## Slaton's Top Citizens Paid Tribute At Chamber Banquet

By DALTON WOOD

Mrs. Lorene Berry was named "Woman of the Year" in Slaton for 1971 and William R. (Bill) Sewell was announced as "Man of the Year" in highlights of the annual banquet Monday night of Slaton Chamber of Commerce and Board of City Development.

Winner of the first "Boss of the Year" award sponsored by the women's division of the chamber was Alex Webb, city secretary. High school students Patsy Gamble and Dan Davis were revealed as "Young Citizens of the Year" and the "Outstanding Club of the Year" award again went to Slaton Lions Club, for the third consecutive year.

All the selections were applauded by the estimated 300 persons present, but Mrs. Berry's award and the sincere humility with which she accepted it were especially pleasing to the crowd. She came to the front to receive the award after her qualifications were listed by Mrs. Dee Bowman, who presented the award.

"When she was speaking of all this, I didn't know who she was talking about," said Mrs. Berry. "I never dreamed why they wanted me to come to-night. . . Thank you so very, very much." Later she expressed special pride in a bouquet which had been ordered by her son in California, who, unknown to her, had been notified earlier by phone of his mother's selection.

Sewell, former banker, long-time Rotarian and church leader and past president of the chamber, spoke briefly in support of the campaign to keep Mercy Hospital in operation. Award to Sewell was presented by last year's "Man of the Year" winner, O. G. (Speedy) Nieman, former publisher of The Slatonite, now of Hereford. Principal speaker was Dave Braden, Dallas architect, who spoke in a light vein for most

of the evening, turning serious long enough at the end to say "we should all pull towards some common goals for the good of the community instead of trying to tear each other apart."

J. C. McClesky, outgoing president, reviewed accomplishments of the chamber during 1971, including a new office building, formation of the women's division and youth division, new community service building, street signs for 98 unmarked intersections, development of Russell Park, new construction, contacts with in-

### New Fireman Will Be Hired

A second resident fireman to be on duty at the fire station was authorized by Slaton City Commission Tuesday in a called meeting.

After discussion of the difficulty of one man's being on duty at the station on a 24-hour basis as has been the case with fireman Clyde Doherty, the commission, on a motion by Otis Neill, voted unanimously to hire a fire department trainee to share the resident duties with Doherty. Money available from the government and dispensed through South Plains Association of Governments will be used to pay the trainee through September.

Fire Chief Don Kendrick was present, along with Mayor Bland Tomlinson, who presided, and Commissioners Neill, J. S. Edwards and Bart Diaz, plus City Secretary Alex Webb.

## Wreck Kills Two Persons

A Lubbock woman and her 9-year-old daughter were killed and two other persons, including a Slaton youth, seriously injured as a station wagon and car colli-

ded with terrific impact at the intersection of two county roads two miles west of here about 1:15 p.m. Sunday.

Mrs. Barbara Imke, 36, and

her daughter, Jane, were victims of the crash on the Woodrow road west of Slaton, and were pronounced dead at the scene by Justice of the Peace Arvin Stafford.

David Keen Brake of Slaton, son of Mr. and Mrs. Charlie V. Brake, and lone occupant of one of the vehicles involved, remained in critical condition Wednesday at Methodist Hospital in Lubbock. In fair condition at Methodist was Frank James Imke, 42, Texas Tech accounting professor, who was driver of the station wagon in which his wife and daughter were passengers.

Investigating officers said Imke was driving east on the Woodrow road and the Slaton youth was traveling north on

County Road 31 when the vehicles collided. The impact sent both vehicles into a field on the northeast corner of the intersection. The bodies of the woman and her daughter were found about 30 feet from the station wagon, which came to rest upside down.

Funeral services for Mrs. Imke and her daughter were held Tuesday at Second Baptist Church in Lubbock. Mrs. Imke was a graduate of the University of Texas and White Deer High School. Among her survivors are another daughter and son, two sisters and a brother.

The Imkes moved to Lubbock about four years ago from Austin.

### INSTALLATION BANQUET SET FRIDAY

## Jaycees To Hear Christie

State Sen. Joe Christie of El Paso will be principal speaker Friday as Slaton Jaycees present their charter banquet at 7:30 p.m. in Slaton Junior High School cafeteria.

Dr. Don Hatchett will be master of ceremonies for the program, which will feature installation of officers for the newly organized group, Keith Anderson of Lubbock, state vice - president of Jaycees, will be installing officer.

New officers to be installed include Jim Newhouse, president; Doyle Coon, first vice president; Steve Donaldson, second vice - president; John Davis, treasurer; Edward Gaydos, secretary; and Jeff Creeger, state director. Club directors are Hiram Dunlap and Bobby Brake.

The new club was chartered with 23 members as an extension project of Lubbock Jaycees.

Christie, who has announced as a candidate for lieutenant governor, will arrive in time for a 9:30 a.m. Friday news conference at Carriage House.

Born in Rising Star in 1933, he worked his way through the University of Texas at Austin by roughnecking in West Texas oil fields during the summer. He received a B.S. degree in geology in 1958 and a law degree in 1961. He was elected to the State senate from El Paso in 1966 and re-elected in 1968. He and his wife, Tana, have two children, age 6 and 3 1/2.

In 1967, Christie was named the "Outstanding Freshman Senator" by the Texas Sheriff's Assn. for his work in aiding law enforcement.

Christie was the author of the Insurance Holding Company Act cited by regulatory authorities as the "most important insurance legislation in the past 40 years." This act closed loopholes which allowed holding companies to raid the assets of insurance companies, such as caused National Bankers Life to be ordered into receivership in the Sharpstown scandals.

Christie organized El Paso Community College which enrolled students for vocational training in September, 1971. As a member of the Senate Finance Committee, he has supported the needs of higher education and implemented opportunities for vocational technical training.

He also has worked to aid the Texas consumer. After seven previous legislatures failed to act, Christie successfully drove through legislation protecting consumers from unscrupulous operators of private business and trade schools.

