BEDNARZ BRINGS IN FIRST BALE

Wimmer Named Area's Outstanding Farmer

(Buzz) Wimmer, 27 years, was named outstanding Farmer and Alex Bednarz won the \$150 prize for bringing in this year's first bale in highlights of the annual Farmer-Merchant barbecue here Tuesday night.

The event, scheduled for Babe Ruth park, was moved into the Union Compress warehouse because of bad weather which threatened earlier in the day. However, by the time the chairs and other paraphernalia had been set up, the weather outside was clear.

Wimmer, father of six children, a Catholic and member of the Knights of Columbus, had been honored by Cooper Lions Club as outstanding conservation farmer of 1972. He received a plaque from the sponsoring Chamber of Commerce.

Dee Bowman was master of ceremonies for the event, and Chamber President J. W. Holt gave the welcome to the farmers. Each year, merchants buy tickets for farmers in the area to show their appreciation to those who engage in the primary economic activity of the community.

Bednarz accepted his \$150 prize from the chamber for bringing in the first bale of the year in this area, a 490-pounder brought in at 6 p.m. Friday. Planted in May, it was gathered on the Arthur Wild farm. It was ginned by Slaton Co-Op Gin.

Second prize of \$100 to the second bale ginned went to Stonewall Jefferson, and third prize of \$50 was claimed by Paul Payne, with the latter amount being donated to the fund for Mercy Hospital by Payne.

At Tuesday's barbecue, catered by Underwood's, Bowman gave a report on that status of the Mercy Hospital fund drive, pointing out that much money is still needed to pay for renovating the hospital. The remodeling project is now underway.

A long list of door prizes donated by Slaton area merchants was given away as a climax to the night's activities.

Providing music for the occasion was a 1950-model band, "The Old Masters of Swing."

Kermit Blanks Tigers 21-0

By DALTON WOOD

Slaton waded through the second game of a tough pre-district schedule last Friday, holding a good Kermit team to 21-0 with an encouraging second half effort played in a steady rain at Kermit.

Things don't get much easier this week as the Tigers play host to rugged Littlefield, one of the area's highest-ranked Class AA teams which will be seeking to roar back after losing 32-27 to Levitt last week.

The Tigers looked much improved on defense Friday, getting stronger as the game progressed. At first it appeared that Kermit might run away with the game, scoring two touchdowns in the first period, but Slaton stiffened and except for a touchdown scored by the Yellowjackets 40 seconds before the end of the first half, gave the bigger Kermit team all it could handle.

Offensively, the Tigers could manage only 82 yards net, with 50 of this coming on one run by Quarterback Gary Aycock on a beautiful bootleg play which had a sour ending. It was in the third period that Aycock, 130-sophomore, kept the ball and went away from the flow of the play all by himself around the opposite end, on a "busted" play. The young quarterback outran his angry pursuers all the way to the 10, where he was hit hard, went down on the five and fumbled into the end zone, with Kermit recovering for a touchback.

With this play, however, Aycock proved he can run, and perhaps added some balance to the Tigers running game, which has been mostly Greg Sokora in the first two games.

Sokora, the obvious big threat in the running attack, was limited to 17 yards on 10 carries as Kermit evidently

had noted that he made 133 yards the previous week against Brownfield. Sokora did plenty of damage to Kermit, though, being counted in on 22 tackles in the game. Clarence Trotty at cornerback, Ricky Denzer and Tony Leake each was counted in six tackles.

Defensive end Bobby Breedlove was graded by coaches as the defensive leader for his hard-charging play.

Four fumbles lost in the first half hurt Slaton's offensive chances, as the Tigers managed only one first down in the half, that on a penalty. Kermit scored first when QB George Mitchell threw 15 yards into the end zone to End Jack Hunter. L. O. Green, a big tackle, kicked the first of his three extra points and it was 7-0 with 8:02 left in the period.

After a short Slaton punt of 20 yards out to the Slaton 40, Kermit moved to a second score -- aided by a 15-yard penalty -- as running back Barry Barnes went 11 yards on a reverse. This made it 14-0 with 4:25 left in the first quarter. The second quarter was mostly a defensive struggle, and End Bill McClesky started getting more yardage on his punts. McClesky, in fact, wound up with a 32-yard average, including one 50-yarder in the last half.

Just before the half, Kermit took the ball on an interception of an Aycock

Algebra Class Comes Up With Right Numbers

The Algebra I Honors class, taught by Mrs. Rebecca Samples, had the right equation to win the Slatonite football contest top prize of \$10 last week, missing just

four games. And a husband and wife wound up with second and third, as both John and Barbara Elliott missed six games, with Barbara winning second on

the tie-breaker score. Bradley Kitten, Craig Belt and Leon Moore all missed 7, just finishing out of the money.

In the Fearless Forecasters contest, it no longer is much of a contest, as last year's winner, J. W. Holt, took a giant lead of five games over second place Bill Ball, and Dalton Wood made his big move (into last place) by missing 9 of the 12 games. Matching this remarkable feat was Pete Williams, now in third at 11-13. Joe Sparkman missed 7, but climbed out of last place with a 9-15 record. Holt is now 18-6 and Ball 13-11.

School Patrol Program Set

A meeting was held Monday night in the West Ward Cafeteria for concerned parents about the safety of school children.

Chief of Police Fred Clark gave a report of the seriousness of the problem, not only at West Ward, but also at Stephen F. Austin and Junior High.

He discussed the safety program of much smaller towns than Slaton. There was a discussion of several rules and regulations that are supposedly in effect, but are not followed.

Another area discussed was the "Mama Patrol". The Police department will furnish the vest and signs for volunteers and would give all the help possible in getting the program started.

Notes were being prepared to send home with students to find out if the parents are interested in this safety patrol. A meeting is planned later in the month to set it up.

If enough mothers would volunteer their services, they would have to work approximately 30 minutes a month.

The police department provided the following list of rules that must be followed for the program:

1. In school crosswalks, cars should stop and let the students cross.
2. Cars should not be left unattended in No Parking Zones. The Police Department will issue tickets for this.
3. Cars should not park in crosswalks.
4. The parents should pick up children on time. If they

(the parents) come early and block flow of traffic this is a hazard to children and interrupts the flow of traffic.

5. Main thing -- if possible, pick children up or let them off on side of the school where the children won't have to cross street.

6. Drive with care through all school zones and crosswalks.

7. If the parents have business in the school, park in the parking area not in the No Parking Area.

8. There is no need for parents to escort their children from car to school building if the children are let off properly.

9. Do not pass school buses when they are loading or unloading children.

These are just a few rules that parents should go by in all school zones in Slaton or any other city.

Eight Days Left To Enter PP&K

There are just eight days remaining for youngsters in Slaton to register for the local Punt, Pass & Kick competition.

Steve Smith, Ford dealer sponsoring the popular contest in this area, said that registrations would be taken through Friday, Sept. 28. The Slaton PP&K competition is scheduled for Saturday, Sept. 29.

"Although time is growing short, any youngster eight through 13 years of age can still compete," said Smith. "All a contestant need do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition, up to and including the National Finals."

The Ford dealer pointed out that trophies will be awarded for first, second and third place in the local competition in each of the six age groups.

