Rain, Gusty Winds Accompany New Cold Front

A new cold front, accompanied by gusty winds Tuesday, moved across the South Plains Monday and Tuesday -- leaving about .40 of an inch of moisture in thundershowers for the two days.

The Maximum temperature reached only 66 degrees Tuesday as chilly winds gusted up to 50 miles an hour. The low reading Wednesday morning fell to only 46 degrees, however. Under clear and sunny skies Wednesday, the mercury was expected to climb to the middle 70's.

Heaviest rain fell Monday night, coming down in sheets for about 10 to 15 minutes. The storm covered a wide area but rain was lighter to the south and east of Slaton. Light showers fell over much of the area Tuesday morning, followed by the high winds.

A drastic drop of temperatures is predicted by the National Weather Service later this week when an arctic front now moving down from Canada hits the area.

The high winds and wet weather have caused light damage to cotton, with hail in some areas causing more of a problem. More warm, dry weather is needed for cotton crop maturity, but grains are doing well, according to a report from an area agronomist. Extensive defoliation of cotton is reported in storm areas, he added.

High reading the past week in Slaton was 76 degrees recorded at the Pioneer Natural Gas Co. office Monday. Low for the week was a 40-degree reading last Thursday

School Loses Bid for More ESAP Funding

The Slaton School District's application for funding under the Emergency Assistance Program (ESAP) has been rejected, it was learned Tuesday by Supt. J. C. McClesky.

While the request was denied, the action will not affect the school system's present program, McClesky pointed out.

In a telegram from the Department of Health, Education and Welfare, the school was notified that the request was denied "since the applications for funds were far in excess of the total amount available." A bill is currently before Congress for additional funds, but it may not win the favor of lawmakers. On the current requests for ESAP funds, schools which are under court order for desegregation drew top priority. The ESAP funds are to assist schools in coping with problems that arise from desegregation.

The Slaton School District had requested funds in the amount of \$209,560. The total included additional teacher aides, a tutoring program, counseling, visiting teachers, and other factors in an "enrichment" program.

BEWITCHING HOUR?--The change from Daylight Savings Time back to Central Standard occurs on Halloween this year, and West Ward teacher Marguerite Biffle poses as our witch in this photo to illustrate the point. The time officially changes

Tigers Tackle Tahoka In Quest of Third Win

The Slaton Tigers, bruised and unhappy from a 21-14 loss to the tough Idalou Wildcats last week, will try to hit the victory trail again this week when they travel to Tahoka for a 4-AA clash with the scrappy Bulldogs. Kickoff time is 7:30

ABE Program

An Adult Basic Education program (ABE), which is free to the public, will begin Tuesday, Nov. 2 at 7:30 p.m. Classes will be held each Tuesday and Thursday night from 7:30 to 9:30 p.m. in Stephen F. Austin Elementary School.

Teachers for the program will be Mrs. Ella Rae Gipson, Lynn Dodson and Manuel Rodriguez. Anyone interested is welcome to attend.

p.m. Friday in Tahoka.

Both teams are 2-2 in the district race and the surprising Bulldogs have a 5-2 record for the season. Tahoka knocked off Denver City, 10-0, and downed Post, 18-2, for their two league wins. The Bulldogs lost to Idalou by 14-7 and to Frenship, 14-6.

On the basis of comparative scores, the game will probably be rated as a "toss-up" by sports observers. Coach Ernie Davis said Tahoka will be "the first team we've faced this year that is about our size."

Slaton, however, will be at its poorest physical condition

Steve Bourn Scholarship Funds Sought

With hopes of increasing the amount of the award, members of the Steve Bourn Scholarship committee this week reminded citizens that contributions to the fund are being accepted at Citizens State Bank.

The fund was established a year ago after the tragic death of Steve Bourn, outstanding freshman athlete and student, who was injured in a football game.

J. C. McClesky, chairman of the scholarship board, announced that donations to the fund can be made at CSL Terry Mosser, first recipient of the Bourn Scholarship, is now a student at Texas Tech.

of the season. Davis said "it is questionable whether two of our starters will be ready." Ron Bartley, leading rusher and standout linebacker, was held out of contact early this week with a painful bruise. "We may not know until Thursday whether he can see action," the coach said.

Davis said it was "very doubtful" if defensive tackle Dwayne Buskemper would even see action. He sustained a sprained ankle in the Idalou tilt and it has been slow healing.

Halfback Tony Martin (150 Sr.) will likely open at halfback in place of Bartley, and Tommy Walters (150 Sr.) may start at the linebacker's spot. Tommy Taylor (165 Sr.) will probably draw the assignment at defensive tackle in place of Buskemper. Halfback Jackie Ford bruised a shoulder in the last game, but may be ready for action.

The rest of the lineup will be about the same as for the past three games. Offensively, that would be Steve Nienman, Ken Schuette, and Randy Davis in the backfield; Brad Lamb and Leslie Melcher at ends, Brad Winchester and Bobby Hopper at tackles, Steve Mosser and Stan Jaynes at guards, and Mike Speer at center. Moving in on defense are Darrell Eastman, Lloyd Kitten and Rodney Simmons in the defensive secondary, and Gary Dillard on the line.

Hospital Group To Get Revised Cost Estimate

Following a conference with State Department of Health officials in Austin, the Slaton Hospital Memorial Foundation is now awaiting a revised cost estimate on necessary repairs and modernization at Mercy Hospital.

Bill Sewell, chairman of the Foundation board, said the architects are preparing a revision of the costs involved in bringing the hospital up to required standards. The revised estimates are due sometime this week.

At the meeting in Austin, the board received a list of priorities on the repairs and modernization needed at the hospital. As soon as the costs are determined, said Sewell, the foundation will "actively begin its campaign for funds."

The foundation board was set up, at the request of the Sisters of Mercy, to provide a community non-profit organization to assume operation of the hospital. As soon as all details are completed, the Sisters plan to transfer the hospital facility to the Memorial Foundation, at no cost.

Williams Wins Grid Contest

Pete Williams picked all but two of the winning teams in the 23 games listed on the Slatonite Football Contest page last week, capturing the first-place prize of \$10 and becoming the first winner to repeat this year.

Williams missed only the Slaton-Idalou game and the Wilson-Ropes tie game. He hit the total score of the Slaton-Idalou game right on the "nose", 35 points.

Eleven entrants missed just four of the games, and Glen Akin and Regina Williams were just one point off the tie-breaker total to share the second and third - place money. They will receive \$3.50 each. Akin had 34 points and Regina, daughter of Pete, guessed 36 on the total score.

Others who missed only four games were Jan Davis, William Jones, Coy Evans, Earl Bartley, Kimmy Cooper, Mike Tumlinson, Chris Williams, Weldon Mize and Larry Gamble. Another 18 entrants missed 5 of the games, while a total of 46 missed just 6 games.

Join in the fun--you could be a cash winner this week! Turn to the football contest page and follow the easy rules, and turn in the entry by 5 p.m. Friday.