Sen. Christie is perhaps best known for leading the legis-

## Widow's Vows Read In Abernathy Home Ceremony

Double ring wedding vows were repeated by Miss Katherine Ann Smith and Ernest Eugene Watkins, Jr. in a service at 3 p.m. Saturday in the home of Mr. and Mrs. Jerry Shadden of Abernathy.

Parents of the bride are Mrs. Wayne Smith of Slaton and the late Mr. Smith. The bride, a graduate of Slaton High School, received a B.A. degree in education from Wayland Baptist College in Plainview, and formerly taught at Hodges Elementary School in Lubbock.

Mr. and Mrs. E. E. Watkins are parents of the bridegroom. A graduate of Springlake High School, Watkins received the B.A. degree from Baylor University. He is director of City-County Welfare in Lubbock County.

The Rev. Tom Rowe of Atlanta, Ga. officiated for the double ring ceremony.

For her marriage, the bride wore a street-length dress of white satin-backed crepe, featuring a softly shirred bodice trimmed with white re-embroidered lace.

Following the ceremony, Mr. and Mrs. Watkins were honored with a reception and dinner in the Shadden home.

The couple will make their new home at 2301 51st St., Apt. 33, Lubbock.

## Mrs. Jarman Is Class Hostess

The Homemakers Class of First Baptist Church met Tuesday evening at 7 p.m. in the home of Mrs. H. V. Jarman. Mrs. Pearl Lawrence was co-hostess for the event.

Mrs. Ollie Clark led the opening prayer and each member gave a Bible verse.

Mrs. R. L. Smith led the devotional period, concerning the power of prayer. Mrs. Smith gave a reading at the close of the meeting, accompanied on the piano by Mrs. Lawrence. Refreshments were served to ten members.

The next meeting of the class will be held Feb. 15 in the home of Mrs. Roy Collins with Mrs. Sam Phillips as co-hostess.

## Masonic Families To Be Entertained Tuesday

Chapter 585 Order of the Eastern Star has made plans for entertaining the Masonic families Tuesday evening, Jan. 25 at 6:30 p.m. in Masonic Hall.

Refreshments will be served. Mrs. Pearl Landmon, member of the Star Visitation committee, will be entertainment chairman. All Masonic families are invited to attend.

## Nursing Home Residents Enjoy Making Pillows In Craftwork

BY MARGRET BARTLEY

Ira Crooks and Alene Line are two of the busiest people at Slaton Nursing Home. Residents there themselves, the two have become involved in the project of pillow-making for the Craft Nook at the home.

After having made several dozen of the pillows for sale before Christmas, they still work every day to keep up with special orders that have come in on their pillows. The two seem to especially enjoy this portion of their craft work, and spend every spare minute creating the pillow covers.

Mr. Crooks was born in Round Rock, Tex. in 1898 and moved to Wilson in 1923 where he worked for the Wilson Mercantile as a butcher for 17 years.

He has five children, and three of his sons are now Baptist preachers.

Crooks has been a member of the Baptist Church for 54 years. He came to the Nursing Home in August of 1971. His favorite hobby is "pillow making" of course. He is also very good at ceramic painting.

When giving his opinion of the Slaton Nursing Home, he replied, "I really do enjoy it here. All of the people are so friendly -- it makes you feel like you are at home. I have many friends, and no enemies." Alene Line was born in Spanish Fort, Tex., and has been living in Slaton at the Home for two years. For twenty years she has been partly paralyzed in the limbs with arthritis.

Since she was paralyzed, Alene states that her life has changed so much. She now, more than ever, lives closer to God. She feels that God has a special mission for her.

Alene has a cheerful personality and her hobby is sewing. She is especially fond of the "pillow making". Her family, brothers, live at O'Donnell. Her opinion of the Slaton Nursing Home is, "It's tops with me! It is the next thing to being in my real home. Our people are so kind and friendly."

(We might note that Alene and Ira spend many hours a week challenging others at "42" games.)

IRA CROOKS AND ALENE LINE, residents of Slaton Nursing Home, are shown with some of the pillows and place mats that they make during the crafts period at the home. The items are sold at the home and the proceeds provides more materials for the residents' craft-time. (SLATONITE PHOTO)

## C.C. Overman Dies: Rites Set

### Thought For Food

Curtis C. Overman, 62, of Rt. 1, Wilson, died about 3 a.m. Tuesday in Lubbock's University Hospital after suffering an apparent heart attack.

Services will be at 2 p.m. Thursday in New Home Baptist Church with the Rev. M. D. Durham of Lubbock and the Rev. Paul McClung of Morton officiating. Burial will be in Tahoka Cemetery.

A native of Winters, he was married to Ruby Viney in 1938, in Haskell. They moved to Lynn County in 1960 from Whitharral and he was a farmer.

Overman was a longtime member and deacon of the New Home Baptist Church.

Survivors include his wife, two daughters, Mrs. Linda Kennedy of Lubbock and Mrs. Carolyn Wright of Albuquerque, N. M.; three sons, Jerry L. and Rodney, both of Lubbock and Randy of the home; a sister, Mrs. Jewel Smith of Albuquerque, N.M.; and six grandchildren.

Pallbearers will be Eugene Bruton, Jim Bob Smith, Stanley Elliott, C. W. McCullough, L. C. Unfred and Clifton Clem.

An excellent platter garnish is meringued peaches. Fill centers of drained canned cling peach halves with mincemeat (1 tablespoon in each half). Top with stiff meringue (2 tablespoons sugar per egg white) and bake in a 400 degree F. oven for 5 to 7 minutes until slightly browned. They're ideal with roasts.

A quick and easy way to prepare a zesty sauce to serve over pudding or cake is with eggnog. Simply combine 1 package (3 ounces) vanilla pudding mix with 1/2 teaspoon nutmeg. Stir in 2 1/2 cups eggnog. Cook over medium heat, stirring constantly, until pudding comes to a full boil. Serve hot to warm up any winter evening.

A coconut pie shell "contains" a cream, chignon, or ice cream filling deliciously. Spread 2 tablespoons softened (not melted) butter evenly on the bottom and sides of an 8 or 9-inch pie plate. Spread 1 1/2 cups of shredded coconut, chopped, in pan and press into butter with fingertips. Bake at 350 degrees F. about 10 to 12 minutes, until golden. Cool and fill.