BY MARGRET CRISPIN

Folks interested in the Mama Patrol met Monday night to start working toward making the safety patrol a reality. About 25 persons were present, despite conflicting activities going on in the community. Another meeting is set for the near future when the plans will be completed and duty assigned. Children will be bringing home notes for parents, to see if they are interested or not. If your child goes to school, you should be interested.

You could certainly tell how many devoted fans there were at Friday's football game as the Tigers treaded water against Kermit. I guess, if a team has to be out in that weather and do all the work, the fans can at least sit there under an umbrella to encourage them a bit.

I hope all our faithful reporters will come by the office and meet our new women's editor, Ruby Osborn. I will be working with advertising, and she will be taking care of your club and community news.

We've gone uptown with a new computer to set our type this week and it sure didn't sound like press day around here without all the noise. It's so quiet, it's bound to be sneaky or something. We have to be careful what we say, now that there's no rumbling noise to drown out the grumbles. . . . Lenda Wood operates the new machine and I think she has been dreaming of computer lights flashing and beeps all week.

My kids (like yours) have been going to school now for a month, and that's just long enough for me to shrink all their new school clothes in the laundry. Is that the way it is, or do they just grow a lot when school starts? Anyway, they're ready for a new wardrobe. I keep thinking that someday I will make a drastic change in my clothing size (for the skinny, I hope) so that I am absolutely required to get a new wardrobe. Like most mothers, and sometimes fathers, I buy for me when everyone else is fixed up, and it becomes absolutely necessary for decency's sake.

Another word about the school safety patrol. . . . I hope you parents will be concerned to take a part in this program that is trying to get started. The school and police department are being so cooperative, I don't see how the parents can refuse. By the way, I noticed that West Ward personnel parked their cars on the other side of the building, and it sure did make a difference in the flow of traffic at the busy times. See, things are being accomplished, and really haven't gotten started yet. . . .

College, Vocational School Counselors To Help Students

Slaton junior and senior high school students, their parents and counselors and interested individuals may attend the annual college and vocational night program sponsored by the five high schools of the Lubbock Public School District to be conducted at 7:30 p.m. Oct. 8. The meeting will be conducted at the Estacado High School, 803 N. Quirt.

Former 4-H members can be bound in all walks of life from Capitol Hill, to Hollywood, to Main Street. 4-H alumni include: Speaker of the House Carl Albert; star pitcher of the Oakland A's Jim "Catfish" Hunter; The First Lady, Mrs. Pat Nixon; singer Glen Campbell; and Dr. George W. Beadle, former President of the University of Chicago.

Program Topic Is On Crafts

Crafts and needlework was the topic of the program given by Mrs. Allen Miles Tuesday afternoon at the meeting of the Athenian Study Club in the home of Mrs. Edwin Knight.

Mrs. Earl Bartley conducted the business meeting and roll call was answered by members telling "What Puts Me on Pins and Needles."

Members attending were Miss Jackie McElfresh and Mmes. J. C. McClesky, Gary Brush, Keith White, Curtis Aycock, Johnny Franke, Ronnie Jones, Larry Smith, Carolyn Bartley, Coy Evans, Dee Bowman, Truett Bownds, R. C. Hall Jr., W. T. Davis Jr., Allen Miles, Tim Bourn, Raymond Wood, Bill Curry and Bob Kern.

Judy Fondy of Slaton, a student at Western Texas College at Snyder, has been elected reporter for the WTC Rodeo Club.

Miss Fondy is the daughter of John M. Fondy of 1000 W. Crosby St. and is a graduate of Slaton High School.

The Rodeo Club at WTC was organized to provide interested students with rodeo-related activities and to provide the opportunity for students to improve their skills in the sport of rodeo. WTC is an active member of the Intercollegiate Rodeo Association and plans to sponsor a collegiate rodeo during the spring semester. Miss Fondy is also recording secretary of the Student Senate at WTC.

Garden Club Starts Year

The first meeting of the year for the members of Slaton Garden Club was held last week at the home of Mrs. Kenneth Davies. Mrs. Bevis Hannah was co-hostess.

Seventeen members were present, along with one guest, Mrs. Woodrow Locklear of Pico Rivera, Calif., sister-in-law of Mrs. Davies.

Miss Pierce Is Shower Honoree

Miss Bonnie Pierce, bride-elect of Morris Dixon, was honored at a miscellaneous bridal shower Sunday afternoon in the fellowship hall of First Christian Church.

Fifty-four guests attended. Hostesses included Mmes. Ruth Longtin, Grace Dodson, Jenny Hill, Alice Smith, Helen Feather, Myrtle Fagin, Mamie Hill, Newma Carnes, Sylvia Curry, Ardell Reasoner, Tincy Fondy, Frances Hodge and Opal Zybach.

Miss Pierce is the daughter of the Rev. and Mrs. Nolan Pierce and Dixon is the son of Mrs. Maxine Dixon of Slaton and Curtis Dixon of Dumas.

Miss Bradwell To Be Married

Mr. and Mrs. Leroy Bardwell of New Deal announce the engagement of their daughter, Carol Lynn, to Tony Clark.

The bride-elect attended New Deal High School and the bridegroom is attending Roosevelt High School.

Clark is the son of Mrs. Wanda Phifer of El Paso and Joe Bill Clark of Odessa.

Area Women Winners In Sewing Contest

Mrs. Harold Carpenter of Woodrow won first place in the "playtime" category at the Lubbock County "Sew It With Cotton" contest. The ensemble she made was modeled by her daughter, Kimberly.

Mrs. James Walter of Slaton was first place winner with an outfit she made for her son, Michael Walter.

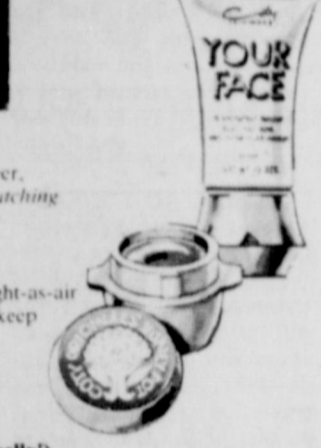

Girl Scout Troop 85 met Monday afternoon in the home of their leader, Miss Jackie McElfresh.

Members include Dorothy Payne, Susie Beck, Frankie Thomas, Missy Carter, Christine Scott, Yvonne Coffield, Debra Castle and Angela Martin.

The Scouts have been involved in many activities. They are babysitting for West Ward Parent-Teacher Association meetings and have worked at Eddie Eakins on ceramic projects. They helped install Mrs. R. C. Hall's troop in a Cadett Fly Up service last week.

Troop members have chosen to work on hostess badges.

TIGERS (Cont. from Page 1) TD with 40 seconds left. Slaton did much better in the last half, playing it tough on defense. The Tigers, of course, did not score, but did move the ball better on offense. Aycock's long run and two pass receptions by McClesky were the biggest offensive moves of the game for Slaton. One pass from Aycock to Keith Bumpass, who tossed to McClesky for a 25-yard gain.

Kermit's biggest gain of the second half was a 45-yard run by Mike Hardaway, who was overhauled from behind by the fleet Trotty, saving a touchdown. The Tiger line held several Kermit drives, with Tackle Chris Williams halting one by recovering a fumble. Bobby Breedlove also recovered a fumble for Slaton.

