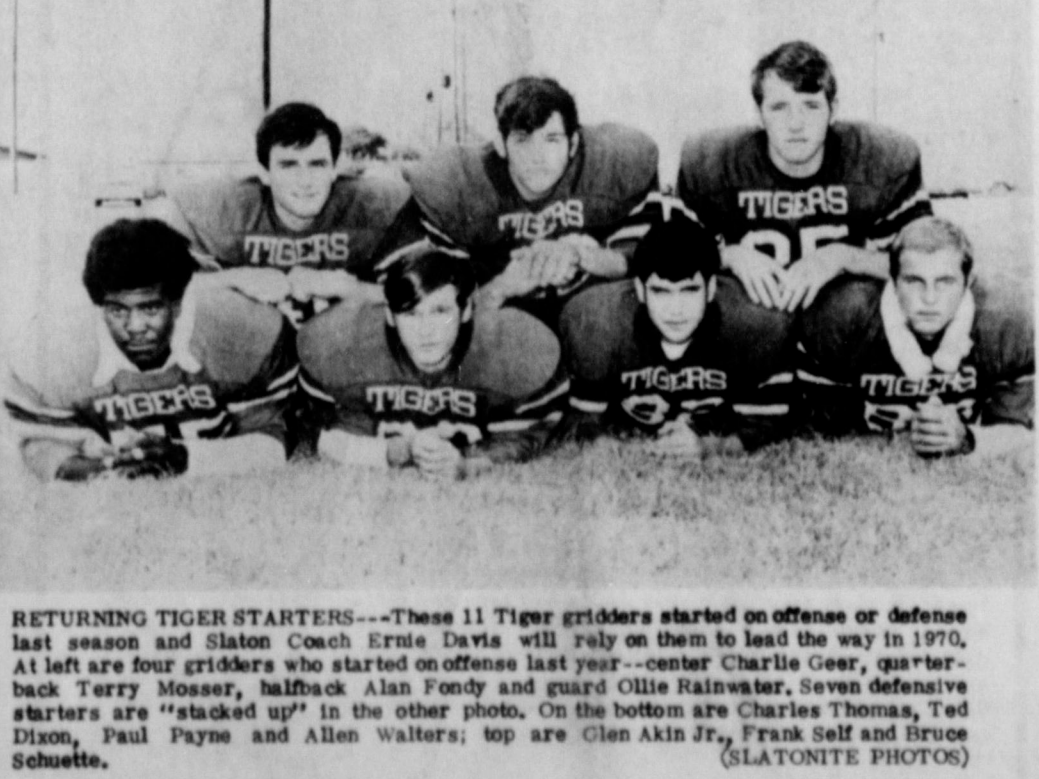

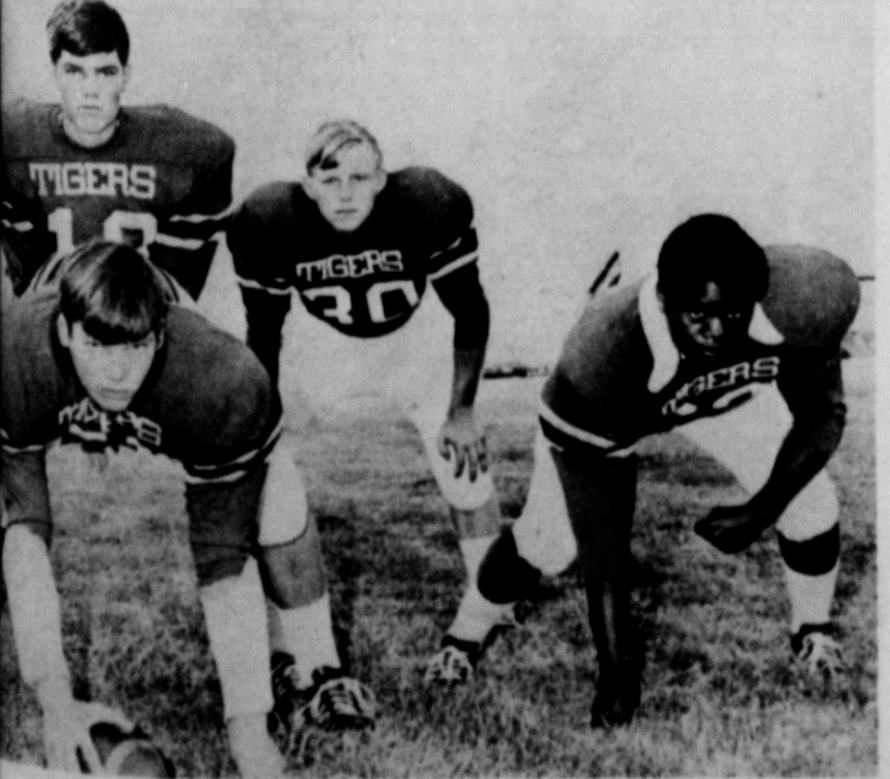

"The difference between a boutique and a store is plainly explained on the price tags."

STRENGTH FOR THESE DAYS

The Bible

You shall love your neighbor as yourself. -- (Matt. 22:39)

When we count our blessings, we find that we are better off than we thought we were. There is always someone we can help to a happier life, even though all we may give is a friendly smile, a cheerful greeting, or a kind act. Any good we give to others comes back to us, but it is up to us to start the ball rolling with our love and kindness.

RETURNING TIGER STARTERS---These 11 Tiger gridgers started on offense or defense last season and Slaton Coach Ernie Davis will rely on them to lead the way in 1970. At left are four gridgers who started on offense last year--center Charlie Gear, quarterback Terry Mosser, halfback Alan Ford and guard Ollie Rainwater. Seven defensive starters are "stacked up" in the other photo. On the bottom are Charles Thomas, Ted Dixon, Paul Payne and Allen Walters; top are Glen Akin Jr., Frank Self and Bruce Schutte.

Beauty FORECAST for FALL

POUFFED ELEGANCE COIFFURE

FLUID ELEGANCE COIFFURE

Soft, supple lines of flowing hair give a classic note of understated beauty in the Fluid Elegance Coiffure. It is one of the styles with the look of Gentle Elegance introduced for fall by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association.

