Some ginning activity was reported Saturday and Sunday as stripping operations were started by a number of cotton growers. After Monday's rain. the sun appeared briefly Tuesday morning, then skies became overcast again. Foggy skies were prevalent around the area Monday night, while some snow fell in the Panhandle.

The South Plains cotton harvest continued to gain momentum last week-end and early this week but was slowed by rain in the northern counties on Tuesday and Wednesday, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the U.S.D.A.

\$70 per ton. Tiger Band Program Again

Slaton Lions Club will spearhead the "Operation Yuletide" program in the community again this year, it was announced this week by Steve Smith, club pre-

sident. J. W. Holt will serve as chairman of the project, Smith added. The annual program is sponsored as a community project to help the less - fortunate families at Christmas time. As in the past, said Smith,

all clubs and organizations in the community are asked to participate and cooperate in the program. Names submitted for receiving Christmas baskets will be listed with the Chamber of Commerce office, in order for a committee to screen the list and to avoid duplication of gift baskets.

A "goodfellow-type list" of individuals and firms who donate money to the Yuletide fund will be listed as in the past.

Coach Kenneth Housden was guest speaker at the Lions' regular weekly luncheon meeting Monday. He previewed the basketball season at Slaton High, and listed prospects for the Tiger squad, Ralls and Idalou are the top-rated teams in the league, he said, with Slaton rated about third or fourth. The four classing offices classed 20,700 samples during the week ending Friday, November 19th. This brought the total classed this season to 30,300. At this date last year 517,000 samples of the 1970 crop had been classed.

Strict Low Middling Light Spotted and Low Middling Light Spotted were the predominant grades at Lubbock last week with 54 per cent of all cotton classed. Strict Low Middling made up 8 per cent, Low Middling 17 per cent and Middling Spotted 7 per cent.

Staple length improved slightly and averaged approximately 31/32. Sixty-six per cent stapled 31/32 and longer compared to 58 per cent the previous week.

Only seven per cent of the cotton "miked" in the Lubbock office was in the premium range of 3.5 to 4.9, 8 per cent "miked" 3.3 and 3.4, 27 per cent 3.0 through 3.2, 40 per cent was 2.7 through 2.9 and 18 per cent was 2.6 and below.

The Consumer and Marketing Service of the U.S.D.A. reported increased trading in the new crop cotton. Prices were steady.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Low Middling 31/32 26.45, Low Middling 1-Inch-26,55, Strict Low Middling Light Spotted 31/32 - 26.65, Strict Low Middling Light Spotted 1-Inch - 26.85, Low Middling Light Spotted 31/32 - 26.30 and Low Middling Light Spotted 1-Inch - 26.35.

The Monday - night event is scheduled to start at 7 p.m. with Christmas carols being played from the Municipal Building on the city square. Santa Claus is scheduled to arrive about 7 and will have candy for the kids. Due to the Thanksgiving holidays, the SHS Band was unable to participate this year. The turkey - give - away

gets underway with free registration at participating firms Tuesday. Slaton merchants will give away 40 turkeys each week for three weeks, with Santa Claus to draw the names on three consecutive Fridays --Dec. 3-10-17.

The drawings will take place at the Chamber of Commerce office, where Santa Claus will appear at 4:30 p.m. each Friday to draw the names and give candy to kids who show up to see the jolly old gentleman.

A complete list of merchants and firms participating in the Christmas turkey program will be released next week. Citizens should register each week for a chance at a free turkey. Registration blanks will be gathered from the stores and put into the box for the drawing at the C of C office.

There is no obligation, nothing to buy--just fill out a re-gistration form at any participating store each week! You do not have to be present at the drawing to win. Some stores are providing two turkeys each week and others are giving one each week, but there will be some 120 turkeys to be given away.

Winners will get a certificate at the Chamber office and will go pick up their turkeys.

Industry Try Fails

Slaton's hopes for a large textile plant here were ended Tuesday after a long wait. . .and the answer was "no." A little explanation might explain the long wait, however, since the company announced that the "corporate directors have decided not to build a plant anywhere at this time." Earl Bartley, executive vice president of Slaton C of C, announced receipt of the letter Tuesday. The company which was considering Slaton for a plant site was disclosed to be Hanes Manufacturing.