In other games involving Slaton opponents, Denver City squeaked by Brownfield 9-8; Tahoka beat Abertathy 19-14; Post, looking much stronger than had been anticipated, bombed Ralls 43-6; Cooper was blanked for the second week in a row, losing 13-0 to Springlake; Roosevelt whopped Crosbyton 33-7; and Frenship was nudged by Lockney 13-12.

MATURE PEANUTS FOR MORE PROFIT...Allowing peanuts to mature properly before harvesting is the key to higher profits, says an agronomist for the Texas Agricultural Extension Service. Mature peanuts sell for more than two-and-a-half times as much money per pound as the immatures. They also weigh more and give a better yield per acre. Tests have shown some yield increases of more than 50 percent during the last four weeks before harvest, if the crop is allowed to fully mature. The crop should be checked closely and harvesting should be delayed until the majority of the pods have turned dark on the inside.

The Conversation with Nicodemus...

And as Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up: That whosoever believeth in him should not perish, but have eternal life.

For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.

For God sent not his son into the world to condemn the world; but that the world through him might be saved.

He that believeth on him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God.

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses gas for heating, cooling, water cooking and clothes drying to save money and help conserve our natural energy resource... natural energy.

That's because electricity in Texas is generated by burning gas, and in the process of generating electricity to your home, the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're conserving it and you're getting energy for your money.

Pirates Fall To Springlake 13-0

By BILL AYRES

The Cooper Pirates felt the full fury of the Springlake-Earth Wolverines last Friday night at Springlake. The Wolverines stopped the Pirates on every drive to win 13-0.

The first quarter had little action as both defensive units proved to be stronger than the offense. The punting units of both teams seemed to be doing more work than anyone else.

Midway into the second quarter, the Wolverines launched a drive from their own 25 yard line that ended in a touchdown. The kick for the extra point was no good, putting the Wolverines ahead 6-0. The Pirates attempted to come back, but were held by Springlake.

The Pirates kicked off to open the second half, only to have Jacob Miller of the Wolverines take the kick and sprint 80 yards for the score. The kick was good for the extra point and with 10 minutes left in the quarter the score was 13-0. The Pirates tried several times to generate some offense, only to have to give up the ball.

The fourth quarter ran out too fast for the Pirates. The Wolverines controlled the ball for nearly eight minutes, leaving the Pirates with not enough time to get a successful drive started. In the final seconds, the Pirates went to the air. With 10 seconds left, Pirate quarterback Kelly Choban threw a long pass that was intercepted by Hal Wood of the Wolverines.

The Pirate offense was again plagued by penalties and miscues. Choban passed 10 times with one completion for 18 yards and one interception. The Pirate ground game did better, rushing for over 160 yards with one fumble early in the game. Leading rushers for the Pirates were Mark Hurst and Todd Hammond. Hurst carried 15 times to put him over the 100 mark for the game. Hammond gained 50 yards in 12 carries. Penalties took care of most of the Cooper gains; 67 yards were lost due to the penalties.

This week, the Pirates stay home to meet Spur. The Pirates will intensify their training in preparation for

Ford introduces the 74's.

The news is big, medium and small. At your Ford Dealer's.

Ford Mustang II. A new class of small car: First Class.

Mustang II is 19 inches shorter than last year's Mustang... even a bit shorter than the original one. It's more than a new Mustang. It's a whole new class of small car: First Class. In every way. From its jewel-like exterior to its handsomely appointed interior, the new Mustang II gives you a luxurious level of standard equipment you probably never expected to find in a small car. Yet Mustang II still carries an economical small-car price. Mustang II comes in two different body styles, four different models. See them soon.

1974 Ford Torino. The solid mid-size.

Torino's got a new young look this year. Excitingly restyled outside, exciting new features inside. And lots of solid car to go with them. A new young look, a smooth and steady ride. That's Torino '74.

1974 Ford LTD. The quiet full-size.

Quiet, luxurious, beautifully built... that's LTD for '74. A high level of craftsmanship wherever you look, from the fit of the doors, hood and trunk to the impressive list of LTD features. Steel belted radial tires. Automatic transmission. Power steering. Power brakes, and more. All standard on LTD for '74.

See all the 74's from Ford on September 21. The closer you look, the better we look.

1974 Pontiac Catalina And LeMans

Pontiac for 1974 highlights significant engineering improvements and fresh new styling. The Catalina (top) features all-new front end styling with a return to the strong isolated center theme on the grille. Also new, is a fixed rear quarter window. As an exclusive option, Pontiac is offering adjustable brake and accelerator pedals on all standard size cars. The new comfort-convenience option permits the driver to adjust the pedals over a range of four inches.

The Luxury LeMans (bottom) offers new distinct front end treatment and a smart new rear quarter window. A Landau vinyl half-top is available.

Steel belted radial tires with a Radial Tuned Suspension system are available on all models. The RTS package features a specially tuned suspension, stabilizer bars and other components resulting in improved roadability and traction.

1974 Olds, Pontiacs, GMCs On Display Today

Oldsmobile's 1974 model lineup, on display today at Bill Adams Olds-Pontiac-GMC, includes a new Cutlass Salon series, a Ninety-Eight Regency coupe, Toronado Brougham and two new intermediate station wagons. Extensive design changes in the Delta 88 and Delta 88 Royale hardtop coupes and a long list of engineering advancements also are featured for 1974. All Oldsmobile models, the new 1974

Pontiacs and 1974 GMC pickups are on display in Adams showrooms starting today.

The Cutlass Salon, introduced in 1973 as an option on the Cutlass Supreme sedan, has become a full-fledged series with the addition of a coupe for 1974. The Salon coupe and sedan also feature a headlight dimmer switch in the turn signal lever and center console as standard equipment.

The 4-4-2 appearance and handling package is available as an option on the Cutlass and Cutlass 5 coupes.

Another new model formerly offered only as an option is the front-drive Toronado Brougham.

The Custom Cruiser continues to be offered in four models with two and three-

seat versions with or without vinyl woodgrain body side inserts available. The 455 - cubic - inch four-barrel engine is standard. The compact Omega, introduced in 1973, receives new front end appearance changes including a bright plated die-cast grille with a hydraulic energy-absorbing bumper system.

Read Psalm 104:1-24

He shall come down like rain upon the mown grass; as showers that water the earth. (Psalm 72:6)

After weeks of dry, hot weather, rain fell abundantly, on a late July night, relieving our weary spirits and the thirsty earth about us. Blades of grass and flowers and shrubs lifted their heads as if in praise and thanksgiving.

God comes to us in the rain as He comes every day and night with His many blessings.

God comes to us in our weariness, our distresses, and our sorrows, saying, "Come unto me, all ye that labour and are heavy laden, and I will give you rest."

God comes to us in our joy over work well done to say, "Enter thou into the joy of thy Lord."

God comes to us in our complacency to prod us awake.

God comes to us, indeed, in many ways, making us aware that, "Earth's crammed with heaven, and every common bush affire with God; and only he who sees takes off his shoes, the rest sit round it and pluck blackberries."

PRAYER: O God, our Father, open our eyes that we may see Thee expressing Thyself in the world around us, Amen.

THOUGHT FOR THE DAY

All of creation is filled with signs of God's power and love.

