CHAMPS IN ACTION--All three of Slaton's forwards are captured in this action photo from Monday night's bi-district game with Friona. Marilyn Meeks (40) had just put up a shot while Sue Brake, left, and Karla Kitten close in for the rebound along with the Friona Squaws. The Tigerettes won the playoff game, 41-36, in the spacious Texan Dome in Levelland, Slaton plays in the regional tourney at the Tech Coliseum in Lubbock Friday at 11:30 a.m. (SLATONITE PHOTO BY CRAIGNIEMAN)

Tigerettes Triumph, Meet Clyde in Region Tourney

Sparked by outstanding defensive play from their guards, the Slaton Tigerettes scored a 41-36 win over the Friona Squaws in the first round of regional play at the Texan Dome in Levelland Monday night.

The victory advanced the Tigerettes into the region finals at Lubbock's Coliseum Friday. Slaton will meet Clyde at 11:30 a.m., and Spearman will take on the Coleman - Canutillo winner at 1 p.m. Class A games start at 8:30 and 10 a.m.

The AA finals will be at 8:30 p.m. Friday with the winner advancing to the state tournament. Class A finals are set for 7 p.m.

Slaton guard Debra Greenfield was probably the standout performer in the playoff game Monday night. She was the top rebounder for both teams and led Slaton's tight defensive effort against the Squaws.

Both teams used a deliberate attack on offense, choosing to work the ball into close range before putting it up. Slaton took only 26 shots from the field, hitting 11 for a 42 percent mark. Friona had even fewer shots, connecting on 12 of 22 from the field for a 54 percent shooting mark. Slaton led at every quarter break, taking a close 14-12 lead in the opening period and posting a 26-22 advantage at halftime.

The Tigerettes were "cold" the third period, but the guards held off Friona and Slaton still led by 32-31 going into the final quarter. Slaton used the free-throw line to good advantage in winning the contest.

Sue Brake paced the Tigerettes scoring attack with 16 points, and Marilyn Meeks was also in double figures with 13. JaNette Gass, the other starter, had 8 points and sophomore Karla Kitten rounded out the scoring with 4 points.

Slaton hit 19 of 32 at the free-throw line, while the Squaws connected on 12 of 22. Brake led Slaton with 8 of 11 charity shots, and Meeks hit 5 of 7.

Friona put the ball up just 12 times in the first half and hit 9 of the shots for a "hot" 75 percent mark. Slaton hit 8 of 17 in the first half. In the second half, Slaton connected on 3 of 9 from the field, and Friona hit only 3 of 10.

The defensive play was so rugged in the second half that each team had only three field goals. Friona's high-scoring Diane Day was limited to 15 points, and only 4 in the second half. Guards Elnora Moore and Judy Boyd held Miss Day in check. It was her second lowest point total of the season.

Greenfield, Moore and Sobaida DeLeon were the starting

guards and all three turned in great performances. Moore, who drew her fourth personal foul early in the second half, was replaced by Boyd. The pair had the tough task of guarding Friona's top point producer, and they responded to the challenge.

The Tigerettes will carry a 26-5 won-lost record into the regional meet. Friona wound up with a 26-4 mark. It was their

first bi-district defeat in five appearances the past 10 years. The Squaws beat Slaton in bi-district in 1965.

Coach Gay Benson saw the Clyde - Anson playoff game in Abilene Tuesday night. She reported that Clyde had two high-scoring forwards that Slaton would have to stop. Clyde won a close 55-52 game over the Anson girls.

According to most sources, the Spearman girls will probably be favored in the region tourney. One of Friona's defeats came at the hands of Spearman.

Slaton High School students will be dismissed from 10:30 a.m. to 2:30 p.m. Friday in order to attend the Tigerettes' regional playoff game in Lubbock, it was announced Wednesday by SHS principal M. W. Kerr.

SPAG Gets Two Grants To Help Law Agencies

In a meeting of the Texas Criminal Justice Council Friday, the council approved two grants for the South Plains Association of Governments (SPAG).

One grant is designed to develop a regional law enforcement teletype loop for the South Plains, while the other grant is an extension of SPAG's law enforcement training program.

The teletype grant, for \$20,605.46, will provide partial funds to install 100-word per minute teletypes for a number of area law agencies. These include the Slaton Police Department.

The lease cost of the teletype per agency per month is \$183.06, of which the grant will pay 60 percent. Local government will absorb the remaining 40 percent of the lease and supply costs for the equipment.

