HOUSING PROJECT MAY BOOST '71 CONSTRUCTION

Building Permits Down

Slaton, like many other cities around the nation, recorded one of its lowest years in new building construction during 1970 -- reflecting the inflationary factors, high interest rates, and high construction costs which have slowed building projects.

building projects accounted for much of that total--two starting just before the year ended. The Grace Lutheran Church built an addition in February for a permit listed at \$22,000. The two in December were for

houses to be built under the new FHA 235 program. These permits were listed at \$21,000 and the three accounted for more than half of the year's total.

A look at building permit records here, dating back to 1953, show the previous low was \$143,042 recorded in 1956. The peak year in Slaton was 1960 when permits totalled \$947,600.

With some 23 homes scheduled to be built under the new FHA 235 program here, the outlook for building in 1971 appears a little brighter. Tentative plans call for 27 more homes to be moved in under the government's interest-subsidy program. If the latter part of the project is carried out, the city could gain 50 homes for medium income families.

First Christian Church is sponsoring the housing project here, helping families to secure the subsidized loans. The program is designed for "medium income" families, whose adjusted gross income ranges from about \$3,500 to \$5,400.

Down payments are a maximum of \$250 and monthly payments (including taxes and insurance) that would normally be around \$140 are from about \$65 to \$90 a month. The subsidy comes on interest rates, where the government pays the difference on the rate the family can qualify for, and the going rate.

Johnnie Moore, First Christian minister, explained points of the program recently at a Lions' Club meeting. He pointed out that potential home owners must have acceptable credit ratings, and must show they are able to make monthly payments.

The local church helps persons submit applications and also provides counseling ser-

VICES. Moore pointed out that the new home-owners are required to attend at least 18 hours of classes which aids in preparing them for home ownership. He said contracts could be adjusted every two years--providing for a family's increased or decreased income.

Moore said such a project had proven to be "a big success" in Orlando, Fla. Recent news articles have also reported such projects being initiated in Littlefield and Leveland. The project was reported already underway in Leveland, with 39 houses being built and sold since last July.

A survey by the Community Action Agency, reported Moore, "revealed that 487 houses in Slaton were listed as unfit for human habitation." He feels the program will have many benefits -- both economic and social--for the community.

Moore said the first 23 houses scheduled to be built here would be three and four - bedroom houses valued at about \$11,500 to \$14,500. The other part of the program calls for re-possessed houses to be moved into the city, and to be completely refurbished. These would be in the \$8,500 to \$12,500 price range and have two or three bedrooms.

Fem Division Of C-C Posed

Fifteen women met Wednesday afternoon in the Ruddy Room to discuss the possibility of starting a women's division of the Slaton Chamber of Commerce.

J.C. McCleskey, president, conducted the meeting and said there was quite a bit of interest shown with 10 ladies sending regrets for not attending, but who were interested.

The women voted to meet again next Wednesday at 1:30 p.m. in the Chaparral Restaurant to elect officers and a board of directors.

All interested women are invited to attend the meeting.

PCG Official Discusses Farm Program Here

The new farm program was the topic for discussion when Cotton Fanning, Plains Cotton Growers, Inc., appeared at the Slaton Rotary Club meeting last Thursday in the Community Clubhouse.

Fanning briefly outlined the purpose and organization of PCG, pointing out that it was a voluntary organization of cotton producers who work together in the fields of research, service and promotion.

Fanning said the 1971 farm program was similar in that it continued to provide direct payments to the farmer, but it was based on a different concept from the Agricultural Act of 1955.

The new program enables the farmer to use his land and capital resources to plant the crops he can best produce. A big difference is made in cotton allotments. Although allotments are retained, there is no penalty used and set-aside acreage of 20 percent or less is provided.

Fanning said it was difficult to make projections, but the most significant thing for the new season may be increased cotton planting acreage. He predicted more cotton would be planted in this area, and more grain would be planted in other areas.