Wilson School
Okays Bids

Bid from American Desk Co. on 24 desks and chairs for Wilson elementary school was approved by Wilson School board in a meeting Monday.

The board also approved the tax roll, amended school board policy and approved job descriptions for school personnel. The board accepted the proposal to submit an application for the non-food assistance program to purchase cafeteria equipment if federal money is available and the application approved.

Present were Roy L. Kahlich, Tommy Bednarz, Curtis Wilke, James L. Savell, Alvin Kitten, Billy Weaver, Thomas Autry and Supt. Gary Gardner.

Junior
High
Jottings

Slaton's seventh grade football team won their game Tuesday night with Littlefield by a score of 26-6.

The Eighth grade teams of Slaton and Littlefield tied their game with a score of 6-6. The games were played here.

In last week's games with Floydada, Slaton's seventh graders lost by a score of 8-0 and the eighth grade lost by 6-0.

NEW STUDENTS

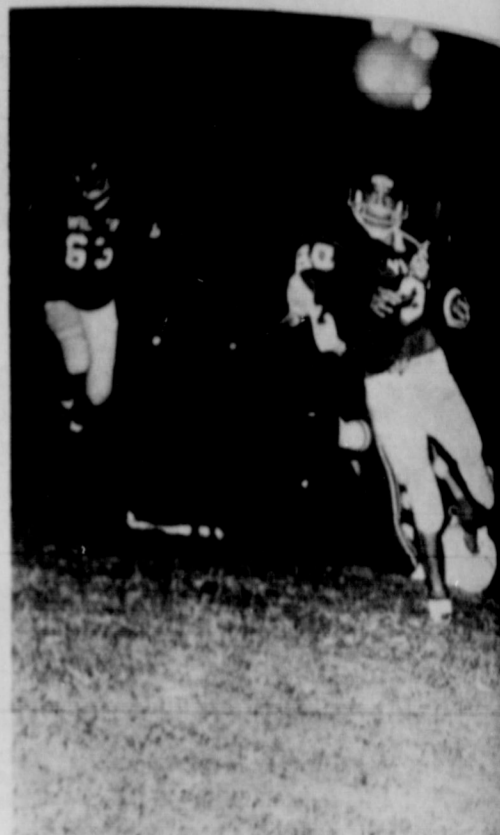

New students in junior high school include Eric and Victor Salazar, Leo Enloe, Chorsey Dobbins and Johnny Perez.

PLAN NOTEBOOKS

Eighth grade classes are making newspaper mosaics in language arts classes and are collecting information for the Texas Heritage notebooks that will be made later this school year.

Mustangs Kick The Dog Out Of Amherst

The Mighty Wilson Mustangs began their district play on a winning note, 27-8, over the Amherst Bulldogs at Mustang Stadium last Friday night.

The Mustang offense showed steady movement, and with 7:03 left in the first period, QB Mike Bednarz threw a 45-yard TD pass to

Helen Cedillo, chapter president of the Wilson Future Teachers of America, was named district vice president during a business meeting conducted Saturday at a FTA planning session in Shallowater.

Helen is a senior at WHS and is the daughter of Mr. and Mrs. Arthur Cedillo. She has been chapter president two years.

Others attending the district meeting were Brenda Crowson, chapter vice president; and Mrs. Linda Roy, sponsor.

Phil Kitten. For the extra point, the Mustang offense faked an end sweep and threw a halfback pass from Chris Coleman to Kitten. During the second period with only 4:26 remaining, Bednarz threw a 45 yard TD screen pass to Clyde Wilke. With Kitten kicking the extra point, Wilson led 15-0. Amherst then came back

early in the third quarter with 8:26 left and scored on a 1-yard dive, but their attempt on the extra point failed. The Mustang offense exploded again with only 1:56 remaining in the third quarter, when Bednarz threw a 35 yard scoring pass to his brother, Greg. With 7 seconds left in the game, Kurt McClesky was pushed in the end zone for an Amherst safety. Leading Mustang rushers were Coleman, 81 yards on 22 carries, Kitten 43 yards on 16 carries, and Wilke 30 yards on 7 carries.

Defensive maneuvers were well executed by the Mustangs. Heading the number of tackles were Coleman 11, Lester Walker 10, Johnny Arellano 10, and Wilke 9. The Mustangs will be on

Eagles Mash Crosbyton 33-7

Quarterback Marty Davis. From his split end position Freeman gathered in 14 passes for 98 yards and Chief's only score. Davis connected on 14 of 32 aeriels for 170 steps.

The Eagles came out of the locker room steaming. Crosbyton's first series of downs netted them an incomplete pass, and minus 15 yards on two rushing plays.

Crosbyton was forced to punt and Anderson fielded the ball at the Chieftain 45, and streaked through defenders all the way to the 15. Seven plays later Anderson took the pigskin over to the final yard. Gilbert Brown's extra point attempt was wide, and with 7:26 left in the first period, Roosevelt led 6-0.

Neither team generated much offense the rest of the first quarter, and the Eagles took over the ball following a Chieftain punt on their own 32 as the second quarter began. On the third play from scrimmage Blackwell slid off tackle and broke to daylight on the outside. With only Davis in his path Blackwell faked back to the inside, jitterbugged, and then streaked to the outside 58 yards to paydirt. This time Brown's toe hit true, and with 10:45 left in the

second quarter the Eagles owned a 13-0 lead.

The Eagle defense was still going strong also, as midway through the second stanza the Chiefs were still looking for their initial first down of the evening.

The only Chieftain score was set up by an Eagle miscue. Facing fourth down and 12 with less than three minutes left in the half, the Eagles elected to punt. A bad snap ensued, and punter Kenneth Bobo was trapped for a seven yard loss at his own 35.

The Chiefs moved to the Eagle 14 with only two seconds left in the half. From there Davis hit Freeman on an inside hook in the crack of the zone defense between two Eagle defenders. The PAT was good, and the Chiefs had cut the Eagle lead to 13-7 at halftime.

But that was as close as the Chiefs ever came, as the second half belonged to Blackwell. One play following the second half kickoff, he rambled 44 yards for his second TD. Brown's extra was again good, and the Eagles had increased their lead to 20-7 with 41 seconds gone in the third stanza.

Crosbyton took over and gained one first down before noseguard Garret Mitchell pounced upon a loose ball at the Crosbyton 40 yard line. On the second play again Blackwell flashed for his third score of the game. PAT was no good and with 7:30 to go in the third quarter, the Eagles held a 26-7 margin.

Blackwell scored for the final time with 3:51 to go in the game when he broke away from at least three defenders and streaked 26 yards into the end zone. Brown converted the extra to

give Roosevelt its winning margin of 33-7.

Outstanding defensively for the Eagles were Mitchell, Mike Patschke and Gary Stennett at the defensive end positions, and Kenny Perry at the defensive tackle position. Punter Bobo was outstanding in his specialty, as he averaged 41.25 yards per kick on four boots.