Pig Sale Opens New Show Barn

The annual Slaton Pig Sale Tuesday night was a "big success", according to local officials, with total sales amounting to some \$6,000 on 169 head.

The event also served to initiate the use of the new Community Service Building, erected on 20th street under leadership of the ag committee of Slaton Chamber of Commerce.

The sale drew a large crowd, with buyers coming from all around the area and as far away as Oklahoma to purchase show barrows. Coy Biggs served as auctioneer for the show, with Don Mitchell and Paul Johnson, local ag teachers, helping to direct the sale.

In judging before the sale, a Hampshire owned by Jimmy Christie was named grand champion, and Clay Mitchell showed the reserve champion -- a Chester. The barrows sold for \$115 and \$75.

Judge Shaw Named As Nov. 11 Speaker

County Judge Rod Shaw will be featured speaker for the annual Veterans Day Celebration in Slaton, it was announced this week by Jim Newhouse, chairman of the program committee.

The event is scheduled Nov. 11 with a traditional parade and Veterans Day address on the program. The observance is co-sponsored by the local American Legion and VFW posts, along with Slaton Chamber of Commerce.

Three cash awards of \$150, \$100 and \$50 will be offered for winning floats in the parade. Anyone desiring to enter a float in the parade should contact the C of C office. It was previously announced that a band contest would be held in the parade, but this has been cancelled due to the lack of entries.

Full information on the parade route and time of the main address will be announced next week.

Judge Shaw has served as county judge since 1964, being re-elected twice without opposition. He is a graduate of Texas Tech and the SMU School of Law, practicing as an attorney since 1949.

"Woman's Whirl" would like to pay a special teacher at Slaton High School this week. This teacher goes unnoticed by most adults at the ballgame nights, but is about as consistent in attendance as themselves.

She has only missed two Slaton football games both when we played Post. She possibly could be a loyal fan the Slaton Tigers have. We've never criticized the boys or coaches. She's always being percent.

Not only is she for the team, she has also served as a cheerleader sponsor since 1955. The "extras". She teaches a full schedule at SHS, also. Slaton fans, parents, cheerleaders, students and "THANK YOU", Audean Nowell! You're really and we love you.

Time is drawing near for the big benefit show to be staged at the SHS Auditorium Saturday night. "Agan and His Country Gospel Singers" are donating to help raise money for a track for Slaton students. This would be the biggest thanks this trio could give their precious time. and we hope they have it. I can think of no other project in Slaton that many children for as long a time as a track where a few adults might even start jogging if they had a chance.

With the weather turning cooler this week, a big sure does sound good. One of my friends loaned me for chili to me and I thought you might like to have some.

CHILI

- 2 lbs. ground chuck
 - 1 C flour
 - 2 T chili blend
 - 2 onions
 - 3 cloves garlic
 - salt and pepper
 - 3/4 to 1 can (46 oz) tomato juice

- Time is drawing near for organizations planning a float in the Veterans Day parade set for Nov. 11. One group of women spent all Tuesday working on their float. With prizes of \$150, \$100 and \$50 we anticipate a good show of floats.

- An impressive ceremony was held at Slaton Wednesday night in the National Home. Members of the organization have the Daughter Study Club to thank for membership pins to be worn in recognition of this fine honor.
- The program wasn't all as I had expected. A committee of students to come up with something. And, that's exactly what they did. With Randy Barent, serving as the Judge, they conducted the first jury trial.

- Some north woods sportsmen use a homemade insect repellent they claim keeps away the most ferocious mosquitoes. They blend onions, peppers, and garlic into a thick paste and apply it liberally to the neck and face. It keeps other people away, too.

The Spring fashion trend is definitely cotton and cotton blends. Dallas market showrooms were alive with bright printed cottons. Full petticoats with ruffled flounces are in for the juniors. This look will be smart and sassy, and very popular with the young set.

The Classic suit look for the missy is making its way into the foreground. Designers are busy introducing a new two piece winner for '72. The coat and dress costume for Easter will be worn by fashion conscious consumers.

We brought back a beautiful assortment of fabrics in polys, cottons and blends. Be sure and come in and check out our colorful array of piece goods.

Several new lines will be found here in our shop for the Spring season, such as Peter Thousand, which is a new junior line, and Smart Modes, a coat and suit line. Be sure and check them out.

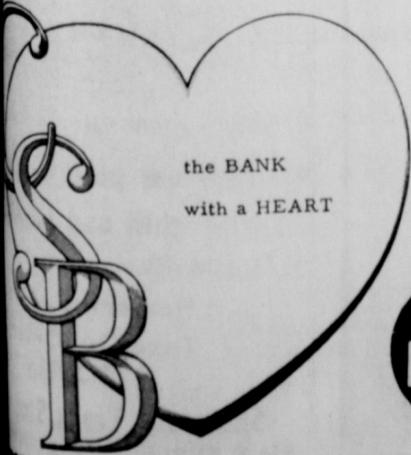

See you on the corner.

Nursing Home News

BY BOBBIE HOGUE

Here it is time again for news from our Nursing Home. You don't realize a week passes so fast until you start writing a weekly column.

Mrs. Bobbie Greer was out of town for a few days last week and returned over the weekend. New faces at the home this week are Mrs. Lena Behrend of Wilson and Mr. Gonzales of Southland. Mrs. Ester Robinson of Woodrow got to return to her home last week. We will miss her.

Mrs. Stevenson is in the hospital, but we hope she will be back with us soon, and we wish her a speedy recovery.

Our thanks go to Mrs. Marie Kiesel for stamps. She also brought us an egg carton pattern waste basket that we are making in crafts. Whoever thought of old egg cartons turning into beautiful waste baskets. You should see one of our men sewing on these!

Roosevelt Gentry is loaning us some of his record albums, including beautiful poetry and hymns. If you have never heard Roosevelt recite those poems that he loves so well, you have really missed a blessing.

We want to thank those ladies who sent jewelry for our bingo prizes last week. We are also starting items in crafts in which we need some old beads or jewelry. So if you cleanout your jewelry box, don't throw that good stuff away. Bring it by the home.

We are having a little "clean-up campaign" around here, and are getting the yard cleaned up and the shrubs trimmed.

The birthday party honoring the October birthdays was a great success last week. The Ladies Auxiliary is doing a wonderful thing.

The poem we had in last week has drawn much attention. Its author is unknown, and I got a copy from my sister in Phoenix, Ariz.

I had the day off Monday and my family and I spent the day in Amarillo. My son, Curtis Dale Hogue, flew in from San Diego for the week-end. We had a short but wonderful visit. Curtis is in the Navy Air Force, and is going out to sea again soon. He is well known out here, as he played in the band with Johnny Flanagan and Mac Mosely, and has spent many hours entertaining here.

That's all for today. "When you are looking for faults -- use a mirror!"

Kimberly Dawn (Kimmie) and Tammie Renee, daughters of Mr. and Mrs. Bob Mohon of Slaton, celebrated their third birthdays Oct. 21 with a party in their home. The twins were born in Mercy Hospital in 1968, and have two brothers, Bobby and Jamie, and a sister, Cindi. (STAFF PHOTOS)

Hurray! Our 7th and 8th grade football teams are still undefeated and are taking on Tahoka this week.

