Nearly 25,000 Bales Ginned In Area

Almost 25,000 bales of cotton had been ginned in the Slaton area early this week, as the harvest took a big lead over the pace of last year. Cotton continued to look good and grade good.

Twelve area gins reported a total of 24,874 bales ginned by Monday. A breakdown of the bale count showed the following: Slaton Co-op 7000 bales; Acuff Co-op 3270; Farmers Gin 2300; Hackberry Co-Op 2091; Union Co-Op 2040; Wilson Co-Op 1900; Wayside Gin 1833; Posey Gin 1055; McClung Co-Op 1300; Basinger Gin 625; Gatzki Gin 360 and Moses Gin 1100.

Cotton harvest operations are increasing daily on the South Plains, according to Paul R. Dickson, in charge

of the USDA Cotton Classing Office in Lubbock. This increase is reflected in the increasing number of cotton samples being received at the cotton classing offices at Lubbock, Brownfield, Lamesa and Levelland.

Samples from 74,000 bales were classed at the four offices during the week ending Friday, Nov. 2. This brought the total classed for the season to 96,000. This is

far ahead of the pace of last year's crop. At this time last year samples from only 1,200 bales had been classed.

Quality of the cotton harvested continued excellent and is considerably higher than last year.

Grades 31 and 41 continued to be the predominant grades at Lubbock, making up 70 percent of all classed. Grade 31 made up 32 percent, Grade 41, 38 percent and Grade 32, 11 percent.

Staples were predominantly 30 to 32. Twenty-five percent had a staple length of 30, 21 percent stapled 31 and 15 percent was 32.

Micronaire readings continued excellent. These readings indicate that most of the early harvested bales were fully mature. Eighty-four percent of all cotton

tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 10 percent was in the high micronaire range of 5.0 to 5.2 and 4 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service reported slow trading on the Lubbock market during the week. Prices declined two to four cents per pound early in the week but stabilized later in the week. Prices were averaging 30 cents per pound over the loan late in the week.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30 - 45.65 cents per pound, Grade 31, Staple 31 - 52.40, Grade 31, Staple 32 - 53.40, Grade 41, Staple 30 - 44.70, Grade 41, Staple 31 - 47.25, and Grade 41, Staple 32 - 47.95.

Cottonseed prices were steady and farmers received an average price of \$100 per ton.

passed 14 yards to Donnie Fields for another TD. Dennis Pate ran 60 yards for a score, and Kevin Pringle scored from the 1 in the fourth period. Ronnie Jones kicked 5 extra points.

For Slaton, Greg Sokora ran 13 times for 83 yards and was in on 17 tackles, and Bill McClesky rushed 12 times for 39 yards.

Cooper closes out the season Friday night against Frenship, while the Tigers have a week off before winding up the year, also with Frenship.

More details of the game possibly could have been provided, but the Cooper "press box" does not include facilities for the press, so newspaper personnel must either stand on the sidelines or sit in the stands, in either case a difficult place to take notes.

Clubs Get Program On Sound

Harnessing sound for use by man was the theme of a program presented by Southwestern Bell Science Demonstrator Roy Wickerham to the Slaton Lions Club at noon Monday. The same program will be presented to the Slaton Rotary Club at noon Thursday.

The program, entitled "The Science of Sound," traced the development of the telecommunications industry from Alexander Graham Bell's early telephone to modern-day computers that talk.

Wickerham outlined the basic principles of human hearing and illustrated how these were applied to the development of the telephone.

"The quality of telephone transmission and reproduction has improved tremendously through the years," he said. "But the basic concept behind electrical sound reproduction is essentially the same today as it was when Bell used these principles in inventing the telephone in 1876 ... almost 100 years ago."

Wickerham discussed Bell Laboratories research in the recording industry, pointing

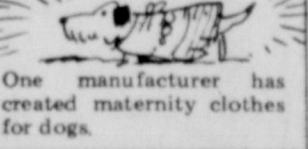

out such Bell inventions as the transistor and "talking" motion pictures. One of the latest advances he mentioned is an invention called a harmonic compressor. The compressor allows blind people to "speed hear" at 400 words per minute.