HAPPINESS is as a butterfly, which, when pursued, is always beyond our grasp, but which, if you sit quietly, may alight upon you." -- Hawthorne

### Nursing Home News

by Bobbie Hogue

The past week has been full of activities indeed! Wednesday, the Ladies Aux. came out and sponsored their monthly Bingo. The lobby was overflowing with "anxious players", being our residents, of course. Nobbie Cummings was the Bingo Champ, winning the black-out prize of a banana nut cake.

Friday, we had our monthly birthday party for seven of our

residents. Thirty one came out in the lobby to help celebrate the occasion, and Mrs. Worley had a special birthday song sung for her, as she was the eldest at 97 years young.

Mrs. Roberta Clark is responsible for this monthly celebration, and she is starting on her third year in doing this for our Home. We really appreciate Mrs. Clark for this. Mrs. Clark states that she just loves to do this for our residents. Mrs. Mosser (Louis) was out of town, but she sent in a big bag of home-made oatmeal cookies. They are delicious! Our thanks to her also.

Mrs. Melba Ethridge was out at home last week, giving permanent to some of our ladies. She surprised us by bringing the Home a nice shampoo chair. We were in the need of one, and we thank her so much.

Mrs. Jim Benton dropped in to say hello, and left us some cartoons for our craft.

Mrs. Rose Chambers is coming out weekly now and helping us with crafts. Keep watching as we will have our "Nook" re-supplied in the lobby.

Our new stereo in the lobby is certainly being enjoyed. Folks have been so nice to bring out records for us to play. Several tows were "tapping" the other day, as someone had played a "Polka" record by Lawrence Welk. Whoknows? Polka music could be good therapy!

As we look into the room of Mrs. Shokley and Mrs. Sides, you can always hear an "ah or an ooh". Its all over a pot plant Mrs. Sides received for Christmas. It is called an Amaryllis and looks like a pink lily. Its stem is tall and green, and we have had the excitement of watching this plant bud, and then bloom! It is beautiful! I have a great love for flowers, especially cactus. I hauled one cactus over 700 miles, recently and set it out on the porch to get its sun. You guessed it! I forgot to bring it in at dark, and Jack Frost tended to it. (for good). Now I have an empty pot to stare at. I can't seem to find an "artificial cactus."

This winds up the news, so remember: "Forget yourself for others, and others will never forget you."

## Sundee Stewart Burns are Fatal

Sundee Stewart, 12 year old daughter of Mr. and Mrs. Don Stewart of Colorado City, and granddaughter of Mr. and Mrs. Kenneth Davies of Slaton, died Sunday in Brooke Army Hospital Burn Center in San Antonio. She suffered burns on ninety percent of her body Jan. 3, when her gown ignited as she stood before the fireplace in the Stewart home.

Funeral services were conducted Tuesday in First Baptist Church, Colorado City, and burial was in Dunn Cemetery.

Other survivors include a sister, Sidney of the home, and paternal grandparents, Mr. and Mrs. Charles Stewart of Snyder.

uncluttered classic lines. Clothes for p.m. pursuits project the romance of supple, sinuous knit fabrications as well as colorful outbursts in ultra-modern or humor-struck prints.

Sportswear classics are in full swing for spring, with short and long pantsuits paving the way to town or travel plans.

The "jeaning of America" has spread beyond our borders to Mexico, South America, Europe, and the Far East.

Cotton denim jeans have become a mobile art form. Young fashion motivators around the world fringe, fray, and convert jeans into signature fashion statements by silver studwork, grommet-patternings, and hand-painted designs.

As contemporary tempos quicken, man instinctively is returning to nature... and fashion this spring is returning to nature's fresh, comfortable feel: the cotton feel.

## Fashion Esprit for Spring—

Spring '72, American designers are pursuing the fiber of nature—contemporary life-style environment in style. They're turning to cotton. The fiber of nature best depicts the mood. Like its "feel"—its styl-

ing potential and inherent suppleness, and, above all, its dye-ability, work-ability, and wear-ability.

Trend-setting spring looks for the natural fiber include such new fabrications as Cotton 365 fabrics for year-round wear; soft, uncrushable corduroy-seersucker combinations; random-cut cotton velvets; and the new alliances of cotton knits with wovens.

These innovational looks for cotton have been translated into clothes deftly tailored to contemporary life-styles and jet-propelled environmental changes.

Fashion becomes an ecology-minded memo to wear—with prints, appliques, embroideries, needlepoint, and stenciling as mediums for the message in sportswear, separates, and accessories.

Printed cottons are as often inspired by Oriental colorations as by the abstract in geometric art form. Many offer a whimsical touch of nostalgia or a prophetic view of the futuristic.

Silhouettes are individually keyed, and lengths are a matter of mood or personal preference.

# Harvest Tops 50,000 Bales

Harvesting of cotton in the Slaton area was virtually completed during the last week, and 11 Slaton and area gins were catching up with cotton on the yards. Temperatures and weather during the last week were not too conducive to harvesting activities, but only a few farmers still had cotton to bring in by Wednesday -- the best day weatherwise for outside activities during the week.

The bale count of the 11 gins conducted by The Slatonite topped the 50,000 mark this week, totaling 50,622 by virtue of 3,447 bales ginned. The total was about half of the number of bales ginned the previous week. Totals for the season at the various gins: Slaton Co-Op 12,100; Acuff Co-Op 9,800; Wilson Co-Op 4,800; McClung Co-Op 4,100; Wayside Gin 3,650; Union Co-Op 3,600; Hackberry

Gin 3,500; Farmers Gin 3,215; Posey Gin 2,465; Gatzki Gin 1,875; Basinger Gin 1,517. Plains Cotton Growers, Inc. Friday issued its first seasonal report on quality of the 1971 High Plains cotton crop, a full month behind the normal date and at about the same time as the producer organization usually releases its "final" report. PCG began compiling data

on the production and quality of each year's cotton crop in its 25 counties back in 1958, and 1971 is stacking up as one of the poorest years, both as to production per acre and quality, in the 14 year period. Per acre yields, though not yet known for certain, are now estimated at about 285 pounds, compared to the previous low of 349 pounds recorded in 1969. The all-time area high was

seen in 1965 when average per-acre production came to 519 pounds. The 1970 crop turned out 389 pounds per acre. Micronaire readings are also posting an all-time low. The first report on the 1971 crop shows average micronaire to be just under 3.0, well below the 3.2 of 1961 and 1966. High for the area, in 1958, was 4.0, and last year's micronaire averaged 3.7.

