ELECTION TO ABOLISH DISTRICT SET AUG. 25

Southland School Issue Flares Up Again

By DALTON WOOD

The future course of Southland Public Schools remained hazy this week as a petition was presented to call an election abolishing the school district so that it could be split into sections to be annexed by three nearby school districts.

The petition follows an agreed judgment made Aug. 7 on a suit challenging tax values set in the district, and another suit challenging the legality of a recent \$500,000 bond election and tax increase to finance construction of a new school.

No court action has been taken as yet on the latter suit, an action filed by several Southland residents represented by Lubbock Attorney Tom Griffith. Griffith said that state law stipulates that a school bond issue may not exceed 10 per cent of the last approved tax roll of the district. The suit alleges the bond issue was voted for \$500,000 while the last roll was \$4.8 million in 1972 with indebtedness of \$4,000.

In March, Southland School District residents voted down a proposal to consolidate with Slaton, and followed this action by approving the \$500,000 bond issue for a new school. After a new tax roll was presented, nine Southland district taxpayers brought the suit alleging illegal and unconstitutional taxation. Judge George Hansard of 106th District Court has made no written ruling on this action, but both sides agreed that taxation was unequal and illegal and that the court should appoint a master of chancery to equalize the taxes.

With action still pending on the challenge to the legality of the bond issue itself, 91 Southland district residents signed a petition seeking an election to abolish the district.

Griffith said that in the event the district should be abolished, he understood that the annexation of portions of the old district by the other districts would be a matter for action by county commissioners in the county containing the annexing

district. In other words, no election would be necessary in Slaton, Wilson or Post districts, but Pat Walker of Post, attorney for the Southland district, questioned whether the area being annexed could be brought into another district "without the residents of that district having

some say about it."

Feeling has been intense regarding the issue of what to do with the school which now has about 140 students. Advocates of keeping the school in Southland maintain that the campaign "against the school" is being waged primarily by Slaton resi-

dents who own property and pay taxes in the Southland district, but do not live in the community.

The matter of jobs for those employed by the Southland school has become a side issue, drawing a comment by one of the "abolitionists" that "it seems

a shame that the welfare of the kids is not being given first consideration."

Walker said that regardless of how the election turns out, he feels that there will be a school in Southland for at least two years and possibly longer. Walker expressed the view that the election to abolish the district would fail, but added that should the election be successful, "I think that it will be challenged in court, and if it does get a challenge, then any election result would not be final until the court issues are settled."

Walker thus indicated strongly that those seeking to keep the Southland School operating would, if necessary, go to court to try to prevent the abolition of the district, an action that he indicated could possibly delay elimination of the school at Southland for as long as six years.

"Win or lose, I think we will have a school in Southland for at least two years, because there will be many questions which will have to be answered by the courts," he said.

He mentioned one of these questions as being the method of determining who would go into which district, although Griffith indicated that he could see no problem in this.

Although there appeared no way of determining exactly how many students would be coming into the Slaton district from a defunct Southland district, there were some estimates that the figure would be 60 or more.

Garza County Judge Giles Dalby and county judges of Lynn and Lubbock counties Wednesday set Aug. 25 as the date for the election. Judge Dalby also announced that all absentee balloting in the election would be conducted from the county clerk's office in Post, regardless of which county the school district patron lives in. Absentee ballots reportedly would be available today at the office in Post.

NEW COACHES -- The tallest one coaches basketball, naturally. Jim Bales, center, is new boys head basketball coach for Slaton High School. He's shown here with two other coaches new to the Slaton system, Jim Edwards, left, who will coach seventh grade; and Gary Mosier, high school varsity assistant.

Three Coaches Are Added To Staff; Two-A-Day Grid Drills Start

Jim Bales has been named new head basketball coach at Slaton High School and he and two other new coaches to the system joined the staff of Head Football Coach and Athletic Director Bill Curry as the coaches and about 35 players began two-a-day workouts for prospective Tiger footballers Monday.