Note the soft rise at the back crown area and the billowing effect of softly flowing waves that end in large curves at the nape area.

Expert haircutting adapts the look to individual requirements, such as hair texture and growth, physical proportions of the individual, and the styling effect desired. Professional permanent waving adds the needed style support and great ease of care and wear.

Slide Church Is Scene For Wedding

Slide Baptist Church, Lubbock, was the scene Saturday for the wedding vows of Janice D'Ann Pinkert and Glenn B. Self, Jr.

Parents of the couple are Mr. and Mrs. Herbert Pinkert, Rt. 4, Lubbock, and Bernadine and Glenn Self, both of Lubbock.

Rev. Frank Jones, pastor of Pleasant Ridge Baptist Church in Lubbock, officiated at the double ring ceremony.

The bride wore a formal white gown of beaded and scalloped Chantilly lace out-

lining the wedding ring collar and accentuating the yoke redingote front. The wide sweeping train fell from the back yoke of the gown in a cage effect, and revealed an A-line fitted under gown of Angelmist taffeta. The wrists of the long fitted lace sleeves and the cage back of the gown were closed with tiny covered buttons.

A chapel length veil of imported illusion edged in matching lace was attached to a headpiece, fashioned of satin loops with florets suspended on satin tubing.

The bride was escorted to the altar by her father.

Mrs. Cyril Reasoner of Lubbock, aunt of the bride, was matron of honor. Bridesmaids were Noree Self, sister of the groom, Johnnie Sue Mosser of Slaton, and Ann Dorsett of Lubbock.

They wore formal - length gowns of Kelly green, brocade, peau de sole fashioned with empire waists and A-line skirts. Each carried a nosegay of pastel carnations, and wore matching garden hats.

Steve Ganus, Slaton served as best man. Groomsman included Frank Self, brother of the groom, Steve Pinkert, brother of the bride, and Greg Crosby. Ushers were Doug Smallwood of Post and Jerry Latham of Lubbock.

Shannon Self and Linda Kahlich were candlelighters, Robin Pinkert, cousin of the bride, was flower girl, Greg Reasoner, cousin of the bride served as ring bearer.

A candlelight service was held after the vows were spoken.

Harold Flournoy, organist, played traditional wedding selections, and accompanied Cyril Reasoner, soloist.

A reception followed the

MRS. GLENN SELF JR., ... Jan Pinkert

ceremony in the Fellowship Hall of Slide Baptist Church. Mrs. Self is a 1969 graduate of Cooper High School and attended Texas Tech. Self is a graduate of Slaton High School, and is serving in the armed service. The couple will make their home in Fort Riley, Kan. The wedding party was guests for a rehearsal dinner Friday evening at the Gridiron Restaurant in Lubbock.

Engagement Announced

Mr. and Mrs. Walter Lyon of New Philadelphia, Ohio. The marriage will take place in St. Joseph's Catholic Church on Sept. 21, at 7:30 p.m.

Sewing Contest Set Sept. 15

A "Sew It With Cotton" Contest will be sponsored by the Women's Cotton Promotion Association of Lubbock County at 7 p.m., Sept. 15, at the Garden and Art Center in Lubbock. Cash prizes totaling \$100 will be awarded. Entry forms may be obtained at any Lubbock fabric store or by contacting Mrs. Kelly Thomas at 744-2269, Rt. 6, Lubbock. Deadline for entering is Sept. 8.

ROMANTIC ELEGANCE COIFFURE

This Romantic Elegance Coiffure is a beautiful people look of quality, highly feminine and ladylike, a lovely example of the look of Gentle Elegance that will set fall fashion trends.

The hair sweeps off the forehead with elegant simplicity, still giving the face a frame of softness, and retains the small head look that is so important for fall coiffures. From a slight rise at the crown, the polished hair continues to sweep down to the nape where billowing waves hug the neckline.

Postiche in all variety, from a gently waved mini wiglet to a long curly fall, change the mood of this classic look to any dramatic note required.

Visiting in the home of Mr. and Mrs. Stanley Ratliff and family Saturday were his mother, Mrs. W. F. Ratliff of Brownfield, and his sister, Mr. and Mrs. Bill Beeler of Chino, Ariz.

COACHING STAFF---These seven coaches provide vital instruction to Slaton athletes, from the seventh grade on up. The staff has one new member--former teacher Bill Shaha--this season. Athletic director and head football coach Ernie Meeks in front with veteran assistant Weldon "Doc" Mize, Standing are Jackie Joe Sparkman, R. G. Copeland, Bill Shaha, and Kenneth Housden.

PCG Praises Efforts On House Farm Bill

Defeat of the \$20,000 per crop limitation on farm payments under the House-passed farm bill August 5 was the result of an exceedingly strong effort from all concerned, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock.

Johnson, who was on the scene, said industry representatives, USDA and leading members of congress on both sides of the aisle worked tirelessly in diluting support for the lower limit and to make it possible to retain the \$55,000 per crop limit sponsored by the House Ag Committee. He added "we are highly grateful to our own Texas Representatives and to others in Congress who gave such solid support when it was so badly needed."

Johnson noted that all of those voting from the Texas delegation voted with House Ag Committee Chairman Bob Poage of Waco and said "This is quite a tribute to Mr. Poage and to our Representatives' ability to understand the severe effects a low level payment limit would have on the nation's largest industry."

ITEM: Aluminum is an easy metal to paint. Selection of proper paint materials for the exposure expected and adequate preparation of the surface to receive the paint will assure excellent service. A suitably chosen and properly applied coating will enable the user to obtain almost any desired surface appearance and lengthen the life of aluminum products.

He also had special praise for 19th District Congressman George Mahon, Chairman of the House Appropriations Committee, saying that Mr. Mahon "used his influence energetically and unstintingly in fighting off the lower payment limit." Also singled out for recognition by Johnson were Congressmen Bob Price, Graham Purcell and George Bush of Texas, Speaker John McCormack, Majority Leader Carl Albert, Minority Whip Hale Boggs, Minority Leader Gerald Ford, Minority Whip Leslie Arends and Page Belcher, ranking minority leader of the House Ag Committee.