The Chamber had put together a quick labor survey in connection with all information sought by the company. It was now known, at this time, whether or not the wage and price freeze had anything to do with the firm's decision.

Thanksgiving is a time to count our blessings. Seems we have so many, we can't count that high--and we're thankful for all of them.

Thanksgiving is also a time to be with our families and enjoy a turkey dinner with all the trimmings. My small family tries to get together each Thanksgiving and this year my sister at Hamlin was gracious enough to ask the four of us and my parents for the day. That's my family, mixed in

with her four. I already know we'll have a lot of goodles to eat. Here's wishing you a Happy Thanksgiving!

When the Slaton Tigers closed out the football season Nov. 12 and Texas Tech played their last home game Nov. 20, I breathed a sigh of "another football season is behind us". But this week, there'll be more football than some of us will know what to do with, I'm quite sure my three boys will be glued to the games on television. And then there's the Wilson-Anton game Thursday night, the Roosevelt-Childress game Friday night and the Slaton-Post Exes game Saturday

After selling two "Booster Pages" this week congratulating the Wilson Mustangs and the Roosevelt Eagles, I thought how thankful the Slaton merchants are to have these two communities, as well as Cooper, Southland and Posey, as our neighbors. Slaton merchants sincerely appreciate the fine business these rural community residents bring into Slaton. These pages are just a small gesture from Slaton merchants showing their appreciation and wishing them success in their endeavors on the football field.

Ben Ezzell of Canadian, had some comments that we felt were appropriate for Slaton in his column of November 4. We quote editor Ezzell herewith:

"An out-of-state publisher, juding newspaper contests in the Texas Panhandle, once criticized area editors for "giving too much space and prominence to football" in their small-town weekly newspapers. The man obviously was not familiar with Texas in the Fall.

"The same criticism might be applied to eastern newspapers for "giving too much space and prominence" to the World Series. . . and it wouldn't be any further off base. In Texas high school circles, the "World Series" takes place almost every weekend on countless gridirons all over the state. . . and interest and excitement build in intensity as September fades into October, and reaches a peak as the championships go on the line in November.

"Over-emphasis on football? Maybe. But the newspapers which give the most coverage to the events which interest the greatest number of their readers don't overemphasize football. . . . they just keep in step with the public pulse. In Texas in the Fall. Football is the name of the game.

'Here on The Record, we give a lot of space every fall to the gridiron successes (and sometimes failures) of the Canadian Wildcats: and spend a substantial part of the editorial budget covering and photographing the high school games, not because the editorial staff thinks that football is necessarily the most important thing that's going on, but because newspaper sales indicate that this is where a substantial amount of reader interest lies. And in the newspaper business, this is the name of the

"Any event for which hundreds of people will drive scores, . . or hundreds, . . of miles to witness, and do it under the most inclement of weather condeep mud, pea-soup fog and icy northers. . . has got to be rated as important news. And so we regularly drive those miles, and brave those winds, and freeze our fingers and ears and toes. and walk for miles up and down sidelines in order to get photos and take notes and compile statistics because we think that a substantial number of the folks who shell out good money to buy The Canadian Record every week are interested in these

"We try not to neglect other facets of community news during the football season, because we don't think that football is the single most important thing that's going on in Canadian, Texas, these weeks. . . but if it were put to a vote, we suspect that a majority of people in this community might disagree with the editor on that score, too. "It's no great hardship, any-

way, to follow the Canadian Wildcats this season, because they've been a most interesting team to watch. . . and we must admit that when they win those games it makes those long trips home from the out-of-town dates a whole lot shorter than they used to be when they were losing. And having followed his team through 23 seasons now, including a long string of years when they were losing mighty regularly, we claim to be an expert on that score.

'The Record has covered every varsity game for the past 21 years, to our certain knowledge, . . and the editor has covered all but two of them personally. . . so we've got almost as good an attendance record as Perry Hazlewood has,

'But we've gotta confess: It isn't entirely love of football that keeps us going when the weather gets rough and the team is losing. It's a stubborn idea that the job of a home-town newspaper is to report what's going on with the home folks ... and on Friday nights in a Texas Fall, that's where the action

The students and teachers at Slaton JHS are all making plans for their Thanksgiving holiday. Several of the teachers are going to travel "home", for the holidays. Mrs. Schlueter is going to visit her mother in Sonora. Mrs. Smith expects to visit relatives in Sonora and Del Rio. Mrs. Miles will visit relatives in Bonham. Mrs. Childers' daughter will be home from college.