Gary Mosier, 25, is new varsity assistant coach, and Jim Edwards, 26, is new 7th grade coach.

Bales, 40, is a graduate of Borger High School and McMurry College, where he earned a bachelor of arts degree in social studies. He coached the last two years at Graham, Okla., High School, where his cage team last season went to regional. He also coached in Texas for four years, at Chico, Lake Dallas and Richardson.

Bales played football and basketball in high school and college, playing offensive and defensive end at McMurry. He will be freshman football coach.

Members of the Methodist Church, Bales and his wife, Judy, have three children. They are Carla, 15, who will be a freshman, Kevin, 12, who'll be in the sixth grade, and Chase, 1 1/2.

Mosier, taking the post formerly held by Bill Shaha, is a graduate of Odessa High School, where he played football, and later played football four years on scholarship at East Central State College, Ada, Okla. He was a defensive end and line-backer. A Baptist, he earned the bachelor of science degree in physical education and history and was assistant football coach at Atoka, Okla., for a year and a half.

He and his wife, Toni, have two boys, Roy Joe, 2 1/2; and Gary Lynn, 5.

Edwards also is a graduate of Odessa High, where he played football and baseball, and later played catcher on a baseball scholarship at Pasadena College in California, graduating in 1966. He also attended Texas Tech. He is a Catholic, and he and his wife, Donna Jo, have two boys, Tim, 3; and Kevin, 2.

The 1973 Tiger football team will have its first contact work Friday, and will scrimmage against Levelland here next Friday evening, Aug. 24. Another scrimmage is scheduled the following week against

School Lunch Prices Raised; District Sells Tract Of Land

Prices of lunches for students in the two public school cafeterias here were raised 10 cents across the board by trustees of Slaton Independent School District Tuesday night.

In a busy session, the board also sold a 7.4 acre tract of land for \$30,050, changed the eight-semester rule on honor graduate requirements, discussed increases in costs of just about everything the district does, and looked at a year-end deficit expected to top \$30,000 by the end of this month.

New lunchroom prices approved by the board are up to 40 cents at West Ward, 50 cents per meal at junior high, 45 cents for Stephen F. Austin students, and 60 cents for adult meals regardless of where they eat. Some of the prices are 5 cents per meal cheaper when purchased by weekly meal ticket. Tremendous increases in prices of food were cited as reason for the increases.

Bill Smith and Steve Smith submitted the bid of \$30,050 for the land which the school owns adjacent to U.S. 84 bypass and behind the Smith Ford property. Another bid of \$22,000 also was opened and read.

Sale of the property by the school is expected to alleviate to some extent the situation which finds the district with a deficit expected to be over \$30,000 this year and possibly up to twice that amount by the end of the 1973-74 school year next August. The board took note of Supt. J. C. McClesky's objections regarding the budget picture, and again pointed out that the big deficit is being endured only because of anticipated additional revenue of at least \$160,000 starting in 1975.

In the only split vote of the board during the session, the group balloted 4-2 to change the requirements on length of attendance for honor graduates. Current policy says that a student must attend Slaton High School for eight full semesters, or all four years, in order to be eligible for consideration as valedictorian or salutatorian. All board members were in apparent agreement that the current policy is unfair to those

students moving in after they have begun high school, and all apparently were in accord with the study group's suggestion that the eight-semester stipulation be changed to four semesters. The disagreement of two members was over when the new policy should be implemented. The board went with the study group's recommendation to implement the policy starting with this year's freshmen class, or a delay to 1976-77.

Hail Hits Crops West Of Slaton

Storm clouds Saturday brought rain to a large portion of the Slaton area also carried damaging hail which wiped out crops of several farmers west of here.

To the farmers whose crops received no hail, the rain was fine, as most area cotton continued to look very good for this time of year.

About seven miles west of Slaton, however, near Union, a wide area of cotton acreage was pounded by a vicious 45-minute hailstorm, leaving about 3,000 acres stripped of vegetation. Several farmers lost the entire crop, at a time much too late to salvage anything by replanting.