Staple length so far on this year's crop is 30.4 thirty-seconds of an inch, far below the 32.3 thirty-seconds of 1968 but above the 1963 historical low of 29.8 thirty-seconds. The 1970 crop staple averaged 31.1 thirty-seconds. Grades are also below par for the area, as shown by the fact that only 15.9 percent of the crop has graded "white," as compared to last year's 41

percent and the 14-year high of 62 percent in 1959. Lowest level reached in this category, in 1966, was 9 percent. PCG officials and others in the Plains cotton industry point out that the abnormally low quality characteristics and yields are the result of unusually cold, wet weather during late August and early September of 1971.

dustry prospects, basketball tournament, stock show, clean-up campaign, Christmas retail promotion and other activities. McClesky expressed appreciation to his board members and other chamber workers during the year. He recognized Mrs. Patsy Hopper as first president of the women's chamber, and introduced Mrs. Kay Poage, incoming president of the division. He then turned the gavel over to the 1972 president, Don Kendrick, who introduced new board members. Mrs. Poage, presented the new "Boss of the Year" award to Webb, noting that he is "kind and considerate to his employees, and rated by them as fair and just and treats everyone equally."  
"He can always find time to do more for his employees and his job," Mrs. Poage said. "It's been 22 years since I came to Slaton and I've never been more proud of a decision I've made than that one," Webb said upon accepting the award. "It's just great to be from Slaton."

## Parallel Terraces Conserve Moisture

Parallel terracing is one of the best ways to conserve the moisture. The steeper the slope the greater the needs are for terraces which prevent run off and water erosion, and store the needed moisture in the subsoil for the crop. When there is good deep moisture stored in the subsoil all that is needed is enough moisture during the planting season to get the crop up and started. Then nature will take over from there. Parallel terrace is a fairly new conservation practice and takes a lot more planning than

the old standard type terrace. A grid map is drawn up. Then the terrace system is plotted on the map, just as it will be constructed. The terraces are spaced so that they have an equal number of rows between them, with the spacing designed to fit four or six-row equipment, with as many of the point rows eliminated as possible to make farming them much easier. Anyone planning terracing should contact the Soil Conservation office for further information.

## LAFF OF THE WEEK

... and another thing ... I don't like the way you talk back every time I ask you to assert yourself.

**"ALL TIED UP"**

"All tied up" usually suggests that one's movements are restricted.

But to us, "all tied up" means good things. For example, this year we'll complete building a transmission line that will enable us to move electric power to the Public Service Company of Oklahoma... maybe even as far away as the East Coast. Or, to bring electric power into our system from far-away places.

Either way, it's a good deal for you -- our customer. It means efficiency in the distribution of electric power and it means firming up dependability.

ELECTRICITY IT DOES SO MUCH GOOD

Yes, "all tied up" means we'll be -- so you won't be!

## Smaller Retailers Exempted From Base Price Posting Law

Retailers with revenues of less than \$200,000 annually are no longer subject to base price posting requirements, Ellis Campbell, Jr., District Director for North Texas, said this week. This decision was announced Saturday by the Price Commission. These retailers, while still subject to other Price Commission regulations, do not have to post signs listing the base prices or signs announcing the availability of base price information. They are still required to make available base price information if asked by customers. They will also still be subject to monitoring and spot checking by the Internal Revenue Service, and documentation of base prices must be made available to IRS if requested. Price Commission Chairman C. Jackson Grayson Jr. said, "The Commission believes this decision will remove an undue administrative burden on those small retailers who do not have the personnel or facilities to comply with the posting requirements. This is consistent with the intent of Congress as expressed in the Economic Stabilization Act." In other action, the Price Commission reported it has informed the American Pharmaceutical Association that the Commission has reaffirmed its position that the sale of drugs is a retail activity. The commission emphasized, however, that its decision should not be interpreted as an intention to detract from, reduce or remove the professional status of pharmacists.

## Jaycee Project KO's 150 Abandoned Autos

"Operation Junker" resulted in 150 fewer abandoned cars in the immediate area of Tomahawk, Wis. The Jaycees and a task-force from the Owens-Illinois plant conducted the clean-up. First the Department of Natural Resources sent its plane aloft and took aerial photographs showing just where the junkers were located. Owens-Illinois provided the collection yard, a Cary-Lift to help with the unloading, two flatbed trucks, several radio-equipped pickup trucks, the mill's pulpwood haulers, the jammers (self-loading trucks) and 16 men. Local firms volunteered auto wreckers and the Jaycees followed through on title clearances and legal implications. A huge mobile crusher flattened the car bodies which were then hauled to Fond du Lac and run through a shredder. Advance publicity was provided by the Tomahawk Leader and Radio Station WELF.

# Tigers Stand 5-1 In District Play

While the Tiger's Cage staff has been taking it easy, the Slaton Tigers have really been on the prowl. Since the last edition, the Tigers have played six ball games, which were all district contests, and participated in one tournament.

The Tigers' first district ball game was predicted to be a tough one, but the Tigers got it together and mauled the Idalou Wildcats 99-77 on Dec. 14. The Tigers presented a balanced attack with Lloyd Kitten hitting bit with 32, Tommy Taylor was next with 24, and James Conwright and Darrell Eastman followed with 18 and 13.

The next contest, played Dec. 17, proved to be a tough one. The Tigers played the highly ranked Ralls Jackrabbits. It was a close battle all the way, but Ralls pulled it out with an 83-81 score. Kitten again was the leading point producer with 24. Conwright, Taylor, and Eastman followed with 17, 15, and 10, respectively.