The total monthly bill for each government involved, with grant assistance, should run \$75. A one-time charge for installation will be \$120 with the local government having to pay only 40 percent or \$48.

The training grant, totaling \$17,444.65, will provide the financial support required for: (1) continue specialized short courses for law enforcement officers (an average of two per month); (2) hire a full-time secretary to be assigned to work on criminal justice activities, and (3) hire a training assistant to be responsible for the conduct of the training program.

Officers desiring to attain intermediate, advanced, or instructor's certification must complete specialized courses in order to qualify. The grant itself will be matched with in-

kind contributions composed of officer's salaries and mileage to attend the specialized courses. By utilizing in-kind contributions, SPAG is not required to pledge any cash for match on the grant.

SPAG anticipates that by providing such assistance, it will better meet the needs of the law enforcement officers and governments of the South Plains.

At least one race has been assured in the April 3 city election, with the filing of two candidates this week for the Ward 3 city commission post. R. J. Clark filed as a candidate last Thursday, and Glenn Powers filed yesterday. Floyd Guelker is the incumbent in Ward 3--the northeast part of the city.

Clark, Powers, Edwards File As City Candidates

J. S. Edwards also announced this past week as a candidate for re-election in Ward 1. With the previous announcement of Jonas Cain as a candidate for mayor, the city list of candidates now stands at four. Dr. David Hughes, present mayor of Slaton, announced Wednesday that he would not be a candidate for re-election. He is ending a two-year term as mayor, and had also served one year as a commissioner.

No candidates have appeared as yet for the Slaton School Board election, where two terms are expiring. Deadline for filing as a candidate is the same in both elections--March 3. Both elections will come on Saturday, April 3, this year.

WELFARE ISN'T FARING SO WELL THESE DAYS...

Rotary Club Host To Chilean Group

Seven young Chilean business and professional men on a 90-day Rotary Foundation study exchange tour of West Texas are scheduled to visit in Slaton today, it was announced by Rotary president Dee Bowman.

The group's schedule calls for a six-day stay in Lubbock, with side visits to Rotary clubs in Slaton and Ralls. The men range in age from 24 to 35. The men include Nelson Brice, a surgeon who specializes in obstetrics; Gustavo Vega, a lawyer; Herman Constanzo, a

college professor of English; Guillermo Rojas, administrator and public relations office of a meat products packing plant; Marcelo Coddou, head of the Spanish department at a university; Alejandro Villegas, professor at the secondary school level; and Franklin Arriaga, Rotary tour manager who operates his own auto, television and radio sales agency.

Bill Sewell is chairman of the reception committee for the group in Slaton. The study exchange offers a unique personal opportunity for the promotion of better understanding and friendly relations among the peoples of the world.

The program provides travel grants for the exchange of teams of young business and professional men between paired districts of Rotary in different countries -- enabling them to study the institutions and ways of life of their hosts.

These young men also bring knowledge of their own country to the thousands they meet while on tour. From their study of another country -- their observations of its customs, business and professional life, and their meetings and discussions with the people--come many opportunities for the development of understanding and lasting friendships.

The area Rotary district, No. 573, sent a study exchange group to Chile last May and June.

Counselor Cites Goals In Guidance Program

Fay Cook, counselor at Slaton Junior High School, was guest speaker for the Lions Club program Monday at noon in the Community Clubhouse.

Mrs. Cook discussed the guidance program in schools, outlining the goals and explaining the expansion of guidance and counseling in recent years. Basically, she stated, "The guidance program is designed to help all children develop the utmost of their abilities." She added that this means the slow learner, the gifted student, the minority groups -- ALL students.

Mrs. Cook said she sees five goals in the guidance program: (1) Counseling, individually and by groups; (2) Consulting with teachers and other school personnel; (3) Helping students know their strengths and weaknesses; (4) Developing a liaison with the community; (5) Referring students to other agencies when necessary.

The counselor stressed the

need for "tuning in" to the behavior and needs of minority groups. She added that Mexican-Americans and blacks need adults to use as models, pointing out that it would be well to have these people in the school system.

"I'm not advocating that we seek teachers on a percentage basis equal to the student population, but I think we could start by finding one real good

Chicano teacher and one real good black teacher," stated Mrs. Cook.

She also added that there needs to be "more involvement of the community in school business -- a better communication between the school and the community."