But Johnson cautions that this is not the last word and that many changes may yet be made both in the basic provisions of a farm law and in the type and level of a payment limit. The next hurdle of course is the Senate Ag Committee where Johnson pointed out that USDA and others, including Plains Cotton Growers, will be seeking to improve on the House version.

"PCG's efforts at the Senate level will be directed primarily at changes which would (1) improve producer income, (2) eliminate the limitation on payments to individual farmers, and (3) institute the expanded and more comprehensive merchandising approach on which we have been working for some time," Johnson stated.

Some farm leaders in the Senate have expressed the opinion that the Senate might be able to pass a farm bill by Labor Day, but others believe

it will be impossible to meet that schedule.

A crucial test for the \$55,000 payment limit will come when the Agricultural Appropriations bill is sent to Conference Committee. The Senate version of the Appropriations measure carries a rider limiting payments to \$20,000 to any one farmer on all crops, and Representative Silvio Conte of Massachusetts has indicated he will move to have House Conference instructed to accept the Senate amendment. If he were successful the House action of August 5 on a payment limit would become meaningless.

On PCG's position, Johnson reiterated the organization's position of total opposition to any form of payment limit. He said "In order to get a farm bill passed we may be forced to endure limitation of payments, but we will not relent in our feeling that a payment limit is unjust, unjustifiable on any basis and that it will greatly impair the effectiveness of any farm program."

The farm bill as passed by the House provides a support of 35 cents per pound, middling one inch, 3.5 to 4.5 micronaire basis, on yields from 11.5 million acres for the 1970 crop and an equivalent amount for the 1972 and 1973 crops.

The loan would be 90 percent of the estimated average world price for cotton. The payment would be the difference between 35 cents a pound and the average market price for middling one inch cotton, premium micronaire, over the first five months of the cotton marketing year, August 1 through December 1, but in no event less than 15 cents per pound.

It provides for a set-aside of cropland, not to exceed 33-1/3 percent of the cotton allotment, as a condition of eligibility for benefits under the program. Having set aside acreage equal to the required percentage of his allotment plus the farm's normal conserving base, a farmer would be free to plant remaining acreage to any crop without penalty.

While it is not written into the law, the Secretary has agreed that the loan for 1971 would be 18.7 cents per pound, premium micronaire middling one inch cotton. This compares with this year's loan of 20.7 cents on the same basis.

The 15 cent payment rate,

which would be adjusted upward if the market price for premium micronaire middling one inch cotton fell below 20 cents, compares with a payment in 1970 of 16.8 cents per pound. This year's payments were made on "projected" yields from about 11.15 million acres of domestic allotments, as compared to the 11.5 million acres on which payments would be made in 1971.

The House version calls for payments to be made on a farmer's average production from acreage planted to cotton for the three preceding years, "adjusted by the Secretary for abnormal yield in any year caused by drought, flood or other natural disaster."

New Beef Breed To Be Shown At Field Day

America's Newest beef breed -- The Murray Grey -- will be shown to cattlemen from across the nation on Aug. 24-25 at Lubbock.

The Murray Grey -- a beef breed developed in Australia -- has the reputation of producing more carcass contest winners in Australia in the last several years than all other breeds combined.

Murray Greys are silver-haired with a full black pigmentation. Calving is no problem, with calves averaging about 70 pounds at birth. They are naturally polled and one of the easiest, gentlest breeds to work.

A National Murray Grey Field Day will be held starting at 10 a.m. Monday at the breeding headquarters of Murray Grey Breeders Co. The farm is located just north of Roosevelt School in the eastern part of Lubbock County.

The field day will be highlighted by several noted speakers. Included on the speakers list will be Dr. Dale Zinn, head of the Texas Tech University Animal Science Dept.; and Roy Wallace, beef analyst with Select Sires, Columbus, Ohio, who will discuss the Murray Grey breed. A barbeque lunch will be served at noon. Everyone is welcome to attend the field day.

On Tuesday, cattlemen from several states -- including Iowa, Missouri, Montana, Virginia, Oregon, Illinois, Kentucky, and others -- will meet at 10 a.m. at the same location to officially organize the U. S. Murray Grey Association. Over 9,000 cows in the U.S. are now bred to Murray Grey bulls through artificial insemination. AI is the only way at present to inject Murray Grey blood into U.S. beef herds, as Australia prohibits the export of live animals.

The River Nile is 4,000 miles long.

Auto Inspection Stickers Expire On Monthly Basis

AUSTIN -- Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today reminded Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large numeral "9" must be re-inspected before midnight Sept. 30.

Texas now operates on a 12-month inspection system. The inspection sticker in the lower left-hand corner of the windshield contains a large numeral showing the month of inspection and expiration.

Speir said vehicles with red stickers and the number "10" will require reinspection before midnight on the last day of October. Those with an "11" must be re-inspected before the end of November, with a Dec. 31 deadline for red stickers numbered "12."

All motor vehicles and certain classes of trailers are subject to the mandatory inspection which includes brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system.