The Tigers had a week's break for Christmas and then bounced back with a 76-60 win over Tahoka on Jan. 4. Again the Tigers had four players in double figures, but this time Conwright was high point scoring 21 points. Taylor was second with 18, and Eastman and Kitten chipped in 17 and 15.

Then, the Tigers traveled to Roosevelt country Jan. 7 and played the Mighty Eagles. The Tigers proved to be tough but not as much as were expected. The Tigers posted a 64-59 win. Kitten and Conwright had 21 and 16 with new comer T. W. Whitfield pumping in 11. Whitfield has just been activated from the JV now that he is eligible.

The Slaton team traveled to Frenship for a battle with another group of Tigers. Slaton Tigers came out on top with a 75-57 win. Conwright led with 31 points.

Last Friday, Jan. 11, the Post Antelopes came to town and went away losers. Yes, the Tigers romped to a 77-64 win in the exciting tilt. Post was issued two technical fouls in the third quarter. The floor was sprinkled with ice by Post fans although things were finally brought under control. Conwright and Eastman led the contest with 24 and 16. Taylor had 15, and Kitten, 12.

The Tigers are now 5-1 in district standing with the only loss coming to the powerful "Rabbits from Ralls." The Tigers met Denver City Tuesday to wind up the first half of district play.

## 3-1 Record For Slaton J.V.

The Slaton J.V., despite the loss of several starters, has regrouped and continued their winning ways. They won five of their last eight ball games plus collecting the consolation trophy at Littlefield last week-end.

They started by downing Idalou 69-60, and then Tahoka 54-24. T. W. Whitfield led the J.V. in the first game with 20 and Phil Whaley in the second with 11. The J.V. suffered losses from Abernathy 41-83, Frenship 41-57, and Dimmitt 37-51. They got back their winning ways by downing Friona 54-51. Larry Washington led with 21. The J.V. then posted another district win over Post 51-31. Whaley and Mike Lewis put in 10 each. That victory boosted their record to 3-1 in district. The Junior Tigers then copped the consolation bracket at Littlefield by downing Shallowater 60-49. Washington had 16.

## Kitten Leads Tigerettes In Six District Games

Since the last issue of The Tiger's Cage, the Tigerettes have won six district games. The closest game for the Tigerettes in district has been the Slaton - Idalou game played Dec. 14.

During the first half of the game Slaton and Idalou ran close with Slaton on top 26-23. Coming up in the second half Idalou caught Slaton in the third quarter with a score 40-40. Passing Idalou in the fourth quarter, Slaton won the toss 51-57.

Defense and hustle played the major part in the whole game.

High scorer was Karla Kitten with 31 points, Gretta Stricklin with 17, and Dru Beard with 9.

In the toss between Slaton and Tahoka Tuesday night, Jan. 4, Slaton captured Tahoka 58-28.

Kitten put 22 points in for Slaton as the top scorer for the night.

The guards played an outstanding game on the defensive end.

Once again the Slaton Tigerettes came home with a win against the Roosevelt Eagles Jan. 7 topping them 64-33.

Defense was again the name of the game.

Leading scorer was Kitten with 21 points and Stricklin with 17.

The Tigerettes topped Frenship in district play at Frenship Tuesday night, Jan. 11, 44-20.

During the first and second half, defense was the name of the game. Frenship was playing a stall game during the first half; but during the last, they came in to play ball.

The Tigerettes defeated the Post Does 72-57 in district play last Friday night, Jan. 14, here in Slaton.

It was an outstanding game of defense, both by the forwards and guards.

The top scorers for the game were Kitten with 29 points and Stricklin with 18.

### "B" Tourney Starts Today

The Slaton "B" Tourney will start today at 9 a.m. with the Slaton girls playing Ralls at 7:30 p.m. and the boys meeting Tahoka at 9 p.m.

The tournament will begin today and end Jan. 22. Trophies will be given for first, second, and third places and consolation for both boys and girls.

# Tigerettes Edge Canyon For Tourney Championship

During the championship game between Slaton and Canyon, Thursday night of the West Texas Girls' Invitational Basketball Tournament, held in Slaton Dec. 27-30, defense played the major part of the game. Slaton edged Canyon 38-37.

Top scorers for the Tigerettes were Karla Kitten, outstanding forward, with 14 points; Gretta Stricklin, 13 points; and Dru Ann Beard, 11 points.

Slaton's defensive end played by Patsy Gamble, Gorla Gass, Elnora Moore, and Petra Gipson helped to win the game playing tough defense throughout the game.

Slaton's Karla Kitten and Patsy Gamble won the outstanding forward and guard awards. Gorla Gass received an All - Tournament trophy.

Winners of the tournament were the following seven teams: Slaton, first; Canyon, second; Petersburg, third; Tulsa, fourth; New Home, fifth; Klondike, sixth; and Cooper, seventh.

Tournament trophies were presented Thursday night after the championship game by Dee Bowman, Earl Bartley, Tommy Davis, and J. C. McClesky.

The "B" girls were also busy last Jan. 7, with a game at Roosevelt. The girls had another apparent simple win by the score of 51-19 over Roosevelt with Cindy Kenney again leading the scoring with 13.

The next contest for the "B" team girls will be Jan. 28 at Tahoka.

### Freshmen Take Fourth

The Slaton Tigers freshman basketball team came home Saturday night with fourth place after being beat out of third place by Sudan, 59-56. The Tigers beat the Littlefield freshman "B" team Thursday by a margin of 43-27. Friday, the Tigers were beat by the Friona freshmen by a score of 48-37.

The freshman boys have also breezed past three district foes. They downed Idalou 62-33 with Billy Ray Thomas and Chris Williams hitting 16. They defeated Ralls 43-31, Glenn Heinrich hit 15 to lead the "fish. In the third game the freshmen knocked off Tahoka 49-29. John Whaley hit 8 and Kenneth Scott 7.