Roberto Rodriguez, one of the guidance teachers from Tech, also spoke briefly to the Lions. A former teacher in San Antonio, he is studying under the special program at Tech and comes to Slaton once a week to study and observe the guidance program at junior high.

Rodriguez said purpose of the study at Tech is to "train us to be sensitive to the needs of the students, as well as the community." He said he had noted a "lack of communication between the school and the community and between the student and the teacher" in observing the Slaton school.

A question and answer period followed the talks by the two guests.

MR. AND MISS VALENTINES--Students at Slaton Junior High School elected a Mr. and Miss Valentine from each class last week by popular vote. Pictured on the top row are Alan Brunson and Diane Dunlap--eighth grade; Bill McClesley and Felicia Little -- seventh grade; and Dwight Kuykendall and Sandra Mercer--sixth grade. (SLATONITE PHOTO)

Hairdressers Donate Time During Beauty Salon Week

Several Slaton and area beauty shops joined together this week to "do for others" in observance of National Beauty Salon Week. Three hairdressers, Winnie Vaughn, Pearl Landman and Lynda Meurer spent most of the day Monday at Slaton Nursing Home giving permanents, cutting and fixing the hair of

13 ladies. Beauty services performed by them and several other hairdressers were shampoos, haircuts, new hair styles, permanent waves and hair conditioning treatments.

Donating their time to the national welfare program were Evelyn Brookshire at Evelyn's Beauty Shop; Melba Ethridge at Melba's Beauty Salon; Peggy Tooke at Peggy's Beauty Shop; Mrs. W. H. Dawson and Judy Holt at Dawson's Beauty Shop; Pearl Landman at Eura's Beauty Shop; Noreen Behlen, Charlotte Sartor and Winnie Vaughn at Cinderella Beauty Salon; Lynda Meurer at Hill's Lady Fair Beauty Salon; and Alma Winn at Alma's Beauty Salon.

Mrs. Winnie Vaughn, who was

coordinator for the local Institutional Welfare Program, expressed her appreciation to the hairdressers who donated their time. She said she was thankful for the opportunity for working with this profession and said it was a blessing to each one who had a part in working with the dear ladies at Slaton Nursing Home. She also said that they are thankful for the youth, teaching them our hair is our crowning glory. "We also want to thank Mrs. Grace Dodson, school nurse, and others who helped for their cooperation," Mrs. Vaughn said.

Those participating in the program found it an excellent means of translating the skills and enjoyment of their profession into happiness for others who are less fortunate.

You Can Be Fancy-Free About The New Hair Style You Select

There is a fancy-free look in hair styles for Spring that foretells a carefree and happy ease in coiffures for the coming season, according to a collection of the new styles that was unveiled by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association.

The new styles were previewed by several thousand hairdressers from all states meeting in Portland, Oregon, in advance of their public presentation. They will be shown throughout the country at local fashion shows, February 14 - 20, during the 21st annual observance of National Beauty Salon Week.

Take Your Choice

This Spring, suggested the hair fashion authority of the beauty profession with the presentations of the new styles, is a perfect time for you to select the style you like, for this is definitely a season that is freer than in many years. Whether you prefer a look of classic chic, or one of mystic romance, the choice is yours.

However, you must have the look interpreted for yourself, because this is also a season of great appreciation for the individual good looks of each person. Also, keep it feminine, keep

it soft, keep it as natural-looking as possible, and you will have beautiful coiffure harmony throughout the wide range of looks on the fashion scene.

Hair Moves Freely

The freedom in Spring hair styles, however, is more than one of choice. The hair itself also moves more freely, and looks more free and easy-going. The styling and dressing of the individual coiffures, too, is freer.

The new styles also underscore the return of classic good taste. Kookiness of past seasons is out. Styles for the young reflect the free spirit of youth, and frequently feature curls. Coiffures for more sophisticated personalities emphasize womanly beauty, often combining softly flowing line movements with sexy waves, deep, sensuous undulations.

Follow Curves

Just as new Spring clothes show off the form and curves of the body, new hair styles show off the curves of the head with crown hair combed softly to follow head contours.

The hair is generally dressed from the top crown area and then moved into the direction of the desired style, usually flaring out at the sides

THE LIGHTHEARTED COIFFURE is a lovely touch for the ultra-romantic on Spring's fashion scene. The generous sweep of curls is a hairpiece circling the nape. It is one of the fancy-free styles by the National Hairdressers and Cosmetologists Association.