A basketball scrimmage is scheduled for today (Thursday) with the girls from St. Joseph's school taking on the 7th grade girls. The 8th grade girls will play their first game Nov. 1. All the kids are looking forward to the first basketball games.

The girls who made the high school band this year went to Dallas last week to play in the Cotton Bowl, but were rained out. Oh well, maybe next year!

The 8th grade language arts classes have started their 100 lines of poetry with the first poem being "Autumn Leaves". They have also been reading the Vantage Point from every day's Avalanche Journal newspaper.

Mrs. Berkeley's 6th grade language arts classes have been studying about insects. Mrs. Gipson's students have been planning some experiments in science. Many things are being planned now that Halloween is near.

Everyone would also like to thank the pep squad and cheerleaders for the posters they make for all the football games. They help the boys along.

BEST THEMES

The five best Fire Prevention themes from the eighth grade were written by: Terri Holland, Sonya Burton, Donnea Sikes, Raynie Hardesty, and Michael Taylor.

ITEM: The "buy now - pay later" concept is moving into one of the few areas which, until now, has remained much on a cash basis. Credit cards for food shopping are being used by a number of food stores.

Mr. and Mrs. Sid Stengel of Plano were here over the week-end visiting with her parents, Mr. and Mrs. E. L. Brosch. They attended the Louis Brosch funeral on Saturday.

Accent on Health

Back in 1915, the Texas Health Department became the instrument for enforcement of the McNealus Anti-Pollution Act. That act was designed to "preserve the purity of our water supplies". Today Texas has more sewage treatment plants than any other state and ranks at the top in total number of public drinking water supplies.

Drinking water supplies serving communities, common carriers, food processing plants and parks are subject to thorough inspection of health officials. Plans for new systems as well as improvements and expansion of existing systems are reviewed for health hazards and compliance with Health Department rules and regulations. Water utility operators are examined by the Health Department and, where qualified, are issued a certificate of competency.

"The quantity and quality of drinking water in Texas is in excellent condition, at least for the moment," says C. K. Foster, Director of Sanitary Engineering Division of the Texas Health Department. "It's in much better condition now than 10 to 15 years ago, due to expansion and extension of facilities, and public awareness."

In Texas every community with a population of 10,000 or more now has an approved public water supply system, as do many smaller communities. Travelers may have noticed that some communities have

a sign posted at their city limits announcing that their municipal water supply has been approved by the State Health Department. This sign indicates that the water supply does more than meet the minimum requirements of a public water supply and State Health Department regulations.

Today there are some 450 public water supplies across the state that have been approved by the State Health Department and certified as meeting high environmental health protection standards. Health officials say these systems serve approximately 90 percent of the population of Texas. They have achieved what amounts to a blue ribbon award for health protection and excellence. These 450 systems, while serving most of the population, represent only a small portion of the approximately 3,000 public water systems in Texas. The remainder are generally in accordance with the minimum standards set by the State Health Department.

ITEM: Soon to make its debut in America is a new type food store, developed in Europe, that allows the shopper to select items by push button. It's similar to an automat cafeteria. Items are automatically retrieved and delivered at receiving doors, and an automatic retailing machine collects the money.

The width of United States ships is determined by the Panama Canal, and the height by the Brooklyn Bridge.

From Mrs. Emma Fehrs, Woodhaven, N.Y.: I remember when we went to school, and girls had to wear pinafores and had to pin a hanky on their dress or they got a demerit.

Long black stockings of cotton or wool knit, high laced or buttoned shoes - these are some of the things I remember.

Infants wore shoes with braces to keep the ankle strong, and a heavy silk veil was placed over the baby's face, so that it would not get a draft.

I miss the crystal designs on the window panes when the steam from the kettle on the big old stove reached them when it was cold outside.

Lamp chimneys were cleaned weekly with newspaper - they claimed the print ink did the job.

The stove was polished Saturday nights and there was always a two cent bundle of wood to start the fire.

New Years Eve the family always stayed up to see in the new year. When we were young, we were told we couldn't stay up to watch the new year come in, because no one knew what the future held for us.

Holiday seasons bring back memories: Lighting the candles on the Christmas tree with a bucket of water nearby in case of fire, and the aroma of the yeast doughnuts homemade at Easter.

Roosevelt Remains Unbeaten in 4-AA

The Roosevelt Eagles took a giant stride toward the District 4-AA grid title Friday night, scoring a 20-7 victory over the Frenship Tigers.

The Eagles are 4-0 in the district race and have already defeated Idalou, the second-place team with a 3-1 record. Roosevelt takes on winless Ralls this Friday.

Ricky Hightower filled in at quarterback in decisive fashion for the Eagles, scoring one touchdown and passing to David Vasquez for the other two in the Roosevelt triumph. Hightower took over for regular Don Jackson, sidelined last week with a dislocated elbow.

After a scoreless first quarter, Hightower got things soaring for the Eagles in the second stanza by scampering 18 yards for a touchdown. Jim Matsler's kick made it 7-0.

Roosevelt came back in the third period to get a little

breathing room when High-tower connected with Vasquez on a 28-yard pass play for a score. In the same quarter, the duo combined again on a 42-yard scoring play as the Eagles moved out to a 20-0 lead.

Frenship's only score also came in the third period when quarterback Mike Wright connected with Roy Cuellar for a 60-yard touchdown play. Cuellar added the extra point.

Frenship had the edge in rushing yardage with 200, compared to 132 for Roosevelt. The Eagles had the passing edge, however, by 136 yards to the Tigers' 90.

Southland Gets First Victory

The Southland Eagles scored their first triumph of the season Friday night at Flower Grove, with 150-poundscatback Joe Eckert tallying eight touchdowns in leading the way to a 64-39 victory.

Eckert tallied on runs of 60, 20, 30, 30, 40, 17, 68 and 50 yards in the six-man gridgame. Halfback Joe Bevers got the other two Southland scores on pass interceptions.

Southland will close out its abbreviated season at home Friday night, taking on the undefeated Bula Bulldogs. There are only four teams in the league, and they played two games against each team.

Southland lost a 33-7 decision to Flower Grove in the team's first meeting. Coach Rod Callaway has only seven gridgers on his team. Joining Eckert and Bevers are quarterback Greg Lester, ends Jerry Winterrowd, Randy Thomas and Mark Bevers, and center Ray Garza.