Quote of the week: Most people say that "understanding" is the key to success, but for those who think spelling it is all there is to it, the hardest thing for them to do is turn the key! Unknown

neglected and pushed aside topic in our school why athletes do not receive a full credit for "major"

In football, which starts before school even begins, one-half credit; whereas athletes in golf or tennis, for two or three months, also receive one-half credit. It is unfair and very unpopular among the athletes. People think that football lasts the regular season, it is all year. The boys in football lift weights, run, and off-season program. I would think "major" sports or athletes in two or more would receive one full credit and the others one-half.

## Winchester Named Outstanding

After being tabbed honorable mention All - District defensive guard and offensive

tackle, Brad Winchester was named All - South Plains defensive guard in District 4-AA.

Winchester was named All - District and All - South Plains defensive guard during the 1970 season but was skipped as All-District this year.

When asked where he planned to play college football, Brad replied, "As far as I know, either San Angelo State or Baylor University." Also asked what his reactions were when he was selected All - South Plains, Brad replied, "I didn't think I would make it and was surprised when I did, because I didn't expect to make All-South Plains because of this."

Players from Slaton making honorable mention All - South Plains were Ron Bartley, offensive halfback; and Darrell Eastman, defensive safety. Both players were All - District selections.

## Boys' "B" Take Consolation Trophy

The Slaton "B" team boys had a busy schedule last week, competing in all three days of the Littlefield "B" tournament. The boys started off the tournament with a 51-37 loss to Dimmitt, Dan Allen and George Whaley both contributed 8 points to the losing cause. They bounced back the second day; however, and squeaked by Friona 54-51 with Larry Washington putting in 21 points.

On the last day of the tournament, the "B" team swatted Shallowater 60-49 to take the consolation trophy of the tournament. Larry Washington was high pointer of this game also with 16.

## Frosh Tourney Play Begins

The Slaton freshman girls' and boys' basketball teams will go into action today in the Freshman District Tournament at Idalou.

The first games scheduled for the girls and boys are: Slaton against Post; Tahoka vs Frenship; Cooper vs Idalou; and Ralls vs Roosevelt.

This will be the district tournament for the freshmen, and the games will start tonight, and will last through Saturday.

## Local Students On Dean's List

Joe Johnson of Slaton has been named to the Dean's List at Cisco Junior College for the recently completed fall semester of 1971.

The list includes students with a 2.5 grade point average under a 3 point system, or a B+ or better average.

Johnson made the grade with a 2.938 average. Fifty eight of the 1000 students enrolled were named to the list.

Word was recently received that Lonnie Kuss, son of Mr. and Mrs. Albert Kuss of Slaton, is eligible for recognition on the Dean's Honor List at Texas Tech University.

His eligibility was acquired by attaining a 3.44 grade point average for the 1971 fall semester. Kuss is a sophomore Math major.

## Joe Bottlinger Services Held

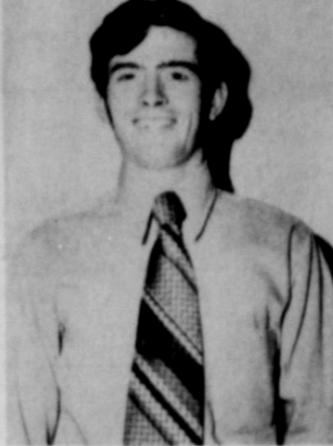

Funeral services for Joe Bottlinger, 82, of Ireland, Texas, were held Sunday, Jan. 16, 1972 at 2:30 p.m. at Bob Riley Funeral Chapel in Hamilton. Burial was in Bethel Methodist Church Cemetery in the Ireland community. He was the father of Mrs. Lee Limmer of Slaton.

Other survivors include his son, Olin Bottlinger, of the home, and another daughter, Mrs. L. E. Hoffman of Fort Worth, ten grandchildren and 17 great-grandchildren.

Bottlinger died Saturday at 9:30 a.m. after a two - month illness.

Mrs. Limmer had spent the past two weeks in Ireland, and returned home Tuesday.

Others from this area attending the services included Lee Limmer of Slaton, Mr. and Mrs. Billy Love and daughters, of Amarillo; Mrs. J. D. Gilliland and children, of Lubbock; Mrs. Marvin Bottlinger, Lubbock; and Mr. and Mrs. Howard Limmer and son, of Snyder.

DANNY CHAPMAN

## Chapman Enters Service

Danny Chapman, 18, son of Mr. and Mrs. X. L. Chapman of Slaton, will be leaving Jan. 26 for active duty with the army at Ft. Polk, La.

Chapman, a 1971 graduate of Slaton High School, recently qualified for the clinical specialist program with the Army. He has attended Texas Tech for one semester.

**Confidence**

One must admire the slogans we see on delivery trucks and service vehicles. Things like, "The difficult we do immediately; the impossible may take a little longer." We like the attitude. We don't expect the impossible, but we like the idea that someone is willing to try.

Some of us have friends who pursue life in the same manner. Someone who never says "It can't be done," but instead, "I'll give it a try."

While it is not likely that we can, in our mortal fashion, do the impossible, we will quite often accomplish the difficult if we have confidence in ourselves — and faith in God.

## Sp-5 David Kahlich Will Go To Germany

Army Sp-5 and Mrs. David Kahlich and son, Kevin, are visiting in the home of his parents, Mr. and Mrs. Leonard J. Kahlich.

Kahlich will report to Ft. Jackson, South Carolina Jan. 24. He then will be sent to Frankfurt, Germany to the 21st Replacement Center for a 3-year assignment. Kahlich has been a Senior Instructor as a N.C.O.L.C. of unit training command of the Vulcan Missile Branch at Redstone Arsenal in Huntsville, Ala. for the past two and a half years.

Kahlich's wife and son will join him as soon as possible. He is a 1966 graduate of Cooper High School.

## Grace Circle Meeting Held

Grace Circle of Grace Lutheran Church met on Thursday evening at 7:30 in the Parish Hall for their regular meeting of the month. This year the women will be studying Pictures of Life -- A Study of the Parables.