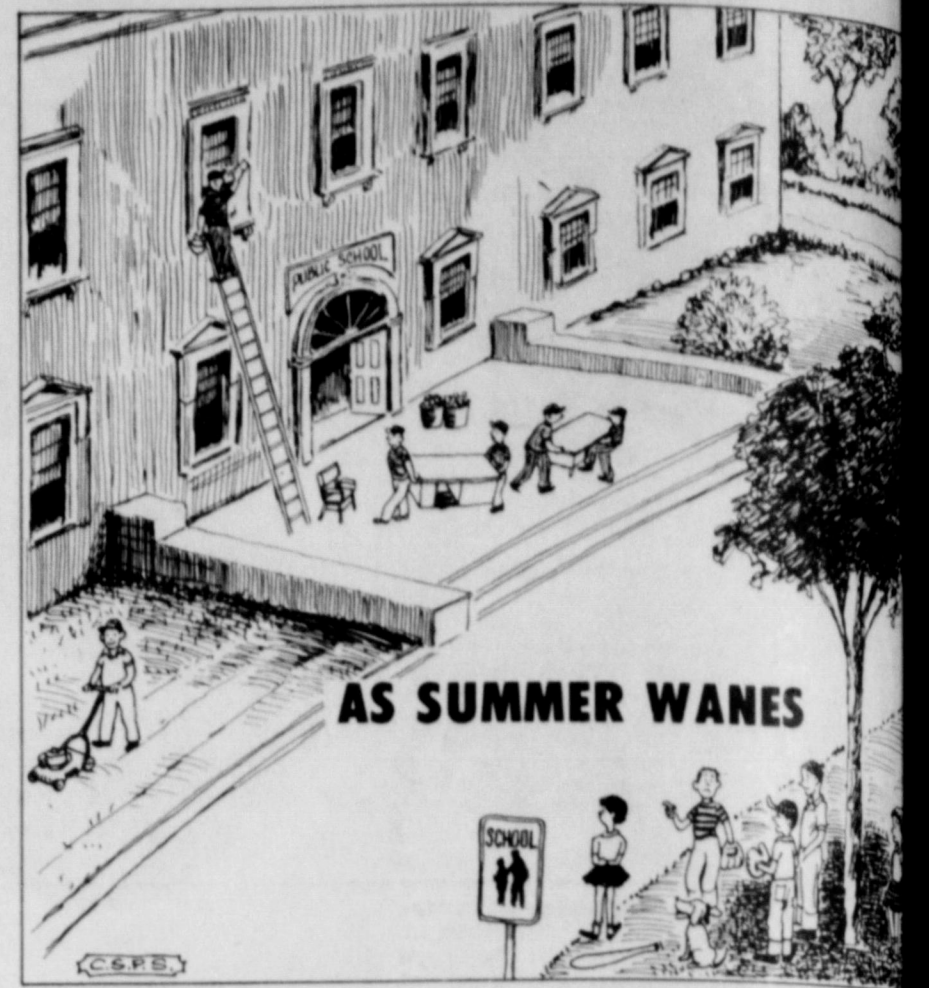

State law requires that inspections be made at privately owned official inspection stations which have been appointed and regulated by the Department of Public Safety. The statutory inspection fee is \$2, with adjustments or repairs extra if required.

Here's a salad dressing to glamorize a fresh fruit salad to compliment the chef's outdoor cookery. Fold into 1 cup dairy sour cream, 1 teaspoon grated orange rind, 2 tablespoons orange juice, 1 tablespoon honey, 1/2 teaspoon dry mustard and season with salt and pepper. Chill before serving on fruit salad.

Seedless Watermelons Commercially Marketed

All the work has been taken out of eating watermelon this summer with the introduction of two new seedless varieties recently announced by Texas Commissioner of Agriculture John C. White.

Seedless watermelons are rapidly gaining favor with consumers because of the extra-sweet and flavorful quality of the melons. The fruit is medium-sized, with a good textured, sweet meat. As in other "seedless" fruits, the undeveloped seeds are there but are edible, actually tasteless. An added advantage of this melon is an extended shelf life.

The chemical "Colchicine," discovered in 1937 by Dr. O. J. Eigest, is responsible for the genetic change that produces a seedless melon such as the two new varieties, "Tri-X 313" and "Supersweet." It has only been until recently that seedless melons have been developed which are consistent in quality and which can be commercially produced and marketed.

The seedless melons are found in food stores and cafeterias promoted in cooperation with the Texas Department of Agriculture.

RR Retirement Annuities

A bill raising railroad retirement annuity percent has been signed by President Nixon. The increase is retroactive to Jan. 1, 1970 and will affect the majority of beneficiaries who received a 15-percent increase earlier this year. Those who will not receive an increase.

Checks at the high end are expected to be mailed to most persons entitled to an increase. Checks on retroactive increase mailed one or two months ago will be mailed within the next week.

Depth Bright Spot As 57 Tigers Report For Drills

PHYSICIAN CHECKED--Physical exams for Slaton Tiger football players were held Friday with Dr. Glen Payne and Dr. Payne checking the athletes. Tiger tackle Tommy Hargrave is pictured as Dr. Payne checked his heartbeat. (SLATONITE PHOTO)

The 1970 edition of the Slaton Tiger football team was in the making this week with some 57 candidates hitting the practice field twice a day to vie for berths on the varsity squad. Coach Ernie Davis, starting his fifth year as Tiger gridmaster, welcomed 17 lettermen from last season--including four offensive and seven defensive starters. The '69 crew posted a respectable 5-5 mark in 3-AAA competition. It's a new ball game in another league this season. The Tigers moved back to the familiar (to the fans) surroundings of District 4-AA. After two years in AAA action and with a large number of lettermen, the Tigers have been rated one of the favorites this year. One change has been made in the coaching staff, with ex-

Techsan Bill Shaha replacing Gene Franklin as an assistant. Returning are aides Doc Mize, Jackie Stewart, Kenneth Housen, and junior high coaches R. G. Copeland and Joe Sparkman. The entire staff is working during two-a-day drills this week, with Davis seeking to find the players who will remain on the varsity squad. Slaton's first game comes Sept. 11 at Brownfield, and the first home game is Sept. 18 against Kermit. Of the 57 candidates reporting this week, the roster showed 22 seniors, 25 juniors and 10 sophomores. All 17 of the returning lettermen are seniors.

Returning offensive starters are quarterback Terry Mosser, halfback Alan Fondy, center Charlie Geer and guard Ollie Rainwater. Returning defensive starters are backs Bruce Schuetz, Glen Akin and Frank Self; ends Paul Payne and Allen Walters; linebacker Ted Dixon and guard Charlie Thomas. Other lettermen are tackles Tommy Hargrave and Dick Davis, center Allen Sanders, guard Gary Cook, and backs Dub Simmons and Ishmael Ledesma.

Coach Davis, who has been selecting about 25 for the varsity team, anticipates having about 30 this season. Unless the picture changes, about 10 to 15 of the juniors will be

playing on the junior varsity team with the 10 sophomores. Some of the top prospects up from the junior varsity include seniors Donnie Rogers (halfback), Allen Howard (tackle), and Larry Becker (guard). Another fine guard prospect is Larry Hampton, who moved here last year and will be a senior.