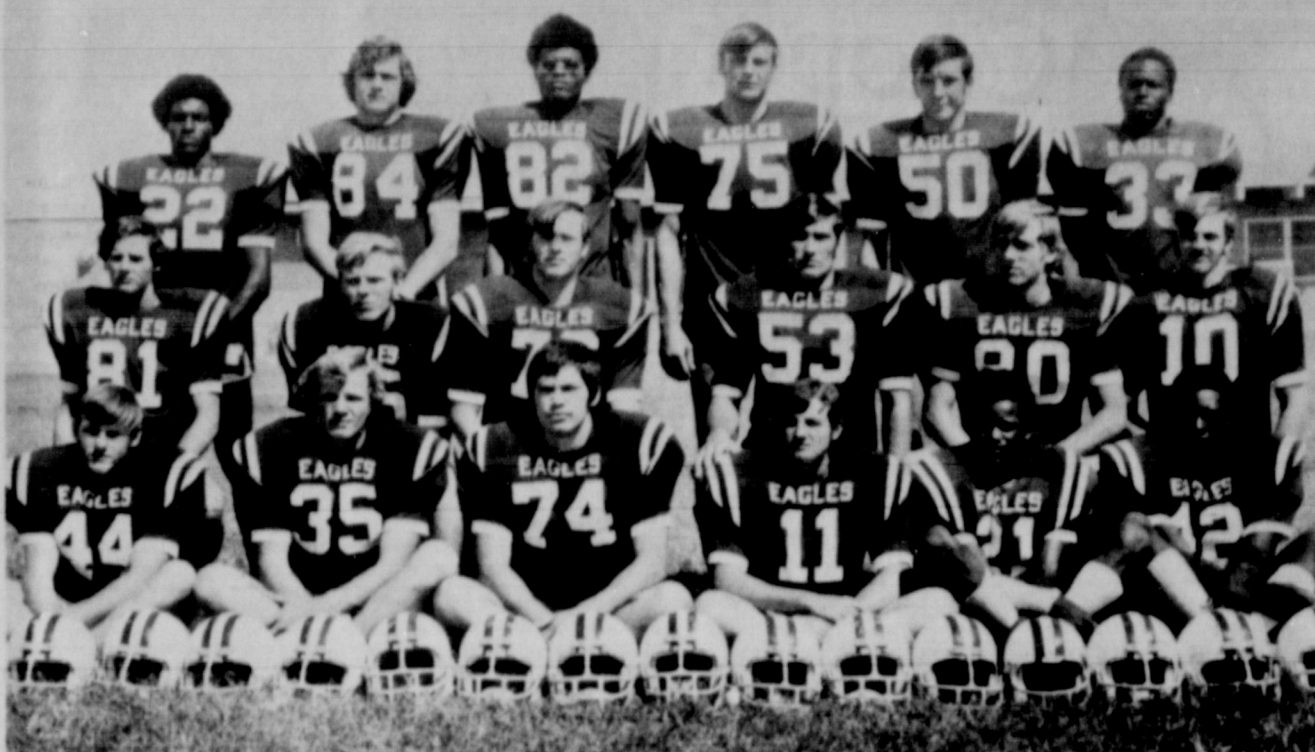

The Eagles rushed for a total of 302 yards on 40 carries, but connected on none of three passes. Spots in the game were sloppy, as several big gainers were rubbed out because of penalties.

AIDES AND ORDERLIES TRAINING BEGINS SOON

The Regional Occupational Center, 2404 Ave. Q., Lubbock, will conduct a training program for Nurse's Aides and Orderlies in cooperation with University Hospital. The training program will last five weeks and is scheduled to begin Oct. 15. Persons who complete the program will be eligible for employment as a nurse's aide or orderly in area hospitals and nursing homes.

Persons interested in taking this training are to contact Dr. Charles Sylvester at the Regional Occupational Center, 2404 Ave. Q., or phone 747-0576. Application forms will be provided upon request.

The cost of the training program will be \$100.00 for tuition and books. In addition, students will be required to purchase uniforms and shoes as required by University Hospital. Classroom and clinical training will be conducted at University Hospital, 6610 Quaker, in Lubbock.

ROOSEVELT SENIORS -- Roosevelt High School has 18 seniors on the squad this season, one of the reasons why the Eagles are so tough on the field. From left to right, they are as follow: Back row -- Gilbert Brown, Scott Carney, Joseph Brown, Michael Patschke, Buster Washington and Garrett Mitchell. Middle row -- Charles Lipps, Steve Cook, Gary Stennett, Kenny Perry, Wes Killian, Chris Marshall. Front row -- Lee Anderson, Kenneth Bobo, Noe Gonzales, Tim Jones, Jackie Bibbs and John Blackwell.

Members of the Future Homemakers of America have voted to sell Cooper Pirate pennants as their money making project this year. The pennants will sell for \$1. The chapter members voted on the Future Farmers of America beau and planned the freshman initiation.

Mrs. Bob Crane, wife of the new assistant coach, is serving as secretary to the school superintendent. She is busy learning the many

duties connected with her job and thinks that Cooper is a fine school and is enjoying being a part of the Cooper Community.

The Cooper Booster Club will serve a chicken dinner from 11 a.m. to 2 p.m. Sunday in the high school cafeteria. Fried chicken "with all the trimmings" will be served for a \$1 a plate for students and \$2 for adults. Funds from the dinner will benefit the athletic program.

The Booster Club finished paying off the weight machine and will help with another project this year.

The Band-Aids will sponsor a spaghetti supper Sept. 28 at the high school cafeteria. Serving will begin at 5:30 p.m. and continue until 7 p.m. Pie and coffee will be served for the Exes. The supper will precede the annual homecoming game with Crosbyton.

COOPER PIRATES --- Shown here is the Cooper Pirate football team. The Pirates will play host to the Spur Bulldogs this Friday night. The defending district champions have lost two close games in the season so far.

Cooper FFA News

By Jimmy Kahlich

The annual Cooper FFA crop fair is to be held Friday Sept. 21, in the Vo-Agriculture building at Cooper school. There will be approximately 70 boys entering over 500 crop entries. They will be judged by Clifford Robertson and Danny Beck. The building will be open to the public from noon 'till 7 p.m. Everyone is welcome to see the crop entries.

Also the Cooper FFA will participate in the Lubbock

Panhandle South Plains crop fair. Robbie Buxkemper and Keith Buxkemper will exhibit swine. Denis Pate, Joel Green, and John Hawkins will enter shop projects built in Vo-Ag. III.

Several of the Cooper FFA members attended the district FFA meeting, including: Kris Thomas, Kirk Thomas, Kim Fredenburg, John Hawkins, Dale Schaffner, Randy Dunn, and Joel Green. Green, the chapter president, was elected vice president of Lubbock District FFA which includes 18 surrounding schools.

SMITH FORD

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Mention a case of childhood poisoning and one generally thinks of a host of potentially lethal household substances which the child could have imbibed, not knowing the dangers involved.

But officials at the State Health Department are quick to emphasize that the dan-

gers of poisoning are not restricted to items within the home. Potential sources of poison thrive in backyards and gardens all across Texas.

The little known sources of these poisons -- common, garden-variety plants.

Most plants are harmless. Many are poisonous under certain conditions. A few are poisonous under nearly all conditions. More than 700 species of plants in the United States are known to have caused death or illness. Each year, about 12,000 children in this country chew or swallow potentially poisonous plants.