The program was introduced by Leonard Herral, Dee Bowman presided at the meeting. Chris Kirksey was introduced and indoctrinated as a new member of the club by Claude Cravens. Kirksey is the Gulf Oil distributor in Slaton.

Slatonite Heads Welfare Board

B. B. Castleberry of Slaton was elected last week as chairman of the Lubbock City - County Welfare Board.

Other new officers named were Louis McMenemy of Shallowater, vice president, and Madison Soward of Lubbock, secretary.

Castleberry had been serving as secretary the past year. He has been a board member two years, replacing Bill Smith of Slaton on the welfare board.

Other members of the board are C. E. Menefee, Dr. Eugene Brown, Mrs. Joe Lehman and Dr. David Vigness, all of Lubbock; and Milton M. Kirksey of Wolfthorpe.

Youth Killed Near Slaton

A head-on collision between a pickup truck and an automobile about one mile west of Slaton on Farm Road 41 killed an 18-year-old Lubbock youth, Israel Reyna, about 11 p.m. Thursday.

Reyna, driver of the automobile, was pinned in his vehicle and was pronounced dead at the scene of the mishap by Justice of the Peace Arvin Stafford.

The driver of the pickup, James Hodges, 25, 155 N. 4th, Slaton, was taken to Methodist Hospital in Lubbock with injuries not believed to be serious. The pickup overturned following the crash and came to rest in a field.

Both vehicles were demolished.

Reyna, whose body was taken to Englund Funeral Home became the second traffic victim on the South Plains and the second traffic victim in Lubbock County in 1971.

NARROW ESCAPE--Damage was high but the truck driver escaped serious injury when a truck-trailer jack-knifed and overturned near the rail crossing on the Post highway near Slaton last Thursday. The trailer was loaded with grain and overturned as the driver saw the train at the crossing and attempted to stop his vehicle. The truck went off the right side of the highway, traveling east, and came to a halt just short of the railroad tracks. (SLATONITE PHOTO)

IN ANNUAL POLICE REPORT

Traffic Tickets, Fines, Wrecks Show Decrease

An emphasis on traffic safety in 1969 may have paid dividends for the community, according to statistics revealed by the Slaton Police Department annual report.

The report shows a decrease in traffic violations, fines, and accidents over the previous year.

Total arrests made by the police department were 1,317--down from 1,796 the year before. Traffic violations totalled 928 in 1969 and were listed at 618 the past year. Traffic fines also decreased from \$9,765 in 1969 to \$6,404 the past year.

Of the 1,317 arrests the past year, 618 were on traffic violations; 594 were jail arrests, and 105 were arrests made for other law agencies.

The city recorded 115 accidents in the city limits the past year, compared to a total of 127 in 1969. Property damage from the accidents was estimated at \$54,350 the past year,

compare to \$60,608 in 1969. As might be expected, 9th and Division streets are the most dangerous for accidents. Some 33 accidents occurred on 9th, or at an intersection on the street, and Division street recorded about a dozen more.

The city ambulance service registered 179 calls during the year--an average of almost 15 a month.

Corporation Court fines totalled \$16,310 for the year with alcoholic beverages violations topping the list, as usual. A total of 164 adults were charged with drunkenness, and another 123 charged with possession after hours. A total of 115 minors were arrested for possession of alcoholic beverages, and 15 were charged with consuming.

Speeding tickets showed a big drop the past year -- with 86 logged in comparison to 285 in 1969. Most flagrant traffic violation the past year was driving without a license--143. Speeding was next, followed by improper parking.

The offense report showed 635 cases investigated, but this

The park presently has about 100 families living within its boundaries permanently and a total of about 300 cabins.

An article in last week's issue inadvertently stated that Glenna Smith, named as one of the "Outstanding Young Citizens", was head cheerleader at Slaton High School. Glenna is a senior cheerleader, but Cindy McWilliams is head cheerleader. Sorry about that, Cindy!

