### Everline-Smith.

Mr. George F. Everline and Miss Nell Smith stole a march on their many friends last Sunday morning. The finger of suspicion had been pointing at them for several days; but nobody could really find out when the happy hour would come.

But at 11:50 last Sunday morning at the Methodist parsonage they embarked out the second

barked on the sea of matrimony. Bro. Dodson used the beautiful ritual and ring ceremony in uniting them for life.

They left immediately for Lubbock, going from there to California to spend their honeymoon and also to visit the groom's parents, Mr. and Mrs. P. F. Everline, who now reside in that State.

Mr. Everline is one of our most popular young railroad men, being rate clerk for the Santa Fe division offices here, and one of our finest young men.
The bride is a daughter of Mr. and

Mrs. W. H. Smith, an attractive and accomplished young lady, and also held a responsible position in the

Santa Fe offices.

They have a host of friends who join with the Slatonite in wishing for them a happy and prosperous voyage o'er the matrimonial sea.

### Mathis-Maddox

Mr. Ernest Mathis and Mrs. H. E. Maddox were married at the Methodist parsonage last Saturday night. Rev. B. W. Dodson spoke the words that made them husband and wife.

The Slatonite and their friends wish them all happiness.

### "DANGEROUS CURVE AHEAD" AT WILSELMA THANKSGIVING

Rupert Hughes has done it again. Following his unusual story of mother-love, "The Old Nest," he has given us a picture of early married life in "Dangerous Curve Ahead," which will be shown at the Wilselma Theatre on Thanksgiving. It is true to the real incidents of life as was its forerunner. The period of adjustment between husband and wife, the first few years in which their growing family brings new problems to be faced and discloses unguessed qualities in the parents, has been filmed with a fidelity that rebounds to the credit of all who shared in the production.

"Dangerous Curve Ahead" is one of those pictures that you should see.

### CHAMBER OF COMMERCE NOTES AND ACTIVITIES AS REPORTED

By S. E. Staggs, Secretary-Manager.

Mayor H. C. Jones is in receipt of a letter from the State Insurance Commission advising that as soon as it has been determined how the fire apparatus will be operated, that is whether or not there will be a man constantly on duty in charge, that they will arrange for an inspector to come to Slaton and re-rate the city. It is expected that "fire prevention" will be added as a study in the city public schools and that a reward will be posted covering the conviction of any person for arson. This will also have a bearing on the rate as a five per cent reduction is allowed for these departures.

H. L. (Bud) Johnston has purchased six lots on the industrial track west of the compress spur and will erect suitable buildings for handling cement products of all kinds.

J. L. Cruce has purchased the business lot on Texas Avenue from J. R. Bean; J. M. Hannah two lots on Jean street; O. Z. Ball one lot on east side of square; J. H. Brewer lot on Garza on which he will build a residence.

Elsewhere in this publication you will find a condensed report of the Red Cross activities for the past year. Saturday has been designated for the close-up day of this campaign. Let everybody answer this call to their limit, these funds are necessary in order that relief can be given those in need and distress.

Duke & Moreman have purchased the interest of McGehee Bros. in the Blue Ribbon Bakery. Mr. Duke comes to us from Breckenridge, while Mr. Moreman has for some time past been living at Lubbock. McGehee Bros. have given us good quality of bread and pastries and we are sorry to lose them as business men, yet we believe the bakery to be in the hands of good men and ones that will give us good products and service.

Dr. Swart, Optometrist, has located with the Slaton Drug Co., spending Saturday, Monday and Tuesday in Staton, the halance of the week at outlying points. He has moved his family here and is now a full fledged

The Ragsdale building on Ninth street, which is to be occupied by Whitaker & White, should be comwintaker & winte, should be com-pleted this week, as will also the Woolever building adjoining. Found-ation has been run for the Williams block to the west of the Woolever building. Twaddle and Howerton have torn down the enclosure to the space formerly used as an airdome and work on their building at this location will be begun immediately.

At the regular meeting of the Odd Fellows Tuesday night the plans for their two-story brick castle were ap-proved and S. C. Marrs appointed as building inspector in charge. Bids will be let as per specifications with in the next week or ten days. Building will start as soon thereafter as material can be assembled.

Progress on the installation of the heating plant at the Methodist church is satisfactory. Excavation has been made at the rear of the Slaton State Bank for the housing of their plant, which will also be rushed to com-

We expect to be able to announce the location for a twenty-eight room modern brick hotel building within the next few days.

C. V. Young, one of our prosperous farmers, north of the tracks, is building a new \$2,000 home.

The Slaton smile is reflected in the numerous building activities. Make Slaton your home and help us build it.

By mutual agreement between abutting property owners the gaps in sidewalks between the Singleton hotel corner and the Methodist church will be filled in.

Within the next week or ten days J. F. Custer, owner of the Wilselma Theatre, will install a radio, having all the latest improvements, within the theatre. This outfit will pick up protheatre. This outfit will pick up programs within a radius of 3,000 miles and will be equipped with the largest amplifier that can be purchased. This is only another step in the plans of Mr. Custer to give Slaton a movie house that is in keeping with the progress of the city.

In this issue bids are asked for the onstruction of a two apartment jail, one each for men and women. The building will be of fireproof construction and will be modern except heat. Contract will probably be let at the next regular meeting of the commissioners Tuesday, Nov. 28th.