Some of the top junior prospects moving up from the B team include quarterback Darrell Eastman, guards Steve Mosser and Brad Winchester, tackles Bobby Hopper and Willie Freeman, end Tom Roche, center Mike Spear, and backs Tommy Walters, Randy Davis and Jackie Ford.

Other junior candidates include backs Tony Martin, Rodney Simmons, Dennis Hamer and Johnny Hernandez; ends Loyd Kitten, Floyd Kitten, Gary Dillard, Brad Lamb, Leslie Melcher, Tommy Taylor, and T. W. Whitfield; interior linemen Dwayne Buckemper, Stanley Jaynes, and Martin Dabila.

Sophomore prospects include fullbacks Kenny Schuetz and Ron Bartley, halfbacks Richard Zapata and Allen Davidson, quarterback Steve Nieman, and linemen Curt Woolver, Dan Butler, Hector Alvarado, Jerry Hopper and Joe Rogers.

VALUABLE LETTERMEN--The Slaton Tigers have 17 returning lettermen this season, with 11 of them starting on offense or defense last year. These five lettermen saw plenty of action and will be counted on to carry a big load in '70. Left to right are Tommy Hargrave, Allen Sanders, Dick Davis, Dub Simmons and Gary Cook. Not pictured is Ishmael Ledesma. (SLATONITE PHOTO)

Moore Signed By Angelo State

Larry Moore, Slaton's all-district and all-South Plains fullback of last season, participated in the Greenbelt Bowl game at Childress Saturday night.

This week, Slaton coach Ernie Davis announced that Moore had signed a football scholarship with Angelo State University at San Angelo. He was signed by Grant Teaff, ASU coach and one of the coaches for the all-star game in Childress.

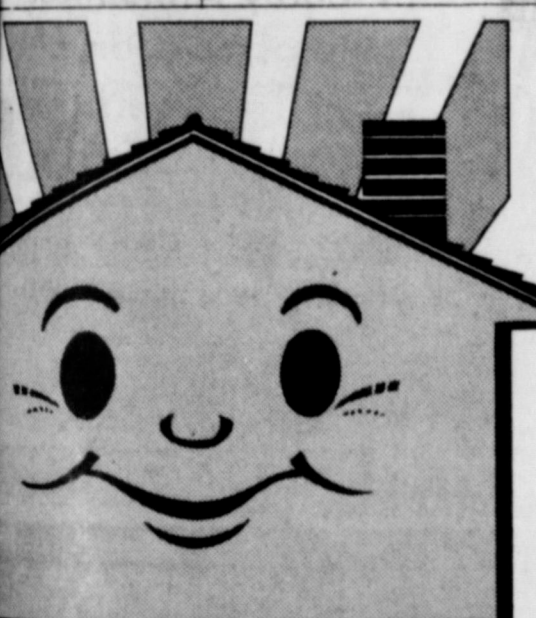

Moore was an offensive standout with the Tigers last year, leading the team in rushing, scoring and punt returns.

...ever notice?
...the nice homes
...TE
TE homes always seem to have a special atmosphere... the air seems cleaner, the comfort better... the livability likeable. In winter, comfort electric heating keeps floors barefoot warm and in summer electric air conditioning creates the relaxing feeling you crave at the day's ending. Many TE homes also have air cleaners, humidifiers and de-humidifiers... complete climate control. Your home could be a TE home... we'd be happy to see what it takes to make yours a TE home... no obligation.

***TOTAL ELECTRIC**

Total ELECTRIC Living

P.S. No worry about electric power shortages here in our area. Reddy has plenty of electricity for your use... now and in the future. Use it... enjoy it!

Ticket Options Being Claimed

Fans who had reserved season tickets to Slaton Tiger football games last season will have until Sept. 1 to claim those same seats.

The reserved season tickets are now on sale at the school business office on S. 9th St. Some reserved seats not claimed last year are available. After Sept. 1, all reserved tickets will go on sale to the general public.

The tickets are priced at \$7.50 for five home games. Home games this year include a non-district clash with Kermit and 4-AA games with Denver City, Post, Tahoka and Roosevelt.

Tax Man Sez:

Most of us try over the period of our working years to accumulate some sort of an estate to pass on to our heirs. It is not surprising that there are a lot of our mature citizens who want to know how much federal estate tax will be owed on their life's accumulation. Due to the community property law in Texas you don't owe any Federal estate tax on community property unless the estate amounts to \$120,000 or more (\$60,000 for each spouse). The rates are graduated above this amount.

If you want to avoid paying a great deal of Federal estate tax there are a number of provisions in the law that allows you to pass a part or even all of your estate on to your heirs, tax free. If you need additional information Internal Revenue will be happy to explain the general rules.

Great Pyramid of Cheops was constructed with 2,300,000 stone blocks, each averaging 2 1/2 tons.

Cal Farley's Boys Ranch Annual Rodeo Plans Made

One of the most unusual events in the nation will take place at Cal Farley's Boys Ranch over the Labor Day weekend, when the 350 residents of the Ranch put on their 26th annual rodeo.

Professional rodeo stock and hard-riding, determined boys will combine to fill the arena with an unforgettable rodeo. Boys from 4 to 18 will compete for honors during the two performances, Sunday, September 6 and Monday, September 7. There will be brahma bull riding, bareback bronc and trick-riding, and the youngest boys will capture the hearts of the audience in the special stickhorse races.

Comfortable reserved box seats are available in advance at regular prices from the Boys Ranch office at 600 West 11th Street in Amarillo, for \$2.50. General admission is \$1.50 for adults and 75¢ for children and

servicemen in uniform. The performances will begin at 2 p. m. both Sunday and Monday. Delicious barbecue beef sandwiches with all the trimmings will be prepared by the boys and sold to the rodeo visitors for only \$1.

Every boy at the Ranch will have some part in the rodeo, either as a contestant or working at the many behind-the-scene jobs that make the rodeo a big success each year. The traditional rodeo is also an annual homecoming for the more than 2,500 boys who have lived at the Ranch since its founding by Cal Farley in 1939.

Accident Victims Die From Rescuers

Everyone, at one time or another, has driven by the scene of a highway accident. Frequently, the most pitiful and tragic aspect of the accident is the obvious helplessness of bystanders. Critically injured persons, contorted in agony or pinned in wreckage, often in shock can only stare in blank unawareness at those around them. Confusion mounts as traffic piles up until eventually police and ambulances arrive. If the victims are fortunate, they receive expert care but, too often, delay and mishandling of the injured take a heavy toll.

