Dog-Shooting Order Is Rescinded

City Hall was a howling success for the pooch lovers as Slaton City Commission Friday afternoon suspended a policy of shooting stray dogs on sight. The action came after a meeting of the commission with the president of the Lubbock Humane Society and several Slaton residents, most of whom were in favor of getting rid of the strays any way pos-

After a storm of protest from dog lovers on the shoot-tokill order, the commission asked Tom Crites of the Humane Society to attend Friday's session, and had the city attorney check on state laws regarding shooting of animals. The city attorney reported that state law does prohibit shooting dogs, even on private property.

The earlier order to shoot dogs came after a numerous citizens had complained about dogs running loose in packs in the city. Now, the city says it will hire a temporary night warden to handle complaints during the period that the problem is greatest, and the commission authorized purchase of a pickup truck and a

City officials also announce there would be strong enforcement of the existing dog ordinance, with prosecution of violators. No dogs were shot during the two days the rescinded policy was in force.

Crites expressed appreciation to the commission for handling the problem in a

for the city election, as three others who had filed earlier attended a spirited meeting of the commission last Friday over the dog situation.

Attending Friday's session as observers were B. H. Crandall and J. P. Spears, candidates for commission posts from Wards 1 and 3, respectively, and John Landreth, candidate for mayor.

As the filing deadline passed last weekend, two more candidates were added to the ballot for voting on April 3. One is Johnnie Mack Mc-Cormick, 945 S. 17th, who will

Ward 1 commission post. The other is Wesley (Red) Meyer, 245 W. Panhandle, who will seek the mayor's job, along with Landreth and Tommy Brunson.

Meyer, 27, a native of Slaton, who has lived here all of his life except for 17 1/2 months in Fort Worth, is single. He graduated from Slaton High School in 1963. After graduation, Meyer worked for several firms here, then worked for two years and eight months for the Slaton Police Dept., as dispatcher, jailer and clerk, and some patrol work.

Then Meyer went to Lubbock Police Dept. as radio operator, and worked for the department 18 months, followed by an 18month tenure with Texas Tech Police as a campus patrolman. He currently is chief of security for K Mart, a job he has had almost three years. He has been a member of Slaton Fire Dept. and while in Fort Worth, was a lieutenant for the Lake Worth Fire Dept., also serving as fire marshal for Lake Worth.

He is the son of Mr. and Mrs. Ernest Meyer of Slaton. Wesley is a lifetime member of Slaton First Baptist Church.

Meyer explained his reasons for seeking the job of mayor: "I have been involved with the city in the past, and have some awareness of many of the major problems facing the city. I want Slaton to grow and prosper and feel that I am about the right age to have the energy and enthusiasm for the future that the job demands. We need

Absentee balloting in the city election starts March 15. Voting places and judges will be as follows:

Ward 1 -- junior high school, Mrs. Mary Grace Privett.

Ward 2 -- West Ward's old cafeteria, a white stucco building south of the school. School officials have requested that voters not enter through the school building. Judge will be W. H. Dawson.

Ward 3 -- City Hall, Jack Smith.

Ward 4 -- Stephen F. Austin, Mrs. Rose Farschon.

Voters should bring their 1972-73 registration certificate to the polling places, if they still have them. Otherwise, it was explained, there will be a delay in the voting pro-

Garbage Pickup Schedule Listed

A regular schedule for picking up garbage in residential areas of the city was announced this week by Triple C Sanitation Service. Garbage pickup has not been on a regular schedule this year because of the change in service and because of poor weather.

City officials authorized publication of a map showing which sections of the city garbage will be picked up on which days, so that residents would know and could plan accordingly. The map is presented on page 4 of this issue.

City officials reiterated this week that those who take loads of trash to the dumpgrounds will have to pay a minimum charge of 50 cents, or more if the quantity dumped is over a cubic yard.

"The reason they are being charged is that the state is now requiring that the garbage must be covered, so a man must be on duty at all times, with equipment he has purchased," the spokesman said.

and Denise Kinner of Frenship. Kitten and Stricklin are seniors; Davis, Kinner and Payton are juniors; and Miss King is a sophomore.

Honorable mention forwards included Vivian Conwright of Slaton, Annie Tillman of Roosevelt, June Raindl of Tahoka and Tina Brooks of Frenship.