MRS. TOMMY WILKE

Community Helps Couple

Hello friends and neighbors, Glad to be back at the old type-writer again this week, but a lot has happened to Edmund and I since Monday of last week! First, we took our first jet airplane ride, flying from Lubbock to Phoenix, Arizona. Second, we saw our first grandchild for the very first time! Which was most thrilling? Seeing Lea Ann, of course! We held her every chance we got and that wasn't very often because she slept all the time. But, she is a darling, and we are so proud of her. By the way, I happen to have some pictures of her, so if you see me and don't want to look at pictures and listen to me brag, you better duck out of sight, ha ha.

and the young couple, Mr. and Mrs. Wade Gerner, who was in the process of moving into the house lost everything they had. Well, some mighty fine men and women of the community decided to give this young couple a shower and they invited everyone to come. Edmund and I went and I was just thrilled to see so many people there! The couple received many nice gifts and they were so thrilled with everything. Since this young married couple hadn't lived in this community before, most of us didn't know them, but that didn't stop the people in this fine community, they turned out anyway, anything to help someone in need. So many times this past year, neighbors in the different communities have gotten together to help someone in need, and sometimes this goes unnoticed, so we just wanted to tell you what happened in our community.

Observe Traffic Laws and Live

The Texas Highway Patrol investigated 37 accidents on rural highways in Lubbock County during the month of December, according to Sergeant G. C. Guthrie, Highway Patrol supervisor of this area. These crashes resulted in two persons killed, 14 persons injured, and an estimated property damage of \$35,295.00.

The rural accident summary for this county during the calendar year of 1970 shows a total of 485 accidents resulting in 13 persons killed, 307 persons injured, and an estimated property damage of \$458,105.00.

Drive Friendly!

SHS has been lucky this year in that there have been very few traffic accidents or violations. The students have all been courteous drivers. The problem of leaving the front parking lot the wrong way has almost been eliminated. The few people who still go out the wrong way are usually parents who don't know the rule.

One of the biggest traffic hazards is the entrance and exit to the sophomore parking lot. After school there have been several near collisions between students and buses going around the blind corner. Many times they block one of the exits. This problem could be solved with more courteous driving and more consideration of the other person when parking.

The problem of students parking in faculty parking areas has not been as serious a problem as in other years. Let's all remember and leave the faculty parking for the faculty.

OUTSTANDING YOUNG CITIZENS

Smith, Payne Honored

Glenna Smith and Paul Payne were chosen Slaton's Young Citizens of the Year at the annual Chamber of Commerce Banquet Monday night, Jan. 11, in the junior high cafeteria.

Glenna is the daughter of Mr. and Mrs. Elza Smith, and Paul is the son of Dr. and Mrs. Glenn Payne.

For students to qualify for the award, they must be a senior in SHS and had a grade average of 80 or above in all solid subjects.

These students were selected by a grade point system in which they were graded on attitude at school and in the community, home and church life, honesty and integrity, ability to get along with other people, leadership qualities, scholastic ability, and school spirit.

They were chosen by a committee set up by the Chamber consisting of school personnel and business people.

The Slaton's Young Citizens

Award will be given annually to a senior girl and boy at SHS. The purpose is to recognize youth through the Chamber of Commerce and get them involved in community activities.

The seniors were Betty Belote, Sue Brake, Janice Buxtemper, Carlene Green, Tommy Grant Hargrave, Olivia Magallanes, Tyra Martin, Frank Menzel, Nadine Meurer, Nancy Miller, Carol Mosser, Terry Mosser, Cindy McWilliams, Paul Payne, Norman Pionka, Glenna Smith, and Jane Webb.

THE MOUSE TELLS ALL

First of all, I would like to introduce myself, I am a small gray creature who roams around SHS just to see what's going on. Some people call me a mouse, but most girls don't call me that; they just run. And now I will tell you some of the weird happenings that I see and hear about.