Here at the Thanksgiving holiday we're all thinking of that yummy turkey and dressing. It makes a person hungry just to think about it.

Thanksgiving is usually thought of as a time to eat turkey and other goodles, but it is also a time to be thankful. Most of us know that, I know it, and now you know it. I am thankful for what I have,

and I hope you are, too. Have a nice holiday, and happy Thanksgiving!

Traffic Record For 25 Years Revealed

Safety Officer C. A. Dempsey, Department of Public Safety, has compiled a 25-year traffic fatality history and the results indicate that Lubbock County has more fatalities than the other 11 counties in the survey.

Over the 25 year period, Lubbock County has recorded 873 fatalities. Others are as follows: Hale, 304; Hockley, 213; Lamb, 170; Terry, 146; Lynn, 117; Floyd, 108; Bailey, 105; Crosby, 100; Garza, 95; Yoakum, 82; and Cochran, 48.

The report revealed that during the 10 - year period of 1950 to 1960, Lubbock County recorded 294 fatalities, comto 454 fatalities from 1960 to 1970.

During the 25 years, the most fatalities were recorded in the county in 1961 with 57 fatalities. The fewest was registered in 1947 when 12 were recorded. The 57 in 1961 was nearly half the fatalities recorded for all 12 counties with a total of 116 for the 12 counties.

community has been fortunate in having hospital facilities is ince 1929 by the Sisters of Mercy. The hospital until now has buted far more to the community than it has cost. It has provided care for the Citizens plus a substantial contribution to the lomonomy by providing jobs for many people. At present, approximately people are employed with an annual payroll in excess of \$220,600.00

emendous humanitarian effort by the Sisters for over forty-two can not be described. How do you place dollar value on the conion of a life-time by so many Sisters? One of the Sisters we all not love is Sister Agnes. She along with many unnamed others have ditheir lives that the Community might have health care facilities. Munity has freely accepted this effort with appreciation and giving never fully realizing the great sacrifice of money and hufe expended by the Sisters of Mercy.

in 1971, the Community was shocked to hear that it would be imie for the Sisters of Mercy to continue to provide the community ispital facilities.

sters of Mercy found it beyond their ability to provide the ties due to two facts. (1) Personell. Young ladies are not availareplace Sisters that expire or retire; (2) Money. The hospital it in 1929 and since remodeled. Hospital building-code changes present hospital obsolete. Up-dating is necessary or the hospital loose its approval as a facility that can care for the health of medicare or medicade patients

sters found the declining availability of personnel plus the huge ling cost beyond their ability.

ing was arranged by the Sisters with the local hospital advisory along with other citizens of the community to review the fact that sters would have to close the hospital as it was impossible for staff the facility and remodel to meet licensing requirements.

meeting, the Sisters indicated their desire to see hospital ties maintained for this community. They suggested the community want to take over operation of the facility. The sisters intithey would assist where possible and indicated all of the Sisters now working at the facility would continue. The Sisters further ted that if the community had an interest in operating the facility, at be presented as a gift.

everal meetings of local groups, it was determined that the communuld exhaust every effort to keep the hospital. Another meeting was schedlued with the Sisters and action was initiated to work out a way so that the community might become the owner and operator of the facility. It was concluded that the hospital should be owned by a non-profit organization with its sole purpose being to maintain good hospital facilities for the community rather than being operated toward a profitable return to shareholders. The thought was that since the Sisters of Mercy had provided health care facilities for over forty-two years with the foremost object being humanitarian rather than profit, then the community should follow the same tradition.

A charter for a non-profit foundation was obtained with its purpose to own and operate the Mercy Hospital. While the charter was being obtained, the Sisters initiated action to obtain approval that would permit them to give the hospital facility to the Slaton Hospital Memorial Foundation. The Sisters of Mercy have permission to give the hospital facility to the foundation. All that is needed is a positive indication on the part of the community that it wants the facility.