Each year some 10 million persons are temporarily disabled by civilian injury, 400,000 are permanently disabled and 114,000 die--half from traffic accidents. Many hospital emergency rooms are short-staffed on weekends, leading to delays and even fatal mistakes. Only 18 of the 50 states regulate ambulance personnel training at all. Last year, 20,000 people survived an accident, but didn't survive the aid of rescuers.

In Texas, the State Board of Health requires that at least one of the personnel in an ambulance have Red Cross first aid training. Texas has emergency personnel training points around the state, also, and encourages training.

Supervisor Is Guest Speaker At Rotary Club

Kern, supervisor for Independent School District, was the guest speaker for the weekly luncheon meeting of the Rotary Club Thursday at the Community Club.

to Know Your School was the theme of Mrs. Kern's talk as she outlined the duties and personnel involved in the unitary setup of schools with four schools listed the fac-

ilities at each building. The school supervisors also listed school administrators and leaders, explaining the duties and responsibilities of each one. The Slaton system has a primary building (West Ward) which includes kindergarten and the first three grades; elementary (S.F. Austin) which has the fourth and fifth grades; junior high, grades 6, 7 and 8, and high school which has grades 9 through 12.

Mrs. Kern was introduced by J. C. McClesky, program chairman for the week. Dee Bowman presided at the club meeting. Several visiting Rotarians were introduced at the meeting.

NOTE: The best time to apply for a job is when the dress of pants and elbows of shirts and jackets begin to wear thin, reinforcing them on the inside.

Ball To Teach

Mr. and Mrs. Steve Ball and son, Lance, will move from Lubbock to Commerce this week. Ball will teach psychology and special education at East Texas State University. He is a graduate of Slaton High School and Texas Tech University and will receive his doctor's degree at the end of the next term.

Ball is the son of Mr. and Mrs. Bill Ball and his wife, Charlene, is the daughter of Mr. and Mrs. Nestor Kitten.

SPAG Gets Grant To Train Officers

Governor Preston Smith today approved a grant of \$12,016 to the South Plains Association of Governments, Lubbock, for use in regional law enforcement officer training. The grant was made on recommendation of the Texas Criminal Justice Council, which administers funds from the Law Enforcement Assistance Administration, U.S. Department of Justice.

It is one of 29 action grants recommended by the Council at its regular monthly meeting. The 29 grants totaled \$733,575. Judge Joe Frazier Brown, executive director of the Council, said the South Plains Association will employ a law enforcement training coordinator on a half-time basis and will purchase training equipment and materials for the training program. Classroom

space in the Lubbock County Sheriff's Office, at Wayland College in Plainview and at South Plains Junior College, Levelland, will be used to conduct three classes of 160 hours each in the basic police science course.

Attending the course will be 76 officers from over the South Plains State Planning Region, which includes the counties of

Bailey, Lamb, Hale, Floyd, Motley, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn and Garza.

Curriculum for the course is approved by the Commission of Law Enforcement Officer Standards and Education. The project will begin in September, 1970, and will end August 31, 1971.

WILSON NEWS

MARGRET BARTLEY

Little Brown Shack Opens Here

A community youth center opened its doors formally Sunday night in Wilson. The Baptist-sponsored project, dubbed "Little Brown Shack" by the young people doing the work, is aimed at giving the community youth "some place to go in Wilson."

Planned for weekend fellowships and "after-game" refreshments, the project has already provided several dozen young people with something to do this summer.

With some planning as well as working help from youth advisor Phil Smith, the kids could paint whatever they liked on the walls, and they came up with some clever and creative ideas. They chose the decor, and went about furnishing it themselves.

"The Shack" will offer music, fellowship, concessions, and a thoroughly modern mood.

They hope it can give as much enjoyment to those who attend as it has to those who have worked in preparing it.

Mr. and Mrs. Don Caraway and Trina returned home Saturday, from a week vacation in New Mexico.

Danny and Donny Crowson returned home Saturday after spending two weeks in New

4-H'ers Place In Contest

The District II 4-H Records Judging took place recently in Lubbock. Records from the 20-county South Plains area were entered to be judged by agents, home demonstration agents, and adult 4-H leaders. Forty-four record books were chosen by judges to compete for state honors at Texas A&M University in September.

Lynn County members submitting records to be judged were Gayle Neugebauer, daughter of Mr. and Mrs. Douglas Neugebauer and Carla Wilke daughter of Mr. and Mrs. Carlton Wilke, both of Wilson.

Gayle placed third with her entry in the Food and Nutrition Group.

Gayle has been a 4-H member for 6 years and has entered dress revues, bake shows, and other 4-H activities. She has won County plaques and medals in her Foods project and has competed at district Food Shows in the past years. She has attended 4-H camps at Levelland and New Mexico. When asked her greatest honor in 4-H, Gayle replied, "Being able to compete for state honors at Texas A&M University on a Method Demonstration in Electricity."

She placed fifth in the event. Carla entered the Foods Preservation Group and placed third. Carla has been an active member in 4-H for the past 6 years. She carried projects in Food Preservation, Foods and Nutrition, Clothing, Child Care, Electric, Leadership, Public Speaking, Landscaping, Gardening, Home Improvement, Money Management, Citizenship and Parliamentary Procedure. Carla has participated in dress revues, bake shows, and has won ribbons on articles entered at the fair.

Scholarships Available to 4-H Members

SPECIAL - A total of 286 scholarships valued at \$166,700 are offered this year to current and former 4-H members. These bring the dollar amount of educational grants given during the last decade to \$1.4 million.

The figures were compiled by the National 4-H Service Committee, Chicago, which obtains funds from private sources.

Some 45 to 60 donors contribute funds for scholarships which range from \$300.00 to \$1,600. Each business firm or foundation sponsors a specific program such as safety, or underwrites scholarships to be used in pursuing specific courses of study such as forestry.

Several companies have been supporting 4-H in this manner for about 50 years. Among the pioneers are the Santa Fe Railway System and Ford Motor Co. Fund.