I have to watch out for Lynne McCormick because it seems everytime she turns around, her purse comes open; and compact, combs, brushes, bill-folds, lipstick, money, and who knows what else, go flying all over the place.

And then there are Lu Anne Fondy's jokes, which I can't have printed; but anyway they were embarrassing to Coach Jackie Stewart.

One day I visited one of Mrs. Mary McClesky's algebra classes, someone spotted her ripped hem, so she got Terri Sikes to tape it up. Well, Mrs. McClesky was very embarrassed, and as Terri tried desperately to get the tape to stick, Mrs. McClesky screamed and jumped. I thought for sure she had seen me, but it turned out someone had opened the door, and Mrs. McClesky couldn't be caught with her hen out!

Don't tell M. W. Kerr, but I saw Ismael Ledesma with his arm around Mrs. Kerr's shoulder. Melanie Parks even has a picture of it I understand he even asked her for a date.

While the band was away, Coach Stewart's third-period history class turned into a coin-flipping, gambling class, as did some of Mrs. McClesky's classes.

Frank Self was put on probation by Mrs. Mary Gilmore

for playing with a little red football during study hall. Steam was seen coming out of W. O. Harrell's third period DE class. It seems his cookies from the homecoming department were hot.

I also heard that Alan Davidson and Alan Fondy are driving Mrs. Barbara Guajardo crazy with their toothpicks and bothering biology equipment during speech class.

And have you heard about the freshmen's obscene lockers? It seems that something or other was seen falling out of one of them the other day.

Oh yes, would anyone like to trade cars with Coach Kerr? I heard his "Tiger Red" won't run half the time!

A feminine touch has been added to the Slaton Junior ROTC - Girls' Auxiliary Co. E. This new company is made entirely of 38 girls and with room for two more.

This program was started at the beginning of the second semester this year, and it's the largest class in all the ROTC program.

Lt. Col. Clifford Bowen and M. Sgt. L. B. Winters both agree that the girls will be a great asset to the battalion. Meanwhile, the boys don't seem to mind having them around. The female cadets have gotten into full swing as they are now drilling, and potential officers are being observed. To add to this, the cadets have planned a Box Lunch Auction for Wednesday, Feb. 24, at 11:15 a.m.

The deserving girls will be given rank and will be respected for it by both sexes. They have the sixth period for themselves, and their uniforms are now being tailored.

ONE ACT PLAY CAST---Time is drawing near for interscholastic League competition. The one-act play cast was selected last week at Slaton High School. Chosen for the roles in the play are, left to right, seated--Becky Bright and Tomi Longtin; standing--Barbara McCain and D'Ann Carnes.

One-Act Play Cast Selected

Tryouts for the all-female cast of "Overtones," the interscholastic League one-act play, were held last week in the high school auditorium.

Tigerettes Cop

Big WT Tourney

The Slaton Tigerettes wrapped up the big West Texas Girls' Invitational Tournament, sponsored by the Slaton Chamber of Commerce, Dec. 31 with a 45-37 win over Petersburg.

The loss put Petersburg in second place while Klondike beat Idalou, 55-48, for the third place position.

The consolation trophy was taken home by Meadow.

The Tigerettes beat Stanton, Klondike, and Petersburg to get the top choice.

Tigerettes Win

7th League Tilt

Slaton's Tigerettes romped past Post, 83-54, last week to record their seventh straight victory in 4-AA action, moving their season's mark to 20-3.

The Tigerettes were to play Stanton Tuesday night in non-district play. Marilyn Meeks tossed in 29 points at Post, while JaNette Gass and Sue Brake added 22 points each in the big point production.

Brake, Meeks and Gass have been the leading scorers in the Tigerette victory string, with sophomore Karla Kitten also putting some points on the board.