As stated, the hospital has to be up-dated or it could loose its accreditation and its approval to provide health care for medicare and medicade patients. Should that occur, it would not be economical to operate the facility and economics would necessitate its closing. With accreditation, the hospital operates at a profit. The profit is such that will provide funds for continued up-dating to meet changing needs.

The community can have a going profitable hospital as a gift from the Sisters of Mercy. All the community needs to do is show its desire by contributing the funds necessary to up-date the facility.

The complet up-dating of the facility will cost an estimated \$100,000.00 to \$120,000.00. The facility can be placed in acceptable condition for continued accreditation for an estimated \$70,210.00

The major items making up this total are:

Sprinkler System in hazardous areas	4,400.00
Fire doors in central stairway	7,000.00
Non-combustible materail on fire exits	3,300.00
Provide vented fire-resistive space for

Misc. items	960.00

\$70,210.00

ERCY HOSPITAL

For over forty years, the community has enjoyed hospital facilities with little money and time expended by its citizens. This can not continue; a hospital for this community now depends upon the citizens expending their time and money. A "going needed business" can only continue if the \$70,210.00 is acquired. All other work has been done to retain the health care facilities. The facility can belong to the community for \$70,210.00 or the hospital can be closed.

The question-Will Slaton have a hospital in 1972 or 2013? The answer depends on you and it must be answered in 1971.

The bi-district playoff game was hosted by Slaton Chamber of Commerce, which provided volunteer workers for the con-

Still in the first period, Smyer came back with a scoring drive, climaxed by frosh quarterback Gary Gilbert's 4-yard run. The Bobcats failed on extra points but took a 12-8 lead. The teams swapped scores

early in the second period, with Hensley scoring on a 4-yard run for Borden County, and Lyons breaking on a 52-yard dash for Smyer. That put Smyer

lead in the opening period, dominating play all the way. The Eagles erased all doubts when Brown broke on a 54-yard run in the third period to pave the way for a 20-0 lead. Keith Stone picked off two

passes for the Eagles, while Danny Mahaffey and David Hammett also came up with inter-ceptions. Mahaffey, Mann, James Dickey and Matsler headed up the defensive wall. Littlefield won the opening coin toss and chose to take the wind, but Roosevelt ruined that theory in a hurry. After three plays picked up a first down, Vasquez sprinted off the right side and almost went all the way before Mike Carter made touchdown - saving tackle at the Wildcat 19.

After the 47-yard run, however, the Cats held on the 10 and took over. On a third-down play, Funk lost the ball and Mann claimed it for the Eagles on the Littlefield 13. High tower missed a third-pass into the end zone, but interference was called, setting up a first down at the 1. Hightower took it in from there, and Matsler's kick made it 7-0 with 5:04 left in the first period.

The Cats chalked up a first down on their only pass completion after the next kickoff. A few plays later, however, Mahaffey picked off a pass on the Eagle 40 and returned it to the Littlefield 42.

On the next play, Hightower faked a handoff to Brown who appeared to be fighting for short yardage, then the Eagle quarterback stepped back and passed

Nieman passed for 516 yards to lead the air game, and posted a fine 54.9 percent completion mark. Martin and Davis were way out front on the pass receiving, both with 15 catches, for 235 and 216 yards, re spectively.

As a team the Tigers posted a 5-5 season mark, and finished 5-2 in district play. The Tigers outscored their opponents by 151-112. Slaton averaged 152 yards a game rushing to 156 for their foes, and passed for 78.5 yards a game to 63.3 for the opposition.

The Tigers had an edge in first downs, 145 to 120, and had fewer penalties than their opponents. Team and individual statistics are shown in the accompanying chart.

Not shown are fumble recoveries, where Stanley Jaynes led the way with 3. Brad Winchester, Darrell Eastman and Bartley had 2 each, Grabbing one each were Gary Dillard, Mike Speer, Tom Roche, Lloyd Kitten, Tommy Walters, Curt Woolever, Floyd Kitten, Rod Simmons, "teve Mosser and Dwayne Buxkemper.