The poisonous nature of a plant is caused by the presence of one or more kinds of substances. There are some substances which are themselves toxic to animals: an alkaloid, for example, is the toxic principle in poison hemlock. Other substances are initially harmless but may decompose to form toxic products soon after being eaten -- an example is glucoside, a sugar produced in wild cherry which changes to form the highly toxic prussic acid. Some substances are formed by the action of micro-organisms on plants: a fungi on moldy hay forms decomposition products, some of which may be toxic. Still other substances are absorbed directly from the soil and stored in harmful quantities in the tissues of certain

plants: selenium, for example, may be found in some species of locoweeds, or potassium nitrate may be present in oats.

To the average person, the term "poisonous plant" suggests one that poisons upon contact, causing a mild or severe dermatitis or skin irritation. Texas certainly has its fair share of the plants known to be capable of causing such irritations, say State Health Department officials. Possibly the most familiar are the leaves, bark, and fruit of poison ivy and poison oak.

But did you know that hairy leaves and stems of parsnip and lady slippers, the milky juice of spurge, and the leaves of the cultivated primrose are also causes of dermatitis? Lily bulbs and stalks, stinging nettles, and vanilla beans likewise have toxic qualities, and are capable of producing severe skin irritations.

Most poisonous plants are harmful only when they are eaten. In the case of nitrate-containing plants, the nitrate content is reduced to the toxic substance. This substance then enters the blood stream and changes the red pigment of the blood in such a way that it is incapable of transporting oxygen to body tissues. The result is suffocation.

Poisonous mushrooms, mostly toadstools, cause more than 100 fatalities in this country each year. Daffodil bulbs, larkspur seeds, lily of the valley flowers, and jasmine berries are all harmful if eaten. So, too, are the leaves of the poinsettia and the oleander bush, and all parts of buttercups, rhododendrons, and laurels. In some plants,

Cotton Suit Filed In Court

A suit against eight Oklahoma farmers was filed in Lubbock's U. S. District Court today by the Lubbock based firm of Plains Cotton Cooperative Association (PCCA).

The suit seeks an injunction to prevent a breach of contract on delivery of cotton sold to PCCA by the farmers, and requests a temporary restraining order enjoining the farmers from selling the cotton to any other merchant.

Announcement of the suit was made by L. C. Unfried, president of the board of directors of PCCA.

According to Unfried, the suit was brought about after the Association received a letter from attorneys representing the farmers which indicated they would not honor the contracts.

Evidently some farmers believe that a rise in price level after a crop contract has been signed results in a windfall profit for the cotton buyer. According to Unfried this is not true.

"Our association, like most of the merchants in this area, have sold quantities of cotton equal to anticipated receipts from our contracted acreage at the time the contracts were signed. We have to honor our contract with the textile mills at the lower price that prevailed at the time the sale was made. This is the same thing we are asking of the farmer."

"In past years this has enabled us to honor our contracts, even when prices at harvest time were below the level guaranteed to our members."

Unfried went on to say that with deep regret that the suit was filed,

only particular parts are toxic. A classic example is the rhubarb which has a perfectly edible stalk, but contains a deadly poison in the leaf.

Contact poisoning can be prevented best by learning to recognize the plants and avoiding them. Of course, it is always prudent to wear protective clothing such as leggings and gloves when venturing into areas where poison plants are known to flourish.

If you are exposed to a poisonous plant, immediately wash the contact area with laundry soap and water to remove toxic resins.

Measures can also be taken to prevent the accidental eating of plants. Keep children away from plants and teach them not to chew plant stems or to put plant parts, such as berries or bulbs, in their mouths.

If your child does eat a plant, and you are uncertain whether it is poisonous, immediately call a doctor. He, in turn, will contact one of the 22 Poison Control Centers near you for emergency medical and antidote information. Take your child to the Emergency Room of the nearest hospital, and if possible, bring a piece of the suspected plant with you so it can be analyzed for possible toxic substances.

NATIONAL FARM LEADER IN TEXAS--William J. Kuhfuss, president of the American Farm Bureau Federation, and the executive committee of the Texas Farm Bureau recently reviewed agricultural production and educational programs of the Texas Agricultural Extension Service during a two-day tour. Kuhfuss said he was "impressed by the vital agricultural production programs and educational guidelines developed by Extension to help people improve their overall level of living."

"The Association has no desire to cause hardship to any of its members, but we cannot continue to provide cotton marketing services if we permit any member to refuse to deliver a crop sold to the Association'.

Unfried, a longtime cotton farmer in New Home, pointed out that actions such as these can only hurt the cotton industry as a whole. "A successful contracting program requires that both parties honor their commitments. Our cooperative provides

Bob Bullock Campaigns Here For State Post

Bob Bullock, former Secretary of State, and now a candidate for State Comptroller, campaigned in Slaton last week. Bullock, 44, is the first Democratic candidate to announce for state office.

Born in Hillsboro, Bullock received his bachelor's degree from Texas Tech in 1955 and earned his law degree in 1958 from Baylor Law School.

He served two terms as a member of the Texas House of Representatives, Chief of the Anti-Trust and Consumer Protection Division of the Attorney General's Office and Chief Legal Counsel for the Governor.

Most noteworthy, however, was Bullock's tenure as Secretary of State of Texas. There, he worked to clean up campaign financing in Texas and develop a fair and economical elections system.

During his tour, Bullock said, "Texas taxpayers are losing \$82,500,000 in tax dollars each year because some retailers are pocketing the state and local sales taxes they collect instead of reporting it to the Comptroller. "Frankly, I think it is

ridiculous to let food and tobacco percent of the now being paid citizens is not

ered by the State. "As Comptroller work to see that now pay, are not unscrupulous cause of fault procedures by

Bullock, a veteran Korean Conflict Austin with his children.

COTTON CONTEST

Winners in the Sew It With Cotton Contest at Friendship High School Sept. 10-11 were: Michael Walter, first place in the Lolly Pop

division; Cindy Walter, second place in the School Time division; and Pam Walter, third place in the School Time division.

Michael, 2 and Cindy, 6, are the children of Mr. and Mrs. James Walter and Pam, 6, is the daughter of Mr. and Mrs. Melvin Walter. Michael will compete in the district contest in October.

ROOSEVELT RODEO

The Roosevelt High School Rodeo will be held Oct. 6 and 7 in Roosevelt's new Rodeo Arena.

The arena is located on land furnished by Jimmy Davis. Although the location is adjacent to the high school football stands, the rodeo project is not a school-connected activity.

The facility is a large rectangular fenced enclosure approximately 160 yards wide and 230 yards long with chutes, gates and pens located at one end. Posts are metal with the fencing of "bull wire" five feet high. Sucker rods and pipe were welded to form the enclosure.

High school boys did a lot of the ground preparation work as well as help weld and fence the arena.

The project is sponsored by the Roosevelt Rodeo Association and is financed by donations from individuals and businesses of the community and area.

The board of directors are Jimmy Davis, Troy Thomas, A. W. Marshall, G. H. Ragland and J. E. Mimms. J. T. Crumley, Roosevelt Ag teacher, is an honorary director.

NEWS BRIEFS

Named as outstanding bandsman of last week was Randy Daniel, son of Mr. and Mrs. James Daniel.

Players of the Crosbyton-Roosevelt game are Lee Anderson, hustle; John Blackwell, offense; and Garrett Mitchell, defense.