Victories, since the last Tiger's Cage report, have come over Frenship, 80-23; Roosevelt, 56-18; Tahoka, 67-34; Ralls, 61-21; and Idalou, 41-30.

Tigers Even

District Mark

The Slaton Tigers blasted the Post Antelopes, 82-46, last week to even their District 4-AA record at 3-3.

The Tigers were to play Denver City Tuesday night, T. W. Whitfield and Lloyd Kitten led the scoring in the Post triumph with 18 and 14 points, respectively. Coach Kenneth Housden used most of his players in the action.

Slaton had upset Frenship here earlier in the week, pulling out a 44-38 decision. Whitfield scored 26 points in that contest, and Kitten had 11. Before losing to Roosevelt by 56-53, the Tigers had won their first league game in a 62-53 decision over Tahoka. Kitten, Glen Thomas and Paul Payne led the scoring over Tahoka.

Senior Assembly

On Feb. 3 the seniors will have an assembly at 11:30 with a representative from South Plains Junior College here to speak to them. The representative will tell the senior students about South Plains and encourage them to attend the college.

ASSEMBLY SET

An assembly will be given Friday, Jan. 22, in the high school auditorium at 9 a.m. The speaker will be from Austin and will talk on health education.

New Year Brings 2 New Teachers To Slaton High

With the starting of the new year and a new school semester comes also the arrival of two new teachers to SHS.

Mrs. Rebecca Samples, the new math teacher, replaces Mrs. Mary McClesky. Mrs. Samples attended high school at Brownfield and received her Bachelor's Degree from Texas Tech in Secondary Education. Her student teaching was done at Lubbock High. Mrs. Samples states that she likes Slaton High because "the kids are real friendly and they all get along with each other."

Another new face around SHS is that of John E. Morris. Mr. Morris will be in charge of the choir and replaces Mrs. Jo Ann Joiner. Mr. Morris, a native of Grand Prairie, received his Bachelors and Masters Degrees in Music Education from Abilene Christian College.

Other schools Mr. Morris has taught at are Pimona, Cal., ACC, and student teaching at Lincoln Junior High in Abilene. "The kids are real good," was Mr. Morris' reply when asked what he liked best about SHS.

Mrs. Saleta Duff, head of SHS Commercial Department for five years, will be leaving SHS to go to Horgan at the end of this month. During her five years at Slaton, Mrs. Duff has been Junior Class sponsor and has helped with the UIL typing. Upon leaving Mrs. Duff says that she has enjoyed teaching at Slaton, and it has been a rewarding experience. She also states, "I'll miss the students, and I'll always be interested in each one." Mrs. Duff extends her best regards for a successful school year.

Two Tigers Nap On All-Star Team

Chosen for the 1970 "All South Plains" team were two Slaton Tigers on the first team. Three other Tigers received honorable mention.

The "All South Plains" team is chosen by the Avalanche - Journal from the 4-AA and 3-AA teams. It combines the best players of both districts, and the boys that have been named to the All District team.

The only junior making the team from Slaton and having only one junior companion on the "All South Plains" team is Brad Winchester. With five years' prior experience, Brad was the last team substitute in the seventh grade, but in the eighth grade he started as a guard. His dream was to be a fullback, but he has played guard ever since starting to play football. He has no favorite coach because he thinks all of them are great.

His most embarrassing moment while playing football came during a freshman practice. Brad was running after his block when all of a sudden the ball was in the air. He grabbed it, took off running, when he realized that he was running the wrong way. Brad also said he got in trouble for missing his block.

"If a boy has any ability at all, he should play high school football because it gives him a chance to be with other people and to work as a team; and that's important in life," was Brad's reply to the question, would you advise a boy to play football in high school.

A senior making the "All South Plains" team as a defensive safety was Frank Self. He has played football for six years and a variety of different positions. In the seventh and eighth grades he was a guard and line backer. In the ninth, a defensive end, in the 10th and 11th a defensive half-back, and in his senior year a defensive safety and offensive halfback. He thinks that Coach Eugene Franklin taught him the most.