The Tigers lost their first four games of the season, then bounced back to win 5 of the last 6. Slaton lost to Denver City, 21-6, in the 4-AA opener, and later lost a heartbreaker to Idalou, 21-14. The Tigers finished with three straight wins, including a 55-0 rout of Ralls and a 20-14 upset over district champ Roosevelt.

The squad had 22 seniors, with only five lettermen scheduled to return next season. The five junior lettermen were backs Ron Bartley, Steve Nieman and Ken Schuette -- all starters, and center Dan Butler and guard Jerry Hopper. Ronnie Schaffner On ■ Tech Crops Team

LUBBOCK -- Texas Tech University's winningest "coach," Agronomy Prof. Cecil I. Ayers, and his Crops Team left Sunday to compete in the National Collegiate Crops Contest at Kansas City Nov. 23 and the International Collegiate Crops Contest at Chicago Nov.

Coach Ayers' teams have won 32 national and international championships in the last 38 contests, including a skein in which the teams took first place in 15 consecutive competitions.

Other than the 32 first place finishes, the Tech Crops Teams have come away from the last 38 contests with five seconds and one third. Last year's team won first place at Kansas City and second at Chicago.

Members of this year's team are junior Mac Devin, Tulia; junior Ronnie Schaffner, son of Mr. and Mrs. Carlton Schaffner of Route 1, Slaton; sen-ior Gary Louthan, Hale Center; and junior Monte Lusby, Spear-

Tech will be competing at both Kansas City and Chicago against teams from nine other major U.S. universities.

Prof. Ayers said the competition involves knowledge of crop plant and weed seed types and plant diseases representative of the entire United States. Contestants also must demonstrate proficiency in commercial grain grading and in a modified form of seed analysis.

Wilson Speaks To Rotarians

"Rotary Foundation Week" was the topic for a special program presented at Slaton Rotary Club last week by Jimmy Willson, past district gov-ernor from Floydada.

The Rotary Foundation program involves sending students to foreign countries to "promote goodwill and understanding." It was started as a menorial to Paul Harris, founder of Rotary International.

Willson emphasized that all citizens must become con cerned and involved in factors outside of their own com munities. He added that the Foundation program offers Rotarians an opportunity to become involved in international understanding.

Willson was introduced by Bruce Pember, Two new members -- Glenn Crawford and Paul Buchanan -- were in doctrinated into the club by Bill Sewell. Ansil O'Neal presided at the club's regular several visiting Rotarians and guests being recognized. Rotary will not meet this week due to the Thanksgiving holiday.

Ayers pointed out that the difficulty of the competition is illustrated vividly in the identification phase where contestants are confronted with 100 different samples picked at random from among 400 to 500 possible combinations of different plant and seed types and diseases. For each, they must give both the Latin and comon names. "Over the years," Ayers

said, "the competition has got-ten tougher and tougher. Now, contestant has little hope of a first place finish unless he compiles a near - perfect

Awards are given for first, second and third place in dividuals in each of the three phases of the competition, to the first, second and third placing teams in each phase, and the first, second and third placing teams in the overall contest.

The Tech team coach is confident of another high finish in this year's contests and, since he is stepping down as coach after this year, hopes to end his 24-year reign on a winning note. "This year's team is a fine one," he said, "and I believe they can win even if they have only an average day.'

The national contest in Kansas City is being sponsored the Kansas City Chamber of Commerce, Kansas City Board of Trade and the local United States Department of Agriculture grain grading office. The international contest in Chicago is sponsored by the Chicago Board of Trade, the American Seed Trade Association and the Chicago USDA grad-

Wilson School **Board Meets**

The Wilson School Board met in regular session Monday, Nov. 15. Items of business included the approval of the band competing in the Greater Southwest Band Festival in Amarillo in April, approval of a practice uniform for girls engaged in the high school athletic program, and approval of a textbook committee for new books to be used in 1972-73.

In other action the board authorized a bus maintenance foreman to take Roy Robinson's place while he is ill. The board also gave approval for the superintendent to apply for additional federal money for a migrant program. The board also gave final approval to recommended changes in the sick leave policy for school employees.

Members present for the meeting were Roy L. Kahlich, Curtis Wilke, James Savell, Loyd R. McCormick, Jr., Tommy Bednarz, Billy Weaver, and Alvin Kitten, and Superintendent Glen H. Mitchell.