All-district guards included seniors Petra Gipson and Scharla Johnston of Slaton, and Junior guard Kay Stephens, the only unanimous choice for alldistrict honors. Brenda Patton, Roosevelt senior; Chandler, Tahoka senior; and Jan Hall, Post junior, rounded out the all-loop guards.

Honorable mention included Loretta Dillon, Slaton senior; Cindy Smith, Penny Braziel and Sherry Hammond, all of Cooper; LuAnn Kyle and Betty Howell of Frenship; Rhonda Westbrook of Roosevelt; Ann Mitchell and Pam Feagin of Post.

Larry Washington, senior; and Phil Whaley, junior, were Slaton's representatives on the all-district boys team. Denver placed three, seniors Lyndal Trout and Robert Qualls and junior Bruce Shores; Post had seniors Steve Hays and Reggie Moore; Cooper placed senior Lance Hlavaty; Roosevelt had senior Dale Campbell; Tahoka had Phil McClendon, senior; and Frenship had junior

Six File For School Posts Here

three incumbents, have filed for three school board posts which will be filled by voters in the Slaton Independent School District in balloting April 7. Deadline for filing was Wednesday. Current members of the board whose terms expire are Clark Self Jr., Joe Gamble and Rev. Emilio Abeyta. All have filed for re-election, and others seeking the posts are Steve

Ruiz, Johnny Mack McCormick and J. Martin Basinger.

In addition to the April 7 school board election, voters in the Slaton district-and those in Southland Independent School District -- will cast ballots March 31 on a proposal to consolidate the two districts.

Order for the election was issued in Lubbock by County Judge Rod Shaw after a petition bearing more than 20 signatures

was presented to him. The Garza County judge also ordered the election in that county, since the Southland district goes into both counties. A simple majority of votes in each district is necessary before consolidation can be

For you folks trying to lose weight -- here's how NOT to! The new slimming devices advertised nationally, that claim. to help you lose several inches in hours without dieting, are usually devices to cause temporary weight reduction through dehydration. Whenever you drink water or a beverage, you gain back any weight that was lost. The Postal Service is looking into several consumer complaints on the weight control products sold through the mail. Officials feel that, if any of these methods are successful, it is the result of perspiration during the exercises, and not the device.

I have heard for years that you DO NOT leave food standing in opened cans, even in the refrigerator. And recently, I have heard that it is perfectly safe. Now, another fact comes to light. Food should not be left standing in ANY aluminum vessel, can or pan, for longer than is absolutely necessary. Minerals in food causes pitting of aluminum.

will be awarded to first, second, third and consolation, in both the men and women's divisions. Several local teams are entered, along with teams from Wilson, New Home, Lamesa, Lubbock and Idalou. Other entries were expected before the Thursday morning deadline.

SCTA uses the proceeds from the tourney to provide college scholarships to Slaton High School seniors who plan to become teachers. Recipients of last year's

scholarships, (a total of \$400) were Linda Longtin and Barbara McCain. SCTA also paid \$700 toward

the purchase of a new outside exit and sidewalk to the junior high cafeteria last year. The volleyball tournament is

the teacher's only fund-raising activity for the year. The concession stand at the tourney will be staffed by SCTA members, who also donate homemade sandwiches, brownies and ice

Admission to the games is 50 cents for adults and 25 cents for children.

Local Students On Dean's List

A total of 2,377 students in the College of Arts and Sciences qualified for the dean's honor list for the 1972 fall semester, according to Dean Lawrence L. Graves.

To qualify for the honor list, a student must be enrolled in 12 hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 grading

system. The College of Arts and Sciences is one of six colleges and two schools at Texas Tech University, which will be observing its Fiftieth Anniversary 1973-75. The fall enrollment was more than 21,490.

Students recognized for their high academic achievement in the College of Arts and Sciences from Slaton are:

Cynthia L. Akin, freshman; Susan G. Green, freshman; Nathan K. Griffin, sophomore; Norman L. Piwonka, sopho-more; Ronald G. Felty, sophomore; Patrick J. Edwards, Jr.; John C. Webb, Jr.; Tony M. Privett, Jr.; and Rita K. Payne,

This week is Texas Public Schools Week. Our open house was held Monday night from 7 to 8:30. 137 parents registered and visited with the teachers of their children. The classrooms were attractively decorated and much work was on display.