THE EASY SWING COIFFURE gives that elegant look of classic chic. Designed for Spring by the National Hairdressers and Cosmetologists Association, it is being shown, February 14-20, National Beauty Salon Week, dedicated to more beautiful women.

THE LIVELY LILT COIFFURE is one of the fancy-free looks in new hair fashions for Spring. Note its soft and easy-going waves that frame the face so naturally. Design is by the National Hairdressers and Cosmetologist Association.

Happy Home Environment
WHAT'S THE IDEAL?

- Most people would agree that the ideal happy home environment must take into consideration the environmental aspects as well as the spiritual and human relationships.
- In the present state of technology, electricity does its job well when it comes to environmental aspects of conditioning the air in your home.
- The ideal system, now available, not only does its job of comfort heating in winter and comfort cooling in summer but also refines the air itself. Electric humidifiers control the amount of moisture in the air and electrostatic air cleaners remove undesirable dust particles.
- So then, 4 things to give you a happier home environment... electric heating, electric cooling, electric humidification and electric air cleaning... and all of it automatically. Ask your Public Service manager for complete information.

In Heart Attack, Indecision And Inaction Can Be Fatal

Many heart attack deaths result from electrical irregularities of the heart. These abnormalities often can be corrected by the use of new electronic devices, new drugs and other techniques which are reducing in-hospital mortality from heart attack by about 30 per cent.

Your Heart Association foresees the realistic prospect of salvaging at least 50,000 "hearts too good to die"

through specialized coronary care services, and has accepted some major challenges looking toward such an objective.

Its first goal is to bring about, through public and professional education, a drastic reduction in the time intervening between the onset of heart attack symptoms and the individual's admission to a hospital.

The key issue here is to acquaint millions of Americans with the need to get immediate medical assistance, and to instantly recognize these usual warning symptoms of heart attack.

- A prolonged, oppressive pain or discomfort in the center of your chest, just behind the breast bone.

- The pain may radiate to a shoulder, arm, neck or jaw.
- The pain or discomfort is often accompanied by sweating.

- Nausea, vomiting and shortness of breath may also occur.
- The symptoms may subside then return.

Death from heart attack is not necessarily the result of heart muscle damage but instead may be due to a reversible electrical derangement of heart rhythm occurring as the result of relatively minor heart muscle injury.

Mrs. Joe Teague Jr. returned from Dallas this week. She visited her daughter, Myrtle Teague. They visited Mrs. Ida Smith who lives at the Eastern Star Home at Arlington. She is the mother of Jack Smith and a former Slaton resident. Mrs. Teague said Mrs. Smith will be 90 on October 1 and loves living there.

Tigers Top D. City In Season Finale

The Slaton Tigers closed out their 1970-71 basketball season on a winning note here Friday night, capturing a 79-52 win over the Denver City Mustangs.

The triumph left Slaton with an 8-6 won-lost record in District 4-AA play, and all even at 14-14 for the full season. Coach Ken Housder's crew had a 6-3 record in non-district action.

The victory here Friday came in a foul-plagued contest with the Tigers drawing 31 personal fouls and the Mustangs 26 for a whopping total of 57. Each team made 22 points at the free-throw line, with Slaton shooting 39 charity shots and Denver City 42.

T. W. Whitfield led the Slaton attack with 24 points, and Bradley Kitten tossed in 17. Jackie Self was the only Mustang in double figures with 15 points. Tiger scoring ace Lloyd Kitten drew his fifth foul with 20 seconds still left in the first quarter, and went to the bench with just six points. Each team lost only one player on fouls,

but both coaches used all their tigers in the contest. Eight tigers took part in the scoring and all 19 saw action.

The game was the final appearance for seniors Bradley Kitten, Glen Thomas, Paul Payne, Tom Melton and Walter Cooper. The Tigers will have their top two scorers--Lloyd Kitten and Whitfield back next season.

The Denver City JV won a close 47-40 contest over the Tiger junior varsity in the curtain-raiser Friday. The visitors led at halftime by 21-16. Jim Melton and Steve Nieman scored 11 points each to lead Slaton.

Track Workouts Underway Here

Track workouts are underway at Slaton High School under the guidance of Coach Doc Mize, with the first competition scheduled Feb. 27 in the Brownfield Track Meet.

Coach Mize is in his first season as Tiger track coach, replacing Gene Franklin who left Slaton last year. Only four lettermen return to the team--Bruce Schuette, Donnie Rogers, Dub Simmons and Glen Akin.

Mize reported that more boys are working out this season, with some 25 candidates for the varsity team.