Tigers Fourth

The SHS Tigers suffered a stunning defeat in the Muleshoe Boys' Basketball Tournament held Dec. 31-Jan. 2.

The Tigers downed Tulla, 58-53, in their first game of the tournament. High pointers for the game were Lloyd Kitten popping in 15 points and Glenn Thomas hitting for 10. Muleshoe defeated the Tigers, 53-37, in a hard-fought second game. T. W. Whitfield hit for 14 points and Kitten for 12 points to bring in the two top scores.

Roundball Revue

The Freshman Tigerettes came back from the Christmas holidays full speed by downing the Tahoka Bulldogs, 43-21. Jan Davis hit for 22 points.

The Freshman Tigers downed the Tahoka Bulldogs, 49-43. Gregg Parks led in scoring with 19 points. Ralls defeated them on Jan. 7, 72-34. Gregg Sokora led with 17 points.

The Junior Varsity Tigerettes downed the Frenship J.V., 56-10, Jan. 7. Gretta Stricklin led with 20 points. Jan. 8 they downed the Roosevelt J.V., 54-

Caging The Tigers

BY TIGERS CAGE STAFF

TERRY MOSSER
"I don't embarrass" was the answer Terry Mosser gave when asked what his most embarrassing moment was. Terry was born June 29, 1953, in Slaton and is the son of Mr. and Mrs. Walter G. Mosser. Terry is 5 feet 10 inches tall. He has blue eyes and brown hair and weighs 160 pounds. He lists his favorites as car-Riveria, song - "Poor Boy Shuffle," food - spareribs, color - blue, subject - physics, teacher - Coach Bill Shaha, and pastime-sports. Terry's high school accomplishments include football four years, basketball three years, track three years, tennis one year, National Honor Society, All Academic Award, Sophomore Class officer, Junior Class officer, Tiger's Cage staff, office help, who's who in English III, American history, journalism, English II, algebra, and chosen Most Attractive. Terry's advice to freshmen is "Don't let the upper classmen get the best of you." After graduating Terry plans to attend Texas Tech.

TOM MELTON
Eighteen years ago on Oct. 2, 1952, Mr. and Mrs. Paul Melton were blessed with a precious baby boy who has grown up to be Tom the Terror! Despite all his meanness, Tom has achieved such achievements as basketball four years, golf four years, ROTC two years, and in the junior play. Tom's future plans are to attend school at ASU and cause more trouble. When Tom was asked the question if he could spend one day with anyone in the world, who would it be and why, his reply was "Raquel Welch and it's none of your business!"

Youth To Present 'I Wonder' At First Baptist Sunday

The second local presentation of "I Wonder", a musical drama, will be presented Sunday at 7 p.m. at the First Baptist Church. It was first presented in October in a capacity crowd. Since then the group has presented the drama at churches in Slaton and Houston.

The public is cordially invited to attend the performance.

Work for All
To cope with later startings, the Slaton Union is encouraging persons to come out of retirement in Slaton. A 100-year-old man sent to work as a traffic policeman.

Cover Up
Every year the Earth is started by four million pounds of material, mostly unneeded. These clothes they could bury the world as well deep—in 1,000 years.

Approximately 45 young people will be taking part in the program, getting for answers to the question, "I Wonder?" Worry Vase, music and educational director of the church, is director for the presentation. Many hours of preparation have gone into the program.

The setting of the musical drama is a classroom presided over by an abstractive professor. Tony Pritchet will play the part of the professor. The class, made of the chair of about 15 youth, responds through singing and dialogue to affirm their faith and to tell the reasons for this faith.

Eleven youth will play in the orchestra. They are Neil Carter, Walker Townsend and Terry Carls — trumpet; Louise Family and Mary Leslie Cole —

flute; Jim Carter and James Stephens — trombone; Jay Burke — drums; Wesley Family — guitar; Dale Family — bass; and Tyra Martin — piano.