Cooper FFA Club News

The Cooper Agriculture Department has two of the finest FFA He has participated on teachers, and it also has two fine student teachers. These student teachers are from Texas Tech, and they teach and work with the students under the supervision of Mr. Taylor and Mr. Kincaid, They are Larry Billingsley and Gary Killian.

Larry Billingsley was born in Bronte, Texas, and later moved to Eual. He went to school at Eual and Abilene and became an FFA member there. In FFA, he has held several offices, including president. He has participated in leadership and judging teams and holds the degree of State Farmer, He entered Tech and received a scholarship in mechanized agriculture.

Gary Killian grew up on a farm near Wellington, Tex. He went to school at Wellington, where he joined 4-H. He was on the 4-H livestock team and a member of the 4-H riding club. Later, Gary enrolled in Voc-

Texas State University for two years, and then transferred to Texas Tech.

The Cooper Ag. department is glad to have these two men with them.

Every year, the Cooper FFA chapter donates money to Cal Farley's Boy's Ranch. This money is used in the improvements of the ranch's FFA facilities. In recent years, the money donated by FFA chapters in Area I was used for building a barn for the boys to keep their calves. This year, Cooper Chapter is donating \$22.55 from the 67 members. This is a small amount, but every little bit helps with the work being done there.

National Bible Week

This is National Bible Week. In connection with National Bible Week, Senator Tower has prepared the following statement which will be included in the Congressional Record during the week.

Following is Tower's state-

ment: A recent news item from Kenya reported the theft of a case from a house during the night -- a case which the thieves later abandoned when they found it contained 160 copies of the Bible. It had been sent to a post office worker from the United States for free distribution in public places. The headline accompanying the article read, "The Word Wasn't What They Wanted,"

Something like that might be said of the modern world insofar as it has turned away from God: the Word is not what we want. The annual observance to recall us as a people to the moral and spiritual foundat ions of our society as those foundations are revealed in the Word of God which is the Bible. That Word is truly one of judgment -- judgment tempered by mercy, to be sure, but there is always a sense in which it is unwelcome. Some prefer not to hear and to heed the clear call of repentance and conversion of life which runs like a golden thread through the pages of the Old and New Testaments "Jerusalem, Jerusalem, return unto the Lord they God," In these troubled and diffi-

And yet, apart from the teaching enshrined in the Bible, we will find neither security nor

The Bible is, as it were, a kind of basic training in life. For Christians the Bible is the greatest book in the world, and for this reason: in the Bible, as in no other book, God speaks to man, makes himself known, does something to us and for us, and tells us how we are expected to live. We share the Old Testament with two of the other great religions of the World, Judaism and Islam, The New Testament is distinctively Christian, and in its pages the pattern of a perfect life, lived in utter obedience and service, set forth. For Christians, the crowning fulfillment of Scripture in the Word made flesh, the spirit, the mind and the character of Jesus Christ.

National Bible Week is a call of National Bible Week serves to each of us, individually and in families as well as in our churches and synagogues, to turn to the Word of God and, above all, to hearken. For many the Bible is little more than a heavy bookend, a dust - gatherer more often praised than read. And yet its message is of such power that it is able to transform the lives of men and nations. Far from being a dead book, the Bible continues to inspire new and contemporary translations suited to the needs of fresh generations of readers throughout the world.

Whatever the future may hold, we may be certain that the Bible cult days for America it often will maintain its special place, seems that we might well echo enduring vitality, and perennial that headline: "The Word relevance. THANKSGIVING THOUGHT -- Giving thanks means little unless you are living thanks.

SUNDAY'S A SERMON

Be Thankful There are times when we tend to forget that life is beautiful. Principally, this happens when we become too self-involved. We cannot always avert this happen ing. The problems of life may close in on us, surround us to the extent that our vision is clouded and our thoughts are distressed.

We need in these moments the courage of faith. With faith, we hold to the belief in a better tomorrow and, more immediately, we can find blessings that need be counted. No matter how difficult this moment, there is so much for which we need be thankful, for the yesteryears, for much of today, and for the future.

When we begin to reach out ward, we have made the first move to see beyond immediacy, to recognize the beauty of life.