"The harmonic compressor doubles the recorded speed, while retaining normal voice pitch," he said.

Wickerham told the groups that sound research is being applied to making computers "talk". He noted that such computers are being used in some locations to give callers the correct phone numbers when they dial a disconnected phone number.

"We promise to do our best to serve you, and to try to meet -- and anticipate -- all your communications needs, on an individual, person-to-person basis," Wickerham said.

Jim West, Southwestern Bell manager for Slaton, explained that Wickerham travels the western half of Texas demonstrating Bell System innovations.

FOOT NOTES

BY MARGRET CRISPIN

It's time for you employees to get to thinking and enter your boss in the "Boss of the Year" contest. You have to remember that it concerns matters only about the during work, and other home and community matters are not considered. You have a month to get it done, so . . . better get your thinking cap on. (P.S. . . . You bosses might start buttering up the employees.)

Have you visited the hospital recently? There have been a lot of improvements, but the most noticeable change, to the visitor, are the huge new doors on each room with the funny looking door handles. You can open them without using your hands. With the flu bug and a lot of other stuff going around, you may get to visit sooner than you think.

Well, it's that time again to buy your Christmas gifts early so everyone will have time to change their minds about what they want. But, the only other choice you have is to wait until the last minute, when they make their final decisions, and all the stores are sold out of that particular article.

I really do think that it's nice to get a hint of some things they would like to have, but I sure don't like to try and meet DEMANDS . . . If someone tells me what they want, I think I will say, "Well, I've already got your gift, you should have told me earlier." That way, I'm not committed, and if I can get what they asked for, fine, if not, I can feel free to get what I want to. Personally, what I find in my gift box usually turns out to be just what I would have wanted if I could have made up my mind what to ask for.

If you have a shut-in, or someone in a nursing home to buy for, here's a suggestion I read the other day. They usually get all the cologne, after-shave, and handkerchiefs that they have space to store. Some of the most appreciated gifts include little things like postage stamps, stationery and note paper (some with self-addressed envelopes to the giver) colored felt-pens, magnifying mirrors, magnifying glass, plastic or fabric shopping bags, material for their particular hobby or pastime, and even lollipops for them to give to their younger visitors. Most people with active minds like to have active hands . . . So think about it before you buy another box of lacy or engraved handkerchiefs that will end up stacked on the shelf to "save".

Another thing that might not seem to you like a gift, is a little time for a visit when you don't have to hurry; an hour for a ride around town, or perhaps to visit a friend in the old neighborhood; a few minutes to write a letter for a pair of swollen or shaking hands. Some thoughtful gifts don't cost you a cent.

Study Club Makes Christmas Ornaments

Mrs. Sammy Parks was hostess for the Tuesday night meeting of the Athenian Study Club, as they

made Christmas ornaments for the Slaton Rest Home. Maybell Kern served as co-hostess.

Vice President Barbara Aycock led the business meeting, as the club voted to sell candles, stationery notes and recipe cards as a project. The club was presented with a check for their winning float in the Veterans Day Parade.

Refreshments of spiced tea, coffee, cookies and brownies were served to Miss Jackie McElfresh, Mmes. Bill Curry, R. C. Hall, Keith White, Jay Dunn, Tim Bourn, Dubbin Englund, Commie Oats, Tommy Davis, Raymond Wood, Larry Smith, Allen Miles, Ronnie Jones, Gary Brush, Curtis Aycock, Edwin Knight and Truett Bownds.

The group answered roll call with "my secret ambition."

Tahoka Stuns Eagles 22-15

By JIMMY MATSLER
Unleashing tailback Jimmy Bailey on the unsuspecting Roosevelt Eagles, the Tahoka Bulldogs upset favored Roosevelt 22-15 in Tahoka last Friday night. Bailey stormed through the porous Eagle defense for 193 yards on 26 carries. The senior tailback also scored one touchdown. The Eagles probably could have overcome Bailey's performance had it not been for three costly mistakes.