In the city itself, rainfall measured an inch during the storm late Saturday afternoon. Another shower Sunday added another tenth to the total, and only light hail was reported in the city Saturday.

THIRD PLACE WINNER -- The Slatonite was third place winner in the photography division of the West Texas Press Assn. contests for 1972, as awards were announced at the annual convention in Abilene. Holding the award for weeklies in cities over 3,000 population is Slatonite Publisher Dalton Wood, who also holds one of the two editions on which the award was based. The Nov. 21 issue of the Slatonite featured a photo Wood made of Mrs. Irene McCormick in conjunction with Thanksgiving.

Dedication of the first commercial cottonseed flour mill in the world was held Wednesday in Lubbock. Plains Cooperative Oil Mill, already the world's largest cottonseed oil mill, dedicated its new facility at 202 Coronado Drive, with Lubbock Congressman George Mahon as the principal speaker.

Using a method known as the Liquid Cyclone Process, the new mill will have capabilities of producing millions of tons of cottonseed flour. The flour produced will be known by its trade name of PRO FAM C 650.

Extensive research and product development on cottonseed flour as a high protein fortifier has been conducted by the Food and Nutrition Department at Texas Tech University and by the Oilseed Products Laboratory at Texas A&M University.

PRO FAM C 650 promises to be one of the best available and least expensive high protein food supplements ever developed from vegetable sources.

And besides all that -- it's tasty, and provides another use for Texas cotton.

Heat can't hurt school sandwiches in a sack lunch if they're packed frozen. By noon they'll be thawed, and the danger from holding several hours in the heat is lessened. The best idea for sandwiches is to freeze them in individual bags. Since lettuce cannot be frozen successfully, include it fresh in a separate bag, and let the luncher assemble his own sandwich.

Another sack-lunch packing idea focuses on thermos equipment. A wide-mouth thermos keeps potato salad, jello or fruit salad cold. It also keeps soup, stew or a vegetable hot.

Fruits and vegetables usually pose no packing problem, but during hot August and September days they're more refreshing and always more nutritious than corn and potato chips, especially if kept cold in a thermos.

Bridal Attendants Are Honored

Miss Cynthia Akin, bride-elect of Steven Allen, and her mother, Mrs. Glen Akin, honored her bridesmaids with a luncheon in their home Thursday.

Special guests were Mrs. Fred W. Allen of San Antonio, mother of the bridegroom, and Mrs. Jim Kent, aunt of the bride, of Levelland.

The bride's chosen colors of lime and blue were used with rice bags for plate favors.

Ceremony Slated At Guadalupe Church Saturday

Officiating at the service will be Rev. Antonio Gonzales of Lubbock, Rev. Tim Schwertner of Muleshoe, and Rev. Emilio Abeyta of Slaton.

Receiving the promise in the name of the Sisters of Mercy will be Sister Mary Xavier of St. Louis, Sister Elea Gonzales of Plainview and Sister Cheryl of St. Louis. A reception in the parish hall will follow the ceremony.

Sister Jane Mary Briseno entered the Sister of Mercy in the St. Louis Province in July, 1967. Dear World

Try to give my son the strength not to follow the crowd when everyone is getting on the bandwagon. Teach him to listen to all men - but teach him also to filter all he hears on a screen of truth and take just the good that siphons through.

Teach him, if you can, how to laugh when he's sad. Teach him there is no shame in tears. Teach him there can be glory in failure and despair in success.

Treat him gently, World, if you can. But don't coddle him. Because only the test of fire makes fine steel. Let him have the courage to be impatient. Let him have the patience to be brave.

Let him be no man's man. Teach him always to have sublime faith in himself.

Because then he will always have sublime faith in mankind.

This is quite an order, World, but see what you can do. He's such a nice little fellow, my son!

Drivers Asked To Watch For Children At Unusual Times

Joe Sparkman, administrative assistant at Slaton Public Schools, warns parents and other drivers to be on the lookout for small school children this year, as some classes will be dismissed at new times. The two half-day kindergarten classes will bring out children at times that are unusual, in comparison with other school year dismissal times at West Ward School.