Mrs. Jenkins' sixth grade students presented a play for their parents.

The eighth grade students were proud of their Texas Heritage folders which were on display in their language arts rooms. You and the Law folders were on display in Mrs. Wright's history room.

Other projects on display were: sculpture, pen and ink, and water color drawings, in Mrs. Lawrence's art room; geometric figures made with a compass, in Mrs. Holloman's room; and forming of the world in Mr. Rodriguez's room.

Some of our sixth graders are playing in the Little Dribbler basketball games which started this week.

The Classroom Teachers volleyball tournament will be going on all of next week at the high school gym. We need to attend all the games that we can, for the proceeds from this tournament go for scholarships given each year to graduating seniors. There will be a good concession stand -- even homemade ice cream!

Joan Gindorf Receives Cap

Miss Joan E. Gindorf, daughter of Mr. and Mrs. Chris W. Gindorf II of 1395 W. Crosby, Slaton, received her cap at the ceremonies of the Albany Medical Center School of Nursing held on March 5, 1973 at Junior College of Albany.

The guest speaker for the event was Mr. George Pfaff, President, Albany Medical Center Hospital.

The reception of the cap signifies satisfactory completion of the first six months in the School and was presented by Miss Marie W. Treutler, Director of the School of Nursing. Miss Gindorf is a graduate of Southland High School.

RATTLESNAKE HUNT SET AT SWEETWATER

The annual Sweetwater Jaycees Rattlesnake Round-up will be conducted this weekend. The snake hunters are invited to register on Friday, Saturday or Sunday.

Registration will be at the Nolan County Coliseum in Sweetwater. Also there will be snake steaks and curios for spectators inside the coliseum plus guided tours with transportation provided for spectators and photographers.

Many of the legislators were committed by campaign promised to vote for a solid reform package, as was Price Daniel, Jr. in his race for the '73 Speakership.

The most provocative question these days in "Education: Where Are We?" The stupendous cost of education has got a lot of legislators shaking their heads. Hour after hour is spent in committee meetings thrashing out answers to questions like this and others such as marijuana, abortion, and overall law enforcement. One of the reform bills, the one limiting the term of future House Speakers to a single term, is still in committee. It's rumored that before it's all over, that bill will be changed to extend the Speaker's term to two instead of one.

the air about us, gusting forth with new vigor and magnitude. The war is over, our economy is changing, and we wonder what will be next. But there is something each of us should be doing we should be trying to change our lives for the better. Now is the ideal time.

America needs a call of con mitment and change to get back on the path that leads to God. Loose morals, crime, hatred, de-ceit, and apathy must be changed to love, honesty, and pursuit of God's will for our lives. We as a nation are ripe for change, but it is up to each of us to bring in the harvest within our hearts.

By letting God in on our plans, and by letting our lives fit into God's plan, we are surely destined toward greatness. But we must start somewhere and at sometime

Thy dead men shall live, together with my dead body shall they arise. Awake and sing, ye that dwell in dust; for thy dew is as the dew of the herbs, and the earth shall cast out the dead. — Isaiah 26:19.

A tranquil scene on a river bank gives one time to ponder the meaning of life, existence and death. Yes, some day even this peaceful piece of soil will cast out the dead. Perhaps the canoe marks a pioneer grave. We'll never know until the end, but we must live our lives so that as that day approaches, we too, will arise and sing.

A Texas Tech research associate, Tommy Swann, has joined the staff of Water, Inc., as staff economist. Announcement of the job assignment was

made by A. L. Black, president. Swann, a native of Wilson, Taxas did extensive work on the State Input-Output Study as first a research assistant and later as a research associate in the Department of Agricultural Economics at Tech. The study, just completed, is designed to show the inter-relations between the various economics sectors in the state.

"We are most fortunate to obtain the services of Swann," Black said. "The addition of an economist to our staff gives us the 'in house' capability of detailed analysis specialized to the specific needs of our organization," he said, "and Swann will play a key role in developing meaningful information for not only the benefit of our members in West Texas and Eastern New Mexico, but his work will be vital in developing creditable testimony presentation of the case for importation of water to the area."