Although Bailey's running was sparking, two mental lapses by the Eagles in the first half probably turned the tide in the game. With less than four minutes left in the first half, Tahoka faced a fourth down situation needing four yards from their own 10. Up to that point Tahoka had only 41 yards on nine carries and two first downs. Quarterback Weldon Warren punted for 31 yards where Charles Lipps bobbled the ball. The Bulldogs pounced on the ball, and they had new life at their own 40. The Eagles again held, and Warren punted, this time for 42 steps. The Eagles let the ball bounce, and it bounded directly into the thigh of Scott Carney. Again the Bulldogs recovered the fumble, and Tahoka had a first at the Eagle 29. On the next play Bailey streaked for 15 to the 15. Once again the Eagle defenders rose to the occasion, and three plays netted minus eight yards. On fourth and 18 QB Warren rolled to the right and pitched to end Steve Miller. Miller swept wide, stopped, straightened up, and hit end Terry McCord five yards behind the Eagle secondary. The play netted

22 yards and a TD with only 34 ticks left in the first half. This provided for a 7-7 tie at halftime, following McCord's extra point. That series of plays ultimately changed the momentum of the game. In the second half the Bulldogs moved the ball much more freely. On their second possession Tahoka drove the ball 80 yards in seven plays to paydirt. On the first play Warren gained seven, and on three successive plays, Bailey gained seven, 21, and seven again. He also got the final ten, and after McCord's kick Tahoka led 14-7 with 2:50 left in the third quarter. The Eagles, however, would not roll over. On the ensuing kickoff Kenneth Bobo took the short kickoff at the 15, and returned it all the way to his own 49. From there it took the Eagles nine plays to get into the end zone. Tailback Lee Anderson rolled the final 14 yards on a counter play. The Eagles then elected to go for the lead instead of the tie. Eagle QB Chris Marshall rolled to the left and hit wide receiver Joseph Brown in the corner of the end zone. This gave the Eagles 15-14 lead with 11:12 left in the contest.

The Bulldogs were not to be denied, however, as they received the kickoff and went 69 yards for the final margin. During the drive, the Eagles received 15 of their 18 yards in penalties for an alleged late hit. This gave the Bulldogs first down at the Eagle 35. On the next play Bailey went 29 yards to the Eagle six. On first Bailey rambled to the one. He gained none on second, but Warren sneaked in on third giving the Bulldogs the lead for good.

MORE ABOUT ANGELS

There are several kinds of angels. Seraphim, cherubim, archangels, guardian angels.

The seraphim, according to Isa. 6:1-8, has three sets of wings. The seraphim's purpose is to praise the Lord all the time, as we find them saying, "Holy, holy, holy, is the Lord of hosts; the whole earth is full of his glory." Then it was their purpose to deliver a message, in this case, to Isaiah.

Before Isaiah's encounter with the angel, he was saying, "Woe is me," etc. Then after the angel placed a live coal on his tongue and told him his wickedness and sins were taken away, he changed his whole attitude quickly. Now he is saying, "Here am I, send me!"

Cherubim possibly have two sets of wings, as in Ezek. 10. They are so magnificent, it seems, that they are almost impossible to describe, as in Ezek. 10, and Rev. 4.

Other angels are so near like man in appearance, that they are mistaken for men sometimes. Just recently it was reported by Paul Harvey that somewhere up north, a person driving on a turnpike stopped to pick up a hitchhiker. The hitchhiker got in the back seat, talked continuously about the things of God, and when the driver pulled into a service station, the hitchhiker was gone. The driver related the incident to the service station attendant, and the attendant said he was about the sixth person that had told him that story.

An angel, maybe?

Two angels, like men in appearance, appeared to Lot (Gen. 19) to warn him and his family to leave the city of Sodom. The city was about to be destroyed because of the wickedness in it. The angels looked like men apparently, because Lot asked to wash their feet and give them a place to sleep until morning. And Lot made a feast for them and they did eat.