All day kindergarten students will be in their classes at 8:20 and will dismiss at 2:45. The morning half-day students will take up at 8:20, but will dismiss at 11:05. The afternoon half-day students go to class at 12:15 and dismiss at 3 p.m. Parents are also asked to drop off and pick up children on the curb side of the street next to the school. This eliminates the necessity of the child crossing the street in front of traffic.

During the first three weeks of school, all day kindergarten and first grade students will dismiss at noon for the teacher visitation period.

Other class time schedules include: First grade - begin at 8:20, dismiss at 2:45; Second

grade -- begin at 8:20, dismiss at 3 p.m.; Third grade begins at 8:20 with dismissal at 3:15. Austin school students, (fourth and fifth grades) begin at 8:20 and dismiss at 3:15. Junior high students, (sixth, seventh and eighth grades) begin at 8:25 and dismiss at 3:30. High school students begin classes at 8:45 and dismiss at 3:55.

Children in the half-day kindergarten sessions include: MORNING -- Walter Bryan Wright, Missy Goddard, Stephen Piwonka, Nancy Marie Bednarz, Tressa Kaye Barker, Randall Marlon Hurst, Layne A. Hardesty, Steven W. McMillon, Darla Colleen Ardrey, Melinda Gaye Abbott, Gayla Michelle Woodard, Beth Stolle, Mary Lee Ellis, John Craig Hiney, Robin Basinger, Noel Sparkman, Jeffrey Martin, Robert Singleton and Garry Johnston.

AFTERNOON -- Michael Curtiss Bownds, Michael Shane King, Joel Kraig Lancaster, Jerry Wade Copeland, Stacy DeAnn Brake, Carl Dewayne

Coon, Jason Davis, Leslie Jean Blakeley, Vicki Jo Davidson, Melissa L. Coffee, Steven Todd Sarton, Matthew Carter, Rebecca Lynn Morrow, Barry James Beggs, Michelle Denise Patterson, Christini Carlton, and Derella Payne. Parents interested in joining the West Ward PTA should contact Mrs. Jim Dulin, president of the organization.

ITEM: Stainless steel flatware occasionally stains if certain foods are not washed off promptly. Salt, fruit and fruit juices, tomatoes, vinegar and dairy products are the worst offenders.

THE NOBELMAN'S SON

When he heard that Jesus was come out of Judea into Galilee, he went unto him, and besought him that he would come down, and heal his son: for he was at the point of death.

Then said Jesus unto him, Except ye see signs and wonders, ye will not believe.

The nobleman saith unto him, Sir, come down ere my child die.

Jesus saith unto him, Go thy way; thy son liveth. And the man believed the word that Jesus had spoken unto him, and he went his way.

And as he was now going down, his servants met him, and told him, saying, Thy son liveth.

PRaise THE LORD

"Spiritual exercise is much more important and is a tonic for ALL you do."
In 1 Tim. 4, Paul is instructing Timothy, who was as dear to him as a son, regarding living the Christian life. He told him to teach these things and make sure everyone learned them well.
We need to check up on ourselves often (like every day for me) on what we are doing spiritually. During the day we can ask ourselves, "What have I been thinking about, or talking about? Who have I prayed for today? Has God been a part of my thoughts? Have I been pleasing Him today?"
Too many times we expect yesterday's Bible reading, yesterday's prayers and thoughts to be sufficient for today and tomorrow. Well, we don't do that way with our physical needs. We don't eat today for tomorrow. Sometimes when we over-eat, we act like it -- but we eat again tomorrow just the same. Every day (even every 4 or 5 hours) we eat a meal. It's amazing how God's spiritual laws work the same way as physical and natural laws.
I know that I fall far short of what I know pleases God. Just the other day I found myself leaving out God in my thoughts first of all, then in my actions. And it's hard to admit these errors. But then I began asking myself what in

Nursing Home News

By BOBBIE GREER

Our new title is now Slaton Care Center instead of Slaton Nursing Home, and our residents are getting used to the sound of hammers and saws as a new sprinkling system is being installed in the old wing. The new wing is coming along very fast, and we hope to have it completed by late October.
We feel fortunate that none of our residents have had to be admitted to the hospital in the past month.