An incomplete list of the candidates include Randy Davis, Jackie Ford, Frank Self, Joe Johnson, Johnny Hernandez, Willie Freeman, Brad Winchester, Albert Alfaro, Brad Lamb, Ismael Ledesma, Benny Lopez, Tony Martin, Mike Speer, Ollie Rainwater, Freddie Rainwater, Richard Zapata, Steve Nieman, Ron Bartley, Darrell Eastman.

Volleyball Tournament Set March 8-13

The annual volleyball tournament sponsored by the Slaton Classroom Teachers has been set for March 8, 9, 11, 12 and 13, according to Mrs. Pat Wright. She reported that a tournament had been planned at Wilson at that time, but was informed its date would be changed.

Teams are invited to enter the tournament by writing Mrs. Pat Wright, 1380 W. Lynn, Slaton. Entry deadline is March 2.

Proceeds from the tournament will be used for two deserving students who plan to become teachers.

Boosters Sponsor Game, Auction

Roosevelt Booster Club will sponsor a basketball game Friday night between the RRS senior boys and coaches and outsiders. Play will begin at 7:30 p.m. in the school gym. Following the game, a cake auction will be held, and proceeds from both events will go towards improving the football field parking lot.

Everyone is urged to attend and help on this much needed project.

"I REMEMBER" BY THE OLD TIMER

My father went to the gin in a wagon pulled by mules--about 3 miles each way--and my brother and I would go with him. It was a treat for us--like kids going to Disneyland today. After the bale was ginned, father usually sold the cottonseed and, coming home, we stopped at a small country store where father bought us bananas and cracker barrel cheese.

My mother would go to town to shop once a month at the most and my brother and I waited for our treats -- saltines and corn flakes.

SHOWS CHAMPION--Dick Davis showed the Reserve Champion Poland at the El Paso Fat Stock Show last weekend and was presented with banner he is holding. He received \$1.05 per pound for his champion. Other boys placing third or above received approximately 60 cents per pound.

(SLATONITE PHOTO)

I used to put cotton leaves (sprinkled with water) in my straw hat when I went to the field to keep out some of the ole hot burning sun.

I would lay on freshly picked cotton in the wagon and look up at a sky full of stars and a full moon--no pollution, and that was a wonderful sight.

FFA OFFICERS---The Slaton FFA officers are pictured above with their sweetheart, Susan Hopper. Officers are, left to right, Bradley Kitten, president; Frank Self, vice-president; back row, Bernard Kitten, secretary; Alan Fondy, treasurer; Bobby Hopper, sentinel; and Paul Martin, reporter.

Slaton FFA Chapter Busy With Stock Shows

The week of Feb. 20-27 has been proclaimed as Future Farmers of America Week in Texas by Gov. Preston Smith, and Slaton and area schools can well be proud of the young men "involved in America's future" through their work in FFA chapters.

Don Mitchell and Paul Johnson are the capable vocational agriculture teachers and FFA sponsors at Slaton High School. The Slaton FFA chapter has been busy engaged in land judging and livestock judging and shows in recent weeks.

Several of the members have just returned from the El Paso Livestock Show, with good results, and Mitchell was in San Antonio this week with six members of the chapter. These include David Brake, David Gossett, Rodney Simmons, Randy Green, Bruce Jones and Mike Busby.

The Slaton chapter has tentatively scheduled the annual Slaton Junior Stock Show for Feb. 27, it was announced this week by Johnson.

Officers of the Slaton FFA chapter include Bradley Kitten, president; Frank Self, vice-president; Alan Fondy, treasurer; Bernard Kitten, secretary; Bobby Hopper, sentinel; Paul Martin, reporter. Sweetheart of the chapter is Susan Hopper. The FFA is an educational,

non-profit, non-political youth organization of voluntary membership, designed to develop agricultural leadership, character, thrift, scholarship, cooperation, citizenship, and patriotism.

One of the requirements for membership is that the students must be enrolled in high school vocational agriculture. In these vocational ag classes, students are provided an opportunity to secure technical and scientific training in all phases of agriculture.

The FFA strives to furnish well-trained leaders and citizens for responsible positions in agricultural business and industry, professional agricultural work, farming, and ranching. Presently Texas high schools are offering vocational agriculture classes in production agriculture, agricultural mechanics, horticulture, meat processing, forestry, and other off-farm agricultural programs.