Classified Ad?
Dial 828-6201
before 5 p.m. Tuesday

Lot and his family were slow in leaving the city, and finally the angel took them by the hand and literally led them out, in order to save them. It seems that Lot, although a good man, was so engrossed and involved in the life there, that it was hard to just turn loose and leave it all. Lot's wife, of course, was even more engrossed in the things of this world. And when she looked back, probably thinking about how she would miss all those good times, she perished. She failed to realize that the Lord had even better things and wonderful experiences waiting for her up ahead.

The ministry of angels is to watch over us, protect us. It seems that it is their duty, too, to care for the saints when they die. In chapter 16 of Luke, a beggar named Lazarus died. He must have been a saint because the angels came and carried him into Abraham's bosom (or the place nearest God).

How many times have you heard experiences of persons who are about to die who say that they see the angels, or that they hear the angels singing?

The Lord has a person's undivided attention at times like that -- maybe that's why they have such marvelous experiences with angels, visions, etc.

I believe the Lord is standing ready to bless each of us with marvelous experiences, if we'll just give Him our undivided attention ... not just when we're ready to die -- but now.

Praise His Name!

Read Matthew, 11:25-30

Come to me, all who labor and are heavy-laden, and I will give you rest. (Matthew 11:28)

One of the symbols of the changing patterns in life is the abandoned railroad depot. Some depots have been converted into warehouses; one in a small town is a real estate office.

I know of one, quaint in its setting, which had been closed for years. An imaginative person purchased it and had it moved to his lot. The old depot has been renovated and a family now lives in it.

The romance is largely gone in making a building originally to cater to transients into a home for permanent residence. It is no longer the scene for dramatic good-byes and welcomed reunions. No one shuffles in and out of its doors and cries, "All aboard!"

Our Lord intended the church to be a way station for the transients -- the pilgrims -- of this life, many of whom are burdened by heavy loads. Christ said, "Come to me," and we are to take up the chant, "All aboard!"

PRAYER: O God, help us this day to be as open to the needs of others as Thou hast been to us. May we rejoice in the company of one another. In Thy Holy name. Amen.

THOUGHT FOR THE DAY -- The Christian faith is a depot where we can change direction toward new life.

ATTEND CONVENTION --- Mr. and Mrs. Gene Beck of Hackberry Co-op, "Painted Their Wagon" recently at the National Ag Chem Convention in Phoenix, Ariz. The meeting featured energy, food, the agricultural boom and the future of the agricultural supply industry.

Slaton Distributors Attend National Elanco Convention

Attending the recent National Ag Chem Marketing Convention, sponsored by Elanco Products Company, were several Slaton couples, including Mr. and Mrs. Ed Mosely, Mr. and Mrs. O. F. Kitten, Mr. and Mrs. Edmund Kitten, Mr. and Mrs. Nestor Kitten and Mr. and Mrs. Jerry Kitten, all representing Kitten Moseley Fertilizer, & Supply, Inc., and Mr. and Mrs. Gene Beck, representing Hackberry Co-op.

The trip was earned from 1973 sales of Elanco's agricultural chemical, Treflan.

Building on the theme, "Paint your Wagon", the meeting featured speakers on related subjects.

Reporting on a special Elanco study of energy and agriculture, Dr. Emery Castle, Dean of the Oregon State University Graduate School, predicted that agriculture will not be allowed to run short of energy for 3 reasons: 1) its crucial role in food production, 2) the need for farm production for export, and 3) low energy requirement -- farming uses about 5 percent of total U. S. energy consumption.

'PAINT THE WAGON' --- Kitten-Moseley Fertilizer, Inc. was well represented recently at the Ag Chem convention held in Phoenix, sponsored by Elanco Products Company. Earned through sales of Treflan, the trip was taken by Mr. and Mrs. Nestor Kitten (left), Mr. and Mrs. Jerry Kitten, Mr. and Mrs. Edmund Kitten, Mr. and Mrs. O. F. BAND

In appreciation to our band director, the Pirate Band would like to give a special salute to Gary Sherman for the hard work he has done in helping us to get ready for the contest.