Bobbie Hogue has returned home from West Texas Hospital after being re-admitted for 11 days. Everyone here misses her, and we hope she will be back on the job in a couple of weeks.
We welcome Jimmy Magouirk to our staff as an Administrator-in-training. He has been training at West Winds Care Center in Lubbock for the past four months under Rev. Vernon Hagar. Jimmy is married to the former Judy McGee.
A movie will be shown at 7 p.m. Aug. 21 in our lobby. This film will be about Germany, and we are looking forward to it. On the evening of Aug. 22, an ice cream supper will be held for residents. With

JIMMY MAGOUIRK

the world is the matter! And found that I had not even read anything at all in the Bible that day, and I had not really prayed for anyone at all, except for me. I found that all my thoughts had just been for me. This does not please God, and we're foolish to think we can live victoriously without reading and digesting His Word every day. His Word says if we abide in Him, then he will abide in us. His promise is true -- we fall in this first part of the promise and wonder why He doesn't abide in us. His Word says, "I am the vine and you are the branches" -- and the branches and vine always are together, not just for a few hours a week, but always as long as there is life.
When I began to realize what I had done, then I got my Bible and began to read, and began praying for some folks who need God's blessing and help, and I began abiding in Him again. And, you know, I found that the things I had been thinking about earlier, really were not worth the time and effort I had spent on it, and was, in fact, pulling me down! I found that it's a blessing to lift those in need to God in prayer (not only to them, but for me as well) -- much more a blessing, than spending my time on me!
I believe this is what the Word means when it said, "He that would lose his life shall save it, and he that saves his life shall lose it."
When we begin losing ourselves for others, the love of God fills our hearts.
We saw large letters on a truck the other day in Arkansas, "B.T.L.". At first glance we thought it said P.T.L. We decided it must mean "Bless the Lord!"
Bless the Lord!

Annual School Breakfast Held

Annual breakfast for school faculty, board members and guests was held at junior high cafeteria Wednesday morning when the group heard Earl Bartley, manager of the chamber of commerce.
"The title and profession 'teacher' is one of the greatest that can be bestowed," Bartley told the group. Board President Don Kendrick welcomed the new and returning teachers.

Our sorrow in the loss of our loved one, Dale Burleson, is somewhat easier to bear because of our friends and all the ways in which they have helped us. We deeply appreciate the flowers, food, and prayers from each one of you. And to all whose addresses are unavailable, we are forever grateful.
May God bless each of you.

beyta and Clark Self Jr., who apparently favored implementing the new policy sooner.
The board was told that the 1973-74 tax roll of \$23,949,354 is \$1.4 million above last year's total in the district. Tax rate of \$1.75 was approved, with a change in the amount set aside for debt retirement. Local maintenance figure now is \$1.28 and 47 cents will be put into interest and sinking fund. Previously the division was \$1.25 and 50 cents.
The board reviewed the student dress code and decided to leave it as it is.
Administrative Assistant Joe Sparkman reported that the new kindergarten classes had signed up 58 all-day and 32 half-day students, but that more were expected, possibly up to a total of 120. The group discussed some problems regarding transportation of these students.
Resignations were accepted from Mr. and Mrs. Bill Shaha, Mark Gunnels and Jay Bowman, and leaves were approved for Charles Hearn and Mrs. Sarah Holloman.
Supt. McClesky reported that expenditure of \$8,000 had been designated for equipment needed in the new building trades course, and that \$5,300 of this would be paid by the state. Hiring of Lesly K. McCulston as building trades instructor was approved by the board.
Other new faculty contracts approved were for the following:
High School -- James Bales, basketball coach, social studies; Gary Mosier, football assistant, history and p.e.