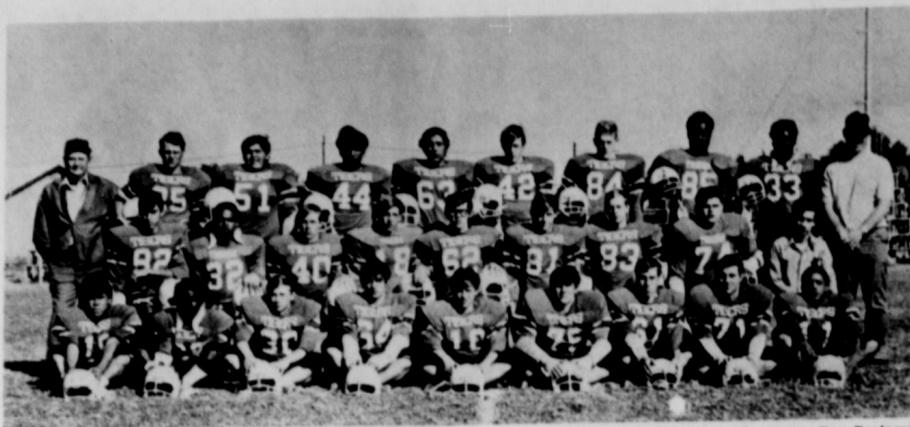

Wilson Girls Win 3 Games

Karla Moore led the Wilson varsity attack with 17 points. Jan Gatzki hit 12 and Terie Steen had 8. Starting guards were Brenda Crowson, Rene Kahlich and Donna Kitten.

Whiteface took the "B" game by a 16-12 count, Wilson won the other game by a 14-5 score, with Becky Vercamp and Charmon Mears leading the way.

Exotic Birds In West Texas

SAN ANGELO -- The Texas Parks and Wildlife Department recently released 300 Afghan white-winged pheasant in Terry County.

The release is a part of the long-range program of supplying a new bird for the hunter without interference or competition with native game bird numbers.

Hopefully, if the aliens establish themselves and reproduce, a new huntable species will be added to the growing list of desirable upland types available for hunters in the West Texas area.

PIRATES 2-0 IN DISTRICT

Cooper Tops Wink

The Cooper Pirates chalked up their second straight District 5-A victory at Wink Friday night, posting a 7-2 decision over the Wildcats.

It was a defensive battle between the two clubs, with the Pirates scoring in the first quarter and making it stand up for the winning touchdown. Wink got its only points in the fourth quarter when the ball was snapped over the Cooper punter's head and out of the end zone.

Bobby Caudle got the touchdown for Cooper as the Pirates won their sixth game of the season against only one loss. The Pirates travel to Jal, N.M. Friday night for a non-district game, with kickoff time set for 8 p.m.

Cooper registered 194 yards rushing and added 33 on one pass completion. Wink had 140 yards rushing and 29 passing.

Davis Seeking 10th Game For Tigers in '72

Slaton has already scheduled nine football games for next season, but the 10th one is hard to come by, according to Athletic Director Ernie Davis.

The Tigers will be in District 5-AA next season, and the district games were decided by a drawing last week in a meeting at Frenship High School.

Slaton will again meet Denver City in the first district contest, and the game will be at Denver City again. The remainder of the 5-AA slate: Post here, Roosevelt there, Tahoka here, Cooper here, open date, Frenship there.

Davis announced the first three non-district games will be the same as this year. The Tigers will play Brownfield there, Kermit here, and Littlefield there.

Davis is looking for another home game -- either on the fourth week of the season, or on the open date week during district play.

The district realignment announced by the University Interscholastic League resulted in Cooper being added to the area district, and Idalou and Ralls being moved to the new 4-AA league with Abernathy, Floydada, Lockney and Tulla.

Greg Sokora scored on a 60-yard pass play and George Whaley crashed over from 1 yard out to tally Slaton's touchdowns. Ray Basinger ran the all-important two-point conversions after each score.

Coach Bill Shaha cited tackles Bobby Breedlove and Thomas Heinrich for outstanding defensive play. Sokora, running his first game at quarterback, led the offense along with Whaley and Basinger.

Sokora moved to take a pass from Slaton was stopped by the goal-line play of the game, was off side, crashed over and B for two points to winning margin.

Older Hopes Dimmed As Idalou Scores 21-14 Decision

COURSE—Slaton's Rodney Simmons and Darrell Eastman (right) close on quarterback Bonnie Esquivel (10), and Gary Dillard (64) grabs a foot in action, while Slaton evened its record at 2-2. (PHOTO BY CRAIG NIEMAN)

Slaton's hopes of a district grid title were practically wiped out here Friday night by a hard-hitting Idalou team, as the Wildcats captured a close 21-14 victory and remained in contention for the 4-AA race. The Tigers missed a couple of scoring opportunities, and injuries to a couple of key players handicapped the defensive crew -- but mostly it was a case of a fine Wildcat line that spelled the difference. Idalou took a 7-0 lead in the second period, then Slaton tied it at 7-7 in the third quarter. Idalou tallied two close touchdowns in the third and fourth stanzas to take a 21-7 lead, then Slaton cut the gap to 21-14 with 3:06 left in the game. Slaton's scores came on a 3-yard run by Randy Davis in the third period, and a 2-yard plunge by Ken Schuette in the final quarter. Idalou took the lead on a 52-yard run by end Randy Nettles; went into the lead again, 14-7, on a 4-yard run by Jerry Franklin, and scored the clincher on a 3-yard run by Franklin.

To give the Tigers a total of 110 yards passing, Slaton had 167 rushing, compared to 225 for the Wildcats. Total yardage showed 296 for Idalou and 277 for Slaton. Each team recorded 16 first downs and four penetrations. Tiger Coach Ernie Davis credited Idalou with having "the best offense -- blocking line we've faced this season." He added that "the Tigers gave their very best effort -- we just met a fine team and they wound up on top."

Davis said the loss of Ron Bartley, who sustained a painful hip bruise early in the third period, was a factor in the game, "especially on defense," where his experience was missing. Tackle Dwayne Buxkemper was lost after the first quarter with a sprained ankle, and the defensive specialist had been in on six tackles in the first period, alone. Halfback Jackie Ford was also sidelined during the game with a bruised shoulder and couldn't fill in for Bartley on offense.

The win gave Idalou a 2-1 record in district play, but the loss was to league - leading Roosevelt. Slaton is now 2-2 in the 4-AA race.

The only score of the first half came in the second period when Nettles took off around the right side on an end-around play. The Tiger defense had him hemmed in, but he escaped a couple of tacklers and broke 52 yards for the score. Slaton almost tied the score before the half-time whistle stopped a drive. Quarterback Steve Nieman hit a key third-down pass to Leslie Melcher to set up a first down on the 17, then hit Davis on a pass to the 8. A motion penalty erased the last pass, however, and a half-back pass from Darrell Eastman to Nieman carried to the 7 as the half ended.

Slaton quickly drove 60 yards in six plays to tie the score in the third period. Davis set it up with a 42-yard scamper. Bartley was hurt on the play before the touchdown. Idalou put together two scoring drives, late in the third period and early in the fourth. Crucial third-down passes set up both scores, with the quarterback almost downed on the second drive.

Idalou won the toss to start the game and took the opening kickoff. The Wildcats chipped three first downs before Slaton forced a punt. Slaton started from its own 21 and got a first down, then the two teams traded the only "turnovers" of the night.