Roy Dale McCallister was re-elected to the board of directors for Dist. 7 of South Plains Electric Cooperative, Inc. at the annual membership meeting Sept. 11.

Weekend visitors with Mr. and Mrs. James Daniel and family were Mr. and Mrs. Marshall Head, Susan and David of Muleshoe, Mr. and Mrs. Ronnie Daniel and Jennifer and Kickey Daniel of Lubbock.

Mr. and Mrs. Carl Jones spent their vacation visiting his mother, Mrs. Louann Jones in a rest home in Russellville, Ark. and other relatives in Little Rock and Pottsville, Ark.

FFA NEWS

Attending the District FFA meeting at Monterey High School Sept. 11 were: Tony Thomas, Jeff Matsler, Marvin Powe and Michael Patschke as voting delegates. Also Pam and Cam Probasco. The advisors attending were J. T. Crumley, Billy Hale and Lynn Walling.

4-H NEWS

Texas will soon have a new 4-H Center. The center will be located on the shores of Lake Brownwood and will be used mainly for educational and recreational purposes by 4-H'ers with emphasis on leadership and citizenship.

Lubbock County has agreed to raise \$9,000. Donations can be sent to the County Extension office and all donations are tax deductible.

A "Pork Barbeque" sponsored by the Lubbock County 4-H Clubs will be held at 7 p.m. Oct. 8 in the Fair Park Coliseum. Price of the tickets are \$2 and can be obtained from any Roosevelt 4-H member. Proceeds go to Lubbock County 4-H Clubs.

The Roosevelt 4-H Club met Sept. 12 in the Roosevelt Club House with president, Marvin Powe, presiding. Dates of club meetings and the programs were discussed by the membership. The next meeting will be held Oct. 22 with the program on veterinary science. In order to get more participation from parents, each member will be given five points each time their parents attend a

Crop Contract Termed Vital

Cotton producer organizations across the Belt emphasized the importance of crop contracting to the future of the industry at a meeting in Dallas last week.

In a joint statement issued meeting. At the end of the year a prize will be given to the member with the most points. Refreshments were served by Mr. and Mrs. N. C. Oliver.

The Lubbock County 4-H Clubs will have a tent at the entrance of the South Plains Fair, serving watermelons and snow cones. Roosevelt will be in charge of the booth Sunday, Sept. 23 and Roosevelt/Idalou will be in charge Saturday, Sept. 29 from 3:30 till 9.

FHA NEWS

The sophomores of the LaPetite FHA Chapter have been sending notes and candy to their Freshmen Little Sister's. A "Getting to Know You" party was held Sept. 11 in the Roosevelt Club House with refreshments of cookies, brownies and punch being served. The freshman then tried to guess the identity of their "Big Sister's".

following the meeting, several producer groups pointed out that under the new farm law forward contracting of cotton will become particularly valuable as a marketing tool.

"When producers forward contract, they are assured of a known price even if market prices drop below those specified in contracts. This practice enables producers to plan their year's operation more effectively both in acreage planted and income to be realized," the producer groups noted.

Under the practice, merchants have dual responsibilities -- following through on agreements with producers and in turn delivering the cotton to export or textile mill customers.

"Large volume buyers usually hedge their risks, either by taking an offsetting position in the futures market or selling to textile mills for future delivery. This fixes their profit margins at levels having a reasonable relationship to their buying price. Textile mills, in turn, hedge their position by selling cloth for future delivery," the group stated.

CONSTITUTIONAL AMENDMENTS

ALL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Sections 5, 24 and Article VIII, of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER THREE ON THE BALLOT (S.J.R. 13)

Article VIII, Sections 1-a and 1-b of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER FOUR ON THE BALLOT (S.J.R. 1)

Article XVI, Section 59, of the Texas Constitution is amended by adding a new Subsection (e) which:

Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof is or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

for the construction of sea walls and breakwaters upon a vote of the resident property tax-payers."

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases, and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment stating that the district court concurrently with the county court shall have the general jurisdiction of a probate court, and providing the jurisdiction thereof, and further providing that in any probate proceeding the district court shall also have jurisdiction otherwise conferred upon it by law, and further providing that the legislature may increase, diminish or eliminate the jurisdiction of the district court or county court in probate matters, and further providing that the legislature shall have power to adopt rules governing the filing, distribution and transfer of all such cases and proceedings as between district courts, county courts, and other courts having jurisdiction thereof, and further providing that the legislature may provide that all appeals in such matters shall be to the courts of (civil) appeals."

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million;

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who served after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified;

Provide that, in the event of the death of an eligible

division; Cindy Walter, second place in the School Time division; and Pam Walter, third place in the School Time division.

Michael, 2 and Cindy, 6, are the children of Mr. and Mrs. James Walter and Pam, 6, is the daughter of Mr. and Mrs. Melvin Walter. Michael will compete in the district contest in October.

COTTON TALKS

The current Administration, through Agriculture Secretary Earl Butz, is calling for all-out production of agricultural commodities in 1974 and is taking off almost all planting restrictions to that end.

In a nine day tour of western states Butz is proclaiming that prospective world supply-demand conditions will be such in 1974 that there is little risk of an oversupply bringing on a drastic drop in farm prices. Moreover, he says the Government, under the new farm program, is accepting a part of the price risk that does exist.

"And we have to agree with the Secretary on both counts," says Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock. "There are in fact strong indications that world demand for cotton, wheat and feed grains will continue to provide good markets, assuming no further government interference with exports. Therefore the risk of overproduction and disaster prices does not appear to be great.

Nevertheless there is a degree of risk, particularly in view of the market's dependence on foreign purchases," he adds. "And the Secretary is correct when he says the Government is accepting a part of that risk. But farmers too will be accepting a great deal of risk, and the respective risks of each should be clearly understood."

For cotton, the Government assumes a part of the risk under the 1974 farm program in two ways. Producers, first, are guaranteed a "target price" for the production from allotted acreage (not total acreage). Second, the Government provides producers with a price support loan of 25.26 cents per pound, basis Middling-inch, 3.5 to 4.9 micronaire at average location, on all of their production.

The target price will be 38 cents per pound. Producer payments, in the event of a market break, will be the difference between this target and the average price paid to farmers for all cotton sold in 1974.

"This of course means," Johnson cautions, "that when a payment is involved farmers who sell their cotton for a price below the national average will have a total return below 38 cents."

Should cotton prices, nationally, hold at or above 38 cents, there would be no payment. In this event the most significant provision of the cotton program for next year would be the built-in insurance feature which protects producers against total financial loss in the event

CAREER DAY AT TEXAS A&M—Texas A&M University will host high school seniors at its annual Career Day on Sept. 29. The day-long event is sponsored by the Colleges of Agriculture, Engineering and Science and will begin at 8 a.m. Its purpose is to illustrate to high school seniors some of the challenging and exciting fields in agriculture, engineering and science, according to Dr. R.C. Top Crops To Be Shown At Fair

LUBBOCK -- Many of the area's best crops will be on display during the 56th annual Panhandle South Plains Fair here Sept. 22-29.

Almost \$2,000 in premiums are being offered in the agricultural department, according to Steve L. Lewis, fair general manager, who said that total premiums of

\$40,000 are earmarked for the exposition this year.