The meeting opened with the hymn "Children of the Heavenly Father." The offering meditation and cause of the month, Evangelism and Public Communications, was given by Mrs. Alfreda Becker. The Bible Study, "The Merciful Father" (Luke 15:11-32) was led by Mrs. R. L. Camden.

During the business meeting the group voted to send material and yarn to help Alaskan Mission Project. The singing of the hymn, "Dear Lord and Father of Mankind" closed the meeting.

During the social hour 15 women enjoyed the refreshments by hostesses Mrs. Arthur Stolle and Mrs. Edmund Wilke.

## Slatonites Enroll At LCC

Miss Georgia Geer, daughter of Mr. and Mrs. M. D. Geer of Slaton and Gwendolyn Strickland, daughter of Mr. and Mrs. Elford Strickland, have enrolled as students at Lubbock Christian College for the spring semester.

**PERSONAL**

Mrs. E. R. Burns returned Sunday from Fort Worth where she attended the wedding of her grandson, Gene Alan Castevens, to Janet McGee, Friday, Jan. 14. Mrs. Burns also visited her son and family in Mesquite. She went with the James Bartons who live in Mesquite.

## Attend The Church of Your Choice Sunday

RELIGION IS NOW — a weekly message relating the world of today to the lessons of Faith and Church ...

That our sons may be as plants grown up in their youth; that our daughters may be as corner stones. —Psalms.CXLIV,12

Parents never pray, never plan without consideration for their children. There is great pride in the first word, the first step, the first achievement in school. Ideally, throughout life there is guidance and love. These are essential. With proper guidance, the early steps are straight and strong. In the knowledge of love, there is security.

## Water, Fire And Machinery Cause Most Farm Accidents

"No Texas farm or ranch could operate without water, fire and machinery. Yet these essentials are also the agri-businessman's greatest threat," according to the Vice President for Farm and Ranch of the Texas Safety Association.

Joe L. Smetana of Waco made the comment today while discussing Texas Farm and Ranch Safety Week. Governor Preston Smith has proclaimed the week of July 25-31 as Farm and Ranch Safety Week to call attention to the need for greater efforts in accident prevention in rural areas of the state.

"Last year in Texas, water, fire and machinery accidents claimed the lives of at least 100 persons engaged in agricultural pursuits," Smetana revealed. Other factors accounted for 63 deaths.

Smetana said that accidents involving farm and ranch machinery were the biggest killers among the three. Forty persons died in such accidents in 1970. Nineteen of the deaths involved tractors, six involved shredders, two came in cultivator accidents, and two involved mowers.

Six of the deaths occurred when vehicles fell off jacks. Two more occurred when the victims were struck by vehicles in motion, and three deaths resulted when the victims were struck by other machinery.

"The modern agri-businessman must use machinery in his day-to-day operation. But he does not have to become the victim of machines, if he will follow a few simple rules," said Smetana.

He said that farmers and ranchers should read and follow instruction manuals for the operation of machinery. The TSA Vice President also said that guards and safety devices should be kept in place, and that machines should always be shut off before anyone attempts to unclog or adjust them.

"Children should be kept away from machinery and all workers should be taught to stay clear of the moving parts of agricultural machines," Smetana warned.

"Tractor overturns accounted for 16 of the deaths involving machinery last year," he continued. He said these deaths might have been avoided if the tractors involved had been equipped with protective frames or protective cabs and safety belts.

"But the best way to prevent this sort of thing is to prevent tractor overturns themselves," Smetana advised.

He explained that agricultural workers could avoid tractor upsets by slowing down or turns, especially on slopes and on rough, muddy ground. Slow speeds should also be used near ditches and embankments, according to the safety expert. He also cautioned tractor operators to watch for hidden hazards and obstacles, and not to overload the vehicle.

"One of the most important rules to follow," said Smetana, "is to give proper, thorough training to young or inexperienced workers in the safe operation of all farm machinery."

"One more thought about machines. Operators of slow-moving vehicles need to periodically check the condition of their SMC emblems. Damaged or faded emblems must be replaced. The orange fluorescent centers of the emblems fade and will only last about two years," Smetana continued.

"There are two possible solutions, either the entire emblem can be replaced, or the SMC emblem's center can be covered with an easy-to-apply pressure sensitive triangle overlay," he commented.

Water was the next accident villain discussed by the Texas Safety Association spokesman.

"Water-oriented accidents claimed 31

rural Texas lives last year," he said.

"The deaths came in boating, swimming and fishing accidents on Texas farms and ranches. The most important safety step rural families can take in this area is to teach every member of the family how to swim. Stock ponds, streams and creeks should be properly guarded to protect small children. Twenty of last year's fatalities were under 19 years of age, seven of those were 9 or under."

Smetana also said that flotation aids should be kept handy near all agricultural water hazards and that family members should know how to administer mouth-to-mouth resuscitation.

Fire was the next safety hazard discussed by the expert.

"Fire destroyed at least one human life on Texas farms and ranches in each month, except October, during 1970," Smetana said. "Twenty-nine people perished in the blazes."

He said that proper preparation for emergencies such as fire is one way of saving lives. Inspections should be made on a regular basis of appliances, electrical wiring, and power tools, and the defects eliminated. Heating systems, portable heaters, and other possible fire hazards should also be checked, according to Smetana.

He urged farm and ranch families to prepare a home fire escape plan and to make assignments for each person for action in case of fire. The plan should be tried during a fire drill.

Smetana said another major cause of farm and ranch deaths in 1970 were falls.

He said fourteen deaths occurred on farms and ranches as a result of falling accidents.

"Falls generally occur when makeshift or broken ladders are used, or when people are too much in a hurry to take the proper amount of time to plan a specific job. Handrails and good lighting can help eliminate falling hazards on stairs and steps. Workers should also remember to scrape mud, grease, snow, and other substances from shoes before climbing ladders on machinery, equipment, or buildings," said Smetana.

"One area of special emphasis during Texas Farm and Ranch Safety Week is agricultural chemicals," he commented.