"Of the 5,000 patients, approximately 75 per cent are undergoing treatment for tuberculosis and mental diseases. This makes the work one of considerable difficulty, lnasmuch as it is ofttimes a real problem to provide proper recreation or to connect the man's present condition with his serv-

"There are three phases of the Red Cross program for service and ex-service men in the camps and hospitals-Home Service, Recreation and Medical Social Service. Our regular camp service program consists of what is known as home service work. This calls for co-operation between the Red Cross worker in the camp and govern mental and chapter agencies in taking care of problems of the enlisted man in the army. Difficulties relating te allotments, allowances, insurance, compensation, state bonus, travel pay, etc., are all brought to the Red Cross by the enlisted man. The Red Cross also contacts the families through the chapters in case of distress, sickness or death.

"The recreational and entertalnment program in the hospital brings movies for the boys, amateur theatricals, dances, parties and those many other things that the sick man longs for, but which he could not have were it not for the Red Cross.

"The Red Cross medical and social service program calls for a study of the individual needs of the man, to help him in solving his personal and family difficulties, to aid him by material assistance when he is without resources, to aid the doctor in his treatment of the patient by obtaining former medical or social histories which may lead to an accurate diagnosis and to interpret the whole situation to the Red Cross Chapter home service worker in the man's home community, so that not only will the proper attention be given to the family during the man's absence, but he may be free in mind and thus derive a maximum amount of benefit from his treatment.

"In carrying out our work for the ex-service man undergoing hospitaliration the Red Cross has constantly borne in mind that the great object has been to play the right part in the period of adjustment through which the ex-service man must safely pass if he is to continue to be a good citizen. This work has required personnel who living expense—reduce be are not only sympathetic in the deal- Cole's Hot Blast Heaters.

with patients but who must have an understanding of the social problems of civil life.

"Just as it has always been recognized that the time spent in a government hospital is only a brief episode in the life of a patient, so has it been recognized that the activities of the hospital worker are only a part of the responsibility of the Red Cross to the ex-service man; that the hospital work can be successful only as it corremies itself closely with the work of the Red Cross as a whole. The hosplial worker is the outpost detailed to special duty. It is his endeavor to interpret the present condition of the in the hospital to the home people as each or us, as individuals, hed the men who marched away crvice, as each one of us helped cep the home fires burning" while boys served in the front line treaches, so does it become our duty today to render a very definite service these men, who are still fighting reat battle of humanity, begun toly, and in which to date ne stic has been declared. Such a boy is not commonly of much use around home. His thought is too remote. It can't see opportu-nities near at hand. Usually his vis-

The way to deal with that boy is to stimulate his imagination and ambitions by visinos within his reach. Let him have his little enterprises of his own, his garden, his chickens, his pigs, or calves. Then instead of dreaming of himself as a captain of industry in distant New York or Chicago, he will be thinking of the prizes he could win in the juvenile exhibit, and what he could do if he had a farm or country business of his own.

J. W. L. Hall, secretary of the Tex-Farm Bureau Cotton Association will speak in the district court room at Lubbock Friday, Nov. 24th, at 2 o'clock p. m., to the farmers, bankers and business men of Lubbock and the adjoining counties, on the purposes and accomplishments of the Cotton

Mr. Hall is a very forceful speak-er, a man of wide experience both as a farmer and as a country banker, having had 20 years experience in the banking business as cashier and director. He is also a large shipper of cotton to the Farm Bureau Cotton Association, knows in fullest detail the workings of the Association, and will convince even the most skeptical that the principles of co-operative marketing are sound and just, and that that is the only solution to the farmers' problems. If the farmer prospers, all business prospers; if the farmer fails, all business suffers. So the business men of the county are es-pecially urged to hear him. If you miss this talk, it will be your loss.

### SLATON TIGERS AT LUBBOCK FOR THANKSGIVING.

The long sought for game with our rival for county championship has at last been arranged. Lubbock has made us a good proposition whereby we are to get 50 per cent of the total gate receipts of the game. For this reason it is hoped that as many Slaton people as can will see the game. It will be, by far, the most important game of the season, and fans from both Lubbock and Slaton are breathlessly awaiting the outcome.

both Lubbock and Slaton are breath-lessly awaiting the outcome.

The game is to be called at 3:30 on the Lubbock grid-iron.

Let's give the boys the financial support of the gate receipts, and the moral support of our presence.

Such a boy is not commonly of much use around home. His thought is too remote. It can't see opportunities near at hand. Usually his vis-

Let him have his little enterprises of his own, his garden, his chickens, his pigs, or calves. Then instead of dreaming of himself as a captain of industry in distant New York or Chicago, he will be thinking of the prizes he could win in the juvenile exhibit, and what he could do if he had a farm or country business of his own.

### Important Farm Bureau Meeting.

J. W. L. Hall, secretary of the Texas Farm Bureau Cotton Association, will speak in the district court room at Lubbock Friday, Nov. 24th, at 2 o'clock p. m., to the farmers, bankers and business men of Lubbock and the adjoining counties, on the purposes and accomplishments of the

Association.

Mr. Hall is a very forceful speaker, a man of wide experience both as a farmer and as a country banker, having had 20 years experience in the banking business as cashier and director. He is also a large shipper of cotton to the Farm Bureau Cotton Association, knows in fullest detail the workings of the Association, and will convince even the most skeptical that the principles of co-operative marketing are sound and just, and that that is the only solution to the farmers' problems. If the farmer prospers, all business prospers; if the farmer fails, all business suffers. So the business men of the county are especially urged to hear him. If you miss this talk, it will be your loss.