On a third-down play, Nieman fired a pass toward Lamb, but the receiver fell or was tripped, and Idalou's John Vineyard intercepted on the Wildcat 48. Four plays later, however, Dillard jarred the ball loose from Mojica, and Simmons recovered for the Tigers on the Slaton 17. Bartley picked up a first with a 24-yard scamper, but Idalou held when Slaton tried a 4th- and -3 play at the Wildcat 46. A run by Nieman was half a yard shy. The teams exchanged punts as the second quarter got underway, then Idalou started from its own 47.

After a gain of one yard, Nettles took a lateral on an

end-around play, moved around the right end and shook loose from about three would-be tacklers, then went all the way for a 52-yard touchdown run. Mojica's kick made it 0-7 with 8:01 left in the first half.

Slaton couldn't move after the kickoff, and the teams exchanged punts again before the Tigers cranked up a drive. Starting from their own 47, Davis and Bartley got 5, then Nieman hit Davis with an 8-yard pass for a first down. The Tigers then made 9 yards in three plays, and Nieman got 2 for a first down on the Idalou 29.

The Wildcats caught Nieman for a loss of 9 when trying to find a pass receiver but, after an incompletion, Nieman hit Melcher down the middle for a 21-yard advance and a first down on the 17. Nieman got 2, then the Tigers were penalized 5 for motion back to the 20. On the last play of the half, halfback Darrell Eastman hit Nieman with a pass that carried to Idalou 7.

Slaton appeared ready to take charge at the start of the second half. Bartley returned the kickoff 23 yards to the Tiger 40. Bartley hit for a couple, then Davis broke over right tackle, cut back and had to be chased down from behind on a 42-yard run that carried to the Idalou 15.

Bartley hit for 6, Davis got 1, and Bartley got 5 more for a first down on the 3. Then Davis rambled over for the touchdown and kicked the point to tie the game, 7-7, with 9:56 left in the third quarter. Bartley injured his hip on the play before the score, however, and tried to go only a few plays after that.

After the kickoff, the teams exchanged punts before Idalou launched another scoring drive. Starting from their own 37, the Wildcats used 11 plays to go the distance. Short gains by Mojica and two key pass plays for 11 and 20 yards sparked the drive. Esquivel set up the score with an 11-yard run on an option play, then Franklin barged over from the 4. Mojica's kick gave Idalou the lead, 14-7, with 2:14 left in the third period.

Slaton drove for one first down after the kickoff, then failed to make a first on a 4th-down try at the Idalou 36. Jordan burst up the middle for 12 yards to start another Wildcat drive. Three plays later, Esquivel hit Jordan with a 21-yard pass on a crucial third-down situation. The Tigers almost had the quarterback for a loss, but he got the pass off.

With a first down on the Tiger 24, Franklin quickly set up a scoring opportunity with a 21-yard ramble up the middle. Franklin followed with a 3-yard smash over right tackle for the score, and Mojica's kick made it 21-7 for Idalou, with 8:57 left in the game.

The Idalou kickoff went out of bounds, and Slaton took the play on its own 39. The Tigers then put on a good drive, only to be stopped inches short of a first down at the Idalou 5.

On the first play following the kickoff, halfback Eastman took a lateral pass from Nieman, then fired a long toss to Melcher about the Idalou 10. It almost went for a touchdown, but an Idalou defender barely tipped the pass away. Davis put together a pair of 8-yard runs to start the drive moving, however.

Nieman connected with Martin on the sideline for a 17-yard gain to the Idalou 29. After being trapped for a loss of 8,

Nieman hit Melcher on a 12-yard pass, and Slaton got 15 more for a face mask violation. The Tigers had a first down on the Idalou 8, but two running plays lost 5 yards. On 4th-and-10, Nieman connected with Woolever, but a measurement showed the ball inches short of the first down.

Slaton held, however, forced a punt, and came roaring back to get the touchdown. The short punt carried only to the Idalou 34. Nieman found Davis twice on a couple of 13-yard pass plays to set up a first down on the 8. A quick pass to Martin was incomplete, but Idalou was penalized for pass interference, giving Slaton a first on the 3. Davis got 1, then Schuette slammed across for the score. Davis' kick was good, and the Tigers trailed by 21-14 with 3:06 left in the game.

Idalou got the kickoff back to only the 16, but they made a first-down by inches on 3rd-and-1. The Tigers then held for three downs and forced a punt, with Slaton taking over on their own 40 with 13 seconds left. A halfback pass by Eastman was almost intercepted, then Nieman missed a sideline pass as the game ended.

Williams Leads Panel Again

Pete Williams has forged again as the top predictor on the Fearless Forecasters' grid panel, published each week in THE SLATONITE.

Williams picked 10 of the 12 winners last week, and Jim Newhouse was 9 of 12 to move into second place on the five-member panel.

Williams missed only the Slaton-Idalou game and the tie game between Wilson and Ropesville. Newhouse missed the same two, along with the Tech-SMU game. Dee Bowman and Speedy Nieman were 8 of 12 for the week, and Bill Ball trailed with 7 of 12.

The panelists pick from a list of 12 games each week, and Williams now has a 54-30 record for the season. Newhouse is just a game back, and Nieman is two games behind. Bowman and Ball are now tied with 50-34 records.

The forecasters didn't have too many differences on this week's games, but a few might make a change in the records of the panelists.

8th Grade Wins 7th Drops First Game of Season

Slaton's 8th grade football team continued its winning ways at Tahoka Tuesday evening, but the 7th grade team lost its first game of the season.

The 8th grade Tigers scored a 16-0 victory over Tahoka, but the 7th graders lost a close 22-14 decision. The 8th graders have a 6-0 mark for the season, and the 7th grade is now 5-1. The teams play Rails here Tuesday, with the first game set for 5:30 p.m.

After a scoreless first half, Slaton's 8th graders took an 8-0 lead in the third period when Charlie Haynes ran 12 yards for a touchdown. Breck Hudson ran for two points.

Early in the fourth stanza, Tip Culver and Chris Hernandez tackled a Tahoka runner in the end zone for two more points. Later in the final quarter, Ernest Gipson ran 37 yards for the other Slaton score. Clarence Hammons, Bill McCleskey, Steve Leake and Eliland Wood were credited with good defensive play by Coach R. G. Copeland.

The 7th grade team fell behind 16-0 and almost rallied for a win before losing for the first time this season. Alex Cristan scored both Slaton touchdowns on runs of about 6 yards. Mike Tumlinson ran across a two-point conversion.

Wilson Ties Ropes In Important Grid Clash

Wilson's season mark at 2-2-2. The Mustangs host Whiteface in a district game Friday.

Ropes took advantage of a Wilson fumble on the 19-yard line and drove the short distance for a score in the second quarter. Larry Shannon got the touchdown on a 4-yard run.

Wilson tied the game in the fourth period when Arturo Vergara broke on a 33-yard run. The touchdown came with 6:07 left in the game. The Mustangs had controlled the ball in the third period but couldn't get across for a score.

Coach Al Mitts congratulated the entire Wilson team on "a fine effort against a very good Ropesville team." Vergara led the Wilson offensive attack with 102 yards on 16 trips with the ball. Greg Wied was close with 93 yards on 24 carries. Darrow Talkmitt was an outstanding blocker from his fullback position.