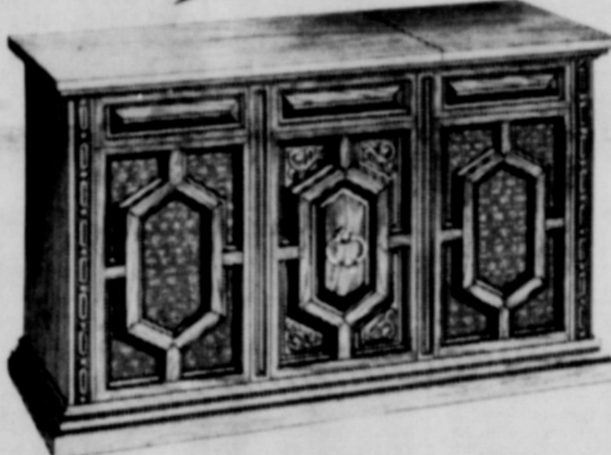

"Though there were no deaths directly attributed to the use of agricultural chemicals during 1970, there is always an element of danger when pesticides, herbicides and other chemicals are being used," the TSA farm safety expert stated.

"Our advice to agri-businessmen is relatively simple. First, a safe worker always reads the label and follows the directions to the letter. If protective equipment, such as gloves, respirator, or special clothing is recommended, it should be used. Children and animals should be kept away from mixing and spraying areas. Chemicals should be stored in their original containers. They should never be placed in food or drink containers. Chemicals should be stored in safe places that are inaccessible to children and animals. Finally, the recommendations of the manufacturer or dealer should be followed when disposing of the empty containers."

"In general," he said, "there is no reason why farm and ranch activities have to result in loss of life, injury or property damage, if all rural residents would simply be more alert to the possible hazards of everyday life."

"Accidents can be prevented, and the annual Texas Farm and Ranch death and accident injury toll can be reduced," Smetana concluded.

HE DID IT! says the REDHEAD, as Lion Kenneth Housden tries to sneak out with the ball in Saturday night's match game. The Lions were defeated 35-50 by the Redheads, but came out \$285 ahead for their projects, including the Crippled Children's Camp, eye glasses for the needy, and other community service work. # Cagers Keep Winning; Ralls Showdown Looms

Slaton's Tigers, tuning up for a big shootout with league-leading Ralls next Tuesday night, stretched their season record to 17-7 with two victories during the last week, while the Tigerettes kept their district slate clean at 7-0 and added a non-conference win over Christ the King. With T. W. Whitfield scoring 21, Lloyd Kitchin 19 and Jim Melton 18, the Tigers pounded Denver City 87-55 Tuesday night, taking a 48-25 halftime lead with a big 31-point second quarter. Last Friday the Tigers sock-

RED HEADS VS LIONS CLUB--Fun was the name of the game Saturday night as Slaton Lions Club met the All-American Redheads in a basketball game at the School Auditorium. Coach Kerr got carried away with the action as Larry Smith's bounce on the floor and Lions Jerry Hudson and Wayne Edwards look on from a distance. (SLATONITE PHOTO)

has had a favorite spot on U.S. 84 where he often waits for those drivers who like to see how fast they can go. Dulin frequently waited under cover of a good-sized tree a couple of miles outside the city, but alas (or happily, depending on one's point of view) he will use this spot no more. Somebody cut the tree down the other night, and Dulin is now in the market for an artificial tree.  
He also is probably on the lookout for some guy in a fast car with a chain saw in the back seat.

ed Post 77-64 as James Conwright tallied 24 and Darrell Eastman 16.  
Coach Kenneth Housden's team stands 6-1 in loop play, just behind the Ralls Jack-rabbits, who are 7-0. Ralls barely beat Slaton in the first round, and just squeaked by Tahoka Tuesday 76-75.  
Slaton plays Idalou here Friday night, then goes to Ralls Tuesday.  
The Tigerettes walloped CTK Monday night 56-23, with Karla Kitten scoring 17, Jan Davis 15 and Dru Ann Beard 12. In district action last Friday, Slaton pounded Post 66-29, after leading 40-19 at halftime. Miss Kitten had 24 and Gretta Strickland 16 in that contest.  
Slaton's junior varsity boys had a busy week with three wins and two losses. In the Littlefield tournament, the team lost to Dimmitt 51-37, then beat Friona 54-51 as Larry Washington scored 21 points. Last Friday they beat Post 51-31 as George Whaley had 16; Saturday they closed out the tourney with a 60-49 win over Shallowater to win consolation honors.  
Tuesday night the JVs were nosed out by Denver City 66-64 despite 27 points by Whaley and 17 by Lewis.

## Info Needed On 67 SHS Grads

Slaton High School graduates of 1967 are working together in an effort to contact all former students. Once all students have been heard from, a booklet will be made containing all the information about them. It will be used to finance a larger, more complete booklet, which in turn will make possible a reunion on the class's tenth anniversary.  
Everyone's co-operation will be appreciated. If you are a member of the class of '67, please send the details of your present address, birthdate, education attained, marital status, children's names and dates of birth, etc. to Mrs. Linda Romines Wilcox, Rt. 6, Box 22 B, Oak Hill, Texas, 78746, or contact Cindy Steffens, Rt. 1, Box 130, Slaton, Texas 75571.

### Sheriff Cites Crime Increase

Crime in Lubbock County increased in every category last year "with the exception of auto theft," Lubbock County Sheriff Choc Blanchard told members and guests of Slaton Lions Club Monday.  
Speaking at the club's regular noon meeting in the clubhouse, Blanchard gave figures on the increase in crime in the county during the last year on which statistics were available. He pointed out that the figures are compiled by the FBI, and that they sometimes run several months behind. Every crime committed locally is reported to the FBI, which compiles the records and periodically reports statistical comparisons to the local branches of law enforcement, Sheriff Blanchard said.  
A serious crime is committed about every 15 seconds in the United States, Blanchard reported, and a major crime occurs every 60 seconds in Texas.  
About 35 persons were present. Lion Boss Steve Smith presided.

AGAIN? Lions Melvin Kinnison, J. W. Holt, and Larry Smith look on as the All-American Redheads make a backwards overhead shot to score again as the Redheads beat Slaton 50-35. (SLATONITE PHOTO)