FUTURE FARMERS PRACTICE THESE:

Trend Toward Lower Ag Prices Noted For 1970

Texas calves brought cattlemen in the state \$32.80 cwt. less in Dec. 1970 than they did in the same month of 1969, reports Dr. Ed Uvacek, Extension Livestock marketing specialist.

This comparison is just the opposite of what happened in the nation as a whole. U.S. calves rose to a level of \$32.80 cwt. in Dec. 1970, while Texas calves brought \$31.50 cwt.

Dr. Uvacek indicated that this opposite price movement probably has altered the cash receipts of Texas cattle producers.

He commented that for the most part these same types of commodity-price relationships existed for the nation as a whole.

To Future Farmers, Our Thanks...

Future Farmers of America, we salute you... with thanks for all you are doing to aid agriculture in this area... and to promote the conservation of our farm resources. For the future, our hopes are high... because we know that our local FFA members are building agricultural leadership that will serve us well. Congratulations on your achievements.

SHS Girls Win BiDistrict, In Region Meet At Lubbock

EDITORIALS

Friends,
Hello, I am a new student at SHS. I moved here from wherever it may be, Texas. I don't guess you've noticed me yet because you never speak to me or make me feel at home. I'm sorry I'm not good enough to be talked to or asked to go places or shown around. That's fine; just go do what you want, and talk about me behind my back.
In the mornings before the bell rings, I like being pushed around and hit at; and I especially like those names I get called. I guess it's easy for you and all your friends to gang up when there are about 10 against one. You probably have never been in my place.
Just because I don't own a car or even have a car in the family, you laugh at my transportation to school.
Well, if you ever think of someone besides yourself, come try me. I'd like to have a friend.
See you around in the halls. (Hope you see me.)
Sincerely,
A new student

An Interview With Our Newest Teacher

BY NEDRA MOSELEY

The new commercial teacher at Slaton High School is Mrs. Jo Morris. She claims she is related to the choir director, John Morris.
If you don't take Typing I or II or bookkeeping, you may not have met Mrs. Morris. She is 5 feet 1 inch tall with brown eyes and hair. Because she is from Roseburg, Ore., she has a slightly different accent from the West Texans.
In high school, Mrs. Morris belonged to Rally Squad, Girls League, Junior Community Aides, and Girls' Drum and Bugle Corps. At Abilene Christian College, she took part in social club activities.
"I like people, and I enjoy helping young people to become

mature adults," was her reply when asked why she wanted to be a commercial teacher.
Pomona, Cal. is where Mrs. Morris taught as a business teacher before coming to Slaton.
Blue, like her husband's eyes, is her favorite color. She considers lobster her favorite food and her husband, John, her favorite person. Other favorites are car - Toronado, singer - Andy Williams, and group - Sandpipers. Mrs. Morris enjoys outdoor sports, sewing, cooking, and reading.
Mrs. Morris was asked what she would change in the world and she replied, "I would try to bring peace and happiness to our own country and quit sending our young men to die overseas."

Carol Mosser Is DE Winner

Carol Mosser, a senior student at SHS, won at the DECA Area Contest in Odessa, Saturday, Feb. 6. Carol won first place in window display. Carol will now go to the Ft. Worth DECA State Contest on Mar. 4-6.

Sandy Brush was second runner-up in job interview, and Teddy Kidd was second runner-up in public speaking.
W. O. Harrell, teacher-coordinator, selected three other students to attend the three-day meet at Ft. Worth. They include Sandy Brush, Teddy Kidd, and Sherrell Wilson. They will serve as delegates from Slaton High School.

'MISS COTTON' CONTEST OPEN TO JUNIORS, SENIORS

Slaton High School junior and senior girls are now preparing to enter the Miss Cotton of Lubbock County contest which will be held Monday, Mar. 15, at 7:30 p.m. in the Idalou High School Auditorium.
The entrants need not be connected with cotton farming or trade, but they must live in Lubbock County. They must be a junior or senior in high school, and unmarried.
Contestants will be judged on beauty, general appearance and posture, poise and personality. Miss Cotton will receive \$100 from the Cotton Club to be used toward expenses on the trip to the State Contest in Dallas at State Fair time, in which she will compete for the title of Miss Cotton of Texas, a scholarship and numerous other prizes.
Contestants will model two

cotton outfits. A cotton formal may be purchased or ready-made of any color or style. A cotton sports outfit (no bathing suits) may be ready-made or sewn for the contest. Clothes suitable for church or dress occasions would not be considered sports outfit. As long as the garment itself is made of cotton, a small amount of trim of another fiber will be acceptable. Accessories which will be selected to compliment the garment need not necessarily be cotton.
Entry blanks for the contest may be acquired from the Slaton High School office and must be returned by Mar. 6.