Talkmitt also led the tough Wilson defensive crew being credited with 18 tackles. Danny Crowson and Danny Trotter were close behind with 12 tackles each.

To be tough is to adopt a personal code of conduct that doesn't change when someone says, "why not?" or reminds that "everyone does it."

To be tough is to care about the important things of life and show that you care in everything you do.

To be tough is not to be indifferent. It is to be persistent. It is to carry on.

A Sick American

EDITOR'S NOTE: This article began as an unsigned essay mailed to the Cincinnati Enquirer newspaper. Its publication brought immediate response and widespread republication. In fact, it has now traveled throughout the entire country. It was taken from the "Steering Wheel".

By An Unnamed Author
THERE ARE THOSE who claim ours is a "sick" society; that our country is sick; that we are sick. Well, maybe they're right. I submit that I'm sick... and maybe you are, too.

I am sick of having policemen ridiculed and called "pigs" while cop killers are hailed as some kind of folk hero. I am sick of being told that religion is the opiate of the people but marijuana should be legalized.

I AM SICK of commentators and columnists canonizing anarchists, revolutionaries and criminal rapists, but condemning law enforcement when such criminals are brought to justice.

I am sick of being told that pornography is the right of the free press, but freedom of the press does not include being able to read the Bible on school grounds.

I am sick of paying more and more taxes to build schools while I see some faculty members encouraging students either to tear them down or burn them.

I AM SICK of Supreme Court decisions which turn criminals loose on society—while other decisions try to take away my means of protecting my home and family.

I am sick of pot-smoking entertainers deluging me with their condemnation of my moral standards on late-night television.

I am sick of being told that policemen are mad dogs who should not have guns—but that criminals who use guns to rob, maim and murder should be understood and helped back to society.

I AM SICK of being told it is wrong to use napalm to end a war overseas—but if it's a Molotov cocktail or a bomb at home, I must understand the provocations.

I am sick of not being able to take my family to a movie unless I want to have them exposed to nudity, homosexuality and the glorification of narcotics.

I am sick of riots, marches, protests, demonstrations, confrontations, and the other mob temper tantrums of people in-

tellectually incapable of working within the system.

I AM SICK of hearing the same slick slogans, the cries of people who must chant the same thing like zombies because they haven't the capacity for verbalizing thought.

I am sick of those who say I owe them this or that because of the sins of my forefathers—when I have looked down both ends of a gun barrel to defend their rights, their liberties and their families.

I am sick of cynical attitudes toward patriotism. I am sick of politicians with no backbone.

I am sick of permissiveness.

I am sick of the dirty, the foulmouthed, the unwashed.

I AM SICK of the decline of personal honesty, personal integrity and human sincerity.

Most of all, though, I am sick of being told I'm sick. I'm sick of being told my country is sick—when we have the greatest nation that man has ever brought forth on the face of the earth. Fully 50 per cent of the people on earth would willingly trade places with the most deprived, the most underprivileged among us.

Yes, I may be sick, but if I am sick, I can get well. I can also help my society get well—and help my country get well.

TAKE NOTE ALL of you... you will not find me throwing a rock or a bomb; you will not find me under a placard; you will not see me take to the streets; you will not find me ranting to wild-eyed mobs.

But you will find me at work, paying taxes, serving in the community where I live.

You will also find me expressing my anger and indignation to elected officials.

YOU WILL FIND me speaking out in support of those officials, institutions and personalities who contribute to the elevation of society and not its destruction. You will find me contributing my time, money and personal influence to helping churches, hospitals, charities and other establishments which have shown the true spirit of this country's determination to ease the pain, suffering, eliminate hunger and generate brotherhood.

But most of all, you'll find me at the polling place. There—if you listen—you can hear the thunder of the common man. There, all of us can cast our vote—for an America where people can walk the streets without fear.

KNIGHT OF THE YEAR--Joe L. Kitten was awarded the Knight of the Year award by Eugene Bedmarz, Grand Knight of the Slaton Chapter of the Knights of Columbus, at the Ninth Annual District 18 Banquet. Selected from the 152 members of the Slaton Chapter, Kitten was cited for his dedicated work in charity, unity, fraternity and patriotism, the principles of the Knights. He is a Past Grand Knight, and has held almost every office and committee chairmanship in the group. Approximately 350 people from Lubbock, Levelland, Pep and Slaton Councils attended the banquet.

Drip, drip, trickle, trickle is new type farm irrigation system

The latest thing in crop watering—trickle irrigation—was described as something similar to a dripping faucet.

Dr. Calvin Lyons, Extension Horticulturist for the Texas A&M University Research and Extension Center at Weslaco, said the system puts the moisture at plant roots where it will be used instead of sprinkling or flooding the general area.

Although trickle irrigation is relatively new, advantages appear numerous, the horticulturist said. Water economy is the main item, the rate per tree, for example, being about one gallon per hour. That's somewhere between a drip and a squirt, Lyons said.

Cost of trickle installation runs from \$150 to \$500 per acre, compared to \$400 to \$600 for sprinkler irrigation.

Other advantages listed by Lyons include better plant vigor, the possibility of using water of lower-than-usual quality, less labor, higher yields, fewer weed problems and the fact that fertilizer can be fed through pipes to the plants.

There are disadvantages to trickle irrigation, but the horticulturist says the method is still so new that it's hard to say just what they are.

One apparent problem is dirt-plugged trickle holes in the pipes. Water should be run through filters before it

flows into the pipes.

Speaking to about 100 persons attending the 19th annual Peach and Plum Growers Conference at College Station Sept. 28-29, the horticulturist said the method is intended for small acreage crops such as fruit orchards, nut trees and vegetables. It is not practical on the big acreages used for cotton and wheat.

Cooper FFA Projects Profit Swine Place Well In Show

The Cooper FFA had a benefit supper for Rodney Speck October 14, and the total profits came to \$868. All food, plates, cups and ice were donated, along with homemade pies. All of these donations are greatly appreciated. This is still but a fraction needed.

Cotton topping cultural tool

Cotton topping can be an invaluable cultural tool in High Plains farmer's box of practices, especially in this type of year where late summer rains forced cotton plants to put on extra vegetative growth, Jim Valliant, Director of Research, told farmers attending Field Day at the High Plains Research Foundation.

Valliant pointed out that in tests conducted by the Research Foundation topping of cotton over a five-year period produced higher yields and returns with Paymaster 111 and Lockett 4789 than untopped cotton.

In the tests the top 12 to 15 inches of the plant was removed by a rotary cutter.

Valliant said a five-year average showed topping increased the yield of Paymaster 111 from 675 to 689 pounds of lint per acre and Lockett 4789 from 631 to 640 pounds of lint per acre.

Returns were increased \$6.13 and \$4.83 per acre with the two varieties when the immature cotton in the top portion of the plant was removed, Valliant noted.

Cotton topping allows removal of the vegetative top growth of the cotton plant that furnishes most of the immature cotton and trash that reduces the quality of most High Plains cotton.