Seven soloists playing the parts of "Christians" are Mrs. Sam Beart, Don Kendrick, Gertrude Goss, Linda Robinson, Allen Family, Erad Whitehead and Tom Bartley. Soloists playing parts of the "Atheists" are Patricia Johnston and Daisy Chapman.

What Is Truth?

Please admit that questions regarding the brilliant minds of antiquity had not resolved that Query issue. Jesus was the Son of God, the Son of God, the only way for mankind to possess infinite and immortal truth would be for the very source of truth to reveal it to men in a book we call the Bible, "The Word Is Truth". In all religious issues, therefore, the last and final court of appeal is the revealed Word of God.

"Definitive" or "Relative" concepts of truth are unacceptable, because they violate the very definition of truth. Truth exists by its own right and does not depend upon man's adherence or disobedience to establish its claims. Something is not true simply because we desire it to be true or even believe it to be true. Beliefs may be illusory. Truth is stable.

Since the "truth will make you free" John 8:32, you owe it to yourself to investigate the Book of Truth. Fill out the coupon today.

"But may all who seek thee rejoice and be glad in thee; may those who love thy salvation say continually, 'Great is the Lord.'"
—Psalms 40:16

If you search for salvation, you shall come to know God. Open your eyes to the beauty of the earth and to the wonders of the changing seasons. In the magic of the summer's sun, in the quiet softness of fallen snow, there is God's purpose. In all the wonders of the earth the hand of God has extended to mankind many wonderful things of beauty and value. See the world that God has created and search it through for goodness and for the purpose of your own life.

FFA President Visits Cooper

Barham Fulmer, the State FFA President, gave a speech to the high school student body of Cooper, Tuesday. Cooper is just one of the 400 schools that he will visit this year and the speech he made is just one out of approximately 750 that he will make. Barham was elected the State FFA President during the summer at the San Antonio State Convention. Also, he won the State Public Speaking Contest at the convention.

fail to try is a loss so great you'll never know what might have been. Barham also said that the world can always be improved and that you can do anything in life if you only try hard enough.

After leaving Cooper, Barham went to Coronado, Ropes, and Levelland all in the same day. This is only part of the 60,000 miles he will be traveling this year.

Six Youngsters Enter Herefords In Stock Show

FORT WORTH (SpI) -- Six Lubbock County youngsters will have entries in the Junior Steer classes competing in the Diamond Anniversary (75th) Southwestern Exposition and Fat Stock Show, Jan. 29 through Feb. 7, 1971, at Fort Worth. The youngsters include Brady, Marty and Pam Mimms, Mike and Sylvannas Ragland and Max Thomas, who will all show Herefords. Pam Mimms, who is Texas Hereford queen, will reign at the show.

"Indications are that our 75th anniversary show will be one of the best yet, with high-caliber entries in every category," Watt said.

The annual edition of the Stock Show Rodeo promises to be an added treat for visitors, Watt noted. "We are pleased to have Judy Lynn and The Judy Lynn Show from Las Vegas as our special entertainment guests," Watt said. "The show, with Miss Lynn and her seven-piece western band, has been a consistent hit at rodeos and fairs across the country and abroad.

The Judy Lynn Show is a regular at such famous Nevada showplaces as Caesars Palace and the Flamingo Hotel in Las Vegas, and at Harrah's Clubs in Reno and Lake Tahoe. Miss Lynn is truly "America's Western Sweetheart."

Other rodeo features include Clark Schultz' Clown Spectacular and the daring Wild Horse Race.

Top pro cowboys and challengers will compete in the Stock Show Rodeo's action events, where more than \$80,000 in prize money and entry fees will be divided.

Mail order tickets for the 1971 rodeo are available from the Southwestern Exposition and Fat Stock Show, P.O. Box 150, Fort Worth, Texas 76101.