Sherman and his wife, Jan, have two children. They are Lisa, 3 and a half years old, and a recent addition, two-month-old Leslie. Before coming to Cooper, Sherman was band director at Shallowater.

He began his musical interest when he joined the band in the fifth grade. He was really involved in all types of bands, including stage bands and groups. He was in the high school band at Olton, was also a member of the Goin' Band from Raiderland. He also played during the service. His specialty instrument was percussion. His overall comment on band as a whole is, "I've always enjoyed band and going to band contests and football games."

NEWS BRIEFS

All Pirate fans are urged to be at the Frenship stadium at 7:30 Friday night to cheer the Pirates to victory in their last game of the season.

Cindy Smith and her parents, Mr. and Mrs. Donald Smith, went to Fort Worth Tuesday to visit the TCU campus.

Wilson Nudges Lazbuddie 6-0

The Wilson Mustangs pleased a homecoming crowd of fans when they defeated the Lazbuddie Longhorns, 6-0, Friday night.

The Wilson offense moved slowly throughout the game. The only score came when Quarterback Oscar Ortega threw to end Greg Bednarz, for a 15-yard touchdown early in the second quarter. The extra point was unsuccessful. The halftime score remained 6-0.

The third and fourth quarters proved to be a battle between the defenses. There was no scoring from either team. The Wilson defense did make several good moves. They caused the Longhorns to fumble, and one fumble was recovered by junior guard Lester Walker. The other was recovered by freshman

guard Mark Brieger. Clyde Wilke broke up a Longhorn play when he jumped between the ball and receiver for an easy Wilson interception.

Leading tacklers were Johnny Arellano with 16, Walker with 13, and Wilke with 12. Leading offensive rushers were Chris Coleman, 75 yards in 12 carries, Phil Kiten 67 yards in 15 carries, and Wilke 50 yards in eight carries.

The Mustangs will play at Whiteface this Friday.

Southland's first touchdown was earned by John Sertuche as he ran 28 yards. Sertuche also ran for the extra points.

The Eagles' last TD resulted from a 45-yard pass-run play from Ricky Anzley to Nathan Wheeler. Anzley galloped across the goal line to add the two points in the 8-man contest. Both of the Eagles' touchdowns came in the third quarter.

Outstanding defensive players for Southland were Joe Valdez, Frankie Valdez, Eddie Davila, and Jay Callaway.

Southland Nips Patton Springs 12-8

Southland Eagles won their third game of the season Friday night, nosing out Patton Springs 12-8 in a tight defensive battle that went right down to the closing seconds. The visitors almost scored in the last seconds of each half, but Southland rose up to halt them and win the homecoming game.

Steve Buxkemper was announced as Pep Club Beau at the game. He is a senior and the son of Mr. and Mrs. Monroe Buxkemper. Joy Basinger, a freshman and daughter of Mr. and Mrs. C. E. Basinger, was named football sweetheart at halftime.

On the next to last play before the half, David Tarrant of Patton Springs ran 9 yards and was knocked out of bounds on the one-foot line, with time for just one play.

On this play, Jerry Adcock, PS, tried a sneak and was stopped by Jerry Winterrowd, Anthony Shankles and Ray Garza. The half ended scoreless.

In the third quarter, Southland scored on a 63-yard run by Gregg Lester and the kick was no good,

putting the Eagles ahead 6-0 in the 8-man contest. In the fourth quarter, Winterrowd intercepted a pass and ran 10 yards for a touchdown. A running effort for extra points was halted, leaving the score 12-0.

Tarrant then raced 50 yards for a Patton Springs TD, then ran over two points to make it 12-8, with just 40 seconds left. Patton Springs successfully pulled an on-side kick, recovering. On the last play of the game, Larry Koslan intercepted Adcock's pass in the end zone, preserving the game for the Eagles.

Mark Bevers on defense and Randy Thomas on offense also were outstanding.