This vegetative growth uses unnecessary amounts of plant moisture and other nutrient that could be used on cotton produced in the lower part of the plant, Valliant said.

During the past members of the Chapter attended Livestock Show, in the van owned by which transported the show.

SUPPORTING YOUR TOWN

"No business man in any town should allow a newspaper published in his town to go without his name and business mentioned somewhere in its columns. This does not mean he should have a whole, half or even a quarter page ad issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space.

A stranger picking up a newspaper should be able to tell the business is represented in a town by looking at the paper. The man who advertises his business does an injustice to himself and his town. The man who insists on sharing the business with the town but refuses to advertise his own, is not a valid citizen to any town. The life of a town depends on the awake and liberal advertising business man".

P. S. How many new residents and out of town shoppers will see your name and business today; this week?

Boosters Invite Fans to Monday Night Meeting

Slaton Tiger Club, adult booster organization, will change its weekly meeting to Monday night next week, and president Pat Taylor urges all interested fans to attend.

The meeting will start at 7:30 p.m. in the Chamber of Commerce meeting room. The club has been meeting at 7 a.m. on Monday morning since football season started.

A film of the Tahoka game will be shown and Coach Ernie Davis will make comments on the contest and give a report on the upcoming game next week. Coffee will be served.

Taylor reported the club is still working on a project to secure a cinder track at high school. The club will use most of the proceeds from activities this year to help build the track, and donations are solicited.

Sizeable contributions, so far, include \$195 from the senior class of 1971, \$150 from the Slaton Lions Club, \$75 from the Knights of Columbus, and \$80 from a special school assembly program. The Tiger Club netted more than \$500 from a light bulb sale earlier this year. The total is now over \$1,000, and the goal is \$3,400.

Taylor said the club is presently making plans for a tea to honor basketball girls and their mothers. Details are to be announced soon. The club also sponsors an All-Sports Banquet near the end of the school year.

CONSUMERS' CORNER

We've been searching through floor plans trying to find the ideal house to build, but we're confused. Where do we begin?

Here's a suggestion. Take an imaginary walk through the house before you make up your mind.

Figure out where the room pathways will lead. Do you have to cut across the living room to get from the front door to the rest of the rooms?

Will the family have to trudge through the working area of your kitchen everytime they come in the backdoor?

Being able to judge a floor plan before the house is built can save disappointments later on.

Forecasting family traffic patterns is one of the first ways to start judging.

Sizing up family activity areas is another. Will the noisy work area of the house interfere with living room relaxation? Will the sound of living room company keep the children from being able to sleep?

Thought For Food

Americans are cottage cheese lovers. We ate more than five pounds per person last year.

One-third of the U.S. population lived on farms back in 1910, but over the years this number has decreased to 15.2 per cent in 1950, to 8.7 percent in 1960, and to 5.1 per cent in 1970. It's expected that by 1980 this figure will reach as low as 4 per cent. On the average, 650,000 people leave the farms each year looking for jobs in the city.

Did you know that without the use of chemical fertilizers, insecticides and herbicides, food prices would rise 50 to 75 per cent? One pound of ground beef, now costing between 38 to 39 cents would cost \$1.39. Ham slices would rise to \$1.79 per pound, bread would go from 25 cents a loaf to 42, and a pound of Cheddar cheese, now costing 79 cents, would cost \$1.50. California produces more than 90 percent of the U.S. plum crop.

So far this year, Americans have been eating five to six percent more meat than a year ago.

TIGERS--

(Continued from Page 1)

last year's team, but they have five offensive and defensive starters back. The Bulldogs surprised Olton earlier in the year, 14-12, then scored the big upset over Denver City later.

The Bulldogs run from a split-T with Jeff Atwell (175 Sr.) guiding the attack. John Thomas (185 Jr.) has been the top runner and is second top scorer in the district with 38 points. Ladd Roberts (175 Sr.) is another offensive threat.

Tackle Clifford Laws (197 Jr.) and guard David Turner (150 Sr.) anchor the Tahoka

line. End Eugene Brown and backs Thomas and Roberts head up the defensive crew. The Bulldogs defeated Stanton, Crosbyton and Olton in non-district play.

The Bulldogs will be out to avenge a 3-0 defeat Slaton pinned on them last year in a defensive struggle. If Bartley is out, the Tigers will be missing their top runner. He has carried the ball 100 times this year for 375 yards. He is also the defensive "quarterback" at linebacker.

Randy Davis has come on strong in district play, however, hitting the 100-yard mark in rushing in two of the past three games. He now has 291 yards on 62 trips, and a 4.7-

yard average that is tops on the team. He has also caught 10 passes for 137 yards and leads the scoring with 25 points.

Quarterback Steve Nieman has passed for 370 yards, with most of it coming in district play. He has a 54.9 percent completion record, hitting 28 of 51 passes. Darrell Eastman has passed for 229 yards to give Slaton a potent air game.

Fullback Ken Schuette hasn't carried the ball much, but his blocking has been a key factor in the Tiger offense. He often gets the ball in the tough, short-yardage situations.

Martin has seen little action as a running back, carrying only seven times this year for 13 yards. He is the leading pass

Police Solve Theft Cases

Recovery of stolen merchandise, investigation of a forgery case and a shooting incident highlighted police activity at Slaton Police Department the past week.

Police Chief Glen Farmer said charges were pending against two suspects after officers recovered four auto tape

catcher, however, with 12 receptions for a whopping 209 yards.

Davis is the total offense leader for seven games, recording 555 yards on rushing, pass receiving, and kick returns. Bartley is close with 549 yards in combined totals.

players and one home stereo unit. A suspect is also being sought in the forgery case, after several personalized checks from San Antonio were cashed in Slaton.

A burglary was being investigated at Evans Multi-Service Center, where about \$30 worth of candy was stolen from a refrigerator. Police arrested two drunks the past week and charged three with liquor law violations.

Police also have a suspect in the shooting incident. A complaint was received that seven shots were fired at a house on 910 S. 3rd St. No one was injured in the incident.

SUNDAY'S SERMON

Being Tough
More often than not, someone tells a lie with the three words, "I don't care."
When a victory is lost, when a dream goes up in smoke, we turn our back and tell the world that it doesn't make any difference. For some reason, we want the world to think that we are "tough," that we can take it. What we forget is that it is possible to be "tough" and honest at the same time. We can say, "Yes, I wanted to win. I wanted that dream. I didn't get it, but I shall try again."

RELIGION IS NOW

Let us therefore follow after the things which make for peace. —Romans. XIV,19

Peace can be more than a dream. Inner peace. That deep down feeling that you can put your mind and your heart at ease. Peace waits for you, behind the open door — behind the always open door of your church. God is everywhere. And yet God waits, ever patiently behind that open door. Matter of Courtesy

Have you ever noticed how crammed the sidewalks are just before the bell rings in the morning or after school? It seems to be a little crowded, doesn't it? It is to walk on, not stand on. What if all the cars would stop beside each other and the occupants would be a pretty big traffic jam.