After graduation from Wilson High School, Swann attended Texas Tech where he earned both Bachelors and Masters Degrees in Agricultural Economics. He interrupted his education for a two-year stint in the U. S. Army, serving a year in Vietnam. He holds membership in Alpha Zeta, an honorary society of agriculturists and Omicron Delta Episilon, an honorary economic society. He is also a member of the American Agricultural Economics Association.

He is the son of Mr. and Mrs. Jiggs Swann.

Late Harvest Still Going On

Cotton harvest operations began increasing once again on the South Plains as fields dried out, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA. Most activity was in the counties east and south of Lubbock but activity was increasing over the whole area.

This is the latest cotton harvest on record. Samples bales were classed at the cotton classing offices during February and samples from approximately 150,000 more bales are There have been many late harvests in past years vested this late in the season.

Samples from 41,000 bales were tested and classed at the Lubbock office during the week ending Friday, Mar. 2. This brought the total classed for the season to 1,819,000 bales.

Estimates indicate that 90 to 95 percent of this season's crop is now out of the fields.

Grades of cotton were about the same as the previous week. Low Middling Light Spotted (52) was the predominant grade, making up 15 percent of all cotton classed. Strict Low Middling Light Spotted (42) made up 14 percent, Strict Low Middling Spotted (43) 12 percent and Strict Low Middling Tinged (44) 13 percent. Micronaire readings showed a slight

Prices on the Lubbock market were \$2.50 to \$5 per bale lower on most qualities from the previous week. Prices ranged from \$5 per bale over the loan for low grade, low micronaire cotton up to \$60 per bale over the loan for high grade, premium micronaire cotton,

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Strict Low Middling Light Spotted (42) staple 30 - 26.75 cents per pound, Strict Low Middling Strict Low Middling Strict Low MiddlingSpotted (43) staple 31 - 22.30, Strict Low Middling Tinged (44) staple 30-18.35 and Strict Low Middling Tinged (44) staple 31 - 18.45,

DEATHS

G. E. Taylor

E. "Dick" Taylor, 70, retired Lubbock corporation court judge, died about 8:30 a.m. Tuesday in his home. Ser-vices will be at 11 a.m. Thursday at Westview Baptist Church. Officiating will be the Rev.

Clinton Eastman, pastor and the Rev. W. F. Ferguson, a retired minister from Lubbock. Burial will be in Englewood Cemetery under direction of Englund's.

Taylor moved to Slaton from Detroit, Mich., in 1938, and served as Lubbock corporation court bailiff in Lubbock in the late 1950s, moving to assistant judge and finally corporation court judge for the city in about 1964.

He was a native of Haynesville, La.

Survivors include his wife; his mother, Mrs. George Merriott of Slaton; and a brother, J. L. Taylor.

Anti-Pollution Booklet Available

A new, free eight-page illustrated booklet entitled, "The Story of Willie Bacteria, or How To Take Care of Your Septic Tank or Cesspool" is now available to owners of septic tanks and cesspools from Acuff Co-op Butane, Acuff.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

Chief attraction in the book let is a humanized "Willie Bacteria" who is responsible for maintaining the efficiency of the disposal system. When the septic tank or cesspool user ignores the fact that "Willie" is working to keep the disposal system free from disease, and saturates him with an overdose of detergents acids, lyes, caustics and other irritants, "Willie" is very irritants, unhappy, and more often than not, just stops working.

But there is a bright side to 23-ltc ... the story too, for "Willie Bacteria" has found a way to eudcate the septic tank or cesspool user, so that "Willie" can do his job under modern up-to-date working conditions, and prevent the fuss, mess inconvenience, and expense of a clogged disposal system.

> Home Inventory With Photograph

COLLEGE STATION -- Photographs can help identify items lost through theft or fire. "Most families cannot de-

scribe their possessions -- even the most valuable ones -- after home and belongings suddenly are destroyed or stolen," Lillian Cochran, Texas Agri-cultural Extension Service home management specialist, Texas A&M University, noted. "A photographic inventory of the home's contents can provide

hold," she noted. "Taking photographs for an inventory requires no special skill, talent or equipment -- anyone with an ordinary snapshot-

definite proof of ownership -- a

valuable asset for any house-

type camera can do it. "For ease and thoroughness photograph each wall of a room to achieve an overall view -- take close-up shots of particularly valuable objects--open cabinets and drawers to expose contents," she added.