FOR HOMEMAKER AWARD Vardell Is Named

SHS's 1971 Betty Crocker Homemaker of Tomorrow is Theresa Vardell, daughter of Mr. and Mrs. L. W. Vardell.
Having been selected for her performance in a written knowledge and attitude examination that all senior girls were given Dec. 1, Theresa will receive a specially designed award from the General Mills, sponsor of the annual education program. In addition, she is now eligible for state and national honors which includes one of 102 college scholarships totaling \$110,000.
The national first-place winner, 1971 Betty Crocker All-American Homemaker of Tomorrow, will receive a \$5,000 educational grant. She will be chosen this spring from 51 Homemakers of Tomorrow representing each state and the District of Columbia at the end of an expense - paid educational tour of Washington, D.C., and Colonial Williamsburg, Va.

Each of the state winners will be accompanied on this tour by a school adviser. The second-place national winner will be awarded \$4,000; third-place winner - \$3,000; and fourth-place winner - \$2,000 scholarships. The other State Homemakers of Tomorrow will receive \$1,500 grants.
The program was started to emphasize the importance of homemaking as a career. This year's enrollment of 650,000 senior girls brings total participation since the start of the program to almost seven and three-quarters million.
Besides being a candidate for the 1971 Betty Crocker All-American Homemaker of Tomorrow, Theresa has taken part in Homemaking three years, FHA three years, National Honor Society two years, and Choir one year.

THERESA VARDELL

Roundball Roundup

By Irma Tiger

In this day and age when the Apollo has been to the moon and come back safely to earth, and heart transplants are as common as a tonsillectomy, there is still a small town in West Texas where wonders never cease. This small town, McAadoo, was holding a freshman tournament the weekend of Feb. 4-6. The Slaton Freshman Tigers downed Spur, 46-42, and went toward first place.
In second round action they were defeated by Crosbyton, 48-30. In the Spur game Greg Sokora scored 17 points, and in the Crosbyton game Greg Parks scored 9. Sokora was picked on the all tournament team. Congratulations go to Greg and to all the freshmen on their second place trophy. Greg Parks and Greg Sokora both scored 129 points for the season to lead the "Fish" in scoring.

Box Lunch Auction Set

Congratulations to the Freshman Tigerettes on their district championship and for beating the Petersburg Freshmen, 52-43. These girls hadn't lost a game in two years till they played Slaton. Jan Davis popped in 31 points. They also downed Post in their last district game, 50-33. Such a wonder there weren't any broken bones or injuries from this game. Davis again led with 31 points.
In the McAadoo Tournament action, they defeated Abernathy, 59-25. Davis -- 21. Crosbyton got the best of them in second round action, 38-39. Davis --

Home Makes Plans For Auction

Administrator, who came to our home. We want to be happy. I also want to go to Rev. Verne now at Lakeview in Lubbock. I want to thank Mrs. Verne for the kits she gave me. I will be up at auction and I will be with people like their concern. I will be with people like their concern. I will be with people like their concern.

We want to thank Doyce Fields for taking pictures for us. This is important to us as we keep an album. Wednesday was Bingo Day and is always a day our residents look forward to. It is sponsored by the Ladies Auxiliary and the prizes this month were homemade cookies. The black-out prize was a large box of Valentine candy and Daisy O'Conner was the winner. As you probably know, almost everyone that plays wins a prize.

Our thanks goes to Charlene Webb and Gladys Brock for coming the first Sunday to sing. These girls are wonderful. Also our thanks to the preachers who come for our Sunday services and Bible classes.

Mrs. Joe Fondy Hostesses Class Meeting

The Mary Martha Sunday School Class of the First Baptist Church met last Thursday evening in the home of Mrs. Joe Fondy.

The group was entertained by Mrs. Fondy's daughter, LuAnn, and Greg and Melanie Parks. Greg gave his testimony and the girls sang, accompanied by Melanie with her guitar. Following the program, the class members each gave a prayer.

Those attending were Mrs. J. P. Halliburton, teacher, Mrs. Ed Moseley, president, Mmes. Elford Stricklin, R. F. Milliken, R. O. Moore, Speedy Nieman, Glen Akin, Earl Bartley, Harley Martin, Lindol Beard, and Brannon Busby.