Problems are caused by people jamming sidewalks. When the bell rings, students rush through the doors and get to their classes. People are shoved around as they fight to get through the door. A joyful moment is brought to an unfortunate halt when a student is knocked out of his hands. Also, some books can be damaged and even students can be injured.

These traffic hazards can be prevented by the courtesy of the students. So let's quit jamming the sidewalks and visit the school so people can get into school without any

BACK FROM STATE FAIR Band Trip Report

The Slaton High School Tiger Band has recently returned from a trip to Dallas to the State Fair.

The band left here Sunday morning about 7:30 a.m. and arrived in Dallas about 6 p.m. that evening.

The band played a 20-minute concert Monday at the fair and was due to participate in a musical program that night; but due to an evening rain, the program was called off.

On the way to Dallas, if a person would have boarded the bus, he wouldn't know where to step because the aisles were full of sleepy people with blankets and pillows piled up all over the bus.

That morning on the bus Don Kendrick read from the Bible, and the kids all sang hymns for their Sunday morning worship. The trip really wasn't such a

dull trip for some people brought radios and tape players, which kept the band members going.

While in Dallas most of the money the kids brought was spent mainly at the fair on dogs, bears, cotton candy, and candy apples. Quite a few stuffed animals were brought home along with souvenirs of all kinds which were piled into suitcases Tuesday morning as the group started home. The band stayed at the Hilton Inn in Dallas. Students say they are ready to go back, but they were glad to be home where the money is.

Sponsors that went with the band were Mr. and Mrs. Coy Biggs, Mr. and Mrs. Don Kendrick, Mr. and Mrs. Donald Sikes, M. W. Kerr, principal; Q. L. Coruthers, and Bill Townsend, band director, and Mrs. Townsend.

FHA Girls Hear Speakers

The Future Homemakers of America met last week in the Homemaking Department.

Mrs. Bobbie Greer, supervisor of the Slaton Rest Home, spoke to the members on how they could help the patients. Also, Mrs. Judy Hood from the March of Dimes showed a film strip on "More Than Love" and spoke to the members about a future project.

The FHA members will be selling red and black key chains for \$1 and tigers for a \$1.25. Gail Neugebauer, a new student at Slaton high school, was elected fourth vice-president.

Mighty Tigers Capture 28-0 Win Over Post

The Slaton Tigers went to Post and came home with a 28-0 victory. It was the second win in a row for the Tigers. Slaton now stands 2-1 in district play and Post owns a 1-2 record.

The Tigers dominated the game with excellent execution of offense and defense despite a number of penalties which

Wildcats Take Tigers, 21-14

Slaton meets Tahoka in what should be a fierce battle tomorrow night at Tahoka. Tahoka was the first team this season to beat Denver City.

Last Friday Slaton fell to the Idalou Wildcats, 21-14. In the first quarter nobody was able to penetrate into the opposing goal lines. Then in the second quarter of action, Idalou's Randy Nettles ran 52 yards around the end for the Idalou T.D. Slaton led a march to the seven yard line, but time ran out.

In the third quarter Randy Davis went three yards to tie up the score. Jerry Franklin of Idalou placed Idalou in the lead when he spun his way four yards for a T.D. In the fourth quarter Idalou stepped up their lead when Franklin ran three yards for the T.D. Kenny Schuetz of Slaton ran one yard to make the final score Slaton 14, Idalou 21.

Junior Play Cast Chosen

The junior play cast was selected Sept. 30. The play this year is entitled "Aunt Samantha Rules the Roost." It will be presented Nov. 18 in the high school auditorium.

Those who will be participating in the play cast are Brenda Harrell, as Aunt Samantha; Sharla Johnson, as Serna Simpkins; Debbi Milliken, as Sophie Simpkins; Loretta Dillon, as Annie Am-brose; Cathy Riney, as Blance Bowers; Petra Gipson, as Polly; David Brake, as Lucien Littlefield; Mike Lewis as Blair Boswell; Ron Bartley, as Frank Fairfield; Vernon Arrant, as Buddy Baskins; and Hector Alvarado, as Lawrence Love-well.

Mrs. Lin Semetko is sponsoring the production.

Army Tests

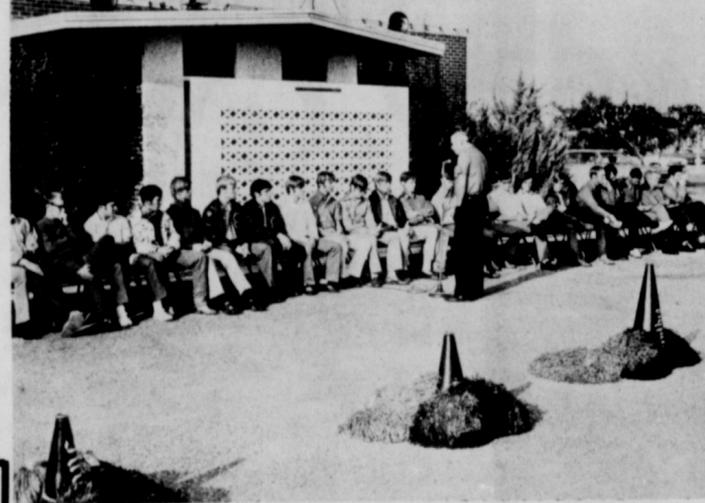

On Nov. 1 the seniors will take an army test called the Armed Services Vocational Aptitude Battery, or ASVAB.

The test is to stimulate interest in military careers. The nine tests include coding speed test (cs); work knowledge (wk); arithmetic reasoning (ar); tool knowledge (tk); space perception (sp); mechanical comprehension (mc); shop information (si); automotive information (ai); and electronics information (el).

Aptitude area scores will be reported to school counselors for each student who takes the ASVAB.

ROTC Meeting

The first meeting of the ROTC Cadets Parents Association will be held tonight at 7:30 in the ROTC building at Slaton High. Parents and interested persons are urged to attend.

DOWNTOWN PEP RALLY---Earl Bartley, manager of the Slaton Chamber of Commerce, is pictured as he spoke at the pep rally held on the square last Friday. Football boys and coaches are listening.

RING SIZING

Measurements for senior rings will be conducted Monday, Nov. 8, for all juniors who want one.

A \$5 deposit will be required. Juniors should also bring a pencil or pen to fill out ring order blanks.

TIGER'S CORNER By Ron Bartley

Well, here we are with 27 more weeks of school left and still wondering where the other nine went. With the air of district champions, basketball just around the corner, and the junior class play, time surely does travel fast.

With surprising upsets and the two wins by the Tigers, district 4-AA has turned into turmoil. The Tigers, who are now 2-2 in district play will have to win the remaining three to stay in the race.

The basketball girls and boys continue to work hard during their P.E. periods at school. Both girls and boys will be favorites to win the district.

JROTC Drill Team Members in Photo

Some of the JROTC girls had their pictures taken Oct. 20 for the Lubbock Avalanche Journal, after reading about a mistake the paper made on New Deal having the only drill team in the area. Appearing in the picture were Nina Means, Joyce McNeal, Jan McAlister, Frances Gonzales, and Cymora Gipson.