Cotton, grains and seeds, sheaf grains and seeds, grain sorghum heads, hay (baled), corn, vegetables, fruit and miscellaneous crops will be under the scrutiny of the judges.

Educational exhibits, which are general appearance, interest and educational value, also will be on display, as will a variety of agricultural mechanics exhibits.

Paul E. Gross is general chairman of the agricultural department. George "Scotty" Samson is honorary superintendent and Walter Y. Wells is the general superintendent.

Several cattle shows, a terminal barrow show, two horse shows, plus several other top events, will highlight the fair's expanded run from six to eight days this

year. Among the free attractions will be the "Wynn Charger", which led Don "Big Daddy" Garlits to one of his most successful racing seasons ever in 1972. The vehicle currently is on a world tour.

The "Charger" is the fastest AA/fuel dragster in history with numerous clockings over the 240-mph mark -- the best being 243.91.

In addition, "The Stardusters" will perform several times daily atop a 120-foot tall sway pole.

A "shower of stars" has been arranged for Fair Park Coliseum.

Glaucoma Can Rob Your Sight

Have you got 10 minutes to make sure your windows to the world stay open? That's about how long it takes to have your eyes tested for glaucoma. If you're over 40, it's a good investment.

Ruth F. had kidded herself about her arms not being long enough to read the phone book. Finally she gave in and visited an eye doctor to see about getting reading glasses. After he tested her eyes thoroughly, he agreed she does need the glasses. But he added the shocking news that she also has glaucoma in the early stages.

Shocking, indeed, for doesn't glaucoma lead to total blindness? Her doctor explained that she

was fortunate to have discovered the condition now. While there is no "cure" for glaucoma, he can show her how to keep it from destroying her vision with simple medication.

Thousands of people are living normal lives with full use of their eyes despite glaucoma. Yet HEW health specialists say at least another million Americans are gradually losing their eyesight simply because they don't know they have it and are not receiving the sight-saving medication.

Ruth found she has glaucoma almost by accident. Fortunately for her most eye doctors now do the testing routinely for their patients. Many health

departments test for glaucoma as part of a screening program as do some companies for their employees. The federal government does it through the HEW Federal Health Programs Service.

Despite the fact that glaucoma can be treated so effectively if discovered in time, the grim fact is that it is the second leading cause of blindness in the United States. It occurs mainly in those over 40. Whatever route you choose, the simple painless test is one you should seek out if you are over 40. If there is a history of glaucoma in your family, don't wait for your 40th birthday.

The damage from glaucoma comes from fluid pressure that builds up inside the eyeball, interfering with the blood vessels and nerve fibers. The fluid is normal, constantly forming and draining off. The increased pressure comes when

something happens to impede the draining process.

There are some symptoms, some of them vague, but each can be a danger signal: rainbow-colored rings around lights, narrowing field of vision, difficulty adjusting eyes in a darkened room, blurred vision which clears up only to blur again, vague headaches or eye aches especially after watching TV or movies in a darkened room, no satisfaction from changing glasses.

Since the pressure build-up is usually a gradual process, most people who have glaucoma don't recognize the symptoms until it is too late. That's why an annual check can be your insurance to lasting eyesight.

local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q. My son is paying his own college tuition this year. Will this have any effect on whether or not I can claim him as a dependent?

A. Yes. Tuition payments are counted in determining total support. If you and your son furnish his total support for the year, and your son spent more on support items, such as food, clothing, shelter, education, etc., than you spent for his support, you will not be able to claim him as a dependent.

Q. In return for organizing a group of tourists for a European trip, a travel agency is giving me a free tour with the group. First, is

the trip taxable? Secondly, if the trip is taxable, can I deduct the expenses I incur as the leader of the tourist group?

A. The free tour is taxable. Thus, it must be included in your income at the tour's fair market value. Secondly, your expenses are not deductible, even if you are serving as the leader of the tourist group without pay and at the group's request.

Q. I just found out that the fee I paid an employment agency last year to get a job is deductible. Is it too late for me to amend my 1972 return so that I can claim this deduction?

A. No. Just prepare an amended income tax return, Form 1040X, which can be obtained at any IRS office. On this form, you simply recompute the portion that has changed from your original return and send it, along with any necessary related information to the address shown in your Form 1040X instructions.

Q. Is it possible for me to reduce the amount of tax withheld from my pay?

A. Yes. This is done by filing a new W-4 form with your employer, claiming all the exemptions to which you are entitled. In addition, you may also qualify to claim the special withholding allowance. For details, see your employer or call your local IRS office.

Roping Contest, Art Sale Will Help Boys Ranch

POST -- Thirty-three of the best professional steer ropers in the country, including eight world champions, and 32 of the nation's top cowboy and western artists will participate in the O.S. Ranch Benefit Steer Roping and Art Exhibit on the ranch, 13 miles southeast of here, Sept. 29-30.

Last year this unique combination, together with a huge two-day beef barbecue, Saturday night western dance, and sale of a catalog for the two events, raised \$20,000 for West Texas Boys Ranch at San Angelo.

The steer ropers will compete for a \$15,000 jackpot Sunday afternoon following a 10-steer match roping Saturday afternoon between Roy (Tuffy) Thompson of Happy, Tex., 1973 steer roping money winning leader, and Olin Young of Peralta, N.M., 1971 world steer roping champ. Thirty-five invited calf ropers and an open girls barrel race also are on the Saturday schedule.

The artists will exhibit more than 100 paintings, sculptures, and drawings in the restored ranch house near the big roping arena both Saturday and Sunday with 10 per cent of the art sales going to the boys ranch.

Over 1,600 delegates are expected to attend the 52nd National 4-H Congress in Chicago, Nov. 25-29, 1973. The 4-H winners from across the country and Puerto Rico, will be accompanied by some 250 4-H leaders and greeted by over 300 representatives of 4-H donor organizations and some 200 members of the press. Total Congress attendance is expected to top 2,400 persons.

FOOTBALL CONTEST!

ENTER TODAY AND WIN VALUABLE CASH PRIZES

It's so easy. You don't have to be a football expert in order to win. Just select the winners on the handy official blank printed below. No scores. Just check the teams you think will win.

GO TIGERS!

WINNERS

FIRST
Algebra I Honors Class
Mrs. Samples, SHS

SECOND
Barbara Elliott
910 - 22nd St., Slaton

THIRD
John Elliott
910 - 22nd, Slaton

\$10 1st PRIZE

\$5 2nd PRIZE

\$2 3rd PRIZE

\$25 JACKPOT PERFECT

RULES OF THE GAME:

- * Teams playing in this week's contest games are listed in the ads and are numbered 1 through 56. Use the entry form at the bottom of the page and circle the numbers of the teams you think will win. To pick a tie, circle both numbers of the teams playing.
- * Be sure to guess total score on the "tie breaker" game. In case of ties, the entrant nearer to that total score will be the winner. If tie also occurs on total score, prize money will be split between place winners. This also applies to "jackpot" winner.
- * Have your entry blank signed or stamped by a participating merchant, and get it to The Slatonite office by 5 p.m. Friday before the games are played. Only one entry per person; all persons 12 years old or older eligible except Slatonite employees and their families. Each entrant eligible for one prize, and prize money must be picked up at the Slatonite office by 5 p.m. on Monday after the winners are announced Thursday.