JUST A SMILE
A smile is something unusual. It is difficult to give a smile, even to a total stranger, without getting it right back in return. You can light up a room with a smile. Try it sometime. It usually works. It's easy, of course, to smile when you're happy. It isn't difficult to be generous with the world when the sun shines on everything you do.

The smile comes harder when you're down and out, when you've lost the game or the race. But you can turn it on if you try—and you'll feel much better if you make the effort.

It takes courage to make the smile a permanent part of your personality. You can't always win. People are certain to disappoint you from time to time. But, if you can force that smile, if you can make it real, you're bouncing back for another look at the sunshine.

The Austinites

(Written by students at Stephen F. Austin Elementary)

Steve Evans, a fourth grader, made a tour at the Tech Museum last weekend. He reported that the boys and girls have a treat in store when they visit the museum in March. The Valentine parties were enjoyed by all the fourth and fifth graders, and the teachers, too. By the number of candy boxes, if the contents were consumed, somebody is going to be fatter.

Everyone is busy getting ready for Public School Week the first week in March. Pam Ford missed two days of school. This is the first time she has missed all year. The children in her room were real concerned about her as she is one of their favorite classmates.

Roxanne McDonald, former pupil, visited in Slaton Sunday. She now lives in Hereford. Dorothy Payne's little sister was burned in the bath tub last Saturday by hot water.

Bobby Townsend's father brought home about 50 pounds of bass and catfish he caught out of the Rio Grande River last Thursday and Friday. Shirley Raub moved to Lubbock Friday.

Sharon Stafford visited her grandmother in Brownfield last weekend. She also accompanied her father to Tahoka on a business trip.

The Girl Scouts are going to Lubbock to see the Globe Trotters. Shell Wallace visited her grandmothers at Spur and Idaho over the weekend.

Cindy Lacy visited in Lubbock recently. Rene Hawley attended the funeral of her uncle in Goree, Tex. Monday.

Mike Quijada attended the funeral of his uncle Domingo Pacheco Tuesday at 2 p.m. in Slaton.

Edite Eakin plans to see the Globe Trotters Wednesday night. Thanks from Peggy Alsbaugh: "We are thankful we live in a country where we are privileged to attend good public schools."

Margo Rivera visited her brother Ray, at the Lubbock State School Sunday. Jenee Jensen visited her cousin in Fort Stockton over the weekend.

Mr. McGee of Austin, who was an uncle of John Locke's, died Sunday. The children in Mr. Gunnels room are studying India and Egypt. They have been very interested in making salt maps of these countries. Daryl Piwonka is their new classmate and they are very happy he has joined their group.

Mrs. Edwards Hostess To Mexico Circle

The Mexico Circle of the First United Methodist Church met in the home of Mrs. J. S. Edwards Monday at 2 p.m. The meeting was opened with the reading of Psalm 19:14, followed by prayer led by Mrs. Nan Tudor.

The youth became Lubbock County's seventh traffic fatality of the year about 1:30 a.m. Sunday when he was killed in a one car turnover about a mile east of Quirt Avenue on CR 72.

Investigators said the vehicle was traveling east on County Road 72 when Pacheco attempted a sharp left turn and struck the soft shoulder of the pavement, overturning the car.

Manuel Sanchez, 54, of Slaton, a passenger in the auto, was taken to St. Mary of the Plains Hospital where he was treated and released.

Pacheco, a lifetime resident of Slaton, was employed by R.C. Young Feed and Grain Co. of Lubbock.

Keep It Charged
It's important to keep your car or truck on the go by operating it enough to keep the battery charged, especially during cold winter months. It takes your car at least three miles of driving to recharge the battery after starting on a cold morning.

Card of Thanks
We would like to express our heartfelt thanks to everyone for their many expressions of sympathy during our bereavement. The beautiful floral offerings, food, cards, and prayers will always be remembered.

"To lead a life worthy of the Lord, fully pleasing to him, bearing fruit in every good work and increasing in the knowledge of God."
—Colossians 1:10

What kind of life is pleasing to God? The answer certainly must be a life of purpose, one that bears fruit "in every good work." Such a life need not be one of complete dedication, but somewhat free of idle detours and careless roaming after the pleasures of life. Does God expect us to be a saint? Of course not. God knows that we are not perfect and that our footsteps may stray, or falter. What God does ask is that we persevere, that we seek the right pathway, measuring our steps to the dictates of conscience and faith.