In the learn-by-doing 4-H program, scholarships are awarded to national or regional winners who usually are high school juniors or seniors, or college freshmen.

There are 45 such programs which range from achievement to veterinary science.

The scholarships can be used for a regular four-year college course or in vocational schools, short courses, business training, nursing and the like.

4-H programs are supervised by the Cooperative Extension Service with program awards arranged by the National 4-H Service Committee.

Information on specific programs may be obtained by contacting the county Extension office.

were visited over the weekend by Cynthia Anders and Tommy White of Lubbock and Wayne Smith of Ft. Bliss.

Mr. and Mrs. A. L. Womack of Odessa, Mr. and Mrs. Calvin Young of Post, Sally Davis of Lubbock, and Mr. and Mrs. A. T. Adams of Tahoka visited over the weekend with Mrs. Thote Young.

Mrs. W. F. Raymond and Mrs. Effie Seals went to Plains last Saturday for Mrs. Seals nephew's wedding shower.

NIEMAN REUNION

The annual Nieman reunion was held in Tahoka Sunday. Among those attending were Mr. and Mrs. Hugo Maeker of Wilson, Mrs. Kate Nieman who lives at Slaton Nursing Home, and Mr. and Mrs. A. D. Nieman of Tres Ritos, N.M. and Levelland.

Wilson Students Register Friday

Registration for Wilson students has been set for Friday morning, Aug. 21. Scheduled to begin at 9 a.m., elementary student registration will last until noon in the elementary building.

Juniors and Seniors will register from 9 a.m. until 10:30 a.m. Freshmen and Sophomores are eligible to register at 10:30 until noon. Registration will take place in the high school building.

Junior high students will register the first day of school, Monday, Aug. 24. An all school assembly is set at 8:50 with all parents cordially invited to attend. School will be dismissed at 4 p.m. with buses running as usual.

Services Held for Civic Center

Guest Editorial By EARL BARTLEY C of C Manager

Funeral services were held Tuesday Aug. 11, 1970 at 6:45 a.m. for the Slaton Civic Center. The Board of Directors of the Chamber of Commerce, BCD laid the Civic Center to rest following a long illness. Death was caused from an overdose of apathy.

The Civic Center was born six months ago when several progressive minded citizens led by Director Glen Akin saw a need then and in the future for such a facility. The Civic Center idea was fed enthusiasm, concern, labor and dedication and it grew and flourished for a short time. Then it happened!

Death for the Civic Center started creeping in. Like Cancer, the apathetic disease started small with one or two losing interest and then working against the work that was being

performed by the Committee. Using every means available, Akin and his Committee were not able to overcome the disease that has destroyed many good, progressive projects.

Why should we be concerned? The Civic Center is all that has been killed in Slaton. After all, it has destroyed many a person's home life, many a city, nation and hundreds of churches. Wait a minute!! Look back!! Is the Center the only thing that has been killed, or will be killed?

There is only one way to combat this community killing disease -- if each one of us, as citizens of Slaton, would take the attitude that "what is good for the community is good for us". Let's put our community FIRST and "self" second and we will never again be bothered with the dreaded disease called apathy.

Reader Wants Dime's Worth

(Editor's Note: The following article was "borrowed" from the Friona Star. We took the liberty of changing the locations to fit our need.)

Dear Editor:

I paid a dime last Thursday for a copy of this newspaper. You can divide it up amongst your employees any way you wish.

Now for the dime I paid you I expect to get a newspaper with all of the local, state and national news. And I want every bit of it to be fresh; I don't want to read anything I have read before.

For that dime I want at least 10 local pictures of news events and the people who made them. I want pictures of accidents, fires, meetings, baseball games and anything else that I think is important.

Because I gave you my dime I want to know all the latest things about the local school district, the city council, the county commissioner, the state legislature, the governor, the U. S. Congress, the President, the war in Vietnam and Jackie Kennedy Onassis. I also expect you to tell me who died during the past week, who was born and who was married or divorced.

I want to read about what my church is doing and when. I don't care if there are 12 other churches in Slaton. I want to read about MY church.

I want you to cover every

football, basketball and baseball game in the Slaton area and every play, ladies' tea, wedding and anniversary in Lubbock County. I expect your reporter to be there and cover them just because I gave you a dime.

If I get drunk and have a wreck I don't want you to print my name in the paper and I don't want anything in the paper about my buying a house or selling a house. I have a friend who is getting a divorce, and you can leave that out too.

I want to see for myself whether the prices are cheaper in Slaton or Lubbock. I want to know where I can buy a good second hand car, what's showing at the movie and who is having a sale. And you'd better do it too, because I gave you my dime.

Just because I don't have too much education, you needn't think you can take advantage of me. It doesn't make any difference if I don't want to do anything for my schools, church, city government or chamber of commerce.

I pay my taxes and I just gave you a dime and I want to see my name in this paper from time to time and I want it to be spelled right, too. I ex-

pect every name in the paper to be spelled right; I don't want any mistakes. If there are any mistakes to be made I'll make them, but YOU can't because I gave you my dime.

When I meet one of your people on the street I want them to give me the latest inside dope. I expect them to serve as publicity chairman on any committee I want and I expect your employees to agree with everything I think or do.

And any time I want to call the paper and ask how many children Al Capone had or how much gasoline Lindbergh used on his flight to Paris, I expect them to know. I don't want to have to call back for the information I want.

Next week I'm going to start my own business here in Slaton and I want a nice news item and picture about it. No, I don't expect to take any advertising with your paper. If you run the news story and picture about my opening I won't need any advertising.

And you'd better not give me that old stuff about you can't do it either, because I gave you a dime for that lousy sheet and it's MY newspaper.

(Name withheld by request) By Bill Ellis of The Friona Star

Movie Set Monday At First Baptist

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

Thus begins "HIS LAND," the thrilling story of Israel from ancient to modern times. "HIS LAND," a one-hour color feature motion picture, takes you on a journey through space, time and current events. You see graphically, the fact that Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the nations of the world.

"HIS LAND," rich in color and authentic sights and sounds, has been called a musical journey into the soul of a nation. It will be shown in Slaton on Aug. 24 at 8 p.m. in the First Baptist Church.

In the company of Cliff Barrows and Cliff Richard, England's popular star, who sings a number of new Ralph Carmichael songs, some of which were actually written on location, you travel the vibrant streets and lonely solitary paths of this nation whose destiny is daily discussed in the counsels

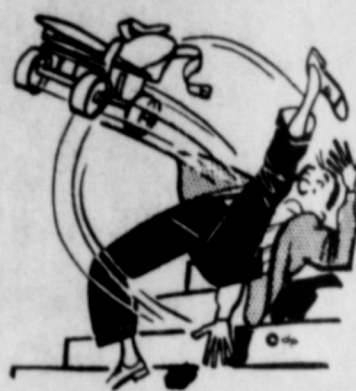

of governments all world... the same by Jesus and the people... the wider Jerusalem... the Olives... the people of modern Israel work, play and build words of Scripture life as the two upon the events that years have confirmed the ancient prophecies witness to the fact death and desolation ing a new land... milk and honey... future climactic story will take place.

**4 County Fertilizer
Serves Area Farmers**

One of Slaton's leading agri-business firms is 4-County Fertilizer, also known as Red Barn.

Ford Rinne, native Slatonite, is the manager and independent agent of the company. Name of the firm was changed to 4-County Fertilizer recently when Rinne became the independent agent for Red Barn products.

The firm has been in Slaton since January, 1961, and Rinne has been manager since the inception of the plant--which is located near the intersection of Industrial Drive and FM-400.

4-County Fertilizer offers a complete line of agricultural chemicals and fertilizers, and also handles a line of protein supplements for cows. Services include:

- *Fertilizers and chemicals for ground or air applications.
- *Equipment furnished for ground applications.
- *Consultant service on farm chemicals and fertilizers.
- *Hybrid maize seed.
- *Complete line of fertilizers in dry, liquid and suspension form, with spraying by ground or air.

Rinne has three full-time employees at 4-County Fertilizer. They are Max Lee, Jessie Ybarra, and Marion Donaldson.

4-County Fertilizer is proud to play a role in the farm-based economy of the Slaton area, and invites farmers in the four-county region to check with them for agricultural chemicals and fertilizers.

SOUTHLAND NEWS

MRS. TOMMY WILKE

Baptists Have New Pastor

Another week has gone by and still NO rain! Things are sure beginning to wilt and look bad! Sure have had some beautiful clouds--but that is all! Hope you have been luckier than we have, where ever you are.

NEW PASTOR

The Southland First Baptist Church now has a new pastor, Rev. C. T. Jordan, of Lubbock,

has accepted this call and he and his wife will be moving to Southland soon. Let's all welcome this couple to our community and make them feel at home.

RELATIVE DIES

We extend our deepest sympathies to Mr. and Mrs. Ed Denton in the death of their son-in-law, Chelan Carson, last Saturday. Chelan was the hus-

band of the former Louise Denton. May God comfort this family in their deep grief.

BRIDAL SHOWER

Miss Sharron Orr, bride-elect of Larry Long, was honored with a bridal shower on Saturday, Aug. 15, in the home of Mrs. F. W. Callaway. Her chosen colors of yellow and white were carried out on the serving table with a cent-

piece of white and yellow daisies, crystal appointments, cookies with yellow filled centers, yellow punch and nuts. Special guests were Miss Orr's mother, grandmother and sister from Lubbock, and Mrs. Bob Long and Cathy Long. The hostesses presented Miss Orr with an electric skillet. Approximately 30 guests called during the afternoon. Hostesses for this occasion were: Mmes. Spence Bevers, Delbert Abshire, Buddy Hall, Donald Pennell, F. W. Callaway, Paul Winterrowd, Payton Crawford, Max Chaffin, Valton Wheeler, Ferrel Wheeler and James Shelton. Mike Mason entered West Texas Hospital on Sunday afternoon and underwent a tonsillectomy on Monday. Hope all

goes well with this young man. SYMPATHY EXTENDED We extend our deepest sympathies to Mr. and Mrs. Donald Pennell and family in the death of Mrs. Pennell's cousin, Walter Prestidge, of Ft. Worth on Aug. 9. His funeral was held in Ft. Worth on Aug. 10. Mr. and Mrs. Pennell attended the funeral and other relatives attending were: Mr. and Mrs. Earl Krowl from Slaton and Mr. and Mrs. Waylon Goolsby and John Goolsby from Lubbock. Mr. and Mrs. Harvey L. Pennell and Mrs. Heath, visited with the D.D. Pennell's on Sunday morning and then later went to White River Lake. E. L. Dunn from Dallas, visited here over the weekend with his dad, Herbert Dunn,

and brother, Jackie. On Sunday they went to Muleshoe and visited with the boy's grandmother, Mrs. J. E. Day, who is in the Rest Home. ATTEND FUNERAL Mr. and Mrs. Marvin Black and Doris from Gilmer, Tex., visited with Mr. and Mrs. Robert Long and Cathy on Tuesday and Wednesday of last week. They were returning home after attending the funeral of Mr. Black's brother, who was accidentally electrocuted at Almodorda, N.M. last week. Mrs. Black is the daughter of the Long home on these two days were Sharron and Sandra Orr and Larry Long, all from Lubbock.

BIG MONTH! Cathy Long is visiting this week with her brother, Larry Long, at Union School, where Larry began his duties as history teacher and coach for this coming school year. Larry is a recent graduate from Texas Tech and will be getting married Aug. 29. Good luck Larry in all your endeavors. Graduating from college--starting in as a brand new teacher and coach--and getting married--all in one month! Wow!! A simple little thought for this day: "Encouragement is oxygen to the soul. Good work can never be expected from a worker without encouragement. I don't care how great, how famous or successful a man or woman may be, each hungers

for applause. So, when the opportunity, because of yourself, might mean encouragement."

Piggly Wiggly... the store that SAVES YOU MORE! Advertisement for Piggly Wiggly grocery store featuring various food items and prices. Includes sections for Glassware, Potatoes, Family Steak, and a 'Compare Our Everyday Low Shelf Prices' section with items like Crisco, Paper Towels, and Coffee.
